Post 16th Stampede Rodeo Dates Are Set Week Earlier

Dates for the 16th annual Post Stampede Rodeo were set for May 15, 16, 17 and 18 at a meeting Monday night of the newly-elected board of directors.

Dates for this year's event are several days earlier than those of the last few years, which have been the last week in May. Principal reason for the earlier rodeo dates is to avoid conflict with commencement activities at the schools, officers of the rodeo association said.

New directors and officers were elected at a stockholder's meeting last Thursday night at the City Hall.

J. E. Birdwell was elected president to succeed Walter Duckworth, who will serve as this year's vice president. Harold Voss was elected secretary succeeding Homer McCrary, and others elected were Hinton Fluitt, manager, and Jack Burruss, arena director.

Other members of the board of directors are Irby G. Metcalf, Jr., Pearl Nance, Novis Rodgers, Ira (Dad) Greenfield, Jack Brown, Shelley Camp and Boy Hart.

Outgoing directors are McCrary, Lee Byrd, Powell Shytles and Jack Meeks.

Stock for the show will be furnished by Goat Mayo of Petrolia.

The only major changes in this year's rodeo events will be substitution of head-and-heeling for double-mugging and shortening of the cutting horse event to a one-day affair. Elimination in the cutting horse event will begin at 9 a. m. Saturday morning, with four top horses qualifying for the Saturday night show. The event will pay six prize awards in two go-rounds.

Cash prizes offered contestants in the four-night show will amount to approximately \$3,500, according to the new secretary.

Rites Are Held Here Friday For Garza Pioneer

Funeral services for O. D. Cardwell, 69, a resident of Post since 1917, who died at 8 a. m. Thursday in Garza Memorial Hospital where he had been a patient for nearly two months, were conducted at 3 p. m. Friday in the Church of Christ, of which he was a member.

Otis L. Proffitt, minister of the church, and Ford Shropshire officiated. The choir sang "Father Along," "Beautiful Isle of Somewhere," "Beyond the Sunset" and "Shall We Gather at the River?" The singing was directed by Hubert Arant.

5th Annual Spelling Bee Is Scheduled For Friday

An eighth grade student, Judy Stovall, and a sixth grade student, Mary Ann Jones, will represent the Post schools Friday afternoon in the fifth annual Garza County Spelling Bee, to be held at 1:30 o'clock in the district courtroom.

Although no other school winners had been announced up to Tuesday afternoon, spellers from the Southland, Graham, Justiceburg and Close City schools are expected to compete in the event, according to bee chairman County Supt. Dean A. Robinson.

The winner of the county bee will spell at 1:30 p. m. March 30 in O. L. Slaton Junior High School auditorium at Lubbock for the regional championship and a trip to Washington, D. C., to participate in National Spelling Bee Week.

Judy Stovall, daughter of Mr. and Mrs. W. B. Stovall, won first place in the Post schools' elimination contest held Monday morning at the junior high school. Second place winner, Mary Ann Jones, is the daughter of Mr. and Mrs. Paul Jones. Her brother, Howard, now a Post High School senior, won the first county bee in 1953 and placed third in the regional event.

Retired Farmer Is Claimed By Death

Claude A. Patterson, 66, a retired farmer and resident of Stone-wall County since 1921, died here early Monday at the home of his daughter, Mrs. C. M. Baker.

Mr. Patterson had been in ill health for several years. He suffered a stroke Saturday afternoon only a few days after arriving here to make his home with his daughter and son-in-law. His wife had passed away the previous week.

Members of the Baker family found Mr. Patterson dead about 2 a. m. Monday after being awakened by an alarm clock to give him a dose of medicine. Mr. Patterson's son-in-law is employed as a truck driver by Hill & Hill Trucking Service.

LOOK HOW WE'VE GROWN!—Mayor James Minor points to one of the new State Highway Department population signs installed on highway approaches here. The new 4,145 figure, based on utility meter connections, is an increase of more than 1,000 over the 1950 census figure of 3,141. The highway department installed the new signs after the Post city council adopted a resolution asking for them. At the right is City Councilman Powell Shytles.—(Staff Photo).

Interment was in Terrace Cemetery under direction of Mason Funeral Home.

Mr. Cardwell came to Post as a Texas Ranger in 1917, doing special work in this area with the Cattle Raisers Association.

He was born March 22, 1888, in Gonzales County, moving to Uvalde with his family when he was 10 years old. He grew to manhood there, working in the county tax office and serving as a deputy sheriff before joining the Rangers. Earlier, his father had served as county sheriff at Uvalde.

The award will be made during the week of May 12 and will consist of a \$50 savings bond and trophy to be presented to the student selected as outstanding driver on the basis of courtesy on the road and safe driving habits, as well as proper equipment on the driver's car.

Hopkins said it is important that students wishing to enter the contest register as soon as possible. They will be able to receive all necessary information at the C. of C. office from Mrs. Fritz Greenfield, secretary.

With the mayor and two city councilmen whose terms are expiring unopposed for re-election, it appears that all the "fireworks" in the April 2 election here will come from the U. S. Senate race, in which there are more than 20 candidates.

Mayor, Councilmen Unopposed in Race

Mayor James Minor and Councilmen Roy Baker and John N. Hopkins failed to draw opponents before last Saturday's filing deadline.

Minor and Hopkins are completing their first terms, while Baker was a member of the old city commission, which became the city council when citizens voted to change the form of municipal government here.

Negro Is Charged On Three Theft Counts

Three charges of theft have been filed against Cleveland Waters, 43-year-old Negro, in connection with the disappearance of three pairs of boots from Yandell's Shoe Shop.

Bond for Waters, who was arrested last week, was set at \$500 on one of the three charges.

Sheriff Carl Rains said one pair of the stolen boots had been recovered in Arizona and two pairs here.

SET DATE FOR SCHOOL BOARD ELECTION

Trustees Approve Textbook Report

The board of trustees of Post Independent School District adopted a report by the school's textbook committee, set the date for the annual trustee election and transacted other business at its regular monthly meeting Monday night.

Members of the textbook committee were Mrs. Elizabeth Shannon, Mrs. Ray Martin, Mrs. Maurine Lackey, Mrs. Lillie Kitchen, Arthur Alley, Mrs. Ethel Florence, Bob Meisch, Mrs. Bettye Scott, N. R. King, Mrs. Cora Fleming and Supt. R. K. Green.

The trustee election, at which an entirely new board will be elected for the Post Consolidated Independent County Line School District, was set for April 6, with voting to be at the high school here and the school buildings at Garnolia and Graham.

The board granted the Band Boosters Club permission to operate a concessions stand on the east side of Antelope Stadium for the five home football games during the 1957 season.

Members of the winning relay team were Ray Gary, Ronnie Morris, Noel Don Norman and Jack Rains.

The Antelope 880-yard relay team of Norman, Charles Morris, Ronnie Morris and Rains, finished fourth behind Monterey of Lubbock, Pampa and Sweetwater.

Negotiating the distance in 3:50.4, Coach Burl McCoy's team of sprinters finished ahead of Coahoma, Roby and Colorado City, which placed in that order.

Members of the winning relay team were Ray Gary, Ronnie Morris, Noel Don Norman and Jack Rains.

Representing the county before the committee were L. S. (Hi) Turner, Garza County director on the PCG board, and W. C. Bush.

Garza was one of three South Plains counties receiving a reduction in its 1957 allotment. It was decided at a recent PCG meeting here to have a delegation call on the state committee for the purpose of looking into the matter and determining if the county could be granted an increase.

Designated the No. 2 S. C. Storie, the new operation will be drilled 990 feet from north and 1,650 feet from east lines of Section 1303, Block 1, EL&RR Survey. The site is one and one-half miles northwest of Close City and about two miles northeast of the Buenos-San Andres pool.

The project will be drilled to 4,500 feet with rotary tools.

County Delegation Confers With ASC

Two Garza County cotton growers and Bob Potote of the Plains Cotton Growers, Inc., office in Lubbock, were in College Station yesterday conferring with the state ASC committee on this county's 1957 cotton allotment.

Representing the county before the committee were L. S. (Hi) Turner, Garza County director on the PCG board, and W. C. Bush.

Sprint Relay Team Winner At Snyder

Post High School's sprint medley relay team won first place against stiff competition Saturday in the annual Canyon Reef Relays at Snyder.

Negotiating the distance in 3:50.4, Coach Burl McCoy's team of sprinters finished ahead of Coahoma, Roby and Colorado City, which placed in that order.

Four Are Injured In Highway Wreck

Four members of a Post family were seriously injured Sunday morning when their automobile overturned after a tire blew out as they were driving through Southland en route to Lubbock.

The injured were Dr. C. J. Lewis Jr., chiropractor; his wife, and two of their children, Maresa, 2 years old, and Braxton, 3 years old.

DON RICHARDSON'S BLACK ANGUS STEER IS GRAND CHAMPION

4-H, FFA Members Exhibit

Don Richardson, Donald Young, Freddie Schmedt and Kent Green showed the grand champion animals in the annual Garza County club project show here Saturday afternoon.

Grand champion of the show was young Richardson's 740-pound Black Angus steer, which also

placed first in the milk-fed steer class.

Freddie's steer was the grand champion in the feeder steer class, while Donald Young exhibited the grand champion barrow and Kent Green the grand champion lamb.

Reserve champion in the steer division was an 800-pound Hereford shown by John T. Brown.

Reserve champion among the feeder steers was shown by Jerry Thuet.

Richardson, Brown, Schmedt and Thuet are 4-H Club members. Donald Young, Delwin Fluitt, who showed the reserve champion barrow, and Darrel Davis, who exhibited the reserve champion lamb, are members of the Post Future Farmers of America chapter.

Judges were Clarence Smith and Don Brothers, both animal husbandry majors at Texas Technological College.

Following are the results in the different divisions and classes:

Feeder calves: Fancy, Butch Wilson, 4-H, and Danny Richardson, 4-H; high choice, J. W. Basinger, Southland 4-H; low choice, Dean Huddleston, 4-H.

Offset Is Spotted To Glorieta Strike

J. Paul Karcher of Midland has spotted location for a confirmation effort approximately three-quarters of a mile northwest of his recent discovery well and lone producer in the Storie-Glorieta pool northwest of Close City.

Designated the No. 2 S. C. Storie, the new operation will be drilled 990 feet from north and 1,650 feet from east lines of Section 1303, Block 1, EL&RR Survey. The site is one and one-half miles northwest of Close City and about two miles northeast of the Buenos-San Andres pool.

'Serenaders' Program Is Scheduled For Tuesday

"The Serenaders," radio and television entertainers from Lubbock, will present a program at 8 o'clock Tuesday night in the grade school auditorium for the benefit of the Post Antelope band fund.

The two-hour program is being sponsored by the Band Boosters Club, which has under way a series of benefit affairs to raise money for purchase of new band uniforms.

ATTEND MEETING

Mr. and Mrs. Harold Voss were in Seagraves Saturday night to attend a meeting of the Association of 19th District Postmasters and Supervisors, of which Voss is secretary.

Lightweight steers: High choice, Billy Jones, FFA; low choice, Bob Smith, FFA; choice, Tommy Young, 4-H; good, Dean Huddleston, 4-H.

Heavy market steers: Low prime, Freddie Schmedt, 4-H; high choice, Jerry Thuet, 4-H; choice, J. W. Basinger.

Milk-fed steers: First, Don Richardson, 4-H; second, John T. Brown, 4-H; third, Danny Richardson, 4-H.

Lightweight barrows: First, Donald Young, FFA; second and third, Tommy Young, FFA.

Heavyweight barrows: First, Delwin Fluitt, FFA; second, Sammy Sanders, FFA; third, Jerry Morris, FFA.

Lightweight lambs: First and third, Kent Green, FFA; second, Darrel Davis, FFA.

State To Take Bids On Road Widening

Bids will be taken by the State Highway Department in Austin Tuesday on the four-lane widening of U. S. Highway 84 from Post to Justiceburg and on two related projects.

The Garza County work on which bids will be taken will include improvement of the loop at the "Y" just southeast of town and on FM Road 1269 from U. S. 84 south toward Fluvanna, a distance of 2.1 miles.

IN PRINCESS CONTEST

Beatrice Kiesel, 15, daughter of Mr. and Mrs. Herman Kiesel of Route 2, will represent the Garza County 4-H in Saturday's Princess Contest of the South Plains Junior Fat Stock Show in Lubbock. Beatrice has blonde hair and blue eyes.

SEVEN-MAN BOARD TO BE ELECTED FOR NEW DISTRICT

Three candidates had filed up to 3 p. m. Wednesday for the seven-man board of trustees to be elected April 6 for the newly-created Post Consolidated Independent County Line School District.

The three who had filed up to Wednesday with Robert Cox, secretary of the present Post board of trustees, were A. Lee Ward, Clint Herring and Bill Edwards. Herring and Edwards are present members of the board of the Post Independent School District.

Thursday To Thursday

By CHARLES DIDWAY

SINCE THE RAINS have stopped, and we promised several weeks ago not to lead off with anything else about the drouth, we're at a loss for a weather note with which to open this column. Maybe this one will do...

WE'RE A LITTLE late with this, but Chant Lee, long prominent in Scouting circles here, was installed as chairman of the Comanche Trail District, Boy Scouts of America, at the district's recent banquet in Crosbyton.

OTHER POST SCOUTERS attending the banquet were Dr. B. E. Young, Edsel Cross, Max Gordon, Paul Simpson and Harold Lucas. A number of awards were made at the banquet with the Post Scouters receiving their share.

GOOD TIMES ARE when people who used to go barefoot complain about the price of shoes.

WE'VE NEVER QUITE figured out why an enterprising fellow we once knew never became rich—at least he hadn't the last time we saw him, which was back when times weren't so good and neither of us wore shoes. He was one of those fellows who was always bemoaning the fact that he couldn't reach into the proverbial hat and come up with some get-rich-quick scheme like others had done.

THE REASON WE haven't been able to figure out why this fellow never got rich is because he DID come up with a scheme one day while we were idling through the pages of a hefty magazine and paying particular attention to the advertisements.

ALL OF A SUDDEN, this fellow let go his half of the magazine and said he had it. "Look again," he said, "at all these ads offering double your money back if you don't like the product. I'm going to gather up all the magazines I can find, get a little working capital, order those products at the regular price and then send back the labels or whatever I'm supposed to send and say I didn't like it. I can double my investment in no time at all."

NOPE, WE'VE NEVER been able to figure out why that fellow never got rich, but then we never were very good at figuring out such things, anyway.

A RECENT CONTRIBUTION to the City Library at the high school are the volumes formerly comprising the home demonstration clubs' library. Miss Jessie Pearce, county home demonstration agent, says all these books, which filled a good-sized bookcase in her office, have been turned over to the City Library.

Roger W. Babson Writes his Week

Retailers Who Wonder Why Customers Are By-Passing Their Stores Should Wake Up

BABSON PARK, Mass.—Retailers nowadays seem to have two questions—where and why? If they would look at the stores where customers are going in and out all day, or follow the customers down the highways and see them going to other towns and cities, they would know "where." Then if they would take a good look at their own business establishment, they would find the answer to "why."

Examine your store, your stock, your employees, and your advertising. Is your store neat and attractive? Can your merchandise be easily seen or is it so jumbled up that even you do not know where a specified item is? How well did you screen your employees before you hired them? Are you getting the most out of your advertising? Retailing today is very competitive; it is destined to be more so. Most retailers should wake up or go to work for some other concern.

Condition Of Store Walk into the store where the manager is too busy to stand around complaining about poor business. Notice his neatly displayed merchandise; he keeps his stock under control by periodic inventory. He knows what is not selling and therefore does not re-order blindly. Slow-selling items are displayed so as to attract attention.

This man uses his "know-how" to make room for popular merchandise. He or his well-trained help know when to re-order certain items or when a line has been discontinued. His merchandise has been price marked. This not only helps the customer, but also the manager and clerks who could not be expected to memorize the price of every item in the store.

Pay More Money To Fewer Employees Mr. Manager, you would do well to screen your employees thoroughly. The question, "Can you use a cash register?" should not be sufficient. Make sure, at the beginning, that he or she will use it honestly, or you may find a small percent of your profit trickling out through the register. If you will observe your new employees closely, you will learn whether they are really

IT'S GIRL SCOUT WEEK!

Special weeks are becoming so numerous that they have started muddling up the scene by overlapping and otherwise getting in each other's way. Two most worthwhile ones which annually overshadow some of the other observances are Boy Scout Week and Girl Scout Week.

This week, March 10-16, it's Girl Scout Week, the Boy Scouts having held their week-long observance in February. The Girl Scout movement, not quite as old as the Boy Scout program, is observing its 45th anniversary, and Post Scouts and leaders are in the midst of one of the most outstanding observances they've ever held.

Approximately 130 girls are registered here in the various phases of the Girl Scout program and these 130 girls form one of the most admirable segments of our community. While the Scouting program is not a 100 per cent answer to the troublesome juvenile delinquency problem, it is doing as much good toward a solution as any youth organization we can think of. Those within the program certainly are not giving us any trouble. By getting more boys and girls to participate in the Boy Scout and Girl Scout programs we'll be taking a lengthy step toward overcoming some of the problems. Before we can do that, however, we must have more adult leaders.

Regardless of how active a part we do or don't take in the commendable Scouting program, let us pause long enough this week to help Post's Girl Scouts make their birthday celebration one to be long remembered.

The television giveaway programs get bigger and bigger. Successful contestants get richer and richer. Perhaps one of these days we'll be able to get the Secretary of the Treasury on such a program and pay off the national debt.—Dillon, S. C., Herald.

arrived at the conclusion that Post talent has just about dominated the Brownfield contest down through the years.

OFFHAND, WE CAN remember Marca Dean Holland winning a first place in the contest a few years ago, and this year, "The Tadpoles," Post Junior High quartet, won first place in their division, with the high school quartet, "The Loafers," taking second in the division a notch higher. We're sure there have been other winners, since Post has always been well represented in the contest.

Getting Out On The Limb

By EDDIE the editor

THE WOMEN, bless 'em: Spring is when a young man's fancy lightly turns to what the girl has been thinking about all winter.

What with high taxes and unstable economic conditions, those who live on Easy Street are uneasy.

THERE IS AGAIN before the Congress of the United States a bill to permit the weekly editor to take a couple of weeks off every year without sacrificing his second-class mailing privilege on the altar of exhaustion.

Sen. Gordon Allcott, Republican of Colorado, introduced the new bill which is identical with that presented last year by Sen. Mike Mansfield, Democrat of Montana, and which was lost in the pre-campaign scurry to get home. Senator Mansfield joined Senator Allcott as co-sponsor of the present effort, which was referred to the Committee on Post Office and Civil Service.

Mr. Allcott points out that the bill is "permissive in character" and that: "It merely gives the individual publisher the right to suspend publication for two weeks each year if he so chooses."

While the two weeks off sounds good to me, I'd hesitate—probably longer than two weeks—before suspending publication for that length of time. My reasons are many, chief among them being economic in nature, and I'm a stickler for continuity. I'd say it's okay, though, for any weekly newspaper publisher who wants to suspend publication for two weeks in order to take that length of time away from his business.

Anyway, I applaud Mr. Allcott's further comment:

"Rural America is still the storehouse of democracy. The voices of our rural citizens must be heard, and they must have an instrument by which their audience can be reached.

"The weekly editors across the country, who are near to the people and reflect their thoughts, have provided an irreplaceable medium of news and independent editorial opinion.

"It seems to me that every measure should be taken to strengthen the small local press—not discourage it. Centralization of the press and news media in general is a most dangerous thing.

"The tendency has been toward more centralization and consolidation, and it is time we did something to encourage and stimulate the small independent news outlets."

I hope the bill goes through for the benefit of those who do want to get away for two weeks a year, even if they have to close shop to do it. On the other hand, two weeks still doesn't provide much time for the average weekly newspaper publisher to see Switzerland if he's taking his Cadillac on the Queen Mary.

A farmer who sent for a book entitled "How to Grow Tomatoes" wrote to the publisher: "The man who writ the ad shoulda writ the book."

The way to start a day right is to start the night before.

IN THE PASSING of O. D. Cardwell, Post lost one of its most beloved citizens... a man who had made himself a part of the community since his arrival here in 1917 as a Texas Ranger.

Before becoming a Ranger, O. D. had been employed in the county tax office at Uvalde and had served as a deputy sheriff here. After resigning from the Rangers in 1921, he was engaged in various business enterprises here until 1930 when he became a game warden. Five years later, O. D. became full-time representative here for Southwestern Life Insurance Co.

O. D. was the type of man who did any and all jobs well. A story I once heard him tell on himself shows what a conscientious worker he was. While working for the adjutant's office, he was detailed to Galveston to pick up some Army tents that had been lost. Every few weeks O. D. would go down to Galveston and recover two or three tents. Finally, the adjutant called him in and commended him on his excellent job. "We only lost 50 tents," the adjutant said, "and you have already returned 51."

"What would be the first thing you would do if you were to awake and find your house on fire?" asks a fire marshal. I'd get up in something like unto the twinkling of an eye.

It must have been terribly humiliating to the man who only recently was designated as one of the ten most wanted men by the FBI to enjoy this distinction only a short time before being arrested the other day.

Normal People Are Constantly 'Something' About Weather

—If you think you are doing something about the weather, you are wrong. Ask the

State Health Department. They'll tell you all of us, assuming normalcy, are constantly doing something about it.

We are all equipped with our own private thermostat. When atmospheric temperatures rise or fall from the 98.6 degrees which is normal body temperature, the thermostat goes into action.

This built-in regulator is a tiny maze of nerve cells in the mid-brain. If the day is hot, it reroutes blood from internal organs to skin capillaries, dilating the flow with fluids drawn from skin and muscle tissue and from the liver. Sweat glands on skin surfaces dilate and exude perspiration. Body temperature is reduced by the dilution of blood and exudation of sweat. When the sweat evaporates your skin cools off.

If the day is cold the thermostat concentrates the blood and diminishes the flow through skin capillaries. Sweating is minimal and the blood courses through internal organs deep within the body. Result: you feel cold and have to put on a coat or an extra blanket to stay comfortable.

As a fact of human physiology, body temperature of warm-blooded animals remains unchanged at 98.6 degrees, even though the air temperature might vary from zero to over 100 degrees.

Provided the air is perfectly dry, a man can maintain normal temperature in an atmosphere that will actually grill a beefsteak. There are experimental cases on record where human subjects, by drinking great quantities of water to sustain perspiration and stripping to the waist to facilitate evaporation, have withstood temperatures up to 260 degrees for extended periods without ill effects.

But the subjects would be in serious trouble if they tried to endure 120-degrees in a damp, humid atmosphere. Sweat evaporation is influenced by the extent to which the atmosphere is already saturated with moisture. In high humidity sweat merely drips from

Garza Home Agent Presents Programs On Good Posture

The home demonstration agent, Miss Jessie Pearce, has presented a program to each of the eight 4-H clubs in the county during the past two weeks. The program presented was on posture. Miss Pearce says that this is a subject that all girls are interested in, but have very little help in correcting. The need for the posture work was brought to the attention of the agent when she saw the pictures she took of the dress revue girls two years ago. The pictures were taken as the girls walked across the stage and the lack of posture training showed up to a marked degree in these casual pictures.

The program on posture was presented by checking the posture of each of the club members. The agent had prepared a screen with a black mark down the middle and a pedestal for the girl to stand on. A strong light was placed behind her so that her shadow was distinct on the screen. The girl who stood properly had the straight line falling through the center of her head, neck, shoulder, just at the tip of her elbow, through the knee and the ball of her foot.

The surprising finding in this program was that most of the girls could stand straight when they were trying. A few have posture defects that need correction such as drooping shoulders, a low shoulder or protruding neck. It is hoped that the work on proper study habits, good beds and proper shoes will help correct some of these posture defects. Part of the defects can be corrected by the girls themselves becoming aware of them. With the other club members to remind and encourage them to stand, sit and walk straight, it is hoped that some improvement can be seen in posture of the 4-H girls, Miss Pearce said.

the skin and in no way increases heat loss.

As a Texan, accustomed to hot weather, you are probably most comfortable when the humidity is about 65 per cent—that is, when the air is 65 per cent saturated.

The fatter a person is the better he can withstand cold. Fat acts as a blanket. Conversely, fat people suffer more in hot weather.

And if you're a man you're more susceptible to cold than your wife. You both have insulating layers of fat but hers is naturally thicker. Therefore, while it may be socially gallant it is physiologically foolish to relinquish your coat to your wrapless lady when you are both caught out in the cold. You need it worse than she does.

FARMERS DISCUSS RESEARCH WITH GOVERNOR—Two Texas farmers are shown discussing the need for an expanded agricultural research program in Texas with Gov. Price Daniel (right). They are B. J. Gist (left), stockman and cotton farmer from Abilene, and Loys Barbour,

grain and hog farmer from Iowa Park. Barbour is secretary-treasurer of the Texas Farm Bureau, and Gist is a director in the organization. The TFB is seeking an appropriation of \$10.5 million for agricultural research in Texas over the next two years.

INTEREST IN WORK CONTINUES TO GROW

Extension Service Soil Testing Labs Report Upswing In Business

Soil samples submitted to the State Laboratory at A&M College and the branch lab at Seymour during January were well ahead of the number sent in last year for testing. M. K. Thornton, extension agricultural chemist, said the State Lab handled 1,510 soil samples last month or about 200 more than for January a year ago.

Baylor County Agent R. L. McClung, who operates the Seymour Lab, said 130 samples were received by mid-January when bad weather made the job of taking samples almost impossible. By the end of the month, the total had reached 151 samples.

The two laboratory operators have received reports which clearly demonstrate the value of soil testing. McClung reported that yields of lint cotton in his area were increased by as much as 225 to 434 pounds an acre by farmers who followed the fertilizer recommendations for their farms. Thornton reported similar increases for cotton from other sections of the state.

During 1956 the State Lab handled 9,755 soil samples and since September, Thornton said, the number of samples submitted was running well ahead of the number for last year.

Both men reported that interest continues to grow in soil testing

work and give as primary reason, the great need for increasing per unit output in order to cut production costs. Too, the increasing use of irrigation to supplement the shortage of rainfall was cited as another reason why top production must be obtained to offset additional costs.

The laboratory operators urge farmers and ranchmen to submit soil samples well ahead of planting dates so that full benefit can be derived from the test results and recommendations which go back to the producer from the lab.

Local county agents, SCS, soil conservation district personnel, teachers of vocational agriculture and others can supply information on how to take and submit soil samples.

Mailing Earlier In Day Aids Delivery

Postmaster Harold Voss said today that mailers can often speed delivery of their mail as much as a full day by depositing it earlier in the day.

Explaining that many local mailers, particularly businessmen, needlessly hold their daily mail until the end of the day and then deposit it in the post office or mail box, the postmaster said these advantages would be realized, if these patrons would mail earlier and more often in the day:

1. The mail that is deposited earlier will frequently make same day transportation connections, whereas, if it is deposited late in the day, it may sometimes have to wait until the next morning before it goes out.
2. The chances of human error in handling the mail earlier in the day when the post office is not deluged with work are reduced.
3. Deposit of mail earlier in the

day will benefit the local post office and postal employees, enabling them to spread out their work over a longer period of time and helping to reduce jam-ups and emergencies that may delay local deliveries and outgoing dispatches of mail in some instances.

"I urge all mailers, particularly larger mailers, to make deposits of mail earlier in the day—in the morning and early afternoon, for example," Postmaster Voss said. "It will often mean important advantages for them and will help us greatly."

Officers Report No New Break-in Leads

Sheriff's officers this week reported no new leads in their investigations of break-ins at K&K Food Mart and Tom Williams' Cafe and an attempted break-in at Forrest Lumber Co.

At the food store, an undetermined amount of money was taken from two soft drink machines, which were badly damaged in the process of being pried open.

The intruders also "messed up" things in general, Sheriff Carl Rains said. They threw fruit over the store and knocked cans and cartons off food racks. Entrance was gained through a rear door.

The sheriff said nothing was reported missing from the cafe, but that the intruders left pulled-out drawers and other evidence that they had been there and ransacked the place. Entrance here, too, was made through a back door.

The same night, Basinger Hardware Store at Southland was broken into by someone who evidently had previously "fixed" the store's burglar alarm so it wouldn't go off.

In the attempt to break into the Forrest Lumber Co. office, a window on the west side was partly pried off. The sheriff surmised that the would-be burglars were "scared off" before they had time to gain entry.

Amateur Golf Tourney Slated For March 24

An amateur-foursome tournament is scheduled for Sunday, March 24, at Caprock Golf Course, D. H. Bartlett, manager, announced this week.

Lt. Mason's suggestions for safer driver conditions were for everyone to observe all safety rules, encourage driver education and watch not only one's own driving, but also that of everyone else on the road.

The meeting was opened with the members saying the club collect in unison and the roll call was answered with "A safety rule I will observe." In a business session presided over by Mrs. G. K. Cash, the forthcoming Texas Federated Women's Clubs Convention in Amarillo was discussed.

Several statistics were given in this talk; among them the fact that in 1956, 10,000 lives were lost in traffic accidents on Texas highways. Lt. Mason stated that the group composition in comparison with the figure with lives taken by police was approximately 10 to 1. He pointed out that if each year, an epidemic of traffic accidents were declared and every citizen did his utmost to halt the majority of the people remain indifferent to the safety problem we are

Guests were Mr. and Mrs. Cameron Justice, Mr. and Mrs. Ott Nance, Mrs. Cecil Smith, Miss Winnie Tuffing of Post and Sam Elkins.

Traffic Safety, Driver Education Program Highlights Club Meeting

"Am I my brother's keeper?" (Gen. 4:9) was the theme of the Traffic Safety and Driver Education program of the Woman's Culture Club's Wednesday meeting. Hostesses for the group were Mrs. Ellis Mills, Mrs. Connie Caylor and Mrs. Herman Raphael. The meeting was held in Mrs. Raphael's exceptional children's classroom in the grade school.

O. A. Madison, driver education instructor at the junior high school showed and made commentaries on a safety film.

The meeting was opened with the members giving the club collect in unison and roll call was answered with "A Texas Traffic Law." Mrs. Dove Mayfield, president, introduced the following guests: the members of the Senior Girl Scout Troop; their leader, Mrs. James Dietrich; Mrs. Katharine Trammell, volunteer train-

Community Chest To Reap Benefits From '42' Party

The Mu Alpha Chapter of Beta Sigma Phi met in the home of Mrs. Ed Sawyers Monday night.

Otis L. Proffitt, minister of the Post Church of Christ presented the program on "The Art of Living."

During the business session, held by Miss Melba Cowger, plans for a community "42" party to be held at the Youth Center were discussed. The proceeds from the "42" party which will be held Saturday, March 23, at 7:30 p. m. will go to the Community Chest. Doughnuts and free coffee will be served and door prizes will be given at 8, 9, and 10 o'clock. Tickets may be purchased from any member of the Mu Alpha or Xi Delta Rho chapters, at the radio station or at the door. The tickets will be 50 cents. Every tenth person entering will be given a complimentary show ticket by John Hopkins, theatre manager.

Following the business meeting, refreshments were served to the following members: Mmes. Bill Fumagalli, Bob Garrison, Ed Sims, George Pierce, Jack Kirkpatrick, Tom Arnett, Mason Justice, Miss Cowger and Miss Zephie Brown.

IN BEHALF OF CRIPPLED CHILDREN, ADULTS

March 15-April 21 Set As Dates Of 1957 Easter Seal Campaign

Dates for the 1957 Easter Seal Appeal in behalf of crippled children and adults are March 15-April 21, Euclid Hudson, president of the Texas Society for Crippled Children and Adults and chairman of the appeal in Texas, announced today.

The 24th annual appeal is expected to be the most extensive campaign in the history of the Texas Society. Easter Seals will reach more than 1,000,000 Texas homes. Mailing will begin around March 18.

Hudson said that the Society seeks a total of \$300,000 in 1957. Easter Seal funds in 1956 totalled \$370,000.

"The once-a-year appeal gives Texans an opportunity to contribute funds for maintaining and expanding services badly needed to help crippled children and adults, right in their own communities," Hudson said. "Support of the entire state will be needed to attain the goals set for 1957."

"It is the increasing awareness that a crippling accident may strike any of us at any time in today's world that has led to a steadily increasing support by Texans of the Society's work and made possible the 30 strategically located Easter Seal treatment centers established in Texas since 1948—more than in any other state."

The rapidly growing Texas population, coupled with soaring accident rates and an increasing proportion of accident survivors saved by modern surgical procedures and drugs unknown even a few years ago, explains the need for increased funds, Hudson said.

He said that over two-fifths of the patients seen in Easter Seal treatment centers today have been crippled by accidents.

"This is in sharp contrast to the birth-deformities and disease-caused crippled which formed the bulk of our cases when the Society was founded," Hudson said, "and points up the need of facilities for physical restoration and rehabilitation of the crippled in every community."

Rotarians Hear Girl Scouts In Talks At Luncheon

(EDITOR'S NOTE: In connection with the Girl Scout Week observance March 10-16, three members of Senior Troop 1 made talks at the Post Rotary Club's March 5 luncheon, with the program in charge of Mrs. James Dietrich, troop leader. The speeches are being published here as a contribution to the Scout Week observance.)

WHAT GIRL SCOUTING MEANS TO OUR TOWN

By Lucy Trammell

Did you ever know a Girl Scout or Boy Scout who was a juvenile delinquent?

Girl Scouting is a really wonderful thing. It adds so much to a town to have good Scouting organizations.

We learn many things in Scouting which would be of assistance in a disaster. We learn first aid, how to evacuate a building, and in case of an air raid we know what food could be affected and could be harmful to a person.

A Girl Scout helps anyone in need if she knows that the person needs her help.

At Christmas our troop adopts at least one needy family and makes sure they have a Merry Christmas. Sometimes, if we have enough toy donations, we are able to take care of two or three families. Our third law is a Girl Scout's duty is to be useful and to help others.

Even the youngest Brownies are taught to do something for others. As they grow in Scouting, their service to others grows with them. When they reach Senior Scout age, their entire program is based on service. Senior Scouts serve

their community as program aides, library aides, hospital aides, museum aides, and in many other capacities.

A Girl Scout is encouraged to have some religious belief, and once a year, during Girl Scout Week, each troop attends church together. Our Promise begins, "On my honor, I will try to do my duty to God and my country."

We are taught to be honest and trustworthy, which can be of value to ourselves and our community.

In talking with school teachers and others who are workers with young people, we have been told that they can tell whether a girl is a Scout or not, not by the uniform, but by their actions and ability.

OUR LIBRARY WORK

By Patricia Crowley

The Senior Girl Scouts work for aid bars. The requirements for a library aid bar are:

1. Act as page or monitor.
2. Shelve books.
3. Replace and clean books.
4. Conduct a story hour for young children.
5. Give clerical assistance in the library office.
6. Give service at the front desk in checking books in and out.

Last summer our troop began working toward the library aid bar. We served as aids to the librarian of the City Library two afternoons each week. During school some of us devote one study hall a day to library work.

For about three months we have been attending classes at the library on Tuesday nights under the direction of Mrs. McRee.

We have covered:

1. The library—its purposes, activities and program.
2. Arrangement and plan of the library.
3. Skills for library aid care and repair of books.
4. Card filing and classification of books.
5. Caring of periodicals.
6. Study and practice of library etiquette.

One of the nights was spent in processing and preparing for the shelf, the books donated in the Rotary Club's book drive.

We feel that working as library aids helps us to gain much worthwhile knowledge and experience that will be valuable to us always. Even if we never work in a library, this experience will help us in checking out books and looking for references if the need arises.

WHAT BEING A GIRL SCOUT MEANS TO ME

By Marilyn Steel

"On my honor I will try to do my duty to God and my country; to my country, to my community, to my school, to my family, to my friends, to my neighbors, to my school children in Korea. Through scouting we have opportunities to have fun with other people our age.

Leadership is one of the great things to help other people at all times and obey the Girl Scout Laws." This is the promise that every girl tries to abide by after she decides to become a Girl Scout. Scouting enables girls to develop interests to fill their time and be of service to others.

We have had courses by trained instructors in leatherwork. One of our girls found she was very talented in this. Now we are taking courses in library work from Mrs. McRee. We have cookouts every spring and summer. This has helped many of us to develop new interests in the outdoors and learn to make many new, tempting dishes. For these projects Senior Girl Scouts receive pins and Brownies are awarded badges.

Scouting is no respecter of girls. There are scout troops all over the world and the first Girl Scout troop was not even started in America. No matter what the financial position of her parents a girl is eligible for scout training. There are no restrictions because of race, color or creed.

Two years ago we were privileged to have Miss Avilo give us lectures on scouting in Finland. For our Thinking Day program we studied our cabana in Queranayaca, Mexico. Several of our girls are exchanging letters with scouts in such countries as the Philip-

'West Texas Today' Names New Editor

ABILENE (Sp.)—James Roberson has been appointed as editor of "West Texas Today," monthly magazine of the West Texas Chamber of Commerce, to replace Paul Marable, according to an announcement by Fred H. Husbands, executive vice-president and general manager of the WTCC.

Marable's duties in administrative work of the WTCC will be gradually increased, Husbands said. In addition, Husbands pointed out, needs for expanded activity in industrial development and in water resources work will place increased demands on Marable's time.

Husbands stated that Roberson will handle editorial work on the magazine, plus expanded public information activity. Roberson will also do work on special publications of the WTCC and on research studies of economic activities of the region, Husbands said.

FORREST FINANCE PLAN

REVOLVING CREDIT PLAN "RCP" FOR OPEN CHARGE ACCOUNTS

1. What is Forrest's "Revolving Credit Plan"?
It is a new service for those who prefer to pay a set amount monthly on purchases from Forrest. It works exactly like a regular charge account except the Customer has a longer time to pay.
2. What may be bought on Forrest's Revolving Credit Plan?
Any merchandise Forrest sells, providing that the price, plus the balance on the account, does not exceed the balance limit agreed on.
3. When may additional purchases be made?
At any time... up to the agreed on total balance.
4. What size account is available?

If you pay each Month	\$10	\$15	\$20	\$25	\$30	\$35	\$40	\$50
You may carry a balance up to	\$80	\$120	\$160	\$200	\$240	\$280	\$320	\$400
5. May more than the scheduled amount be paid at one time?
Certainly. This will increase the amount that may be added-on.
6. Can the total limit ever be increased?
Yes, with the approval of the Credit Manager.
7. What happens when the entire balance is paid off?
The card stays in the file, waiting your next purchase. During this time there is no service charge or payments due.
8. Is there any charge for this service?
Yes, there is a small charge added each month. It is 1% of the outstanding balance at the statement time. If the outstanding balance is \$90.00, for example, the service charge would be 90c.
9. What is the purpose of the RCP Identification Card?
The card will allow purchases without having to visit the Credit Department each time you wish to add something to your account.

Drouth Remains Unbroken, But Crop Prospects Brighter All Over State

By JOHN C. WHITE
Commissioner of Agriculture
Although Texas' drouth remains unbroken, it has been eased somewhat and many farmers face their first hopeful crop prospects in years.
Not since 1951 has planting moisture been available to so many of our hard-hit farmers. Good February rains have fallen over much of the state, restoring confidence to hundreds of those who have survived the long, dry years in between.
In the Lower Rio Grande Valley, where early prospects were dim and irrigation water critically low, cotton plants have begun to emerge and many farmers have withdrawn cotton acreage originally signed up under the Acreage Reserve Program.

Probably the most encouraging report of all, however, comes from the real drouth bowl which lies south of San Antonio and west of Laredo. That area has been virtually without rain for seven years, and only this year have many cotton farmers had proper planting moisture.
As a practical matter, pink bollworm regulations which prevented cotton planting in 22 of these South Texas counties before March 5 were changed to allow farmers to take full advantage of the February rains. And those who planted on the heels of the first rains were blessed by later moisture which should bring their crops up.
But even with glowing reports from these and other sections of

the state we are still faced with the lasting effects of drouth hardship. Even if the drouth should end soon, and we have no assurance that it will, recovery is still a long way off.
The dry weather has left its mark with many mortgages, wind-eroded fields and broken spirits. Drouth relief measures must be continued without relaxation and all future aid consideration must go on.
The future, as in all of these lean years, remains uncertain. But Texas farmers are at least thankful for the opportunity to be hopeful, and this year their hopes are high.

WHAT A BIG BOOK!

Of course the Bible is big. Not only in size... but in the endless depth of the messages to man.
God never intended the Bible to be studied without help. When an Ethiopian official centuries ago wrestled with a passage from Isaiah, God sent the evangelist, Philip, to meet the man's chariot, climb aboard, and explain the text's reference to the crucifixion of Christ.
Explaining and applying God's Word are still two of the major aims of the Church. Every sermon, every lesson, every discussion topic your church offers is intended to focus your attention on the timeless truths of Scripture and help you thread them into the pattern of your life.
Cherish your Bible... read it regularly... and let your Church guide you to the richness of its message.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible, daily.

Big Penalties Paid For Hunt Violations

AUSTIN (Sp.)—Substantial penalties were inflicted by Texas justices of the peace for the more glaring wildlife code infractions, according to the monthly arrest report announced by the director of law enforcement for the Game and Fish Commission.
Five different individual cases resulted in fines of \$500 each plus court costs and one violator was fined \$800 in addition to prosecution expenses.
The director said the costly forays, all involving illegal deer hunting, reflected a trend toward sterner justice voluntarily administered by the courts to discourage lawlessness against the animal kingdom.
Most of the major charges were based on night hunting which, for the month, resulted in 77 different cases.
Some of the defendants ignored closed seasons such as:
An Amarillo man paid \$200 plus costs for killing an antelope after the season closed.
Ten persons were fined for killing mourning dove during the closed season.
Two Goldsmith men paid a total of \$400 in fines besides court costs for trapping wild quail.

Food News . . . Frozen creamed onions are a nice addition to the frozen-vegetable collection in freezer counters in most stores. Each 12 1/2 ounce can contains 14 to 16 small cooked onions in a rich white sauce, two or three servings or enough to garnish a medium sized main dish.

Something new has been added to HERRING'S. We saw a beautiful array of girl's hats styled by Facho. All were just egg-actually what the little miss could wear for Easter. See the Facho hats and the Sugar and Spice Prissy Misay and Teen dresses too. All have that look of spring and will certainly add a zing to any girl's heart. Be sure when shopping HERRING'S fine store, to see the Garay handbags for women. These handbags go hand-in-hand with fashion.

Another Academy Award nomination, "Friendly Persuasion," is booked for the TOWER Theatre for Sunday and Monday. Gary Cooper plays the lead and co-starring is Dorothy McGuire. It is a magnificent picture in color and one that you will talk about for weeks and weeks. Johnny Hopkins hopes you will remember to mark 17-18 on your calendar.

Additional Society News

Mrs. Frank G. Brooks of New York City, immediate past president of the Woman's Division of Christian Service, the Methodist Church, an organization which includes nearly 2,000,000 women in over 30,000 local societies, and Nina Stallings of Atlanta, Ga., a Woman's Division missionary to China and the Philippines, will be the featured speakers at the North-west Texas Methodist Conference Women's Society of Christian Service Annual meeting to be held at St. Paul's Methodist church in Abilene Wednesday, March 20, through Friday, March 22.

John E. Parker, president of the local group, reports that one delegate from Post will attend and it is hoped that it will be, as yet unnamed, incoming president of the society. "Teach Us to Build" is the theme for the 1957 annual meeting. Official program activities begin at 1:15 p. m. Wednesday.

The Brotherhood of the First Baptist Church met in regular monthly meeting Monday evening at the church. The Brotherhood was host to the Brotherhood organizations of the other Baptist Churches in Garza County. Men were present from Justiceburg, Friendship and Calvary Baptist churches. Walter Crider, president of the First Baptist organization, read a scripture and Lee Bowen led in opening prayer. The Rev. Graydon Howell of the Calvary Baptist Church brought the message, basing his thoughts on the experiences of Jonah. A fellowship period followed the program and sweet rolls and coffee were served to the approximately thirty men present.

The Rev. Roy Shahan of the First Baptist Church says, "Next Sunday is Field Day in many of the churches in Post, promoted by representatives of Texas Alcohol-Narcotics Education, Inc. The Rev. M. S. Chenault, church public relations man of this organization will be the speaker in our services at the morning service. He will also speak to the Intermediates and Young People in the Sunday School hour. We should give him a good hearing in these services. The pastor speaks at the evening service on the text, 'And we know that all things work together for good, to them that love God, to them who are called according to his purpose. Rom. 8:28.'"

The WMU of the First Baptist Church will hold their annual banquet for all high school seniors Friday night with a "Gay Nineties" theme being stressed. The Rev. G. M. Cole, pastor of the First Baptist Church of Snyder, will be the main speaker. Mrs. Manus Samples will entertain the group by singing.

On Sunday, March 17, the new department in the Sunday School of the First Baptist Church will get started. This department for married young people will meet in the church annex or the newly acquired Dowdy property just west of the present church building. George Tracy will be the teacher for the men's class and Mrs. Roy Shahan will teach the women's group.

Miss Jessie Pearce, president of the Wesleyan Service Guild of the First Methodist Church, plans to attend the Guild's annual meeting in Snyder on March 23-24. At the guild's meeting on March 18 it will be decided if other members are to attend. Mary Lou Santillan of Holding Institute, Laredo, will be the featured speaker at this meeting. The theme for the meeting will be "The Spirit of Christ—For All of Life" with emphasis on the guild's first two quadrennial goals: the commitment of every woman to the principles and spirit of Christ for the whole world; and the acceptance of responsibility in the total program of the church.

"Responding to God's Call" is the sermon subject for the Sunday evening worship services at the First Presbyterian Church at 7 p. m. This is the third in the series on "Eventful Nights in Bible History" and is from the life of Samuel.

The Mattie Williams Circle of First Presbyterian Church meets next Thursday, March 21, at 9:30 a. m. at the church. Mrs. Burney Francis is in charge of the discussion on "People and Bread," session two of "The United Nations and Us." Mrs. Douglas Hill is the hostess.

Sunday at 5:45 p. m., the Westminster Fellowship Group will be host to the Westminster Fellowship Group from Lamesa in the First Presbyterian Church. The

CONDUCTOR — Howard Skinner (above) will direct the Wesleyan Singers of Texas Wesleyan College in a program at 7:30 p. m. today at the First Methodist Church. The singers and their directors will be guests at a fellowship supper at the church at 6 p. m. In addition to performing early and contemporary motets without accompaniment, the singers will perform a motet in the grand Venetian style for brass choir, organ, and chorus. The public is invited to attend tonight's program, the Rev. W. L. Porterfield, pastor of the church, said.

Lamesa young people will have charge of the program. All youth of junior high and senior high ages are urged to be present.

Ten churches in Post and Garza County will observe Civic Righteousness Field Day Sunday, March 17, by presenting special representatives of the Texas Alcohol-Narcotics Education organization of Dallas in their pulpits to discuss the alcohol and narcotics problem in the state and nation. Representatives of this organization spoke in 2,684 Texas churches last year and expect to speak in at least 3,600 churches this year. School representatives of the organization have spoken to at least one high school group in every county in the state to a total of 1,200,000 Texas high school students. Guest speakers for the churches of Post and Garza County are: Post First Baptist, M. S. Chenault; Calvary Baptist, Joe Naylor; Assembly of God, Kenneth Neil; Church of God of Prophecy (9:45 a. m.), Joe Peterson; First Methodist, (11 a. m.), Joe Peterson; Nazarene, Jean James. Other churches: Justiceburg Baptist, John Calhoun; Grassland Methodist, Lester Carr; Grassland Nazarene (10 a. m.), Lester Carr, and Friendship Baptist, L. G. Flippin. This organization reports that there are 356,000 more Texas people now living in dry territory than a year ago, three counties, two large city precincts and two smaller ones having voted dry in 1956. At the present time there are 144 dry counties in Texas, 81 partly dry, and only 29 entirely wet, where alcoholic beverages of all kinds can be legally sold. Not one county or foot of Texas soil has been changed from dry to wet in the last three years.

the Old Arm Chair with Louis Spillane

Whatever criticism we may have had in the past several years about motion pictures is dispelled in one fell swoop by the Allied Artists' production, "Friendly Persuasion" that began a week's engagement at the ... Theatre. This is a fine, clean comedy-drama, replete with gentle humor, high comedy, drama, romance and spurts of exciting action. In nearly a quarter of a century of "Arm Chair" comment we have recommended less than half-a-dozen pictures. But we go overboard to commend "Friendly Persuasion."

Those of us who have grown understandably weary of the grotesque wriggling of ... and the sordid studies of mental torments and psychoses offered in so many modern films, find "Friendly Persuasion" a gentle breeze ... a refreshing splash. Motion pictures should primarily provide entertainment and leave the viewer feeling uplifted and inspired. "Friendly Persuasion" does that ... and more. From start to finish it is worth seeing.

"Friendly Persuasion" has brought a brighter era to the screen. It might be considered as a quick cure for whatever ails you. It has honesty and humor, charm and chuckles, good old faces and bright new ones. The most jaded of the metropolitan critics acclaim the picture and the most unsophisticated of us in the hinterlands do likewise. It's just such a picture that will revive your spirits, renew your enthusiasm and relegate whatever virus you may have to a negligible place in the scheme of things.

Some afternoon ... some evening ... during the seven days that "Friendly Persuasion" will be at the ... you should set aside the time to see the picture ... and take your whole family with you, because it's that kind of entertainment. Better count on going the first two or three days because it is conceivable you may want to see it twice! We've been crying for better pictures. Well, here is one in answer to those cries. If we demonstrate a willingness to support better pictures, the chances are we'll get more

YOU'LL TALK ABOUT IT FOR WEEKS!

15 NEW MERCURYS, 350 OTHER PRIZES WEEKLY

Motor Company Is Filling Numerous Requests For Contest Entry Blanks

Storie Motor Co., 112 North Broadway, reports that they are filling numerous requests daily from Post area residents for entry blanks in the new contest being sponsored by Mercury Division and by Mercury dealers throughout the nation.

Announcement of the Big M Dream Car Contest, in which 15 new 1957 Mercurys and 350 other prizes will be given away every week in six weekly jingle contests, was made by George S. Coats, general marketing manager of the Mercury Division. The contest started March 4 and is to end April 20.

Entry blanks may be obtained from any authorized Mercury dealer in the nation.

Top prize each week is a Mercury Turnpike Cruiser with its distinctive styling and its air-cushion suspension, 290 horsepower engine and breezeway ventilation. In addition, the first prize winner each week will be given an all-expense-paid week-end trip to New York for two and be special guests of Ed Sullivan at his Sunday evening television show.

The next four prizes each week are Mercury Commuter 2-door 6-passenger station wagons with hardtop styling and passenger car riding comfort and handling.

The next ten best entries each week will win a Mercury Monterey 4-door sedan. All 15 Mercurys awarded each week as prizes will include Merc-O-Matic transmission with keyboard control, radio, heater, white-wall tires, directional signals and window washers and will have Federal excise taxes, state and local sales taxes paid. Station wagons also will include power-operated retractable back window.

The next 50 prizes each week will be portable 14-inch television sets and the next 300 weekly prizes will be matching pen and pencil sets. Thus 365 prizes will be given away each week during the six contests beginning March 4.

A special bonus prize of \$10,000 in lieu of a new Mercury will go to any winner of one of the top 15 prizes in any of the six weekly contests who purchased a new 1957 Mercury from an authorized dealer after March 3 and not later than April 20 provided the purchase is made prior to the contestant's selection as a winner by the official contest judges.

A bonus of \$2,000 cash in addition to a new Mercury will be given to any winner of the top 15 prizes in any of the six weekly contests, who purchased any used car from an authorized Mercury dealer, after March 3 but no later than April 20, provided the purchase is made prior to the contestant's selection as a winner by the official contest judges.

The contests are open to all residents of the United States, Alaska and Hawaii 18 years of age and over except employees of Ford Motor Company, dealers of Ford Motor Company products, its advertising agencies and their immediate families. Only one entry is permitted from any individual in any weekly contest, but a person may enter each contest.

Entering is simple, all a contestant has to do is: 1. Go to his Mercury dealer. 2. Pick up official rules and entry blank. 3. Complete last line of Mercury dream-car rhyme. 4. Mail official entry blank to "Mercury Contest."

DETECTS PLANES BY EAR—Blind observer George H. Burton, 61, supervisor of the Ground Observer Corps post at Columbiana, Ohio, demonstrates how he can detect airplanes by ear 15 to 30 seconds before they can be seen by a companion.

Reports on low-flying aircraft from 400,000 sky watchers fill in "blind spots" in the nation's radar net and provide sufficient warning to alert military and civil defense forces and the populace to danger of attacking planes.

VA Questions And Answers

WHITTLE CHAMP

CARNEGIE, Okla.—George Summers, 84, is the champ of whittlers here. He has completed whittling out a standard size violin from a large piece of walnut lumber.

Q. I am planning to take a four-year night course in law under the Korean GI Bill. Will VA consider this as full-time training in paying me my monthly GI allowance?

A. No. An accredited four-year night law course may not be considered as more than three-quarters time training, for purposes of computing your GI allowance.

Q. Is it possible for a veteran to name the beneficiaries of his GI insurance policy in his last will and testament, rather than by providing VA with a list of beneficiaries?

A. Yes. Beneficiaries may be designated by a duly probated last will and testament. But you cannot change beneficiaries in this manner. A change must be plac-

ed on record with VA.

Q. If a veteran wants to appeal a VA decision involving some benefit, is there any time limit for filing his appeal?

A. Yes. A veteran must file his appeal within one year from the date of the VA decision of his case.

Q. I have been drawing monthly compensation payments from VA, based on the service-connected death of my husband, a World War I veteran. If I get a job to supplement my income, will my compensation payments be stopped?

A. No. Death compensation payments, based on the service-connected death of a veteran, are not affected by your income. The income "ceilings" apply only to death pensions for the nonservice-connected death of a veteran.

Gus Benner Now On Job As Boy Scout Executive For South Plains Council

A. W. "Gus" Benner, formerly of Paris, Tex., is now on the job as Scout executive of the South Plains Council, replacing W. R. "Bill" Postma, who transferred to Spokane, Wash., in December.

Benner is a native Texan, born in Luling, graduated from high school there, and later graduated from Southwest Texas State College at San Marcos. After graduation he served as principal of the school at Hondo, Tex., for one year and in 1941 entered the professional work of Boy Scouting at Montgomery, Ala. In 1943 he was transferred to Dothan, Ala., as Scout executive where he served until 1944 at which time he entered the military service and served with the 36th Division in Europe.

On returning to civilian life in 1945, he served at Joplin, Mo.,

as field Scout executive until 1947. At this time Benner transferred to the Dallas Council, where he held the positions of field Scout executive, district Scout executive, and assistant Scout executive. In 1954 he was chosen as Scout executive of the Lone Star Council, Paris, where he served until being chosen by the South Plains Council as their Scout executive.

Moving to Lubbock at an early date will be the Benner family, wife, Catherine; daughter, Virginia, 19; son, Bill, 17, and daughters, Betty, 13, and Janice, 11.

POSTEX MILLS

By A. LEE WARD
In the following paragraphs, there is contained headlines and transcripts from some of the newspapers published in the Southeast and Northeast.

"Cotton Mill Cutback Held Urgently Needed"

Deteriorating conditions in the cotton textile market have reached a point where mills must either sell at the expense of price or curtail operations. Considering the fact that even price is not proving a sufficient inducement to keep mills running, textile merchants take the position that the only alternative is a sharp reduction in operations.

Already the situation has reached a point where mills are actually in a "war of attrition" and should the present condition be prolonged it would lead to serious consequences for some mills, is the viewpoint in a number of places. The poor condition of the cotton textile market has been reflected in negotiations on stocks of many companies, and during the past week, prices on textile shares scraped the bottom.

"Divided Picture in Textile Industry Held Discouraging"
BOSTON, Feb. 10—Seldom in recent years has the textile industry been hit with so much adverse dividend news as within the past two months.

The matter was brought to a head last week with the question mark put on the current \$1 annual dividend of Burlington Mills, J. Spencer Love, chairman of the board, plainly implied that the dividend was in jeopardy unless earnings pick up.

"Suspend Operation At Two More Berkshire Hathaway Mills"
PROVIDENCE, R. I. Feb. 10—Berkshire Hathaway Inc., has closed two more of its fine good plants "indefinitely" as a result of market conditions, Malcolm G. Chase, president, said today.

"Production Ends Completely At Brookford Mills"

HICKORY, N. C. — Work at Brookford Mills, corduroy and drapery fabric plant, owned by United Merchants and Manufacturers, Inc., has stopped completely. When production was normal, the plant employed 475.

The above are just a few of the examples of the difficulties the mills are having in other parts of the country, primarily due to market conditions, and not being able to produce a piece of goods and sell to the public at a profit. The textile industry as a whole has been hit very hard in recent months and years as far as the margin of profit is concerned.

We have been very fortunate here at Postex. We have never been on short time in the plant and even in our sewing room, we dropped to 37 hours per week in some parts, but that was due only to shortage of cloth. If we at Postex fall down on our jobs, and cannot produce a dozen sheets and a dozen pillow cases for whatever the market price is, then we could be in the same boat as the people in other parts of the country. all of us working toward a common goal, we can produce our goods at a price that will sell, which will insure our job security.

Well, it's Tuesday and it did not rain.

Mr. and Mrs. Trenton Jones and son, Mr. and Mrs. Robert Miller and children of Lubbock, Mr. and Mrs. Jack Dale and Don El, Mr. and Mrs. Bobby Green and baby of Odessa surprised Mrs. C. P. Jones with a birthday dinner Sunday.

Mrs. Eva Williams and Mrs. Gladys Gunn visited Sunday afternoon with Mrs. Ollie Cooper.

Mr. and Mrs. Arlie Nelson of Gorman and Mr. and Mrs. Bill Littrell were weekend visitors in the Frank Bostick home.

Mr. and Mrs. Carroll Shaw and family of Abilene spent the weekend visiting Mr. and Mrs. Wendell Landroop and family.

Mr. and Mrs. Willie Daniels visited in Snyder Sunday with Mr. and Mrs. W. L. King.

Frances Buchanan spent the weekend in Lubbock visiting in the W. T. Jackson home.

NUMBERS ARE DOWN THROUGHOUT SOUTHWEST

Texas Cattle Population Shows Decrease Of 9 Per Cent In '56

FORT WORTH (Spl.) — Cattle numbers have started down and it looks like the long-expected decrease in the cattle population of the United States is here, particularly in beef animals.

John Biggs of Vernon, president of the Texas and Southwestern Cattle Raisers Association, with headquarters at Fort Worth, points out that Texas showed the largest per cent decrease of any state (9 per cent) below 1956 except Kansas where the reduction was 11 per cent, according to the U. S. Department of Agriculture livestock inventory for Jan. 1, 1957.

This brings total cattle numbers in Texas down to 7,736,000 head. Beef cattle decreased from 7,252,000 head to 6,517,000 head and beef cows and yearling heifers decreased from 4,440,000 to 4,186,000 head. Other southwestern range states show decreases in numbers of all cattle also. Oklahoma showed a 6 per cent decrease; New Mexico, 7 per cent; Arizona, 1 per cent.

An analysis of the figures shows that southern, southeastern and corn belt states have increased their cattle numbers and their beef cattle breeding herds. Texas decreased its number of beef cows two years old or over by 204,000 head; Kansas, 179,000; New Mexi-

MISSISSIPPI CONGRESSMAN IS TO SPEAK

Plains Cotton Growers, Inc., Will Hold First Annual Meeting Monday

The first annual meeting of the Plains Cotton Growers, Inc. a 23-county cotton producer-businessman organization formed in January, 1956, to protect and promote interests of Texas South Plains farmers and businessmen, will be held Monday in Fair Park Coliseum, Lubbock, Irby G. Metcalf Jr., Garza County director, said today.

The meeting will begin at 10 a. m. and producer-business members from all 23 counties are expected to attend.

"More than 1,200 members attended the organizational meeting in January, a year ago, and we

hope to have that many or more at our first annual meeting", the director said.

Featured speaker at the first annual meeting will be the Honorable Jamie L. Whitten, Mississippi Democrat who is chairman of the powerful House Agriculture Appropriations Committee. The Democratic congressman will discuss cotton legislation in the Federal government. Title of his talk is "The Farm Problem".

Congressman Whitten has played a major role in present cotton legislation and he was an active fighter for the present cotton export sales program at competitive prices. He has long been interested and active in cotton legislation.

In discussing his talk in Lubbock, Whitten said he believes there should be no acreage restrictions for cotton producers and that farmers should be supported only on their domestic sales and that they should be permitted to plant all the cotton acreage they wish for sale on the world market.

Whitten has been on opposite sides of the fence with Secretary of Agriculture Benson as he believes Benson's policy of lower prices has not increased the domestic consumption market in this country.

In addition to Whitten's address at the Monday annual meeting, W. O. Fortenberry, president of the Plains Cotton Growers, Inc., will make his annual report, a financial report of the organization will be made, and George W. Pfeifferberger, executive vice-president, will tell the membership of 1957 plans of the organization.

Directors of the Plains Cotton Growers, Inc. met last Wednesday in Lubbock and completed final plans for the annual meeting. The meeting place was changed to the Fair Park Coliseum, east of Lubbock, in order to serve a free barbecue lunch at noon.

Directors said after their Wednesday meeting that the first year for the Plains Cotton Growers, Inc., could be considered nothing but a successful year and reports to be made to the general membership Monday will show the tremendous progress made by the organization during its first year.

All members who can possibly attend are urged to be at the first annual meeting, Monday.

Bernie Welch, student at Texas Tech, and Carlos Rivera of El Paso visited here over the weekend with Bernie's parents, Mr. and Mrs. Ralph Welch. Rivera, director of languages in El Paso's elementary schools, had been attending the District IV meeting of the Texas State Teachers Association in Lubbock. He spoke here a few months ago at a meeting of the Post Classroom Teachers Association.

Mrs. J. C. Howard was admitted Monday to Lubbock Methodist Hospital and underwent surgery at 10 a. m. Tuesday.

Mrs. Elva Peel and Mrs. Chester Morris visited in Lubbock last Wednesday with Mrs. Elmo Bush, who was a patient in Methodist Hospital.

Store Opening Is Set For Saturday

Grand opening of Post's newest business establishments, the Marshall-Brown Store, 211 East Main, will be held Saturday, co-owner and manager Joe Marshall has announced.

The store will feature all ready-to-wear and shoes for the entire family. There will also be a complete gift department, and children's wear will be a specialty, the manager said.

Everyone over 15 years of age may register for door prizes to be given away every two hours, beginning at 10 a. m., the day of the grand opening.

The building has been completely remodeled with new glass front and a new tile floor covering. Newly installed fixtures blend with the pink theme carried out by the windows and walls.

Marshall will be assisted by his wife in management of the store. He and Brown own the Marshall-Brown Store in Tahoka.

"We welcome you to our grand opening, which begins at 8:30 a. m. Saturday," Marshall said.

W. B. Byrd, father of Mrs. Frank Runkles of Post, was buried in Fort Worth Monday. Mr. Byrd, who suffered a heart attack several weeks ago, died Saturday night. Mrs. Runkles has been in Fort Worth for quite some time. She was joined there Sunday by her husband and children for the funeral services.

Troop 16 Takes Part In Council Circus

Post's Boy Scout Troop 16 participated in the first indoor South Plains Council Boy Scout Circus held Saturday night in Lubbock's Municipal Coliseum.

The Post troop, whose Scoutmaster is Paul Simpson, took part in a demonstration of emergency preparedness. Following a simulated bombing attack, they demonstrated mass feeding of survivors.

More than 4,000 persons saw the circus, which had been planned for more than a year and consumed three hours.

Several hundred Boy Scouts and Cub Scouts from the 20 counties comprising the South Plains Council took part in the circus.

Garza County Club Boys To Show Stock In Area Show At Lubbock

Most of the animals shown here Saturday in the annual Garza County club project show will be exhibited at the South Plains Junior Fat Stock Show in Lubbock, which begins Monday and continues through Wednesday of next week.

A record number of entries has been received for the Lubbock show, which is to be held at the Panhandle-South Plains Fair-

grounds. The animals entered are the finest on the South Plains, representing the climax of long programs of feeding, handling, and record keeping by 4-H and Future Farmers of America members.

The regional show attracts over 700 boys from a 29-county area in West Texas and Eastern New Mexico. Extensive efforts have been made to make this the most successful show ever held, according to General Chairman O. L. Byrd.

A highlight of the show will be the Princess Contest to be conducted on Saturday, March 16 at 10 a. m. in the Fair Park Coliseum. Two princesses will be chosen, one to represent the FFA chapters and one to represent 4-H clubs. Five FFA chapter presidents will select the 4-H Princess, and five 4-H club presidents will select the FFA Princess. Immediately after their selection, the princesses will be rushed to downtown Lubbock for the selection of their prizes—complete Western costumes. They will serve as hostesses during the show.

The annual award barbecue for exhibitors, county agents, VA teachers, judges, superintendents, and parents of the exhibitors will be held in the Fair Park Coliseum at 6:30, Tuesday, March 19. The barbecue is given as a courtesy of the Lubbock civic clubs. Premiums and awards will be presented at this event. Entertainment will be furnished by the "Ad-Libs," a radio and television musical group.

The auction sale of prize winning animals will begin at 10 a. m. in the livestock judging arena on Wednesday, March 20. Kenneth Bozeman and son, Corky, will handle the auction. Plans have been made to have a greater num-

INCREASE ATTRIBUTED TO URBAN AREAS

Crime In Texas In 1956 Gained 11.8 Per Cent Over Year Before

Crime in Texas during 1956 gained 11.8 per cent over the preceding year according to Col. Homer Garrison, Jr., director of the Texas Department of Public Safety.

The increase was attributed mainly to urban areas where a 14.4 per cent increase in crime was shown during 1956 in comparison with the records for 1955. Rural area crimes were up only 2.6 per cent.

The figures compiled by the Department's Statistical Division and the Bureau of Identification and Records point out that crimes of

violence against the person were down with actually a decrease in comparison with the preceding year.

On a statewide basis, including urban and rural areas, murder and homicide was down 13.7 per cent, rape was down 11.1 per cent and aggravated assault was down 4.7 per cent.

On the other hand, burglary was up 13.5 per cent, theft was up 14.3 per cent and auto theft increased 11.3 per cent.

The rural areas showed a crime decrease in all divisions except two—theft with an increase of 9.2 per cent and burglary with an increase of 1.1 per cent over the preceding year. Urban areas were

up in four divisions, but down in violence against the person.

Garrison said the crime rate for Texas compares favorably with that for the entire nation.

"Compared with crime statistics for the first six months of 1956 given in the Uniform Crime Reports for the United States, crime in the entire nation was up 14.4 per cent. During that same period crime in Texas was up only 9.8 per cent.

"If the national trend continues for the entire year of 1956 the crime rate will be up 18.3 per cent over 1955, making our 11.8 per cent increase in Texas look encouraging."

The state police director said hopes for lower crime rates in the future are good in that not only are we giving our children better training each year, but law enforcement is becoming more proficient and more closely knitted together in its operation on all levels.

ACP Practices Can Be Carried Through On Soil Bank Land

Land which has been placed in the Soil Bank, either the Acreage Reserve or Conservation Reserve, is still eligible for federal cost-sharing in carrying out practices under the Agricultural Conservation Program (ACP), Tom Prater, extension farm management specialist, reminded Texas farmers this week.

But, he said, applications for cost-sharing for conservation practices must be filed with the county ASC committee before any practice is undertaken. Too, the county committee is the best source of information on practices which have been approved for ACP cost-sharing in the county for this year. Approved practices vary by counties, therefore, checking with the county committee is very important.

Applications are now being received for the 1957 ACP at most county offices. All applications for approved practices that are received in time for inclusion under this year's program will receive equal consideration, said Prater.

If ACP practices are carried out on land placed in the Soil Bank, the Soil Bank provisions of no grazing and no harvesting must, of course, be met. Some practices which are not eligible for assistance under the Conservation Reserve are eligible under ACP, and may be carried out on Conservation Reserve land if approved by the county ASC committee. Assistance, however, cannot be given under both programs for the same practice on the same acres.

The safe bet, said Prater, is to contact the local ASC committee and find out what is available for helping conserve and build up your farm land.

Visitors in the Earl Wrestler home last weekend were Mr. and Mrs. Ed Perry of Levelland.

Pending Bill Would Vitally Affect Area Cotton Growers

WASHINGTON (Spl.) — Rep. George Mahon of the 19th District announced from Washington this week that hearings were in progress before the House Committee on Agriculture on a bill which would vitally affect West Texas cotton producers.

The bill, authored by Rep. Bob Poage of Waco in his capacity as vice chairman of the House Committee on Agriculture, directly affects the old controversy on cotton allotments between West Texas and Central and East Texas.

Mahon said the bill would abolish in Texas, but not in other states, the provision of the exist-

ing law in regard to trends in cotton acreage, and that it would fix county cotton allotments in Texas on the basis of the past three years rather than five years as is now the law.

West Texas lost heavily to East Texas on cotton acreage allotments for the 1956 crop year as a result of the actions of the State ASC Committee. Cotton allotments for 1957 are regarded as much more equitable. The pending bill would affect allotments for 1958 and future years.

The Poage bill among other provisions calls for a modification in the present law with respect to

new grower allotments and farm consolidations.

Mahon said that he had sent copies of the bill to all county offices of the ASC and to all the farm organizations in West Texas requesting comment and asking that a representative of West Texas cotton producers who knows the prevailing views of West Texas growers on the pending bill come to Washington and join him in testifying before the House Agriculture Committee.

One of the major provisions of the new bill would require the Department of Agriculture to provide a special loan on light spot cotton. Mahon said that he did not regard this issue as controversial in West Texas as all Texas farmers insofar as he knew felt that recognition of light spot cotton by a proper loan was long over due.

Mahon pointed out that the Secretary of Agriculture could provide this loan without special legislation and that he had joined West Texas earlier this year in personally urging Secretary Ezra Taft Benson and the Department to announce such a loan. Mahon expressed hope that this end would be achieved either by voluntary action on the part of the Department or through legislation.

Dr. Fred Beavers, Family Leave Post

Dr. and Mrs. Fred W. Beavers and two sons left Tuesday on a two weeks' vacation, after which Dr. Beavers will be in Chicago for a three weeks' orientation period prior to going to the U. S. Naval Medical College at Bethesda, Md.

Dr. Beavers has practiced med-

L. G. Thuet Sr., E. M. Norman, Jim Norman, Glenn Davis, C. R. Scott, Gerald Norman, S. C. Storle Sr. and James S. Sims have installed irrigation pipelines that will allow for more efficient use of irrigation water.

Recent rains have permitted construction of terraces to begin on the U Lazy S farms of Mrs. Lucille McBride, Mack Ledbetter and Melvin Stewart. These terraces will help hold water on the land.

This is the time of year that everyone should be putting end-blocks in their terraces and making a block in the ends of contoured furrows to be able to take advantage of any additional rain we may get.

"Conservation is assisted effort to make good the mistakes of our pioneer forefathers, who were content to take all they could get out of their immediate environments and then move on to fresh fields for exploitation." —Dr. Glenn Frank, former president University of Wisconsin.

Soil conservation includes any and all measures that will in any way increase the productivity of the land and cause the land to keep on producing satisfactorily.

Vets' Land Program Is Minus Deadlines

AUSTIN (Spl.)—There is no deadline for participation in the Veterans' Land Program, Land Commissioner Earl Rudder said Friday.

"As long as a man is a Texas veteran and money is available to operate the program," Commissioner Rudder added, "he may participate. Of course, a veteran may use the program only one time."

Commissioner Rudder said that his statement was prompted by numerous enquiries that the Veterans' Land Board had received about a time limit.

BLOOD DONOR DEBT

NORFOLK, Va.—Sidney Flum donated his 44th pint of blood to the Red Cross to put him over the five-gallon mark. He said he was wounded on the USS Yorktown in the Battle of the Coral Sea in 1942 and was given a lot of blood transfusions and plasma and thought he ought to square the account.

MORBID SETTING

RIVERSIDE, Calif.—When Earl Getchell took over recently as president of the Riverside Exchange Club he was presented a casket shaped gavel. The place cards at the dinner table were miniature tombstones. That's right—Getchell is a mortician.

BLITHE SPIRITS

RICHMOND, Va. — From the smell of things you'd think the boys were having a high old time at City Hall. That's because the disposal point for moonshine whiskey is the men's washroom in the basement. When the condemned liquor goes down the drain the aroma wafts up to paint the premises with a genuine barroom atmosphere.

PASTURE SPECIALIST SAYS

Best Means Determining Fertilizer Requirements

Intelligently spent pasture fertilization from two to ten dollars per acre, says Extension Pasture Specialist, Trew, and he cites as the smartest one-way toward fertilizing properly.

Like all other crops, pasture plant food, says Trew, contains about 30 percent nitrogen, 10 pounds of phosphorus and 30 pounds of potash per ton of legume or about 25 percent of the growing season.

Mixed fertilizers should be applied on temporary pastures, Trew says, before or at planting time.

PROGRAM GAINS

ward Sponsor

(Spl.)—The new donor in the national 4-H Extension program is Betty General Mills, Minneapolis, according to an announcement by G. L. Noble, National Committee on the National Committee and Girls Club Work. More than 600,000 members between the ages of 18 and 21 years enrolled in the program. They prepared and served approximately 37 million meals and meals, Noble said.

General Mills we cherish Betty to be a part of the 4-H Extension program. Through the years she endeavored to help the program. Now, our major focus is on the food project.

Scholarships will be announced by the Extension Service during the next fall. State champion will be awarded an all-Extension award. In addition, General Mills will provide about 10,000 dollars of honor to be pinning 4-H members in the Extension project.

General Mills is providing leadership as well as financial support and serving to acquire proper eating habits. The youthful cooks are being taught to buy food to sustain home grown food.

NEAR

RECEIVERS

BEING DEVELOPED—Home alarm which could be connected to an ordinary electric socket to sound a buzzer or bell signal of approaching air attack, tornado or other natural disaster, is being developed in three small units (top level) and larger version (middle level). Also shown are clock and radio which could be connected to the National Emergency Alarm Repeater (NEAR). The units are presently being developed under contract to the Civil Defense Administration. NEAR would be triggered by the national power lines to provide an alarm in homes where residents might be asleep or otherwise not hear sirens. Civil defense Conelrad radio would then provide details.

Smart MODERN GAS

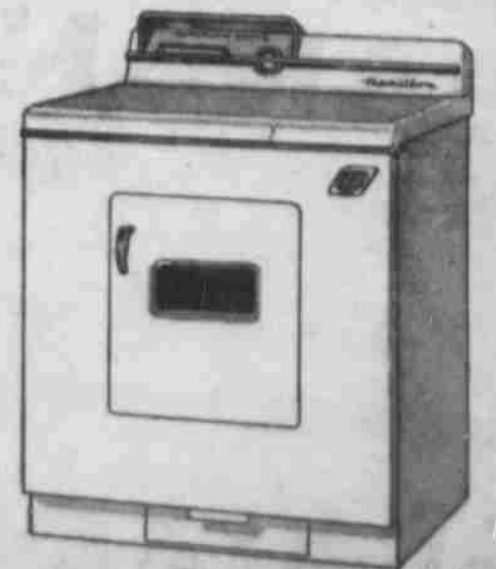

fuel for a growing empire

\$24.97 may not be a pot full

... but that's how much you can save a year using economical GAS for Clothes Drying!

If you're a lucky one who already has a pot full (money, of course), might as well skip to the next ad. But if you feel that \$24.97 is a sum to reckon with, heed these words of wisdom: 'Go First Class with GAS and Save the Difference!' That's right. With gas, the average cost per year to a family of four is only \$2.63—9 times less than it costs to dry the same family's clothes with any other dryer! Add to this the fact that gas dries clothes FASTER, SAFER, and more DEPENDABLY ... it makes good sense—and a lot of dollars—to GO GAS like so many Smart Moderns are doing!
