'Miss Post' To Be Selected Saturday In Contest Following New Pool Opening

A "Miss Post" will be selected at 5 p. m. Saturday in a beauty contest at the new city swimming pool. In addition to receiving a \$25 cash award, the winner will represent the city in a bathing beauty contest to be held June 12 at the dedication of the new \$40,000 pool.

Everything except the wading pool will be ready at that time," the mayor said. Seven entries in the Miss Post contest had been filed up to Wednesday noon, according to Mrs. Iva Greenfield, secretary of the Post Chamber of Commerce, which is sponsoring Saturday's event. Deadline for filing is 6 p. m. Friday.

Those in the contest at this time and their sponsors are: Maxine Baylis, Progress Petroleum Co.; Beth Hamilton, Hamilton Drug; Laquita Carlton, Maxine's Shop; Jamie Gossett, Bob Collier Drug Co.; Melba Shepherd, Judy's Cafe; Jennie Lou Redman, Herring's; and Doris Williams, Dumbar's.

The judge for Saturday's contest will be Joe Manicopelli of Lubbock. In addition to the first place prize of \$25, there will be \$15 for the second place winner and \$10 for the third place winner.

Post Riders Win First At Rotan

The Post Stampede Cowboys won the first place trophy Friday in the parade opening the third annual Rotan Roundup.

Getting off to an excellent start and indicating they'll add a number of trophies this season to their already imposing collection, the Post riders finished ahead of the Torn Green County Sheriff's Posse, which won second, and the Slaton Rangers, who took the third place trophy.

The three winners were presented trophies by the Fisher County Sheriff's Posse, the host group. Jimmy Bird of Post won first place in Saturday night's calf roping at the Roundup.

Board Discusses Anti-Segregation

All we can do at this time in regard to the Supreme Court's anti-segregation ruling is adopt a "wait and see" policy," D. C. Arthur, superintendent of the Post schools, said this week.

The superintendent said the ruling had been discussed by the board of trustees, but that nothing can be done locally until state legislative action is taken to point the way.

Local school superintendents throughout the state have been advised by Education Commissioner J. W. Edgar to plan for the 1954-55 school year on the basis of continued segregation of Negro and white students.

A. C. Howell, Garza Pioneer, Dies Tuesday

A. C. Howell, 75, who had lived on the same farm in the Close City community since moving to Garza County in 1914, died at 2:15 p. m. Tuesday in Garza Memorial Hospital after an extended illness.

Funeral services were to be conducted at 2:30 p. m. Thursday at the First Baptist Church by the Rev. Roy Shahan, pastor, and the Rev. Audye Wylie, Close City pastor. Burial was to be in Terrace Cemetery under direction of Hudman Funeral Home.

Palbearers are: Douglas Tipton, Elwood Wright, Henry Wheatley, Aubrey Ritchie, L. G. Thrett, Jr., J. F. Brandon, Jr., Earl Terry and Alvin Young. Honorary palbearers are: Walter Brown, Albert Taylor, Dr. D. C. Williams, Dr. A. C. Surman, J. F. Brandon, Sr., J. P. Mantly, L. P. Baker, Duke Travis, Forrest Cearley, Allen Cash, A. O. Rosenbaum, R. B. Wilson and Lee Davis.

Mr. Howell, a retired farmer, was a charter member of the Baptist Church at Close City. He is survived by his wife, four daughters, Mrs. Loretta Mosely of Amarillo, Mrs. Doris Davis and Mrs. Lois Howell of Post and Mrs. Lenis Joplin of See HOWELL RITES, Page 8

First Go-Round Will End Tonight In Annual Event

A crowd estimated at approximately 5,000 filled the stands almost to capacity Wednesday night for the opening performance of the fourth 14th annual Post Stampede Rodeo.

The grand entry, opening event on the night's performance followed a street parade which was seen by hundreds of people who lined the parade route.

Swindling Charge Is Filed Tuesday

A swindling charge was filed in county court Tuesday against John Dale Pfaff of Big Spring as county officers took steps to break up a confidence game which has been operating in Post the past few weeks.

Twelve riding groups competed for trophies in the parade, with the Fisher County Sheriff's Posse from Rotan winning first, the Lubbock County Sheriff's Posse, second, and the Crosby County Sheriff's Posse, third. Trophies were awarded in the

Farmers Are Busy With Replanting

With 1954 rainfall measuring 7.88 inches in Post and up to 10 inches in other parts of the county, farmers began taking advantage of clearing weather Thursday to replant cotton and some feed washed out by the heavy rains.

Preceding the parade, members of visiting riding groups were guests of the Post Stampede Cowboys at a barbecue. Wednesday night's grand entry got under way at 8:11 p. m., and before it was over, 330 horses and riders were in the arena. J. E. Birdwell, president of Post Stampede Rodeo, Inc., and other officials were introduced, as well as officials of the West Texas Sheriff's Posse Association.

Wood Bees To Play In Lubbock Sunday

The undefeated Post Wood Bees will play the Black Hubbers at 2:30 p. m. Sunday at Odum Field in Lubbock.

The first event following the grand entry was bareback bronc riding, in which Hank Perry of Farmington, N. M., took first place, Bill Watts of Andrews, second, and Jimmy Moore of Post, third.

Poppy Sale To Be Saturday

Members of the women's auxiliary of John Miller Post 6797 of the Veterans of Foreign Wars will sponsor the sale of VFW Buddy Poppies here all day Saturday.

The night's best calf roping time was made by John Burris of Goldblowrite, who roped and tied his animal in 162 seconds. Connie Gibbs of Winters was second, with a time of 192, and Jimmy Bird of Post was third in 20 seconds flat.

School Building Delays Crop Up

There appears to be no chance now for the new junior high school building classrooms to be ready for use by the start of the 1954-55 school term, Supt. D. C. Arthur said Tuesday.

The cutting horse contest, a new event, was won by Little Tom, owned and ridden by Phil Williams of Tokio. Second was Chickasha Mike, owned by Bill Hale of Odessa and ridden by George Garrett Tying for third were Marlon's Girl, owned by Marion Flint of Midland and ridden by Buster Welch, and Sunny, owned and ridden by Whit Thompson of Snyder.

School Board Lets Roofing Contract

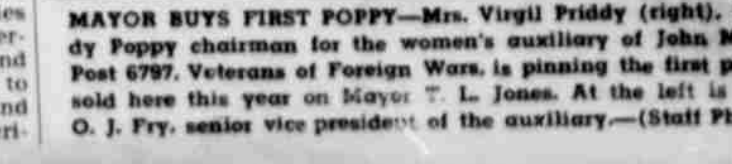

Contract for re-roofing the Post High School building and the vocational agriculture department in the west end of the gymnasium was let by the school board Monday night to Hamilton Roofing Co. of Lubbock.

The little memorial poppies honor the fallen in such battles as San Juan Hill, Chateau-Thierry, Anzio Beach, Iwo Jima and Heartbreak Ridge. From 1898 to 1954, grandfathers, fathers and sons have fought in four American wars. The VFW was established a year after the Spanish American War. It is dedicated to working for veterans and their families.

IT'S RODEO TIME in Post and Garza County, and if you missed last night's opening performance of the 14th Annual Post Stampede and Rodeo, you still have time to see the other three... the Post event is one of the season's earliest West Texas rodeos and there'll be many, many more before the curtain is rung down. Over at Brownfield, for instance, ALVIN G. DAVIS, former Postite, has announced July 7-10 as dates of the Brownfield Junior Chamber of Commerce Rodeo. Since he's secretary of the Junior Rodeo Association, Alvin will be back home in August to help stage the Southwestern Championship Junior Rodeo here.

AN ITEM LAST WEEK on the visit of O. B. KELLEY of Ontario, Calif. Garza County's first sheriff, led us to wonder who served with him on that first group of county officials taking office in July of 1907. According to the book, "Post City, Texas," they were: J. M. BOREN, county judge; H. E. MILREAY, county and district clerk; B. F. WILKS, county treasurer; D. W. STILES, tax assessor; M. L. HARKY, county attorney; H. C. CALLIS, hide and animal inspector; S. C. WILKS, R. E. KING, TOM STOVALL and W. V. ROY, county commissioners; A. L. DUNN, justice of the peace, and MARION MCGINTY, constable.

AN IDEA—AN IDEAL—a dedication to service! These were the motives which in 1922 inspired the Veterans of Foreign Wars to establish and foster through the years an annual sale of VFW Buddy Poppies. The idea was the need of dramatizing to all good Americans their obligations to those who suffered loss of life or limb on the battlefield. The ideal was to perpetuate for all time memories of the unselfish devotion of those who served their country—and thus served the cause of liberty, freedom and justice for all men.

THE DEDICATION WAS a high resolve that the needs of those who gave most must be served—that they and their dependents must always share in the good things of life made possible by their sacrifices. Inspired by Post John McCrae's "In Flanders Fields," the VFW chose the blood-red poppy which grew so profusely on the battlefields of France as a fitting symbol of the ideals it desired to perpetuate. Paper replicas of these poppies will be on sale here Saturday by members of the VFW Auxiliary. Purchase one to help perpetuate that idea, ideal and dedication to service.

CITY OFFICIALS HAVE shown in the esteem of Post's young people by letting the kiddos swim free at the new pool prior to the official opening. The pool was almost as full of swimmers shortly after 5 p. m. Friday as it'll be any day this summer. Despite the fact that many thought the pool would be too small while watching it built, not a single squawk as to its size has been heard from any of the young people. As far as they're concerned, it's "just what the doctor ordered."

SINCE THIS YEAR'S Memorial Day falls on Sunday, Post business places will observe the holiday by remaining closed on Monday. Memorial Day was one of the closing holidays agreed on by businessmen in a caucus by the Chamber of Commerce... not only will the month of June, beginning Tuesday, find summer making its official entrance on the 21st, but it'll include Flag Day on the 14th and Father's Day on the 20th. It'll also be Jubilee Month at the Tower and Sunset theatres, where an outstanding run of pictures has been booked by Manager JOHN N. HOPKINS.

Roger W. Babson Writes This Week:

Boom In Suburban Property Would Result From Increased Threat Of World War III

BABSON PARK, Mass.—Old houses may now be a sale. Women have gone crazy about over one-story houses (ranch type) and over-utawide skirts. There is a style in houses, like styles in dresses. Well-built and well-located large houses are now out of style. How long it will be before women get sensible and buy such houses again is anyone's guess.

Fear Of World War III But one thing will always be in style, and that is vacant land—whether small city lots that can be used for parking, or fringe acreage just outside cities and towns. Thus far people have not taken seriously the fear of World War III, but now, with these "Evacuation Days," they are beginning to give up their rented city houses and buy in the suburbs.

If World War III should really look threatening, you will see a big boom in suburban property twenty miles out. Unless the price of land is frozen, it could double in value in a few weeks. Well-drained and well-located vacant land should not now be sold.

Some Things Being Overdone If World War III threatens, farms outside big cities which cannot now be sold at a fair price may again come into demand. I, however, am not bullish on all commercial farm land. This especially applies to many citrus groves, apple, peach, and other fruit orchards.

With the new big Federal power and irrigation projects, there may be a surplus of high-priced irrigated lands. Irrigation can be overdone, the same as the building of motels and the manufacturing of automobiles. We may be approaching a time when there will be too many filling stations and automobile agencies. More consolidations will be witnessed.

HAVE TO WAIT AND SEE...

The far-reaching effects of the Supreme Court decision outlawing racial segregation in schools won't be felt for some time yet, but they're something we'd all do well to start getting ready for. The repercussions are going to set in after legislative action is taken in the various states to pave the way for orderly compliance with the anti-segregation ruling.

All school superintendents in Texas have been advised by Education Commissioner J. W. Edgar to plan for the 1954-55 school year on the basis of continued segregation of Negro and white students.

In a letter mailed to superintendents in all local school districts, Edgar said: "Since the present action of the court is not final, it is contemplated that the public schools of Texas will operate in the 1954-55 scholastic year on the same basis as for the current year."

School officials in the states affected by the decision apparently are adopting a "wait and see" attitude, which, after all, is the only thing they can do at this time. Compliance with the anti-segregation ruling cannot be brought about overnight.

Fortunately, Garza County, with Negroes constituting less than 5 per cent of its scholastic population, is not going to be faced with the same problems as those confronting counties with a larger percentage of Negro scholastics when, and if, the anti-segregation ruling goes into effect.

There is only one thing, however, that can be done in the light of the ruling, and that is to go along with the state's action in the matter—whatever that is.

The Supreme Court has called for further arguments in October on the question of exactly how to put its judgment into effect. As the Education Commissioner pointed out in his letter to school superintendents, "the present action of the court is not final."

A major issue in formulating the final judgment will be whether segregated school systems should be eliminated at once or gradually.

One of the best things we can do to help make this year's Post Stampede and Rodeo a big success is to go all out in making visitors feel welcome. There'll be hundreds of them, including contestants, during the four-day affair. Let's make them feel so welcome while they're here that they'll want to come back next year.

To play seeds and watch the renewal of life—this is the commonest delight of the race, the most satisfactory thing a man can do—Charles Dudley Warner.

This will long be remembered as the season of famous warnings, but come to think of it, we'd much rather hear a warning of one than a description of its after-effects.

Commerce manager Pat who was here in 1950, is manager of the Levelland C. of C. "Local Chamber Manager Promotes City Progress is the way the story about Pat is headed. "a log boom from soaking rains" is the U. S. Department of Agriculture report on the way recent rains benefitted growing crops and pastures in most parts of Texas.

A MUTE REMINDER THAT the schools have closed for the summer vacation is the draped signal light in front of the grade school building. During the nine months of the school term, that light played a mighty important role in protecting the safety of our youngsters.

JOE DIMAGGIO enjoyed fame as a great ball player until he married. Now he is only MARILYN MONROE'S husband.

It isn't enough for people to be proud of the place they live in. They have to live so the place will be proud of them... see you at the rodeo!

The New York girl who objected to finger-printing added that she wouldn't care if they tattooed where it wouldn't show. And where would that be?

Democrats and Republicans in congress are accusing one another of playing politics. It is one of the few occasions on which both have been absolutely and demonstrably right about something.

FORBES MAGAZINE reports that in America "brand names" in modern times have become all-important. Throughout history prominent names have garnered fortunes. About 250 years ago Antonius Stradivarius, an Italian, made violins. Today you can buy a violin for a few dollars, but if you want one made by Stradivarius, you must pay thousands of dollars. The name Tiffany on a piece of jewelry is highly cherished. A car made by Rolls-Royce is in a class by itself, lasts for a generation—sometimes two generations. In our own land the first dependable low-priced automobile was Henry Ford's famous "Model T," which retailed at one time for around \$300, and because of its meritorious reputation, equaled the output of all other makes combined.

Superiority in a person or a product commands an above-average reward. John D. Rockefeller once observed, "It is not enough to do the right thing. You must let the people know that you are doing the right thing." Advertising in this day and age is essential to big-scale business success.

Nowadays our progressive English teachers are not among those who profess that sentences should not end with prepositions, but should you ever run across one who does, here is a sentence which ends with FIVE! The little boy was in bed and his mother was bringing a book upstairs for him to read, whereupon he asked, "What did you bring that book I didn't want to be read to out of up for?"

Some of our foremost politicians seem to have learned their three R's in that school which teaches—this is Ours that is Ours, everything is Ours.

Husbands who can convincingly compliment the wife's latest hat should rush to Hollywood for a screen test.

I'VE ALWAYS CONTEDED that The Post Dispatch and other weekly newspapers receive each week enough publicity through the mail that they could put out an edition several times their normal size by using this "free" publicity and nothing else—it wouldn't take a single local news item. The pages could be filled from front to back with the news releases—most of them from firms and groups seeking a free advertising ride at the expense of the weekly newspaper.

It remained, however, for Prof. Edwin Butterworth of the journalism department of Brigham Young University to make a survey of this "publicity."

Using seven weeklies as a working sample and continuing his study for ten weeks, Prof. Butterworth found that the average weekly newspaper discards about 1,496 column inches of publicity each week.

His findings for the average weekly, as summarized by the Utah Publisher, were:

... Receives from 263 to 2,091 column inches of publicity each week, or an average of 1,541 inches.

... Varies in size of its editorial space from 221 to 740 column inches, or an average of 486.2 column inches.

... Would require, therefore, an edition three times the size of the present typical edition and filled with nothing but publicity in order to publish all of the publicity materials received each week.

... Publishes from 200 inches to as much as 237 inches of publicity in one edition, or an average of 74.9 inches.

Advertising Welcomed

The Old Age Club of Floyd County evidently does not rate The Hesperian too high. To their knowledge the newspaper has accepted advertisements from Gov. Allan Shivers in the past and they consider it likely the newspaper will do the same in the ensuing campaign. Therefore, the reasoning goes, the governor has bought the influence of The Hesperian. Our reasoning cuts across this idea this way: We are ready for the candidates and their friends to spend some of their money, instead of ours, to promote their ambitions, and we'll not only welcome, but actually solicit, advertising from reputable sources, including candidates for office. We are happy to have the Old Age Club's im-

Sentell To Accept Court's Ruling

State Rep. C. F. Sentell of Snyder has dropped plans to carry his contempt case to the U. S. Supreme Court.

Sentell said in a statement: "The principles involved would justify the appeal, but the cost of the appeal would be very high and, although friends have offered to bear the cost, I do not feel like letting them do that."

Sentell was sentenced to three days in jail by District Judge Sterling Williams for contempt of court. The state supreme court in a 6-3 holding refused to overturn the district judge's action.

Sentell was ordered jailed for three days and fined \$10 by Williams, who formerly held the legislative post in which Sentell now sits.

Miss Katharine Stryker of Ropesville was here for the Pool-Scott wedding Saturday evening. She will leave next week to attend summer school at TSCW in Denton.

Terry County Judge Herbert Chesshir of Brownfield visited briefly in Post Sunday morning. He was en route to Possum Kingdom on a fishing trip.

Mrs. Charles Didway and son, Curtis attended baccalaureate services in Levelland Sunday night for the Levelland High School graduating class, of which Charles and another son, Walter, joined them there Monday night for the commencement exercises.

Greatest Pictures, Many Prizes At Tower Theatre 'Goodtimes Jubilee'

June will be "Goodtimes Jubilee Month" at the Tower Theatre. John N. Hopkins, manager, announced this week.

Throughout the month, some of the greatest motion pictures ever made will be shown, and many prizes will be given away. In addition, four adult tickets—known as "4-Timers"—may be purchased for \$1.50 and will be good at any of the June shows.

Movie-goers whose first name is among the stars playing during the June Goodtimes Jubilee will be admitted free to the picture in which the star with the same first name appears.

"Acceptable star first names" will be posted each day in the box office," Hopkins said. "All you'll have to do to be our guest at that show is to present first-name identification, such as driver's license."

"June means that school's out, it's Father's Day, Flag Day, and summer begins," continued the manager. "It also means that for our Goodtimes Jubilee we've assembled the greatest array of outstanding motion pictures ever to be shown anywhere during one single month."

The Jubilee shows begin Tuesday with the showing of "Crusin' Down the River" with Dick Haymes, Audrey Totter and Billy Daniels. It's also Jumbo Jackpot Night at the Tower.

On Wednesday and Thursday, "Moulin Rouge," the most daring love story ever told, will be shown. The cast includes Jose Ferrer, Zsa Zsa Gabor, Suzanne Flon and Colette Marchand.

Cecil B. DeMille's Academy Award winner, "The Greatest Show on Earth," gets top billing at the Tower for four days—Friday, Saturday, Sunday and Monday, June 4-7. "No words are big enough to describe this movie, which will show at regular admission prices," Hopkins said. Stars of the picture are Betty Hutton, Cornel Wilde, Charlton Heston, Dorothy Lamour, Gloria Grahame and James Stewart.

Also during June, first run pictures will be shown at the Sunset Drive-In. At the Tower, the vacation shows for children will continue with an appropriate movie beginning at 10 a. m. every Wednesday.

From where I sit... by Joe Marsh

"High-Priced" Mistake

You noticed the big "ad" in the Furniture Store ran in the Clarion last week. It caused some embarrassment around here. It read: "Bedroom Suite, regular \$119.50, bargain price \$79.50. Guess I didn't 'proof' too well, and when our man asked for the go-ahead, I said, 'Let 'er go.'"

Kind of jokes about the price. One fellow asked if it was holding the price so tight it just snapped, and out fine in the end—Red

sold that suite for the real sale price, of course.

From where I sit, it's lucky my carelessness didn't cost Red any business. I'm the one who's always "experting" on being careful—careful of our responsibilities, careful of our neighbors' rights. Even careful to respect the other fellow's preference for a glass of beer. Let's all make a bargain to be more careful in the future.

HE'S A CHOIR MAN
DUBUQUE, Iowa — After 50 years, J. Earl Bott of Dubuque is still going strong as a choir singer. He started his choir career as a boy soprano here and later sang in St. James Protestant Episcopal Church choir in Chicago. While in the Navy he was a member of other choirs at New London, Conn.; Hamilton, Bermuda; Gibraltar; Valetta, Malta; Saplato, Yugoslavia; and Rome, Italy.

ANOTHER LANGUAGE
NEW LONDON, Conn. — A witness in Common Pleas court referred to a "krik." The court stenographer, a recent import from Connecticut from Brooklyn, N. Y., cupped his ear and asked the witness to repeat. The stenographer finally got it—*cricket*. Amused Judge Vine E. Parmelee said: "Haven't you gotten over that Brooklyn accent yet? We call it a 'krik' up here."

Midland Rodeo Dates Nearing

MIDLAND (Sp.)—Plans for Midland's 29th annual World's Championship Rodeo, to be staged June 2-6, are being completed as workmen repair and repaint the stock pens, arena fences, ticket booths and judges' stands.

Frank Cowden, Jr., president of Midland Fair Inc., sponsors of the show, said this year's rodeo will attract a record number of world championship contestants. "The \$12,000 in purses and prizes makes ours one of the bigger shows in the Southwest."

The show gets under way June 2 with a downtown parade at 2:30.

Everett Colborn, arena director, is bringing the world's toughest rodeo stock to Midland. "It is the same stock used in the Madison Square Garden Rodeo later this year."

The rodeo events include calf roping, bull riding, steer wrestling, wild cow milking, saddle and bareback bronc riding and cutting horse contest.

Buddy Heaton, one of the nation's foremost bull-fighting closers, will be seen at the Midland rodeo this year for the first time.

Post Soldier Begins Fort Bliss Training

Joe Angle Mena, Jr., son of Mrs. Luisa Mena of Post, has arrived at the Artillery Artillery Replacement Training Center at Fort Bliss for basic military training.

Mena will spend eight weeks in learning how to be a basic soldier. Upon completion of this training he will be given 14 days delay en route, or leave, prior to beginning his second eight weeks of training.

Pool-Scott Wedding Is Read In First Baptist Church Saturday

Joy Scott became the bride of William G. Pool, Jr., in a beautiful ceremony in the First Baptist Church Saturday evening.

Mrs. Pool, a 1952 graduate of Hardin-Simmons University in Abilene, has been teaching in the Post Elementary School for two years.

The bridegroom attended Hardin-Simmons for three years before entering the service. He spent 27 months with the 1st Cavalry Division in Japan. He will resume his studies at the university this fall.

The bride wore a gown of Chamilly lace and nylon tulle. The fitted lace bodice had a buttoned front, a neckline and stand-up collar and was joined to an empire waist with a circular flare of lace scalloped in the neckline. Her silk tulle skirt was trimmed with a white rhinestone and she carried a white bouquet with gardenias and lily of the valley.

Wesley Scott was her bridesmaid. Her sister, Mrs. W. P. Cure of Lubbock, read the double ceremony at 8 o'clock. Altar decorations included white gladioli, candelabra and palm branches.

Francis Dietrich, officiating, offered a prayer including "O Praise Him," "I Love Thee," "Why Love You" and "O Perfect Love." The bride's brother, Vernon, sang "You'll Never Be Alone," "Because" and "Lord's Prayer" with accompaniment by Miss Dietrich, who played the wedding march, "I Love You Truly" as the bride and groom were repeated.

Scott gave his daughter in law a gown of Chamilly lace and nylon tulle. The fitted lace bodice had a buttoned front, a neckline and stand-up collar and was joined to an empire waist with a circular flare of lace scalloped in the neckline. Her silk tulle skirt was trimmed with a white rhinestone and she carried a white bouquet with gardenias and lily of the valley.

YOUNG AT 40?
HARTFORD, Conn.—A man in his early 40s was referred to as an old man at a state board of pardons meeting. Gov. Tom Connally commented: "Do you call 40 old? Why at the age you are practically prenatal." Lodge is in his young 50s.

Grassland Farmers Petition Entrance

Lynn County farmers in the area along the Garza-Lynn County line have petitioned the High Plains Underground Water Conservation District and the water board to have the district boundaries redesigned so that conservation benefits will be provided for them, said Tom McFarland, district manager, Lubbock.

A meeting was held at the Grassland school a few months ago, at which time district officials met with farmers to explain the functions of the district and what it is trying to do through its rules. Later, farmers there circulated a petition to get into the district. It got 50 signatures.

What largely remains now for the area to become a part of the district is two elections. McFarland said—one in the area petitioning for entrance and one in the rest of the district actively participating.

Crosbyton Rodeo To Be June 2-5

CROSBYTON—Prizes worth \$2,500 will be awarded in the Crosbyton Rodeo Association's seventh annual rodeo here June 2-5. The awards will include a Leddy saddle for the best average in roping events.

A "Figure 8" drill will be presented at the rodeo arena Saturday night, June 5, by the Tom Green County Sheriff's posse from San Angelo.

Stock will be furnished by W. W. Branscum of Muleshoe, John Townsend, Nossaman will be the announcer, and Jane Mitchell, Dalhart, the clown.

Colorado City Lake Is Full Once Again

Post members of the Lakecrest Angler's Club were glad to learn this week that the Colorado City Lake is filled to capacity following the recent rains and that the club has resumed operations.

Joe S. Moss, one of the local members of the angler's club, was at Colorado City Sunday and brought back the report that the lake is once more a fisherman's "paradise" after having been dry for the past few years.

Moss said he didn't do any fishing, but that several others did and he saw some nice catches of crappie and catfish.

The Lakecrest clubhouse is located at the lake on the Big Spring highway. Moss said there are about 15 members of the Lakecrest Angler's Club in Post.

Bronze Star Medal Awarded Major

WALKER AFB, N. M. (Spl.)—Maj. Alfred R. Morris of Coleman, Tex., has been decorated with the Bronze Star Medal by Brig. Gen. Thomas C. Musgrave, Jr., of the 47th Air Division.

Major Morris, whose mother, Mrs. Ethel Morris, lives in Post, Tex., distinguished himself by meritorious service in connection with military operations against an enemy of the United States in Korea as commander of the 18th Communications Squadron of the 18th Fighter Bomber Wing.

This former Grapeland High School graduate, according to his citations, "through outstanding characteristics of leadership and devotion to duty, plus his vast technical knowledge, Major Morris accomplished the development of communications facilities at this Korean base in such a superior manner as to reflect great credit upon himself, the 18th Fighter Bomber Wing and the U. S. Air Force."

Major Morris now resides at 7 Hunsinger Place in Roswell, along with his two children and his wife, Mary Lou Morris.

Adjustments Slated On Cotton Acreage

ABILENE (Spl.)—State and county cotton acreage records for 1953 will be adjusted upward because of abnormal weather conditions, the West Texas Chamber of Commerce has been advised.

Frank H. Husbands, general manager of the WTCC, said Agri-cultural Secretary Ezra Taft Benson had advised him by mail of the adjustment.

The chamber wrote Benson \$0 West Texas counties lost 2,916,717 acres in 1953 as compared with 1951 and 1,805,627 acres as compared with 1952.

The acreage was not planted because of abnormal weather conditions, including the drought, Husbands said.

Mr. and Mrs. Carl Cedetholm and Mrs. Donald Pennington of Southland have returned from Decatur after a visit with their brother, Riley Howard, who has been ill.

Four Post Students Are Candidates For Degrees At Texas Tech College

Four students from Post are among the 642 candidates for degrees at Texas Tech, Lubbock, where commencement exercises will be Sunday and Monday.

The Post candidates are Elizabeth A. Williams, Bachelor of Arts, chemistry major; Emery O. Young, Jr., Bachelor of Architecture, design option major; Claudia Jean Teer, Bachelor of Science in Education, elementary education major; and Carolyn Bruce Boren, Bachelor of Science in Education, elementary education major.

A tentative list of candidates, released by the college registrar, shows Tech will confer 585 bachelor degrees and 57 advanced degrees, including its first doctor of philosophy in geology, Francis Earl Green, Slaton, instructor in geology, is expected to get his college's first geology doctorate. His two previous degrees were from Tech.

The list contains 126 candidates—including 10 graduates—who completed degree requirements at the end of the fall term in January, and the 516 candidates who expect to complete requirements in May.

Baccalaureate speaker Sunday in Jones Stadium is Dr. Marvin Vance, who ends his fifth year as pastor of the First Methodist Church in Austin June 1. Dr. Vance, holds the doctor of divinity degree from Southwestern, has served churches in Houston, Pasadena, Bay City, and Jacksonville.

The commencement speaker is Dr. Ernest C. Colwell, dean of faculties of Emory University, Atlanta, Ga. Dr. Colwell received his doctorate from the University of Chicago in 1930, and during a general administrative reorganization in 1945, he served as president of the university. An authority on New Testament manuscripts, he has been at Emory since 1951. He holds three honorary degrees, one each from Emory, Harvard, and Colby.

The commencement exercise starts at 8 p. m. in Jones Stadium. In case of bad weather, services will be moved to the First Baptist Church.

Reserve commissions in the

Army, for ROTC graduates, will be given at 10 a. m. Saturday. Air Force reserve commissions will be presented at 10 a. m. Monday. Both services will be in the Agriculture Auditorium.

April Was Safest Highway Month

AUSTIN—April was the safest month on the highways with fewer accidents and deaths than any other month so far this year, the Department of Public Safety reports.

Nevertheless, Texas' death and accident toll on the highways this year is running ahead of last year.

N. K. Woener, chief statistician for the department, said reports were received of 141 fatal accidents last month killing 168 persons. March stood as the worst of the four months. In that month, 163 fatal accidents killed 199 persons.

The four-month total of 611 accidents in which 722 people have been killed is ahead of 1953 by 3 per cent in accidents and 2 per cent in fatalities. On the basis of miles traveled, the death rate was up 3 per cent.

Rope Once Used As War Weapon

The art of lassoing, such as will be seen at the Post Stampede and Rodeo here next week, didn't originate in the Wild West.

The rope was used as a weapon of war, according to Herodotus, Greek historian, who lived five centuries before Christ.

Herodotus wrote: "The Sargartians used lassos made of thongs, plaited together, and trust in these wherever they go to war. When they meet their enemy, they straightway discharge the ropes, which end in a noose. Then whatever the noose encircles, be it man or be it beast, they drag it toward them, and the foe entangled in the coils is forthwith slain."

Orabeth Maxey accompanied Mr. and Mrs. Louis Sinclair and son of Abernathy to Weatherford for the weekend. Terry Sue Sinclair stayed with the Quannah Maxeys.

Mr. and Mrs. J. C. Howard went to Midland Sunday after their children, Marie and Kenneth, who had spent a week in the James Dunn home.

Work Under Way On Highway Projects

Work is reported progressing this week on three separate road projects in Garza County.

On Farm-Market Road 651 from eight miles northeast of Post to the Crosby County line, small structures are being built and forms are being constructed for pilings on the new bridge to be built over Salt Fork of the Brazos River. Also to be built is a bridge over McDonald Creek. The new bridges are to go up about one-half mile west of the present wooden structures.

Present work on the U. S. Highway 380 project from Post east for 11 miles consists of widening of structures on the north side.

The other project on which work is under way is widening of bridges on U. S. Highway 84 from Post south to the Scurry County line. Workmen were engaged Tuesday in widening of the overpass just south of Post.

Morton Man Injured In Auto Accident

Roy Green of Morton was slightly injured Saturday night when his automobile and one driven by Mrs. Neva Walker of Lubbock sideswiped north of town near the Wilson turn off.

Green's wife and his two sons and Mrs. Walker escaped injury. Both automobiles were heavily damaged, according to sheriff's officers who investigated the accident.

The Green family were en route to Post to visit her parents, Mr. and Mrs. R. E. Cox.

After returning to Morton, Green was treated at a hospital there for arm and side injuries.

Scout Executive Is Home From Hospital

Curt A. Wilcox of Lamesa, son-in-law of Mr. and Mrs. E. E. Pierce of Post, was returned to his home Monday from Baylor Hospital in Dallas, where he had been since becoming suddenly ill May 14 while on a fishing trip near San Antonio.

Wilcox, who is a Boy Scout field executive in the Lamesa district, suffered paralysis of one side of his body for several days after becoming ill. The paralysis was now left and he is reported to be recovering nicely.

Seat Cushions Made Available At Rodeo

Post Jaycees are renting seat cushions at the Post Stampede Rodeo, with all proceeds above expenses going into their city park fund.

George Dubose, chairman of the project, said four Jaycees were engaged in rental of the cushions at Wednesday night's opening performance. The cushions rent for 25 cents.

The seat cushions were made by the Jaycees.

Bowen Stephens To District Contest

Bowen Stephens, Garza County winner in the FFA Tractor Operators Contest, will compete at Rotan at 10 a. m. Saturday in the district contest. The district winner will qualify for the state contest in Dallas.

Bowen, son of Mr. and Mrs. Wesley Stephens, won the county contest here a few weeks ago over three other contestants. The county event was sponsored by the Garza Tractor & Implement Co.

Bowen will be accompanied to Rotan by E. F. Schmitt, FFA chapter advisor here.

Erosion Control Funds Boosted

Garza County has been allocated an additional \$16,403 for emergency wind erosion control and more may be coming, Mike E. Custer, county office manager for the Agricultural Stabilization and Conservation Service, said Tuesday.

The county's original allocation was \$22,700. The additional funds is the county's portion of a new grant of \$1,500,000 made to the state by the federal government. The total allocated the county now stands at \$39,103.

The money is to be used for federal payment on practices carried out under the wind erosion control program. Six practices are applicable in Garza and surrounding counties for federal payment.

The deadline for making application for payment on these practices is June 1. The ASC office here will be closed Monday for Memorial Day, but applications will be accepted through Tuesday, Custer said.

"To receive payment for practices already completed or started," Custer said, "farmers should simply contact the ASC office not later than closing time Tuesday and make application for payment. They must show a report that the work has been started or completed."

Farmers planning to start any of the wind erosion control practices after the June 1 deadline will do so under the original provisions of the emergency control act, which says they will request payment and make application before the practice or practices are started, the ASC official said.

Man Charged—

(Continued From Front Page) through his automobile license and transferred to the Garza County jail Tuesday. The county attorney said the man is wanted in Big Spring for similar activities and on a swindling by worthless check charge.

Walker said similar cases have been reported here by other grocery stores and by service stations. The Big Spring man, however, is the first to be arrested and charged in connection with the racket.

In each instance, Walker said, the approach is the same. The perpetrator gains the merchant's confidence through the promise of bringing him additional business. He also throws the merchant off guard by telling him that he doesn't expect him to cash a check, but offers to leave his watch as security.

"The only way we'll be able to break up this racket," said Walker, "is through 100 per cent cooperation on the part of the business people. If they'll let us know when one of these fellows approach them, we'll do the rest."

Regardless of the time of day or night, any businessman being approached by one of these "smooth" operators is asked to call one of the sheriff at our home or at our office. It may be the only means of keeping anywhere from \$200 to \$500 being carried out of town by fast-talkers.

The county attorney also urged businessmen to get the automobile license numbers of such operators, if possible. "That's how we caught the fellow we've got," he said.

Board Discusses—

(Continued From Front Page) and should make no changes until directed to do so."

Supt. Arthur said there are 24 Negroes on the 1954 scholastic census roll in the Post Independent School District. Fifteen Negro students attended school here during the 1953-54 term, and transfers from other districts.

A ninth grade section was added at the Post Colored School for the 1953-54 term, marking the first time grades higher than the eighth have been taught there.

The superintendent also said that an improvement program at the school this summer will include repainting and improvement of rest room facilities, including installation of 1,250 feet of sewer pipe.

Howell Rites—

(Continued From Front Page) Leveland; five sons, Lonnie and Byron of Tahoka, Auburn of Levelland, Conor of Pampa and Dee Howell of Long Beach, Calif.; two brothers, J. E. Howell of Post and Willie Howell of Stephenville, and a sister, Miss Emma Howell of Stephenville.

Lord Cornwallis surrendered to Washington at Yorktown in 1781.

Warning Is Issued Against Vandalism

Sheriff Carl Rains warned this week against continued outbreaks of vandalism, which have included breaking of a show window here with a beer bottle.

"Those guilty will be prosecuted to the fullest extent of the law, if apprehended," the sheriff said.

A show window at Hodges Tractor Co. on East Main was broken by a quart beer bottle, evidently thrown from a moving automobile.

Main Street—

(Continued From Front Page) gistered with the CC secretary Fritz Greenfield at the CC office but their names are not available at this writing. All will be cute and curvaceous and charming. The winner of Saturday's contest will have the honor of representing Post at the formal opening of the pool when girls from surrounding towns will take part in a bathing beauty event. To get "in the swim" you must register not later than 6 p. m. on Friday afternoon at the CC office. You do not have to have a sponsor to enter.

One Day Service is offered on film developing at DODSON'S JEWELRY. All kinds of roll films are developed, so take your kodak films to R. B. and "B" if you want quick service.

(Continued From Front Page) onds, led the barrel racers in the cowgirl's sponsor contest. Mary Anne Parris of Lubbock was second in 22.5 seconds, and Connie Connell of Polar, third in 23 seconds flat.

First, second and third place winners in the saddle bronc riding were Don Workman of Olton, Jimmy Moore of Post and Arnold Walker of Post.

John Burris won the ribbon roping with a time of 17 seconds flat. Alex Fry of Spur was second with a time of 17.6, and Ned Myers of Southland, third in 21.7 seconds.

The only winner in the wild mare race, another new event, was Workman.

Placing first in bull riding was Brandon McReynolds of Kermit, with Bill Arnett of Loop and Seagraves winning second. They were the only qualifying riders in the event.

The first go-round will be completed at tonight's performance, with the second go-round to get under way Friday night.

SLEEP—WITH GUNS

KUALA LUMPUR—One of a group of Vietnam information officers visiting Malaya on a study tour, suffered sleepless nights here because he missed the sound of mortar fire in his hometown of Hanoi. Dinh Trinh Chich said he had learned the art of restful slumber despite the sound of gunfire.

SUGAR, SUGAR

SAN FRANCISCO—Artist Mel Warenback became the father of twin girls and mailed announcements saying, "Sugar and Spice and Everything Twice!"

W. A. Talley of Muleshoe is here visiting Don Davis and attending the Post Stampede Rodeo.

Warning Is Issued Against Vandalism

Sheriff Carl Rains warned this week against continued outbreaks of vandalism, which have included breaking of a show window here with a beer bottle.

"Those guilty will be prosecuted to the fullest extent of the law, if apprehended," the sheriff said.

A show window at Hodges Tractor Co. on East Main was broken by a quart beer bottle, evidently thrown from a moving automobile.

Main Street—

(Continued From Front Page) gistered with the CC secretary Fritz Greenfield at the CC office but their names are not available at this writing. All will be cute and curvaceous and charming. The winner of Saturday's contest will have the honor of representing Post at the formal opening of the pool when girls from surrounding towns will take part in a bathing beauty event. To get "in the swim" you must register not later than 6 p. m. on Friday afternoon at the CC office. You do not have to have a sponsor to enter.

One Day Service is offered on film developing at DODSON'S JEWELRY. All kinds of roll films are developed, so take your kodak films to R. B. and "B" if you want quick service.

As soon as "30" is signed to the rodeo and swimming pool events we know a bunch of fellows who are taking off on that delayed fishing trip. Bill Edwards at GREENFIELD HARDWARE has assembled a complete stock of everything in the fishing gear line. You will find the new Whirlaway rods and reels, all types of trot lines, Coleman stoves and other Coleman sports paraphernalia at GREENFIELD'S.

Dove Mayfield and his mates have a complete repair and mechanical department at DOWE H. MAYFIELD CO., INC. and say "Don't put off repairs because you are short on cash?" You will find an easy payment plan in operation at the International Harvester plant, so check with Dove or other members of his staff.

Now is the time to contact Walter Johnson about that all-purpose building and repair plan that FORREST LUMBER COMPANY offers. Whether you are planning to build a new home or repair your old one you will find that FORREST finance plan has a spot to cover your needs.

Getting Off Without Harm Sometimes Harder Than Staying On Brahma Bull

The cowboy comes out aboard a big, vicious Brahma bull, his only equipment a loose rope around the bull's shoulders just behind the hump, a clanging bell attached. The rider can use no knots, hitches or freak handhold that will prevent the rope and bell from falling free of the bull when the cowboy leaves the animal's back. Only one hand can be used to hold on with and the other must wave in the air.

He attempts to land so that the bull is headed away from him, which will give him time for a start toward safety before the Brahma wheels and charges toward him. For the Brahmas are the only rodeo animals that will try to gore and trample a cowboy and even pursue him.

Rules Are Tough In Bronc Riding

Most spectacular of rodeo events, as far as many spectators are concerned, is the saddle bronc riding. Shouts of "Ride 'em, cowboy!" split the air as horse and rider come out of the chute but there is a feeling, too, of admiration for the independence of spirit of the horse which is determined not to be ridden.

Bruins Hit Bingo On Bankers-Baker Combo

It was a gloomy Monday for the Cubs on Sept. 14, 1953, says The Sporting News. They were in seventh place with no hope of improving their position with only two weeks left of the season, which had been one bitter disappointment after another.

But in the years to come that date may prove to be one of the brightest in the annals of the Chicago National League club.

On that day two slender young Negroes reported to the Cubs. They were the first of their race to play in a Cub uniform. But that may soon be just incidental.

What will make the date of Sept. 14, 1953, historic is that it meant the merging of a second base combination that within a short time will be etched into Cub lore alongside such keystone duos as Joe Tinker and Johnny Evers and the two Bills, Jurgens and Herman. Authority for that statement is Manager Stan Hack. The present keystone combination consists of Ernie Banks and Gene Baker. They came

from two widely divergent points. Baker reported from Los Angeles, where he had starred on the Cub farm for three years. Banks checked in from Kansas City, where he had been playing for the Kansas City Monarchs in the Negro American League.

They had never played together before. In fact, they did not even know each other. Neither had there been a suggestion to either that they were to be paired as a keystone combination. After all, both of them were shortstops by trade.

The two kids have found their spot, says The Sporting News, and their traveling days appear to be over. Wrigley Field will be their address for some years to come.

The Cubs have been calling their new second base combination of Ernie Banks and Gene Baker "Bingo Bango."

"The nickname just seemed to pop up and now everybody calls 'em that," explained Catcher Joe Garagiola. "It seems to fit them the way they've been playing for us. They've got rhythm."

Wally Moon, who was so impressive in spring training that the St. Louis Cardinals traded Enos Slaughter to the Yankees does the youngster would have every opportunity to strut the ability he has shown with his Louisville Slugger, has a master's degree in education from Texas A&M.

The Cincinnati Red Legs get quite a kick out of a story they tell on Ted Kluszewski. It seems

Excellent Work Of Horse Is Often Overlooked In Calf Roping Event

In the excitement of watching the "hurry, hurry" of a crack rodeo roper in action, the casual rodeo spectator is apt to forget the roper's horse and the part it plays in taking its rider to the pay window. Even rodeo write-ups seldom give credit to this equine great of the rodeo world—the calf-roping horse.

Will Rogers once remarked: "Contest ropin' is just like marriage. It's a partnership affair between the cowboy and his horse." Will even went so far as to say that a cowboy's chance of winning depends about 75 percent on the know-how of his horse.

First class rodeo horses trained to perfection are almost priceless. Since it takes years of patient work to turn out a top horse, the cowboys who own such an animal know its real worth. Although many a cowboy considers his horse only as good as the amount of prize money he wins roping from it, real sentimental attachments sometimes occur.

The late Jack McClure, one of the fastest ropers ever to dab a loop on a junior Brahman, owned two great mounts. Legs and Silver—from which, incidentally, he won plenty of money in the early 30's. When these two horses died within a few days of each other on his Lovington, N. M. ranch, Jake was so heart-broken he went to bed for several days and never spoke to a soul.

When Ike Rude, of Mangum, Okla., sold Baldy to the late Clyde Burke, another Oklahoman, he said, "It's like parting with someone in the family, but I know Clyde will take good care of Baldy, and I know the old horse will win lots of money for him."

The transaction over Baldy, probably the greatest money winning rope horse that ever pounded after a dogie, was sold for \$2,500, one of the highest prices ever paid for a rope horse. But in following years Baldy won over a hundred thousand dollars for his riders.

To earn top billing a rope horse must be able to do the following tasks without a bobble: It must stand quietly in the chute box until the calf is turned out; it must "seize" (start after the calf only at a given signal or cue) without breaking the barrier; it must overtake the calf as quickly as possible, no matter where or how crooked the calf turns; it must "rate" (fol-

RE-ELECT TEACHERS
Board members of the Grassland school have elected Principal and Mrs. Claud Johns as teachers for another year. Members of the board are L. B. Burk, president; H. W. Edwards, secretary; and E. M. Thomas, A. L. Norman, W. W. Young, Ted Aten and Ted Dockery.

TRUE FISH STORY
COURTENAY, B. C. — James Robertson, Jr., 12-year-old fisherman, wasn't fooling when he told about his "big" catch. He was fishing for cod off the jetty at Goody Spit here when he hooked an eight-foot octopus. The creature was landed with the help of Jimmy's father and a friend.

Although the female Indian elephants have very small tusks those of African elephants are large and are used extensively in feeding.

low the calf in perfect position for the cowboy to toss his loop. When the roper connects and dismounts the calf horse must stop with a quick, smooth sliding air-brake action. As the cowboy grabs the calf and prepares to tie it, the horse must keep the rope taut so the struggling calf stays down.

Thirty years ago well-trained horses were novelties. The horse simply learned what they needed to know from the chores on the range. One of the first cowboys to ride off a specially schooled horse was Ed Bowman of Falcon, Colo. His mount, Back-Up-Pete, was so named for its ability to back on a rope when Bowman was down for the tie. After Back-Up-Pete's appearance all the professional started training horses in small arenas under simulated rodeo conditions.
