**TEXANS IN NETHERLANDS** — The four Air Force Texans shown with Lieut. Gen. I. A. Aler, center, chief of the Royal Netherlands Air Force, are aiding in the build-up of a small, but hard-hitting jet air force for the Dutch. This picture was made at Ypenburg airfield, near the Hague, where Gen. Dwight D. Eisenhower spoke when the first F-84 "Thunderjet" was turned over to the Dutch under the Mutual

## Garnolia School To Be Completely Remodeled By Time School Opens

When the Garnolia community school "takes up" books next Monday the kids will have a difficult time determining whether or not they are "learning" in a brand new building or the same "old place."

For a remodeling project which has been going on all summer has given the schoolhouse the appearance of having just been built. Approximately \$14,200 has gone into remodeling the school and the buying of new furniture, Principal Bryan J. Williams, said. Broken down the amounts would read \$13,000 for inside and outside remodeling and \$1200 for new furniture.

Even the outside of the building will prove hard to recognize.

Whereas the old building was drab and weary with age, the new structure presents a completely new roof, steel casement windows, and new stuccoed outside walls painted in a nice shade of green.

The interior presents a picture just as appealing. Class room walls have been text-toned and ceilings lined with cellotex squares. The new primary room is decorated in two shades of green, asphalt tile floors, the squares of which are decorated with letters of the alphabet, and pictures of various animals. In the middle of the room a large picture compass aids the students in finding directions.

Third, fourth and fifth grade rooms received two shades of blue paint while the sixth, seventh and eighth grade rooms have beige walls trimmed in brown.

ment of surroundings has any affect on a child's learning, students at the Garnolia school should all make "A's" next year.

MRS. JANE MCGAUGHEY

## County Selects School Nurse

Mrs. Jane McGaughey, of Lubbock, has been hired as Garza County school nurse for the coming school term, according to an announcement from County Superintendent Dean A. Robinson.

Mrs. McGaughey was selected by county school officials in a meeting held Thursday afternoon in Robinson's office. She will fill the vacancy created by the resignation of Mrs. Vernon Ray.

She will serve the rural schools, which include Garnolia, Grassburg, Graham, Close City and Justiceburg, and the Post and Southland Independent school systems.

Mrs. McGaughey's office will be in the Post elementary school building. At the present time her schedule for the other schools is not known. She has had three years nursing experience and worked part of last year in the City Health Department in Lubbock.

## Polio Victims Show Much Improvement

Improvement in the conditions of the three Post children or ex-residents who have polio, has been reported by relatives or parents of the children.

Cherry Deason, 11-year-old daughter of Mr. and Mrs. Welton Dodson, is showing gradual improvement at Plainview. Her parents, who get to see her twice a week, say she sat up for about three minutes Sunday.

Roland Rose, 10-year-old son of Mr. and Mrs. Frank Rose, is still in the critical ward but is reported doing good. His parents say he and the other children began school Wednesday under the tutelage of a special teacher.

Reports from Tulsa are favorable for little Billie Ruth Hill. She went some Wednesday for three weeks and will then report back for further treatment.

## Garza County Crime Cooled Considerably

County law enforcement officers are not certain whether it's the "changing of the times" or if last week's cool weather had any effect, but not a single fine or charge was made in the county last week on any offense.

Neither the Justice of Peace court nor the county dockets showed any damaging evidence against anyone this week.

Which leaves one to observe that Garza county crime, organized or unorganized, is being decreased appreciably by the diligent work of the enforcement officials.

## Bond Drive Leaders To Be Selected Here

T. J. Greenfield, Garza county Defense Bond chairman who has just returned from a Tuesday meeting of chairmen in Amarillo, says the Defense Bond drive which will open throughout the nation Monday will probably not gain momentum here for two weeks.

Community chairmen will be named next he explained. The drive, which will be opened by President Truman Monday, will last through Oct. 27 and will emphasize the pay-roll saving plan.

Greenfield pointed out that this year's drive will be conducted through the cooperation of newspapers, radio stations, shopkeepers and theatres.

## Antelopes To Clash With O'Donnell And Brownfield In Two Practice Tilts Today

Coaches Bing Bingham and Vernon Ray, as well as Post football fans, will get a small preview peek into the potentialities of the 1951 Post Antelope gridiron eleven this afternoon when they clash in two practice tilts with O'Donnell and Brownfield. These practice scrimmages will be played at O'Donnell.

A total of 27 players will wear the black and gold of Post throughout the football season, Coach Bingham says. This group began season workouts Monday morning and has been hard at it twice a day since then. Only one boy was injured and that was L. W. Evans, end.

In looking over the prospects for the season in the new 4-AA

## Farm Meeting To Be Held Next Thursday

A special invitation has been extended to every citizen of Garza county to attend a county-wide Family Farm Review meeting to be held in the District Courtroom in Post at 8 p. m. Thursday, Sept. 6.

This invitation is extended by the offices of PMA, Soil Conservation and the County Agent. Purpose of the meeting is for the farmers and businessmen to make any criticisms and suggestions for changes in the present farm program.

This Family Farm Policy Review is being held in every county in the state as well as the other states and results of these meetings will have an important bearing on the 1952 farm programs and future farm programs.

Each person who attends the meeting is urged to make a list of suggested changes he or she would like to see made in the present farm programs and bring them out at the meeting.

Plenty of good entertainment is being planned by Julius C. Fumagalli and Glen Davis.

In reminding the residents of the county of the meeting next week, PMA officials also stated that there will be no wheat acreage allotments in 1952. They also pointed out the fact that Garza county is to receive new aerial photographs soon. The ground controls have already been run on the new maps.

Winding up their weekly bulletin, the PMA officials asked the farmers of the county a vital question.

Who will administer your PMA Farm Programs in this county in 1952? In asking this question, officials pointed out that although no definite time has been set for electing the community committeemen and the delegates to the county convention, it is time to begin thinking about who will fill those places when the election is over.

## Rotary Feast To Honor Teachers

The annual barbecue sponsored by the Post Rotary club in honor of the Post teachers has been scheduled for 5:30 p. m. on Tuesday, Sept. 11. Bill DeWalt, president, has announced.

Previous "get togethers" have been along the lines of a formal banquet, so Rotary officials decided to have an informal barbecue which they will hold at the high school football field.

Entertainment for the feast will be provided by the Bernie Howell Trio of Lubbock.

## Hamilton Drug Is Moving Locations

Moving of the Hamilton drug to its new location next to the Tower theatre began Wednesday afternoon. O. G. Hamilton, owner announced.

The new drug, which has been under construction since late June, will be one of the most modern drug stores in the area Hamilton claims.

Hamilton asks his friends and patrons to watch for the opening of the new drug in about two weeks.

## Postites Are Among Texas Tech Seniors

Eleven Postites or ex-residents were among the more than 400 graduates at the Texas Technological commencement exercises held in Lubbock's First Baptist church Friday evening.

Miss Vera Nell Davis and Mrs. L. H. Welch received Bachelor of Arts and Science degrees, respectively, and the following were recipients of masters degrees:

William Truett Babb, Royce Brownfield Durham, Mrs. Bonnie Gary McCrory, Mrs. Bruce Legg, Miss Minnie Lee McMurry and Miss Edna Laurine Richardson, former teachers here, and Mrs. Faye Smith Woods, master of education; Travis Rex Everett and Mrs. Polly Cook Tilton, master of science.

Among those attending the commencement program were the L. H. Welch family, Mrs. Rex Everett, Mr. and Mrs. R. D. Travis and daughter, Betty Jane, Mr. and Mrs. Charlie Everett, Mr. and Mrs. J. A. Stallings, Mrs. H. G. Smith, Mrs. R. W. Babb and daughter, Ganell, and Mr. and Mrs. W. A. Oden.

## Garza Schools Open Monday; Post Classes Begin Tuesday

Summer vacation months have sped by and on the first day of next week school bells throughout the nation will sound their tolling notes for millions of children. Answering this call will be approximately 1600 Garza county school age children, with 135 attending for their first time. With the exception of the Post

Independent schools, all county schools will mark the opening of the 1951-52 school term Monday morning, Sept. 3. It has been announced.

Post is the only school which will recognize Labor Day and delay the opening until the following day. High school classes here will begin on Tuesday morning and elementary school students are to register that day and begin school on Wednesday. Superintendent Arthur announced.

Registration of high school students has been progressing here all week and is supposed to be completed by tomorrow morning.

Saturday morning will be devoted to a general faculty meeting which is scheduled to get underway in the library of the high school building at 10 a. m., Arthur reminded the teachers.

A previous announcement in the Dispatch stated that Post and all other county schools, with the exception of Southland, would begin on Tuesday, but school officials met last Thursday afternoon in the office of County Superintendent Dean A. Robinson and voted to open on Monday.

When the bell rings for the first classes in each of the schools, the students will begin their term with the advantage of many new improvements. During the summer thousands of dollars have been spent by school officials in remodeling the buildings and buying new equipment throughout the schools.

Justiceburg will open its term with a short exercise at 9 a. m. Monday, according to an announcement from Mrs. V. A. Lobban, principal. All parents who wish to attend are urged to do so.

Seven grades will be taught at the school this year instead of six as has been the usual procedure. Mrs. Joe Callis is to teach the first four grades and Mrs. Lobban will teach the fifth, sixth and seventh.

New bookcases and bulletin boards have been installed in the Justiceburg school this week. On the Board of Education at Justiceburg are R. A. McLaurin, president; Lee Reed, secretary; Raymon Key, Henry Key, Hardie Ainsworth and Roland Sullenger.

At the Thursday afternoon meeting school officials also voted to hire Mrs. June McGaughey of Lubbock as county school nurse. She will replace Mrs. Vernon Ray who resigned.

Post City officials this week reminded residents of Post living along the right of way of the portions of the Snyder and Tahoka highways within the city limits of the recent announcement by State Highway department officials concerning the widening of these streets.

The department has \$47,100 set aside for the project, but needs all property owners to defray the cost of the curb and gutter. This will run approximately \$1.43 per foot to the owner.

H. N. Roberts, engineer from Lubbock, says the department will definitely not hold the money for any extreme length of time because too many people of other towns are taking advantage of the help to widen narrow streets.

These property owners are urged to contact anyone in the City Hall and sign up so the project will be pushed through, thereby adding to the beautification of the city.

## New Pay Zone Hit In Well

With the swabbing of 14 barrels of waterless oil in 24 hours on the Humble Oil and Refining company No. 1 Jeff Justice two miles south of Justiceburg, officials early this week were preparing to install a pump for completion.

Production came in the Wolfcamp at approximately 4000 feet, with prospects of a good field since this is an entirely new pay zone in the Tobe-Strawn area. This well, an offset to the discovery well of the pool failed to develop production in the same deep pay obtained in the discovery well.

The Humble project was drilled to 7,513 feet and plugged back for the completion attempt. Production is from perforations at 4,650-4,710 feet, which had been acidized with 5,000 gallons.

## Cub Scout Meet Slated Monday At Hudman's

Cub Scouting in Post will receive its initial push-off this year at a meeting in the Victor Hudman home at 7:30 p. m. Monday at which time Den Mothers, Den Dads and committee leaders will be chosen to formulate plans and a program for the year.

Hudman recently returned from a 6-day Club leaders conference conducted on the Philmont Scout ranch in the Cimmaron mountains. The conference, covering all phases of cub scouting, was attended by 20 men from 14 states and Old Mexico, Hudman stated.

Marlin Seig, national director of cubbing from New York City, conducted the Aug. 19-25 conference at the beautiful 127,000 acre ranch which belongs to the Boy Scouts.

Hudman pointed out that many of the points brought out at the conference will be put into effect in the Post Cub Scout program this year.

Former Cub Scout leaders are urged to attend.

## Meeting Is Planned For Community Chest

A special Community Chest meeting will be held at 7:30 p. m. today in the American Legion Hall. Mrs. Burnis Lawrence, Chamber of Commerce secretary, has announced.

Capt. Wesley Gregory, Salvation Army director in Lubbock; and Dan Eddy, of Dallas will meet with Post citizens and discuss this year's Community Chest drive. Everyone is invited to attend the meeting.

## New Building To House PMA And SCS Offices

A new building which will house the combined offices of the local PMA and SCS personnel is under construction just east of the City Cafe, according to an announcement by Mike Custer, PMA official.

Lease agreements were signed by the officials of the two services and O. G. Hamilton, owner of the proposed new building, Wednesday morning.

Contract on the building has been let to B. A. Price, the contractor who is presently building the new structures going up between the Auto Supply store and the cafe.

Completion of construction on the 30 x 90 foot structure has been promised for November 1, Custer said.

At the present the PMA office is located in the Brown and Brown building on the north side of Main street. SCS offices are in the Double U building.

## Services Are Held For Terry Lee Bell

Funeral services for Terry Lee Bell, infant son of Mr. and Mrs. R. C. Bell, Jr., Post, were conducted at 10 a. m. this morning in the Hudman Funeral chapel with the Rev. J. E. Stephens officiating.

The child, one of twins which were born on Aug. 3, 1951, died in the Lubbock Memorial hospital Tuesday.

Survivors include the parents, a 3-year-old sister, Candice Dale, and the twin brother, Terry Des. Interment was in Terrace cemetery.

**GAME TONIGHT**  
Post softball will play Southland at 8:30 p. m. today in the fourth game of the deciding series in the Square Deal playoffs. Southland has won the first two and Post won the third.

ROTARY BARBECUE . . .

The annual "get acquainted" feast given by the Rotary club for the teachers of the Post school system is a project worthy of commendation. Too many of us are prone to take our school teachers for granted and send our children for their tutelage without bothering ourselves overly much in becoming acquainted with them beyond the "that's Johnnie's teacher" stage. This is an injustice not only to the teachers but to ourselves as well. The task they perform is tremendously important and it behooves us to meet them and to know them not only as teachers but as individuals who along with us and millions just like us make up this country called America. It behooves us to know them for what they stand for and for what ideals they hold—just as much as it behooves us to judge them and be judged by them so that we may aid each other in the mutual task of moulding our children into worthwhile citizens of tomorrow. It is upon this basis that the Rotary club sponsors its annual "get acquainted" party. The plan this year is for a more informal gathering than has been held before. The excellence of such an idea is unquestionable. Nothing can stifle the spontaneous affability so desired in making new acquaintances more than the stiff, almost frigid atmosphere of a formal banquet. Such a "get acquainted" program is definitely not limited to the Rotary club alone, however. Each individual can easily appoint himself an emissary of goodwill and friendship in welcoming the new teachers to Post and extending appreciation to those who have been here for sometime.

DRAFT DODGING . . .

A recent announcement by the state Selective Service director to the effect that thousands of 18-year-old Texans are failing to register for the draft tends to bear out a statement made this week by J. Edgar Hoover, Chief of the FBI. Hoover said that "the moral fiber of the youth of today is weaker than it has ever been and on a whole they have a total disregard of the law." No truer statement could be made concerning those young men who refuse to register for the draft. Their act is a flagrant disobedience of a law passed to protect not only them but the entire country. It is an act which classifies the individuals guilty of committing the act among the worst of criminals. Any person who refuses to assume his share of the load in defending his country, and at a time when others are giving their lives so that he may stay free, is as bad as a traitor. At this time no reports have been received of any young men in Garza county having failed to register. If there are any, their parents, friends or relatives should urge them to register at once. The youths alone are not any more guilty than those who might know of their flagrant disregard of the law. Accessory to the fact almost equals the disrepute of the act itself. The director's announcement that approximately 2,000 Texans have failed to register since January 1, was followed closely by a FBI announcement that its office would begin an immediate check into the situation. This is as it should be and every man who has willfully neglected his duty should receive the stiffest penalty possible.

Getting Out On the LIMB . . .

By EDDIE the editor

The recent announcement by the State Highway department that it has available \$47,100 to spend on the widening of the portions of the Post-Snyder highway and the Post-Tahoka highway that lie within the city limits is an excellent opportunity for people of the city to make a show of progressiveness. But the fact that property owners along the right of way of these two roads must defray the cost of the curb and gutter places another outlook on the final outcome of the plan. Having lived in Post so many years that I am nearly as permanent as a hitching post, I consider the town as being the best place I know of to call home. But a few recent developments have caused me to start wondering if many of the people here harbor any thoughts about the city progressing. I am stating this rather bluntly, but after I give you a few facts you can judge the correctness of my statement for yourself. Perhaps I can modify that charge by saying the people want progress but they don't care about paying a penny for it. Progress never came to a town or city without some one having to pay for it being there; a place just doesn't grow to be a modern, fully expanded and beautiful city without its citizens do a little digging in their pockets. But that digging idea certainly is not prevalent in the minds of a majority of the Post residents. It is a deplorable fact, but a statement which bears out the one made above is one issued by city officials that only three property owners along the highways under consideration have even inquired into the project. And the announcement was made two weeks ago. In that length of time a majority of the people along these right of ways should have visited the City Hall and signed up for the widening of these roads. But apparently they are content to allow the plan to die the way the street paving project and hospital operating expense plan died. Just a natural death from the lack of interest. When the street paving project was first proposed it was an excellent idea to the people. They even went so far as to vote the bond issue to defray the city's cost. But when the time arrived for them to reach in their pockets and pull out a chunk of their own money, the luke-warm interest died so fast you would have thought it had been placed in a cold-storage vault. And the project died just as fast. Simply because the people want progress without a price tag. And when the idea of voting a special road tax by which the operating expenses of the new hospital could be met, many people said "that's a grand idea, we'll buy it." But on the day the issue was voted on these people's buying power must have played out, for they didn't even go to the polls to vote. The petition for the election contained 237 names, but the ballot boxes in the entire county only counted out about 260 at the end of the day. And I have even heard some of the business men in town (and they should be the ones who desire progress the most) say they forgot to vote. It wasn't forgetting—no, it was so little interest in the beginning that they failed to go three or four blocks to cast a ballot. And that project died—the way the street paving died—lack of interest. So far the people of Post have two strikes against them and the project to widen the highway is to be the next pitched ball. Will this be allowed to go by for a called strike or will it be met solidly for a good hit? That's the \$47,100 question! There are many ways by which the town can be benefited by these streets being widened. First and above all will be the value derived in the beautification of the city. Too it would definitely eliminate a lot of mudholes which stand along the gully lines when wet weather sets in. This latter benefit would be accomplished by the permanent grade along the gutters of the road where water could run off and not stand in puddles in front of the property of the people. The project would also save a tremendous amount of maintenance work by both the city and the state crews, thus allowing them to devote their time to other spots in need of repair. It has long been a proven fact that narrow roads are accident hazards in this day of the fast car and wild drivers. Such a project to widen these roads in Post from their present 24 feet to 52 feet would naturally eliminate many of the hazardous aspects. It would provide a greater volume of turning space at intersections and too it would provide enough space in the road itself so that the cars would not be so crowded in passing each other.

THE AMERICAN WAY

No Discrimination

Our Contemporaries Are Saying:

**The Goat Is Walking**  
Jas. W. Savell, whose property is located near the Heinrich wild cat oil well that is going down three miles south of Slaton, reports that it is a "tight hole" and that visitors, and particularly newspaper snoopers, are not welcome. As near as he could learn the well is down to about 3300 feet and the drill is in rock. Mr. Savell says that if people in that vicinity should suddenly be conscious of an odor that would make them think that ten thousand pole cats are having a convention in that territory that they can know that the "Goat is walking."  
—The Slaton Slatonite

**Tornado Delays Ginning**  
J. A. Gibbs of Orth Monday claimed the title of producer of Young County's first bale of 1951 cotton, winning the Olney Chamber of Commerce's \$50 government bond award. He delivered to the Olney Gin at 1 p. m. a 1980-pound load of bolls, which is expected to produce a 600-pound bale of lint. The cotton will be ginned in about two weeks, the estimated time it will take to complete reconstruction of the local gin, demolished by the May 18 tornado.  
—The Olney Enterprise

**Our Guess On Prices**  
Our guess is that you shall see runaway prices in America between now and November, 1952. Why? The President is sure at Congress for forcing him to sign a watered down control bill. Truman has been playing politics for many years. He knows that an increased cost of living will displease the voters. He wants to get the people good and sore before the election of 1952, and a sure way to do so is to pretend to hold prices in line, but at the same time encouraging their rise.  
—The Canyon News

**Might Have Something There**  
The Rev. W. Pechal came up with an idea the other day—which we believe merits some thought. A cool wind had been forecast for this vicinity, and he bounced up to the column, mopping his brow. I feel certain that "Father Jim" was thinking about the proposed Midway Airport, a source of feuding between Fort Worth and Dallas. "Do you suppose," he inquired, "that Amon Carter is responsible for stopping the cool winds short of Dallas?"  
—The Kaufman Herald

**It is not definitely known** how long the highway department will keep this amount available for the project here in Post. According to H. N. Roberts, engineer from Lubbock, the people will probably have to take advantage of the plan before the first of the year or they will never have the chance again. This latter statement was made because of an announcement by Roberts. He said that the demands on the highway department for this kind of project within cities are becoming so numerous and heavy that the department is seriously considering eliminating them altogether. But with the amount the state has available the people of the city of Post would not be defraying such a heavy expense. And they should be contented to know that for every dollar they put out they are getting more than \$10 back in improving their city. This is one opportunity which the people of our city should not let slip through their fingers. And I am one who hopes they don't miss the boat this time.

Texans In WASHINGTON

By TEX EASLEY, Associated Press Washington Service

WASHINGTON, P — With the Mexican farm labor agreement in operation and thousands of "braceros" crossing the border to help harvest crops it's interesting to note many side-lights in negotiating the pact. Some farmers who desperately needed cotton pickers may have seen no excuse for the long-drawn conferences on the matter, both prior to passage of the Mexican labor bill July 12 and actual signing of a formal agreement with Mexico on Aug. 10. Rep. Lloyd Bentsen (D) McAllen, one of those most active in the entire picture, says the translation problem itself probably accounted for days of delay. When you get to phrasing contracts in two languages, with hundreds of thousands of persons and millions of dollars involved, you have to be careful to make sure that each version conveys the same meaning. Author of the bill which led to signing of the pact was Rep. W. R. Poage (D) of Waco, high ranking member of the House Agriculture committee. One of the angles that he had to keep in mind in drafting the bill was the understandable opposition of Mexico and most American farmers to inclusion of the "braceros" under the U. S. social security laws. Under the then existing law, which the Poage Mexican labor bill repealed, the "braceros" who worked steadily for three months in this country suddenly found social security tax deductions made in their pay. They then would have to work steadily another two months in order to become eligible for unem-

ployment and other social security benefits. By the nature of their employment in this country—seasonable farm workers admitted on a temporary basis—only a negligible number ever would be able to get anything back for the taxes they have paid into the U. S. treasury. It was only on Jan. 1 of this year that farm workers became covered by the social security laws. No one in any of the federal agencies here concerned with the matter seems to know how much was collected from the "braceros" between Jan. 1 and July 12. A spokesman at the Labor department's U. S. employment service says that not many Mexican workers were affected and that probably in most of their cases the total deductions from each individual did not exceed \$4 or \$5. He added that it would be virtually impossible, and certainly impractical from an administrative standpoint, to try to track down the individual Mexicans involved and refund them the taxes they may have paid into the U. S. treasury. A Bureau of Internal Revenue official, asked to comment on the situation, said that the collections were all made according to the then existing law. The new farm labor import measure said nothing about making refunds of social security taxes already collected, so there would be no legal grounds for making such a move, he added.

ROGER W. BABSON WRITES THIS WEEK  
Writer Advises Young Men To Begin Careers In Small Cities Where Opportunities Are Best

Babson Discusses Where To Work  
GLOUCESTER, Mass. — Many young people are wondering where it is best for them to get a job and settle down. This year they have a choice of several jobs and can pick and choose. I advise against taking a position in one of the biggest cities; certainly not in one of the twelve cities which Washington says is liable to be bombed in case of World War III. As for settling down and raising a family in one of these twelve cities, this seems almost suicidal to me. Here is the list: New York, Chicago, Philadelphia, Detroit, Los Angeles, Cleveland, Baltimore, St. Louis, Boston, Pittsburgh, Washington, D. C., and San Francisco. A study of the latest atomic bomb information leads me to believe that about sixty miles from the center of such a big city is the safest location. You will then be both free from bombing and free from the radio waves; also you should not suffer from the refugee problem which could be very serious to the suburbs of these twelve big cities. Small Cities Look Good Not only are small cities better places to bring up a family, but they offer the best long-run business opportunities. Before the present day of high taxes and high living expenses the big city offered attractions to the young men who wanted to make money quickly; but not now. Today, the smaller places offer the best long-run, money making opportunities. Real estate in the above cities is now at top prices; but real estate in most smaller cities could double in price. Some day the manufacturers who are now in these twelve cities will flock to the smaller places. The time to buy small city property is now before the rush begins. The time to buy most property is when no one wants it. Such opportunities always exist somewhere,—but few persons are wise enough to take advantage of such bargains. The time to sell property is when someone else wants it badly. But there again most people

will not sell then. The average man will not use his brain or else lacks courage when he buys or sells. —Here is another thought: Buy land by the acre just outside any good city and later sell it by the foot. But buy it on the right side of that city,—that is, in the direction where he community is growing. Every city—large and small—is growing best in some one direction where the best houses are being built. Better For Small Businessmen A small city is sure to offer opportunities for young businessmen. "A small toad is better off in a small puddle"—he is apt to get drowned in a big pool. In the same way the small businessman may get drowned easily in some big city where he may be forced to pay tribute to racketeers or be bled by crime gangs. In the smaller cities any young man of good character can join the local Chamber of Commerce and one of the Service Clubs and work up to be a director thereof. This he cannot do in one of the above twelve cities. He can buy stock in a local bank of smaller cities and perhaps become a director thereof. His wife can become active in the Women's Club and the Parent-Teachers Association. Have A Church Affiliation I never feel so lonesome as when I go into a big city church. It is not the fault of the church; I do not blame the members for having no interest in me. The same applies to the Y. M. C. A.'s of the biggest cities. But a small city church always makes me feel at home. Certainly no one should attend any church just to help himself in business or even to get acquaintances. Yet, we all must have some social life and it is best to find our friends at a church rather than anywhere else. That is where I found the girl with whom I have lived fifty happy years! Moreover, this was in Gloucester, Massachusetts, where I am writing this column. It was then a small city, while Wellesley, where I started in business, had, at that time, only about 5,000 inhabitants.

25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

# Home Demonstration Agent Gives Final Report To Court

Notes Given below in and practically verbal annual report presented by Mrs. Jewell Strasser, Home Demonstration Agent for five years, to the Commissioner's Court on Aug. 20 in the District Court room. Mrs. Strasser has resigned her position here and will join her husband in Waco on September 1 where they will take graduate work at Baylor university.

The Home Demonstration club women's report was given by Mrs. W. C. Pennington, chairman of the Council and Mrs. L. H. Peel, secretary of the Home Demonstration Council. They stated their main objective was to sponsor the 4-H club boys and girls work, as they are the citizens of today and the adults of tomorrow who will carry on the activities of the world. They said in their program, however, that they did have some very outstanding demonstrations and in order for the agent to have more time to work with other people of the county who are entitled to her services, and are unable to attend the regular club meetings, the groups are trained in Leadership Training schools.

There have been during 1951 training meetings given to two leaders per club whose responsibility it is to give the demonstration back to their individual club and help other individuals by giving them the information the agent has given them. The agent meets with the HD clubs every other month on the average, and the leaders give the demonstration for the month the agent misses.

In connection with this the agent held 16 leadership training meets for 4-H and HD clubs with an attendance of 196 leaders. These leaders in turn held 98 meetings with an attendance of 1398, and by personal contacts these attendants helped 446 individuals who were unable to attend the meetings.

The agent meets monthly during school term with the six Girl's 4-H clubs, jointly with L. C. Herron, county agriculture agent. Mrs. Strasser, says she finds Herron the most cooperative co-worker she has worked with in all of her 15 years experience.

The home Demonstration representatives stated they had added 27 books to the T. H. D. A. library which is located in the agent's office for the convenience of the Home Demonstration Club

members. They read books on the reading list and receive reading certificates. They have qualified for 60 reading certificates this year by reading 3 books on the approved list.

Other people of the county are also invited to use this library. The books may be checked out for two weeks and a fine of 5 cents a day is charged for overdue books, which are checked out from the Home Demonstration Agent's office through Miss LaVonne Ferguson, secretary for Herron and Mrs. Strasser. There are approximately 50 books in the library and anyone wishing to donate books may do so by contacting Mrs. Strasser or LaVonne.

The THDA delegates will leave for the State Convention at A&M college August 28 by chartered bus from District 2 Extension Service. Since Mrs. Strasser has been here as agent, these three delegates will make 15 women who have attended the state convention. Mrs. N. C. Outlaw, Mrs. J. W. Long and Mrs. Byron Haynie will represent the county this year.

A report was given by Mrs. C. M. Voss on the "Sponge Cakes" that she has been making since the training school given by the agent in May. Mrs. Voss has made 12 cakes since the demonstration.

Mrs. R. A. McLaurin was sent by the council to a Crafts and Design school at Texas Tech in July. She has taught one craft school since she returned and will teach several more later.

The long-time demonstrations that have been carried on by the women are bedroom improvement, cereal demonstration, yard improvement, kitchen improvement and poultry. The 4-H girls have carried clothing, garden, poultry, cereal demonstration and bedroom improvement.

The Home Demonstration Council gave \$100 to help the 4-H work this year. They paid the camp fee of \$7 for eight 4-H girls and one sponsor to the District 2 4-H camp at Lubbock in June. They were Karen Gail Pennell, Barbara Wheatley, Sandy Cross, Sue Stephens, Sybil Smith White, Shirley McBride, Norma Ritchie and Mrs. Theibert McBride.

They paid \$16 for lodging at A&M for three 4-H delegates and one sponsor, Sybil Smith White, Janyce Lobban, LaVerne Furr and Mrs. Hardie Smith to the 4-H Round-Up, also in June. This leaves \$21 to pay on the 4-H ribbons for the Fall Show which will be held here Sept. 21-22.

The council also participated in helping send a 4-H girl to college at Texas Tech this year by paying \$20, a total of \$4 for each club, on the District 2 Scholarship fund. A girl from Terry county won the \$500 scholarship this year. Garza county will have a girl eligible in 1952, namely

Lois Ritchie who will be a senior at Post High this year.

Lois will also be eligible to compete for the Maggie W. Barry Scholarship and Helen H. Swift Scholarships, which are given by the THDA. These scholarships are \$500 each. Mrs. Strasser says if Lois continues to do a good job on her 4-H club work next year she should give the other 4-H girls of the district stiff competition.

The club women displayed hand tooled purses and wool suits and coats. Mrs. Hardie Smith and Mrs. J. W. Long showed their garments. Mrs. Byron Haynie was unavailable so her husband showed a suit she had made as a student in the tailoring school taught by Mrs. W. H. Barton last year. He also showed a purse he and Mrs. Haynie made at the leather school last year. There have been about 36 wool garments made as a result of the school in tailoring and about 100 hand tooled bags and 300 other hand tooled leather articles.

After the club women gave their report, Mrs. Hardie Smith, chairman of the 4-H Club committee presented Sue Stephens, chairman of the 4-H Girls' council; Lois Ritchie, vice-chairman; Janyce Lobban, secretary-treasurer. Doris Ritchie, who was absent, is reporter. Sue and Mrs. Smith presented the program on 4-H work showing the progress the 4-H program has made in the 5 years since Mrs. Strasser came Dec. 1, 1946.

Ernest Henderson was on the Commissioners' Court when Mrs. Strasser came to the county, and he was able to note particularly the progress of the 4-H program which is so important in character building of the youth. One thing Mrs. Strasser believes in is 4-H members doing complete demonstrations and keeping records on the demonstrations. They have carried clothing for 5 years and have an annual Dress Revue in May. Also at this time their 4-H Record books are handed in to be graded. This includes all the other 4-H work, samples of seams and needlework of different kinds according to their goals, food preparation, food preservation, food production, etc.

These records are filed in the office and each year's records added to them. When Mrs. Strasser came here there was not a 4-H record on file by any 4-H club girl but now there are several.

The 4-H program is aimed to develop the girl, mentally as well as physically. She is taught to think, to plan and to reason. Mrs. Smith presented the 11 girls in their 4-H Dress Revue dresses. They told about the public presentation which was held this year in the Post grade school auditorium in connection with the Talent Show by 4-H boys and girls. This will be an annual event. There were 52 girls in the 1951 Dress Revue in comparison with 22 the first year under the direction of Mrs. Strasser.

There will be 19 4-H girls and 3 sponsors to attend the State Fair at Dallas in October. They are: Oneita Jones, Jennie Lou Redman and Beverly Bartlett, Close City; Janyce Morris, Wynn Morris and Janet Stephens, Graham; Sydna Lee McLaurin, Beverly Bland and Jerry Lou McLaurin, Justiceburg; Sue Stephens, alternate, for District State Fair award; Doris Ritchie, Sandra Sue Ray and Mary Ann Shults, dairy team member, Post senior club.

Eva Lou Williams, Elsie Albright and Nancy Robinson, Southland; Willa Faye Graves, Billie Williams, Tancie Williams, Post junior club; and Mrs. Hardie Smith, Mrs. Harlan Morris and Mrs. W. A. Winkler, adult leaders. Mrs. A. A. Ritchie, Mrs. W. W. Stephens, Mrs. Barney Jones and Mrs. W. C. Graves are alternates.

The Girls' Council will pay half of the train fare on the delegates and full train fare on the three adult leaders. Individual clubs will pay the other expenses of the trip. These girls were selected on basis of 4-H records which were handed in in May. The score on the girls 4-H Dress Revue is averaged with the score on their 4-H record book and the highest scoring girls are delegates to District Camp, as only one girl per club can attend from a county in addition to the ones on the camp planning committees.

Sybil and Sue were on that district committee this year. Sybil Smith (not Sybil White) was selected Talent Club winner this year to represent her district and Carter White was selected as the 4-H boy to represent the same district. This trip is sponsored by Cooperatives of Texas. Taylor Cook is district director. This is the first year the trip has taken its winners on an out-of-state trip. When Jeaneane Kiker Brown and E. P. Wicker won Talent trips they made an extensive trip of Texas.

Karen Gail Pennell told about the pig demonstration that the girls started under Robert Gibson, former county agent. He gave a registered pig to Mrs. Strasser to present to the girl she felt would be a good demonstrator. Doris Ritchie received the

first one and from the first litter she gave one to Lenona Stone who had had luck and had to pay \$15 back so Herron found a good pig to start the contest again on the same basis.

The girls wrote essays on "Why I Would Like to Have a Pig for a Demonstration." Sydna Lee McLaurin won out over several contestants. She will give a gilt back out of the first litter. Another girl who took part in the report was Wynne Morris. She told about what she did to become a Gold Star girl and how Gold Star girls are selected. She was selected on Aug. 10 as county Gold Star girl for 1951. Karen Gail Pennell also told about the State Fair trips, with Oneita Jones and Willa Faye Graves, assisting. Barbara Wheatley discussed District Camp and LaVerne Furr reported on her experience as a member of the Dairy Foods demonstration team which placed third in district this year. Mary Ann Shults was her teammate.

Lois Ritchie and Mrs. Strasser gave points on their trips to 4-H Club Congress in Chicago. Lois pointed out the International Relationship programs that were conducted and how a person was benefitted by attending. She said it was such a wonderful trip she never gets through encouraging other 4-H members to try to win the trip.

Doris Ritchie, her sister, went to 4-H Club Congress with Mrs. Strasser in 1950. Mrs. Strasser won alternate the last year of her 4-H club work and the Santa Fe railroad awarded her a trip to Kansas City to attend the American Royal Livestock Show, but she says it was not nearly as impressive to her as the trip to Chicago.

Shirley McBride and Janie Morris led the group in repeating the 4-H club pledge. Ruth Ann Long, Post junior 4-H club, was the youngest club member in the group that was presented to the Commissioners' Court. She is nine years old. That is the age they are eligible for regular 4-H membership. Willa Faye Graves joined when she was eight as an associate member.

After the pledge, the 4-H girls served banana nut bread made by Norma Lee Ritchie and Angel food cake made by Sue Stephens. The Home Demonstration women served coffee to Commissioners' Court and W. H. Jones, district agent, whose headquarters are at Lubbock. He was on his way to the A&M college staff conference. Joe Moss and Byron Haynie were also served refreshments.

A total of 11 4-H members gave the report on the 5 years' progress and 40 adults attended the meeting. The 4-H girls, adult leaders and HD club women met to make plans for the 4-H girls and HD club divisions of the Fall Show. About 400 Fair catalogs will be mimeographed by the Extension agent's secretary this week.

The 4-H club girls have entered articles in the Fall Show in September each year since Mrs. Strasser has been here. In 1947, the first year, total entries were about 1000 while in 1950 something over 2500 entries were made by 75 girls. Then a separate Bake Show was held. This year the girls are not taking cereal demonstration for a main project, so the baked products will be entered at the Fall Fair on Saturday morning by 9:00.

The 4-H girls are awarded 4-H Achievement pins at the end of the club years on Aug. 31, when they have completed the eight goals from the list in the year book and sent their 4-H check sheets to the agent. Mrs. Strasser says since the Junior Rodeo was going on August 15, the date for getting in check sheets this year has been extended to Aug. 30.

She reminds all 4-H girls who have not received a check sheet to call by the office and get one from the secretary. In the five year's program the girls have received about 225 4-H Achievement pins, 50 National Contest medals and a total of 126 4-H girls have made trips out of the county to camp, State Fair, 4-H Round-Up, two to 4-H Club Congress and two on Talent trips.

The National Contest's records in the State contest this year will be as follows:

1. Janyce Lobban, Santa Fe Girl's Record;
2. Sue Stephens, Garden;
3. Sybil Smith White, Clothing Achievement;
4. Lois Ritchie, Achievement (All around 4-H work);
5. Doris Ritchie, Citizenship;
6. LaVerne Furr, Food Preparation.

Sue Stephens attended the recreation laboratory held at Athens this year. She was sent by the Girl's Council. She has held 6 recreation schools since then and will conduct some more this fall for 4-H members and adults. Sue was selected as alternate for the District 2 State Fair award for 1951. She placed 5th in the Garden contest in 1949 and 2nd in State last year. The girl that won over her was from Victoria where production work is easier than in West Texas. Sue has had two gardens this year. The first one didn't do much good but she

has an outstanding summer and fall garden.

She has served as chairman of the Girl's 4-H Club council for one year and was re-elected in July for another year. She represented Garza 4-H Clubs as 4-H Sweetheart of the Fort Worth Livestock show in 1949, and was one of the Cowgirl sponsors of the 1951 Junior Rodeo.

The 4-H boys and girls have a County 4-H Council. They plan county-wide events, 4-H Club week, etc. They hold three joint rallies per year.

Lois Ritchie is vice-president of District 2 4-H Club girls, having been elected to this office at the District Camp in June.

At the Junior Rodeo for the past 4 years the 4-H clubs and HD clubs have had charge of the concessions. Gross receipts were not as good this year as last.

The committees will have all bills paid by Friday and make a report next week.

The cold drinks stands were operated by 4-H and FFA and 4-H had snow cones and peanuts while Home Demonstration Clubs had the eats booth. The 4-H, FFA and HD clubs will give 50 percent of net profit to the Rodeo association.

At the conclusion of the report presented to Commissioner's Court, by the 4-H members and HD members, Mrs. Strasser thanked the Commissioners for the fine cooperation she had received for the past five years, and stated that it had been a pleasure to work with them. She likewise wishes to express her appreciation to the people of the county, through this news article on her annual report, for their cooperation while she has been here.

## WEDDING VOWS

### Wynelle Fitzgerald And L. Mills Marry Sunday In Ward Home

Wynelle Fitzgerald and L. Mills were married Sunday afternoon in the home of the bride's brother-in-law, Mr. and Mrs. ...

## Church News

By GANELL BABB

Mr. and Mrs. W. B. Sanders and daughter, Madlyn, and Ruth Dale attended a homecoming at the Nazarene church in Cisco Sunday and heard the Rev. H. E. McClain, a former local pastor, speak at the evening service.

The Rev. and Mrs. Bob Robertson of Fort Worth visited her grandmother, Mrs. M. C. Hodges, the first of the week.

Ira Harrison, manager of the Baptist Book store in Lubbock, will preach both Sunday morning and evening services at the First Baptist church.

Seven members of the Calvary Baptist WMU met Monday night for Bible study led by Mrs. W. C. Kiker.

The "Crusaders" young people's class of the Church of the Nazarene, taught by Mrs. Della Mae Hawkins, will meet at the church at 7 o'clock tomorrow evening to go on a "hayride."

Mr. and Mrs. W. B. Sanders, Mrs. Ada LaHue and Miss Cecil Lynn attended revival services at the Church of the Nazarene in Lamesa last week where Evangelist Wesley Crist of Kansas City is preaching.

The Central Baptist church held baptismal services at the Calvary church Sunday afternoon. The four candidates were Sharol and Patricia Lawson and Glynn and Emmalee Shaw.

Next Sunday will be "kick-off" time for the "Back To Sunday School in September" emphasis at the Church of the Nazarene.

lege, Lubbock. He is employed by the post department. After a trip to New Mexico the couple will be at home at 20 N. Jackson.

### Miss Mary Etta Norman To Marry Joe Gayle Fleming September 23

Mr. and Mrs. E. M. Norman are announcing the engagement and approaching marriage of their daughter, Mary Etta, to Joe Gayle Fleming, son of Mr. John Fleming and the late Mrs. John Fleming, of Southland.

The vows will be solemnized Sunday, September 23, at 6:45 o'clock in the evening, at the First Methodist Church in Grassland, with the Rev. J. E. Stephens officiating.

The bride-elect is a 1950 graduate of Texas Tech and for the past year, she has been employed by the Lynn County PMA in Tahoka.

The prospective bridegroom is also a 1950 graduate of Texas Tech and has been serving in the U. S. Air Force since last September. He will graduate from Officer's Candidate School at Lackland Air Force base, in San Antonio, on September 21.

### Birthday Party Is Given Friday For B. Shumard

Barbara Shumard was honored with a party on her ninth birthday, Friday afternoon, in the home of her parents, Mr. and Mrs. Buster Shumard.

After a series of games and the honoree had opened her gifts, refreshments of ice cream and cookies were served. Bubble gum was given as favors.

Guests were Ruth, Louise and Bucky Askins, Alice, Wayne and Diane Kiker, Dan and Edith Johnson, Brenda and Bobby Williams, Jackie Ray Odom, Margaret Gene and Billy Ray Frost, Denny and Joy Dove, Hoyt Adcock, Larry Joe Pennell and Billy Shumard.

### Mrs. Williams Named Recent Party Honoree

Mrs. Wilson D. Williams, the former Mrs. Estelle Askins, was honored at a miscellaneous show Monday of last week in the home of Mrs. Junior Hubble, Mrs. Dick Payne was cohostess.

Guests enjoyed a series of games before the honoree opened her gifts. Refreshments of punch, cake and cookies were served to 16 guests.

### 200 ATTEND BARBECUE

Approximately 200 attended a chicken barbecue at the First Baptist church Monday evening, sponsored by the church Brotherhood unit. The Rev. Joe Motesenbocker, of Idalou, who has just returned from a trip to the Holy Land, was speaker. He showed films made during his trip.

### Dinner Party Is For Classmates Going To College

Miss Gay Pierce was hostess for a dinner party in her home Tuesday evening. Guests were classmates who will leave next month for college.

Attending were Misses Tinker Beauchamp, LaRue Stevens, Anita Kennedy and Mary Nell Bowen who will enter Hardin-Simmons University in Abilene; Mildred Boren, North Texas State college, Denton; Rowena Hodges, Texas Tech, Lubbock; Mrs. Bobby Pennington who plans to enter the University of Arizona with her husband; the hostess, Texas Christian University, Fort Worth; and Glenda Young.

### Lucas Family Has Reunion Sunday

All of the Lucas children and their families, except one daughter, Mrs. John D. Morrison, of Mundelien, Ill., were present for a reunion in the home of their parents, Mr. and Mrs. Allen M. Lucas, Saturday night and Sunday.

Those attending were Mr. and Mrs. Wilburn Lucas and children, Gary, Marilyn, Tommy and Billy, of Kansas City, Mo.; Mr. and Mrs. James Lucas and son, Jimmy, of Albuquerque, N. M.; Miss Marguerite Lucas, Mr. and Mrs. Harold Lucas and daughter, Dixie, and Mr. and Mrs. Marshall Reno, all of Post.

Approximately 50 relatives and friends enjoyed a picnic lunch at the Lucas home Sunday.

### Two Are Initiated Into Rainbow Unit

Misses Carolyn Hudman and Tommie Jean Williams were initiated in the Rainbow Assembly at a meeting Monday evening at the Masonic hall. Worthy Advisor Judith King presided.

The group made plans to attend the School of Instruction in Lubbock September 8, during a short business session. Mrs. T. L. Jones is Mother Advisor.

Refreshments were served by Mrs. Phil Trammell, Mrs. Walter Boren and Mrs. Charlie Bird.

Thirteen members and Mrs. R. B. Dodson, William Banta, Mrs. Max Young and Mrs. Bobby Pennington attended the program.

turned home Monday and the Wilburn Lucas family left today to visit friends in Dallas en route to their home.

### Mrs. Evans Is Hostess For Needlecraft Club

The Needlecraft club met Friday afternoon with Mrs. Boone Evans.

The hostess served lemon pie and iced tea to a guest, Mrs. Meta Hartman, and the following members:

Mrs. Ida Robinson, Mrs. Noah Stone, Mrs. George Samson, Mrs. F. A. Gilley, Mrs. John Faulkner, Mrs. W. F. Pierce, Mrs. Claude Terry, Mrs. Carl Clark, Mrs. M. J. Malouf and Mrs. W. B. Sanders.

Z. D. Kemp of Brownwood, formerly of Post, suffered a leg injury in an automobile accident in Snyder recently. He was carried to Snyder hospital for treatment.

YOU WILL BE ASSURED OF THE RIGHT SIZE SHOT FOR THE GAME YOU ARE SEEKING.

**SHORT HARDWARE**

**Social Security Man To Visit Post**

Gerald L. Schantz, field representative of the Lubbock Social Security office, will be in Post on Wednesday, Sept. 5 to assist persons in Social Security matters. He will be at the Post Office at 2 p. m.

Several persons in the Lubbock area have lost benefits according to John G. Hutton, manager of the Lubbock office. The reason for this loss is delay in filing a claim after becoming 65 and retiring from employment.

The law now makes it possible for back benefits to be paid for as much as six months, but any delay in filing for over 6 months means that a loss will result which can never be recovered. Congress changed the law in August 1950 to allow this period in which back benefits could be paid, hoping that their reaction might stop loss of benefits. The rest is up to the individual, for it is his responsibility to file a claim.

Hutton said some persons tell him that they delayed filing a claim because they wish to save the money and use it at a later date, or, let their family have the use of the money in case of their death. This attempt to "save" results in the loss of many dollars, for the law sets out in definite terms the amount that can be received by the insured person, or, by his family in case of his death. The insured cannot increase this amount by not using the benefits when he becomes entitled.

The importance of contacting the office immediately after retiring cannot be over-emphasized. A delay may not always mean a loss, but it does increase the chance of such a loss occurring.

**Post Youth At Tech Honored By Band Unit**

A Post youth has been included in the 12 members of the Texas Technological band who attained "All - America" status through membership in the 1951 National Intercollegiate Band recently organized at Indiana University.

He was Emery Young, Jr., son of Mr. and Mrs. Emery Young, sr. The 1951 Intercollegiate Band was made up of musicians from some 32 institutions.

**YOUNG FARMER RECEIVES AWARD** — Garland L. Carroll, of Cleburne, received a special \$250 award from Jesse Jones in Houston after Carroll was named Lone Star Farmer at the state convention of the Future Farmers of America. The 17-year-old Carroll was selected as top man among 33,000 FFA members in Texas.

**New Book On Texas Due Out Next Year**

Texans who like to learn more about Texas will have the opportunity next year through a reference that will provide all kinds of information a person might wish to know.

A two-volume "Handbook of Texas" has been completed at the University of Texas and is scheduled for publication next year by the Texas State Historical association.

Dr. H. Bailey Carroll, director of the association, estimates the handbook will include 2,000,000 words concerning all phases of Texas history. More than 1,000 contributors wrote articles for the publication, which has been in preparation 10 years.

**Graham Lieutenant Arrives At Fort Hood**

Lieut. Joseph B. Stokes, son of Mr. and Mrs. John Stokes of the Graham community, has recently been stationed at Fort Hood according to word received by his parents.

Lieut. Stokes graduated from Post High school in 1946 and received his degree and commission from Texas A. and M. this year.

His wife, Barbara, who is a native of Hale Center and a graduate of Abilene Christian college, will teach at the base this year.

**Car Wreck On Snyder Road Injures No One**

A highway accident, in which no one was reported injured, occurred around 6 o'clock Sunday morning about 10 miles south of Post on the Snyder highway, Deputy Fay Claborn said.

The driver of the 1947 Ford apparently went to sleep and failed to make a curve. The car knocked down one road post, jumped the ditch, straddled a barb wire fence and traveled down it for approximately 120 feet and came back into the road nearly 150 yards from where it left.

The truck driver who phoned Claborn to report the wreck said that a man, a woman and a child were the occupants of the car and none were injured.

**Bits-Of-News**

Rickey Jenkins returned to his home in Plainview Thursday after spending two weeks with his grandparents, Mr. and Mrs. J. A. Propst, while his parents, the Merle E. Jenkinses, were vacationing in Colorado Springs, Colo.

Mr. and Mrs. Smith Lawson and daughters, Shirley and Sandra, returned to their home in Modesto, Calif., Monday after visiting relatives here for several days.

Alton Carr of Kermit transacted business here Friday and Saturday.

Mrs. Nellie K. Babb spent Friday night in Meadow with her son, Truett.

LOOK WHO'S NEW!

Mr. and Mrs. Archie Huffman announce the arrival of a daughter weighing six pounds and nine ounces at 11:40 o'clock Friday night, in Slaton Mercy hospital. The baby has been named Jo Beth. Grandparents are Mrs. Ella Dye and Mr. and Mrs. George Huffman.

A three pound daughter, named Sharon Diane, was born to Mr. and Mrs. Elmer Nunley in Tahoka hospital, August 17.

**SHOWER HONOREE**

Miss Geraldine Dunlap, bride-elect of James King, is being honored at a tea-shower in the home of Mrs. Iven Clary this afternoon. Cohostesses are Mrs. Lowell Short, Mrs. O. K. Bowen, Mrs. Charlie Bowen and Miss Agnes Windham.

Bobby Terry, Cordell Custer, Wayne Carpenter, Leon Miller and Pat Stephens spent last week in Fort Worth and Dallas.

**Crusade For Freedom Drive Opens Monday**

Crusade for Freedom, a gigantic drive to halt Communist lies and aggression, opens Labor Day and runs through September, Lieut. Gen. Preston A. Weathered of Dallas, state chairman, announced this week.

Goals for Texas in the nationwide drive are set at 862,500 signatures and \$120,900. Signers will be asked to make whatever gift they can to support Crusade-operated radio stations pinpointed along the Soviet borders to refute propaganda.

As far as can be determined at this time the drive is not being sponsored in Post or the county.

**Boys Ranch Rodeo Set For Sunday, Monday**

One of the largest shows in the history of Boys' Ranch Rodeos is predicted for the seventh annual show Sunday and Monday, Sept. 3 and 4.

Rodeo time has been set for both days at 2:30 p. m. on this all-boys operated show. Prices have been set at \$1.25 for adults and 75 cents for children under 12-years of age.

The ranch is located 11 miles

**Movie of the Week**

Destined among the top of your "must see" pictures is the feature at the Tower this coming Sunday and Monday, Holiday of Labor Day is highlighted by this greatest of sport epics, "Jim Thorpe, All American."

Portrayed superbly by Burt Lancaster, "Jim Thorpe, All American" is the story of the lone Oklahoma Indian whose courage and native ability brought him fame and the title "Greatest Athlete of Our Time."

The story is about an Indian youth who becomes the idol of the entire world. It covers his rise to fame, his love, his heartaches and his troubles from boyhood to old age. Warner Brothers have done themselves proud in producing this story which belongs to every American.

See "Jim Thorpe, All American" at the Tower Sunday and Monday.

south of Channing on a paved road.

Mrs. Gordon Hamilton and son, Billy, spent the weekend in Santa Anna with relatives.

**Justiceburg News**

Please Send News Not Later Than Monday to MRS. GEORGE EVANS Justiceburg Correspondent

## Farmers In County Should Begin Plans To Plant Fall Legumes Officials Claim

Time for planting fall legumes is near at hand, Soil Conservation officials say, and with the added moisture received by the farms in last week's rains the farmers should get their seeds and have them ready to plant. Officials say that anytime between now and the 15th of October is a good time for planting the legumes providing the moisture is sufficient.

Legumes most suitable for farms in this area may fall into two categories, officials point out. On the Plains the biennial sweetclover and Austrian winter peas are very suitable and may be mixed with some drill crop like rye or barley. And on the more sandy soils farmers should use a mixture of vetch and rye.

This is one of the best years to plant fall legumes because the farmers don't have other crops to interfere, officials claim. They point out that this is especially true on the Plains.

They also point out that this year, more so than in any recent year, the farms of the area need cover crops. The year has been so dry that nothing is left to protect the soil from wind erosion. Cover crops would not only serve this purpose but would help improve the soil.

In connection with this the officials say that where farmers who do not wish to plant legumes can plant a cover of rye for protection against wind erosion.

Officials also reminded farmers that the Duck Creek Soil Conservation district owns two grain drills with fertilizing attachments which are available to farmers anytime they wish to

### Picture Presented At Rotary Meeting

Presentation of a color film on the history and importance of meat to the welfare of the people highlighted the program of the regular Tuesday Rotary meeting.

The picture was presented by Homer McCrary and John Lott. Visitors attending the meeting included C. D. Lee, E. M. Mills and Jack Lott, of Post; and Oscar Sherrill, Lubbock.

Absent from the meeting were Carl Cederholm, T. R. Greenfield, T. L. Jones, Giles McCrary, Lowell Short and L. E. Webb.

### Post Horses To Be In Coleman QH Show

Three Postites will enter horses in the Coleman Quarterhorse show to be held Saturday.

Entries from here include "Georgia Brown," Grand Champion mare of the Post Quarterhorse show, owned by George Samson; "Shennanigan," Grand Champion mare of the Lubbock Quarterhorse show, owned by Bill Long; and "My Choice," ribbon winning and Reserve Champion filly owned by Earl Hodges.

Others to attend the show, besides the three owners will be Don Long and Jack Samson.

### Post Negro Forgets Modern Day Radio

A high-powered automobile and estimated speeds of 90 miles per hour failed to take a Post Negro out of reach of the law's long arms Saturday when he attempted to elude Slaton Policeman, J. E. Todd, after Todd spotted his liquor loaded car in Slaton.

The 43-year-old Negro, Hosea Wynn, headed toward Lubbock at speeds estimated at 90 miles per hour, forcing oncoming traffic off the road at almost every point. Wynn managed to outdistance Todd but somehow the idea of two-way radio failed to ring the bell with him. Todd just called Lubbock and they had three policemen and a nice road block waiting for Wynn on his arrival.

Wynn's heavy green 1951 club coupe held 10 cases of beer, 36 fifths of wine, 104 half pints of whiskey and 6 pints of whiskey. Charges were filed against Wynn late Saturday afternoon.

He already has three charges pending against him here in Garza county.

Incidentally, Wynn was also given a ticket for speeding.

All farmers interested in planting legumes should contact the local SCS and county agent for technical information on the plantings.

Mr. and Mrs. Obied Sanders, jr., have moved to Lovington, N. M.

### Post Soldier Is Trainee Of Week

Private Herman J. Jenkins, son of Mr. and Mrs. F. M. Jenkins of Post, was selected as the Trainee of the Week, Aug. 6-11 in the Third Field Artillery Training battalion at Fort Sill, Okla., according to an announcement from his commanding officer, Lieut. Alfred Dyer.

On the week of Aug. 13-18, Pvt. Jenkins was also selected as runner-up to the Trainee of the Week. On this week he was beat out by four percentage points by the winner.

In announcing Pvt. Jenkins' honor, Lieut. Dyer said, "Private Jenkins has proven to be above the average soldier and is a Lance Corporal in his respective platoon. He was selected by officers and non-commissioned officers of this organization upon his ability to accept and fulfill orders and his outstanding soldierly manner."

Jenkins informed his parents in a recent letter that he would be home this weekend and after he returned to Fort Sill would be transferred. A life-long native of Post, Jenkins was called to active duty on May 17th of this year.

He is the third son of Mr. and Mrs. Jenkins to see service in the Armed Forces. In World War II, Francis "Cap" Jenkins served in Italy for 19 months. He was wounded three times and taken prisoner once, but escaped 22 hours after being caught.

Charlie Jenkins served as a parachute rigger during the war.

### Stampede Cowboys Win Second Trophy

The Post Stampede Cowboys, riding in the saddle some 16 strong, journeyed all the way to Graham Wednesday of last week and copped second place trophy in the parade heralding the Graham rodeo.

This is the second time within a month that the group has won riding trophies in parades. Earlier this month they won first place at the Lamesa rodeo.

Riding in the parade were Phil Bouchier, Jack Meeks, D. C. Hill, Harold Cass, Dee Coleman, Bill Richardson, Lacy Richardson, Floy Richardson, Billy Cook, Clyde Kemp, Homer McCrary, Earl Hodges, Bill Long, Ray Hodges, Monroe Lane and Avery Moore.

Other persons who attended the rodeo but did not ride in the parade were Mr. and Mrs. Walter Duckworth, Mr. and Mrs. O. D. Cardwell, Mrs. Dee Coleman, Mrs. Monroe Lane, Glen Davis and George Samson.

### Garza Women Are Attending Meet

Three Garza county Home Demonstration women left Post Tuesday morning bound for Texas A. and M. college and the 25th anniversary celebration of the Texas Home Demonstration association.

They were Mrs. J. W. Long, Barnum Springs; Mrs. N. C. Outlaw, Post; and Mrs. L. H. Peel, Close City.

The three women are attending the three-day celebration along with approximately 35 other Home Demonstration women from District 2 of the Extension service. The group went by chartered bus.

Approximately 2,000 women from all over Texas are expected to attend the annual event. The three Garza women will return sometime Saturday.

### Former Post Youth Wounded In Korea

Information has been received here that Billy Ray Case, son of Mr. and Mrs. Jack Case of Oklahoma and formerly of Post, has been wounded in Korea.

Case, who has been a member of a heavy artillery unit in Korea for about two or three months, was wounded in the foot according to the information received by his parents last week.

The soldier attended school here in Post during his sophomore year according to his cousin, Juanella McClellan. The family moved to Oklahoma about a year and a half ago.

### SHEPHERD IS BURIED

Sgt. J. M. Shepherd, 38, a native of Garza county who was recently killed in Korea, was buried Monday in the National cemetery in El Paso. Shepherd joined the service in 1930.

## You never tried a fine car like This One

YOU'VE a right to set your sights higher when you buy a fine car.

You can rightly expect more room—more comfort—more performance—and a lordly smoothness in the way it carries you.

So we present these facts:

You'll find, in a ROADMASTER, more usable room than you'll find in any other six-passenger car in America.

You'll find the extra comfort of double-depth Foamtex cushions in ROADMASTER only.

You'll find that the ROADMASTER has a high-compression, valve-in-head power plant that is also exclusively Buick's—a mighty Fireball Engine

endowed with more performance than most owners will ever need.

And you'll find that a ROADMASTER rolls with unsurpassed levelness and poise, thanks to coil springs on all four wheels—which is still another feature found on no other car in the fine-car field.

But the thrill that is yours, when you get this willing beauty out on the open road, is something that can't be summed up in any listing of features, one by one.

It's a "feel" which, we honestly believe, no other car can approach.

It's the sure way this dazzling

performer holds the road—the way it responds to your slightest wish—the quick answer you get when you nudge the throttle—the extra security you feel in the velvet grip of the brakes—the complete freedom from tension you find in Dynaflo Drive—the sense of mastery that makes every mile a joy.

And, confidentially, there's one more important way in which ROADMASTER stands alone, and that is in the modest cost of its pounds and performance.

Better come in soon and check for yourself what a great car and a great buy this one really is.

Equipment, accessories, trim and models are subject to change without notice.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM
