## Two Trustees To Be Named In Saturday School Election

Two places on the board of trustees of the Post Independent School District will be filled in an election to be held Saturday at the school tax office in the City Hall. The polls will open at 8 a. m. and close at 7 p. m. Eligible to vote in the election are all residents of the school district who have paid a 1954 poll tax or who are otherwise qualified by exemption from poll tax payment.

are on the ballot for the election. They are: Robert E. Cox, incumbent; S. E. (Shelley) Camp, O. C. (Oscar) Garner, J. W. (Pat) Henderson and George Tracy. J. T. Curb will serve as election judge and Mrs. Lillie Kitchen and Mrs. Lillie McRee as clerks. One of the school board vacancies to be filled is the one created by expiration of the term of James Minor, who did

not file for re-election. Holdover members of the board are Leo Acker, Henry Wheatley, Dowe H. Mayfield, George Tillman and Paul Jones. On the same day, trustees are to be elected to three positions on the Garza County Board of Education, and to fill places on boards in the county's other six school districts. Candidates for the county school board are H. F. Wheatley, incumbent, and Lee Ward for trustee-at-large; Sam Ellis for Precinct 1 trustee and Mrs. Doyle Justice for Precinct 4 trustee. Two trustees are to be elected at Close City, where the terms of Howard Teaff and Virgil Stone are expiring. Candidates are Teaff, D. H. Bartlett, R. H. Sappington, Frank H. Bostick and E. J. Henderson. Graham voters are to elect three trustees from among Melvin Stewart, incumbent; Leo Cobb, Bryan Maxey, James Doggett and Joe B. Taylor. Not filing for re-election were Alfred Oden and Ray McClellan.

## Garza May Not Have To Seek Drouth Relief Food

Garza County has made inquiries as to the possibility of obtaining drouth relief food allotments, but will not apply for them unless the need becomes greater than it is now, County Judge Oscar Graham said Tuesday. Judge Graham said the county has blanks on which to ap-

ply for drouth aid food, but that the present relief load here is not great enough to switch it over to Surplus Commodity Corporation stocks. The judge said not more than six families are being assisted by the county at this time on their food needs. He admitted, however, that the situation is much worse than it was a year ago and that there is a possibility of it becoming even worse. He said the possibility of applying for the drouth relief food probably would be discussed at the commissioner court's next regular meeting on April 12.

Two trustees are to be elected at Close City, where the terms of Howard Teaff and Virgil Stone are expiring. Candidates are Teaff, D. H. Bartlett, R. H. Sappington, Frank H. Bostick and E. J. Henderson. Graham voters are to elect three trustees from among Melvin Stewart, incumbent; Leo Cobb, Bryan Maxey, James Doggett and Joe B. Taylor. Not filing for re-election were Alfred Oden and Ray McClellan. See SCHOOL ELECTION, Page 8

## County's School Population Down

A decrease of 109 scholastics is indicated in Garza County's 1954 school census, which shows an unofficial count of 1,443 children of school age as compared with last year's official figure of 1,552. This year's census figure will not be official until it is checked and approved by the State Board of Education, according to County Supt. Dean Robinson.

## Russell Is Elected VFW Commander

Robert Russell was elected commander of John Miller Post 6797 of the Veterans of Foreign Wars Thursday night to succeed Wagoner Johnson, who had served in the office for the past two years. Russell has been quartermaster. Other officers elected in a meeting at the VFW Hall were: Joe Boren, senior vice commander; Mason Justice, junior vice commander; John Shedd, quartermaster; Wagoner Johnson, judge advocate; Robert Huffman, chaplain; Doug Hill, post surgeon; and Paul Simpson, three-year trustee. Other outgoing officers are: John Rogers, judge advocate; Richard Vardiman, senior vice commander; J. C. Steele, junior vice commander; Bob Mitchell, chaplain; and Jack Kuykendall, post surgeon. The new officers will be installed at the post's next regular meeting, April 8.

## Chesly Manly's Book Reviewed In Dispatch

"The Twenty-Year Revolution. From Roosevelt to Eisenhower," written by Chesly Manly, son of Mr. and Mrs. Jude Manly of Post, is reviewed by Mrs. Evelyn Boyd on page six of this issue of The Post Dispatch. The book, published by Henry Regnery Co. of Chicago, is climbing fast on the non-fiction best-seller lists. Manly, who lives in Greenwich, Conn., is United Nations correspondent for The Chicago Tribune. He attended elementary schools in Lynn County before graduating from Slaton High School.

## Winners Are Named In Talent Contest

Bobby Cowdrey and Jan Haynie won first place in the senior and junior division, respectively, Tuesday night in the Tower Theatre's amateur show. Both are singers. Other winners were: Senior—Junior Leathers, second, and Pearl Craig, third. Junior — Scharlene Holland, second, and Kenneth Cook and Hagler Sisters, tie for third. Cash prizes were awarded the first, second and third place winners.

## Youngster's Interests Range From Rabbits To Beef

At 13 years, Dean Huddleston, son of Mr. and Mrs. Homer Huddleston of the Crossroads community, northeast of Post, is one of Garza County's busiest and most successful 4-H Club members. Now in his fifth year of 4-H Club work, Dean has behind him an outstanding achievement record, which includes exhibition of animals in the Garza County Fair, the State Fair of Texas in Dallas, and Lubbock expositions. He won the meat animal award in 1953 4-H Club achievement contests, and was a winner in last year's Sears Foundation poultry program. In addition to these achievements, Dean has profited from his club projects to the extent that he has his own checking account and approximately \$500 in U. S. Postal savings.

## Projects Pay Off For 4-H Club Boy

But as outstanding as the dark-haired youngster's past record has been, it stands a good chance of being overshadowed by what is yet to come. Dean's current projects including feeding a calf for exhibition at the 1954 state fair, swine, poultry and rabbits. This year, Dean is grooming an Aberdeen-Angus calf, "Black Joe." It will be the sixth calf he has shown, all the others being Shorthorns. The most recent addition to the youngster's projects is a week-old litter of five pigs born to his Poland China sow. He received the sow as a gift in the Sears Foundation swine program. He received a \$23.75 cash award last year for his record with the 300 New Hampshire chicks he received in the Sears

## Rex Resigns As Manager Of Hospital Here

Jack Rex, manager of the Garza Memorial Hospital since March 13, 1952—five months before the hospital was opened—submitted his resignation Saturday to the hospital board. Lowell Short, president of the board, said Wednesday that the board will take action on the resignation at its next meeting, Tuesday night. Rex's resignation is to become effective within 60 days from the date of its submission to the board. Another resignation at the hospital is that of Mrs. Yourlanda Petty, supervisor of nurses. She submitted her resignation March 24, to become effective April 15. Mrs. Petty has been supervisor of nurses at the hospital since October. Rex, who came here from Columbia, where he was laboratory and x-ray technician, told The Post Dispatch Monday that he is not yet ready to announce his plans for the future. He has also announced his resignation as president of the Post Junior Chamber of Commerce, in which post he has served since organization of the Jaycees here early in 1953. Members of the hospital board besides Short are E. S. Stewart, Dowe H. Mayfield, L. R. Mason, Ott Nance and Russell Wilks, Jr.

HOSTS AT RECEPTION—Officers and directors of the Garza Town Hall and Concert Association were hosts at a reception Thursday night following the final concert of the 1953-54 season. Shown here, left to right, are Mrs. C. R. Thaxton and Mrs. Willard Kirkpatrick, directors; Joe Callaway, guest artist; Miss Maxine Durrett, vice president; Mrs. Carl Webb, president; Mrs. I. N. McCrary, director, and Mrs. Ira Greenfield, secretary.—(Staff Photo).

## Young Funeral Is Conducted Here Tuesday

Funeral services for Mrs. W. R. Young, a resident of the Grassland Community and Post for 38 years, were conducted at 3 o'clock Tuesday afternoon in the Church of Christ, of which she had been a member for 62 years. Otis L. Proffitt officiated for the rites. Burial was in Terrace Cemetery under the direction of Mason Funeral home. Mrs. Young died Sunday afternoon in Garza Memorial Hospital where she had been admitted a short time before after suffering a heart attack. She had been ill for several months. She was born Frances L. Green on Sept. 19, 1874, at Dripping Springs in Hays County. She and Mr. Young were married May 1, 1901, in Hays County. They moved here from Fisher County in 1916. Survivors are the husband, two sons, Raymond and Ray Young of Post; two daughters, Mrs. Walter Josey of Post and Mrs. Carl Sanders of Lubbock; two brothers, R. L. Green of Acuff and See YOUNG RITES, Page 8

## BOYS GLEE CLUB GETS HIGH RATING

## Post High Chorus Wins Sweepstakes

Post High School's mixed chorus, completing in Class AA against Brownfield and Littlefield, won the sweepstakes award Saturday at the Texas Interscholastic League Choral Competition Festival for Region I, held at Lubbock High School. The high school boys' glee club did almost equally as well, winning a Division I rating in concert and a Division II rating in sight-singing. Director John E. Christopher's mixed chorus was given Division I ratings in both concert and sight-singing to win a silver plaque in the Class AA contest. Bronze plaques went to the

Brownfield and Littlefield mixed choruses. In addition to their excellent showings in the contests, the Post groups won the praise of their director for their commendable "appearance and deportment" at the festival. Both groups were highly praised by members of the audience and by the contest judges following their performances. Christopher said. This was the second year of competition for the mixed chorus and the first year for the boys' glee club. In the 1953 festival, the chorus won a Division I rating and was selected to represent Area I at the Music Festival at the State Fair of Texas in Dallas. The boys' glee club, which won a bronze plaque, was one of two boys groups entered in the festival. The other was Levelland Junior High School's boys' chorus, which won a bronze plaque in Class CC. Accompanists for the Post singers are Frances Dietrich and Jane Ballentine.

## Highway Bridges To Be Widened

The State Highway Department is calling for bids on widening of six structures on U. S. Highway 84 between Post and the Scurry County line. The bids are to be opened April 13 in Austin. Major structures to be widened are the overpass just south of Post, a bridge at Justiceburg and a bridge over Sand Creek. The overpass, now 24 feet, is to be widened to 40 feet, the Justiceburg bridge from 20 to 28 feet and the Sand Creek bridge from 24 to 28 feet. The project also calls for widening of three minor structures. Meanwhile, construction is expected to get under way within the next few weeks on two highway projects for which contracts have been let. Lines are being run and construction stakes set on the FM 651 project from seven miles northeast of Post to the Crosby County line. John F. Buckner and Sons of Lubbock have the contract on the job, which is to cost in excess of \$200,000. Contract was let to T. F. Jones Construction Co. of Lubbock for 11 miles of improvements to U. S. Highway 380 from Post east. The project, costing \$227,038, calls for reconditioning of flexible base and a three-course surface treatment.

## Scouts To Compete In Camporee Here

Boy Scouts from all 16 troops in the Comanche Trails District will compete at the Boy Scout Camp here this weekend in the annual Camporee. Winners in the Scouting skill contests will be eligible to compete in the South Plains Council Camporee to be held in Plainview. The public is invited to attend this weekend's Camporee. Frank Eunkles, camp ranger, said. RAIN AND SNOW Sheriff and Mrs. Carl Rains and children returned Sunday from a few days' visit at Los Alamos, N. M., with their son-in-law and daughter. Mr. and Mrs. Charles Hoskins, the sheriff reports that they ran into rain and snow in the vicinity of Los Alamos, and that they drove through snow for 75 miles this side of there on their return trip.

"From Here to Eternity," one of the few motion pictures we got around to seeing last year, has won the Academy Award as the best picture of 1953, so we now feel that the time was well spent. The reason we wanted to see the picture was that we had read the book and wanted to see for ourselves how such a novel could be turned into a motion picture. Incidentally, Dan Tarabash, the fellow who adapted the story for the screen, won an "Oscar" for his job.

High on the list in the pictures considered for the award was "Roman Holiday," which showed here recently at the Tower Theatre. Its star, Audrey Hepburn, won the actresses' "Oscar" for her role. Those of you who haven't seen "From Here to Eternity" will soon have an opportunity to do so, since it's booked for the near future at the Tower.

The only other "Oscar" pictures we can recall having seen and the year for which they won the award include: "All Quiet on the Western Front," 1930; "Cimarron," 1930-31; "Grand Hotel," 1931-32; "It Happened One Night," 1934; "Mutiny on the Bounty," 1935; "Gone With the Wind," 1939; "How Green Was My Valley," 1941, and "Casablanca," 1943.

If you want to work out a check list of your own on award-winning pictures you've seen, here are the others:

- "Wings," 1927-28; "Broadway Melody," 1928-29; "Cavalcade," 1932-33; "The Great Ziegfeld," 1936; "The Life of Emile Zola," 1937; "You Can't Take It With You," 1938; "Rebecca," 1940; "Mrs. Miniver," 1942; "Going My Way," 1944; "The Lost Weekend," 1945; "The Best Years of Our Lives," 1946; "Gentleman's Agreement," 1947; "Hamlet," 1948; "All the King's Men," 1949; "All About Eve," 1950; "An American in Paris," 1951, and "The Greatest Show on Earth," 1952.

Actors and actresses winning awards since 1927-28 have been Emil Jannings and Janet Gaynor, George Arliss and Norma Shearer, Lionel Barrymore and Marie Dressler, Fredric March and Helen Hayes, Charles Laughton and Katharine Hepburn, Clark Gable and

Roger W. Babson Writes This Week:

Federal Unemployment Figures Unreliable And Misleading; Only Few Interviewed

BABSON PARK, Mass.—I urge readers not to take too seriously the Federal Unemployment figures which are released the second week of each month. Until they are issued on a per-capita basis and properly adjusted, I believe them to be unreliable and misleading.

**How Such Figures Are Guessed At**  
There are 63,000,000 employees (other than farmers) in these United States. Of these, only very few employees are interviewed. There are over 45,000,000 families in the United States. Of these, only 25,000 families are interviewed. Thus, it will be seen that to give out a figure of "3,385,000" is really ludicrous. It surely would be more logical to say about "3,400,000," and call it a "rough estimate."

The figures never show the real situation. When families are interviewed they report not only those who have been laid off, but many who are ill, or working at home, or perhaps too lazy to work. Recently, to help the Republicans get the farm vote, the coverage has been increased from 123 counties to 450 counties. This greatly increases the percentages of farm families included in the count. I forecast such figures will be found very unreliable as regards the status of those helpers who live on the farm, whether or not a salary is being paid them.

**Politics Creep In Badly**  
When I was Director of Information and Education of the Labor Administration, I tried to overcome the political slant. For instance, during the Truman Administration, the Republican families were constantly expecting a business collapse. Hence, they gave the interviewer a pessimistic report pretending business was bad; while Democratic homes gave good reports. Now the conditions are opposite. The Democratic homes are talking grief.

Another feature to be considered is that some states have a greater percentage of itinerant workers. Under present laws in many states, if persons on the labor force are employed for one or two quarters within a certain twelve month period, then the person is entitled to unemployment insurance of from \$20 to \$30 per week, even though the person is not a resident of the state and perhaps has even left the state altogether. Your state's reported unemployment should really be ad-

IMPORTANT ELECTIONS . . .

Very few of us minimize the importance of a school board, yet one might easily be led to think so from the sparse number of votes usually cast in school trustee elections. While the value of a school board, not only to the schools, but to the entire community, is generally recognized, the filling of vacancies on the board often is taken for granted.

In comparison with the number of qualified voters, the actual vote count in school board elections is, in most instances, an unhealthy reflection on the community. When only a comparatively small number of voters cast ballots, there can be no other assumption than that the filling of these important trustee positions are taken for granted.

In Post and throughout the county Saturday, elections will be held for school board vacancies. In few, if any, of these elections are the races for the trustee places uncontested. Each of the men seeking a place on the board have the welfare of the schools and the community at heart. The rest of us owe it to them to show that we, too, are interested in the schools by voting in Saturday's election.

To say the least, it must be discouraging to a school board candidate, whether or not he is successful in being elected to the board, for a ridiculously small number of votes to be cast in such an important election.

Some wag said that the reason there are more twins born nowadays is that children are afraid to come into the world alone.

One thing that keeps some youngsters from going to college is high school.

Claudette Colbert, Victor McLaglen and Bette Davis, Paul Muni and Luise Rainer, Spencer Tracy and Luise Rainer, Spencer Tracy and Bette Davis, Robert Donat and Vivien Leigh, James Stewart and Ginger Rogers, Gary Cooper and Joan Fontaine, James Cagney and Greer Garson, Paul Lukas and Jennifer Jones, Bing Crosby and Ingrid Bergman, Ray Milland and Joan Crawford, Fredric March and Olivia de Havilland, Ronald Colman and Loretta Young, Laurence Olivier and Jane Wyman, Broderick Crawford and Olivia de Havilland, Jose Ferrer and Judy Holliday, Humphrey Bogart and Vivien Leigh, Gary Cooper and Shirley Booth.

Post is one of the few South Plains cities not holding a municipal election on Tuesday, April 6. The reason is that Post, with its city commission form of government (a mayor and three commissioners) held its biennial election in 1953. We'll not be without an April election, however, since there'll be balloting for two school trustees here Saturday.

S. A. Kuykendall and D. H. Bartlett expressed themselves as well pleased at the public's response to formal opening of their Caprock Golf Course last Friday. A large number of visitors registered at the clubhouse throughout the day, with many of them taking advantage of the ideal weather to try out the new nine-hole course.

Our humble apologies to Miss Jane Ballentine for leaving her name as accompanist off the list of Post High School choristers in last week's Dispatch. It was a lamentable, but unintentional oversight—more so because Miss Ballentine was recently voted Post High School's outstanding music student.

justed in accordance with this unreasonable and nonconforming legislation. Any reader can get a free copy of what each of the 48 states is rolling up for Federal Unemployment Benefits by writing to the Bureau of Employment Security, Division of Reports, Department of Labor, Washington, D. C. Before leaving your present state to seek a job somewhere else, you should carefully read this Report by states.

**What Latest Figures Show**  
The reported unemployment of the entire United States on Feb. 13, 1954, was 3,385,000 by the Standard Method, 3,671,000 by the new "C. I. O." Method. These both are based on a total population of about 161,350,000, but this population is increasing about 250,000 a month. This means that the unemployed, figured on a labor force of 63,000,000, is, on a per-capita basis, only two per cent of the entire population. This compares with about ten percent unemployed in 1932. I severely criticize any of the Labor Department or Commerce Department (who are the remains of a Democratic Bureaucracy) for refusing to use the per capita figures. They are not only ignoring the growth of the country, but may also be changing the method of compiling the figures, to please the C. I. O. crowd. This is like changing the rules of a game in the midst of a game. Furthermore, the increase reported under these new rules is largely based on the reported "unemployed" on a few farms, which is a very debatable figure.

Regarding your own state:—Neither of the above figures for present total United States unemployment (the standard figure of 3,385,000, nor the C. I. O. figure of 3,671,000) can be broken down by states. Both are too much of a guess. Moreover, of the present United States population of 161,350,000 about 12% are over 60 years of age and 5% are over 70 years of age. These figures differ greatly with different states. For this distribution of the age group, the Labor Department makes no adjustment. It thus will be seen that the whole business is guess work and should be corrected or suppressed. However, an unemployment of only 2% is nothing to worry about. Such a small percentage should give confidence and optimism for the 1954 Outlook.

Getting Out On The Limb

by EDDIE the editor

**SUDDEN THOUGHT:** Consensus gets a lot of credit that should go to cold feet.

The third grade teacher carefully explained that a group of sheep is a flock and a group of quail is a covey. Then she asked for the names of groups of other animals.

When she came to camels, a child timidly suggested, "A carton."

**JOSEPH PULITZER**, who made his money out of newspapers and left part of it to encourage literature, once declared that accuracy is to a newspaper what virtue is to a woman. It was a girl reporter, however, who pointed out that the statement was inaccurate.

"A newspaper," she said, "can print a retraction."

On the same subject—well, maybe not the same, but nearly so—I got to thinking how loose girl reporters, including society editors, used to be with their adjectives when writing a wedding story. If you want to see how the modern writers have lost their touch, read this clipping of a wedding story that appeared in a Gatesville paper of the 1880's and compare it with the matter-of-fact wedding write ups in today's newspapers:

"The most brilliant wedding ever witnessed in Gatesville was celebrated at the Baptist Church on Thursday evening. The bell rang early and when the reporter reached the church it was already filled to overflowing by the elite of Gatesville. Everything looked lovely. The church was elegantly decorated, and choice flowers reposed gracefully on the stand. A most beautiful bell, woven from the cedar, hung overhead just in front of the pulpit. It was surrounded by festoons of gorgeous drapery deftly formed from deep green cedar bangles. Altogether the effect was charming and most delightfully befitting the joyous occasion it was designed to adorn.

"Precisely at 8:30 Miss Jennie Anderson, in that graceful manner so peculiarly her own, began to softly play the wedding march. As the sweet strains of music sounded on the evening air and were wafted off in the soft, gentle breezes, Mr. Sumner Sadler and Miss Nina Atkins marched up the aisle and took their places. Mr. Frank Fouts and Miss Fannie Bishop immediately followed, and as the organ pealed forth its sweetest notes, Mr. Anderson Honeycutt and Miss Felicia Cornelius softly moved down the adjoining aisle and took their place just fronting Rev. Mr. Chandler, who in a befitting manner pronounced the couple husband and wife. The bride was elegantly attired, and as she stood by her chosen husband, who was dressed in the conventional black, we could but believe that Heaven's choicest blessings would rest over their happy union.

"The Advance trusts this union, which is from Heaven, will bring all that a happy, prosperous Christian life can give and on the nether side of the golden gate may they find an eternal union in the shadow of God's eternal throne."

**THE WOMEN, GOD LOVE 'EM:** Modern girls often leave nothing to a man's imagination and everything to his self-control.

One evening a wise guy sauntered over to a table where a bald-headed friend of his was eating and decided to heckle him. He rubbed his hand over his friend's bald head and commented: "You know, Joe, your head is so soft and smooth—it feels just like my wife's leg."

Joe reached up, patted his own bald head and replied, "Darned if it doesn't."

THE AMERICAN WAY

He Can Solve It

Our Contemporaries Are Saying

Looking Backward

Swimming into the tide of emotions which ply the gulf of youth, I frequently struck the sharp and painful rocks of poverty. Somewhere during the plastic period I learned to read Emerson and Kipling, smoke a 5c cigar on Saturdays and discovered that girls always look prettier in church than school. Finally my affluence reached a state where I could afford a 25c "feather-edge" haircut twice a month and had the Chinese laundry do my high stiff collars. Generally my clothing was mail order until I had reached manhood, although I did borrow the money one summer to buy a black Stetson hat which attracted me because of the red silk lining. I begged my first tailor to measure suit without ever trying it on until after I had reached California. It was soft, blue flannel, pinch-back and tailored with extremely narrow trouser legs, the current fad. I also packed a fine pair of English Walker sharp-toed shoes, which later proved impractical while pounding the streets of Los Angeles in search of employment. Perhaps the entire travesty might have been shorter and less painful had not the fires of ambition burned so stubbornly; had I broken sooner on the wheel of futility.—Matador Tribune.

These Changing Times!

Passenger cars are now built with 160-horsepower motors, as if it required that much horsepower to get somewhere. We recall Pittsburghers who used to make thousand-mile trips over country roads in cars they proudly boasted of having 16-horsepower motors.—The Pittsburg Gazette.

Bouquets To The Young

While on the subject of public schools and young people, the opportunity presents itself to compliment these people. The young people of today are breaking more athletic records, doing bigger and better jobs than ever before. Of course the field of opportunity is greater for young people today than it was a generation ago, but there are also

a greater percentage of young people taking advantage of these opportunities.

Many young people today can tell you what they plan to do in later life even though they are only 15 or 16 years of age now. This gives them time to make better preparation and do that job more efficiently. A generation ago very few people could tell you what they wanted to do in life even by the time they were 21 years of age.—The Canyon News.

Playing It Smart

Next year's Chamber of Commerce banquet will feature not only a "Man of the Year" selection, but also a "Woman of the Year" selection. Tentative plans for the new addition were made at a recent C. of C. meeting, but the Chamber directors wisely declined to make the choice themselves. It'll be left up to the women.—The Slaton Slatonite.

Sandstorm Story

Speaking of these sandstorm stories, Paul Crume in his Big D column in the Dallas News, tells one which he says was passed on to him by a Mineola reader. The story goes that a 10-year-old girl in West Texas fainted when she saw it rain and they had to revive her by pouring sand in her face.—The Hamilton Herald-News.

Our Brother's Keeper

Service is the rent we pay for our room on earth. We have been too much inclined to let our thoughts rest upon what we judged our rights without giving equal weight to the recognition of our duties. There is no room in the modern world for easy indifference to the world's needs. We are all our brother's keeper.—The Kaufman Herald.

Suppose They Know?

Guess we'd better plan on attending the Sixth Annual Convention of the South Plains Press Association in Lubbock soon. See where Judge Bills is going to be on a panel to discuss "What's Wrong With the Newspapers?" Helping straighten us out will be the mayor of Levelland, a Tech student, a housewife from Hale Center and a farmer from Brownfield. Of course, we already know most of the things that are wrong with newspapers, but it is good for us to be reminded of them frequently. Some of them we may be able to correct, and some of them we are just stuck with.—Littlefield County Wide News.

## Proposes Channeling Water Missouri River To Texas

George Mahon of Lubbock said today in a bill in the House of Representatives authorizing appropriation of \$5,500,000 to study a plan to divert the waters of the Missouri River basin southward to the Texas Plains area for irrigation and industrial and municipal development.

He said the proposal is not original with him but that the people of the western plains have been dreaming for years of the time when surplus waters of other areas could be made available to the high plains for irrigation and industrial and municipal development.

"I have concluded there is a strong probability that such a project is entirely feasible and I am launching a campaign to see what can be done about it," Mahon said.

Already, the Bureau of Reclamation, which would conduct such a study, is interested. It has a similar study underway in an effort to tap the oversupply of water in the Pacific Northwest for the desert areas of California.

Although a program of crossing states to bring water hundreds of miles to arid areas is still unusual, Mahon believes that in future years it will be a common practice.

"It is, indeed, the only way to meet the essential requirements of growth or maintain over the long pull our present economy," he said.

The Missouri River's headwaters are in Canada. Several dams have been erected in the Dakotas to try to curb the frequent destructive floods as the stream winds its way through Kansas, across the state of Missouri, and empties into the Mississippi River.

"But even the new dams do not stop the flooding and there is a vast oversupply of water there which we could use for irrigation farming on the South Plains," Mahon said.

He believes the Missouri River is the "best bet" for future water supplies in West Texas, since the Canadian River is already tabbed to utilize its waters in

## Attend Park, Pool Meeting In Dallas

Mayor T. L. Jones and City Supt. R. H. Tate and their wives were in Dallas last weekend where the men attended a state park and pool convention.

The city officials report that there were a number of good speakers on the program and that much of the information they gained at the meeting will prove helpful in operation of the city park and swimming pool here.

"Many of the things we need to know to start operation of our park and pool were among the topics discussed," Mayor Jones said.

Especially helpful, they said, were panel discussions on the various phases of park and pool operations.

## Spanish Fraternity At Tech Initiates

Sigma Delta Pi, Texas Tech's honorary Spanish fraternity, initiated 16 new members recently in the Student Union Building. The initiation, conducted by President Margaret Ann Garlin, senior Arts and Sciences student from Lubbock, was followed by a dinner.

The new members included Travis Francis, junior Arts and Sciences student from Post.

The program included an informal talk by Dr. J. C. Dowling, head of the foreign languages department, about his experiences in Spain; Latin-American dances by Polly Johnson, junior engineer from Brownfield; Mary Randal, freshman A&S student from Lubbock, and Chuck Strehli, freshman A&S student from Lubbock.

the already approved \$90,000,000 Canadian Dam project.

Mahon said the waters of the Canadian are so limited they will supply "only a small fragment of the answer to our water needs."

He does not expect the project to get underway "overnight" but believes it is time people start talking and thinking in terms such as his bill outlines, and that the government take steps to see if such a project is feasible.

In the event a public works program is ever needed, Mahon said, this type of river development lends itself well for such uses.

Mrs. W. R. Everett and Willie left Monday to spend several weeks with her sister-in-law in Philadelphia, Pa. They will also spend some time in New York City.

## May Draft Quota Set At 999 Men

AUSTIN—A draft call for 999 men from Texas for May has been announced by State Selective Service headquarters.

The call compares to an April quota of 1,030 and a March quota of 985.

Director Paul L. Wakefield said in addition to the May induction call, another 1,000 men will be sent for combined physical-mental examinations will be allotted to only 31 of the state's 137 local boards. Wakefield said the 31

## Homemakers Are In Dither Over Dust

COLLEGE STATION (Spl.) — Dust storms—costly in many ways—have had Texas homemakers in a dither lately.

Dust, for instance, allowed to collect on lampshades or diffusing bowls, can rob housewives of considerable amounts of light.

When electric bulbs, fluorescent tubes or diffusing bowls become greasy and collect a dust film, turn the switch off, remove the fixture and wash just like glassware, says Bernice Claytor, extension home management specialist.

Electric bulbs, however, should not be submerged in water but should be cleaned when cool with a damp soapy cloth and then wiped dry. Make certain, she adds, that the fixture and your hands are dry before placing the clean bulb or bowl back into its outlet.

after cleaning replace them with new ones. Otherwise, the family may still not be getting full benefit from electric power consumed.

Dispose of old bulbs and tubes so there's no broken glass to become a hazard, particularly to children.

The Arctic tern is the long distance champion of migratory birds; nesting as far north as there is land in the Arctic and wintering in the Antarctic.

Mr. and Mrs. F. M. Reep, Jr., are parents of a son weighing eight pounds and three and one-fourth ounces. He was born at 11:12 p. m., March 29, in Garza Memorial Hospital. He has been named Francis Marion III.

### Wayland Choir, Which Appears Here April 27, Has Fine Wardrobe

From no wardrobe to one valued well in excess of \$5,000, including costumes from around the world, is the experience of the Wayland College International cappella choir, which is to sing at Post High School on Tuesday, April 27.

The choir recently received an authentic Tyrolean costume used more than 50 years ago on the European concert stage and a present day dress of a Korean woman.

### Book Review Given At Baptist Church

More than 100 people heard Mrs. Sherrill Boyd review "Twenty Year Revolution, From Roosevelt to Eisenhower," written by Chesley Manly, son of Mr. and Mrs. J. P. Manly, Friday evening in the First Baptist Church.

### OES School Will Be Conducted April 8

Mrs. Dove H. Mayfield, Worthy Matron of the local chapter of the Order of the Eastern Star, is announcing that a School of Instructions for members will be held in Lubbock April 10.

## Wayland Choir, Which Appears Here April 27, Has Fine Wardrobe

Only the blouse and ribbon lacings are new. The hoods and ornaments on the bodice are sterling silver. Mrs. Shelby Collier, instructor of art at Wayland College, has studied summers under Bristram in Taos, N. M., where he maintains a year-round studio. Because of this connection, Mrs. Bristram became interested in the colorful Wayland College International Choir.

The Korean woman's dress is the gift of the Rev. William R. Lawrence, pastor of First Baptist Church, Dalhart, who served in Korea as a chaplain. Mary Woo, Taegee, Korea, sent it to Mrs. Lawrence in appreciation of the kindness rendered by Chaplain Lawrence in obtaining a job in the American laundry for her. In sending the dress to the Wayland College International Choir, Lawrence wrote:

"Mary's ancestors were the tutors for the children of the King of Korea for many generations. She speaks seven languages fluently and taught piano in the University of Seoul. Now she is waiting to hear from her husband who was taken away by the Japanese. Because of war conditions, she was so happy to have the job in the American laundry. The dress for Mrs. Lawrence is her attempt to show her appreciation and it was made in her spare time from cloth purchased on the Japanese market. We believe that Mary would be glad to know that the dress is being used by the Wayland International Choir and we trust this will be of some benefit to the collection of costumes."

These gifts are typical of the choir's acquisitions in the last five years. Former students, teachers, missionaries and almost total strangers have added to the collection to make it of almost museum quality.

There will be a luncheon at the Lubbock Hotel and a dinner at the Caprock Hotel. Tickets for one or both may be bought from

## West Texan's Book Presents Picture Of Grim Situation

**THE TWENTY-YEAR REVOLUTION From Roosevelt to Eisenhower, by Chesly Manly; 272 pages; Henry Regnery Co., Chicago. \$4.**

By EVELYN BOYD  
"The question now is whether the American Republic, born in a patriotic revolution against foreign oppressors, can survive a stealthy, encroaching revolution, motivated by treasonous allegiance to alien ideologies."

Thus Chesly Manly, a native West Texan who has spent many years as a Chicago Tribune correspondent in Washington, D. C., and the United Nations, opens his brilliant commentary on how the Communists have taken over the United States government during the past 20 years.

### Pieces Grim Puzzle

Taking all the fragments of U. S. government history since the tragic day in 1933, when Roosevelt defied the better judgment of four preceding Presidents, and officially recognized the Soviet Union, Manly deftly and convincingly pieces them together and presents a readily understandable picture of the grim situation today—a situation that prevents President Eisenhower, who was elected because the people wanted a change, from veering away from the revolutionary course.

The average apathetic reader gets a shock on every page, if not in every sentence, but he cannot contest the veracity of the statements. All of Manly's revelations are based on official records, most of which have been in the newspapers by now, thanks to the FBI and investigations by McCarthy, Jenner, Velde and others.

### Is Best Seller Already

By the time the book, which was published last month, was

reviewed here by the writer Friday night in an open program sponsored by the Culture Club, it had been widely reviewed by metropolitan newspapers throughout the country and practically all of the reviewers had been favorably impressed. By last week, the book also was happily established on the Chicago Tribune and New York Times Best Seller lists.

The only dissenting reviewer noted to date was R. L. Duffus of the New York Times, newspaper which Manly criticizes at least a couple of times for its contributions to the revolution. Even Duffus was kind enough to say it is a valuable reference book, written in good English. He summarizes one of Manly's recommended remedies for the present crisis as follows:

### Some Good Suggestions

"Mr. Manly's proposed American party would balance the budget by drawing down our military expenditures and by taking our troops out of Europe; it would try to get the French to pull out of Indochina, after which, as Mr. Manly sees it, the United States could train a Vietnamese army capable of defending itself against the Communist guerrillas; it would stop all military and economic subsidies to Europe, and would get out of the United Nations and break off diplomatic relations with all the Communist countries."

### Sums Up Years Of Treason

Human Events, an alert Washington publication which interprets the news, says in its review: "McCarthy's summation is 'twenty years of treason,' a judgment in which Manly concurs. What Manly sees in clear perspective is that the New Deal of the early days of Franklin D. Roosevelt is but a part of a revolution, planned and in large part executed by Soviet agents and their 'liberal' dupes. Hence, the canvas of his book, crowded with characters whose inter-related careers have received proper attention from the FBI, extends from the days when the Union Square delegation left Pennsylvania Station for the District of Columbia, right down to this month when Senators Bricker and George grappled with a Senatorial opposition to their amendments filed with members of the Fair Deal."

In his chapter on "Revolution by Treaty," Manly explains the freedoms we have lost through treaty lawmaking and he warns: "Unless the peril of lawmaking by treaty is averted by adoption of the Bricker Constitutional Amendment, the United States may not long remain 'two justices short of revolution.' The Bill of Rights, palladium of our liberties, is in jeopardy."

### Exposes Left-Wing Democrats

The Greenwich Times, Greenwich, Conn., where Mr. and Mrs. Manly make their home, in its review explains that "the revolution in the book's title refers to the Communist infiltration which has taken place in this country in the past 20 years. It is the Socialist movement of this country which has been taken over by the Americans for Democratic Action—the Left Wing movement of the Democratic Party."

In an editorial, the Chicago Tribune said "... the intention of this book is not to scold, but to save. It can enlighten a people drugged with propaganda. It can disabuse them of the notion that scrapping of the things that are wise and good and enduringly true in our standards of individual and national conduct is somehow to be justified on the ground that it is 'democratic.' This book would recall the distinction between a birthright and a mess of pottage."

### Condemns Apathy

Ralph De Toledano, co-author of "Seeds of Treason," a history of the two Alger Hiss trials, writes in regard to the book: "If there is any menace to this nation greater than the Communist military threat and the Socialist economic threat, it is apathy. The men of ill will who dominated American life for a 20-year span, fed on that apathy and multiplied."

"Through those two sorry decades, the facts were known, though the New Deal apologists plead ignorance as an excuse today. The handful of courageous individuals who spoke up were crucified, while apathetic Americans turned their backs. So we must be grateful to Manly for his account of the Roosevelt-Truman revolution, and for his slashing repudiation of the half-hearted attempts by the Eisenhower administration to re-normalize the American social structure."

John T. Flynn, distinguished writer on political subjects, has made this observation: "The 'Twenty-Year Revolution' puts its finger on what is the very center and core of the immense tangle of difficulties this country is in. We are passing through

can Constitution, alter completely the shape of the American Republic, and make us into a collectivist society on the European model."

### Manly Is Courageous

J. Anthony Panuch, who was fired as deputy assistant secretary of state in 1947 for fighting against the Hiss-Acheson clique in the State Department, writes: "One of the significant contributions Mr. Manly has made is his courageous expose of the American totalitarian 'liberals' as the indirect accomplices of the Soviet conspiracy to destroy this nation from within."

George Sokolsky, noted author and columnist, writes: "Chesly Manly's 'The Twenty-Year Revolution' needs to be read. It is an account of one of the most important periods in American history, written by a man who has seen the events and has recorded them as they passed before him."

And so it goes: Chesly, the eldest son of Mr. and Mrs. J. P. Manly, residents of Post since 1916, may go down in history as the man who awakened us in time to rescue ourselves from Russia. People are reading his book—everywhere. Everybody except "The Handmaidens of Communism" is liking it.

Mrs. C. I. Dickinson of Levelland was a guest in the J. N. Power home Friday night.

### Mother Of Post Man Is Claimed

Funeral services were held last Thursday in Beaver, Okla., for Mrs. M. E. Hibbs, 80, who died at her home in Beaver on March 24. She was the mother of Ted R. Hibbs, manager of the Southwestern Public Service Co. office in Post.

Mrs. Hibbs was born Mattie Mariah Kile on March 3, 1874, at Lock Springs, Mo. She was married to M. E. Hibbs at Meade, Kans., on Sept. 3, 1889. To this union seven children were born, three of whom preceded her in death.

She had been a member of the Christian Church since 1897.

Besides the son of Post, she is survived by another son, Herbert Hibbs of Balke, Okla.; two daughters, Mrs. Bertha Cross of Knowles, Okla., and Mrs. Grace Coleman of Bell, Calif.; a brother, Alfred Kile of Trinidad, Colo.; 13 grandchildren, 17 great-grandchildren, two great-great-grandchildren, and a number of nieces and nephews.

Mr. and Mrs. Hibbs of Post returned Sunday night from attending the funeral services.

### GRASSLAND ELECTION

Three trustees are to be elected in a school board election Saturday at Grassland. Those who have filed for the three trustee posts are: Leroy Davis, Ted Aten, R. M. Thomas, Vic Lauderdale, Ted Dockery and Glenn Norman. Holdover members of the board are: Lub Burk, Sam Edwards, A. L. Norman, Carl Greer and William Young.

### Charles Long Serving Aboard USS Essex

Charles R. Long, seaman, USN, son of Mr. and Mrs. Lee L. Long of Post, is serving aboard the attack aircraft carrier USS Essex, with the UN's peace patrol off the east coast of Korea and in the sea of Japan.

The Essex began her third tour of duty in the Far East when she rejoined Task Force 77 in the Orient in January.

With her new streamlined island structure and redesigned flight and hangar decks, the ship would hardly be recognized today by the first pilots to land aboard her ten years ago. In her "new look" the Essex has the distinction of being the oldest yet one of the most modern active carriers in the fleet.

The Essex is the flagship of Rear Admiral Robert E. Blich, Commander Carrier Division Three and Commander Task Force 77.

### COTTON GETS PUBLICITY

The cotton industry of the South Plains received a spread of publicity in the March-April issue of "The Shamrock," publication of the Shamrock Oil & Gas Corp. Lubbock was cited as the Hub City of South Plains ginning activities and as the cottonseed oil mill capital of the world. The cotton industry from as early as 3000 B. C. to the present was briefly traced in the article. Several pictures illustrated the cotton industry on the South Plains.

Mrs. Nora Baylis and Mrs. Jennie V. Koonce of Spur spent Friday transacting business in Denver City.

## Directors Ask Cooperation In Payment Of Dues For Care, Upkeep Of Cemetery

Terrace Cemetery directors, in a statement this week, ask the cooperation of all stockholders and all others interested in the cemetery. The directors' statement follows:

"We have found that due to the extended drought and the conditions that it has caused at the cemetery, as well as elsewhere, some of the stockholders have become discouraged and have failed to pay their dues for care and upkeep.

"The fiscal year for dues is April 1 to April 1.

"Please send your dues as soon as possible to our treasurer, Irene Rodgers, or if it is more convenient they may be paid to the secretary of the Chamber of Commerce, Fritz Greenfield, at her office.

"In case your lot does not receive the proper care, please report it to Mr. Gerner or to any member of the committee.

"The cemetery directors are: R. B. Dodson, president; Noah Stone, vice president; Mrs. A. C. Surman, secretary; Mrs. Rodgers, treasurer; Thuet and Gerner. The directors meet the second Monday night in each month."

**Cold Cash!**

There's nothing like cold cash to surround your future with the warm glow of security and success! To have cold cash on hand when you need it, better start putting some "on ice" now. Best way is to deposit a pre-determined amount, right off the top of your pay, every week. Your regular savings will soon add up to the kind of cold cash that will make a big difference... in YOUR favor. No time like the present to begin.

## Returns To Post After 40 Years

Verne D. Winslow, of Beloit, Wis., who resided in Post in the town's early years, visited here last week with Mr. and Mrs. Walter Crider. It was his first visit in Post since he moved away in 1914.

Following the visit here, Winslow and the Criders were to go to Chico, Tex., to attend the fiftieth wedding celebration of Mr. and Mrs. John Lawson, former Post residents. Winslow is Mrs. Lawson's brother, and Mrs. Crider is the Lawsons' daughter.

Winslow farmed in the Ver-bena community during the time he lived in Garza County. After leaving here in 1914, he lived in Minnesota until moving to Wisconsin in 1920. He has been employed in the Fairbanks-Morse factory at Beloit for the past 11 years.

The visitor said he was impressed with the many changes which have taken place here during the forty years he has been away. One landmark which is just as it was then is the Al-gerita Hotel, he said.

## Actor Delights Concert Audience With Excerpts From The Masters

Joe Callaway, whose stage career includes over 6,000 performances in both classical and modern productions, delighted a Garza Town Hall and Concert Association in the Post Grade School auditorium last Thursday night with a brief, but brilliant, repertoire from the master dramatists, beginning with Shakespeare and continuing through Tennessee Williams.

After briefly tracing the theatre's history from the time of Aristophanes to the present, Callaway began his evening's performance by reciting the "Seven Ages of Man" passage from Shakespeare's "As You Like It."

Continuing with Shakespeare, he recited Dogberry's charge to the constabulary from "Much Ado About Nothing," and went from there to one of William Congreve's Restoration plays, in which he acted out a part of a scene involving Tattle and Miss Prue.

Scenes from Oscar Wilde's "The Importance of Being Earnest," and George Bernard Shaw's "Man and Superman," were skillfully brought to his audience before Callaway closed with recitation of a dramatic scene from Williams' "The Glass Menagerie." For an encore, he recited "A Bowery Bum's Version of Hamlet."

Following the concert, which was the concluding one of the 1953-54 season, the officers and many of the members met for a social hour in the school cafeteria, with Callaway able to be present for a few minutes before leaving for Dallas.

Plans for the 1954-55 season were discussed by the officers and members, with Miss Maxine Durrett, vice president, presiding after the meeting was opened by Mrs. Carl Webb, president, Dr. John R. Rountree and Ellis M. Mills were among those expressing their appreciation of the season just closed and their hopes for an even more successful one in 1954-55.

Mrs. Webb, on behalf of the concert association, expressed appreciation for the courtesy of Bill DeWalt Flowers in stage arrangements for the evening's program.

## Wedding Gifts Are Presented Scouter

Tommy Daniel, field Boy Scout executive from Lubbock, was presented wedding gifts Thursday night at a meeting of Post's Cub Scout pack.

Daniel, who will be married next month, received a carving set from the Boy Scout troop and knives and forks to match from the Cub pack.

A number of the Cubs were presented awards at the meeting.

## 1,391 New Car Tags Sold To Wednesday

At 2:30 p. m. Wednesday, with the deadline only two and one-half hours away, 1,391 passenger automobile tags for 1954 had been issued at the county tax assessor-collector's office.

The county received a total of 2,200 tags for this year, but that number is expected to take care of sales throughout the year.

It appeared Wednesday, however, that at least three or four hundred automobiles would be without the new tags on April 1, the day they were supposed to be on all vehicles.

## Quiz Games Played At Ladies' Night

Quiz games were played Tuesday night at the Post Lions Club's regular ladies' night meeting. Guests in addition to wives of the members were Mr. and Mrs. Jim Durbin.

Wilf Scarborough was in charge of the program. The group voted to hold a fish fry at the City Park on the next ladies' night date, which will be June 30.

## Marine Takes Part In Training Exercise

While serving aboard the heavy cruiser USS Rochester, Marine Pfc. Marion W. Womack, son of Mr. and Mrs. John Womack of Post, participated in "Operation Flag Hoist," an amphibious training exercise on the island of Iwo Jima.

The operation, which involved thousands of Navy and Marine Corps personnel, was designed to promote the combat efficiency of all participating units. It afforded training in the planning and execution of an amphibious landing under realistic combat conditions.

The training exercise took place nine years after the capture of the small Pacific island. Japanese resistance ended March 16, 1945.

## School Election

(Continued From Front Page) Two trustees are to be elected at Justiceburg, where only two candidates, H. F. Ainsworth, incumbent, and Elton Nance, have filed. H. A. Winkler is the other member whose term is expiring.

Four candidates are in the race for two positions on the Garolia board. They are Amos Gerner and Thurman Francis, incumbents, J. M. Haley and Darlean White.

Two trustees are to be elected to the seven-man board at Southland, where the terms of Marcus Wilke and Lee Mason are expiring. Candidates are Wilke, R. L. Halliburton, E. L. Hagler and J. H. Huddleston. Holdover members of the board are Dillard Dunn, Walter Stolle, Herman Dabbs, Weldon McGehee and Wesley Scott.

No candidates have filed in the Grassburg district, where the term of A. I. Cross is expiring.

## School Census

(Continued From Front Page) The greatest percentage of decrease in other school districts is at Grassburg, where only 22 scholastics were counted this year as compared with 44 in 1953.

The count is the same at Justiceburg—39 this year and 39 last year. The decrease at Graham is from 88 to 84, at Garolia from 68 to 54, at Close City from 77 to 69, and at Southland from 230 to 228.

## WEATHER MAN SPEAKS

Jack Frost of the U. S. Weather Bureau at Lubbock was guest speaker at Tuesday's Post Rotary Club luncheon. In explaining how weather predictions are arrived at, Frost laughingly admitted that they "sometimes miss it."

Mr. and Mrs. Glenn Cearley visited their son, J. B., in Lubbock Tuesday.

## Two Are Held On Felony Charges

Two men who have been bound over to a district court grand jury on felony charges still were being held in jail this week in lieu of \$1,500 bond each.

One of the men, Jack Shaw, 63, is charged with enticing a female under 14 into a house for immoral purposes. He is accused of taking an eight-year-old girl from her home here the night of March 20 while the child's mother was away at work.

The other man, Lee Richardson, 35-year-old Negro, is charged with assault with intent to rob. Emilio Zanbrano, whom the Negro admitted beating with sticks and a stone, is reported recovering in Garza Memorial Hospital. The alleged assault occurred early the morning of March 21.

The district court grand jury meets May 27.

## Main Street

(Continued From Front Page) That's what you will find at Herring's this week in the way of special offerings. Be sure and go ad-venturing through Clint's ad for a list of bargains galore throughout the store.

It will be later than you think before long so you are advised to check up on your cooling systems now. Mason and Company is offering a complete Air Conditioning Sales and Services department. This firm is not only equipped to give you expert service on your air conditioners but they are authorized dealers for the Essick machine as well as other popular systems.

"It won't be long now, Mr. Rabbit," is the impression we get when we shop Post Walgreen Drug. Easter Candies packaged in most appropriate Easter wrapping are displayed very effectively. With Easter on April 18, it isn't too early to buy your Easter gifts of candy now. Alva Heiskell reminds you to watch for date of a 3-day sale that is in the offing.

Dunlap's, your Scottie Redemption Center in Post, is a-buzzing with busy clerks as they get ready for Friday, Saturday and Monday Dollar Days. Check this firm's ad for items you need.

Best dressed boys and girls will really feel "on their toes" if they are wearing Storybook shoes in the Easter parade. Abie Haws of Friendly Shoe store invites you to see the new summer styles.

"Perk up your Easter EGGO" with a new spring hat from Stevens' Style Shop. Mary Dell Tillman, Gladys' right hand gal, was marking two dollars off regular price on early spring hats for this Saturday and Monday special. In Stevens' Style Shop you will find other mark-downs. Check the ad.

We are bobbing our bonnet to Madge Webb and her working committee of Maxine Durrett, Ruby Kirkpatrick, Lorree Thaxton and Fritz Greenfield and possibly others, such as Carl Webb, Dr. John Rountree, Nell McCrary, Bill DeWalt, for making the last meeting of the Town Hall series such an enjoyable one. Following a most interesting lecture delivered in a folksy down-to-earth manner by the guest artist, a reception was held in the school lunch room. Plans for next year's series were discussed informally by a number of members, among whom were Gerald Blackburn, Beth Walker, Mrs. McCrary, Ellis Mills. It was a grand finale for the Town Hall. These gals and guys can't book next year's programs until they know how much money they will have from sale of your membership tickets—So send in your check today.

## BOYS 4-H CLUB

Graham Boys 4-H Club met at the school last Wednesday with 13 members attending. Lewis Herron, agent, met with the group and discussed projects for the year.

## LEGION SUPPER

The only admission charge to a membership supper being held Tuesday night by James C. Cole Post of the American Legion will be a 1954 membership card. The supper is to be held at the Legion Hall.

## BITS-OF-NEWS

# Antelope Thinclads To Compete Approck Relays On Slaton Track

Post Antelope track and team will compete at Slaton in the second approach relays, which are to attract athletes from 25 area high schools. The Antelopes will enter most of the events, chances of placing in them are slight, according to Coach "Bing" Bingham. Bingham is expected to coach the inexperienced approach thinclads to make a showing.

The strongest prospect for winner is Darrell Ray who won fourth in the 100 yard dash in a recent meet at Slaton. His jump was 18 feet, 6 inches, just four inches above the first place winner. He will also compete in the 200 yard dash, according to Bingham.

Competing in the broad jump will be Billy Meeks, whose season has been

# Six Barrows, One Steer Shown By FFA Exhibitors

Post High School Future Farmers of America chapter members exhibited six barrows and one steer in the South Plains Junior Stock Show held recently in Lubbock. Another steer was shown by Noel White, Post 4-H Club member.

The FFA steer was shown by Bowen Stephens, and members exhibiting barrows were James Barron, Jack Morris, Darrell Roberts, Ernie Popham, James Williams and Ronald Ticer.

The steer exhibited by young Stephens had won the \$25 Payment Feed Co. prize in Garza County.

Bowen, son of Mr. and Mrs. Wesley W. Stephens, is in his third year of FFA work and is reporter for the Post chapter. He is also president of the Post Senior Boys 4-H Club.

Accompanying this county's exhibitors to the Lubbock event were Lewis C. Herron, Jr., county agent, and E. F. Schmidt, Post High School vocational agriculture instructor and FFA chapter advisor.

Garza County won additional honors at the show through selection of Miss Jennie Lou Redman as 4-H Princess. Another Post girl, Miss Mary Lou Hedgepath competed in a field of 19 in the race for FFA Princess and finished sixth.

# Drouth Aid Is To Halt On April 15

All indications point to a discontinuance, at least temporary, of the drouth emergency feed program in Garza County as of April 15, according to information received by J. C. Fumagalli, chairman of the Garza County Drouth Committee, from Claude McCan, chairman of the State Drouth Committee.

McCan wired Fumagalli that the emergency feed program has been "amended to provide that no applications for feed or mixed feed shall be approved by county committees to meet needs of farmers and ranchers beyond April 15.

"We will give consideration to advancing the date in limited areas where extreme drouth conditions persist."

Ira Greenfield spent Thursday and Friday in Tulla transacting business at his farm.

# SPORTS FLASHES

**Yankee Pluggage Expected To Help Byrd 'Sing'**

"I don't know this Harry Byrd personally," mused Tommy Henrich, who gained fame as the Yankee's Old Reliable outfielder, "but I believe he's a cinch to become a better player when he puts on that Yankee uniform this year."

Few players of our generation were better analysts of the science of baseball and the patterns of human behavior, so Henrich was the logical expert for The Sporting News, the national baseball weekly, to seek out to explain the "magic" inherent in the Yankee uniform.

The first thing Byrd will learn when he joins the Yanks, Henrich predicted, is to hustle. Not just for one play or one inning, but all the time. If he doesn't hustle, the other players will crack down on him. They'll give him the "freeze" treatment. Their one idea is to win the pennant, and if anybody stands in the way, he's sure to be ostracized.

"Don't forget, too," added Henrich, "that the Yankees have a pretty good policing system from General Manager George Weiss down. When a player doesn't do his job, they warn him, warn him, then sell him!"

So the secret behind the Yankee dynasty is nothing more than the hackneyed word "hustle." Isn't it a stock phrase for every club to boast of its hustle? "Don't kid yourself," smiled Henrich. "Other fellows who come to the Yankees from different clubs have told me that their former teams didn't operate the same way. On the Yanks, there is always one idea—to win the game. Anyone who doesn't pull his share of the load gets the quick treatment from the other fellows, to let him know they won't stand for it."

# Graham Rodeo Set For May 26-29

GRAHAM (Sp.)—The Possum Kingdom Roundup will be held a month earlier this year, dates being Wednesday, May 26 through Saturday, May 29, it is announced by Charles E. Hipp, president, and Buster Edwards, secretary-treasurer.

This will be the fifth annual show, with performances each night at 8 o'clock. The famous 24 white horses from Graham will be featured. The horses were a big hit in Fort Worth and San Antonio where they appeared in each rodeo performance at these recent stock shows.

Homer Todd of Fort Smith, Ark., known for his bucking horses and fighting bulls, will be the rodeo producer for his third season. The barrel race for cowgirl sponsors will again be held and the finest of specialty acts will be presented in the beautiful and modern arena, which can seat 5,000.

**RE-ELECT TEXAS MAN**

NEW ORLEANS—The National Association of Soil Conservation Districts has re-elected Walter S. Davis of League City, Tex., president. Nolen J. Fuqua of Duncan, Okla., was re-elected national vice president.

**SPEED CONTROLS WORK**

RALEIGH, N. C.—"If we can keep them from speeding, we can keep them alive." That's the theme of Raleigh's police department. The city recently completed 13 months without a traffic fatality.

**Mr. and Mrs. Billy Patty of Lubbock** spent the weekend here with their parents, Mr. and Mrs. H. L. Patty and Mr. and Mrs. Frank Runkles.

**Rookie Rudy Blazes At Bat For Indians**

The hottest thing in the torrid desert area of Tucson, Ariz., is a 23-year-old rookie named Rudy Regalado, says The Sporting News. Regalado's bat has gained more headline ink than all the other Cleveland Indian stars combined.

In the first few exhibition games, Rudy hit four home runs. After his spree the Cubs came to Tucson for an exhibition. When such sluggers as Ralph Kiner, Hank Sauer, Al Rosen and Larry Doby came to bat they received only slight applause. In contrast, when Rookie Regalado's name was announced he received a rousing ovation.

The young infielder from California has the Big Time label all over him. The experts agree he isn't one of those flowers who bloom only in the spring, trillium.

Chet Nichols, Jr., back from service to join the Braves, won 11 games as a rookie with them in 1951. That was exactly ten more games than his father won with the Pirates, Giants and Phils in six consecutive seasons in the Big Time. "Yes, sir," laughed Chet, "dad won only one game in six years, but he had a bad arm—he'd been a pretty good man in his day."

The Sporting News notes that the Red Sox boast an outfield rookie with a name that might have been picked right out of the Social Register—Allen Van Alstyne of Stuyvesant, N. Y.

Allie Reynolds' father has seen the Yankee fireballing right hander pitch only twice as a professional. Reynolds lost both times, says The Sporting News. In fact, only twice in his career has Allie been touched for three home runs in a game. Yep, and those were the games his dad witnessed.

### Safety Of Children In Traffic Is Responsibility Of Every Driver

"Drive slow! Children move fast!" That warning was issued to Texas motorists today by Col. E. B. Tilley of Houston, president of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation as he opened the April Child Pedestrian and Bicycle Safety program of the Texas Safety Association, the Department of Public Safety and the National Safety Council are conducting during April.

4. Crossing at intersections (12,000 injured and killed)  
5. Walking in the roadway and hitching on vehicles (2,000 injured and killed)  
"It's natural for youth to be impulsive," he said, "and drivers must be aware of this in order to protect youngsters from the consequences of their own heedlessness."

He advised motorists to be especially careful when driving in areas in which youngsters are likely to be found.  
"A good rule for drivers to follow," he said, "is to always expect the unexpected from children."

It takes a lot of confidence and all kinds of people to spend 2 1/2 billion dollars on advertising.

It takes everybody from big VP's to housewives with rooms to rent. It takes chain-store executives and neighborhood merchants.

It takes local business people—those who spend only their own money for ads, and those who also spend the important money contributed by manufacturers.

But most of all it takes an advertising medium that can do the job: **NEWSPAPERS.**

If you're a retailer or wholesaler, demand newspaper advertising before you place an order.

If you're a salesman or district manager, ask your management for newspaper advertising to move out the products you sell.

And if you're a manufacturer, remember this: IN 1951 ONE-THIRD OF ALL U. S. ADVERTISING DOLLARS WENT INTO NEWSPAPERS.

**Airman Participates In Arctic Training**

**LARSON AIR FORCE BASE (Spl.)**—Capt. Jack Hoover, son of Mr. and Mrs. O. H. Hoover was among Larson personnel participating in Exercise "Wind Chill," a joint Air Force-Army airborne arctic training maneuver conducted within the United States Northeast Command.

Captain Hoover is assigned to the 62nd Troop Carrier Group of the 62nd Troop Carrier Wing (Heavy) stationed at Larson Air Force Base, near Moses Lake. Twenty Douglas C-124 Globemasters from Larson airlifted more than 800 Army paratroopers.

Third year of work at Southwest.

**SOAKING THEFT**

**GOLDSBORO, N. C.**—When thieves looted the office of the Goldsboro Transportation Co., they employed a new method of destroying evidence. They used a hose to soak everything in the office.

Officers of the 11th Airborne Division from Sewart Air Force Base, Tennessee, to Ernest Harmon AFB in the initial phase of "Wind Chill."

The exercise provided training under extreme arctic conditions. The Globemasters transported the troopers to various installations in the Command, including Thule Air Base, Greenland, 900 miles from the North Pole, to give air base personnel practice in defense tactics.

Exercise "Wind Chill" started on March 12 and was completed when the C-124s returned to Larson March 25.

**Six Locations, Three Completions Highlight County's Oil Activity**

Clifton Thomas and others of San Angelo have staked location for a shallow wildcat venture in the northwestern part of Garza County.

Their No. 1 G. F. Shelton is slated to a depth of 3,600 feet and it will be dug with combination tools. Operations are to begin at once. Elevation is 2,912 feet at the ground level.

Location is 330 feet from north and west lines of the lease, or 713 feet from north and 2,637 feet from east lines of the H. G. Brandon Survey No. 1, Block A, four miles northwest of Post, on a lease of 162.7 acres.

Another shallow prospector was spotted in the extreme northwestern part of the county by Gilbert D. Moore of Dallas.

His No. 1 H. T. Bruedigam is slated to be drilling to a depth of 4,000 feet with rotary tools. Operations will commence immediately.

Exact location is 330 feet from north and west lines of the southeast quarter of Section 1262, Block S, AB&M Survey, two miles southwest of Southland.

Also scheduled for the northwestern section of the county is a new exploratory oil project by James G. Brown & Associates of Chicago.

Their No. 1 G. D. Ellis is projected to a depth of 3,900 feet to try for production in the San Andres. Rotary drilling equipment will commence operations at once.

Exact location is to be 330 feet from north and west lines of Section 1302, BS&F Survey, four miles southeast of Southland and one and three-fourths miles northeast of the Buenos pool.

Also in the northeast part of the county, R. I. Turley and others of Lubbock have announced intention to drill a shallow wildcat project for tests of the San Andres.

Their No. 1 Charles A. Bird is slated for a depth of 3,000 feet and it will be drilled with rotary equipment. Operator will begin operations at once.

Location is 2,970 feet from south and 360 feet from east lines of Section 3, Block 8, H&GN Survey, 12 miles northeast of Post on a lease of 200 acres. Elevation is 2,331 feet.

Other recent locations include the following:

Rocker A—R. S. Anderson 1-B Skelly-Stoker, 330 from north and east lines of the southeast quarter of Section 939, Block 6, H&GN Survey, four miles west of Justiceburg, rotary to 2,800 feet at once.

Huntley-3400—Edwin L. Cox No. 3 Huntley, 1,601 from south and 995 from east lines of N. C. Brandon Survey No. 4, rotary to 3,500 feet, at once.

Following are recent completions:

Huntley-3400—Joseph I. O'Neill, Jr., 1 Mrs. Gladys Floyd, 380 from south and 330 from east lines of Section 1298, D&W Survey, pumped 93.62 barrels of 36-gravity oil plus 21 per cent water daily. Gas-oil ratio was 250-1. Perforations from 3,400-3,425 and 3,425-3,445 feet were acidized with an unreported amount.

Rocker A—R. S. Anderson 2-A Skelly-Stoker, 330 from south and west lines of Section 944, Block 97, H&TC Survey, pumped 66.5 barrels of 37-gravity oil plus 21.9 per cent water daily. Gas-oil ratio was nil. Open hole from 2,489-2,519 feet was acidized with 5,000 gallons.

Garza—Brown Brothers et al 2 W. R. Young, 330 from north and west lines of Section 1237, I&GN Survey, pumped 50.7 barrels of 34.8-gravity oil plus 10 per cent water daily. Gas-oil ratio was "less than 200-1." Open hole from 3,135-3,163 feet was acidized with 5,000 gallons.
