Last Rites Held On Monday For Garza Pioneer

Last rites for Mrs. J. H. Babb, who came with her family to Garza County six years before Post was founded, were conducted at 10 o'clock Monday morning in the First Baptist Church of which she had been a member since 1909.

Mrs. Ray N. Smith, organist, played "Abide With Me," "Rock of Ages," "In the Garden," "Nearer My God to Thee" and "When the Roll Is Called Up Yonder." The Rev. Gerald N. Blackburn, pastor of the First Presbyterian Church, opened the service by reading the 23rd Psalm, followed by a prayer. The Rev. Roy Shahan, pastor, read the obituary and spoke, using as the scriptural basis for his remarks verse 15 of Psalm 116, "Precious in the sight of the Lord is the death of His saints." The Rev. Mr. Shahan read a poem, composed and read by Mrs. Kathryn Stallings Durham of Lubbock at the golden anniversary open house of the Babb's in 1938, before the benediction.

Mason Funeral Home directed burial in Terrace Cemetery, beside Mr. Babb who died Sept. 8, 1942.

The pioneer resident died at Garza Memorial Hospital, where she had been a patient for five days following an illness of two months.

See BABB RITES, Page 8

Mail Schedule Is Speeded Up Here

A new schedule which will speed up dispatch of mail from here to Lubbock by 12 hours becomes effective today, according to Postmaster Harold Voss.

To be dispatched on the new schedule, all mail, including air mail, must be in the post office by 3:30 p. m. It will go from here to Lubbock by bus, arriving there at 3:40 p. m. The schedule will be operated every day except Sunday.

Before the new schedule went into effect, mail went to Lubbock and other points north by way of Spur at 11:30 a. m., or to Lubbock by train every morning when mailed by 6 p. m. the preceding day.

The new schedule will prove especially helpful on speedier delivery of air mail, the postmaster said.

ANOTHER TROPHY—Three officials of the Post Stampede Cow-boys are seen here looking over some of the trophies the popular riding group has won in parades during the past few summers. This season, the riders won two first places in Snyder events and first places at Roby, Clairemont, O'Donnell and Tohoka. In the picture, left to right, are: Phil Boucher, president; Jack Burrows, vice-president, and Homer McCray.—(Staff Photo).

\$15,000 ALREADY IN FOR SCHOOLS Collection Of '54 Taxes Under Way

The Post Independent School District tax roll has been completed, with tax collections already under way, and the City of Post and Garza County tax rolls were being completed this week.

City tax officials announced Wednesday that they would begin collection of taxes on Thursday, and Carl Cederholm, county tax assessor-collector, said his office would begin collections "either on or shortly after Oct. 1," which is today.

W. F. Presson, school tax collector, said approximately \$15,000 of 1954 school taxes had been collected up to noon Wednesday. The school tax rate is \$1.40, the same as last year. Taxes have been assessed in the amount of \$177,444.54 on a valuation of \$12,674,610.

This year's city tax rate of \$1.50 also is the same as last year's. The tax roll totals \$36,441.81, based on a valuation of \$2,429,453.

This year's combined county and state tax rate will be \$1.37—95 cents, county, and 42 cents, state. The county rate is an increase of 8 cents over the 1953 tax rate of 87 cents. Also included on the county tax rolls is a special road tax of 60 cents in Commissioners Precinct No. 2, and school taxes in the Graham, Garnolia, Grassburr and Justiceburg common school districts. These tax rates are: Graham, \$1.25; Garnolia, \$1.50; Grassburr,

Jaycees Fail To Get Report On Park Progress

An injury received by Mayor T. L. Jones in a fall brought a cancellation Monday night of plans by the Post Junior Chamber of Commerce to hear a report on the city park project at their regular weekly meeting.

Malcolm T. Bull, Jaycee park committee chairman, reported at the meeting that the mayor was confined to his home after injuring his side in a fall at his ice plant here. Bull said he had contacted other city and park board officials, but that those he talked to said they had rather the mayor would make the report.

The park committee chairman said he had been advised that the Jaycees would have first choice of a park project in the board's plans to divide the work among the various organizations assisting in the project. Some Jaycees at Monday night's meeting indicated a desire for the club to take over the baseball diamond project, while others favored a picnic area.

No action was taken on a request that the Jaycees contribute to a fund to pay the Post High School choir's expenses on a trip to the State Fair of Texas at Dallas, where they have been invited to represent Region 1 of the Texas Interscholastic League in the annual Music Festival. The proposal will be discussed again at the next meeting.

Also discussed were the club's "life a bumper" safety tape and house numbering projects, and

Verdict Brought For Defendant In Suit

A verdict in favor of the defendant was returned by a 106th District Court jury last Thursday in the case of C. D. Sullins and wife against John F. Loft and others, a suit growing out of the accidental death of the Sullins' son, Darrell, on Nov. 19, 1952.

Young Sullins was fatally injured when his horse fell on him while he and another worker were driving cattle into a pen on the U. Lazy S Ranch, owned and operated by the defendants in the suit.

Alleging negligence on the part of the defendants, the plaintiffs' suit asked for \$31,349.50 damages.

Motion for a new trial was filed by the plaintiffs' counsel, Scarborough, Yates, Scarborough and Black of Abilene. Counsel for the defendant was Scott, Wilson and Cureton of Waco.

Also during the term of court, held before District Judge Louis B. Reed, four compensation cases were settled out of court, two divorces were granted and one adoption case was disposed of.

The compensation cases, all against Texas Employers' Insurance Association, were those of J. D. Collins, James Halford, A. G. Hubble and Charlie N. Brown.

Lions Ladies Night Held Here Tuesday

Members of the Post Lions Club and their ladies gathered Tuesday night at the school cafeteria for a ladies night meeting, which included games of "42."

In a business session, it was reported that the magic and illusion show sponsored here Monday night by the Lions had netted \$48.50 to help pay expenses of the high school choir's trip to the Music Festival at the State Fair of Texas in Dallas.

Also discussed in the business session were plans for a Lions zone meeting and ladies night program here Nov. 3. Representatives will be present from clubs at Wolforth, Slaton and Spur, in addition to local Lions.

Miss Wanda Rogers, Lions Club sweetheart, was present for the first time following the summer vacation period.

No Damage Reported From Gas Line Fire

Firemen were called early Tuesday night to a residence one block west of the courthouse when a gas line inside the house caught fire. The fire had been extinguished by the time firemen arrived, and no damage resulted, according to Fire Chief Homer McCray.

The house, owned by Lee Bowen, was being moved into by Walter Johnson at the time the fire occurred.

October Month Of Deposit Refunds

Post and other Garza County customers of the West Texas Gas Co. will begin receiving meter deposit checks in October.

Customers of the company in Post will receive approximately \$11,000, including interest.

The company began distribution of the meter deposit refunds in August. All meter deposits are being returned to the company's 85,000 customers, and it is estimated that approximately \$1 million will be paid.

The company has been paying six per cent interest on the deposits. It can now borrow money at lower interest rates than it is paying on the deposits. The average check to be mailed to each customer will approximate \$10.40, including interest through August.

SENTENCE PROBATED
Max Smith received a two-year probated sentence in district court last week after pleading guilty to forgery. He was charged with passing a \$25 forged check here May 10.

\$275,000 School Bond Election Called

GETTING A GOOD LOOK—These are a few of the more than 40 Post Grade School fourth grade pupils who visited The Post Dispatch office Thursday with their teacher, Mrs. Herman F. Raphael. Here, they are seen looking at a typetting machine being operated by Frank Fletcher. Since it was press day, they also saw the cylinder press, felder, and other machinery in operation. The visit was timely, since this week is National Newspaper Week.—(Staff Photo).

Double U Headquarters Are Moving To Levelland

Transfer of the Double U Co. headquarters from Post to Levelland will be completed by Nov. 1, it was announced Wednesday by Monte J. Moore, manager.

The land company, established by C. W. Post soon after he founded the city of Post, has had its headquarters here for more than 40 years. The move to Levelland is being made, Moore said, because most of the company's activity has shifted to that area. A Levelland office has been maintained for several years.

Although activity in the Post area has dwindled in recent years, moving of the headquarters to Levelland does not mean that the company will no longer operate in this area, the manager said. He explained that the Levelland transfer is being made for the sake of efficiency and economy.

The company is also closing its New York City office. C. I. Dickinson, the company's representative there, will move back to West Texas later this month and probably will be located at Levelland.

Moore said the present Levelland office is being enlarged to accommodate the headquarters shift.

Both Moore and Lewis F. Price, cashier, will move from Post to Levelland. Moore has been treasurer of the company for the past year and a half.

Scouts Get Awards At Court Of Honor

Advancement awards, including Life and Star Scout badges, were presented six members of Boy Scout Troop 18 Sunday night at a Court of Honor in the scout house.

A number of scouts were unable to be present to receive their awards. The presentations were made by John F. Last, district Boy Scout official.

The Life Scout award went to Wayne Runkles, son of Mr. and Mrs. Frank Runkles. His father is camp ranger at C. W. Post Memorial Scout Camp. Wayne also received merit badges for nature fishing and community citizenship.

Receiving the Star Scout award was Auvy Lee McBride, son of Mr. and Mrs. Theobald McBride. He also received merit badges for first aid, scholarship and poultry raising, and two green bars as a patrol leader.

Bryan Williams, Jr., received a first class badge and patrol leader bars.

Merit badges for first aid and cooking went to Ruben Jimenez, who also received patrol leader bars.

Charles Tubbs, son of Dr. and Mrs. Harry A. Tubbs, was presented his second class badge and a Librarian's award.

Leonard Short, who will receive his Eagle Scout award Oct. 25 in a South Plains Council ceremony at Lubbock, was awarded merit badges for horns.

See SCOUT AWARDS, Page 8

County's Fair Booth Is Open At Lubbock

The Garza County agricultural booth at the Panhandle South Plains Fair in Lubbock this week is attracting the attention of thousands of fairgoers. The booth is one of several being sponsored by South Plains counties.

The booths are not being judged at this year's fair, but the fair board is awarding each county \$50 for its booth.

Lewis Herron, county agricultural agent, is in charge of the Garza County booth.

The Post High School band marched Monday afternoon in the parade opening the fair. The 100-piece Andrews band won the first place trophy in Class AA.

Schools Contacted On Fire Prevention

Assistant Fire Chief Robert Cato, chairman of the department's Fire Prevention Week committee, has contacted school officials in connection with the poster and essay contests being sponsored in observance of the week, which is Oct. 1-10.

Fire drills will be held at the schools next week in connection with the observance, Cato said.

String Band Winner In Talent Contest

First prize of \$5 went to a string band in a talent contest here Tuesday night, sponsored by the Post High School senior class and held in the grade school auditorium.

Members of the winning band were Bobby Cowdrey, Eugene Bailey, Paul Bailey and Roy Joe Carter.

Second prize of \$2.50 went to Nora Jane Mock, vocal soloist, and the \$1 third prize was won by the "Nine Sharps and One Flat," who were Kenneth Mills, Joe Cartmill, Lonnie Welborn, Gene Young, Billy Gray, Leonard Short, Stanley Nixon, Wilburn Wade, Jeton Denson and Deanie Hill, who was master of ceremonies.

Judges were Mrs. Ray N. Smith, Mrs. Herbert Aduddell and Miss Jane Stephenson.

Thirty-five contestants competed.

Schools Contacted On Fire Prevention

Assistant Fire Chief Robert Cato, chairman of the department's Fire Prevention Week committee, has contacted school officials in connection with the poster and essay contests being sponsored in observance of the week, which is Oct. 1-10.

Fire drills will be held at the schools next week in connection with the observance, Cato said.

Schools Contacted On Fire Prevention

Assistant Fire Chief Robert Cato, chairman of the department's Fire Prevention Week committee, has contacted school officials in connection with the poster and essay contests being sponsored in observance of the week, which is Oct. 1-10.

Fire drills will be held at the schools next week in connection with the observance, Cato said.

JOLANDA ROSAS BORN AT 11:25 A. M. SUNDAY

Jolanda Rosas, daughter of Mr. and Mrs. Toby Rosas of Post, arrived at 11:25 a. m. Sunday as the 100th baby born in the Garza County Memorial Hospital, which opened Aug. 4, 1952.

Jolanda's birth followed by 13 months and 23 days the arrival of the first baby born at the hospital—Bertha Torres, daughter of Mr. and Mrs. Pedro Torres of Post.

The 100th baby, which weighed eight pounds and four ounces, is the tenth child of the Rosas'. She has five brothers and four sisters. The family has resided in Post for the past eight years.

The hospital's first baby was born only 11 minutes after opening of the county-operated institution. She received approximately \$225 in gifts from Post merchants and other business men.

Through the first 100 births at the hospital, boys are leading girls by 60 to 40, according to records released by Jack Rex, administrator. Seventy have been whites, 26 Latin-Americans, and four colored.

The heavyweight of the first 100 babies was Ronnie Joe Braddock, who weighed 10 pounds at birth on March 21. The lightest was Suzanne Gonzales, born in December, who weighed three pounds, four and three-fourths ounces. Suzanne now weighs 12 pounds, two ounces.

Thursday to Thursday

By CHARLES DIDWAY

Here is a neat bit of philosophy from the September issue of the Post Grade School's "Antelope Sentinel": "Even if it does mean our baseball field, we all want a junior high school."

Coming only a few days in advance of National Newspaper Week, a visit to the Post Dispatch office Thursday morning by Post Grade School fourth grade pupils and their teacher, Mrs. Herman F. Raphael, was especially timely. Everyone was busy printing and mailing Thursday's paper, but Frank Fletcher, printer, found time to show the youngsters around and demonstrate the operation of the Dispatch's up-to-date machinery.

In connection with National Newspaper Week, here's still another lesson—in history—which we'd like for the pupils, as well as their teachers and parents to learn:

Thomas Jefferson, our third President, was a champion of the right of U. S. citizens to KNOW what was going on in their country.

He left us many quotations, which our children read in their history books, about freedom of the press. Among some of the things he said are these: "No government ought to be without censors, and where the press is free, none ever will." And again, "When the press is free and every man able to read, all is safe."

On the other hand, youngsters in Russia, read this in their history books: "Why should freedom of speech and freedom of the press be allowed? Why should a government which is doing what it believes to be right allow itself to be criticized? It would not allow opposition by lethal weapons. Ideas are much more fatal things than guns. Why should any man be allowed to buy a printing press and disseminate pernicious opinions calculated to embarrass the government?"—Nikolai Lenin, founder of the U. S. S. R., in a speech in Moscow in 1920.

But, believe it or not, children, right here in these United States there are public officials at all levels of government—city, county, state and national—who do not wish the newspapers to print all the news about what is going on in public affairs. Thank goodness, there are not many of them, but one is one too many!

Fire prevention will be stressed throughout the nation this week, with the public schools taking a big part. Fire Chief Homer McCrary reports that considerable interest is being shown in the essay and poster contests being sponsored by Garza County schools, and that fire drills will be held at the Post schools one day this week.

As Post Antelope fans, let's not feel too badly about the 52-0 drubbing Coaches Ringham's and Ray's boys took at Sundown Friday night. We weren't the only ones who took a beating in weekend games. Refugio romped over Taft, 59-6; Mathis mauled St. Joseph's of Brownsville, 34-0; Rule routed the Haskell "B" team, 54-0; La Jota larruped Brownsville "B", 35-0; Ballinger battered Hamlin, 60 to 6, and Three Rivers took Pawnee, 44-0. In col-

Roger W. Babson Writes This Week

Hydrogen Bomb Threat T Big Cities Will Make Decentralization Important Industry

NEW BOSTON, N. H.—I am writing this near a large bombing range in southern New Hampshire. Owing to the comparable ineffectiveness of the bombers which have been used in Korea the past two years, I was curious to get an answer to four questions.

(1) What Is The Defense Against Ordinary Bombing?

Naturally, the fighter-plane is the best defense against the bomber-plane. This means that speed and mobility determine the battle outcome. The result is that these air battles are being constantly fought higher in the air. Because of this bombers act with less accuracy, with an increasing cost and with decreasing destructive power.

Cities appear to get accustomed to such bombing. The people resort to cellars and trenches, but do not evacuate their cities. Present bombing has become "one of those things" and no more decisive in battle than the machine gun or the bazooka. One reason why both China and the United States are willing to quit Korea is because of the ineffectiveness of ordinary bombing.

(2) What Is The Defense Against Atomic Bombing?

The original atomic bomb, such as used in Hiroshima in 1945, has been greatly "improved" by increasing the destructive power and by reducing the size of the bomb and its accompanying mechanism. Such bombs can be dropped from airplanes, can be shot from guns or presumably used in guided missiles from submarines or in other ways. Radar is supposed to give cities warning against such bombing; but the time element is very short. The sad fact is that the destructive power of atomic bombing is terrific; and, thus far, almost no practical defense now exists against such.

There is also the "H," or hydrogen bomb, which is much more destructive. These could be dropped from large bombing planes or "planted" in a ship within a harbor, or hidden in the cellar of some enemy spy's house within any city. The first night of the war they might wipe out two or more of our large cities in surprise attacks—like what happened to us at Pearl Harbor. The only defense now appears to be radar and evacuation.

IT IS A TRAGIC FACT . . .

It is a tragic fact that 11,000 persons die every year as a result of fire 50% more tragic is the fact that at least 2,000 children, most of them under five years of age.

Why are these little children so often fire's victims?

One reason is their utter helplessness as babies. If trapped, for instance, in a burning building, they are powerless to help themselves.

Another reason is their inquisitiveness and lack of fear of fire.

Since children spend most of their time at home, parents should teach them simple safety rules and, above all, see to it that fire hazards do not exist in and around the house.

The National Board of Fire Underwriters this Fire Prevention Week, Oct. 4-10, is urging every means possible to emphasize the safety measures whereby loss of life and property can be substantially reduced. Let us in this community assume our share of this responsibility and help make America safe from fire.

CALLING THE TUNE . . .

A great many people still seem to believe that it is possible to get all kinds of hand-outs from the federal government and still keep our freedom and independence.

They should ponder this sentence from a 1942 U. S. Supreme Court decision: "It is hardly lack of due process for the government to regulate that which it subsidizes."

The Court simply said, in judicial language, that when government pays the bills, it can call the tune to which we must all dance.

One high-ranking U. S. general said it is doubtful the Soviet Union has atomic artillery. Others have said they do have. That shows how much we know about what is going on behind the Iron Curtain. Isn't it about time our government's intelligence service found out for sure?

Summer seems to be keeping the door locked on autumn.

lege games, Hamline hamstrung Bethel, 58-0, and Maryland matched Sundown's touchdown parade in mopping up Washington & Lee, 52 to 0.

Post and Garza County arts well represented at the Panhandle-South Plains Fair in Lubbock this week. There is a Garza County agricultural exhibit on display, and the Post High School Antelope band took part in Monday afternoon's parade. During Children's Day Wednesday, dozens of Garza County school pupils were numbered among the fair visitors.

Post's new telephone directories have been distributed, and in between the names of L. M. Acker and William Zetman, there are approximately 800 listings. With 32 pages, counting the front and back covers, the new directory is the same size as the old one.

The number of subscribers named Williams have decreased from 13 in last year's directory to 11 in the new one, but they still hold a comfortable lead over the Browns (7), and the Davises (6).

(3) What Are The "Pros and Cons" of Evacuation?

If evacuation is the only protection against atomic bombing, why don't we hear more about it? The reason is twofold. The first reason is the great expense of making arrangements in advance for the mass evacuation of a large city. This would require rebuilding of roads for exit, provision for underground bomb shelters, and the necessary temporary housing and feeding facilities, outside the cities. About 20,000,000 people are now living in the 12 U. S. cities which our Government has listed as most vulnerable.

The second reason is the opposition of real estate and other business interests to talk about evacuation. The Chambers of Commerce, the Real Estate Boards, and the Builders Associations of these 12 cities will not discuss mass emergency evacuation. They are terribly fearful that such plans would so frighten people as to start evacuation now! For the people to see great emergency villages now being built in the surrounding rural country, and kept vacant awaiting the dropping of the fatal bomb, might scare them to evacuate now. Yet, perhaps no more building of any kind should now be allowed in these 12 cities.

(4) Is Decentralization Surely Coming?

I cannot believe, as many do, that the big cities are already "dead ducks." I, however, do believe that decentralization is to become an important industry. It offers great opportunities to real estate interests, builders and other businessmen. Farm land within 30 miles of large cities will double in value. This rural land will be used for new homes, new shopping centers, new factories and new office buildings.

One more thought: The present "Businessman's" Administration at Washington cannot afford a business depression now. Obsolescence puts a limit to the bombs and airplanes which may be made now to hold in reserve. As the expenditures for the above and other military supplies will be reduced, a great Campaign for Decentralization may be substituted in its place. This could give business another real "shot-in-the-arm." Moreover, the country as a whole, especially the small cities, should permanently benefit from such expenditures.

Getting Out On The Limb

by EDDIE the editor

SUDDEN THOUGHT: Rip Van Winkle couldn't sleep for 20 years nowadays. He would be allergic to something in the vicinity of his bed.

The world needs a lasting peace in order to keep from going to pieces.

GRAIN SPECULATION: Gazing into the breakfast bowl, heaped with toasted, crunchy, sealed-in goodness and wondering what the stuff was originally.

The high school football season is "big business" in Texas. To give you some idea of just how big it is, I am reprinting the following from the Texas Associated Press Log, which is mailed weekly to member newspapers.

"This is the season when the night editors always start talking about buying roller skates. They could use them every Friday night whipping around the offices to get 400 high school football scores on the wire.

"After getting the high school coverage started this week, Night Editor Wilbur Martin summed up the job and its problems like this:

"From 10 p. m. until 2 a. m. the football editor should be a certified public accountant with good, strong legs. He works with a complete schedule of all 'A' classes, and an alphabetical list of all teams. He must try to eliminate duplication and also keep records to figure the standings of all teams. It may sound simple, but with more than 400 teams, it means check, check, check.

"Everybody in the night office gets in on the act, either taking bare scores or handling game stories to move on the wire.

"Between 1 a. m. and 2 a. m. you always come up with about 40 missing scores. Usually you can pick about half of them by messaging various points. Then for the next hour and a half you call telephone operators, all-night filling stations and cafes—anybody who might know missing scores in out-of-the-way places.

"The result is that the AP high school football service is 99 per cent complete by the time the Saturday PM's roundup is written, and the day side can get the few missing scores with the cooperation of members."

SINCE THIS is National Letter Writing Week, the following joke has an extra good point—which is something post office pens do not have:

An angry little man bounced into the postmaster's office and complained that, for some time, he had been pestered by threatening letters.

"I'm sure we can help, soothed the postmaster. "That's a federal offense. Have you any idea who is sending you these letters?"

"I certainly have," snapped the little man. "They are coming from those pesky income tax people."

THE WOMEN, GOD LOVE

EM: A doctor asked the wife of one of his patients if her husband was taking the medicine he was supposed to religiously. The wife answered back, "He's taking it, but not religiously. He curses every time I give it to him."

Well, anyway the world is getting its worries in the big economy size.

This week, Oct. 1-8, is National Newspaper Week. Here, in a nutshell, is the answer to the question, "Just What is a Newspaper?"

It's a Public Service: It serves its community with news, advertising, comment and entertainment. It promotes civic and humanitarian projects.

It's a Manufacturing Plant: It converts raw materials, ink, paper, metal and power into a finished product. It gives employment to heads of families.

It's a Business: It enjoys full status as a wholesaler (of papers) and retailer. It plays its part in the Chamber of Commerce and all other civic enterprises.

It's a Service Establishment: It gives information, advice and guidance through its columns and through its departments. It gives help through its reading notices, classified columns and thank you items.

It's a 100 Per Cent Home Institution: It is for Post and Garza County first, last and always. Its payroll remains almost entirely at home. Its taxes help support schools and government. It is a large consumer of power, fuel and other elements supplied locally.

It's the Bulwark of Democracy: It is the exemplification of the American way of life. Truly, your newspaper is the voice of freedom and the guardian of democracy.

Two hillbillies were talking: "We keep pigs in our house."

THE AMERICAN WAY

A Sure Touchdown

Our Contemporaries Are Saying:

It Can't Miss!

The dog problem is going to be eased up. It can't miss. You people of Morton saw to it when you turned out to have another 40 or more dogs inoculated last Saturday afternoon. Now, let's get the strays weeded out, get all the pets inoculated and settle down to some more peaceful nights. We hope you'll help the officers by letting them know of the stray dogs around your house.—Morton Tribune.

Trying To Help

A friend of mine is always trying to help showgirls along in their careers. . . . Just the other night he tried to give a bubble dancer a break.—The Canyon News.

Big Clean-Up Job

Last Friday night's whooping sand-filled norther left a big clean-up job. On Saturday morning, I saw one of the postmen emptying a couple of pounds of West Texas Vitamin D out of the letterbox in front of the former Palace Cafe.—The Slaton Slatonite.

A Wonderful Thing

Ignorance is a wonderful thing nowadays, especially if we can get by with it.

Read a little quip the other day about an Indian who had gone to see a doctor, who, after examining him, told the redman to be careful about what he ate—in fact, not to eat at all until he got an appetite.

Meeting the Indian several days later, the doctor asked him how he felt.

"Oh, I feel fine now," he replied. "I wait one day, appetite no come; wait two days, appetite no come; wait three days, appetite no come—get hungry and eat anyway."—The Hamlin Herald.

Treatise On Worrying

Do you worry? Do you spend a good part of your waking hours intent on something that really has you stymied? A lot of folks tell me they worry more these days than they ever have.

We don't claim to have any patented cure for this common malady, except that we think it is caused by most people not having their values lined up just right.

In other words, what is really important, vitally important to most of us these days—and on the other hand what things have we placed in exaggerated positions of importance, which really and truly don't amount to nearly so much.

For instance: Most people worry about money. Owing to it, that is. Thing about this one is that the guy you owe, owes someone else, nine times out of ten, so he is actually in the same position you are in, and if you pay him he can pay his debts, but if you don't, then he don't and it's all the same in the end, isn't it?

Money may be important, but not if you don't have any.—The County Wide News, Littlefield.

A Good Reason For It

If you see a Lions Club member going around with a small broom attached to his belt or sticking out of his pocket, you

We tries to teach 'em right good manners so we chase 'em out of the house when Paw eats."

A song title we like is, "Meet Me at No Special Place, and I'll Be There at No Special Time." We mean to attend, having no real occasion to.

County Farmers To Get Questionnaires From TEC On 'Range Of Wage Survey'

B. T. O'Connell, Local Office Manager for the Texas Employment Commission, said here today that Garza County cotton farmers will soon receive letters requesting them to supply information and wage data for a "range of wage survey" being conducted by the Texas Employment Commission and the local Crop Wage Committee.
 The letter, he said, will explain the wage survey plan in detail, and will include a questionnaire which will request information on the general characteristics of the farm, such as size, cotton acreage, anticipated

cotton yield, whether the farm is irrigated or non-irrigated, and similar data necessary for analysis of the sample to assure that it is representative in every respect.
 The survey will be made, according to O'Connell, in compliance with Public Law 78, which, in part says, that Mexican Nationals may be admitted to this country for farm employment only if it is found that the wages and working conditions of domestic farm workers will not be adversely affected.
 O'Connell said, "Wages which the farmer agrees to pay Mexican Nationals are subject to change, depending on what other farmers pay their workers. Therefore, the survey is made for the convenience of the employers hiring Mexican Nationals."
 "In fact," he said, "the Migrant Labor Agreement of 1951, as amended, reads in part as follows: 'The Mexican Consuls and the Representatives of the Secretary of Labor shall exercise vigilance to insure that the wage rate paid to the Mexican worker is not less than the prevailing wage rate for similar work in the area of employment and that wages are paid to the Mexican workers in accordance with such rate or with any increases in such rate which may become effective in the area during the period of employment, but not below the minimum rate specified in the work contract. Increases in prevailing wage rates shall be put into effect immediately by the employer and shall not be contingent upon a formal request to do so by the Mexican worker, the Consul of Mexico, or the Representative of the Secretary of Labor. Declines in prevailing wage rates shall be recognized and accepted by the Mexican worker, provided they do not fall below the rates specified in the Work Contract.'"
 The surveys are made only in areas where Mexican Nationals are to be employed in numbers to warrant a survey. The surveys will be made bi-weekly during the cotton harvest season, O'Connell said.
 He added that a foiled perforated card will be mailed to each farmer included in the survey on Mondays of the survey week. Information requested should be related to Wednesday of the survey week and returned the same day for tabulation by the TEC and the local Crop Wage Committee. Farmers not included on the sample list for the survey, will be given an opportunity to voluntarily furnish information on cards that will be available

TIPS FROM YOUR COUNTY AGENT
 By JESSIE PEARCE

If you are planning on planting flower bulbs this fall now is the time to start preparing the ground. What you do now will determine the amount of blooms you will get next springs. It is best to plant bulbs in groups or clumps.
 To prepare the soil for planting use barnyard fertilizer or decayed leaf mold and some commercial fertilizer. For an area 25 feet square, use a half bushel of barnyard fertilizer or a bushel of leaf mold and about two cups of commercial fertilizer. Spade this into the soil about 12 inches deep and keep it moist.
 By the end of October you can plant hyacinths, daffodils, narcissus, jonquills, snowdrops, snowflakes, grape hyacinths and some lilies. In December the beds will be ready to plant tulips and Dutch irises.
 If you order bulbs now and don't get them right away, don't be alarmed as most reputable nurserymen ship bulbs when they should be planted in the area where you live.
 A sheltered spot on the east side of the house makes a good bulb bed. It receives the warm morning sun and is protected from the blowing sand.
 Remember that now is the time to start preparing your bulb bed and that advance preparation pays off in gardening as well as other phases of home-making.
 at cotton gins in the survey area.

Farm Fires Take Staggering Toll In '52; Most Could Have Been Prevented

The week of Oct. 4-10 has been proclaimed by President Eisenhower as Fire Prevention Week in the United States. In his official proclamation he urges all citizens to initiate a year-round campaign in their homes and communities against the need, less waste of life and property caused by destructive fires.
 Lewis Herron, Garza County agent for the Texas Extension Service, points out that farm fires last year caused a loss of about \$133,000,000 worth of farm property and 3,000 farm people died as the result of fires. Moreover, he adds, approximately 95 per cent of these fires were the result of carelessness and neglect. This, says Herron, is a staggering price to pay for something which could be prevented.
 Eight primary hazards account for a vast majority of farm fires and Herron lists them as carelessness with matches and smoking; dirty and defective heating equipment; the improper storage and use of gasoline and kerosene; overloaded electrical circuits and operating or attempting to operate improperly installed and defective electrical equipment; sparks on flammable roofs; spontaneous combustion of hay; failure to keep trash and rubbish cleaned up and the lack of or improper installation of lightning.

Herron suggests making a careful check of the home and other buildings on the farm for accident and fire hazards and if any are found, he recommends prompt removal or correction. This is a case, he adds, where an ounce of prevention is worth much more than a pound of cure.
 Because farms are usually far from organized fire protection, each family should make fire prevention a number one family project. But for safety sake, he says, fire extinguishers, ladders, hose and plenty of water, under pressure if possible, should always be available around farm buildings. And last but not least, he urges rural communities to organize for fire fighting.

Club Boys' Swine Place At Lubbock

Animals exhibited by two Garza County 4-H Club boys, Sam Sanders and Kenneth Wayne Howard, placed Saturday in the District 2 swine show held at Lubbock.
 Sanders showed a boar and Howard a gilt.
 The show was sponsored by the Sears Roebuck Foundation. Each of the boys entered was a gilt or a boar given the 4-H Club member by the Foundation. Boys and girls win the animals by writing essays to the Foundation. After the gilt has a litter, the only requirement is that a selected pig from the litter be returned to the Foundation to be given to another essay winner.
 Kenneth McEachern, 12, of the Halfway Community, Hale County, showed the top boar. The winner of the gilt class was another Hale County boy, Butch Lyde, 10, of Petersburg.
 Funeral services were held in Slaton Friday for W. L. Johns, 69, a resident of that city since 1921. He was a retired dairy man.

Oct. 4 Opening Date State Prison Rodeo

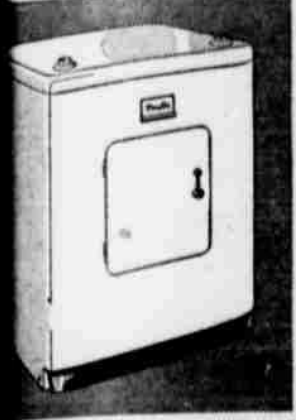

HUNTSVILLE (Spl.) — The Southwest's greatest sports event scheduled for the month of October gets under way at Prison Stadium here Sunday afternoon, Oct. 4, promptly at 2 p. m. It's the 22nd annual "Battle of the Outlaws"—the Texas Penitentiary's biggest and better than ever prison rodeo.
 Gov. Allan Shivers will officially open the big convict rodeo with members of the Texas Legislature attending as guests of the State Prison Board, and members of the Texas press and radio will be guests of the rodeo management.
 This and subsequent performances on October Sundays the 11th, 18th and 25th, will feature the toughest of Texas' outlaw riders contesting the wildest and roughest of the penitentiary's livestock.

Post Cowboys Place In Henrietta Rodeo

Two Post cowboys, Jimmy Bird and Jimmy Moore, placed in the second go-round of the Henrietta Pioneer Reunion rodeo Saturday night.
 Bird and Skip Lovejoy of Abilene tied for third in calf roping. Jack Peek of Seymour was first and Neal Love of Fort Sill, Okla., was second. Peek's time was 12.1 seconds.
 Moore won third in bareback bronc riding, finishing behind Jim Ezzell of Ringo and Johnny Jesse of Wichita Falls.

To Assist in all matters pertaining to Social Security, a representative of the Lubbock office will be at the post office here at 11 a. m. Thursday, Oct. 8.

NEW completely automatic Maytag Clothes Dryer

- Waterfilm action eliminates lint, moisture and venting problems**
- A thin film of water removes lint, moisture.
 - No lint trap to clean.
 - No outside venting.
 - No dampness in room.
 - Self-cleaning.
 - Variable heat, time dials for any fabric.
 - Double insulation keeps heat inside.
 - Porcelain-finished drum resists rust.
 - Safety door stops action when opened.

Eliminating new Maytag Electric gives you soft, fluffy, sweet-smelling clothes at the touch of a dial. No hours of backbreaking No heavy, wet loads to lug, wringing, stooping, lifting, hanging. No re-washing. Fewer clothes last longer than line-drying. Wash line—you need fewer clothes. Completely automatic—Just load, time and heat, lift out damp, fluff-dry. See this working, time-saving, money-saving

The MAYTAG AUTOMATIC WASHER
 with gentle Gyroform Action Washes, rinses, spins, stops automatically. Safety lid stops action when opened. Needs no bolting down. Flexible time and heat controls.

THE FINE CAR at half the fine car price

Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it . . . worth more when you sell it!

A FEW MINUTES on the telephone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over \$4,000!
 Now the interesting thing is that in feature after feature the Ford car duplicates each of these fine cars, and for less than half the fine car price!
 Look under the hood of the most expensive cars and what do you find?
A V-8 Engine!
 Well, the Ford car has a V-8, too. In fact, it has had a V-8 since 1932, and since that time Ford has built more V-8's—by millions—than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!
 But the engine, as fine as it is, is only one of many things that make a fine car fine.
Automatic shifting, for example.
 All the fine cars offer it in one form or another because it's one of the things that make a fine car fine. But if you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever—it

gives you exactly the amount of power you want, when you want it—automatically.
Fine car power steering, too.
 The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it—especially when parking. Our "Master-Guide" has two distinct benefits.
 First, it gives a hydraulic power assist right down at the wheels and just enough to take out the work. You don't relinquish one particle of control—rather your control is more complete and far easier.
 Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. And you don't pay a fine car price for "Master-Guide."
But there is another fine car feature—the Ford ride. Books have been written on the subject of riding "quality" in an automobile, but the payoff comes on the pavement—or lack of it! Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big five-ton trucks which you see every day

would be the most comfortable vehicles on the road.
 Without being technical we can tell you that what's been done with the suspension and springing system gives the Ford a softer ride, a smoother ride than many cars which tip the scales at better than an added half ton.
What about room? Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, but unless you buy a limousine with those little jump seats, it's not one passenger bigger inside.
Visibility is another fine car Ford feature. We say Ford cars offer "full-circle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match . . . plus side windows that mean every passenger gets room with a view!
How beautiful is a Ford? A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty"—well, he could have been writing about our car for its beauty comes from honest, clean lines in every dimension. In fact, we think most people agree—even our competitors

—that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.
But what about Ford quality? Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish—we believe Ford's baked-on enamel has no equal in any car. Ford upholstery fabrics and trim are less costly, but they're less delicate, too, and if anything, more durable.
How then is it possible to give you this fine car at half the fine car price?
 Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. And that's the Ford idea.
FORD
 Worth more when you buy it.
 Worth more when you sell it!

Austrian Visitor Lectures Here Monday Night As Amity Guest

Every word and gesture of Frau Renee von Bronneck in her lecture Monday night in the Post Grade School auditorium appeared to be a sincere effort on the part of the speaker to bring her native Austria nearer to Tex- as.

The lecturer, whose appear- ance here was sponsored by the Amity Study Club, spoke warm- ly of the reception given her in West Texas, and expressed a de- sire of seeing her country and the United States drawn closer together in a world-wide effort for a lasting peace.

Frau von Bronneck described many of the customs of Austria, and told of her countrymen's bravery during the trying times of the past several years when they have felt the heels of two oppressors.

As she spoke, the flag of Aus- tria stood on the stage beside that of the United States.

The speaker, introduced by Mrs. W. B. Little of Littlefield, used slides to illustrate her talk.

Frau von Bronneck was accom- panied to Post by Mrs. Little, who, with her husband, arranged for the Austrian woman's visit to the United States during her on a trip to Europe.

She is making a series of talks to women's clubs throughout West Texas. She plans to be in the United States until Febru- ary.

FHA Officers Are Elected Sept. 23

Future Homemakers of Amer- ica met Sept. 23 in the home- making department at the high school and elected new officers.

They are Christine Blodgett, president; Mary Lou Hedgepath, vice-president; Glenda Askins, secretary; Joy McMahon, treas- urer; Norma Ritchie, reporter; Johnnie Graham, parliamentari- an; Jennie Redman, program chairman; and Shirley Sullivan, assistant program chairman.

The group selected Mrs. J. T. Brown and Mrs. J. W. McMahon as room mothers.

Members are reminded to pay their dues, of one dollar per member, not later than Oct. 1.

Babb Relatives Return Home First Of Week

Children of the late Mrs. J. H. Babb, here Monday to attend funeral services for their moth- er, left this week to return to their respective homes.

Leaving Lubbock by plane Tuesday were John H. Babb of Chicago, Ill., and Mr. and Mrs. C. I. Dickinson of New York City. The Dickinsons, who have resided in New York City since their marriage nine years ago, plan to move back to West Texas about Oct. 20. They will be in Post for at least a month upon their return and then will move either to Lubbock or Levelland.

Leaving Monday for San An- tonio were Mr. and Mrs. Joy Mc- Cartney and his father, Thomas V. McCartney, of Kerrville. Mrs. Joy McCartney is a daughter of Mrs. Babb.

Mechanical Harvesters Threaten To Make Gins Bottleneck To Industry

COLLEGE STATION (Sp.) — Mechanical cotton harvesters threaten to make cotton gins a bottleneck to the cotton industry. This is caused by a greater amount of cotton being harvested in a shorter season than by hand picking.

Already capacity of gins frequently is inadequate to keep abreast of harvesting at the peak of hand picking. And, as the shift from hand to mechanical gathering increases a balance established over the years between the size of the cotton crop and its rate of harvesting and ginning is further overthrown.

In a study conducted recently by the Texas Agricultural Experiment station to determine the effects of mechanical harvesting on the ginning business, ginners and growers alike agree that farm storage of seed cotton is the most logical way to relieve gin load during the busy season. The study initiated by J. M. Ward and W. E. Paulson, department of agricultural economics and sociology, Texas A & M College, College Station, and D. L. Jones, superintendent of the Lubbock Experiment Station, was confined largely to the High Plains since machine stripping has been widely adopted in that area.

Three possible methods of eas-

ing the condition were considered. Storage in fields on farms won out over storage of seed cotton at gins and in farm buildings. Very few ginners favored gin storage because of fire danger.

Growers on the Plains in 1949 and 1951 chose full-scale stripping and farm storage over other possible solutions. As much as 90 per cent of the storage was on the ground in the cotton fields.

In further tests at the Lubbock Station field stored cotton received one inch of rain and an additional two inches artificially applied with no decline in grade.

Results of the study are reported in bulletin 765, STORING OF SEED COTTON, and is available from the Agricultural Information Office, College Station, Texas.

Phone Headquarters Move To San Angelo

The general office of General Telephone Company of the Southwest was moved last week-end from Dallas to its new location in San Angelo.

The company is occupying temporary space in the Amacker Building at 342 South Chadbourne Street, pending the construction of a new single-story building on a 10-acre site in southwest San Angelo. The move into permanent quarters is expected to take place within the next 18 months.

Post is one of the communities served by the telephone company.

CARELESS CYCLIST

MODESTO, Calif. (AP)—Police cited a 13-year-old high school boy for driving through a red traffic light—on his bicycle. The bike collided with an automobile, but the boy escaped injury.

Pvt. and Mrs. L. A. Greene, Jr., of Roswell, N. M., visited here recently with Louise Ferguson. Pvt. Greene is stationed at Fort Leonard Wood, Mo. He and Mrs. Greene are former residents of Post.

BIG TAX BILL
SAN FRANCISCO (AP)—California paid the biggest state bill for any state in 1952. Total for the fiscal year ending June 30, 1953 was \$1,240,000,000, up to 2.6 per cent from previous year.

STATE FAIR OF TEXAS
DALLAS
OCT. 10-25
★ The Biggest State Fair in the World ★

Garza Among 249 Counties Served By TU Library

Garza County was among the 249 Texas counties served by the University of Texas Package Loan Library during the fiscal year just ended. A total of 1,060 towns and rural communities were served.

Miss Imogene Thompson, director, pointed out that demands upon the Extension Loan Library are increasing, although, public libraries are growing in Texas and new ones are being established.

The annual report shows circulation of package libraries in 1952-53 reached 31,323, compared with 28,962 for the previous year.

Information on almost any subject of interest today can be borrowed from the Package Loan Library. The staff spent much of the summer collecting and classifying new materials, reorganizing some of the files and otherwise preparing for the large number of requests expected during 1953-54.

Individual attention is given each request by the staff of trained librarians. Their primary interest is in selecting materials which will best fill the particular needs of each borrower.

Most popular subjects last year were political, economic and social topics (5,278), literature (5,035), history, description and travel (2,793) and education (3,549). Largest number of borrowers were from schools (11,613) and women's clubs (10,649).

Persons having no local library, or only a part-time librarian, may borrow directly from the Package Loan Library. Where full-time librarians are employed, loans must be arranged through the local library.

Lubbock Site Of Music Contests

The Region I Texas Interscholastic League Music contests, in which the Post High School Antelope band and choir will take part, are to be held this year in Lubbock with that city's public school system and Texas Technological College as hosts.

Raymond Elliott, director of choral music education at Texas Tech, and Richard Richards, director of choral music at Lubbock High School, will be co-chairmen of the choral music contest to be held March 27.

D. O. Wylie, director of instrumental music at Texas Tech, and Paul Branom, director of the Lubbock High School Westerner band, will serve as co-chairmen for the instrumental contest, to be held April 30 and May 1.

The music contests were held in Plainview last year, and for several years prior to that were held in Canyon.

GUMMING THE WORKS
EAST HARTFORD, Conn. (AP)—A teenager threw a wad of gum at the side of Clifford Benson's automobile, halting at an intersection for a red light. The impact startled Benson, and his foot slipped off the clutch. The car lurched forward, injuring two pedestrians across the street.

Boost your car's power as much as 15% with New Conoco Super Gasoline with TCP*

The Greatest Gasoline Development in 31 Years

Restores "new car" power!
Increases spark-plug life up to 150%
Gives you extra gas mileage, too!

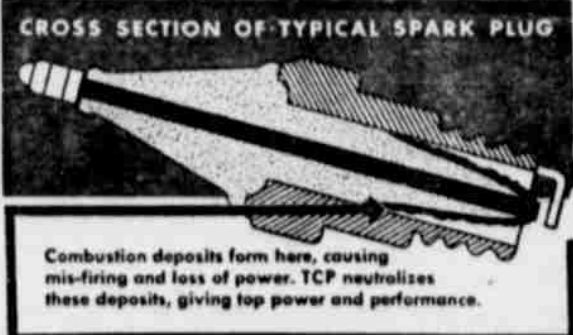

Today it's possible to put new power in your car—just by driving into a Conoco station and filling up with new Conoco Super Gasoline.

For Conoco Super with TCP is a new kind of motor fuel—truly the greatest advance in gasoline since the introduction of tetraethyl lead in 1922. New Conoco Super can actually increase the power of the average car as much as 15%. That's because TCP overcomes the greatest cause of power loss affecting most cars on the road today. Conoco Super with TCP is brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive originally developed for aviation fuel.

Combustion deposits drastically reduce power

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First, they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping." The combined effect of mis-firing and pre-ignition is loss of power and wasted gas.

*Patent applied for by Shell Oil Company

COMBUSTION DEPOSITS FORM HERE, CAUSING MIS-FIRING AND LOSS OF POWER. TCP NEUTRALIZES THESE DEPOSITS, GIVING TOP POWER AND PERFORMANCE.

How Conoco Super Gasoline with TCP works

Now Conoco Super with TCP—a cresyl compound—dramatically overcomes loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

TCP helps your car—whether new or old

Whether your car is old or new, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super Gasoline.

If your car is an older one, Conoco Super will restore much of the power you have lost. Conoco Super with TCP is at your Conoco dealer's today. Don't wait another day to start on this new kind of gasoline—the greatest development in 31 years!

Have you really tried everything for **ASTHMA**?

Try Inhalation therapy with the **ASTHMANEFRIN**.

Nebulizer and Solution 'A' Inhalant on a 10-day money-back guarantee. So easy to use—just inhale the mist-like vapor directly into the affected area. Let us tell you about the welcome relief thousands of users are finding with Asthmanefrin after other means had failed.

ANNOUNCES THE FOLLOWING OFFICE HOURS

EVERY SATURDAY
2 P.M. to 6:30 P.M.

MOSS BUILDING POST, TEXAS

WILL SPEED THINGS UP—This new garbage collection unit will help make Post a cleaner city. Watching its demonstration at the city dump grounds are, left to right: W. E. Huffman, garbage collector; City Commissioner E.

S. Stewart, City Utilities Supt. Henry Tate, Jimmie V. Thurmond of San Antonio, owner of the firm which manufactures the units, and O. L. Weakley.—(Staff Photo).

The well flowed 397 barrels of 37.3-gravity oil and no water through one-half inch choke. Gas-oil ratio was 585-1. Perforations from 7,418 to 7,434 feet were acidized with 500 gallons.

Mr. and Mrs. Glen Day and Debra of Plainview and Mr. and Mrs. Wilton Payne and Paula of Tahoka visited Mrs. W. J. Shepherd and Gertrude and Linda Ward during the weekend.

Mrs. R. W. Babb spent last Wednesday night in Meadow with her son, Truett. Porter Giles of Lubbock was a Post business visitor Monday.

Mercury Sales And Service Center To Open Here Friday

Formal opening of Post's first Mercury sales and service center—the Storie Motor Co.—will be held Friday at 15 North Broadway in the building formerly occupied by the W. B. Holland Motor Co.

The new dealers, S. C. Storie, Jr. and V. L. "Punk" Peel, announce that four 1953 Mercury models will be in the firm's show room for the formal opening, to which the public is cordially invited. The new models will be a green and brown Monterey sport coupe, a green and tan four-door Monterey, a light blue four-door Custom, and a grey two-door Custom.

For both Storie and Peel, opening the new Mercury agency is a return to their old quarters. Storie owned the Plymouth-Dodge agency there before selling to W. B. Holland about a year and a half ago, and Peel was employed as his parts and service manager.

Besides Mercury sales and service, the new firm will include a paint and body shop. Service department employees are Dave Cheshire and Rex King, who also worked for Holland.

The firm's parts department has been newly remodeled for Friday's opening.

Close City News

Please Send News Not Later Than Monday to **MRS. WILL TEAFF** Close City Correspondent

Mr. and Mrs. A. O. Rosenbaum and Imogene visited the Paul Foster family in Snyder Sunday.

The Rev. and Mrs. L. Purser of Lorenzo were Sunday guests of the Will Teaffs.

Mr. and Mrs. Vernon Cearley of Houston are spending a few days with his parents, the F. B. Cearleys.

A. M. and Pete Smith are visiting their mother in California.

Mr. and Mrs. Barnie Jones and family spent Sunday afternoon with her sister, and family, the J. Brownings, of Dermott.

Mr. and Mrs. Walter Brown attended the singing at Graham Methodist Church Sunday afternoon.

Mrs. Lemons of Amarillo is a visitor in the home of O. B. Cearley and his sister, Mrs. Jessie Curry.

Mr. and Mrs. Clyde Newton and family of Merkel recently visited in the Will Teaff home.

The Rev. L. Purser of Lorenzo spoke at the Baptist Church Sunday morning and evening.

Mr. and Mrs. Will Teaff went to Coleman Monday and brought their daughter, Mrs. O. J. Watson and children, here for a visit.

Pete Maddox, who has been in the Army in Alaska, is home and has received his discharge.

Grade Choir Has 26 New Members

Fifty-two members are in this year's Post Grade School chorus, which began rehearsals recently under the direction of Miss Wanda Rogers, grade school music teacher.

Twenty-two of the singers were in last year's chorus, and 26 are first-year members. Fifth, sixth and seventh grade pupils comprise the choir.

This year's members are: Linda Gauntt, Frances Howard, Patricia Wheatley, Peggy Butler, Alice Joy Nichols, Carolyn Jones, Kay Martin, Ruth Ann Long, Patsy Gibson, Mary McCrary, Carolyn Pangle, Edna Blodgett, Sandra Martin, Sara Mills, Sharon Jobe, Barbara Shytles.

Maritta Pennell, Boyd Dodson, Bobby Long, Jimmy Short, Marcus Dean, Holland, Sherry Custer, Alane Norris, Helen Bowen, Beth Kemp, Leona Hawkins, Clara Frances Smiley, Linda Johnson, Kay Gordon, Sharon Moore, Jeanette Moore, Martha Goodie.

Janice Ticer, Wanda Hawkins, Dolores Dye, Kay Jones, Virginia Young, Gerald Braddock, Kenny Smith, Jan Haynie, Pinkie Taylor, Carolyn Martin, Patsy Payne, Floye Horton, Danny Jones, Alice Faye Dawson, Barbara Murphy, Glendon Washburn, Kay Hedrick.

Casual Clothes Are Worn To Services

WAYNESBORO, Pa. (AP)—"What? Wear slacks and shorts to church?"

That was the first reaction of residents of this south-central Pennsylvania community when the Rev. L. Elbert Wilson issued an invitation to attend Sunday night services at a drive-in theater in casual sports clothes instead of "go to meeting finery."

However, Rev. Wilson reports the services are drawing excellent turn-outs.

The women of the Nigerian Yoruba tribe dress their hair elaborately and ornament their bodies.

Presenting with pride
Post's Newest
MERCURY
Sales and Service Center

STORIE MOTOR COMPANY
15 NORTH BROADWAY
POST, TEXAS

It is with a great deal of pride and pleasure that we announce the appointment of the newest Mercury dealership in this area.

Here you will find the greatest Mercury yet . . . a car designed throughout to give you more of all the things you want in a truly modern automobile. We're certain you'll want to take a good look at this smooth-going, smooth-looking beauty. Features such as sparkling new years-ahead styling . . . faster-stepping, economical V-8 performance . . . and advanced Unified Design from bumper to bumper make Mercury a wonderful car to look at, to drive, and to own!

Adjoining the showroom you'll find the service department . . . staffed by factory-trained Registered Mechanics. We invite you to make it your headquarters for your automobile needs.

So make it a point to visit this new Mercury dealership soon—if only to say "hello!" We're sure you'll agree it's the kind of establishment you like to do business with.

Scout Awards - - -

(Continued From Front Page) citizenship, community citizenship in the nation, fire-manship and wildlife management. Others present at the Court of Honor included members of the board of review, Scoutmaster Paul Simpson, and a number of parents of the Boy Scouts. Cold drinks were served by the scouts following the awards ceremony.

PLAN WIENER ROAST

A wiener roast for members of the Post Junior Chamber of Commerce and their families will be held at 8 o'clock Thursday night, Oct. 8, at the city park site. The wiener roast will be one of a series of social events planned by the club.

Mr. and Mrs. Grady Toney have moved to Kaufman.

BITS-OF-NEWS

Mr. and Mrs. John Wallace were in Lorenzo Monday night to visit their son, Harold Wallace, who has been returned to his home there after undergoing an appendectomy in a Crosbyton hospital.

Mr. and Mrs. Garland Cannon and children of Petersburg visited here Saturday with her father, Ray N. Smith.

Tech. Sgt. Clovis Tucker who suffered a broken leg several weeks ago while playing baseball, is still in a Spokane, Wash., hospital, relatives here report. Sgt. Tucker is a son-in-law of Mr. and Mrs. John Wallace. He is stationed at a base near Spokane.

Mrs. Wayne Jackson and children and Mrs. James Jackson and children of Carlbad, N. M., spent Sunday night with Mrs. Maysel Williams.

Garza County Club Women Attending State THDA Meet

Three Garza County delegates to the annual convention of the Texas Home Demonstration Association at Galveston left Monday morning on a chartered bus for the convention site, with stops scheduled en route.

This county's delegates are Mrs. L. H. Peel of Close City, Mrs. James Stone of Graham and Mrs. Robert Mock of Pleasant Valley.

The Garza County women boarded the bus, bearing delegates from other counties in District 2, here Monday morning. Two buses were used for the more than 50 delegates.

The group spent Monday night in San Antonio and continued on to Galveston Tuesday. They are scheduled to leave Galveston Friday, spending the night in Austin, where they will visit the State Capitol building, governor's mansion and other points of interest. Design, discussion and demonstration make up the three-dimensional approach to this year's convention. According to Bonnie Cox, acting state home demonstration leader for the Texas Agricultural Extension Service and adviser to the Association, the convention is planned by the women themselves to assist in carrying out their program of work.

The convention has been designed or planned by the officers and committee chairmen as a framework for the constructive discussion and demonstrations in each of the five fields of committee activities. Three elected delegates from each county, return to share with the clubs the inspiration, information and recommendations for the new year's plan of work.

Miss Cox says there are more than 44,000 members of 3,000 home demonstration clubs in the state, and each is a member of the Association. Its objective is to "serve as a cooperative and coordinating agency for the state-wide activities of home demonstration clubs as a medium for expressing the desires and interests of rural women and as a means of cooperating with other organizations of similar interests." The Association was first organized in 1926 at Texas A. and M. College, to train women attending the annual short course, in parliamentary procedure and to give a scholarship to a 4-H club girl. Since then the Association has awarded college scholarships to 29 club girls, and assisted with 4-H activities by contributing \$100 annually to each of the Extension districts.

During the Convention, Galveston County clubs will be hosts, entertaining for tea at Dickinson, Sept. 30, and again during the dinner, Oct. 2. Mrs. H. B. Burton, Pasadena, is vice-president in charge. Mrs. Charles L. Vance, Texas City, and Mrs. Fred Janneman, La Marque, head the arrangements and hospitality committees. Speakers include Mena Hogan, field agent, Southern Region, Extension service, Washington, D. C.; Iris Davenport, women's editor, Farm and Ranch, Nashville, Tennessee; and Mrs. R. M. Almarode, Munday, Texas.

"Traveling demonstrations" of committee work will be presented Oct. 1, at program workshops by Mrs. Vaughn D. Bailey, Agua Dulce, chairman of legislative committee; Mrs. Thomas Echols, Paris, chairman of education committee; Mrs. M. B. Sparks, Alvarado, chairman of 4-H committee; Mrs. Maynard Gaines, Coleman, chairman of recreation committee; and Mrs. Ennis Claytor, Dalhart, chairman of marketing committee.

Officers for the association are: Mrs. B. M. Harris, Plainview, president; Mrs. John Golightly, Hico, vice-president; Mrs. R. C. Wood, Port Lavaca, secretary; and Mrs. H. C. Shife, Lake Jackson, treasurer; Mrs. G. W. Ferguson, Temple, is editor and chairman of publicity.

Main Street - - -

(Continued From Page One) the City Hall is arranged for the kick-off meeting come 9 o'clock Monday. Much activity was seen in and out of Parrish Grocery as all the folks there are getting all-set for the big formal opening Saturday. We'll see all you folks there and at Storie Motors looking over the four new Mercury cars that S. C., Jr. and "Punk" will have in their show rooms for their formal opening Saturday.

Perfect plate glass mirrors make a pretty picture in any home. At Hudman Furniture you will find perfect mirrors of every size and a size for every space.

Dollar Days are on again at Dunlap's. Check this firm's ad in this issue of the Dispatch for fine savings on many staple items. The friendly folks at this store will be happy to assist you with your purchases.

Check Piggly Wiggly ad, too, for a bale of bargains in the food line. Paul Jones always has a nice array of bargain buys. And while you are looking for bargain buys don't forget the ONE CENT sale on drugs you will find at Post Drug. In fact, the wise shopper will certainly go ad-venturing through all the ads in the Dispatch. Parrish Grocery, for instance, listed numerous food specials and they also have EXTRAS in the way of gifts for those who visit their store on Saturday. Check Parrish's ad for interesting details.

Babb Rites - - -

(Continued From Front Page) She was born Lillie Mae Tanner, Jan. 11, 1871, in Bosque County and was a direct descendant of John Tanner, who settled in Jamestown, Va., in 1609, and of Thomas Anderson, who helped to establish the Republic of Texas in 1836.

On July 31, 1888, she and John H. Babb, a rancher, were married at Putnam. They followed ranching in Callahan County until 1896 when they moved to Stonewall County. Two years later they moved to Floyd County and in 1901 settled on a ranch northeast of what is now the City of Post.

Survivors include five children, Jerrell C. Babb of Glendale, Calif., Mrs. J. A. McCartney of San Antonio, Mrs. C. J. Dickinson of New York City, John H. Babb of Chicago, Ill., and Mrs. Sherrill Boyd of Post; 11 grandchildren, Alex McCartney of San Antonio, Nelson Grisham of Lima, Peru, Mrs. Ernest Smith of Tallahassee, Fla., Jerrell and Louise Babb of Chicago, Ill., David Babb who is in the Army and stationed at Fort Leonard Wood, Mo., Mrs. Tony Mellara and Jay Gresham of New York City, N. Y., J. N. and Tom Power and Don Boyd of Post; 10 great-grandchildren; a sister, Mrs. Sissy Heyser of Putnam and a brother, A. W. Tanner of Albuquerque, N. M.

Pallbearers were O. L. Weakley, Ray N. Smith, J. E. Parker, E. A. Warren, Bryan Williams, Sr., Tom Bouchier, Marshall Mason and Ira Lee Duckworth. Honorary pallbearers were Dr. A. C. Surman, Dr. D. C. Williams, Will Cravy, Giles Connell, Ben Williams, Sam Elkins, Marvin and Victor Hudman, T. L. Jones, George and Walter Duckworth, Ed Scott, C. D. Morrel, Bob Warren, R. H. Collier, Sr., Walter Boren, George Samson, Phil Bouchier and W. V. Roy.

Out-of-town relatives here for the funeral were Mr. and Mrs. Fred Heyser and Mr. and Mrs. Sam Gilliland of Putnam, Mr. and Mrs. Glenn Eager of Winters, Mr. and Mrs. N. L. Ball and Mr. and Mrs. John D. Smith of Lubbock, Miss Irma Sigler of Tulsa, the Rev. and Mrs. Wilton E. Lynn and daughters, Mary Gene, Jane and June, of New Home, Thomas V. McCartney of Kerrville, Mr. and Mrs. Dickinson, Mr. and Mrs. McCartney and John H. Babb.

Women of the Presbyterian and Baptist churches prepared and served food for the Babb family at the Tom Power home Sunday and Monday.

President Taft weighed more than 300 pounds.

Bond Election - - -

(Continued From Front Page) years ago, the enrollment has not once been as slow as the rated maximum capacity.

2. The overload above the practical limit of 30 pupils has ranged from 10 per cent to 30 per cent. Last year it reached 24 per cent and at present is about 15 per cent above capacity.

3. An 18-room building should never contain more than 17 classes or sections of pupils. The grade school building now has 20 and would have 21 if it could be managed. Twenty-three teachers are at work in and around the building.

4. Classroom units in the high school building would be barely adequate for high school grades without the three big sections of Grade 8 now wedged in with them.

5. If enrollment should fall off 200 scholastics in the two buildings, present classroom units would be filled as full as they ought to be for efficient teaching and learning.

In calling attention to the need of a new band hall, school officials brush aside the present quarters as being inadequate from the standpoint of location, supervision, and other reasons. They explained that the property could be sold for enough to pay for the band hall that is to be built onto the proposed new structure.

The large activity room in the new building would not be a gymnasium, it was pointed out. Rather, it would be an all-purpose room for physical education, assemblies, etc.

Supt. Arthur said that if the issue is approved, the board probably will be able to let bond and construction bids by Nov. 15.

Voting on the bond issue will be at the school tax office in the City Hall building. J. T. Curb will be the election judge, and Mrs. Ray N. Smith, Mrs. Lillie McCre and Mrs. Pearl Storie will be the clerks.

LEAVES HOSPITAL

J. E. Boggs, who suffered a stroke Sept. 18 at his ranch home near here, has been dismissed from a Fort Worth hospital and is recuperating at the home of his brother, George Boggs, in Fort Worth.

Post Jaycees - - -

(Continued From Front Page) the possibility of selling garbage cans in the new garbage disposal program expected to grow out of the purchase by the city of a new collection and disposal unit.

Sunday guests in the Shelby Bishop home were Mrs. Bishop's mother, Mrs. J. A. Steelman, and sister, Mrs. Vaughn Bowen, of Bovina. Mrs. Kay Kelley and daughter returned to their home in Bovina with the visitors after spending two weeks here.

Mr. and Mrs. P. H. Gates of Pampa spent the weekend with their son, the Rev. Charles Gates, and family.

HOME FROM HOSPITAL

O. G. "Shorty" Hamilton was returned to his home here Saturday from St. Mary's Hospital in Lubbock, where he had been a patient since suffering a heart attack on Sept. 18. Hamilton, owner of Hamilton Drug Store, will be confined to his bed for the next six weeks.

MISS RYLE RESIGNS

Miss Helen Ryle, registered nurse at Garza Memorial Hospital, has resigned, effective Oct. 14. Jack Rex, administrator, announced.

Mr. and Mrs. J. C. Curb had as their Saturday guests their son and daughter-in-law, Mr. and Mrs. E. L. Curb, of Albuquerque, N. M.

BITS-OF-NEWS

Man Scores Three Touchdowns In 'B' Team Victory Over Slaton

Antelope "B" team, coached by Coaches Bing and Vernon Ray, defeated Slaton 24-0, Friday night in a football game at Antelope Stadium. The game was the first of the season for the "B" team, which was known here of the "A" team, which won a school in Scurry following tentative start-up for the game has been announced by Coaches Bing and Vernon Ray. Ray Popham, left end; Campbell, left tackle; Payne, left guard; Jackson, center; Andy Schmitt, right guard; Leon Davis, right tackle; Noel White, right end; Williams, quarterback; Raymond Gary, left halfback; Kennedy, right halfback; Don Gates, fullback; the exception of Popham, sophomore, and Gates, junior, the other nine starters are freshmen.

Four long touchdown runs, ranging from 85 to 25 yards were put together by the Post Bees Monday night by defeating the Slaton Tiger Bees on the latter's gridiron. It was the second meeting of the season between the two elevens, the Antelope reserves having won, 19-0, here Sept. 21.

Darrell Ray Norman scored three of Post's touchdowns, two on punt returns of 85 and 60 yards and one on a 25-yard run. The other touchdown was scored by Gates on an 85-yard punt return.

In its only other game thus far this season, the Post B team lost to Wilsn, 13-0.

Mrs. Florence Calvert attended funeral services for her nephew, Kenneth Cooley, in O'Donnell First Methodist Church Saturday afternoon.

Antelopes Will Try Comeback Against Crosbyton '11' Friday

The Post Antelopes, who absorbed a 32-0 beating at Sundown Friday night in one of the most one-sided defeats ever tacked onto a Post football team, open a three-game home stand here Friday night against the Crosbyton Chieftains, who have yet to post a 1953-season victory.

Although defeated by Floydada, 19-7; Meadow, 20-0, and Seagraves, 20-0, the eleven coached by Leonard Ehrler and Kenneth Payne has given a good account of itself in each game. On the basis of the Antelopes' performance at Sundown, the Chiefs are rated an even chance to score their first 1953 win in Friday night's game here.

The offensive standout on the Crosbyton team this season has been J. V. Harkins, senior back-field flash. He has been receiving good assistance from back-field mates Jerry Moore, Charley Moore, Ronnie Fergus and Ronald and Donald Sandel.

Six lettermen are back in the Chieftains line. They are David Sudduth and Donald Hancock, guards; Dub Griffin, tackle; Jerry Mitchell and Ben Fletcher, ends; and Darwynne Brewer, center.

Following the Crosbyton game, the Antelopes play two more home games before journeying to Tahoka on Oct. 23. The Rotan Yellowhammers come here Oct. 2, and the Abernathy Antelopes Oct. 16 for a District 5-AA game, the first of the season for both teams.

The tentative starting line-up for Friday night's game, as announced Tuesday morning by Coach Bingham, is as follows:

Ted Tatum and Audie Teaff, ends; Don Moore and Novis Pennek, tackles; Royce Josey and Dicky Beggs, guards; Junior Smith, center; Moody Graham, quarterback; Charles Chandler and Tommy Malouf, halfbacks,

and Darrell Bruton, fullback. According to Bingham, the only alibi that can be offered for the Antelopes' dismal showing at Sundown is that "they just didn't play ball."

Members of the team apparently became ruffled at the Sundown players after Lineman Ted Tatum was injured early in the game, and decided to concentrate on "getting even" instead of trying to win.

The Roughnecks held a 19-0 lead at the end of the first half, and "poured it on" in the second half to score 33 more points for the lopsided 52-point margin.

It was an entirely different story from last season's 7 to 5 victory over Sundown at Antelope Stadium. That game, too, was rough, but it was exceedingly hard-fought and cleanly played in comparison with last Friday night's Sundown fiasco.

Bingham said Sundown has a good team this season, but that if the Antelopes had played ball they could have held the score down to a much smaller margin.

Sundown plays Sudan this Friday and shouldn't have too much trouble with the once-potent Hornets. After their overwhelming defeat of Post, we think the Roughnecks will win the District 4-A favorite's role by defeating Denver City on Oct. 9.

The Ralls Jackrabbits, Post's first victims this season, fell by the wayside again Friday when they lost to the onrushing Slaton Tigers, 45 to 6. Ralls plays Lockney at home this Friday and have a good chance to get on the win side of the ledger after dropping their first three games.

O'Donnell's Eagles, defeated by Post, 19-13, here Sept. 18, fell to another District 5-AA eleven Friday when they lost to the Tahoka Bulldogs, 44-7. This weekend, the Eagles stay home to do battle with Slaton, and it looks like their fourth consecutive loss—by a wide margin.

The Rotan Yellowhammers, who come here for a game Oct. 2, lost to Cisco last Friday. They play the strong Winters Blitzards this weekend, and will enter the game as definite underdogs.

After testing last weekend, the Abernathy Antelopes play host Friday to the Stanton Bulldogs and are favored to win Stanton just a close one—20-18—Friday to Oatman, an eleven which pinned a 20-13 defeat on the Slaton Tigers in a season's opener. Abernathy comes to Post Oct. 16 for both elevens' opening district game.

The Tahoka Bulldogs, who play here Oct. 23, journey to Seagraves Friday and aren't expected to encounter much trouble against the Eagles, who lost to Slaton 45-6. Results of the game will give depesters a comparison between the Tahoka and Slaton elevens—undoubtedly two of District 5-AA's strongest teams.

The Floydada Whirlwinds, who play host to the Post Antelopes on Nov. 6, play at Paducah Friday, and are expected to hub more trouble than in any of their first three games, which they've won handily. Last Friday, the Whirlwinds won the unofficial Floyd County championship by mulling over the Lockney Longhorns, 22-6.

The Spur Bulldogs swing back into action Friday after a week's layoff. This journey to Haskett for a non-conference encounter with a team that hasn't faced so well this season. Spur has won over Matador, 13-12, and Ralls, 32-6.

See you at the game Friday night!

SPORTS Post Scripts

By ELMER FUDD

About the first remark we heard after Post's 32-0 loss to the Sandover Roughnecks last Friday night was, "Boy, that Abernathy must have a team!" The next sentence, Abernathy had edged Sun 'em by one point, 13-12.

Our prediction in picking Post to beat the Roughnecks was about the farthest we've ever missed the boat. We'll try to get back in the groove this week by giving the nod to the Antelopes in their game here with the Crosbyton Chieftains. The Chiefs have lost to Floydada, 19-7; Meadow, 20-0, and Seagraves, 20-0.

Sundown plays Sudan this Friday and shouldn't have too much trouble with the once-potent Hornets. After their overwhelming defeat of Post, we think the Roughnecks will win the District 4-A favorite's role by defeating Denver City on Oct. 9.

The Ralls Jackrabbits, Post's first victims this season, fell by the wayside again Friday when they lost to the onrushing Slaton Tigers, 45 to 6. Ralls plays Lockney at home this Friday and have a good chance to get on the win side of the ledger after dropping their first three games.

O'Donnell's Eagles, defeated by Post, 19-13, here Sept. 18, fell to another District 5-AA eleven Friday when they lost to the Tahoka Bulldogs, 44-7. This weekend, the Eagles stay home to do battle with Slaton, and it looks like their fourth consecutive loss—by a wide margin.

See you at the game Friday night!

Barbecue Attended By 100 Veterans

More than 100 war veterans, most of them members, attended a barbecue last Thursday night at the Veterans of Foreign Wars Hall here, with John Miller Post 6797 of the VFW as host.

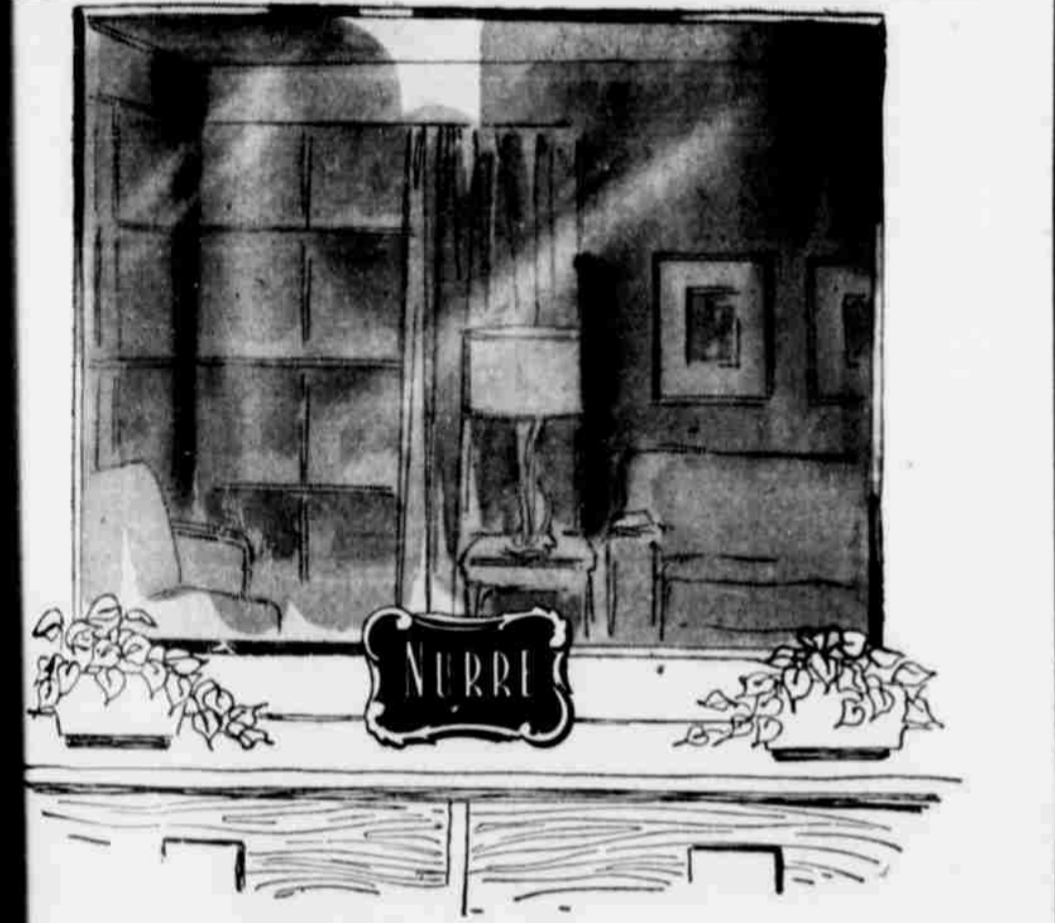

Visitors included Thad Patterson of Seagraves, District 7 VFW commander, and a number of other members of the Seagraves post. Justin Morrow of Austin, state VFW commander, was unable to accept an invitation to attend the affair.

Barbecue was prepared by Lee Davis and served to those present. The beef animal had been donated to the post by Mason Justice of Justiceburg.

A few new members were added at the meeting, which was open to all veterans.

The VFW post's next regular meeting will be Thursday night, Oct. 8.

Annual homecoming for ex-students of Ropesville High School will be held Oct. 30. The observance, to be held at the high school, is scheduled to get under way at 4 p. m. A barbecue supper will be served at 6 p. m., and the Ropesville-Wellman football game is carded at 8 p. m.

TRY THIS V8 POWER

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Up a long steep hill—from a standing start—that's where you ought to sample this Buick's silent might.

Or on an ultramodern turnpike, where you can cruise at legal limit in a practically effortless loaf.

But try it you should—just to know the exuberant experience this V8 power can bring to you.

For this is automotive power that springs from a V8 engine of unique design—the brilliant new V8 Fireball engine that nestles under the hood of every 1953 Buick SUPER and ROADMASTER.

It is the world's first and only V8 engine with vertical valves, and a muffler of zero power loss.

It is the only standard-production American car engine to reach 8.5 to 1 compression. It is the first Fireball V8—with a host of advanced engineering features—and with the highest horsepower, Series for Series, ever provided in a Buick SUPER or ROADMASTER.

You ought to try this spectacular new Buick engine.

You ought to try it for instant response, for almost effortless power delivery, for silken quiet.

And, very definitely, you ought to try it teamed with Twin-Turbine Dynaflo* for new, solid getaway and truly infinite smoothness. Getaway that's instantly responsive—and really easy on fuel.

Come visit us soon and we'll introduce you to a wonderful new motoring experience.

Slaton Backs Lead 5-AA Scoring Race

Two Slaton Tiger speed merchants, Jerry Reynolds and Jackie Sparkman, are one-two in the District 5-AA scoring race following their team's 45 to 4 victory Friday night over Ralls. Reynolds has scored 40 points and Sparkman, 38.

In third place with 32 points is J. R. Ables, Tahoka Bulldog back, who led his teammates to a 44-7 victory over O'Donnell Friday night.

The scoring leaders:

	td.	ep.	ttl.
Reynolds, Slaton	6	4	40
Sparkman, Slaton	6	2	38
Ables, Tahoka	5	2	32
Stephens, Floydada	5	0	30
Womack, Floydada	3	0	18
Smith, Tahoka	2	2	14
Bragg, Tahoka	2	0	12
Rankin, Spur	2	0	12
Ramos, Abernathy	2	0	12
Powell, Abernathy	2	0	12
Blair, Spur	2	0	12
Smith, Slaton	2	0	12
Norman, Post	1	1	7

The Spur High School Ex-students Association will hold annual homecoming at Spur Friday and Saturday, Oct. 9 and 10. An attendance of 1,000 exes is expected.

Herman F. Raphael coaches the grade school boys, and Herbert F. Aduddell is coach of the junior high eleven.

Sunday visitors in the O. R. Cearley home were Mr. and Mrs. George Lemons of Amarillo, Mr. and Mrs. Mike Murdock and Mikey and Mr. and Mrs. Bob Smith and Barbara of Lubbock and Mr. and Mrs. Glenn Cearley of Levelland.

Mrs. J. R. Mathis and daughter, Mrs. R. V. Burnes, attended the funeral of W. L. Johns in Slaton Friday.

Mr. and Mrs. Paul Haley and Jan of Plainview spent the weekend with Mr. and Mrs. Bill Stone and James.

Slaton Gridders Win Two Here Thursday

Two Post football teams—the sixth and seventh graders and the eighth and ninth graders—lost a "doubleheader" to Slaton elevens here last Thursday night.

In the opening game, the sixth and seventh graders lost, 6-0, in a hard-fought game, which saw Quarterback Herbie Hays shine for the locals on both offense and defense.

The eighth and ninth graders lost, 13-0, both Slaton touchdowns coming on long end runs.

Herman F. Raphael coaches the grade school boys, and Herbert F. Aduddell is coach of the junior high eleven.

Sunday visitors in the O. R. Cearley home were Mr. and Mrs. George Lemons of Amarillo, Mr. and Mrs. Mike Murdock and Mikey and Mr. and Mrs. Bob Smith and Barbara of Lubbock and Mr. and Mrs. Glenn Cearley of Levelland.

TO THE STOCKHOLDERS OF THE PANHANDLE AND SANTA FE RAILWAY COMPANY:

You are hereby notified that the Board of Directors of Panhandle and Santa Fe Railway Company have called a meeting of the Stockholders of the Company to convene at the principal office of the Company in the City of Amarillo, County of Potter, in the State of Texas, on the 16th day of November, 1953, between the hours of 8 A. M. and 5 P. M., to consider and act upon a proposition to authorize the execution by the Company of a Mortgage or Deed of Trust to be called a General Income Mortgage or Deed of Trust, or by such other name as may be determined, on certain of its railroads and properties now or hereafter owned, to secure bonds to be issued in series from time to time to be used in paying, funding, or refunding the indebtedness of the Company for bonds assumed by, or for moneys advanced to it, or for expenditures made on its behalf, for the acquisition or construction of its railroads and properties and additions or betterments thereto, and indebtedness constituting a prior lien on its railroads and properties now or hereafter owned, and to provide funds for the future extension of, and additions and betterments to, its properties, for the purchase of equipment therefor, for the reimbursement of its Treasury for expenditures so made, and for other lawful purposes; such bonds to be issued at such time, in such amounts, of such series, and at a lawful rate of interest payable at stated periods, to the extent that the net income of the Company may be adequate therefor. Except that installment of interest due October 1, 1955, shall be payable whether or not earned, and that such bonds shall become fixed interest bonds on the first day of January following any default by The Atchison, Topeka and Santa Fe Railway Company under its General Mortgage or Adjustment Mortgage, both dated December 12, 1895, and shall continue to be fixed interest bonds during the period of such default, and maturing on October 1, 1955, and to be subject or not subject to redemption, tax free or not tax free, convertible or not convertible into shares of capital stock of the Company, subject or not subject to sinking fund provisions, and containing such other terms and conditions as may be determined or prescribed by the Board of Directors; so limited in amount that bonds at any time outstanding, together with all the ten outstanding prior debt of this Company and the par value of its then outstanding shares of capital stock shall not exceed the sum of \$46,400,000 plus the amount expended after December 31, 1952, for the acquisition, construction, or extension of railroads and railroad property, and for additions and betterments to such railroads and properties now or hereafter owned by the Company; such Mortgage or Deed of Trust to contain also such terms and conditions as may be prescribed or authorized by the Stockholders at said meeting; and to authorize the immediate issuance under said Mortgage of two bonds for \$9,000,000 and \$11,984,000, respectively, or such sum not exceeding said amount as may be approved by the Interstate Commerce Commission; said bonds to be dated July 1, 1953.

E. F. Browder, Secretary.
