Post Schools Are To Open Tuesday For New Term

Registering Under Way

Registration of Post High School students is being completed today in preparation for the opening of the 1957-58 term on Tuesday. Supt. R. K. Green said today that the faculty is complete except for one fourth grade teaching vacancy, and that he is looking forward to a highly successful school year. The first general faculty meeting will be held at 9 a.m. Friday. It will be for the purpose of orientating the teachers with the program, including the new reporting system instituted last spring, Green said. High school and junior high school classes will begin at 8:43 a.m. and elementary school classes at 9 a.m., the superintendent said. Lunchtime schedules, he said, have not been completely worked out, but will be on a staggered basis. All schools will dismiss at 3:45 p.m.

The board of trustees is to meet tonight to complete hiring bus drivers for the term. Nine bus routes will be maintained this year, Green said. Registration of seniors was completed Monday. Juniors registered Tuesday and sophomores Wednesday, with the freshmen completing the registration schedule today. The newest addition to the faculty is Miss Frances Hyde of Brownwood, employed as head of the high school English department. She is a graduate of the University of Texas. Other high school department heads include Leonard Tittle, mathematics, and L. A. Garner, science. Green said four grades—first, fourth, fifth and sixth—will be taught this year at the Graham School. It was decided not to teach the second and third grades at the school, since enrollment of only two pupils in each of these grades was anticipated. The enrollment in the four grades to be taught there is expected to be about 40. The following school personnel list for the term has been released from the superintendent's office: High School R. K. Green, superintendent; Glenn Whittenberg, principal; Miss Frances Hyde, English; L. A. Garner, science; O. A. Madison, science and audio-visual; Mrs. Cora Fleming, commercial; Mrs. Wilma Hill, homemaking; N. R. King, driver training and girls' physical education; Frank Krhut, coach, physical education and history; Albert Parsons, coach, physical education. See POST SCHOOLS, Page 8

General Foods Promises \$1,000 Jubilee 'Helper'

General Foods Corp. has notified Post Golden Jubilee, Inc., that it will contribute \$1,000 to the Jubilee fund, which is financing the four-day celebration to be held here Sept. 14-17 in observance of the city's fiftieth birthday. A check for \$1,000 will be presented by George M. Laimbeer, general manager of Post Cereals Division of General Foods, when he comes here to attend the Jubilee. Plans are for Mayor James L. Minor to accept the contribution on behalf of the Jubilee organization. Meanwhile, first standings made public in the Jubilee Queen contest at noon Tuesday disclose that Loveta Josey is running No. 1, Deborah McDonald, No. 2 and Nita Terry, No. 3. Other queen candidates in the order of their standing are, Gloria Cockrell, Barbara Wheatley, Jane

freda Carpenter, Linda Livingston and Leslie Nichols, then Gwen Cople, Lucy Trammell, Doris Jean Ramsey, Mozelle Edwards, Barbara Babb, Linda Bilberry, Patsy Fumagalli, Ann Porterfield, Jerry Rains, Sandra Ray, Mary Lou Stone. The winner will be crowned Jubilee Queen at the "Caprock Cavalcade" presentation on opening night. Her prize will be an expense-paid trip to Hollywood for herself and a companion. The runner-up will be crowned "Miss Garza County" and the next four in the final standings will serve as attendants. Rehearsals for Caprock Cavalcade are proceeding on schedule, according to Paul Haagen, director. Construction of the giant stage and scenic backdrops at Post Stampede Rodeo arena is under way by a committee headed by Edsel Cross.

WINDOW DISPLAYS

Items for display in historical windows to be arranged by Post business places are being sought by Chant Lee, historical committee chairman. The chairman asks those having items for display to mail or bring them a list. It will not be necessary to bring in the items until the merchants have selected them for their displays, Lee said.

Annual Chest Campaign To Be Held In October

Garza County's annual Community Chest drive will be conducted sometime in October at the same time that the Lubbock Chest drive and others are held. This decision was made Friday night at a meeting of the Community Chest board of directors in the district courtroom. Meanwhile thorough planning and preparations are being made for the campaign under direction of Irby Metcalf, president of the Chest organization. Metcalf announced he will appoint a budget committee in the immediate future to study the fund requests of the nine participating organizations and submit their recommendations to the directors. A permanent card system will be set up for all donors in the county prior to the drive and records of contributions will be maintained from year to year to aid the Chest organizations in future years. Metcalf emphasized to directors that the Chest goal can be subscribed this year if people are told that what they give is divided among nine worthy organizations, thus saving numerous fund raising drives. He said people should make their Chest contributions with the realization that they are giving not to one organization but to nine.

Monday Is Labor Day; It's Also Dollar Day Post stores will follow their custom of remaining open on Labor Day, with most of them having scheduled regular monthly "Dollar Day" events. As far as could be learned Wednesday, the bank and post office are the only downtown business places that will be closed. Some area oil company offices will observe the day by remaining closed. Readers are invited to "shop" the Dollar Day ads in this week's issue of The Dispatch.

Accident Victim's Condition Critical

Ten-year-old Joyce Bilberry, who was injured in a motor scooter accident about 6:30 p. m. Saturday at 10th and Avenue O, was still in a critical condition Wednesday at Lubbock Methodist Hospital. Joyce's 13-year-old uncle, Oliver McDougale, who was driving the scooter, was reported improved, but still in serious condition. The youngsters were thrown from 30 to 40 feet when the scooter was struck by a pickup truck driven by Mrs. Lucille Queen of Slaton, who was here visiting her parents, Mr. and Mrs. Wesley Stephens. Both youngsters suffered head and other injuries. They were taken to the Lubbock hospital by a Hudman Funeral Home ambulance after a physician examined them at the scene of the accident. Deputy Sheriff J. W. (Red) Floyd, who investigated the accident, said Mrs. Queen, who was See ACCIDENT, Page 8

Area Farmer Dies Suddenly Sunday

Funeral services for James L. Hall, 79, of the Pleasant Valley community, who died Sunday morning in Slaton Mercy Hospital, were held at 9 a. m. Tuesday in the Pleasant Valley Baptist Church. Mr. Hall, a resident of the Pleasant Valley community for 34 years, was taken to the Slaton hospital early Sunday after suddenly becoming ill at his home. He was born Nov. 2, 1877, in Waterloo, Ala., and had been a member of the Baptist Church for 42 years. Officiating at the services were the Revs. J. W. Rives of Lubbock and Edwin L. Hall of Muleshoe, a grandson of Mr. Hall. Burial was in Terrace Cemetery under direction of Hudman Funeral Home. Pallbearers were Robert Mock, H. D. Bowers, Deamos Altman, Richard Lewis, Elmer Hill and Wesley Scott. Honorary pallbearers were Alvie Robinson, Clovis Robinson, C. R. Scott, Spence Bevers, T. L. Adams and Carl Payton. Mr. Hall is survived by his wife, Mrs. Ida Mae Hall; three daughters, Mrs. Irene Serman of Wichita Falls, Mrs. Ella Mae Moore of Norwalk, Calif., and Mrs. Frances Lancaster of Post; five sons, Walter See AREA FARMER, Page 8

Data Being Sought On Federal Aid

The White River Municipal Water District is gathering information on the possibilities of obtaining federal aid for the construction of the proposed White River Dam. A three-man sub-committee of a special committee named last week to "go after federal money" was in San Angelo today finding out the procedures used by that city recently in obtaining \$15,000,000 in federal aid for a \$40,000,000 water project. Making the trip to San Angelo were Marvin McLaughlin of Ralls, Reese McNeil of Spur, and R. J. (Rube) Jennings of Post. Decision to make the San Angelo information hunt was made Tuesday night in a meeting at Spur of the five-man special committee to investigate federal aid possibilities for the project. The towns of Post, Spur, Ralls, and Crosbyton Aug. 17 authorized a \$1,000,000 bond issue for the construction of the White River dam project. Now the bonds have been voted White River directors are interested in exploring all possibilities of federal aid. It is hoped some federal aid may be obtained—if the project qualifies for it—to reduce the cost of the surface water supply to citizens of the four cities.

Food Store Is Broken Into Tuesday Night

The O. K. Food Store at 312 North Broadway was broken into Tuesday night, but at 10 a. m. Wednesday owner E. E. Pierce said a check showed nothing missing. Sheriff Carl Rains, who investigated, said the intruders entered through a rear door after prying off the night lock. A screen had been cut from a window, but it appeared that the burglars went to the door after failing to gain entrance through the window.

Jayton Rites Held For Charles Fox

Charles O. Fox, 79, former star route carrier out of the Post post-office, died Tuesday at his home in Jayton following a lengthy illness. Fox lived in Post from 1940 to 1947 during which time he was the star route carrier. He came here from Snyder and moved to Jayton when he left Post. Funeral services were conducted at 10 a. m. Thursday in the Jayton Methodist church by the Rev. Carl Hudson of Jayton. Burial was in the Clairmont cemetery under direction of Mason Funeral Home. Fox was born in Parker County July 20, 1878, and was united in marriage to Miss Fanny Hardin in 1899 in Clairmont. Survivors include the wife, who lives at Jayton; one daughter, Mrs. M. V. Jay of Jayton; one son, C. O. Fox, Jr., of Lubbock; one foster son, Jim Lauderdale of Morenci, Ariz.; one sister, Mrs. Sallie McDaniel of Ruidoso, N.M.; four See FOX RITES, Page 8

Telephone Company Reaches Major Milestone, 250,000th Installation

A milestone of major importance has been reached by General Telephone Company of the Southwest with the installation of its 250,000th telephone.

On Aug. 14, 1957, General Telephone installed the 250,000th telephone in the form of a yellow extension in the kitchen of a new home belonging to Mr. and Mrs. R. E. Kane, Denton, Texas. Mrs. Kane was given a free long distance telephone call and other souvenir items in recognition of General's quarter-millionth telephone being installed in her home. G. Howard Briggs, operating vice president of the company and Harry S. West, district manager were on hand for the occasion.

Company officials have been checking records and work orders since June and had expected this milestone to be reached sometime in September. However, the continuing rapid growth of the company has resulted in the 250,000th mark being reached approximately a month earlier.

General Telephone Company of the Southwest has made rapid strides since it was first organized in Lubbock in 1926. At the time of organization, the Company was

servicing 7,000 telephones in Texas and New Mexico through 33 exchanges. At that time there were 177 employees. Today, 3,700 employees work at the general office in San Angelo and in the 264 ex-

changes located throughout Texas, New Mexico, Oklahoma, Louisiana, and Arkansas; and the company serves 250,000 telephones.

General Telephone Company of the Southwest is the largest independent telephone company in the Southwest and is the fourth largest company in the General Telephone System, a network of companies serving three million telephones in 30 states. General of the Southwest is second only to General of California in the System in rate of growth.

Commenting on the growth, E. H. Danner, company president, remarked that so far this year the company has gained over 7,500 telephones and expects to gain over 12,000 more before the end of the year, through internal growth. He continued speaking of growth by pointing out that the company was serving 40,000 telephones at the end of the second world war, only 3 per cent of which were dial operated. Today, just 12 years later, 78 per cent of the 250,000 telephones are dial operated in the company. Danner stated that the company's budget for 1957 and 1958, which is in excess of \$30,000,000, is better than one-half of the total telephone plant investment of the company as of Dec. 31, 1956. This is just an indication, he said, of the greatly improved equipment and facilities being brought to the customers of General Telephone Company in the foreseeable future.

Danner concluded by making a significant remark about the future in that the increased cost of doing business is well illustrated by the fact that in 1946 the company had an average company-wide investment of \$121 per telephone in service; whereas, today that figure stands at \$295 per telephone. Danner pointed out that the goal of General Telephone is to give the customers they serve the type of service they want when they want it, but that type of service comes only when a company operates from a sound financial base which permits adequate earnings for invested capital.

ATTEND SERVICES

Mr. and Mrs. Bill Kelley of O'Donnell and formerly of Post were guests Sunday in the home of the Elmer Butlers. They attended church services at the Baptist Church.

Redwood Library is the oldest continuously used library building in the U. S. It was built in Newport, Rhode Island, in 1748.

QUARTER-MILLIONTH TELEPHONE — G. Howard Briggs, operating vice president for General Telephone Company of the Southwest, looks on as General's 250,000th telephone is installed in the home of Mrs. R. E. Kane of Denton, Texas. James M. Glover, installer repairman at Denton, is shown testing the instrument before Mrs. Kane makes the first call on the new yellow extension telephone. General is the largest independent (non-Bell) telephone company in the Southwest and operates 264 exchanges in Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

H-SU Entrenched With Post Family

ABILENE—You might say Hardin-Simmons University runs in the family of the Roy Shahans of Post.
The Rev. Shahan, pastor of the First Baptist Church in Post, is a H-SU graduate. His wife attended the university. Their four children all have degrees from H-SU.
And that's not all. Husbands of the Shahans' two daughter are H-SU graduates.
The last of the Shahans graduated Friday. He is Herbert Shahan, who plans to begin teaching in the public schools of Tacoma, Wash., this fall.
The Rev. Shahan is a 1932 graduate. His wife, the former Floris Hughey of Tennessee, attended H-SU.
Their daughter, Paula, now Mrs. Glen Easley of Tacoma, Wash., is a graduate along with her husband.
Their second daughter, Roy Jean, now Mrs. Kenneth Browning of Brownfield and her husband are graduates of the university.
A son, Bob, who lives in Los Angeles, Calif., is a 1955 graduate. His wife is the only member of the Shahan family who did not attend H-SU.
Herbert's wife, the former Betty Goodall of Memphis, Tex., is also an ex-student.
The Rev. Shahan gave the invocation at Wednesday night's baccalaureate services in the First Baptist Church of Abilene.

Medium Infestations Bollworms Reported In Garza County Crop

Bollworms are reported in medium infestations in Garza County cotton crops, according to the current Cotton Insect Situation release from the Extension Service.
Growth and fruiting of cotton has continued at a satisfactory rate in most areas covered by the release. Although some shedding of forms occurred in many plantings, such shed was generally not due to insect damage. Actually, except for leafworms, reports indicate little increase in insect infestations on cotton.
Small leafworms and heavy egg populations were present in many fields in Dawson, Howard, Mitchell, Scurry and Terry counties. Some cotton in a number of other counties had sufficient infestations to require control. Cotton should be checked frequently for the small worms so control may be effected before serious ragging of leaves has occurred.
In addition to Garza County, bollworms were reported in medium infestations in Collingsworth, Dawson, Lynn and Scurry counties. Infestations were generally light in most other localities.
While a considerable acreage has been treated for control of the worms, most infestations were not heavy. Since cotton is in a very attractive stage of growth, the crops should be checked frequently for appearance of eggs and small worms.
Cabbage loopers were present in light infestations on cotton in many

Destroyed Cotton Is Being Checked Here

Reporters from the county ASC office are checking cotton destroyed to effect compliance on overplanted cotton farms.
Operators are urged to completely destroy cotton on these plots since regulations require that all cotton be completely destroyed before credit is given for the plot.

Onieta Jones, Clarence Gunn Wed In Friendship Church

MRS. CLARENCE GUNN

Miss Onieta Jones, daughter of Mr. and Mrs. Barrie Jones, became the bride of Clarence Gunn, son of Mrs. Gladys Gunn, in a double ring ceremony in the Friendship Baptist Church at Close City. The Rev. Roy Shahan of the First Baptist Church of Post performed the ceremony on August 24 at 6 p.m. in front of an altar decorated by a basket of white gladioli flanked by palms.

Reta Fern Jones attended her sister as maid of honor and Misses Linda Livingston and Arlene Barron were bridesmaids. G. W. Gunn of Haskell attended his brother as best man and Darrell Jones, brother of the bride, and Sammy Sanders, cousin of the bride, were ushers.

Donna Sue Maddox, attired in a blue crystal taffeta dress and carrying a white basket, was flower girl. Mrs. T. L. Jones, aunt of the bride, played traditional wedding music and accompanied Miss Frances Barron who sang "Always".

Given in marriage by her father, Miss Jones was attired in a street-length dress of chantilly lace over blue satin. The shoulder-length veil of white tulle was held by a tiara of iridescent sequins and seed pearls. She carried a white Bible topped with white roses and stephanotis. For something old, she carried a pair of hand crocheted gloves made by her grandmother, a gift to her mother at her wedding; something new, a Bible from her mother; something borrowed, a bracelet belonging to Arlene Barron; and something blue was a blue was a garter, a gift from Janet Childs. Miss Jones also wore a penny in her shoe.

The bridesmaids were dressed in identical dresses of white crystal taffeta with empire waistlines and blue satin sashes. They carried bouquets of blue carnations with white chrysanthemums held by lace and white ribbon.

Approximately 100 guests attended the ceremony and reception which followed immediately in the dining room of the school. Miss Barbara Wheatley presided at the lace-covered register table which was backed by white gladioli arrangements. Misses Marie Howard and Marilyn Steel served cake and punch of the bride's chosen colors, blue and white. The three-tiered cake was topped with a miniature bride and groom and decorated with blue flowers.

For a wedding trip to San Antonio Mrs. Gunn chose a grey and brown plaid cotton dress with matching accessories. Mr. and Mrs. Gunn are both graduates of Post High School and he is employed by Advance Drilling Co. They will make their home here after Sept. 1.

Mrs. Satterwhite Has Priscilla Club Friday

Mrs. Inez Satterwhite entertained the Priscilla Club Friday at 3 p.m. The afternoon was spent visiting and sewing.

Present were: Mmes. Morris Neff, R. H. Collier, Nettie Barrow, Ellis Mills, Roy Shahan, R. H. Tate, E. W. Wrestler, T. R. Hibbs, C. W. Terry, Robert Cox, N. C. Outlaw, and J. L. Durbin.

The hostess served refreshments of white and chocolate layer cakes and ice cream.

OES Will Observe Founder's Birthday

Mrs. Lucille Morris presided as worthy matron and the Rev. W. L. Porterfield presided as worthy patron at last Tuesday's meeting of the Order of the Eastern Star. The session was held in the Masonic Hall.

The group voted to sponsor a float in the Golden Jubilee Parade and the committee for the float will be Mrs. Beatrice Dodson, Mrs. Louella Bilberry and Mrs. Willie Cross.

Refreshments were served by Mrs. Margaret Bull and Mrs. Jimmie Pierce.

The organization will observe the birthday of its founder, Rob Morris, with an ice cream supper at the City Park at 7:30 tonight.

Present were: Mmes. Pierce, Estela Nichols, Lucille Morris, Mary Gale Young, Consuelo Thuet, Helen Wrestler, Louella Bilberry, Bull, Willie Cross, Eula Stone, Beatrice Dodson, Winnie Henderson, Minnie Wright, Carrie Bell Scoggin, Ila Bess Porter, the Rev. Porterfield and Miss Ann Porterfield.

Stewardship Study Completed By WMU

Postscripts

Mr. and Mrs. Charles M. Prather and son, John William, were guests in the home of her parents, Mr. and Mrs. C. R. Thaxton, last week. They were on their way to Austin where Prather, who has his master's degree in business administration, will study law at the University of Texas. Mrs. Prather will teach at the university and also continue her studies for her master's degree in business. They have been in San Francisco for two years where he was a Naval officer.

Dr. and Mrs. John Rountree and children, Patsy, Susan and Bobby, of Dallas arrived in Post last Thursday for a visit with Mr. and Mrs. A. C. Cash. Dr. Rountree went to Colorado on a fishing trip with Lubbock friends and returned to the Cash home Monday. The Rountrees returned to Dallas early this week.

Cheryl Billings and Kay Ballentine entertained with a Hollywood Party at Antelope Alley Friday night with the guests coming as their favorite Hollywood star. Winning prizes for their makeup and attire were Judy Clary and Lee Williams. Guests were: Jeanette Hutto, Lee Williams, Judy Clary, Beverly Young, Linda Taylor, Bobby Beard, Bobby Hudman, Dwayne Capps, Doris Copple and Linda Dulaney. Adults present were Mrs. Bob West and Mrs. Mack Terry.

Mrs. Harry Tubbs and children, Spike and Elizabeth, returned home Tuesday after visiting her sister, Mrs. James O. Gibson, in Akron, O., and her brother, Charles Ellis, in Cuyahoga Falls, O.

Mrs. Leo Acker entertained the Lucky 13 Bridge Club Wednesday. High scorer was Mrs. Bob Collier. Rainbow cake and coffee were served to: Mmes. Collier, V. L. Peel, Jack Henderson, Ralph Kirkpatrick, Jack Brown, Malcolm Bull, Bill Cates, L. C. Herron, Jim Cornish, Jess Cornell, Powell Shytles and Shelley Camp.

Miss Janyce Lobban, daughter of Mr. and Mrs. V. A. Lobban, Sr., left Sunday for Houston where she will visit this week with her uncle and aunt, Sgt. and Mrs. A. T. Lobban and her former roommate at Texas Tech, Mrs. Phil Hendrix, before beginning her duties as art instructor at Webster Junior High School. Miss Lobban has been employed by the City of Lubbock as director of one of the city's recreation centers since her graduation from Tech last Fall.

Mr. and Mrs. David Newby and children returned Saturday from a vacation at Grand Lake, Colo. In the annual Grand Lake regatta Newby's boat won the Bryant cup for the fastest timing of any entry in the race. The trip, which included a side trip to Aspen, Colo., was unmarred until the Newbys were on their way home and the strap to the luggage carrier atop the car snapped, scattering their luggage and contents across high wind-swept Colorado fields. It seems that Melinda Newby's oil paints disintegrated as they were never found.

Mrs. Ralph Kirkpatrick entertained the Hi-Ace Bridge Club Tuesday afternoon. Present were: Mmes. Jack Henderson, Julian Smith, Jack Brown, Wallace Simpson, Leo Acker, Reese Carter and David Newby. Mrs. Newby was high scorer.

The program will be on "Children's Spending", and it will be presented by the home demonstration agent, Miss Jessie Pearce.

Single Ring Church Vows Unite Carolyn Boren, Harry D. Adams

Carolyn Bruce Boren, daughter of Mr. and Mrs. James Walter Boren, Sr., and Harry Don Adams, son of Mr. and Mrs. C. B. Adams of Knoxville, Iowa, pledged wedding vows at 8 p.m. Saturday, Aug. 24, in the First Presbyterian Church.

The Rev. Clinton Edwards read a single ring service and Mrs. J.A. Stallings played a prelude of pre-nuptial selections. Miss Jo Marie Peck sang, "I Love Thee," by Greig.

The church was decorated with white gladioli, greenery and white tapers marking each aisle.

Given in marriage by her father, the bride wore a gown of white satin and French lace with the princess skirt extending into a long train. The fitted bodice was styled with long petal-point sleeves and a portrait neckline framed by a cuff of fabric held by appliqued bands of lace. She carried American Beauty roses and her circular veil of Italian lace was attached to an escalloped bandeau.

For something old she wore an antique brooch which belongs to her grandmother, Mrs. John Coleman. Something borrowed and blue was a handkerchief belonging to her aunt, Mrs. Tom Wood.

Miss Jettie Evans of Lubbock attended the bride as maid of honor and Mrs. David T. Benedetti of Albuquerque, N.M., was bridesmatron. They were dressed in American Beauty taffeta with chiffon sashes accenting the waistlines and flowing to the hemlines. Small crown hats secured their circular veils and they carried white rosebuds.

Candles were lighted by Jane and Neal Francis, cousins of the bride. A niece of the bride, Mary Carolyn Boren of Cortez, Colo., was flower girl.

The bride's mother was attired in an embroidered champagne satin dress with matching jeweled hat and wore a corsage of red rose buds.

Chester Westfall of Tulsa served as best man. Ushers were James Walter Boren, Jr., and John Coleman Boren, brothers of the bride.

At a reception which followed in the home of the bride's parents, the serving table was covered with white hand embroidered linen and centered with American Beauty roses. A tiered cake and silver and crystal appointments finished the setting.

Members of the house party were Mmes. Gilbert Griffin of Grandfalls, Tom Wood of Lamesa, Burney Francis, Thurman Francis, Tom Hagood, W. C. Bush and Dee Coleman.

After a wedding trip to Colorado and New Orleans, La., Mr. and Mrs. Harry Don Adams will fly to Santa Barbara, Venezuela, where they will make their home for two years. Adams, a graduate of Colorado School of Mines, is a petroleum engineer for Venezuela Petroleum Company.

His bride is a graduate of Post High School and Texas Tech. She has been teaching school in Albuquerque, N. M. She chose for traveling a blue silk suit with white accessories.

MOURNING DOVE — WHITE-WINGED DOVE
Open Seasons 1957

-  NORTH ZONE: Sept. 1 to Oct. 17, both days incl. 15.
-  SOUTH ZONE: Oct. 1 to Nov. 17, both days inclusive, except in those counties having white-wing season—Oct. 1 to Nov. 14, both days inclusive.
-  WHITE-WINGED DOVES and mourning doves, Sept. 13, 15, and 17.

BAG LIMIT: 10 per day in the aggregate, White-wings (in season) and mourning doves. Possession limit 10.

SPECIAL NOTE: Unlawful to take white-winged doves or chachalacs South of U. S. Highway 83, formerly State Highway 4, in southern tip of Texas, marked on map as "Game Sanctuary."

SHOTGUNS must be plugged permanently to three-shell capacity, may not be larger than 10 gauge. Hunting doves with rifles prohibited.

SHOOTING HOURS: White-winged and mourning doves, in season, 12 o'clock noon to sunset.

KAUFMAN COUNTY: Dove season closed in Combine Community.

NO HUNTING permitted in game refuges and game reserves.

Texas Game and Fish Commission
Austin, Texas

SHOOTING ALLOWED FROM NOON UNTIL SUNSET

Mourning Dove Shooting Season To Begin Sept. 1 In North Zone

AUSTIN—It's time to drag the shotgun from the corner in the closet and wipe off the lint. The 1957 shooting season will begin Sunday noon, Sept. 1, for mourning dove in the north zone, according to the director of law enforcement of the Game & Fish Commission.

Thirty days later the season will open in the south zone.

The seasons extend: north zone, Sept. 1 to Oct. 17 inclusive; south zone, Oct. 1 to Nov. 17, inclusive.

The white wing season has been authorized for the Rio Grande Valley area for Sept. 13, 15, 17.

The dove bag limit is 10 per day, with 10 in possession.

Shooting is allowed from noon until sunset.

Under federal and state regulations all shotguns must be plugged to three-shell capacity. Shooting from vehicles or across the highways is prohibited.

The director issued warning to shooters to make arrangements with land owners for their hunts.

Three East Texas counties, Jasper, Tyler and Newton, will have no open season. In a local bill, these counties were excluded from the general laws and a special season was set up. This special season is in conflict with the federal laws.

Reports from all over the state indicate the largest dove crop in years. It is estimated that some 600,000 whitewings will be available for the Valley hunt.

Mourning doves are plentiful now in every area. Unless there is a drastic change in weather conditions before Sept. 1, they are expected to remain in the local areas. Cooler weather or rains could change this condition. Water hole shooting also can be affected greatly, especially if heavy rains fill new water holes, providing too much water in various areas where food is available.

"Every safety precaution should be used," the director said. "Hunting season usually brings on several accidental deaths, due entirely to carelessness."

He also warned that all persons between the ages of 17 and 65 need licenses when hunting outside their home counties. These licenses now are available from wardens and other authorized license dealers throughout the state.

VA Questions And Answers

Q. Before going into military service during the Korean conflict, I was a qualified plumber. Now that I have been discharged, I would like to take a refresher course in plumbing at a trade school. Could I do so under the Korean GI Bill?

A. No. Under the law, veterans are not permitted to take courses in subjects for which they already are qualified by reason of prior experience or training.

Q. I have just applied for a VA pension for a total and permanent nonservice-connected disability. If I qualify, will I receive a higher rate because I am married and have a family?

A. No. Pension rates are not based on your dependency status. The rates are the same for veterans with dependents and for veterans without dependents.

Q. When I bought a house, I used my complete \$7,500 GI loan guarantee. Now, I have an opportunity to go into business. Could I get a GI business loan to help me get started?

A. No. You used your full entitlement for your GI home loan. There is no entitlement remaining for GI business loan purposes. If you hadn't used the maximum home loan guaranty, it may have been possible for you to qualify for a GI business loan.

Q. I want to pay my GI insurance premiums once a year instead of once a month. Where can I find out how much the yearly premium will be?

A. Write to the VA District Office where you pay your premiums, or contact your nearest VA office. Be sure to include your policy number when writing.

A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

big group of dependents at the other end. In the middle are the workers, shrunken abnormally in numbers by the low birth rate of the depressed 1930's.

Upon this relatively small work-er force falls the burden of pro-duction. The solution to the prob-lem lies in a vastly increased rate of output per worker—or in a de-cline of total demand. Stepped-up automation may be the real an-swer—but this change will come slowly. I therefore conclude that Labor Leaders hold the reins; they must be responsible for the ulti-mate results. They, and the poli-ticians who fear them, will surely cause a smash-up unless they stop demanding constant wage in-creases.

Bonds are selling lower than for over 20 years. This is not a good sign. Stocks are not holding up. Many commodities are slipping in price. Investment sentiment and reported earnings show up well so

far in July. I, however, believe that readers will do well to take profits and deposit the money in banks where they can get 3 per cent to 4 per cent awaiting a good break in the stock market.

Businessmen should gradually get out of debt and prepare for very severe and unprofitable com-petition during the remaining months of 1957. Either assured peace or another war could start a collapse. I "feel-in-my-bones" that something unexpected may at any time happen. I especially have in mind the fear of either FALL-OUT or DISARMAMENT. Russia's best defense at the present time is using the threat of fallout in trying to force disarmament.

RAILS THAT NEVER RUST

Gleaming in the midday sun . . . shimmering under the moon's pale glow . . . afire with gold as the night headlights bear down . . . rails that never rust.

Rolling wheels won't let them!

Some folks wonder whether it's important to go to Church every Sunday. Why not twice a month—or now and then—or at certain special seasons?

When the wheels stop rolling: RUST! When we relax in our quest of God or interrupt our pursuit of faith, then all the destructive influences in life begin to attack the soul.

The Church helps us keep open our spiritual *right of way*. And not only church-worship, but personal prayer, Bible reading and family worship rightfully deserve a place on our timetable.

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Conservation Program Is Arousing Interest Here

Garza County farmers and ranchers are showing considerable interest in the Great Plains conservation program ordered into effect a few days ago by Secretary of Agriculture Benson.

Alex Ringhoffer, work unit conservator for the Post Work Unit of the Duck Creek Soil Conservation District, said today that his office already has received a number of inquiries about the program. He said it probably will be another month or so before sign-ups can start on the program, and that the Soil Conservation Service will cooperate with the Agricultural Stabilization and Conservation Service and the Extension Service in the program's various phases.

Under the program, farmers and ranchers in Garza and 63 other Texas counties may contract with the government and use federal funds in a new effort to prevent wind erosion.

Congress authorized the program last year and appropriated \$10 million this year for the first 12 months of operation. The secretary of agriculture said this program will help farmers and ranchers employ conservation measures through long-term, cost-sharing contracts to minimize climatic hazards and protect their land from erosion.

Farmers and ranchers must submit workable plans for needed land use changes, cropping and grazing systems and soil and water conservation practices.

Among practices listed as eligible for cost sharing are establishing permanent plant cover, field or contour strip-cropping, contour cultivation, improving range cover, trees or shrubs for wind-

breaks or shelter belts, establishing waterways, building terrace systems, chiseling or pitting range-land, improving dams or ponds for irrigation, constructing wells for livestock, fencing, and controlling brush.

Fair Department Heads Are Named

Superintendents and division chairmen have been named for the annual Garza County Fair to be held Friday and Saturday, Sept. 13 and 14, sponsored by the Post Lions Club.

The following superintendents have been appointed: Dean Huddleston, 4-H boys' exhibits; Sharon Jobe and Jessie Carolyn Ward, 4-H girls' exhibits; Noel Don Norman, Future Farmers of America exhibits; Linda Livingston, Future Homemakers of America exhibits; Mrs. Robert Mook and Mrs. Homer Huddleston, women's exhibits; George Samson, agriculture exhibits; Tommy Young, 4-H agriculture exhibits; Mason McClellan, FFA agriculture exhibits; Floy Richardson and L. H. Peel, livestock; Don Richardson and Joe Dick Rogers, poultry and rabbits.

Women's division chairmen are: Mrs. Avery Moore, needlework; Mrs. George Leggett, rugs and quilts; Mrs. J. W. Long, clothing and sewing; Mrs. Billie Johnson, miscellaneous; Mrs. N. C. Outlaw, ceramics; Mrs. Jack Brown, canning; Mrs. L. H. Peel, frozen foods; Mrs. Glen Davis, culinary; Mrs. J. F. Storie, relics and antiques.

Named as youth division chairmen were: Mrs. Stanley Butler, arts and handicraft; Mrs. Weldon McGehee, clothing; Mrs. J. R. Higgins, needlework; Mrs. Jess Ward, canned products, culinary and frozen foods.

Lions Club fair committeemen are: Al Norris, president; Victor Hudman, chairman of fair committee; H. W. Schmidt, grounds; Charles Casey, lights; Noah Stone, tents; Walter Johnson and Homer McCrary, entertainment concessions; Martin Nichols, women's exhibits; Ralph Welch, livestock; Wilf Scarborough, food concessions; Lynn W. Duncan, advertising; Noah Stone, treasurer; Pat N. Walker, carnival.

Three Car Mishaps Investigated Here

A rash of traffic accidents the last few days has kept law enforcement officers busy. Monday night, a moving van overturned four miles southeast of Post on U. S. Highway 84 after a radius rod came loose, causing the driver to lose control of the vehicle.

The van, partly loaded with furniture, was en route to Abilene. The vehicle and most of the furniture were heavily damaged, according to investigating officer Sheriff Carl Rains. The van's driver was Herman Byrd of Abilene who escaped injury.

Three vehicles, two moving and one parked, were involved in an accident Sunday night at the intersection of Avenue H and 10th Street. The sheriff said a car driven by R. B. Taylor struck one driven by Troy Truman Boswell, knocking the latter's vehicle into a station wagon parked at the curb. Station Solis is owner of the station wagon, the officer said.

The automobiles driven by Taylor and Boswell were going south on Avenue H. Sheriff Rains said Taylor was given a ticket for not having an operator's license. A collision Saturday morning at the intersection of U. S. Highway 80 and the Ralls farm-to-market road resulted in a charge of failure to yield right-of-way against J. C. Koon of Spur, reports Deputy Sheriff J. W. (Red) Floyd. The officer said Koon's automobile, coming onto the highway off the farm-to-market road, collided with an automobile driven by Jerry Williams of Hamlin. There were no injuries and neither automobile was heavily damaged, the officer said.

The Rev. C. D. Nowell preached at the Calvary Baptist Church Sunday morning and evening. The pastor, the Rev. Graydon Howell, is holding a revival at Robertson.

The Rev. Clinton Edwards of the First Presbyterian Church announces that his sermon subject for Sunday morning will be "God's Concern, Our Privilege". Mat. 18: 14, and that the evening service will begin at 7:30.

The Rev. Roy Shahan of the First Baptist Church says: "Dalton Copple will be the speaker for both services next Lord's Day. Dalton is a member of the Calvary Baptist Church in Post, is an ordained preacher and served as interim pastor of the Friendship Baptist Church at Close City for a number of months. He attended Hardin-Simmons University and plans to return there for further study. A good attendance will encourage and challenge this young preacher and will prove a blessing to all who attend these services next Lord's Day. The pastor will be speaking at the Grace Baptist Church in San Angelo."

Rev. E. L. Yates of Roby will speak at both services of the First Methodist Church Sunday. Rev. W. F. Porterfield is preaching at a revival in Quanah which will close Sunday. Evening service will be at 8:00 p.m.

Austrian Student Is Club Speaker

Rotarians got the opportunity at their Tuesday luncheon to hear and see a full report on the country of Austria.

John Reichart, an Austrian who is spending the summer at Slaton as an exchange student studying American agricultural methods, was the speaker. He also showed dozens of colored slides of both the capital of Vienna and the town of 20,000 in western Austria which is his home.

Reichart said that 15 to 20 per cent of Austria's national income is derived from the tourist business.

He explained his country must now import oil despite their fine oil fields as the Russians are taking a large part of their oil output as war reparations.

Austria has no water problems, Reichart said. The annual rainfall is 75 to 80 inches a year. The country imports 20 per cent of its food, including wheat and corn. Its "cash crop" is sugar beets.

In answer to a question, Reichart explained the Hungarian revolution last year was a "hard situation" for Austria as well as Hungary as 250,000 Hungarian refugees poured into the city of Vienna alone.

Reichart was introduced by Truett Boudns of the Slaton Rotary club.

Most Phases Of Agriculture Are Holding Their Own Price-Wise

COLLEGE STATION (Sp.)—Most phases of agriculture seem to be holding their own as far as prices are concerned and probably will continue to do so—with the usual seasonal declines—for the remainder of 1957.

Marketings of meat animals and grass cattle will be a little below the levels of last summer, according to John McHaney, extension economist. Hog slaughter will likely continue below the 1956 rate until later on the year. No price drop is in sight, except for the usual seasonal declines, and meat animal prices should maintain a modest margin over last year. Steady to stronger prices are in prospect for fed cattle during the next few months, says the economist.

Prices of lower grades of cattle will decline seasonally. However, says the economist, they will be supported by a strong demand for feed lot replacements and prices should remain at a higher level than last year.

Hog prices will probably continue above a year earlier during the rest of the summer and early fall. However, there is a slight possibility that prices at the end of the year may be a little below the prices of late last year.

Lamb prices this fall may average as high or possibly higher than last year, McHaney. Egg prices began to increase, by some prices are likely to rise year earlier. Indications point to a year of about 971 million 1957—only 3 percent more than the 940 million the Commodity Credit or held as collateral asset since Oct. 1952.

School Districts Are Voted Unanimously

In a school tax vote, the voters of the district voted unanimously for the school building bond issue. The election had been necessary by annexation of the burr district to the district. The election was held at the school building here. Irene Rodgers as clerk.

FORMER RESIDENTS Mr. and Mrs. Artie residents of Post and Petersburg, were in attending the First Baptist church.

Wayne Runkles Suffers Injury On Second Day Of Grid Drills

Wayne Runkles, up from the 'B' squad, became the first casualty of the 1957 football season Tuesday morning when he suffered an internal injury in a scrimmage.

He was taken to Garza Memorial Hospital, then transferred to West Texas Hospital, where his condition was described as serious. He was given blood transfusions and underwent surgery Wednesday.

Wayne, a senior student, is the son of Mr. and Mrs. Frank Runkles. He was being groomed in early practice sessions for a center

position on this season's Antelope eleven.

Coach Frank Krhut reported the rest of the squad in "good shape" Wednesday morning and drilling hard, twice a day, for their first game at Ralls on Friday night, Sept. 6.

A scrimmage with Coahoma is scheduled for Saturday afternoon at Antelope Field.

Forty-eight candidates, only five of them lettermen, reported to Coaches Krhut and Albert Parsons Monday morning. Krhut, in his first year as head coach, was line coach here last season. Parsons, assistant grid mentor, is a new member of the coaching staff.

season's opening drills, played on the line last year.

Some of the boys running on the second team are Scotty Pierce, Dan Rankin and Kenny Poole, ends; Jackie Payne and Herbie Hays, linemen; Curtis Didway, quarterback, and Richard Simpson, Don Greer, Johnny Kemp, Darrell Davis and Jerry Morris, other backs.

Beginning with the opening of school Tuesday, workouts will be cut to one a day, the coaches said.

Tech Grid Candidates Are To Report Sunday

LUBBOCK—Texas Tech's inexperienced football squad reports to Coach DeWitt Weaver Sunday, just three weeks before the Red Raiders' opening game.

Tech launches a rugged schedule by playing West Texas State here at night, Sept. 21. Other games will be with Texas A&M, Louisiana State, Texas Western, Baylor, Arizona, Oklahoma State University, Tulsa, Hardin-Simmons, and Arkansas.

Among the 55 candidates expected, only nine lettermen return from last season. To this list will be added a letterman each from 1955 (halfback Bobby Kyzar of Melvin) and 1954 (halfback Mack Pogue of Sulphur Springs), five junior college transfers, 12 squadmen, and 27 sophomores.

Cash Premiums At Lubbock Fair Will Hit All-Time High

Cash premiums offered by the 40th annual Panhandle South Plains Fair have reached an all-time high total of \$28,000 with the addition of two new divisions this year.

The addition of Brown Swiss in the livestock department and a professional division in the Art Department raises the number of divisions in all departments to 79 for this year.

The Fair catalog, an attractive red, yellow and blue publication, is being sent to approximately 3,000 persons by the Fair Association. Persons on the mailing list include past exhibitors, expected exhibitors, county agents, vocational agriculture teachers, Fair officials and judges in Oklahoma, Kansas, Colorado, New Mexico and Texas.

The Fair week, Sept. 23-28, will get underway with a Parade of Bands Sept. 23. Approximately 30 bands from the South Plains are expected to participate and entry blanks will be sent to schools.

Bill Hames Shows will operate on the midway and Holiday on Ice is expected to be a big attendance attraction. Holiday on Ice of 1957, a glamorous ice skating world of entertainment, will open Sept. 22 in the Fair Park Coliseum. It will be the same company which put on the spectacular show last year, however the acts and some personnel have been changed. The ice show will end its engagement Sept. 27.

TO VISIT PARENTS Walter F. Didway, who has completed basic training at Fort Polk, La., will arrive Sunday for a visit with his parents, Mr. and Mrs. Charles Didway, before reporting to Fort Belvoir, Va. He will be accompanied from Denton by his brother-in-law and sister, Mr. and Mrs. Rick Feris, who will visit here and at Levelland.

Candidates for this year's eighth grade team for this year's seventh grade squad will include: Tommy Bouchier, Leslie Acker, Bobby Beard, Roger Camp, Gerald Braddock, Clarence Ivey, Jimmy Ivey, Dean Johnston, Carroll Cowley, Floyd Hair, Jerry Chancellor and Bobby Hudman. There will also be a few new boys out for the team, Raphael said.

The junior high schedule follows: Sept. 17—Ralls here, 7th and 8th. Sept. 24—Slaton here, 7th and 8th.

Oct. 3—Spur here. Oct. 10—Spur there. Oct. 17—Lockney here. Oct. 22—Slaton there, 7th and 8th.

Applications Being Taken For Hunts

AUSTIN — Applications now are being taken for issuance of antelope hunt permits in two Texas areas in October. All applications must be in the office of the Texas Game and Fish Commission by Aug. 31, according to the chief clerk.

The first hunt will be in the Trans-Pecos area, where either buck or doe may be killed under the permit. This hunt will be divided into two periods, Oct. 1-3, both days inclusive, and Oct. 5-7, both days inclusive.

In the Texas Panhandle the hunts will be Oct. 14-16 inclusive and Oct. 17-19 inclusive. These hunts will be for buck only.

Speed Boat Races Slated At Lake

LUBBOCK—Final speed boat races of the season will be staged at Buffalo Lakes, southeast of Lubbock, next Sunday between 2 and 5, according to Tom Collins, president of Lubbock Boat Club.

He said entries are expected from a wide area of West Texas, New Mexico and possibly Oklahoma.

Scheduled events will include races for boats of 10, 25, and 60 horsepower and a free-for-all, he announced.

In addition, Collins said, match races will be arranged for boats of other horsepower.

Trophies will be awarded for first, second and third places.

FRANCES CRAIG ACROSS IN 58 MINUTES

Former Pool Instructor Here Is First Woman To Swim Lake Belton

Miss Frances Craig, former lifeguard and swimming instructor at the city pool here, recently became the first woman to swim across Lake Belton, a distance of 6.1 miles. The following story from the Waco News-Tribune sports page tells of Miss Craig's accomplishment:

"Miss Frances Craig, who has recently had the Central Texas area in a stir, swam the width of Lake Belton, covering the distance measured by officials at 6.1 miles in 58 minutes flat.

"Miss Craig was the first person to attempt the swim from the Temple side to the Killen side. She entered the water at 12:26 and reached the other side in 58 minutes, swimming in a cross-wind.

"She emerged from the water in good shape, having negotiated the distance with a constant, steady pace. Three boats accompanied her across the lake. In them were Clyde Chesser of KCEN-TV, Bob Garrison of radio station KLEN, Bill Francis of KTEM, a lifeguard and a doctor.

"Miss Craig was a Saturday afternoon guest of KLEN and KTEM and a KCEN-TV guest of Dub King, sports writer for the News-Tribune.

"The event was broadcast by KLEN, with Bob Garrison as announcer. Garrison formerly was manager of radio station KRWS in Miss Craig's hometown of Post.

"The 20-year-old swimming instructor has been at the Post pool for the last few months. She told newsmen that she began her swimming career when five years old.

Among the 55 candidates expected, only nine lettermen return from last season. To this list will be added a letterman each from 1955 (halfback Bobby Kyzar of Melvin) and 1954 (halfback Mack Pogue of Sulphur Springs), five junior college transfers, 12 squadmen, and 27 sophomores.

Sept. 1 Deadline For Applying For Farm Gasoline Tax Refund

By JOHN C. WHITE You rarely have time to make a last-minute rush to the Internal Revenue office for that gasoline tax refund!

The first day of September is the deadline for Texas farmers to apply for refunds on gasoline used for farming between July 1, 1956, and June 30, 1957. The rebate amounts to three cents per gallon on gas used in farm operations during that period.

The opportunity for a small return is also available on gasoline purchased during the first six months of 1956. The Dallas office of the Internal Revenue Service says that two cents will be repaid on each gallon used during that period.

Texas farmers are reminded, however, that only one refund claim per farm operator will be permitted. Each claimant is cautioned to make certain that his

refund request includes all eligible fuel used.

Form 2240, for filing the 1957 tax refund claim, has been mailed to each farm and ranch operator who applied for the tax refund in 1956.

Farmers who desire to claim their refunds and have not received Form 2240 can probably obtain them from their county agent or from the nearest Internal Revenue office.

The procedure for filing is simple, but just to make it easier, a bulletin has been published explaining the methods. Publication 308, "Farmer's Gas Tax Refund," is available for those who request it.

The pamphlet also explains how the new federal excise law relieves farmers from federal excise taxes on diesel and special motor fuels. But time's a wastin'! There are only a few days left!

New Law Makes It Important For Consumer To Know All About Eggs

By JESSIE PEARCE

Home Demonstration Agent

With the recently passed "egg law" going into effect, the consumer of eggs needs to know more about buying eggs by grade. We have, for a long time, seen eggs in the market labeled Grade A or Large, Medium or Small, but many of us have paid little attention to these labels. Only part of the eggs on the shelves were labeled and, from observation in the stores, most women tend to buy by the producer of the eggs rather than by grade.

Eggs are graded as to quality and size. The grade A, B or C denotes the quality of the egg. The Grade A egg has thick white that stands up well, a yolk with a high rounded center and almost centered in the white. The Grade B egg has very thin white that spreads out over a wide area. The yolk is flat, spreads over a wide area and is not centered. Sometimes there are defects such as meat spots or blood clots. All of these eggs have the same food value. They should be purchased for the specific purpose for which they are

to be used. Eggs to be poached or fried sunny side up need to be Grade A. Grade B or C eggs work equally well in baked products, scrambled eggs, custards, etc. The lower grade eggs that have weak whites and thin yolks are harder to separate than the Grade A eggs, but can be separated with care and will work equally well in dishes where the whites have to be beaten.

We will also see the labels of "Large", "Medium" or "Small" on the egg cartons. This denotes the size of the egg. Large eggs must weigh at least 24 oz. per dozen, medium eggs, 21 oz. per dozen, and small eggs 18 oz. per dozen. By this label the housewife can determine which size egg will give her the most for her money.

There has been much talk about the "egg law" because it is something that is new. It is designed to give the housewife or consumer the buying guides for eggs that she has long been accustomed to for meats. It will take a little time to get accustomed to buying eggs by grade and size, but will be one of the things that the con-

Simple Electrical Device May Tell When To Irrigate

Farmers may someday tell when their crops need irrigating by using a simple electrical device tested recently by the U. S. Department of Agriculture. It measures moisture stress—an indicator of a plant's moisture needs.

For a rapid reading of a plant's water requirements, two small prongs of the device are stuck into the stem of the plant. The prongs are two stainless steel electrodes connected to an ohmmeter which measures the electrical resistance in the plant. The lumber industry uses a similar instrument to measure moisture in wood.

In experiments with cotton plants, the researchers found that electrical resistance went down as moisture amounts went up. Within four hours after irrigation, a sharp drop in resistance was observed on the ohmmeter.

The experimenters believe that the increase in electrical resistance with increasing moisture stress is the result of the drying out of the solid framework, or cell walls, of the plant. This creates in the woody tissues of the plant either longer conducting paths before making the studies. They point out that research is continuing, aimed at making the method easy to use by any farmer who irrigates.

Chairman Gives Answers On Red Cross Relief

Guy Floyd, chairman of the Garza County chapter of the American Red Cross, this week furnished statistics in answering inquiries relating to Red Cross disaster expenditures in Texas during the past year.

The Red Cross, Floyd points out, is a participating agency in the Garza County Community Chest, whose annual fund drive is to get under way soon.

The chairman said 16 disasters were reported in the state, affecting 68 chapters. Seventy persons were killed, there were 153 with major injuries or illnesses, 441 with minor injuries and 185 hospitalized.

Dwellings destroyed totaled 430. Major damage was incurred by 1,042 and minor damage by 5,937. A total of 576 farm buildings were destroyed, major damage resulted to 498 and minor damage to 697.

Other buildings destroyed totaled 124, with major damage to 152 and minor damage to 512.

Total families suffering loss in the 16 disasters were 10,403.

Disaster sufferers given emergency mass care totaled 9,277 and 6,781 emergency workers were served.

Food, clothing and maintenance went to 1,925 families. Seven hundred and eighty-eight benefited by building and repair, and household furnishings went to 1,479. A total of 169 received medical and nurs-

ing treatment, and occupational supplies and equipment were furnished 150.

Total families applying for assistance was 2,868 and total families assisted was 2,637.

The total cost was \$1,013,766, including the following for families given individual care:

Food, clothing and maintenance, \$52,193.

Building and repair, \$433,407.

Medical and nursing, \$46,032.

Household furnishings, \$249,839.

Occupational supplies and equipment, \$63,122.

"GIVE CHILDREN A BREAK"

County Sheriff Issues Statement On Back-To-School Safety Drive

"Give children a brake." This play on words was made today by Sheriff Carl Rains in behalf of the annual back-to-school safety program.

"With the arrival of a new school year, the pattern of life for nearly everyone of us will undergo a radical change," he said. "The size of our school system will bear this out."

"The opening of school doors affects virtually every driver, too," the sheriff continued. "When he gets behind the wheel of his car, he is sure to notice some difference."

Rains also called attention to the fact that in the hours just before and after school there are increased numbers of bicycle riders, large groups of child pedestrians and many school buses. All of which are signs within themselves, for added carelessness while driving on our streets and highways.

"In 1956, there were more than 150 students killed in Texas traffic accidents and approximately 8,920 injured," the sheriff said. "Of course these are 'just statistics'—unless you or a close member of your family was involved.

"A sense of responsibility and dependability should be a part of the licensed driver's habits. He must recognize that a child can't be relied upon to follow the rules of safety, thus the driver's added alertness must compensate for children's mistakes—'give them a brake!'"

As a short course in safety, the sheriff offered the following five suggestions to motorists:

1. Be alert for children at all times, especially around school zones, playgrounds and other places where children congregate.
2. Know and obey the special warnings given in school areas by signs and signals.
3. Don't be juvenile and try to compete with bike riders—go slow and let them grow.
4. Stop when a school bus stops.
5. THINK safety always.

Army's New Nike Missile Scheduled As Fair Feature

The first public showing of the Army's new Nike Hercules anti-aircraft missile will be during the 1957 State Fair of Texas at Dallas, Oct. 5-20.

The Hercules is the latest air defense weapon which the Army says can fly farther, faster and higher than any other such missile and can carry an atomic warhead.

Also to be exhibited at the Fair is the Nike Ajax, which the Hercules will supplement. A full crew of men will go through a realistic drill to demonstrate how the Ajax is loaded onto the rocket-launching apparatus, and how it is aimed and fired. The simulated firing demonstration will be accompanied by the sound of recordings of an actual blast-off.

The deadly Nike missile is designed to track down and destroy enemy aircraft. It blasts up higher than its prey and then swoops down on its target.

Red fuming nitric acid is the Nike's fuel, with a booster of solid propellant, something like gun powder that kicks the missile past the speed of sound in two seconds. To show how fast and high the Nike leaps, the booster cuts loose about two-and-a-half seconds after the blast-off, but does not hit the ground until after the missile has already made its kill.

The new Nike Hercules has been demonstrated before selected groups at Fort Bliss, but the Fair exhibit will be the first one open to the public.

Nike batteries are due to be installed in a wide protective loop around Dallas and Fort Worth to guard these cities against enemy attack. The installations will be in the general vicinity of Mineral Wells, Denton, Terrell and Alvarado, it has been announced. Nike installations are currently being used to protect a number of other areas in the United States.

Monday Opening Date Of Close City School

Plentiful Food List

Turkeys will be the big food between electrodes, or increases gaps in conducting paths—readily indicated by the ohmmeter.

The method has promise as a tool to help the average farmer determine when to irrigate, according to scientists of USDA's Agricultural Research Service who value in meat departments for a third successive month, the Agricultural Marketing Service reports, in announcing its September plentiful foods list. Supplies are ample and prices are expected to remain low.

Bartlett pears are a co-feature on the list, as a larger than average crop is expected. Canned pears will also be plentiful.

Other September plentiful listings suitable for main dish family meals will include broilers and fryers and fresh and frozen fish. These plentiful are the result of high broiler and fryer production and the good catches following the height of the fishing season.

Milk, with a back to school emphasis on good nutrition, is a September plentiful. Vegetable fats and oils, dry peas and Italian prune plums round out the listings.

Drivers Face Critical Period Labor Day Weekend Driving

Drivers will face a critical driving next week as persons take to the roads for Labor Day. Department of Public Safety predicts that 33 persons will be killed in Texas during the 72-hour period extending from 12:01 a. m. Aug. 31 to 11:59 p. m. Sept. 2. The figure is based on a study of 1956 accidents in Texas by the department.

In accord with the prediction, Col. Homer Garrison, Jr., department director, has alerted state forces to be prepared to cope with the increased highway travel. He said the department's enforcement program will be strengthened for the holiday weekend in an effort to remove dangerous drivers from our streets and highways. "This enforcement program," he said, "will be closely coordinated with local law enforcement in counties and cities throughout the

state. Enforcement's greatest help will come from the drivers themselves who observe our traffic laws and safely operate their automobiles in accordance with traffic and other conditions they encounter."

The predicted number of deaths for the three day weekend is four greater than the 29 killed for the same period last year.

FROM LEVELLAND

First Baptists Observe 50th Anniversary Here

"It measured up to our expectations in every way," said the Rev. Roy Shahan, pastor of the First Baptist Church, of the Golden Jubilee anniversary celebration of the church held Aug. 24-25.

In the annals of the First Baptist Church of Post, dated Aug. 24, 1907, there is a concise and interesting account of a signal event, that united a body of believers in Jesus Christ into an organization, to be known as the First Baptist Church of Post City, Texas. The minutes of this organization reveal the Moderator as a faithful pioneer Baptist Missionary from the Stonewall Association, the Rev. J. V. Bilberry. The final details of the organization came at the close of a revival which began on Aug. 7, 1907. The thirteen charter members were J. B. Cotton, M. C. Cotton, Della Cotton, Loretta Cotton, Arlene Cotton, B. F. Wilks, Nannie Wilks, Bertie Wilks, Oran Wilks, Thomas Wilks, Mattie Wilks, Thomas Elkins and Mrs. Thomas Elkins.

The anniversary program began Saturday, Aug. 24, at 4 p. m. with registration of former members and guests. The highlight of the day's activities was a pageant, "This Is Your Life", directed by Mrs. Ray N. Smith and included approximately 40 members of the church as participants.

The morning worship was conducted by the Rev. D. A. Bryant, pastor of the church in 1948-49. He is now pastor of the Denver Temple Baptist Church, Denver, Colo.

Following the morning services a basket lunch was served on the church lawn. Later in the afternoon Mrs. Kelley Sims gave a history of the church and recognitions were made and testimonies were heard.

The Rev. A. R. Bilberry, son of J. V. Bilberry, a retired Baptist minister now living in Jacksboro,

Tex., brought the message at the Sunday evening services.

Fifty years progress is evident in the tangible assets of the church today. The first meeting place was a dwelling that was being used temporarily for a school building. This structure was located on what is now North Ave. K, and was conveniently located in the sparsely settled frontier village. The present building is a modern brick structure located on West Main. The first parsonage built in 1916 was sold and property was acquired on West Main, across the street from the present church building. In Sept., 1952, a modern brick parsonage was completed.

In 1951 a new janitor's home was placed on the grounds adjacent to the north of the West Annex of the church. The church also owns and maintains a modern and attractive camp building, well equipped on a choice location on the Baptist Encampment Grounds of the Plains Baptist Assembly in Crosby County.

The requirements for a standard Sunday School rating are nearing a reality. There is an active training union, brotherhood, WMU, extension department, cradle roll department. Radio time for broadcasting all Sunday morning services is another part of the program.

In editing the booklet of the history of the church, the writers say, "To an individual the half century mark which we have reached means the better part of a lifetime; to a body of organized believers it can be merely the beginning of maturity."

ATTEND JUBILEE

Mr. and Mrs. Cecil Osborne, former Postites, of Snyder attended the Golden Jubilee of the First Baptist Church Sunday.

News From Around

POSTEX MILLS

By A. LEE WARD

We are falling far behind in our production quota needed each week. We have had very bad luck with our sheet hemmers and pillow case hemmers. A lot of them have been out sick and some of them have moved away, etc.

We sure could use some of the ladies that have had experience hemming in our Postex Sewing Room. If any of you know of someone that has hemmed sheets or pillow cases here, tell them to contact us. Fact is, we could use several ladies between the ages of 20 and 35 to train for hemmers. We prefer to use local people.

Rev. and Mrs. Arthur Alley and family were in Brownwood Aug. 23 where Arthur received his B.S. degree. They attended a reception from 4 to 5 in the home of Guy Newman, president of Howard Payne College in Brownwood.

Mr. and Mrs. Lorin Liebfried of Floydada visited Friday night with Mr. and Mrs. Johnny Mickey and H. C. Liebfried.

Mr. and Mrs. J. A. Smith and son of Lubbock and Mr. and Mrs. Roy Brannon and son were Sunday visitors of Mr. and Mrs. Willie Daniels.

Mrs. Pearl Doggett of Austin is visiting her children, Mrs. Walter Jones and family and Mrs. Jim Doggett and family.

Sunday guests in the home of

Mr. and Mrs. A. O. Parrish were Mr. and Mrs. E. C. Parrish and family and Mrs. Edsel Parrish of New Deal, and Mr. and Mrs. Jimmy Parrish.

Mr. and Mrs. Clarence Maddox and family spent the weekend visiting Mrs. Maddox's parents, Mr. and Mrs. W. E. Fowler in Dickens. Mr. and Mrs. Lawrence Epley and Mr. and Mrs. Jerry Epley and Debbie of Abilene visited Sunday with Mr. and Mrs. R. B. Perrin.

Vicki and Pam Perrin will leave for their home in Pasadena, Calif., after spending the summer with their grandparents, Mr. and Mrs. R. B. Perrin.

Mr. and Mrs. Walter Clark of Plainview and Cliff Clark of Clovis, N. M., visited Sunday with their mother, Mrs. Carl Clark, and other relatives.

Mr. and Mrs. Ray Young and daughter and Mrs. Harold Childs and children attended the Young reunion in Mackenzie Park in Lubbock Sunday.

Pfc. Royce Anthony of Fort MeNair, Washington, D. C., has returned to his base after spending a 15-day furlough with his parents, Mr. and Mrs. Hubert Anthony.

Mrs. V. L. Copple and Marie Dismukes enjoyed a nice trip to Corpus Christi last week. Mrs. Copple won the trip on the jingle contest sponsored here in Post.

Women Complete Nursing Course

Three Post women, Mrs. Pauline Mathis, Mrs. Dorothy Perdue and Mrs. Iva Sanders, have been graduated from the Lubbock Vocational Nursing School in Class 9 exercises held at the First Church of the Nazarene in Lubbock.

Instructor for the one-year course completed by the class was Mrs. Corine Lattimore, R.N.

In order to attend the school, the Post women drove to and from Lubbock six days a week in all kinds of weather. Their object, one of them said today, was to receive their vocational nurse's certificates in order to better help serve patients in Garza Memorial Hospital.

Two of the nurses, Mrs. Mathis and Mrs. Perdue, had been employed at the hospital here since it was opened five years ago. The other, Mrs. Sanders, has been employed there for the last four months.

Jones' Cowpeas Typical Of Area Cover Crops

Typical of a number of cover crops in the Post area is 50 acres of cowpeas on the Barnie Jones farm, a few miles northwest of Post just off the Lubbock Highway.

The cowpeas were planted around June 1 in the soil bank acreage reserve program, part of the crop following grain sorghums and the other part, cotton.

Alex Ringhoffer, conservationist for the Post Work Unit of the Duck Creek Soil Conservation District, says cowpeas or other cover crops in a crop rotation are not a cure-all for soil erosion, but that they are recommended practices of a well-rounded soil conservation program.

"Experimental evidence," Ringhoffer said, "supports the conclusion that the soil is most susceptible to erosion when fields are bare of vegetation. It also indicates that soils low in organic matter or of low fertility are more easily eroded than those high in organic matter."

"This situation," continued the soil conservationist, "is especially serious, as all of the cropland in this area is susceptible to erosion unless it is protected with adequate vegetative cover or by other control measures."

Ringhoffer explained that crops grown in wide rows with cultivation, such as cotton and grain sorghums, are highly conducive to soil loss. "All of these crops," he said, "should be grown in systematic rotations and the rotations supplemented with cover crops if soil loss is to be reduced to a minimum and crop yields maintained."

Some of the advantages of a cover crop, the soil conservationist said, are:

1. Reduces runoff of rain and thus conserves moisture.
2. Prevents excessive erosion of soil.
3. Improves the soil tilth by the addition of organic matter to the soil.
4. Increases the yield of cotton, grain sorghums and other regular farm crops.
5. Increases the water-holding capacity and the intake rate of water in the soil.

SUNDAY GUESTS

Sunday dinner guests in the home of Mr. and Mrs. W. C. Kiker were Mr. and Mrs. Lewis Kiker and four children of Grandview, Mr. and Mrs. J. R. Kiker and Mr. and Mrs. Roy Brown, Jr., and two sons.
