Mayor Pledges City Support Of Organized Clean-up Drive

The City of Post will support an organized clean-up drive if the citizens want one, Mayor T. L. Jones said Tuesday.

The mayor's statement followed a number of inquiries by local citizens as to whether or not a clean-up campaign is to be held.

Earlier, the mayor had appealed to local residents through The Dispatch news columns to conduct individual campaigns to

clean up the city and eliminate fly-breeding places. He said Tuesday, however, that the city is ready to cooperate to the full extent if the people desire an organized clean-up campaign such as those held the past two years.

Mayor Jones indicated that the most effective method to be followed in conducting a clean-up drive would be for some civic organization to sponsor it. He said the city would make its

facilities available to carry the drive to completion and that he felt sure oil companies and other firms would make trucks available for hauling away trash.

There will be more spraying this year than there was last year because of increased moisture, City Supt. R. H. Tate said. He added, however, that in order for the spraying to be effective in killing flies and other insects, residents should clean up about their premises before the spray insecticides are applied. This is particularly important where there are livestock lots, he said.

ANNUAL EVENT TO BE HELD SEPT. 17-18

Lions Set Dates For County Fair

Friday and Saturday, Sept. 17-18, have been set by the Post Lions Club as dates for the 1954 Garza County Fair.

Plans already are under way to make this year's fair bigger and better than last year's, according to Victor Hudman, who served as chairman of the 1953 event, sponsored by the Lions for the first time.

Hudman said an open class

for everyone is being added this year. Last year, there were five divisions—4-H boys, 4-H girls, Future Farmers of America, home demonstration club women and an open class for women and girls.

Fair premium lists are being printed this week, which assures their distribution several weeks earlier than last year.

It has also been announced that the Lone Star Amusement Co. will again provide the carnival and will bring more rides, including a merry-go-round to this year's fair. Efforts are also being made to book a specialty act for the midway.

Following installation of new Lions Club officers Tuesday night, fair officials and committees will be appointed by J. A. Jessi Rogers, new club president, it was said.

Again this year, the fair will be held just south of the business district on South Avenue H, with the city warehouse being used for exhibits other than stock, which will be shown on the vacant lots across the street. There is a possibility of additional exhibit space being available for this year's fair, it was said.

School Furniture Contract Is Let

Contract for purchase of approximately \$3,500 worth of furniture and equipment for the new junior high school building was awarded by the school board Monday night to the American Desk Manufacturing Co. of Temple.

The purchase will include 12 teacher's desks, 300 folding chairs, eight heavy-duty folding tables and 32 stools for the arts and crafts room, office furniture, filing and storage cabinets, laboratory desks, and miscellaneous items.

The Temple firm's bid on the furniture purchase was the lowest of three submitted to the board, according to D. C. Arthur, superintendent of schools.

'Hoppers Making Inroads On Crop

Reports of the 'hopper infestation' came Monday from all sections of the county, according to Extension Service agents here. Fewer calls at the office Tuesday and Wednesday indicated, however, that farmers might be winning in their fight against the crop pests.

County Purchasing New Voting Boxes

Purchase of ten sets of new election boxes was authorized at a meeting this week of the Garza County commissioners' court. The new boxes, which are to be delivered in time for the July 24 primary, were purchased from Bennett Printing Co. of Dallas at a cost of approximately \$330.

Public Is Invited To Indian Dances

One of the most attractive Indian dance programs ever put on at C. W. Post Memorial Scout Camp here will be presented at 8 p. m. Friday in the council ring. Brantly Hudson, program director, has announced.

Louis R. Mills, co-manager of the Post Wood Bee baseball team, suffered a broken left leg Sunday afternoon in a play at second base during a game at Snyder between the Post team and the Tri-Service Drillers.

City Puts 'Teeth' In Dog Ordinance

The City of Post's dog ordinance, which has been in effect since 1916, but rarely enforced, is to be invoked in the current campaign against stray canines, Mayor T. L. Jones said Wednesday.

A supply of dog tags was ordered Tuesday by the City and are to be issued owners of dogs which have been vaccinated against rabies. The registration fee is \$1 for male dogs, \$7.50 for females.

County Judge Is On Area 2 Committee

County Judge Oscar Graham has been named as Garza County representative in an Area 2 steering committee for the "Searchlight on TB" program now under way.

Committee To Set Election Costs

A meeting of the Garza County Democratic executive committee will be held at 2:30 p. m. Monday for the purpose of setting cost of the primary and runoff elections and determining the order in which candidates' names will appear on the primary election ballot.

City Marshal F. M. Reep, Sr., Will Vaccinate The Dogs

The mayor said the City plans to work out a system whereby City Marshal F. M. Reep, Sr., will vaccinate the dogs.

Meanwhile, a dog pound for stray dogs rounded up in the drive is to be constructed at the city dump grounds.

All five persons charged in liquor law violation cases filed in county court June 1 have been released after posting bonds, County Attorney Pat N. Walker said Tuesday.

Woods Bees Play Sunday

The Post Wood Bees will meet the Tri-Service Drillers of Snyder at 2:30 p. m. Sunday on the Post-Tex Mill diamond. The Bees defeated the Drillers at Snyder Sunday by a score of 21 to 8.

Graham Rites Are Held For Polio Victim

Margaret Ann Peel, eight-year-old daughter of Mr. and Mrs. E. E. (Elva) Peel of the Graham community, who died of bulbar polio Monday morning at the Plainview Polio Foundation, was buried in Terrace Cemetery Tuesday afternoon following funeral services at the Graham Church of Christ.

The child, who became ill Tuesday of last week, was taken to the Plainview foundation Saturday morning after her illness was tentatively diagnosed here as polio. She was placed in an iron lung a few hours after reaching the Plainview polio center.

AS PREDICTED, SATURDAY'S dedication of the new swimming pool went off in big league style and Post owes a vote of thanks to the neighboring cities of Tahoka, Crosbyton, Spur, Lubbock, Slaton, Brownfield, O'Donnell, Petersburg and Snyder, who helped make the bathing beauty contest a success, and to its own charming hostess, MAXINE BAYLIS. It's too bad all the girls couldn't win—we even heard judges JOE MANICAPPELLI, DAVE EATON and JOE S. MOSS say so. It's also too bad that we can't have a pool dedication every year, for it's doubtful that any event in the city's history has drawn a more enthusiastic crowd.

THE POST CHAMBER OF COMMERCE and the City are to be commended for their part in the success of this crowning event. One of the hardest workers was FRITZ GREENFIELD, C. of C. secretary and it made a big hit with the crowd when RUBE JENNINGS, program chairman, especially honored her and PAULINE WARREN for seeing to it that the bathing contest was run off with the precision of clockwork. Coming as a surprise at the program was the appearance of the Post Stage Band, since as late as Wednesday afternoon those in charge of the program still didn't know where the music would be coming from. With JOHNNY CHRISTOPHER at the piano, the young musicians performed like "pros" and contributed no little to the over-all success of the dedication.

THERE'S A FIRST TIME for everything! In all our years of newspaper work, we've made no telling how many telephone calls to fire chiefs, assistant fire chiefs, fire marshals and just plain firemen to get the "dope" on fires, but Saturday morning was the first time a fire siren blew while we were getting the information. ROBERT CATO was just winding up telling us over the phone some of the particulars of Friday night's fire at the home of J. W. TEAL when the siren started wailing. "Uh-oh," said Bob, "I gotta go," and HOBG OB, it was one time we didn't feel offended at having a receiver classified as inferior.

O. B. JOHNSON, KELLIP, ex-Garza County sheriff, was in the office Friday all day and he was wearing his Saturday best. He's home in Crosbyton, Calif., after being back since May 15, and he's planning to go back next year. He promised to go with Mr. and Mrs. T. L. JONES and his wife to the state fair given the city by S. D. LOFTON for the lake at the City Park. The mayor said Mr. Lofton gave them two ducks and a duck to help the lake, but that the ducks had disappeared. "We're keeping a close watch on those two ducks," Mr. Jones said.

SOMEONE ASKED US the other day just which one of The Dispatch staff is responsible for "Pete the Printer" now appearing on the front page. He is a composite of all of us, since his weekly appearance is for the purpose of bringing the value of our advertising accounts and the high quality of our job printing, also, to urge everyone to turn in news items and to keep reading The Dispatch for news of their

Facts Prove Every Normal Generation Apler Than Its Predecessor, Paleontologist Says

BABSON PARK, Mass.—Some of my young friends feel that a recent pessimistic column of mine will handicap them in getting a good position. Hence, they wish me to tell the optimistic side of the story. There is much newspaper talk about the delinquency of juveniles, the carelessness of youth, and the lowering of school and college standards.

Of course, the destruction of school or any property should be given the severest criticism; but some feel these crimes are only a natural reaction from the moral delinquency that always has accompanied periods of great wars. So much has been written by me regarding the pessimistic side of the "modern youth" problem that I really should pass along optimistic words, especially now at graduation time.

Hours And Wages

Stores are having some trouble from stealing by employees; but this has been due partly to the store's carelessness. When it comes to the industry, initiative and loyalty of the honest ones, I must admit that the high-school graduates today may possess some good traits to a greater extent than any previous generation. Modern youth may wish to work fewer hours, but with telephones, calculating machines and dictaphones, they may accomplish more in a 40-hour week than I did when working 50 hours per week. They claim five times as much!

Now as to wages: On the wall of a store adjoining my Wellesley office is a tin sign dated 1904 reading:

"The Boston Herald
Price One Cent!"

One of the leading newspapers of New England, THE BOSTON HERALD now sells for five cents. We employers are disturbed at the wages which "modern youth" ask; but are these wages more than five times what we paid high-school graduates fifty years ago?

A DISPATCH MILESTONE . . .

With this week's issue The Post Dispatch begins its twenty-eighth year of publication. While no close observation has been kept on year-by-year conditions as The Dispatch has passed its publication milestones, this one seems particularly significant for a number of reasons.

Good rains and the promise of favorable weather conditions during the next few months have made crop prospects brighter than they have been since 1949. Oil activity is steadily picking up in the county, and other types of industry and business seem to be holding up remarkably well, considering the adverse conditions of the past few years.

Only Saturday, the Chamber of Commerce and City of Post dedicated the new swimming pool, major project of the 31-acre park site acquired by the City in 1950. On the west end of the Post Elementary School campus, construction work is progressing on a new \$275,000 junior high school building.

However, despite these civic improvements and a considerably brighter outlook, there still are a few instances of business failures and other setbacks, just as there always will be, regardless of the time of the times. We're thankful, as we enter our twenty-eighth year of publication that the good outweighs the bad, just as it always has in Post and Garza County.

Such things as brighter crop outlooks, upward trends in industry and business, and civic achievements such as the park developments and new school building make it seem worthwhile to have kept plugging when times were less rosy. It has been a pleasure and a privilege for us to have had a part in community activities during the past twenty-seven years, and it is with a feeling of gratitude toward our advertisers and readers and confidence in Post and Garza County that we embark upon our twenty-eighth year with this issue of The Post Dispatch.

Modern burglars no longer waste time knocking off safe knobs. They take the safe

seelves and their neighbors.

BEING A FATHER we don't feel brought to "lead the drum" for Father's Day as we do for Mother's Day. The reason, perhaps, is that since Father's Day is the day when a woman's love is expressed, there's a distinct difference between men and women—without any reference to the women. That's the reason, though, that Father's Day shouldn't be observed at all. I am father and sentimental enough that they might feel badly about it if ignored on Father's Day in the same manner as they are on the other 364 days of the year.

THERE'S ALWAYS SOMETHING for which to be thankful. In this section of the country we have to put up with the Washington hearings and the front pages and radios. In other sections there is a third medium—live television, although there are a number of excellent radio stations, the current political campaigns is turning out to be one of the quietest on record. Most candidates are handing out candy and otherwise softening votes, but there's that doesn't seem to be as big a ripple as they usually are during the few weeks preceding the primary. It seems to be general, too, since a friend from Brownfield—one who has made a few political campaigns of his own—told us Saturday that the same situation prevails in Terry County.

Getting Out On The Limb

by EDDIE the editor

SOMEONE HAS described an old-timer as a person who can remember when we talked about McCarthy and meant Charlie.

Nature arranges things nicely—she always gives us the kind of voice our own ears enjoy hearing.

Did you ever stop to think that maybe the world isn't really growing worse? It's only the newspaper coverage getting better to let you know what other people are doing.

A NEWSPAPER article says there is less cigarette smoking than there used to be, and in a round-about way blames it on the lung cancer scare. I disagree. I think the reason there is less cigarette smoking today is because three of us who indulge are so dog-gone confused over the claims made by the cigarette manufacturers that we don't know which cigarette to smoke and many of us are chucking them altogether.

If we smoke one brand, we think we are getting satisfaction and may be, but think what we're missing by not smoking all the other brands, too. We may be missing out on a treat instead of a treatment, on a cool, clean smoking, on a 20,000 trap filter, on distinction, on throat pleasure, on profit-sharing coupons, and no telling what all else.

If we smoke regular size, we're not saving money because we're passing up the king size, and if we choose the larger size, we're increasing our nicotine intake by not smoking the smaller size. It puts the average smoker between a rock and a hard place.

We gain distinction by smoking a certain brand, but sacrifice so many other things that distinction may not be worth it. On the other hand, by choosing a cigarette that gives us mildness and coolness, we leave distinction by the wayside.

About the only way I see for cigarette manufacturers to take steps to plug the gap through which smokers are getting away from them is to incorporate all the virtues in one wrapper-size (a large size would be big enough), cigarette and sheet in the works. Combined, we'd have our filter tip satisfaction, mildness, smoothness, cool smoking, distinction, throat treatment, less nicotine and harmful tars and coupon all in one bag.

THE WOMEN, GOD LOVES 'EM: One of a woman's greatest assets is a man's imagination.

TEXAS IS MORE than a state. It is a State of Mind. Floods, droughts, dust storms, lethal accidents, dry hotlands . . . and other challenges have been met and conquered by this state of mind.

With this foreword, John Randolph, author of "Texas Brags," has introduced his new book, "The Jokes on Texas."

The 64 pages of "The Jokes on Texas" include 70 cartoons by top cartoonists, most of whom are Texans. The jokes are from that mysterious telegraph which is the nerve system for the American sense of humor, and, as usual, Randolph shows that the best are Texas.

I've just looked through the complimentary copy of "The Jokes on Texas" sent me by Randolph. Here are a few of the best ones.

The Texan was getting the best of his friend from Arkansas when the latter finally said, "Well, at least we don't need any insane asylums in Arkansas."

"What do you do with your crazy people?" Let 'em run wild!" "Nope," came the answer. "We send 'em to Texas and you elect 'em to public office."

Gen'l Dan Kentucky: "We've got enough gold in Fort Knox to build a solid gold fence all around Texas ten feet high and four feet thick."

Texan: "Well, stranger, go ahead and build it if I like it. I'll buy it."

A man and his dog walked into a club out in Midland and soon found themselves playing poker with a group. The dog took his place at the table, bought his chips and was playing a pretty good game of poker. All of those present were much impressed. One of the players finally turned to another, a wealthy oil rancher who could never win at poker, and suggested that he buy the dog and use him as sort of a playing partner. "He's no good," said the rancher. "Wags his tail every time he gets a good hand."

A lone tourist on a trip across West Texas discovered his watch had stopped. He traveled for

Our Contemporaries Are Saying

Are you tired? . . . simply dog tired? During the long summer days we arise early and try to open the salt mines by 7 (or 8) daylight saving time? Then we knock off at noon until 2, catching 20 winks and then working until 6:30 and thus getting in a normal working day. The idea of aista used by us during the past few summers has made us feel as well in torrid weather as when frost is on the prairie. Loss of business? Quick Service

A newly wed couple just just moved into a large city hotel's honeymoon suite. The bride was a beautiful thing truly a terrific figure, baby store etc. and her new husband was delicious with joy. The walls were thin and two Madras in the adjoining room could very easily hear the couple's conversation. "My dear, est, dearest love" cooed the new husband, "you are so really beautiful I just must engage a famous New York sculptor to model you!" A couple of minutes after this statement there came a knock on their door. "Who's there?" the husband inquired. "Two famous sculptors from New York," was the reply — The Monahans News.

Park Comes Along

Had you noticed the difference in the park in the center of the square? Of course, it's a long ways from being a beautiful center yet, but at least a good start has been made. Yes sir, that's grass coming up in the southwest corner, and grass has also been planted in the northwest corner along with some flowers and a tree or two. The lights around the croquet court in the southeast corner were paid for by the Chamber of Commerce and installed by city employees. One of these days this little park, which has been an eyesore for so long, should be quite attractive again.—The Crosbyton Review.

Quizzically the tourist asked, "Is that sun time or railroad time?"

"It don't make no difference," drawled the Texan. "You're as far from one as you are 'other."

Soil Conservation Will Not Reduce Amount Of Water For Other Uses

(Editor's Note: Following is the first of a series of three news releases bearing on the subject of upstream flood prevention. This one concerns the land treatment phase of the upstream program. Prepared by the Department of Agriculture, Soil Conservation Service, the articles are being furnished The Dispatch by the Post work unit of the Duck Creek Soil Conservation District.)

Cities and industries have been asking whether soil conservation being carried out by thousands of farmers and ranchers through soil conservation districts will reduce the amount of water available for municipal and industrial uses.

H. N. Smith, state conservationist for Texas, says that for all practical purposes, the answer seems to be "no."

The Soil Conservation Service has been studying this problem at the Blacklands Experimental Watersheds project near Riesel, Texas, since 1940. The studies include measurements of rainfall and runoff from two similar watersheds. They are still in progress.

Similar farming practices were being followed on both watersheds at the beginning of the study. Conservation practices were established on one of the watersheds in the spring of 1943. These practices included changing part of the cultivated area in the Harley Martin home. Snappy Foster recently underwent surgery in Lubbock.

Mr. and Mrs. John East and John Weldon have moved back to this community.

NEW CONOCO Super MOTOR OIL
America's First **Double-Duty Oil!**

Protection 1
OIL-PLATING*
conquers friction wear... because this exclusive discovery actually fastens a thin film of lubricant to moving engine parts for full-time protection.

Protection 2
ACID-PROOFING
conquers corrosive wear... because this exclusive new discovery gives Conoco Super up to twice the cleansing power of other premium oils!

Automotive engineers have long known that friction and corrosion are the two major causes of engine wear. Now, from the laboratories of Continental Oil, comes America's first **Double-Duty** motor oil. It combines two exclusive discoveries (Oil-Plating and Acid-Proofing)* to conquer both major causes of engine wear.

The unique **Oil-Plating** additive conquers friction wear by actually fastening a thin film of protective oil to engine parts. Unlike ordinary motor oil, this film won't drain down even when your engine has

been stopped overnight. Thus you get **full-time** protection against damaging wear due to friction.

Exclusive Acid-Proofing additive conquers corrosive wear three ways—it neutralizes acids, prevents rust, and gobbles up tiny particles of dust, dirt, and water and seals them safely in spheres of oil until the oil is drained. **ACID-PROOFING** actually gives new Conoco Super twice the cleansing power of other premium oils!

New Conoco Super Motor Oil is on sale at Conoco dealers everywhere. Drive in and ask for it today!

Your Conoco dealer will recommend the right grade of new Conoco Super Motor Oil for your car, your climate, your driving conditions.

Rotarians Hear Talk On Youth Problems

Problems facing the nation's youth were discussed by Nat Williams, superintendent of the Lubbock Public Schools, at Tuesday's Rotary Club luncheon.

Williams told the Rotarians that Lubbock school officials had sent questionnaires to 350 Lubbock High School graduates asking them to list what they considered the biggest problems facing today's youth.

He said the graduates' responses to the questionnaires indicated that finding their vocations, how best to go about building a better home life and knowing whether democracy is really "what it is said to be" were their top problems.

James Minor was in charge of the program.

Don Gates Delegate To Youth Assembly

Don Gates, son of the Rev. and Mrs. Charles E. Gates, is in Lubbock this week attending the 30th annual Youth Assembly of Northwest Texas Conference of the Methodist Church, being held at McMurry College.

One-Claxton Wedding Is Read Stanley Home At Wellington

Double ring vows read Saturday evening in Wellington, Missy Carolyn Claxton and Wayne Stone were married by the Rev. J. T. Clinton of the church in the presence of family members and close friends. The bride wore a light blue embroidered dress with white accessories. She carried a white Bible. The groom wore a white tuxedo with a white carnation boutonniere. The bride's hair was styled in a classic updo. The ceremony was held at the home of the bride's parents, Mr. and Mrs. James Claxton.

The bridegroom was graduated from Post High School and has completed his sophomore year at Abilene Christian College.

Mr. and Mrs. James Stone and family, Mr. and Mrs. Randall Laurence and Mrs. Claxton were among the wedding guests.

Miss Ann Arnold, N. B. Teaff To Marry In Roscoe July 11th

Mr. and Mrs. Rhodes Arnold of Roscoe have announced the engagement and forthcoming marriage of their daughter, Ann, to S/Sgt. N. B. Teaff, son of Mr. and Mrs. Will Teaff.

The ceremony will be read in the Arnold home July 11. The bride-elect, a 1953 graduate of Roscoe High School, has been attending Shannon Memorial School of Nursing in San Angelo. At San Angelo Junior College she was a member of Phi Theta Kappa.

Teaff attended Post High School and received his diploma in Tampa, Fla., following his enlistment in the Air Force in 1948. He has been stationed at Goodfellow Base at San Angelo since returning last year from three years service in Japan.

Railway Continues 4-H Club Support

The Santa Fe Railway will continue its support of 4-H Club work in 1954 by making its annual contribution to the National Committee on Boys and Girls Club Work to be used for awards in states served by the Santa Fe.

In addition to the awards program, the Santa Fe will contribute \$1,000 to the National Committee's service fund.

Under the awards plan, Colorado receives four awards, New Mexico three, and Texas 15, and judgment is made by the 4-H Club leaders on each state based on individual achievement records of the boys and girls.

A total of 66 awards are provided for in the Santa Fe grant. Additionally, 20 college scholarships of \$250 each are provided and of these one each goes to one boy and one girl in each of the states of Colorado, New Mexico and Texas.

As has been its custom for many years, the Santa Fe will honor its award winners with a special dinner in Chicago while the winners are there attending the National 4-H Club Congress next Fall.

Other states participating in the Santa Fe awards are Arizona, California, Illinois, Iowa, Kansas, Louisiana, Missouri, and Oklahoma.

Third Week Of Summer Camping Under Way At Scout Camp Here

The third week of summer camp activities is under way this week at C. W. Post Memorial Scout Camp, two and one-half miles southwest of Post.

The Plainsman District is represented at this week's encampment, with 183 Scouts and leaders from nine troops in the Lubbock area.

The Comanche Trail District opened the camp May 30 to June 5 with troops from Crosby, Dickens, Kent and Garza counties and Slaton in Lubbock County. The Texas and Quanah Parker districts left after breakfast Saturday to end their week at camp. The two districts include Terry, Lynn, Gaines and Dawson counties.

The second week of camp for Lubbock Scouts will begin June 20 and will run through June 25. It will be followed by Lamb and Bailey counties Yellow House District camp June 27-July 3. The Plainsman District will complete camping activities at Camp Post the week of Aug. 1-7.

Camp Post has been reserved for Negro Scouts in the South Plains Council for the week of July 25-31.

The week of Aug. 8-14 is open and reservations have already been made by troops in the Texas, Quanah Parker and Haynes districts.

Highlighting each week of camp is the Indian ceremonies at 8 p. m. each Friday when the public is invited. Average attendance at the ceremonies has been about 500.

The Scouts also camp by troops in the open, eat three meals a day in the central mess hall and hike over the rugged terrain of the camp. They swim in the modern concrete pool under the supervision of qualified lifeguards.

The Scouts also study wildlife, trees, animals, birds and other nature subjects. They participate in Indian dancing, campfires and singing.

Each boy is given the opportunity to go to the outpost camp one night during his stay in camp. At the outpost camp the different groups prepare their own meals over open fires.

The cost of the camp is \$13 per boy.

Cub Scouts, 8, 9 and 10 years of age, enjoy the camp with their dads during the weekends. The first Cub-Dad camp this summer was attended by 201 Cubs and dads on June 5-6. There were 140 registered for last weekend's camp, and Cub-Dad camps are also scheduled for this weekend and June 26-27.

The Cubs camp with their dads on Saturday nights and eat the Saturday evening meal and Sunday breakfast and lunch at Camp Post. They also swim, hike and participate in other camp programs.

Frank Runkles, camp ranger, is director of the summer camping program.

The contest judges were Joe Mancipelli of Lubbock, Dave Eaton of Littlefield and Joe S. Moss of Post.

Other program features included a brief address by A. C. (Stumpy) Hamilton, superintendent of parks and recreation for the City of Lubbock; a diving exhibition by Bunny Broder, and a synchronized swimming exhibition staged by four young women from Lubbock under the direction of Dick Shaw, Lubbock's swim pool supervisor.

"Every community owes its people a swimming pool such as you have here," Hamilton said. He suggested that the city use profits from the pool for continued improvements, including such conveniences as shaded bleachers for spectators.

Broder drew enthusiastic applause from the crowd for his diving skill. He is the Ozarks Amateur Athletic Union's diving champion and was named outstanding AAU athlete of the year for 1953.

Preceding Hamilton's talk, R. J. Jennings, program chairman, introduced city and Chamber of Commerce officials and members of the park board. They included Mayor T. L. CONGO MAKES RAIN

LEOPOLDVILLE, Belgian Congo—Belgian Congo authorities are making new rain-making experiments. For some years the climate in the lower Congo has become drier, cocoa and banana plantations no longer get the moisture needed for full development. A spell of drought brought near disaster. Experiments were started with a new method which dispenses with airplanes. Wood, soaked in silver iodide is burned; the smoke carrying the chemical into the air. The first results of this new method appear encouraging, officials say.

Hag Fish, an eel-shaped marine animal, secretes slime so rapidly that when they are confined in a small space they can gelatinize surprisingly large quantities of water.

Bell was the guardian of the hot corner and the top hitter on the club with a .325 average, but that was one-season brilliance and Bell soon was gone.

Even the outstanding 1931 team, perhaps the best in the Cardinals' history, had a medley relay at third base while running the National League flag by more than a dozen games, using no fewer than three players at the position — Sparky Adams, Ardy High and Jake Flowers.

The next world's championship team fielded by the Redbirds was the 1934 Gashouse Gang, and playing third there was Pepper Martin, the Wild Horse of the Osage who had been the hero of the '31 Series victory over the Athletics as a center fielder. As long as Pep's chest held out to take the brunt of hot drives he couldn't handle and cash customers in the right field seats were alert for his strong-armed over-throws, third base was satisfactorily handled.

From the time Martin faded, however, until George (Whitey) Kurovski came up in 1942, a year of the next St. Louis championship, the Cardinals couldn't come up with the man to lend strength at a position at which offense draws the edge over defense. Kurovski, like Martin, was no Pie Traynor or Willie Kamm at the bag, but he could hit—and hard.

The six seasons during which the powerful Pennsylvania Pole played third were the best in the club's history as the Redbirds won four pennants and finished second twice. Kurovski, in fact, was at the peak of his slugging career after a fine 1947 season when his oft-troublesome right arm went dead.

But in '53, another Polish Falcon took a crack at the hot corner for the Cardinals. And if he'll pick up his fielding, Raymond Leo Jablonski can be the Redbirds' best ever at third base.

As mentioned, Jabbo, the 27-year-old Chicagoan, is no defensive standout, but neither was Martin and Kurovski—remember?—and yet the Cards won pennants with them in the lineup. And the reason Jablonski could be the best is that he swings the most promising bat that has joined the club since Stan Musial.

As a rookie last year, Jabbo hit only .68 in 157 games, but aside from belting 21 homers, the most in history by a freshman.

Post Wood Bees Score 21-8 Victory Over Snyder's Tri-Service Drillers

Rapping two pitchers for 19 base hits, the Post Wood Bees defeated the Tri-Service Drillers of Snyder, 21 to 8, Sunday on the Drillers' diamond.

The victory proved a costly one, however, for the Wood Bees when Co-Manager Louis Mills suffered a broken leg in a second inning play at second base.

Post opened the scoring in the initial frame when Buddy Hays tripled to drive home Shorty Hester, who had drawn a base on balls.

The Drillers knotted the count in their half of the first inning, then forged ahead in the second, 3-2, after Mills had singled home Nolan Williams for the Wood Bees' second tally.

The following P. T. A. members are enrolled in the course: Mmes. Victor Hudman, Lee Davis, Jess Cornell, Giles McCrary, Robert Cox, Gertrude Ward, John Bountree, Al Norris, Harry Wood, Alton Clary, Richard Vardiman, Pat Henderson, James Dietrich, Oscar O'Neal, Phil Trammell, Joe Callis, Hansford Hudman, Max Gordon and C. R. Smiley.

Mrs. Victor Hudman, P. T. A. president, announces that others interested in this course of swimming instruction should contact the P. T. A. chairman of education for family living for further information.

P-TA Swimming Course Is Held

Meeting at 10 o'clock on Wednesday mornings, classes are dismissed at 11:30. Herbert Adudell, pool lifeguard, is the instructor.

The Wood Bees chased eight more runs across the plate in the fourth inning. Hays got his third consecutive extra base blow—a triple—and Harper and Dink Taylor singled. Two Snyder errors also contributed to the Post scoring in this inning.

Post increased their lead to 15 runs by scoring three more tallies in the sixth inning, with Harper's single and B. Ramage's double driving in the runs. Snyder scored two more in their half of the sixth to make the count 18-5 at the end of the frame.

A Taylor's single, Duren's triple and B. Ramage's double resulted in two runs for the Wood Bees in the seventh inning, and they wound up their scoring in the eighth on Hester's circuit smash.

Snyder added three runs in the bottom half of the eighth. B. Ramage and A. Taylor were the Post pitchers with Ramage getting the win. Galloway and Force worked on the mound for

Elmer Tarbox's 11 pass interceptions for Texas Tech in 1938 led the nation and still are a Red Raider record. His 85-yard pass interception return against New Mexico in 1937 is the longest on the Tech books.

Wood Bees Lose To Petersburg

Playing their first night game of the season, the Post Wood Bees lost to the Petersburg All-Stars, 6 to 5, last Thursday night on the Petersburg diamond.

Post took a 2-0 first inning lead when Louis Mills led off with a triple and scored on a double by Hugh Ingram, who later crossed the plate on an error by the shortstop.

Petersburg took a 3-2 lead in the second inning on Coleman's three-run homer. They added two more in the third frame, but the Wood Bees tied it up in the fifth inning on two Petersburg errors, a single by Alton Taylor and a base on balls issued Mills.

Petersburg scored the clincher in the seventh inning when Henney, safe on an error by the Post shortstop, stole second and scored on Red Harvick's single.

Post got men on bases in both the eighth and ninth innings, but couldn't bring them around. The box score:

Wholesale Show Is Set For June 19-21

LUBBOCK (Sp.)—The latest lines of holiday, variety and back-to-school merchandise will be shown by some of the nation's leading clothing manufacturers when the annual Back To School Show of the Western Wholesale Market Association is held here June 19-21.

More than 55 exhibitors will have displays in the Caprock and Lubbock Hotels during the three-day market. Joe Thomas, WWMA president, has announced. Officials expect upwards of 500 buyers from throughout West Texas, eastern New Mexico and Oklahoma to attend the show. Invitations and buyers guides were mailed to all merchants in the 11-state area several weeks ago.

The Back To School Market is one of three such shows held annually by the association. Other shows are conducted in February and October.

Snyder Inviting Parade Riders

The Post Stampede Cowboys have been invited to ride in a parade at 6 p. m. July 15 opening the 18th annual Scurry County Rodeo in Snyder.

Trophies will be awarded the two best groups entered. Other prizes are those at O'Donnell, Britton, Midland, Crockett, Brown, Field, Gall and Lubbock. Deadline for entering the parade is July 14, according to Garret Harrell, president of the association.

The show will offer \$3,400 in cash prizes plus trophies for various events. The events included in this year's program are wild cow milking, wild roping, junior ribbon roping, junior steer and pig penning, goat stacking, senior steer roping, cutting horse and cow boy, barrel racing, bicycle riding, wild man race and senior ribbon contest.

A dance will be held at the rodeo arena following the parade. Tickets for the rodeo are \$1.00 in advance and \$2.00 at the door. The rodeo will be held at the Scurry County Fairgrounds in Snyder.

Employees End Dinner

Employees of the Piggly Wiggly store here received a special dinner Friday night at the anniversary given by Davis-Humphries at the Lubbock Country Club. Five hundred and fifty employees of Piggly Wiggly stores throughout the area were present.

Mr. Jones, manager of the store here, received a 15-year pin. Alton Clary, stocker, a 10-year pin. Five-year pins went to: Bob, assistant manager; Burgess, market manager; Weidie, assistant market manager; and Charlie Cooper, manager.

Edna Wright of Lubbock, formerly of Post, was awarded a 25-year service pin. He is a produce buyer for the Davis-Humphries warehouse at Lubbock. Clifford Williams, general manager, also received a 25-year pin.

Other employees attending from here were Mrs. Estelle Barker, Mrs. Carl Ekins, Mrs. Byron Haynie and Pete Kennedy.

The dinner was for employees and their wives or husbands.

Garza County ASC Officials Attend Meeting On 1955 Wheat Allotments

Representing Garza County last Thursday at an informational meeting in Lubbock on wheat acreage allotments were Mike E. Carter, office manager for the Agricultural Stabilization and Conservation Service; J. C. Fumagalli, county ASC chairman; Claude Spence, vice chairman, and Will Wright, member.

Farmers who had wheat on their farms in any or all the years of 1952, 1953 and 1954 will be eligible for and will receive a 1955 wheat acreage allotment. It was learned at the meeting.

Those farmers who did not have wheat in any of these years, and who desire a 1955 allotment, must apply before June 30.

The meeting was held to advise and instruct the ASC officials on the proposed 1955 national wheat acreage allotment program. Fifty-six persons attended from the 19 South Plains counties in District 2.

Henry Marshall, ASC state stationer from College Station, compared the proposed program with wheat acreage allotment programs used in the past and explained that allotments "will probably be necessary in 1955 because of the excess of wheat which undoubtedly will be produced this year."

In a bulletin distributed to the group, it was explained that the Secretary of Agriculture will be required to proclaim marketing quotas on the 1955 crop of wheat by July 1, and call for a referendum of wheat farmers to be held on July 23, on the basis of the present law and supply data.

The bulletin also explained that the possibilities for 1955 price supports for wheat are dependent upon action taken by Congress.

Marshall went into detail on the supply, disappearance and carryover of wheat for the crop years 1952-53 and 1953-54, also on the production of the 1955 crop but explained that his figures for the crop next year are estimates and unforeseen factors could cause them to vary greatly.

Dale Carter, District 2 field man from Plainview, was in charge of the meeting. He said he expects the county office managers and committeemen to like the 1955 proposed program for wheat acreage allotments better than any other that has been offered.

Most of the afternoon was given to details on the procedures to be used in setting up individual farm allotments.

At 3:30 p. m., Roy Veal, ASC district performance supervisor, discussed procedures to be used in measuring cotton under this year's program.

Every Dad--- HAS HIS DAY! Sunday, June 20th FATHER'S DAY

Nothing is the most appropriate gifts you can give for father.

We have just the right gift and, of course, the correct size for his system.

We are offering an additional service. We have just installed a gold stamping machine which enables us to gold stamp his initials in hat bands and on other billboards, and such.

GOLD STAMPING AT NO EXTRA CHARGE

We will be happy to gift wrap all Father's Day purchases and will also supply, free of charge, an appropriate Father's Day gift card which you may choose from our wide selection.
