POST STAMPEDE RODEO DIRECTORS—These are 11 of the 16 members of Post Stampede Rodeo, Inc., which is making plans for the annual rodeo here May 26-29. Left to right, around the table are: Lee Byrd, Harold Voss, Phil S. Bouchier, manager; Jack Meeks, assist-

ant manager; Novis Rodgers, arena director; Homer McCrary, secretary and treasurer; Ira Greenfield, E. A. Warren, vice president; Boy Hart, J. E. Birdwell, president, and Jack Burgess.—(Staff Photo).

### School Trustee Voting Set In Seven Districts

With trustee elections set for Saturday, April 3, in each of Garza County's seven school districts, prospective candidates were reminded this week that March 24—ten days before the elections—is the filing deadline.

In the Post Independent School District, the terms of Robert E. Cox and James Minor are expiring. Holdover members of the board are Leo Acker, Henry Wheatley, Dowe H. Mayfield, Paul Jones and George Tillman. Candidates for the two places on the Post school board may file with Acker, who is board secretary.

Also to be elected April 3 are three members of the Garza County Board of Education. Terms expiring are those of H. F. Wheatley, trustee-at-large; Mrs. Doyle Justice of Justiceburg, and Sam Ellis of Southland.

### Road Bids To Be Opened March 17

Bids on two major road projects in Garza County—completion of Farm-Market Road 651 and improvements to U. S. Highway 380—will be opened in Austin next Wednesday by the Texas Highway Department.

The farm-market road is to be completed from a point seven and one-half miles northeast of Post to the Crosby County line, a distance of 11.14 miles. The project, costing an estimated \$270,000, calls for construction of concrete bridges across Salt Fork, the Brazos and McDonald Creek to replace the present wooden structures.

The U. S. 380 project, which is for a distance of 11.269 miles from Post east, will include widening of the present highway. Cost of this project is estimated at \$215,000.

### CITY COMMISSION, PARK BOARD IN JOINT MEETING

## Pledge Cooperation On Park

City park plans, including the swimming pool now under construction and the bath house and other improvements, on which a contract will be let March 19, were discussed last Thursday night at a joint meeting of the Post City Commission and the City Park Board.

Each group pledged continued cooperation in the park development project. Following the joint meeting, members of the park board met and selected playground equipment, which is to be paid for from a \$1,500 fund already raised. The equipment is expected to be delivered in time to be installed before the swimming pool opening, which probably will be shortly after May 1.

Mayor T. L. Jones said the

## Directors Set Time And Route For Rodeo Parade

Judges were selected, a parade route and time set and a cutting horse contest added to the Post Stampede Rodeo, May 26-29, at a Monday night meeting of the board of directors.

Judges for this year's show will be Weldon Johnson of Snyder, Charlie Miller of Gail, and Sonny Nance of Ringling, Okla. The directors voted to start this year's opening day rodeo parade at 6:30 p. m.—half an hour later than last year—and to set starting time for the opening rodeo performance at 8:15 p. m.—15 minutes later than last year.

Route of this year's parade will be from the grade school building down the Tahoka Highway to the Garza Co-op Locker Plant, then north to Main Street, south

### Post Girls Enter Princess Contest

Two Post High School students, Mary Lou Hedgepath and Jennie Lou Redman, are in the princess contest of the South Plains Junior Fat Stock Show in Lubbock.

Miss Hedgepath, 17, has been entered by the Post High School Future Farmers of America chapter. The daughter of Mr. and Mrs. G. E. Hedgepath, she has brown hair and blue eyes.

Miss Redman, 15, represents the Senior 4-H Club of Post. She is the daughter of Mrs. Ethel Redman and has brown hair and blue eyes. Her candidacy for princess was the first filed in the 4-H division of the contest.

Two princesses will be chosen to reign at the stock show event—one for each division. Judging is to be held Saturday at the Lubbock Chamber of Commerce building.

FFA chapter presidents will judge the 4-H princess group, and 4-H Club presidents will judge the FFA princess candidates.

Entries through Tuesday were: FFA—Miss Hedgepath, Kathleen Kelley of Spur, Carolyn True Rosser of Petersburg, Evelyn Ruth Gindorf of Wilson, Jo Ann Haliburton of Slaton, Patsy Mills of Abernathy, Patricia Iden of Ackerly, Carolyn Tapp of Lubbock, Peggy Anna Martin of Ballis, Carol Lee Stine of Plainview, and Gay Payne of Shallowater.

Four-H Club—Miss Redman and Delores Ann Roberson of Petersburg.

to a turning point in front of the Algeria Hotel, then west on Main Street to the courthouse.

Main Street will be clear for the parade, with no center parking while it is in progress.

Named to a committee to complete plans for the cutting horse contest were Novis Rodgers, chairman; J. E. Birdwell, Hinton Fluitt, Otto May and Wilson Connell. Plans are to make this event an outstanding one in this year's show.

The directors also selected Nat Fleming of Wichita Falls to handle the announcing job again this year. Baldrige's Bakery of Lubbock will furnish the sound truck.

The Post Stampede Cowboys will entertain visiting riding groups with a barbecue from 3 to 5 p. m. on opening day at the City Park.

The directors also voted to erect a cyclone-type steel fence around the dance pavilion before this year's rodeo. The fence will be of the same type as that enclosing the grounds.

The rodeo grounds and stands are reported to be in excellent condition, several thousand dollars having been spent in an improvement project early last year.

### Warns Motorists On Registration

Motor vehicle owners are required by law to register their cars or trucks in the county of their residence. J. B. Johnston, field investigator for the Texas Highway Department's motor vehicle division, said here Wednesday.

Penalty for failure of an owner to register his vehicle in the county of his residence carries a fine of up to \$200, Johnston said.

In explaining the law, Johnston added that each county receives the first \$50,000 received from registration of motor vehicles. One-half of the receipts over that amount and up to \$250,000 also goes to the county, with all fees over the \$250,000 figure going to the state.

Johnston also reminded motorists that when registering their vehicles they should have with them their certificate of title and current registration receipt. This is a requirement of the Texas Highway Department's motor vehicle division and not of the county tax office, he said.

time, he said, trees already planted at the park will be cared for by the city until the water lines are laid.

Practically all the improvement work at the 31-acre park site, which was acquired by the city in 1950, has been done since last August, most of it under the supervision of George Samson, park board member. These improvements have included construction of a large barbecue pit, one of a number to be built.

The Post Junior Chamber of Commerce has set out cottonwood and elm trees in the section it has taken over for improvement. Another organization, the Amity Study Club, also has begun work towards development of its section.

## Observance Of 4-H Week Is On In County

The approximately 250 4-H Club members in Garza County are joining thousands of others throughout the United States this week in observance of National 4-H Week.

Highlighting the boys' observance will be the annual Spring Stock Show here Saturday. The girls have arranged displays of their work in local store windows, and will spend Friday constructing standard 4-H road signs to be erected here.

Two of the road signs are to be built by the girls and two by the boys. The signs are to be put up on highway approaches to the city—two on U. S. 380 and two on U. S. 84.

In addition to a huge "Welcome," each of the signs will bear a map of the State of Texas and the 4-H emblem.

The girls are to build their signs Friday at the home of Jennie Lou Redman, according to Miss Jessie Pearce, county home demonstration agent.

Window displays are as follows: Post Senior Club at Dodson's Jewelry; Post Junior and Close City clubs at Mason & Co.; Garnolia Club at Maxine's Shop. The Graham club will also have a window display, but it had not been announced late Tuesday where it would be.

Plans for the week's observance were made Monday night at a meeting of the county 4-H Council at the courthouse.

In addition to the four clubs in Post, there are 4-H clubs at Close City, Garnolia, Graham, Justiceburg and Southland.

## Physician Is Donor Of School Award

The Dr. Harry A. Tubbs Annual Award for the outstanding boy and girl student in Post High School has been instituted at the school, according to Principal Chant D. Lee.

The award consists of a permanent trophy, on which names of the two outstanding students will be engraved at the end of each school year. The students will also receive individual awards.

Selections, based on citizenship, scholarship, and other qualifications, are to be made by a representative of the faculty, of the student body, and by the president and secretary of the Antelope Booster Club, who are the Rev. Charles R. Gates and the Rev. Roy Shahan, respectively.

### EXHIBITS SEEN DURING PUBLIC SCHOOLS WEEK

## Outstanding Displays In Classrooms

On display last week in the world history and English departments at Post High School were a wide assortment of projects made by the students as part of their course and for exhibit during Public Schools Week.

Patrons visiting the school during the special week saw these articles prominently displayed in the rooms of N. R. King, world history teacher, and Mrs. Ray N. Smith, English teacher.

Some of the more interesting replicas and models in the world history room and the students who made them were as follows:

An 18th century ducking stool, Norman Washburn; New Stone Age monuments, Audrey Sparlin; 1815 map of Europe, Rose Oden; development of alphabet, Jo Ann Foreman; map of world, Gene Young; 18th century fashion doll, Joyce Josey; model of

George Washington, Loyce Josey;

Horses drawing medieval litter, Jennie Lou Redman; galleons, Jack Redman; stockade, Jimmy Redman; Indian village, Novis Pennell; chariot, Bob Tidwell; seven nationalities of Africa in 1925, JoAnn Johnston; "Bon Homme Richard," David King; airplane, Bobby Greene; "Golden Hind," Dee Hodges; radio, Jimmy Bowen;

Doric, Ionic and Corinthian architecture, Willie Ruth Fry and Loretta Blodgett; walking plow, Charles Crain; Joan of Arc, Rosemary Gaymons; ox wagon, Ho-

## 4-H Club, FFA Members To Show Stock Here Saturday

Fat steers, feeder calves and barrows will be exhibited here Saturday in the annual Garza County Spring Livestock Show for 4-H Club and Future Farmers of America members.

The show is to be held across the street from the Garza Co-operative Association locker plant, on the site where animals were exhibited in last September's county fair.

Judging of barrows will begin about 1 o'clock Saturday afternoon, with judging of the fat

calves and grading of the feeder calves to follow.

Virgil Carter, Tahoka High School vocational agriculture teacher, will judge and grade the animals.

The animals are to be weighed Saturday morning, either at Earl Hodges' or at T. L. Jones Grain Co.

The barrows and the only two fat calves to be shown will be taken immediately after the show to Lubbock for exhibition in the South Plains Junior Fat

Stock Show. The other calves to be shown here are feeder animals, which won't be exhibited again until the county fair next fall.

The feeder calves will be graded prime, choice and good, with the champion animals to be picked from among the top grades.

Directing the show will be Lewis C. Herron, county agent, and E. F. Schmedt, FFA advisor. They will be assisted by club and chapter members.

Exhibiting barrows will be: Sammie Sanders, Donald Ticer, Ernie Popham, Audye Vee Teaff, Jack Morris, James Barron, Darrell Roberts, Bowen Stephens, Ronnie Blacklock, James Williams, Jerry McCampbell, Pete James, Br...

### SECOND PLACE WINNER MISSES 'APPAREL'

## Post 7th Grader Spelling Winner

Victor (Sonny) Hudman, Post seventh grade student, won the second annual Garza County Spelling Bee Wednesday afternoon by outspelling ten other contestants.

He will represent the county later this month in the regional Spelling Bee at Lubbock, and will be trying there for an expense-paid trip to the national Spelling Bee in Washington, D. C.

Jimmy Short, also a Post seventh grader, won second place. After the contest had settled down to a closely-contested match between the two finalists, Jimmy put too many "r's" in "apparel." Sonny went on to spell it correctly, then spelled "acacia" to emerge as the winner.

The other contestants went out of the contest early with most of the contest time being spent in determining a winner between the two Post boys.

Claudine Carey, Post eighth grade student, won third place, and Glenda Faye Messer of Justiceburg won fourth. Other contestants were Linda Kay Wilkes of Grassburg, Patsy Ehrbridge of Graham, Gerald Watson of Garnolia, Janet Stephens of Graham, Linda Lane Livingston, Post eighth grader; Glendale Wheatley of Garnolia, and Barbara Blacklock of Close City.

The three winners were presented first, second and third place prizes of \$15, \$10 and \$5 by Mrs. Ira Greenfield, Post Chamber of Commerce secretary. The Lubbock Avalanche-Journal, sponsors of the contest, presented blue ribbons to each school's winner, these awards being made by Dean A. Robinson, Bee director for Garza County. The Lubbock paper also gave

white ribbons as a school's contestation rounds.

The words were for the spellers: Jones, Judges were land and Mrs. N.

The county winner years old, is the 8 Mrs. Victor Hudman place winner, the son of Mr. and Short.

Seek Eliminate Courthouse

A Post Chamber proposal to eliminate cornered drives around courthouse by streets on the north sides was taken up Monday by the city commissioners.

Meeting with the in regard to the W. S. Duckworth, Commerce president and other members of a committee appointed to contact the county in regard to the project.

This proposal and other current projects were discussed at a recent meeting of Chamber of Commerce directors.

Among the projects discussed was a Community Chest program for the city and county. It was pointed out that this program, which the membership recently went on record as favoring, could not possibly be put into effect until next year.

It was reported at the directors' meeting that the City of Post has agreed to cooperate with the Chamber of Commerce in See C O F C PROJECT, Page 8

### Sorority Gives \$20 To City Park Fund

Mu Alpha Chapter of Beta Sigma Phi Sorority has donated \$20 to the general fund for development of the city park. S. E. Camp, City Park Board member, has announced.

With the playground equipment fund of \$1,500 having been completed, all donations from organizations and individuals now go into the general fund. Camp said.

PUBLIC SCHOOLS WEEK EXHIBIT—N. L. King, world history teacher at Post High School, is shown at a display table of articles made by his students for Public Schools Week. The

articles ranged from small coin models to the Parthenon at Athens, seen in the left center of the picture.—(Staff Photo).

Thursday to Thursday

By CHARLES DIDWAY

Two or three dozen patrons kept Texas Public Schools Week from being a flop here (as far as the public was concerned) by visiting one or both the Post schools last week.

Most of the students and faculty members had done their part by making and arranging displays which were both attractive and interesting. Outstanding among the displays at Post High School were those in N. E. King's world history department, Mrs. R. Smith's English department, and Herbert F. Aduddell's science department.

Prominent among the articles displayed in King's world history department were three small-scale models of the guillotine, described by Webster as "a machine for beheading persons by the fall of a weighted blade with an oblique edge, sliding between upright guides."

The students' study of the French Revolution no doubt inspired the creation of these macabre models. There were also two models of Joan of Arc tied to the stake at which she was burned, one of the Parthenon at Athens, a Phoenician galley, a walking plow, a Stone Age scene, Aztec altar, and many other interesting articles.

The English department display included scenes from prose works and dramas studied by the students, and one of the best models in the science department was a miniature replica of a "clover leaf" highway system.

Had you ever noticed that the five months of the year which do not require abbreviation in writing—March, April, May, June and July—come in order?

LET'S SPIKE A RUMOR . . .

There's never a Red Cross fund campaign rolls around but what a certain amount of criticism of the program is heard—some of it dating as far back as World War I. Red Cross officials and volunteer workers who believe in the program are among the first to admit that there have been isolated instances deserving of censure, but that the good far outweighs the bad.

The program itself is a humanitarian one, but the thousands upon thousands of individuals who have staffed it since it was organized have been human—which means that some of them could have, and probably did, make mistakes in the performance of their duties. There is no institution or program under the sun which has been perfect in every detail, as far as its personnel has been concerned.

Red Cross officials do deny, however, a current rumor circulated locally that disaster victims are made to sign notes guaranteeing repayment for assistance rendered by the Red Cross. No disaster victim has ever been asked by the Red Cross to pay for such assistance. This help is given absolutely without cost to the extent of the need—not necessarily of the loss, since the Red Cross does not give or replace television sets, sporting equipment or other non-essentials.

Perhaps the rumor started from the fact that those receiving aid during the rehabilitation period following a disaster are required to sign an acknowledgment of receipt. This is necessary in order that records may be kept of such costly operations—in order that the accounts may be audited and that proper use of disaster funds may be assured. Incidentally, the War Department is in charge of one of the audits of Red Cross accounts.

Instead of listening to such rumors, ask the families who got the help. They will tell you they have no notes for repayment because they were never asked to repay.

Roger W. Babson Writes This Week:

Cost Of Sickness, Youth And Old Age Is Far More Important Than Cost Of Coffee

BABSON PARK, Fla.—Some weeks ago I wrote a column on the relation of Business to Mental Health. I now wish to write on Physical Health. Of course, people must have employment and wages in order to buy, but they must also be free from worry in order to do good work and get promoted. This is so self-evident that it needs no discussion; but I want to write now of something much deeper.

My Personal Illnesses

I have not been feeling well for three weeks. Although I was not confined to my bed, yet something caused severe pains in my back and legs. I just could not do any constructive work and I began to worry, which I never do when feeling well. I, therefore, am now in Florida for a few weeks. This column, however, is not an advertisement for Florida, although I am very fond of its climate!

My purpose rather is to say that being independent financially and free to come and go, I am not dependent upon any job or salary. If, however, I were, and obliged to go to an office each day, I would not have given my company "value received" for my salary. Worse than that, I probably would have made mistakes in judgment which would have caused the company financial loss.

How's The Health Of Your Associates?

Yet, there must be hundreds of important executives and thousands of foremen and tens of thousands of workmen, salesmen, and clerks who are dragging themselves to work when they ought to be home in bed. They do this partly not to lose their pay; or—if they are executives—not to have the word get around that they are not well. As the prosperity of every business depends largely on the decisions made by executives, foremen, and others, such "half-sick" men or women can cause their companies much loss.

When you consider that thousands of companies are suffering losses for this reason, it shows how poor health and worry must affect the entire business of the country. If you are unemployed, it may be due to your health or to your boss's health. In other words, if he were "up to snuff," the company might not

have needed to lay you and others off. So much for that. Now some statistics on the direct cash cost of illness and accidents.

Illnesses And Accidents

The Health Information Foundation reports that during the past full year 22,000,000 families of these United States as individuals paid out over \$10,000,000,000 for medical and dental costs. Furthermore, this was in addition to what the Federal Government and the States expended. Of the above \$10 billion, \$2 billion went to hospitals, nearly \$5½ billion to doctors and dentists, \$1½ billion for medicines, and over \$1 billion for other practitioners, nurses, etc.

Most of the people treated got well, although they lost both time and money. But a good part of this expense was absolutely thrown away—for there were nearly 100,000 deaths, largely from automobile accidents. In addition, millions of others were injured by accidents, such as traffic accidents—1,350,000; drownings—6,800; home falls—20,000; industrial accidents—15,000; burns—6,400; firearms—2,500; etc., etc. These figures are supplied by the National Safety Council. I wonder how many readers of this column will be included in the 1954 figures!

Let Us Look To The Future

The politicians and welfare experts are constantly raising the legal age at which young people can go to work. Now they say that all should have a college education. At the same time, industry is retiring more people between 60 and 65 years of age. Today the number of people over 65 years is one in twelve; in 25 years it will be one in nine. But where is the money coming from to give the young people 22 years of education and play, and the old people pensions?

The truth is that somehow (through more taxes or higher prices), these millions of young and old must be supported by those between 22 and 60-65 years of age. The latter must also supply the \$10 billion mentioned above. This makes the cost of sickness, youth, and old age far more important than the cost of coffee!

Getting Out On The Limb

by EDDIE the editor

THE WOMEN, GOD LOVE 'EM: When a young bride was presented a dishpan at a shower, she asked innocently: "How does it work?"

From the London Daily Express comes a story about some corned beef that was sent to a Bridgton school canteen. Teachers sniffed it and didn't like it. The canteen managers sniffed it and pronounced it good. The town sanitary inspector sniffed it and passed it as good. The town medical officer heard about it, sniffed it and declared it good. Then he ordered it to be destroyed because—too many people had sniffed it.

Those who prefer long life might as well obey traffic regulations; the habit may not guarantee immunity from injury but it will help.

OTHO C. PENIX, better known as "Buddy," has made me a good hand during the year and a half he has been employed as Intertype operator here at The Dispatch office. In addition to doing his work and doing it well, Buddy, who is deaf, has stayed on his toes in protecting the interests of himself and other deaf people. He is president of the Lubbock Club for the Deaf and coaches the club's basketball team.

As a member of the National Association of the Deaf, a non-profit organization representing ALL the deaf, Buddy has been concerned of late over the increasingly large number of transient deaf people who have been soliciting money from Post merchants, as well as private citizens. Most of these fly-by-night solicitors are unscrupulous beggars and in many cases, outright frauds. Buddy says,

Because of Buddy's interest in the matter, some of these people who have been working on the sympathy of Post merchants are beginning to dodge The Dispatch office on their rounds. Word has gotten to them that in this office there is a deaf boy who is making his own way and who has little patience with other deaf people who seem to think the world owes them a living because of their handicap. Buddy has been the reason for many of these "moochers" making a hasty exit from town after bumping into him.

This is the story Buddy tells me and he asks me to pass it along to all Post business people:

"We beg you NOT to be generous to a group of persons YOU may think worthy of your generosity. In fact, we do not want you to give them a SINGLE RED CENT!"

"We refer to the strangers who may accept you in a restaurant, tavern, or other public place and hand you a message that they are deaf, that they cannot obtain employment because of their deafness and that whatever you care to give will be appreciated.

"If you feel that you should help such persons, restrain that impulse! The National Association of the Deaf, the ONLY national welfare organization for the deaf, knows from years of experience that most of these people are unscrupulous beggars and in many cases, outright frauds.

"Every day thousands of well-meaning but gullible people fall for the peddler's tale of woe. The money they contribute with misplaced kindness subsidizes a fraud which runs into huge sums of money.

"The National Association of the Deaf wants you to know that the use of deafness to prompt sympathy is condemned by the deaf population everywhere. Since its establishment in 1880, the National Association of the Deaf has had the eradication of peddling as one of the major planks in its platform. Hard, vigorous work has gone into the fight against these parasites who continue to plague the honest, law-abiding deaf. Today, the crusade is being continued and it will not fail if you will help.

"The deaf, as a class, are self-supporting, independent, decent American citizens. Equipped by means of education tailored to their needs, they are capable of holding down good jobs. Virtually every deaf man and woman has a job. In short, the deaf who are willing to work are engaged in honest toil. Only the lazy, the unscrupulous and the mentally undeveloped take the short cut of peddling.

"Deaf peddlers who solicit in restaurants and other public places or from door to door belong to these three classes. They travel in gangs under the direction of an unscrupulous leader who comes from a central headquarters, the nerve center of the whole widespread racket. The members of the gang are recruited from among the young and irresponsible elements of the deaf. These gangs travel from city to city in automobiles provided by headquarters. Their territory is well organized and they cover the entire United States.

Major Problem Arose Raising a family often is the purpose—or at least the result—of most marriages. But it has recently come to Popvalve's attention that a major problem arose with one couple. It is reported that Coca-Cola and Pepsi-Cola got married and, after due course of time, they began to look for a little Squirt. After a long time the new family addition did not appear, so Dr. Pepper was called in. After due examination, he made his report that, "There is hardly any possibility of you folks having a little Squirt, because you're both Pops!"—The Hamilton Herald.

The modern housewife, and we know she does most of the buying, is trained to be a pretty careful buyer. Especially when times get tough. She may go for gimmicks, like savings stamps, premiums, etc., but she also goes for bargains—and she knows a bargain when she sees one.—Morton Tribune.

He Was A Nosy Cop The story is told of the pretty girl sitting alone on a park bench when a young man strolled along and casually seated himself beside the girl. A cop patrolling the area approached the bench and, eyeing the young man suspiciously, asked the girl: "Is this guy annoying you, miss?" "No," replied the girl, "but maybe he would if you'd go away."—The Kaufman Herald.

## Memorial Service Held In San Diego For Navy Airmen

Memorial services were held at the U. S. Naval Base in San Diego, Calif., at 3:30 p. m. Monday for Lt. Commander Joe Edwin Pierce and two other airmen who lost their lives on March 3 on a night flight from an aircraft carrier in the East China Sea.

Lt. Commander Pierce was the son of Mr. and Mrs. E. E. Pierce of Post. His brother, Lt. Eldon Pierce, who has been stationed on Guam with the Air Force, attended the memorial service. He has a 25-day leave and was to arrive here this week to visit his parents.

Confirmation of Lt. Commander Pierce's death was received by his parents Thursday in a telegram from Vice Adm. J. L. Holloway, Jr., chief of naval personnel. The telegram said that it was his unpleasant duty to inform the parents that their son was known to have lost his life.

"He was piloting a plane and made two unsuccessful approaches to the ship, then began circling the ship," the telegram said in part.

"The plane was seen to stall and spin into the water. The crash scene was illuminated by searchlights and rescue squads reached the area in less than five minutes. Air and surface searches were conducted throughout the night and morning with negative results."

The parents had previously been notified that their son was missing.

Besides his parents and brother, Lt. Commander Pierce is survived by his wife and four daughters, Jo Carol, Cynthia, Beth Ann and Terry Lee of San Diego, and a sister, Mrs. C. A. Wilcox of Lamesa.

### WATER PROBLEM TOUGH

BAGHDAD—Oil-rich but water-poor Kuwait is asking for water from the Shat al Arab river at Basra to be carried by a pipeline 90 miles to the sheikhdom's capital. Despite the construction of the largest salt water distillation plant in the world, Kuwait still needs considerable water to meet normal demands.

### 'THANK YOU' IS LATE

FRAMINGHAM, Mass.—Framingham State Teachers College said thank you, 100 years later. College officials conducted a Day of Appreciation in the school's Nevin Hall in gratitude to the town for asking the college to settle here 100 years ago.

## Post Students Are Promoted In Rank

STEPHENVILLE (Spl.) — The professor of Military Science and Tactics at Tarleton State College in Stephenville has announced the promotion of two Post students to rank in the ROTC Corps of Cadets.

William Bullard, son of Mr. and Mrs. W. T. Bullard, has received the promotion to cadet sergeant first class. He is a sophomore majoring in industrial arts.

Billy Jones, son of Mr. and Mrs. Carl Jones, has received the promotion to cadet sergeant. He is a sophomore majoring in business administration.

These cadets were selected on the basis of leadership, knowledge and proficiencies in military subjects and academic standing.

## State Accepts Four National 4-H Awards Programs For 1954

The State Club office has accepted four national 4-H awards programs for participation of members in 1954, the National Committee on Boys and Girls Club Work has announced. The programs are Garden, Clothing Achievement, Poultry and Tractor Maintenance, in the last three of which awards have been changed.

In the 4-H Clothing program, four (formerly one) gold-filled medals of honor will be provided for winners in qualifying counties by the awards donor, Coats & Clark, Inc. As in the past, the state winner will receive an all-expense trip to the National 4-H Club Congress in Chicago. Also, 12 state winners selected for national awards will each receive a \$300 college scholarship.

Instead of five sterling silver medal awards to county winners in the 4-H Poultry program, four gold-filled medals will be provided this year by the Tractor and Implement Division, Ford Motor Co. Awards of an all-expense trip to the National 4-H Club Congress in Chicago for state winners, and \$300 college scholarships to ten national winners remain unchanged.

In the 4-H Tractor Maintenance program, the Stanolind Oil and Gas Co. will provide four gold-filled instead of sterling silver medals of honor as county awards. The state winner will receive an all-expense trip to the National 4-H Club Congress, as heretofore. The national awards, however, have been increased from eight to 12 \$300 college scholarships.

Awards in the 4-H Garden program, which are provided by Allis Chalmers, remain the same as last year—four gold-filled medals of honor, an all-expense trip to the National 4-H Club Congress, and eight \$300 college scholarships, to county, state and national winners, respectively.

All these national 4-H programs are supervised by the Cooperative Extension Service.

## 4-H Program In Texas Carried On Through Work Of 4,476 Clubs

COLLEGE STATION (Spl.) — The 120,225 4-H club members in Texas conducted 229,230 different demonstrations last year. These included about every phase of agriculture and home economics with clothing, vegetable production, poultry and swine carrying the heaviest enrollment.

The state 4-H club leaders in their annual report show that the 4-H program is carried on through 4,476 local clubs; that 43,090 members received training in farm and home safety; 21,334 in soil and water conservation; 20,647 in home nursing and first aid; 14,001 in group recreation leadership and 19,334 in some phase of judging.

The records also show that 4-H members in large numbers produced crops and livestock. Their corn acreage last year was more

than 10,000; cotton near 14,000 acres and 5,342 acres were planted to gardens and truck crops. They owned 554,497 chickens and turkeys; 6,050 dairy cattle; 12,983 beef animals; 11,671 sheep; 33,031 hogs and 31,558 rabbits. They canned and preserved 191,134 quarts of food; another 124,101 quarts and an additional 213,876 pounds were frozen. The 36,432 members enrolled in clothing work last year made 89,171 articles and 65,471 garments. Almost 8,000 members were enrolled in junior leadership.

Demonstrations and activities are an important part of the 4-H program but of even more value is the training they receive in character building. County extension agents and local volunteer leaders are the teachers and the class rooms are the farms, ranches and homes of rural Texas for 4-H members learn to do by doing.

They have now reached the midway point of their National 4-H Week observances and 4-H leaders invite every citizen to participate in local activities.

## Lubbock 'Silents' Win Second Place

The Lubbock Silent Club's basketball team lost to Little Rock, Ark., 64-60, at Dallas Saturday night in the finals of the Seventh Annual Southwest Deaf Basketball Tournament.

The Little Rock team, which has won the tournament title for the past five years, held a 35-25 lead over the Lubbock team at the half, then stayed off a last-half rally which almost overhauled them.

The Lubbock team's chances for a victory were hurt when one of their best players, Bobby Hallmark, fouled out in the third quarter.

The Lubbock Silents advanced to the championship game with a 31-27 victory over Alamo City, and a 49-44 win over Houston. Little Rock defeated Oklahoma City, 54-34; Sulphur, 56-18, and Dallas, 44-43, to advance to the finals.

The Lubbock team is coached by Otho C. (Buddy) Penix of Post.

The Rev. Charles Gates spent Friday night in Pampa with his parents, the Rev. and Mrs. Phil H. Gates. Mrs. Phil Gates left Saturday morning to spend several weeks in California.

## County Teams Lose In Wilson Tourney

Boys and girls basketball teams representing the Southland grade school were defeated Saturday in tries for third place in the Wilson Grade School Tournament.

The Southland boys lost to Wilson, 22-17, and the girls were defeated by Cooper, 21-16.

The tournament titles were won by the Roosevelt boys and grade school girls. Ropesville boys and New Home girls won consolation honors.

Earlier in the tournament Southland boys took a 20-13 victory over Graham, and Southland girls beat Graham, 41-26, in a pair of games between Garza County teams.

### DRUG STORE ROMANCE

SACRAMENTO, Calif. — They met in a drug store—just like teen-agers. So Albert Knott and Mrs. Charlotte Charleville got to "going out on dates and you know how those things end," she said after they were married. Knott is 72; his bride 70. He owns the drug store where they met.

## Ford rides on a Ball-Joint cushion

### ...and it handles with ball-bearing ease

CONVENTIONAL KINGPIN SUSPENSION depends on hinge-like joints for movement of front wheels up and down or right and left. This system also requires lubrication at 8 points of wear at each front wheel. Doesn't permit maximum up-and-down wheel travel and is not sealed against dirt and water.

NEW FORD BALL-JOINT FRONT SUSPENSION replaces "hinges" for pivoting and up-and-down wheel movement with sealed ball joints. This eliminates 12 points of wear . . . helps keep front wheels in line longer. You get a smoother, more level ride. Your Ford keeps that new car "feel" longer.

It's THE GREATEST chassis advance in 20 years. And only the '54 Ford in its field has it! It pays off with the smoothest ride you've ever experienced in a low-priced car . . . easier handling . . . fewer service worries . . . and many, many other advantages.

And besides this revolutionary advance, Ford offers two brand new deep-block power plants: the 130-h.p. Y-block V-8 and the 115-h.p. I-block Six. You'll also find a new stronger frame . . . a beautiful new Astra-Dial control panel . . . new styling inside and out . . . plus all the other finer features that have already established Ford as America's "worth more" car!

Come in and Test Drive the '54 FORD

with New Ball-Joint Front Suspension

At a recent meeting of Post Ministerial Alliance, it was announced that the union Sunrise Easter Service will be held at 6 a. m. in the First Christian Church. The Rev. Shelby Bishop, Calvary Baptist pastor, will preach.

The Rev. Raul Solis, pastor of the Mexican Baptist Church, reports: "The Mexican Baptist Church here has recently completed a religious census and discovered that there are approximately 58 families (260 people) who are Baptists and many of them live in walking distance of the church. There are 45 church members and we have a Sunday School enrollment of 75 and 35 are listed on the Training Union Roll. We have an average attendance of 65 in Sunday School and an average of 30 in the Training Union. High attendance for February was 83. Our budget for this year is \$1,977.80 and according to our monthly collections thus far we will surpass that amount. Our program has a three-fold purpose: evangelism, missions and spiritual growth. We have nine Sunday School classes and are planning to add another and have active Brotherhood and WMU organizations. Twelve are enrolled in the WMU and 16 in Brotherhood. There is not sufficient space in our church for the work and at the last business meeting plans were made for creating a building fund. We hope that in the near future a complete new building can be erected. We know that God can bless in many wonderful ways and can use every worthwhile means to fulfill His Will in the work. We covet your prayers. We will announce our church events each week in the Post Dispatch. Our Sunday School is at 10 a. m. followed by worship service at 11 o'clock. Training union is at 6:30 p. m. and evening worship at 7:30 o'clock. Our community needs a better way of living and our church is endeavoring to help in every way possible."

## Baptist Sunday School Workers Of Post To Attend Convention

The Post First Baptist Church will be represented by at least ten members at the twenty-fifth annual statewide Sunday School convention in Abilene, March 22-24.

Andrew Q. Allen, Dallas, state Sunday School secretary, estimates that at least 5,000 persons of all ages will attend the convention.

Representing the Post church at the convention will be Ray N. Smith, Sunday School superintendent; the Rev. and Mrs. Roy Shahan, Miss Louella Eades, church secretary; and the following department heads:

Mrs. Winnie Henderson, Adult I; Tom Williams, Adult I; Mrs. Dowe H. Mayfield, Young People's; Lowell Short, Intermediate; Mrs. A. A. Suits, Junior II; Mrs. Loyd Edwards, Junior I, and Mrs. James King, Beginners.

Churches in Abilene and other cities in District 17 will do their part in raising the convention attendance. Pre-registration chairman M. D. Rexrode of Haskell and J. Henry Littleton of Lueders plan to pre-register 2,000 in the district before the convention session begins.

Local committees, led by Joe H. Rucker, educational director of Abilene's Southside Baptist Church, as general chairman, have secured hundreds of rooms in private homes for convention messengers, in addition to rooms to be available in the city's hotels, motels, and tourist courts.

General sessions of the convention, which begins Monday afternoon and continues through Wednesday noon, will be held in the new million-dollar auditorium of the First Baptist Church.

During one of the sessions two former pastors and the present pastor of the host church will appear on the speakers' platform. They are Dr. Elwin L. Skiles, pastor since last August; Dr. James L. Sullivan, pastor from 1950 to 1953 and now Southside Sunday School leader from Nashville, and Dr. Millard A. Jenkins, pastor from 1915 to 1948 and now a retired minister living in Abilene.

Speakers for the three-day meeting include Dr. Ullis Leavelle, Virginia college professor and noted author of textbooks and manuals; Dr. Kearnie Keegan, Southside Student Secretary, Nashville; Dr. W. A. Criswell, pastor of the First Baptist Church, Dallas, and Dr. Forrest C. Pezzer, Dallas, executive secretary of the Baptist General Convention of Texas.

**Sadler Announces For Re-Election**

The Post Dispatch has been authorized by Harley Sadler to announce his candidacy for re-election for his first full term as State Senator from the 24th Senatorial District. His statement to the voters follows:

"In announcing that I will seek re-election for my first full term as State Senator from the 24th Senatorial District, subject to the Democratic Primary election to be held July 24 this year, it might be stated that all of the 31 members of the Texas Senate were elected in 1952 for full four-year terms. But because of the Senatorial re-districting measure passed by the Legislature in 1951, it is now necessary that 15 State Senators be re-elected this year for a full four-year term, as our Constitution provides that 15 members of the Senate shall be elected at one regular election year (to serve for four years) and the other 16 are up for re-election two years hence. At the regular session in 1953, by Senate Resolution, the 31 members drew to determine which would serve two or four years. I was one of the 15 members that drew a two-year term, hence my announcement for re-election this year.

"I don't feel that a long announcement is necessary as most of the voters and residents of this District know that I have served eight years in the House of Representatives and am now serving a two-year term in the Senate.

"During my 10 years service in our State Legislature I don't think you will find any member of either house that has had a more perfect attendance record, both on the floor and in committee hearings. I have served on major committees in both the House and Senate. I believe our State Department heads, as well as my colleagues in the Legislature, will agree that I have rendered conscientious and honest service to the best of my ability. I have successfully handled much legislation for our various State Department and have sponsored and co-sponsored many measures that were in the interest of the District I represented. Firstly, I have tried to serve the District from which I was elected; secondly, I have tried to render service to all Texas, more especially West Texas.

"If you, the voters, feel that I am worthy of re-election and can see fit to support me during the coming primary, I will promise you that I will show my appreciation by trying to serve all in a fair and efficient manner. I am grateful to you for the past honors that I have received at your hands. I feel that I owe much, not only to the people of the 24th Senatorial District, but to all West Texas. Anything that you can do to help me in the coming election will be appreciated, I am.

Gratefully yours,  
Harley Sadler"

DALLAS (Spl.)—Under the direction of Thomas W. Merriam, head of the Hockaday Music Department, the Hockaday School concert choir presented Oscar Straus' dramatic musical comedy, "A Waltz Dream," at 8 p. m. Saturday at the Alex W. Spence Junior High School auditorium here.

Miss Patty Lott, daughter of Mr. and Mrs. John F. Lott of Post, was one of a chorus of tourists in the concert.

This was the fourth and last of the January and February "Hockaday Fine Arts Concert Series," which is under the auspices of the choir. Proceeds from the series will go toward the purchase of special equipment for the Hockaday choir.

**Vehicle Inspection Deadline April 15**

Only a little more than a month remains in which to beat the deadline for securing auto inspection stickers for 1954. Possible court action faces owners whose vehicle does not carry a sticker after April 15.

In the seven months since Sept. 1 of last year, approximately 51 per cent of the more than 3,000 vehicles in Garza County have been inspected, according to recent figures.

The law requiring the stickers on every moving automobile will be strictly enforced after the April 15 date, according to Capt. E. L. Posey of the district Texas Highway Patrol office.

**Cotton Bulletins Available Here**

Cotton farmers confronted with 1954's tightened allotments will find helpful information in two bulletins released by the Texas Agricultural Extension Service and available here at the office of County Agent Lewis C. Herron.

The publications are the "1954 Guide for Controlling Cotton Insects in Texas" and "Ways to Fight the Pink Bollworm."

In addition to listing revisions on early and late season insect control measures and revised insecticide recommendations, this year's control guide explains the benefits derived from using certain insecticides in combination. The pink bollworm as a major threat is emphasized by \$28,000,000 damage to cotton in 38 South Texas counties in 1952. This is the only major cotton insect to survive winter in the larva stage in old bolls, locks and seed.

Infestations of pink bollworms can be greatly reduced by cultural practices at only minor additional expense to growers, says the latter bulletin. It goes on to say that bollworm controls are most effective on community or statewide basis.

This bulletin contains the planting and plow-up dates for Texas, along with other pink bollworm regulations and control measures.

**April Draft Call For Area Is 25**

State Selective headquarters has announced an April draft quota of 1,030 men, as compared to a March call of 985 and a February quota of 1,010.

The Lubbock area's share of the April quota will be 25 men, Miss Ava Lee McGlaun, clerk of Local Board 88, announced Saturday. Thirteen men will be inducted April 26, and 12 men, April 27.

The Lubbock area includes Lubbock, Lynn, Crosby and Garza counties.

Brig. Gen. Paul L. Wakefield, state director of Selective Service, compared these quotas with the same period a year ago. In February, 1953, the quota was 3,000; in March, 3,056; in April, 2,894.

In addition to the April induction call of 1,030, state draft headquarters announced that 2,235 men will be sent for the combined physical-mental examinations the same month.

Only 1,000 men are being for-

warded for these examinations this month and none examined in February. Approximately 4,000 were examined in January.

Local board quotas for induction are scheduled to be mailed from state Selective Service headquarters Thursday. Quotas for physical-mental examinations will be mailed Monday, according to present plans.

Local boards are required to fill April quotas with men 20 years old or older if the quota, a board may send olds for induction.

During February, the director of Selective Service, 23 per cent of the men to be sent via the draft were under 20 years of age, but men under 20 are volume.

More than 80,000 men have been inducted for military service under the present draft law which went into effect

# 1,251 Agreements Shown In Duck Creek SCD '53 Report

As of Dec. 31, 1953, the Duck Creek Soil Conservation District had 1,251 conservation agreements covering 1,112,605 acres, representing 80 per cent of the land area in the district, according to the annual report for 1953, issued by the district's board of supervisors.

There were 320 initial agreements on 232,053 acres, 33 advanced agreements on 14,726 acres, and 898 basic plans on 865,826 acres.

Conservation measures in 1953 and to date are as follows, with the 1953 figure given first in each instance:

Contour farming: 9,764 acres, 218,875 acres; cover cropping: 22,740 acres, 40,071 acres; stubble mulching: 2,129 acres; 184,259 acres; range (proper use): 3,209 acres, 436,916 acres; (deferred grazing): 38,668 acres, 38,668 acres; (uniform grazing): 11,560 acres, 11,560 acres; (brush eradication): 23,030 acres, 23,030 acres; (range seeding): 168 acres, 2,647 acres; (pasture seeding): 1,091 acres, 1,466 acres;

Wildlife area improvement: 20 acres, 42 acres; irrigation land leveling: 174 acres, 272 acres; improved water application: 535 acres, 2,612 acres; irrigation water management: 100 acres, 100 acres; water facilities: 100 (to date—none in 1953); terracing: 207 miles, 4,671 miles; diversions: 7 miles, 78 miles; pond construction: 47, 275; farm waterways 10 (to date—none in 1953); dam constructions: 9, 9; rotation hay and pasture: 262 acres, 358 acres.

The report also includes the information that the board held 15 meetings during the year with an average attendance of 87 per cent.

Visual aid equipment and conservation equipment was effectively used during the year in spite of the severe drought, the report continues.

"We had considerable increase," the report stated, "over 1952 in our vegetative program, especially grass seeding and cover cropping. Very little cotton was planted due to the drought; however, the late rains permit cooperators to plant grain sorghum and much-needed cover crops, both of which are contributing to the conservation problem and the spring blow hazard."

"Our large increase in Blue Panic seeding has been encouraging to our cooperators. We made 1,500 pounds high quality seed available to them this year. It appears now that an even

greater new acreage will be planted to Blue Panic and guar this spring.

"We have continued to receive outside help from cooperators, contractors, and others in helping Soil Conservation Service technicians with the layout and checking in engineering assistance to cooperators. This has enabled us to spread our resources out to more people."

The annual report states that the attitude of farmers and ranchers continues to be very good, and that the attitude of business men also continues to be favorable towards the district program and its objectives. "They are realizing more each year the

value of soil conservation as it relates to their welfare," the report says.

The report also includes summaries of the contribution of various agencies and groups, such as Soil Conservation Service, Extension Service, Vocational Agriculture teachers, and the Agricultural Conservation Program of the ASC.

The report concludes with a statement of receipts and expenses for 1953.

Members of the board of supervisors are: Charles P. Witt, chairman; E. E. Shugart, vice chairman; Giles McCrary, secretary, and Clark Forbis and Joe Hunnicut, members.

## 'Matchless Musical Moments' To Be Presented In Two School Assemblies

DeCosta-Ferrari's "Matchless Musical Moments" will be presented in Post High School and grade assemblies today as another in the series of seven programs being presented here during the 1953-54 school year by Southern School Assemblies of Dallas.

"A most delightful presentation in music and versatility will be brought by these two widely known artists, who have appeared for years before every type of audiences everywhere in the United States and Canada," reads the press release.

DeCosta, who possesses a thorough knowledge of all the instruments in the band, displays with remarkable ability the possibility of being able to play them all with accuracy, tone and intonation. He is ably assisted by Miss Ferrari, who is an accomplished accordionist. Music

ranging from classical to popular will be heard—every number being a favorite of someone. Novelty as a diversion add to the entertainment value of the program.

Both DeCosta and Miss Ferrari have done most of their studying at the New England Conservatory of Music in Boston, Mass., DeCosta interesting himself in instrumental music, harmony and its allied subjects, and Miss Ferrari in music and voice.

## Stake Location For New Tester

Edwin L. Cox of Dallas has staked location for his No. 2 Huntley in the area between the PHD and Garza fields in north-west Garza County.

It is to be drilled to 3,500 feet to test the San Andres. Both the PHD and Garza pools produce from the San Andres. Rotary tools will be used to drill the project, beginning at once.

Location of the venture is 815 feet from west and 1,725 feet from south lines of H. G. Brandon Survey No. 4 and five miles northwest of Post. It is a south-east offset to Head Drilling Company No. 1 Huntley, recently completed step-out to the proved area of the PHD Field.

## COURSE ATTRACTIVE

STATE COLLEGE, Pa. — The Pennsylvania State University has an "Ice cream short course." Some 30 Pennsylvanians have enrolled for study designed to teach fundamentals in management of ice cream plants.

From where I sit... by Joe Marsh

## Steve Tips the Balance

Was just leaving home this morning when the Missus reminded me to stop at Steve and Al's Meat Market for a pound of hamburger. "Be sure to get it from Steve," she said.

"Why?" I wondered. So when I got to the market I asked Steve if he knew. "I'll tell you, Joe," he said. "Al and I sell the same meat, and a pound is a pound. Maybe it's just that we go at it differently."

"Al loads the scales and takes away 'til he has a pound. But I put too little on and start adding."

To your wife — that probably looks like a better buy."

From where I sit, there's always more than one way to approach a thing and still come out fair and square to all. My wife likes a cup of tea with dinner; I prefer a temperate glass of beer. We get along fine. Gets me pretty mad though, when somebody starts "throwing his weight around" and demands that I see things exactly his way.

SPORTS FLASHES

Great Players Can Be Made. Says Slaughter

Enos Slaughter, called "The Old Pro," is widely regarded as the greatest competitor in the game. A story currently running in The Sporting News under his by-line has this to say:

"When I near someone try to discourage a kid by telling him ball players are born, not made, I get mad.

"Sure, you've got to have some ability, but I think I'm living proof that skill can be hidden behind youthful clumsiness, that no one man's judgment is enough to rule a guy off the diamond and that determination and hustle will take a player farther and keep him there longer.

"I'm proud as hell of the reputation I've won in baseball as a competitor and as the last of the Gashouse Gang, but behind that reputation is a story of the fathers and sons who read The

Sporting News.

"One man can do a lot for you, though. Take my case and Billy Southworth, who then was beating his way back to the big leagues as a scout. Just when they were about to bounce me out of the tryout camp, Southworth saw something. 'Look, kid,' he said, 'do you realize you're running flat-footed? Try running on your toes!'"

"Billy took me in the outfield, demonstrated proper running technique, and I practiced. So help me, within three days I was four steps faster getting down to first base!

"That's nothing, though. Within three years I was in the big leagues."

Casey Says He Can't Put Rap On Raschi

Although George Weiss' dealings with Vic Raschi left the general manager somewhat less than joyous, reports The Sporting News, Manager Casey Stengel said he had nothing against the pitcher who was sold to the Cardinals.

"I can't put the rap on Raschi," said Stengel glumly. "He certainly wasn't sold for anything he did on the field. They must have been awfully sore at him in the front office."

Raschi's Yankee teammates said they found him to be a fierce competitor who generally

was best against the toughest teams in the league.

Cincinnati To Try Use Of Yellow Bases

The first innovation sprung in a game at the Cincinnati Reds' camp is yellow bases, with all markings on the playing field also in yellow, instead of the customary white.

Permission to go contrary to the playing rules, which specify that the bases and all markings shall be white, was obtained by General Manager Gabe Paul of the Reds from Warren Giles, president of the National League, for training camp use of the yellow on an experimental basis.

There's Always One In Every Camp

There's one in every camp every year, says The Sporting News. A bearded young man showed up at the Fort Pierce, Fla., training camp of the Pittsburgh Pirates one day last week and said he wanted a trial as a pitcher. Coach Clyde Sukeforth caught him for a few minutes until the bearded young man revealed he had always pitched softball.

So they gave him a sandwich and sent him on his way.

Riders' Program Plans Are Made

A tentative program for the first annual convale of the West Texas Association of Sheriff's Poses, which will be held in Spur April 9-11, has been announced by Everett McArthur, program chairman.

Activities on Friday, April 9, will include registration at the Spur swimming pool and a fun night program in the high school gymnasium.

On Saturday, the riders will be served coffee at Johnston's Drug and then ride to Soldier Mound for a chuck wagon lunch served by the Terry County Sheriff's Posse. That afternoon, a big downtown parade will be held, followed by a parade supper and presentation of trophies. A dance at the American Legion Hall will conclude the day's program.

On Sunday, the riders will attend church services on horseback in Jones Memorial Stadium in Lubbock. That afternoon, the Dickens County Sheriff's Posse and the Hereford Riders, Inc., will stage an exhibition Palmist-to polo game.

Has Perfect Marks For Fall Semester

N. Travis Francis, son of Mr. and Mrs. C. C. Travis of Post, Rt. 3, was one of 28 Texas Technological College students who made perfect marks during the fall semester.

With a straight "A" average, Francis' name and those of the 27 other students with perfect marks appeared at the top of the "Dean's list" or honor roll for the first semester.

The 270 students on the list comprise the upper five per cent of Tech's 5,318 students in the fall.

Heart Fund Drive To End March 15

The 1954 Texas Heart Fund campaign to raise funds to help combat the nation's foremost killer—heart disease—is continuing through March 15, according to Dr. W. R. White, Baylor University president and Heart Fund chairman.

Contributions to the 1954 Heart Fund may be mailed to "Heart," care of the local postmaster, Dr. White said.

In the 1950 census California had 4,922,000 more people than in 1940.

### Prepare To Final Garza Discovery

Operators this week were installing pumping equipment preparatory to taking potential at the Joseph I. O'Neill, Jr., No. 1 A. E. Floyd, indicated shallow discovery well from the San Andres in the northwestern part of Garza County. The well was drilled to a total depth of 3,454 feet in lime and has seven-inch casing set at that depth. The casing was perforated from 3,406-3,430 feet. The lower set of perforations was treated with 3,000 gallons of acid; however, the upper zone would not take the acid. Swabbing for 15 hours recovered 159 barrels of oil and 33 barrels of water. The fluid was cut 20 per cent basic sediment. Location is 380 feet from south and 330 feet from east lines of Section 1298, D&WRR and TTRR Surveys, SF-1442 and SF-1442½, four and one-half miles northwest of Post. It is a mile and a half northwest of the Garza Field area.

### Glenn Davis Makes Formal Statement

G. M. (Glenn) Davis, who recently announced his candidacy for Garza County commissioner, Precinct 2, has issued the following statement to the voters: "To the voters of Precinct 2: I have been a resident of Garza County for 39 years and have lived in Precinct 2, near Graham, all these years except part of two, so I feel like I am a native. "I have never asked for nor held public office before, but after due consideration and solicitation, I have decided to ask the voters of Precinct 2 to elect me their next commissioner. I feel like after so many years in the precinct I should know something about the needs of the precinct and county. "I feel like this is a job that belongs to you, the public; and I am asking you for this job, I do not attempt to tell you of the big things that I will do if elected, but will only say that I will at all times work with the court for the betterment of the precinct and county to the best of my knowledge. "My slogan will be 'Equal Rights to All and Special Privileges to None.' "I expect to see each of you before the election, but if I should fail to see you, this is my application for this job. So, to you who do not know me, ask your neighbor—he might tell you something about me. "I sincerely ask you to consider me for this job, and if you feel that I am the man for it, I certainly will appreciate it, and will sincerely try to handle it in such a way that you will never have cause to regret it. "Will say again I will try to see all of you personally before election. "So I am asking you to go to the polls and vote for the man of your choice." G. M. (Glenn) Davis.

### Former Pastor Of Post Church Dies
