"THE GATEWAY TO THE GREAT SOUTH PLAINS"

Thirty-First Year

Post, Garza County, Texas, Thursday, November 7, 1957

Number 23

Road Projects Are Approved

Construction of a farm-to-market road from FM 1313 south to the Borden County line at an estimated cost of \$183,000, and seal coating projects on two existing farm-to-market roads at a cost of \$14,800 have been scheduled by the Texas Highway Department, according to S. C. McCarty, district engineer.

The 15-mile road to the Borden County line will connect with one to be constructed in Borden County, linking Post and Gail by a direct highway. Garza County Judge Pat N. Walker said today he had received information that the Borden County commissioners' court is "ready to go" on acquiring right-of-way for its section of the road. He said the Garza County commissioners are also ready to begin right-of-way acquisition.

Vets' Day Supper Set For Saturday

Many public offices and business places will be closed Monday for Veteran's Day, with the American Legion post's annual supper the only planned observance.

The Legion's barbecue beef supper will be held at 7 o'clock Saturday at the Legion Hall, according to Elton Lee, post commander. All war veterans and ex-servicemen are invited.

Veteran's Day is one of the five closing holidays adopted by the Post Chamber of Commerce, but a canvass had not been completed late Wednesday to determine how many of the business places would be closed for the day.

County Votes For All Amendments

Less than 200 Garza County voters cast ballots in Tuesday's constitutional amendment election, but joined the rest of the state in giving a thumping majority to the three proposals.

Late Tuesday, only the returns from the Close City voting box had not been reported, and it was believed that not more than twenty votes were cast there.

The election was not held in Precinct 9—Two Draw—because of the fact that the appointed election judges were unable to serve and no others had been named for the job.

There were no absentee votes. See COUNTY VOTES, Page 8

T. R. GREENFIELD

Civic Leader Is Victim Tuesday Of Heart Attack

Last rites for T. R. Greenfield, pioneer merchant and civic leader, who died at 4:45 p. m. Tuesday in Garza Memorial Hospital following a brief illness, were conducted at 4 p. m. Wednesday in the First Methodist Church. He was 75 years old.

Mr. Greenfield suffered a heart attack at his home here at 108 East Main last Thursday night.

One of Garza County's best known and most respected citizens, Mr. Greenfield was active until the time of illness in church, community and county affairs. He and Mrs. Greenfield, the former Miss Jennie Taylor, moved to Post in 1914, the year following their marriage at Bertram.

He was superintendent of schools for two years until establishing the Greenfield Hardware Co. store in 1916 in a frame building where the present brick building housing the store now stands.

At the time of his death, he was chairman of the Garza County Democratic executive committee, a post he had held for a number of years. He was also county savings bonds chairman, in which capacity he had served since World War II.

Just a few days before becoming ill, he had been named to the speakers committee in the First Methodist Church's current fund campaign for building expansion. He had been a member of the Methodist Church since boyhood and was chairman of the board.

'57 Already Rainiest Year Since '41; Harvest Halted

Area Crops Being Hurt

Post and Garza County's wettest year since the record-breaker of 1941 continued to bring more rain this week, halting the crop harvests and damaging feed and cotton.

Workers were in the grain and cotton fields, and gins operated for a short while last week, but the respite from the bad weather was brief. More than an inch of rain Sunday and lesser amounts on Monday, Tuesday and Wednesday once again brought a halt to harvest operations.

Monday's precipitation measured only .19 of an inch in Post, but a hailstorm, which swept from Southland southwest through the Graham community, added to the farmers' woes. The hail, which fell about mid-morning, did only spotted damage, but, added to the harvest delays and lowered grades of feed and cotton, was another mark on the deficit side of the ledger.

"There's no doubt about the weather hurting us on cotton grades and the grain crop is suffering. See '57 RAINFALL, Page 8

JUST BEFORE THE RAINS — These two Mexican Nationals are shown in a typical cotton field scene Saturday, the last day pullers have been in the fields because of the rains of the last few days. They are employed on the Virgil Smith farm in the Hackberry Gin community, northwest of Post. (Staff Photo).

Post Lions To Sponsor Troop For Explorers

The Lions Club voted Tuesday night to sponsor the first Explorer Scout troop for the Post area.

Action came after club members heard Jack Alexander report on a recent scout meeting at which the growing need for scout sponsors for the community was emphasized.

Explorer Scouts are Boy Scouts of ages 14 and above. A training session for leaders of the new troop will be scheduled soon.

Organization of the troop is planned within the next ten days or two weeks.

Mud Cuts Attendance In Post Grade School

It wasn't the Asian flu this week, —and an assortment of other illnesses which brought absenteeism in the Post grade school to its high of the present school year.

Principal Jack Lancaster reported 145 of the school's 378 students missing from the classrooms Wednesday, 137 on Tuesday and about 100 Wednesday.

He said about 35 per cent of the absenteeism was due to the fact that school buses couldn't complete their country routes due to muddy roads.

Mrs. Mildie Snow Buried Saturday

Funeral services for Mrs. Mildie R. Snow, 71, who died Friday in Garza Memorial Hospital, were held at 3:30 p. m. Saturday in Hudman Funeral Home Chapel.

The Revs. Roy Shahan of the First Baptist Church and Graydon Howell of the Calvary Baptist Church officiated.

Burial was in Terrace Cemetery. Pallbearers were Dickie Massie, Bill Wilson, Allen McCowen, Newton Peacock, Cecil Pickens and Gilbert Blodgett.

Mrs. Snow, who lived at 513 South Avenue F, had been in the hospital for six days. She was born Jan. 1, 1886, at Brownwood, and was married to N. S. Snow in 1901.

The family moved to Post from Bartlett 14 years ago. Mrs. Snow was preceded in death by her husband, who died Dec. 22, 1953, and by a son, Jesse, who died April 23, 1943.

She is survived by five daughters, Mrs. Estelle Guthrie and Mrs. Bertie Ann Sweeten of Post, Mrs. Alice Edson of Waco, Mrs. Odessa Gonzales of Anson and Mrs. Ivy Jewel Guthrie of Temple; five sons, William Snow of Rogers, Louis Snow of Smithville, Lee Snow of Post and Robert and N. S. Snow Jr., of Temple; one brother, three sisters, 51 grandchildren and 13 great-grandchildren.

Names Board Members; Transfers Funds

City Rejuvenates Proposal On Park

The Post city council set up its half of a park development board and discussed proposed electric wiring and building permit ordinances as the main items on the agenda at Monday night's regular monthly meeting.

The council's appointment of four members to a park board and the transfer of \$2,500 from the reserve fund into a park fund was made in carrying out what Mayor James L. Minor referred to as a proposal between the city and county over a year ago for each to contribute \$2,500 a year to a park development fund and for each to appoint four members to a park board, with a ninth member to be chosen at large by the eight-member group.

County Judge Pat N. Walker told The Post Wednesday when informed of the city's action that as far as the county was concerned the proposal had never advanced beyond the "talking" stage. He said it had been discussed individually with the commissioners, but had never been officially submitted and that neither had the proposal been discussed at either of two joint meetings held by the city council and commissioners' court since the proposal was made.

The city owns the land at the park, and Judge Walker said he doubted if the proposal could be carried out unless the county is deeded half the land. The 40 acres of land was purchased several years ago by business people and

See CITY COUNCIL, Page 8

Nothing Much New In Halloween Activities

The "traditional" burning of an outhouse in the center of West Main west of the courthouse was reported by sheriff's officers in summing up last Thursday night's Halloween shenanigans.

Sheriff Carl Rains also reported that there was some air rifle activity that night which included damage to the picture window fronting Main Street in the Baptist parsonage.

Downtown, there was the usual soaping of show windows, and this time pranksters also made promiscuous use of crayons in "coloring" business building fronts.

The sheriff said reports also reached him of older youngsters waylaying younger ones and taking away their "trick or treat" prizes.

C. Of C. 'Program Of Action' Will Require Budget Boost To \$15,765

First reports today from a canvass of the Post Chamber of Commerce membership indicate that members are willing to dig into their pockets for pay for a real "Program of Action" for the Chamber in 1958—with a budget calling for \$15,765.

This compares with a budget of only \$4,500 for the current club year.

Bryan J. Williams, Chamber president, said today that the membership canvass should be completed by early next week by a canvass team of ten.

The canvass kickoff came at a Monday morning breakfast at Judy's Cafe.

The Program of Action budget calls for the employment of an experienced, professionally-trained Chamber manager at an estimated salary of \$6,000 annually. It also provides for a greatly expanded Chamber program in the fields of agriculture, civic activity, and industrial activity.

The \$15,765 sets up \$10,500 for office operating expenses, including \$6,000 for a manager, \$4,500 for rent, secretarial, utilities, postage, and telephone; \$500 for advertising and \$1,200 for expense and travel. The expense and travel funds would be available for necessary trips seeking new industry.

Agricultural activities, costing \$1,025 envisioned in the Program for Progress budget, include an all-out National Cotton Week promotion to cost \$400, \$500 for the first bales of Garza County cotton, \$25 for a pre-harvest farm tour, \$50 for a Lubbock fair exhibit, and \$50 for a Garza County livestock feeding project.

The \$750 for industrial activities mapped in the 1958 budget include \$250 for a full-blown Oil Progress Week promotion and \$500 for the promotion of new business and industry in the community.

The Program of Progress, as drawn up a week ago by Chamber directors, proposes a \$1,730 10-event civic activities program for the year.

The budget breakdown for civic activities includes \$150 for the annual Chamber banquet, \$250 for safe driving awards, \$30 for county spelling bee, \$50 for a home town essay contest, \$100 for volunteer fire department, \$250 for an

HALLOWEEN ROYALTY — These are the kings and queens of the annual Post schools' Halloween Carnival, shown after they were crowned by Supt. R. K. Green last Thursday night in a ceremony in the high school auditorium. At the left are Donna Mathis and Johnny Jones of the grade school, in the center are Rhea Peel and Derwood Mayberry of the high school, and at the right are Lynda Driver and John Sutton of the junior high school.—(Cal Casteel Photo).

Community Chest Sponsors In County Schools

Poster Contests Are Judged

Your heart beats best in the Community Chest. Never mind the weather, give to the Red Feather. Keep the wheels turning, give to Community Chest. Open your heart and give your part.

These are just a few of the prize-winning slogans of the Garza County Community Chest's slogan poster contest with \$40 in cash going to the first and second place winners in the eight divisions.

Poster slogan winners were announced today by Irby Metcalf, Chest chairman, after judging was completed this week by a three-member committee.

All told 106 youngsters, grades one through eight, at Post, Justiceburg, Southland, and Close City entered the contest.

All entries besides the 16 cash prize winners will receive a free movie pass to the Tower Theater through the courtesy of John Hopkins, theater manager.

Winners of the \$3 first and \$2 second prize in the 1-4 grade and 5-8 grade divisions at the four schools are as follows:

JUSTICEBURG — (1-4 division) Patricia McAlister, third grade, first; and Sandra Forrest, second grade, second; (5-8 division) Bobby Bevers, seventh grade, first, and Billy Wayne Blacklock, fifth grade, second.

POST — (1-4 division) Mary Annette Madison, first; Jimmy Castnel, fourth grade, second; (5-8 division) Margaret Ritchie, eighth grade, first; and Melinda Newby,

eight grade, second. SOUTHLAND — (1-4 division) Judy Kiesel, fourth grade, first; and James Dixon, third grade, second; (5-8 division) Carol Stille, eighth grade, first, and Rod Callaway, sixth grade, second.

CLOSE CITY — (1-4 division) Miriam Smith, second grade, first, and Jimmy D. Bartlett, third grade, second; (5-8 division) Buddy Howell and Tommy Hill, both of sixth grade, first; in poster they entered together, and Kathleen Smith, seventh grade, second.

Contest posters will be displayed in both Post and Southland store windows to create interest in the approaching \$12,000 Garza County Community Chest drive, which will open Nov. 18.

Sell Quick Of Want Ad

is one of The Dispatch's want ad customers. He wants for the fact that he wants ads pay. A week ago, Jack advertised for sale which he thought would stop the week to stop the week that he already had, and was very the results of his good sales results. He wants ads, something to sell, and call or bring to the office before noon. The minimum 12-word want ad is

Parents Must Help In Building Band

Post High's football team this season is being called the "little team" by its supporters because the squad is small and the players are light.

By the same reasoning, Post fans could refer to their high school band as their "little band." It has the same personnel shortage as does the football team.

Band Director Bob Meisch has worked hard to "build the band" just as has Coach Frank Khurt to build his football team. Both have done good jobs with their material. Both would like a lot more of it.

Football material at the high school level is a problem unlike that at the college level. A coach has to take what material there is in school—by weight, desire, and ability—and produce the best team he can with what he has to work with. Some years the number of boys are bigger and better in ability. Some years there are more of them than in other years. A high school football coach has to take them as they come.

It's a different proposition with a band director. He has to develop a training program down into the grade schools to train boys and girls to play band instruments. He has to "sell" musical training not only to the youngsters themselves, but also to their parents. It's a tough job. He doesn't have enough direct contact with parents to have a fair shot at selling them on the value of musical training for their youngsters and how much fun the students will have as band members participating in a worthwhile student activity. Post High has a fine small band.

The school and community would of course

like to have a fine large band, such as Floydada exhibited here last Friday night. Band Director Meisch and his musicians would like to welcome in another 30 or 40 youngsters, providing they were qualified by being able to play band instruments.

It is not easy to build a band tradition in any school. But once it is built it is easy to maintain because youngsters then have a far greater desire to be a member of the band. The bigger and better the band the more trips it makes and the more it can do, thus also the more fun it is to be a bandsman.

Post parents need to rally behind Band Director Meisch and his band and work out with Bob a "band building" program for Post. It won't come overnight, and it won't come easy. But "building a big band" is well worth the hard initial effort because once established the momentum will carry the band along.

The gain for the individual students — not counting the return to school and community — is also great. Musical education is something every youngster should be offered in one form or another. And most of them can have that opportunity in the band at a minimum of expense.

What is needed is a coordinated effort on the part of parents with Director Meisch to develop the band organization. Parents will be surprised when they sit down with Bob how much could be done, if they would do a little more "selling" at home to their youngsters and provide the musical instruments required. Let's make the effort to build a highly important "band tradition" here in Post.—JC

Chest Drive Must Reach Goal

Too much can't be said, nor too often, on the importance of a successful 1958 Garza County Community Chest drive.

The one drive proposition offers many important advantages to any community.

The time and expense of nine campaigns this year are combined into one. Thus considerable time and money is saved.

The Chest organization screens the budgets, thus giving the community the assurance that none of the organizations are going to receive a too large share of the contributions. In individual drives, an organization could go after, and often get, a much larger amount than the community was justified in paying. Thus the budget committee of the Chest organization doing its job, the giving of a community is maintained in proper balance among the various educational and welfare organizations.

A Chest drive is so organized that if it is

oversubscribed the money is kept in the Chest fund for use the following year.

Total those advantages up, and the worthiness of a Chest drive is obvious.

But to make the Chest work, the budget must be fully subscribed. Otherwise the participating organizations have to curtail budgets and in some cases would pull out of the Chest to go back to drives of their own.

It is easy when you are making one contribution to nine organizations not to give in the same proportion as you would if you gave nine contributions to single organizations. The Chest will succeed if givers will only keep this single fact in mind in determining the amount of their contribution.

The drive is still 10 days away, but it is time to start thinking of how much you are going to give to make nine worthy organizations go for the betterment of the community in which you live.—JC

Christmas Seal Drive Is Worthy Cause

Each year, as the Christmas season approaches, the National Tuberculosis Assn. carries on its annual Christmas Seal campaign. And it would be hard indeed to find a cause more worthy of public interest and support. Garza countians will have an opportunity to assist in the campaign when they start receiving the seals through the mail shortly after Nov. 15.

Great strides have been made in fighting tuberculosis—due in no small part to the work of the Association, and to the financial success past sales have achieved. But a great deal more remains to be done and must be done. The latest estimates indicate that 250,000 Americans have active TB, 100,000 of them unknown to health authorities. In addition, there are 1,750,000 people with inactive TB, and 550,000 of them are

still in need of medical supervision or public health follow-up. And an estimated 55,000,000 Americans—a third of the population—are infected with the germs that cause TB. Some 2,700,000 of this huge group will develop TB in their lifetimes, if the present rate of development of disease from infection continues.

Early diagnosis and immediate treatment are essential to the control of TB. Education of the public and continued research are other vital weapons in this war. The Christmas Seal Sale supports the work of the 3,000 voluntary tuberculosis associations in this country and its possessions. Significantly, of the money raised each year in local communities, 94 per cent remains within the state.

The campaign will continue through December. Do your part by buying seals.

Let's Qualify For Voting Privileges

Have you paid your poll tax? This reminder may be considered out of place, since almost three full months remain in which to secure the slip of paper that entitles you to vote in the 1958 elections.

However, the fact remains that year after year many otherwise eligible voters pass up the opportunity to qualify for their voting privilege. For those in this group, a week-by-week or day-by-day reminder would be worthwhile if it resulted in a substantial number of additional voters taking part in local, state and national govern-

ment affairs.

Next year will be an important year politically. Voters will choose state, county and city officials in the regular elections. In addition, it appears almost certain that important local matters will be submitted to the voters. For one thing, Post voters more than likely will be called upon to vote on the White River dam project bond issue. And there probably will be other important issues submitted to the electorate.

Just in order to be on the safe side, let's pay our poll taxes early.—CD

Clipped Quips From Other Newspapers

It has been suggested that the reason there were fewer wrecks in the horse and buggy days was because the driver didn't depend wholly on his own intelligence.—Lakewood, N. J., Citizen.

Lebanon is a small, attractive country, militarily weak but with a now ingrained Western cultural influence. Intellectually, it can play a role in Arab affairs far beyond its size or strength. And its pro-Western intellectuals are a force and a factor in this situation. It has survived, and democratically, an assault similar in intention to that which nearly toppled Hussein. The Eisenhower Doctrine was but one factor in the election. More deep was the healthy influence of Western culture.—Cuero, Tex., Record.

There is to be a shortage of lawyers. Enrollment in the law schools of the nation has dropped to below the 1929 level even though population has increased many millions and legal work has increased substantially. This information is being released by Albert J. Harno, retiring after 35 years as head of the University of Illinois College of Law.—Bridgeport, Ill., Leader.

Through research, conservation, education, electrification and mechanization, farmers have

increased their efficiency in production and marketing. About 70 per cent of all crop acreage in 1954 was planted to varieties not even in existence on a commercial scale 20 years earlier.—Altamont, Kan., Journal.

Business men loudly demand that "the government get out of business," but they welcome Uncle Sam into business when he comes with money in his hand.—Indianapolis, Ind., Leader.

It is good that we have for the time resolved the federal-aid-to-education problem back into our hands but there is a need for a warning even in face of the virtue of governing ourselves and this comes in the form of meeting the call to responsibility of caring for our own problems ourselves.—Taylorville, Ill., Daily Breeze-Courier.

A newspaper has by its very nature accepted a public trust that it will print impartially all of the news worthy of publication without fear or favor. What it considers news, and how it is presented is part of this public trust and is based in large measure upon the attitudes and tastes of the locale and times.—Owatonna, Minn., Photo News.

THURSDAY to THURSDAY

By CHARLES DIDWAY

MONDAY IS Veteran's Day, which for nearly forty years—until the name was changed—was Armistice Day. About the only local observance being planned is the Legionnaires' annual supper. Post Commander Elton Lee has announced that this year the supper will be held Saturday evening because of the day before—when it's usually held—being on Sunday.

The Post Ex-Students Assn. speaker's committee of J. Lee Bowen and Dean A. Robinson did a good job in getting District Judge Sterling Williams of Snyder as the homecoming banquet speaker. Since Judge Williams was graduated from Post High School 35 years ago, it'll really be a homecoming for "his honor."

THE FLU OUTBREAKS just seem to "float" around. Every day you read about schools being closed in different parts of the state. We here in Post seem to have weathered our epidemic of the ailment, although there still are a number of cases. The schools at Snyder were hard hit last week, and at Slaton they cancelled the school Halloween carnival because of the flu. Maybe, like a number of other things, it's best to have it early and get it over with.

A good way to get your name in the paper is to walk across the street reading one.

IF YOU HEARD a church bell pealing out Friday morning, it was the new one (new here, at least) at Holy Cross Catholic Church in the northeast part of town. It was calling members to Mass on All Saints' Day, a holy day of obligation in the church year.

Father Erickson, pastor at the church, tells us the bell had just arrived from New Orleans, and was placed on the walk in front of the church to be rung Friday morning. It is to be installed on the church roof over the north sacristy.

THE CHURCH BELL is not new to Father Erickson. He used to ring it when he was assistant pastor of Our Lady of the Sacred Heart Church in New Orleans. Recently, when that church installed an electronic bell system, the old bell was made available to the Holy Cross Church here.

Getting back to homecomings, they're being held right and left. We've just noticed in The Crosbyton Review that the Crosbyton homecoming is on the same day as ours—Nov. 15.

MOST MIDDLE-AGED men can sympathize with the Russian Sputnik in the loss of its "bleep-bleep."

It's small consolation, but Post isn't the only place having outbreaks of burglaries. In turning through the exchanges, we notice that a number of other area towns have been hit. There is also some consolation in the fact that while the number of our break-ins rank right up at the top, the losses have a lower ranking. For instance, a jewelry store at Slaton last week lost more than \$1,000 in merchandise to burglars.

MOST REPORTS are that deer hunting in the north country this season hasn't been as good as in previous years. But we believe we've seen more deer and elk hauled through in pickups and trailers and even on tops of cars this season than ever before.

Since we ran a report in this column several weeks ago that imported toys from Japan contained a dangerous amount of lead, we believe it only right that we also run here an answer to the report.

U. S. SURGEON General Leroy E. Burney gives the Japanese painted toys a clean bill of health and says there is no cause for alarm over the lead content of the paint. Copies of the statement from the nation's health chief have been received in Post by stores handling toys of American as well as foreign make.

Dr. Burney said tests by the Public Health Service and by state and city laboratories have revealed "no significant difference between domestic and foreign toys in the matter of lead content of paint."

THE REPORT ALSO said, "From our study and the report of the consultants, we have found there is no published data to suggest either the direct involvement of painted toys in lead poisoning among children or any alteration in this situation during the last decade."

Parting Thought: Life, at best, is a losing proposition, since nobody ever came out of it alive.

Laws setting up Texas' public school system were signed Jan. 31, 1854.

Earliest authenticated sketches of airplane designs were made by Leonardo da Vinci (1482-1519).

THE AMERICAN WAY

Lost — Both Money and Freedom

Our Contemporaries Are Saying - - -

Information, Please

There are only two ways to handle women. Does anyone know what they are?—"It Sez Here" in The Rails Banner.

Topsy-Turvy World

The world has been turned topsy-turvy in recent years to the point that we have termed it in all shades of conditions. Wars have turned it red with human blood; black with misery and want; white with fear of the future; yellow with the envyings of people against people, nation against nation; green with jealousies; grey with greed, malice and lusts. A columnist remarks these remarks about the shades: "The man who went up 20 miles in a balloon says the world looks blue from that altitude. Viewed from the ground it doesn't look any too rosy."—"Pop-vaive" in The Hamlin Herald.

Unhappy Situation

This is an unhappy situation! Farmers are unhappy because the long rainy spell played havoc with cotton grades, the strong wind blew down feed crops, and now it is rumored that a freeze is due tonight.

Business men are unhappy because the late harvest has kept them idle during what is usually the busy season of the year.

School children are unhappy because after two days of vacation they must go back to school today. Well, it was hardly a vacation for those that had the flu, but what school kid wouldn't pick flu over going to school.

Wives were unhappy because there was mud on the carpet, laundry that couldn't be done, and school kids under foot for an extra two days.

The Texas Legislature feels quite sad due to the divergent views on water and other legislation. It looks like a long session when most of them would much rather be at home.

Nobody's happy at Little Rock. Everything is so quiet nobody is getting any publicity, good or bad.

The U. S. is resigned but not consoled over Russia's Sputnik which still circles the globe.

Russia is unhappy because Turkey remains calm despite all the threats the Communies and associates can muster.

Yes, it's an unhappy world. Can't someone do something to cheer us up a bit?—"Trends" in The Crosbyton Review.

One Or The Other

A little boy caught in mischief by his mother was asked, "How do you expect to get into Heaven?" The lad thought a minute, then

said: "Well, I'll just run in and out and in and out, and keep slamming the door until St. Peter says, 'For heaven's sakes, Bobby, come in or stay out.'—"Town Talk" in The Winnsboro News.

Successful Gardening

Compared with the past 20 seasons this has been my most successful year of gardening. It has required less work than any previous year, and not a single drop of watering, yet my harvest has equaled most previous years.

The truth is I never got around to getting it planted.—"Trail Dust" in Matador Tribune.

It's Up To You

You can see the world in an automobile — the way you drive decides which world. — "Drifting Sands" in The Andrews County News.

Cultural Vacuum

A piece of immortal Americana, Stephen Foster's "Old Black Joe", loved and sung by many millions of Americans for generations, has been banned from certain air networks. It contains racially offensive phrases, say the executives. And recently it was announced that the New York City Board of Education has taken "The Adventures of Huckleberry Finn" from its approved reading list for grade and junior high schools. This Mark Twain novel is rated as one of the all-time greats. It is even high on the short list of genuine classics. The New York Times, which reported all the bad it could about Little Rock (and none of the good, so far as we are informed), says the Huckleberry Finn book was banned because it was held to contain racially offensive material. Carried to its logical conclusion such a trend will ban all literary and musical materials which happen to afford Jew or gentile, white black or yellow, Protestant or Catholic, business, labor leader, office holder, and so on. Then we can all live in the "cultural" vacuum such as the Communist espouses, like that of the Dark Ages—"Views and Comment" in The Floyd County Hesperian.

To Make Certain

Accountant J. R. "Cotton" Jenkins told the City Council that nowadays the purpose for an audit of books, such as he has just completed for the city, "is to make certain everything is proper for tax purposes rather than to see if anyone has absconded with any of the funds." However, he added, it serves the same purpose; and assured the Council that the city had a clean bill of goods.—The Monahans News.

Remembering Yesteryears

Five Years Ago This Week

Dwight D. Eisenhower was elected president of the United States this week—but Garza County favored Adlai Stevenson in the presidential election; Miss Mary Jo Williams, 17-year-old daughter of Mr. and Mrs. Charlie Williams, has been chosen football queen of the Post Antelope; Paula Hedrick was honored on her fifth birthday, Oct. 22, with a party in the home of her parents, the Paul Hedricks; Miss Shirley Schmitt of Bill Jackson, was crowned queen at a tea-entertaining when it was held in Mrs. John Williams' home at 7 o'clock; there will be a church at 7 o'clock here; Mr. and Mrs. L. C. Carmichael is planning a party for the anniversary of the death of her parents, the Paul Hedricks; in their home.

Ten Years Ago This Week

Mr. and Mrs. Sloan Good of Texline, were Saturday visitors in the home of Mr. and Mrs. Jim Hays and family; E. M. Bass of Fry Feed and Hatchery, is attending a Purina Feed meeting in Missouri and will visit the company research farm while there; Miss Ruth Wallace and Marvin Williams, son of Mr. and Mrs. Charlie Williams, were married Saturday afternoon in Rockwall. The couple will be at home here, where he is employed by the Corner Grocery and

Fifteen Years Ago This Week

Joe Moss, local attorney, who recently underwent major surgery in Lubbock General Hospital, is recuperating nicely and is expected to be able to be home within a few days; Mr. and Mrs. Max Gordon of Grand Prairie announce the arrival of a nine and one-fourth pound daughter, Elaine Kay, born Oct. 22; funeral services for E. L. Flowist were conducted in Post, beginning Sunday at the Baptist Church Sunday. He was a well known citizen in this area for many years. Mrs. Bob Lusk left for their new home in Dallas, where he is in business.

Good Fourth Quarter Saleswise Seen For Automobile Business

BABSON PARK, Mass. — The automobile business has had a rather poor spring and summer. However, I look for a good fourth quarter saleswise. Also, I predict that total domestic production for 1957 will top 6,000,000 units. It may be as high as 6,200,000, or 6.8 per cent above last year. However, that would still be 22 per cent below the peak year of 1955.

Many competent observers feel that last year's downturn in auto sales and this year's only moderate recovery indicate that we made too many cars in 1955. In that year we produced nearly 8,000,000 units. These people feel that the industry must now undergo a further period of adjustment while the nation "digests" the overproduction of 1955. I think there is some truth in such reasoning. However, there are additional factors involved in the dip in auto sales.

The current rolling readjustment in general business must also be taken into account as an adverse sales factor. There are increasing indications that the dip also reflects some sales resistance on the part of people who just do not like the car styling and performance being turned out by Detroit at the present time.

In their haste to turn the tide after last year's poor sales showing, car makers concentrated on extreme-styling eye appeal. They came out with cars longer than necessary. They loaded them with gadgets designed to catch the eye. These longer, heavier cars require more horsepower. They burn more gas and most of them have engines which will operate efficiently only with high-octane gas.

At a time when automobile congestion may choke out the very downtown life of our large cities, car makers have added to the problem by making cars which need more parking space and cost more to maintain. These giant new cars may fulfill the desires and ambitions of many people, but do they meet the needs of postwar America today? Certainly they will be marketable only through intensive advertising.

United States automobile manufacturers contend that they cannot build a small car that will compete successfully on a volume basis with a good used car of standard size. They may be correct. But the time will come when Detroit must face facts. The automobile has contributed much to our American way of life. It has led to the development of the suburbs. It has provided and it now provides employment for large numbers of our people, directly or indirectly. Ours is a wheeled economy in the best sense of that term.

A good deal of our prosperity today stems from our success in having mass-produced the automobile and having made it readily available to vast numbers of our people. However, that prosperity

could be seriously threatened if we continue to misuse the automobile. The car of tomorrow will be smaller, more functionally styled, though still beautiful. It will be cheaper to buy, to operate, and to maintain. And it will be safer to use.

While going all out for size and flashy styling, Detroit is not entirely blind to the fact that there is a market for small cars here. Only one major domestic producer does not have a foreign subsidiary making small, economical foreign cars for export to the U. S. Small car demand has been doubling each year for some time now. If this trend continues, and I predict it will, U. S. car makers may be forced to revise their thinking on car size.

Perhaps the European cars now being imported are too small to attract wide market support in the U. S. However, their reception has been encouraging. It proves that many motorists are not fully satisfied with what Detroit is now turning out. Somewhere between these monsters of the road and the toy cars of Europe lies the answer to our real needs. Within the next five years I look for standard American cars of smaller, though adequate, size at much less cost. I predict also that improvements in engine design will permit great savings in gas consumption.

Prince Albert, consort of Britain's Queen Victoria, died of typhoid fever in 1861.

Alberta, a province in Canada, was named in honor of one of Queen Victoria's daughters.

VA Questions And Answers

Q. Since my firm is transferring me to another city, I want to sell my GI house and get my loan rights restored so I can buy another one. How do I get things started?

A. Write a letter to your VA Regional Office explaining the situation. Include your certificate of eligibility for a GI loan, if you have it, or else your discharge paper. Also include a statement from your employer to the effect that you are being transferred. VA will tell you what else is needed, after you have taken the first step.

Q. Is it possible to start school under the War Orphans Education program if a young person is under 18 years of age?

A. Yes, if he or she has quit or graduated from high school, is above the age of compulsory school attendance in his State, and VA finds it would be in the applicant's best interest to begin training before he reaches age 18.

Q. I am a totally disabled World War II veteran. I want to convert my GI term insurance policy to a permanent plan. Will my disability limit the choices of permanent plans that are available to me?

A. Yes. Endowment policies are not available to totally disabled veterans. However, you do have a choice of ordinary life, 20-pay life or 30-pay life.

Q. I am enrolled in school under the Korean GI Bill and I want to change my course. I have never changed courses before. Could I take VA vocational counseling to help me make sure my new course will be the best for me?

A. Yes. On the VA form for changing courses, indicate that you want vocational counseling. VA will set up an appointment for you.

Texas Tech Senior Is 1958 'Home Economist'

LUBBOCK — Miss Carolyn Reynolds, a Texas Tech senior from Bula, has been named "Home Economist of the Year" by Texas Home Economics College Clubs. Representatives from 17 colleges and universities throughout the state vied for the honor at an annual workshop held at Tech.

Though more than a thousand languages are spoken in India, only 10 are in general use.

Horatio Alger wrote more than 50 books about poor boys who made good.

How many premiums do you pay?

Does it seem to you that there's always another insurance policy expiring — another premium to be paid? Is it hard for you to keep track of your coverages, and the amounts? Let us tell you how most, perhaps all, of the insurance on your home can be obtained in a single package policy. And the premium you pay may be less than for several policies covering the same risks. Streamline your insurance with a Stock Company Insurance policy. We recommend it for quality protection, and full-time service. And remember: if you're not fully insured — it's not enough!

WINS A ROYAL FAVOR — New York — Mrs. John McGraw, of the famous Manager of the New York Giants, holds a ball on which she would like the signature of Queen Elizabeth the other three signatures on the ball which are those of George V, Elizabeth's Grandfather, King George VI, her and King Edward VIII, her Uncle, who is now Duke of Wind-

DON'T WAIT

UNTIL THANKSGIVING TO TAKE YOUR FAMILY OUT TO DINNER

Bring the wife and youngsters to Judy's at least once a week.

Don't forget for "eating out" — Breakfast or too—Judy's is the place to go . . .

Judy's Cafe

215 South Broadway
Open 5 A.M.—Close 10 P.M.

Proved and approved around the world and now it's here for you... the 58 FORD

One look tells you... there's nothing newer in the world!

- New deep-sculptured styling
- New Interceptor V-8 power
- New Cruise-O-Matic Drive
- New Ford-Aire Suspension
- New Magic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

Here's a car so new, so beautiful it made eyes pop from Paris to Pakistan . . . a car so rugged it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the world's most beautiful new bargain!

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From less gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New Drive position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid-boosting take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillars literally soak up the bumps! And Ford's new air suspension relieves the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices!

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

Lancaster-Tefertiller Exchange Wedding Vows Saturday Evening

Before an archway of chrysanthemums and cathedral tapers, Miss Lancaster and Bobby Tefertiller exchanged wedding vows Saturday evening.

The ceremony, presided over by Rev. Edwin L. Hall, co-pastor of Muleshoe Baptist Church at Slaton, was a simple affair. The bride wore a gown of alencon over satin. Features include neckline and long sleeves in petal-points over the bodice was encrusted with ruffles which terminated in a chapel veil descended and decorated with seed pearls, white orchid and step-pearl-studded Bible. Miss L. Ramsey attended as matron of honor in a mauve pink dress with a bodice accented with shirred chiffon skirt. Her bridesmaids wore pink chrysanthemum corsages. The groom wore a suit of Mrs. Eldon Muleshoe; Miss Ola Perryon; Miss Slaton; and Miss Slaton. They were dressed identically to the one of the bride and carried single white evening bags. The bride was flower girl. Tefertiller served as best man. Jimmy Hague, David Limmer, and Charles all of Slaton, acted as ring bearers. Mr. J. R. Amherst and Mrs. Tefertiller lit the candles. The houseparty at reception, which was held in Slaton, Royce Josey, Mrs. Dan Kelley, Mrs. Wayne Peris, Mrs. Elsie Albright, Mrs. Vera Gossett, Judy and Sonny, were Mr. and Mrs. O. Strickland, former residents of Post. Strickland was a science instructor at Post High School. Other Sunday visitors were Mrs. Ruby Wood and Miss Woody Short of Slaton.

Plans are being completed for a talent show, sponsored by the Southland Cemetery Assn., to be held Dec. 13, Friday evening, at 7:30 o'clock, in the Southland High School auditorium. Admission prices are 50 cents and 25 cents—also pie and coffee will be served during the evening. Anyone interested in entering the show is asked to contact Mrs. Harley Martin or Mrs. Sam Ellis of Southland.

49th Annual P-TA Convention To Be Held In Galveston, Nov. 20-22

The official call to the 49th annual convention of the Texas Congress of Parents and Teachers has been issued to the Post unit of the Parent-Teacher Assn. The convention is to be held in Galveston, Nov. 20-22. Mrs. V. D. de Grassi of Amarillo, state president, will preside and will present the theme, "New Ventures in Partnership", assisted by students of Austin High School, Houston. General sessions will be held at the Moody Civic Center. The Galvez will be the headquarters hotel. Main speakers will include James H. Snowden, of Wilmington, Del., treasurer of the National Congress of Parents and Teachers, and national representative; Joseph H. Reid of New York City, executive director of the Child Welfare League of America; Miss Waurine Walker of Austin, past NEA and TSTA president, and director of teacher relations and certification, Texas Education Agency. Snowden will install the officers at the last session. Greetings or special messages will be brought by the following: Mrs. Albert Janke Jr., president of Galveston city council; Dr. Morgan Evans, superintendent of Galveston public schools; Mrs. L. O. Maye, Galena Park, president of the 11th District; Dana Williams, president of TSTA and superintendent of Gladewater public schools; Dr. J. W. Edgar, state commissioner of education, Austin; Mrs. Joe A. Wessendorf of Richmond, past state president; Hugh Proctor, Texas Education Agency, Austin; Dr. Cecil Yarbrough, superintendent of schools, Snyder; Robert Birchfield, school principal, Amarillo, and Mrs. R. O. Pearson, Abilene. Dr. Evans will also be moderator of a youth panel.

Beta Sigma Phi Has Annual Pledge Rites

The annual pledge ritual of Beta Sigma Phi sorority was held Tuesday evening at 7:30 o'clock in the home of Mrs. Max Gordon. The club president, Mrs. Skeeter Justice, read the ritual, during which seven rushesses pledged membership. They were: Mrs. Polly Cravy, Mrs. Hazel Greer, Mrs. Violet Howell, Miss Mercedes Pearson, Mrs. Margie Sims, Mrs. Lois Vukay, and Mrs. Jo Ann Hill. After the ritual ceremony the group played games and enjoyed refreshments of hot punch, cookies and nuts. Those present at the meeting were: Miss Zephie Brown, Mrs. Sue Cornell, Mrs. Johnnie Francis, Miss Maxine Durrett, Mrs. Patsy Fumagalli, Mrs. Margelene Henderson, Mrs. Jean Hopkins, Mrs. Shirley Hundley, Mrs. Zoe Kirkpatrick, Mrs. Rowena Pierce, Mrs. Jo Sims, Mrs. Ed Sawyers, Mrs. Gordon and two special guests, Mrs. Sadie Storie and Mrs. Gladys Price, sponsor and director of the sorority. Mrs. Sawyers will be hostess for the next meeting, to be held Nov. 11.

Fellowship Hour Honors Former Family Thursday

Mrs. Shelby Bishop and children, Johnny and Barbara, of Tucumcari, N. M., joined her husband, the Rev. Shelby Bishop here Thursday and remained until Sunday afternoon. Rev. Bishop, former Post pastor of the Calvary Baptist Church, conducted revival services here last week. The Bishops were honored with a fellowship hour following the evening service Thursday. Those present enjoyed coffee and Cokes.

SPEAKS AT LIONS MEETING — Dr. Marshall Harvey of Lubbock (right) spoke on the Texas Lions Camp for Crippled Children at the Oct. 29 meeting of the Post Club. He is a counselor of Lions International and a director of the camp. Shown with Dr. Harvey is his wife and Mr. and Mrs. Al Norris. Norris is president of the Post Club. —(Staff Photo).

Spending Week Here Bobby Meisch Honor Guest On Birthday

Members of the J. M. Bradley family are spending the week here in the Bradley home and with Mrs. Pauline Kilpatrick. The family was called last week when Mrs. J. M. Bradley was taken to Slaton Mercy Hospital with a serious heart condition. Mrs. Bradley is reported improving. Those here are: Mr. and Mrs. E. V. Bradley of Houston, Mrs. Ace Russell of Fort Worth, Charles Kilpatrick, who is stationed with the Army at Camp Chaffee, Ark., Vernon Bradley of Mineral Wells, Mrs. Gene Seitz and daughter of Kansasville, Wisc., and Mrs. H. B. Yarbrough of Snyder.

Halloween Parties Given For Different Groups

The Intermediate GA group, the Junior GA girls, and the Sunbeams of the Calvary Baptist Church were entertained with a series of Halloween parties last week. Fourteen members attended the Junior GA party, held Tuesday evening. Mrs. W. C. Kiker served refreshments of punch and cookies to those present. Mrs. Graydon Howell entertained nine members of the Sunbeams Wednesday afternoon at 3 o'clock. The nine members of the Intermediate GA's were entertained with a party Wednesday at 5 o'clock in the home of Mrs. Graydon Howell.

Chuck Wagon Supper Is Held Sunday Afternoon

Approximately 70 people attended the "Chuck Wagon Supper", sponsored by the Calvary Baptist Church Training Union. It was held at 5:30 o'clock in the recreational hall of the church, Sunday afternoon. The menu consisted of barbecued wieners, beans, potato salad, cherry cobbler, coffee and punch.

Postscripts

A rose theme was carried out in decorations when members of the Junior Luncheon Club met Friday in the home of Mrs. John Lott. Those present for the luncheon were: Mrs. Irma Metcalf, Mrs. Giles McCrary, Mrs. Tom Power, Mrs. James Minor, Mrs. Phil Bouchier, Mrs. David Newby, Mrs. John Birdwell and Mrs. Lott. Mrs. Metcalf won high score during the bridge game.

Mr. and Mrs. S. E. Camp and children and Mr. and Mrs. W. S. Duckworth attended the SMU-Texas football game in Dallas Saturday, held in the Cotton Bowl.

Miss Allane Norris, bride-elect of Donald "Corkey" Ammons, will be named honoree at a miscellaneous wedding shower this evening in the home of Mrs. Ralph Welch. Allane and Corkey will be married Nov. 29 in the First Methodist Church here.

Mrs. Raymond Young, who is a medical patient in Methodist Hospital in Lubbock, is reported improving this week. The Youngs are owners of Hi-Way Grocery.

Mrs. Roger Hensley, Mrs. Ed Moseley, Mrs. Harley Martin and Mrs. Pat Taylor were among those attending the "Show of Stars" in Lubbock Friday night at the Fair Park Coliseum.

Sunday guests of Mrs. Vera Gossett, Judy and Sonny, were Mr. and Mrs. O. Strickland, former residents of Post. Strickland was a science instructor at Post High School. Other Sunday visitors were Mrs. Ruby Wood and Miss Woody Short of Slaton.

Plans are being completed for a talent show, sponsored by the Southland Cemetery Assn., to be held Dec. 13, Friday evening, at 7:30 o'clock, in the Southland High School auditorium. Admission prices are 50 cents and 25 cents—also pie and coffee will be served during the evening. Anyone interested in entering the show is asked to contact Mrs. Harley Martin or Mrs. Sam Ellis of Southland.

Layette Shower Monday Honors Mrs. Gene Hays

Mrs. Gene Hays was named honoree Monday evening when 11 hostesses entertained with a layette shower in the home of Mrs. Joe Duren. Guests called between the hours of 7:30 and 9 o'clock. Mrs. Duren served refreshments of individual cake squares, punch, mints and nuts to guests from a table laid with a ivory lace cloth over pink. A miniature blue train carrying a small baby doll and encircled with pink carnations, composed the centerpiece. Approximately 15 guests called during the evening. Hostesses for the event were: Mrs. Neal Clary, Mrs. Emory Stevens, Mrs. Roy Josey, Mrs. Royce Josey, Mrs. Harold Reno, Mrs. Bob Pace, Mrs. Bill Hall, Mrs. Don Rose, Mrs. George Hester, Mrs. Jimmy Stanaford, and Mrs. Duren.

Mrs. Gary Is Feted At Shower Monday

Mrs. Ray Gary, the former Miss Wanda Gray, was named honoree at a wedding shower Monday evening in the home of Mrs. Joe Duren. Miss Linda Lusby registered the guests, who called between the hours of 7 and 9 o'clock. The receiving line was composed of Mrs. Gary and her mother-in-law, Mrs. Roy Gary. The honoree wore a navy sheath dress with matching accessories and her corsage was of red roses. The serving table was laid with white over orchid and featured a centerpiece of an arrangement of fall flowers. Completing the table decorations were green candles and white napkins with "Wanda and Ray" in green. Refreshments of green punch, individual cup cakes, nuts and mints were served to guests. Flower arrangements throughout the entertaining rooms completed the decor. Hostesses for the occasion were: Mrs. Rex King, Mrs. Chester Morris, Mrs. Duren and Miss Lusby. Mrs. Gary will be honoree at a miscellaneous shower Saturday evening in Cross Plains. She and Gary were married recently in Lawton, Okla.

HALLOWEEN PARTY

Members of the kindergarten class of the Church of the Nazarenes were entertained with a Halloween party Oct. 29 in the home of their teacher, Mrs. D. H. Hawkins. Games were played and refreshments served to the 26 present.

PRISCILLA CLUB MEETS

Members of the Priscilla Club will meet tomorrow afternoon at 3 o'clock in the home of Mrs. Ted Hibbs.

Halloween Parties Given For Different Groups

TIED!

Maybe no one has ever actually bound your wrists with a rope. But haven't you, at times, felt as if you were literally hand tied? You struggle and strain with your problems and anxieties, and you are completely unable to get free. Such moments come to everyone, and they are not easy to face. It's simple to be serene when things are going well. But when your hands are tied—when you feel helpless, even hopeless—then you begin to realize life cannot be lived alone. It's then that you know how important Faith is—how it is something you absolutely must have. With Faith to sustain you, you inevitably begin to see your way out. Without it, you flounder. Turn to the Church—not just because you are troubled, but because it can give you spiritual freedom.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Lubbock Engagement Of Circus Scheduled For Nov. 11, 12, 13

The Greatest Show on Earth will play under the "largest top" in this area when Ringling Bros. and Barnum & Bailey Circus comes to Lubbock for five performances on Nov. 11, 12 and 13 in the Municipal Coliseum. Shows on Monday and Tuesday are scheduled at 3:30 and 8 and on Wednesday at 4 o'clock only.

Combining the best of the new and the old-time circus that has thrilled Americans for 87 years, the 1957 edition is two hours and forty minutes of sensational acts and eye-popping spectacles — the greatest package of family entertainment ever to play the Lubbock Coliseum.

Prices for the Lubbock engagement are \$3.60, \$3, \$2.40 and \$1.80. Children under 12 will be admitted at half price in any section to the matinee performances only. Prices for the night shows are the same for adults and children. Tickets are on sale daily from 9 a. m. to 5 p. m. in the lobby of the Municipal Auditorium. For ordering by mail, send check or money order together with a return envelope to: Civic Lubbock, Inc., Lubbock Coliseum, care of City Hall.

Air conditioning was first used in a cotton mill in 1906.

NEW FROM HEAD TO TAILLAMPS — Oldsmobile for 1958 offers a completely restyled body, featuring the new "mobile look." This distinctive and tasteful styling in the '58' Holiday coupe harmoniously employs horizontal trim to emphasize the long, flowing lines and low silhouette. The new models go on display Friday at Caprock Chevrolet, Inc.

Complete Styling Changes Highlight '58 Oldsmobiles On Display Friday

Exciting styling changes that enhance the appearance from every angle mark a completely new Oldsmobile for 1958, which goes on display Friday at Caprock Chevrolet, Inc.

In addition to the styling changes, the General Motors division is introducing a true air suspension system, newly efficient and economical Rocket engines and an improved Jetaway Hydra-Matic Drive.

Oldsmobile's new "mobile look" is very evident in the entirely redesigned body, new rear quarter panels, a new front end with recess-type grille and four-beam headlamps, one-piece rear window with greater glass area and new rear deck and roof. The decorative trim on the side panels accentuates the length, flowing lines and low silhouette of the new Oldsmobile.

"The 1958 Oldsmobile has been completely and tastefully redesigned with distinctive and exciting styling. In fact, practically everything you can see is new," said Jack F. Wolfram, Oldsmobile general manager and vice president of General Motors. "We believe our new car is a fitting culmination of six decades of progressive product leadership, and is a fitting car to start Oldsmobile's next 60 years of progress."

Oldsmobile for 1958 offers three different Rocket engines in its three series of cars. The economy-priced Dynamic '88' series is powered by an engine with the new "Econ-o-way dual carburetor and is rated at 265 horsepower. This engine, according to Wolfram, represents the greatest fuel economy improvement in Oldsmobile history. The Super '88' and '98' series both have the Rocket engine with quadri-jet carburetor and developing 305 h. p.

Available as an optional extra on all series is the J-2 Rocket

engine with three dual carburetors and generating 312 h. p. Compression ratio is 10 to 1 and displacement is 371 cu. in. in all three engines.

The '98' series has four body styles in 1958—two hardtops, Holiday sedan and Holiday coupe, a four-door sedan and a convertible. There are five body types in the Super '88' Series—Holiday sedan, Holiday coupe, four-door sedan, convertible coupe and Fiesta station wagon. The budget-priced Dynamic '88' Series offers a wide range of seven body selections—Holiday sedan, Holiday coupe, two-door sedan, four-door sedan, Fiesta, Fiesta sedan and convertible. In all there are 16 body styles.

Two Oldsmobile accessory innovations for 1958 are available to customers — a Trans-Portable radio that can be completely removed from the car for use elsewhere and a Safety Sentinel speedometer warning that utilizes both a light and buzzer to warn when any pre-set speed is being exceeded. The compact all-transistor

Trans-Portable radio with its self-contained batteries and aerial fits on the instrument panel but it can be withdrawn to use away from the car. Both these accessories are optional at extra cost.

Dairy Society Meets Next Week At Tech

LUBBOCK—Better ways to produce ice cream, milk and other dairy products will be described next week (Nov. 13-15) at a Texas Tech conference.

Specialists from California, Michigan, Iowa and Ohio will join those from the Tech dairy industry department and other Texas dairy centers in leading the conference at the Aggie Memorial Auditorium.

A conference feature will be a meeting of the Texas-New Mexico Dairy Technological Society at 7:30 p. m. Thursday (Nov. 14) in the Tech Union Building. Principal speaker will be Dr. E. L. Jack of the University of California at Davis who will discuss international aspects of the dairy industry.

Interested persons in the dairy processing industry are invited to attend the conference. The fee is \$5.

ACC Homecoming To Be Nov. 15-16

ABILENE — Abilene Christian College's annual Homecoming activities will be staged Friday and Saturday, Nov. 15-16.

The first day of events will include a homecoming pep rally, a Wildcat Band Concert and the annual bonfire. Class reunions for exes from 1906-1957 are scheduled Friday night after the bonfire.

Saturday morning's events will include a special homecoming chapel service and a barbecue luncheon. Highlight of the day will be the football game and the crowning of ACC's Homecoming Queen. The Abilene Christian Wildcats will take on Trinity University in the grid-battle at 2:30 p.

m. in Abilene's Fair Park Stadium. Climaxing the homecoming activities will be a Festival of Music presented by the Music and Speech Departments of ACC in Sewell Auditorium on the campus at 8 p. m., Saturday.

Of Texas' 135 junior and senior colleges, 53 are privately supported, 51 by taxes.

Some 400 to 500 fairs, exhibitions and festivals are held annually in Texas.

Methodists To Launch Campaign With Dinner

More than 50 solicitors and their wives will be honored with a kick-off dinner for the \$45,000 expansion drive next Tuesday night at the First Methodist Church.

C-C Budget—

(Continued From Front Page)

Annual clean up program, \$25 for quarter horse show, \$50 for Veterans Day promotion, \$75 for a rural Halloween program, and \$750 for a greatly enlarged community Christmas promotion.

Williams said early reports from canvassers indicate a very favorable reception from the membership for the 1958 program of action. In many instances firms are boosting their 1958 pledges four to five times their 1957 dues to do their part in financing the program.

Canvassers who are taking the Program of Progress budget to the membership this week and asking for 1958 pledges include Irby Metcalf, Keith Kemp, Rube Jennings, Lowell Short, Ralph Kirkpatrick, Shelley Camp, Jimmy Hundley, Tom Power, Williams, Dad Greenfield, and others.

Confirmer Finaled In Hackberry Field

Lower San Andres production in the Hackberry field of northwest Garza County has been confirmed with the completion of W. Ridley Wheeler's No. 1-LS W. A. Hamilton, four miles south of Southland.

Producing from intermittent casing perforations between 3,963-997 feet, the well pumped 127 barrels of oil per day. No water was reported, and oil gravity tested 35.7 degrees. Completion was affected after treatment with 5,000 gallons of acid in five stages.

Total depth was reached at 4,286 feet, with 5½-inch pipe cemented on bottom.

The wellsite spots 2,310 feet from south and 660 feet from east lines of Section 1249, AB&M Survey. It is a southwest offset to the discovery well.

Lions Set Nov. 26 For Pancake Event

The Lions Club today announced plans for its annual benefit pancake supper. The "eat all you want" event will be held Tuesday, Nov. 26, starting at 5 p. m. in the school lunchroom.

Lions will do the cooking, serving, and cleanup. Tickets for the affair, proceeds of which will go to needy children, were placed in the hands of club members at the club's Tuesday dinner this week.

Proceeds either will be used locally for needy children to purchase glasses, shoes, etc., as the needs develop or will be sent to the Crippled Children's Camp at Kerrville.

Menu for the pancake supper will include all the pancakes you can eat, sausage or bacon, milk or coffee. Children under 6 are admitted free.

Voting Continues In Queen's Race

With coin containers placed in a number of business places and votes selling for a penny each, balloting was continuing this week to determine an exes' queen for annual homecoming on Nov. 15.

The five candidates are Doris Ramsey, Melba Sims, Nora Richardson, La Rue Stevens and Elfreda Carpenter. The winner is to be crowned queen in a ceremony at the Post-Abernathy football game.

Meanwhile, other homecoming plans are shaping up, according to Percy Parsons, president of the Ex-Students' Assn. Exes planning to attend the banquet are requested to make reservations with Mrs. Donald Windham, secretary.

District Judge Sterling Williams of Snyder, a 1922 graduate of Post High School, will be principal speaker at the banquet, which is to be held in the junior high gym at 5 p. m.

Registration is to begin at 3 p. m., with a business meeting to follow the banquet.

Lott, general chairman of the building committee.

Ducted central heating systems are planned for the new addition. Each floor is to have two central plants so only the portion being used need be heated. The small electric elevator will run from the basement level to the second floor. Other proposed improvements include the elimination of the nook in the church kitchen, the installation of a large exhaust fan and hood and the addition of a door from the kitchen to the assembly room. A church parlor will be provided, for use as a classroom as well as for group meetings of various kinds.

Picture of crowded classrooms illustrated the posters placed by Lewis Williams and his committee in the sanctuary Sunday. This week, Williams' letter from R. J. Jennings, church finance chairman, detailing the proposed building plans will be mailed. Each church family will also receive an illustrated brochure, pointing up crowded conditions.

Red Cross is general chairman of the solicitations committee. Heading the actual solicitors is Leo Ward. Participating in next week's fund drive will be Powell Shytles, Max Gordon, Dr. B. E. Young, Pat Walker, Walter B. Holland, Glenn Whittenberg, Lynn Duncan, Ted Hibbs, Harold Lucas, Percy Parsons, Boone Evans, Leo Acker, Bill Edwards, Al Norris, Harold Voss, Bob Collier, Lott, Jennings, Noah Stone, Jess Rogers, Ralph Welch, J. E. Parker, Douglas Livingston, and E. W. Wrestler.

These men and their wives will be honor guests at Tuesday's kick-off dinner.

Civic Leader—

(Continued From Front Page)

of stewards of the church here for a number of years.

He served as Post's second mayor, from 1916 to 1921, and was a charter member and the first president of the Rotary Club. He had also served as president of the Chamber of Commerce at different times, had been a member of the city commission and the chairman of the Terrace Cemetery Assn.

Mr. Greenfield, known throughout the South Plains area for his humor and wit, often was in demand as master of ceremonies or toastmaster at various events. He was master of ceremonies at testimonial dinners here honoring pioneers Drs. A. C. Surman and D. C. Williams, and town-builder, George "Scotty" Samson.

He was a longtime member of the Masonic Lodge, which he had served in various offices.

Mr. Greenfield was born at Harrison, Ark., on May 13, 1881.

Besides his wife, he is survived by a daughter, Mrs. Maxine Edwards; four grandchildren, and a brother, Vance Greenfield of Rosenberg.

The Rev. W. L. Porterfield, pastor, and the Rev. C. A. Bickley, retired Methodist minister of Lubbock, officiated at the funeral services. Interment was in Terrace Cemetery under direction of Mason Funeral Home.

Pallbearers were: Bob Collier, Noah Stone, Pat N. Walker, Harold Voss, Ellis M. Mills, Jess Rogers, V. F. Bingham and Homer McCrary.

Serving as honorary pallbearers were: Boone Evans, J. E. Parker, T. L. Jones, L. A. Presson, Marshall Mason, R. H. Collier, Malcolm Bull, Bryan Williams, Dr. B. E. Young, John F. Lott, R. A. Moore, Tom Bouchier, George Samson, Gordon Hamilton, Jack Dale.

Herbicide Law Is To Be Considered

Passage of a herbicide law regulating the use of 2-4-D and other herbicides will be considered by the Garza County commissioners' court at next week's meeting, County Judge Pat N. Walker said today.

Judge Walker said the commissioners will set a date for a public hearing on the proposed measure, since it is optional with farmers and ranchers of a county whether or not such a law is put into effect. About half of the state's counties already have laws regulating the use of herbicides.

The judge also said that a legal notice on the date and place of the public hearing will be published in The Dispatch, and that literature with information on herbicide regulations will be mailed farmers and ranchers. The proposal will be further explained at the public hearing by some area authority on such matters, the judge said.

Early in this crop year, there was widespread cotton leaf damage in Garza County believed caused by 2-4-D or other herbicides.

BAND SWEETHEART AND RUNNERS-UP—Miss Frankie Sue Howell (center) was crowned Post Antelope Band sweetheart by band president Jerry Hitt at Friday night's football game. At the left is Miss Frances Dietrich and at the right is Miss Doris Eilenburger, who were runners-up in the band sweetheart race. (O. A. Madison Photo).

RED CROSS, SALVATION ARMY, YOUTH CENTER

Three Participating Organizations In Chest List 1957 Expenditures

Three of the nine participating organizations in this year's Community Chest program are the American Red Cross, the Salvation Army, and the Garza County Youth Center.

Brief reports from these three organizations reveal that they play a big part in community betterment on what they receive through the Chest.

Red Cross expenditures for 1957 have included the following: Local people helped, \$225.50; transient people helped, \$153.61; servicemen helped, \$369.36; national part of budget, \$994.85; Hungarian relief, \$158; flood relief in California, \$240.

In the past 12 months, the local service unit of the Salvation Army has helped at least 85 people in Post by buying bus tickets, shoes, lodging, medicine, gasoline, meals and groceries, and has sent three underprivileged boys to Salvation Army camp. More than \$300 has been spent in doing this.

In the past year, the Youth Center has spent a total of \$575.92 and has received a total of \$300 from the Community Chest. In the 1957 drive, they have asked for \$675 more to hire a paid director.

'57 Rainfall—

(Continued From Front Page)

County Agent Lewis C. Herron said Tuesday. Monday's .19 of an inch of rain was followed by .60 on Tuesday, and .05 up to noon Wednesday. Sunday's rain amounted to 1.94 inches, and one early Friday morning measured .14 inches.

The rainfall total for the first five and one-half days of November was 2.02 inches, bringing the 1957 total through noon Wednesday to 30.78 inches, or more than 10 inches above the 12-month normal.

The heaviest previous rainfall since 1941 was in 1949 when 26.96 inches were recorded.

The October total was 4.63 inches. For other months since the first of the year it has been: January, .55; February, 2.69; March, 4.18; April, 5.35; May, 5.81; June, 4.18; July, 1.57; August, 1.28; September, 2.17.

The sun peeked out for less than five minutes late Wednesday morning, but was soon hidden again, with forecasts calling for more rain "at least through Thursday."

County Votes—

(Continued From Front Page)

cast in the election. The retirement fund amendment received 121 votes for and 54 against in Garza County; the pension fund amendment, 162 for and 14 against, and the water bond amendment, 164 for and 14 against.

The retirement fund amendment lost by one vote at Southland, four at Verbena, three at Justiceburg and one at Pleasant Valley. All other voting favored the three amendments.

The for and against voting by boxes was as follows: North Post—No. 1 (retirement fund): 66-10; No. 2 (pension fund): 77-0; No. 3 (water bond): 77-1. Southland—No. 1, 5-6; No. 2, 9-2; No. 3, 7-4.

Verbena—No. 1, 9-4; No. 2, 4-9; No. 3, 4-0. Justiceburg—No. 1, 6-9; No. 2, 14-1; No. 3, 11-4. Graham—No. 1, 13-8; No. 2, 18-3; No. 3, 18-3. Pleasant Valley—No. 1, 4-5; No. 2, 8-1; No. 3, 8-0.

South Post—No. 1, 28-12; No. 2, 32-7; No. 3, 38-2.

HERE FOR A FEW DAYS Mr. and Mrs. Clarence Taylor and sons of Beaumont are spending a few days in the home of Mrs. Meta Hartman.

SIMS GUEST Weldon McKinley of Mountainair, N. M., was a guest in the home of Mr. and Mrs. Kelly Sims Monday through Wednesday.

Postings—

(Continued From Front Page)

ing avenues between paved streets is an obvious need. The other problem may never have been raised before—downtown parking. Despite the lack of customers in the business district the first few wet and drizzly days this week didn't you have a time finding a parking place downtown for the car? That was because mud and wet weather forced a lot of behind-the-business-parking people to bring them around and set them down for the day on the streets instead. If it's going to keep raining, Post is going to grow up into a parking problem.

Editor Charlie Didway reports across the room that Post's rainfall to date in 1957 is now over 30 inches and Giles McCrary told us over coffee the other afternoon that his O. S. Ranch foreman reports that rainfall on the ranch east of Post was over 38 inches for the year before the current week of rain began. At least the drought is over. A lot of the farm folks and implement dealers aren't nearly as pessimistic about crop damage by rainfall as are the business men. They admit that things need the sun pretty badly now, but that all's not lost by any means.

Two Santa Fe railroad officials were in town yesterday morning—W. A. J. Carter, division superintendent, and E. O. Chaddock, trainmaster, both from Slaton—to give the railroad's \$100 donation to the Garza County Community Chest. The Santa Fe is a good supporter of the community chest at every town and city along its vast railroad net.

Insects comprise the largest group of all living creatures.

4-H Award Affair Scheduled Monday

Members and adult leaders of 4-H Clubs in Garza County will hold their annual achievement award program Monday night in the district courtroom, Miss Jessie Pearce, home demonstration agent, has announced. The program is to begin at 7:30 o'clock.

Awards will be presented to club members and leaders, including the Gold Star Boy and Gold Star Girl awards for 1957. Also to be presented are county and state fair premium checks.

In observing National 4-H Achievement Day, the Garza County club members and their leaders will be joining 2,000,000 members in the nation, 117,257 of them in Texas.

Achievement Day is the one day which is set aside each year for the purpose of recognizing outstanding achievement. The public is invited to attend Monday night's program.

He's Probably Driven Some In California

If you see a fellow with a beard driving around town blindfolded tomorrow noon, don't worry too much. He's supposed to be good at it.

At least that is what Russell Barron, the hypnotist who will stage the "Hypnotic Marvels" show at the grade school auditorium Friday night at 8 o'clock, says he is going to do.

Barron will stage a free downtown demonstration Friday noon which will include among other things driving a car blindfolded. Post Jaycees are sponsoring his appearance here.

City Council

(Continued From Front Page)

donated to the city as a park. The city named the park after Dr. A. C. Surman, son and Mrs. Ryle T. Surman.

The proposed ordinance will be submitted to the Fire Insurance Commission for approval. It is expected to be ready to submit to the council in the afternoon of the 10th.

The proposed ordinance was taken on any of the State Fire Insurance Commission's additional work permit matters.

Miss Kate Lorenz, reported that city through October 31st for the first time this year's tax collection as compared with 1956.

The city gave a 3 per cent discount for taxes in October. The 2 per cent this year dropped to 1 per cent in November.

The council had representatives of General Company of the State present with a report on the promise rate increase none showed up.

WEEKEND IN LITTE Mr. and Mrs. James and son spent the weekend visiting in the field and Mrs. L. D. Stan.

Early experimental combustion engine powder as fuel.

Ducks and geese are here! The hunting season opens one-half hour before sunrise on Friday, Nov. 1. Duck season ends Jan. 14; goose season Dec. 30. All shooting must end one half-hour after sunset, daily.

This is the real beginning of Fall, football notwithstanding. When those honkers pass over in formation, we know winter is just around the corner. It won't be long until the frost is on the pumpkin.

If you are a novice at duck hunting there are a few fundamentals you should know.

First, you must get your hunting license, which costs \$3.15. Next, get your Federal duck stamp, which costs \$2, and attach the stamp to the license. If caught without these you are out of luck.

Still another law is just as important. You must have your shotgun, not larger than 10 gauge, plugged to hold not more than three shots. And don't shoot from a motor boat. That's against the law.

With these rules complied with you may kill five ducks and six geese a day. You can have 10 ducks, but only six geese, in your possession at one time. You also can kill 10 coot and eight Wilson's snipe in one day. Possession is one day's bag.

If you are doubtful about any provision of the shooting regulations, consult your local game warden. He'll give you all the help you need.

Despite rains and changing weather there still is a large dove population in the South Zone of Texas. Warden reports from most of the South Texas counties, indicate the doves are fat and fully feathered now. Dove hunting season in South Texas does not close until Nov. 17, except in the valley counties where there was a three-day white wing season. In those counties the season will close Nov. 14.

Year Around Fishing
Rains of the past week have muddied most of the Texas streams. Top-water fishing has been badly affected. With deep-running plugs some big bass have been taken from the lower depths.

There'll be rapid turnovers in the lakes now with the advent of cool weather. After settling there should be some excellent top-water fishing again. Meantime sandies and crappie are being taken in great numbers in most of the lakes.

Shooting Preserves
More hunters each year are taking advantage of shooting preserves to get their quail and pheasants. Texas now has several of these preserves. They are stocked with pen raised birds. The landowners permit shooting for fees. Some of them charge by the day. Others by the birds killed. In either event the total cost of a hunt with the bag limit filled might be less on one of these places than you would expect.

Game Wardens and in most instances the sporting goods stores, know where there is one of these preserves close to you. Check into it.

News Notes
Texas Open Championship Field Trials will be held at Camp Maxey, near Paris, from Dec. 2 through Dec. 10. This is the outstanding bird dog event of the south. Entries are from all over the United States. Information can be had from Mrs. H. B. Pittman, Box 454, Tyler, who is secretary. Carl Duffield of Abilene is president.

True Reporting
How well do you know the camp-

operator where you fish?
I know all kinds. There's the fellow who always tells you fishing is great, people have been catching limit strings of all kinds, come on out, boy, don't miss a golden opportunity.

A while back, Outdoor Editor George Kellam of The Fort Worth Star-Telegram got suspicious of all this noise. He checked with fishermen on the camp operators' report.

One couple, who reportedly snagged 50 crappie and three nice blacks, told Kellam they fished two and a half hours and caught zero. Another pair of anglers, given credit for 30 crappie, said they were just sightseeing and didn't even douse a minnow. Still another twosome who, according to the camp operator, caught 11 limit said they fished 11 hours and didn't get a bite.

There's no law against this tale-telling, but it should come under the head of false advertising, and any camp operator who is guilty of it should be avoided.

But, when you find an honest operator—and there are many of them—stick with him.

A Few Warnings
A word of warning. Be sure when you take your outboard motor or off the boat now, that it is properly drained. Water let in the motor might freeze and crack the cylinder.

Also remember, it is getting dark earlier each evening and will continue to do so until mid-December. This means on your return to camp you should start early enough to get in before dark.

Which reminds us that Justrite has made a new lantern, especially for fishermen. It is boxed in a container, which permits its being carried in the tackle box fully protected. It is a powerful beam-aid spotlight—Something fishermen have been needing for a long time.

Articles made of iron and found in the pyramids are believed to be 5,000 years old.

Young said that the association hopes that this cooperative work with other countries will result in world-wide uniform rules and regulations for production of certified seed.

At the request of European agriculturists, the I. C. I. A. has been asked to pass on certification rules set up for the British Empire and on seed testing methods in Denmark.

Young said that the association hopes that this cooperative work with other countries will result in world-wide uniform rules and regulations for production of certified seed.

SPORTS

By CHARLES DIDWAY

Only two opportunities remain for the Post Antelopes to chalk up a 1957 football victory. While it'd be nice for them to win both games—since it's much better to win than it is to lose—most fans would be well satisfied with one victory.

Homecoming will be a big factor in both of these two remaining games. At Tahoka Friday night, it'll be the Bulldogs' homecoming and they're naturally going to be "fired up" for it. Then, the following weekend, it'll be the Antelopes' homecoming when the Abernathy eleven comes here to close out the season.

Since a Post eleven hasn't defeated an Abernathy team in goodness knows when, a victory over the Nov. 18 invaders would almost be equal to two wins over other teams. The Antelopes didn't look at all good against Floydada, but we just can't believe the boys are going to let these last two games go by the boards without winning at least one of them.

It's been easy the last two weeks to separate the Texans from the Oklahomans—since the University of Oklahoma and Texas A&M College have been riding atop the heap of the college football ratings. Following its narrow squeak against Colorado, the Sooners dropped one notch under the Cadets. After Saturday's games, lots of Sooners fans thought the Big Red would be back on top following A&M's 7-6 win over Arkansas. But the writers who rate them probably figured, and rightly so, that Arkansas was much stiffer competition than the Kansas State Wildcats, who held the Sooners to a 13-0 victory.

High school football fans the state over are having almost as much fun trying to figure out who should be on top in schoolboy grid ratings—Abilene or Amarillo. They will more than likely settle it in the playoffs, which sometimes make the ratings look sick.

We've heard more than one football fan, discouraged by the Antelopes' poor showing this season, say he'll be glad when the basketball season gets under way. The round ball enthusiasts are already at it in some of the smaller schools like Shallowater, Bledsoe, and Pettit. Slaton, which closes its football season with Friday's games against Abernathy, will get the jump on other District 2-AA schools in basketball practice.

The District 2-AA football championship will be decided Friday night when Floydada and Lockney meet on the Whirlwinds' gridiron. Considering what's at stake and the fact that Floydada has the home field advantage, they'll force the Longhorns to go all out to live up to their ratings as No. 1 on the South Plains and No. 3 in Texas. We're going 'way out on a limb and picking Floydada to upset the Lockney team.

In the other district game, Slaton will be at Abernathy; Spur has an open date. On the basis of past performances, Slaton should be able to take the 'Lopes, but the Tigers have blown hot and cold most of the season. Abernathy, like Post and Tahoka is trying to salvage something from a rather dismal season and probably will pull all the invaders. Still, we think Slaton will win.

It's been a long time since we've seen as poor a job of officiating as the one at Friday night's Post-Floydada game—and both teams felt the effects of it. Still, that wasn't any reason for the players to start swinging at each other in that hectic fourth quarter. Tem-

Antelopes Invade Tahoka On Friday

The Post Antelopes face an old foe Friday night in the Tahoka Bulldogs, who have been having quite an up-and-down season themselves in posting two victories against six losses.

It'll be the Bulldogs' homecoming game, and with their squad nearer full strength than it has been all season, they're rated favorites over the winless Antelopes of Coaches Frank Krhut and Al Parsons.

Coach Krhut said Tuesday that the Antelope squad is in fairly good shape "physically" for the game, and that he is hoping they are in better shape "mentally" than they were for Floydada last Friday night.

The only two casualties are sophomore end Scotty Pierce, who pulled a muscle, and sophomore quarterback Curtis Didway, who received an ankle injury—both in the Floydada game. They are expected to be ready by Friday night.

After opening their season with a 7-0 victory over Plains, the Tahoka eleven lost to Denver City,

O'Donnell, Seagraves, Spur and Floydada before winning from Abernathy, 24 to 14. Last Friday night, they were defeated by Slaton, 26 to 7.

On the basis of comparative scores, the Bulldogs hold a slight edge over the Antelopes. They lost to Denver City, 12-7, while Post dropped one to the same team, 25-12. O'Donnell downed Tahoka, 19-0, while the best they could do against Post was 14-2. Spur edged Tahoka, 13-7, and they beat the Antelopes, 28-12. The Bulldogs lost to Floydada, 34-0, while the Antelopes dropped one to the same team, 41-0. Slaton's 26-7 win over Tahoka compares to a 33-0 verdict over the Antelopes.

Tahoka has a heavy team, but they've been plagued most of the season by injuries and illness.

The Tahoka-Post rivalry dates back almost as far and is almost as heated as that between Post and Slaton. Last season, the Antelopes won by a score of 20 to 0, but lost to the Bulldogs by 40-0 the previous season.

AVENGE EARLIER LOSS TO JUNIOR LONGHORNS
Post Junior High Team Defeats Lockney On Bouchier's TD Run

Post's promising junior high team avenged an earlier defeat by the Lockney Longhorn juniors last Thursday by coming from behind in the fourth quarter to take a 12 to 7 victory at Antelope Stadium.

Coach Herman F. Raphael's team took an early first quarter lead when quarterback Tommy Bouchier rounded end for 45 yards to a keeper following a fumble recovery by a Post lineman. A running play for the extra point failed.

The Lockney youngsters came back fired up in the third quarter to go ahead, 7-6, on a 25-yard pass play and a line plunge for the extra point.

With time running out in the fourth period and Lockney on the march, Gerald Braddock pounced on a Longhorn fumble on the Post 25 to give the junior Antelopes new life. The visitors held for downs, however, and Gene Tanner punted to the Post 41, where the receiver fumbled. Post recovering.

Bouchier circled right end for 44 yards to the Lockney 15, but Post drew a 15-yard clipping penalty. Leslie Acker passed to Jimmy Ivey to get the 15 yards back, and Braddock rammed through the line for eight. On the next play, Bouchier rounded right end on a keeper to cover the remaining seven yards to the goal line. Try for point failed, and Post led, 12-7, with a minute and a half to go.

The junior Longhorns ran the kickoff back to their 40. A fine defensive play by guard Bobby Hudman, who broke through to

pers grow short in any hardfought game, but it's always a better reflection on the player and his school when he holds himself in check.

See you at Friday night's game!

Winds Bounce Post By 41-0 Game Here Friday Night

Antelopes' attempt to win side of the ledger here Friday night suffered their worst loss of the season to the Floydada Whirlwinds, 41 to 0, in a Dis-

game. The biggest margin of defeat was posted by Floydada on the 11 on a keeper, and the Whirlwinds had defeated the Antelopes since 1954.

The Antelopes turned in their best performance of the season in the first quarter, but they were ejected after two touchdowns, and the game was never able to get going until the final minutes of the game.

It was a rough one, although out of hand in the first quarter when three men were ejected after two touchdowns, and the game was never able to get going until the final minutes of the game.

Relaxing Of Standards For Testing Brakes Is Criticized By Council

Relaxing of standards for testing brakes on Texas motor vehicles "makes a mockery" of the State's Automobile Inspection Law, the Highway Safety Council has charged in a letter to the chairman of the Public Safety Commission.

Executive Director G. C. Morris, of the 1,000-member Highway Safety Council, protested the Commission's recent order cancelling the directive that authorized inspection stations should "pull wheels" to inspect brake linings, condition of drums, and fluid level on hydraulic systems.

"It is a recognizable fact that you cannot check brakes by road test only," Morris told Dyche. "As a result of the action taken by your Commission, the inspection of brakes becomes a farce because brakes can now be tightened sufficiently to pass inspection when there is little, if any, brake lining."

Morris disputed the Commission's contention that there is no way to check the adequacy of brake linings and said that there are methods by which this can be made "uniform and not left to chance."

"Under your decision," Morris wrote, "a braking system could be approved which did not have any fluid in it and such a condition makes mockery of the purpose of the law."

Morris expressed the desire that the Highway Safety Council be given an opportunity to present "the side of safety" to the Commission on this decision.

Building Expansion Plans Under Way By Methodists

FUND DRIVE NEARS — These two pictures show committeemen of the First Methodist Church checking plans for their educational program and fund drive for expansion of the present church building. A financial goal of \$45,000 has been set to raise funds for a two-story educational annex to the present church building. A kickoff dinner is scheduled for Tuesday night at the church for all solicitors and their wives. In the top picture are four members of the educational committee. They are, from left: Mrs. Gordon Hamilton, newspaper publicity and brochure; Glenn Whittenberg, church bulletin; Dr. B. E. Young, chairman, and Pat N. Walker, speakers. At the left are members of the mechanics phase of the fund drive, shown in front of the campaign "thermometer." From left are: Malcolm T. Bull, Bill Edwards, Mrs. Carleton P. Webb, chairman Lynn W. Duncan and Carl Cederholm.—(Cal Casteel Photos).

CHORUS TO APPEAR
 LUBBOCK — Choral music lovers throughout the South Plains area are invited to hear the famed Don Cossack Chorus here Nov. 15 through the courtesy of the Texas Tech Student Union. The free concert is open to the public, with the performance of great Russian songs and dances beginning at 8 p. m. in the Municipal Auditorium.

RETURNS HOME
 Mrs. Wagoner Johnson returned home last Wednesday from Methodist Hospital in Lubbock, where she recently underwent head surgery.

An almond tree usually reaches a height of 20 or 30 feet.

FAMILY REUNION

The L. P. Hancock home in Midland was the scene Sunday of a family reunion. Twenty people were present for lunch. Those attending from Post were Mr. and Mrs. Curtis Davies, Mr. and Mrs. Roy Stevens and La Rue and Billy Guinn Jones.

WEEKEND IN SAN ANGELO

Mr. and Mrs. Ernest Haynes and son spent the weekend in San Angelo visiting their parents, Mr. and Mrs. H. O. Haynes and Mr. and Mrs. T. G. Miller.

Washington Irving, creator of Rip Van Winkle, was at one time U. S. minister to Spain.

Bring Your Dream Home Down to Earth

WITH A BUILDING LOAN FROM FORREST LUMBER CO. We Offer A Loan For Every Building Purpose

TAKE ADVANTAGE OF FORREST'S FINANCE PLAN
 We can, without delay, arrange a suitable loan for any kind of building project. We have a special loan to cover all purchases made from Forrest Lumber Company or affiliated stores. Its a loan plan to cover cost of all types of repairs, alterations or improvements to your existing residence. We also have the same type loan to cover multi-family dwellings, buildings and commercial structures, and farm structures.

IF YOU WANT TO BUILD A NEW HOME...
 We can fix you up with a GI or FHA loan to include purchase of real estate and completely build the structure. Complete cost for a two-bedroom home will range from \$7,000 to \$10,000. Low monthly payments, including taxes and insurance, will retire the loan over a period of years.
 Come in and talk it over with us.

IF YOU WANT TO IMPROVE YOUR PRESENT HOME
 We have a loan designed to enable you to add an extra room or two, build a new garage or make any kind of extensive addition and improvement. You can borrow from \$2,000 to \$5,000 on payout periods of five to fifteen years.

OTHER LOANS IN FORREST'S FINANCE PLAN
 We have a loan designed so you can finance any purchases made from this Forrest yard from \$65 up to \$5,000. You can re-pay this loan in from six to sixty months. Payments may be made on monthly, quarterly, semi-annually, or annual basis. This type loan will enable you to purchase new bath fixtures, floor coverings, home furnaces, paints, new fences, or any other materials. It's an ideal loan for a Do-It-Yourself homeowner.

There's another loan, designed to enable a home-owner to repair, make alterations and improvements, to his existing home. It will cover all costs of labor and materials up to \$2,500 and may be re-paid in from six to 36 months.

SMALL BUSINESS BUILDING LOANS—If you're interested in building a new business building we can arrange a small building loan of up to \$3,000, exclusive of financing charges. Repayment extends from six months to three years.

FARM BUILDINGS—This loan is designed to enable farmers and ranchers to build structures for agricultural purposes, exclusive of residential purposes. The maximum loan is \$3,000, repayable in six months to seven years.

This week's episode of "Track-down" is located in "Sweetwater, Texas." It'll be seen at 7 o'clock Friday night on Channel 13. A baby is the only living survivor of a stagecoach robbery, and a photograph of a woman is Texas Ranger Hoby Gilman's only clue.

The story of the Japanese attack on Pearl Harbor, seen largely through the eyes of the Japanese, will be presented in "The Pacific Boils Over" on "Victory at Sea" at 7:30 p.m. Friday on Channel 11.

It'll be a "natural" for football fans Saturday afternoon when Channel 11 broadcasts the Southwest Conference game between the Rice Owls and Arkansas Razorbacks direct from Rice Stadium in Houston. The inimitable Kern Tips will present the play-by-play commentary. The regional telecast is set for 1:45 p. m.

There's also good viewing in store Sunday for those who like pro football. At 1 p. m. on Channel 13, it'll be the Green Bay Packers against the Chicago Bears at Chicago.

Billy Eckstine and Sarah Vaughan sing a duet, "Passing Stranger," as well as individual solo numbers, to lead off the guest list for Sunday night's "Ed Sullivan Show" at 7 o'clock on Channel 13. Other guests will include three Cuban comedians, Gaby, Fo-Fo and Millik.

There's also an imposing lineup of guest stars on "The Steve Allen Show" at 7 p. m. on Channel 11. They include Charlie Ruggles and Gloria Swanson.

Singer Tommy Sands will be a guest star on "The Eddie Fisher Show," starring Eddie and George Gobel, at 7 p. m., Tuesday on Channel 11.

Those who have "chilled" at the appearance of Peter Lorre on movie screens will want to see him Tuesday night at 10 when he appears as a special guest on "The Red Skelton Show" to be seen on Channel 11. The building of a patio and barbecue pit leads to "strange things."

The McGuire Sisters join Frank Sinatra in 30 minutes of musical variety on "The Frank Sinatra Show" at 8:30 p. m., Wednesday on Channel 11.

Also on Channel 11, the second "Bob Hope Show" of the season is to be presented tonight at 7:30 o'clock. There is an imposing array of guest stars—Sheree North, Rhonda Fleming, Francis X. Bushman (remember him?) the Hollywood Deb Stars and Danny Thomas. Also tonight, at 8:30, Ronald Reagan is Tennessee Ernie Ford's guest on "The Ford Show."

Tonight's "Climax" production on Channel 13 is "Keep Me in Mind," co-starring Johnny Desmond, Marisa Pavan and James Dunn. And lovely Margaret O'Brien will co-star with Jack Lemmon, Herbert Marshall and Gladys Cooper in "The Mystery of Thirteen" on "Playhouse 90" at 9:30 tonight on the same channel.

If you hurry home from the Friday night games, you can catch area high school football scores on both channels.—CD.

LUBBOCK MAN ELECTED FROM ALAMOGORDO, N. M.
LUBBOCK—Prof. R. K. Flege, head of the Textile Engineering Department at Texas Tech, has been elected president of the National Council for Textile Education.

Mr. and Mrs. M. R. Davis and son, and Junior Howell and daughter of Alamogordo, N. M., spent Sunday in the home of Mr. and Mrs. T. F. Davis.

TRYING TO MAKE ENDS MEET?

"Making ends meet" won't have you going around in circles when you are careful to establish a good credit record. **GOOD CREDIT** means MORE CREDIT, and it's your best friend in organizing personal finances.

So remember these suggestions:
1. Buy within your income.
2. Pay as promptly as you like people to pay you.

MRS. DILLARD THOMPSON, CORRESPONDENT

Hail Storm Rips Through Graham Community At 10:25 A.M. Monday

As another week comes around, it certainly seems as though the sun, which would be a welcome visitor to everyone, has lost its power to shine. But when it does its face should be bright and glittery after the two inches of rain which has fallen since Friday night until 10 a. m. Tuesday. Speaking of fallen things: about 10:25 Monday morning it looked as if we were going to have something more serious than rain to visit us. I don't know what effect these stones would have had on car motors and lights, but I do know that tree leaves were yielding to them for the short time they fell. The ground was covered.

Mr. Tackett, Mrs. Lusk, the students and parents of the local school wish to express our thanks to everyone who donated or came to our Halloween Carnival last Tuesday night and helped to make it a success. \$214.64 was taken in from the booths of cake walks, fishing pond, goal toss, grocery box, country store, refreshments, the queen's race and the auction held by E. E. Peel. Chances were also sold on candy and a pillow. Diane Maxey, 6th grade student, was crowned queen and was escorted by Jacky Fluitt. Her train

SEED MAY BE SCARCE

Good cotton planting seed with high germination may be scarce next spring. Late plantings last spring plus too much rain during the harvest season has created a situation which could bring on the scarcity, says Fred C. Elliott, extension cotton specialist. He advises farmers to save and properly store good quality seed of known varieties.

STAY WITH GRANCHILDREN

Mr. and Mrs. Wiley Johnson spent the weekend in Lubbock in the home of Mr. and Mrs. Johnny Johnson. They stayed with the Johnson children while their parents were on a short trip.

GATES' HOUSE GUESTS

Guests in the home of Mr. and Mrs. Tom Gates Sunday were Mr. and Mrs. Melton Merrell of San Angelo and Mrs. Nell Gross of Sweetwater.

SEAGRAVES VISITORS

Mrs. Joe McCowen and Mrs. Dolan Demsey of Seagraves spent Monday and Monday night in the home of their parents, Mr. and Mrs. J. W. Rogers.

bearers were Beth Peel and Judy Tackett. Christine Morris was a crown bearer and Lillie Wilkie carried the bouquet of yellow chrysanthemums. Other princesses and their escorts were: Darlene Jones and Johnny Tom Bilberry, 5th grade; Brenda Mason and Wesley Gene Morris, 4th grade; and Carolyn Ledbetter and James McBride, first grade. The queen was crowned by Mr. Tackett and Shirley Doggett announced the candidates and escorts.

Mrs. C. N. Chandler and Mrs. Bobby Pierce and sons visited recently in Fort Worth with Mrs. Chandler's mother, Mrs. Audrey. Other guests of Mrs. Audrey were her son-in-law and daughter, Mr. and Mrs. Aubrey Hendon of Miami, Fla.

Mrs. Alex Kittrell was a guest of her daughter, Mrs. Lucile McBride, Annett and James and Mrs. Wriston, last week. Mr. Kittrell joined them Tuesday and they attended the Halloween carnival. They returned to Lorenzo Wednesday.

Pam Kelley of Jayton, daughter of Mr. and Mrs. Jon Allen Kelley, was honored Saturday with a party on her third birthday. Attending from here were Mr. and Mrs. Billy Lester, Gary and Gregg, and Brenda Mason.

Mr. and Mrs. Glenn Davis visited in Brownfield Sunday afternoon in the home of their son, Mr. and Mrs. Alvin Davis. Other guests were Mrs. Davis' parents, the Bob Hexts of Apache Creek, N. M.

Mrs. A. C. Ausburn and son of Close City visited Wednesday afternoon with Mrs. Thompson.

Mr. and Mrs. Elmer Cowdrey visited Wednesday in Lubbock.

Mr. and Mrs. Earl Gregg were among the relatives who attended the wedding of Gregg's niece, Mrs. Hilda Gregg Skipper of New Home, and Jack Starnes of Omaha, Neb. Mrs. Starnes is the daughter of Mr. and Mrs. E. M. Gregg of New Home. Vows were exchanged at 8 o'clock Oct. 29, at Ropesville, in the home of her aunt and uncle, Mr. and Mrs. Jess Gregg. Guests were her family and relatives and his mother, Mrs. Starnes of Dallas.

Mrs. W. A. Oden was hostess Thursday afternoon for the Graham Thursday Club. Five members, Mrs. Will Wright, Mrs. O. H. Hoover, Mrs. Glenn Davis, Mrs. Jess Propst, the hostess and one visitor, Mrs. Dillard Thompson, were present. The members presented Mrs. Wright with birthday gifts.

FOR DISCRIMINATING BUYERS — The biggest and most luxurious Mercury ever built—the new Park Lane series—was designed to appeal to the more discriminating buyers in the upper-medium price bracket. Striking styling features and big car size distinguish the Park Lane.

Mercury For 1958 To Be Displayed Here Tuesday By Storie Motor Co.

With a big new "super Mercury" series called the Park Lane, and changes in its full line of cars, Mercury for 1958 will go on display Tuesday at Storie Motor Co., 112 North Broadway.

The Mercury for 1958 will blanket the whole medium price market, with a total of 20 models.

"By extending our car line into the upper-medium price bracket, Mercury for 1958 offers a big car with matching power and performance throughout the entire range of the medium price field," said James J. Nance, general manager of Lincoln and Mercury Division and vice president of Ford Motor Company.

Matchless performance throughout the entire driving range is provided in a series of four new Mercury Marauder overhead valve V-8 engines with horsepower ranging from 312 to 400. These new engines feature such unique engineering concepts as water-jacketed intake manifold and combustion chambers in the engine block rather than in the cylinder head.

Full air cushion suspension, which improves the ride considerably by greatly reducing pitch and other road and driving disturbances, is optional. This suspension uses air as a springing medium instead of steel, and it maintains the height of the car at a constant level regardless of number of passengers.

In a major styling change, all front end sheet metal in the 1958 Mercury is new and features a longer, lower hood which carries a graceful step up to the cowl. New sculptured fender lines blend with a heavier bumper-grille and incorporate quadri-beam headlights as standard equipment.

Long, deep-channelled side profiles with unique tubular chrome outrigger tail lights and a restyl-

ed thin roof line with narrower quarter posts and greater rear roof overhang accentuate Mercury's crisp appearance and give it a low, fast silhouette.

Living room luxury is provided in the magnificent interiors, all color co-ordinated to complement the attractive array of exterior body colors.

Four transmissions are offered, including a new Merc-O-Matic Multi-Drive automatic transmission which gives unmatched flexibility in meeting individual driving requirements or habits. Multi-Drive has three forward ranges, cruising range which meets normal driving needs, a "high performance" range for fast acceleration and hill control or low range for maximum engine braking in cruising range, preventing the car from slipping back when stopping on steep grades. Multi-Drive is standard on the Park Lane models and optional on all others.

City Workers Attend Area Short School

Three City of Post employees, Roy Maddox, Pete Maddox and Pat Blacklock, attended the ninth annual West Texas regional short school on water and sewage works operation held in Lubbock the first three days of the week.

More than 400 city officials, engineers, water and sewer department employees from a wide area of West Texas attended the meeting. It was sponsored by the nine water and sewage works associations of West Texas in cooperation with Texas A&M College Engineering Extension Service, the State Health Department and the City of Lubbock.

Lunchroom Menus

Following is the menu at the school lunchroom for the week of Nov. 11-15:

Monday: Tamales with cheese, 1/2 pint milk, buttered English peas, potato salad, bread, peach halves.

Tuesday: Pork sausage and gravy, 1/2 pint milk, buttered green beans, creamed potatoes, doughnuts.

Wednesday: Barbecue ham chunks, 1/2 pint milk, buttered hominy with pimento peppers, vegetable salad, bread, cake squares with cherry topping.

Thursday: Toasted cheese sandwiches, 1/2 pint milk, potato chips, buttered cabbage, bread, banana pudding.

Friday: Tuna salad on lettuce, 1/2 pint milk, buttered carrots, hash brown potatoes, bread, fruit jello.

PTA TO MEET

The Post chapter of Parent-Teachers Assn., will meet next Thursday afternoon at 3:30, Nov. 14, at the grade school auditorium. Program theme for the meeting will be "Guidance With Meaning", lead by Mrs. Julian Smith.

ATTEND FUNERAL

Mr. and Mrs. A. V. McCowen and family, Mr. and Mrs. B. W. Wilson and daughter, Mr. and Mrs. Walter Josey and Mr. and Mrs. Joe McCowen of Seagraves were in Coleman Friday where they attended the Joe J. Lowe funeral.

"I've Gone Overboard on the new Golden Anniversary Models from Frigidaire"

SAYS HOMER McCRARY Selling Frigidaire Appliances Since 1944

It's always a real thrill to me when Frigidaire introduces its new appliances for the coming year—frankly, the new 1958 models surpass anything my experience.

I knew something good was coming up as this General Motors' 50th Anniversary Year, and Frigidaire would naturally create its best.

You would like one in your kitchen, and I will overboard again—just tell me how much per week you want to pay and we'll get together.

And talk about features—listen to this.

In a new Frigidaire Electric Range you can broil hundreds of times and never need to clean the oven mean it—it's something brand-new called a Radiant Wall Broiler Grill.

You can even dial the "doneness," right from the panel before you begin.

Even roasting and barbecuing are automatic foolproof. No more pecking, poking or probing. There's faster-than-ever surface cooking—and everything so beautifully designed, cleaning is a cinch. My wife says, "If you can read, you can cook like an expert on this new Frigidaire Electric Range."

The New Refrigerator Models offer instant ice cubes. You get a shower of "frosty-dry" ice cubes with the flick of a finger, automatically stored for plenty for the biggest dinner party.

There's Flowing Cold that gets foods cooler faster than ever. There's Roll-to-You Shelves. There's Picture Window Hydrator with Moisture Control—just what you'll love that. And it's the most flexible, cleanest, and easiest-to-clean refrigerator ever introduced.

And believe you me, that famous Frigidaire quality sticks out in every inch. It's just a fact that nobody builds quality like Frigidaire. That's why I like to own 'em. There's never a worry for me or for you.

I sincerely would like to have you drop in and see these new Golden Anniversary Models from Frigidaire as soon as you can.

Homer McCrary

High School Hi-Lites

By FRANCES DIETRICH

Hi, kids! At the Halloween Carnival last week, Rhea Peel and Derwood Mayberry were crowned king and queen of high school. Lynda Driver and John Sutton received the honor for junior high, and Donna Mathis and Johnny Jones represented grade school. Mr. Green crowned the kings and queens.

Everyone enjoyed visiting the various booths. Several students got "married" at Mr. Short's "marriage booth." Some didn't seem to like their first partner, so they got a "divorce" for 50 cents and married someone else.

Another attraction of the night was the girl's sextet composed of Sandra Martin, Kay Martin, Doris Eilenburger, Sharon Jobe, Janene Haynie, and Alice Joy Nichols, singing "Tammy" and "Daddy-O" for the kings and queens of the schools. They were accompanied at the piano by Georgie Willson.

The pep squad sweetheart, Arlon Ford, was crowned by Kay Jones, pep squad president, after being escorted by the cheerleaders into a heart formed by the pep squad at Friday night's game here.

The band also formed a heart and played "Let Me Call You Sweetheart" as Jerry Hitt, band president, crowned Miss Frankie Sue Howell, a freshman band member, as their sweetheart. She was escorted into the heart by Benny Clary, a senior band member.

Some new couples seen together over the weekend were: Shirley Wallace and Bryan Williams, Barbara Stone and Jerry Key, Jane Francis and Cricket Graham, Anne Morris and Don Carriker, Minnie Lee Mathis and Don Long, Judy Gossett and Ronnie Morris, Margie Casteel and Jerry Hitt, Barbara Fowler and Carol Ray Davis.

All of the junior class members that want to try out for the junior play are checking out books and reading the parts. The tryouts will be sometime next week.

The homecoming edition of the "Antelope Echo" will be on sale next week. Let's all be looking for it, buy one, and read it from cover to cover.

Mr. Madison took pictures of the paper staff for the annual last week. We are all waiting anxiously to see them.

CLUB TO MEET
Members of the Amity Study Club will meet Tuesday evening in the home of Mrs. V. L. Peel, with Mrs. E. F. Schmedt as co-hostess.

LUBBOCK VISITORS
Mr. and Mrs. Bill Howell and Patricia of Lubbock spent Sunday in the home of Mr. and Mrs. Basil Puckett.

GUESTS OF HAWKINS
Mr. and Mrs. Leroy White of Lubbock visited last week in the home of Mr. and Mrs. D. H. Hawkins.

OFFER WIDE COVERAGE — Ford Trucks which led the industry in retail sales for 1957 will offer in 1958 the widest coverage of any manufacturer in the volume truck market. The wide range of utility and work capacity is demonstrated by the powerful tilt-cab (left), and the spectacularly successful Styleside pickup.

New 1958 Ford Trucks Are Now On Display Here At Tom Power, Inc.

The new 1958 Ford trucks are on display here at Tom Power, Inc.—Ford Dealer, and in other Ford dealerships throughout the nation.

Ford, which led the industry in retail truck sales during its 1957 model year, announces significant product advancements in engineering, styling and design for its 1958 trucks.

J. O. Wright, Ford Motor Company vice president and Ford Division general manager, described the new line as "another step forward in our policy of accelerating mechanical and styling changes for the benefit of the nation's truck buyers."

"We are completing a sales year that has achieved our greatest share of the commercial market in Division history," he said, "and we are betting millions of dollars on the new line developed for the truck user in 1958."

Ford truck retail sales to business firms and individual buyers topped the industry during the 1957 model year, reaching a 33.1 per cent share of this market through July on the basis of official registration figures. It also represents the biggest share of the retail market ever gained by the Division.

New, safety vision, dual headlights are standard on all Ford conventional and tilt-cab trucks. The new lights, which give much more road illumination at night, are integrated in a simply styled, cross-hatch grille. They give the truck an uncluttered, functional appearance.

Headed by the spectacularly successful Styleside pickup, which accounted for more than 85 per cent of the company's 1957 half-ton truck production, Ford is offering more than 300 models ranging from the versatile Ranchero, through light, medium, heavy, extra heavy and tandem trucks.

Your Hometown Newspaper brings you THE MOST IMPORTANT news..

INTERNATIONAL AND LOCAL

With communication facilities to bring you details of world-shaking events happening on the other side of the world, your hometown newspaper also has the interest and insight to give attention to the local news that's most important to you. It's news—important news to your hometown editor—when a new citizen is born to the town; when two young people of the community get married. Your local newspaper is a wonderful combination of world and hometown news, that makes it an important part of your life—and you, an important part of its news.

WEEKEND IN RUIDOSO
Mr. and Mrs. Charles Benson spent the weekend in Ruidoso, N. M., on business.

Queen Isabella, Columbus' sponsor, always insisted her name be beside her husband's on public proclamations.

Southland WSCS Members Present Program At Week Of Prayer Meet

Week of Prayer was observed by the WSCS last Tuesday with an all-day meeting in the Wilson Methodist Church. The home ladies, under the direction of Mrs. S. M. Bean, put on their program in the morning. At noon, they enjoyed a covered dish luncheon in the basement of the church. The Wilson ladies held their program that afternoon, with Mrs. Billy Wilkerson as director. Rev. Bean closed the meeting with prayer. A special offering was taken by both societies to be used for mission work. Those attending from Southland were: Rev. and Mrs. Bean, Mrs. H. V. Wheeler, Mrs. William Lester, Mrs. M. E. Morris, and Mrs. Louise Davidson.

The ladies of the WMU met in the Baptist Church Monday night at 8 o'clock for the Bible study with Mrs. Kenneth Davies as leader. Seven ladies were present. The men of the Baptist Church met last Tuesday and organized a Brotherhood. Dr. Turner and Mr. Crisp of Lubbock helped with the organization. Seven members and one visitor, Jack Lancaster of Post, enjoyed coffee and sandwiches after the business meeting, during which they voted to meet the last Tuesday evening of the month.

Linda Davies, Libby Hill, Jerilyn Huddleston, Carolyn Casinger, and Ann Soles enjoyed a slumber party in the home of Linda Halliburton Thursday night. The girls went on a "trick or treat" jaunt and then spent the rest of the night just having fun.

Mrs. Buddy Hoffman and two sons are here from California visiting friends and relatives. Sunday they were guests of her aunts, Mrs. T. A. Warren and Miss Ora Mining. Mrs. T. A. Downs of Slaton was also a Sunday guest in the Warren home.

Mr. and Mrs. Martin Edmunds returned home Tuesday after visiting relatives in Nebraska for two weeks. Mrs. Edmunds said they had a very enjoyable visit regardless of the rain, snow and freezing weather.

Roy Williams and his brother, Will and family of Close City, went deer hunting near Norwood, Colo., last week. They tell us they got four deer.

Mr. and Mrs. Noel Oats have moved a ready-built modern house on their farm and will move into it in a short time.

Mr. and Mrs. Ronald Huddleston of Abilene spent the weekend here

with his parents and her aunt and family, the F. W. Callaways. Merwyn Edmunds of Lubbock visited his parents Sunday.

After spending four days in Slaton Mercy Hospital, Mrs. A. J. Matlock is recuperating in the home of Mrs. Halliburton in Slaton.

Sunday guests in the Ed Milliken home were a son and wife, Mr. and Mrs. Don Milliken and family, Mr. and Mrs. Bob Henderson and Joe Bob from Wolffarth.

The Leonard Andersons had as their guests Sunday their son and family, the Gene Andersons from Brownfield, and Mr. and Mrs. C. D. York from Post.

The members of the Eastern Star met for their Friendship night in the luncheon at the school house last Tuesday. Sixty ladies from here and the surrounding chapters were present.

Mr. and Mrs. Pete Adams, who live near Lockney and formerly lived at Southland, are telling folks they have a granddaughter, born last week to their son and daughter-in-law, Mr. and Mrs. Wilbur Adams.

Mrs. Don Pennell accompanied her sister, Mrs. Carl Cederholm of Post, to Slaton Thursday where she is taking treatments.

Mrs. Roy Williams, her daughter, Mrs. Don Sikes and baby, and Miss Greta Brookshire were in Lubbock last week where they visited Mrs. Walter Williams and Mr. and Mrs. Ed Martin.

Mr. and Mrs. Noble Wynn celebrated their 25 wedding anniversary in their home Sunday. Present for the occasion were their son-in-law and daughter, Steve and Tommy Dearth of Amarillo, two of Wynn's sisters, Mrs. Carrie Long and Mary Paul of Lubbock and Miss Tommy Wynn of Odessa; Mr. and Mrs. John Long of Dallas and George Faye of Lovington, N. M.

Mr. and Mrs. S. W. Truelock are both ill this weekend.

Mrs. W. A. Basinger and her sister, Mrs. H. S. Simpson, took their mother, Mrs. W. M. Bruster to Carlsbad, N. M., last Friday for a visit with her son and family, the G. L. Brusters. Mrs. Basinger reports the rain is plentiful out there, too.

We had quite a bit of hail at 10 o'clock Monday morning. Don't know how much damage it has done.

Most of the world's iodine supply comes from caliche in Chile.
