

Large Crowd Hears Ralph Yarborough

"There is only one Democratic candidate in this runoff campaign for governor," Judge Ralph W. Yarborough told a large crowd here Wednesday afternoon during a "whirlwind" visit to Post, where he appeared in the parade opening the seventh annual Southwestern Championship Junior Rodeo.

"There were three of us Democrats in the first campaign, but now there's just one—our Democrat and one Republican," Yarborough said.

Introduced by County Attorney Pat N. Walker, Yarborough listed as some of the points of his platform:

- (1) Full parity for farm products.
- (2) Expanded Rural Electrification.

Babb Accepts Slaton School Teaching Post

Truett Babb, son of Mrs. Nellie K. Babb of Post, has accepted a position as vocational agriculture teacher in Slaton High School, the school board there announced last week.

Until resigning last May, Babb had been vocational agriculture teacher at Meadow for nine years and prior to that filled the same post in the Ropesville schools for three years.

He is a 1939 graduate of Post High School, where he compiled an outstanding scholastic record in vocational agriculture and Future Farmers of America activities. Following his graduation here, he attended Texas Tech, where he received bachelor of science and master of education degrees.

As FFA chapter advisor at Meadow, Babb directed teams to outstanding records in district, area and state competition. In 1951, his chapter conducting team won first place in the state meet and placed second in 1952.

In 1949-50, one of his students at Meadow, Weldon Mason, served as state FFA president. Another Meadow FFA member, Eddie Bingham, was Area I president in 1950-51, and a third, Sonny Curtis, was Area II president in 1953-54 and state entertainer the same year.

Babb estimates that he has trained 200 boys in vocational agriculture and FFA activities during the 12 years he has taught in those fields.

Babb is a past member of the state FFA Advisory Council, he is a member and past master of the Masonic Lodge at Meadow and a member of the Order of Eastern Star.

Applicants Sought For Hospital Post

Applicants for the post of administrator of the Garza Memorial Hospital have been "few and far between," according to Lowell Short, chairman of the hospital board.

An administrator is being sought to replace Jack Rex, who has resigned effective Aug. 31. Short said Tuesday that the board had received only two applications for the position and that neither was acceptable to the board.

Rex, who is serving as the hospital's first administrator, has accepted a similar position at Graham.

Education Administration program.

- (3) Laws for proper drought relief.
- (4) New insurance laws.
- (5) More soil conservation.
- (6) A higher rank for Texas on old age pension payments.

At one point in his speech, Yarborough referred to his opponent as "the political demagogue who is going about over the state cursing the Federal government."

"I'm not going to do that," Yarborough said. "It's my government and I'm proud of it."

The speaker said he repeatedly had tried to get Shivers to appear on the same platform with him to discuss the issues of the campaign.

"Charlie Guy, the editor of the Lubbock Avalanche-Journal," he said, "asked in an editorial in his paper why Shivers and Yarborough didn't meet on the same platform to discuss the issues of the campaign. He invited us to meet in Lubbock, I was there last night to accept this invitation, but where was my opponent. He wasn't far away—he was in this section of the state—but he didn't show up on that 'same platform' in Lubbock."

"Shivers reneged on the pledge he made at the Chicago convention in 1952 to support the Democratic party. Instead of supporting it, he took that Democratic donkey and he failed it. That donkey took more punishment from Allan Shivers than it did from the entire Republican party."

Yarborough said that he is "opposed to a general sales or state income tax and would veto either if I'm elected" governor and the legislature enacts them.

The speaker answered his own question: "What's the matter with Texas' government?"

"It's just Republican," he said. He called for a "revolution" to remove the present administration from office.

Runoff Ballots Being Printed

Ballots for the Aug. 28 runoff election were being printed by the Post Dispatch Wednesday and will be delivered to County Clerk Ray N. Smith in time for absentee voting to begin this weekend.

Absentee voting opened Aug. 8, but copy for the ballot was not received by T. E. Greenfield, county Democratic chairman, until Wednesday morning. The ballot had to wait on Saturday's canvass of returns of the July 24 primary by the State Executive Committee.

Once the ballots are on hand, absentee voting may be in person at the county clerk's office, or by mail if enough time remains before close of absentee voting on Aug. 24.

With no county races to be decided, the runoff election ballot will be one of the shortest ever used here. The only two contested races appearing on the ballot will be for governor between Allen Shivers and Ralph W. Yarborough, and for associate justice of the Supreme Court, Place 1, between Few Brewster and Alfred M. Scott.

The name of Lloyd W. Davidson will appear in his race for judge of the Court of Criminal Appeals, although his runoff opponent, Judge Alan B. Haley, withdrew from the race following the first primary.

Three More Coming Up

The seventh annual Southwestern Championship Junior Rodeo got off to an action-packed start here last night before a crowd estimated at 4,000.

Ideal rodeo weather prevailed as more than 100 of the approximately 185 contestants competed in first go-round events.

The action is to be resumed at 8 o'clock tonight, with Friday and Saturday night performances to follow.

The grand entry last night followed by less than two hours a gigantic street parade, which included as an extra attraction the appearance of Judge Ralph W. Yarborough, Democratic candidate for governor. He rode between the color bearers at the head of the procession.

The Lynn County Sheriff's posse took first place in the parade's riding division, with the Slaton Rangers second and the Woodrow Riding Club third.

In the float or decorated car division, the Garza County 4-H Club group won first prize of \$15 with their attractively constructed float. A decorated automobile driven by Mrs. Tom Power won second prize. No third prize was awarded.

Natha Jo Mears, four years old of Guthrie, was selected as the "most typical rider under 10 years old" in the parade.

The only accident marring the opening rodeo performance came in the bareback bronc riding event when Harry Boyd of Abilene suffered a broken collar bone. He was being treated late Wednesday at Garza Memorial Hospital.

The eight events were run off in rapid-fire fashion. Opening shortly after 8 o'clock, the show came to a close about 11 o'clock with the final ride in the bull riding event.

Following are first night results: Bareback Bronc Riding—Sidney Johnson, Snyder, first; Don Workman, Gilson, and Joe Burnett, Vigo Park, tie for second; A. C. Faulks, Hawley, third.

80 Horses To Be In Annual Show

The sixth annual Garza County Quarter Horse Show will be held Saturday afternoon at the rodeo arena, with judging scheduled to begin at 1 p. m.

Approximately 80 horses are expected to be entered in the show's two classes—halter and cutting—Jack Samson, secretary, said.

Grand and reserve champion mares and stallions will be selected in the halter class and trophies awarded their owners.

Ralph House of Seymour, who has judged many of the Southwestern's outstanding quarter horse shows, will judge Saturday's event here.

A barbecue for exhibitors, show officials and other guests will be held at 11 a. m. Saturday at the city park, according to George "Scotty" Samson, show superintendent.

Six Candidates In Contest For Queen

Voting began Tuesday in the Junior Rodeo queen contest, with six candidates in the running.

Competing for the title are Sherry Taylor, Hazel Lancaster, Jeanette Storie, Minnie Lee Mathis, Jamie Gossett and Jennie Redman.

Votes are selling for a penny each and voting boxes have been placed in the rodeo office, along with pictures of the six candidates.

Standings of the candidates will be announced at rodeo performance tonight and Friday night. Votes will be counted Saturday afternoon, with the winner to be presented Saturday night at the rodeo arena.

Proceeds from the sale of votes will go into the county 4-H Club fund.

Lubbock Publisher Is Rotary Speaker

Chas. A. Guy, publisher of the Lubbock Avalanche-Journal, spoke on the importance of voting at Tuesday's luncheon of the Post Rotary Club.

Guy said that less than 50 per cent of the state's voters would cast ballots in the governor's race in the Aug. 28 runoff election. Only about 60 per cent, he said, voted in the July 28 primary election.

Guy, who is immediate past-president of the Lubbock Rotary Club, was accompanied by George (Scotty) Samson.

Also assisting in arranging the visit was D. A. "Andy" Adam, formerly of Post, who is now on the staff of the extension service of Texas A. & M. College.

REGISTRATION TO BEGIN ON SEPT 2

Schools To Open Here On Sept. 6

Student registration for the 1954-55 school term will be held Thursday and Friday, Sept. 2 and 3, with classroom getting under way Monday, Sept. 6. It was announced this week by Supt. D. C. Arthur following a meeting of the board of the Post Independent School District.

A general faculty meeting has been set for 9:30 a. m. Sept. 2 in the high school library. Following its conclusion, Chant D. Lee, high school principal, and Ellis M. Mills, grade school principal, will meet with their faculties.

Registration for sophomores, juniors and seniors will begin at 1 p. m. Sept. 2. Eighth graders and freshmen will register at 9 a. m. Sept. 3, with registration of grade school pupils also set for that day.

Supt. Arthur also announced that present plans are to move into the new junior high school building at mid-term. He said the entire structure is expected to be completed and ready to use by that time.

He said he expects a slight increase in enrollment this year. Approximately 100 six-year-olds will be entering school here for the first time.

Improvements to the school plant during the summer have included re-roofing of the high school building and vocational agriculture room, repairing of the gymnasium roof, repainting and redecorating of much of the high school interior, and laying of 1,200 feet of drainage tile at the colored school.

Delivery of one new school bus by Sept. 10 and another by Oct. 15 has been promised, the superintendent said. A small bus to be used on the Verbena route will be the first delivered, with the second to be a 66-passenger bus to be used for football, band, chorus, and other trips.

Employment of two new teachers also has been announced, leaving only two vacancies yet to be filled.

Olan Reddell, who has taught at O'Donnell the past few years, has been hired to teach mathematics in high school. Miss Jo Ann Stowe, who taught last year at Dalhart, is the other new teacher.

Miss Stowe's teaching duties here have not yet been assigned, Arthur said. She is the daughter of the Rev. Cecil Stowe, pastor of the Church of the Nazarene.

Yet to be employed is a choral music instructor for high school and grade school and a grade school classroom teacher.

John E. Howell Rites Are Held

Last rites for John E. Howell, 77, longtime Post resident, who died Sunday in Wichita Falls, were conducted at 2 p. m. Tuesday at the First Baptist Church. The Rev. Roy Shahan, pastor, officiated.

Burial was in Terrace Cemetery under the direction of Mason Funeral Home, Palfishers, where Jerry Howell, Junior Howell, Jimmy Holman, Cephus Billberry, Roy Ballard, Scott Davis, Durray Howell and Othell Carey.

Howell going to Wichita Falls about three years ago, Mr. Howell had lived in Post since 1944. He was born Feb. 2, 1877, in Garza County and was married there in September, 1909, to Inez Stewart. He had been a member of the Baptist Church since he was 18. Being retired several years ago, Mr. Howell was engaged in farming.

He is survived by his wife, one daughter, Mrs. O. A. McDougle of Post; three sons, Nath and Doyle Howell of Abilene, and a brother, William Howell, and a sister, Emma Howell, both of Stephenville.

Light Rains Bring Slight Crop Boost

Dryland cotton crop prospects were improved Sunday with light but general rains throughout Garza County.

The heaviest rainfall was reported from east of Justiceburg, where about an inch was measured. The same amount was reported from areas of the Slaughter Ranch, southwest of Post.

Sunday's rainfall in Post measured .44 of an inch to bring the 1954 total through Aug. 8 to 8.96 inches.

Up to an inch of rain was reported from the Southland area, in extreme northern Garza County. The Graham area, southwest of Post, received about half an inch.

TROPHIES ON DISPLAY

Trophies to be awarded in the sixth annual Garza County Quarter Horse Show here Saturday are on display in the Mason & Co. show window. The trophies have been donated by Post business firms and organizations.

Plans were being completed this week for the Emergency March of Dimes set for Aug. 16-31.

Bob Poole, Garza County chairman for the campaign, suggested this week that each community of the county stage its own fund-raising campaign to help put the drive over.

Meanwhile, figures were released by Walter Crider, county chairman for the National Foundation for Infantile Paralysis, to show that this county—like most other counties—has exhausted

its funds for fighting polio.

Crider said the county received approximately \$500 as its part of the funds raised in January's March of Dimes. The county is now contributing from its March of Dimes fund to two hospital cases. The first monthly bill of one of the cases, amounting to \$531, was recently paid to the Plainview center. This particu- lar case, Crider said, will require about three months more hospi- tal treatment.

Another case, in a hospital at San Angelo, is costing the fund \$17.50 a day, and about four months' hospitalization will be necessary, Crider said.

In addition, \$72.50 went from the fund to another case. The funds raised during the emergency campaign will be split as they were in the March of Dimes in January. One-third will be sent to New York for the polio prevention program and the remaining two-thirds will be split 50-50 with the chapters and New York.

Thursday to Thursday

By CHARLES DIDWAY

BY THE TIME THIS WEEK'S "Thursday to Thursday" appears in print, the 7th Annual Southwestern Championship Junior Rodeo will be in full swing. We've had our hand called on referring to this year's rodeo as the seventh annual one, but the event was first held in 1948, and, since it hasn't missed a year since that time, it couldn't be anything except the seventh annual one.

TO SAY THAT EACH SUCCESSIVE rodeo has been bigger and better than the preceding one would be stretching the facts, but the event certainly has come a "fur piece" since the first one in 1948. The inaugural was a one-day show, held Saturday, Sept. 18, with an afternoon and a night performance. The report of ALVIN G. DAVIS, originator and manager, disclosed that the first rodeo showed a profit of about \$200 for the county's 4-H Club building fund. A total of 128 boys and girls competed, with 22 youngsters here from Boy's Ranch, near Amarillo, to put on a special exhibition.

FROM THE STANDPOINT OF SIZE, the second annual rodeo, held Aug. 11-13, 1949, bore little resemblance to the first one. There were four performances, including a Saturday afternoon show, and two parades. One hundred and forty-eight contestants took part in the rodeo, with JIMMY MOORE of Post winning the all-around cowboy title, and the all-around cowgirl title going to Sissy Allen of Voss. In the opening parade, a G. F. Wacker's Store float won first prize, Close City 4-H Club, second, and Bryant-Link Co., third. SANDY CROSS of Justiceburg was judged the best junior rider, with DONALD WHEELER, second, and NOEL WHITE, third. Entry fees brought in \$2,402 and 4-H concessions, \$933. Expenditures for day monies, buckles and trophies was \$2,438.40.

THE 1950 RODEO INCLUDED a number of added attractions, among them "Wild Bill" Elliott, Western motion picture star. U. S. Rep. Ed Gossett was here from Washington on opening day, which was designated "Ed Gossett Day," and "Delbert Dalby Day" was held on the second day of the rodeo. Dates for the 1950 show were Aug. 9, 10, 11 and 12.

IN THE PARADE'S FLOAT DIVISION that year, Wacker's repeated as first place winner, with the 4-H float second, and the Future Farmers of America float third. The Gaines County Sheriff's posse won the riders' trophy. Best all-around cowboy and cowgirl honors went to NEAL LOVE of Spur and HELEN HIGHTOWER of Garden City. Best junior rider was CONNIE CONNELL, with BUTCH WILSON second and SANDY CROSS third. A crowd of more than 15,000 attended the four performances, contributing to a gate of approximately \$7,500. A record number of contestants—250—competed in the rodeo events.

THE 1951 RODEO, HELD AUG. 5-9—five performances—found national newsreel and television units on hand. More than 3,000 people thronged the streets for the opening parade, and total attendance at the rodeo arena for the five shows topped the 13,000 mark. No all-around cowboy and cowgirl.

Roger W. Babson Writes This Week:

Manufacturers, Merchants And Job Hunters Should Be On Lookout For New Industries

BABSON PARK, Mass. — Manufacturers, merchants, and job seekers should always be looking for new industries. Habits control buying; and buying habits are constantly changing.

What About Auto Trips?

Vacations have been on the increase ever since my boyhood. Vacationing is not a new industry. Since World War II, however, it has become a big industry, primarily because of the vacations which almost all employers give their wage-workers. Vacations have become a MUST.

Automobiles have been the factor booming vacations. If your automobile helps you to relax, then an automobile trip is beneficial. If, however, it is tiring and not relaxing, then it is harmful. It does the postman no good to "take a walk" on Sundays! Do something different when on your vacation—something you don't have the time to do ordinarily.

Vacations At Home

The best vacation is to be able to do as you want to do for two weeks. Get up when you want to, go where you want to, and take a real rest. Give your wife a rest from cooking and washing dishes. Buy things which do not need cooking. Cooking is a bad habit in summer.—and dishwashing is worse! Use paper plates in summer!

A real rest includes resting our stomachs. Doctors agree we should give our digestive organs a good vacation each year, spending money for fruits rather than for meats; and drinking lots of milk and water. In winter we must eat for two reasons: (1) to gain physical strength, and (2) to keep warm. In summer we do not need to eat to keep warm. I forecast that in years ahead people will give much more attention to eating less in the summer. In fact, experts tell me that each season of the year requires a different diet, both as to quantity and quality.

Recreation On The Increase

Whatever your business or job, do not forget that "working hours" will be shorter rather than longer. This means that everyone will have more leisure time. This is the reason for the boom in "Do-It-Yourself" industries, which are hurting some trades, but helping others. See your local public library for one of the

THE 'SIGNS OF LIFE' ...

The Texas Safety Association is talking this month about a "Signs of Life" traffic safety program, and on the county-level it ties in well with a recent request by Sheriff Carl Rains and other law enforcement officers that motorists observe traffic rules and regulations in order to cut down on the county's traffic toll.

Within a period of ten days, 11 traffic accidents occurred in the county, resulting in three deaths, several injuries and extensive property damage. It was one of the worst waves of traffic accidents in the county's history.

The title "Signs of Life" is a catchy one, but more than that, the program is important to the business of saving lives on our streets and highways. With last year's traffic death toll at 38,300 there is certain need for improvement on the part of every individual driver and pedestrian.

The Signs of Life program focuses attention on the importance of knowing and obeying traffic signs and signals. The main point of emphasis is placed on the five basic traffic sign shapes and their individual meanings.

The Signs of Life program points up the need for a universal sense of individual responsibility in the fight for life on our highways.

A knowledge of traffic signs, signals and pavement markings will help save lives. The fact that the eight-sided traffic sign always says "Stop" and nothing else is of more than academic interest. Any driver approaching such a sign can know immediately what its message will be long before he can see the wording.

awards were made, but outstanding performers included JIMMY MOORE, BOBBY CATHEY of Big Spring and DON McDONALD of Fluvanna. They were among the 241 contestants.

THE 1952 RODEO WAS ANOTHER five-night affair, held Aug. 12-16. Approximately 15,000 spectators saw more than 200 contestants go through their paces, with all-around cowboy honors going to BILL KERLEY of Fluvanna, and the all-around cowgirl title to BECKY JO SMITH of Jal. N. M. A 4-H Club float placed first in the parade, with Guy Floyd Service Station second and Post Drug third.

THE SEVERE DROUGHT, REALLY beginning to make itself felt, shortened the 1953 rodeo to three nights, Aug. 13, 14 and 15. Among the more than 200 contestants, BILL WATTS of Andrews won the best all-around cowboy title, and SHERRY PRICE of Addington, Okla., the best all-around cowgirl crown. The Fisher County Sheriff's posse won the riders' trophy in the parade, and KELLY JO Myers of Southland was judged the "most typical cowboy or cowgirl under 10 years of age."

THOSE WERE JUST A FEW OF THE highlights of the first six rodeos. At this moment, another one is under way at the arena here, and, following Saturday night's concluding performance will take its place in history along with the six preceding ones. The event has grown into one of West Texas' most enjoyable western events—one eagerly looked forward to by hundreds of Junior rodeo contestants and fans. Let's hope it continues!

home-craft magazines which describes such work, or visit one of the many shows which the Orkin people of 19 West 44th St., New York City, are putting on to help merchants.

Altho the above means that your real pay in future years will be in money plus hours of leisure. Hence, it is of great importance for us to "cash in" on these extra leisure hours by using them in worthwhile ways—not for "hammock swinging." If you are not now a carpenter, mason, or electrician, you should attend night school or subscribe to a correspondence course which will teach you how to profitably use these extra leisure hours.

When Selecting Investments

The older conservative investors do not approve of shorter hours, higher wages, etc., but this change is coming. It is foolish to buck it. Most people don't like physical work. This explains why coal stocks have been going down in price, while oil stocks have been going up in price. We prefer a thermostat to a coal shovel or ash sifter!

Stocks of electric refrigerator manufacturers have doubled in value, while the manufacturers of ice boxes have gone into bankruptcy. The tremendous growth of the frozen-food industry—including fruit juices—illustrates my warning: When making an investment—however small—be sure that it is in a company which saves labor. Make money by catering to the lazy streak in us all. This is why we telephone instead of write. I forecast higher prices for "lazy stocks."

Watch Your Change!

Many merchants are complaining about the "dishonesty" of sales clerks in retail stores when giving back change from a cash register. A study of over 400 stores indicates all these mistakes in change are not due to dishonesty. They are due to the mental laziness of clerks and customers in not counting their change!

Thinking requires energy, the same as does manual labor. Most "white-collar" help hate to think and concentrate. Hence, they make careless mistakes. My father, who had a successful store in Gloucester, Mass., taught me always to count my change, and always tear a little paper off the wrapping of my purchase to be sure I have the right package.

Getting Out On The Limb

by EDDIE the editor

THIS CAN BE said about buying a home. It doesn't need new tires about the time you get it paid for.

OLD AGE is something others reach long before you do. MIDDLE AGE is when you don't care where you go, just so you're home by 9 p. m. TEEN-AGE is when youngsters aren't bright enough to realize their parents couldn't be that stupid.

ABOUT THE ONLY redeeming feature we can see to pay-as-you-go taxes is that you don't get quite as mad all at once.

DID YOU EVER notice people in public life who make you think of roosters in the act of flapping their wings and crowing? They both make a lot of noise, but don't say much.

An authority on the subject says that all you have to do to quiet the silence-splintering rooster is build a ceiling 12 to 18 inches high over the roost where the head of the flock rests at night. When the rooster raises his neck at the crack of dawn to shatter some delicate nervous system, he will give his head a smart rap on the board above his roost. This will so surprise him he will forget to crow.

It is too bad the plan outlined by the authority cannot be applied to many political figures—a ceiling on which they would crack their heads when arising to sound off like the rooster.

NO ONE REALLY knows, of course, how life will be in 1964. But from the trends of today, it looks something like this: There will be many more people running machines, and fewer laborers and skilled craftsmen. An upper level of scientists, engineers and business school-trained executives will run business and industry.

To get ahead in any trade or profession you will have to know more than you have to know today.

Industries that use the discoveries of science will be booming. They will include chemicals, electronics, labor-saving devices.

Big government, big business, big unions and the machines will tend to level people into a common denominator. It will be harder for a man to be independent, individualistic, be his own boss.

Chances are you will be more comfortable, better amused, more secure. Whether you will be happier and lead a more fulfilling life will depend on how well you can fit yourself into the complex economy that lies ahead.

This is a drouth report many Martin County citizens who like San Saba pecans will hate to read. Large pecan trees along the banks of the San Saba River are dying because of the drouth. And still it's hot and dry. Last Monday night we had the Grand Entry part of a good rain, but the remainder of the show just never did materialize. 14 Half-People

There will be 14 half-people going to Mineral Wells come Sept. 14 when the State Democratic Convention is held. You see, so many delegates wanted to attend, and as the county is only entitled to seven delegates, the idea of giving each delegate only half a vote was proposed. This seems to be a general practice at political conventions, but is something new to Crosby County. We heard the remark following the county convention Saturday that "Crosby County has gone Democratic." We suggest you read the resolutions in another column of this issue and judge for yourself.—The Crosby-ton Review.

Get Plenty Of Rest

Maybe I'm a "traidy-cat," but with polio striking hard in West Texas, I believe it is a good time to get plenty of rest and to avoid becoming over-tired. Little is known about polio, but doctors have been able to ascertain that it thrives on a run-down condition. Plenty of sleep every night and a good balanced diet are good anti-polio toxics. And remember that polio has stricken a good many people of voting age.—The Slaton Slatonite.

From where I sit... by Joe Marsh

"Nothing to Sneeze At"

This year our town decided to do something about its hay-fever sufferers. Hap Thomas is our health officer, so he was made ragweed "inspector."

"Can't see why anybody should be bothered by a few weeds," he snorted. "I say it's all in their minds." But Hap went on out to do his job.

Then, yesterday, I met Hap—looking kind of sheepish. His eyes were red and as he took out a big handkerchief, he sneezed. "Know somebody who isn't allergic, who'd like a job?" asks Hap.

From where I sit, I can sympathize with Hap. It's no joke. But as Hap admitted later, he was dead wrong in scoffing at the idea of hay fever. Making light of other people's ideas and opinions is a familiar trouble with a lot of folks. Whether it's hay fever, football or a choice of, say, buttermilk or beer as a thirst-quencher, I'm just naturally "allergic" to anybody who "knows-it-all!"

Car Door Opens, Rider Rolls Out

A family en route from Fort Worth to Post almost lost its breadwinner early Sunday morning when Jack Rawlins, 30, fell out the door of an automobile in which he was traveling with his wife and their three children.

Rawlins was sleeping and his wife driving when the mishap occurred. Sheriff Carl Rains reported. He said Mrs. Rawlins told him her husband fell out the door after it came open while she was rounding a curve a few miles east of Clarendon on Highway 380. The accident occurred about 3 a. m.

One of the children riding in the front seat with its parents almost fell out of the car after the door swung open, the sheriff was told. The couple's other two children were in the back seat.

Mrs. Rawlins brought her husband to Garza Memorial Hospital, where he was admitted and released after being treated for painful bruises and abrasions.

The Rawlins were moving from Fort Worth to Post at the time of the accident.

The first Rhode Island General Assembly met in 1647.

"AN ELECTRIC FREEZER IS THE ANSWER TO A Sportsman's Prayer!"

says
Mr. H. L. McMAHEN
of Stratford, Texas

SEE "Freezer Fair" AT YOUR REDDY KILOWATT ELECTRIC APPLIANCE DEALER

MRS. H. L. McMAHEN says:

"A freezer is a real help around the house. I can serve quick meals—and use out of season foods. And, as for 'Curly's' hunting and fishing trips, I'm like any wife. I sure enjoy eating what he shoots and catches."

"It sure is nice to have some trout or a piece of bear meat around whenever that's just what I feel like eating. I can live last year's fishing and hunting trip over again, and enjoy a good meal to boot. I recommend a freezer to anyone who goes hunting or fishing."

A sportsman like Mr. McMahan gets a real pleasure out of sharing his catch with friends. And Mrs. McMahan finds it easy to prepare a fish dinner in a hurry. Right after the catch, she puts cracker meal on the fish, cooks and freezes them. When friends drop in, a fresh fish dinner is just a matter of warming an already prepared meal.

Keep the pleasure and good eating of your hunting and fishing trips all year round. Keep your fish and game in an electric home freezer.

Card of Thanks

Will take this method of thanking each and every one of you who did anything in my behalf in the past election. Will say again thanks a million.
 L. E. Claborn, Sr.

Words fail us when we attempt to express our appreciation to our neighbors and friends for their kindnesses, love and sympathy during the illness and death of our dear loved one, J. E. Howell. We also thank each and everyone for the beautiful floral offerings and the nice food that everyone brought in our darkest hour of sorrow. May God's richest blessings rest upon each of you.
 Mrs. J. E. Howell and family
 Mr. and Mrs. O. A. McDougle and family

I wish to take this means of expressing my heartfelt thanks for the many flowers, cards, and other deeds of kindness during my stay in the hospital. I especially wish to thank Drs. Williams and Surman and the nurses.

Tuition \$15 per month, first month payable at the time of enrollment.

Classes 9 a. m. to 12 noon, Monday through Friday

AMERICAN LEGION HALL

opening date to be announced

SOME FOUR YEAR OLD children will be accepted if there are openings after all five year olds have been enrolled. Interested parents call 431.

CHILDREN WHO WILL BE SIX before Christmas will have opportunity to take first grade work at a slightly higher tuition rate. This program is approved by the Post Independent School system.

Enrollment Is Set For Kindergarten

Enrollment of five-year-olds for Mrs. Sherrill Boyd's private kindergarten will be at 10 a. m. Friday at her home, 111 North Broadway (south door).

Tentative starting date for the kindergarten is Monday, Sept. 6. Mrs. Boyd said. Classes will be taught from 9 a. m. to 12 noon Monday through Friday in the American Legion Hall.

Following completion of the new junior high school building, the kindergarten will be moved there, Mrs. Boyd said.

The kindergarten, the first to be held here in several years, has the full cooperation of administrators of the Post Public Schools and members of the school board, according to the teacher.

Mrs. Boyd, who has a first class elementary teacher's certificate, said a few of the older children who pass certain tests will be given first grade work, enabling them to enter the second grade in their first year at school providing other requirements are met.

Mothers of five-year-olds are asked to meet at Mrs. Boyd's home Friday for enrollment of their children. A few four-year-olds may be accepted, but mothers of youngsters this age are requested to call Mrs. Boyd at Telephone 431 to get on the "waiting" list.

A tuition fee of \$15 per month will be charged for each child, Mrs. Boyd said.

'The Outcast' Smash Drama Of Old West

A taut, explosive drama unfolds on the ranges of the Old West in Republic's smash production, "The Outcast," which shows Friday and Saturday at the Tower Theatre.

Filmed in gorgeous Trucolor by Consolidated, the film stars talented and popular John Derek and Joan Evans. They are supported by an impressive cast of featured players which includes Jim Davis, Catherine McLeod, Ben Cooper, Taylor Holmes, Nana Bryant, Slim Pickens and Frank Ferguson.

"The Outcast" presents the West at its wildest. There's a stampede that shook the plains of Colorado, reckless violence and love to win the Circle "C" Ranch, and a gang war in a torrent of hate.

Most of the Mexican population lives between the altitudes of 3,000 and 8,000 feet.

One Completion, Five Locations In Oil Spotlight

One completion and five locations have been reported during the past week in Garza County oil activity.

The single completion was in the Huntley-Glorieta field, where Seaboard Oil Co. No. 2 B. D. Huntley flowed 102.88 barrels of 37.1-gravity oil and no water daily through a 21.64 inch choke. Gas-oil ratio was 389-1. Perforations from 4,000-4,006 and 4,013-4,021 feet were acidized with 500 gallons.

Exact location is 330 feet from south and 989 feet from west lines of Section 1214, A-647, TTRR Survey.

Following are the new locations:

Garza—Alamo Corp. 5 W. A. Cash, 330 from south and 1,263 from east lines of Section 1216, TTRR Survey, 4 miles northwest of Post, rotary to 3,600 feet, at once.

Family-Size Farm Still In Picture

COLLEGE STATION (Sp.) — Is the family-size farm on its way out? Large-scale farming which came in with mechanized production methods caused many people to give serious consideration to this question. But, says John McHaney, extension economist, the 1950 Census figures show the family-size farm still very much in the picture after more than three decades of farm mechanization.

The 1950 Census divided the nation's 5.4 million farms into two groups, 3.7 million commercial and 1.7 million noncommercial. This last grouping consists mainly of part-time and residential units and they account for only 2.5 per cent of the value of farm products sold in 1949.

Commercial farms were divided according to the amount of sales made, says the economist, and the classes were large, family and small-scale. Farms with sales of \$25,000 or more are large-scale; those with sales of from \$1,200 to \$25,000 family-scale and the small-scale were those reporting sales between \$250 and \$1,200 unless off-farm work or income was enough to class the operation as part-time farming.

Nearly 80 per cent of all commercial farms fell into the family-scale class, says McHaney, and they account for about 70 per cent of the value of total farm products sold. Mighty strong evidence, says the specialist, that family-size farms are still the backbone of America's great agricultural industry.

Bond Is Posted On Homicide Charge

Edward Lloyd Jordan, 19, of Lubbock, made bond of \$1,000 in county court last Thursday on a charge of second degree negligent homicide.

Jordan was the driver of a butane truck which collided with an automobile occupied by Mr. and Mrs. J. J. Dyer, Jr., of Snyder on July 29 five miles south of Post. The Dyers were killed in the accident.

Kid's Pony Race—Jerry Harlan, Slaton, and Wayland McClellan, Plains, tie for first; John Burson, Silverton, second.

Riding judges, elected by riding contestants just before the start of the show, were Joe Collier of Wichita Falls and Harold Thomas of Jayton.

Flag judges for the roping events were J. Martin Basinger of Southland and Bishop Mathis of Post. A father and son combination, Will T. Smith and Clifton Smith, both of Childress, served as pickup men. Powell Shytle and Alvin Young of Post were timekeepers.

Cutting horse contest judges were Weldon Johnson of Snyder and John Birdwell of Post.

Alvin G. Davis of Brownfield, originator of the junior rodeo here, is announcer for this year's show.

Presenting trophies to the winning riding groups following last night's grand entry were Nonnie Rodgers, daughter of Mr. and Mrs. Novis Rodgers; Tommy Bouchier, son of Mr. and Mrs. Phil Bouchier, and Roger Camp, son of Mr. and Mrs. Shelley Camp.

Little Miss Mears received her trophy from Shelley Camp. It was announced at last night's show that a new Gray-horse trailer will be presented Saturday night to one of the cowboy or cowgirl champions. Names of the champions of each event will be placed in a hat and the one drawn will receive the trailer.

VA Questions And Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions daily concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Fuller information may be obtained at any VA office.

Q. Two years ago, a friend of mine filed an application for disability compensation. VA asked him to come in for a physical examination, but he never showed up. Recently his disability started bothering him. Can he still follow through on that original application?

A. No. VA considers a claim abandoned, if the veteran makes no response within one year after he was requested to take an examination. Your veteran friend will have to file a new application. If it is approved, his compensation will start as of the date of the new application.

Q. My mother and father are dependent on me. If I go to school under the Korean GI Bill, could I count them as dependents, for GI allowance purposes? Or are the dependency allowances limited to wives and children?

A. Under the law, you would be permitted to include your parents as dependents, so long as they are in fact dependent on you.

LUBBOCK MAN INJURED

Lawrence Simmons of Route 7, Lubbock, was treated at Garza Memorial Hospital late Wednesday night for minor injuries received when his pickup struck a loaded cotton truck on the highway in front of the rodeo gate. The accident is reported to have occurred while traffic was heavy, following conclusion of the rodeo performance.

J. T. Peddy has returned home after a visit with relatives in Cleburne, Grandview, Fort Worth and Dallas.

Political mudslinging was literal in ancient Rome says the National Geographic Society; the candidates wore white togas and people threw mud at them when they were unpopular.

Yarborough—

(Continued From Front Page) Yarborough said that Texas is now among the "low four" in the nation on old age pension payments, 42nd in funds spent for crippled children, and had fallen from a position of 38th four years ago to a present rating of 44th in funds spent on highway improvements.

He urged that Texas voters not "be smothered by big money and the Republican newspapers" in casting their vote in the Aug. 28 primary.

New insurance laws are urgently needed to restore faith in the second largest industry in Texas, he said.

"Seventeen insurance companies have gone broke in the last 17 months. The people ought to be able to rely on their insurance policies. This wouldn't have happened if the proper laws were passed and enforced to control the insurance companies," he said.

Following his speech, Yarborough, donned Post Stampede Cowboy regalia, mounted a horse loaned him by Hinton Fluitt and rode between the color bearers at the head of the Junior Rodeo parade.

Included in a reception party meeting Yarborough on the outskirts of Post as he arrived from Colorado City were his local campaign manager, N. C. Outlaw, T. R. Greenfield, Mayor T. L. Jones and a group from Ralls, including Ernest Joiner, editor of the Ralls Banner.

Sheriff Carl Rains provided a police escort into Post for the candidate's automobile.

How many big moments can a man or woman have?

It keeps happening all of our lives. The big moments—the rare moments that give life a new meaning. And you say to yourself—"I'd love to live this moment again." Yes, there's no forgetting those big moments and you know it when you are living them. So it is with the memorable moments that you share with someone at your side. Sometimes in a theatre, sometimes at the movies. Not that there aren't many films that delight and transport you for the moment. But occasionally, you see one that transcends entertainment and your awareness is deeper than tears or laughter. It creates a bond with what you have been, what you have known, what you have felt. Such a picture is the moving, touching story of soldiers and sweethearts which Samuel Goldwyn filmed under the title "Best Years of Our Lives." You see it and you live it, your eyes misting through your smiles as if this story were about you and your own loved ones. The power and impact of this drama have won it countless awards, world-wide honors, an unprecedented number of Academy Awards. But its finest accolade is the one which you and millions of others will give it when you walk out of the darkness of the theatre and say to yourself, "I'd love to live this moment again—"

Watch for "The Best Years of Our Lives" at your Tower Theatre.

Sincerely,
John N. Hopkins

Allan Shivers
... FIRST WITH TEXANS BECAUSE:

PUBLIC SCHOOLS: As a State Senator, Lieutenant Governor and Governor, Allan Shivers has supported, sponsored or signed every major piece of legislation during the past 20 years. The Texas public school system today is more outstanding than ever before. He believes Texas must continue to meet the growing needs of our schools.

WATER CONSERVATION: Allan Shivers is a strong, outspoken advocate of water and soil conservation. He has a far-sighted program in this important area and the proven leadership to carry it through. "Soil and water conservation constitute our Number One domestic problem," he said recently.

ROADS: Allan Shivers was one of the original sponsors of the farm-to-market road system in Texas. During his administration, more miles of farm-to-market roads and state highways have been built than in any other comparable period. He believes highway construction and maintenance should keep pace with a growing Texas.

LOCAL GOVERNMENT: Allan Shivers believes government should be kept as close to home as possible. He is firmly convinced that the Supreme Court should give local school boards maximum latitude in handling the many difficult, varied problems that, in future years, will grow out of the segregation decision.

ECONOMY: Despite the vast improvements which have been made, Texas still ranks among the lowest in the nation in per capita state taxes. Unlike most states, Texas operates on a cash basis without either a sales tax or state income tax. Allan Shivers is opposed to both.

Conoco Super Gasoline with

The Greatest Gasoline Development in 31 Years

Here are the facts proved by millions:

1. "I first used Conoco Super with TCP on a vacation trip. Right from the start I could feel the difference in my 1946 Chevy's performance. In hilly country I just sailed right over. Better mileage, too!"
Carl E. Hubbell, Farmer
Route #1, Utica, Nebraska

1. TCP boosts your car's power as much as 15% (because it neutralizes power-robbing lead deposits).
2. TCP gives you extra gas mileage (motorists report up to 3 miles more a gallon).
3. TCP is just like an engine tune-up (because it makes it possible for you to enjoy all your car's built-in power).
4. TCP is your guarantee of Top Car Performance (because only TCP gives you the full benefits of the greatest gasoline development in 31 years).
5. TCP lets you enjoy all the extra performance of Conoco Super's higher octane rating.

2. "Conoco Super with TCP gives my car the best all-around performance—quick starting, smoother running and almost 3 miles more per gallon. I'm really sold. They don't make a better gasoline."
Audrey Lewis, Car Salesman
1216 McArthur, Rosenberg, Texas

3. "I discovered Conoco Super with TCP on a trip to my daughter's in Salina, Kansas—165 miles each way. I made the round trip without refilling the tank—the first time I'd ever been able to do that!"
Lou Hall, Barber
808 Tennessee St., Lawrence, Kansas

4. "My mail route runs near 90 miles. What with hills, humpy roads and traffic, I need the best gasoline I can get. I got it with Conoco Super with TCP! It's far ahead of any I've ever bought."
A. S. Johnson, Rural Mail Carrier
1826 West Sycamore, Denton, Texas

5. "I switched to Conoco Super with TCP hoping I could stop engine knock in my new car. Now there's no knock or ping and the ride is much smoother. It really runs like a new car."
Wilhelmina D. Bruts, Housewife
2233 Kearney Street, Denver, Colorado
