Essay Contest On Oil Progress Is Announced

Oct. 11-17 is Oil Progress Week, and Post will join in the observance with an essay contest among high school students on the general theme "What the Oil Industry Means to Me."

The contest is being sponsored on the South Plains by the Avalanche-Journal Publishing Co. of Lubbock. E. R. "Buster" Moreland of Post, Oil Industry Information Committee chairman for Garza County, is in charge of the contest here.

Moreland this week furnished information on the contest, including rules. To Chant D. Lee, high school principal.

The essay subject may cover "What the Oil Industry Means to Me," or to "My School," "My Town," "The South Plains," "Texas," or similar subjects.

Although no specific length is stipulated, it is suggested the essays be 500 to 750 words in length. All essays in the final draft must be submitted to the student's high school principal no later than Oct. 17.

Each high school on the South Plains with less than a total of 500 students in the upper three grades will be allowed to enter three papers in the final judging.

The papers to be submitted from each high school for final judging will be determined by the respective principal (or his designated representative) and must be received by Oct. 31. These final entries will be sent to George T. Prigmore, Oil Editor, Avalanche-Journal Publishing Co.

Prizes to be awarded in early November will be in the form of Series "E" government defense bonds. First prizes will be a

See OIL PROGRESS, Page 8

County Tax Roll Is Nearing Completion

Garza County tax rolls for 1954 were being completed Wednesday and collections were expected to start within the next few days, according to Carl Cederholm, county tax assessor-collector.

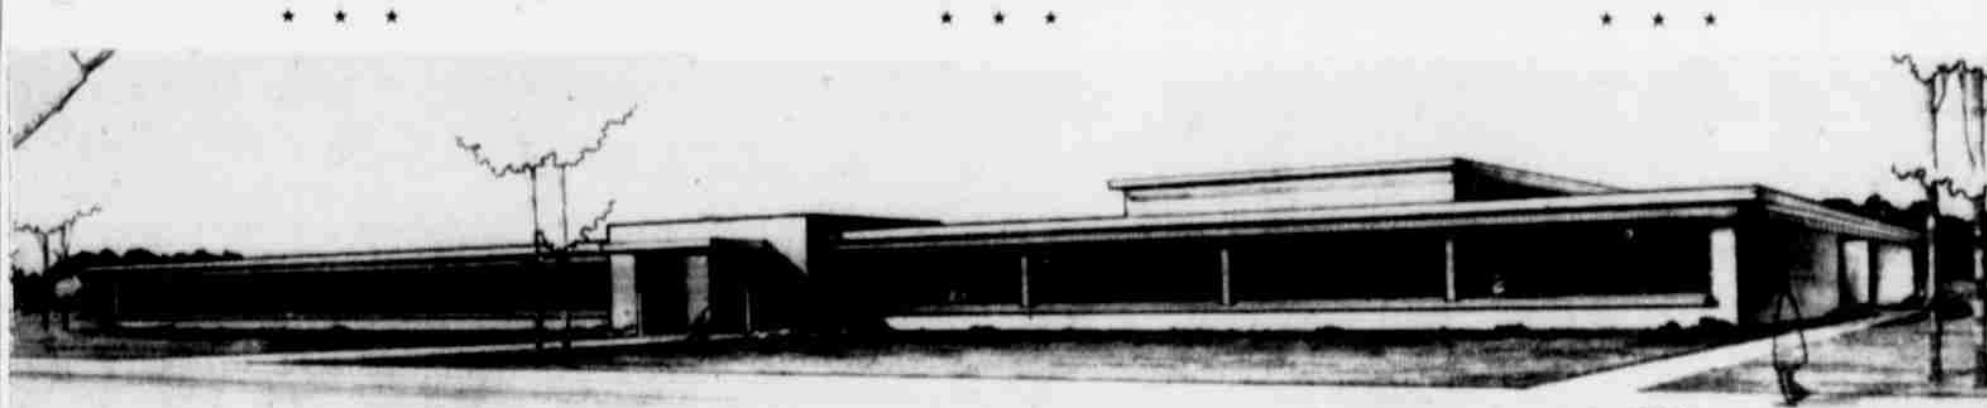

No poll tax payments had been made up to Wednesday afternoon, although they went on sale Oct. 1. Most taxpayers pay their poll tax at the same time they pay their state and county taxes, Cederholm said.

Poll tax payments for 1953, an "off" election year, totaled 768. The 1954 poll tax total is expected to show a large increase, however, since state and county elections will be coming up.

Poll tax payments last year by voting precincts were as follows:

Precinct No. 1, 320; No. 2, 50; No. 3, 20; No. 4, 33; No. 5, 48; No. 6, 66; No. 7, 41; No. 8, 140; No. 9, 51.

School Bond Issue In Hands Of Voters

PROPOSED NEW JUNIOR HIGH—Above is an architect's drawing of the proposed new \$275,000 Junior High School building, which would be located between the high school and grade school buildings on the campus of the latter. The building would face the north, with low casements and a glass-brick front. At the rear would be the physical education building and band hall. The fate of the proposed building rests on a bond issue to be voted on Saturday.

Saturday Is Election Day

Qualified voters of the Post Independent School District will go to the polls here Saturday to vote on a \$275,000 bond issue for construction of a junior high school building, which school officials consider absolutely necessary to ease present overcrowded conditions in the city's two school buildings.

Through a technicality, three propositions will confront the voter on the ballot he receives at the voting place here.

They will be for or against maintenance tax, for or against assumption of outstanding bonded indebtedness and the levying of the tax in payment thereof, and for or against the issuance of the bonds and the levying of the tax in payment thereof.

The first two propositions were approved in a prior election, but are being placed on the ballot again because election records were misplaced, according to school officials.

In proposing the new building program, school trustees have brought out these facts:

1. There are approximately 1,000 children in 29 classrooms in the two schools.

2. Eighth graders are misplaced when they are put in the same building with higher grades.

3. Enough courses cannot be offered in high school because of a lack of space. This is particularly true of a manual training program.

4. Seventh graders are now in the grade school building, and at the present rate of enrollment increase, the elementary school will have only enough room for five grades within two years.

5. EXTRA COST of the new building program will be small, and all companies pay a large portion of all local taxes.

6. Under present conditions

See BOND ELECTION, Page 8

Early-Day Settler Dies In California

Alleg (Bill) Graham, 78, former Garza County resident and a brother of County Judge Oscar Graham, died of a heart attack Tuesday morning at his home in Long Beach, Calif.

Judge Graham and his sister, Mrs. M. E. Hood of Plainview, left by plane Wednesday for Long Beach to attend funeral services Friday for their brother.

Mr. Graham was an early-day resident of Garza County, moving here in 1902 from Denton County and settling in Cooper Canyon. He lived there until 1908 when he moved to Oklahoma, returning to this county in 1926. A few years later, he moved to California.

Mr. Graham is survived by his wife, five sons, and the following brothers and sisters: Judge Graham, Perry Graham of Lipan, Mrs. Hood, Mrs. Nancy Latham of Lubbock, Mrs. C. R. Alexander of Trinidad, Colo., and Mrs. Joe Duren of Pueblo, Colo.

NO MORE LOW PRESSURE PROBLEMS HERE

New Water Mains 'Tied In' By City

Tying in of 6,800 feet of new water mains here has completed a \$50,000 waterworks system improvement project which began last summer with installation of a new booster pump at the city pump station.

Laying and tying in of the new 8 and 12-inch water mains

leaves only two major extensions to be made before the waterworks system is brought up to the standard set by city officials, according to R. H. Tate, city superintendent. These two extensions consist of about 11 blocks of pipe.

The pipe-laying project recently completed by R. B. Hodgson & Co., Lubbock contractors, also included installation of seven new fire hydrants, most of them in districts where there are no other hydrants within a radius of 500 feet.

The city superintendent said the new mains triple the carrying capacity into town from the master meter. The new pipe was laid in the southwest, southeast and northwest parts of town.

These improvements, Tate said, overcome the possibility

See WATER MAINS, Page 8

Submission Date Set On Appeals

Nov. 18 has been set by the Court of Criminal Appeals in Austin as submission date for the appeal case of Bessie James and Cecil Foster, both convicted in Garza County criminal court on liquor law violation charges. The James woman is appealing judgment which resulted in a \$300 fine and a 75-day jail sentence. Foster is appealing a \$1,000 fine and 365-day jail sentence.

County Attorney Pat N. Walker and Joe S. Moss will be in Austin on the submission date for arguments in the cases. Moss is attorney for the appellants.

4-H Club Bake Sale Set For Saturday

The second in a series of bake sales being held by the Garza County 4-H Council will begin at 2 o'clock Saturday afternoon at the Hamilton Drug Store.

Cakes for Saturday's sale will be furnished by members of the Post Junior and Justiceburg clubs, according to Miss Jessie Pearce, county home demonstration agent. The Graham and Post Senior club members furnished cakes for the first sale, held two weeks ago.

The cake sales are being held for the benefit of the council's general fund.

Fire Prevention Essays, Posters To Be Judged

Excellent response to Post's observance of National Fire Prevention Week was reported Wednesday by Robert Cato, chairman of the volunteer fire department's Fire Prevention Week committee.

Judging of students' entries in the essay and poster contests will be Friday of this week, Cato said. Winners will be notified and their names will be published in next week's Post Dispatch.

Another feature of the week's observance will be checking of downtown fire hazards Saturday by members of Post's Boy Scout Troop 16. All business firms will be checked and fire hazards called to the attention of the owners.

The fire prevention essay contest is for Post High School students. First, second and third place prizes of \$4, \$3 and \$2 are being offered.

There are three separate poster contests—one for Post Grade School pupils, one for rural school pupils and the other for pupils of the Post Colored School. Cash prizes in each division will be \$5 first, \$3 second, and \$2 third.

Other members of the Fire Prevention Week committee are: Charles Cooper, Luther Bilberry, and Howard Hopkins.

Weakley Is Named Rotary Director

O. L. (Ollie) Weakley was appointed vice-president of the Post Rotary Club at a directors' meeting Monday night to replace Monte J. Moore, who is moving to Levelland with the transfer of the Double U Co. headquarters to that city.

The directors' meeting was held at the home of Chant D. Lee, Rotary Club president. It was decided to hold a meeting of the board once a month, with the next meeting scheduled for Oct. 26 at the home of J. A. Stallings.

Rotary directors are Lee, Weakley, Stallings, Powell Shytle, D. C. Arthur, Gerald Blackburn and L. E. Webb.

Former Resident Of Garza County Dies

Funeral arrangements were pending at Hatch, N. M., Wednesday for S. A. Allen, former Garza County resident, who died Tuesday after a short illness. He was the father of Mrs. Bruce Tyler of Post.

Mr. Allen was a former resident of the Grassburg and Verbena communities before moving to New Mexico several years ago. He moved to Garza County in the 1920's and was engaged in farming.

Besides the daughter of Post, he is survived by his wife; another daughter, Mrs. Tinnie Taylor of Hatch, and a son, Curney Allen, who lives in California.

Mr. and Mrs. Tyler left for Hatch Tuesday immediately upon receiving news of Mr. Allen's death.

POSSIBILITY OF FIVE CONCERTS SEEN

Campaign On For Concert Members

Gratifying results were reported Wednesday following the first two days of the Garza Concert Association's 1953-54 membership drive, which got under way Monday following a "kickoff" meeting at 9 a. m. at the City Hall.

Here this week to direct the campaign is Mrs. Leora Craig of the Southern Town Hall Association of Dallas. She is directing activities from the Post Chamber of Commerce office.

In addition to mapping the membership campaign, those attending Monday's meeting also formed a permanent organization to replace the temporary set-up which had operated since last June.

The following officers were elected: Mrs. Carl Webb, president; Mrs. Irene Rogers, first vice-president; Miss Maxine Durrell, second vice-president;

Heaviest Rainfall In Months Totals 2.16

The Post area's biggest single rain in more than a year—measuring 2.16 inches—fell Saturday and Sunday night, helping those crops which were not already burned up, filling in low spots in pastures, and bringing a halt to the cotton harvest just under way.

Although the heavy rain halted the cotton harvest, pulling was resumed this week, with the county's estimated production still set at around 5,000 bales—one of the smallest crops in the county's history.

Saturday's rain, the first to amount to anything since late August, brought the year's total in Post to 8.44 inches, still less than half the annual rainfall average of about 20 inches.

Although the precipitation was Post's heaviest in a long time, the rainfall was reported much heavier south and west of here. The Graham community reported up to two and one-half inches, and south of Justiceburg measurements ranged up to three inches.

The rain came too late to be of much benefit to a parched grain crop, but will help dryland wheat.

NAME DIRECTORS

Eleven of 12 directors of the Garza Concert Association were named Tuesday. They are: Ellis M. Mills, D. C. Arthur, Mrs. Fat Walker, John Christopher, Mrs. Albert McBride, the Rev. Gerald Blackburn, Mrs. Cecil Thaxton, Mrs. D. C. Williams, Mrs. I. N. McCrary, Clint Herzing and Mrs. Willard Kirkpatrick.

The season tickets are being sold at \$6 for adults and \$2 for students whose parents do not purchase tickets. Adult tickets may be purchased to gether, however, for \$10, which is \$2 less than the price of the tickets if purchased separately. There will be no charge for students whose parents have pre-purchased tickets.

The membership drive is to close Saturday and those wishing to join the concert association are requested to buy their tickets by that time, since none will be sold at the concert. Any one not contacted by membership team workers and wishing to purchase a season ticket may

See CONCERT DRIVE, Page 8

Feed Applications On Monthly Basis

Since it will be necessary to submit a new application each time feed is received, all Garza County applicants for emergency feed should apply for their needs each month. Mike E. Custer, office manager of the Garza County Production and Marketing Administration, said Wednesday.

The county's drought emergency committee will meet Tuesday of each week and approve applications on hand. Cards will be mailed to operators when their applications are approved.

PARADE GROUP TO GET 'NEW LOOK' FOR 1954

Cowboy Riders Plan Party

The Post Stampede Cowboys will close out a highly successful 1953 season here Wednesday night with a barbecue at the City Hall for the 35 riders and members of their families, Tom Power, secretary, announces.

Plans for the barbecue were made at a meeting Wednesday night of last week. At the same time, the posse made plans for a bigger and better 1954 season.

Improvements decided on included new shirts of a color and design to be selected by the directors, and purchase of six new flags.

The group also voted to feed all visiting posses at the 1954 Post Stampede Rodeo. This is a big undertaking, it was pointed

out, but is becoming customary for host posses throughout the area. J. E. Birdwell, a member of the local posse, already has donated a calf for the 1954 barbecue, Power said.

Members were also asked to turn in their hats to Power to be sent off for cleaning and blocking.

"We've decided to make every effort to improve the posse's general appearance for the 1954 rodeo season," the secretary reported.

During the season just closed, the posse rode in 15 parades, winning seven first place, trophies and a number of seconds and thirds. An attractive display

of the posse's entire collection of trophies may be seen this week at McCrary Appliance Co.

Members of the posse express their thanks to Post Stampede Rodeo, Inc. for a \$200 cash donation and to the Post Chamber of Commerce for a \$100 cash donation. These contributions will be used to help defray costs of trucking horses this season on out-of-town trips and other expenses.

Phil Boucher is president of the Post Stampede Cowboys. Other officers are Jack Burress, vice-president, and Power, secretary. These three officers, with Bowton Haire and Bill Long, form the posse's board of directors.

STEPS UPWARD—Six of these Troop 16 Boy Scouts received awards at a recent Court of Honor here. They are, left to right: Charles Tubbs, Bryan Williams, Ronnie Henderson, Ruben Jimenez, Auvy Lee McBride, Leonard Short and Wayne Runkles. Wayne received the Life Scout award and Auvy Lee the Star Scout award. Leonard Short is to receive the Eagle Scout award in Lubbock on Oct. 25.—(Staff Photo).

Slaton Ranger Posse Wins Parade Trophy

The Slaton Ranger Posse, which has rode in two rodeo parades here this year, won second place recently in the opening parade of the New Mexico State Fair at Albuquerque. The Santa Fe, N. M., posse took first place.

Twenty-eight members of the Slaton riding group with their horses and their miniature pony-drawn chuck wagon took part in the parade.

Post Girls Pledge University Group

Two Post girls are among this year's pledges to the Harding-Simmons University Cowgirls, a young women's service organization which begins its 29th year this fall. The service group, organized in 1925 by former speech teacher Willie Ray McDonald, has a restricted membership of 60 women above the freshman level.

The pledges from Post are La Rue Stevens and El Wanda Davies.

Twenty-four pledges have for the past week gone through the initiation ceremonies of the group by wearing large billboard signs emphasizing their lowly status. Ridiculous costumes of burlap, stockings tied in the hair, tennis shoes, and inside-out dresses go with uncombed hair and non-made up faces to identify the girls.

Cowgirl officers for the 1953-54 year are: Sue Barton, Lohm, president; Gwen Williams, Texarkana, vice-president; Peggy Vaughn, Lamesa, treasurer; Glenda Butts, Olney, secretary; Jane Brown, Gladewater, drum major, and Charlene Goodall, Seminole, reporter. Aileen Culpepper is sponsor of the group.

BITS-OF-NEWS

The Jaycee swimming pool at Rails ended its first season recently and showed a net profit of \$2,700.90, which will be used to redeem the bonds issued for its construction. A total of 7,347 tickets were sold from July 1 to Sept. 1 and a total of \$444.95 was received from swimming lessons given.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get sure but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's 30¢ size today. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

Mahon Reports On Dangers Involved In Proposed Cotton Acreage Controls

Cong. George Mahon reports that many cotton farmers have expressed concern over the anticipated impact of the cotton acreage control program which is expected next year. Mahon has issued the following statement on the situation:

"I think the concern over the administration of the anticipated cotton acreage control program is well founded. The principal difficulty arises over the question of what weight should be given to the drought in making allotments. But aside from the drought many difficulties and inequities are in prospect.

"Congress provided in the law that abnormal weather conditions must be taken into account in arriving at allotments. I joined with other Texans in urging that land prepared for planting to cotton this year should be measured on individual farms and fully considered. PMA officials in Washington rejected this request as being impractical and maintained that when state allotments were granted drought conditions would be taken into account but my fear is that drought conditions will not be adequately taken into account. I feel that there ought to be an accurate record of all acreage planted to cotton, all acreage prepared for planting to cotton but not planted or which may have been subsequently planted to a cover crop of feed or other wise. Upon that basis reasonable fair allotments could be made. Likewise it is important that the effect of the drought be considered for the previous dry years included in the base period.

"Recently I have suggested to county officials of the PMA that if possible they take the initiative in certifying to the State Office a figure which includes actual cotton acreage plus acreage which would have been planted except for abnormal weather conditions."

Garza Represented At THDA Meeting

Three Garza County club women returned Saturday night from Galveston, where they were official delegates to the annual three-day convention of the Texas Home Demonstration Association.

Attending from this county were Mrs. L. H. Peel of Close City, Mrs. James Stone of Graham and Mrs. Robert Mock of Pleasant Valley.

An expanded program of activity was approved at the convention. Civil defense and mental health studies were added to the 1953-54 program and the marketing committee added a study of the causes and effects of inflation to its program.

Other projects approved included a study of all-around development needs of 4-H Club boys and girls, the establishment of a women's choral group in each county, citizenship studies, and a reading program.

Resolutions passed asked for representation of all 12 districts on the state committees and for publishing program material in the association publication, The Messenger.

Mrs. George Mahon, wife of the congressman of the 19th Congressional District, has left the hospital where she underwent surgery Sept. 17 in Colorado City and is recuperating at the home of her sister in Colorado.

Location Spotted For Field Tester

Tobe Foster of Lubbock has spotted location for a field tester in the Tobe-Strawn field area of southeastern Garza County.

The No. 5 Justice Heirs is projected to 7,500 feet with rotary tools to begin at once. The venture is on a 150-acre lease.

Exact location is 660 feet from west and 330 feet from north lines of the southwest quarter of Section 19, Block 6, H&GN Survey, one and one-fourth miles south of Justiceburg.

Tower Theatre Here Assists In Drive

The Tower Theatre of Post assisted in the collection of \$67,551.21 in the Texas COMPO-Korean Drive, which has been dispatched to Dr. Milton Eisenhower, president of the American Korean Foundation.

Kyle Rorex, executive director of the Texas Council of Motion Picture Organizations (COMPO), announced that R. I. Payne, chairman of the Texas drive, had dispatched a check in that amount to Dr. Eisenhower.

This amount represents funds raised by audience collections in theatres in the Texas territory. Speaking for the motion picture industry in Texas, Payne expressed appreciation to Dr. Eisenhower for the privilege of participating in this noteworthy activity.

Expressing his appreciation for the generosity of Post theatre-goers in assisting the drive was John Hopkins, manager of the Tower Theatre.

BITS-OF-NEWS

Mr. and Mrs. Charles Didway were in Lubbock Saturday to attend a Press Day luncheon for newspaper, radio and television representatives. The Panhandle-South Plains Fair Association sponsored the luncheon in appreciation to the news people for cooperation in publicizing the fair.

Former Student Here Employed In Dallas

Kermit Parr, a graduate of Post High School, is now working as a design engineer at Chance Vought Aircraft in Dallas, following his recent graduation from the University of Texas as an aeronautical engineer.

Parr writes that he would like to hear from his old classmates here. His address is 3307 Huddell St., Apt. C, Dallas, Tex.

E. H. Flournoy, Jr., has resigned as Crosby County clerk to accept a position as secretary for the Crosbyton National Farm Loan Association. Flournoy was serving his second term in the office.

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's GM's Lowest Priced Eight!

Quality Proves It!
Quality shows up in Pontiac wherever you look: In size—with its long, road-leveling 122-inch wheelbase... unmatched at the price! In beauty—with smart Silver Streak styling and surprising luxury. In the unseen quality of engine and chassis—features that reveal themselves in the long, economical life Pontiac cars always deliver.

Performance Proves It!
Simply come in and drive a Pontiac. You'll feel the eager response of America's best-proved high-compression engine. You'll see how Pontiac's power reserve supplies all the pep you'll ever need for town traffic, a velvety smoothness that makes highway driving a pleasure. And with Pontiac dependability, you can go on and on like this—with an absolute minimum of service.

Price Proves It!
All of Pontiac's extra value is yours for just a few dollars more than the smallest, lowest-priced cars! And Pontiac ranks with the leaders year-in and year-out in resale value. That's our final reason why dollar for dollar, you can't beat a Pontiac. Now come in and let this handsome Pontiac prove it's the best buy for you, too!

 Pillow cases—Shirley McBride, Rt. 3, Post, second.
 Pillow top—Miss Stephens, sister, Mrs. Jim Bridgeman of Dallas.

Soil Moisture Shortage Still Exists In Drouth-Ridden Area

FORT WORTH (Sp)—A serious shortage of soil moisture still exists in large areas of Arkansas, Oklahoma and Texas, even in many of the places where it has rained recently, Regional Director Louis P. Merrill of the U. S. Soil Conservation Service said today.

Merrill made the statement after receiving reports from the 41 SCS area conservationists whose combined work areas cover the three states.

Of the 25 Texas area conservationists reporting to Merrill, only 11 were able to say that there was enough moisture everywhere in their areas for normal farm and ranch operations. None of these 11 areas are in West Texas. Four of the eleven said that more rain must fall very soon if this condition is to continue.

In west and southwest Texas, reports show 83 counties and parts of 39 more, do not have

sufficient moisture for normal farm and ranch operations to be resumed.

In Texas areas, where wind erosion is a problem, a record acreage of cover crops on approximately five and one-half million acres have a chance to make growth that will provide protection against wind erosion. However, there are also about three and one-half million more acres with no cover or where cover crops will probably not make sufficient growth.

Wind erosion is expected on some southwest Texas sandy range land due to lack of grass cover as a result of prolonged drought. There is concern, too, everywhere range cover is sparse, that much moisture will be lost from future rains because of run off from bare soil.

In Oklahoma only five out of nine area conservationists said there was enough moisture for normal operations. These five areas are in the central and eastern part of the state. Three of the five reports, covering the north central and northeastern part of the state, contained the statement that more rain is needed within the month to keep up the moisture supply.

Twenty-three counties, and parts of another ten in Oklahoma, still do not have enough soil moisture. These counties are in the west and central part of the state. Here, as in the Texas wind erosion areas, cover crops on some 800,000 acres are expected to provide enough cover to offer protection from wind erosion. There is not much hope for adequate cover for wind erosion protection on an additional area of the same size.

In 59 Arkansas counties and part of six, moisture conditions are quite poor. Only in the extreme southeastern portions of the state has there been sufficient moisture for normal farm and ranch operations. And even in that area, more rain is needed soon.

"It is going to take a lot more rain to get effective soil moisture. Where the land has even a fair cover of vegetation, it won't take as long as it will where the cover is gone. What is needed now is a series of general, slow-soil soaking rains," Merrill said.

Columbia's Technicolor Epic, 'Salome,' Shows At Tower Theatre Sunday, Monday

The epic time of Salome, when the world was filled with passion and pageantry, is brought to the Tower Theatre screen in Columbia Picture's "Salome," the Hollywood screen achievement climaxed by Rita Hayworth's performance of the famous Dance of the Seven Veils.

"Salome," which opens on Sunday and continues through Monday, Oct. 11-12, also stars Stewart Granger and co-stars Charles Laughton. A brilliant supporting cast of featured players supports the stars, in a production said to be a rich and rewarding entertainment masterpiece.

Miss Hayworth, Hollywood's unanimous choice for the title role, reportedly tops her memorable portrayals of screen temptresses as Salome, the princess whose seductive beauty left her imprint on history for all time. Granger, the young British actor who rocketed to international popularity in "King Solomon's Mines," and one of the most sought-after stars in motion pictures with such hits as "Scarface" and "The Prisoner of Zenda," plays the Roman commander Claudius, who falls in love with Salome.

Laughton plays the lustful Herod whose desire for his step-daughter Salome led to the beheading of John the Baptist, in one of history's most tragic episodes. Judith Anderson portrays the wicked Herodias, who used her daughter as a pawn, and Sir Cedric Hardwicke plays the Roman emperor Tiberius Caesar. Basil Sydney, who played the

King in Laurence Olivier's "Hamlet," was brought from England to portray Pontius Pilot.

From New York's world-famous Yiddish Art Theatre came Maurice Schwartz for the part of Herod's High Priest, Ezra, while stage, radio and TV star Arnold Moss plays Herodias' scheming councillor, Micha. John the Baptist is played by Alan Badel, brilliant English actor making his American film debut.

Dire Prediction On Deaths From Fires

AUSTIN (Sp)—Six out of every 100,000 Texans will die in fires during the twelve months ending Dec. 31, Norris W. Parker, manager of the Texas Insurance Advisory Association, said today.

Based on figures kept for the last twenty years on Texas fire losses, about 550 Texans will lose their lives in fires in 1953. Last year, the figure was 542, and it will be at least that this year, insurance company statisticians predict.

Unless Texans become more fire-prevention conscious and quickly, the property loss this year also is expected to exceed 1952. Last year, \$3,372,550 worth of Texas property went up in smoke—the highest in the state's history, excluding the Texas City disaster in 1947. By the end of this year, property loss may approach \$10,000,000, Mr. Parker said.

The figures were announced by the fire insurance trade association to help encourage Texans to participate in National Fire Prevention Week, Oct. 4-10.

BUY BIG for less than you think

WHY should you do yourself out of the big things in motoring life? Why pass up the room and power and comfort and niceties of big-car travel—when you can buy a big, new Buick SPECIAL for just little more than the price of smaller cars? We'll show you our price to prove that—to prove that you can buy this Buick SPECIAL for just a few dollars more than you have to pay for one of the so-called "low-price three."

Figure what that means—
 Just a few dollars more for a lot bigger hoodful of power—Fireball 8 power—the highest horsepower ever placed in a Buick SPECIAL.
 Just a few dollars more for big and spacious 6-passenger roominess—and the solid, steady comfort of Buick's famed Million Dollar Ride.
 Just a few dollars more for Buick styling, Buick handling, Buick luxury, Buick fun.
 But do you know what else those few extra dollars get you in this big, broad, beautiful Buick?

THE GREATEST BUICK IN 50 GREAT YEARS

They get you a long list of standard equipment at no extra cost that most other cars at or near its price charge you for, as extras—which makes our quoted price even lower than it looks. We have the facts and figures to prove our points. All we need is you, at the wheel. Drop in on us this week and see for yourself that your new-car money really buys big—in Buick.

MILTON BERLE stars for BUICK—in the BUICK-BERLE SHOW on TV Tuesday evenings. Also, every Saturday, tune in The TV Football Game of the Week—in "GM" Key Event

Grade School Patrol Installed Monday

Eleven boys were installed in a Post Grade School assembly program Monday as members of the school's traffic patrol.

The Rev. Roy Shahan, First Baptist Church pastor, was the assembly speaker. Following his talk, Jack Lancaster, grade school teacher, introduced the patrol members, and Herbie Hays, captain of last year's patrol, presented the badges.

Scotty Piero, and Don Richardson were installed as lieutenants. Installed as patrolmen were: Jack Sullivan, Richard Jones, Robert Cato, Charles McDaniel, Curtis Dwyer, Jerry Ray, Lee Williams, Raul Solis and Charles Gordon. A captain will be appointed later.

High School Choir To Sing At Fair

Post High School's capella choir, "The Choraleens," will leave by chartered bus Monday morning for the State Fair of Texas in Dallas, where they will sing in the Music Festival sponsored by the Texas Music Educators Association.

The Post choir, directed by John Christopher, is one of three selected to represent Region 1 of the Texas Interscholastic League at the festival.

The choir's trip has been made possible through various fundraising projects and contributions from local organizations.

The approximately 35 choir members will be accompanied by several sponsors.

FFA Group Attends District Banquet

E. F. Schmedt, Post High School vocational agriculture teacher and FFA chapter advisor; Billy Meeks, FFA president; and Miss Mary Lou Hedgepath, chapter sweetheart, attended a district FFA banquet at Meadow Monday night.

Nine chapters were represented at the banquet, at which district sweetheart honors went to a girl representing the Wellman chapter.

Officers of the Post chapter for the 1953-54 school year are: Meeks, president; Audie Teaff, vice-president; Jerry Epley, secretary; Mack Terry, treasurer; Bowen Stephens, reporter; and Ernie Wayne Popham, sentinel.

Approximately 58 boys are enrolled here this year in vocational agriculture. Thirty-three are enrolled in the V-A I class.

Weekend guests of Don Gates were George Lowe, Leroy Motley and Gerald Lambert of Idalou.

Lions Hear Talk On Club Member's Trip

Members of the Post Lions Club heard an interesting report on Program Chairman Les Presson's recent vacation trip when they met at the school cafeteria Tuesday evening for their regular weekly get-together.

Presson told of his visit to the state capitol buildings in Oklahoma City, Okla., and Lincoln, Nebr., and to the capitol in Winnipeg, Manitoba, Canada.

The Lions also heard of Presson's fishing experiences in Canada and in the Red River of the northern United States. In addition to recounting his vacation experiences, Presson outlined the club programs for the rest of the year.

Guests at the meeting included Mrs. Leora Craig, a representative of Southern Town Hall Association, and Mrs. Fritz Greenfield, Post Chamber of Commerce secretary.

One hundred per cent attendance was marked up for the sixth consecutive meeting.

Don't Let The Rain Mislead You . . .

Mathis Home Is Scene Of "Hello" Party Thursday

Mrs. Preston Mathis' home was the scene of a "hello" party for the telephone girls Thursday evening. Bingo games were enjoyed with Mrs. Curtis Buck winning high score.

Miss Maxine Baylis drew the invitations, which were miniature telephones. Pictures were made throughout the entertaining hours.

Refreshments of pie and coffee were served. Those present were Miss Willie Vaughn, Mrs. Johnnie Gaunt, Mrs. David Midkiff, Mrs. Reece Bivens, Mrs. Buck, Mrs. Glen Hill, Mrs. Jacky Meeks, Mrs. Clifford Murphy, Miss Avalon Harris, Miss Virginia Harris, Miss Baylis, Miss Virginia Caylor, Miss Sue Stephens and Mrs. Mathis.

4C's Meet Monday Night At School

A regular meeting of the 4C's was held Monday night in the Close City School auditorium. Six members of the Harmony Community Club, located west of Floydada, were guests.

The visitors explained the procedure they followed in entering the Community Progress Contest and discussed several projects that the 4C's might work on.

W. H. Norman and his band of Grassland and Garnolia presented music throughout the evening.

Pie, coffee and punch were served to 75 members and guests. A representative of the club said "we are very anxious to have all who are interested in improving our community to come and join us. Our meetings are held each first Monday at 7:30 p. m. in the school auditorium."

School Cafeteria Menus For Week

Post School lunchroom menus for the week have been announced as follows:

Monday: Pork sausage and gravy, English peas, celery strips, hot biscuit, milk, coconut pudding.

Tuesday: Hominy, bacon, cheese casserole, red beans, cabbage slaw, bread, milk, devil food cake.

Wednesday: Vienna sausage, vegetable soup, cream style corn, bread, milk, peach loaf.

Thursday: Roast and gravy, mashed potatoes, congealed salad, rolls and butter, milk and plain cookies.

Friday: Mexican spaghetti, cheese and English pea salad, bread, milk and peach cobbler.

Mrs. M. Mason Is S. S. Class Party Hostess Thursday

The Alpha Sunday School Class of the First Baptist Church met last Thursday evening in the home of Mrs. Marshall Mason.

Mrs. E. E. Cass presided over the business session, Mrs. A. A. Suits gave the devotional and a Bible quiz was conducted by Mrs. J. F. Storie.

Refreshments were served to the following: Mrs. Cass, Mrs. Ella Johnston, Mrs. Theima Kuykendall, Mrs. Suits, Mrs. Storie, Mrs. J. G. Siewert.

Also Mrs. T. J. Blacklock, Mrs. F. A. Gilley, Mrs. W. L. Davis, Mrs. R. W. Babb, Mrs. Dave Sims, Mrs. Scott Storie, Mrs. C. W. Terry, Mrs. Roy Shahan, Mrs. Y. Petty and the hostess.

Mrs. J. C. Caylor Entertains Club

Mrs. J. C. Caylor entertained members of the Needlecraft Club in her home Friday afternoon. The group enjoyed sewing and visiting before refreshments of salad, wafers, cake, punch and nuts were served.

Attending were Mrs. Ida Robinson, Mrs. H. H. Bledsoe, Mrs. R. M. Hendricks, Mrs. Phil Trammell, Mrs. F. A. Gilley, Mrs. Boone Evans, Mrs. T. R. Greenfield, Mrs. N. W. Stone, the hostess and her daughter, Virginia. The unit will meet next Friday with Mrs. Bledsoe.

The public is invited to attend the showing of "All That I Have" at 7:30 p. m. Sunday in the Presbyterian Church.

A record attendance of 182 attended Sunday School at Calvary Baptist Church Sunday. A goal of 175 had been previously set. Revival services were concluded that evening. There was one addition to the church by baptism and four by church letters. Baptismal services were held at the conclusion of the evening worship.

The Rev. and Mrs. Roy Shahan left Tuesday morning for Brownwood, where he attended the semi-annual meeting of Howard-Payne College Trustees. They returned home yesterday.

Twelve hundred pounds of clothes for Korea were gathered recently by the Methodist Church. The Methodist Men's Club sponsored the drive locally.

The First Christian, Presbyterian, Nazarene, Assembly of God, Church of God, Methodist, First Baptist and Calvary Baptist churches were represented at Monday morning's meeting of the Ministerial Alliance, held at the Calvary Church. Plans were made to take a city-wide religious census within the near future.

A large crowd attended the regular monthly fellowship supper at First Methodist Church Monday evening. The junior department had charge of the worship service following the meal.

The Rev. Roy Shahan, First Baptist Pastor, reports: "Sunday, Oct. 11, is 'Laymen's Day' in our church. We want and are expecting an extra good attendance among the men. In fact the scripture teaches that men are the first members of the family to attend religious services. The messages Sunday morning and evening will be of special interest to men. The morning subject chosen is 'Job, a Great Layman of His Day' (Job 1:1). The evening theme will be 'Demas, a Man With a Lost Title' (2 Tim. 4:10). Men we are counting on you to be present in large numbers at all the services Sunday."

Approximately 175 attended the Lubbock District MYF meeting here Saturday. The day's activities included a business meeting, recreation period, supper and

TIPS FROM YOUR COUNTY AGENT

By JESSIE PEARCE

October 4-10 is Fire Prevention Week. You have seen any number of articles in the papers about fire prevention and the school children have written themes on the subject, but what have you done to make your home safe from fires?

The firemen say that fires seldom start in a clean building. That means just one thing to me, that if we keep the trash out of attics, closets, garages, wash houses, etc., we have eliminated a fire hazard.

The one room in the house where we use fires most and that we women are almost solely responsible for is the kitchen. Is your kitchen safe from fires? Do you have a towel rack over the stove where any sudden flame can catch them on fire and start the entire room burning? Towels or curtains should never be hung over a stove. Be careful in your kitchen habits and where you put your pot holders. Never carelessly lay them down on the stove. Heat from the pilot light is enough to catch a pot holder on fire over a period of time.

While we are on the subject of fires started because of a source of heat over a period of time, let's talk about an iron. Never, under any circumstances, leave an iron turned on. It may be perfectly safe when you leave it, but could be the cause of a terrible fire when the heat from the iron catches the ironing board on fire. Along with these suggestions, never leave an iron sitting flat on the board. It doesn't take long for a scorch to turn into a flame.

A few common sense rules about fire prevention and using your head at all times can prevent a home fire. And home fires we certainly do want to prevent.

Progressive Dinner Opens Fall Rush Season For Beta Sigma Phi

Mu Alpha Chapter of Beta Sigma Phi began its fall rushing season Tuesday evening with a progressive dinner. Twelve members and eight rushers enjoyed cocktails in the home of Mrs. Rex, a salad course at Mrs. Katherine Bird's and dinner in the home of Mrs. Willard Kirkpatrick sponsor.

The menu consisted of baked ham, sweet potatoes, green beans, olives, pickles, celery, rolls, butter, coffee and cherry pie.

Rushes present were Mrs. John Christopher, Miss Jean Johnson, Mrs. Powell Myrtles, Miss Melba Cowger, Mrs. Charles Jimmy Propst, Mrs. John B. Rountree, Mrs. Bill Bailey and Mrs. Bill Fumagalli.

Members attending were Mrs. Bing Bingham, Mrs. Vernon Ray, Mrs. Gerald Blackburn, Mrs. Jess Cornell, Mrs. Max Gordon, Mrs. Burney Francis, Miss Maxine Durrett, Mrs. Jimmy Hundley, worship service.

Mrs. T. R. Greenfield was hostess for the WSCS meeting Monday afternoon. Mrs. R. H. Collier directed the program on "Rural Missions of the Church." She was assisted by Mrs. Jim Hundley and Mrs. N. W. Stone. Mrs. T. L. Jones presided for the business meeting. Mrs. J. E. Parker gave the devotional on "Faith of our Fathers." Those present were Mrs. Frank Barthelow, Mrs. Ellis Mills, Mrs. R. J. Jennings, Mrs. J. A. Rogers, Mrs. Charles Gates, Mrs. J. R. Durrett, Mrs. Jones, Mrs. Stone, Mrs. Parker, Mrs. Collier and Mrs. Greenfield.

Mrs. Virgil Short, Mrs. Rex, Mrs. Bird, Miss Ganell Babb and Mrs. Kirkpatrick.

Mrs. Bingham will be hostess for the next regular meeting, Monday evening. It will also be a model meeting for rushers. The regular program on beauty will be given by Mrs. Hundley and Mrs. Mary Gale Young, local beauty operator.

Plans for the second rush party, scheduled for Oct. 17, will be completed at Monday's meeting.

Hospital Notes

Admitted to the hospital since Wednesday of last week were: Mrs. D. Callaso, Post, obstetrical; Susan Rountree, Post, medical; Mrs. Donald O. Hair, Post, obstetrical; Ernestine Smith, Post, surgical; Mrs. L. L. Phemister, Post, obstetrical; Mrs. Dillard Thompson, Post, surgical.

Dismissed
Robbie Morrow, (treated and released);
Ronnie Dunn, (treated and released);
Mrs. Jack Samson;
Mrs. Donald O. Hair and baby John L. Streets, (treated and released);
Susan Rountree.

FRISCILLAS TO MEET

Mrs. Bob Warren will be hostess for a meeting of the Friscilla Club in her home at 3 o'clock tomorrow afternoon.

GRAHAM HD CLUB

All members of the Graham Home Demonstration Club are urged to attend a meeting in the school lunchroom Oct. 13. New officers will be elected at that time.

BITS-OF-NEWS

Mr. and Mrs. Jack Temple and son visited last week with her mother, Mrs. Maysel Williams. Temple recently received his Army discharge at Camp Polk, Va., where he served with the 37th division.

Mr. and Mrs. Clarence Martin accompanied L. W. Evans and Mary Jo Williams to Lubbock Sunday, where they visited Mr. and Mrs. J. E. Evans.

We Invite You

to visit us in our new location (Formerly the Bryant Link Building)

In our new, larger store we are able to better display our many lines of fine merchandise, and feel that we may better serve the people of Post and trade territory.

For all your jewelry and gift needs see us.

Naomi S.S. Class Meets Thursday In R. H. Tate Home

The Naomi Sunday School Class of the First Baptist Church held its regular business meeting and social last Thursday night in the home of Mrs. R. H. Tate, teacher, with Mrs. Alton Clary as co-hostess.

The devotional was by Mrs. Stanley Butler, and Mrs. Bob Compton led a prayer.

Discussed during the business session were the new yearbooks which are to be finished by the next meeting, and visitations.

Following the meeting, refreshments of spice cake and ice cream were served to Mrs. Howard Maddera, Carroll Bowen, Odean Cummings, Harold Lucas, Arnold Parrish, Jack Lancaster, Herman Rappheit, Guy Nutt, William Robinson, Compton, Butler, and the hostesses.

The next meeting will be in the home of Mrs. Maddera, with Mrs. Bowen as co-hostess.

Post P-TA To Meet At 3 P. M. Today

Post Parent Teacher Association will meet in the grade school auditorium at 3 o'clock this afternoon.

A program on "The Home, School, Community and Church in Miniature," will be presented by fourth grade pupils.

Parents of school children are invited and urged to attend the meeting.

Dalton Anthony is visiting his sisters, Mrs. Beulah Timms and Miss Minnie Anthony, in Jackson, Tenn.

from Hawaii's volcanic forest
Pua Leilani Fernwood Burl
grows magically in water.

You'll have the thrill of seeing your Fernwood Burl transform day by day into the most luxuriant house plant in the world. A Green Thumb isn't necessary. All you do is place the Burl in water in any container, and add Pua Leilani Mineral Stimulant occasionally. A generous amount is included with each Burl.

Herrings

we have the right angle on curves...

Is your bust measure A-minus? B-minus? C-minus? Then you need Hidden Treasure — the bra designed to add perfection to the small or in-between-size bust. Captivating curves are built right into the Hidden Treasure Magicup—can't wash out ever.

HIDDEN TREASURE REGULAR
White broadcloth, sizes 32-36A, 22-28D ... 3.50
White nylon, sizes 32-36A, 22-28D, 22-28C ... 4.50
Black nylon, sizes 32-36A, 22-28D ... 4.50

HIDDEN TREASURE PLUNGING
White broadcloth, sizes 32-36A, 22-28D ... 3.50
White nylon, sizes 32-36A, 22-28D ... 5.00

HIDDEN TREASURE STRAPLESS
White or black nylon, sizes 32-36A, 22-28D, 22-28C ... 5.00

TRIPL-TREASURE
For the extremely small bust.
White, black nylon, sizes 30-36AAA ... 5.00

WANT TO BE A "MODEL" STUDENT? Figuratively speaking, it's a cinch to measure up to Phi Beta Kappa with the help of a clever bra. If you're smallish or in-between-size, put this in your notebook: switch today to Hidden Treasure. It's the bra that full-fills your wish for a beautiful form!

THE LOWDOWN ON NECKLINES The bust, the scoop, the slash, the plunge... these are the headlines in necklines. That's why it's more important than ever that your bustline be your best line. Go to the board right now and write 100 times: "I must stock up on Hidden Treasure Strapless bras."

SWEET ON SWEATERS? You'll eat the new ones! Some come scooped down to there for moonlight straddling, some come turtle-necked up to there for school or stadium wear. All knits are definitely on the loose this season... gentler, drapier. So you can't count on cling for curves. Homework for tonight: try on Hidden Treasure under that new sweater. See the subtle accent for yourself!

NEW FALL REASONING — LEATHER Love that lace, but oh you "kid" — for that's fashion's new whim is trim. You'll find the leather touch everywhere — on hats, sweaters, dresses, even jewelry. Smart? Yes. Feminine? No. Nooooo, it's up to your figure to carry the torch for femininity. The answer: Hidden Treasure, under everything!

PETER PAN

Thursday to Thursday

By CHARLES DIDWAY

By the time this is read, the Garza Town Hall and Concert Association's membership campaign will be well under way—that is if everything went off on schedule at Monday morning's kickoff meeting. That's the only trouble about writing a column and getting it set up into cold type over the weekend. You've just got to hope that the things you write about go off as planned.

There is no reason, of course, why such a routine affair as a membership kickoff meeting shouldn't go off on schedule. If Maxine Durrett, membership chairman, and her team captains were as sure at this moment that the drive itself is going over as they are that Monday morning's meeting will be held, then everything would be hunky-dory, if you'll pardon the use of such an expression in connection with such an event.

Anyhow, here's hoping. The season membership ticket anyone buys for the five concerts being planned will be well worth the money—even as hard as money is for most of us to get our hands on. A successful first concert season would be a feather in Post's cap and no town can get too many feathers in its cap—not in this competitive day and age.

October's outstanding local events, recently listed in this column, had a new one added last week when the school board called the \$275,000 school bond election for Saturday, the 10th. In importance, it eclipses everything else that had been scheduled for the month.

With the election only a couple of days away, there isn't much time left for those who haven't yet made up their mind how they want to vote on the issue. It shouldn't, however, take much time. Actually, the only thing to be decided is whether we want a new junior high school building in order to bring the school plant up to the size it should be, or whether we want to leave things as they are—hopelessly inadequate for an enrollment which is steadily increasing.

So far, we haven't seen a September magazine which didn't have an article on the Kinsey Report on women. That's why the October magazines were so eagerly awaited by newsstand customers.

City employees who last week marked off traffic parking lanes on downtown streets did a good job. Since the school doesn't seem to be able to get around to it, we wish the city workers had had enough material and time left to have gone out to Antelope stadium and marked the yard lines on the football gridiron. We've covered the two home games from the press box, and the only person we know of who has had a rougher time keeping up with the ball is James Munn, who handles the public address system.

It's had enough not to have yard markers on the sidelines, but it's still worse when the yard lines are not clearly marked. From the looks of the ones at the field here, they haven't had an application of lime stuyr flack was a pup. As long as the ball is being played between the 40-yard lines, it isn't so bad since from the press box one can see the grooves where the line used to be, but once the ball leaves that vicinity, it's a matter of guesswork.

A bootblack's sign in Pine Bluff, Ark.

Roger W. Babson Writes This Week

Population Increase Which Comes From Living Longer Is Working Hardship On Our Children

BARBON PARK, Mass.—Many articles have been written about the continuing rapid increase of U. S. population, which is now over 160,000,000. They all read in a bullish vein and are presented as a cause for great future prosperity. This week, however, I will present another side to this story—namely, what the expected future increase may mean to your children and grandchildren.

Reasons For The Expected Increase

The first reason is that there now are more births. The second reason is that there now are fewer deaths proportionately. Deaths among babies are much fewer—while almost everyone is living longer, due to better food, shorter hours, saner habits, and improved medical care. Also the following statistics given me by the Editor of MASS TRANSPORTATION are suggestive.

Since 1940, which was only 13 years ago, a new "public" has come into being. Fourteen million old customers have died. More than 17 million marriages have taken place. More than 30 million babies have been born. More than one-third of all present families in the U. S. have been formed. Of the more than 150 million people in the U. S. today, 63 per cent do not remember World War I. Until this year, 52 per cent did not remember a Republican Administration in the White House.

Don't Be Fooled By Figures

All the above now results in one baby being born every eight seconds and someone dying every twenty-one seconds. In addition, one immigrant enters the U. S. every two minutes and one emigrant leaves every seventeen minutes. I have no figures on the probable increase in the number of families; but this will be very much less.

These facts would appear to require more schools, more roads, more houses, and even more telephones, automobiles, refrigerators, television sets, etc. I hope this will be true; but not necessarily. Present schoolhouses could take care of the present population

LET'S GIVE THEM A CHANCE!

by CHARLES DIDWAY

Qualified voters of the Post Independent School District will have the golden opportunity of making an "investment in youth" Saturday when they go to the polls in the \$275,000 bond election for construction of a junior high school building.

Not only will the voter who marks his ballot FOR the bond issue be investing in today's youth, but also in those yet to come in a school district where enrollment has long since outstripped present facilities.

For the past few years, the city's two school buildings have been crammed to overflowing by youngsters who have every right to receive the same educational advantages as those enjoyed by students in schools where there is plenty of room. Saturday's election affords patrons a means of solving these overcrowded conditions which are cheating their children of their rights to obtain an education under the best possible circumstances, and which are handicapping the teachers in putting their hard-earned training to its best use.

There are those who argue that the city's schools would not be overcrowded were it not for the fact that many of the students are from outlying rural districts which do not have high schools and where taxes are not paid for support of the schools here. Their argument is well founded, and the answer to this problem is consolidation. But consolidation under the present overcrowded conditions is a virtual impossibility. Before consolidation can be brought about, the school plant must be expanded. Building of the proposed junior high school building could well be the answer.

Among the many important points in favor of the bond issue's approval is the fact that it will not be necessary to increase the present school tax rate of \$1.40 to more than the \$1.50 maximum to carry out the proposed building program. What more economical investment in youth could be made in such a situation as this—a situation where something must be done if all classes are to continue operating on full time schedules.

Go to the polls Saturday and vote FOR the school bond issue.

reads: PEDAL HABILIMENTS ARTISTICALLY LUBRICATED AND ILLUMINATED WITH AN AMBIDEXTROUS FACILITY FOR THE INFINITE REMUNERATION OF 20 CENTS. In other words: SHOES SHINED—20 CENTS. We salute the hitherto unsung author of these lines, for he has enriched our lives. The world will go on, people will work, play, cry, laugh, fuss, fume, but, as he walks by this shop, the citizen of Pine Bluff pauses to wonder and chuckle. The bootblack has enlivened the day, thrown a bit into the air, created a tinkle of laughter, lent its amazing what a little imagination will do.—STEWART RIVERS.

Our first visit, one night last week, to Post's Boy Scout House was an enjoyable one, and we were sorry that we hadn't managed to get around sooner. The building is unique in that it is made out of a railroad box car. Rustically but comfortably furnished on the interior, it has been arranged into an ideal meeting place for the city's Boy Scout troop.

The occasion was a Court of Honor, and in presenting awards John Lott mentioned that there is approximately \$1,000 worth of Boy Scout-owned property in the building. That, of course, takes in only material worth. The surroundings are worth much more to the community in training the youngsters in such a worthwhile program.

After 20 years of yelling "gimme", it's hard to change the tune.

Here's one number of the Post Lions Club night or night not enjoy.

The mighty and domineering lion went for a stroll one day. Meeting an antelope, he demanded, "Who's king of the jungle?" "You, oh mighty lion," quavered the antelope. The lion walked on and met a zebra. "And who is the king of the jungle?" "Oh, you," squeaked the zebra.

Next, a wise old chimpanzee was asked the same question. "Why, who else but you," soothed the chimp. "What monkey doesn't know that?"

Happily continuing his walk, the lion met an irritable and cross old bull elephant. "Who's king of the jungle?" he demanded. Without further ado, the elephant tossed him up, whirled him around in mid-air a half dozen times and deposited him in a bramble bush 20 feet away.

The brushed lion got to his feet with great difficulty and observed plaintively. "Just because you don't know the answer, you don't have to lose your temper."

In this scientific age, nothing ever surprises me any more. Take radar, for instance. Besides its helping win World War II, it was the first medium by which man made contact with the moon, and now the Santa Fe Railway has come up with a new use for it.

A coin-in-slot device offering hot or cold sandwiches, assorted pastries, fruit juice, milk and coffee is a new service for Santa Fe Railway passengers. The only one of its kind installed on any railroad, the Lunch-O-

Mat uses radar to heat sandwiches in 10 to 14 seconds. It's fun to watch the clothes line Monday of a woman who didn't have a thing to wear Saturday.

Getting Out On The Limb

by EDDIE the editor

THE WOMEN, GOD LOVE 'EM —One never knows what kind of dress she doesn't like until she buys it.

From a speech by the mayor of Fairfield, Ala., as reported in the Birmingham News: "Our morality rate in Fairfield is low while our birth rate is high."

SIGN IN A HOTEL: Our roof only leaks when it rains.

A friend of mine has read so much about the evil of drink that he has given up reading.

I THINK a hearty pat on the back is in order for the Virginia Congress of Parents and Teachers. The organization recently established itself as different from most groups when its asked that its \$10,000 yearly state appropriation be removed from the 1954-56 budget.

Budget Director J. H. Bradford is quoted as saying that he could recall no similar request in his 34 years of budget making for the commonwealth. In asking that its appropriation be removed from the budget, the group said it felt it "should operate without tax funds" in view of its growth.

I don't know anything about its rate of growth, but I do know that in this day of unprecedented clamoring for public tax money that any organization which asks that its tax aid be cut off is a mighty big outfit and one of which the entire nation should be proud.

If you are one of the ever-increasing number of "grunt and groan" fans you've probably already taken one side or the other in the perennial argument of whether or not professional wrestling matches are "fixed."

In my opinion, after seeing some of today's matches on television, a whole lot depends on just what the fan means by the term "fixed." There is no doubt that the promoters go to great lengths to assure the fans, including those in front of TV sets, the kind of entertainment they want. Nor is there any doubt that the promoters enlist the cooperation of the wrestlers in seeing that this is done.

There is very little, if any, spectator interest in the old style Greco-Roman or catch-as-catch-can wrestling—such as that seen in intercollegiate matches. But there is a great deal of spectator interest in matches where the rival behemoths make use of forearm smashes, drop kicks, knee lifts, and other forms of mat mayhem. And, a match becomes even more enjoyable to the spectator when the wrestlers flaunt the rules to engage in biting, gouging, hair-pulling, slugging, etc.

So, it all depends on what you mean by "fixed" when you get into such an argument. Of course, if you're making a sizeable wager on the outcome of a match, you might have cause for concern over the outcome. But, if you're watching it for what it's meant to be—entertainment rather than sport—what difference does it make?

The world is certainly in a bad fix. It is reported that a Vanderbilt is on public relief.

After 20 years of yelling "gimme", it's hard to change the tune.

Here's one number of the Post Lions Club night or night not enjoy.

THE AMERICAN WAY

Our Contemporaries Are Saying:

Things Have Changed! We noticed the other day where something like 90 per cent of Army personnel are satisfied and think they have been given the proper job, according to a recent Army survey. Things have certainly changed in the short time since we were discharged.—The Lorenzo Tribune.

A Sure Thing A big-time gambler had just been bumped off. The funeral was well attended by his professional friends. In eulogy, the speaker said, "Spike is not dead. He only sleeps." From the rear came a voice, "I got \$100 that says he's dead."—The Kaufman Herald.

A Mother's Love Bus depots usually radiate with the charm of old ladies aglow with prospects of seeing children and grandchildren, or still flush with the happiness of recent memories. Often their luggage is composed of tin valises, cardboard packages and little bundles, but the joy in their hearts has no responsibility to the pagan god of style. Nothing changes about a mother's love except that it grows richer with the years and more precious.—The Matador Tribune.

Mayor Issues Warning Children who follow the city's fogging machine as it makes its rounds up and down the streets and alleys of Seminole are in danger, according to Mayor W. E. Denton. The chemical used to destroy insects is sprayed in a mistlike fog and could be highly injurious if breathed in quantities. Mayor Denton pointed out, it contains a mixture of chlordane and DDT, which is quite poisonous.

Another hazard of following the fogging machine which is just as serious is the fact that it is impossible to see through the vapor for a few seconds and a child darting in and out might easily be struck by a car.—The Seminole Sentinel.

No Names Mentioned We wouldn't dare mention any names, but a small son rushed up to his mother the other day and asked if pop would murder anybody. Mother assured sonny he wouldn't think of such a thing. "Then why is daddy down in the cellar saying, 'Let's kill the other one, George?'"—The Falls Banner.

\$64 Question Pennsylvania walked away with Mrs. America and Miss America honors which leads us to ask, What has Pennsylvania gals got that Texas gals don't have?—The Pittsburg Gazette.

Getting Together Was talking to Robert Hall Davis the other day, and he thinks that Jack Kirkpatrick and not Jerry Johnson should be Texas Tech's No. 1 quarterback. We agree.—The Slaton Slatonite.

It's Another Matter Mrs. Bailey Post has put her finger on a problem that is as old as time and is no closer to being solved today than it was the first time it came up. Mrs. Post would like to have something done with dogs that run loose at night, and have stopped those barking sessions that

Mat uses radar to heat sandwiches in 10 to 14 seconds. It's fun to watch the clothes line Monday of a woman who didn't have a thing to wear Saturday.

It's fun to watch the clothes line Monday of a woman who didn't have a thing to wear Saturday.

It's fun to watch the clothes line Monday of a woman who didn't have a thing to wear Saturday.

It's fun to watch the clothes line Monday of a woman who didn't have a thing to wear Saturday.

It's fun to watch the clothes line Monday of a woman who didn't have a thing to wear Saturday.

Remembering Yesteryears

Five Years Ago This Week Mr. and Mrs. H. F. Giles and Mrs. F. I. Bailey left yesterday to spend a few days in LaJunta, Colo., with Mrs. Bailey's brother-in-law and sister, Mr. and Mrs. O. West. G. T. Mason, Jr., who has been receiving treatment for polio in a Dallas hospital for some time, is now able to walk, relatives here have been notified. Miss Dorrae Propst and Mrs. H. F. Giles exchanged news in Tulsa Friday.

Ten Years Ago This Week Lefty Davies, who is in the Navy and stationed in California, is visiting his wife and baby daughter, Jerilyn. Mr. and Mrs. A. Stone observed their 50th wedding anniversary with open house Sunday afternoon. Miss Wilma Presson of Dallas spent the first of the week here with her parents, the W. F. Pressons.

Fifteen Years Ago This Week Mr. and Mrs. Orus Parr will leave tomorrow for Pueblo, Colo., to make their home. A warehouse, with a capacity for 3,000 or more bales of government loan cotton, is being completed at the Grassland Farmers Cooperative Gin this week. Due to ill health, Ernest Graves has sold his studio to A. R. Meador of Slaton. Mr. Graves and wife will be in Abilene.

Post Dentist Makes Reservations For Fall Clinical Meeting Dental Society

Dr. B. E. Young of Post is among the dentists who have made early reservations for the fall clinical meeting of the South Plains District Dental Society in Lubbock Oct. 9-10. At least 150 dentists from the West Texas-New Mexico area will attend.

Dr. Bertram Downs, well-known clinician of Colorado

Springs, Colo., will speak on current advancements in prosthetic dentistry. His discourses will include the latest scientific advancements in that field of dentistry which deals with artificial dentures and removable bridges as well as the restoration of individual teeth.

Dr. Downs is a graduate of the University of Southern California. He is past president of the Colorado State Dental Association, a member of the American Academy of Restorative Dentistry, and a Diplomat of the American Board of Prosthodontics. He is one of the founders and a director of the Colorado Dental Foundation.

The dentists' wives will be entertained at a luncheon at the Plainsman Hotel on Friday, Oct. 9. A banquet will be held Friday evening, honoring the guest clinician.

Organic Materials Make Soil More Drouth Resistant

COLLEGE STATION (Sp.)—Although Texas farmers and ranchmen are not able to have "made-to-order" weather, recent tests indicate certain practices which increase the moisture penetrating capacity of the soil greatly aids in making land more drouth resistant.

Tests conducted at the Spur Experiment Station show that moisture penetration was doubled where cotton burrs were spread over experimental plots the previous spring. Soil moisture also was increased on grass land treated with sorghum litter and barnyard manure.

Cotton burrs returned to the soil at a rate of 4, 8 and 10 tons to the acre increased moisture penetration to 28, 30 and 39 inches, respectively. Plots not so treated had a water penetration of only 16 inches. The burrs not only increase water storage and penetration, but contain nitrogen, phosphorus and potassium, essential soil elements.

The returning of this "waste" product actually pays off in dollars and cents. Long time records at the station indicate the yield of lint cotton primarily in 1954 on burr treated plots are expected to be about 175 pounds an acre compared to 50 pounds from untreated areas. Moisture conditions at planting time equal those existing when the tests were made.

In grassland tests on heavily grazed buffalo grass, where 10 tons of barnyard manure to the acre was applied in 1952, moisture reached 30 inches. Moisture penetrated to 18 inches where sorghum litter was spread, but only nine inches on grassland where no organic moisture was applied.

Todd Named Director Of Living Endowment

The Rev. Edw. A. Todd, who was pastor of the Wilson Methodist Church from 1940 until 1942, has been named associate director of Living Endowment for McMurry College. The announcement was made this week by Dr. Harold H. Cook, president of the Methodist college.

Two New Locations Staked In County

Two new locations have been staked in Garza County, according to an oil activity report in Sunday's Lubbock Avalanche-Journal.

A Tobe-Strawn field location is the Tobe Foster No. 5 Justice Heirs, 660 feet from west lines and 330 feet from north lines of the southwest quarter of Section 19, Block 6, H&GN Survey, one and one-fourth miles south of Justiceburg. Rotary tools are to drill to 7,500 feet at once.

The other location is in the Garza field. It is Brown Bros. et al Production Co. No. 7-G Mont-Davies, 897 feet from north and 330 feet from east lines of Section 1233, EL&RR Survey, one and one-half miles west of Post. Rotary tools are to drill to 3,200 feet at once.

HEAVY SLEEPER

DENVER (Sp.)—Anthony Gentile told police that before going to sleep in his room he had placed a billfold containing \$25 under his pillow. When he awoke, billfold and money were gone. So was the pillow.

Three Factors Are Seen As Important In Range Recovery

COLLEGE STATION (Sp.)—Three factors of prime importance determine how long overgrazed south and west Texas ranges will take to recover from the drouth.

According to A. H. Walker, extension range specialist, research conducted by Leo B. Merrill at the Sonora Experiment Station shows it depends upon the drain of past grazing, the kinds of grasses on the pastures and grazing management after rains. These factors were recently concluded following grass survival tests to determine the effect of three years' severe drouth on native grass cover.

After the application of 4 1/2 inches of moisture to designated test plots, grass plants which did not green up after three weeks were considered dead. A check of the plots showed bunch grasses withstood drouth conditions much better than other grass types. Sidecoats grama suffered only 3 per cent loss while silver bluestem and wright three-awn showed a loss of 15 and 55 per cent, respectively. No loss of little bluestem was observed. Curly mesquite in pure stands suffered 88 per cent loss for all stocking rates.

These tests emphasize that light grazing and deferment must be followed several years if ranges are to recover their former grazing capacity. Walker says Ranchmen should let the plants make some top growth and increase crown size before they are heavily grazed. This will also deepen the root system, the specialist says.

The goal for helping grasslands recuperate should be to have a good cover of the best kind of grass, Walker added.

GOLD LEAF DOME

TRENTON, N. J. (Sp.)—It takes a lot of gold leaf to cover a dome. Workmen recently covered the 60-foot copper dome atop New Jersey's State Capitol Building with 24-carat gold leaf. The job required about 240 troy ounces of the leaf, which cost some \$8,500, three coats of lead paint and a coat of sizing.

Justiceburg Group Elect New Officers

Justiceburg 4-H Girls Club met recently with 13 members attending. Officers for the new year were elected as follows:

Sandy Cross, president; Shirley Heintz, vice-president; Faye Messer, secretary, treasurer and reporter; Linda Messer, council delegate and recreation leader; Sandy Cross, dairy demonstrator;

Mrs. T. L. Johnson has returned home after visiting her son-in-law and daughter, Mr. and Mrs. Truett Williams, in Washom. She also visited her mother, Mrs. Myrtle Phillips, en route home.

Sammy Kay Caffey and Brenda Sullenger, dairy leaders; Carolyn McCowen, clothing demonstrator; and Shirley Heintz and Faye Messer, clothing leaders.

The next regular meeting is scheduled for Oct. 12.

Bond Election - - -

(Continued From Front Page) there are no facilities for physical and health education for pupils below high school grades.

7. The anticipated extra cost will run approximately the maximum rate of \$1.50 per \$100 valuation, which is already in effect, whereas at present the system is using only a \$1.40 tax rate.

The new building, which would move two classes each out of the high school and grade school buildings, would be constructed on the grade school campus. It would be a one-story building with 14 classrooms, an activity room and a band hall.

The structure would face the north, with low casements and a glass-brick front. The classrooms would be at the front of the building, with the activity

Clothing Class Is Slated For Adults

The Post High School homemaking department's first adult class of the 1953-54 school year will begin at 7:30 p. m., Wednesday, Oct. 14, at the high school, according to Mrs. Nan Dyer, homemaking teacher.

The first course will be on clothing, with "Giving Your Clothes a Professional Look" as the theme.

Adults wishing to enroll in the course are asked to report at the first class meeting.

room and the band hall at the rear.

Voting on the bond issue will be at the school tax office in the City Hall building, J. T. Curb will be the election judge, and Mrs. Ray N. Smith, Mrs. Lillie McRee and Mrs. Pearl Storie will be the clerks.

Concert Drive - - -

(Continued From Front Page) do so at the Chamber of Commerce office.

Purchasers may pick up their tickets the night of the first concert or at the Chamber of Commerce office before that time.

Money raised through the sale of season tickets will be deposited in the bank here as a sustaining fund.

Membership team captains are: Mrs. Charles Benson, Willard Kirkpatrick, Albert McBride, Mary Lee Wriston, Ralph Kirkpatrick, Cecil Thaxton, I. N. McCrary, Hub Haire of Southland, Ott Nance of Justiceburg, D. C. Williams, O. L. Weakley, Sherrill Boyd and Irene Rogers.

All concerts are to be presented in the Post Grade School auditorium, with the first one set for Tuesday night, Oct. 20. The Schultz Trio—soprano, baritone and harpist—is to be presented.

Virginia Sale, American actress and humorist, is to be presented Saturday, Nov. 21. Her repertoire includes Americana sketches.

The third presentation, scheduled for Feb. 5, will be the Karamu Colored Quartet. On March 8, the internationally popular Demi-Tasse Players will be presented.

If memberships are sufficient, Spaeth, the Tune Detective, will be presented as the fifth and closing concert.

Girls Demonstration Team Leaves Friday

A Garza County girls 4-H Club judging team of Oneita Jones and Wyvonne Morris will leave Friday for the State Fair of Texas in Dallas, where they will demonstrate "Food Values and Comparative Costs of Meals." The demonstration will be in the 4-H booth of the fair's Agricultural Building.

The two girls, members of the Post Senior 4-H Club, will be accompanied by Miss Jessie Pearce, county home demonstration agent. They will return Monday.

Water Mains - - -

(Continued From Front Page) of any water shortage such as the one last summer, which resulted from low pressure because of the increased consumption during hot, dry weather.

Following laying of the mains, it was necessary to thoroughly sterilize them before they could be put into use. Tate said. This made it necessary to run large quantities of water from them in order to wash out the sterilizing agent. "It looked like a big waste of water, but it was not," the superintendent said.

Voice, Dance Pupils Give Club Program

Voice and dance students of Mrs. J. A. Stallings presented the program at Tuesday's regular weekly luncheon of the Post Rotary Club.

Ira L. Duckworth, the club's program chairman, introduced Mrs. Stallings, who, in turn, introduced each number of the program.

The Rotarians also heard of the Garza Concert Association's membership campaign from Mrs. Leora Craig, representative of Southern Town Hall Concert Association, who was a guest at the luncheon.

Oil Progress - - -

(Continued From Front Page) \$100 bond, second prize a \$50 bond, and third prize a \$25 bond.

The final judging committee will be composed of representatives from the oil industry and the public school system.

Conservation is the theme, and "Oil—At Your Service" is the slogan for Oil Progress Week, 1953.

Water Meeting Is Set For Dallas

DALLAS (Sp.)—Prominent political, civic and military leaders will discuss many phases of the state's water problems at the Ninth Annual Convention of the Texas Water Conservation Association, which will be held here for three days Oct. 11-13, with Judge Guy C. Jackson of Anahuac, the Association's president, presiding.

Lyndon Johnson, Texas' senior U. S. senator; the congressman from the 15th Congressional district, Lloyd M. Bentsen of McAllen; the attorney general of Texas, John Ben Shepperd, and the man who has served for two consecutive terms as the speaker of the Texas House of Representatives, Reuben Senterfitt, are on the program.

Jaycee Wiener Roast Is Set For Tonight

Final plans for tonight's wiener roast at the city park site were made at Monday evening's meeting of the Post Junior Chamber of Commerce at Levi's Ranch Cafe.

The wiener roast, one of a series of social events to be held by the club, is for Jaycees and members of their families.

Walter Lee Johnson is chairman for the event.

Traffic Accidents In August Set Record

CHICAGO (AP)—Traffic accidents took more lives in August than in any previous month this year.

The National Safety Council placed the August toll at 3,700. That raised the total of fatalities in automobile accidents to 24,120 for the first eight months of 1953—an increase of 2 per cent over the number in the corresponding period last year.

Crockett Graduates Second In Class

FORT BELVOIR, Va. (Sp.)—Pvt. R. A. Crockett, 20, son of Mr. and Mrs. O. A. Crockett of Route 3, Post, Tex., recently graduated second in his class from the 10-week diesel engine repair course at the U. S. Army Engineer School here.

The course, one of many available to U. S. and Allied personnel, teaches the repair of diesel engines, fuel-injection systems and auxiliary starting motors used on engineer heavy construction equipment.

Pvt. Crockett entered the Army in March of this year and completed basic training at Fort Leonard Wood, Mo.

Payments Are Asked By Cemetery Group

Terrace Cemetery lot owners are being asked to make payment of dues and other money owed the Terrace Cemetery Association.

Those owing the association money may mail their check to Mrs. Irene Rodgers, treasurer, or make the payment at the Chamber of Commerce office.

Grade School Classes Elect Cheer Leaders

Fifth, sixth and seventh grade cheer leaders were named recently in class elections at Post Grade School.

The new cheer leaders are: Linda Moreland, seventh grade; Alice Joy Nichols, sixth grade, and Donnie Hays, fifth grade.

POST -- TEXAS

VOTE FOR THE SCHOOL BOND ISSUE.. WHY?

1. Approximately 1,000 children are in the 29 class rooms.
2. Eighth graders are misplaced when in with High School.
3. The School can not offer enough courses in High School because of lack of space, especially Manual Training.
4. Now have Seventh Grade in Grade School building, which over crowds present Grade School facilities. In two years Elementary School will have only enough room for five grades.
5. Extra cost will be small and oil properties pay large portion of all local taxes.
6. No facilities for Physical and Health Education for below High School pupils.
6. The extra anticipated cost will run approximately the maximum rate already in effect, which is \$1.50 per \$100 valuation, whereas at present the System is only using \$1.40 tax rate.

Yellowhammers To Play Post '11' Here Friday

Three games in four days will see the Post Antelopes wind up their season here Friday night when they play the Rotan Yellowhammers, who have won one and lost two.

The Rotan game, the first of the season, was a close one, with the Antelopes winning 14-13. The Yellowhammers, coached by Clarence Booth, have 14 returning lettermen and five regulars off last year's team. Edward Velez, a 186-pound all-district tackle, heads the list of four line veterans. They are Ends Doyce Waddell, 167, and Kerry

absorbed a 39-6 shellacking. Friday night's game, however, is expected to be much closer. Rotan has tied Lakeview of San Angelo, defeated Roscoe, and lost to Cisco and Winters, dropping the latter contest, 33-0, last Friday night.

The Yellowhammers, who come here Oct. 16 for a District 5-AA game, were hard-pressed Friday night to defeat the Class A Stanton Buffaloes, 20-13. The Antelopes play Tulla at Abernathy this weekend, and should not have too much trouble taking a team which lost to Floydada, 40-0.

The Ralls Jackrabbits, Post's first opponents this season, still haven't managed to get on the win side of the ledger, but played a good game Friday night in losing to the Lockney Longhorns, 14-7. The Rabbits are in for another drubbing Friday night when they play the undefeated Floydada Whirlwinds.

Another Antelope opponent which hasn't yet managed to win a game this season is the O'Donnell Eagle eleven, which was trampled by the Slaton Tigers Friday night to the tune of 53 to 8. The Eagles are in the same district with Sundown and Denver City, one of the strongest Class A set-ups in the state. They have a chance, however, against such conference opponents as Merton, Seagraves and Whiteface.

The Sundown Roughnecks, who humiliated the Post Antelopes by a score of 52 to 0 on Sept. 25, got a taste of their own medicine last Friday night when they were taken into camp, 34-19, by an underdog Sudan eleven. This weekend, the Roughnecks open their conference grind at Denver City against the

Weems, 188, and Guard John Mathis, 150, Harold Hamlin, 130, is the only returning back.

Bingham reports that the Antelopes came out of the Crosbyton game, which they won 22-0, in good shape physically, and will be at full strength for the Rotan contest.

End Nolan Williams and Fullback Darrell "Hobo" Bruton have been elected co-captains of the Antelope squad for the remainder of the season. Heretofore, the squad has been electing captains for each game.

3 Punts	2
27 Punt Avg. Yds.	29
9-65 Penalties	4-20
3 Fumbles	5

Bouncing back from a 52-0 defeat at the hands of the Sundown Roughnecks, the Post Antelopes scored a 22-0 victory here Friday night over the Crosbyton Chiefs in a hard-fought game before approximately 1,500 fans.

Penalties at crucial points and a Crosbyton line that seemed to play strongest in the shadow of its own goal posts held down the Antelope scoring, although the hometown eleven rolled up a comfortable margin over the visitors in the ground gaining department.

The nearest the Chiefs came to scoring was late in the

third quarter when they drove to the Post 17. There, the Antelope defense stiffened and the ball changed hands on downs.

Post opened the scoring about midway in the first quarter when Quarterback Moody Gramma sneaked through the center of the line for three yards. Tommy Murray's kick for point was true to give the locals a 7-0 lead.

The Antelopes had marched 67 yards on the drive after taking a Chiefs punt on their 33. Graham and Halfbacks Tommy Malouf and Charles Chandler ate up the 67 yards to the Crosbyton goal on straight carries.

The second quarter was scoreless, but found the visitors driving to the Post 25, where the threat was squelched when End Audie Teaff pounced on a Crosbyton fumble.

The Antelopes' third quarter touchdown was set up after Crosbyton chose to run instead of kick on the fourth down deep in their own territory. Post took over on the 33, and Malouf was chased out of bounds on the 5 after going 28 yards on a pitch-out from Graham. Fullback Darrell Bruton failed to gain in a smash at the right side of the line, but Malouf took a hand-off from Graham and smashed through the right side of the line for a touch down. Murray's kick split the uprights to put Post ahead, 14-0.

The locals had another scoring chance in the same quarter after End Nolan Williams caught a fumble on the fly after the ball had squirted from the arms of Crosbyton's Bonnie Forgas on his 29. The Antelopes couldn't move, however, and the Chiefs took over on the Post 46, following a 15-yard penalty against the locals and smearing of a couple of their running plays. Halfback Mack Terry intercepted a Chiefs pass on his 37, and Graham punted back into Crosbyton territory. It was from this point that the Chief-

line started the drive which carried to the Antelope 17.

Post's final touchdown came on the tail-end of an 83-yard drive. With all four backs, Graham, Malouf, Chandler and Bruton, lugging, the Antelopes drove to the 9, from where Graham scored on a keeper. Murray's kick for point was blocked.

Following the kickoff, Williams recovered a fumble on the Crosbyton 29, but the Chiefs took the ball on downs on their 39. A five yard penalty and a 9 yard loss by Malouf on a pitchout had set the locals back to that point.

Ted Tatum, who had been shifted to an end position after playing guard the first three games, threw Forgas for a 10-yard loss, and on the next play recovered a Chiefs fumble on the 12.

Darrell Ray Norman, substitute halfback, made 8 yards to the 4, and Graham pushed across the goal line, but the touchdown was nullified when Post drew a 5 yard penalty for backfield in motion. Homer Gato slipped and fell on the 3-yard line with yard dirt just ahead, and the Chiefs took over.

On the first play, Williams came driving in from his end position to toss Samtel behind the goal line for a safety.

Following the two-pointer, the Chiefs kicked from their 30 to Malouf on the Post 47 as the game ended.

Red Raiders Play A&M On Saturday

LURBOCK (Sp.)—Two of the nation's undefeated football teams collide here as Texas Tech and Texas A&M tangle in Jones Stadium at 8 p. m. Saturday.

The Texas Aggies have knocked off two southeastern conference powers, Kentucky (7-0) and Georgia (14-12), and have tied Houston (11-11). Tech followed up wins over fellow Border Conference members West Texas State (40-14) and Texas Western (27-6) with an upset of Oklahoma A&M at the Missouri Valley Conference (27-13) Saturday afternoon.

Saturday night's contest will be a severe test of Coach De Witt Weaver's young Raiders, because the Aggies boast one of the nation's best passers in Don Ellis. Tech's line, bolstered by tackle Jimmie Williams of Phillips and Jerry Walker of Pampa, and backed by center Dwayne West of Fort Worth, might have had a much more difficult time of halting the Oklahoma Aggie's ground attack had the Cowboys done much passing.

Tech shot out to a 21-0 half-time lead, thanks to Post's Jack Kirkpatrick, who reared 22 and seven yards, and Kingsville's Bobby Cavazos, who started over from five yards out. After Oklahoma had scored a third quarter touchdown, Pat Green of Paducah crossed the drive with a sparkling 80 yard kickoff return.

Junior Antelopes To Floydada For Games

Post's improving grade school and junior high eleven journey to Floydada tonight for two games.

Slated to see action in the first game is Coach Herman Raphael's sixth and seventh graders who held Taboka to a scoreless tie last Thursday night on the Taboka gridiron.

The junior high team, coached by Herbert F. Aduddell, lost to Taboka, 7-0, the same night in a closely-contested game.

Reynolds Stretches His Scoring Lead

Jerry Reynolds, speedy Slaton Tiger back, scored four touchdowns Friday night in his team's 33-8 victory over O'Donnell to increase his season's point total to 64.

Nineteen points behind Reynolds in second place in District 5-AA scoring is another Slaton back, Jackie Sparsman, who has scored 45 points. J. B. Ables of Taboka is third with 42 points.

The scoring leaders:

	td.	ep.	ttl.
Reynolds, Slaton	10	4	64
Sparksman, Slaton	7	3	45
Ables, Taboka	6	6	42
Stephens, Floydada	5	0	30
Smith, Slaton	4	2	26
Powell, Abernathy	4	0	24
Smith, Taboka	3	2	20
Graham, Post	3	0	18
Womack, Floydada	3	0	18
Fondy, Slaton	2	2	14
Bragg, Taboka	2	0	12
Rankin, Spur	2	0	12
Ramos, Abernathy	2	0	12
Blair, Spur	2	0	12

Tower To Show Film On Pro Grid Battle

Post area football fans will be given the opportunity of seeing two of the nation's top professional teams in action at the Tower Theatre Friday and Saturday of this week when a film is shown on the game between the San Francisco Forty-Niners and the Los Angeles Rams.

Coming to the Tower soon is a film on the game between the world champion Detroit Lions and the Rams.

John Hopkins, Tower manager, said a number of football films would be shown during the current season.

MAGNET UNLOCKS BOY

SCHENECTADY, N. Y. (AP)—When seven-year-old Stephen Struffolino swallowed a padlock, doctors at Ellis Hospital weren't stumped at all. With the aid of a small but powerful magnet the lock was extracted from the boy's stomach. Forty-eight hours later Stephen was sitting at the dinner table.

Antelope Reserves Lose To Ira, 33-0

The Post Antelope "B" team lost to a surprisingly strong Ira eleven here last Thursday night, 33 to 0, after holding the visitors scoreless during the first half.

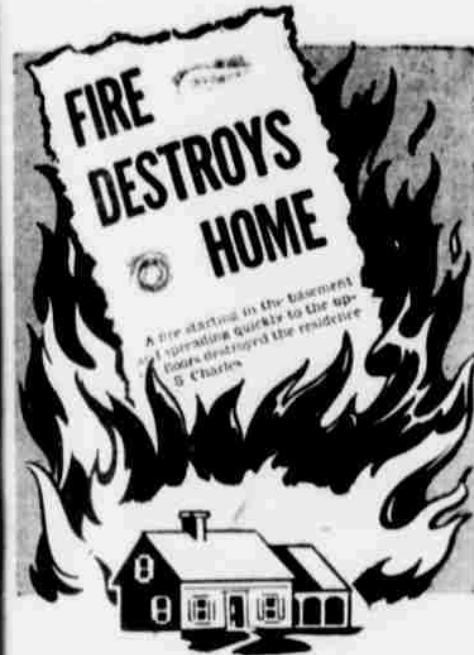

A blocked Antelope punt shortly after the second half opened gave the Ira gridgers a score, and from there on out they rolled to an easy victory.

A game scheduled for Thursday night against the Floydada "B" team has been cancelled because of six-weeks examinations here.

TRUSTY ON THE JOB

INDIANOLA, Miss. (AP)—Patrolmen Junior Steed and Frank Green received a prowler report, sped to the scene, nabbed the culprit as he climbed out a window, recognized him immediately. He was a trusty from city jail.

Greenland has no full sized trees.

AN OPEN LETTER

TO OUR PATRONS ABOUT AN INSPIRING MOTION PICTURE

JOHN N. HOPKINS

SALOME

Technicolor

Alan Hale as John the Baptist, Judith Anderson as Queen Herodias, Basil Sydney as Pontius Pilate, Maurice Schwartz as Ezra

Dear Friends:

I am a showman and as such I accept the part that sensationalism plays in my business. Exaggeration, the glowing phrase, appealing pretty girls with shapely figures—all of these are part of the "glamour" of show business and its advertising.

But frankly, as head of a Christian family, I regret that the producers of "SALOME" is a Bible story—a magnificent, exciting, soul-stirring drama of deeply religious significance.

Everyone knows that Salome's famous dance was performed while that devout man of God, John the Baptist, was being beheaded by evil and lustful King Herod, but the dance itself pales to insignificance before the spectacular scenes of John the Baptist on trial, the miracles of Jesus, the immortal Sermon On The Mount.

In my humble opinion, "SALOME" might very well be presented as a sermon in any church. Its story dramatizes the dawn of Christianity, the courage of those who chose to follow Jesus Christ in spite of Herod's brutal persecution.

I hope our patrons will remember "SALOME"—not alone for its "Dance Of The Seven Veils"—but as a memorable and deeply inspiring event in our theatre.

We will proudly present "SALOME" (Sunday-Monday, Oct. 11-12) and at our REGULAR ADMISSION PRICES.

656 Newspapers Are Published In Texas

AUSTIN (Sp1) — When it comes to newspapers it's another first of Texas.

The Lone Star State has more newspapers in its 250 counties than does any other state in these United States. And, believe it or not — almost as many as the entire Dominion of Canada.

There are 656 daily and weekly newspapers in Texas. Of this group exactly 100 are daily newspaper establishments. The balance is composed of 543 weeklies, 12 semi-weeklies and one tri-weekly.

Five out of seven of the dailies, weeklies, semi-weeklies and tri-weeklies belong to the only statewide business organization representing both groups — the Texas Press Association. Headquarters of the TPA are in the capitol city, Austin.

Graham 4-H Girls Choose Officers

New officers for the 1953-54 year were elected by members of the Graham girls 4-H Club at a recent meeting. They are: Shirley McBride, president; Janet Stephens, vice-president; Patsy Ethridge, secretary-treasurer and reporter; Carolyn Moore and Patsy Thompson, song leaders, and Leta Stone, council delegate.

The club's regular meeting times are second and fourth Wednesdays.

Area Army Inductees To Report To New Reception Center At Fort Bliss, Texas

Effective Sept. 28, Army inductees from western and central Texas will report from their local induction centers to a new reception center at Fort Bliss, near El Paso, Tex.

The Bliss Reception Center has been created as the result of a new Department of the Army policy to process Army inductees directly to Training Divisions or Training Centers where they will be trained. The new plan is expected to save time and money by cutting the period of induction processing to 72 hours and by eliminating much transportation cost.

Heretofore, new soldiers from the area named were received at Fort Sam Houston, Tex., or Fort Sill, Okla., and then assigned to various posts for training.

Under the new plan, the inductees will be sworn in at the nearest large city induction center and given transportation and meal tickets to Fort Bliss. He will then be given 21 days to attend to personal and business matters before reporting to Fort Bliss for processing and training.

At the Fort Bliss Reception Center, which is attached to the Artillery Replacement Training Center, he will receive an orientation on Army procedure, an initial issue of uniforms, part of his first month's pay, and physical and dental examinations.

He then will go to an RTC training unit for eight weeks of basic training. During this

time he is given the Army General Classification Tests to determine which jobs he is best fitted for in the Army. The first eight weeks of basic training is identical in all branches throughout the Army.

By the close of eight weeks, the men will have been divided into groups by the Department of the Army. For the concluding eight weeks of their basic training, some men will be sent to various Army posts in the continental United States for training in other branches of the service. Between the two periods of training, each man will receive two weeks leave.

Six Girls Join 4-H Club At Close City

Six girls joined the Close City 4-H Club at a regular meeting held recently. They are Sheila and Judy Morris, Margaret Ritchie, Daisy Martinez, Doris Copple and Reta Jones.

Plans for the year's work were discussed and the group decided to sell Christmas cards. Those present were: Frances Barron, Linda Bartlett, Shirley, Sheila and Judy Morris, Margaret Ritchie, Reta Fern Jones, Daisy Martinez, Doris Copple and Barbara Blacklock.

Mr. and Mrs. Mack Ledbetter and Carolyn and Bruce spent the weekend in Sweetwater with Mrs. Ledbetter's brother and family.

State Fair Of Texas Opens Saturday With Imposing Array Of Attractions

America's greatest fair will open in Dallas Saturday, with a glittering assortment of shows, exhibits, attractions and special events designed to turn the heads

of all the Southwest toward the glamorous 1953 edition of the State Fair of Texas.

It is possible that 2,500,000 visitors may crowd the magnificent 187-acre, \$35,000,000 show-grounds during the 16 days of the exposition to shatter the national attendance record of 2,387,140 set by the fair last year. Opening day will be one of the biggest, with the traditional Texas-Oklahoma football game in the mammoth Cotton Bowl stadium.

Opening event in the Pan-American Livestock Exposition, which looms as the fair's most successful livestock show, will be quarter horse judging both Saturday and Sunday. Judging in the beef cattle divisions, which have attracted a tremendous volume of entries from throughout the nation, will begin Monday as will sheep show judging. Judging will continue Tuesday for both beef and dairy cattle. Top prize winners of all breeds will be presented in a spectacular Parade of Champions Thursday night, Oct. 15, with added entertainment by the famous Mexican troubadour, Tito Guizar and his Golden Guitar.

Daily events at the fair include the Ethel Merman Show in the Auditorium, Ice Cycles of 1954, the Aut Swenson Thrill-ride at the Grandstand, free Fashion Shows in the Theatre Building, planetarium shows at the Museum of Fine Arts, the Free Magnolia Sky Reveue on the Midway, "live" television shows which will be telecast from the Science Building, band concerts and many different types of free entertainment presented by exhibitors. The million-dollar Midway featuring the unique "Dancing Waters" will be in continuous operation, of course.

New exhibits include the 3-D Agriculturama, the Regulus guided missile, the Antique Auto Show, the Electric Science and Natural Gas Shows, model demonstration home, Automobile Show, farm implements, telephone exhibit, and special fair features presented by the Health, Natural History and Fine Arts museums, the Aquarium and the Hall of State.

A few of the special days during the first week include: Oct. 10, Press Day; Oct. 11, Antique Auto Day; Oct. 12, Mexico Day; Oct. 13, Music Festival Day; Oct. 14, Dallas Day, Rotary Day; Oct. 15, Crippled Children's Day, Texas PTA Day; Oct. 16, Elementary School Day; Oct. 17, Rural Youth Day.

The population of Italy is about 47 million.

Post High School's Chorus To Sing In State Music Festival

The Post High School Chorus will be one of 50 top-notch high school bands, choruses and orchestras which will take part in the sixth annual Music Festival Tuesday, Oct. 13, at the 1953 State Fair of Texas.

"Transportation to the Fair" will be the theme of the music spectacle and marching exhibition by over 4,000 musicians which will climax the day at 8 p. m. in the Cotton Bowl. Massed bands, orchestras and choruses from all over Texas will participate in the evening show, which will be free to State Fair visitors. Also taking part in the spectacle will be outstanding guest bands from Oklahoma and Arkansas.

The Music Festival will be co-sponsored by the Texas Music Educators Association and the State Fair of Texas.

E. B. Cannon of Conroe, state president of T.M.E.A., said that attendance of chorals groups will be doubled this year. Each of the eleven regions in Texas will be represented by outstanding music—bands, choruses, and orchestras.

George Royster of Dallas has charge of housing for musical groups participating in the Music Festival. Harry Barton is coordinator of pageantry for T.M.E.A.

"Each organization will have time to see the fair as well as participate in the festival," Cannon said. The State Fair will provide musicians with a box lunch before the evening program.

Throughout the day, musical groups will perform in 20-minute programs, with bands playing from the Magnolia Stage, orchestras from the Hall of State Plaza and choruses from the Agriculture Building Stage.

Tractor Inspection Week Is Scheduled At Dowe Mayfield's

Ralph E. Stow, formerly of Lubbock, is new service manager at Dowe H. Mayfield Co., Inc., which has set aside Oct. 12 through 17th as Tractor Inspection Week. All tractor owners in this area are invited to bring their tractors in for a free inspection. During the inspection, visitors will be able to see precision-testing and service equipment at work. Service department personnel will give pointers on operation and maintenance.

Stow, the new service manager, has had several years experience in International and Pontiac service.

The new service manager explains that the tractor inspection Oct. 12-17 will cover all points at which fuel waste and power loss are apt to be found and where future troubles are most likely to start. He mentions such points as front wheel bearings, steering gear, engine starting, lubrication, spark plugs and ignition wires, fuel and cooling systems, governor, clutch and brakes.

Cannon and Barton Over 500 instruments will comprise the massed orchestra, to be led by G. Lewis Dull of San Antonio, state orchestra chairman, Ed Hatchett of San Benito, T.M.E.A. state choral chairman, will conduct 1,000 voices in the choral group.

Home From Far East On Aircraft Carrier

SAN FRANCISCO, Calif. (AP)—Scheduled to arrive here from the Far East Sept. 21 on board the attack aircraft carrier USS Princeton was Van D. Brookshire, aviation machinist's mate second class, USN, son of Mr. and Mrs. W. G. Brookshire of Post, Tex., serving with Jet Fighter Squadron 134.

One of the first carriers to go into action in the Korean conflict, the Princeton is a veteran of 457 combat days during three tours of duty off the Northeast Korean coast.

After transferring the staff of Carrier Air Group 15 and five squadrons to their home base at the Naval Air Station, Moffett Field, the carrier will proceed to San Diego to disembark three other squadrons—two to the Naval Air Station, San Diego, and the other to the Naval Air Station, Miramar.

No one has been able to raise sea otters in captivity.
