## Right-Of-Way Bond Election Carries, 48-12

Voters of Road District No. 3 of Garza County approved a \$30,000 right-of-way bond issue Saturday by a vote of 48 to 12, there- by assuring two State Highway Department road improvement projects costing \$484,432.80.

The vote at the Precinct 3 box (Verbena Church House) was 13 for and 7 against, and at the Precinct 9 box (Pat Walker residence), 35 for and 5 against.

The bond issue has been sold to First Southwestern Co., Investment Bankers, subject to approval by the Attorney General, County Judge Oscar Graham said Tuesday. The bonds were sold at an interest rate of 2 1/2 per cent for the first two years and 2 1/2 per cent a year for the remaining time of payment.

Also approved, along with the bond issue, was levying of an ad valorem tax of approximately 30 cents per \$100 property valuation for the first year and less each year thereafter for a period of not more than 10 years.

The bond issue election was called after the county had exhausted all other means of acquiring right-of-way for the proposed road improvement projects.

The right-of-way could not be purchased from current county funds (warrent issues), because there are no county funds against which warrents could be legally issued, officials explained.

The State Highway Department has already allocated funds for the two road projects and contracts are expected to be let soon after the bond issue is approved by the Attorney General.

One of the proposed improvement jobs is on U. S. Highway See BOND ISSUE, Page 8

## March Of Dimes Tempo Picks Up In County's War On Polio

The highlight of the 1954 March of Dimes in Garza County will come tonight when mothers of Post "march on polio." The stage for tonight's "Mothers' March on Polio" was set earlier in the week when Girl Scouts went from house to house asking residents to leave their porch lights on or have a light burning in the window if they wish to contribute tonight when the mothers come around.

The mothers' march is being sponsored by mothers of the Girl Scouts. The chairmen are Mrs. Eva Henderson, Mrs. James Dietrich and Mrs. Vada Clary.

This afternoon, literature publicizing the march was to be dropped over the city from airplanes, according to Pat Henderson, MOD chairman.

Scheduled for Friday is a "Fathers' March on Polio," with the Rotary Club as the sponsoring organization. Fathers will call on downtown business places for MOD contributions.

The county chairman said a number of community benefits are planned here and elsewhere in the county during the next few weeks. A benefit "42" party is to be held Friday night in the Pleasant Valley community, with all proceeds going to the dimes drive.

The Veterans of Foreign Wars Auxiliary is to hold a benefit party at the VFW Hall the night of Feb. 17 and will turn proceeds over to the campaign. Admission will be 75 cents a couple, with children admitted free. Bingo will be played.

Henderson said coin collection cards had been distributed among pupils at the grade school. Coin containers are up in most business places through-

out the county. The chairman said a series of benefit dances are being planned, but that a definite date has not yet been set. On Saturday, at least one Garza County amateur performer will appear on Station KDUB-TV's all-day "Telethon," which

is for the benefit of MOD drives throughout the South Plains area. Although the drive is scheduled to end Jan. 31 in most places, it will continue for a longer period here because of a late start, Henderson said.

### CITY, COUNTY PITCH IN AND HELP

## Jaycees Plant 43 Trees At City Park

Forty-three cottonwood trees were planted at the city park site Tuesday as members of the Post Junior Chamber of Commerce got their park improvement project into full swing.

The cottonwoods were dug up from Double U Co. property on the river, northeast of town.

One crew of Jaycees worked at the park planting the trees while another crew dug them up and hauled them in. Both crews were assisted by county and city employees and other

workers. Malcolm T. Bull, Jaycee park chairman, expressed himself as "well pleased" at the progress made Tuesday. He said that on behalf of the Jaycee organization he wishes to thank the county and city for making their machinery and labor available on the tree planting project.

The cottonwoods were planted in three rows across the north side of the park from east to west. The city has promised to water them from the lake until water lines are laid at the park.

"Tuesday's work resulted in completion of the cottonwood planting, but we've still got a big job ahead in our park improvement," Bull said. Elm trees are to be planted within the next few weeks, and the Jaycees are to build three barbecue and two garbage pits in their section and level off the playground site.

A total of 16 workers, seven of them Jaycees, assisted in See TREES PLANTED, Page 8

## Collection Of School Taxes At 93 Per Cent

Approximately 93 per cent of Post District school taxes had been collected up to Wednesday, W. F. Presson, tax collector, reports.

Tax collections up to that time amounted to \$166,386.76 on a total tax roll of \$177,581.06. After Feb. 1, penalty and interest will be added to unpaid taxes.

## Free Lunch Aid Being Given By Local Groups

Post organizations are rallying this week to the assistance of the school cafeteria's free lunch program. E. E. Pierce, cafeteria supervisor, reports.

An appeal for aid was sounded last week because of the increasing number of free lunches being served needy children.

Pierce reported that the average of free lunches during the first nine days of January had increased to 12 daily, with seven new children being added to the lunch program last week.

Pupils of Mrs. J. A. Stallings, music teacher, will present a recital in the grade school auditorium at 7:30 p. m. Feb. 11 for the benefit of the free lunch program. Admission will be 25 cents, with all proceeds to be turned over to the program.

Recent contributors to the free lunch program have been the Parent-Teacher Association, \$100, and the Priscilla Sewing Club, \$10. Other organizations are reported discussing contributions to the fund.

## Judgment Affirmed By Appeals Court

A Garza County court judgment in the case of Raymond Letson, charged with illegal possession of intoxicants, has been affirmed by the Court of Criminal Appeals in Austin.

Letson was fined \$200 and sentenced to 60 days in jail after being found guilty of the charge by a county court jury.

## Poll Tax Total Hits 1,032 With Deadline Saturday

A total of 1,032 poll tax receipts had been issued in Garza County up to noon Wednesday, with the Jan. 31 deadline only three days away, it was reported at the tax assessor-collector's office.

For the convenience of those paying their poll taxes late, the office will remain open all day Saturday instead of closing at noon, as is customary, Carl Ce-

derholm, deputy tax assessor-collector, said.

Wednesday's 1,032 total was 417 under the 1952 total of 1,449. The record year here for poll tax payments was 1948 when 1,605 were issued.

Except for those claiming exemption because of age, poll tax receipts are required for voting in this year's important elections. In addition to primary and general elections at precinct, county, state and national levels, there are 11 constitutional amendments to be voted on in the November general election.

Three more candidates announced for office this week to bring the county total to 13. They were: Oscar Graham for re-election as county judge; Sid Crook for re-election as Precinct 4 county commissioner, and G. M. (Glenn) Davis for election as Precinct 2 county commissioner.

## FCC Grants Permit For Post Station

Wallace Simpson of Post has been granted a permit by the Federal Communications Commission for a standard radio broadcast station here, according to an Associated Press dispatch of Jan. 21.

Simpson, who recently opened the K & K Food Mart here with Edwood Wright, said Wednesday morning that he had not yet received his notification from the FCC of the granting of the permit. He said he sent the application to Washington about two weeks ago.

The AP dispatch said the grant was for a 250-watt daytime only station on 1220 kilocycles.

Simpson owned Station KCLV in Clovis, N. M., before coming to Post in December.

## Blanks Available In School Census

Parents who have not received a school census blank before Jan. 31 have been "overlooked" in the 1954 school census now under way, D. C. Arthur, superintendent of the Post schools, said this week.

Blanks have been sent to the homes of all parents with children in school. Those with children who will be six years old on or before next Sept. 1 may obtain a census blank by telephoning Supt. Arthur at 53, or E. E. Pierce at 312 W. or by sending a post card to either of the two. Parents may call at the high school business office and fill out a blank if they wish.

Every child who will be six years of age and not over 18 by next Sept. 1 should be enumerated, school officials said.

## Date Changed For C. Of C. Banquet

The Post Chamber of Commerce's annual banquet, originally set for Feb. 11, has been postponed to the following night, Friday, Feb. 12, W. S. Duckworth, president, said Wednesday.

The banquet date has been changed from Feb. 11 because of a conflict with other events which had already been scheduled, Duckworth said.

Meanwhile, a program is being arranged for the banquet, which is to be held at the City Hall, beginning at 7:30 o'clock.

Four new directors and a president and vice-president are to be installed at the banquet.

Tickets for the event will go on sale Monday. Twenty-four ticket committeemen have been named and are to be divided into 12 teams, with each two-man team calling on a certain type of business firms. The banquet is to be a stag business-men's affair, officials said.

The ticket committeemen are: Clint Herring, L. E. Webb, R. J. Jennings, Robert Cox, Ted R. Hibbs, Dick Woods, Dr. Harry A. Tubbs, Ira Greenfield, S. E. Camp, Bill Edwards, Tom Power, Noah Stone, Levi Noble, A. S. Darby, Raymond Young, W. B. Williams, Oscar Graham, Dean A. Robinson, R. H. Tate, Ellis M. Mills, Chant Lee, Buster Moreland, Powell Shytles and Earl Rogers.

## Champion Steer At Fort Worth Show

The grand champion steer at Garza County's 1953 fair will be shown Monday in the 58th Southwestern Exposition and Fat Stock Show in Fort Worth.

The Hereford steer was taken to Fort Worth today by its owners, Ned and Fred Myers, Southland 4-H Club members. It was to be weighed in today, sifted Friday and judged Monday.

County Agent Lewis Herron will be at the Fort Worth show on the day of the judging.

## House Numbers Going Up

The Post Lions Club reports progress this week on its house numbering project, although members admit that it has turned out to be a much bigger job than was anticipated.

Almon Martin, the only worker at the job the first few days, had help this week and expects to get more by this weekend or the first of next week.

With all houses numbered in most of the northeast part of town and numbers up on all business places on East Main Street, the project was temporarily halted at mid-week until more numbers arrive.

The club ordered 1,500 numbers, but have run out of "3"s, necessitating a re-order, which is expected to arrive within the next few days.

The house numbers are being installed at a cost of 50 cents, which pays for the number and the cost of installation, members said. Their goal is to number every house and business place whether or not the 50-cent fee is collected at each place.

The Lions emphasize that they are using the new city map as a guide in numbering the houses. This map was drawn and approved following completion recently of the City of Post's street re-naming project.

The Lions are also taking orders for reflectorized lawn signs, which are being sold by the Post Junior Chamber of Commerce at \$2.50 each. Those purchasing one of the lawn signs will not be expected to pay for the house number.

It has turned out to be a long-range project, club members explain, but can be speeded up if occupants of houses and business places will continue cooperating.

PLENTY OF HELP—Almon Martin, Lions Club member, putting up a new house number at the home of Mr. and Mrs. Sonny Hitt, 101 East 11th Street, is being handed things he needs by the Hitts' two-year-old daughter, Judy.—(Staff Photo).

# Protect Your Privilege To Vote! — Pay Your Poll Tax!

Thursday to Thursday

By CHARLES DIDWAY

The time is growing short in which to pay your 1954 poll tax—if you haven't already.

Many of the nation's Boy Scouts, whose theme for the month is "Trails in the Sky," watched the eclipse of the moon Monday night of last week.

A fascinating thing about those "trails in the sky" is that they've been charted, but they haven't been traveled.

Coming back down to earth for a moment, Boy Scouts and their fathers are looking forward to the Father and Son banquet on Feb. 15.

Another banquet on the local calendar is the Chamber of Commerce's annual membership banquet, set for Feb. 11.

This weekend's cooler weather drove the "fresh air" domino players inside.

R. Justice, owner of the cafe, said the outside domino tables were first made available three or four years ago.

It won't be long now before plans start shaping for the 1954 American Red Cross Fund Drive.

While on the subject of fund campaigns, let's not fail to give our individual and collective support to the March of Dimes now under way.

Automatic Vending Machines Useful, But They'll Never Replace Enthusiastic Clerk

BABSON PARK, Mass.—As happens every once in a while, stories have been going around which portray a brilliant outlook for the automatic vending machine business.

Automatic Merchandising Has Distinct Advantages

This robot is essentially a supplementary salesman. Automatic vendors do well on low-cost items as cigarettes and candy.

Another rapidly growing field where the machines play a valuable role is in supplying snacks where food is not otherwise available.

Profits Are Not Large

But these uses, while they assure further growth to the industry, do not constitute a golden road to riches.

In addition, vandalism by small boys and petty thieves is an occupational hazard of the robot.

MOTHERS MARCH TONIGHT

"Light the Way to Victory" is the slogan that mothers will use here tonight in the annual Mothers' march on polo.

Victory is nearer than ever before, but cannot be won unless everyone digs deep in his or her pocketbook.

Turn on your porch light or set a light in your window tonight to show the marching mothers that you want to help in the campaign to stamp out polo.

TRULY A BARGAIN . . .

The Methodist Men of Post have a most worthwhile project under way in their "Milk for Korea" fund drive.

The only remaining cost of this milk is transportation, and to raise money for this purpose, Methodist Men here are joining others throughout the country.

A cup of milk a day for two months can be delivered for 10¢ (a candy bar); 60 cents (a movie ticket) will deliver a cup a day for a year.

As long as the average American is free to read what he pleases, listen to whom he pleases, travel freely, speak his mind and enjoy access to all sources of entertainment, news and propaganda he desires, communism will make no significant gain in the United States.

Don't be in a hurry to broadcast your troubles. The chances are that the community already knows them.

The most discouraging thing about raising up a child in the way he should go is that we are expected to go in the same direction.

Another advantage in being poor is that we can still make working hard for the things that made the rich discontented.

This means that the further growth of such machines will come in stores where vandalism cannot occur.

The Personal Approach

Machines do not know the psychology of selling. It is a mistake, therefore, to believe that they can ever take over the job of an enthusiastic clerk who has a true "sales appeal."

Importance Of Advertising

It is significant that the products which move well through automatic selling devices are well-known brands.

The first step will be clever packaging. And once a good design has been achieved, it must repeatedly, day after day, year in and year out, be put before the buying public.

FEBRUARY, AS USUAL, is the shortest month in the year, but you wouldn't think it by looking at a list of the special days and weeks set for observance.

The month gets off to a good start Monday, with National Freedom Day, Children's Dental Health Day, American Heart Month and National Negro History Month.

The slogan for the American Heart Month observance beginning Monday is, "Help Your Heart—Help Your Heart."

We believe that it was an old Kentuckian who won first place in 1953 in the "Liar's Club, USA."

After a full day of observances Monday, you will awake Tuesday with another one staring you in the face.

Tuesday is also the anniversary of the founding of the U. S. Army Corps, the first session of the U. S. Supreme Court and the organization of the National Baseball League.

Nothing special is scheduled for Wednesday, Feb. 3, but on Thursday we are confronted with something super-special—the first day of Kraut and Frankfurter Week.

Friday and Saturday are void of anything special, except that you'll still be eating kraut and frankfurters if you're going to observe their week, which began, you remember, on Feb. 1.

here is the anniversary of the founding of the American Legion, which is Feb. 16, and the organization of the Parent-Teacher Association on Feb. 18.

Nothing is listed for Feb. 13, but that's the day you're supposed to end your observance of Kraut and Frankfurter Week.

Sunday, Feb. 14, is Valentine Day, and elaborate displays of heart-shaped candy boxes in the city's drug stores are helping us to remember how nice it would be to have displays of some sort setting around to remind us of other dates—such as birthdays, wedding anniversaries, etc.

The 14th is also Race Relations Sunday and the beginning of Advertising Week, which continues until Feb. 20.

Feb. 15 is the birthdate of Susan B. Anthony, American suffragist, and the first day of Cherry Week, which continues through Feb. 22—the birthdate of the man who made the cherry tree famous, or was it the other way around?

## Post Girl Makes Tourney Team

Wyvonne Morris, starting guard on the Post High School girls' basketball team, was named to the all-tournament team at the Idalou cage meet, which was concluded Saturday night.

The Post girls were defeated by Shallowford, 53-39, Saturday in a game to decide the consolation winners. In a first round game, Post had lost to Meadow, 46-37.

Coach Vernon Ray's Post Antelopes were ousted from the tournament after losing to Shallowford in a first round game, and then dropping one to Bula, 41-29.

The Idalou girls and the Meadow boys won the tourney meet championships. HEADS LUBBOCK POSSE LUBBOCK—Dan Young has been elected president of the Lubbock County Sheriff's posse for 1954. Other officers who will serve during the year are: O. L. (Bud) Ely, secretary-treasurer; J. B. Pate, equipment manager; Ernest Whately, social manager, and H. B. Holdridge, parade chairman.

## Abernathy Wallops Tahoka '5, 48-31

The Abernathy Antelopes won their first District 5-AA ball game at home Friday night, defeating Tahoka, 48-31. The game gave both teams a 1-2 mark in conference play.

Bonnie Beard paced the winners with 17 points. Parrish had 10 for the losers.

Abernathy won the other two games, too, the "B" team coming out on top, 36-26, and the girls winning, 33-21. Nancy Neis had 18 points for the winners.

## Rodeo Champions To Get Awards

Presentation of awards to world championship junior cowboys and cowgirls of the American Junior Rodeo Association will be made Sunday afternoon in Fort Worth. Alvin G. Davis of Post and Brownfield, secretary-manager of AJRA, has announced.

The awards presentation will be the last event on the afternoon rodeo performance at the Southwestern Exposition and Fat Stock Show Rodeo, Davis said.

The champions are as follows: Cotton Kinney, Sulphur, La., all-around cowboy, bulldogger and cutting horse contestant; Becky Jo Smith, Jal, N. M., all-around cowgirl and optional racer; Marvin Overstreet, Dallas, champion calf roper; Sherry Price, Addington, Okla., champion barrel racer; Bill Watts, Andrews, champion bronc rider; B. J. Jones, Las Vegas, N. M., champion bull rider; Monty Epps, Magdalena, N. M., champion optional roper.

A special award for "champion hard luck member of the year" will go to Mike McFall of North Platte, Nebr.

Other officers of the AJRA are J. L. Stewardson, San Saba, president, and Betty Sims, Santa Rosa, N. M., vice-president.

# New Farm Program Needed; Present One Unworkable

(Editor's Note: Following is the first in a series of question and answers which give information on the chief provisions of the new farm program recommendations covered in a special message to the Congress from President Eisenhower.)

Q. Why is a new farm program needed?

A. Because the present farm program is proving unworkable. Huge surpluses are mounting steadily. At the same time, farm purchasing power has dropped in spite of aggressive application of price support laws now on the book.

The Commodity Credit Corporation's investments in surplus commodities have more than doubled in the past year alone. Jumping from \$2 billion in October, 1952, to \$4.5 billion in October, 1953, the CCC's financial obligations now are pressing hard against the \$6.75 billion limitation of its borrowing power.

Acreage allotments and marketing quotas have spread to

wheat and cotton for the 1954 crops. Acreage allotments for corn seem certain. And millions of acres diverted from these crops can be expected to cause serious trouble with the supplies of other crops.

But even with the application of price support programs, farm income has gone down. Thus a new program—an improved program—is needed.

Q. Is the new program entirely different?

A. There are a number of new features. But in general, the program would retain successful features of past programs, strengthen others, and replace the least successful portions.

Q. What are the most important features of the new program?

A. These features stand out: A flexible (rather than rigid) price support program, adjustable according to the supply of the respective commodities.

A modernized parity formula, permitting the price support program to reflect the ever-changing pattern of farm costs as farming methods are improved.

A "freezing" of excess commodity reserves, isolating these stocks for emergency use, and other uses outside regular channels, thus preventing them from having a depressing effect on the market or handicapping high rigid price supports.

High level trade missions and a conference with ministers of agriculture and food of other countries to discuss the stabilization of prices for farm products moving in international trade and the utilization of accumulating supplies of food and fiber.

An increase in the Commodity Credit Corporation's borrowing authority to \$8.5 billion to cover present price support commitments for 1954 crops.

In addition, the program would provide an entirely new program for wool. It would continue virtually unchanged the programs for tobacco, meat animals, dairy products, poultry and eggs, fruits and vegetables, sugar, and feed grains other than corn. Except for tobacco, the "basic" commodities would be placed under the adjustable provisions of the Agricultural Acts of 1948 and 1949. Potato growers would be given the same price support assistance as the growers of other fruits and vegetables, on a permissive basis. And mandatory price supports would be discontinued for tung nuts and honey, which would be placed in the category for which price supports are permissive.

## Texas Public Schools To Celebrate Century Of Progress During 1954

A century of phenomenal progress will be celebrated by the Texas public schools during 1954, their centennial birthday year.

The 100th birthday of the public school system falls on Jan. 31, but the observance is scheduled to last all year because there is so much to celebrate.

Today's Texas public schools are a far cry from their humble beginning back in 1854, when the per capita payment was 62 cents and the permanent school fund was started with an initial endowment of \$2,000,000. The per capita payment has now grown to \$68 and the permanent school fund to \$249,016,781.

In the same state where youngsters used to be considered lucky if they were given three or four months of schooling a year, a minimum foundation program now guarantees every child a minimum of nine months of school each year.

Despite these vast improvements, Texans have not yet achieved the goal outlined by their forefathers, the Texas Education Agency, the Texas State Teachers Association, the Texas Congress of Parents and Teachers and other participating groups hope the centennial celebration will renew the interest of the general public in its schools and lead to additional improvements.

It was on Jan. 23, 1854, that a group of Texans converged on Austin for a mass meeting. "We will not only be the Empire State in point of territory," they solemnly resolved, "but in the number and excellence of our institutions of learning."

It was a bold boast from a young state—one which had been admitted to the Union less than nine years before. But just eight days later, the Common School Law was enacted. It established the free public school system of Texas.

## To Enforce Auto Inspection Law

Enforcement of the state's motor vehicle inspection law will begin immediately following the April 15 inspection deadline, according to Capt. E. L. Posey, commanding officer of the Lubbock district of the Texas Highway Patrol.

Posey's warning is a result of a recent meeting of the Texas Public Safety Commission in Austin, during which Col. Hornor or Garrison, Jr., director of the Texas Department of Public Safety, was instructed to issue orders to begin issuing tickets on April 16 and thereafter to operators of vehicles not bearing current inspection stickers.

Garrison, in his directive to highway patrol commanding officers, pointed out that local and county officers are empowered to enforce the inspection law. He said that a policy of warning motorists without inspection stickers would be continued through April 15.

"After that date, offenders will face court action," Garrison concluded in his directive.

## Rodeo Changed To Amateur Status

CROSBYTON—The 1954 Crosbyton Rodeo, set for June 10, 11 and 12, will be an amateur show, directors have announced. During the past few years the rodeo has been a professional one, approved by the Rodeo Cowboys Association.

The directors also decided to hold a second major event this year, which will be a matched roping on April 25.

Stanton Brunson has been re-elected as president of the Crosbyton Rodeo Association for 1954.

## Girls Win, Boys Lose In Floydada Games

The Post Antelopes lost their second district game in three starts at Floydada Friday night when the Whirlwinds copped a 56-32 decision.

Post took the girls' game, however, 48-32, with De Elva Lofton tossing in 21 points for the winners, and Charlotte Johnson getting 18 for the losers.

In another preliminary game, Post's "B" team lost, 48-28.

## NAMED ATTORNEY

Donald S. Holdridge of San Angelo has been named to the newly-created position of general attorney for the General Telephone Company of the Southwest. Announcement of the appointment, which is to become effective Feb. 1, 1954, was made today by W. G. Wright, company president.

# Notice To Parents Of School Age Children

The school census is being taken during the month of January this year, rather than in March, as it has been in the past. All children who are six years old on or before Sept. 1, 1954, but will not be 18 or older on or before the same date, should be counted in the census. It is very important that all children six to 18 years be counted in the census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31 you are being overlooked and should do one of the following:

- 1. Phone Supt. of Schools D. C. Arthur at No. 53 or E. E. Pierce at 312-W for a census blank. It will be sent to you.
2. Send a postal card to Mr. Arthur or Mr. Pierce, the census officer.
3. Call in person at the high school business office, get a census blank and fill it out.

Remember, if your child will be six years old next September, 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1 he should be counted. The six year olds who start to school next September are the ones most often overlooked in the census.

Failure to count them costs the school and the taxpayers extra money. Please help us not to overlook anyone.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

## Miss Myrta Harper, Norman Cash Repeat Vows In Eldorado Church

Miss Myrta Bob Harper, daughter of Mr. and Mrs. S. D. Harper, Jr., of Eldorado, and Norman Dalton Cash, son of Mr. and Mrs. Bandy Cash of Justiceburg were married Sunday afternoon in Eldorado First Methodist church.

The Rev. Doyle Morton, pastor, read the double ring ceremony at 4:30 o'clock. Altar decorations included ivory tapers, bronze candelabra with bases of ivory carnations and pink on either side. Ivory tapers decorated the communion rail and arrangement of ivory carnations were on the organ.

A prelude of organ music was presented and Miss Dale West read "Through the Years" preceding the ceremony and "The Lord's Prayer" as the benediction. "Ava Maria" was played by the couple repeated the vows.

Given in marriage by her father, the bride wore a princess gown of ivory imported tulle over satin. It was fashioned with an off-the-shoulder neckline, long molded sleeves with appliqued roses and a champagne length train outlined with plumed roses. Her fingertip veil of imported ivory illusion tulle was attached to a Juliet cap of ivory with pearl decor. She wore a single strand of pearls and carried a white Bible topped with a brown orchid.

Mrs. Homer C. Wolfe, Jr., of Dallas, sister of the bride, was maid of honor. Bridesmaids were Miss Mary Sprout and Mrs. William H. Oglesby of Eldorado. They wore bronze taffeta ball-length dresses with mold-bodices and bouffant skirts trimmed with bronze taffeta. They wore bronze taffeta banquets with short veils and carried ivory carnations on a background of braided bronze ribbon. The bride's mother chose for her daughter's wedding a rose

lace street length dress with matching hat and gloves.

Kenneth Henson of Alpine attended the bridegroom as best man. Ushers were William H. Oglesby and Charles Ward of Alpine.

Mr. and Mrs. Hunter gave a reception in the church parlor immediately following the wedding. The serving table was laid with a white cutwork cloth and was centered with ivory tapers in silver candelabra, ivory carnations and stock. A miniature bride and bridegroom decorated the tiered cake, which was served with coffee.

For the trip to their home in Alpine, Mrs. Cash wore a grey tailored wool suit with darker

grey jacket, melon red hat and gloves and brown lizard shoes and bag.

The bride was graduated from Eldorado High School and San Angelo Junior College and her husband is a graduate of Post High School and San Angelo Junior College. Both are students in Sul Ross College in Alpine.

## National Recognition For Achievement In Safety Is Given State Committee

COLLEGE STATION (Sp.)—Recognition for achievement in farm and home safety work recently was given the Texas Farm and Ranch Safety Committee by the Farm Division of the National Safety Council. It came when Guadalupe county was chosen as the first county in the nation in which a concentrated effort will be made to properly mark every piece of farm and ranch equipment which is used on the highway with reflective-tape. Maynard Coe, National Council farm head, told a group of more than 100 Guadalupe county rural leaders at Sequin on the night of Jan. 4 that information gained from the program here will be used in planning a national campaign. Accidents, he said, involving farm equipment on the highways can be reduced "and we believe proper marking and lighting of equipment is a logical place to begin." E. C. Martin, state agricultural leader for the Texas Extension Service and secretary of the state safety committee, told the group that agricultural was now the nation's third most hazardous industry. Accidental deaths in the country number 15,000 and injuries are suffered by 1,300,000 rural residents annually. Records show, he said, that when farm machinery is involved in fatal highway accidents the chances are 18 to 1 that the farmer will be the fatality. Improper lighting or marking is a contributing cause to such accidents. After the Sequin meeting, a series of community meetings under the direction of the local county extension agents were held to explain further the program and to demonstrate how and where reflective tape should be applied to the machinery. Reports from the county show that attendance at all meetings was far above expectations. Martin says the details for expanding the program will be given immediate attention by the state committee which will handle orders for the reflective tape. Experience gained in Guadalupe county will be the basis for expanding the program not only in Texas but in the nation. He adds that organized groups of both youth and adults in the county will be called upon to assist with the program especially in applying the tape. Application goes with the sale.

### Buyers Attend Dallas Market

Miss Maxine Durrett, Mr. and Mrs. Clint Herring and Eleanor Webb were among the more than 5,000 buyers who attended the American Fashion Association's Spring and Summer Market in Dallas, Jan. 17-22. The American Fashion Association, comprised of 500 salesmen, displayed more than 1,200 lines of women's and children's apparel at the Adolphus and Baker Hotels. Headlining the events of Market Week was the A. F. A. Breakfast Clinic Style Show, presented in the Crystal Ballroom of the Baker Hotel on Tuesday and Wednesday. The theme of the shows, "Sunbrights . . . Moonlights" emphasized colors, bright as summer sunshine and fabrics, light as moonbeams, presented with a brighter outlook for summer sales figures. The fashions shown were from the spring and summer lines shown at market. Mrs. Evelyn Lambert was director and commentator for the clinics. The next market week will be held in Dallas, May 15-21 and will feature Fall Fashions.

### Miss Jennings Is Sorority Pledge

Miss Sara Elizabeth Jennings of Post is one of 31 Alabama Polytechnic Institute coeds who have been pledged by sororities this quarter, according to an announcement by Miss Betty Cosby, assistant dean of women and adviser to sororities at API. Miss Jennings, daughter of Mr. and Mrs. R. J. Jennings, has been pledged by Kappa Delta. Alabama Polytechnic Institute is at Auburn.

It is estimated that the population of the Roman Empire about 30 A. D. was about 55 million.

### Tech Lettermen Are Announced

LUBBOCK (Sp.)—Coach DeWitt Weaver has recommended 37 of Texas Tech's 'Gator Bowl' champion Red Raiders to the athletic council for 1953 season football letters. The list includes Quarterback Jack Kirkpatrick, sophomore, of Post. Fourteen of the group are seniors. Returning will be 12 juniors, nine sophomores, and two freshmen. An Associated Press second team All-America and two other All-Border Conference performers are among those to be lost. They include nationally-honored Bobby Cavazos, halfback from Kingsville, guard Don Gray of Breckenridge, and tackle Jimmy Williams of Phillips. Six were starters on the team that in regular season play captured the national scoring championship with an average of 38.9 points per game, won 10 and lost one game, and took the Border Conference title. In the 'Gator Bowl' the Red Raiders defeated Auburn of the Southeastern Conference, 35-13. Starters graduating include ends Paul Erwin of Odessa and Vic Spooner of Colquitt, Ga. Halfback Don Lewis of Quitaque, Williams, Gray and Cavazos. Some scientists believe that emigration never has slowed down the population growth of a large country.

## Let these 5 motorists tell you why thousands are switching to New Conoco Super Gasoline with TCP\*

### The Greatest Gasoline Development in 31 Years

- "Since I started using Conoco Super with TCP, the difference in my Nash has been astounding. It runs like a new car. No 'knocking' or 'pinging.' And man, you should see me take the hills!"  
Richard Palmquist, Deputy Sheriff  
2943 N. 40th St., Omaha, Nebraska
- "When I switched to Conoco Super with TCP, my man asked me: 'What have you been doing to the car? It runs like new!' We get 3 miles more to the gallon, and acceleration is just wonderful!"  
Mrs. Katherine Szatkowski, Housewife  
4816 Ash Street, Hammond, Indiana
- "Since I started using Conoco Super with TCP my Pontiac runs as though it had new spark plugs and points. When I'm on trips I carry an extra 15 gallons with me. I don't want to run out!"  
Wilford G. Dick, Owner, Dick's Window Washing Co.  
1302 M 1/2, Galveston, Texas
- "Ordinarily, I change plugs every 10,000 miles. But since using Conoco Super with TCP, I've driven 14,000 miles and the plugs are perfect. And I'm getting almost 3 miles more a gallon!"  
Howard J. Ford, Roofing Salesman  
1621 47th St., Des Moines, Iowa
- "Using Conoco Super with TCP, I'm getting two miles more to the gallon. And I'm getting 100% increase in all-around performance. You get the best out of your car using Conoco Super!"  
Ben E. Waggoner, Bank Executive  
3820 S. Cherokee St., Englewood, Colo.

**Think You're Due Income Tax Refund? Then Don't Wait Till March 15 Date**

If you think you are due a refund from Uncle Sam on your 1953 income tax payments, get your claim in early—and, if you are right, you'll get a check from Uncle Sam that much quicker. Quicker yet than if you were to wait until the filing deadline of March 15.

Refunds may be brought about by several situations. If you have reason to believe that your recognized expenses are greater than average—to the government about 10 per cent of your income—figure it out with the tax form and instructions in hand.

Was there a new addition to the family last year? Or did a close relative come to live with you, supported by you? Did you have a lot of medical bills? Did you have heavy interest payments on your home? Did your various recognized deductions amount to something over 10 per cent of your income in total? If, after careful analysis, you find that this is so, and if the government agrees with your figures—you'll get money back. And, incidentally, your government wants you to get this money. It wants a square deal from everyone, payments for what has been set for your income bracket, no more, no less.

So, if you think you're entitled to a refund, fill out your return carefully, mark your envelope "refund claim" for channeling to the right department, put a 3c stamp on it (two stamps if it's heavy) and rush it in. You'll

**Texans Are Living Longer Than Ever Before, Says Cox**

AUSTIN (Sp.)—"Texans are living longer than ever before," declares Dr. Geo. W. Cox, state health officer. A baby born in 1937 had a life expectancy of 59 years. This has increased during the past 17 years until now a baby born in Texas today can reasonably expect to live to the age of 69, or very near the Biblical prophecy of three score years and ten.

Many things have contributed to this extension of life, such as early diagnosis, new methods of treatment and medicine, immunization and the intensive public health program conducted by the Texas State Department of Health and local health agencies. This program has stressed education and demonstration.

Dr. Cox points out that the greatest strides in disease prevention has come about in diseases of infancy and childhood. Since 1937 infant mortality has been reduced 54 per cent, diarrhea, enteritis and dysentery 68 per cent, whooping cough 88 per cent, diphtheria 92 per cent, and other childhood diseases. During the past 17 years, tuberculosis deaths have dropped 76 per cent, malaria 99, syphilis 74, appendicitis 98, pneumonia 72, and typhoid fever 98 per cent. Smallpox has all but disappeared.

Dr. Cox warns against any feeling of complacency or reduction in efforts to prevent disease. Those listed above could, if not guarded against, again become a definite menace to health. Some diseases have increased, especially among those over forty years of age. Two of these are heart disease and cancer whose toll continues to mount. More emphasis must be placed upon them as well as the so called degenerative disease because as our population ages, they are becoming more common.

## Abernathy Cagers Defeat Post In Two Games; Floydada Takes Lead

The Abernathy High School boys' and girls' basketball teams won District 5-AA games here Tuesday night from the Post Antelope cagers.

The visiting boys won, 50-39, and the girls took a 48-29 decision to remain undefeated in district play. The loss evened the Post girls' district record at 2-2.

Coach Vernon Ray's cagers held a 12-11 edge at the end of the first quarter, but couldn't hold the visitors, who were paced by Geronimo Ramos' 18 points. At halftime, Abernathy was ahead 22-19, and held a 37-30 third quarter edge.

Bobby Cowdrey, with 12 points, and James Dye, with 10, led the Post scoring.

In the girls' game, the visitors led 30-18 at halftime, and outscored Coach N. R. King's girls' team, 18-11, in the second half. High point honors were won by Nancy Neils of Abernathy, who scored 23 points. Her teammate Sherley Oswald racked up 16. De Elva Lofton led the Post scoring with 17.

In other District 5-AA games Tuesday night, Floydada took over leadership in the boys' division by defeating Slaton, and Tahoka won their second district game by downing Spur. In the girls' division Floydada downed Slaton, and Spur won over Tahoka.

## Funds Sought For Diabetic Camp

Max Bentley of Abilene was in Post Monday on behalf of the Southwestern Diabetic Foundation of Gainesville, Tex., of which he is chairman of public relations.

Bentley, now retired, is a former managing editor of the Abilene Reporter-News.

The Southwestern Diabetic Foundation, Bentley said, maintains a summer camp—Camp Sweeney—for diabetic boys and girls. A \$250 contribution, he said, gives a child a chance to fight for his life at this camp.

At present, the camp is operated only during the summer, giving treatment, training and morale to approximately 300 children for periods ranging from four weeks to 12 weeks.

## Funeral Rites Held For Former Resident

Funeral rites, for Charlie Roland, 82, a former resident of the Close City Community, were conducted Saturday in Portales, N. M.

Survivors include two daughters, Mrs. Lonnie Carlton and Mrs. Bud Odum of Post.

Attending the funeral from here were Mrs. Carlton, Mr. and Mrs. Odum and Jerry and Jackie. Mrs. Doss Jackson and sons and Mr. and Mrs. Buster Shumard and children.

## Grade Cagers Beat Graham, Garnolia

Coach Herman F. Raphael's up and coming Post Grade School basketball team defeated Graham, 33-26, and Garnolia, 55-23, in its last two outings.

Jimmy Short scored 17 points to lead the Post cagers to their victory over Graham. Others breaking into the scoring column were Herbie Hays, Curtis Didway, Marshall Tier and Sidney Hart. Also seeing action was Earl Mitchell at a guard post.

Hays was high scorer in the Garnolia game with nine points. Short and Hart each hit for six. Glendale Wheatley led the Garnolia scoring with eight points.

The grade school team will compete in two tournaments in February. One will be at Southland Feb. 16-20, and the other at Graham Feb. 25-27.

## Post's Next Home Games With Spur

The Post High School boys' and girls' basketball teams play at Slaton Friday night, and take on Spur here Tuesday night. The games will be District 5-AA affairs.

Friday night's game will be the first meeting of the season between the Post and Slaton cagers. The Slaton boys have won three and lost one in district play, while the girls have won one and lost three.

The games with Spur here Tuesday night will begin the second half of district play for both teams. In district opens two weeks ago, the Post boys defeated Spur and the girls lost.

## To Set Spelling Bee Date Soon

A date for the second annual Garza County Spelling Bee will be set in the near future, according to Dean A. Robinson, county chairman.

Robinson conferred last week with Ellis M. Millis, Post Grade School principal, in regard to a date for the event. It probably will be held between March 1-15.

Meanwhile, the practice books, "Words of the Champions," have been received by county schools.

Winner of the county Bee will go to the 14-county contest in Lubbock on April 20, sponsored by the Avalanche-Journal.

Howard Jones, Garza County's entrant last year, won third place in the contest at Lubbock.

Mr. and Mrs. Juber Brown and children and Dorothy Sanders visited Crib Beene and daughter in Shallowater Sunday.

## Bids Opened Here On School Project

Construction bids were being opened here Wednesday afternoon on Post's new \$275,000 junior high school building. School officials and bidders were meeting at the school cafeteria. At press time late Wednesday, there had been no announcement as to acceptance.

Bids on construction of the city's new \$30,000 swimming pool will be opened at 2 p. m. Friday at the office of Mayor T. L. Jones in the City Hall.

## Rotarians Hear College Prexy

Dr. E. N. Jones, president of Texas Technological College, was guest speaker at the Post Rotary Club's Tuesday luncheon. His talk was on the general subject of the responsibilities of parents and the schools in the development of youth.

Ira L. Duckworth was in charge of the program.

Also at Tuesday's luncheon, members turned over their hallots for district governor to Leo Acker, the club's elector. For the first time this year the general membership is voting on the district governor.

Two men are in the race for the post now held by Herschel Coffee of Canyon. One of the candidates lives in Odessa and the other in Sweetwater.

## Discovery Finaled In Garza County

Potential has been taken and a discovery well completed by operators from the San Andres in the northwestern part of Garza County.

The LaGorce Oil Co. No. 1 C. B. Johnston pumped 96 barrels of oil plus 20 per cent water in 24 hours. Gravity of the oil was 38 degrees and gas-oil ratio was too small to measure.

Production is from perforations 3,572-3,580 and open hole from 3,590-3,614 feet. The producing zone has been acidized with 3,000 gallons.

The new discovery is 467 feet from south and west lines of the northeast quarter of Section 1246, A&M Survey, eight miles northwest of Post. It is two miles southwest of the Buenos Field and one and one-half miles northwest of a 3,368-foot dry hole.

## VFW Commander To Visit Post

Justin Morrow of Rotan and Austin, state commander of the Veterans of Foreign Wars, will be a guest tonight of members of John Miller Post 6797 at a regular meeting.

The state commander will present Bob Poole, member of the local post, with the VFW summer uniform and cigarette lighter he has been awarded for being the first member in VFW District 7 to make the "100 Member Club."

Morrow was here Tuesday afternoon for a "coffee stop" with Wagoner Johnson, post commander, Poole and Johnny Hopkins. He was en route to Lubbock and Lorenzo for meetings with VFW posts.

Morrow is to arrive here at 6 p. m. today—an hour and a half before the VFW meeting is scheduled to begin.

## 20 Boy Scouts Visit Tech Planetarium

Approximately 20 Boy Scouts of Troop 16, accompanied by several adult leaders, visited the Planetarium at Texas Technological College in Lubbock Tuesday night.

The visit was part of the Scouts' observance of their January theme, "Trails in the Sky." Plans are under way by the troop for observance of Boy Scout Week, which begins Sunday, Feb. 7, and continues through Feb. 13. Church attendance, luncheon with the Rotary Club and a father and son banquet on Monday night, Feb. 15, are included on the program.

## Blackburn Rites Are Conducted Tuesday

Funeral rites for Gerald Blackburn, father of the Rev. Gerald N. Blackburn, pastor of the local Presbyterian Church, were conducted at 4 p. m. Tuesday in Blackburn-Shaw Funeral Home in Amarillo.

Mr. Blackburn, who was in the advertising business, died at his home in Amarillo Sunday afternoon after several weeks illness. He had been in ill health for a year.

Other survivors include his wife; a son, Henry, and a daughter, Caroline.

Mr. and Mrs. Charles Taylor of Hermit, Calif., visited in the Juber Brown home Monday.

## Cross Candidate For Re-Election

Sid Cross this week authorized the Post Dispatch to announce his candidacy for re-election as Precinct 4 Garza County commissioner, subject to the Democratic primary election on July 24.

Cross made the following statement to the voters:

"To the voters of Precinct No. 4:  
"I am determined to make those that voted for me proud and those that did not wish they had."  
Thanks,  
Sid Cross

(Continued From Front Page) 380 from Post 11 miles east. Costing \$214,845.70, the project is for the widening of the present highway. Right-of-way is required only on the north side of the road.

The other project is for completion of the farm-to-market road from Post to the Crosby County line. The road is completed to a point eight miles north-east of Post, but there remains to be built approximately 10 miles and construction of new bridges across Salt Fork of the Brazos and McDonald Creek. These new bridges will replace the present wooden structures.

## More Drouth Feed Being Received

A carload of emergency drouth relief corn was received Monday morning and two carloads of meal are expected by this week-end, according to Mike E. Custer, manager of the Garza County ASC office.

Custer also reported that T. L. Jones will have two carloads of prairie hay in by the last of the week. He said applications for the hay have already been approved.

## Trees Planted ---

(Continued From Front Page) Tuesday's operations. Also helping were four jail inmates, made available by the city and county.

The Jaycee park chairman said a number of Post residents have offered the club trees for re-planting at the park. He said it would be impossible for the group to get all these trees planted this year, but that they would be picked up as soon as possible.

## Committee At Work On ACP Practices

The Garza County Agricultural Stabilization and Conservation committee is working on applications for payments under the 1954 Agricultural Conservation Program, it was reported Tuesday.

One practice, that involving irrigation pipe, already is under way.

## Lunch Room ---

#### Old-Time Bread Pudding

4 slices of bread (2 days old) 1/4 cup sugar  
2 Tablespoons soft butter 1/2 cup Fat  
1/4 cup seedless raisins 1/2 cup Evaporated Milk  
2 slightly beaten eggs 1 teaspoon vanilla  
1/4 teaspoon cinnamon

Toast bread. Spread with butter. Cut into quarters and put into 1 1/2-qt. greased baking dish. Sprinkle raisins over top. Mix eggs, 1/4 cup sugar and the salt. Scrape in milk and boiling water. Add vanilla. Pour over toast and let stand 10 minutes. Then press toast into milk mixture to soak up the liquid. Mix remaining 4 teas. sugar with cinnamon and sprinkle over top. Bake on center rack of 350 oven (moderate) about 30 minutes, or until knife inserted in edge comes out clean. Serve warm or cold. Makes 4 servings.

# 6 Teams In Junior Tourney Opening Thursday, Feb. 4

Sixteen teams will compete in the first annual Post Junior Basketball Tournament Thursday, Friday and Saturday, Feb. 4, 5 and 6. The tournament will get underway at 4:15 p. m. Thursday with the Post and Tahoka 8th grade teams playing. There will be two afternoon games and two night games on the opening day, with both Post Freshmen teams—the "Golds" and the "Blacks"—slated to see action Thursday night.

## Best Man Member Winning Team

The C. (Buddy) Penix of Post was named the best man member of the winning team in that won the first place trophy at Austin Saturday in the basketball tournament for cations of the deaf.

The Lubbock cagers defeated Slaton, 59-50, in the championship game after downing Dallas, 68-32, in a first round game. Slaton had advanced to the final with a 68-32 victory over Antonio.

Dallas won the consolation championship by defeating San Antonio, 44-29.

Penix, who is president of the Plains Association of the Deaf and coach of the team, is employed in the Post Dispatch's mechanical department.

The Wright brothers' first airplane was damaged after its flight and never flew again.

Play will be resumed at 1:15 p. m. Friday, with the Graham and Garnolia teams meeting. Other games will be played throughout the afternoon and at night. The tournament will take up Saturday where it left off and continue throughout the day, with finals scheduled for Saturday night.

Trophies will be awarded champions, runners-up and consolation winners in each division, according to V. F. "Bing" Bingham, tournament director. Officials "calling" the games will be Bingham, Vernon Ray, Herman F. Raphael, Jack Lancaster and N. R. King.

First round pairings in the 9th grade division are as follows:

Post Golds vs Snyder, Slaton vs Idalou, Post Blacks vs O'Donnell, Tahoka vs Ralls.

Eighth grade pairings:

Post vs Tahoka, Garnolia vs Graham, Slaton vs Clairemont, Snyder vs Ralls.

Season tickets for the tournament are on sale at \$1 each, Bingham said. The ticket entitles the holder to see 20 games, including Saturday night's finals.

## Spur Bulldogs Fall To Slaton Tigers

The Slaton Tigers kept their district 5-AA slate clean Friday night by taking the Spur Bulldogs into camp, 59-42, in a game played at Slaton. It was the third conference loss against no victories for the Bulldogs.

Tommy Shearers had 23 points for Slaton and Skip Wyatt scored 13 for Spur.

Spur won the girls' game, 55-37, with Wilson scoring 24 points for the winners and Allred 18 for the losers.

The Slaton "B" team took a 52-35 victory from the Spur reserves.

## TO HOST CONVENTION

ABILENE (Sp.)—Hardin-Simmons University and Abilene First Baptist Church will host the Texas Baptist Student Union Convention, Oct. 15-17, according to Truett Sheriff and Dr. Elwin L. Skiles. Sheriff is director of religious life at H-SU. Dr. Skiles is pastor of First Baptist Church.

### District 5-AA Cage Race Developing Into Crowded One In Both Divisions

Prior to Tuesday night's games, the Floydada Whirlwinds and Slaton Tigers were riding "high in the saddle" in the boys' division of the District 5-AA basketball race.

Each of the two top teams had won three games without a loss and were to settle the issue Tuesday night in a game at Floydada.

It was the same story, but different teams, in the girls' division, where Spur and Abernathy.

each with three wins and no losses, were tied for the top spot.

Unofficial standings in the "B" boys' division finds the Slaton reserves in undisputed possession of first place.

Following are results of games played prior to Tuesday night:

#### "A" Boys

### Freshmen Defeat Tahoka Cagers

Post's boys and girls freshmen basketball teams won three games at Tahoka Monday night, making it the second time within a week they have swept a three-game set from the junior Bulldog cagers.

The freshmen varsity team won, 39-14, with Coach V. F. "Bing" Bingham playing reserves after the starting five got off to a whopping 17-0 lead. High scorers for Post were Kenneth Martin, George Graham and Howard Jones, with nine points each.

The girls didn't have as easy a time winning their game. They were forced into two overtime periods before coming out on top, 32-30. Louise Gerner scored 10 points to pace the winners.

The smaller freshmen boys won, 27-19, with James Williams dumping in nine points.

In games with Tahoka last Thursday night, the varsity freshmen scored an easy 47-9 victory. Martin was high point man for Post with 13 points.

The girls won 32-12, with Loveta Perrin scoring 12 points for high point honors.

Mickey Robinson made 13 points to pace the smaller freshmen boys to a 27-12 victory.

### Post Five Loses In Cage Tourney

In their first tournament test of the season, the Post freshman basketball team made a good showing in the Floydada invitational meet before losing to Matador, 52-39, in the consolation finals.

After losing a first round game to Plainview, the Post cagers qualified for a try at the consolation trophy by beating Tulla, 33-29.

The locals got off to a slow start in the Plainview game, trailing 9-2 at one point. They came back, however, to knot the count at 13-13 by the end of the first quarter, and were all even at 26-26 when the first half whistle sounded.

The game was nip and tuck the rest of the way, with Coach Bingham's crew holding a 41-40 lead at the end of the third stanza. They increased their lead to 48-42, but fell behind when they chose to shoot at the bucket instead of "freezing" the ball.

They missed three free throws with the chips down, and Plainview went ahead to stay. The Post cagers missed a total of 22 free shots out of 32 attempts.

Bill Stephens led the Post scoring with 13 points in the Plainview game. Jerry Hays was high with 11 in the Tulla game, and Ronnie Kennedy took scoring honors in the Matador game with 14 points.

### Soldier Training At Fort Bliss

FOET BLISS (Sp.)—Pvt. Alfred L. Bennett of Post recently began eight weeks of basic training in the Antiaircraft Artillery Replacement Training Center at Fort Bliss.

The first eight weeks of basic training are spent on fundamental infantry subjects like army drill, rifle, machine gun, and bazooka marksmanship and familiarization with army technical subjects. This first phase of training is climaxed with a one-week maneuver in the field.

Upon completion of the first eight week cycle, Pvt. Bennett will either be assigned for further training at Fort Bliss in the techniques of antiaircraft artillery, or he will be transferred to another training center for schooling in some other army skill.

Should he remain at Fort Bliss, his second eight weeks will see him learn the uses of various electronic equipment employed by the AA RTC. He will also be expertly trained in the firing of light and medium antiaircraft artillery at low-flying and high altitude aerial targets on the one and one-half million acre Fort Bliss ranges.

Mrs. O. H. Hoover spent the weekend in Lubbock and Littlefield with the Jerry Hoover and Huston Hoover families. Mrs. Huston Hoover was in New Orleans, La., with her sister, Mrs. John Sewell, who is seriously ill. She is the former Miss Louise Edwards of Grassland.

### Stanky Sees 7-Club Race In National

Eddie Stanky, a veritable man in motion this winter, has whole some respect for Brooklyn's National League champions, writes Bob Broeg in The Sporting News, but—and this may come as a surprise in some parts of call—the manager of the Cardinals predicts a seven-club pennant race in 1954.

"That's because there's inferior pitching in the league," Stanky said while omitting only Pittsburgh from possible contention.

"Where there's unproven pitching, there's little difference between the first and second divisions," Eddie maintained, "and the only reason I'm omitting the Pirates is because they've got less than the rest of us."

Stanky respects Milwaukee's staff, but not Brooklyn's, despite the return of Don Newcombe from a two-year Army hitch.

"All right," he said in The Sporting News, "let's say they've got two fine starters in Newcombe and Carl Erskine. The old Preacher (Roe) is on the way down and Billy Loes—well, he's like our Stu Miller, unpredictable."

### Sapperstein Says Offense Killing Basketball

Abe Sapperstein, the man who took aim and hit the pot of gold in basketball, thinks it's time for big changes in the sport to keep it from killing off customers, according to a story in The Sporting News.

"The game," mourns the owner-coach of the Harlem Globetrotters, "is losing in crowd appeal. It's growing by leaps and bounds as a sport. I mean there now are more teams and more players. But spectator appeal is slipping badly."

He noted that a recent Saturday night college twin-bill at Madison Square Garden drew fewer than 2,000 according to a newspaper report. He has some constructive suggestions, among them the restoration of the jump ball after each basket.

He accuses basketball of creating entirely too much offense. It must have both, he contends, offense and defense to remain in interesting and competitive.

### This And Data From The Sporting News

Bobby Thomson has led the New York Giants in home runs (says Dave Grote) for five straight years—1949 (27), 1950 (25), 1951 (32), 1952 (24) and 1953 (26).

Ken Stapsies, rookie catcher on the Brooklyn roster, was a good enough hockey player to be offered a contract by the Chicago Blackhawks in 1945.

Washington Senators hit only ten homers in 77 games at Griffith Stadium and 15 circuit-blowers in the 11 games they played in Philadelphia.

Duquesne's starting five on the basketball court represents four states: Ricketts and Tezzi are from Pennsylvania, Tucker from Kentucky, Green from New York and Winograd from New Jersey.

### Lubbock Operator To Drill Prospector

Kenneth E. Pharr and others of Lubbock have announced intention to drill a shallow wildcat venture in the northwestern part of Garza County.

The No. 1 Roy Collins is projected to a depth of 4,000 feet. It will be dug with rotary tools and operations are scheduled to commence immediately. It is one and one-eighth miles northwest of the LaGorce Oil Co. No. 1 Johnston, discovery well.

Exact location is 330 feet from south and west lines of the north half of Section 1248, BS&F Survey, three miles southeast of Southland.

### Television Star In School Appearance

Jack Huddle, KDUB-TV star, is making a personal appearance today at the school cafeteria and Post Grade School. He is appearing under the auspices of the Caprock Dairy, distributors of Bell Milk.

Huddle was scheduled to be at the cafeteria from 11:30 a. m. until 1 p. m., after which he was to present a program in the grade school auditorium.

### CONVENTION IS SET

The 1954 convention of District 2-TL, Lions International, is to be held April 22-24 in Amarillo. Highlights of the convention will include a district queen's race and a golf tournament.

**Fat Stock Show Catalogues Are Being Mailed**

LUBBOCK (Spl.)—Mailing of 1954 South Plains Junior Fat Stock Show catalogues will be completed by Feb. 1, according to W. H. Tinney, recently re-elected general chairman of the show committee.

Dates of the twenty-first annual show are March 15-16-17; as in the past it is jointly sponsored by the Panhandle South Plains Fair Association, the Lubbock Chamber of Commerce and Board of City Development.

Approximately 2,500 catalogues are being printed and among those on the general mailing list are county agents, vocational agriculture teachers, 4-H clubs and others who have requested them.

The committee has announced that for the second consecutive year two official South Plains Junior Fat Stock Show princesses will be selected in a contest, details of which will be announced later.

Last year Miss Kay Robinson, representing the Plainview FFA chapter, and Miss Brooksyne Alexander, representing the Hale County 4-H club, were named princesses.

There were 867 animals entered in the 1953 show—179 calves, 365 barrows and 223 lambs.

Boys from 41 FFA chapters and 15 4-H clubs from 13 counties in West Texas and two counties in New Mexico had entries in the show.

Attendance at last year's show topped all previous records when approximately 7,000 persons passed through the barns the day before the show officially opened.

Altogether there will be three major divisions at the show in 1954, and the committee announced superintendents and judges for them as follows:

Fat Steer Division: W. B. Griffin, Tahoka, superintendent; C. L. Montgomery, Lamesa, assistant superintendent; Dean W. L. Stangel, Texas Technological College, judge.

**'Don't Be The Dead Of Winter,' Warns State Safety Association President**

"Don't be the dead of winter!" Col. E. B. Tilley of Houston, president of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation warned motorists today.

"Winter weather can be deadly—to the unwary," Col. Tilley pointed out to Texas drivers.

"In winter, streets and highways often are wet or covered with snow and ice," he said, "and car control is difficult.

"Also, visibility—or lack of it—can be a dangerous, even fatal problem," he pointed out.

"In nearly one out of five fatal accidents in 1952, according to the National Safety Council, the road condition was wet, muddy, snowy or icy," he said. "And in one out of eight fatal accidents, the driver's vision was obscured."

About two-fifths of these obstructions to vision were reported as rain, snow or sleet on the windshield," Col. Tilley explained.

"You have to see danger to avoid it," he said, "and you have to have your car under control at all times if you are to stop in time to prevent an accident."

He listed six basic rules for winter driving to help counter-

act these dangers. The rules are: 1. Accept your responsibility. Always be prepared to meet the hazards of winter driving. You can't expect the weatherman to take the blame for your accidents.

2. Get the "feel" of the road. When you are driving slowly, away from traffic, try brakes occasionally to find out just how slick the road is. And above all, drive slowly, adjusting your speed to road and weather conditions.

3. Keep the windshield clear. Steam, snow, ice and sleet may cloud car windows and windshields. Be sure windshield wipers and defrosters are in top working condition.

4. Use tire chains when there is ice or snow on the roads. Reinforced chains will stop stopping distances about half.

5. Pump your brakes rapidly to slow down or stop. Jamming on the brakes when roads are slippery can throw you into a dangerous skid.

6. Follow at a safe distance. Keep well back of the vehicle ahead so that you will have plenty of room to stop in an emergency. Remember that even with tire chains it takes more than twice the distance to stop on snow and ice as it does to stop on dry concrete without chains.

Col. Tilley called attention to the slogan which is being used in connection with the Winter Traffic Hazards program being sponsored this month in Texas by his organization and the Department of Public Safety. The slogan: "Stay Alert—Stay Alive in Winter Weather."

**CORNY CLEANUP WORKS**

HARRISBURG, Pa. (AP)—Hoby Geeseiman keeps ponies in a stable near his service station just outside Warnersville. The ponies eat corn and up until a few weeks ago, Hoby had the problem of disposing of hundreds of corn cobs. Now he dips the cobs in water and uses them to clean windshields of automobiles.

**Post Residents Invited To Contribute To Heart Fund Drive; Opens Monday**

Post residents wishing to contribute to the month-long Heart Fund drive, which begins Monday, may mail their contributions to "Heart," care of Postmaster.

The fund campaign is sponsored by the Texas Heart Association and affiliated local Heart Associations throughout Texas. Gov. Allan Shivers has proclaimed February as Heart Month in Texas and has called upon all Texans "to cooperate wholeheartedly in the activities of American Heart Month."

The governor, who for the third consecutive year is serving as co-chairman of the Heart Fund, along with attorney general John Ben Shepperd, also a co-chairman, reminded Texans in his Heart Month proclamation that "in a single year, diseases of the heart and blood vessels caused the deaths of 771,000 Americans . . . and affect one out of every 16 residents of the United States." He also termed heart and circulatory system diseases "the most important medical problem affecting the health and life of citizens in the state of Texas and throughout the nation."

Dr. W. R. White, Baylor University president and chairman of the 1954 Texas Heart Fund, and Governor Shivers are scheduled to officially open the drive for funds for heart disease research and education in a radio broadcast over the Texas State Network at 7:15 p. m. Monday.

In accepting the chairmanship of the 1954 Heart Fund, Dr. White pointed out that funds contributed to the Heart Fund are used to support medical and scientific research projects, a nationwide public education program and community heart programs.

### Forms For Submitting Soil Samples Available At County Agent's Office

Forms for submitting soil samples for testing at Texas A. & M. College, together with sampling instructions, are available at Garza County farmers at the office of County Agent Lewis Graham.

When money becomes tight, some farmers are inclined to reduce their expenditures for fertilizer, says M. K. Thornton, extension agricultural chemist. This isn't the best reasoning, he points out, because food and fiber, especially at this time, must be produced more economically. Experiment station tests show much greater financial returns from crops properly fertilized than from crops supplemented with little or no plant food.

### Graham In Race For Re-Election

Lewis Graham has authorized the Post Dispatch to announce his candidacy for re-election to the office of Garza County Judge, subject to the action of the voters at the July 24 primary.

Thornton continues that this is the time to collect soil samples and send them to the laboratory. It gives the lab enough time to analyze the sample and return recommendations so the farmer may use the information in buying fertilizers. About three weeks should be allowed for a reply. Thornton says the laboratory in 1953 analyzed and made recommendations on 7,989 samples. A soil analysis determines organic matter and mineral content in soil. Upon knowing these levels and the crop to be planted on the field from which the sample was taken, the lab can make the correct recommendation.

A man . . . not like others. A man with something in his guarded eyes that hints of wildness . . . This is "Shane."

He meets a boy, wins his faith and friendship, leaves him at the threshold of manhood. He inspires dread in the hearts of some but endears himself forever to a beautiful woman who knows him only as a stranger.

The setting of the story is America . . . its pleasures and perils, smoldering feuds that hang, like storm clouds over the earth; people dancing and setting off fireworks at a holiday party . . .

"Shane" has been created for you by producer-director George Stevens, winner of the Academy Award for "A Place in the Sun."

We are proud to present you his foremost achievement.

Through its aviation cadet program, the U. S. Air Force trains qualified young men to become pilots or aircraft observers. The program has become the traditional source of leadership by providing commissioned flying officers for active duty with the Air Force. It also enables the Air Force to maintain a sizable Reserve in the lower age brackets.

Classes begin every two weeks. The four-phase training program takes approximately 16 months for pilots and approximately 14 months for aircraft observers.

To apply, civilians are to take their birth certificate and high school diploma or transcript of college credits to the nearest Aviation Cadet Selection Team or U. S. Army-U. S. Air Force Recruiting Station. Applicants will be given a written and physical examination, followed by the aircrew classification test battery. Upon successful completion, the applicant will be given a class assignment.

Qualifications for the training are: Age, 19 to 26½ years; education: minimum requirement is diploma from accredited high school; marital status: single, male citizens. Applicant must agree to remain single during the training period; personal interview: applicants must have high moral and personal qualifications, as determined by a board of Air Force officers.

### Good Practice To Check SS Account

When a deposit is made in your savings account at the bank, you always check the bank book to make sure that you are receiving proper credit on your account. This is a good practice to avoid costly mistakes.

It is also a good practice to check your social security account once a year, or at least every three or four years to make sure you are receiving credit for all your earnings that can be credited to your social security account. Your employer may have failed to report your correct name or social security number. The Social Security Administration office in Lubbock has free post cards which you can use to check on your record. Ask for Form No. 7004.

If you fail to check on your account, it may be costly to you or to your family. The payments you and your family will receive in the future will be based on the record of your covered earnings as they are reported to your social security account. Make sure that the social security record of your earnings is correct. Your account with the Federal Government is as important as your bank account, because it means dollars and cents to you and your family in case of your death at any age.

A representative of the Lubbock office will be in Post on Thursday, Feb. 14, at 11 a. m. in the district courtroom at the courthouse, and will be glad to be of assistance in any matter pertaining to social security.

### DEDICATION SET

CANYON (Sp.)—Special dedication services for the new, and now completed \$150,000 Student Union building at West Texas State College have been set for Jan. 31 by the Student Association, according to Miss Martha Montgomery, student body president from Shamrock.

It is estimated that it takes cotton grown on 558,000 acres of land to produce upholstery, brake linings, timing gears and other things for a million cars.

### Camp Plans To Be Made At Lubbock

District 2 4-H Club girls will make plans for the annual camp at a meeting in Lubbock Saturday. This will be the first year the girls have planned their own camp.

Representing Garza County 4-H Club girls at the meeting will be Miss Oneita Jones. She will be accompanied by Miss Jessie Pearce, home demonstration agent.
