State Approval Is Given City's Water Supply

The State Department of Health recognizes the City of Post as having state-approved water facilities, according to a recent letter from Dr. George W. Cox, state health officer, to Mayor T. L. Jones.

The recognition follows a comprehensive sanitary survey of the public water system, results of which were contained in a report submitted to the Department by A. Haneman, Jr., district engineer.

A numerical sanitary rating in excess of 92 points was attained by the city's water supply, according to Dr. Cox's letter. The numerical sanitary rating, it was explained, is used as a guide in determining whether or not a city is recognized as having state-approved water facilities.

The approval recognition from the health department authorizes the City to erect standard highway markers indicating the approval status of the water supply.

"We should like to take this opportunity," wrote Dr. Cox, "of expressing the appreciation of this Department for the wholehearted cooperation of you and the other city officials in achieving compliance with the standards of this Department with respect to the water supply system."

Engineer Reports On Park Projects

Members of the Post City Commission and City Park Board heard a report from City Engineer H. N. Roberts last Thursday night on the park project and possibilities of constructing a swimming pool at the 31-acre site.

Roberts' report was made at a regular meeting of the city commission after he and George "Scotty" Samson, chairman of the park board, and R. H. Tate, city utilities superintendent, had visited the park site earlier in the day.

While the engineer's report was only a preliminary one, he was optimistic about possibilities of improving the site into an outstanding city park.

Roberts suggested that the city appoint a committee to visit neighboring towns which have parks and swimming pools in order to gain information on types, costs, maintenance, operation, etc.

The existing park board was appointed by Mayor T. L. Jones to make these visits. Besides Samson, the board is composed of Dr. A. C. Surman, V. H. Anderson and S. E. Camp.

The city has \$1,012.05 in its park fund, according to Mayor Jones. That amount was left after the park site was purchased from the Double U Company and after about \$300 was spent for grading. The original amount was raised through public subscription.

The mayor promised this week that the city commission and park board would keep the general public informed on progress of the park project.

Summer Youth Program Under Way For 6 Weeks

Prevailing upon Directors "Bing" Bingham and Vernon Ray to "jump the gun" on the starting date for the annual Summer Youth Recreation program, approximately 40 eager youngsters launched the six week's recreation period Monday afternoon.

Originally scheduled to open Monday, June 15, the program got under way a week early when the youngsters became so insistent to get started that the directors could no longer turn a deaf ear to their pleas.

Bingham reported Tuesday that 16 girls from six to 16 years of age and 24 boys from six to 15 had enrolled during the first two days. Many more are expected, however, since more than 100 participated in the 1952 program.

Most of the first afternoon was spent getting the program under way — setting schedules, etc. Tuesday afternoon was "swim day" and the group went to the Craig Pool a few miles west of town.

Baseball held the spotlight Wednesday afternoon, and Bingham said he expects to organize a "Peevee League" for twilight play on the diamond at the school ground. He said a number of Post businessmen had indicated willingness to sponsor teams in the league by purchasing caps and "T" shirts for the players.

Five Groups Benefit From Surplus Funds

Funds left over from sale of tickets to the recent barbecue honoring Drs. A. C. Surman and D. C. Williams and their wives have been donated to five organizations. Ira L. Duckworth, chairman, reported this week.

The surplus of \$266.54 was donated as follows: Terrace Cemetery Association, \$25; Boy Scout Troop 16, \$25; Summer Youth Recreation Fund, \$25; Girl Scout "Little House," \$50; and South Plains Council, Boy Scouts of America, \$141.54.

Hood Rites Are Conducted In Baptist Church

Last rites for Arthur Hugh Hood, a resident of this area since 1916, were conducted at 3 o'clock Sunday afternoon in the First Baptist Church. The Revs. F. M. Wiley of Lubbock, Roy Shahan, pastor, and L. H. Welch, Justiceburg pastor, officiated. Music included "Father Along," "Asleep In Jesus" and "In the Sweet Bye and Bye."

Burial was in Terrace Cemetery under the direction of Mason Funeral Home.

Mr. Hood, who was born Oct. 19, 1877, in Coryell County, died at 1:30 a. m. Saturday in Plainview, where he had been hospitalized for several weeks. He had been a member of the Baptist Church 60 years and served as

Rent Is Going Up On Post Office Boxes

Rent is going up on post office boxes in Post and elsewhere throughout the nation.

Postmaster Harold Voss this week gave notice of the higher rent effective July 1.

Increases here will range from 30 cents to 75 cents per month.

A small post office box now costing 60 cents will be hiked to 90 cents. Other rent increases will be as follows: 75 cents to \$1.10; \$1 to \$1.50 and \$1.50 to \$2.25.

The postmaster said the increase in box rates is the first basic schedule change since 1907. The higher rent is based on gross postal receipts of each individual post office.

Rent hikes are being made to meet increased cost of providing equipment and maintaining service of the Post Office Department.

McBride Services To Be Held Today

The Revs. Roy Shahan, O. A. Graydon and D. A. Ross of Lubbock will officiate for funeral services for Thomas Albert McBride, at 4 o'clock this afternoon in First Baptist Church, Mason Funeral Home will direct burial in Terrace Cemetery.

Mr. McBride died Tuesday in the West Texas Hospital in Lubbock following an extended illness.

He was born Nov. 9, 1914, at Coleman and had been a resident of Garza County for 23 years. He farmed in the Graham community prior to his illness.

Survivors are his wife, Mrs. Lucille Kittrell McBride; two children, Annette, age six, and James Albert, age two; his mother, Mrs. Luella McBride; two sisters, Misses Vada and Vearl McBride; and two brothers, Arvel of Alvarado and Thelbert.

200-Foot Strip Is Annexed By City

The Post City Commission voted at a meeting Thursday night to annex to the city a site containing 5.101 acres adjoining the present city limits on the west.

The site is described in a petition approved by the City Commission as a 200-foot strip of land adjacent and parallel to the west line of Avenue M and extending from the south line of First Street, if extended west, to the north line of U. S. Highway 380. The strip is in Section 1231, J. V. Massey Survey.

The petition asking the city to annex the strip was signed by 16 qualified voters residing therein.

The annexation will become official following publication of the required ordinance, according to city officials.

Post Jaycees' Charter To Be Presented Here Friday Night

Charter Night for the Post Junior Chamber of Commerce, which was organized April 30, will be held at 8 o'clock Friday night in the school lunch room, with Jerry Sanders, Levelland Jaycee, as principal speaker.

Sanders, who has served as state Jaycee Americanism chairman, also will present the char-

ter, according to Jack Rex, president of the Post Jaycees.

Officers and directors will be installed by Jim St. Clair, also of the Levelland Jaycees, and Ralph Krebs, president of the Lubbock Junior Chamber of Commerce, will serve as master of ceremonies.

Officers to be installed by St. Clair are Rex; L. J. Richardson, Jr., vice-president; Carroll Bowen, secretary; and Percy Parsons, treasurer. The four directors are A. B. Haws, Jr., Malcolm T. Bull, J. D. Barrow and Walter Johnson.

Guests at the affair will include wives of local Jaycees, out-of-town Jaycees, representatives of Garza County and the City of Post, president of the Post Ministerial Alliance, and representatives of other local organizations.

The meal will be served by the lunch room staff.

Final plans for Charter Night were made at a membership meeting Thursday night of last week and at a directors' meeting Monday night. Attending the Thursday night meeting and assisting local Jaycees in plans for the affair were three Lubbock Jaycees, Krebs, Howard Hall, vice-president and Hiram Jordan, state director, and two Falls Jaycees, Bill Mays, president, and Billy Bob Mann.

The Falls Jaycee club sponsor organization of the Post unit and several of its members are expected to attend the Charter Night program.

Charter members of the Post Jaycee organization are: Rex, Richardson, Bowen, Parsons, Haws, Johnson, Barrow, Bull, See JAYCEE CHARTER, Page 8

Tech Educator To Address Rotarians

Dr. S. M. Kennedy, Jr., acting assistant dean, Arts and Sciences Division, Texas Technological College, will speak Tuesday, June 30, at a regular luncheon meeting of the Post Rotary Club. It was announced this week by club officials.

Dr. Kennedy, probably the youngest man to sit in the assistant deanship seat at Texas

Tech, is one of its exes. His job, other than being assistant professor of history in the division, is to serve as dean when Dr. R. E. Goodwin is away. He also is freshman counselor and performs many of the duties of dean.

Born May 1, 1923, in Wootton, Ohio, he was graduated from Dickens, Tex., High School in 1942, a valedictorian, and went to Tech the same year on a scholarship. He received his BA in 1943 and his MA from Tech in 1946.

While a member of the military government in Europe in 1945, he attended the University of Nancy, France. He attended the University of Colorado from 1947 to 1952, receiving his Ph. D. at 28, taking three years out for military service.

Immediately after finishing his undergraduate studies at Tech, Dr. Kennedy entered the Army in June 1943, and served until May, 1946, being discharged as a first lieutenant. During his service he was on the occupational government force in Europe.

At Tech, Dr. Kennedy was president of the International Relations Club, vice-president of the College Chorus, and a member of the Pre-Law Club and Phi Sigma Alpha, honorary fraternity for upperclassmen.

CHAMBER OF COMMERCE SPONSORS

Retail Course To Be Held In City

A course in retail sales training, sponsored by the Post Chamber of Commerce, will be taught here during the week of June 29-July 3 by S. H. Womack, retail training specialist of the University of Texas, Division of Extension.

A general meeting of all store owners, managers and employees who wish to participate in the course will be held at 7:30 p. m. Monday, June 29, at the City Hall.

In the sales training course, Womack will emphasize the importance of merchandise information as an aid in helping customers to buy. He will also present a plan which is designed to help salespeople become better acquainted with the products they sell.

Other points which will be covered during the ten-hour course are personality development, determining customer needs, bringing out hidden features of merchandise, public relations in business, making customers feel at home, and building a permanent repeat business.

Additional information on the course may be obtained by calling Mrs. Fritz Greenfield, Chamber of Commerce secretary.

MEMBERSHIP DRIVE TO BE STAGED OCT. 5

Town Hall Concert Association Formed

A Garza Concert and Town Hall Association was organized here Monday night and authorization given the Southern Town Hall Association of Dallas to send a representative here in October to direct a membership campaign and help arrange a program for the 1953-54 season.

At the meeting, held in the home of Mrs. Fritz Greenfield, a temporary slate of officers was elected. Mrs. Carl Webb was named president, Miss Maxine Durrett, membership chairman; Mrs. Irene Rogers, vice-president, and Mrs. Greenfield, secretary. Others present were Ralph Kirkpatrick, Charles Didway, who will serve as publicity chairman,

Mrs. C. R. Thaxton, and M. C. Turner, Jr., of Dallas, manager of Southern Town Hall Association.

Turner, whose company this year is celebrating its "golden anniversary" of continuous service, outlined for the group the procedure of such an association in securing members, setting up an operating budget and bringing to the city outstanding lecture, concert, drama and dance artists.

Turner was told by members of the group that due to the drought and business and crop outlook it would be inadvisable to make any attempt to stage a membership campaign earlier

than October.

He explained that the size of an association's budget, based on season ticket sales, would determine the number and type of programs staged during the concert season. He proposed the sale of at least 300 season tickets for the size of the Post.

Turner said his company was working successfully with a number of other West Texas towns, including Plainview, Clarendon and Tulla, where a town hall association similar to the one proposed here has been operating for the past three years.

He set Oct. 5 as the date of the arrival of Mrs. Hubert Craig to direct the membership drive

and assist officers in the selection of the season's series of programs.

Among the outstanding artists available for the 1953-54 season are: Karamu Quartet, Demi-Tasse Players, Leona Schultz and Robert Schultz, harpists; Henry L. Scott, concert pianist and humorist; Josephine Antoine, coloratura soprano, Metropolitan Opera Company; Doraine and Ellis, costumed recital; Sigmund Spaeth, the tune detective; San Antonio Symphony; Virginia Sale, motion picture star; Ionian Quartet; Cal Tinney, humorist, radio and television star; Martin Dies, formerly head of the Dies Committee in Congress, and many others.

By CHARLES DIDWAY

Sunday, June 14, is Flag Day and more than 250 Marine Corps Reserve units throughout the country have joined in a campaign to remind their fellow citizens to fly their flags on that day.

In connection with the campaign, the commanding officer of the South Plains Marine Corps Reserve Unit at Lubbock has written an interesting story for The Dispatch, which we regret being unable to use here in its entirety.

The Flag Day article contains the information that just who made the first flag is cloaked in obscurity. "Generations of school children," continues the story, "have been taught that Betsy Ross, a widow who conducted an upholsterer's shop at 239 Arch Street, Philadelphia, made the first Stars and Stripes."

"This story—or legend—was based on an account by Mrs. Ross' daughter to the effect that General Washington, Robert Morris and George Ross, all representing the Continental Congress, called on Mrs. Ross in June, 1776, asking her to make a flag. According to the story, the men showed Mrs. Ross a rough draft of the proposed flag. Another part of the story has it that the original draft called for six-pointed stars. Mrs. Ross, however, is supposed to have suggested five-pointed stars.

"The first public claim in behalf of Mrs. Ross' pioneer flag-making was not made until 1870, however, when a grandson, William J. Canby, read a paper before the Historical Society of Pennsylvania. Mr. Canby subsequently made further investigations, but was unable to find any documents relating to the flag which were dated earlier than June 14, 1777."

No matter what the origin, however, the history of our flag is, in fact, the history of our country; as the flags of many lands evolved into the flag of one new country, so did the people from many lands become the founding fathers of a great new country. When we honor the flag on this, its 176th anniversary, we are, indeed, honoring those who made our flag possible—and who insured our life of freedom and prosperity under the flag."

The Post Stampede Cowboys, second place winners in last Thursday's Crosbyton Rodeo parade, will be in Brownfield this week to try for the first place trophy in the rodeo parade there. Tom Power, secretary of the local riding group, has put us on his mailing list and it's gotten to where we look forward to the announcement cards Tom sends out.

He phrases his messages to the Stampede Cowboys in such a manner as to put them in the right frame of mind for each event. The postcards are miniature pep talks with such encouragement from Tom as, "Come on—let's go!" "Let's have a good turn-out and look our best!" "Clean up, fix up, hurry up and wait!" "See you there," etc.

Tom's postcards evidently get the job done, for the Stampede Cowboys have been having good turn-outs for this season's parades.

The new Methodist pastor, the Rev. Charles R. Gates, introduced himself as "Charlie Gates" called at The Dispatch office.

If Depression Comes, Government Checks May Be Big Help In Preventing Collapse

NEW YORK CITY—During the past winter, while in the South, I received many interesting letters which I have saved. Most of these letters can be classified under four headings: (1) Unemployment insurance, (2) Excess inventories, (3) Personal debts and (4) Labor Unions. As these letters come from over thirty different states, they give a cross section of what the average businessman is thinking about.

Unemployment Insurance
For a very subtle reason most businessmen, especially retailers, are not opposed to unemployment insurance. They feel that if a depression comes, these unemployment checks—as well as pensions, old age assistance and other sources of Government, State and Municipal aid—will be of real help in preventing a business collapse. Doubtless these checks from the public treasury will cushion a decline in their business when unemployment comes. But why have the unemployment?

These letters almost unanimously, however, complain about the present abuse of this unemployment insurance. For instance, in Massachusetts a person who earns approximately \$500 in each quarter of a year, or approximately \$2,000 a year, is entitled to collect \$25 for twenty-three weeks for unemployment, or \$575. But the laws of the various states vary somewhat as to the amount paid and the duration of payment. If these were bona-fide cases, it would not be so bad; but my correspondents claim that a large proportion of these "unemployed" have purposely arranged to get "fired" in order to get this insurance. In other words, it is becoming a fast-growing racket which is upsetting the employment situation, undermining the character of employees and causing an unnecessary drain on public funds. If unemployment offices are not operated by politicians and their friends, officials do seem to be shutting their eyes to this abuse. It should be stopped.

Danger Of Excess Inventories
John C. Lang of Baltimore writes a letter which is typical of many similar letters. He calls attention to the excess inventories which businessmen for various reasons feel obliged to carry. Of course, the future of your com-

THIS COUNTY SHOULD HELP

Post and Garza countians, like millions of other people the nation over, emerge from one fund drive only to find themselves in another. For that reason, this newspaper exercises a certain amount of restraint in publicizing anything except the well established fund campaigns such as Red Cross, Cancer Crusade, etc.

This week, however, we received a letter from Nell Hutcheson, chairman of the Social Service Department of the Woman's Forum of Wichita Falls, in which she asks that we give some publicity to their attempt to collect \$12,000 to air condition Chapel Hall at the Wichita Falls State Hospital. To date, with the mercury soaring, only one-fourth of the fund has been collected, according to the letter.

We'll admit that we were about to discard the letter by the waste basket route until our eye fell upon the following paragraph: "The Wichita Falls State Hospital with 2,772 patients serves 77 counties. Garza County is in this district with seven patients. This county has contributed NOTHING to this vital need. Surely many citizens of your county will spare a dollar or more."

Twelve thousand dollars doesn't seem like a whole lot of money to raise for such a worthwhile project, but citizens of every county concerned evidently are going to have to help if the goal is reached. Since this county has seven patients at the hospital, its citizens are expected to help raise the money. All donations should be forwarded to the Social Service Department, Woman's Forum, 2120 Speedway, Wichita Falls, Tex.

The chapel building at the State Hospital is the center of all recreational activities and church services for the patients but it must be closed during the summer months unless the \$12,000 is raised for the air-conditioning project, it is pointed out.

You can trade the present for a brighter future if you're willing to pay the difference.

Saturday afternoon, and before he left dropped the hint that photography is his hobby. Post's new preacher spent five years at Idaho, which indicates that the folks over there thought quite a bit of him.

Another new Post pastor is the Rev. A. Floyd Duke, who comes here from Hillsboro as pastor of the Church of the Nazarene. Rev. Duke is no stranger to this area, having pastored the church at Grassland for a few months nine years ago.

Although Post's annual Stampede Rodeo is history, the season is only beginning in West Texas and the popular events typifying the real spirit of the Old West will hold sway from now until well up into autumn. Thursday afternoon of this week a group of boosters from far-away Pecos will be in Post to advertise the "West of the Pecos" Rodeo scheduled for July 2-5. Rodeo historians claim that Pecos was the first place a genuine rodeo was held.

Members of the Post Lions Club will "tour" along with scores of other Lions, this weekend at the annual District 2-T1 Convention at Berger. Outgoing president Victor Hudman and incoming president Virgil Short of the local club are expected to be among those attending from Post, as well as two official delegates.

If Depression Comes, Government Checks May Be Big Help In Preventing Collapse

community depends, in the long run, on keeping purchasing power and inventories on a reasonable balance.

Such a balanced condition would help to give your community a steady but gradually increasing prosperity. Various suggestions have been made for preventing excessive inventories. One is that the Excess Profits Tax be switched to an Excess Inventories Tax. Surely, some check on excess inventories is needed to avoid a business depression. I hope each merchant will be careful.

Installation Debts
The American people are today indebted for \$19.3 billions due on installation purchases. Savings are larger than ever and these should, to a certain extent, serve as an offset. Unfortunately, however, Congress has not given the Federal Reserve System the power to curb consumer credit, and this unnecessarily permits further credit expansion.

A dangerous feature of the situation is that local banks, which refused to loan customers when they were out of employment and needed the money, are now, with higher prices being paid for automobiles, refrigerators, fur coats, etc., encouraging unnecessary borrowing. I hope they will be careful and avoid a policy which would not be good for their community.

Labor Leaders
From almost every state I receive complaints about the arbitrary actions of union labor. My correspondents do not object to the carpenter, painter, plumber, bricklayer, etc., getting more pay. They, however, complain desperately that these workers are not producing what they should and are loafing on the job. The workmen in turn blame the problem on the labor leaders. All of this sets up a vicious circle which sometime must collapse.

Here's a hot one. The Census Bureau says Texas is mostly populated by Texans. I'd always thought EVERYBODY in Texas was a Texan as long as he maintained residence here and didn't, like the Esquire article writer, merely blow in for a few days and then out again. The Census Bureau, however, contends that you must have been born in Texas to be classified as a Texan. I didn't know that. According to the Bureau, there are 227,370 Oklahomans in Texas, 200,875 from Louisiana, and 148,855 Arkansawyers. What I'd like to know is what in the heck they are living here for if they aren't Texans.

Basic post office box rents, which haven't been changed since 1907, are going up on July 1, according to an announcement from the Post Office Department. In frequent attempts to call to mind items which had not been raised in recent years, I'd never given a thought to post office boxes, and it makes me feel a little better financially to know that their rental rates have been the same for the past 46 years.

Advice to the girls: Never let a fool kiss you; or a kiss fool you.

The other day I was discussing with Charles Lee Didway, the new editor down here at the Dispatch, the care and upkeep of mustaches, and what prompted wearers to grow them in the first place. Charles sports one of those dollar and sixbits numbers and has worn it through the ten or more years I have known him.

He said that he grew his when he was a young reporter in the early thirties, partly because he was bored and partly because he wanted to look older. He shaved it off once, but his wife threatened to leave him if he does it again. He suspects his mustache "gives some interest to a somewhat undistinguished face."

Another Post man I know, but I will not give his name because I suspect he is afraid of his wife, explains the wherefore of his disreputable, unshapely thing, thus:

"It is the only masculine attribute women have not been able to adopt. They smoke, cuss, cut their hair short, and wear pants and sweaters." He said that they were all ok with him, especially the sweaters.

There are a few men who have become famous by their mustaches. Charlie Chaplin came in to popularity and wealth by sporting a full growth, square trimmed set of brush that covered three-fourths of his upper kisser. His mustache was once the rage and a number of guys I ran around with made some sort of an effort to grow Chaplin mustaches. Most popular among the mustache growers today are Groucho Marx and Adolphe Menjou. Should they shave their stubble they just wouldn't be the same.

Although Mr. Marx sports a fine mustache, which through the years has been more or less his trade mark, I felt a little sorry for him the other night during his TV show. One of the contestants, a baker by trade as I recall, appeared before him with the most elegant adornment that ever graced the upper lip of a gentleman. The mustache measured fifteen and one half inches from point to point and was waxed to pin-point sharpness. He said that he had been growing it for twenty years... but he was having his trouble. He couldn't keep The Thing even on the sides. Its measurements varied from seven and a half inches on one side to eight on the other. If he trimmed the long side the short would invariably break off a half inch. He claimed he slept on his back and often used some sort of crutch he had whittled out of a shingle to protect it from fracture. He estimated that he had spent se-

New Version Of Old Poem
We've heard all our life people excusing themselves from various tasks or assignments with the alibi that "I just don't have the time." Yet all of us have the same amount of time—it's just a question of how we apportion our tasks for the time we all have. We ran across a new version of an old poem the other day, which maybe some of you had not seen:

I have only just a minute;
Only sixty seconds in it,
Forced upon me, can't refuse it;
Didn't seek it, didn't choose it,
But it's up to me to use it,
I must suffer if I lose it;
Just a tiny little minute,
But eternity is in it!

The couple had been saving their pennies since before Christmas for the event and turned the whole shebang over to Bro. Billie after the knot was tied. He netted one thousand pennies and a slightly used piggy bank.—The Texas Spur.

Short Incubation Period
We don't know how to approach this subject with the proper degree of delicacy, but June 20 has been officially designated as Expectant Father's Day. Amazingly, the following day, June 21, is Father's Day, and unless we're mistaken this sets up one of the shortest incubation periods in human history! Any one planning to observe June 20 may call at The Banner office for full particulars!—The Ralls Banner.

Drawing A Fine Line
In the barber shop the other day we heard the difference in a cow man and a cattle man. A cow man is one who is in the cattle business but his assets along this line consists of only one cow. The cattle man has two or more cows. And that's a mighty fine line to draw between the two, partner.—The Canyon News.

Their Prediction, Not Ours
The U. S. News said this week that the weather over the country this spring has suited no one. The wet areas are too wet, and the dry areas too dry. They quoted a long-range forecast that the first two weeks of June would be wet and cool in the Southwest. That's their prediction, not ours. — The Gaines County News.

Moving Is A Job
The publishers of this paper finally completed moving, and as most know, this is certainly a job. Then after getting settled, thinking that everything will be just fine, the whole family has trouble finding this and that when it is needed. Maybe after a month or two things will get located where we know where they are. If you are planning on moving, we advise that you "don't do it."—The Slaton Slatomite.

Now, if I am ever a mind to grow a mustache, I want one just like that baker's. I don't want one of those little dinky things. I'd want no less than a fifteen inch mustache. But then if I had one like that I'd probably be getting it caught in the car door or typesetting machine and would always be worrying for fear I'd be ruined.

Man's Brother Among Victims Pick-up Collision Near Smyer

Services for King R. Claborn, 43, of Levelland, who died early Saturday in the wreck of two pick-up trucks, were held at 2:30 p. m. in the First Baptist church at Idalou.

Claborn was a brother of L. E. Claborn, Sr., of Post and an uncle of Claborn, also of Post.

Claborn was a member of the D. W. Reed Baptist church, Post, officiated at the services, assisted by the Rev. Johnson of Muleshoe. Burial was at Southland.

The accident occurred at 2:30 a. m. when a pick-up occupied by Eubank, Claborn and May collided with one driven by Edward Hardin, who had his two sons as passengers.

Two Members, Two Leaders Are Attending 4-H Roundup

Two Garza County 4-H Club members and two adults left at 7:15 a. m. Tuesday for College Station to attend the Texas 4-H Roundup Wednesday and Thursday. They were Barbara Wheatley and Noel White, 4-H Club members; Mrs. Wesley Stephens, county adult leader, and Miss Jessie Pearce, home demonstration agent.

The afternoon was spent in working as they further discussed the future of youth and what 4-H contributes. A chuck wagon supper and pageant was held in the rodeo arena in the evening.

Thursday's program was to include a tour of Texas A. & M. and presentation by each group of their discussion sessions, ending with a 4-H banquet sponsored by the Sears Foundation.

DANIEL GETS TIDELANDS PEN—Sen. Price Daniel (D-Tex.) receives from President Eisenhower a pen used in the signing of the tidelands bill recently as the Texan visited the White House in Washington June 3.

The four boarded a special bus from Lubbock for the trip to College Station.

Youngsters, one boy and one girl from each county, are selected on the basis of their all-around 4-H Club accomplishments and leadership to attend the Roundup.

Purpose of the Roundup is to provide the boys and girls with inspiration and information for high quality living now and in the future; to offer an experience in group thinking and action by individual participation; to contribute to their knowledge or responsible citizenship and service in their communities; to give a wider outlook through contact with youngsters from all parts of the state.

The theme of this year's Roundup is "From Here—Where?"

The event opened Tuesday with a get-acquainted party for 4-H members at the "Grove" on the Texas A. & M. College campus, and for 4-H leaders in the ballroom of the Student Center.

The formal session began at 8:45 o'clock Wednesday morning in Sbis Hall, with Dr. George C. Baker, chaplain, Southern Methodist University, making the keynote address. Then in smaller groups the members took part in a "Texchange" or discussion.

AMERICA'S NEW RAILROAD

World's Greatest Potato Race

That's the 2200-mile dash on the Santa Fe with 1,350,000,000 potatoes

Somebody east said, "Pass the potatoes!"

Out in California, the fertile San Joaquin Valley heard them. And look what happened.

Santa Fe started moving 14,000 to 15,000 carloads of potatoes to hungry markets all over the Midwest and East. 36,000 to 40,000 pounds to a carload. As high as 550 carloads per day at peak of harvest. That's more than 1,350,000,000 potatoes. And that's a lot of spuds.

Bag 'em. Load 'em. Roll 'em. And hustle. Somebody east said, "Pass the potatoes!"

From America's largest fleet of refrigerator cars owned by an individual railroad, these yellow

Santa Fe "reefers" are dispatched to the "Potato Capital of the West."

There the cars are cleaned, checked, loaded, switched. And iced fast (a car a minute, if you please). These potatoes can't wait!

In servicing the cars as they speed east, new icing docks at Bakersfield and Needles, Calif.; Belen, N. Mex.; Waynoka, Okla. and Kansas City work the clock around. Electronically-controlled "hump" yards speed the switching.

SANTA FE PRECISION—SANTA FE SPEED

On-time delivery calls for full-time precision to keep these schedules "on the advertised."

After the potatoes come the wheat... citrus fruits... grapes... melons... and green vegetables all year long—flooding east from Santa Fe country to you. Everything from avocados to zucchini.

It costs Santa Fe millions of dollars to serve you so—and provide you with Super Chiefs, too! But we're proud to say they are earned dollars. Not one penny comes from the taxes you pay.

Red Cross Death Messages Authorized By Army And AF

Effective June 1, the American Red Cross has been authorized by the Departments of the Army and Air Force to relay through their rapid communications, death messages involving immediate families of overseas servicemen of these two branches. Leo Acker, home sergeant, Garza County Chapter, announced today.

Formerly, the Red Cross could send death messages to servicemen via these rapid facilities only if leave for the serviceman, which the family had requested, was denied.

Provision has also been made that all of these death notifications contain complete information as to the time and cause of death, welfare of the remaining family, whether leave is being requested, and any other relevant facts. Whenever possible, the message is given in person to the serviceman by the Red Cross field director at his base to help him meet the shock of distressing news.

Since November, 1950, the Army and Air Force have allowed the transmittal of birth messages by rapid transit, but these

messages do not have priority. The Navy makes its rapid communications system directly available to Navy, Marine, and Coast Guard families for sending emergency communications, as well as birth messages for its overseas personnel.

Reporting and communications service is a charter responsibility of the American Red Cross, Acker says. The Red Cross provides the link between servicemen and their families when regular communication facilities fail, helping to reestablish direct contact, and to provide counsel whenever it is needed. Red Cross furnishes specific information when requested by the military.

To carry out this responsibility, Red Cross Home Service maintains 24-hour coverage, thus insuring prompt assistance with reports and requests for reports in urgent situations involving servicemen and their families.

Acker pointed out that one of the most misunderstood phases of Red Cross is its inability to grant emergency leave to servicemen. This prerogative rests solely with the military. When requested by a soldier's commanding officer to verify certain facts, the Red Cross can use its vast network of chapters and field directors to obtain necessary information, but the decision whether or not leave is to be granted must be made by the commanding officer.

Recent Army and Air Force rulings now allow emergency leave to a serviceman whose wife or minor child has died if

the family requests leave. For deaths of other members of his family, however, it must be established that additional problems exist in the home which only his presence can alleviate.

As part of its Home Service program, the Red Cross can also help establish the facts when there is serious illness in a serviceman's family and an emergency exists requiring his presence at home. This reporting service also covers emergency family situations requiring the serviceman to be home for more than the normal 30-day leave period, when he is requesting reassignment and deferment from overseas service, or discharge for dependency or hardship. In these latter situations, however, the serviceman himself normally must first apply.

In all of these instances, however, actual disposition of the serviceman's request rests with military authorities. The Red Cross confines its activities to gathering, verifying, and transmitting the necessary information.

Eisenhower's Birthplace Called 'Firetrap'

DENISON, Tex. (AP)—President Eisenhower's birthplace has been termed a firetrap.

A team of fire hazard investigators, making a routine inspection of the little white house in this North Texas city where Mr. Eisenhower was born, discovered.

A serious gas leak in an antique cookstove.

Two open chimney flues.

A weakened structural condition caused by a previous fire which charred walls of a bedroom and hall.

They recommended painting interior walls with fire-resistant paint, filling chimney holes with concrete and replacing the roof with fire-proof material.

The birthplace is now a national shrine.

RUSTLER TROUBLE
 BENSON, Ariz. (AP)—An employe at Jim Finley's ranch at Dragoon recently found the remains of a \$125 heifer which had been beaten to death with an iron bar. One shoulder of the calf had been hacked off with a broken whiskey bottle. The rustler, who was arrested by Range Deputy Pete Haverty, was a 67-year-old transient from Texas. He has been committed to the Arizona State Hospital at Phoenix.

SHORTER ABSENCE
 AUSTIN (AP)—The man or woman who wants a divorce in Texas because of long separation from the marriage partner does not have to wait as long to seek one now.

The legislature passed a law cutting the time from ten to seven years and Gov. Allan Shivers signed the bill putting it in effect.

Lubbock Is In Throes Of Ice Cream Crisis

LUBBOCK (AP)—The happy chimes of the ice cream vendor are giving city officials here their biggest headaches in years.

Until recently Lubbock's colorful ice cream trucks chimed up and down neighborhoods unchallenged. Then several citizens complained. They worked nights and the chimes disturbed their sleep. Besides, how could children take their naps when the chimes kept them awake?

Didn't the police know it was against the law to use amplifiers for commercial purposes? Sure enough, it was. A city ordinance prohibits such amplifiers. The ice cream men were told to shut off their music. More complaints came in—this time against the silence. Such as:

"How are we to know when the ice cream man comes around if we can't hear him?"—or—"Why don't the men sound their chimes any more?"

Mr. and Mrs. George Kiker and son of Grandview are visiting this week with Kiker's brother, J. R. and W. C. Kiker, and their families.

Mr. and Mrs. Fred Gossett and Doris Ritchie spent the weekend in Missouri visiting Pvt. Donald Ray Gossett, who is stationed at Fort Leonard Wood.

Modernism Trend In Mexico

MEXICO CITY (AP)—There are ten times more churches and service stations in Mexico than in the United States. The Catholic church officials are approximately 10,000 in number, plus 700 of other faiths, scattered over the country.

Pemex which handles Mexico's petroleum business, has plenty for all local and foreign trade. It contends there is no shortage of such gasoline oil outlets. But stations are grouped four to a crossroad in many American cities.

Chohula with a population around 10,000 has 250 churches. In the immediate area there are 365, one for each day of the year. The state of Puebla which Chohula is located in has 1,898. Mexico City has 10,000 Catholic churches, and is building estimated 25 or 30 more.

Many of the new churches are a radical architectural departure from the traditional style with its spires and domes. Modernism is the trend, some of the new edifices remind visiting Americans of more ornate all-glass skyscrapers.

New Officers For Southland OES Are Installed At Hall June 2

Installation services were held for new officers of the Southland Chapter of the Order of the Eastern Star on June 2 in the Masonic Hall.

Mrs. Kenneth Davies was installing officer and was assisted by Mrs. Ed Denton, marshal, Mrs. M. A. Dunn, chaplain, Mrs. Nellie Mathis, secretary; and Mrs. Hub Taylor, organist. Mrs. Herbert Dunn gave the welcome address and the Bible was presented by Karen Gayle Pennell.

The hall was decorated in the new matron's chosen colors of green, pink and silver. Her motto, "Together" extended across the East in pink letters. Large baskets of pink and green flowers completed the decorations.

Retiring officers carrying lighted tapers with ribbon streamers on stars presented a drill, formed a cross and sang "Now Is the Hour." Mrs. Pennell presented the jewels to Mrs. Dunn, retiring matron, and Mr. Pennell to Clay Johnston, retiring patron.

Other officers installed were Donald Pennell, worthy patron; Mrs. Luella Myers, associate matron; L. B. Hambricht, associate patron; Mrs. Dauline Dunn, secretary; Mrs. Cordia Johnson, treasurer; Mrs. Wesley Scott, conductress; Mrs. E. L. Church News

Vacation Bible School at First Baptist Church is being well attended Monday morning attendance was 164 and Wednesday's, 182. The school will continue through Wednesday. Commencement will be Wednesday evening, June 17, at 8 o'clock. Visitors are invited to the exercises to see what the children have learned and done, the pastor, the Rev. Roy Shahan, said.

The Rev. Gerald N. Blackburn is in Dallas attending a United Promotion Conference as a representative of the Abilene Presbytery. The meeting opened yesterday and will continue through tomorrow.

Good attendance is the report from Calvary Baptist Vacation Bible School. The school will continue through Wednesday and all children of the town are invited to attend.

Mrs. Gerald Blackburn will leave Sunday for Muskogee, Okla., to attend a woman's work conference of Presbyterian Churches there next week.

The Rev. Roy Shahan has announced that he will speak on "The Door of Destiny" (Rev. 3:8) at the Sunday morning service at First Baptist Church. His evening theme will be "Christianity's Pool Tub and Towel" (John 13:1-17). "You will find a cordial welcome awaiting you in these services," the pastor said.

NEEDLECRAFT CLUB

Mrs. Phil Trammell will be hostess for a meeting of the Needlecraft Club in her home at 3 o'clock tomorrow afternoon.

Miss Reese Is Honored Monday At Shower In Paul Duren Home

Miss Marie Reese, bride-elect of Kenneth Braddock, was complimented when friends entertained with a miscellaneous shower Monday evening in the home of Mrs. Paul Duren.

The honoree wore an aqua and black dress with black accessories and a corsage of feathered carnations, a gift from her fiancé.

Sixty guests were registered by Mrs. Jacky Meeks. Out-of-town guests included Mrs. Ira Cottrell of Lubbock, Mrs. Ben Briggs of Lamesa and Mrs. O. D. Reese of Snyder.

Co-hostesses for the party were Mrs. T. J. Miller and Mrs. Lee Long.

The couple will be married in July.

Mr. and Mrs. J. C. Strange of Slaton were Post visitors Monday.

Santa Fe 4-H Club Award Offered Again; Garza Girl A '52 Winner

A Santa Fe Railway System awards offer in which a Garza County girl shared last year is being offered again this year.

Texas Extension Service has accepted for 1953 Santa Fe's offer to provide a National 4-H Club Congress award equivalent to \$175 each to the 15 boys or girls in the state with top ranking 4-H records. In addition, one 4-H boy and girl will be selected to receive a \$250 college scholarship.

Participants must have passed their 14th and must not have passed their 21st birthday on Jan. 1, 1953, and must have completed at least three years of 4-H club work, including the current year.

Last year's Garza County winner of the Club Congress award was Miss Janyce Lobban of Justiceburg, a May graduate of Post High School.

TIPS FROM YOUR COUNTY AGENT

By JESSIE PEARCE

Now that freezing time is really here, plan to freeze your chickens so they will be ready to cook when removed from the freezer. You will probably freeze most of your chicken ready cut for frying. That is the way most people from this section of the country are accustomed to eating their chickens and is their favorite method of preparation. Broiled chicken is delicious and is a way of preparation that more and more people are using all of the time. So why not plan to freeze a few of your fryers either whole or in halves to use for broiling? The method to use in freezing is to split the bird in half down the back and breast; wrap in vapor moisture proof material and store at zero degree or lower.

Now to broil the chicken, start with a fresh or completely thawed fryer which weighs two and one-half pounds or less. Follow the directions for use of your broiler then proceed as follows:

1. Use chicken split in half lengthwise. Break drumstick, hip and wing joints to keep bird flat during broiling.
2. Skewer wing and leg to body to make a compact flat piece of the chicken.
3. Season each half of the chicken with about one-fourth teaspoon salt and one-sixteenth teaspoon pepper.
4. Place chicken on broiler (not rack). Brush with melted fat and then place skin side down.
5. Place in broiler five to seven inches under heat source. Chicken should be broiled slowly. Regulate heat or pan position so that chicken just begins to brown lightly in 10 minutes.
6. Turn and brush with fat two or three times during broiling to brown and cool evenly. Total cooking time varies from 35 to 50 minutes.
7. Test for doneness: the chicken is done when meat on the thickest part of the drumstick cuts easily and there is no pink color.
8. Serve with pan drippings poured over chicken.

In 1952 were: Bill Arrington, Freeport; Tommie Kolbe, Inez; Eddie Mae Gembler, San Antonio; Cynthia McKethan, McZogor; Martha Jane Brandon, Quanah; Yvonne Allen, Argyle; Jack P. Acker, Nazareth; Ricks Puenneke, Carrizo Springs; Allene Bailey, Bastrop; Obie Dee Bradford, Winters; Toby Thomas, Sweetwater; Vivian Braune, Seguin; and Nancy Adlan, Fisk. The last two also received the scholarship award.

The program is supervised by the Cooperative Extension Service.

New Methodist Pastor Preaches His First Sermon Here Sunday Morning

The Rev. Charles R. Gates, new Methodist pastor, preached his first sermon at the local church Sunday morning. He replaces the Rev. Joe E. Boyd, who has been appointed treasurer of the Northwest Texas Methodist Conference after two years as pastor here.

Rev. Gates is the son of the Rev. Phil H. Gates, retired Methodist minister now of Pampa, who has held pastorates throughout the Panhandle, South Plains and other West Texas areas.

The new Post pastor was at Idalou for five years before moving here, and has also held pastorates at Pampa and Dalhart. He is a former school teacher and was serving as principal at Throckmorton at the time he entered the ministry in 1939. He had received his degree in administrative education from West Texas State College at Canyon in 1936. He was also principal at Fluvanna 1933-35.

After deciding to enter the ministry, he attended Southwestern College at Georgetown, McMurry College at Abilene, and WTSC.

Rev. and Mrs. Gates have three sons. Charles Wade, the oldest son, will be a junior student in Texas Tech next year. He is employed in Lubbock by a Furr's super market. The other sons,

REV. CHARLES R. GATES

both at home, are Don, 16, and Mark, 10.

Don was a member of the Idalou Wildcat football team which won the Class B regional crown last year by defeating Claude. Weighing 158 pounds he played quarterback on the Wildcat eleven. The Wildcats were district co-champions in 1951. The first season Don played on the team.

Two Post Men Are Injured In Crash

Two Post men, R. Justice and M. J. Malouf, were slightly injured about noon last Thursday when the automobile driven by Malouf collided with a panel truck in Lubbock.

Justice was treated at West Texas hospital for slight injuries sustained in the crash and then released. Malouf, who received slight head abrasions and an injured right arm, did not require hospitalization.

The Post men were in Lubbock on business at the time of the accident.

Those who recently enjoyed a picnic at Mackenzie Park in Lubbock were Mr. and Mrs. E. C. Hill, Mr. and Mrs. Melvin Hill and son of Sand Springs, Okla., Mr. and Mrs. E. C. Parrish and daughters of Monroe, Mr. and Mrs. Bill Windham, Mr. and Mrs. Everette Windham and children, Mr. and Mrs. Wiley Hill and daughter and Hoyt Hill of Lubbock.

Wheat Allotment Forms Available

Farmers on land on which no wheat was seeded for the years 1951, 1952 and 1953 may apply for a 1954 wheat acre allotment, according to Claude E. Spence, chairman of the Garza County Production Marketing Administration committee.

To be considered for allotment on a farm which has wheat seeded for any of the years, the farmer must file in writing to his county committee by June 30, 1953.

Blank application forms available at the county office here for use in filing requests for allotments.

You can drive this bargain

Come in and ask us about the low delivered price on this **1953 Buick SPECIAL** 2-door 6-passenger Sedan

WE make that statement for a mighty good reason. A lot of people have no idea that this big, roomy, sweet-riding 1953 Buick SPECIAL costs just a little more than the so-called "low-priced" three. Maybe you're one of them—and we'd like to clear the picture for you. We'd like you to know that you can buy the most beautiful, the most comfortable, the highest-powered SPECIAL in Buick history for a lot less than you may think. But there's more to this great automobile than just more room and power and thrill per dollar—more than just the solidness of Buick structure, the pride of Buick styling, the steadiness of Buick riding. There's wallowing big value above all this. For here you get as standard equipment a host of other things that most other cars of similar price charge as extras—things like twin sunshades, lighter, automatic glove-box light, direction signals, dual map lights, trip-mileage indicator, oil-bath air,

Ramage Hurls Four-Hitter As Wood Bees Take 2-0 Decision

Guests of the C. L. Coe-Canyon Valley were Mr. Marlin Page and girls Worth, Mr. and Mrs. Elston and Ronnie of N. M. Mr. and Mrs. Cooper and children and Mrs. L. A. Enloe and of Slaton, Mrs. June and children of Post, Mrs. Young of Close City, Mrs. Jones and Mrs. J. E. Bul-Grassland.

The Post Wood Bees, who pinned a 2-0 defeat on the Lubbock Rangers here Sunday afternoon behind the four-hit pitching of Billy Ramage, play the Lubbock Independents at 2 o'clock Sunday afternoon on the Postex Mill diamond.

On Tuesday night, June 16, the Wood Bees will play their first out-of-town game of the season, meeting the Lubbock In-

dependents at 8 p. m. at Odom Field in Lubbock.

Sunday afternoon's loss was only the second of the season for the Rangers, who had defeated the Wood Bees, 5-4, in an 11-inning game earlier in the season.

Sunday's game was a pitcher's duel between Ramage and Walker of the visitors, each allowing just four hits.

The Post nine scored the only runs in the bottom half of the first inning, Dink Taylor, center-fielder, tripling home Roy Williams and Billy Mack Shepherd. Williams had reached first on an error by the Ranger second baseman, and Shepherd had singled.

All four Rangers hits off Ramage were one-base blows, Harvick getting one in the first inning, Ater in the fifth, Huess in the sixth, and Reske in the seventh.

Besides Taylor's triple and Shepherd's single in the first frame, Post's only other safe base blows were another single by Shepherd in the fourth and one by Taylor in the seventh.

Others seeing action for the Wood Bees in Sunday's game were Louis Mills, second base; Shorty Hester, shortstop; Murry, right field; Cordell Custer and Jess Cornell, third base, and Hays, first base.

Sunday before last, the Post

Judge Pontiac purely from the standpoint of quality and it's hard to believe that it is actually a low-priced car. Certainly it's as distinctively styled as any car on the road—and its beauty carries through into its luxurious, roomy Body by Fisher. Performance-wise, Pontiac is second to none, with power to spare that whisks you through city traffic or cruises with remarkable economy. And Pontiac is a big car, with a long, 122-inch wheelbase.

But Pontiac's outstanding feature is its price—a price so low that if you can afford any new car you can afford a Pontiac. Come in and get the facts that prove that dollar for dollar you can't beat a Pontiac!

Representatives of five wars were represented at the presentation. Left to right (seated) Paul Cook, Austin, World I veteran; Riddle and Judge George W. Barcus, Austin, Spanish-American War veteran; (standing) G. Ward Moody, Jr., Austin, Korean War veteran, and Albert D. Brown, Jr., World War II veteran and state commander of the American Legion.

Post Scouts, Cubs Planning For Camp

While they won't have as far to travel as some of the visitors, members of Post's Boy Scout troop and Cub Scout pack are looking forward to camping periods at C. W. Post Memorial Camp, two and one-half miles southwest of town.

Boy Scout Troop 16 will begin their encampment Sunday afternoon and continue through the following Saturday. Paul Simpson is scoutmaster and Luther Bilberry is assistant scoutmaster.

Cub Pack 16, of which Phil Trammell is cubmaster, will attend Cub-Dad camps at the site Saturday and Sunday of this week and Saturday and Sunday of next week, some of the Post Cubs attending one encampment and some the other.

Dry Weather Forces Acreage Reductions

The normal cotton planting season in Garza County has come and gone, but a rain before July 1 would result in many farmers going ahead and planting, according to County Agent Lewis Herron.

The dry weather has already assured, however, a substantial reduction in the county's cotton acreage from the 1952 figure of between 70,000 and 80,000 acres. Some of this acreage will be planted to grain, providing there is enough moisture even for that.

Cotton is up on about 5,000 irrigated acres in the county, Herron said.

Post Airport in Excellent Shape

Recent improvements at the Post Airport have put the landing field in the best shape it has ever been in, according to local plane owners using its facilities.

A ditch which had been cut across the strip by the State Highway Department was filled in after a "horn" of 55-gallon steel barrels had been placed in it.

The barrels were furnished by Postex Mill, Inc., and county machinery was used on the filling in job and also in blading the site.

"A god rain to wet down the loose dirt is about all that's needed now," one airport user said.

The airport has an 1,800-foot east and west landing strip and a 2,900-foot one north and south. Airport users this week expressed their thanks to county commissioners for the filling-in and blading job and to the Postex Mill for the barrels used in lining the ditch, which cut the landing strip almost in half before it was filled in.

The floor-to-ceiling tree-like gate revolves to permit exit of one person at a time. How Mrs. Weisinger got her head caught between the rungs she could not explain. But she is satisfied she is going to have to learn more about subways.

Youth Program --- Hood Rites ---

(Continued From Front Page) for swimming at the Craig Pool on Tuesday afternoons and skating at Tahoka on Thursdays, according to the directors.

The owners of the swimming pool, Bingham said, are admitting children under 11 to the pool free and are charging only 10 cents each for those over that age.

The directors this week expressed their appreciation to the adults who provided transportation to the swimming pool Tuesday afternoon. They were Mr. and Mrs. Sid Cross, Mrs. E. F. Schmidt and Oscar Garner.

A new feature of this year's recreation program is opening of the grade school library from 1 until 4 o'clock Monday and Wednesday afternoons during the six weeks the program is under way. Mrs. Nola Brister, librarian, is in charge.

The directors remind youngsters taking part in the program that to be sure of having a ride on the swimming and skating parties each Tuesday and Thursday, they should attend each day's activities.

"Of course, we are going to take all those for whom we can furnish transportation when we go swimming and skating, but if there is a shortage of rides, preference will be given to the youngsters who also attended the previous day's program," Bingham said.

This summer's recreation program, which is open to all boys and girls within the specified age limits, is being sponsored by Mu Alpha chapter of Beta Sigma Phi sorority. Chapter members directed a fund drive

Austin Attorney Heads State Bar

AUSTIN (Spl.)—Everett L. Loney, Austin attorney, has been elected president of the State Bar of Texas in a state-wide election just completed among the state's 11,300 lawyers. R. Nichols of Fort Worth was elected vice-president.

Loney is currently serving as vice-president and Nichols on the organization's board of directors. They will begin one-year terms in their new offices at the close of the 1953 State Bar convention in Fort Worth on July 14th.

Results of the mail balloting were announced by current President J. Glenn Turner, Dallas.

Also elected were five new directors, each for three-year terms, for five of the state's congressional districts. They are Ben L. Parten, Sr., Franklin, 6th congressional district; W. C. McClain, Conroe, 7th district; E. M. Dodson, Marlin, 11th; Loyd A. Wicks, Sr., Ralls, 19th; and A. P. Allison, Kerrville, 21st.

Two directors were returned to office for new terms. They are R. L. Dillard, Jr., Dallas, 5th Congressional district, and Joe A. Keith, Sherman, 4th district. Both were serving appointive terms to fill vacancies on the board of directors and were eligible to run for three-year terms.

New Branding Irons Causing Confusion

DENVER (AP)—The fancy electric and gas-heated branding irons now being used by some cattlemen are putting brands that can't be read on Colorado's cattle, says Ed Paul, Colorado brand commissioner. It's the greenhorn cattlemen who are messing up the brands, Paul believes.

Paul has high hopes for improvement soon because the men attracted to the business by high profits a few years back are now getting out as the price of livestock drops.

"They get their irons too hot or too cold," he says. "If the irons are cold, they won't make permanent scars. If they're too hot, they burn across the brands and smear them up," he explained.

Baugh And Wright In Roping Match

A special feature of the annual Stephens County Amateur Rodeo, which got under way Wednesday at Breckenridge, is a matched roping contest between Sammy Baugh and Nig Wright, both of whom performed in this year's Post Stampede Rodeo.

Baugh, who has a ranch near Rotan, is a former Texas Christian University and Washington Redskins football star. Wright, whose home is at Breckenridge, was 1952 Texas champion amateur cowboy in calf roping and yearling tie-down.

Mr. and Mrs. Jack Rex and sons returned home Sunday night from a vacation trip to Pennsylvania.

Quarter Horse Enthusiasts Of Area Get Bad News Along With The Good

There's good news and bad news this week for Quarter Horse enthusiasts of the Post area.

The good news is the showing made by Post Quarter Horses at last week's show in Plainview. The bad news is word of the death of Bill Long's grand champion mare, "Shenanigan," who was killed last week at Wetumpka, Okla., when struck by a bolt of lightning.

Long's mare was at Wetumpka to be bred to the outstanding Quarter Horse, "Leo Sands," Shenanigan was grand champion mare at a recent Lubbock show and had won many other honors.

In the Plainview show, held in conjunction with the Bar None Rodeo, "Mindy McCue," owned by nine-year-old Roger Camp, son of Mr. and Mrs. Shelley Camp, won second place in the 1951 filly class.

Sim Taylor's "Miss Mac" won a third place, and Earl Hodges'

"My Do" was sixth in the 1952 filly class. An animal owned by Dee Keck placed fourth in the gelding class.

Approximately 60 horses were entered in the Plainview show, in which trophies were awarded first place winners, and ribbons went to other winners. Jess Shurber of Floydada was judge, and Ralph May was chairman of the show committee.

George "Scotty" Samson reported this week that his 1950 filly, "Georgie Brown," is at Wayside for breeding purposes. He said he expects to go after the horse this weekend.

Post Cowboys Are To Head Parade

The Post Stampede Cowboys, second place winners in the Crosbyton Rodeo parade last Thursday afternoon, are to ride again this afternoon at 3 o'clock in the parade opening the annual Brownfield Jaycee Rodeo.

Since they were the first riders to accept an invitation to ride in the parade, the Stampede Cowboys will lead the other riding groups in the procession, according to Alvin G. Davis, rodeo chairman for the Brownfield Junior Chamber of Commerce.

The local riders headed out here at 11:45 a. m. and were to assemble in Brownfield at 2:30 this afternoon. Starting point for the parade is at the Junior High School grounds, a block and a half east of the Lubbock-Seagraves Highway on Main Street.

Following the parade the Terry County Sheriff's posse will be host to visiting riders at a "big feed" at the posse club house at the rodeo grounds.

The Brownfield rodeo is to consist of three night performances—Thursday, Friday and Saturday. Several rodeo performers of the Post area are expected to enter the various events, and a large number of fans of this vicinity probably will be in the stands for one or more of the performances.

The proceedings will be enlivened by the candidacy of three men for district governor. They are: Bruce Gentry of New Deal, W. W. Cooper of Turkey and Joe Phillips of the South Amarillo Lions Club.

Outgoing district governor is Milton Morris of Canyon. It also was announced that Joe Fisher, an International director, will be present.

There will be a program for visiting women in connection with the convention. The convention program will commence Friday with registration. The first day also will include the opening business session, the district governor's reception, a queen contest, night entertainment and a sing fest.

On Saturday, there will be a model breakfast honoring key members, a business session, a model luncheon, another business session, political campaigns for the district governor candidates, a district governor's dinner program, a family night and the district governor's ball.

The Sunday program will open with a Texas Lions International counselors' breakfast and close with a business session.

Garza County 4-H Club Girl Reports On District Camp Held In Lubbock

By JANET STEPHENS

Graham 4-H Club
On Tuesday, June 2, seven girls left for the District 4-H Camp at Lubbock. They were Sue Stephens, Betty Nelson, Vickie Molina, Ruth Ann Long, Beatrice Klesel, Linda Livingston and myself.

Everyone was excited and eager to get to camp. This was to be my second trip to camp and I was as excited as anyone.

As soon as we got there, we were assigned to our different barracks. Everyone had to jump tables and be on one program. I signed up for jumping tables Wednesday morning and a night flag ceremony for Tuesday evening. After I signed, I went to my barracks to make my bed. Then I went to the general assembly to find out the theme for camp. The theme was "4-H: There were four barracks. Each one had a name—either Heart, Hands or Health. I was in the Hands group.

By this time, it was time for lunch. We had a very good one. In fact, every meal we had was wonderful and very well planned by Miss Jessie Pearce and

the other agents. That afternoon we all went swimming at the Lubbock Boy's Club indoor pool. When we got back from swimming it was almost time for dinner. We cleaned up and then went to eat. After we ate, we went to the Merchants Building and played games. Among them were gossip, going grape hunting and cross questions and crooked answers. After that we went back to the barracks and went to bed.

The next morning we had breakfast. Then we went to a first aid class. There we learned about the cure of minor cuts, bruises and sprains and what to do for them. Our instructor was Mrs. Fred Collins, camp nurse.

We had 30 minutes free time before lunch. Then we went to eat. We had a very nice table ceremony. We sang several songs, among them were "Three Blind Mice" and "Chester."

After lunch, our barracks group went to class. It was song, leadership and games. There we learned, among others, "The Holy Grail" and "Sing Your Way."

dances. We learned to promenade, allemande left, do-si-do and sashay. I found this to be a lot of fun, especially for people who like to dance.

We went swimming again about 4:30. We had a nice supper and flag ceremony. Then we had a night party. We didn't get to have it on the lawn because of the sand. Instead they had it in the recreation hall. A play was given entitled, "Wall Flower." It was about a girl who didn't know how to make friends until she joined a 4-H Club. Then lights out and to bed.

Early the next morning we ate breakfast and went to the recreation hall to elect new officers for camp next year. Linda Livingston, Ruth Ann Long and I were voting delegates.

After the election of officers, my barracks went to our last class, which was 4-H Mirror. There we learned just how much our 4-H work means to us. The 4-H Mirror reflects our work—present and past. You look in the Mirror to see how much you have grown. If you have done a lot of club work and if you did that work to learn, then you have really grown. But, if you haven't done any work and you are in 4-H just to get out of classes, then you haven't grown a bit.

We went back to our barracks and stripped our bunks and packed our bags. Then we went to lunch. Everyone's parents were invited to be our guests.

After lunch, we installed our officers for the coming year. Then we went to the dining hall and assembled our notebooks. These notebooks had everything in them that we did at camp. The older girls then lowered the flag, and camp was over until next year.

Hundreds Of Boy Scouts, Cubs Attending 1953 Encampments

Night Programs At Camp Post To Public, Runkles Announces

Second Boy Scout Camp opened Sunday and following breakfast Saturday night programs at Camp Post to public, Runkles announces.

Five Memorial Scout Camps and a half mile of Post.

Scouts attending the annual encampment also have the opportunity to work toward merit badges in 100 different fields.

One of the outstanding features of the Indian dances each Friday is the snake dance. Scouts wrap harmless snakes around their bodies to carry out the old Indian tribal dance.

Dr. C. C. Schmidt of Lubbock is camp chairman.
