City Of Post Faces Most Serious Water Shortage In History; Drilling Continues

With Post's daily maximum water potential down to between 700,000 and 800,000 gallons a day, the city is facing the most serious water shortage threat in its history, Mayor James L. Minor said this week.

"Unless we find some way to increase our water supply, I don't know what we'll do this summer when the daily consumption rises to around a million and a half gallons a day," the mayor said.

"The only possible solution we've hit on at this time," he said, "is to keep drilling and add as many wells as we can to the system before the summer's peak use hits."

The mayor said he and the council feel that if 400 gallons a minute can be added to the water supply before summer, a major shortage can be averted. "But even at that," he said, "we'll still be low on water."

The city has just completed drilling three wells on the Dalby lease, but two of them were dry and the other is only a 40-gallon-a-minute well.

Three wells have also been drilled on a city-owned strip in the water supply area, but two were dry and the other one isn't big enough even for a 20-gallon-a-minute pump.

Three new wells are being drilled on the Winder lease, one of

which was being tested Wednesday.

Mayor Minor said that during the last two weeks the city has been pumping from 14 to 16 wells daily.

"And they're the only good wells we have left," he added.

"In fact," the mayor continued, "the best well in our system is one on the Dalby lease, which pumps 100 gallons a minute. Even there, there is only about two feet of water in the well, and the pump is setting on the bottom."

The mayor said water-use restrictions appear a certainty for this summer, and that there probably will be an increase in water rates to cover the cost being incurred by the city in its search for more water.

YEAR'S TOTAL OF 6.21 ALREADY AHEAD OF LAST YEAR

Rain Boosts Crop Prospects; Helps Ease 'Tornado Jitters'

Helping this week to ease "hangovers" from severe cases of "tornado jitters" was a brighter crop outlook from Saturday afternoon's downpour of rain, which measured 2.35 inches here in less than an hour.

While the rainfall was not general—some areas of the county remaining dry—it was sufficient in spots for wholesale planting of cotton and grain sorghums, with next week expected to bring a rash of seed-sowing on both irrigated and dryland acreage.

With the exception of an area a few miles northeast of town, Post is believed to have received the largest amount of moisture from Saturday's rain. One report from about five miles northeast is that up to three inches were measured there following the downpour.

In Post, the streets and gutters ran with water, which at a few places in the business section ran over the sidewalks and for awhile threatened to seep into business houses. A brief, but hammering, hail which accompanied the rain

damaged some fruit in the Post area, County Agent Lewis C. Herron said.

There was very little rain west of town, with 30 of an inch at the Thuet place, just off U. S. Highway 380, believed to have been the high measurement. Meteorologists reported that there was little or no rain in the vicinity of the Garza-Lynn County line.

Heavy showers were reported at

Justiceburg and southwest of there, but little or no rain to the west. The fall was reported fairly heavy north of Post all the way to the Lubbock County line.

The 2.35 inches measured Saturday brought the 1957 total through April 20 to 6.21 inches, which is 1.22 inches more than the 1956 total of 4.99 inches.

The agent said the weekend rain was beneficial to stock water supplies in places where there was enough for a good runoff.

The rain was the only bright spot in the weather picture from Saturday morning until skies began clearing late Monday afternoon. There were almost constant tornado alerts throughout the South Plains, with at least two funnels reported to have skipped dangerously close to Post. Sand covered the sky most of the day Monday, and reports of "bad clouds" behind the blankets of dust added to the general alarm.

Lions Club Names Queen Contestant

Leslie Nichols, Post High School senior, has been elected by members of the Post Lions Club to represent the club in the queen contest at the District 27-1 convention in Lubbock next week.

Miss Nichols, daughter of Mr. and Mrs. Lester Nichols, tied with Linda Davis in the voting for queen, but won the contest on the toss of a coin.

Other queen candidates were Frances Byrd, Linda Livingston, Linda Lusby, Jerry Rains, Louise Gerner and Barbara Wheatley. The club's queen contestant last year was Ann Porterfield, and the year before that, JoAnn Moreman.

The Lions Club also has elected officers for the new club year beginning in July. They are:

Al Norris, president; Walter Johnson, first vice president; Lewis C. Herron Jr., second vice president; Will Scarborough, third vice president; Weaver Moreman, secretary; Lynn W. Duncan, treasurer; Matt Stelzer, Lion tamer; Robert Meisch, taitwister, and Charles Casey, Noah Stone, Marvin Nichols and E. F. Schmidt, directors.

Moreman and Johnson were re-elected to their offices of secretary and first vice president, respectively. Outgoing officers are: H. W. Schmidt, president; Norris, second vice president; Herron, third vice president; Howard Madera, treasurer; Scarborough, Lion tamer; Don Butler, taitwister, and Victor Hudman and Pat N. Walker, directors.

Post Girls To Play In Volleyball Meet

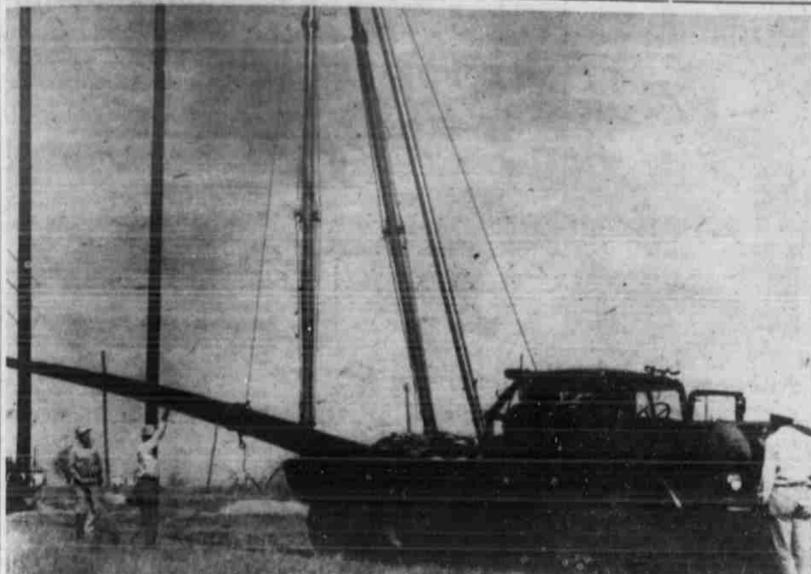

The Post High School girls' volleyball team, champions of District 2-A, will compete this weekend in the Texas State Independent Volleyball Tournament at Hardin-Simmons University, Abilene.

Coach N. R. (Jiggs) King's team drew a first round bye and is to play Fort Stockton, which also drew a first round bye, at 2 p. m. Friday. The winner will play in the semifinals at 10 a. m. Saturday. The loser of the Post-Fort Stockton game will play a consolation match at 6 p. m. Friday.

BOB MEISCH

BIG POLE GOING UP—System crew workmen from Amarillo are shown elevating one of the 75-foot units on a three-pole structure, part of a second 69,000-volt circuit being furnished Post by Southwestern Public Service Co. The line here is being built to cross U. S. Highway 84 at a point

eight miles northwest of town. Upon completion, expected around July 1, Post will have two 69,000-volt circuits from different sources. Either line will furnish ample power for the city's needs, and either may be used in case the other one fails.—(Staff Photo).

Asphalt Shooting Begun On New Street Paving

Asphalt shooting began this week on 34½ blocks of city streets which have been newly paved or are in the process of being paved.

The first applications of the three-course surface treatment were on three blocks just south of the junior high and elementary school buildings and on a block just east of the elementary building.

Shooting was underway Wednesday on West 4th Street.

City Supt. Henry Tate said Wednesday that caliche was down on all except two blocks on West 12th Street, where paving work is under way. On one of these curbing and gutters have been run and forms have been set on the other block for pouring Thursday.

If two "doubtful" blocks on West 14th Street are included in the project, the total will be 36½ blocks, Tate said.

"When we started the project a year ago, it didn't look as if we'd get more than a dozen or so blocks signed up for the paving," Tate said.

Issuance of \$50,000 in paving warrants by the city served to give the project a "shot in the arm," Mayor James L. Minor said.

The mayor estimated that total cost of the project is in the neighborhood of \$110,000. He and the city superintendent commended Garza County for its assistance in hauling caliche at no extra cost to the city. The county hauled 100 loads of caliche for each block included in the paving program.

Blocks included in the paving project are the following: West 11th between No. 4 Aves. Q and R; South Ave. R between West 7th and 8th; West 14th between North Ave. K and U. S. 84; West 12th between North Aves. O and P; West 12th between North Aves. P and Q; West 14th between North

See STREET PAVING, Page 8

Cost Boost Not To Slow Dam Project

An increase of approximately one million dollars in the engineer's estimate of the cost of the White River Municipal Water District project is not expected to slow plans for the project in three of the four cities included in the district, it was indicated Thursday at a meeting of the board of directors at Crosbyton.

Directors from Post, Spur and Crosbyton said at the meeting that although the increased cost estimate is disheartening, it is felt that all efforts should be put forth for the completion of the project in some feasible manner. Their reports were made after the matter of increased cost had been put before their respective city governments.

Mayor Bill Smith of Ralls reported that his town's city council had received information on the increased cost with disfavor and that in his opinion the citizens of Ralls in general would show even more disfavor.

The new estimate on cost of the lake, dam and other facilities is \$3,484,800.

Directors report that the approximate one million dollar increase over the previous estimate is due to an increase in scope of the project, an increase in the costs of material and labor since the earlier estimate, and common errors in the earlier figures because many of them could be set only by guesswork.

The "increases in scope" which Col. S. W. Freese of the engineering firm of Freese & Nichols pointed out in his report include

See DAM PROJECT, Page 8

Girl Scouts' Pet Show Set Sunday

Girl Scout Troop V's third annual pet show will be held at 3 o'clock Sunday afternoon at the Girl Scout Little House, 506 West 7th Street, Mrs. Clint Herring, troop leader, has announced.

Again this year, Mrs. Herring said, the event will include an arts and crafts exhibit and a style show for the pets. In addition, there will be a special exhibition of dogs, directed by H. J. Dietrich. Plans also are to have back the pet monkey which proved such an attraction at last year's show.

Any Post Brownie or Girl Scout may enter a pet in the show by paying the entrance fee of 25 cents. The requirements include that the pet be leashed or caged.

The style show, which will follow exhibition of the pets for judging, will consist of walking the pets around the exhibition ring garbed in whatever apparel their owners have chosen for them.

Mrs. Herring said that plans are to make the arts and crafts exhibit as complete as possible, and that all Brownie and Girl Scout troops are invited to enter their members' handwork.

First, second and third place ribbons will be awarded in each of seven divisions in the pet show.

See PET SHOW, Page 8

Antelope Band To Compete In Region I Contests

The 54-member Post Antelope Band, two ensembles and 19 soloists will compete Friday and Saturday in the Region I Interscholastic League Music Contests at Brownfield.

The Post musicians, directed by Bob Meisch, "tuned" up for the contests Tuesday night by presenting their annual spring concert in the elementary school auditorium.

The soloists will perform Friday, with the band scheduled to compete Saturday in sight reading and concert. The band is to play in concert at 1 o'clock Saturday afternoon.

Radio Station KRWS of Post will broadcast the band contests, manager Bob Garrison has announced.

Concert numbers to be played by the band will be "Men of Ohio," a march; "Minuet in E-flat," and "Adagio Cantabile."

The band will be making its first public appearance in the new uniforms, which arrived only a few days ago.

The regional contests, Meisch said, will climax the band's activities for the 1956-57 school year. "Although a large percentage of our bandmen come from the lower grades and are inexperienced, we expect to make a creditable

showing in this weekend's contests," Meisch said.

Ensembles representing the local band in the contests will be a clarinet quartet of Stanna Butler, Janith Short, Alyn Cox and Jan Herring, and a saxophone quartet of Frances Dietrich, Beverly Young, Buddy Moreland and Boyd Dodson.

Soloists competing in Division I will be Frances Dietrich and Beverly Young, saxophone; in Division II, Peggy Butler, Sandra Martin and Judy Clary, clarinets; Alton Spinks, cornet, and Boyd Dodson, oboe; in Division III, Stanna Butler, Janith Short, Jan Herring and Alyn Cox, clarinet; Billy Hamilton and Charlotte Taylor, cornet.

Other soloists will be Jeannie Landtroop, bass clarinet; Marianne Jones, flute, and Doris Ellenburger, Sherry Odom and Marcella Holland, twirling.

Other band members are: Lucy Trammell, flute; Alice Kinner, Carol Ann Edwards, clarinets; Judy McCullough, bass clarinet; Alice Joy Nichols, bassoon; Judy Gossett, tenor saxophone; Benny Clary, Roger Camp, Richard Tanner, Ronnie Driver, Larry DeArmon, Jerry Hitt, David Nichols, Kenneth McFadden, Ronnie Graves, David Lee, Butch Bowen,

cornets; Charles Cheshire, Abel Camacho, Janie Carradine, Charles O'Neal, French horns; Ruthel Martin, Raynora Young, Danella Bateman, Donna Bailey, trombones; Ronnie Blacklock, Glenn Poik, baritone; Leland Edwards, Roger Sullenger, Coy Newberry, basses; Jan Polk, Royce Hart, snare drums; Roy McCullough, bass drum; Frankie Howell, tympani.

See POST GIRLS, Page 8

Rural School Play Day To Be Friday

Garza County's annual Rural Schools' Play Day will be held Friday at Graham with pupils from the host school and the Close City and Justiceburg schools competing in a speech, literary and track and field contests.

R. G. Murray, principal of the Graham School, is chairman for this year's event. Directors are Mrs. Nona Lusk, Graham, declamation; A. T. Nixon, Close City, spelling; Mrs. A. T. Nixon, story telling; Mrs. C. W. Denison, Justiceburg, picture memory; Murray, numbers sense, and Murry, Nixon and C. W. Denison, track and field.

Following a general assembly in the auditorium at 9 a. m. for announcements, the speech and literary contests will get under way. The track and field events are scheduled to begin at 1 p. m.

There are four divisions in the track and field events—junior boys, sub-junior boys, junior girls and sub-junior girls. The events will include high jump, broad jump, 50-yard dash, 100-yard dash and relays.

Ribbons will be awarded winners of first, second and third place in each event. The school championship will be decided on the point basis, with 15 points for first place in each event, 10 points for second place and five points for third place.

Three Post Youths Gain State Finals

Contestants from the Post Colored School won seven awards, including three first places, in the district Interscholastic League meet held at Evans High School in Slaton.

The first place winners will compete Friday in the state meet at Prairie View A&M College. They are Johnny Johnson, who won first place in the mile run and the high jump, and the senior spelling team of Doris Marie Mitchell and Lovie Jewel Edwards.

Second place winners in the district meet were Malachi Mitchell, shot put, and Dorothy Lee Hoyle, baseball throw. Malachi Mitchell also won third place in the 440-yard dash.

Thursday To Thursday

By CHARLES DIDWAY

WE HADN'T MUCH more than hit the first typewriter key to get this column under way (9:40 a. m. Saturday) than the rain came pouring down. It didn't last long—in fact, it's already stopped—but it still looks promising, which is more than we can say for the rest of this column. We always have a difficult time getting started on such trivia when there is a threat of rain in the air; we're afraid we might miss a big story.

WHAT EVER BECAME of Bridey Murphy, thank goodness!

RODEO FEVER IS slowly rising. Just because you don't hear much about the Post Stampede Rodeo, set for May 15-18, isn't any sign that things aren't stirring. It's something like the immortal "Yes Virginia, There Is a Santa Claus" letter, in which the writer told Virginia that just because she couldn't see Santa Claus wasn't any sign he wasn't there.

THERE IS THIS ISSUE of The Dispatch and two others before time for the rodeo and there'll also be an issue while the four-day event is in progress, so there is a good chance of rodeo publicity running out of the reader's ears before it is all over.

THRIFT IS A virtue that we wish our ancestors had practiced more of so that so much of it wouldn't be forced on us now.

THE DRIVER'S LICENSE examiner who comes to Post every other Tuesday tells this one:

He was taking a test ride with an applicant when a woman driving the car ahead put her hand out the window.

"See that?" asked the examiner. "What does that mean?"

Only one thing for sure," said the applicant. "The window's open!"

NEVER QUESTION YOUR wife's judgment. Just look at the man she married!

LESSONS WORTH LEARNING

Learn to live; a good life is better than medicine.

Learn to tend strictly to your own business. Learn the art of doing kind and encouraging things.

Learn to keep your troubles to yourself; the world is too busy to care for your ills and sorrows.

Learn to greet your friends with a smile; they carry too many frowns on their hearts to be burdened with yours.

Learn to tell a story; a well-told story is as welcome as sunshine in a dark room.

Learn to be tolerant; understanding your friends' faults sincerely will do much to lessen yours.

IN DISCIPLINING THEIR parents, many teen-agers today are too hard on them.

WE'VE RECEIVED ANOTHER suggestion for a Golden Jubilee gimmick. A reader who noticed the item last week suggesting special recognition for those owning up to reaching their 50th birthday during 1957, wants to know why it wouldn't be a good idea also to give special recognition to Garza County couples observing their 50th wedding anniversary this year.

THIS READER POINTS out that there

Roger W. Babson Writes this Week:

Future Of Every City Depends On Keeping Their Most Efficient And Able Students

BABSON PARK, Fla.—Let me first apologize to the millions of readers of my column for my criticism of High School Teachers. I claimed that they are urging higher pay and new buildings, their products are inferior to the products of forty years ago. My experience had been largely with girls supposedly trained for secretarial work, but who cannot read intelligently, spell correctly, do fractions, typewrite efficiently, or use correct English.

A Newspaper Publisher's Experiment One day about a year ago, Mr. J. C. Council, publisher of the Hillsborough County High Schools. He explained to the teachers of these and other high schools what he was endeavoring to accomplish and how it should be done. He selected three dates, the last of March, and engaged one of the large Fair buildings having exhibit booths. Each high school class was asked to make an exhibit of some existing or future scientific problem. They could make a television set, or an electrical burner, or an electric eye, or something else already existing. Or, these students could imagine and illustrate some new invention that may come in the future. Each class was assigned a booth with tables and electrical connections.

The day I was there, teachers wore present and the students came in fifty school buses. A few could not help pinching and exploding some balloons for weather forecasting. Otherwise, these several thousand students behaved excellently. With my further apology to the girls I found the grand prize was taken by a girl, Barbara Buerke. However, she was not trained to be a "secretary" but a commercial artist. Frankly, I was emotionally moved to see the great interest and intelligence that most of these students showed. I came home bullish on our youth if they are allowed to work on subjects in which they are interested under the "Core" teaching as advocated by Dr. Arthur Combs of the University of Florida.

Selecting Future Leaders Of course, there were great differences

NO CAUSE FOR GIVING UP . . .

In view of the impending water shortage, we think the board of directors of the White River Municipal Water District is showing wisdom in going ahead with plans for the proposed White River dam, despite the fact that the engineer's estimate of the cost has been increased by approximately \$1 million.

The increase, which brings the estimated cost up to \$3,484,800, is disheartening, to say the least, but it is no cause for a throwing up of hands on the project, which is far and away the most feasible yet put forth.

It is doubtful if a single one of the 12 directors was greatly surprised to learn that the engineer's estimate of the cost had been boosted by \$1 million. In fact, some members of the board had said from the beginning that the first estimate was far too low for construction of such a project.

The continuous decreasing supply of underground water makes the new estimate seem like a reasonable figure when one stops to consider that the present water supplies of the four cities comprising the district are "petering out."

The board of directors is continuing a study of the new figure to determine just what differences it will make in possible taxes and water rates. We can be assured, that the directors will keep the citizens of their respective towns fully informed on whatever course is taken. Meanwhile, in Post, where the supply of underground water is rapidly deteriorating, announcement of the increased estimate is not half as shocking as threats of the most serious water shortage in the city's history.

The average American boy in his early teens dreams of driving the family car. When he reaches the legal age and is given permission, he learns rapidly and quickly the mechanical maneuverings that go with the operation of a modern vehicle. But apparently the adeptness of American youth as a whole ends there in automobile driving because reports of automobile insurance companies state that boys 16 to 25 years of age comprise 11 per cent of the nation's drivers yet are the causes of more than 34 per cent of the accidents.—Dublin, Ga., Courier, Herald.

already have been a few 1957 Golden Wedding anniversaries in the county this year and that there will be others before the year ends. This idea is another good one and will be passed on to the proper jubilee committee.

HAD YOU EVER noticed that with all the highway and distance markers at the intersection of Main and Broadway, there's almost as much reading as there is in a small library?

EVER SO OFTEN, we run across an item about our old hometown of Tallihna, Okla. (pop. 690 when we lived there). The latest one is the following:

OKLAHOMA CITY, April 20—(AP)—Ben Berger, state editor of the Daily Oklahoma, received this note from his correspondent at Tallihna, Cricket Taylor: "Dear Sir: I am trying to find someone to send in news items in my place. Our home burned last week. All we saved was the TV antenna—and there isn't a typewriter available near us." The letter was written in long hand.

IT APPEARS THAT about the only change since we left the old home town in 1933 is the coming of TV!

Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: The most difficult thing about getting a raise is working hard and well enough to deserve it.

The people that economists used to say were underprivileged are now described as overfinanced.

UNPACKING THE automobile bumper banners for this year's Post Stampede Rodeo reminded me that it was 10 years ago to the week when we had a fair-sized fire at the rear of The Dispatch office while printing bumper banners for an earlier version of the rodeo.

We were using gasoline over paraffin in the printing process, and in getting rid of some of the waste material we accidentally set fire to a pile of scrap lumber at the rear of the office. The late O. D. Cardwell and a couple of youngsters who are now men—Buddy and Jackie Hays—saved the Post Volunteer Fire Department a call by extinguishing the flames with a water hose, stones and sticks. Not, however, before two good stepladders were destroyed.

That was 10 years ago, and I learned a lesson about the proper disposal of waste materials which have been in close proximity to gasoline. But that fire wasn't the reason I now order the rodeo bumpers already printed. And the fact that I lost two stepladders in the blaze isn't the reason I don't have one here at the office and always have to borrow one from Attorney Carleton P. Webb for "high altitude" work. I've owned stepladders since the 1947 fire, but don't know what has become of them. Perhaps, like Carl, I've loaned them out once too often. Incidentally, those of you who want one of the new rodeo bumpers for your car bumper may pick it up here at The Dispatch office. This year's bumpers are fireproof.

THE WOMEN, bless 'em. The Colorado woman who fired at her husband six times with a revolver at close range and missed every time was probably so mad she couldn't see straight.

A person doesn't have an adequate vocabulary if he can't describe a spiral staircase with his hands in his pockets.

IN THIS NEWSPAPER business it seems as though we go from one problem to another. Help shortages, newsprint price hikes, typos in our paper, static electricity in the pressroom on press day, tensions, etc., etc.

However, it cheers me up a little to know that there is always someone in more trouble than even most weekly newspaper publishers. Take, for instance, the Tennessee man who wrote to his congressman:

"Recently married, expecting, just moved into new home and broke. I do not know anything about anything. Neither does my wife."

Now, really, this proves that things could get worse in most any line of business, doesn't it?

A mistake is at least proof that someone was trying to accomplish something.

As we are talking in billions of dollars every day, it may be of interest to know just how much a billion dollars is. If you had started in business in the year 1 with a billion dollars and lost a thousand dollars a day, you would still have enough money left to keep going at the same rate for another 800 years.

HAVE YOU NOTICED that the TV weather forecasters always use the term "as big as golf balls" when describing over-sized hailstones? It may be that television is bringing us culture. As far back as I can remember, newspapers always described hailstones of that type as being as big as hen eggs. The TV boys, of course, are making every attempt to steer clear of clichés—in describing hailstones, if in nothing else.

Overheard: "That little mousy woman rattled on me!"

WELL, THE MAJOR league baseball season is off and running, and everything else will come to a standstill during the next few months, as far as dyed-in-the-wool baseball fans are concerned. Saturday afternoon's televised games have kept many people home, with the result that sometimes the streets are almost as deserted as they are on Sunday afternoons. This season, both channels viewed here are televising the games, which probably will mean that even more people will stay home and cheer on their favorite teams during Saturday afternoons from now until the final game of the World Series puts a halt to the proceedings.

That's one good thing about living in the land of the free . . . if you want to stay home on Saturday afternoon and watch a baseball game, you are at liberty to do so—if you can afford it, which

THE AMERICAN WAY

Answer: Big Enough To Do The Job!

Our Contemporaries Are Saying . . .

Misplaced Glory

Outside of sword-rattling generals, few people are glorified and respected any more than our long list of gangster, thieves and assorted criminals. Most kids today, and adults, too, would rather have the chance to be photographed with Billy the Kid than with Padrewski—any day. Right now readers of the Amarillo Daily News are fascinated over the question of whether Billy the Kid was left or right-handed. This must be terribly important. Perhaps somewhere in that Eisenhower budget could be inserted a \$10 million appropriation to study this grave but interesting historical item. We shall have more respect for the intelligence of civilized man when his curiosity becomes centered on such questions as whether or not Einstein was hare-lipped; or whether or not George Washington operated a wine distillery; or whether or not the Constitution of the United States is a valid document. —"It Sez Here" in The Ralls Banner.

Chariot Of Romance

The chariot of romance was designed for the roads of youth that wind between enchanted horizons of unexplored destiny. Its wheels cling to rocks and clouds with equal fidelity as time cracks a whip over the galloping days. The journey imposes no restraint on age, except that of experience which may have dried up the springs of hope and stirred the dry and bleak sands of futility.—"Trail Dust" in Matador Tribune.

Wasn't Our Week

Last week just wasn't our week here at The Reporter. In addition to the usual quantities of typographical errors, misspelled names and other minor infractions of all the laws of good newspapering, we managed to step on several toes, make a few people mildly peeved and a few more downright mad. Of course, as any fool can plainly see (see?), none of these things we do on purpose and we have found that the reading public,

many of us can't . . . not every Saturday afternoon.

bless 'em, usually goes along with us, right or wrong.—Rockdale Reporter.

Summer Reading

Attention has been drawn in some localities to a proposal that summer reading be made compulsory for school children. Discussion has resulted, with public opinion apparently about evenly divided. That is, among adults. Expressions heard thus far from the youngsters weigh heavily against the idea.

That is not surprising, for naturally it is difficult to get most boys and girls interested in much of anything during summer excepting play. They cannot be expected to enthuse about being forced to bury their noses in books.

Most adults would agree, though, that school pupils simply cannot do too much reading of the right sort. If they could be impelled to do some during the summer, it would be time well spent. Much might be accomplished in a program functioning on that voluntary basis.

But to attempt compelling them to do it might prove futile. American school children consider vacation time as their time, to do with as they wish. The answer is to lead them to good summer reading, not force it upon them.—The Slaton Slatomite.

How Lazy Can We Get?

Seems like every day there is another labor-saving device on the market. It's even getting to the point where the American people are either too lazy or too busy to take their prescribed medicine. And so, scientists have developed a capsule that has a delayed action. Part of it dissolves at the time it is swallowed, and the rest of it dissolves later in the day when another dose is needed. Smart, eh?—"Standing on the Corner" in the Lynn County News.

Death and Taxes

Another difference between death and taxes is that death doesn't get worse every time the legislature meets.—"Drifting Sands" in the Andrews County News.

Pony League Registration Is Scheduled For Monday Night

Registration of players for the Post Pony League baseball teams is to be held at 8 o'clock Monday night, April 29, at the City Hall, Leo M. Acker, league official, has announced.

Each boy attending Monday night's meeting for the purpose of registration should be accompanied by one of his parents, and the parents are requested to bring their son's birth certificate.

Boys unable to register Monday night may do so throughout the week at the Texas Company office across the street from the Tower Theatre.

Acker said a film of the Pony League world series game will be shown at Monday night's meeting. Pony League baseball is for boys 13 and 14 years old. However, 14-year-olds who will be 15 before Aug. 1 are not eligible to play, Acker said.

Post's two teams will be the White Sox, sponsored by Bob Collier Drug, and the Indians, sponsored by Levi's Ranch Cafe. They will compete in the Post-Tahoka Pony League, which will include the Braves and the Orioles, sponsored by two Tahoka business firms.

Wheat Quota Vote Set For June 20

Agriculture Secretary Benson announced in Washington Friday that wheat growers will vote June 20 on whether to accept marketing quotas.

If the quotas are approved, Benson said, the minimum national average support price on the 1958 crop will be set at \$1.78 a bushel in the 36-state commercial wheat-growing belt. Should farmers vote down quotas, they will be allowed to market as much wheat as they wish but without government support. Marketing quotas have been approved by farmers for the last four wheat crops.

HOME FOR EASTER
Miss Jo Fern Taylor, who is in nurse's training at Dallas, spent Easter in the home of her parents, Mr. and Mrs. Joe B. Taylor of the Graham community.

CASHES VISIT HERE
Mr. and Mrs. Allen Cash of San Angelo visited Mr. and Mrs. A. C. Cash and family and Mr. and Mrs. Charles Benson Wednesday and Thursday. The Bensons returned to San Angelo with them to spend the Easter weekend.

VISITS IN POST
Mr. and Mrs. Bill Case and daughter, Rhonda, of Hereford, are visiting her parents, Mr. and Mrs. J. L. Williams, her sister and family, Mr. and Mrs. Reese Carter, and other friends and relatives in Post.

HEAR CHOIR
Mr. and Mrs. Earl Rogers attended the First Church of the Nazarene in Lubbock Sunday where their son and daughter, Kenneth and Delta, sang with Bethany College's a capella choir.

OPERATED ON SATURDAY
Mrs. Thelma Kuykendall was operated on Saturday in Methodist Hospital in Lubbock. Her condition is satisfactory.

Babson Says—

(Continued From Page 2)
I wish that publishers in each of the 400 cities carrying my weekly column could follow the example of Mr. J. C. Council of the Tampa Tribune. I realize that a few other cities are already holding similar "Fairs," but it would be a wonderful thing if such "Fairs" could take place once a year, or at least once in four years, in each of these 400 cities. The program would fill a great need in most communities. It would be greatly appreciated by teachers and graduates. It would help to hold these high school graduates within their own state for a college education, rather than lose them to some other community.

ONE MORE THOUGHT: I believe more attention should be given to higher post-graduate work, two years following college. In order to secure appropriations, presidents of State Universities appear to feel that they must have as large an enrollment as possible. Naturally, the average native intelligence decreases as the number of students increases. This tends to reduce the standards for graduation. As a result, these more efficient students too often do not return to the cities which educated them. They take post-graduate work in some other state and then remain there. I am not ruling out a higher education for those fitted only for trades or manual work. I, however, am arguing that the future of every city depends on holding the most efficient and ablest students. Cities brag too much about their population totals when their future really depends on the character, initiative and efficiency of their High School graduates. Let us hold these young people at home in the cities which raised them.

Former Resident Of Garza Dies Monday

Funeral services for Mrs. Abbie Shaw, 73, former resident of the Close City community, who died Tuesday in Uvalde, were to be conducted at 2 p. m. today at the Church of Christ.
O. B. Proctor of Abilene will officiate, and burial will be in the Southland Cemetery under direction of Mason Funeral Home.
Mrs. Shaw, who was born May 5, 1893, in Illinois, lived in the Close City community from 1925 until 1941. She lived in Hico for several years before moving to Montana. She moved back to Texas in 1955 and was living in Uvalde at the time of her death.
Mrs. Shaw had been a member of the Church of Christ for more than 20 years.
She is survived by four daughters, Mmes. D. T. Lavender of Anson, Chester Blevins of Uvalde, Cecil Hammons of Vega and Dayton Ingle of Tahoka; four sons, Floyd Shaw of Uvalde, Donald Shaw of Fort Worth, Carrol Shaw of Abilene and T. J. Shaw of Austin; one sister, Mrs. Arthur H. Smith of Cabool, Mo., and one brother, U. L. Pearson of Uvalde.

COUNTY CHAIRMAN REPORTS

U. S. Savings Bonds Sale During First Quarter Here—Total \$31,688

Sales of U. S. savings bonds in Garza County amounted to \$31,688 during the first quarter of 1957, according to T. R. Greenfield, county savings bonds chairman.
Sales for the first three months represent 22.8 per cent of the county's 1957 quota of \$139,032, Greenfield said. March sales totaled \$15,330.

Texas ranks twentieth in the nation in percentage of saving bonds quota attained, according to Nathan Adams and Ed Gossett, chairman and co-chairman of the State Bond Program. Sales in Texas during March totaled \$13,095,441. During the first quarter of 1957 Texas had achieved 23.4 per cent of its 1957 bond quota. Total sales for the first three months of this year were \$45,169,721.
"The month of May has been designated 'Minute Man Month in Texas' and across the nation," the county chairman said. "During May, special emphasis will be made to remind all citizens that

for their own future security and the future security of the United States everyone should invest regularly in U. S. savings bonds—the safest investment in the world today."

Deadline Is Nearing In Driving Contest

Youths planning to enter the Post Chamber of Commerce's student driving contest are reminded that Wednesday, May 1, is the last day to qualify by registering at the Chamber of Commerce office.
Sponsored by the community services committee of the Chamber, the contest is for the purpose of selecting the most careful and courteous student driver, according to John N. Hopkins, committee chairman. The winner will receive a \$50 savings bond and a trophy.
Entrants up to noon Wednesday were: Frances Dietrich, Alice Kiker, Marilyn Steel, Don Davies, Leland Edwards, Benny Clary, Raul Solis, Kenneth Williams, Leon Braddock, Herbie Hays, Linda Livingston and Leslie Nichols.

Atomic Energy Research Foundation Formed By 11 Light, Power Companies

Formation of the Texas Atomic Energy Research Foundation by Southwestern Public Service Company and ten other electric light and power companies operating in Texas, was announced Wednesday by J. E. Cunningham, president of Southwestern Public Service Company. Incorporation papers have been filed with the Secretary of State.

The purpose of the non-profit Foundation is to engage in research in the atomic energy field as applied to the generation of electric power. The program will not include an atomic energy power generating plant at this time. It will be directed toward the fundamental methods involved rather than toward the early use of atomic energy in steam-electric power plants of the participating companies.

The eleven electric utilities which formed the Foundation will jointly carry on their research and development work in the nuclear field in a program designed to assure for Texas the benefits which develop from this new source of energy," Cunningham said.
"The various companies, acting as a group, can be more effective in this research since many projects in nuclear research require expenditures which might be burdensome on a single company."

"The program of the Foundation is long range, since the natural gas now used by utilities in the Southwest is a particularly good fuel and will be competitive with nuclear energy for many years. The appraisal of problems of this nature will have a high priority in the program of the Foundation."

"The Foundation does not plan to request any government funds to support its nuclear research program. It hopes, however, to work closely with the Atomic Energy Commission in any program it undertakes."

"Atomic energy power plants now differ from present day power plants only in the substitution of this new energy as a heat source for the boilers which make steam to spin the turbo-generators. Development of this source of fuel will require much research before it can be economically feasible in Texas where electric power generating plants now utilize natural gas as boiler fuel. In the meantime, the research program will provide the necessary experience in utilizing this source of heat in the power plants."

BREAKFAST PROGRAM—These six members of the annual breakfast program at the Post High School graduates of the Post schools' Christian Women's Society of Christian Methodist Church. From left are: class president, the Rev. W. L. Porterfield, pastor of the church; Mrs. J. E. Parker, WSCS president; George L. Micheal, speaker; George M. Willson, head of the Post schools' music department, and Band Director Bob Meisch.—(Staff Photo).

Members' Employers Guests At Club Luncheon Thursday

Members spoke on the principal Water Discharge affairs luncheon Business & Professional Club Thursday at the First Methodist Church. From left are: class president, the Rev. W. L. Porterfield, pastor of the church; Mrs. J. E. Parker, WSCS president; George L. Micheal, speaker; George M. Willson, head of the Post schools' music department, and Band Director Bob Meisch.—(Staff Photo).

Miss Jo Ann Lee's Engagement To Vernon Scott Is Announced

Mr. and Mrs. Cecil C. Lee of Post announce the engagement and approaching marriage of their daughter, Jo Ann, to Vernon Scott, son of Mr. and Mrs. Charlie Scott of Post. The marriage vows will be read at 8 p. m., June 7, at the First Baptist Church. The bride-elect is employed at the First National Bank and Scott is a junior student at Hardin-Simmons University. The couple wish to invite their friends to the wedding through the press.

Postscripts

Mr. and Mrs. Frank Lanotte of Fresno, Calif., former Postites and graduates of Post High School, were here last week visiting Mrs. Lanotte's mother, Mrs. Ira Weakley, her brother, O. L. Weakley, and family; and her sister, Mrs. Ray N. Smith, and family. They also spent two days in Lubbock with his brother, Lloyd Lanotte.

Mr. and Mrs. Donald Butler entertained with a buffet-bridge Saturday night in their home. Present were Mr. and Mrs. Percy Parsons, Mr. and Mrs. Bob Meisch and Mr. and Mrs. Charles Polk.

Kenneth and Delta Rogers, son and daughter of Mr. and Mrs. Earl Rogers, students at Bethany College in Oklahoma, are touring Texas with the college's capella choir. Before appearances in the Lubbock Nazarene churches they visited a short time with their parents Saturday.

Mr. and Mrs. N. W. Stone of Galveston spent the weekend visiting their parents, Mr. and Mrs. Noah Stone and Mr. and Mrs. R. A. Moore and other friends and relatives. Stone is a medical student at the University of Texas Medical Branch in Galveston, where he will graduate May 30. After graduation he plans to go to Texas City for his preceptorship and to take his internship at Scott and White Hospital in Temple.

Jimmy Minor, son of Mayor and Mr. and Mrs. James L. Minor, spent the Easter holidays in Midland with his uncle and aunt, Mr. and Mrs. Marshall Mason Jr.

Carolynn Hudman, daughter of Mr. and Mrs. Marvin Hudman, who is a student at Texas Tech, visited Julia Miller, Karen Bryant and Joan Jones, in Houston this weekend. The girls are all members of Sigma Kappa sorority at Tech.

Church's Youth Department Is Topic Monday at WSCS Meeting

Fellowship Hall of the First Methodist Church was the scene of the meeting of the Woman's Society of Christian Service Monday afternoon. The meeting was opened with the group singing a song, accompanied by Mrs. T. L. Jones at the piano. Mrs. J. R. Durrett led the group in a prayer and Mrs. Pat Walker then presented the program on "Youth Department of the Church."

Barbara Shytle gave the devotional and Betty Porterfield and Mrs. J. E. Tanner told of the work in the youth department. The minutes were read by Mrs. J. L. Ballentine and approved by the group. Mrs. R. J. Jennings gave a financial report on the breakfast given for the senior class last week. Mrs. J. E. Parker, president, read a letter from Mrs. L. A. Suttle of Hale Center who is district president of the organization, reminding the members of the district meeting at St. John's Methodist Church in Lubbock Friday.

A brief discussion was held concerning the WSCS projects for the next year.

Mrs. T. R. Hibbs closed the meeting with a prayer.

Present were: Mmes. R. A. Moore, L. A. Presson, Hibbs, W. L. Porterfield, O. G. Hamilton, Tanner, Jennings, Jones, Durrett, Walker, Parker and Ballentine. Barbara Shytle and Betty Porterfield were guests.

Look Who's New
A son, weighing eight pounds and four ounces, was born April 4 to Mr. and Mrs. Oscar R. Thomas of Post Route 2, in Slaton Mercy Hospital.

Birthday Party Honors Judy Ballentine, 10
Mrs. J. L. Ballentine honored her daughter, Judy, on her 10th birthday with a party at the City Park. Games were played and refreshments were served to the following members of Judy's Brownie troop: Sharon Meisch, Carolyn Cartelo, Vicki Wilkes, Elisabeth Tubbs, Doe Ann Walker, Cheryl Martin, Paula Smith, Sherry McAlone and Becky Thompson. Kay Ballentine and Janette Hutlin assisted Mrs. Ballentine in the hospitalities.

Church News

Asbury Methodist Church at Lubbock will be host to the Northwest Texas Methodist Conference Woman's Society of Christian Service and Wesleyan Service Guild Officers Training day to be held at 10 a. m. Saturday, May 11. Leaders say that anyone who will take the time and is interested enough to set aside a day for study and discussion of their work in the WSCS or WSG is invited to attend. All district officers are expected to attend and as many local officers as will. Those attending are asked to take their Guide, Handbook, World Outlook, Methodist Women, leaflets about their office, report blanks, an open mind and plenty of questions for discussion. There will be clinics in which those attending will have an opportunity to ask questions they want to ask. "Teach Us to Build" is the day's theme. Mrs. P. Breneman will lead a meditation at 10 a. m. This will be followed by clinics at 10:30 a. m.; a lunch served by the church at 12 noon; more clinics at 12:45 p. m.; a general assembly for announcements and questions; a meditation at 2:15 p. m.; and adjournment at 2:30 p. m.

Thomas Home Scene Of Family Reunion
The family of Mrs. Tol Thomas enjoyed a reunion Easter Sunday. The group attended the First Methodist Church and a family dinner was held in Mrs. Thomas' home. An Easter egg hunt for the children attending was held Sunday afternoon.

Attending were: Mr. and Mrs. Jimmy Thomas and children of Hereford; Mr. and Mrs. A. C. Thomas and children of Eunice, N. M.; Mr. and Mrs. Wayne Thomas and children of Lubbock; Mr. and Mrs. W. W. Johnson and son of the Graham community and Mr. and Mrs. Red Floyd of Post.

IN PEDDY HOME
Weekend guests in the home of Mr. and Mrs. J. T. Peddy were Mr. and Mrs. Nick Driver of Fort Worth, Mr. and Mrs. K. E. Young and two sons of Seminole, Mrs. A. A. Porter and two sons of Big Spring. Sunday visitors were Mr. and Mrs. Dale Stone and Mr. and Mrs. Darrell Stone.

There will be a Brotherhood meeting of the Lubbock Baptist Association at the Westview Baptist Church in Slaton, Texas, April 29, 1957. Bryan Ross is the host pastor and David Crisp is the associational president. The program is as follows: song service, Royce Dowel; prayer, Harley Castieberry; special music, Concord Choir, Trinity Church; announcements; special music, Weldon Beckner; speaker, Dr. W. M. Turner.

The Presbyterian Women's Organization meets Monday, 2 p. m. in the home of Mrs. S. E. Camp, 709 W. Main. Mrs. Walter Boren will have charge of the program.

The Rev. Clinton Edwards of the First Presbyterian Church announces his sermon for Sunday morning as, "The Final Judgement," text: Rev. 21:27, which will answer the question of "What Presbyterians believe concerning the last judgment."

The evening sermon at the First Presbyterian Church will be "Man Proposes, God Disposes," Jer. 10:23.

The Rev. Graydon Howell of the Calvary Baptist Church announces there will be a community sing at the church Sunday afternoon at 2:30. Everyone is cordially invited to attend.

VISIT IN LUBBOCK
Mrs. Oscar Gray and Mrs. Basil Puckett visited in Lubbock Saturday.

FRIDAY VISITORS
Mrs. Rob Strayhorn and Mrs. Wallace Strayhorn of Rotap visited Mrs. Ed Warren Friday.

MIDLAND GUESTS
Mr. and Mrs. Dean Smith of Midland were Monday guests in the George Miller home.

BASKIN IN FORT WORTH
Bill Baskin is visiting friends and relatives in Fort Worth and Mullins.

Missions School Is Topic At Meeting Of WMU On Monday

The Baptist Women's Missionary Union met Monday afternoon in the First Baptist Church in regular session. Miss Louella Eades accompanied the group on the piano as they opened the meeting with a song.

Mrs. Walter Johnson, program chairman, presented the program on "The Carver School of Missions in Louisville, Ky." Mrs. Roy Shahan presented a talk on "The Beginning of the School"; Mrs. J. P. Manly, "Women's Missionary Union Adopts the School"; Mrs. E. S. Stewart, "Growth and Change"; Mrs. George Shirley, "A New Name and Adventure in Faith"; Mrs. R. H. Tate, "The School and the Southern Baptist Convention"; and Miss Eades, "Leaders for Tomorrow's World."

Present were: Mmes. Johnson, Shirley, Manly, Tate, Shahan, W. L. Davis, A. W. Bouchier, Stewart and Miss Eades.

The next meeting will be next Tuesday at 3 p. m. in the church. The program will be on "Mission Study."

Miss Janice Ticer to Become Bride of Joe Dockery May 5

Mr. and Mrs. L. O. Ticer announce the engagement of their daughter, Janice, to Joe Dockery, son of Mr. and Mrs. Ted Dockery of Grassland.

The bride-elect attended Post High School. Dockery is a graduate of Tahoka High School and is now employed in Tahoka.

The wedding will take place May 5, at 2 p. m., at the Calvary Baptist Church Graydon Howell officiating.

Amity Study Club Meets At Church

The Amity Study Club met in the Fellowship Hall of the First Methodist Church Tuesday evening with Mrs. Leo Cobb hostess and Mrs. Thurman Francis assisting her. "Vacation Spots" was the theme of the meeting.

Mrs. Manus Samples opened the meeting with a prayer and Mrs. G. K. Cash conducted the business meeting. Roll call was answered with "An Unusual Trip I Have Made."

Miss Thelma Clark presented a program on "Interesting Cities." Mrs. L. C. Herron's program was on "National Parks."

Present were: Mmes. Leo Ackler, Malcolm Bull, Cash, Bill Cates, Bob Collier, Russell Wilks, Jr., Conrad Hartel, Herron, George Miller, Boo Olson, V. L. Peel, Powell Shytle, Carlton Willingham, Samples and Jess Micheal.

The next meeting will be May 14 at which time an installation of new officers will be held.

4-H Contests Set For Saturday At School Lunchroom

The 4-H Club county contests will be held at the Graham school lunchroom on Saturday, April 27. Contestants are to be at the lunchroom by 9:30 and the demonstrations will start at 10 a. m.

The contests to be held are: Dairy foods demonstration, junior team only; vegetable preparation, junior and senior teams; electric team demonstration, junior and senior; public speaking, individual, junior and senior; shrub identification team, junior and senior; "Share the Fun," junior and senior.

Miss Jessie Pearce, home demonstration agent, says there will not be junior teams in all of the demonstrations listed, but there will be senior teams in everything but dairy foods.

Miss Pearce announces that the public is invited to come to see what the 4-H girls are doing.

The senior teams will compete for district honors in Lubbock on May 4.

AM I CORRECT?

AMY VANDERBILT SAYS . . .

(On behavior at bridge)

My own feeling is that bridge is a game you should play well or not at all if the others are skilled players. You may be beautiful and witty, intelligent and glamorous, but if you sit down to a table of bridge with only a faint interest in and hazier understanding of the game itself you make yourself worse than foolish. Very few people like to teach the game as they play. So if bridge is played much in your circle, go to a professional teacher and learn the latest methods. Read the bridge columns in the newspaper, and study a good book of modern rules. Don't let yourself be persuaded to sit in at a serious game whose progress your own inept playing will only hamper.

Not everyone, by any means, has a real feeling for cards. If you are one of those that no amount of teaching can improve, let it go. If you do play bridge, be attentive to your partner's signals and exercise judgment in taking bids away from him. Even if you are dummy, sit by quietly and pay attention to the play. Don't carry on constant chatter with the bridge players at your table or with others in the room while you are playing.

Bridge seems to breed its own disagreeable mannerisms — the player who "takes all night" to make up his mind which card to play, the drummer-on-the-table, the slammer-down of the trick-taking card, the chair-teeter, the whooper who takes loud pleasure in the opponent's defeat or discomfort. Then there is the historian who does an autopsy of every game, mainly to show how the others would have played their cards had they been he. Bridge is no different from other competitive games in that the rules of sportsmanship are the same — play quietly as well as you can, and win or lose without making your opponents feel uncomfortable.

Floydada High School Slates Junior Rodeo

FLOYDADA — Floydada High School's first annual junior rodeo is scheduled May 3 and 4 at the roping arena here. There will be an afternoon performance the first day and an afternoon and night performance the second day. Events will include bareback bronc and bull riding, ribbon roping, tie-down roping and girls' barrel race. Stock for the rodeo will be provided by Morris Stephens of Silvertown.

TREASURER RETURNS

Miss Vera Gollehon, Garza County treasurer, who has been in a Temple Hospital and for the past few weeks in the home of her sister in Pleasanton, returned home Thursday. Her sister and brother-in-law, Mr. and Mrs. H.G. Howard, brought her home and visited in Post several days. Howard, a former Postite, is now with the postal department in Pleasanton. The District of Columbia (Washington, D.C.) occupies an area of 82 square miles.

'Hot Check' Law Amendment Makes Employer Liable

Miss Agnes Windham of the Post Credit Bureau announces that she has received the following announcement from the Retail Merchants Association of Texas: An amendment to the Texas "hot check" law that makes employers liable for paying their employees with checks that "bounce" has been signed into law by Gov. Price Daniel. The new amendment closes a loophole in the "hot check" law. Until this amendment was signed, a retail business or any other place of business that accepted worthless checks presented in good faith by workers had practically no legal recourse to recover its loss. Now under the new amendment employers who give checks that prove to be "hot" are subject to criminal prosecution and may be fined up to \$2,000 and sent to jail for 30 days if the amount involved is less than \$50. If the amount of the worthless check is more than \$50, then the penalty is from two to ten years in prison and a fine up to \$10,000. There were several hundred cases in Texas last year where employers paid off their workers with worthless checks causing the places that cashed these checks to lose many thousands of dollars. Prosecution of these cases under the Texas "hot check" law was difficult because provisions did not cover checks given as wages or salaries for services. The new amendment was endorsed and supported by the members of the Retail Merchants Association of Texas.

PCG, Inc. Is To Affiliate With American Cotton Producers

Directors of Plains Cotton Growers, Inc., have voted to affiliate with the American Cotton Producers Association, Memphis. Fifty-three directors and guests heard proposed plans of the ACPA explained by George W. Pfeifferberger, executive vice president, and W. L. Edelman, Friona, who attended a recent meeting of the ACPA in Memphis. Twelve principals of the ACPA cotton program that were adopted by the Plains growers were to be presented to representatives of all segments of the cotton industry for approval at an April 18 meeting in Memphis. The principals in brief are: 1. Prepare the 1956 loan stocks for sale as soon as possible after Aug. 1, 1957. 2. Adjust the export program after Aug. 1, 1958, to improve marketing and still keep it competitive. 3. Curtail the soil bank program drastically. 4. Permit a reasonable increase in acreage annually for the next five years. 5. Continue acreage allotments and marketing quotas for the purpose of preventing unlimited acreage increases but adequate to provide for demand. 6. Continue a loan program for orderly marketing thus giving stability to the price structure. 7. Extension of Public Law 480, which provides for sales of surplus stocks for foreign currency or trade. 8. Intensified research and quality improvement program be an essential part of any long-term program. 9. We oppose any form of discrimination within the framework of any farm program. 10. We oppose any form of cross-compliance or of total compliance in any farm program. 11. We continue to urge passage of the Smith bill or textile labeling act. 12. We support the Stennis bill.

which re-defines the intent of Congress on hour bill concerning workers. W. O. Fortenberry, president of the Plains group, said that in affiliating with the Plains group, the PCG is not sacrificing its separate organization. "However, we are affiliating with organizations that we can control for the good of the program," Fortenberry said. In other action, the PCG adopted a one-price program over a two-price program and will oppose the present acreage or bale basis payments.

Poka-Lambro Rural Telephone Marks Steady Growth In Four

Steady growth during the past four years is reported for the Poka-Lambro Rural Telephone Cooperative, which serves Garza and six other South Plains counties. From the headquarters office in Tahoka, it is reported that in the past four years the cooperative has grown from nothing to 1,361 subscribers with a line of \$13,000 per month. Poka-Lambro has had 13 exchanges in the area and has built a total of 1,361 miles of line. From January of 1957, a total of 55 were installed over the system. From January of this year, 55 more were connected. The first section built in Lynn County in 1952, but operation until early 1954. The 13 exchanges Poka-Lambro include New Home, Pritchett, Lynn, West Lake, Terrell, Hatch, Pritchett, Wagon Wheel, and which are located in Garza, Lynn, Terry and Martin and Yukon.

Officers Are Elected By Post FHA Chapter

MENTAL HEALTH WEEK APRIL 28-MAY 4

Governor Urges Texans To Join Crusade Against Mental Illness

Gov. Price Daniel today called upon all Texans to join the crusade against mental illness, the number one health problem facing the state and nation. In proclaiming April 28 to May 4 as Mental Health Week, the Governor said, "Mental illness is no longer hopeless, as evidenced by the increased rates of improvement and recovery in our mental hospitals. We can help the mentally ill of Texas to be restored to their families and communities by concerted citizen action."

Pointing to the facts that 16,000 Texans are in state hospitals now and it is estimated that one in 12 Texans will be in hospitals for mental illness sometime during his lifetime, Governor Daniel stated, "It is the personal concern of each one of us to work for improved care and treatment of hospitalized patients, more intensive research, and for the creation of more community mental health services aimed at prevention. Experience has shown that recovery from mental illness is dependent on early and proper treatment."

Stockholders Meet Is Held By Lubbock PCA

The 23rd annual stockholders meeting of the Lubbock Production Credit Association was held Saturday at Fair Park Coliseum with more than 1,000 members and guests attending. The group included several from Garza County, one of nine area counties served by the association.

E. R. Davis of Lubbock and A. B. Roberts of Levelland were re-elected as directors. Principal speaker was W. N. Stokes Jr., president of the Houston Bank for Cooperatives. After the business session, a fish fry was served to members at noon.

VISITS GRANDMOTHER

THE DIVINE VIGIL

Scenes like this are as commonplace as the moonbeams that play on the nursery wall. Little Gail doesn't know it . . . but Daddy and Mummy "look in" on her every night.

But what of the hours when parents sleep? What of the busy playtime when Daddy's at work, and Mummy's in the kitchen, and Gail is out walking her doll? Who will "look in" then?

Centuries ago the Hebrew pilgrims went up to Jerusalem for the great feasts, lifting their eyes to the hills, singing the song of "The Divine Vigil."

He that keepeth thee will not slumber rang the voice of the leader. He that keepeth Israel shall neither slumber nor sleep answered the chorus.

Even the loving care of parents is no substitute for the faithfulness of God. When you worship in church next Sunday you'll be expressing the ageless conviction: *My help cometh from the Lord.*

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verse
Sunday	Psalm	46	1-11
Monday	Psalm	91	1-16
Tuesday	Psalm	121	1-8
Wednesday	Numbers	5	1-8
Thursday	Luke	13	21-27
Friday	John	17	11-22
Saturday	James	3	1-12

Read The Classified Ads!

In 1945, it cost
THIS MUCH

Today, it costs
THIS MUCH

You would pay almost twice as much today to buy or build your home as you paid 12 years ago. To put it another way, you can build only half a house in 1957 with the money & took for a whole house in 1945.

How about your fire insurance? Have you enough today - on house and contents - to meet any loss?

We are qualified to help you determine just what insurance, and how much, you need on your home and furnishings. Phone us right now - we'll be glad to discuss your insurance problems with you.

And remember, if you're not fully insured - it's not enough!

Negro Is Shot In Hip By Younger Brother

J. E. Smith, 29-year-old Negro, was transferred to Lubbock Tuesday night after receiving emergency treatment at the hospital here for a bullet wound in the hip.

New C. Of C. Signs Are To Be Erected

Two new Post Chamber of Commerce signs are to be erected soon on U. S. Highway 84 approaches here, it was announced Tuesday following a meeting of directors of the organization.

Rotarians See Film On Insurance Profession

Rotarians saw a film on the insurance profession at their luncheon meeting Tuesday. C. R. Thaxton was in charge of the program, with Harold Lucas operating the film projector.

Straying Horse Killed When Struck By Auto

One of three horses straying across U. S. Highway 84, a few miles northwest of Post, was struck and killed by an automobile Saturday night.

CHORUS MAKES TRIP

The Post High School chorus left Wednesday morning to present programs in the Idalou, Petersburg and Lorenzo schools. It was the second tour of the year for the chorus, which previously had presented programs at Crosbyton, Floydada and Lockney.

SUFFERS HEART ATTACK

Steve Luce of Vernon, son-in-law of Mr. and Mrs. J. P. Manly is in critical condition in a Wichita Falls hospital following a heart attack Saturday. Mrs. Luce is the former Miss Lena Manly.

The "Keeley Cure" for drunkenness was first used in the United States in 1891.

RESCUED FROM WATERS—School children are rescued by civil defense workers at Chattanooga, Tenn., from flood waters which had marooned their school bus. Even harder hit were the three states of Kentucky, Virginia and West Virginia, where 31 counties were declared a major disaster area and allocated \$900,000 in Federal Civil Defense Administration disaster funds.

The money will pay for emergency restoration of more than 300 bridges, as well as temporary repairs to roads, schools, and other public facilities destroyed or damaged by flood waters.

Dam Projects—

(Continued From Front Page) MAINTENANCE that N. W. STONE at POST AUTO SUPPLY offers you. They replace broken window and door glasses in all makes of automobiles, too.

2. 20 feet of sand must be removed from the river bed. 3. A three-to-one instead of a two-to-one slope must be made in the width of the dam at the base to withstand more flood water.

4. A projection of populations in the participating cities show a need for larger pipe lines. Increases in the size of the lines to Post, Crosbyton and Ralls have already been established and at the present work is under way to determine Spur's future needs.

See another first by SUNBEAM at McCRARY APPLIANCE COMPANY. It's the most powerful electric lawn mower made. It weighs only 29 pounds and is easy to use and easy to store. For more on this LAWN MOWER, see the ad on page 15.

5. A larger filter plant. Also at Thursday's board meeting, M. A. McLaughlin, chairman of the land purchases committee, reported that a signed option had been obtained on the Sanderson property at the lake site and that the committee is ready to proceed with negotiations for other land options.

GENE GANDY'S TEXACO SERVICE at 515 N. Broadway sets the pace for better motoring with TEXACO SKY CHIEF GASOLINE. You're out front in driving luxury when you use TEXACO SKY CHIEF. It's the top premium gasoline for those who like smooth, surging power, for those who want the best. Drive in GANDY'S for SKY CHIEF today!

Take the easiest step up from the low-priced three with a '57 MERCURY at STORIE MOTOR COMPANY at 112 North Broadway. This has expensive-car dimensions and small-car price! The BIG M beats major competition on passenger room, trunk room, new ideas! Only car with Dream-Car Design, Floating Ride. See STORIE MOTOR COMPANY now for your smartest new-car buy!

Chairman Tom W. Bouchier of Post named as a district equalization board: Page Gollihar of Spur, O. L. Weakley of Post and J. A. Parks of Crosbyton. A Ralls member was to be appointed within the week.

Mr. Farmer, D. C. HILL BUTANE CO. says it's time to FERTILIZE with ANHYDROUS AMMONIA and all types of FARM FERTILIZER. See this firm on the Clairmont Highway or phone 463. Their ad is on page 13 of this paper.

Mr. Farmer, D. C. HILL BUTANE CO. says it's time to FERTILIZE with ANHYDROUS AMMONIA and all types of FARM FERTILIZER. See this firm on the Clairmont Highway or phone 463. Their ad is on page 13 of this paper.

Talks on use trends and cost trends of water in West Texas were made by Mayors James L. Minor of Post and Reese McNeill of Spur. They pointed out that what might be considered high cost water today would, within a relatively short time, conceivably be low cost water. The Post mayor was very emphatic in pointing out the continuous decreasing supply of underground water.

Registration of pets must be completed by 3 p. m. Sunday, and arts and crafts exhibits in place not later than Saturday afternoon. The annual pet show is a part of the Girl Scouts' work toward their cat and dog badges. Troop V is sponsored by the Rotary Club, which will cooperate in helping make this year's show the most successful ever held here, Mrs. Herring said.

THE GARZA TRACTOR AND IMPLEMENT COMPANY is announcing that they now offer complete RADIATOR REPAIR SERVICE. "Shorty" GRAHAM, their new service manager, is an expert radiator repair man and guarantees all his work.

Those from Post attending the directors' meeting were Bouchier, R. J. Jennings, Mayor Minor and George Samson.

WHITE AUTO STORE has everything you need for the yard. See WHITE'S for garden supplies, lawn mowers and hose and sprinklers.

Here's summer wear you've been looking for! WASH AND WEAR PANTS made of cotton and synthetic materials are now available at HUNDLEY'S. LONG SLEEVE SPORT SHIRTS are being offered at HUNDLEY'S now for \$2 off the regular price.

Other teams competing in the Class AA division of the tournament are Anson, San Saba, Cisco, Grand Saline, Winters, Cypress-Fairbanks and Ballinger. Other divisions of the tournament are for Classes B, A, and AAA.

Does your home need a face-lifting? Do it now! Yours can be a "modern" home at surprisingly little cost, no matter how old it is. See R. E. COX LUMBER COMPANY for ways you can dress it up inside and out.

Like new used cars are rarin' to go at low, low prices at CAP-ROCK CHEVROLET, INC.

The Post girls, after winning the district championship, lost to Olton by two points in the regional tournament at Lubbock.

It's time to clean and stow away winter clothes. THAXTON CLEANERS is offering a special bulk cleaning price of 20% off on cleaning bundles of \$2.50 cash or more. This offer is good for 10 days. THAXTON'S will clean them and store them in mothproof bags.

Just arrived at HUDMAN FURNITURE COMPANY is the 1957 ZENITH quality Deluxe CONSOLE TELEVISION that swivel! You'd expect to pay up to \$300 for this console and you can actually pay as low as \$269.95.

Sesame Is Coming Into As New Money-Making Crop

MULESHOE, (Sp.)—Cecil Taber, custom combine operator, has helped to make Sesame a great new money-making crop for the irrigated High Plains, a crop which in 1956 grossed more than \$110 per acre for many growers.

in line from one end of the field to the other so that the operator does not have to cross the rows with his combine.

"Combining is my business," says Taber, who lives here. "I follow the wheat crop from Texas to Canada, swing back to combine maize on the High Plains, and end up the season threshing Sesame."

"The Sesame grower makes more Sesame when the stand is thick," Taber commented. "It looks better when the stalks are skimpy, but the seed just don't run into the grain tank the way they do when the stands are heavy."

Taber, who holds the record for the amount of Sesame which he harvested on the Plains in 1956, says, "Sesame looks like a real good crop to me." Taber reported to the Texas Sesame Seed Growers here in Paris. "I had just as soon thresh it as any other crop, and I know from personal experience that all of the tough harvesting problems have been solved. Harvesting goes smoothly now and there is just no seed loss."

He says that Sesame is a better crop than maize and is easier and cheaper to combine than Sudan, and added: "If you take the cost of hauling into consideration, 1,000-pounds-per-acre-Sesame doesn't cost the farmer much more to thresh and haul to the elevator than 5,000-pounds-per-acre-Milo, because you don't have as many pounds of Sesame seed to haul."

Using two Model 90 self-propelled Massey Harris combines, Taber harvests about 50,000 pounds of seed in eight hours of running time. He charges 60 cents per hundred pounds of seed for threshing small fields and 50 cents per hundred for threshing big fields.

When asked what recommendations he had for a new Sesame grower, he said: "Just use the recipe which produced 1,250 pounds of seed per acre on 300 acres for Clayton Sanders in 1956. Clayton's formula was worked out in cooperation with the Texas Sesame Seed Growers' specialists.

"We drive all our own combines and the Sesame grower furnishes the crew to push the shocks on the platforms," Taber said. "These platforms really do a fine job. You don't waste any seed, and the platforms take a lot of work out of the job besides."

Favorite figures can sailing ships ham Lincoln, Ben and, of all people, who probably never body of water the could swim.

Taber started the Sesame harvest early in October. He did the threshing for Allan Haley, Marshall Head, Leon Lewis, Bill Bell and L. D. Sanderson, all of Muleshoe, plus the 525 acres for Clayton and Sam Sanders in the Farwell section. Three weeks were required to combine the big crops of Clayton and Sam Sanders.

The U.S. National named in 1931 National that Labeled in France. Labeled a regimine York State Milling.

"If the Sesame is shocked properly, the combining is much better and much cheaper," Taber says. He recommends 20 to 25 bundles per shock, and believes the bundles should be as small as the binder will make them. Thick planted Sesame makes smaller stalks and is easier to combine. He says the shock rows should be

More than 100 are now being English channel way steamers times the traffic War II.

SECTION TWO

GIRL SCOUT NEWS

By KATHARINE TRAMMELL.

John Lott gave a course on the instruction of rope craft to the Girl Scout leaders April 9 at 7:30 p. m. in the Girl Scout Little House. Mr. Lott taught leaders how to tie a square knot, a sheet bend, a bowline or fireman's knot, a clove hitch, a double half-hitch, and how to lash. The group learned several games that may be played with ropes to make rope craft more interesting for Girl Scouts. Those taking the course were: Meses. Clint Herring, John Lott, Katharine Trammell, H. L. Pennie, and Ruthie Steptoe, and Miss Frankie Sue Howell.

Troop V met April 10, at 4 p. m. in the Little House and continued to work on their metal craft badge. The members of this troop are glad to have Mrs. Weaver Moreman as their new assistant leader. Mrs. Clint Herring is troop leader.

Troop XIII met April 10 at 2:30 p. m. in the Little House with Mrs. John Lott and Mrs. Tom Power, leaders. Each of the Brownies made two Easter baskets—one for themselves and one for a sick friend or a hospital patient. Mrs. Lott served refreshments to the group.

The Brownies in Troop XV, with leaders Mrs. Robert Meisch and Mrs. A. G. Mathis, met in the Little House April 9 at 2:30 p. m. These girls are making musical instruments, and are beginning with drums and tambourines.

The Brownies of Troop IX met Thursday at 4 p. m. in the Little House with Mrs. Pat Walker, leader. The group finished their Easter egg tree which is made of a mesquite bush painted pink and is decorated with eggs made from colored foils. Girls attending the meeting were: Judy Ballentine, Carolyn Carlisle, Judy Poole, Paula Smith, Vickie Wilkes, Cheryl Martin, Sherry McAfee, and Elizabeth Tubbs.

Brownie Troop XIII met at 2:30 p. m. Wednesday, April 17, in the Little House with leaders: Mrs. John Lott and Mrs. Tom Power. Their planned activity was "How to Give an Easter Party." They had an Easter egg hunt and played the following games: Peter Rabbit and Mr. McGregor, pin the "cotton" tail on Mr. Easter Bunny, and Peter Rabbit hide and seek game. The girls made favors of Easter baskets made from paper plates with artificial flower handles and they contained dyed egg shells tied with a bow and tiny artificial flower and were filled with small candy eggs. Sherry Wood, hostess, "Queen for a

Day" served refreshments of chocolate milk, Easter bunnies and Easter chicks to the following: Belinda Lee, Judy Lewis, Jackie Wilson, Sheri Perdue, Jo Beth Dilard, Edith Johnson and Linda Hays.

Brownie Troop XV met Tuesday, April 16, at 2:30 p. m. and made a field trip to the Garza County courthouse. They visited the tax assessor-collector's office where they were shown license plates and told what their parents paid taxes for. Sheriff Carl Rains took each girl's fingerprints and took them to visit the jail. Miss Agnes Windham showed them the county judge's office and the court room. The highway patrolman with the driver's license division explained his duties and equipment. Miss Jesse Pearce told the girls what she does and gave each girl a candy recipe that a Brownie can use. When they returned to the Little House refreshments were served.

MAJOR MILESTONE IS REACHED

Two Antique Cars On Display Here To Celebrate Ford No. 2,000,000

In observance of the 2,000,000th Ford vehicle, which came off the assembly line Tuesday at Ford's Texas assembly plant in Dallas, two antique Fords—a 1917 Model T and a 1931 Model A—are on display at Tom Power, Inc., Ford dealer.

The antique cars, which the public is invited to inspect, were built in the early years when Ford operated the state's only automobile plants.

A major milestone in the history of Texas commerce and industry was reached when the 2,000,000th Ford vehicle came off the assembly line.

Tom Power, local Ford dealer, said the milestone car was built at 7:30 p. m. He said the Dallas assembly plant's production schedules are so carefully regulated that the company was able to predict the exact hour when the 2,000,000th unit would be finished.

Ford Motor Company first became a business and industrial citizen of Texas in 1909 with establishment of a sales, service and parts headquarters in Dallas. Assembly operations on a limited basis started in 1913 and in 1914 Ford completed Texas' first automobile assembly plant in Dallas. The present plant in Dallas was opened in 1925.

Production of the milestone car is being celebrated throughout the state by Ford dealers with parades and special displays.

"We are proud of the fact that our Ford cars and trucks are built in a plant located right in our own state," Mr. Power said. "This means that 3,400 Texans earn more than \$15,900,000 a year building and distributing the cars we sell."

In Post, Tom Power, Inc., has

been the Ford dealer since 1947. The company now has 10 employees. The service department provides three full-time mechanics and \$12,000 worth of equipment to maintain automobiles. Since 1947, 2,800 used cars and new Fords have been delivered to Post customers by the dealership, Mr. Power reported.

C. W. Post College Is To Field Varsity '11'

C. W. Post College, Brookville, Long Island, N. Y., will field its first varsity football team next fall.

The college, which was named for C. W. Post, founder of the town of Post, will open a seven-game season on Oct. 12 when it visits Mitchell Air Force Base.

Coach Ray Ilowit plans a week of light contact work in May, and will take the squad of 30 to a training camp at Red Hook, N. Y., in September.

The schedule:

Oct. 12, Mitchell AFB, away; Oct. 19, Trenton State Teachers College, away; Oct. 26, Long Island Aggies, away; Nov. 2, New Haven State Teachers, Nov. 9, New Britain State Teachers, away; Nov. 16, Kings Point; Nov. 23, National Aggies (Doylestown, Pa.).

ARE EASTER VISITORS

Mr. and Mrs. D. C. Roberts spent Easter with her mother, Mrs. B. D. Robinson, in the Pleasant Valley community and attending church there. Other Pleasant Valley visitors included Mr. and Mrs. J. B. Robinson and two sons of Plainview, who visited his mother, Mrs. B. D. Robinson; her parents, Mr. and Mrs. Elmer Hitt, and other relatives.

GUESTS OF MOTHER

Mrs. Tol Thomas' children and families were her guests during the Easter holidays. They were Mr. and Mrs. Jim Thomas and children of Hereford, Mr. and Mrs. A. C. Thomas and children of Eunice, N. M., Mr. and Mrs. Wayne Thomas and children of Lubbock, Mr. and Mrs. Wagoner Johnson and son and Mr. and Mrs. J. W. (Red) Floyd.

LITTLEFIELD TO BE HOST

Littlefield has been selected as the site of the 1958 spring conference of the 14th District, Texas Congress of Parents and Teachers. A joint invitation issued by the Littlefield School Board and Chamber of Commerce was accepted at the recent spring conference in Brownfield.

MRS. WILL TEAFF WRITES

Four Close City Women Attend Vacation Bible School Clinic

Recent visitors in the home of Mr. and Mrs. Horton and Dorothy were Mr. and Mrs. Robert Parker of Lubbock.

Miss Hazel Shults, a Texas Tech student, spent the Easter holidays here visiting her father, Guy Shults, and brother, Jim Bob.

Visitors in the R. V. Blacklock home for Easter were Mr. and Mrs. Buster Adams and children of Big Spring, Mr. and Mrs. Jim Bob Porterfield of Grassland, and a sister of Mrs. Blacklock's of Seminole.

Mr. and Mrs. Roy Maddox visited with their son and family, Mr. and Mrs. Herman Maddox and children of Odessa, Sunday.

Visitors in the Will and Howard Teaff homes Saturday night and Sunday were T/Sgt. and Mrs. N. B. Teaff and sons of Reese Air Force Base and the Milton Bayer family of Lubbock.

Visiting in the Ira Cook home last week were Mr. and Mrs. Frank Elliott of Portales, N. M., Mr. and Mrs. A. Milsap and Jimmy of Plainview, Mrs. Winfred Snyder, Sherrill and Shelly of Phillips.

Mrs. R. V. Blacklock, Mrs. C. D. Nowell, Mrs. Bernie Jones and Mrs. Will Teaff attended the Vacation Bible School Clinic which was held in the Arnett-Benson Baptist Church in Lubbock Tuesday.

Turkish steel output will be doubled, then tripled at the Kirikkale mill near Ankara.

James Barron of Wayland College, Plainview, visited his parents, Mr. and Mrs. Jim Barron and Francis and Diana, over the Easter holidays.

Visitors in the Bon Longshore home Sunday were Mr. and Mrs. Irvin Cross and children of Grass-burr.

Bernie Jones spent last week in the Rio Grande Valley.

Dr. W. M. Turner of Lubbock was a guest in the home of Mr. and Mrs. Thurman Maddox Sunday.

Mr. and Mrs. G. C. Custer and Mrs. W. H. Childs were in Lubbock Friday to see a sister of Mr. Custer who is in the Methodist Hospital.

The Rev. C. D. Nowell preached at Ira, near Snyder, Sunday. The Rev. W. M. Turner closed the revival meeting at Friendship Baptist Church here Sunday.

Robert Craig was in Waco last week visiting a sister, Mrs. Craig and sons spent the time during his absence with her parents, Mr. and Mrs. Ted Shults.

Mr. and Mrs. Allen Cash of San Angelo visited in the home of Mr. and Mrs. Douglas Tipton last week.

Mrs. James Allison and baby of Plainview visited her father and brother, Guy and Jim Bob Shults, and other relatives and friends last week.

Mr. and Mrs. Stanley Nixon and son of Brownwood visited Stanley's parents, the Rev. and Mrs. A. T. Nixon during the Easter holidays.

ARE EASTER VISITORS

Mr. and Mrs. D. C. Roberts spent Easter with her mother, Mrs. B. D. Robinson, in the Pleasant Valley community and attending church there. Other Pleasant Valley visitors included Mr. and Mrs. J. B. Robinson and two sons of Plainview, who visited his mother, Mrs. B. D. Robinson; her parents, Mr. and Mrs. Elmer Hitt, and other relatives.

GUESTS OF MOTHER

Mrs. Tol Thomas' children and families were her guests during the Easter holidays. They were Mr. and Mrs. Jim Thomas and children of Hereford, Mr. and Mrs. A. C. Thomas and children of Eunice, N. M., Mr. and Mrs. Wayne Thomas and children of Lubbock, Mr. and Mrs. Wagoner Johnson and son and Mr. and Mrs. J. W. (Red) Floyd.

That a hearing will be given and held by and before the City Council of the City of Post on the 20th day of May, 1957, at 10:00 o'clock A. M. in the City Hall to the real and true owners, whether named or correctly named herein or not, of all property abutting upon said street within the limit above defined, and all others interested in said abutting property. Following such hearing, assessments will be levied against each

ONLY CERTAIN NUMBER OF FISH REQUIRED

Overstocking Most Common Error In Management Farm Fish Ponds

Overstocking is the most common error made in managing farm fish ponds, warns Edwin Cooper, Wildlife Conservation Specialist. "Don't fall," he says, "for the common belief that the more fish put in the better the fishing will be." Cooper says a given body of water will support only a certain number of healthy fish just as a range is limited in cattle grazing capacity. Both state and federal hatcheries supply stock fish on the basis of an applicant's report of surface water acreage. The number of fish supplied for an accurate measure will produce more big fish in the shortest length of time possible. Only a few fingerling fish are needed to stock an acre of water initially, Cooper asserts, and the right combination of fish is essential in maintaining a proper population balance. Over-populated ponds, Cooper says, will mean a shortage of food and too many small fish. When a pond's fish population becomes unbalanced with too many small stunted fish or rough undesirable such as shad, carp, suckers, and bullhead catfish, Cooper recommends complete removal and restocking with proper balance. Derris or rotenone powder may be used in removing fish from privately-owned ponds, but is prohibited by law in public waters. Recommendations call for 5 pounds of 5 per cent rotenone powder to each acre foot of water. Mix rotenone with just enough water to make a thick paste and add more water until the solution is

TO CASH IN ON SEASONAL FLUCTUATIONS

Livestock Producers Are Advised To Keep An Eye On The Calendar

While a livestock producer may lose his shirt by "watching the clock" too closely, Extension Economist Alvin Wooten strongly advises him to keep an eye on the calendar at all times. Livestock prices follow definite "cycles," he says, and the alert producer can cash in on these seasonal fluctuations. Little seasonal variation occurs

Farmers, Stockmen Urged To Look Out For 'Hopper Threat'

Farmers and stockmen in many areas of Texas are advised by Extension Entomologists F. M. Fuller and C.F. Garner to be on the alert for possible damaging infestations of grasshoppers during this spring and summer. Based on surveys made by the USDA, the entomologists say that infestations ranging from very severe to light are forecast for the Panhandle, with Dallam, Moore, Hartley and Potter counties in the very severe area. Threatening is the term used to describe an even larger area to the east. Possible severe infestations could occur in Knox, King, Dickens, Motley, Floyd, Briscoe and parts of Crosby, Swisher, Hall, Donley, Armstrong, Randall, Deaf Smith and Castro counties. Also in parts of Wichita, Clay, Sherman and Hansford counties. Threatening to light infestations could occur in wide areas from the Red River south into deep central Texas. The situation at present, point out the entomologists, should be watched very carefully. The first nymphs, newly hatched 'hoppers, have been found in the Brazos River bottom and hatching will progress northward with favorable weather. The time to do the most effective job of controlling 'hoppers, emphasize the specialists, is before the young leave the hatching grounds. Roadsides, field margins, ditch banks and idle lands bordering cropland should be watched carefully for the appearance of young 'hoppers. When numbers justify the use of control measures, several insecticides are readily available for doing the control job and include aldrin, dieldrin, heptachlor, toxaphene and chlordane. The entomologists suggest that the local county agent be contacted for complete details on control measures and when and how they should be applied. The insecticides are poisonous to man and animals as well as grasshoppers and the manufacturers' directions should be followed closely, say Fuller and Garner.

WEEKEND GUESTS

Miss El Wanda Davies and Wayne Culvahouse of Snyder were weekend guests in the home of her parents, Mr. and Mrs. Curtis Davies. Culvahouse returned to Snyder Sunday and Miss Davies returned Monday.

FAMILY DINNER

Mr. and Mrs. Carroll Bowen of Levelland visited his parents, Mr. and Mrs. Lee Bowen, Friday and Saturday. The family's Easter dinner was held Saturday with Mr. and Mrs. Glenn Norman and children attending.

SNYDER VISITORS

Mr. and Mrs. Lowell Scrivner and son, Larry Glenn, visited in the home of his parents, Mr. and Mrs. T. B. Scrivner in Snyder, Sunday.

SAWYERS VISIT PARENTS

Mr. and Mrs. Ed Sawyers and son, Steven, visited her parents in Uvalde and his mother in Batesville during the Easter holidays.

ELECTED TO COUNCIL.
David Pennington of Post has been elected as one of three representatives from the Engineering School to the Student Council at Texas Tech. The other two are Jay Dunlap of Fort Worth and Lynn Elliott of Houston. David is the son of Mr. and Mrs. G. W. Pennington.

LUBBOCK NEWS
Miss El Wanda Davies and Mrs. Curtis Davies were shopping in Lubbock today.

VISITS MENTIONED
Mrs. C. E. Casey spent her holidays with her son, W. T. Bond, in Lubbock.

each parcel of abutting property,
and the real and true owners there-
of, and as to the special benefits,
if any, to said property to be re-
ceived from said improvements,
and concerning any error, invalid-
ity, irregularity or deficiency in
any proceeding or contract with
reference thereto or concerning
any matter or thing connected
therewith, which hearing shall be
held by the City Council of Post,
Texas, at 10:00 o'clock A. M. on
the 20th day of May, 1957, A. D.,
at which time and place all per-
sons, firms, corporations or estab-
lishments owning or claiming any
such abutting property, or any interest
therein, and their agents or at-
torneys, and persons interested in
said proceedings, shall be notifi-
ed to appear and to be heard
in person, or by counsel, and may
offer evidence; and said hearing
may be adjourned from day to day
and from time to time and kept
open, until all evidence and pro-
tests have been duly offered and
heard, and the City Superintendent
of the City of Post, Texas, is here-
by directed to give notice of said
hearing by publication of Notice
in some newspaper of general cir-
culation in the City of Post, Tex-
as; said Notice shall be published
at least Three (3) times in said
newspaper before the date set for
said hearing, the first of which
publications shall be at least Ten
(10) days prior to the date of said
hearing, and such notice by pub-
lication shall be valid and suffi-
cient, without any further form or
character of notice. However, said
City Superintendent may, in addi-
tion to the contents of the Notice
of said hearing, as required by law
and the Charter of the said City,
which shall be for all purposes val-
id and sufficient in itself, included
in any one or all of the publications
of said Notice such further data
and information regarding such
proposed improvements and as-
sessments as the City Superinten-
dent may deem proper and such
general statement in connection
therewith as the City Superinten-
dent may desire, to acquaint those
to whom the Notice is directed
with the facts and matters concern-
ing said improvements, assess-
ments and hearing. The form of
said Notice, as required by law
and said Charter, having been
heretofore submitted to the City
Council by the City Superintendent,
same is hereby approved for pub-
lication.
SECTION 6. Following such
hearing as above provided, assess-
ments will be levied against said
abutting property, and the real
and true owners thereof for that
portion of the costs of said im-
provements hereinabove determin-
ed to be payable by said abutting
property and the real and true
owners thereof, which assessments
shall be a first and prior lien upon
said abutting property and a per-
sonal liability and charge against
the real and true owners thereof.
In levying said assessments, if the
name of the owner be unknown,
it shall be sufficient to so state
the fact, and if said abutting prop-
erty be owned by an estate or by
any firm or corporation, it shall
be sufficient to so state the fact,
and it shall be unnecessary to give
the correct name of any such own-
er and no error or mistake in at-
tempting to name such owner or
in describing any of said property
shall invalidate any assessment or
certificate issued in evidence there-
of; but nevertheless, the real and
true owners of said abutting prop-
erty shall be liable and the assess-
ment against said abutting prop-
erty shall be valid whether or
not such owner be named, or cor-
rectly described therein.
SECTION 7. Each portion of said
streets hereinabove described and
designated by Unit numbers con-
stitutes a separate and independ-
ent Unit of the improvements
and shall be improved and the
improvements constructed there-
in as separate and independent
from each and every other Unit
of said streets, and the assessments
to be levied for said improvements
in each unit or portion of said
streets shall be altogether separ-

ate and distinct and independent
of and from the assessments to be
levied in every other of said units
and portions of said streets, and,
in making and levying said assess-
ments against the property abut-
ting upon one of said Units, no
matter or circumstance in connec-
tion with any other of said units
shall be considered or have any
effect upon the other, all as fully
and to the same extent as if sep-
arate proceedings and contracts
had been had and executed with
reference to the improvements to be
made in each of said units.

HOUSEGUEST OF CARTERS
Mrs. Sidney Carter of Wichita
Falls is a houseguest in the home
of her son and family, Mr. and
Mrs. Reese Carter.

ATTEST:
KATE LOWRIE,

RELIGION HAS PLACE BEHIND THE WHEEL
Safety Expert Says Accidents Are
Cause Of Drivers, Not Automobiles
"In no place is religion more
practical than behind the wheel
of a car," says J. O. Musick, gen-
eral manager of the Texas Safety
Association.
The problem of traffic accidents
is not merely a technical problem
of engineering, licensing and en-

forcement, Musick explained. It
is basically a human problem.
Accidents are caused by drivers,
not by automobiles.
"All the advances made in auto-
motive design, better and safer
streets and highways, and new
techniques and devices for effi-

cient traffic movement will not
solve the traffic accident problem
until drivers really become aware
of their moral and social obliga-
tion behind the wheel of a car,"
the traffic expert said.
"Deliberate or unintentional vio-
lation of a traffic law or sign,
or of the dictates of common sense
or courtesy, takes the 'accident'
factor out of traffic accidents. Such
actions place the burden of guilt
upon the negligent driver. And if
death results, the guilty driver
also has broken the Commandment
—Thou Shalt Not Kill!"
"It is time for all persons who
profess any religious faith, to ac-
cept their moral responsibilities in
helping to prevent traffic acci-
dents," Musick said.
"Anger, impatience, selfishness
—have no place on the roads. They
lead to accidents and often to
death. Love, courtesy and consid-
eration, on the other hand, will
reduce traffic accidents."

MRS. DILLARD THOMPSON WRITES

Group Enjoys Easter Egg Hunt On Visit Sunday In McClellan Home

Mr. and Mrs. Glenn Davis attended the calf show in Brownfield last Thursday and visited the Alvin Davis family. Sunday guests in the home of Mr. and Mrs. Ray McClellan were Mr. and Mrs. Morris McClellan, Wayland and his friend, Jan; Mrs. Joe Mahmood and two children of Morton; Mr. and Mrs. Billy Stone, James and Jay Scott of Post, Lt. and Mrs. Joe Almo of Lubbock; Mr. and Mrs. Grover Mason, Lewis and G. T.; Mrs. Glen Barron and Mr. and Mrs. Jimmy Hutton of Post. Other afternoon visitors who enjoyed an Easter egg hunt for the group were Mr. and Mrs. Billy Lester and children; Mr. and Mrs. Gene Mason and family; and Frances and Brenda Mason. O. H. Hoover accompanied his brother-in-law, Ed Love of Lovington, N. M., to Stanford Lake last Friday on a fishing trip. Hoover's son and family, Mr. and Mrs. Herbert Hoover and children of Crosbyton joined them there over the weekend. Visiting last Friday afternoon with Mrs. Earl Gregg were Mrs. Elmer Rash and Diane of Grassland and Mrs. Ray Norman of Post. Orabeth Maxey spent last week with Mrs. Sexton Huntley in Post. Mr. and Mrs. Cletus Graves and children of Lubbock and Mr. and Mrs. Billy Tom Ramage, Vicki and Linda of Levelland were Sunday guests in the home of Mr. and Mrs. Roy Ethridge. The Ramages also were overnight guests and Vicki and Linda are spending the week with their grandparents, the George Ramages and Ethridges. Mr. and Mrs. Donald Windham and children of Post enjoyed Easter Sunday in the home of her parents, Mr. and Mrs. Delmer Cowdrey. Mr. and Mrs. Quannah Maxey, Jane and Diane, visited Friday through Sunday at Lipan in the home of Maxey's sister and family, Mr. and Mrs. Perry Graham. En route home they visited in Weatherford with another sister, Mrs. Ona Berdine. Mr. and Mrs. Bill McMahon returned home Saturday after three weeks in Junction City, Kan., with their daughter and family, 2nd Lt. and Mrs. Don Brown. Granddaughter, Deborah, accompanied them home and returned to Kansas Sunday with her grandparents, Mr. and Mrs. Eulas Brown of Post. Mr. and Mrs. H. L. Mason and family and Mrs. J. F. Mason visited in Austin from Friday until Sunday with a brother and family of Mrs. J. F. Mason. Mrs. J. C. Walker of Grassland had surgery Monday in West Texas Hospital in Lubbock. Mr. and Mrs. Earl Gregg visited Sunday at Abernathy with their daughter and family, Mr. and Mrs. Gean Nunn. Sunday dinner guests in the home of Mr. and Mrs. E. M. Norman were their children and families, Mr. and Mrs. Joe Fleming and Traci of Ropesville; Mr. and Mrs. Gerald Norman, Judy and Jodi and Mr. and Mrs. Jim Norman and Jimmy. Afternoon

guests were Mr. and Mrs. John Fleming of Southland and Mr. and Mrs. B. L. Thomas and baby of Redwine. Thursday afternoon visitors in the home of Mr. and Mrs. Jess Propet were Mr. and Mrs. Tommy Markham and children of Anton. Sunday night visitors were Miss Ida Montgomery of Slaton and Jimmy Napier of Lubbock. Mr. and Mrs. George Ramage, Mr. and Mrs. Arley Ramage and family, and Mr. and Mrs. Ray McClellan attended the Production Credit Association's fish fry in Lubbock Saturday. Mr. and Mrs. Houston Hoover and family of Littlefield and their son, Bill, who is a student at Denton and daughter, Linda, a student at McMurtry, were Sunday night guests of his mother, Mrs. O. H. Hoover. Tuesday night supper guests last week of the Ray McClellans were Mr. and Mrs. Richard Ward of Austin. The Wards were overnight guests of her aunt, Mrs. J. F. Mason. Carol Davis celebrated his 17th birthday Sunday. Enjoying the birthday dinner with Carol and Mr. and Mrs. Davis were Mr. and Mrs. Lonnie Peel and Gene of Close City. Mrs. John Wallace visited Sunday afternoon in the Elmer Cowdrey home. Mr. and Mrs. Frost Maxey of Abilene were overnight guests Tuesday in the Bryan Maxey home. The Maxeys were en route to Lubbock to attend a health department meeting. Mr. and Mrs. K. T. Lofton and family of Sweetwater visited in the homes of Mr. and Mrs. S. D. Lotter and Mr. and Mrs. Mac Ledbetter recently. Mr. and Mrs. Glenn Davis and Mr. and Mrs. Lonnie Peel drove to the Roosevelt community Sunday afternoon with the intention of visiting relatives. As they were not at home the group went to Lubbock and visited Mr. and Mrs. Jake Sparlin and family and Mrs. Gertie Reno. Mr. and Mrs. Jimmy Byrd of Hillsboro were weekend guests of her parents, Mr. and Mrs. Elva Peel. Other guests in the Peel home were Mr. and Mrs. Chester Morris, Ronnie, Charles, Judy and Ann and Leta Stone. Mr. and Mrs. Arthur Floyd returned home last Monday night from several days in Corpus Christi, Brownsville and Mexico. Floyd was accompanied by Mr. and Mrs. Perry Gaham of Lipan and they met Mrs. Floyd in Galveston where she was with her sister, Mrs. Ira J. Howard. Mrs. Howard's husband was having plastic surgery performed at the Sealy Hospital. Mrs. Dillard Thompson, Kenneth, Patsy, Gloria and Shelia Morris visited in Tulla from Friday evening until Sunday in the O. V. Morris and Vic Arnold homes. Others present for Sunday dinner in the Morris home were Mr. and Mrs. Arthur Morris of Plainview and Mr. and Mrs. J. D. Morris and two children of Edmondson. Mr. and Mrs. R. G. Murray and Charles and Johnny Tom Bilberry spent the weekend on the Murray's farm at Bonham. Sunday guests in the home of Mr. and Mrs. Elmo Bush, Ricki and Jerry were Mr. and Mrs. J. M. Bush, L. G. Thuet, Sr., Stanley Jones and Jacky Fluit. Mrs. Gertie Reno of Lubbock visited last Tuesday with Mrs. Elgie Stewart. Mr. and Mrs. Harley Wallace and family were Sunday guests in Post. They visited her parents, Mr. and Mrs. M. Hester. Others present were Mr. and Mrs. Elton Lee and family, Mr. and Mrs. Robert Meeks and family of Slaton and Mr. and Mrs. Shorty Hester and baby. The H. L. Mason family visited there late Sunday afternoon. Mr. and Mrs. Jerrel Stone and daughter of Lubbock were Sunday night guests of his parents, Mr. and Mrs. James Stone. Pamela Stewart was also a Sunday guest of Mary Ann. Mr. and Mrs. Bob Lusk visited at Lorenzo Sunday with his parents, Mr. and Mrs. Z. P. Lusk. Mr. Lusk was released from the hospital last Wednesday. Other visitors there Sunday were Mr. and Mrs. S. E. Boothe of Paducah and Mr. and Mrs. Harold Wallace and family. Saturday night and Sunday guests of Mr. and Mrs. Luther Bilberry were Bilberry's sister and family, Mr. and Mrs. Paul Preston of Odessa. Mr. and Mrs. Carl Fluit visited Sunday with her parents, Mr. and Mrs. L. W. Gandy, near Tahoka. Darlene Jones was dismissed last Tuesday from Methodist Hospital in Lubbock. She has rheumatic fever and will be in bed for a month before returning for a checkup.

Jack Foster, Post, medical. Jack Guess, Post, medical. Mrs. W. W. Roy, Post, medical. Bob Clanton, Snyder, accident. Mrs. Glen Bratcher, Post, medical. Mrs. Olan Harper, Post, obstetrical. Mrs. Charlie Williams, Post, medical. Dismissed Bob Clanton. Russell Wilks Jr. John Bayliss. Jack Foster. Phillip Martinez. Fritz Greenfield. Joe Corpening, Bowie, treated and released. H. J. Driver, Snyder, treated and released.

Year-Long Planning Agent's Advice For Most Cleaning Jobs

Spring, or fall house cleaning, for that matter, is fast going out of fashion, according to Minnie Bell, extension home management specialist. It's a killing job when all of it is done at one time. Smart homemakers are learning that they will look and feel better, and appearance of the home will always rate tops if some of the special cleaning jobs are planned throughout the year, along with the regular cleaning. Women are both managers and workers in most homes. Even women with maids will get more for their time and money if they plan ahead. Good management means choosing the best time to do a job, choosing the easiest method, and keeping supplies and cleaning equipment handy and in good condition. Keep plans simple and flexible, suggest specialists. Start by listing the jobs that need to be done. Decide when they should be done and make a schedule. If family members help with cleaning, decide who will do each job. Work out the best method for doing each job. Ask yourself "what do I do and why?" Answer by checking the way you work. Chances are you will be able to eliminate steps and cut down on walking, standing, carrying, stooping and reaching. Decide what tools and supplies will be needed for the various jobs. Locate them in the most convenient places. Small equipment and supplies can be assembled in an open basket or box with a handle which can be carried easily from room to room. Convenient cleaning closets save time and energy and keep equipment in good condition. Methods for cleaning walls, woodwork, floors and furnishings are given in Extension Bulletin, "Housecleaning Made Easier." Copies are available from your local home demonstration agent's office.

EASTER WITH PARENTS

Mr. and Mrs. Bob Garrison and children, Robbie and Greg, drove to Chickasha, Okla., Saturday to spend Easter with her parents, Mr. and Mrs. George Beeler. They returned to Post Sunday night.

New Study Shows That Rough Fish Dominate Species

AUSTIN, (Spl.) — Problems in modern fisheries management are pointed up in a new study showing that rough fish now dominate all species in sprawling Possum Kingdom Lake, according to the Chief Aquatic Biologist for the Game and Fish Commission. Field men have recommended that tighter control of the undesirable fish in that popular lake is vital to better sports fishing and found that gizzard shad are particularly numerous. This prolific, inedible species has been the target of major fresh water lake renovation projects throughout the state. Last big lakes to be treated were Inks Lake of the Highland Lakes chain in Central Texas; Lake Walk near Del Rio on the Mexican Border, and Diversion Lake of the Wichita Falls chain of lakes in Northwest Texas. Texas has pioneered in some phases of the rough fish control technique and the Commission's long range fisheries program calls for elaborate use of this method to improve sports fishing, all subject to the funds made available. Senior Aquatic Biologist Leonard Lamb, who directed the Possum Kingdom study, recommended flatly: 1. "The increase of rough fish in the catch, both by number and weight indicates a greater need for better rough fish control methods." 2. "The dominance of gizzard shad is more pronounced in each succeeding segment. This species is controlled very little by the contract netting operation since there is no market for them. A selective kill of shad could serve a useful purpose, but would be quite expensive." The specific population findings were: "Rough fish made up 76 per cent of the total population by number and 80 per cent by weight. "The most abundant species in the catch was gizzard shad. This species made up 62 per cent of the total net catch." "Bluegill sunfish were the most numerous game fish but channel catfish provides the greatest percentage of the game species." "Redear sunfish introduced into Possum Kingdom in 1951 have become well established and are increasingly prominent in the catch of the still and fly fishermen." The Chief Aquatic Biologist said the gizzard shad has obtained the distinction as the most unwanted fresh water fish because it competes with game fish for natural food and also provides an easy nourishment for the game species to the extent that the latter will not respond to the fishermen's baits. The crew making the study of the lake qualified the "quite expensive" observation attached to the possible selective kill of gizzard shad, by describing the ruggedness of the bottom in the area where substantial vegetation comprising such as large pecan trees and other hardwood trees, along with mesquites and cedars, were inundated when the lake was filled. These combined to obstruct routine sample netting. Selective kill of gizzard shad, as the term has become known to Commission technicians, comprises use of a chemical compound in

EASTER VISITORS

Visiting in the Boy Hart home for the Easter holidays were Mr. and Mrs. Wood Byrd of Clairemont and children. They attended church services together and then had lunch following the services. Other visitors were Mr. and Mrs. James Dye of Post.

GUESTS OF SMITHS

The Vernon Brawleys of Lubbock visited in the M. S. Smith home Easter, and they all spent the day in Colorado City visiting in the home of the Smiths' niece and family, the O. J. Schoolcrafts.

HERE FROM HILLSBORO

Mr. and Mrs. Jimmy Byrd of Hillsboro visited Mrs. Byrd's parents, Mr. and Mrs. E. E. Peel and daughters, during the weekend. They also visited Mr. Byrd's mother, Mrs. C. M. Byrd of Clairemont and other relatives.

RETURN FROM VISIT

Mr. and Mrs. Ed Dye have been visiting their two daughters and families, Mr. and Mrs. Bob Turney and Randy, and Mr. and Mrs. V. A. Lobban Jr. of Midland for the past week and returned home Monday afternoon.

IN NAVIGATOR TRAINING

Second Lt. Travis D. Dabbs, U. S. Air Force, son of H. R. Dabbs of Route 2, Post, entered the navigator training course at Ellington Air Force Base, Houston, April 5. Lt. Dabbs was graduated from Texas Tech in 1956.

VISIT DAUGHTER

Mr. and Mrs. R. J. Moses of Sudan spent the weekend in the home of their daughter, Mrs. Arnold Parrish, and family.

RECENT VISITORS Mr. and Mrs. Robert Smith and son, Coleman Dowe, of McCamey and Mr. and Mrs. Roy Smith and daughter, Katherine, of Lubbock visited here recently with their father, Ray N. Smith, and Mrs. Smith. IS MADE SPECIALIST Pfc. Billy Lee Smith, who is stationed at Eileson Air Force Base in Alaska, has been made specialist third class, he informs his parents, Mr. and Mrs. M. S. Smith. VISIT IN WELCH Mr. and Mrs. N. R. King and children visited in the home of Mr. King's parents, Mr. and Mrs. Bert King of Welch, over the holidays. A. Yes. They may be resumed only if VA finds the cause of unsatisfactory progress has been removed, or if the student changes to another course more in keeping with his abilities. Q. How is Korean GI Bill entitlement used up in the case of a veteran taking flight training? A. For GI flight trainees, entitlement is used up at the rate of one day for each \$1.25 paid to them as GI training allowance.

WEEKEND VISIT
Mr. and Mrs. Bob Knight and children, Karron and Quentin, spent the weekend in Earth.

Aid Is Needed Now For Quail Program
Garza County sportsmen and landowners interested in bobwhite quail propagation may help in getting areas here restocked by making applications for young birds, the assistant executive secretary of the Game and Fish Commission has announced.

The executive secretary said the time is growing short for preparation of areas to be restocked from the experimental state quail farm near Tyler under the state-wide habitat improvement program.

"It is urgent," said the secretary, "that work in preparing the places particularly designed for quail restocking be hurried along. This is necessary since our field men, who must approve these

Garza's 1956 Traffic Toll Light Compared To Texas Total

One fatality from highway traffic accidents occurred in Garza County last year, according to the annual statistical breakdown of Texas motor vehicle traffic accidents for 1956, released in booklet form by Col. Homer Garrison Jr., director of the Texas Department of Public Safety.

Rural non-fatal accidents, which included all those reported by state highway patrolmen, totaled 11 in the county, resulting in injuries to 23 persons. Fourteen non-injury accidents were reported.

The report released by Garrison, entitled "7 a Day," got its name from the fact that an average of 7.13 persons per day were killed during the year 1956. In regard to this, Garrison took stock of the fact that the statistical picture probably will look no better during the current year.

"Today seven persons were killed; tomorrow seven more persons will die in traffic accidents, and so on throughout the year until we reach the end of 1957 when our 1956 death count of 2,611 will be exceeded."

The report, compiled by Chief N. K. Woerner of the department's Statistical Division, shows that in addition to an average of seven persons being sent to their graves daily in Texas 305 persons suffered injuries in 625 daily accidents. And in what is termed a conservative estimate, the report states that the average dollar loss per day during 1956 was just short of two-thirds of a million dollars.

Even though 64 more persons were killed in Texas motor vehicle traffic accidents in 1956 than in 1955 the statistical information does suggest a chance for improvement in the future. There were five deathless days in 1956, as compared with three the previous year, and two of those days fell

together on June 5 and 6.

In rural fatal accidents the effects of better highways is evidenced in the fact that head-on collisions were reduced from 27.8 per cent in 1950 to 20.9 per cent in 1956. Woerner said this decrease was due primarily to an increase in the number of rural miles of divided highways.

A reduction in the number of sharp curves on rural highways has helped in reducing the "run-off-roadway" accidents from 28.8 per cent in 1950 to 22.2 per cent in 1956.

Younger drivers and newer vehicles were involved in more than their share of accidents. Of all drivers involved in rural accidents, 44.8 per cent were under 30 years of age—this group represents 31.2 per cent of the licensed drivers in Texas.

One-third of the vehicles involved in rural accidents were one year old or less. This is emphasized by the fact that 60 per cent of rural fatal traffic accidents involved only one vehicle. On this point Woerner concluded that possibly drivers are placing too much confidence in their newer cars.

Nov. 24 was the black day in Texas last year with 29 persons killed—the greatest number of any day in 1956. This number, with an additional nine killed Nov. 25, made that weekend the deadliest on Texas highways for the year with 38 persons killed in 24 accidents.

In reviewing the traffic accident information in "7 DAY" the state police director said speed continues to be the leading causative factor in traffic accidents.

"In 87 per cent of the rural accidents last year, one or more traffic law violations was a causative factor. At the top of the list driving too fast for conditions resulted in more accidents than any other violation."

ed in rural accidents were one year old or less. This is emphasized by the fact that 60 per cent of rural fatal traffic accidents involved only one vehicle. On this point Woerner concluded that possibly drivers are placing too much confidence in their newer cars.

Nov. 24 was the black day in Texas last year with 29 persons killed—the greatest number of any day in 1956. This number, with an additional nine killed Nov. 25, made that weekend the deadliest on Texas highways for the year with 38 persons killed in 24 accidents.

In reviewing the traffic accident information in "7 DAY" the state police director said speed continues to be the leading causative factor in traffic accidents.

"In 87 per cent of the rural accidents last year, one or more traffic law violations was a causative factor. At the top of the list driving too fast for conditions resulted in more accidents than any other violation."

VISIT PATTIGREWS
Mrs. Henry Key, her daughter, Mrs. Bobby Joe Page, and Mrs. Page's new son, Joe Key, spent Sunday in Slaton with Mr. and Mrs. Hern Pettigrew and daughters.

HERRONS VISIT PARENTS
Mr. and Mrs. L. C. Herron and children spent the holidays with her mother and his parents in Archer City.

LETTERS To The EDITOR

(EDITOR'S NOTE: This newspaper welcomes letters on any subject of general interest. The only requirements are that they be brief and that the writer's name be signed. However, the writer's name will be withheld from the published letter if that is his wish.)

Dear Editor:

Since the first of the year I have been trying to get the people of the United States to write their Congressmen and Senators, and also the President, demanding economy and a cut in taxes.

President Eisenhower is setting up several new bureaus which will call for more and more money each year. All of these should be cut out of the budget.

The Hoover Committee showed where four billion dollars could be saved in the budgeting and accounting departments and two billion more saved by putting the military on a business basis. These items should go toward tax reduction.

The federal government owns 200 billion dollars worth of private enterprise businesses that are not paying any taxes. It takes our tax dollars to keep them operating. These should be sold and applied to our public debt because they are competing with private enterprise. Six to ten billions in taxes could be saved in this manner.

The total budget for the federal government is 71 billion, 500 million dollars. The government has, at this time, unspent money totaling about 70 billion dollars that has already been appropriated but not spent. Fellow Americans, do you realize that the budget for federal, state and county governments amounts to 140 billion dollars for this fiscal year? This means that we are paying for government one-third of all we make or collect. If you want to continue this way that is your business, but unless you and I force a reduction in government expenditures it can mean only that the dollar will be stretched until it is eventually worth practically nothing, and then we will have a depression far worse than ever occurred before in the history of the world.

Please write to the President, and to your Congressmen and Senators today, demanding a cut in the budget and a cut in taxes. This is no time to be a politician. We need true Americans. This is no time to be weak or careless. We must all demand economy in government.

Yours very sincerely,
Bailey T. Tally, M. D.

The Bel Air Convertible—one of 20 new Chevies!

There's more to be proud of in this one!

You'll be proud of Chevy's sweet, smooth and sassy way of going. And you'll take extra pride in Chevy's look of substance and character, its careful construction, its fine finishing touches you don't find in other low-priced cars. For one thing, the others don't have Body by Fisher. For another, they can't hold a candle to Chevy when it comes to performance. Chevrolet, you know, won the Pure Oil Performance Trophy at Daytona Beach as "best performing U. S. automobile." Automotive experts decided that. But you agree with them once you stop by your dealer's and drive a new Chevrolet yourself! Soon maybe?

MRS. R. J. KEY WRITES

Justiceburg Woman's Relatives Killed In East Texas Accident

The Sunday School attendance for Easter Sunday was 21 and for church, 37.

An Easter egg hunt was held at the school Thursday evening. 40 attended. After the egg hunt, a prize was awarded to the one finding the most eggs and cookies and

cold drinks were served in the lunch room.

Mrs. Riley Miller and son, Ben, visited relatives in Odessa during the past week.

Mr. and Mrs. C. W. Denison spent the Easter holidays with relatives at Jacksboro.

Mr. and Mrs. Virgil Streety and son were informed Monday of the death of Mrs. Streety's niece and her son, Mrs. Eddie White and Charles Allison of Gladewater. They were killed in a car wreck in Gladewater. Burial was at Hawkins. Mrs. White was the daughter of Barney Holmes, Jr. of Hawkins, who at the present time is in the hospital at Gladewater.

Mrs. Don Robison was in Snyder Friday.

Jerry Ray Key of Big Spring spent the weekend with the R. J. Keys. He returned Monday for school.

Mrs. Joyce Hancock and three daughters of Seminole visited from Friday through Sunday with her mother, Mrs. Etta Clarkston and her son, Del Royce, here.

Mrs. Clyde McAllister visited with Mrs. Allen McCowen of Post Saturday.

Mr. and Mrs. Chris Cornett spent Sunday in Snyder with Mrs. Cornett's brother and family, Mr. and Mrs. Wilmer Hester. They attended church there.

Mrs. C. M. Greer of Grassland, Mrs. Cornett's sister, and Mrs. Cornett went to Cuthbert for cemetery clean-up work Friday.

Mr. and Mrs. Add Jones spent the weekend with Mr. and Mrs. A. R. Kiesel of Anton.

Mr. and Mrs. Bud Cornett and family of Gail visited Friday night with his parents, Mr. and Mrs. Chris Cornett.

Mr. and Mrs. Ira Elkins of Seminole visited with Sam Elkins Sunday.

Mr. and Mrs. Chris Cornett spent Sunday in Snyder with Mrs. Cornett's brother and family, Mr. and Mrs. Wilmer Hester. They attended church there.

Mrs. C. M. Greer of Grassland, Mrs. Cornett's sister, and Mrs. Cornett went to Cuthbert for cemetery clean-up work Friday.

Mr. and Mrs. Add Jones spent the weekend with Mr. and Mrs. A. R. Kiesel of Anton.

Mr. and Mrs. Bud Cornett and family of Gail visited Friday night with his parents, Mr. and Mrs. Chris Cornett.

Mr. and Mrs. Ira Elkins of Seminole visited with Sam Elkins Sunday.

Mr. and Mrs. Add Jones spent the weekend with Mr. and Mrs. A. R. Kiesel of Anton.

Mr. and Mrs. Bud Cornett and family of Gail visited Friday night with his parents, Mr. and Mrs. Chris Cornett.

Mr. and Mrs. Ira Elkins of Seminole visited with Sam Elkins Sunday.

YOU and YOUR DOCTOR

(EDITOR'S NOTE: This is the second in a series of articles issued by the Texas Academy of General Practice and being published as a public service through the courtesy of a Post physician.)

POLIO VACCINE

Salk vaccine for the prevention of poliomyelitis has now been released for general use in all persons, regardless of age or sex. During the past month the controls have been removed, and anyone is eligible for polio shots.

As your physician, I wish to say that the polio vaccine has been adequately tested and proven safe and effective. You are strongly urged to arrange for immediate shots for everyone in your family for your own protection, and because it is only by mass inoculation of the majority of the population that polio can be wiped out as a menace to the American people.

The series consists of 3 injections, the first 2 at one month intervals and the third after a lapse of seven months. Let's finish up the job now and stamp polio out for good.

"Dr. Jonas Salk recommends the following poliomyelitis vaccine dosage schedule for children who were vaccinated in the 1954 field trials:

1. Children who received the series in 1954 and have had no subsequent inoculations should receive an entire new series, using the present dosage schedule.
2. Children who received the series in 1954 and a "booster" in 1955 should receive one inoculation now and another in the spring of 1957.
3. Children who received the series in 1954 and two inoculations in 1955 should have one inoculation now.

This schedule is recommended since the vaccine dosage schedule used in 1954 was not as effective as that adopted in 1955."

The late Rear Admiral Richard E. Byrd, USN, was the first man to fly over both the North and South Poles.

Mr. and Mrs. Arch Thurman from Amarillo came two weeks ago and took her mother, Mrs. R. R. Jones, on a tour of South Texas. They visited Mrs. Thurman's daughters and families, Mr. and Mrs. J. C. Baker and Johnny at Sheridan; Mr. and Mrs. Durwood Jenkins and children at Corpus Christi and other relatives in Houston. They were called home because of the illness of Mr. Thurman who underwent an operation in an Amarillo hospital. Mrs. Jones accompanied her daughter home and visited her sister, Mrs. Thorn, while

MRS. EARL MORRIS WRITES

Special Easter Services Are Held In Southland And Gordon Churches

The Rev. Silas Dixon had a well-filled house to hear his Easter message at the Methodist Church. The theme of his message was "The Commitment of Our Spirits Unto God." Visitors in the church were: Mrs. Nellie Taylor and her daughter, Mrs. Donald Weaver, and daughter, Mrs. Alton Hurst, and two sons of Stator; and Ross Dunn who was here from McMurry.

Jimmy Halliburton who was home from Howard Payne College brought an Easter message for the congregation at the Baptist Church. They reported 61 in Sunday School. Visitors were: a friend of Halliburton's, Miss Barbara Ward of Howard Payne; Jerry Pennell and Mrs. Irene Kuykendall of Lubbock. They report the revival is being well attended.

Minister, L. Grigsby, brought the Easter message at the Gordon Church of Christ. Visitors in this church were: Mr. and Mrs. Grady Woodward of Odessa, who were visiting her parents, the C. Barntons; Mr. and Mrs. Bobby Sharp of Dallas, who were visiting her parents, the Monroe Turners.

Mr. and Mrs. J. O. Reed, Jr. and children spent the weekend visiting relatives in Austin.

Andy Burke, pastor of the Blackwell Church of Christ, was a Sunday night visitor in the home of Mr. and Mrs. M. M. Bruster.

Mr. and Mrs. Billy Lancaster and David Earl of Temple spent the Easter weekend visiting Mr. and Mrs. Earl Lancaster and "Uncle Jimmy." Other visitors in the home were: Mr. and Mrs. Jack Lancaster of Post; Mr. and Mrs. Wayne Perkins of Slaton and Mr. and Mrs. Eldon Lancaster of Muleshoe.

Friends of Mrs. Buck Loveless of Cooper will be happy to know she is improving after a recent operation in the Taylor Clinic in Lubbock. Mrs. Loveless is the former La Wanda Collingsworth, who was reared in Southland.

Mr. and Mrs. Delbert Alcorna and Jan of Amarillo spent last weekend with her parents, the J. L. Taylors.

Mr. and Mrs. J. A. Warren are vacationing in California.

Mrs. Myrt Martin and her son, William, came from San Angelo to spend the weekend with an aunt, Mrs. A. J. Matlock.

Mr. and Mrs. Pat Taylor and son spent Sunday with his sister and family, Mr. and Mrs. Punk Peel in Post.

The Bill Lancasters came from Muleshoe to visit his brother and family, the Earl Lancasters, last Wednesday. Wednesday night the two families went coon hunting on the Jack Myers ranch. They didn't catch a coon but came home with one dog missing. Mrs. Earl Lancaster suffered a sprained foot during the hunt.

A guest in the Lewis Manly home Wednesday afternoon was his cousin, J. P. Manly of Post. Mr. Manly tells us the high wind Saturday unroofed a large hay barn on his farm.

Mr. Alsop of Ralls is visiting J. C. Harris.

Mrs. Arch Thurman from Amarillo came two weeks ago and took her mother, Mrs. R. R. Jones, on a tour of South Texas. They visited Mrs. Thurman's daughters and families, Mr. and Mrs. J. C. Baker and Johnny at Sheridan; Mr. and Mrs. Durwood Jenkins and children at Corpus Christi and other relatives in Houston. They were called home because of the illness of Mr. Thurman who underwent an operation in an Amarillo hospital. Mrs. Jones accompanied her daughter home and visited her sister, Mrs. Thorn, while

there. She reports her son-in-law, Mr. Thurman, on the road to recovery.

Gerald Dabbs was home from Tech this weekend and accompanied his sister-in-law, Mrs. Travis Dabbs, and children to visit his brother, 2nd Lt. Dabbs at Camp Hood.

Mr. and Mrs. Whitsett of Tulla spent the weekend with a daughter and family, Mr. and Mrs. Carl Wartes.

Mr. and Mrs. Don Pennell and children spent Sunday afternoon in Post visiting her sisters and families, the Carl Cederholms and the J. Fergusons.

Weekend guests in the Jack Hargroves home were her mother,

Mrs. Docia Copeland and her sister and family, Mr. and Mrs. Chaney Miller and son, from Mesquite.

Mrs. Carl Foster and daughter of Lubbock spent Sunday with her brother and family, the Hubert Taylors.

Mr. and Mrs. Blanton Martin and Suzanne of Spade spent the weekend with his parents, the Sam Martins.

Sunday visitors in the Earl Morris home were a daughter and family, the C. A. Maekers of Lubbock.

Mr. and Mrs. Jimmy Cummings of Muleshoe visited her parents, the J. O. Reeds, Sunday.

Riley Wood recently visited relatives in and around Abilene.

The U.S. aircraft carrier Saratoga has enough horsepower to supply electricity for a city of 1,500,000 people.

VISIT SHAHANS
Guests of the Rev. and Mrs. Roy Shahan Friday were their daughter and family, Mr. and Mrs. Kenneth Browning, Debbie and Beverly Kay, of Brownfield.

VACATION IS OVER
A four-day Easter vacation for students and faculty members of the Post schools ended Tuesday morning with the resumption of classwork.

SANTA FE CARLOADINGS
Santa Fe carloadings for the week ending April 20 were 22,429 compared with 25,511 for the same week in 1956. Cars received from connections totaled 11,332 compared with 12,239 for the same week last year. Total cars moved were 33,761 compared with 37,750 for the same week in 1956. Santa Fe handled a total of 33,681 cars in preceding week this year.
