Thirty-First Year

Post, Garza County, Texas, Thursday, November 21, 1957

Number 25

Post Is State's Only Uranium Shipping Point

Company Is Developing Leases At Three Sites

By JIM CORNISH

Only uranium ore being shipped out of Texas today and sold to the United States government is coming from the Post area.

This was revealed publicly today for the first time by C. L. (Brownie) Brownlow, engineer in charge of the Garza Mining Company's uranium operations here.

Brownlow has been in the Post area almost three years quietly conducting aerial explorations, leasing, test drilling, and finally mining operations.

Brownlow, who quit a secure position as head of the geophysical laboratory for Phillips Petroleum Company at Bartlesville, Okla., four years ago to jump feet first into the infant uranium industry, said his company is now negotiating with the Santa Fe railroad to ship uranium ore out of Post.

At the present time it is being trucked 450 miles to the nearest U. S. government uranium buying station at Grants, N. M.

The uranium mining engineer said it is "my fondest hope" that the uranium industry someday will "amount to something" for Post.

Present operations are on a small scale, but Brownlow said his company, which has Fort Worth financial backing, is going to continue to develop its leases and conduct further exploration in this area.

Any day now, Brownlow said, an Atomic Energy Commission bulletin is due to be released on this West Texas area. In general it will give the uranium potentials of the "triassic geological formation" covering an area from down around Big Spring clear to Amarillo along the Caprock outcrop.

Brownlow last night in a two and one-half hour interview took the "wraps off" local uranium mining operations, and frankly discussed the development of his uranium interests here and the future possibilities.

The Garza Mining Company of Fort Worth was organized and incorporated last June 1 to begin uranium mining in this area.

It now holds three Garza County leases comprising some 1,500 acres and has mined from each of the three locations. The widest spread between the three leases, obtained some two years ago, is 30 miles.

All the leases are located below the Cap in the breaks country. One is in the Canyon Valley area, another on the Bill Long farm eight miles north of Post on the Rails highway, and the third in an area south of Post.

At present, Brownlow said he has a six man mining crew at work in an open pit mining operation on the Long farm. The uranium deposits are being taken from a high lime limestone formation near the surface.

Brownlow said his company today has the only governmental uranium delivery contract in effect in Texas. He explained that his firm was issued its first delivery contract by the government for the last quarter of 1956, and now has been issued another delivery contract for the last quarter of 1957.

He said all three of the company's uranium leases have now been certified by the government as commercial deposits.

Post residents of course have not been completely in the dark about the uranium possibilities of this area. Considerable publicity was received in Life Magazine several years ago and many uranium prospectors swept over this area both by jeep and plane in the early days of the Uranium Rush promoted by the U. S. government.

Starting at the beginning, Brownlow formed the Radiation Exploration

Community Service Slated For Nov. 27

The annual Union Thanksgiving Service, sponsored by the Post Ministerial Alliance, will be held at 7:30 p. m. next Wednesday at the Church of the Nazarene, corner of 10th Street and Avenue K.

The public is cordially invited

and urged to attend this annual Thanksgiving service," said a spokesman for the ministerial alliance.

The Rev. W. C. (Clinton) Edwards, pastor of the First Presbyterian Church, will deliver the sermon on "The Rewards of Thankfulness."

The complete program has been announced as follows:

Prelude; invocation, the Rev. Cecil Stowe, pastor of the Church of the Nazarene; hymn, "Come, Ye Faithful People, Come"; scripture lesson, DL 8:11-18, the Rev. A. W. West, pastor of the Church of God of Prophecy; prayer, the Rev. W. L. Porterfield, pastor of the First Methodist Church;

Hymn, "This Is My Father's World"; offering, the Rev. Graydon Howell, pastor of the Calvary Baptist Church; special music; sermon, the Rev. Mr. Edwards; hymn, "God Will Take Care of You"; benediction, the Rev. Mr. Stowe; postlude.

The host pastor will preside. Mrs. Wilma "Boo" Olson will be the pianist, and Robert Meisch the choir director.

C. Of C. Meeting Set For Monday

Every member of the Post Chamber of Commerce is urged to turn out Monday evening for a membership session to decide about the Chamber's proposed Program of Progress budget for 1958.

Bryan J. Williams, Chamber president, has called the meeting for 7:30 p. m. Monday in the courtroom at the courthouse. He urges every member to be present. Several Chamber membership teams two weeks ago launched a drive to pledge a \$15,765 budget for next year which would include a broad action program as well as employment of a professionally trained Chamber manager.

Williams said today he hasn't had the opportunity as yet to total up results of the pledges. The drive has met with excellent success in some quarters and with some opposition in others.

Most objections are aimed at the plan to employ a professionally trained Chamber manager, Williams said.

A decision probably will be made at the Monday night meeting as to which way the membership wants the Chamber to go, Williams indicated. At that time he promised to have all the facts and figures on the drive to date.

Lions Club Here To Host Zone Meeting

The Post Lions Club will be host to a zone meeting at 2 o'clock Sunday afternoon in the school cafeteria, it was announced at Tuesday night's regular weekly meeting.

Attending will be presidents and secretaries of Lions clubs in this zone, with the zone chairman presiding. Al Norris is president and Weaver Moreman is secretary of the Post club.

Bob Polk was a guest of Charles Casey at Tuesday night's meeting.

QUEENS, CANDIDATES AND SPEAKER — Figuring prominently in homecoming activities Friday were the various queen candidates and the banquet speaker, Judge Sterling Williams, shown at the lower right after he had crowned Miss Doris Ramsey as exes' homecoming queen. In the top picture are the winner and the four other candidates in the exes' queen race. From left they are: Nora Richardson, Melba Sims, Miss Ramsey, El Freda Carpenter and La Rue Stevens.—(Staff and O. A. Madison Photos).

Claud Collier Jr. Is New Owner Of Chevrolet Firm

Claud Collier, Jr., of Atoka, Okla., is the new owner of Caprock Chevrolet, Post's Chevrolet and Oldsmobile agency.

Collier Monday completed purchase of the business from John F. Lott, who is going to devote his full time to his ranching and farming interests.

The new owner is well acquainted with many Post residents as he served as sales manager of Caprock Chevrolet from June through August of this year.

Collier, who is 35 and who literally "grew up" in the Chevrolet business, has been associated with his father in the operation of the Atoka Chevrolet agency since 1945. Atoka is a town of approximately 3,500 people in southeast Oklahoma and is known as the Gateway to Little Dixie as it is the center of a large trade territory.

Collier told The Dispatch today that all 12 employees of the firm are being retained and that in the future he hopes to expand the payroll with the addition of several other employees to provide Post and the area with an expanded service.

The name of the agency is being retained. It will be known as Caprock Chevrolet, Post's Chevrolet and Oldsmobile agency.

Next Tuesday Date Of Pancake Supper

Members of the Post Lions Club completed plans at Tuesday night's meeting for their annual benefit pancake supper to be held next Tuesday, beginning at 5 p. m., in the school cafeteria.

A program of organ music will be presented during the supper through the courtesy of Hammond Organ Studios of Lubbock.

The charge per person for a menu of Aunt Jemima pancakes, sausage or bacon, milk or coffee, will be 75 cents, with children under six served free.

Proceeds from the supper will go to the club's Child Welfare Fund, most of it being used locally for the benefit of needy children and some of it being sent to the Texas Lions' Camp for Crippled Children at Kerrville.

Club chairmen for the pancake supper are: Wilf Scarborough, cooking; Al Norris, tickets; Martin Nichols, stoves and butane; Walter Johnson, hostesses; Lynn W. Duncan, program; Lewis C. Herron, clean-up, and R. K. Green, coffee.

Tickets for the supper have been on sale for several days and will also be available at the door Tuesday afternoon and evening.

Three Firms Are Entered By Burglars

Following three break-ins and an attempted break-in Tuesday night, a Texas Ranger was called in from Lubbock to help investigate Post's mounting wave of burglaries.

"I'm at my wit's end and ready to blow a fuse over the number of break-ins we've had the last few months," Sheriff Carl Rains said Wednesday in announcing that a Texas Ranger had been called to assist with the investigation.

Hardest hit in Tuesday night's burglaries was Greenfield Hardware Co., 212 East Main, where four guns, four cartons of 22 caliber bullets and a used flashlight were stolen.

Also broken into was Herb's Super Dog Stand on South Broadway, where about \$100 in money was stolen, and Kirk's Drive-In on the Clairmont Highway, where an undetermined amount of cash was taken from the cigarette and record-playing machines.

In breaking into Greenfield's, the burglars took advantage of an already-broken back window to reach in and throw the catch. After getting into the back of the store, the intruders gained entrance by way of an office to the main store.

The burglars took with them when they left, three .22 caliber rifles and a used Luger automatic pistol, in addition to four cartons of 22 caliber bullets and a used flashlight.

At Herb's Super Dog Stand, where the burglars gained entrance by prying open a back door, they took about \$100 from an ice-making machine and from \$15 to \$20 from the cigarette and record-playing machines.

Entrance to Kirk's Drive-in was made through a window.

Firemen Announce Santa Visit Date

Members of the Post Volunteer Fire Department have announced that Santa Claus will make a pre-Christmas visit to Post on Saturday, Dec. 21—three days before he is due back on his annual Yuletide call.

On his Dec. 21 visit, he will ride into town on one of the fire trucks and will distribute sacks of candy to the children. For the adults, 25 frozen turkeys will be given away, with turkey tickets already available from sponsoring merchants.

The firemen will hold their annual Christmas party on Dec. 16 at the City Hall. At that time, candy will be sacked for Santa to pass out to the children when he comes here on the 21st.

Great Plains Conservation Program Is Said Ready To Roll Here

The Great Plains Conservation Program in Garza County is ready to move.

Approval by the State Program Committee of a list of soil-stabilizing, moisture-saving practices for the county was announced today by Alex Ringhoffer, who as leader of the Soil Conservation staff is chairman of the Garza Program Committee.

Also approved were the rates at which the federal government will share the cost of installing the practices.

These rates, based on average cost of the work in this county, range from 30 to 90 per cent of

the total cost of installing each practice. Cost-share rates for Garza County had been worked out by the county program committee and submitted to the State Program Committee, which is headed by State Conservationist H. N. Smith as chairman.

Ringhoffer said that the approval of practices and cost-share rates clears the way for first applications.

The purpose of the Great Plains Conservation Program, Ringhoffer explained, is to develop an agriculture that resists the weather extremes that are a constant hazard in the Plains area. This

will contribute to a more stable economy.

"The county program committee is looking forward to enthusiastic response to this opportunity," Ringhoffer said. "We have moisture now and that means an opportunity to make a good start on this program. Our records in this country show that there is drought somewhere in the Plains every year. When moisture is good is the time to get ready for the years when conditions are less favorable."

"Indications are that several farmers and ranchers in this county are ready to take advantage of this chance for real help

in getting a conservation plan on his farm or ranch," Ringhoffer added.

Foundation of the program is a complete soil and water conservation plan for each farm or ranch. The farmer or rancher agrees to establish all needed measures in his plan within a period of not less than three nor more than ten years.

Ringhoffer pointed out that when the farmer or rancher becomes a party to the contract the money for the government's share of the cost is set aside for his part of the program.

Congress, in providing for the

launching of the program, authorized \$150,000,000 for a ten-year period but specified that not more than \$25,000,000 will be spent in any program year. Appropriation for the first kickoff year was \$10,000,000.

A total of 233 counties in the ten Great Plains states has been designated by Secretary of Agriculture Benson for the program.

Members of the county program committee in addition to Ringhoffer are: Avery Moore Jr., chairman of the county ASC committee; Lewis C. Herron, State Extension Service, and Joe Box, Farmers

Home Administration. Also participating in the committee's work are supervisors of the Duck Creek Soil Conservation District.

The list of practices and cost share rates is as follows:

Establishment of permanent vegetative cover, 80 pct.; establishment of field strip cropping, 80 pct.; reseeding rangeland, 80 pct.; establishment of farmstead windbreaks, 80 pct.; establishment of sod waterways, 80 pct.; constructing field terraces, 70 pct.; constructing diversion terraces, 70 pct.; pitting rangeland, 50 pct.; con-

structing erosion control dams, 70 pct.; constructing drop spillways, 80 pct.; constructing spreader terraces, 70 pct.; underground irrigation pipeline, 50 pct.; land leveling, 50 pct.; constructing dams for irrigation water, 50 pct.; constructing wells for livestock water, 50 pct.; constructing dams for livestock water, 50 pct.; installing pipelines for livestock water, 50 pct.; brush control, 50 pct.; constructing cross fences, 50 pct.

Application forms for the program are available at the Post Work Unit office of Duck Creek SCD, Ringhoffer said.

Another Case Of People Not Knowing

Rejection of William A. Harrison as state insurance commissioner by the Texas senate points up a problem to which Texans generally should give some careful study.

It wasn't so long ago that insurance scandals rocked Texas and brought about the reorganization of the state insurance commission office. It focused the attention of lobbying, influence, and all kinds of possible shenanigans which go on down at the state capital in Austin.

Governor Daniel was concerned enough about the problem to call a special session of the legislature to get a mild lobbyist law on the books to exert some controls over the pressures applied in the capital by lobbyists for special interests.

Now why did William A. Harrison get rejected by the senate for the all-important insurance post? Nobody really knows because the whole senate procedure was carefully screened from public view by a locked door. Nobody even knows who voted him down.

From all reports, Harrison is well qualified for the job. He is a career man in state government with an excellent reputation for skill and character. He helped clean up the mess which was uncovered in the state insurance department. In so doing, he may have stepped upon enough scuffed toes that he was quietly disposed of—at least for senate confirmation—behind a locked senate door.

If Texans want their government clean and free, it is high time to unlock all the doors on

committee hearings and legislative action. Just as The Dispatch campaigns here in Post for open meetings of local government clearly and completely reported to inform and enlighten the voters, so this newspaper believes the state government at Austin should follow the same procedures.

Lobbyists and special interests cannot work so well out in the open where the reporters can cover all the proceedings and report them to the people.

This is not really so much freedom of the press as "the people's right to know." The more you know about your state government, the better that government is going to be and the quicker it will respond to you—the voters—wishes.

In Washington, the U. S. Senate votes confirmation or rejection of presidential appointees in the open and the votes of the individual senators go on the record. Hearings on such confirmations also are open to the public and well covered in the nation's press.

Why is the door locked in Austin? The answer is simply because it is more convenient for the legislators. It hides some controversial votes, saves some embarrassments. It also screens special interests hard at work shaping laws to their mold. So don't expect the lawmakers to mend their ways until you—the people—demand that they do so.

The people's right to know comes first. And with it comes cleaner government. But if the people don't care they will receive government in like measure.—JC

Crops Still Rate 'Better-Than-Average'

The fact that the Garza County crops are above average this year despite the unfavorable weather and the lateness of the cotton truly is something for which to be thankful as Thanksgiving approaches.

The weekend weather is bright and clear after an unusually (for this area) prolonged spell of rain, cold and other harvest drawbacks. Barring further unfavorable weather developments, the cotton and grain sorghum harvests should continue apace, much to the county's economic benefit.

The county's cotton yield estimate is 15,000 bales, which would put it far ahead of any harvest of recent years when drought wrought more havoc than this year's weather. Harvest of the cotton crop is about 25 per cent complete.

We were fortunate that the cotton was not damaged more by the late October freeze. Some of the irrigated cotton will produce two bales per acre and three-fourths of a bale will be harvested off the dryland. That'll be better yields than any of recent years.

Considering the cold, wet weather during October and the freeze late that month, the quality of the cotton harvested to date has been good, although precious little has been harvested since the freeze.

More than half of the grain sorghum in the county has been harvested, with the average expected to be around 1,000 to 1,500 pounds per acre. This year's 63,000 acres of grain sorghum has developed into the best grain crop since 1949 in spite of the adverse weather conditions. The widespread cultivation of the new hybrids—about 40 per cent this year—gets some of the credit for the better-than-average grain crop.

The rains have improved ranges in the county 50 per cent over last year, and indications are that more replacement heifers probably will be kept than has been the case in a number of years. Also on the bright side is the excellent sub-soil moisture resulting from the wettest year since 1941. This of more than 30 inches of rain received since Jan. 1 of this year virtually assures a good planting season for 1958.

All in all, the crop situation is on the bright side. While we could have had bumper crops if the weather had been less turbulent and the cotton had not been so late, it's heartening to know that we are going to have better-than-average yields.—CD

There Are Other Grid Seasons Ahead

The Post Antelopes' football season has ended on an unhappy note—the unhappiest perhaps in the history of high school football here. The fact that the team failed to register a single victory did not come as a complete surprise, since all followers of high school football here knew even before the season opened that the new coaches and the undermanned Antelope squad had a hard row to hoe. Seventeen lettermen, most of them regulars, were lost from the 1956 squad through graduation, and only a handful of boys came up from the freshman ranks to help take up the slack.

Take out the last three games, when the boys seemed to be affected by a letdown, and the Antelopes played good football even in losing. And, they can't be entirely blamed for the letdown in those last three games. Even more mature teams would have felt the effect of losing seven games in a row and seeing home town attendance dwindle to a low ebb, and the number of fans accompanying them on out-of-town trips fall off to almost nothing.

There were bright spots throughout the season in the Antelopes' play, even in those last three games when it seemed they couldn't do anything right. Most of the boys kept hustling, playing as hard when they were anywhere from five to six touchdowns in arrears as when they were only one or two behind.

No loyal Antelope fan will give up on the team just because it failed to win a game. There are other seasons ahead. After this season, there is only one way the Antelopes can go, and that is up. We believe they'll start hitting the comeback trail at an early stage in the 1958 season.

Meanwhile, it's time for basketball at Post High School and sports fans are urged to support the boys' and girls' teams, who played good ball throughout last season and deserved much more support than they received. Who knows? Maybe one or both the cage teams can come up with a district title to help offset the dismal football season.—CD

Blood Donor Project Worthy Of Support

Citizens of Post and Garza County can render a real service by cooperating with Garza Memorial Hospital and the Veterans of Foreign Wars Post in the current "walking blood bank" program.

The hospital's backlog of blood donors has been depleted by usage and by many of those whose blood had been typed moving away. The list needs to be built up again and that is the reason the VFW membership has agreed to sponsor the project.

Participation in the program is painless, and those whose blood is typed and whose names are placed on the donor list may never be called upon. The purpose of the program is to have

readily available any type of blood which might be needed in case of emergency.

About four years ago, Post and Garza County residents responded nobly to an American Red Cross blood-giving project. In that program, the blood was actually taken from the donors at the time. In many respects, the walking blood bank program is more worthy of our support. No blood is taken until needed and then that taken is used for patients here at home.

Anyone wishing to get on the blood donor list at the hospital may do so by going there to have their blood typed any weekday between the hours of 7 a.m. and 3 p.m.—CD

Clipped Quips From Other Newspapers

If there is a surplus in funds, either in government or in an organizational treasury, there are always those who have itchy fingers to spend the surplus as soon as possible. They never think that emergencies might arise where the money will be more badly needed. — Leo Co. Messenger, Bishopville, S. C.

Good Unions are needed, but the time of the racketeer-underworld-dominated union is about over.—Douglas, Kans., Tribune.

We may not agree with many things that Prime Minister Jawaharlal Nehru has said and done, but we sure hand him the accolade for a remark he made the other day: "The test of friendship is to keep it when we do not agree."

If we could do that little thing, how different would be the story of man's relationships with his fellowman!—Winter Haven, Fla., Herald.

Statistics are working in favor of older employees in industry and the premise that they are less productive is being continually disproved. The Industrial Bulletin, published by the New York State Dept. of Labor, opines that "output man-hours show little significant variation among age groups." The magazine gives figures to show that older workers have a better attendance record than younger employees and that older workers have fewer accidents on the job. Hiring older workers is good sound business practice. Their experience gained through the years is indispensable.—Catskill, N. Y., Enterprise.

THURSDAY to THURSDAY

By CHARLES DIDWAY

HOLIDAYS FALLING along about the middle of the week present real production problems here at The Dispatch office—or at any other weekly newspaper office. In order to take off on Thanksgiving, we're going to have to gear everything up several hours during the coming week.

Since we've done it before, we're not anticipating too much trouble in getting the Turkey Day paper out of the way in time to take the day off, but what has us really worried is the fact that Christmas this year falls on a Wednesday. That means publication on Tuesday and gearing things up even tighter than for the Thanksgiving holiday.

OUR NEWS correspondents and advertisers can help by getting copy in as early as possible next week. That'll be for Thanksgiving. It's really too early for us to start worrying about Christmas—just because we're a bit worried ourselves.

A teacher asked on an examination, "In the fall why do geese fly south?" In seven words a schoolboy solved one of nature's greatest mysteries. His answer: "Because it is too far to walk."

LAST WEEK'S "Post Branding Iron," official publication of the Rotary Club, contained something really outstanding, to wit:

It's Never a Mistake—To tell a man how clever or smart or interesting he is.

To say, "I don't know," if you really don't.

To ask the advice of an expert. To inquire about grandchildren. To take the time and trouble to put another person at ease.

To listen politely to a child. To praise your husband or wife for the qualities you most want him or her to have.

To let the host or hostess know you had a fine time.

To say, "I'm sorry," even when the other person is in the wrong.

To tell a man you value his opinion.

To tell a parent something complimentary about his child.

To guess a woman's age as five years under what it could possibly be.

Although the crowd was smaller than had been hoped for, the fifth annual homecoming held Friday by the Post Ex-Students' Assn. was a success. Helping make it that was the fact that the time element was better taken care of, with the result that the banquet was over in time to conduct a business meeting without having to rush through it. Judge Sterling Williams' speech was short and to the point, and the presentation of the queen candidates and crowning of Miss Doris Ramsey as the exes' 1957 homecoming queen took up very little time.

THE ONLY SOUR note, of course, was the football game, but we feel sure that at the 1958 homecoming even that will be improved upon.

Miss Doris Ellenburger was crowned football queen after having been selected for the honor by the Antelope grid squad. Also presented were runner-up candidates Misses Gwen Coppel and Melanie Thompson. It's too bad all three couldn't have won, and the same goes for the other four exes' queen candidates—Melba Sims, Nora Richardson, La Rue Stevens and Elfreda Carpenter.

WE HAVE "The Antelope Sentinel," Post High School student newspaper, to thank for a rundown on football queens of the last 12 years. In case you've forgotten who some of them were, here's the list: 1946, Nora Blacklock; 1947, Jane Ann Turner; 1948, Jeniece Fluitt; 1949, Lanell "Tex" Brown; 1950, Cleta Beth Buster; 1951, Mary Neil Bowen; 1952, Dot Jones; 1953, Mary Jo Williams; 1954, Melba Shepherd; 1955, Joy McMahon; 1956, Loyce Josey; 1957, Orabeth Maxey.

The Lions Club's annual pancake supper always comes at an appropriate time—right before Thanksgiving. The benefit affair is to get under way at 5 p. m. next Tuesday in the school lunchroom and continue—so the sponsors say—until all the food is gone or the customers quit coming, whichever is first.

TWO CAMELS plodded along side by side in a caravan crossing the burning desert. Finally one looked around furtively and said: "I don't care what anybody says, I'm thirsty."

Parting Thought: Did'ja ever notice that those people whom we class as charming are the same ones who seem to think we are a genius?

HELP YOUR NEIGHBOR It's profitable to sell the things you don't need, to someone who does need them. But how? Just phone a Classified Ad to The Post Dispatch, Telephone No. 111.

THE AMERICAN WAY

What Price Security?

Our Contemporaries Are Saying - - -

The Sharks With vigor and firmness Atty. Gen. Will Wilson and his staff last week told the Insurance Board that credit insurance has been used for usury by loan sharks and must be reduced two-thirds. As far as we are concerned he spoke the last word on the subject and the board would be derelict in its duty to the people were it to fail to curtail sharply the sharks' unreasonable "insurance" rates now and forever. Wilson has decided it is time the sharks are run out of Texas; he deserves every commendation for this very real and very important crusade.—The Texas Observer.

Has It Come To This? This week The Herald-News received a 16-page booklet, well illustrated with half-tone cuts, with neat cover, titled "How to Cook Tuna." This was Test Kitchen Series No. 12, Fish and Wildlife Service, United States Department of the Interior. This was printed by the United States Government Printing Office, and sells for 20 cents per copy. Uncle Sam tells us what we can grow. . . . We wonder if this is the beginning of telling us how we must cook it?—"Wise and Otherwise" in The Hamilton Herald-News.

On Civic Cleanliness "Keep Tula Clean" is the battle cry of the Woman's Study Club of Tula which has initiated an anti-litterbug campaign as its major project of the year. It has plan-

ned an educational program to discourage motorists from throwing candy and cigarette wrappers, paper cups, paper handkerchiefs, and other debris from out their automobile windows. In Chicago we saw a sign which read, "Did you make Chicago dirty today?"

Someone wrote, beneath the sign, "No, Chicago made me dirty today."—"The Country Editor" in The Tula Herald.

Ain't Always Easy I've come to the conclusion that as a columnist I'm a flop. Most of my colleagues can brag about their letters they've received, etc., etc.—but not me—no mail, no initials, no nothing. Guess I'll have to adopt some of the policies of the really good columnists and write some stuff to stir up human indignation. Some of them do that, you know. For instance, there's one South Plains columnist who is always arousing a lot of talk with some stuff he doesn't even believe himself. He's smart, though—at least he makes the people think—which ain't always easy.—"Standing on the Corner" in The Lynn County News.

Take Up The Cudgel On page 2 we have some editorial remarks about the mutt in the Russian mutnick. If the dog's treatment is cruel, at least some good will come of it. Far more good from such seeming cruelty than will ever come from the inhuman and despicable torture some

Remembering Yesteryears

Five Years Ago This Week

Alcoholics Anonymous will hold an opening meeting Thursday at the American Legion Hall at 8 p.m. Miss Claudia Ticer, daughter of Mr. and Mrs. L. O. Ticer, is Post's entry in the Maid of Cotton contest; a Union Thanksgiving Service will be held Thanksgiving evening at the First Christian Church; Mrs. Happy Bevers was named honoree at a layette shower last Wednesday when seven babies were christened in the Robert E. Lubbock Tuesday afternoon and Mrs. Luther Lubbock, announcing the arrival of a pound, three ounce baby, closed out their 1952 season by defeating Station 10 night in Station.

Antelope Band In Gridiron Jubilee

Beginning this evening, the Post Antelope band and its director, Robert Meisch, have a busy week-end ahead.

The band will participate this evening in the 1957 Gridiron Jubilee at Jones Stadium in Lubbock, and on Saturday will be in Fort Worth to march in the Texas Christian University homecoming parade and attend the Rice-TCU football game.

Meisch said today that the 40-piece Antelope band is scheduled to march between 7 and 7:30 o'clock this evening in the Gridiron Jubilee. It will be entered in Class AA competition.

The exhibit of the "finest in marching bands" is the annual University Interscholastic League marching contest with entries representing all schools in the area around Lubbock.

Each of the 32 bands entered will be on the field for a time of not under five minutes nor more than eight minutes. Class B bands will open the event at 5 o'clock, to be followed by those of higher classification. They will do several required maneuvers prescribed by the UIL and then swing into some of the stunts that are individual with the competing organizations.

Judges for the event are Leonard Haug, University of Oklahoma; Jim Jacobson, Texas Christian University; J. R. McEntyre, Odessa Bonham Junior High, and Joe Haddon, Midland High School.

Before taking the field, each band will be inspected for neatness and uniformity of dress, condition of instruments, stationary commands and alertness to instructions. Admission for spectators is 25 cents for students and 50 cents for adults. All spectators will be seated in the stadium's west stands.

Meisch said that in addition to the 40 musicians, the band will include Drum Major Frances Dietrich and Majorettes Doris Eilenburger, Minnie Lee Mathis and Judy Gossett.

At Fort Worth Saturday, the Post band will join a number of others in marching in the homecoming parade and in playing the national anthem at the football game on Saturday afternoon. The band group will leave Post at 3 a.m. Saturday by school bus.

Grain And Cotton Harvests Pick Up

Clear weather this week brought a resumption of the cotton and grain harvests in Garza County, although a lot still depends on the weather of the next few weeks, cotton and grain men said Wednesday.

Ginnings at the Planters Gin here had shot up to 674 bales by noon Wednesday, according to Buck Craft, manager. He said they probably would gin "about 240 bales" this week if present weather conditions continue.

Ginnings also took a jump at the other five gins in the county, but the cotton crop is still less than 50 per cent harvested. "There are many farmers who haven't pulled a boll," one cotton man said.

Nine Are Charged On Traffic Counts

Four persons have paid fines in justice of the peace court for traffic violations and five others have been booked for appearance during the past week.

Fines and costs have been paid by the following: Fred W. Miller, speeding, \$20.50; Lewis C. Herron, speeding, \$20.50; Aubrey D. Leonard, illegal passing, \$16.50; Clinton D. Egley, speeding, \$16.50.

Others charged include Manuel Espinosa, no driver's license; Charles W. Pope, speeding; Wallace Lee Wilson, speeding; James B. Chambers, speeding, and Andrew Martinez, illegal passing.

TO EXPLAIN ADVANTAGES OF MILITARY CAREER

Army Recruiting Team Will Be In Post Friday And Saturday

An Army recruiting team, headed by Sgt. First Class Herbert F. Spradlin, will be in Post Friday and Saturday to discuss opportunities an Army career can offer young men.

The recruiting team's offices will be in the Hundley building at the southwest corner of Main and Broadway.

The group will be on hand to outline some of the advantages to enlisting in the Regular Army.

"Among these are direct enlistment into gyroscope units stationed in Germany," said Sgt. Spradlin. "Also two or more men may enlist for a gyroscope unit under the Buddy Enlistment option. If they do this, they can spend their

entire tour of duty together in the same outfit."

The sergeant said there are armor, artillery, transportation and engineer gyroscope units open for enlistment now.

Under the "Reserved for You" program, men who have completed high school may enlist directly for an Army school and receive a guarantee in writing before they enlist that they will attend their chosen school.

Postmaster Speaks At Club Meeting

The assistant Lubbock postmaster, Ernest Ohnmous, gave Rotarians an interesting peek into postal operations and problems in a talk Tuesday at their weekly luncheon.

He said it took \$9,000,000 a day to operate the post office department and that the department was losing between \$1,000,000 and \$2,000,000 daily.

Ohnmous termed the postal rate structure of horse and buggy vintage, pointing out that the first class rates, for example, haven't been changed in 25 years.

David Newby was inducted into the club as a new member.

Glenn Whittenberg, club president, called attention to the fact that next week the Rotarians will host their wives at a Tuesday evening dinner at 7:30 o'clock in the city hall instead of the noon meeting.

Post Woman's Mother Dies Monday Morning

Mrs. A. M. Hensley, 74, mother of Mrs. Julian F. Smith of Post, died at 5:20 a. m. Monday at her home in Lubbock.

Funeral services were conducted at 10 a. m. Wednesday at Ford Memorial Chapel of the First Baptist Church, with the Rev. James T. Holding officiating. Burial was in the City of Lubbock Cemetery.

Mrs. Hensley was a longtime member of the First Baptist Church and had resided in Lubbock since 1901. Her husband, who was a pioneer Lubbock building contractor, died in 1947.

Besides the daughter of Post, Mrs. Hensley is survived by four other daughters, two sons and two brothers. Nine grandchildren and five great-grandchildren also survive.

Tuberculosis will strike about 100,000 Americans this year. The TB associations fight spread of the disease through education, case finding, research, and rehabilitation.

RECEIVES GOLD STAR MEDAL — The 1957 Gold Star Girl medal is being pinned on Ruth Ann Long by Miss Jessie Prange, demonstration agent, at the Garza County 4-H Achievement Program. At the right are Don Richardson, Gold Star Boy for the County Agent Lewis C. Herron, and at the left is Noel Don Norman, recipient of the Chapter Star Farmer FFA award, and advisor E. F. Schmidt.—(Staff Photo).

COUNTY 4-H COUNCIL OFFICERS — These new officers of the Garza County 4-H Council were elected at the annual Achievement Program here. They are, from left to right: John T. Brown, co-chairman; Patricia Wheatley, secretary; Tommy Young, co-vice chairman; Ruth Ann Long, co-vice chairman; Linda Livingston, co-chairman, and Darrell Jones, treasurer.—(Staff Photo).

Post Entry 'Plugs' Cotton Industry

Miss Ann Porterfield, Post's entry in the South Plains Maid of Cotton contest at Lubbock Tuesday night, gave this community an excellent representation although the Maid of Cotton crown was won by Miss Nan Kelly of Lubbock.

She exhibited beauty, charm, and poise through all phases of the contest judged before an audience of some 1,300 persons at the Lubbock Municipal auditorium.

Miss Porterfield exhibited fine poise in answering questions during the impromptu interview and in her one-minute speech declaration.

Garza time" because we manufacture almost 5,000 miles of sheets and pillow cases annually. This would be long enough for a cotton carpet from here to London, England. The production of 10,000 dozen sheets and pillow cases weekly as our friend from Tennessee would say, "Make up an awful lot of chicken pluckin'-cotton pickin' beds."

Miss Porterfield, 19, daughter of the Rev. and Mrs. W. L. Porterfield, was sponsored in the contest by the Post Chamber of Commerce. Mr. and Mrs. Bryan J. Mr. and Mrs. Irvy J. Rexene Welch And Novis Pennell Engagement Is Told By Parents

The engagement of Miss Rexene Welch to Novis Pennell is being announced by the bride-elect's parents, Mr. and Mrs. Rex Welch. Pennell is the son of Mr. and Mrs. O. F. Pennell.

Beta Sigma Phi Has Meeting Nov. 11

Members of Beta Sigma Phi sorority met for their regular meeting Monday evening, Nov. 11, at 7:30 o'clock in the home of Mrs. L. A. Barrow, Mrs. Ed Sawyers was hostess for the occasion.

Refreshments of ginger bread with whipped cream, nuts and coffee were enjoyed by the 15 guests present.

Members attending were: Mrs. Justice, Mrs. Cash, Mrs. Dick Cravy, Mrs. Burney Francis, Mrs. Bill Fumagalli, Mrs. Douglas Hill, Mrs. Johnny Hopkins, Mrs. Jimmy Hundley, Mrs. Jack Kirkpatrick, Mrs. Wallace Simpson, Mrs. Nick Vukad, Mrs. Sawyers, Miss Mercedes Pearson, Mrs. Hazel Creer, and Mrs. Violet Howell.

Girl Scout Troop Learns History Of Leather Work

Girl Scout Troop 5 and their leaders met at the Little House at 4 o'clock last Wednesday afternoon for their weekly meeting.

Frankie Sue Howell, hostess for the afternoon, served refreshments during a brief intermission to the following members:

Christine Cornish, Jan Herring, Glenda Hutto, Pam McCrary, Cheri Moore, Janice Moreman, Sherron Taylor, Vonda Howell and the leaders.

Readers Named For Bible Reading Day

Thirty-four readers have been selected for the "Day of Bible Reading", to be held Dec. 4, Mrs. W. M. Kirkpatrick, chairman, has announced.

The continuous reading of the Scriptures will be held in the First Christian Church and will begin at 8 o'clock in the morning and conclude at 7 o'clock that evening. Each individual reader will be assigned Scriptures and will read for 20 minutes each.

Everyone in the community is invited to attend the reading, which will be a "come and go" affair. People employed downtown can visit during their coffee breaks or noon hour.

Readers selected will be announced at a future date.

Culture Club Group Met In The Church Annex Last Week

The First Christian Church annex was the scene of the Nov. 13 meeting of the Woman's Culture Club, with Mrs. J. F. Storie and Mrs. Lee Davis co-hostesses to 15 members and two guests.

Roll call was answered with titles of books that each member had read and enjoyed.

Completing their business for the afternoon, the group then voted to hold a 30-minute executive board meeting, to be held prior to each club meeting.

Mrs. Herman Raphael was in charge of the program, "Library Emphasis." Mrs. Nola Brister, junior high school librarian, told of the great libraries of the world, and Mrs. Lillie McRee, high school librarian, discussed the local school library facilities.

Mrs. Tillman Jones, newly appointed TFWC state endowment member, and Jerry Hitt, who presented piano selections, attended the recent governor's banquet in Houston. Jerry was presented a \$300 music scholarship, to be applied on his first year of college, for his musical ability.

Mrs. Boren will be hostess for the next meeting, to be held Nov. 20, Wednesday. Mrs. J. H. Haire will be in charge of the program, "Buddhism."

Amsterdam is a city of about 90 islands connected by some 300 bridges.

Joyce Lauderdale And Roy Teaff To Wed In Grassland, Dec. 14

Mr. and Mrs. V. C. Lauderdale of Route 3, Post, are announcing the engagement and approaching marriage of their daughter, Joyce, to Roy Teaff, son of Mr. and Mrs. Will Teaff of Close City.

Wedding vows will be exchanged at 8 o'clock in the evening, Dec. 14, in Grassland Methodist Church with the Rev. Dick Richards, pastor, officiating for the double ring ceremony.

Miss Lauderdale is a graduate of Tahoka High School and is now employed by the Tahoka Hospital and Clinic.

Her fiance is a graduate of Post High School and is employed by Tom Power, Ford, Inc.

Look Who's New

Judy Gossett Named Honoree At Party

Mrs. Vera Gossett entertained her daughter, Judy, on her 16th birthday with a party Saturday evening in her home.

Fifty-one guests were present for the evening's enjoyment of dancing and playing games.

Mrs. Gossett served refreshments of sandwiches, Cokes, potato chips, and candy to the guests.

Those attending were: Donald and Tommy Young, Butch Wilson, Noel Don Norman, Kenney Poole, Scotty Pierce, Darrell Jones, Cricket Graham, John T. Brown, Herbie Hays, Shirley Wallace, Shirley Masters, Janene Haynie, Melanie Thompson, Leta Stone, Rhea Peel, Minnie Lee Mathis, Kathy Stone, Billie Lou Hill, Beve Norman, Sharon Jobe, Marca Dean Holland.

Also, Leslie Nichols, Charles Gordon, Sammy Martin, Clark Cowdrey, John Ed Carter, Howard Jones, Auby Lee McBride, Carolyn Dugger, Judy McCullough, Dorwood Mayberry, Don Clary, Arlon Ford, Ronnie Morris, Barbara Wheatley, Paul Wheatley, Tom Drake, Bryan J. Williams III, Quenton Knight, Mickey Priddy, Homer Carter, Franklin Carter, Curtis Diddyway, James Capps, Jerry Harlan of Slaton, Mike Ray, Giles Smith of Slaton, Lonnie Gene Peel, Rennie Polk, Don Rankin, the honoree and the hostess.

PRISCILLA CLUB MEETS
Members of the Priscilla Club will meet tomorrow, Friday, afternoon at 3 o'clock in the home of Mrs. Morris Neff.

The Thanksgiving sermon at the First Presbyterian Church Sunday will be "The Need for Thanksgiving." The anthem will be, "We Gather Together" by the Junior Choir. This is the Junior Choir's first appearance since they started practice in September.

Rev. and Mrs. Cecil Stowe spent the first part of this week at the Nazarene Camp grounds near Glenrose attending the "Preacher's Conclave".

Mrs. O. V. McMahon was in charge of the monthly Missionary Study Wednesday night at the Nazarene Church.

The Junior Choir will sing "God of the Earth, the Sky, and the Sea" as a special number in the morning services at the First Christian Church Sunday morning.

The C. W. F. met in the home of Mrs. K. Stoker Monday afternoon at 3:15. The meeting was opened by a prayer led by Mrs. Almon Martin. Mrs. Will Wright gave the devotional and Mrs. Beth Thompson was in charge of the program. The program leader was assisted by Mrs. Porter Roberts, Mrs. O. A. Madison, Mrs. Willard Kirkpatrick, Mrs. Jack Kirkpatrick, Mrs. Ronnie Sturdivan, and Mrs. Ben Owen. Cake and hot tea was served to those who put on the program and to Mrs. Lee Davis, Mrs. F. I. Bailey, Mrs. Ida Robinson, Mrs. Victor Hudman and Mrs. Ernest Haynes.

Those attending the Recreation Clinic at the Trinity Baptist Church in Lubbock Tuesday night were Mr. and Mrs. R. E. Shedd, Mr. and Mrs. T. C. Polk, Rev. and Mrs. Graydon Howell, Mrs. John Miller, Mrs. C. P. Jones, Mrs. Mabel Martin and Mrs. W. C. Kiker. These people are members of the Calvary Baptist Church.

A Thanksgiving dinner was given by the Lubbock Christian College Tuesday night at the Lubbock Hotel. Those attending from the local Church of Christ were Mr. and Mrs. Garland Davies, Mr. and Mrs. Robert Cato, Miss Mercedes Pearson, and Minister and Mrs. Ronnie Parker.

FROM SAN ANGELO
Mr. and Mrs. Gaylon Young and children of San Angelo were here for homecoming and also visited with their parents, Mr. and Mrs. L. P. Kennedy. Young has recently been promoted to safety coordinator for General Telephone Company of the Southwest.

WEEKEND GUESTS
Weekend guests in the home of Mr. and Mrs. John Peddy were Mr. and Mrs. K. E. Young and family of Seminole.

BUT FIRST, PASTURE MUST BE ESTABLISHED

Proper Management Winter Pasture Always Pays Dividends To Operator

COLLEGE STATION — Proper management of a winter pasture will pay big dividends to the operator. But first, the pasture must be established.

Winter pasture can still be planted this fall, according to E. M. Trew, extension pasture specialist. Late planting means less grazing, but this is still better than none at all.

Trew says sod seeding is getting more attention in the eastern third of the state, but this is justifiable only in high-rainfall areas and then only when not enough cultivated land is available or when such pastures on prepared seedbeds are too wet to graze for long periods.

Trew advises that grazing of small grains and annual clovers be delayed until they have a good

root system to prevent their being pulled up. Upright type plants such as Alamo oats and Goliad marley should be 8 inches high before being grazed. Prostrate types like Mustang oats may be grazed when they are 4 to 6 inches high and have established a good root system. The upright types should not be grazed closer than 4 inches, for they make poor regrowth when grazed closely.

Rotation grazing can greatly increase the efficiency of the pasture, says the specialist. This allows better regrowth and will permit taking silage or hay from that growth not needed for grazing. Do

not allow the pasture to get too far ahead of the stock. The excess may be mowed for silage or sometimes hay.

Hay should be provided with the pasture, advises Trew. It provides dry matter not received from the pasture and helps reduce bloat troubles.

Fertilizer is also important for good growth and to insure proper mineral content of the plants. A soil test may be taken to determine the requirements.

Further information on winter pasture may be obtained by getting a copy of L-258 from the local county agent or the Agricultural Information Office, College Station.

RENT YOUR ROOM

VISITORS FROM SLATON

Mr. and Mrs. Ray Hodges and family of Slaton visited here recently in the home of Mrs. Hodges' mother, Mrs. J. W. Dixon. Also here for a visit was another daughter, Mrs. Ben Petty of Lipan.

FROM PUEBLO, COLO.

Mr. and Mrs. Wilburn Wheeler and son of Pueblo, Colo., were here last week visiting relatives and attending homecoming at Post High School, where Wilburn graduated in 1933.

"Phthisis," "consumption," "the white plague," and "hectic fever"—these names were all used for tuberculosis in the old days. Today it's usually called TB, a disease that can be cured if it's discovered early.

The International Date Line is an imaginary north-south line through the middle of the Pacific Ocean.

LAST YEAR'S FIRES COST FARMERS \$145 MILLION

Danger Of Farm And Home Fires Is Increased By Colder Weather

COLLEGE STATION — Fire cost the nation's farmers last year an estimated \$145 million. During the past 10 years, almost a billion and a half dollars worth of farm property has gone up in flames, according to economists in the USDA's Agricultural Research Service.

"Don't let a fire happen on your farm or in the your home," is the word of caution from the Texas Farm and Ranch Safety Council. "As the weather becomes colder and heating equipment is put back into active service, the chances for fires takes a big jump," says the Council. They add that the USDA survey shows that farm fires are due to seven principal causes and most are preventable. The chief

causes are: faulty flues and heaters, combustible roofs, spontaneous combustion, matches and smoking, defective electrical wiring, gasoline and kerosene and lightning.

"All heating equipment should be checked carefully and adjusted by a qualified person," says the councilman. A check of all lines and connections should be made for leaks, and flues and chimneys should be thoroughly examined for cracks and breaks. "The most important item of all," points out the Council, "is don't give fire a place to start. In other words, prevention by following the rules of good safe farm and home living can save not only the loss in dollars but also the misery and suffering from

injuries and even death to family members. Some 3,500 rural residents annually are killed in farm fires and another 300,000 persons are injured," says the Council. Too, reminds the Council, most deaths from fires involve the very young and the old—those less able to make their exit from a burning building. Provisions should be made for getting such persons out of a

building and for their rescue, the councilman says. Farm homes and barns should be protected with fire fighting equipment. Extinguishers and fire blankets must be in top operation. Check it regularly and make it ready for use in case of an emergency.

Dr. CARL L. DEAR Optometrist with offices in the GREENFIELD BUILDING EVERY SATURDAY — 2 to 5 P.M.

Cotton Growers Are Advised To Save Good Planting Seed

COLLEGE STATION — Good cotton planting seed with high germination may be scarce next spring. Fred C. Elliott, extension cotton specialist, said the situation which has developed is due to late plantings last spring and the wet weather which has hit all sections of the cotton belt during the harvest season.

Elliott advised cotton growers to save and carefully store any good quality seed of known varieties. This, he said, is one of those seasons when planting seed even with a low moisture content can't be placed in storage and forgotten about until next spring. A continuous check on stored seed is suggested.

Here are Elliott's suggestions for handling seed. Check seed closely for damage before storing and store those with high germination (80 per cent is very good) and low free fatty acid content. Seed saved for bulk storage, he said, should contain less than 12 per cent moisture unless good drying and cooling facilities are available. Small quantities of seed should be turned and sacked.

Large quantities of bulk stored seed, he said, should be cured by aeration to maintain quality. A portable fan and duct system can be used to draw air through the seed. He warned that a moisture content of 13.6 per cent is the critical point beyond which storage may quickly become disastrous. Every effort, he said, should be made to bring the moisture content down to 10 or 11 per cent on seed in storage. Drawing air through the seed must be done during daylight hours and only in fair weather and preferably between 10 a. m. and 4 p. m., he said.

A germination test should be run on the seed before planting as an aid in determining how much seed to plant, he said. No germination test should be made until the seed have been in storage for at least 30 days which is the normal rest period of freshly ginned seed. Finally, Elliott suggested a visit with the local county agent for more details on cottonseed storage problems.

REDDY ROOSTER!

The old rooster used to do a good job of waking folks, but he didn't do a good job of spreading happiness in the early A.M.
 Today it's happy Reddy Kilowatt who turns on your musical radio alarm and makes the coffee to just the right waking-up taste. Altogether it's just another of the plus advantages a modern electric range gives you with its automatically timed convenience outlet.
 Wake up the happy way with Reddy standing in for the old-fashioned rooster.

Early Christmas Mailing Urged

Predicting that the Christmas mail this year will set an all-time record, even exceeding the record set in 1956, Postmaster Harold Voss announced his 1957 "Mail Early For Christmas" Campaign today.
 With Christmas only a little more than a month away, the postmaster reminds us, "It's later than you think." Most folks have a tendency to wait until December rolls around before they give their Christmas mailing plans a thought!

The postmaster further suggested that right now is the time to take the following steps: Check your Christmas card lists very carefully—make sure that each address includes the full name, street and number, city, zone and state.

He said, also, that it is a good idea to stock up on heavy wrapping paper, sturdy corrugated cartons, strong cord, and paper adhesive tape for use in securely packing and wrapping your Christmas gifts. If you'd like to include your Christmas card or letter inside your gift package, just add the appropriate first class mail postage to the postage for the package itself; thus, insuring simultaneous arrival of your gift and greeting.

West Texas In Review

BROOM SALE SUCCESS
 WILSON — Wilson Lions Club broom sale held Saturday was the most successful the club has ever held. The sale brought in \$823 for the club's projects, as compared with \$530 in 1956 and \$506 in 1955.

MANAGER NEEDED
 MULESHOE — Muleshoe needs, and will soon have to employ, a city manager, in the opinion of Mayor W. T. Bovell. The mayor pointed out this need in a talk on city affairs before the Rotary Club. "When an organization takes in and spends some \$135,000 a year, employs 18 people in seven widely different departments and owns \$761,854 in real estate, equipment and other assets, part-time management will not get the job done," Mayor Bovell said.

TO CHECK LICENSES
 SLATON — Close check on driver's license held by drivers of motor scooters in Slaton will be made in the near future, according to Chief of Police Bill Daniels. "Drivers of the scooters," Daniels said, "must have a state driver's license, according to law."

NEW H. D. AGENT
 TAHOKA — Mrs. Laura Bowman is the new home demonstration agent for Lynn County and will assume her duties here Dec. 1. She will succeed the former Miss Wanda Roach, who recently married and resigned her position.

BANQUET DATE SET
 HAMLIN — Jan. 10 has been set as the date of the community-wide banquet for the perfection of the organization of a Hamlin Board of Community Development. The

banquet is expected to attract between 300 and 400 citizens of the Hamlin trade territory.

YULE OPENING
 STAMFORD — Opening of the Christmas season in Stamford has been set for Saturday, Nov. 23. Additional Christmas lights have been purchased and will be ready, along with other decorations, to give a holiday atmosphere to the city.

LIONS PANCAKE FEED
 SPUR — The Spur Lions Club netted \$106 from their pancake supper held Friday night in the East Ward cafeteria. Approximately 200 persons attended the event.

DRIVE POSTPONED
 CROSBYTON — Date of the second annual Crosby County Community Chest drive has been postponed until Dec. 17. Joe Meador of Ralls, publicity chairman, has announced. Reason for the postponement was that the weather has retarded gathering of crops to such an extent that officials of the organization felt it would affect the drive adversely.

CHEST GOAL NEAR
 LAMESA — With just one week remaining in the 1957 Community Chest drive here, officials reported Wednesday that \$16,777.84 has been pledged toward the goal of \$23,748.65.

BOND VOTE PLANNED
 RALLS — The Ralls school board will meet Nov. 25 to set the date for an election on issuing \$275,000 in bonds to finance construction of a new elementary school for Ralls.

SPORTS The Post Dispatch

SECTION TWO
Thursday, November 21, 1957

By VERN SANFORD

It was bluebird weather when duck season got under way this year. Nevertheless many hunters shot their limits from the Red River to the Gulf.

Them came a good norther. And now the weather is better for duck and goose shooting.

This type of hunting is about the hardest and most difficult gunning in Texas. So much depends, not on what is done in Texas, but on conditions in Canada throughout summer.

If conditions are right north of the border, and there is a big hatch, Canada will send more ducks down the various flyways into the United States. Many will stop before they get to Texas. But countless numbers have wintered on the Texas coast for so long that it is family tradition for them to return to the Lone Star State. And here they head.

More and more ducks remain in Texas waters every year, in order to produce their families in the South.

However, they represent but a small amount of the total duck population. And this number is reduced considerably after the first few days of shooting.

Good Shooting Everywhere

Most duck and goose hunters think of the Texas coast as the best hunting place in the state. That isn't necessarily true. There are thousands of ducks killed each year on the streams and farm tanks of Texas. Excellent hunting exists on all the major impoundments in the state and in the grain fields of the Texas Panhandle.

Grain field hunting is about the easiest on the gunner. He hides behind a shock of grain or in a hurriedly-thrown-up blind.

Duck hunting under most conditions is hard work. Usually the worse the weather the better the shooting. It usually takes a cold drizzle to get the ducks and the old honkers to come down close to the ground. That is, close enough to reach them with a blast from the shotgun.

Of course the ammunition manufacturers have learned to load the standard length shells with a little more powder and shot. But, the duck and geese are smart, too. They just fly a little higher.

No Motor Boat Hunting

Most waterfowl shooting is done on water. For this reason it is necessary to have a good boat and/or waders.

Boat hunters can use outboard motors to take them to blinds or bring them back to the shore. They also can be used to pick up dead ducks, providing the gun isn't used. But, the law is strict on the use of any kind of power boat for hunting ducks.

There was a time when most hunters had well trained dogs to retrieve their birds. But the growth of cities has slowed down the raising of good duck retrievers. Now it's largely a do-it-yourself job.

Duck hunters have to get up early, as the season opens a half-hour before sunrise. Usually a hunter will want to have his decoys spread out on the water a half-hour earlier than that. Then he crawls into his blind and starts tooting on a duck call.

Frankly, more ducks are frightened off by callers than ever come in. However, many won't believe this.

There are a few hunters who really can talk to the ducks on these wooden callers. Too many of us, however, don't have the proper ear. We have not been around ducks long enough to know their language or to understand them.

One of the most disconcerting things that can happen is for the man in the next blind to blast away on his duck call when a flock is coming down to your decoys. They take to wing and that's the last you ever see of them.

It may be helpful for a hunter, on a large body of water, to have a call. But only if he uses it in a very limited manner. Just one or two quick quacks will be heard by the flying ducks. If they are interested in the decoys no more calling is necessary. On the other hand, many hunters achieve the same results by whistling or by barking like a dog. This is a common practice on the coast.

Care of the Gun

It must be remembered that duck hunting usually is hard on the gun too. Especially is this true when hunting around salt water. It doesn't do much good to carry a gun into the water in a well lined case, then let the gun get wet and put it back into the case.

That salt water remains and the gun soon is covered with rust.

Perhaps one of the simplest ways is to use one of those plastic bags that your cleaning comes in, nowadays. You can haul your gun onto the water and bring it back in this plastic bag, and then throw the bag away. Then, as soon as you can, wipe the gun off with some good rust inhibitor or oil. In that way you can keep from having a badly pitted gun.

Tell your wife to save these plastic bags for you. You can use them to save your feathers when you return from a hunt. Then make some nice feather pillows.

Another way to do yourself a good turn is to keep a record of the information to the Game & Fish Commission. Also be sure and send in any bands you find on the birds you kill. These bands provide valuable information. They help the boys in the commission office select the season dates next year.

Fishing is Good, Too!

Just because it is duck season you don't have to neglect fishing. Fact of the matter is that some of the finest strings of fish are caught by duck hunters after the flight has gone for the day.

If you have your waders along, try some in-the-water fishing. You may find a new thrill there that you have been overlooking.

Red Raiders Close Season Saturday Against Arkansas

LUBBOCK—Texas Tech's Red Raiders conclude their 1957 football season against University of Arkansas in Little Rock Saturday afternoon.

Tech will be seeking its third victory of the season against seven losses, while the Razorbacks will be after their sixth win against four defeats.

Comparative scores favor Arkansas, winner over three teams—Oklahoma State, Tulsa, and Baylor—that downed Tech.

On the other hand, comparative scores also favored Hardin-Simmons last week. But the Cowboys, with 22 lettermen from the team that beat Tech 41-14 last year, fell before the Red Raiders by a 26-21 count.

Particularly satisfying to Coach DeWitt Weaver was the fact that his Raiders beat Sammy Baugh's team at its own game—passing. Hardin-Simmons was the nation's tenth ranked team in passing, but Tech, completing 13 of 18 passes, outgained the Cowboys 169 yards to 163. Hardin-Simmons threw 23, completed 12.

Principal hero of the victory, nominated for player-of-the-week honors, were Jerry Bell of Ballinger, who completed 11 of 13 passes, Jimmy Knox of Graham, who gained 65 yards running and 61 receiving passes, and end Gerald Seeman of Fort Worth, who set a Tech one-game record by catching five passes.

Arkansas, coached by Jack Mitchell, former Tech assistant, lost to Southern Methodist 27-22.

District 2-AA Meet Is Held At Slaton

Coaches Frank Krhut and Al Parsons and Supt. R. K. Green represented Post High School Tuesday night at the District 2-AA meeting in Slaton.

An all-district football team was selected, but coaches decided not to announce it until after the district champion Lockney team is through with post-season playoffs.

The 1958 football schedules were set up for the district, which will include Post, Tahoka, Spur, Slaton and Floydada. Abernathy and Lockney have been shuffled to another district by the University Interscholastic League.

Coach Krhut said Post's district games next season will be Spur and Slaton at home and Tahoka and Floydada away from home.

The district track and field meet was set for April on the Texas Tech track at Lubbock.

GIRLS TO ROTAN

The Post High School girls' basketball teams—"A" and "B"—will go to Rotan Monday night for return engagements with that school's girls' teams. The Post teams won over the Rotan girls in two games here early last week. On Tuesday night, the "A" girls play Ralls here.

PS in ... SPORTS

By CHARLES DIDWAY

It's too bad the Post-Abernathy game couldn't have been played on Saturday. That's when most of the upsets took place.

Members of the Antelope grid squad have checked in their equipment and are ready to forget the 1957 football season, if the rest of us are. It was a long one, but it had its bright spots—even though they were few and far between.

The basketball season gets under way here next Tuesday against Ralls. Coach Al Parsons is going to try to pull a district champion out of the hat. The girls already are off to a good start with a one-sided victory over Rotan. There'll be three games Tuesday night—varsity girls and boys and "B" boys.

Despite the fact that we're still saddled with the same old inadequate gym, it'd be nice to see attendance pick up at this season's home games. All teams, from the seventh graders on up, will do better if the fans will turn out to see them.

The Lockney Longhorns, who ended their regular season Friday with a thrilling 33-19 victory over Tahoka, go into the bi-district play-off game against Dimmitt Friday night at Plainview. The Longhorns already hold a 32-0 decision over Dimmitt this season, but the bi-district game figures to be closer.

The Lockney eleven is ranked by the Fort Worth Star-Telegram as the state's No. 2 Class AA team, just a notch behind Terrell. The South Plains eleven has scored an average of 30 points-plus in every game this season. We think they'll get by Dimmitt Friday night, but can't see them going much farther than that. They'll have to face the winner of the Perryton-Seymour game, which is pretty sure to be Seymour.

Not many fans outside their own balliwick thought Seymour had much of a team until they downed Stamford, the defending AA champions, by a score of 19 to 0. Other Double A powerhouses in the playoffs include high-scoring McCamey, Bonham, Deer Park, Liberty and

Post Girls Defeat O'Donnell In Pair Of Games Tuesday

The Post High School girls' "A" and "B" basketball teams made it two in a row here Tuesday night when they won a pair of games from O'Donnell. The Post teams opened their season with a double win over Rotan.

Superb play on the part of the guards was a big factor in the "A" game, which Post won by a score of 40 to 20. The O'Donnell team was held to eight points in the first half—three in the first quarter and five in the second quarter.

The "B" team won by a score of 39 to 22, after trailing, 15-13, at halftime. They scored 13 points in the third quarter while holding the visitors to four to take a 26-19 lead at the end of the period.

In the "A" game, Doris Eilenburger led the Post attack with 13 points. Others who scored for the winners were: Kay Martin, 9; Janet Stephens, 9; Pat Wheatley, 4; Barbara Gary, 3, and Glenda Whittenberg, 2.

Turning in excellent jobs at the guard posts were: Linda Livingston, Patsy Ethridge, Beverly Gilmore, Gwen Copple, Sandra Veach and Kay Maxey.

Pat Wheatley scored 12 points for scoring honors in the "B" game. Others hitting the scoring column were: Shirley McBride, 8; Glenda Whittenberg, 8; Rhea Peel, 6; Lita Stone, 5. Guards were Maritta Pennell, Kay Maxey, Lois Hodges, Peggy Ramsey, Peggy Morris and Sandra Stewart.

Mercedes, just to name a few.

Another game many local fans will be watching with interest is the bi-district Class A clash at Plainview Friday afternoon between Ralls and Friona. Ralls won over Post, 13-7, in the first game of the season after coming from behind. They also beat Floydada and lost to Lockney by only 13-0. We think they'll get by Friona, but it'll be tough sledding from there on in.

One of the many reasons we're looking forward to the basketball season is because we can continue our custom of the last several years of following the Oklahoma A&M (now Oklahoma State University) team by radio. We've missed very few delayed broadcasts of the Cowboys' games since the late 40's. They're broadcast over station KVOO in Tulsa, usually beginning at 10:30. Sometimes they'll keep one up later than the late, late movie on TV, but they're usually much more exciting.

Sports fans who boast of seeing Don Larsen pitch the no-hitter in the 1956 World Series games on their TV screens will be joined now by those who can tell their grandchildren of seeing Notre Dame stop Oklahoma University's 47-game win streak via the same medium.

Abernathy Spoils Homecoming For Hard-Luck Post Team In 40-7 Win

Opening with a rush to score the first time they gained possession of the ball, the Post Antelopes gave homecoming fans something to cheer about for half a quarter Friday night, but gradually fell behind after that to lose to the Abernathy Antelopes, 40 to 7.

Neither team had scored a District 2-AA win before the game and the outcome left Post in sole possession of the cellar. On the season, it was the third victory against seven defeats for Abernathy, and left Post without a win.

After running the opening kickoff out to their 39, the visitors made only one play from scrimmage—a seven-yard gainer—stand up before fumbling on the 45, where quarterback Noel Don Norman recovered for Post.

Post drew a five-yard offside penalty after Norman had passed incomplete to end Don Greer. Norman gained the five back at left end, then picked up five more in the other direction. He hit halfback Jerry Windham with a pass which carried to the 24, and fullback Sammy Martin banged the line for three. Norman got three more at right end, then circled the other wing position for 18 yards and a touchdown. Halfback Charles Morris booted the extra point.

Abernathy lost little time in getting back into the ball game after returning Norman's kickoff 35 yards to the Post 47. Gerald Watson went off for six, and a center plunge gained five more and a first down on the 36. Quarterback Lane Tannehill then tossed a perfect strike to end Pat Attebury for the touchdown, and fullback Danny Miller ran over the extra point to tie the score.

A disputed play on a fumble recovery led to the second Abernathy six-pointer. After Post was unable to make first down yardage from their seven-yard line, Martin kicked out of bounds on the Antelope 44. Miller cracked the line for five, but Windham recovered a fumble on the Post 28. After a two-yard loss on a running play, Norman passed to end Ronnie Polk for a first down on the Post 49. A fumble on a handoff was grabbed by Charles R. Evans, 210-pound Abernathy tackle, and he lumbered the 45 yards to the goal line without being touched. Many of the fans thought the fumble had hit the ground before being snared by Evans, but the officials ruled otherwise. Miller ran over the extra point, and it was all Abernathy the rest of the way.

The second quarter was scoreless, but Abernathy tacked on another touchdown in the third period on halfback Jim Gragg's three-yard

plunge. A five-yard penalty thwarted the visitors' try for the extra point.

Abernathy made it 26 to 7 on a five-yard plunge by Watson, then upped the score to 33-7 on a 15-yard run by Gragg and an extra point plunge by Miller.

The visitors' final tally came on a 10-yard blast by halfback Aubrey Smith through the left side of the Post line, and Gragg ran for the extra point.

Fourteen seniors on the Post squad wound up their high school playing career in the game. They were Norman, Jerry Morris, Martin, Greer, Polk, Butch Wilson,

Mike Ray, Jackie Payne, Arlon Ford, Paul Wheatley, Lonnie Peel, Richard Simpson, Bryan Williams, and Leland Edwards. Not all the boys saw action, one being out with the flu and another on the injury list.

4-H Club Tractor Program Proves Important To Texas Agriculture

COLLEGE STATION—Last year more than 6,000 4-H club boys participated in the Texas 4-H Club Tractor Program and plans have been perfected, said W. L. Ulich, extension agricultural engineer, to increase this enrollment. A series of district training meetings for the adult leaders who will guide the 4-H members in their local clubs will launch the 1958 program.

The first of the training meetings will be held in late November and others will continue through March. Ulich said the adult leaders would receive training in such fields as tractor safety, proper

maintenance, cooling, ignition and fuel systems of the farm tractor, and the importance of oils and greases in tractor maintenance. The specialist emphasized that the Tractor Program is one of "Care and Not Repair". Numerous surveys, he said, have shown that much of the money expended for tractor repairs could have been saved had the tractor operator properly maintained his power unit.

The program is sponsored in Texas by the Humble Oil and Refining Company in cooperation with the Texas Agricultural Extension Service and the National Committee on Boys and Girls Club Work, Inc. of Chicago. Awards include gold-filled medals for four county winners; an all-expense trip to National 4-H Club Congress, Chicago, for the state winner and 12 college scholarships for as many national winners.

Ulich said the prime objectives of the program are to provide increasing opportunities for 4-H club members to learn to operate and care for tractors skillfully, safely and economically; to promote the efficient use of farm tractors and other farm machinery; to share new knowledge with other 4-H members and tractor owners and aid in the overall development of the 4-H member in leadership and citizenship.

The leaders who are trained in the district schools, pointed out Ulich, will return to their local communities and become the leaders for their local tractor club. Last year more than 400 local leaders in 204 counties were active in the program.

AMITY CLUB MEETING
Mrs. Leo Cobb will be hostess to members of the Amity Study Club when they meet in her home, Nov. 26, for a study on "Buddhism". Mrs. Wilma Olson will be co-hostess for the event.

FREEMAN GUESTS
Guests in the home of Mr. and Mrs. Howard Freeman and the weekend were their daughter and son-in-law, Mr. and Mrs. Henry Stribling of McCamey.

ATTEND GRID GAME
Mr. and Mrs. Stanley Butler and daughters were in Lubbock Saturday afternoon where they attended the Tech-Hardin-Simmons football game.

SUNDAY IN ABILENE
Mr. and Mrs. R. B. Perrin and Mrs. Roy Josey spent Sunday in Abilene visiting in the home of Mr. and Mrs. Jerry Epley.

JAILED FOR "DOGNAPING"—Los Angeles, Calif. — Sox, a brown and white puppy with a wagging tail and a yearning look, ponders his plight as he is stroked by Miss Kay Reese, 23, in Los Angeles City Jail today. Miss Reese was arrested and accused of dognaping. She assertedly said she grabbed Sox and ran, after the owners refused to sell the puppy to her.

1958 Cotton Allotments Established; Referendum Date Is Set For Dec. 10

COLLEGE STATION — Farmers in Texas will have 7,474,661 acres available on which to grow their 1958 upland cotton crop and producers of extra long staple cotton 27,829 acres.

These state allotments, according to the State Agricultural Stabilization and Conservation Committee, will be apportioned among the counties and the county allotments, to be announced later among the farms according to the provisions of the law and regulations issued by the Secretary of Agriculture. The State Committee adds that individual farm allotments will be mailed to cotton producers prior to the Dec. 10 referendum on marketing quotas for the 1958 crops.

In the case of extra long staple cotton, the Secretary of Agriculture has designated 10 Texas counties as being eligible to receive allotments. They are Brewster, Culberson, El Paso, Hudspeth, Jeff Davis, Loving, Pecos, Presidio, Reeves and Ward.

DAY IN LUBBOCK
Mrs. Basil Puckett, Mrs. Oscar Gray, Mrs. Bill Laurence, and Mrs. Ray Cook spent Saturday in Lubbock.

HOME FOR WEEKEND
James Williams was home for the weekend from San Angelo, where he attends San Angelo Junior College.

VISIT IN DALLAS
Mr. and Mrs. Bill Ellis spent the weekend in Dallas and McKinney attending to business.

HERE FROM ODESSA
Mr. and Mrs. Glenn Mauer, Mike and Mark of Odessa are spending a few days in the home of Mr. and Mrs. Guy Floyd.

CLUB MEETS FRIDAY
Mrs. Jim Shipley will be hostess to members of the Mystic Sewing Club at 2:30 o'clock Friday afternoon in her home.

UNDERWENT SURGERY
Mrs. Dowe Mayfield Sr., underwent major surgery in the Methodist Hospital in Lubbock early Monday morning.

The state committeemen point out that the Dec. 10 referendums, for upland and extra long staple cotton growers, will determine whether or not marketing quotas will be operative for the 1958 crops. At least two-thirds of those voting in the two referendums must approve the quotas if they are to remain in effect. Acreage allotments, however, say the committeemen, will be in effect regardless of how the votes go. Acreage allotments are a condition of eligibility for price support.

A national marketing allotment and national acreage allotment for upland cotton must be proclaimed for the following year if the Secretary finds that the total supply of upland cotton for the current marketing year exceeds the normal supply. For extra long staple cotton, quotas and allotments must be proclaimed whenever the total exceeds the normal supply more than 8 per cent.

The state committeemen point out that growers of both types of cotton have approved quotas for the last four crops.

Two Test Wells Among Four Locations Staked

Four new locations, two of them wildcats, and three completions have comprised Garza County oil activity during the past week, according to the Railroad Commission.

One of the wildcat locations has been staked by Murphy-Dyer Drilling Co., Inc., Midland, as its No. 1 G. N. Smallwood. It is 660 feet from north and west lines of Section 1247, BS&F Survey, 1 1/2 miles south of Southland. Projected depth is 4,700 feet.

The other wildcat is George W. Graham et al. No. 1 Girard Trust et al, on an 843-acre lease 13 miles southwest of Spur, to be drilled to 7,500 feet. Exact location is 660 feet from north and 2,660 feet from west lines of Section 25, Block 2, H&GN Survey.

The other two locations are described as follows:
Garza-Glorieta — Alamo Corp. No. 2-6-B Kuykendall, 360 feet from north and 1,375 feet from west lines of Section 1235, AB&M Survey, three miles northwest of Post; rotary to 4,000 feet.

Garza-Ray J. Diekemper Jr., No. 1-A Connell, 2,310 feet from north and 330 feet from east lines of Section 30, Block 5, CH&H Survey, five miles southeast of Post; rotary to 3,650 feet.

The completions are listed as follows:
Rocker A-Glorieta—Cosden No. 1-B, 1,650 feet from south and west lines of Section 945, Block 97, H&TC Survey; total depth, 3,160; top pay, 3,042; 5-inch casing set at 3,160 feet and perforations made from 3,042-50 and 3,098, 3,112 feet; initial pumping potential, 67.5 barrels of oil per day plus 40 per cent water; gravity, 38.

Dorward-San Andres—Humble Oil & Refining Co. No. 1-UT Dorward

RETURNS HOME

"NO SOLDIERS nor DOGS ALLOWED"

Some FIRST WORLD WAR VETERANS will remember some signs like the above when they returned from Europe and possibly some of the SECOND WORLD WAR VETERANS had about as warm a welcome as that too.

VERY, VERY FEW PEOPLE

feel that way about our SERVICE MEN and EX-SERVICE MEN and we are sure that MOST OF US have the deepest respect and appreciation for all our men who have been in the different wars thru the past years.

BUT HAVE WE FORGOTTEN

that November 11th has been designated as ALL VETERANS DAY?

WE OBSERVE MEMORIAL DAY

and remember the DEAD on that day but there are MILLIONS LIVING — some just merely living in hospitals—and some as able as you or I—who offered everything for our country.

CAN'T WE SPARE JUST ONE DAY

each year to remember them too? We wouldn't want to FORGET and we can BETTER REMEMBER by observing the day set aside FOR THEM.

Short Hardware

You'll find it only at a Mercury showroom

New Sports-Car Spirit plus Limousine Ride at an easy-buy price

NEW ROAD-HUGGING CONTROL AND HANDLING EASE—The new Mercury offers you a whole series of wonderful driving aids: 30% easier steering, Super-Safe self-adjusting brakes, new Merc-O-Matic Keyboard Controls, automatic power lubrication, Speed-limit Safety Monitor, and much, much more.

SMOOTH, QUIET-RIDING—BIG-FAMILY COMFORT—Every 1958 Big M is longer, wider, heavier than any Mercury ever built. Mercury's spectacular size, plus the most advanced of suspension systems, provides you with a ride that rivals the finest ever achieved by the costliest custom-built limousine.

PRICES START JUST ABOVE THE LOWEST—Mercury offers you 20 models this year, in 4 series. New Montereys are within the reach of anyone who can afford any new car. The Montclairs offer additional luxury features for only a few dollars more. The magnificent new Park Lane series is also modestly priced.

NEW ADVANCED STYLING PROTECTS YOUR INVESTMENT—There is no chance that Mercury will look old-fashioned before its time. Mercury styling is trend-setting styling—the kind others are trying to copy. It's the kind of beauty preferred by those who like to stay ahead in style. Stop in at our showroom today.

Parents' Examples Help Children In Safety Practices

"Parents, more than anyone else, are responsible for setting a good example to their children in safety practices."

J. O. Musick, general manager of the Texas Safety Association, made this statement, today, in behalf of TSA's current program to develop healthy safety attitudes.

"Parents often treat children as if they were deaf, dumb and blind," he said. "They don't realize that children have been minds and pick up their first habits, good and bad, from their parents. This is especially true of safety habits. Truly, safety begins at home, and parents should be sure their actions set the right pattern of safety practices for their children to follow."

He also said that parents themselves are often victims of their own carelessness, or are responsible for accidents to their children through failure to stress safety measures in their own behavior around children.

"Many parents," he said, "will drive carelessly, jaywalk or use unsafe tools around the home, in the presence of their children. Yet these mothers and fathers will scold their children for doing the same thing."

Musick reminded parents that past National Safety Council figures indicate that more than 10,000 children under 14 years of age will die in accidents of all types this year—unless better safety education is provided in the home.

"It simply doesn't add up," he said. "If parents want to do right by their children, they must set a good example in everything they do. If they want to instill in their children the necessary precautions which will keep them out of the list of scheduled accidents, they had better inventory their own safety habits."

"Be safe parents," Musick concluded, "and you'll have a safe children."

COLLECTION SHOWN

AUSTIN—The University of Texas Latin American Collection this month is showing an exhibit commemorating the 100th anniversary of Mexico's 1857 constitution. Printed materials, various letters and documents relating to the historic event have been selected for the display.

VISITS IN SARTAIN HOME

Miss Martha Anna Cearley of Lubbock visited over the weekend in the home of Miss Georgia Ann Sartain. Miss Cearley is a student at Draughon's Business College in Lubbock.

J. B. POTTS

Another item up for major consideration, according to Timms, is the vertical integration that is taking place between farming and business. Much has been said about the situation which has developed in broiler production and there is evidence that a similar type of arrangement may develop soon in hog and beef production, says the economist.

WEEKEND IN CARLSBAD

Mr. and Mrs. Martin Shepherd spent the weekend in Carlsbad, N. M., visiting in the homes of Mr. and Mrs. Harold Cannon and Mr. and Mrs. E. D. Burkam.

HOME FROM TECH

Howard Jones, a student at Texas Tech, was home for the weekend. He is the son of Mr. and Mrs. Paul Jones.

HOME FROM CANYON

Barbara Wheatley and Leslie Nichols were home for the weekend from Canyon, where they attend West Texas State College as freshman students.

"INDIAN SUMMER" IN CHICAGO — Chicago, Ill. — This is the time of the year that we should be getting a reasonable facsimile of Indian Summer. But something slipped a cog and this is what arrived in Chicago.

New Uniforms In '58 Due Red Raider Band

LUBBOCK—Texas Tech's "Big Red" Band will be outfitted in completely new uniforms next year.

A group of former students and other interested persons, headed by George Morris of Lubbock, have announced the raising of \$7,000 in private gifts—enough to buy at least 120 new uniforms.

Prof. D. O. Wiley, Tech Bands director, said the new uniforms will be ordered right away and should be ready for the Big Red's spring tour in April.

Tech's current band uniforms, many of which are 20 years old, are designed in a general military style. The new uniforms are expected to be a flashy modification of the West Point dress style, with black pants and highly-decorated, cut-away jacket and tails. The same general color scheme as on the present uniforms will be followed.

Those enjoying the occasion were: Mr. and Mrs. Virgil Stone and A. J., Mr. and Mrs. Billy Stone and James, Mason and Kim McClellan, the hostess and the guests of honor.

Usual 'Wait' Forecast On Auto Inspection

With only one-tenth of the motor vehicles in Texas inspected for the year 1958, automobile and truck owners were urged today to obtain their new inspection stickers before the holiday season.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, called upon motorists to obtain their 1958 inspection stickers as soon as possible in order to alleviate the last minute rush on the 4,200 inspection stations in Texas.

Garrison said only about 450,000 of the four million registered vehicles in the state have been inspected and approved.

"While this number exceeds that for the same period last year,"

he said, "the present rate of inspection will not prevent inspection during the last few weeks of the inspection period ending April 5, 1958. Vehicle owners who complete their inspections before the holiday period will avoid the inconvenience of waiting at the inspection stations."

The state police director also said that early inspections will be of benefit to motorists who plan trips during the Thanksgiving to New Year's period by eliminating mechanical defects.

Annuals are plants which germinate, grow, reproduce and die within a single growing season.

LETTERS TO THE EDITOR

Dear Editor:

I think that now is the time to get busy with the cotton industry as possible.

We are having some competition from plastic and foam. The writer has studied out the cotton every year and takes the place of Julius Jaffee Dallas, Texas.

Thanks

I want to take this opportunity to thank the many customers of Caprock Chevrolet these last three years for their patronage.

It was appreciated.

Claud Collier, jr., the new owner, has literally grown up in the Chevrolet business and wants to give Post as fine a service organization as possible.

The entire business, including accounts, are now the property of Mr. Collier.

CAPROCK CHEVROLET CO.

Home of 1958 Chevrolets, 1958 Oldsmobiles and O.K. Used Cars Is Now Under New Management

EFFECTIVE MONDAY

Claud Collier, Jr., Purchased This Automobile Agency From John F. Lott

CLAUD COLLIER, JR. — New Owner

All 12 present employes of Caprock Chevrolet are being retained by the new owner. The personnel will be expanded in the future to permit this firm to better serve the Post area in both sales and service.

Almost Too New To Be True—The '58 Chevrolet

The 1958 Chevrolet is truly "the car of the year." With dramatic new styling and outstanding engineering advances, the 1958 Chevrolet is new from bumper to bumper and from frame to roof line. It is longer, lower, and wider. An X-shaped frame allows a lower silhouette but retains ample head room and increases leg room and luggage space. The new Chevrolet is nine inches longer, two and one-half inches wider, and up to two and one-half inches lower. Chevrolet this year has a 348-cubic inch engine which is new from fan to flywheel. Designed primarily around new combustion chamber, the optional Turbo-Thrust V8 offers greater torque for improved mid-range performance. The 1958 Chevrolet line offers a selection of five V8 engines and one six cylinder. Ramjet fuel injection which Chevrolet introduced last year is again offered as an option on the 283-cubic inch V8. Automatic Turboglide, Powerglide, an improved three-speed Synchroneshift and the overdrive are again available. Totaled, Chevrolet gives the buyer his pick of 18 power trains.

THE NEW ROCKETS ARE HERE BRINGING YOU OLDSMOBILITY

Exciting style changes that enhance the appearance from every angle mark a completely new Oldsmobile for 1958. In addition to styling changes, General Motors is introducing a true air suspension system, newly efficient and economical Rocket engines and an improved Jetaway Hydra-Matic Drive. Oldsmobile's new "mobile look" is very evident in the entirely redesigned body, new rear quarter panels, a front end with recess-type grill and four-beam headlamps, one-piece rear window with greater glass area and rear deck and roof. A new Oldsmobile accessory innovation is a Trans-portable radio that can be completely removed from the car for use elsewhere.

Policy Statement

My goal is to build the finest automobile agency in both sales and service in West Texas.

We are going to place emphasis on quality service. We will specialize in first quality workmanship at fair prices.

We plan to give the people of Post and its trade area more for their transportation dollars than ever before.

Here at Caprock Chevrolet, your friendship will be valued more than your business.

We intend to treat people like we want to be treated ourselves.

Caprock Chevrolet invites your constructive criticism. If we make a mistake, I want the customer to tell us about it so we can correct it.

Caprock Chevrolet's motto in recent years has been "A Good Deal Depends On Your Dealer." More than ever, a good deal does depend on your dealer.

You are cordially invited to stop in at Caprock Chevrolet and get acquainted.

I think we have the finest two products on the market to sell this year. The 1958 Chevrolet and the 1958 Oldsmobile are two mighty fine cars.

My family and I are looking forward to a long and happy association with the good people of Post.

Sincerely,
Claud Collier, Jr.

Mrs. Gordon Hamilton is in the West Texas Hospital in Lubbock where she underwent a minor operation Monday morning.

Highlights, Sidelights From State Capitol

By VERN SANFORD
Texas Press Association
AUSTIN — Texas' lawmakers are striving hard to forge a new tool for dealing with police powers, insofar as school segregation-integration problems are concerned.

Proposed is a "last-resort" law to be used, presumably, in situations where threat of federally-enforced integration is met by strong local opposition. It would allow the school board to shut down the school until "the earliest possible time when peace and order can be maintained without the use or occupation by military forces."

Gov. Price Daniel's call also asked that the law provide (1) that state aid, accreditation, salaries, etc., not be affected by the closing, (2) that school boards may transfer local pupils and (3) that the attorney general be authorized to assist local school districts in contesting integration suits in federal court.

Through Legislative operating funds ran out over the weekend, both House and Senate decided against a "crash" program to enact the bill overnight. Strong opposition was not foreseen, however.

Fiscal Hangover
Lawmakers who return for the next regular session in January, 1959, face a "morning after" atmosphere with a \$12,000,000 headache.

Last summer State Comptroller Robert S. Calvert predicted the state would end this two-year period with a \$6,000,000 deficit. His latest estimate doubles that figure.

Calvert revised his figures after voters this month approved a constitutional amendment upping state pension payments.

Legislators already are skating on the edge of financial embarrassment in their day-to-day operation. Fund for their salaries, expenses, etc., was down to about \$45,000 when the first session ended. With costs running about \$11,000 a day, they were due to start

drawing this week on the governor's deficiency fund, earmarked for "calamities."

But the real calamity, as many legislators see it, comes year after year next when they will have to find a way to glue the "busted" budget together again. Most agree, gloomily, that it means new taxes.

No "Thrill," But
Legislators' comments on the laws passed during the first special session ranged from "monstrosity" to a shoulder-shrugging "better than nothing."

But they did pass—all five that the governor asked.

Spokesman for the governor admitted he wasn't exactly "thrilled" with the watered-down water bill, but that he would accept it. In a public statement Governor Daniel commended the lawmakers for their accomplishments.

Briefly, the new laws do this:

1. Set up a water planning division to do research on Texas water resources and report to each regular session. No authority to draw up a statewide plan was conferred, and the appropriation was cut from a recommended \$1,200,000 to \$900,000. Water Board was given authority to negotiate for state water storage in federal reservoirs—with legislative approval.
2. Require registration of those who seek to influence legislation "by direct communication" and reporting of expenditures over \$50.
3. Require registration of those who, for pay, represent others before state agencies.
4. Set up a commission to study Texas law enforcement and report to the next regular session.
5. Appropriate money for a building for the State Insurance Department.

What Now?
Senate rejection of the appointment of William A. Harrison as insurance commissioner put that department in a quandary.

Without an administrative head, the department cannot conduct even routine business; nor can it pay its employees. Members of the Insurance Board asked Atty. Gen. Will Wilson for guidance.

Under the Constitution the Senate has the authority to pass on all appointments made by the governor to constitutional offices. It does not, however, pass on the appointments of various state boards without their departments.

When the Insurance Department was re-organized last spring, the new law authorized the governor to appoint Insurance Board members and the board to appoint a commissioner. But it was specifically written into the law that the Senate would have confirmation power on the board's appointment of a commissioner.

Senate approved the governor's appointments to the board, but turned thumbs down on Harrison. A former assistant state auditor, Harrison had been serving in the \$20,000-a-year post since early last summer.

Board members asked Wilson's opinion on (1) Does the Senate have the constitutional authority to pass on a board appointment and (2) if so, what'll we do until we can find a new commissioner?

"No Urgency"
Insurance Department is being beset by the Senate from another quarter as the investigation into a delayed report continues.

Senate committee questioned two department officials on why three months elapsed between receipt of an unfavorable report on Preferred Life of Dallas and department action on the matter.

Paul D. Conner, assistant commissioner, said he saw "no urgency" in the report since it did not involve insolvency. E. B. Kelley, chief examiner, said he didn't think there was "anything significant" about it.

Earlier, the man who made the examination said he had found evidence of illegal stock manipulation involving some \$904,000.

Cotton Rained Out
Untimely rains probably have cost Texas cotton farmers some \$100,000,000, says Agriculture Commissioner John White.

Rain kept harvesters out of the fields, said White, and greatly cut the quality of the cotton still on the stalks. "It's a real economic blow to many farmers who had prospects of the first good cotton crop in several years," White observed.

Short Snorts

Sen. William T. Moore of Bryan is president pro tempore of the Senate for the second called session. He succeeds Sen. Searcy Bracewell of Houston... one of the things for which Texans can be thankful this year is that there will be only one Thanksgiving.

Governor Daniel proclaimed the Texas holiday for Nov. 28, same as the federal holiday. Governor Daniel has asked President Eisenhower for emergency federal aid for Jefferson, Bell, Orange and Fayette counties, recently hit by floods and tornadoes. A state-passed bill clears the way for getting land for a Texas Employment Commission building just north of the Capitol. Bill would increase the site-buying appropriation from \$250,000 to \$1,100,000. Probable location now is occupied by a Lutheran Church.

MRS. EARL MORRIS, CORRESPONDENT

Southland WSCS Begins Study of Christ, The Church And The Race

The WSCS met at the church Monday afternoon to start the study of Christ, the Church and the Race.

The W. M. U. met at the church Monday afternoon at 2:30 for Bible study with Mrs. Kenneth Davies as leader.

Mrs. J. S. Lightfoot of Fort Worth spent the weekend in the home of her daughter and family, Mr. and Mrs. Paul Winterrowd.

Melvin Bruster of Alamogordo, N. M., is visiting this week in the home of his parents, Mr. and Mrs. M. M. Bruster. He is attending the teacher's training course at the Church of Christ in Vandavia Village in Lubbock.

Mrs. M. A. Wood of Plainview is visiting in the home of her son-in-law and daughter, Mr. and Mrs. J. O. Reed, Sr.

S. M. Truelock is a patient in the Mercy Hospital at Slaton.

Fred Myers, a student at Sul Ross in Alpine, spent the weekend in the home of his parents, Mr. and Mrs. L. J. Myers, Mr. and Mrs. Ned Myers, from the Dyess Air Force Base in Abilene were also guests in the I. J. Myers home.

Mr. and Mrs. Fred Davidson and Louise were guests in the home of Mr. and Mrs. Bob Russell and Robert Wednesday afternoon.

Mr. and Mrs. Dale Danigon, Randy and Deborah of Portales, N. M., spent two days with their grandparents, Mr. and Mrs. Ed Denton, last week. Other guests were Mrs. Hayden Williams of Draw and Mrs. J. S. Oats.

Mr. and Mrs. Clifford James of Snyder are grandparents. A son, Robert Wayne, was born to Mr. and Mrs. Wayne James on Nov. 11. The senior Mrs. James is the former Nova Ferguson, who moved to this country as a child in 1915.

Mrs. Kenneth Davies and children visited in the home of her brother-in-law and family, Mr. and Mrs. Blanton Martin of Hart Camp Friday night.

Mrs. Don Pennell and sister, Mrs. Carl Cederholm, spent the weekend in Austin visiting a neighbor, Jimmy Ferguson. Jimmy is a student at Texas University. They were accompanied to Austin by Miss Lynn Harrison of Andrews.

Mrs. F. E. Weaver has been ill this week. She is suffering from a severe cold.

Dean Williams, of San Diego, Calif., is spending a two-week leave from the Navy with his parents, Mr. and Mrs. Roy Williams, and Billy. Other guests Sunday were Mr. and Mrs. Donald Sikes and baby from Slaton, Mr. and Mrs. Bailey Haire and children from Olton, Mr. and Mrs. Will Williams

DER BINGLE'S BOSS — Hollywood, Cal. — Bing Crosby may be a dynamic force in the theatrical world, but his Ma, Catherine Harrigan Crosby (above), is the immovable object — the unpublishable kingpin of the Crosby family.

of Post, and Mrs. Woodward of Abilene.
Mrs. C. S. Oats is visiting in Draw in the home of her sister-in-law, Mrs. Hayden Martin. Mr. and Mrs. Wood attended a funeral in the day for Mrs. Searcy.

Television Vignettes

It makes it nice for the viewers for celebrities to be so accommodating by shuffling around from one show to another as guest stars. They seem to take it by streaks. You'll see a guest star on one show, then he'll crop up on a half-dozen others before doing a fade-out. Incidentally, Rosemary Clooney will be Tennessee Ernie's guest star on "The Ford Show" at 8:30 tonight, Channel 11.

The only surviving motion pictures ever taken of Mark Twain will be seen for the first time on television at 9 o'clock tonight in Channel 11's "Project 20" production of "The Innocent Years."

In what is expected to be a slambang battle, Rory Calhoun meets Bobby Boyd in a 10-round middleweight event at Madison Square Garden on Channel 11's "Cavalade of Sports" telecast at 9 p.m. Friday.

Channel 13's Saturday night movies are "Behind Prison Gates" at 10 o'clock, with Brian Donlevy and Jacqueline Wells, and "Iron Curtain" at 11, with Dana Andrews, Gene Tierney and June Havoc.

Another thrilling Southwest Conference grid clash is on tap for Channel 11 viewers Saturday afternoon. It'll be Baylor vs. SMU at 1:45, with Kern Tips providing the play-by-play description.

Honored star on the second "Texaco Command Appearance" on Channel 11 at 9 p.m. Saturday will be Ethel Barrymore, often termed the queen of the American theatre's royal family. The full-hour telecast will be a "celebration of the theatre" in the form of a party for Miss Barrymore.

The Army's new role in the United States' program to launch earth satellites will be explored on CBS-TV and Channel 13 at 12 noon Sunday when Secretary of the Army Wilber Brucker "Faces the Nation."

Having recently finished reading "The Jokes Is Wild," we're looking forward to seeing Comedian Joe E. Lewis when he appears as a guest on "The Ed Sullivan Show" at 7 p.m. Sunday. The book, a current best-seller, is the story of the fabulous Lewis' life, and has been made into a top-ranking motion picture with Frank Sinatra as the star.

There'll be the usual all-star line-up of guests on "The Steve Allen Show" at 7 o'clock Sunday on Channel 11. They'll include

Audrey Meadows, comedian Sam Levenson, vocalist Steve Lawrence, Japanese singer Teal Joy and actress Greta Thyssen.

"Beyond This Place," A. J. Cronin's taut murder mystery starring Farley Granger, Brian Donlevy, Peggy Ann Garner and guest star Shelley Winters, will be presented on the "DuPont Show of the Month" on Channel 13 Monday night at 8:30. Hurd Hatfield will co-star.

A real treat, "The Pied Piper of Hamelin," a musical version of the classic folk legend, will be telecast on Channel 11 from 6:30 to 8 p.m. Tuesday. The production stars Van Johnson and Claude Rains and also features Kay Starr, Lori Nelson and Jim Backus.

A real Thanksgiving treat for Channel 13 viewers next Thursday will be the Green Bay Packers-Detroit Lions pro football game time at 11 a.m. Also for the grid fans, the classic Texas A&M-Texas U. battle will be telecast on Channel 11 the same day.—CD

No Shortage Seen On Holiday Foods

COLLEGE STATION—Plenty of most of the traditional holiday foods insure homemakers that there will be no shortages when their shopping begins for the foods normally used during the holiday season.

The U. S. Department of Agriculture's December plentiful foods list for the Southwest shows broiling and frying chickens as feature items, while turkey and pork are other protein suggestions. Supplies are large on these main course favorites.

The old favorite, cranberries, will be abundant in December as will apples and winter pears. Adequate supplies of oranges and grapefruit should also be available, says the report issued by John J. Slaughter, Southwest food distribution chief.

December plentiful vegetables include peas, canned and frozen, and dry blackeye peas. Pinto beans, too, are on the list.

Dates, almonds and filberts complete the December plentiful listings.

All the great rivers of Central Europe originate in the Alps.

GUEST OF HONOR — Colmar, France — An excellent character study of Dr. Albert Schweitzer, famed "Jungle Doctor" who was the guest of honor at the European Premiere of his own film biography "Albert Schweitzer" at Colmar. Dr. Schweitzer lives in nearby Gunsbach.

AMARILLO VISITORS — Dr. and Mrs. Jess Cearley of Amarillo spent Saturday night and Sunday in the home of Mr. and Mrs. Stanley Butler. Martha Anna Cearley, a student of Draughn's Business College at Lubbock, was also a guest in the Butler home.

Fertilizer Analyses Report Is Available

COLLEGE STATION — Fertilizers and fertilizer materials sold during the fertilizer year beginning July 1, 1956, amounted to 595,175 tons, a five per cent increase over the tonnage sold during the preceding year.

Sales of mixed goods decreased four per cent, while sales of materials increased 14 per cent. Grades of the 1-2-1 ratio accounted for 69 per cent, and the 1-1-1 ratio for 10 per cent of the total 270,086 tons of materials sold.

A recently released publication of the Texas Agricultural Experiment Station, "Analyses of Com-

mercial Fertilizers Sold During 1956-57", is loaded with information on fertilizers. It contains sections on grades approved for 1957-58, brands and trade marks, tonnage sales, valuation per ton, analyses of fertilizers, and other interesting topics.

This bulletin may be obtained from the Agricultural Information Office, College Station, Texas. Ask for Bulletin 881.

GRAY GUEST — A guest in the home of Mr. and Mrs. Oscar Gray Friday was Mrs. Top Blevens of Elida, N. M.

FARM AND RANCH LOANS

Collier, Eldon; John Garmon, Groom; Kyle Hooper, Plano; Bill Chrysler, Belton; Leon Burks, Jr., San Angelo; Creath Davis, Comanche; Layton Black, Lometa; and Jack York, Tatum. Seated, left to right, are Dale Burnett, Ropesville; Billy Penn, Lufkin; Gurley; Kenton Harvey, Azle, who also received a college scholarship from the Santa Fe; and Allen C. Page, Caldwell.

MRS. WILL TEAFF, CORRESPONDENT

Rev. Glenn Jackson Of Lubbock Is Called As Pastor At Close City

The Rev. Glenn Jackson of Lubbock has been called as pastor of Friendship Baptist Church and will assume his duties next Sunday.

Visitors in the A. O. Rosenbaum home Saturday night and Sunday were Mr. and Mrs. Paul Foster and daughter of Snyder.

Mr. and Mrs. Roy Mason of California visited in the L. R. Mason home last week. "Saturday night guests were Mr. and Mrs. R. L. Mason and family of Lubbock, Mr. and Mrs. Thomas Mason and family of Tahoka, Ruby Mason of Plainview and the A. M. Smith family.

Mr. and Mrs. Bernie Jones and family visited in Seagraves Sunday with Arthur Jones, who is a patient in the hospital there.

Mr. and Mrs. W. J. Elliott of Crystal City are guests of Mr. and Mrs. Douglas Tipton.

Mr. and Mrs. Robert Craig and sons visited last week in Waco with the Earl Chesser family and Miss Francis Craig.

Mr. and Mrs. R. V. Blacklock and daughters visited in Post Sunday with the Pat Blacklocks.

Mr. and Mrs. G. C. Custer visited relatives in Floydada Tuesday. 2nd Lt. and Mrs. Cordell Custer of Lackland AFB, San Antonio, were weekend visitors in the G. C. Custer home and the W. H. Childs home.

Mrs. Delbert Cockrell and Freddie of Post were Sunday afternoon visitors of the Will Teaffs.

Rev. Nichols of Lubbock preached at the Baptist church here Sunday.

Julia Childs, daughter of Mr. and Mrs. W. H. Childs, celebrated her 10th birthday Monday with

a supper. Her guests were the Bernie Jones family.

The W. M. U. met Monday afternoon at the church for Bible study with Mrs. Will Teaff in charge. In the business meeting, plans were made for a day of prayer program of the Lottie Moon Christmas offering. The ladies will meet for an all-day program Monday, Dec. 9, in the home of Mrs. Will Teaff. They will have their Christmas social and enjoy lunch.

New School Bus Is To Be Purchased

The Garza County Board of Education has approved the Post Consolidated Independent School District's requisition for a new 48-passenger bus.

The approval came at a meeting of the board Saturday in the office of County Supt. Dean A. Robinson.

The new bus will be used on one of the present routes and the vehicle it replaces will be used as a surplus bus.

SUNDAY IN LUBBOCK — Mrs. Odean Cummings, Sherri, Debbie, and Larry spent Sunday in Lubbock visiting in the home of her parents, Mr. and Mrs. H. M. Tucker.

IN BIG SPRING — Mr. and Mrs. Ernest Haynes and Howard spent Saturday night in Big Spring visiting in the homes of friends.

Once again it is time to give thanks for the bountiful goodness that is our material harvest. The contrast between the first Thanksgiving and this one is so vast that it's difficult to comprehend. There is, however, a sameness. The Supreme Being that gave the Pilgrims their good harvest, gives us ours. For this, let's all give thanks.
