SUPPORT YOUR HOME TOWN

SWEET 'N' SOUR

By A. Dill

Sure 'n it was a great day Saturday for the ex-students of old Baird high school when the finest homecoming ever was celebrated.

Congratulations to Mrs. E. C. Fulton who was elected Homecoming Queen — she made a lovely one, and the honors heaped on her deserving head were a tribute, we think, from the many friends who have known and loved her.

We saw lots of old friends and time flew before we'd visited with them even half long enough. Irby Smith was there from Waxahachie and were ready to believe the Fountain of Youth must be located in that vicinity because the guy hasn't changed one iota from the fellow who could throw more chalk than any kid in high school during math classes back in '37.

Catherine James Carl came all the way from Gooee to attend homecoming. Remember when talented Catherine put some special Baird high lyrics to the Notre Dame fight song and it became part of the school tradition?

Ruth Ray Eatherly came from Midland to lead the crowd in some football yells and with all the pep that gal puts into it she should've turned professional. Brother Jack (He's a Real Bear) Ray from Fort Worth was there too. Remember when Jack played "Jesse James" in a school play? Cubelle Loper Harris was wife "Zee" and Louis Hill was "Junior." Hollywood didn't make any bids for them but this column gave 'em a special academy award all their own.

Ruth Bowls deserves a good hefty cheer for the work she did in preparing and presenting "Baird High School Pep Squad Leader of the Past." We don't know of anything we've enjoyed more. Madge Holmes Bearden showed the first pep squad uniform (modeled by Lavonia Weldon) and Mrs. Lee Ivey, who gave us our school song back when she was Miss Katie Lee Norwood, set the pace for one of the best audience participation stunts any home coming program ever had. Pep leaders from past years were introduced and Bobbye Griggs Bell brought down the house when she kicked off her shoes and really "got with it" for some school yells. Some of the cheer leaders present were Marion Dyer Windham, Laverne Christian Jones, Ellen Gee Tankersley Nutt, Ruth Dyer Elliott, Army Young Crow, Janice Ivey Ferguson, Reba Price West, Gayle Dyer Ackers, Martha Brame Betcher, Mary Brame Stroupe, Glynda Gilbreath, Pat Barnhill and Virginia Stephenson — P. S. Billie Beth Bell, mascot.

Among the lads and lassies for homecoming we saw Gusnie Smith Norvell and Jewel Hopkins Taylor and they looked wonderful, particularly so to friends here who'll always love them.

Presley Reynolds and Sterling Reynolds, two of Baird Hi's loyal sons, were here for festivities. We also saw Bill and Carl Yarbrough and who'll ever forget the trail of glory they blazed across our gridirons? Gusolyn Hall Yarbrough and Laura Mae Windham Yarbrough, best gals then as now, were also here for the best homecoming we've ever had.

It looked good to see D. S. McGee back home, and a double ditto goes for Nola Van Gibson Pierce, Annie Jo McIntosh Sanders, Bobbye Sue Edwards Ground, and a host of other young'uns.

Did we tell ya' we saw Suzie Lee Smith Coppinger? No? Well, we did, and Suzie doesn't know any other way to look but good, and no other way to be but friendly. That's a good comb, isn't it, and describes Suzie to the proverbial "T".

We saw Bettye Gay Lydia Wilson and whenever we do we always think of that melody, "Stay as Sweet as You Are," because that's what Bettye Gay does — from a lovable child who lived "next door" to a charming and gracious young woman. She magically keeps all the little ways and mannerisms that has always endeared her to us.

Don't let us forget to tell you that Robert and Hub Warren, two of the best Bears to ever come out of the Baird Bear Den, were here. Our only regret, and we say it again, is that we didn't see more folks and talk longer — Homecoming is a wonderful time, isn't it?

Homecoming Crowd Sees Bears Maul Clyde Bulldogs 21-0

A Baird Homecoming crowd watched the Baird high school Bears maul the Clyde Bulldogs in the Bear's Den last Friday night.

Outmatched, the Bulldogs seldom got beyond their own 30 yard line, though they were able to keep the Bears scoreless until the third quarter.

Jimmy Barnes, 160 lb. Baird fullback, made all three Baird touchdowns and kicked two of the extra points.

First score of the game was made by Barnes early in the third quarter when he went off left tackle 7 yards for the tally. He kicked the extra point.

Also in the third quarter, Barnes went off the same tackle for 18 yards and another touchdown. James Tyson ran over for the extra point.

Late in the third quarter, Barnes intercepted a Clyde pass

on Clyde's 40 yard line and went all the way to score. He then kicked the extra point.

Baird missed a scoring opportunity in the second quarter when Barnes fumbled on the Clyde 1-yard line, Clyde recovering.

Clyde offense was handled by Hugh Tucker, Leon Crane and Harold Hicks, with Billy Ray Cullen, Dan Loyd, Wayne Berryman, Bill Patton, Lee Roy Corley, Wayne Berryman and Ward Estes leading the defense.

Jimmy Barnes, James T. Lyson, Roger Corn and Jerry Corn were Baird stars on offense, with George Lambert, Felton Gilmore, Leonard Payne, Robert Suniga, Carroll Taylor and James Warren leading the defense.

McMurry Homecoming Set October 5-6

McMurry College ex-students and alumni will return home to the McMurry "Indian Reservation" this weekend for their 30th annual Homecoming celebration.

McMurry's campus will again be transformed into an oldtime Indian camp for the exes reunion, complete with a ring of 17 teepees, students dressed like Indians, council fires, tom-tom beating, and war dances on the eve of the big Homecoming football game.

Two groups of McMurry exes to be specially honored at the reunion are the college's ex-lettermen athletes in all sports, and ex-members of the McMurry Indian Band.

Special invitations have gone out to these groups from the McMurry athletic and band departments. Dr. Harold G. Cooke, president of the college, said that any of these ex athletes and bandmen not contacted personally are invited to attend via the press, radio and TV.

Homecoming activities will be climaxed by a football game Saturday night between the McMurry Indians and the invading Midwestern Indians from Wichita Falls. Kickoff is 7:30 p. m. Saturday in Indian Stadium.

McMurry's Indian - flavored Homecoming has attracted the attention of Life magazine, which plans to have photographers on hand.

First major event for McMurry exes will be a coronation program at 7 p. m. Friday, Oct. 5, at which the students will present their Chief McMurry, Reservation Princess, and eight class favorites.

The coronation program will be followed Friday night and Saturday by exes group meetings, the annual concert by the McMurry Band at 1:30 p. m. Saturday, election of new Alumni Association officers, and the climactic football game between McMurry and Midwestern Saturday night.

John Bullock, who is attending Howard Payne College at Brownwood was in Baird for the football game and homecoming celebration. John is a son of Mr. and Mrs. Eddie Bullock.

Mr. and Mrs. J. C. Driggers of Midland spent the weekend with her mother, Mrs. Evelyn McCue. They attended the Homecoming and football game Saturday afternoon and night.

Pioneer Woman Buried Monday

Funeral services were held Monday, Oct. 1, at 3 p. m. for Mrs. F. L. Elliott Sr. at the Presbyterian Church with the Rev. Herbert G. Markley officiating. Mrs. Elliott died at 7:30 p. m. Saturday Sept. 29 at the Callahan County Hospital where she had been ill for the past 11 days. She was 78 years of age.

Wife of R. L. Elliott Sr., she deceased was a long time resident of Baird, having moved here in 1897. Mrs. Elliott was born in Cass County in 1873, the daughter of Mr. and Mrs. Joe Fite. She was living in Moran at the time of her marriage to Mr. Elliott on August 9, 1896. The date of their wedding had been moved up due to Mr. Elliott's offer of a job as foreman of the Baker Ranch near Albany. The offer of a house to live in and \$20.00 per month salary was considered big pay. Mrs. Elliott was allowed \$17.50 per month for cooking for the other ranch hands.

The Elliotts moved to Baird on Dec. 6, 1897 where Mr. Elliott went to work for the Texas and Pacific Railroad. The couple only recently celebrated their 60th wedding anniversary.

Mrs. and Mr. Elliott reared seven children, four of whom are living: Mrs. Charles Powell of San Angelo; Mrs. James Asbury of Baird; R. L. Elliott Jr. of Dallas and Horace Elliott of Baird. Other survivors include her husband, one sister, Mrs. Lula Smith of Spur; six grand children and one great grandchild. Burial was in Ross Cemetery.

Pallbearers were: C. W. Sutphen, Clark Edwards, D. A. Abernathy, George Lambert, Eldon Dunlap and Bill Work.

Social Security Man Available In Baird

Residents of Baird and nearby communities will have regular contact station service of the Abilene office of the Social Security Administration, beginning this month, according to R. R. Tuley, Jr., District Manager.

C. M. Vaden, Field Representative, will be at the Commissioners Court room, in the Courthouse, on Friday, October 26, November 30, and December 21, at 10:00 a. m. He will be glad to meet anyone wishing general or specific information about the old-age, survivors, or disability insurance provisions of the law, and assist in the filing of claims for such benefits.

Tuley says that the 1956 Amendments are of particular importance to farm operators, farm workers, women who will admit to being at least 62 years old, and those persons becoming disabled after five years or more of social security coverage.

Arrangements for the space in Baird were made with County Judge J. L. Farmer, and followed by only a week or so the appearance of Tuley at the Baird Luncheon Club where such service was urgently requested.

Persons with social security questions are urged to note the above times and dates. If Vaden isn't kept busy, there is a possibility that this special service may be discontinued after the first of the year, for Tuley states the visits will continue as long as the number of callers and inquirers merits this regular service. He added that Vaden might be used elsewhere if it developed that his time in Baird was spent in waiting for callers who didn't call.

Paul and George Jones were home from Del. for the Homecoming and football game, last week, also Bill Jones of Abilene, Paul and George are attending North Texas State Teachers College.

WTU Given 30 Days to Remove Line

West Texas Utilities Co. of Abilene has been given 30 days in which to purge itself of contempt of court by removing a utility line used in servicing customers within the city limits of Baird.

The company was declared in contempt of court in 42nd District court here Friday for having crossed public streets at Baird with a 12,500 volt power line to serve four T&P Railroad section houses.

District Judge W. J. Oxford of Stephenville ruled that WTU had violated an 11th Court of Civil Appeals decision barring it from crossing public streets and alleys in Baird.

Judge Oxford also ruled that he had jurisdiction in the case although attorneys for WTU contended the court of Civil Appeals had jurisdiction since it reversed in part and rendered in part the original 42nd District Court decision in the case.

The original 42nd District Court ruling held that WTU could not serve Baird customers after its franchise expired in 1955. The appeals court held that customers could be served as long as no public streets or alleys were crossed.

State Headquarters For Eisenhower

AUSTIN—A campaign to keep Texas in the Eisenhower victory column will be conducted throughout the state by Texas Democrats, Weldon Hart of Austin announced this week.

Hart said state campaign headquarters has been set up in Austin (412 Bolm Building, 308 W. 15th Street) and regional and county headquarters would be established within a few days by Democrats who believe Eisenhower deserves the support of every Texan.

"More than a million Texans voted for Ike in 1952," Hart said. "During the four years he has been in office he has met at the political, moral and spiritual standards by which we in Texas judged him in 1952. This gives us every reason to support him again."

Hart said he was called upon by a great number of Texas Democrats to help the Eisenhower effort in Texas as acting director of headquarters. He said a committee headed by leading Texas Democrats would be named soon to guide the Eisenhower campaign in Texas.

Hart pointed out that: "Eisenhower kept his promise to Texas. He returned our tide-land. He returned our boys from Korea and established peace. He returned integrity to Washington."

"We invite every Texan to help us return President Eisenhower to the White House. The presidential campaign narrows down, Hart said, to one simple question:

"Which candidate—Eisenhower or Stevenson — would make the better president?"

207 Register For Ex-Student's Homecoming Here Friday

The third annual homecoming for Baird ex-students and ex-teachers was well attended. Two hundred and seven registered during the afternoon with an even larger number of exes attending the football game.

The Bears pleased the homecoming crowd with a victory over the Clyde Bulldogs 21-0.

Presiding over the business session held from 2 to 4 p. m. was Clyde White, president of the association.

Invocation was given by Rev. Curtis Chatham, ex-student. Presley Reynolds of Monahans gave the response to the welcome extended by White.

Registration committee included Mrs. Cubelle L. Harris, Mrs. Ellen Nutt, Mrs. Betty Alexander, Mrs. Nola Van Pierce and Frank Crow.

In charge of stage decorations for the cafeteria were Mrs. Atrelle Dill and Mrs. Roberta Ross.

The classes of 1931, 1940, 1942 and 1943 tied for most members present, each having 8 in attendance.

The pep rally, directed by Mrs. Ruth Simons Bowls, one of Baird's first cheerleaders, gave the history of the pep club by asking all ex-cheerleaders to appear on the stage and lead a song, yell or make a brief speech.

Callahan County Farm Bureau

Legislative work carried on by the Farm Bureau in Austin and Washington is worth many times more to each farmer than his membership dues cost, according to W. E. Box, President of the Callahan County Farm Bureau. The local Farm Bureau is conducting a county-wide membership drive starting Oct. 1st and continuing through Oct. 31st.

In urging all farmers and ranchers in the county to join the independent farm organization, Lawrence pointed out that without a large membership the Farm Bureau is going to have an increasingly hard time in securing beneficial legislation and defeating bills that would be harmful to agriculture.

"With farm population decreasing, agriculture is now a minority group," Lawrence declared. "Already Labor and Industry are asserting their strength in the state and national capitals. Unless farmers and ranchers pull together in one united effort, we will never have a higher standard of living on the farm."

Lawrence stated that the effectiveness of the American Farm Bureau Federation lies in the fact that it is organized in all 48 states and that it is thereby able to exert influence on all senators and representatives in Washington. He said that the Texas Farm Bureau was organized in almost 200 counties and was a power to be reckoned with in Austin.

Ike Better Democrat Than Adlai, Says Supporter

A bunch of us were standing around talking the other day, and the talk got around to politics like it usually does. Some of the boys said they'd voted for Ike in '52 and were going to do it again; some of them said they'd always voted the Democratic ticket straight and always expected to—you know how it goes around a little Texas town.

One fellow said something that made the rest of us stop and think. He said he was a Democrat, sure—always had been, and his father and grandfather before him. And he always felt like he had to vote for the best Democrat in the race, which he was going to do this year.

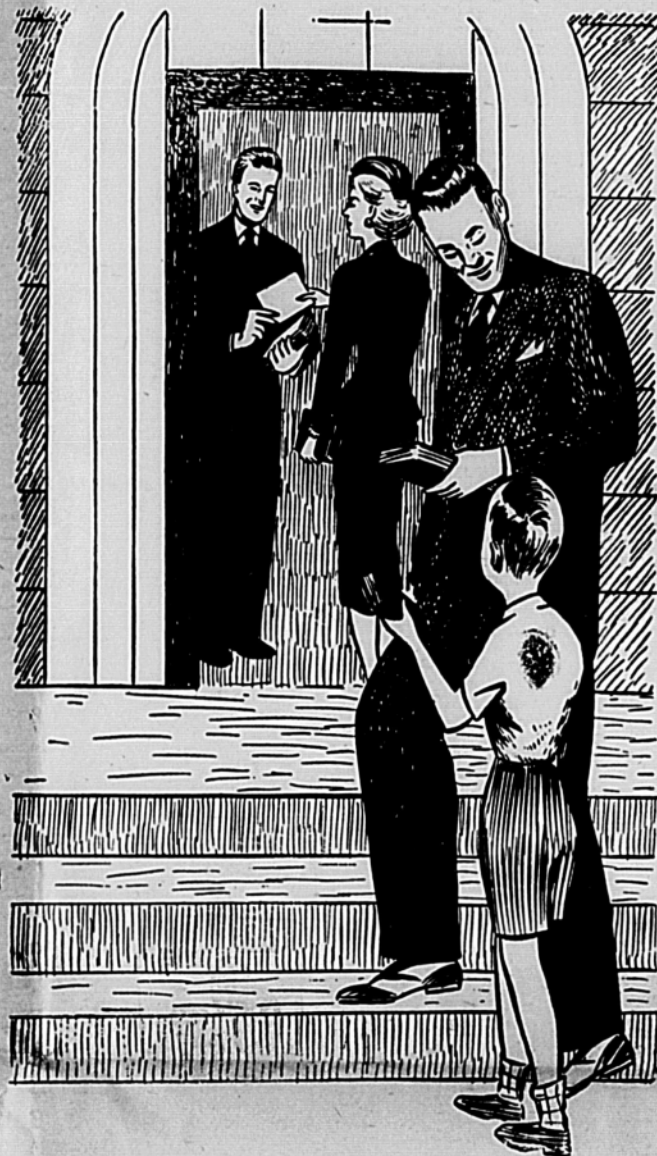

"And that means," he said, "that I'll have to cast my vote for Ike Eisenhower. He's a better Democrat, by my definition of a Democrat, than that other fellow ever will be."

And besides that, he said, Ike kept his promises to Texas and Texas ought to return the favor by keeping Ike.

Reappraisal Of Roughage Program

The volume of approved applications for assistance under the Texas Emergency Roughage program has exceeded the estimates of demand made when this program was negotiated so it is necessary to reappraise the actual cash requirements.

The agreement between Secretary Ezra Taft Benson and Governor Allan Shivers provides for all allocation of One Million Dollars of Federal funds for the roughage program. Funds available to the U. S. Department of Agriculture to finance roughage programs must be allocated among all disaster designated states where such a program is needed.

Mr. Walter T. McKay, Texas State Director of Farmers Home Administration, has been instructed by K. L. Scott, Director of Credit Services, U. S. Department of Agriculture, to immediately instruct all FHA County Offices in the designated areas to withhold further approval of roughage purchase certificates. The County Offices are authorized to continue to accept and hold on file applications for assistance under this roughage program, but are instructed to take no action on these applications and to make daily reports on the tonnage requirements covered by such applications to Mr. McKay's office.

Mr. McKay has been asked to solicit the assistance of the Texas USDA Drought Committee and the Office of the Governor in making a careful reappraisal of the demand for assistance under this Emergency Roughage Program including financial requirements.

Mr. Scott stated that in keeping with the policies and the desires of Secretary Benson, the Department will continue to work closely with Governor Shivers and leaders in the State and give all assistance possible within the authority and funds available to the Department in providing assistance to drought stricken farmers and ranchers in Texas.

Fall Care of Lawn Helps Next Spring

The appearance a lawn has next spring may well depend upon the care given it during the fall season. E. M. Trew, extension agronomist, says beautiful lawns just don't happen, they require careful and considerate management.

Son they should be fertilized. Do this job, says Trew, about 30 days before the first expected frost. By making application early, the grass will have an opportunity to use most of the plant food before going dormant. Too, the fertilizer will allow lawn grasses to go into the winter season in a vigorous condition and they will remain green longer in the fall and grow off earlier next spring. Weeds, during the winter and spring, will also cause less trouble.

Trew suggests using a complete fertilizer with 2-1-1 or a 1-1-1 ratio applied at a rate to give two pounds of actual nitrogen for each 1,000 square feet of lawn. This amount of nitrogen can be supplied by using 20 pounds of 10-5-5 or 10-10-10 or 25 pounds of 8-8-8. Some soils do not need potash for crop production but since the cost is small, Trew believes the results may be very good.

He advises halving the fertilizer. Apply one-half and then distribute the other half at right angles to the first application. This will insure even distribution. The lawn should be watered after the application. Soak the soil to a depth of at least six inches. If the soil is wet when the fertilizer is applied, wash it off the grass onto the soil. Moisture is necessary for plants can not use the food until it is dissolved.

In some sections of the state, Trew says that Bermuda lawns are sometimes overseeded with Italian or annual ryegrass to give green color during the winter. But, he warns, unless the ryegrass is closely clipped during the spring, it may prove

harmful to the Bermuda. It competes with the Bermuda for light, moisture and plant food. He says to use the Italian or annual ryegrass because it dies in the spring.

Wildlife Abuse Costs Offenders

Fall hunting hopes of a few Texans were punctured by court-inflicted penalties for abusing wildlife, according to the latest report issued by the Director of Law Enforcement for the Game and Fish Commission.

Fines ranging upward from \$100 were common as Justices of the Peace dealt sternly with violators some of whom lost their licenses.

The hardest penalty comprised three \$200 fines plus costs for "telephoning" fish. This charge covers use of an electrical device, usually a magneto equipped hand-cranked telephone museum piece. Fish are shocked and forced to the surface to fall easy prey to the marauders.

The maximum penalty for this charge was made against persons from San Antonio, Luling and Rockdale. Defendants from Whitney, Alta Loma and Cranfills Gap paid \$100 fines plus court costs of \$19.50 each.

The Director said some sharp punishment was dealt out to deer raiders. A Houston man paid \$150 and costs for killing a spike buck. Fines of \$100 and costs for night hunting were levied against individuals from Chester and Cleveland. Two were from the latter place.

A Mercedes resident killed a blue rock pigeon, protected by law, and paid a fine of \$25 and costs. This pigeon, which is comparatively rare and a flareback to the days of bountiful wildlife, has a red bill and red feet.

The Baird Star
Baird, Texas
Dear Sirs:

I would like to subscribe to your paper as I have been away from Baird for a number of years and I have no way of knowing what is happening and going on there.

I know that football season is going on now and I would like to keep up with what is going on.

I now live in Miami, Florida and am associated with The Independent Life and Accident Insurance Company.

My family and I have been here for four years and like it very much. I now have three children; a girl 13 years old, a boy 10 years old and a boy 3 years old.

Since my mother passed away in 1940 I haven't had much news from the old home town. I have planed to write for the paper several times but just never got around to it.

Thanking you in advance and

looking forward for the paper.
Sincerely yours,
Dub Ashton.

Here
Today!

came the magic that made possible so wonder-
fully different a Ford. In the toughest on-the-
road tests ever given to a car, this "Inner Ford"
demonstrated that a '57 Ford rides who sweet
and low... that it takes the bumps without a
bobble, the curves without the pitch... and,
that in power, it "takes nothing from nobody!"
Nothing on wheels hurries, handles or holds
up like a Ford!

**A new kind of FORD with the
mark of tomorrow**

You're in for a thrill when you see this new knock-
out named Ford! But save your superlatives till
you drive it! That's where the fun really starts.

It's fun just knowing that others who see you
wish they were you. For you're commanding the
longest, lowest, heaviest, biggest car ever to sport
such a low price tag. There's head room to spare
for a new fall bonnet... stretch-out space for a
"Daddy Longlegs."

You'll find that the tough and ready new "Inner
Ford" is built to take the roughest road you'll care
to travel. New outboard rear springs and ball-joint
front suspension let Ford take the turns without
the tilt. New swept-back control arms help, take
bounce out of bumps.

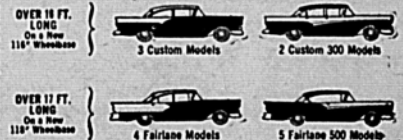

Best of all, Ford's library-like quiet is built in.
And the new "Inner Ford" is why. For never be-

fore in Ford's field has there been a body with so
much extra bracing so firmly anchored to its founda-
tion. And you can choose from three big Silver
Anniversary V-8's with up to 245 horsepower.
There's also a new Mileage Maker Six with 144
horsepower, the most modern Six in the industry.

You can pick your Ford tailored to your de-
sires and your budget; too! Choose from nine
Fairlane or Fairlane 500 models or from five Custom
or Custom 300 models. Or take your pick from
Ford's five longer, lower, new station wagons.
Whichever model you select, you'll get a car that's
been re-invented from the wheels up!

So there's the new kind of Ford. Big! Gracious!
Spacious! A luxury car true—but one that any new
car buyer can easily afford. Come in! See what
wonder-cars you can buy now at low Ford prices.

IN TWO NEW SUPER SIZES

**PLUS 5 NEW MODELS IN THE
STATION WAGON SERIES**

The Fairlane Fords for '57, like the
Fairlane 500 models, have no equal...
no counterpart, in the low-price field.

SWEET AND SOUR
(Continued From Page 1)

Oops, almost forgot Billye Griggs Lambert was there, big as life and twice as natural — and she sez this doesn't go into print unless we say so.

The football game tonight with Rule is going to be the most difficult one of the season, so they say. Lowell Boyd places the score at a 13-13 (think Clyde White threw in his trigonometry book to work this one out) tie. Mebbe so, mebbe no?

Our best wishes to Billie Tom Womack, wife and kiddies who are moving to Houston this week. Some mighty good friends (and they've made many of them) will regret their leaving but share their happiness over the splendid position Bill will have.

Our very deepest thank you to Marguerite Boydston Stokes for the nicest letter, welcoming the column back. It takes nice folks to do nice things like that, doesn't it?

And we could never be happier than we are over the letter from Sally Eastham. She's a charter member of this column and just a good person to have in our corner.

Don't forget that Monday night is M.F.T. Club at the Cafetorium. Mrs. Smith and Miss

Grimes fourth grades are putting on a spectacular (costumes 'n all) that you'll like. This is your way to really take an important part in your school activities — do be there Monday night — please! (Did you like the new P.A. system used at the game Saturday? It was a gift to the school from the M.F.T. Club).

Let our parting word be a reminder to give, and give generously to the United Community Fund Drive now in progress in Baird. This year give the United way.

M. F. T. MEETING

The M.F.T. Club, official parents and teachers organization of Baird public schools, will hold its second meeting of the year Monday at 7:30 in the Cafetorium. Entertainment portion of the program will be under direction of Mrs. Donald Smith and Miss Isadore Grimes. They will present the fourth grade classes in playlets.

The Club recently purchased a new public address system which was used for the first time Saturday night at the Baird-Clyde football game. The system is one of the finest on the market today.

REMINISCING WITH SIDNEY HARVILLE

I knew Uncle Bill Jackson when I was a boy and he sure thought a lot of me. When I would meet him on the streets in Baird he was just as friendly as he could be. He had lived one time on Old Deep Creek, and over the creek and hills he loved to roam. And he thought it sure was a fine place for a boy to make his home. One time I met him on the streets in Baird and we had just begun to thresh our grain. That year the grain was just pretty good, for we had a lot of rain. At that time some of the threshers were small and they had to be fed by hand.

Uncle Bill thought he was about the best hand feeder in the land. He knew just how to place the bundles so the grain would thresh the best, and most of the time he would feed too long before he would take time to rest. He told me one time an old hen had made a nest, and was sitting on eggs beside the stack, and the boys pitching up the grain wondered if the old hen and eggs would go into the sack. So they gently placed that old hen and the eggs on the feed table altogether, and he said I fed that old hen and never broke an egg, or knocked out a feather. He said one time he was riding range over on the old Hilton

hills. He said some nester had built a fence and it was like taking a big dose of bitter pills. While they were talking it came up a rain and he thought it would never stop. And the fellow that had fenced up that range never got a drop.

Mrs. Willis Baulich returned home Saturday after spending a few days with Rex Baulich and family of Gainesville.

Mrs. Billy O. Hatchett, Mrs. Hershel Lynch, and Miss Becky Griggs attended the Zeta Alpha Chapter of Beta Sigma Phi in Abilene at the Abilene Woman's Club Tuesday night.

Mrs. F. E. Mitchell and Mr. and Mrs. Slim Manion had as their guests for the Homecoming last week, Mr. and Mrs. Owen Rouse and daughter from Fort Worth, Mrs. Vick Scarpelli and children from Midland, Mrs. Richie Bellamy and children from Roswell, N. M., Mr. and Mrs. R. H. McEleath and children from Abilene, Mr. and Mrs. Dan Mitchell from Cottonwood, and Cleo Ivy from Fort Worth.

Mr. and Mrs. O. G. Ballard attended a birthday dinner for his only living aunt at Seymour, Texas. There were about 75 guests in attendance.
