L. C. Whitley, 40, of Post, suffered a badly mangled left arm about 8:45 a. m. Sunday in an irrigation well drilling accident 12 miles northwest of Post.

Whitley was reported "resting well" Wednesday in Garza Memorial Hospital, but hospital officials said it had not yet been decided whether or not the arm will require amputation. Whitley underwent surgery Sunday night. The accident occurred when Whitley's arm became caught in a fan line cable. His son, R. C. Whitley, 19, who has working with him, helped extricate his arm from the machinery and brought him to the hospital. Whitley, who is an employee of O. D. Weir of Lubbock, recently moved back to Post from Dublin, Tex.

EXEMPTIONS WILL PUSH TOTAL PAST 1,500 MARK 1,382 Poll Taxes Are Paid

A total of 1,382 poll taxes were paid in Garza County before the Jan. 31 deadline, it was reported this week by Carl Cederholm, deputy tax assessor-collector.

This year's total, figures show, is less than it has been in several election years. In 1952, the last previous election year, 1,449 poll taxes were paid; in 1950, 1,442, and in 1948, 1,605.

Thirty-six exemptions were claimed by persons who will be voting for the first time. There are a number of exemptions for those over 60, but since it is not necessary for them to call at the office and apply for exemptions, there is no record of the number, Cederholm said.

Only in counties of more than 10,000 population are persons over 60 required to make application for poll tax exemption.

The tax office was open until 10:30 p. m. Saturday and 187 poll tax receipts were issued during the day, Cederholm reported. Ten receipts were issued Sunday.

Meanwhile, interest on the political front picked up, with three more candidates announcing. They were B. F. (Boone) Evans for re-election as Precinct 1 county commissioner; H. G. (Gordon) Flowers for county treasurer, and A. O. (Jerry) Tannehill for sheriff, tax assessor-collector.

Contests are now assured in five county races—those for sheriff, tax assessor-collector, district and county clerk, county treasurer, Precinct 2 county commissioner, and Precinct 3 county commissioner.

Three candidates are in the race for sheriff, tax assessor-collector. They are Carl Bains, the incumbent, and L. E. (Fay) Claiborn, Jr., and Tannehill.

There are also three candidates in the race for Precinct 3 county commissioner, where Ozell Williams, candidate for re-election, is opposed by E. W. (Wren) Cross and Russell Wilks, Jr.

Other contested races and the candidates are: District and county clerk, Ray N. Smith, incumbent, and Carl Cederholm; county treasurer, Vera Colchont, incumbent, and Flowers; Precinct 2 county commissioner, L. E. (Buck) Gossett, incumbent, and G. M. (Glenn) Davis.

In addition to the barbecued buffalo, the menu will include beans, onions, pickles, bread, coffee and soft drinks. On the VFW post's barbecue committee are Gearhart, Jess Cornell, Mason Justice, Lloyd Boren and Jack Kuykendall.

Contracts Let On School And Pool Projects

Construction contracts were let here last week on two projects—the new junior high school building and the City of Post swimming pool.

Contract for construction of the school building was awarded to Samson Bros. Construction Co. of Lubbock, whose bid was \$241,638.

The pool contract went to Padlock Engineering Co. of Dallas on a bid of \$28,447.

The school building bids were opened at a meeting in the school cafeteria. The Samson Bros. Construction Co. bid was the lowest of 16 submitted.

Other bidders on the school project were W. B. Abbott, Brewer Neal, Cardwell & Miller, Davis Construction Co., S. R. Duncan, Givens Construction Co., Hammock Bros., James T. Taylor & Son, V. & N. Construction Co., R. P. Walden & Co., West Texas Builders, Honeycutt Lumber Co., G. A. Jones, Jim Reid and Saunders Construction Co.

The bids ranged from the \$241,638 figure up to \$288,466. The contractor told the school board that he would be ready to start construction "within two weeks." The contract specifies completion in 240 consecutive days.

The swimming pool contract was let Friday. The successful bid of \$28,447 was the lowest. See CONTRACTS LET, Page 8

38 Cub Scouts, Adult Leaders Re-Registered

Re-registration of Cub Scouts and adult leaders was held last Thursday night at a charter review following the regular pack meeting at the City Hall.

Twenty-six Cubs and 12 adult leaders were re-registered in a session conducted by Tommy Daniel of Lubbock, field Cub Scout worker for the South Plains Council, Boy Scouts of America.

Theme of the pack meeting was "Cub Scout Showmanship." Den 2 staged a puppet show with a western "horse opera" theme, and Den 3 presented a Spike Jones kitchen band and skits.

Cubs re-registered and their rank were as follows: Lions—Leslie Acker, Tommy Boucher, Larry Joe DeArmon, Bobby Hudman, Charles O'Neal, Gary Simpson and Joe Bob Trammell.

Wolves—George Brown, Elton Moreland, David Nichols and Pat Sullivan.

Bears—Roger Camp, Mike Cornell, David Lee and Lee Williams.

Robcats—Billy Hamilton, Richard Hart, Curtis Hudman, Richard Hughes, Wayne Kiker, Johnny Mayfield, Bobby Rountree, Billy Shumard and Everett Smithley.

Jaycee Reflector Signs On Sale

Another type of reflector sign has been received by the Post Junior Chamber of Commerce and is now on sale, according to Jack Lancaster, chairman of the club's sign sales committee.

The Jaycees have had reflector lawn signs on sale for the past two weeks. The new reflector sign is for the fronts of

houses and business places. It sells for \$2.50, the same price as the lawn sign.

The Jaycees are selling the signs for the benefit of their park improvement project. From every sign sold, \$1.20 goes into the club's park fund, according to Jack Rex, president. The remaining \$1.30 pays for the cost of the sign.

The new house and store front signs are flat, with white letters on a black background. Like the lawn signs, they are easily seen both day and night. The signs will be installed at no extra charge.

Those wishing to purchase either or both of the reflector signs may contact Lancaster, Rex, or any other Jaycee.

Post's Boy Scouts Joining In 44th Birthday Observance

Post's Cub Scouts, Boy Scouts, Explorers and their adult leaders will join more than three million others throughout the nation Feb. 7-13 in observing the 44th birthday of the organization during Boy Scout Week.

Local Scouts will open the observance by attending the First Presbyterian Church in a group Sunday morning. On Tuesday, members of Boy Scout Troop 16 will "serve" in city and county offices. At noon that day, they will be guests at the Post Rotary luncheon. A special program for the occasion is being arranged by Lowell Short, Rotary Club member.

During the week, the Scouts will have a display in the window of Mason & Co. furniture store on East Main street.

Monday night, the Boy Scouts elected their city and county officers for Tuesday, results of the election are as follows.

County judge, Johnny Kemp; sheriff, Sydney Hart; deputies, Paul Wheatley and Rubin Jimenez; constable, Jimmy Short; county clerk, Leonard Short; city marshal, Wayne Runkles; county agent, Charles Tubbs; water works superintendent, Curtis Didway; tax assessor, Sammy Martin; justice of the peace, Victor Hudman, Jr.; mayor, Jerry Windham; fire chief, Mark Gates; Precinct 1 commissioner, Ronnie Henderson; Precinct 2 commissioner, Jack Sullivan; Precinct 3 commissioner, Connie Martin; Precinct 4 commissioner, Bryan J. Williams.

The theme of the observance is "Forward on Liberty's Team," the current major emphasis of the movement, which seeks to produce a greater functioning manpower and provide a higher quality program for its ever-increasing boy membership.

The anniversary is to be observed by 89,000 units in all parts of the nation, its possessions and also in other parts of the world where American families reside.

A principal activity of Boy Scout Week will be paying tribute to the Scoutmaster.

FEB. 12 DATE OF ANNUAL BANQUET

Post Man To Be C. Of C. Speaker

T. E. Greenfield, banker, merchant and a longtime member of the City Chamber of Commerce, will be principal speaker at the organization's annual membership banquet Friday night, Feb. 12, it was announced Wednesday by W. S. Duckworth, C. of C. president.

Greenfield's many years as a member of the organization and his ability as a speaker will qualify him for the feature spot on the banquet program, officials said.

With O. L. Weakley as toastmaster, the program will also include a financial report by Mrs. Ira Greenfield, secretary, and other reports of the organization's activities since the 1955 membership banquet.

A new president and vice president and four new directors will be installed during the program. The board of directors will meet just before the banquet to elect the new officers.

Tickets for the banquet, which is to be held at the City Hall, beginning at 7:30 o'clock, went on sale this week. Ticket committeemen are as follows:

Clint Herring, L. E. Webb, R. J. Jennings, Robert Cox, Ted R. Hibbs, Dick Woods, Dr. Harry A. Tubbs, Ira Greenfield, S. E. Camp, Bill Edwards, Tom Power, Noah Stone, Levi Noble, A. S. Darby, Raymond Young, W. B. Williams, Oscar Graham, Dean A. Robinson, R. H. Tate, Ellis M. Mills, Chant Lee, Buster Moreland, Powell Shytle and Earl Rogers.

Friday, Feb. 5, is the last day to apply for new growers' cotton acreage allotments, Mike E. Custer, manager of the Garza County Agricultural Conservation and Stabilization office, said Wednesday.

It is also the last day to receive new growers' applications for peanut acreage allotments, he said.

Custer said measurement for wheat acreage allotments will get under way next week in the county.

THIRD IN SERIES OF CONCERTS SET FOR FRIDAY NIGHT

Karamu Quartet To Appear

The Karamu Quartet, national famous concert singers and well known for their national broadcasts over CBS nation-wide hook-up, will appear at 8 o'clock Friday night in the Post Grade School auditorium in the Garza Town Hall and Concert Association's third concert of the season.

The Karamu Quartet was organized in 1941, and has continued to maintain a high standard of musical performance throughout the years. One of the high spots in their career was the invitation from the CBS radio network to give a series of broadcasts. This honor, begun in April of 1951, has continued uninterrupted ever since, and radio fans from 34 states and the Province of Ontario have expressed un-

solicited written approval of the quality of their performance, the unique blending of voices, and the choice of selections.

The Karamu Quartet has been featured on convention programs of organizations such as the National Lawyers' Guild, The National Association of Settlement Houses, The National Federation of Republican Women's Clubs, The Triennial Convention of YMCA Secretaries of the U. S. A. and Canada, and the Baptist World Alliance.

Oberlin College, and many other colleges, high schools, and social and fraternal organizations include in their schedules each year an appearance of the quartet.

Personnel of the quartet are: Charles W. Tomlin, first tenor;

was a member of the original Wings Over Jordan Singers. He has studied voice at the Cleveland Institute of Music, and was for several years a member of Cleveland's Trinity Cathedral Choir under the direction of the celebrated organist-choir director, Edwin A. Kraft.

William A. Baker, second tenor, is a graduate of the Howard University School of Music with a major in voice. He has appeared as guest soloist and as a concert artist in various parts of this country, aside from singing extensively in Europe. Baker also sang feature roles in Karamu Theatre productions of the opera "Lakme" and the musical "Carousel."

Roy J. Lockett, baritone, is also

By CHARLES DIDWAY

"Forward on Liberty's Team" is the theme of the observance of the 44th birthday of Boy Scouts of America during Boy Scout Week, Feb. 7 to 13.

Since 1910, more than 21 million American boys and men have been influenced by the Boy Scout program, which has helped to make them better citizens.

Because of the proximity of Camp Post, camping headquarters for the South Plains Council, Post citizens have even more reason for joining members of Troop 16 in observing the 44th birthday of the world-wide organization of which they are a part.

Incidentally, the observance is for Cub Scouts, too, who are as much a part of the Scouting program as their older brothers—the Explorer Scouts and Boy Scouts.

In the same connection, John Lott, who is vice president-elect of the South Plains Council, Boy Scouts of America, said he learned recently at a training seminar in Mineral Wells that Procter & Gamble has released a TV film for promotion of the Cub Scouting program.

Perhaps many of you saw this particular film. It is one of the "Letter to Loretta" television series and was received on sets here several weeks ago. It is the story of a Cub Scout who had a hard time getting his parents to attend meetings and take an interest in Cub activities.

Procter & Gamble have cut the commercials from the film and released it for general showing in Cub Scout circles. It should do a world of good in getting parents to see it the youngster's way.

Tom Blacklock's duties as courthouse custodian do not consist simply of "custodying," we've learned. Early every Thursday afternoon, Tom shows up at the Dispatch office to buy anywhere from a half-dozen to a dozen of the freshly-printed papers for the courthouse officials.

Les and Virgil Short, formerly of Les Short Buick Co. here, visited briefly in Post Tuesday afternoon en route to points south. The Shorts recently moved to Brownfield, where Les has opened a used car lot.

Phil showed an interesting film at the Lions Jan. 26 luncheon, proving that he's a big help to the program as well as to the executive department. The film was of local interest in that it showed the Brown Bros. et al rig

Roger W. Babson Writes This Week:

Decentralization Of Factories Will Follow Increased Parking Nuisance, Fire Losses

NEW BOSTON, N. H.—Whether or not you and I will live to see World War III, I am convinced a revolution will take place in the location of factories.

As the development of good roads follows the increased operation of automobiles, so the decentralization of factories will follow the increased nuisance of parking. Parking facilities are as inadequate and the parking problem as unsolved today as was the highway problem when we had only dusty, dirt roads.

Another serious problem is loss by fires. These are tremendously heavy and costly today. Fire, occupancy and business insurance are great helps; but these cost money. Such insurance protects us against our own losses; but not against the constantly increasing total fire loss.

Every year more up-to-date manufacturers are operating schools for training employees. To compensate for increased wages and meet competition employees must be better trained. The first cost of such training seems high to old-time employers; but it pays by reducing turnover.

Most of the Factory Schools and the college, public and private engineering schools are in cities. As a result, they attract mostly "city" young people, who too often have led "soft" lives and are not so likely to make ambitious employees.

ACT OF CITIZENSHIP ...

One of America's far-reaching organizations, the Boy Scouts of America, is marking its 44th birthday during Boy Scout Week, Feb. 7 to 13. On this notable milestone we find the Boy Scout movement at its peak in membership.

Today 2,440,000 boys are enjoying the "game of Scouting" in its three distinct programs, Cub Scouting, Boy Scouting and Exploring, each appealing to boys of various age levels.

We seldom stop to think that this great work is made possible largely through the active sponsorship of the church, the school and other community institutions. But perhaps even more significant is the fact that some 860,000 adults share their time as volunteer leaders with the boyhood of America.

Their is a devoted service. A large number have served for many years.

Boy Scout Week this year has been dedicated to honoring the Cubmasters, the Scoutmasters and the Explorer Advisors—the men who bring Scouting directly to the boys.

To them has been entrusted the care and guidance of our boys and young men. It is their influence upon the Scouts of today, with whom they work and play, that help mould these boys and young men into better citizens and better proponents of the American way of life.

These unselfish men who give leadership in Scouting are performing an outstanding act of citizenship. Our nation owes them much.

The discovery of oil in Australia should remind Americans of the untapped wealth stored in many of the world's undeveloped countries. It is also a reminder that this country has no monopoly on natural resources.

A well equipped farm home nowadays has conveniences and labor saving machinery that residents of cities 50 years ago never dreamed of.

"We must have the courage to stand against undue government paternalism and the cowardly cry that 'the world owes me a living.' Nobody owes us anything for crops we do not grow, goods we do not produce, or work we do not do."—Secretary of Agriculture Benson.

being moved to the firm's last City of Post location, north of Tom Power Ford, Inc. What made the film interesting, its viewers said, was that workmen had a tight squeeze getting the rig on the location and another tight squeeze getting it off.

If you like basketball, you'll enjoy the first annual Post Junior Tournament here Thursday, Friday and Saturday, featuring 16 8th and 9th grade teams—three of them representing Post, Bing Bingham, tournament director, has tournament tickets on sale for \$1. That figures out a nickel a game, since 20 games will be unveiled before champion and consolation winners are decided in the two divisions.

We've not sure this happened to Harold Voss and his pals over at our post office, but we heard father-day of a woman who thought she'd pull a fast one when the price of post cards advanced to two cents. She bought 500 of them while they were still selling for one-cent, then went into a hizzy a few weeks later when she was informed at the post office that she couldn't mail the cards without sticking another one-cent stamp on each. There may be a moral to this, but with the price of coffee what it is we can't figure out one.

Here's one to add to your collection of TV jokes:

AN OLD HILLBILLY and his wife were in the city on business. Since they had never stayed overnight in town, they decided on the swankiest hotel in the city. They were shown to their room.

A television set was turned on when they entered, so they sat down and enjoyed the show for a while. Then the old man got angry and shouted to his wife: "Maw, tell those show people to get away from our window so I can get undressed and go to bed."

Oil activity in Garza County during 1953 is shown by a completion record just released. During the year, there were 98 locations—25 wildcat and 73 field. Two wildcat completions were successful, while 16 were dry holes. Forty-one of the field completions were successful, as compared with 11 dry holes.

The record also shows that for the Permian Basin area of West Texas, there were 2,340 oil wells, 59 gas wells, 139 discoveries and 900 dry holes during the past year. That's a total of 3,299 completed operations.

A new depth record for West Texas was set during the year when a well in Reeves County went down 16,696 feet.

I HOPE THE recent "mix-up" down in Duval County involving the Texas Rangers doesn't detract from the excellent record of that group, which played such an effective, valiant and honored role throughout the early troubled years of conflict within and along the borders of Texas. The Ranger organization has existed almost continuously, and without a great deal of variation in general purpose and integrity, from the era of colonization to the present.

Getting Out On The Limb

THE WOMEN, GOD LOVE 'EM: Having too much money not only goes to a woman's head, but funds its way to her back.

The sweet young thing had broken her new glasses. She took the broken pieces back to the oculist. "Will I have to be examined all over?" she asked. "No," he reassured her. "Just your eyes."

Mother rabbit to her little one: "A magician pulled you out of a hat—now stop asking questions."

THE NEW NAME combinations for atmospheric conditions may find us here in West Texas having to coin a new word—"smand"—to describe the grit-laden sand and dust storms. That is, we will if we want to keep up with Southern Californians, especially around the metropolis of Los Angeles, where they call a combination of smoke and fog—"smog." Or those in the industrial east, notably Pennsylvania, where they have tacked the name "smaze" onto a comingling of smoke and haze.

Incidentally, sand blowing time will soon be upon us, but compared to smog and smaze, I imagine that sand is a healthy, life-giving tonic. While other parts of the world, sometimes regarded as "paradises," have their pollutions of water and air, and their earthquakes, forest fires, blizzards and floods, we out in old bald West Texas are stuck with a sandstorm.

It's the healthiest blight of nature ever invented. I hope it's never replaced by anything regarded as more civilized.

If you want to get rid of a man who tries to borrow some money, lend it to him.

According to a book publisher, only a person who has suffered can write a modern novel. If that's true, then we'd say that anyone who has read a modern novel can write one.

SINCE VICTOR HUDMAN and Preacher Martin came by this week on the Lions Club's street re-numbering project, The Post Dispatch office has a longer number than it had before, but an easier one to remember. Vic and the Preacher took down "23" and put up "123." Under the new system, the first block in any direction from the starting point is the "100" block instead of the "10" block, as under the old system.

The Dispatch's telephone number is an easy one to remember, too—"111." If I ever got anyone into a game of "telephone poker," I could take our number as a hand and win most every pot with the three aces. Not that I've ever heard of anyone playing telephone poker, but it seems to me that it'd be as sensible a game as ear poker, which many people play on long automobile trips by checking the numbers on license plates.

A Good Tool In Good Hands

Our Contemporaries Are Saying

Speaking Of Music: We aren't, we are going to start a campaign for better music over these South Plains radio stations. Every time we tune in on one all we hear is a western "artist" singing a silly tune through his nose.

More Yet To Learn: An Anson young man who had just received his college degree rushed out and said, "Here I am, World. I have my A, B." Then the World replied, "Sit down, son, and I'll teach you the rest of the alphabet."—The Hamlin Herald.

The Sooner The Better: A friend passed this on to me the other day. A saintly looking old gentleman tried to halt the bus just as it started to pull out. The driver laughed as he splashed water and mud over the old fellow. The old man pronounced a blessing on the driver something like this: "God rest his soul," and he added, "The sooner the better."—The Hamilton Herald-News.

Struck Speechless: An attack of laryngitis Tuesday morning struck this corner speechless. All we could do the rest of the day was write "can't talk" on a scratch pad in answer to questions. Never previously have we had the experience of trying to collect news and sell advertising without a voice. After one day of it, we are willing to concede that it won't work. Biggest embarrassment is grabbing the phone when it rings and then remembering that no words come out when we talk—not even a croak. Looking back, we believe the first strain on our vocal chords

Wolf Gonzauillas, who retired from active duty in 1951. He has been named vice president of the recently formed Atlas Alarm Corporation of Dallas and Houston.

Gonzauillas earned the nickname, "Lone Wolf," early in his career as a Ranger when, working alone, he stalked the Mexican border, hunting down bandits and smugglers.

One of the many stories of Lone Wolf's exploits concerns a sheriff in a border town who, anticipating a riot, called Ranger headquarters for assistance. He was told that help would arrive on the next train. When the train pulled in, the only Ranger aboard was Gonzauillas, a mild-mannered, soft-spoken man of medium stature. "You mean they just sent me one man?" the indignant sheriff demanded. Gonzauillas' classic reply was, "You just got one riot, ain't you?"

Outside The Pale: The time has come to outlaw Communism in America. We now have four cases of record tried in the higher courts of the land, in which Communist members and the Communist party are definitely and infallibly proven to aim at the overthrow of the United States by force, if need be, to carry out their objectives.

A far cry from the announced plan when the party entered the American picture a decade or two ago. At that time, theirs was an "advanced" Socialistic dream, we were told. As had been the custom, the American public felt it well enough to let them alone, along with other lunatic fringes. Now it turns out their aim is more deadly. The Communists are now proven on the same plane as any other enemy of the country and should be dealt with in the same manner.—The Floyd County Hesperian.

Chief Scout Executive Hails Volunteer Scouting Leaders

The future strength of Ameri- ... ca lies in its youth, says Dr. ... Arthur A. Schuck, Chief Scout ... Executive of the Boy Scouts of ... America, in a message for Boy ... Scout Week, Feb. 7 to 13, mark- ... ing the 44th anniversary of the ... organization.
 "How well the young men of ... tomorrow will meet the chal- ... lenge of the times will depend ... upon the training that they re- ... ceive today in character devel- ... opment, participating citizen- ... ship and personal fitness," the ... Chief Scout Executive said.
 "In cooperation with the home, ... the church, the school and other ... community institutions, the Boy ... Scouts of America," he contin- ... ued, "is charged by its congres- ... sional charter with the respon- ... sibility for promoting the abili- ... ty of boys to do things for them- ... selves and others, to develop ... skills, self-reliance, initiative, ... physical strength, endurance, ... courage, patriotism and those ... other qualities which contribute ... to the very highest type of ... citizenship."
 During Boy Scout Week, in ... countless communities Scouts,

their parents, local institutions ... and public officials will pay trib- ... ute to the leaders of the 89,000 ... Cub Packs, Boy Scout Troops and ... Explorer Posts for the contribu- ... tion they are making to the boy- ... hood of America.
 The Boy Scouts of America, Dr. ... Schuck points out, is operated by ... volunteers with the help and as- ... sistance of a small professional ... staff. Men come forward in in- ... creasing numbers, he said, to ... give their best in the service of ... youth. Without them, he states, ... there could be no Scout program.
 Because of them over 2,400,000 ... boys today enjoy the adventure ... of Scouting, which has become ... a part of our normal American ... life.
 Volunteer leadership positions ... in Scouting attract men of edu- ... cation, as well as men of char- ... acter with an educational and ... occupational background well ... above the national average.
 A recent study of the personal ... data of men serving as leaders ... in all capacities shows that more ... than 60 per cent of the Scout ... leaders in America were once ... Scouts. Sixty per cent were found ... to be high school graduates and ... 30 per cent graduated from col- ... lege.
 Among the Scout leaders it

was found that 86 per cent are ... married men and 61 per cent ... have sons. A high percentage re- ... port membership in fraternal, ... service or veterans groups.
 In a check of the occupations ... of Scout leaders it was found ... that 25 per cent were profession- ... al or technical workers, including ... lawyers, teachers and physi- ... cians. Another 20 per cent are ... craftsmen and foremen; 10 per ... cent are public officials, buyers, ... credit men, managers and pro- ... prietors of small businesses, ... while another 10 per cent are ... sales persons or engaged in ad- ... vertising and insurance. Scat- ... tered occupations are followed ... by the remaining 35 per cent.
 Most unit Leaders say they ... volunteered to serve as a result ... of an intense personal interest ... brought about through their con- ... tacts with boys; others because ... of their friendship with men al- ... ready serving as leaders or be- ... cause of their affiliation with a ... local institution that sponsors a ... Scout Unit.
 Since Scouting was establish- ... ed 44 years ago, Dr. Schuck said, ... emphasis has been placed on the ... right kind of leadership. This ... insistence upon high-quality ... men for positions of leadership, ... who serve without pay, has nev- ... er been lessened.

Tahoka Upsets Floydada Five

The Tahoka Bulldogs knocked ... the Floydada Whirlwinds out of ... first place in the District 5-AA ... race at Floydada Friday night ... with a stunning 58-52 upset vic- ... tory.
 Floydada started off with a ... rush, holding a 19-9 first quar- ... ter edge, but the Bulldogs were ... just starting and came back to ... lead, 31-29, at the midway mark.
 The score was tied 43-43, go- ... ing into the fourth period and ... Don Barber dropped in a bucket ... to give the Whirlwinds their last ... gust. From there on in, it was ... Tahoka all the way.
 Junior Pitts tossed in 19 points ... for the Bulldogs, with Bob Ash- ... ton getting 18 and Gordon Join- ... er 12 for the hosts.
 Floydada won the girls' game, ... 35-32. Dorothy Holmes topped the ... Whirlwind scoring with 16 ... points. Virginia Gabel led Ta- ... hoka with 15.

Doc Dougherty's Talking Dolls To Be Presented Here In School Assemblies

Doc Dougherty's Talking Dolls ... will be presented Thursday ... morning, Feb. 11, at Post Grade ... School and Post High School as ... another in the series of Southern ... School Assemblies being presen- ... ted this term. Time of the grade ... school performance is 11 o'clock.
 Dougherty's dolls include all ... types of puppets, marionettes, ... guignols (hand puppets), ven- ... triloquist figures and magic ... dolls in a very informative and ... entertaining program featuring ... ventriloquism, or talking pup- ... pets.
 "Doc" has become the out- ... standing ventriloquist in the ... school assembly field. His work ... has drawn high praise from our ... schools where he appeared last ... fall, as indicated by these re- ... ports: "Excellent. This program ... was well liked by pupils of all ... ages and also by members of ... the faculty." "Excellent. This was ... an exceptional program, differ- ... ent, appealing, humorous and ... instructive. Our students liked ... it." "Excellent. This program has ... both educational and wholesome ... entertainment value. The child- ... ren loved it."
 Doc's career started at the age ... of nine when his aunt married ... Ray Lafollette, the famous magi- ... cian and puppeteer of France. ... He saw the youngster was very ... much interested so he taught ... him the fundamentals and saw ... to it he received the proper bak-

ground to make a good enter- ... tainer. Doc attended St. Marys, ... West Virginia High School, Uni- ... versity of Cincinnati and Schu- ... ster-Martin Dramatic School of ... Cincinnati, Ohio.
 His first public appearance ... was at a father and son ban- ... quet in Canton, Ohio. His first ... professional entertainment was ... in 1928, and since then he has ... entertained thousands from coast ... to coast.
 "Doc Dougherty's Dolls" is an ... unusual entertainment. He is a ... personality with a wide range ... of talent and a rare sense of ... humor. This is an all-laugh en- ... tertainment and is enjoyed by ... all ages from three to ninety- ... three.

Calvin and Harold Storie were ... among the Garza County folks ... who attended the Fat Stock Show ... in Fort Worth over the weekend.
 Mrs. R. W. Babb spent Sun- ... day night at Meadow with her ... son, Truett.

Red Cross Performed Big Job Following Disasters In State

Traditionally in March millions of citizens in every part of the country open their hearts and their purses to support the humanitarian services of the

American Red Cross. This organization is a great fellowship of good will in which all citizens are welcome.

When you join the Red Cross

you identify yourself with each individual act of mercy this great organization performs anywhere in the world, as surely as if you personally extended a helping hand.

You were there in Texas the last fiscal year of 1952-53, when tornado after tornado dipped out of the skies to wreck havoc and death, as at Waco and San Angelo, and when floods, fires, and explosions left chaos in their wake. In all 1,699 persons were killed or injured and 4,654 buildings were destroyed or damaged, as 29 disasters struck in 37 counties of the state. You spent \$821,386 to help 10,860 persons who suffered disaster injury or loss.

You helped prevent loss of life, too, as you and the Red Cross trained 25,145 persons in first aid, 30,720 in swimming and life saving, and 8,873 in home nursing.

But your efforts didn't stop there. You came to the aid of 164,760 servicemen or veterans and their families in Texas and, when money was needed, spent \$975,307 in their behalf. To an additional 87,794 individuals and families, you provided information and similar Red Cross services.

Through your help, 840,249 youngsters were introduced to Red Cross principles through the Junior Red Cross program, now active in 2,356 elementary and secondary Texas schools. These students filled and sent overseas 17,378 gift boxes for needy foreign children, and raised \$5,145 for the National Children's Fund.

Your generosity, not only in terms of money but of your own time, caused a grand total of 441,790 volunteer hours of service to be chalked up in Texas, as 7,531 trained volunteers worked to provide Red Cross services to their communities, to their hospitals, and to military personnel. In all, you helped produce 13,196 garments, surgical dressings, and comfort items in your state last fiscal year.

Nationally, the helping hand of the Red Cross collected 4,121,200 pints of blood in that year—life giving blood for servicemen and civilians, blood that prevented or modified polio when processed into gamma globulin.

During the fiscal year, there were 100 Red Cross volunteers to every paid worker, and three of these volunteers were on duty every minute of that year to bring Red Cross services to neighbors. You spent \$164 each of those minutes to meet human needs—an incredible record of good deeds.

Your time, your energy, your money make these Red Cross services possible. This year's Red Cross goal is \$85,000,000 and 30,000,000 members. In your hands is the measure of what Red Cross can do in the year ahead for the stricken and troubled who call for the help they must have.

First Baptist Church Will Host Zone Training School Feb. 15-19

The 43 churches of the Lubbock Baptist Association will participate in a Group Training School, Feb. 15-19. The local First Baptist Church will be host for the 12 churches in zone one, the Rev. Roy Shahan, pastor and one of the assistants of the training program, has announced.

Director for the school is the Rev. Bryan Ross, pastor of the Westview Baptist Church in Slaton and a former pastor of the Pleasant Valley church. Other assistants are the Rev. Fred Mc-

erson, pastor of Southside Baptist Church in Lubbock, zone two; and the Rev. Joe Motesen-acker, pastor of Idalou First Baptist Church, zone three.

Schools will meet here; Trinity Church of Lubbock, zone two; and College Avenue Church, Lubbock, zone three. Fifteen books will be taught in each with classes for beginners through adult classes. Church nurseries will be open during the week.

Seventeen thousand are enrolled in Sunday School in the Lubbock Association and a goal of 17,000 has been set for the week's program.

Churches and their pastors in zone one are: the host church, Rev. Shahan; Calvary Baptist Church of Post pastored by the Rev. Shelby Bishop; Justiceburg, the Rev. L. H. Welch; Pleasant Valley, the Rev. W. P. Cure; Southland, the Rev. E. E. Williams; Slaton First Baptist Church, the Rev. J. T. Bolding; Westview of Slaton, Rev. Ross; Union Center, the Rev. Herbert Addell; Friendship, the Rev. Audye Wiley; Wilson, the Rev. John A. Martin; and Central, the Rev. A. T. Nixon.

Books to be taught and the teachers are: "Studies in John's Gospel," Rev. Shahan; "Personal Factors in Character Building," Rev. Bolding; "How to Win to Christ," Rev. Martin; "The Extension Department, Lifting Through Love," Mrs. Floyd Guelker of Slaton; "Understanding Adults," Rev. Bishop.

Also "Teaching Young People in the Sunday School," Rev. Williams; "Effective Work with Intermediates," Mrs. Wesley Scott of Pleasant Valley; "Better Bible Teaching for Juniors," Mrs. Roy Murphy of Slaton; "Guiding the Primary Child," Mrs. John Martin of Wilson; "Teaching the Beginner," Mrs. F. E. Clonahan; and "The Cradle Roll," Mrs. Dudley Berry of Slaton.

Training Union study courses to be taught are "Alcohol in the Deceitful," for the intermediate ages, Rev. Wiley; "The Junior and His Church," Mrs. W. C. Klier; "Bible Stories for Primaries," Mrs. Bishop and Mrs. Edith Crispin; and "Bible Stories for Beginners," Mrs. Stanley Butler and Mrs. C. Hughes.

Resume Given on Progress Made By Brownie Troop Five Members

The following is a resume of the progressive work of Brownie Troop Five during the first half of the scouting year:

"The girls have just completed an interesting project in basket weaving. They designed their own baskets and wove them carefully and well. Other crafts completed include salt and pepper shakers, painted tea towels, tie racks, necklaces and others.

"In keeping with the Girl Scout activities, the Brownies have had programs on health, good grooming and manners. They have learned to make introductions and how to be good hostesses as well as guests. They also practiced place settings and serving.

"Service community activities in which they have been engaged are making tray favors for Garza Memorial Hospital, taking gifts to shut-ins, delivering food to a needy family and taking books and toys to one of the church nurseries and to the colored Sunday School nursery.

"Brownie Troop Five members also adopted an elderly couple as their 'grandparents.' Each afternoon two of the girls stop by the home to see if the 'grandparents' need any errands run and deliver The Post Dispatch each week. This couple has been a source of pleasure to the troop."

Members of Troop Five are Janie Carradine, Allyn Cox, Jan Herring, Gwen Humble, Glenda

H. Powers, Mr. and Mrs. Jack Carpenter and Linda, Mrs. Gene Stom and daughters and Mrs. Earl Wrestler.

Friendship Baptist Church is making plans for a spring revival to be held within the near future, the Rev. Audye Wiley, pastor, reported. Date and evangelist will be announced soon he said.

The Rev. Roy Shahan, First Baptist pastor, reports: "Good interest was manifest in all the services last Lord's Day. Two additions were made to the church, one by Baptism and one by transfer of letter. The pastor will speak Sunday morning on 'The Purpose and Power of Spiritual Vision' (Ezekiel 1:1). Laymen will have charge of the evening worship including the musical part of the service. The study of Psalms each Wednesday evening is gaining interest. If you enjoy Bible study, you will enjoy the Wednesday evening service."

Rev. and Mrs. Shahan will be in Littlefield Sunday afternoon for the dedication services of the new First Baptist Church auditorium. Rev. Shahan will preach the dedication sermon and he also preached the dedication sermon for the educational building which was dedicated about three years ago. He served as pastor there from 1938 to 1942. The Rev. Lee Hemphill, pastor, will observe his 12th anniversary there Sunday.

The Rev. and Mrs. Gerald Blackburn arrived home last weekend from Amarillo where they had been for several weeks. Rev. Blackburn is recuperating nicely from recent major surgery.

The Rev. and Mrs. Charles R. Gates are in Dallas this week attending Ministers' Week activities on the campus of Southern Methodist University.

Plans are being made for a book review at the First Christian Church Feb. 23. Mrs. Bryan Edwards of Lubbock will review "Sand and Stars." Everyone is invited to attend at 2:30 o'clock in the afternoon.

Farm Land Values Show Declines From Postwar Peaks Of 1952

COLLEGE STATION (Sp.) — Farm land values in Texas show moderate declines from postwar peaks established in 1952. This decline coincides with a nationwide trend, says John G. McHaney, assistant extension economist, and is a reflection of

toward slightly lower farm real estate values. Value of farm land in the state declined four per cent last year, but is still 145 per cent over the 1935-39 average, says McHaney.

Declines of two per cent or more were recorded in all but three states, and 10 states had drops of five per cent or more. Sharpest land value decreases were evident in Kentucky and Tennessee westward to Utah, an area including most of the states where drought was a major factor in reducing farm incomes.

First apparent during the spring and summer of 1953, a mild decrease in land values continued in most of the country and now effects current developments in the farm real estate market, he says.

Farm real estate dealers and economists over the nation were asked recently whether they thought prices for rural real estate would increase, remain stable, or decrease further.

Only four per cent of the reporters expected an increase in price while 40 per cent thought prices would continue to lower. The remaining group, more than half the total, believe prices will not change.

Most reporters expect greater price drops for poor farms than for good farms.

Post Minister Is To Speak At Littlefield

The Rev. Roy Shahan, Post First Baptist Church pastor, is slated to be one of the guest speakers at dedication of the new First Baptist Church auditorium in Littlefield. He is a former pastor of the Littlefield church.

A revival will be held at the church Feb. 7-14, beginning the day the new auditorium is dedicated. The Rev. Fred Swank, pastor of the Sagamore Hill Baptist Church in Fort Worth, will conduct the revival.

Dr. Lee Hemphill is present pastor of the Littlefield church.

Champions Named In Junior Rodeos

The world champion junior cowboy and cowgirl were named at Fort Worth Sunday by the American Junior Rodeo Association.

Announced during the Southwestern Exposition and Fat Stock Show rodeo matinee in Will Rogers Memorial Coliseum, the all-around cowboy title went to Cotton Kinney a bulldogging and cutting horse contestant from Sulphur, La.

Becky Jo Smith of Jal. N. M. is the new all-around cowgirl.

Awards and trophies were presented Kinney and Miss Smith, an optional barrel racer, in one of the final features of Sunday's matinee.

Other champions announced were Marvin Overstreet of Dallas, calf roper; Sherry Price of Addington, Okla., barrel racer; Bill Watts of Andrews, bronc rider; Monty Epps of Magdalena, N. M., optional roper; B. J. Jones of Las Vegas, N. M., bull rider, and Mike McFall of North Platte, Neb., champion hard luck member.

Champions are determined by the number of points acquired during the past year's rodeo contests.

NAMED 'MAN OF YEAR'

Study Of Problems Resulted In Proposed Farm Program

(Editor's Note: Following is another in a series of questions and answers which gives information on the chief provisions of the new farm program recommendations covered in a special message to the Congress from President Eisenhower.)

Q. What is the new program designed to do?

A. These are some of the goals: Protect farm prices and income; avoid building up burdensome surpluses; give farmers freedom to increase efficiency and adjust production to changing consumer demand; enable consumers to buy food and other farm products at prices reflecting available supplies; allow American agriculture to operate on a flexible, rather than a rigid basis;

minimize the problem of diverted acres and production curbs; restore the rewards for good farm management to those who earn them; increase incentives to conserve and improve the soil; provide long-range planning for efficient production and marketing; open new markets both at home and abroad; improve international relationships.

Q. How was the new program worked out?

A. Through the most thorough study of farm problems and governmental programs ever undertaken. Participating in the study were Congressional committees, the farm organizations, the National Agricultural Advisory Commission, the Departmental agencies, scores of producer, processor and trade groups, the agricultural colleges, 500 of the best qualified and best known agricultural men in the country, and countless individual farmers and interested citizens.

Q. What are the advantages of "flexible" price supports?

A. They are the only type of supports which promote shifts in production and supply to meet changes in demand. They do this by allowing for modest price fluctuations which provide incentives for farmers to adjust their production. The present system of rigid supports, in contrast, perpetuates surpluses and unbalanced production. It also results in lower farm income

when artificially high prices result in lost markets. Flexible supports, on the other hand, can produce larger income because they permit larger production—farm income being the product of units sold multiplied by the price received.

Q. How would flexible supports operate?

A. They would operate as set forth in the Agricultural Acts of 1948 and 1949. Under this law—which was amended to postpone the flexibility features from becoming effective until 1955—the level of price support on basic commodities would vary between 75 and 90 per cent of parity, depending on the level of supply. Here is what the Act provides:

Support shall be at levels not in excess of 90 per cent of the parity price and for some products not less than the levels called for by a "minimum support schedule" ranging from 75 to 90 per cent of the parity price, according to the relationship of total supply to normal supply.

That "minimum support schedule" in general declines one per cent for every 2 per cent increase in the total supply. If the supply is abundant, a lowered price stimulates consumption and discourages production. If the supply is short an increased price support level encourages production. Fluctuation in price and supply tend to offset one another, and to stabilize income.

The earth contains about 197 million square miles.

Pvt. Bobby Collins In Basic Training

FORT BLISS (Spl.)—Pvt. Bobby E. Collins, husband of Mrs. Edna M. Oney Collins, Longview, and son of Mr. and Mrs. J. E. Collins of Post, recently began eight weeks of basic training in the Antiaircraft Artillery Replacement Training Center at Fort Bliss.

The first eight weeks of basic training are spent on fundamental Infantry subjects like army drill, rifle, machine gun, and bazooka marksmanship, and familiarization with army technical subjects. This first phase of training is climaxed with a one-week maneuver in the field.

Upon completion of the first eight week cycle, Pvt. Collins will either be assigned for further training at Fort Bliss in the techniques of antiaircraft artillery, or he will be transferred to another training center for schooling in some other army skill.

Should he remain at Fort Bliss, his second eight weeks will see him learn the uses of various electronic equipment employed by the AAA-RTC. He will also be expertly trained in the firing of light and medium antiaircraft artillery at low-flying and high altitude aerial targets on the one-and-one-half million acre Fort Bliss ranges.

"I start where the last man left off"
—Thomas A. Edison

Edison, to explain his incessant and tireless reading of scientific journals, technical papers, patents and books, said that he read to avoid useless repetition of old experiments. "I start where the last man left off."

What Edison knew, and perhaps said in an unquoted moment, is that thousands of men would be needed to "start where he left off."

"Just wait a little while," prophesied Edison, "and we'll make electric light so cheap that only the wealthy can afford to burn candles." Edison lived to see lamps that gave four times as much light and cost one-fifth as much to buy. And electric lighting has progressed far beyond that.

He recognized that an invention does not end a search. It begins a search.

The lamp was a beginning in forcing not only its own evolution but the evolution of meters, fuses, sockets, wiring, power distribution systems, transformers and generating stations.

He lived to see the company that was formed to carry on development of electric light and power evolve into one of the world's most important industrial research centers. Today General Electric laboratories employ several thousand men and women who are seeking new things on widely different fronts.

It is seventy-five years since Edison lit the first successful carbon lamp. He will be remembered for inventions that changed the world. But let him be remembered, too, for inspiring so many men to start where he left off.

Post Antelopes Defeat Spur

The Post Antelopes broke back into the victory column here Tuesday night at the expense of the Spur Bulldogs, taking a 43-40 victory for their second District 5-AA win. It was the Bulldogs' sixth conference setback without a victory.

The visiting girls' team took a 40-29 win over Coach N. R. King's girls, and the Spur "B" cagers overwhelmed the Post "B" team, 37-9.

In the varsity game, the Antelopes trailed 11-8 at the end of the first quarter, but were on top, 18-16, at halftime, and 28-24 at the end of the third quarter.

Tommy Murray, with 14 points, and James Dye, with nine, led the Antelopes scoring. Don Bradshaw scored 15 points and Curtis Blair 13 points for the Bulldogs.

The Post girls trailed by only two points—18-14—at halftime in their game, but scored only 15 points in the second half while Spur was racking up 24. De Elva Lofton led the Post scoring with 15 points. Wilson and Alexander paced the Spur scoring with 17 and 15 points, respectively.

It was Spur all the way in the "B" game. They led 16-3 at the halftime mark. Boyce Rankin scored 11 points for Spur, and Gene Young had four of Post's nine-point total.

Auto Supply Store Has New Owners

James Seideman has moved from Levelland to Post to assume management of the Garza Motor Supply firm, formerly Guy Floyd Auto Supply.

Seideman and three others, E. C. Payne, Jr., Alton Lawson and Leon Lawson, who also own an auto supply store at Levelland, purchased the store here.

Keith Kemp, manager of Guy Floyd Auto Supply since it was opened here three years ago, will remain with the new firm.

The same lines of auto parts and accessories will be carried and the owners plan to add several new lines in the near future. Seideman, his wife and their five-year-old son, Jimmy, have moved to a house on North Avenue S.

to the 1954 Heart Fund will be used in research programs that seek to find the causes of hardening of the arteries, high blood pressure and rheumatic fever. These three conditions account for more than 90 per cent of all diseases of the heart and blood vessels, Dr. White emphasized.

Governor Allan Shivers, who, with Attorney General John Ben Shepperd, is serving as co-chairman of the 1954 Heart Fund drive, has declared February "Heart Month in Texas" and has called upon all Texans to support the month-long fund-raising campaign.

Hundreds of volunteer workers in 26 Texas Heart Association districts and numerous county Heart Chapters are devoting their time and efforts in February to the Heart Fund. Dr. White reported. Slogan for the 1954 Heart Fund is "Help Your Heart Fund—Help Your Heart". The state Heart Fund chairman urged that "contributions be made to your local Heart Association, or sent to HEART, care of your Postmaster."

TCU Geography Professor Saluted As 'Foremost Lady Of Conservation'

FORT WORTH (Sp.)—Dr. Martine Emert, professor of geography at TCU, is saluted as "the nation's foremost lady of conservation" in the January issue of "Soil and Water," the official publication of the Association of Texas Soil Conservation District Supervisors.

Chick Promotion Day Is Slated

A free baby chick promotion day will be held Saturday at the Earl Rogers Feed Store.

Twenty quality baby chicks will be given to everyone purchasing as much as 50 pounds or more of Paymaster Starter Mash.

Demerit System Is Bringing Results

The new demerit system now in effect at Post High School has brought a distinct improvement in discipline, Principal Chant Lee reported Tuesday.

Under the system, any student receiving four demerits must spend a specified amount of time in a detention hall. The program went into effect Monday and through Tuesday only two pupils had been sent to the detention hall, Lee said.

The principal said the program was inaugurated in order to cut down on infractions of rules by a minority of the students. He said this minority had been endangering their own privileges as well as those of the majority of the students through their behavior.

Need Certificates For Hay Delivery

Those eligible for emergency drought relief hay are required to take their approval certificate with them when they go after the hay, according to members of the Garza County Drought Relief Committee.

Hay is available from T. L. Jones for applicants whose applications have been approved by the committee.

Two carloads of cottonseed cake and four carloads of meal due Monday probably will be the county's last shipment of this type of feed under the emergency drought relief program, according to Mike E. Custer, manager of the county ASC office.

Elsewhere in the issue, Dr. Emert is the subject of a full-page story detailing her work of teaching water and soil conservation to her classes at TCU.

During the recent convention of district supervisors here, she appeared on the program. Twice she has won "outstanding awards" from the State's leading conservation organizations.

Dr. Emert, who holds A. B., M. A. and Ph. D. degrees from the University of California, came to TCU in 1947. She immediately became interested in conservation work. Her classes are never dull.

Students sometimes find a pile of dirt heaped on her desk. Or a collection of grasses strewn about the room. Or pictures and slides on erosion. She frequently takes her classes on conducted tours of the area to observe conservation work—or lack of it.

About 1,150 students have now made these field trips. Some have taken plane trips to observe the results of erosion from the air.

In addition to her regular courses, Dr. Emert has an evening class in grassland management for outsiders interested in the subject. It is always well attended.

One of Dr. Emert's favorite stories is about the soil conservation technician who was trying to sell his ideas to a skeptical farmer.

"Are you trying to tell me how to farm?" queried the farmer, squinting one eye and rubbing a forefinger and thumb over his chin. "Why, young feller, I wore out three farms before you were born!"

And the tragedy of it, says Dr. Emert, is that he was telling the exact truth.

Cotton Allotments Meeting Is Held

The new cotton acreage allotments recently voted by Congress are being discussed in Lubbock today at a meeting of Agricultural Stabilization and Conservation district managers.

Attending from Garza County is Mike E. Custer of the local ASC office.

Custer said it will be necessary to review every cotton farm to put the new allotments into effect, but that all growers will not receive increased allotments.

Completion Nearing On School Census

Completion is nearing on the 1954 school census in the Post Independent School District, Supt. D. C. Arthur said Wednesday.

Up to Wednesday noon, approximately 900 white schoolistics had been enumerated, including about 70 children of preschool age. Figures were not immediately available on the number of Negro children counted.

Last year's total was 972, which indicates that there will be a slight decrease this year. The superintendent said efforts are being made, however, to count every scholastic, and that the above figures probably will increase slightly during the next week or 10 days.

He traveled for two seasons with the Southland Majors and Minors Quartet as baritone singer. His experience also includes singing in the opera "Carmen Jones" and several Karamu Theatre productions in feature roles.

Joseph L. Boatner, bass, is a graduate of Morris Brown College where he was a member of the College Quartet. The richness of his voice quality has elicited much fan mail from the Karamu Quartet's CBS radio audience.

J. Harold Brown, composer, arranger and accompanist, holds the A. B. degree in music from Fisk University; Mus. B. in Music Composition from the Conservatory of Kansas City; and the A. M. degree in Music from Indiana University. Brown has served as Director of Music at Florida A. & M. College, Southern University, and Cleveland's Karamu House. He is also the arranger and accompanist for the quartet.

Friday night's program will be as follows:

"Ye Watchers and Ye Holy Ones" (Old German melody); "Good News From Heaven" (Bach); "Your Voices Raise" (Handel); "Hallelujah" (Beethoven); 19th Century American songs (Foster-Bron); "Beautiful Dreamer" and "Oh! Susanna"; 20th Century American songs arr. by Bron; "Indian Love Call" (Friml); "Summertime" (Gershwin); and "I Got Plenty o' Nuttin'" (Gershwin).

"Song of the Life Boat Men" (Russian); "Fireflies" (Russian); "Turn Ye to Me" (Scottish); "The Campbells Are Coming" (Scottish); Negro spirituals arr. by Bron; "Walk Together, Children"; "I Wish I've in Heav'n Settin' Down"; "Trampin'"; "Listen to the Lambs"; "Joshua Fit de Battle of Jericho."

Boy Scouts

(Continued From Front Page) bute to the volunteer adult leaders of the 89,000 Units for the contribution they are making to the boyhood of the nation.

"The Boy Scouts of America is one of the largest volunteer adult education or training groups of the nation," said Dr. Arthur A. Schuck, the Chief Scout Executive. "Almost 200,000 of our leaders took training courses in Scouting and leadership techniques last year."

When the Boy Scouts of America was incorporated in Washington, D. C. on Feb. 8, 1910, it was founded as the voluntary movement it still remains. Dr. Schuck said there are now 860,000 Scouters "who take time from their own careers to give service in Scouting in order to help their communities do a better job of building citizens."

Scouting belongs to the American people who have made it possible," he continued. "This is thoroughly in accord with our democratic ideals and the American way of life. As a voluntary movement its doors are open to every boy of every race and religious belief who wants to come in. It is dependent upon men who care enough about boyhood and American institutions to volunteer their time in Scouting."

The Cub Scouts are eight, nine and 10-year old members of the program. Boy Scouts are 11 to 13 years old, and Explorers are members 14 years of age and older, who follow a program of adventuring in the open, getting along socially with others, being of service to others and exploring lifework possibilities.

Boy Scout Week is the largest annual single observance by young citizens. Since 1910 more than 21 million boys and men have been identified with Scouting, and local, state and national leaders share in observing how the program has indeed become an important element in community living.

6 Teams Open Play Today in Post Junior Tournament

Basketball holds the sports light here this weekend, with teams opening play today and in the first annual Post Junior High School tournament. Twenty teams—five of them—are on tap at the high school gymnasium, according to "Bing" Bingham, tournament director.

Tournament tickets, which entitle the holder to see all 20 games, are on sale at \$1 each, Bingham said.

One of the strongest eighth grade teams in the Plains area will compete in the three-day meet. Entries in the ninth grade division include Snyder, which last week won the championship over usually strong field in the view tournament.

Prizes will be awarded to champions, runner-up and consolation winners in each division according to Bingham. Presentation of trophies will follow today night's championship in the ninth grade division. Officials will be Bingham, Vernon Ray, Herman F. Pitt, Jack Lancaster and N. G. ...

Tournament play is to begin at 6 o'clock this afternoon with Post and Tahoka eighth teams playing. Scheduled at 6 o'clock is another eighth game between Ralls and

Snyder.

Play in the ninth grade division will begin at 6 o'clock when Ralls meets Tahoka. At 7:15, the Post Blacks play O'Donnell, and at 8:30, the Post Golds take on the undefeated Snyder team. Both are ninth grade teams and will close out today's activities.

Play will be resumed at 1:15 p. m. Friday, with Garnolia and Graham tangling in an eighth grade game. At 2:45, Slaton plays Clairmont in another eighth grade contest, and the afternoon session will be closed by a game between the Slaton and Idalou ninth graders, scheduled for 5:15 o'clock.

Two games will be played Friday night. At 7 o'clock, the winner of the Post-Tahoka game will play the victors in the Garnolia-Graham game in an eighth grade division contest. Slaton won the varsity boys' game, 57-28, the girls' game, 57-46, and the "B" game, 42-24.

In the varsity game, Post led 12-9 at the end of the first quarter, but trailed 21-15 at half-time. Tommy Shearer led the winners with 17 points. Larry Waldrip had six for the Antelopes.

In the girls' game, it was a scoring duel between Martha Allred of Slaton and De Elva Lof-ton of Post, who scored 32 and 31 points, respectively.

Post Loses Three To Slaton Cagers

Slaton cagers swept three games from Post Friday night in contests on the Slaton court.

Slaton won the varsity boys' game, 57-28, the girls' game, 57-46, and the "B" game, 42-24.

In the varsity game, Post led 12-9 at the end of the first quarter, but trailed 21-15 at half-time. Tommy Shearer led the winners with 17 points. Larry Waldrip had six for the Antelopes.

In the girls' game, it was a scoring duel between Martha Allred of Slaton and De Elva Lof-ton of Post, who scored 32 and 31 points, respectively.

Rotarians Making Plans For Cage Tournament

Committee assignments for the Post Rotary Club's annual Independent Basketball Tournament Feb. 18-20 were announced this week by Chant Lee, club president.

The tournament, which is to be held in the high school gymnasium, is expected to attract some of the area's outstanding independent basketball teams. The Chambers Haulers of Ropesville have won the tournament the past two seasons.

Bill Edwards has been named chairman of the tournament manager committee. He will be assisted by Carl Cederholm, Bill DeWalt, Leo Acker and D. C. Arthur.

The ticket sales committee is composed of: Dean Robinson, chairman; Ray Smith, T. L. Jones, O. L. Weakley, Ira L. Duckworth, O. D. Cardwell, Lowell Short, T. R. Greenfield, Giles McCrary and Alfred Stallings.

On the concessions committee are: Bob Collier, chairman; R. J. Jennings, Tom Boucher, Clint Herring, Cy Thaxton, Roy Shahan, Henry Tate and L. E. Webb.

S. E. Camp is chairman of the scoring and speaker system and committee members are James Minor and Gerald Blackburn.

The tournament physician committee is composed of Dr. D. C. Williams, chairman; Dr. John Rountree and Dr. Harry A. Tubbs.

On the advertising committee are Powell Shytles, chairman, and Chant Lee.

Marvin Pennington will be official timekeeper.

Post Youth Named To Rifle Company

Dowe Mayfield of Post is one of ten sophomores selected for membership in the Pershing Rifle Company of the Hardin-Simmons University Cadet Corps, according to Maj. Louis J. Scheiter, faculty sponsor for the Rifles.

Cadet Capt. William Bramley, company commander of Company D, has been elected company commander of the Pershing Rifles. He will serve in this capacity of leadership for the national honorary military society for the spring semester.

Membership in the Rifles is on a selective basis, and cadets had to meet a criteria set up by the ROTC administrative officers before they were eligible for admittance.

All cadets in the company will retain their rating in the Cadet Corps. In addition they will wear an insignia which designates their position in the Rifles.

Area Jaycee Named To State Post

Odel Heathington, one of the Ralls Jaycees who helped organize the Post Junior Chamber of Commerce, has been elected state vice president for Region 2 of the Texas Junior Chamber of Commerce.

Heathington will represent Jaycees in the South Plains area. There is a total of 12 state vice presidents in Texas, all of whom will be installed at a statewide convention in El Paso April 29, May 1.

Heathington's election as a state vice president came at a recent Region 2 business session in Levelland.

Southland Cagers Lose To Cooper

Cooper took two District 7-B games from Southland Friday night on the Southland court. The Cooper girls won, 41-20, and the girls, 55-52.

High scorers in the girls game were Charlotte Holmes with 13 and Nancy Jones with 12 for the winners, and Betty Nugebauer with 12 for Southland.

In the boys game, Donnie Skipworth paced Cooper with 23 points, and Tom Scott had 18 for the losers.

CROSBY POSSE ELECTS

CROSBYTON—R. C. Wood has been elected as president of the Crosbyton County Sheriff's Posse for 1954. Other new officers are: H. T. Darden, vice-president, and J. M. Rankin, secretary. New directors are Brunson, Truman Barnett, Emory Ralls and Floyd Blankenship.

Bits Of News From Here and There

Mr. and Mrs. L. E. Claborn, Sr. and daughter, Irene, of Big Lake returned recently from Camp Pendleton, Calif., with their son, T. W., and wife, Nancy. T. W. was recently discharged from the Marine Corps, in which he had served three years.

Dr. and Mrs. Harry A. Tubbs spent the weekend visiting in Artesia, Santa Fe and Albuquerque, N. M., where Dr. Tubbs attended a medical meeting.

Mrs. Sidney Pierce and the Roy Gilmore visited in Lubbock Monday night with Mrs. Pierce's brother, Cecil Trull, who underwent surgery there.

Mrs. Paul Duren, Sr., spent part of last week in Carlsbad, N. M., with her daughter-in-law, Mrs. Paul Duren, Jr., and baby daughter.

Visiting in the home of Mr. Pallie Walls and Jack and Pele Walls is their daughter and sister, Mrs. Callie George, of Cerritos, Calif.

Mrs. Helen Rodriguez arrived home Monday after spending two months with relatives in Pittsburgh, Pa.

Boy Scout Anniversary To Be Marked At Washington And State Capitals

Selected from each of the 12 Boy Scout Regions of the United States, 12 Explorers, older boy members of the organization will take part in ceremonies at Washington, D. C., and New York during Boy Scout Week, Feb. 7 to 13, marking Scouting's 44th Birthday.

The 12 Explorers will represent the 3,900,000 boys and adult Scout leaders in making a "Report to the Nation." They will recount the organization's accomplishments in 1953 and pay tribute to the 89,000 adult volunteer leaders of the nation's Cub Scout, Boy Scout and Explorer Units.

Each young man will tell what his Unit Leader means to him. There will be a breakfast in Washington during Boy Scout Week, attended by about 100 leaders representing the Senate, House of Representatives, and national organizations. At the breakfast each young man will be seated next to his home area's Congressman.

A visit to the White House will be the highlight of their visit to the nation's capital, where the Boy Scouts of America was incorporated on Feb. 8, 1910.

Like all his predecessors in the White House since 1910, President Eisenhower serves as Honorary President of the Boy Scouts of America during his term of office. Mr. Eisenhower has been a member of the Boy Scouts' National Executive Board since 1948, serving on the National Court of Honor and the Committee on International Relationships.

The Explorers will visit the Capitol, Supreme Court, the F. B. I., the Tomb of the Unknown Soldier, and Washington's home at Mt. Vernon. They will visit their Congressmen, with whom some will make radio transmissions giving their impressions for fellow Scouts and neighbors back home.

The Explorers will then go to New York where they will visit the United Nations, be guests at the Radio City Music Hall, see the city from the top of the Empire State Building, visit the Statue of Liberty, see how radio and television shows are produced and finally speak at the birthday party at the national office of the Boy Scouts of America.

Boy Scout Week observances will be held at many state capitals, county courthouses and city halls throughout the nation. Outstanding veteran adult leaders in Scouting will be honored at many such gatherings, receiving certificates of appreciation for their efforts in behalf of boyhood.

Observed in every city and

town and most villages and hamlets by the 89,000 Units of Cub Scouts, Boy Scouts and Explorers, Boy Scout Week is the largest single birthday observance by young Americans.

The anniversary will be recognized in thousands of elementary, junior high and high schools in school assemblies through flag ceremonies, Cub Scout acts and stunts, Scout handicraft exhibits and demonstrations of safety skills, talks by Scouts of their experiences and motion pictures of Scout activities.

Sunday, Feb. 7, will find Scouts and leaders in thousands of churches attending services in uniform. Scouts of Jewish faith will hold their observances in synagogues and temples. Friday evening and Saturday, Feb. 5 and 6.

Scouts will provide fun, song, games and stunts at open house meetings to which parents, relatives and friends are invited. Boys who have recently attained First Class Scout rank will be honored in Court of Honor ceremonies.

Store windows and building lobbies are loaned to Scouts who demonstrate Scoutcraft skills and otherwise depict the fun they find in the "Game of Scouting."

Influenza Prevalent, Reports Disclose

AUSTIN (Spl.)—Reports coming in from various sections of the State indicate that influenza is quite prevalent throughout Texas, according to Dr. Geo. W. Cox, state health officer. Colds, grippe, influenza or whatever we may call them are spread from person to person through discharges from the nose and throat.

To protect yourself and others from such diseases here are some of the things to remember: Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again. Therefore, keep away from people who are coughing, sneezing or who may be actively ill with colds, influenza or pneumonia. Keep away from crowded places. Have your own towel, always wash your hands before eating, and sneeze or cough into your handkerchief.

Keep fit by drinking plenty of water, eating simple nourishing food and taking some outdoor exercise every day. Dress according to the weather, get plenty of sleep in a well ventilated room and keep the bowels regulated.

Dr. Cox warns that disastrous results may follow this disease if influenza cases are allowed to get about too soon. Persons convalescing from this disease are susceptible to other infections, so if you are just getting over some illness return to your normal routine of life gradually.

Beekeeper Finds He's Strictly Within Law

WEST HARTFORD, Conn. (AP)—Neighbors complained about the bees Otto Swenson kept in his yard and had him arrested. He quickly brushed up on the law. The judge dropped the case.

Swenson had learned that the law says that neighbors or no neighbors, all he had to do to keep bees legally is get a permit from the town clerk. The permit cost him 25 cents.

Miss Faye Ruth Hamilton of Abilene spent the weekend here with the O. G. Hamilton family.

TO MAKE CONCERT APPEARANCE—The Karamu Quartet, nationally famous concert singers and well known for their national broadcasts over CBS nation-wide hook-up, will appear at the Post Grade School auditorium Friday in the third of a series of concerts being presented this season by the Garza Town Hall and Concert Association. Members of the group are William A. Baker, first tenor; Roy J. Lockett, baritone; Charles W. Tomlin, first tenor; Joseph L. Boatner, second bass, and J. Harold Brown, pianist-arranger.

Floydada Boys, Spur Girls Lead In District 5-AA Basketball Chase

The Floydada Whirlwinds defeated the Abernathy Antelopes, 47-41, Tuesday night to go back into the District 5-AA lead as the Slaton Tigers were dropping a 47-43 decision to the Tahoka Bulldogs.

Prior to Tuesday night's games, Floydada and Slaton were tied for the lead following the Whirlwinds' upset defeat Friday night at the hands of the Tahoka five. On Tuesday night, the Tahokans again took on the role of "giant killers" to humble Slaton and move into a second place tie with the Tigers.

In the other district game, Post defeated Spur, 43-40.

The Spur girls took a firmer grip on the top rung of their division by defeating the Post sextet, 49-20. The Spur team is

undefeated in six conference starts. Abernathy is in second place with a 5-1 record.

The standings through Tuesday night's games:

Boys

Catalog Listing Building Plans For Farm Structures Is Available Here

Building plans for more than 400 farm structures and equipment are listed in the Texas Agricultural Extension Service's 1954 Catalog of Building and Equipment Plans and are available at no cost from Lewis Heron, Garza County agent.

Compiled by W. S. Allen, extension agricultural engineer, the catalog describes briefly each item for which plans are available. That includes just about everything you would expect to find on the farm, in fact a nine room home to a community poultry nest or even a crop trap.

The catalog serves as a complete and up-to-date farm building guide, Allen says. County agricultural agents have reference copies of the publication and will be glad to order the plan for your building requirement.

Plans listed are those most in demand, he says, but others for more specific jobs are available. In addition, new plans are constantly being developed.

If the plan for your job is not

included, we will try to obtain the desired instruction or information for you, Allen concludes.

Post Cagers Play At Tahoka Friday

The Post boys and girls basketball teams journeyed to Tahoka Friday night for District 5-AA encounters, then play host to teams from Floydada here Tuesday night.

With the second half of the district race under way, it will be the second time the teams have met this season. The Post boys have lost and the girls have won from Tahoka and Floydada.

The Tahoka five, which has bumped the league leaders, Floydada and Slaton, in consecutive games, now hold a 4-2 record in conference play. The Tahoka girls have yet to win a loop contest.

The Floydada boys are lead-

Depression Talk Is Wasted Time, Publishers Told

AUSTIN (Spl.)—"This country is due for a buyer's market—not a depression," said Palmer Hoyt, in reprimanding those who are trying to talk us into a depression.

Hoyt's remarks were made at the 7th Annual Mid-Winter Meeting of the Texas Press Association, held in Austin.

Hoyt berated people who are "wasting a lot of breath and causing a lot of heartaches by insisting that we are going to have a depression."

"Newspaper advertising will play the major role in assuring prosperity in 1954," the publisher of the Denver Post stated, "for newspaper advertising is the one thing that can make distribution match production."

Speaking about the rapidly increasing population of our nation Hoyt said, "Every month a city the size of Toledo, Ohio, is being added to the markets of this country. Such additions offer additional opportunity for selling."

In proving his point that we are getting farther and farther away from even the remotest possibility of a depression Hoyt cited that 1953 saw the greatest volume of goods and services provided in a single year, the highest employment and a flow of personal income exceeding all past years. More than a million new non-farm homes were built and private construction, other than residential, was at near-record volume. Business spent more dollars for plants and equipment than ever before. The market value of all the goods and services produced—the gross national production—was \$367 billion and the most conservative estimates show almost equal figures upcoming in 1954.

Sister Of Post Woman Buried

Funeral services were held in Fort Worth at 2 p. m. Monday for Mrs. Julian M. Andrews, 66, a sister of Mrs. W. L. Davis of Post.

Mrs. Andrews, a resident of Fort Worth since 1929, died in a hospital at 2:15 a. m. Sunday. She had been in the hospital since a few days before Christmas.

Mrs. Andrews, the former Miss Tempa Davis, was born in Erath County. She was graduated from Texas State College for Women, then College of Industrial Arts, in 1923 and was a county home demonstration agent in Texas and Mississippi before her marriage in 1929. She was a past president of the statewide TSCW Alumnae Association.

She was an active member of the First Presbyterian Church and a past president of the Woman's Bible Class.

Besides the sister of Post, she is survived by her husband; a daughter, Mrs. Janet Andrews Harper of Kansas City; another sister, Mrs. Leonard Sansom of Garden City, and a brother, Paul Davis of Stephenville.

ing the district race with five victories and one defeat. The girls have won three and lost three.

University Of Texas Enrollment 14,021

AUSTIN (Spl.)—University of Texas fall enrollment has reached 14,021 and is expected to edge even higher with registration of students who have special permission to enter late.

The total is approximately 9 per cent more than Fall 1952 enrollment and 6 per cent more than the average increase predicted for the nation's colleges.

A freshman class of more than 2,350 is the main factor behind the University enrollment rise. The College of Engineering showed the greatest growth of any University school or college—23 per cent. The Law School was next with 15 per cent.

New Wilson School Nears Completion

Wilson's new \$100,000 school building is complete except for a few finishing touches and will be turned over to the district by the contractors within the next few days, according to Guy Smith, a member of the Wilson school board.

The building, located south of the new high school building, was erected at a cost of \$87,000. It includes a new modern gymnasium, three classrooms, and

Flowers In Race For Treasurer

The Post Dispatch has been authorized to announce the candidacy of H. G. (Gordon) Flowers for Garza County treasurer, subject to the action of the voters at the Democratic primaries.

Flowers' statement to the voters follows:

"I have been a resident of Garza County for the past 24 years. During the past two and one-half years, I have served as treasurer of the Calvary Baptist Church. I have never held public office.

"I feel that I am well qualified for the office of county treasurer, and if elected, will endeavor to serve to the best of my ability and will devote my full time to the duties of the office.

"Your vote and influence is earnestly solicited."

Tannehill Enters Sheriff's Race

A. O. (Jerry) Tannehill has authorized The Post Dispatch to announce his candidacy for the office of Garza County sheriff, tax collector-assessor, subject to the action of the Democratic primaries.

Tannehill's statement to the voters follows:

"I wish to announce to the voters of Garza County my desire to become your next Sheriff, Tax Collector and Assessor.

"For a good many years, I have given much thought to the matter of this office and feel justified to ask your support in the coming election.

"Having lived here in Garza County for 16 years, I feel that I am well aware of the problems of this department and feel capable of rendering the service you desire.

"In the event I am elected, I pledge my undivided efforts toward this great responsibility and will work wholeheartedly for the benefit of the County and its people.

"Your support is sincerely appreciated."

Nazarene Church's Youth Meeting On

National Youth Week is being observed at the Church of the Nazarene with special evangelistic services which began Wednesday evening under the sponsorship of the young people of the church.

The young people have chosen the Rev. J. E. Davidson of Post as special speaker for these services, according to the Rev. A. F. Duke, pastor.

"Rev. Davidson is an Elder in the Church of the Nazarene and has enjoyed a long and fruitful ministry," said Rev. Duke.

"All his life he has been a student of the Bible and has an unusual knowledge of Bible readings which he has committed to memory, and his messages should inspire both young and old."

The music will be under the direction of Miss Wanda Rogers. Officers of the Nazarene Young People's Society are: Wilburn Wade, president; Toni Palmer, vice president; Wanda Hawkins, secretary, and Clarence Hawkins, treasurer.

The services start at 7:15 o'clock each evening and are to continue through Sunday.

February Food List A Plentiful One

COLLEGE STATION (Sp.) — A wide variety of foods—more than 20 in all—are noted for penny-wise shoppers on the USDA's February plentiful foods list.

For the first time in many months, supplies of pinto beans, lettuce, fresh and processed oranges and cranberry sauce are large enough to rate a place on the Agricultural Marketing Service.

Winter pears, Irish potatoes, broilers and fryers have been singled out for special attention during the month because supplies are unusually large.

Excepting pecans and frozen fish, plentiful foods carried from January on to the February list are eggs, beef, large dry lima beans, fresh and processed grapefruit, cabbage, onions, raisins, dairy products, peanuts and peas.

coffee too high? try tea & save

Don't misunderstand us. We like Folgers, Maryland Club, Maxwell House and the other famous brands. We like the folks who pack these fine coffees. But we've reached our limit. The price of coffee is too high. We just don't have the heart to encourage you to buy it. We firmly believe in the "tried and true" law of supply and demand — if there is less demand, the price comes down.

We assure you of this: we make no more money on coffee now than we did when it was 30 or 40 cents a pound cheaper. We sincerely hope, along with you, that the price of coffee soon returns to "normalcy." Until then — TRY TEA AND SAVE!
