Sept. 14-17 Set As Dates For Post's Gigantic Golden Jubilee Celebration

Sept. 14, 15, 16 and 17 have been set as the dates of Post's Golden Jubilee Celebration to be produced by the John B. Rodgers Producing Co. of Fostoria, O. Although contract with the production company was signed only last week, plans already are "snowballing" for the celebration, which bids fair not only to be the biggest event of any kind ever staged in Post, but also one of the biggest ever held anywhere in West Texas. A non-profit organization, the Golden Jubilee Corp., has been formed and a charter will be appointed for an executive committee of Mayor James L. Minor, general chairman; Bryan J. Williams, headquarters chairman; Lynn W. (Dunc) Duncan, treasurer, and Mrs. Madge Webb, secretary, has been appointed, and committee appointments are being made. The celebration will open Saturday, Sept. 14, with a street parade and close Tuesday, Sept. 17, with coronation of the Jubilee queen at a ball in her honor. In between will be an inter-denominational religious service on Sunday and recognition of pioneer residents on Monday. Each night except Sunday, a pageant depicting the 50-year history of Post will be enacted at Post Stampede Rodeo arena. Comprising the cast will be between 350 and 400 Post residents. Plans are to invite Gov. Price Daniel, Sen. Lyndon B. Johnson and Rep. George Mahon as speakers and to secure an outstanding evangelist—Billy Graham, if possible—for the Sunday religious service. Also planned in conjunction with the celebration is the unveiling of a statue of C. W. Post, the town's founder, on the courthouse square. Mrs. Marjorie M. Post of Washington, D. C., will be asked to unveil the statue of her father, a member of the executive committee said. At a contract price of \$6,150, the producing company will write the script for and direct the pageant, furnish costumes and scenery, send in one or more representatives several weeks ahead of the celebration to direct the proceedings, and provide other services. After meeting last Thursday morning with a Chamber of Commerce committee, a representative of the producing company outlined plans for the celebration at a meeting with representatives of various clubs and organizations in the Tower Theatre. He suggested a budget of \$13,000 and expressed confidence that this goal could be reached through sale of pageant tickets, showing permits, queen votes, souvenirs, etc. The representative told the group of similar celebrations his company had staged in Texas and said that not a single town in which they had produced an event had lost money. With Bryan J. Williams, president of the Chamber of Commerce, presiding, those present discussed the celebration from virtually every angle, with the producing company representative answering dozens of questions. One point brought out was the fact that Post stands to gain nationwide publicity from such an event because of its colorful history and the national prominence of its founder. Asked when work should begin on plans for the celebration, the representative replied, "Right now!"

Highway Department Is Setting Up Office Here

Post has been made the site of a resident engineer's office for the State Highway Department's construction division, which is to be established as soon as suitable office space is acquired. J. F. Smith, who will be the resident engineer in charge of the office, said this week that in all probability the offices will be in the Medical & Professional Building, but that it would be a few days before a definite announcement could be made in regard to the location. The resident engineer's staff will include Silas Ussery, office man; Joe Patton, engineering assistant; Tom Gates, chief inspector, and a field party of Leo Wisley, Bob West and Gene Kennedy. Smith said the office's location here is listed as "permanent," and that duties of its personnel will be supervision of highway construction projects in the area. Among the early projects which the resident engineer will supervise is the four-lane widening of U. S. Highway 84 from Post to the Scurry County line. The resident engineer also announced that about 10 acres of land adjacent to the present highway maintenance headquarters just southeast of town have been purchased for construction of a State Highway Department supply warehouse which will serve most of West Texas. Smith explained that the supervisory office of the resident engineer will be entirely separate from highway maintenance work, which is in charge of Jake Webb and is carried on from the maintenance headquarters southeast of town. Ussery, the resident engineer's office man, is the son of Ab Ussery, longtime Post resident. The younger Ussery has four children, three of school age. Smith has two children, both of school age. The wife of Bob West, one of the

Sixth Grader Is Winner Friday Of County Bee

Ten-year-old Sharon Blackwell, a sixth grade student at Justiceburg, outspelled six other contestants Friday afternoon to win the 1957 Garza County Spelling Bee and the right to represent the county at the regional bee in Lubbock March 30. It was the first time in the five-year history of the county spelling bee that the winner did not come from the Post school. Sharon, daughter of Mr. and Mrs. H. F. Ainsworth, is also the youngest contestant ever to win the county event. Three of the previous four county champions were eighth grade students and the other was a seventh grader. The second place winner, Marianne Jones, daughter of Mr. and Mrs. Paul Jones of Post, is also a sixth grader. Winner of third place was Kathleen Smith, daughter of Mr. and Mrs. A. M. Smith and a student in the Close City School. Other contestants were Judy Stovall of Post, Jerry Thuet of Close City and Harold Wayne Mason and Jerry Stone of Graham. Sharon won the championship after Marianne spelled development "development." The Justiceburg entrant spelled the word correctly, then got the next word, "dice," right to win the title. Kathleen, the third place winner, was eliminated when she spelled dangerous "dangerous."

Banker's Father Is Claimed By Death

Irby G. Metcalf Sr., father of Irby G. Metcalf Jr., president of the First National Bank here, died Tuesday night in a Durant, Okla., hospital. Mr. Metcalf, whose home is in Bokchito, near Durant, had been in ill health for some time, and his condition became critical Wednesday of last week. Irby Jr. and wife have been in Durant and Bokchito since receiving word of his father's critical condition. Funeral services were conducted at 3:30 p. m. Wednesday in the First Baptist Church at Bokchito. Besides the son of Post, Mr. Metcalf is survived by his wife, two other sons and a daughter.

DEADLINES LOOM; DON'T FORGET THESE!

Deadlines are creeping up from all sides. This is a time to remember that: March 26 is the last day for candidates to file for school trustee elections. March 29 is the last day for absentee voting in the special U. S. Senate election and the city election. March 30 is the deadline for buying 1957 auto licenses. April 15 is a double deadline—for state auto inspection stickers and income tax returns.

NEXT TUESDAY IS FILING DEADLINE

12 Already In Race For Trustee Posts

With the March 26 filing deadline still six days away, 12 candidates had filed up to 2:30 p. m. Wednesday for the seven places on the board of trustees of the Post Consolidated Independent County Line School District. Three candidates, A. Lee Ward, Clint Herring and Bill Edwards, filed early last week. Names filed by petition this week with Robert Cox, secretary of the present Post school board, are those of L. E. (Buck) Gossett, Martin Nichols, Burney Francis, Quannah Maxey, Robert Cato, Oscar N. (Bobby) Pierce, E. R. (Buster) Moreland and Stanley Butler. Cox said that although Dr. C. J. Lewis Jr. had not officially filed at 2:30 o'clock Wednesday afternoon, he had told him he would be a candidate for one of the trustee places. Herring, owner of Herring's Department Store, and Edwards, who is associated with Greenfield Hardware Co., are present members of the Post school board. Ward is a superintendent at Post Mills, Inc. Occupations of the other candidates are: Gossett, Garza Memorial Hospital administrator; Nichols, superintendent for Alamo Oil Corp.; Francis, farmer; Maxey, farmer; Pierce, associated with P&W Acidizing Co.; Cato, car salesman at Tom Power, Inc.; Butler, employee of Service Pipe Line Co.; Moreland, superintendent for Brown Bros. et al. oil operators, and Dr. Lewis, chiropractor. Francis is a present member of the board of trustees of the Garnolia Common County Line School District, and Maxey is a trustee on the board of the Graham Common School District. Consolidation of the Post, Graham and Garnolia school districts in an election March 1 necessitates the election of a new board to serve the district. In order to have their names on the ballot, candidates are required to file with Robert Cox not later than Tuesday, March 26.

Wednesday's Rain Brightens Outlook

Garza County's moisture outlook was brightened by Wednesday morning's mist and rains believed to be general over the county. No official measurement had been reported up to 3:30 p. m. Wednesday when skies began clearing. Most of the rain fell intermittently between 8 o'clock Wednesday morning and 1 p. m., after an early morning shower had wet the ground. Because of earlier rains, Wednesday morning's precipitation was more beneficial than it ordinarily would have been, seemingly soaking in as it fell.

Old Indian Legend On Direction Of Wind Is To Be Checked Friday

The direction from which the wind blows at sunrise Friday morning will determine what kind of crop year we will have, and those who put faith in the old Indian legend are hoping that it will blow out of the east or northeast, which will mean bumper crops. Noah Stone, who has checked the wind's direction on March 22 for the last several years, has said that he will be out again at sunrise Friday to see which way the wind blows. He checks it with a smoke fire built on the caprock just west of town. Last year, the wind was from the northwest on the first day of Spring, which indicated an average crop year. Most observers are unanimous, however, in the opinion that crops were below average last season. If Friday morning's wind comes from the west or southwest, it means parched crops, according to the legend, and if it blows from the south or southeast, poor crops are in store.

Vaccine Program Is Being Planned

Preliminary plans for a campaign to give Salk polio vaccine shots to as many children as possible before the polio season gets under way were mapped Monday night at a meeting called by J. Lee Bowen, chairman of the Garza County chapter of the National Foundation for Infantile Paralysis. Bowen explained that the vaccine has been made available to county chapters through the 1957 March of Dimes, and that the need now is to set up a program whereby every person up to 19 years of age may receive the immunization. The chairman appointed a committee of the Rev. Almon Martin, Mrs. Jack Ballentine, Mrs. Pat N. Walker, Mrs. Max Gordon and Mrs. Lee W. Davis to spearhead plans for what it is hoped will be an effective program. Dr. D. C. Williams, county health officer, was present and said he would contact other doctors here in regard to giving the immunization, perhaps on a mass scale. The committee plans to meet after hearing from Dr. Williams on what he and the other physicians think would be the best plan to follow. The Rev. Mr. Martin, who headed the 1957 March of Dimes here, said survey figures compiled by Mrs. Max Gordon, public school health nurse, showed that 274 elementary and junior high school students had not received the Salk vaccine, that 245 had received the recommended three injections; 75, two injections, and 49, one injection. He explained that these figures are inconclusive, since only 792 of the 1,395 questionnaires sent out by the health nurse were returned, and the survey was conducted only among the county's elementary and junior high school students. The consensus of opinion of the small group attending Monday night's meeting was that every child of school age should receive the vaccinations.

Six Students Enter Contest For Drivers

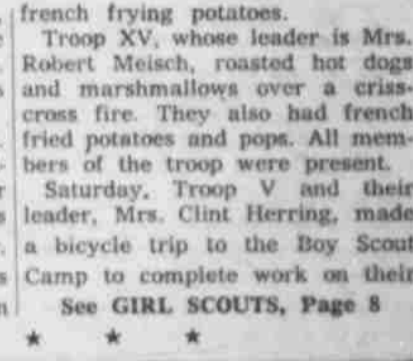

Six students have registered at the Chamber of Commerce office for the Student Driver of the Year contest being sponsored by the Chamber's community services committee. John N. Hopkins, committee chairman, said there is time for other students to register before the contest begins. All students with driver's licenses and those taking the schools' driver education course are eligible to enter. Hopkins said. Entries up to noon Wednesday were Frances Dietrich, Alice Kiker, Marilyn Steel, Don Davies, Leland Edwards and Benny Clary. The contest winner will be awarded a \$50 savings bond and a trophy.

TROOP MEMBERS, LEADERS AND GUESTS ENJOY OUT DOOR MEAL

Cookout Concludes Girl Scout Week

By KATHARINE TRAMMELL Saturday the Girl Scouts of Post concluded Girl Scout Week with what they described as "the most fun of all"—a cookout at the City Park. Members of each troop cooked their own food and demonstrated their accomplishments in outdoor cooking. Troop I broiled hamburgers and cooked coffee and pinto beans over a trench fire. Dessert was apples wrapped in foil and baked in the coals. Members of the troop present were Mrs. James Dietrich, leader; Mrs. Katharine Trammell, assistant leader; Mrs. T. L. Jones and Mrs. L. A. Barrow, committee members, and Misses Frances Dietrich, Lucy Ann Trammell, Betty Nelson, Patricia Crowley, Marilyn Steel and Ann Harmon. T. L. Jones was a guest of the troop. Mrs. H. L. Penny's Troop VIII served chili con carne over hushpuppies with green salad. Their cooking was done over a hunter's fire. Troop XII, Mrs. Ruthie Steptoe's Brownies, had tuna salad with lettuce and tomatoes. They french fried potatoes over a hunter's fire. Troop IV, under the leadership of Mrs. Alton Clary, barbecued steaks over a charcoal fire and cooked beans and coffee over a trench fire. Mrs. M. J. Malouf, assistant leader, brought hot rolls. They also enjoyed potato salad, vegetable salad, iced tea and pops and chocolate cake. Guests of the troop were Mrs. Claudine Michael and son, Steven, and Charles Diddyway. Mrs. Pat Walker's Troop IX built a fire in a park barbecue pit and cooked savory beans over the coals. Mrs. Frances McAfee was a guest of the troop. Troop VI did their cooking over the grill of a park barbecue pit. They had broiled hamburgers and "all the trimmings." Dessert was "some mores" made of graham crackers, chocolate bars and marshmallows toasted over a fire. Mrs. James Minor is troop leader and Mrs. C. R. Wilson is assistant leader. Mayor was a guest. Troop VII, with Mrs. Powell Shytle as leader and Mrs. Jack Kirkpatrick as assistant leader, broiled hamburgers over a grill, enjoying games and singing while cooking. Mr. Shytle and Mr. Kirkpatrick were the troop's guests. Mrs. Shelley Camp and Mrs. Odean Cummings, assistant leaders of Troop XI, helped their Brownies broil foil-wrapped steaks from a stick over hot coals. Mr. Camp and Mr. Cummings, guests of the troop, assisted the girls in french frying potatoes. Troop XV, whose leader is Mrs. Robert Meisch, roasted hot dogs and marshmallows over a cross-fire. They also had french fried potatoes and pops. All members of the troop were present. Saturday, Troop V and their leader, Mrs. Clint Herring, made a bicycle trip to the Boy Scout Camp to complete work on their

Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: Indigestion is the failure of a round stomach to adjust itself to a square meal.

If ants are so industrious, how come they attend all the picnics?

I'VE COME TO the conclusion that talk is an under-estimated force. What good community job ever got done without floods of preliminary conversation?

For example, at Thursday afternoon's meeting on the proposed Golden Jubilee celebration, everybody was given an opportunity to express an opinion, and for over an hour there was more talk going on in the Tower Theatre than there is when the feature film is on. The result was that nearly 100 per cent of those present left the meeting with the feeling that something had been accomplished, even though the more important details of the proposed celebration had been worked out at an earlier meeting of the Chamber of Commerce directors.

We have to talk things out unless we want some silent dictatorship to make all the decisions. There comes to mind a town where one new community improvement a year has become a habit. Someone talks up one idea, someone else has another idea. The folks talk about what shall be done, who shall do it, how it shall be done, where it shall be, how it can be paid for, and about all sorts of details. A terrible lot of useless words, it might seem, except that eventually a plan emerges and the talkers, most of them, go to work.

That's the way it was at Thursday afternoon's meeting on the Golden Jubilee celebration... we got far enough along with our talk that a definite plan did emerge, and no one who was there will disagree with me when I say that it took plenty of talk to get something definite decided on. There was a time or two, in the early and middle stages of the meeting, when if everybody had shut up there'd have been a stalemate and we'd have left the meeting in a state of confusion over the whole thing.

Getting back to this town where one new community improvement a year has become a habit, one year the women's clubs built a new library. One year the American Legion put up a grandstand on the athletic field that the service clubs had provided the year before.

The municipality put in new sewers last year, and another year some group added several necessary small improvements to the community park.

Probably the only thing our friends in that town are fully agreed upon is the main idea—they know that in one way or another they can get together on some one project each year and then in one way or another get it done. Takes a lot of talk, but they talk themselves into doing something.

With the pattern of doing things only a little different, it's the same in Post and in every other town and city in the United States. When we become so small and self-centered that we can't meet on a common level and talk these things out, then it's time for us to stop making any pretensions of progress and let stagnation take over.

THE WOMEN, bless 'em: A gal we know has been married 16 times. She can't stand men, but she's crazy about wedding cakes.

FOR ALL ITS assorted troubles, the world is on the threshold of new freedom—from the shoestring.

I do not mean the metaphoric shoestring on which our favorite tycoons started great enterprises, but the literal lacing that always breaks at the wrong time, that has tripped us all at one time or another and consumed millions of man-hours and woman-hours and child-hours in relatively unproductive, exhausting and frequently exasperating toil.

Liberation is here now—at hand and at foot—in the invention for which the jet age has been waiting, the shoe latch! This is a simple steel clamp that locks and unlocks at the flick of a finger. It is easily adjustable at any time, but is usually set for the life of your shoes when they are fitted.

And after we've learned to operate the shoe latch—better, I hope, than most of us have learned to operate a zipper—we shall doubtless look back in some wonder that a world tied down by shoestrings could have produced the atomic reactor, the electronic computer and the guided missile. And we shall be looking back, no doubt, from the windows of our space ships or a summer resort on Mars. From here on, without having to bother with shoestrings, we should really be able to go places!

Most of us are pretty forgiving of the other fellow's little mistakes. But once you've seen a man wearing a beret you can never feel quite the same about him again.

The old movies on television serve one educational purpose; without them we might forget just which actors won the war.

Thursday To Thursday

By CHARLES DIDWAY

WE REGRET THAT we're unable to lead off this week's column with a result of Wednesday morning's first day of Spring wind test, but if we were to wait until Wednesday morning to write "Thursday to Thursday," we'd have to come out with the paper Friday or Saturday. Then what would happen to Sunday, Monday and Tuesday?

THE REASON SOME people get lost in thought is that it is unfamiliar territory to them.

WE GOT A SHORT spelling lesson at the conclusion of Friday's Garza County Spelling Bee. After taking a picture of Fritz Greenfield handing out the Chamber of Commerce prize award checks to the three winners, Marianne Jones, who'd finished second, got word to us to be sure to spell her first name correctly when we put it in the paper.

WE'RE ALWAYS GLAD to get such spelling lessons, because if there's anything we hate to see crop up in a newspaper, it's someone's name—first or last—incorrectly spelled.

SINCE MARIANNE HAS one of those first names which is likely to be spelled most any way, including "Mary Ann," "Marian," etc., we don't blame her for wanting people to get it right. It calls to mind another spelling lesson we got a couple of years ago after Elisabeth Tubbs' name came out in the county fair results as "Elizabeth." She got word to us quick that her first name is spelled with an "s" instead of a "z."

SO, IF WE'RE getting any other names wrong in the hundreds that appear in this newspaper each week, we'd like to know about it.

A FRIEND OF OURS who used to live in Oklahoma, dropped by the other day to suggest that former Oklahomans such as he and I could kill two birds with one stone this year by joining in Post's Golden Jubilee celebration and that of our former home state at the same time.

WE RARELY SEE an Oklahoma paper anymore and had forgotten that the Sooner State is going all out this year to celebrate its 50th anniversary of statehood. Our friend brought us up to date on the deal, but said as he was leaving that his idea might not be such a good one after all. "Maybe if us transplanted Okies want to celebrate Sooner style this year, we ought to go back over there to do it," he remarked.

IF YOU'RE ONE OF Cong. George Mahon's constituents, which you are if you live in the 19th Congressional District, chances are you received from him a week or two ago a list of publications available for distribution by members of Congress.

WE'VE BARELY HAD time to glance at the list sent out by our Congressman, but we've noticed that subject matter ranges from buildings to weeds. Some of the titles which caught our eye are "Making Cellars Dry," "Turkey on the Table the Year Round," "Keep Your Tile Drains Working," and "Preparing Strawberries for Market."

Roger W. Babson Writes His Week:

The Careful Shopper Will Take Advantage Of Merchandisers' Special Sales Events

BABSON PARK, Mass.—I have already given hints as to buying real estate. That is: (1) Determine in which direction your city is growing best, and with the best houses,—East, West, North, or South. (2) Then drive out the main road in that direction. Buy when you come to the first good land offered by the acre,—not by the foot. I have also told those who are determined to bet at horse races to bet on two or three of the horses which have been coming in "second"! Now let me give some hints to women shoppers.

Discount Houses And "Loss Leaders"
I forecast that Discount Houses will constantly become a greater factor in merchandising. They have lower overhead than the big department stores and are worthy of the attention of every sharp shopper. Like all else in this world, they have their advantages and disadvantages. They can usually give you lower prices on all articles. On good furniture, textiles, and other merchandise which does not need mechanical servicing I recommend that they be patronized. I, however, cannot now recommend them for electric appliances, such as stoves, television sets, and perhaps washing machines, which need servicing.

Sales of "loss leaders" should be carefully watched. These have an economic use in merchandising in order to get customers into a store. A merchant can well afford to advertise and sell one article below cost, to get you into the store in the hope that you will also buy something else upon which he will make a good profit. A couple shopping with patience who will study the advertisements can (during the year) secure most of their goods from these "loss leaders" for one half their regular retail prices.

Watch For Anniversary Sales
But here is perhaps my best tip:—When one of your reliable stores has an Anniversary Sale, make a note of it in your diary. If you don't need to buy anything at that time, write down when it will come next year. (It must always come the same week each year.) Every month some store is having an anniversary sale. Careful

WE'RE ALL SPONSORS . . .

The words of Abraham Lincoln, "of the people, by the people and for the people," expressed in his immortal Gettysburg Address, can be applied to Post's Golden Jubilee celebration, on which preliminary plans are under way.

Unless the celebration is of, by and for the people, it stands little chance of success. On the other hand, the combined efforts of every resident of Garza County can make the celebration the outstanding event in Post's colorful 50-year history.

Back in the early Twenties, when Post was considerably smaller than it is now, community projects had a way of succeeding without being helped along by a "sponsoring organization." That was back before so many clubs and other groups sprang up to serve as sponsoring organizations for a myriad of projects. It has been our observation in recent years that club-sponsored projects are just that—sponsored by one club or organization, they fail to receive the undivided support of the others, hence many times are no bigger, relatively speaking, than the size of the club sponsoring it. This is not meant as a disparagement of our clubs, which certainly have helped the community grow and are doing it a world of good every day. It's just a way of pointing out that the success of such a celebration as that planned for our Golden Jubilee year depends not upon one club or a group of clubs, but upon all the people, many of whom are not affiliated with any community organization.

Community and county-wide interest on such entertainment projects as used to be sponsored at Two Draw Lake, back in its heyday, has died out in recent years. Our Golden Jubilee celebration might well be the means of reviving it. This over-all interest in things worthwhile is something that is constantly needed, regardless of how many worthwhile and community-minded clubs we have.

Few towns in the United States possess such a historical background for a successful celebration as does Post. The fact that the town was founded by C. W. Post, nationally known as a colonizer and as a cereal food manufacturer, gives us something to go on that might well be the envy of much larger and older cities.

Our historical background, tied in with the recent expansion of Postex Mills, Inc., increased oil activity, the White River municipal water project, an unprecedented highway improvement program and prospects for the best crop season in some time, can truly make this a Golden Jubilee year for Post. It is indeed a coincidence that our 50th anniversary falls in a year when the city's continued progress seems more assured than in any other year since its founding in 1907.

With the cooperation of every individual and the coordinated efforts of our clubs and other organizations, there is no reason why our Golden Jubilee celebration shouldn't be the biggest thing that's ever happened in Post, not only from the standpoint of entertainment, but also from that of welding us more closely together as a community and a county.

SOME OF THE other titles are, "What to Do When Your Home Freezer Stops," "Chiggers—How to Fight Them," "Warts on Cattle," "Determining Age of Farm Animals by Their Teeth," "Do You Get Enough Milk?," "Growing Peanuts," "Fitting Dresses," and "How to Build a Farm Pond."

THERE ARE SCORES of other titles, and George sends word with the list that he'll be glad to mail free copies of the bulletins to his constituents. "Please do not request more than twenty bulletins," he adds.

shoppers fill all their needs at these sales. Instead of forming the habit of trading at only their favorite store, they shop around at these different stores awaiting their Anniversary Sales.

There also are "White Sales," when you can buy cheaply all needed linen, etc. There also are "Fur Sales" when you can get bargains. Most of these occur in the summer; but I am told that the real bargains come at the very end of the winter. There are special sales where manufacturers are overstocked or are about to change styles or models. Watch for them. Watch your newspaper advertisements for real opportunities.

Auction Sales
Auctions have existed for the past 3,000 years. They regularly took place in the great public market places of Athens, Rome, and Venice. Many jewelry stores hold daily auctions in most large cities today. Of course, all stock exchanges work on the auction system. Until recently, however, I have hesitated to recommend that my readers buy at store auctions.

Certain cities, however, are now holding mammoth and reliable auctions publicized by television. That is, if you cannot be at the auction personally, you can watch it on television. Then, wherever you are, you have the privilege for one week of buying a duplicate of any article sold at the auction at the same price at which it was shown and sold at the auction. One of the most famous of these auctions is operated three times daily, except Sundays, at Clearwater, Florida, under the name of "Howard the Trader." While good stores have but few regular customers, this auction will have from 5,000 to 10,000 people daily. It is amazing. Either these auctions can revolutionize retailing, or else they will flop. Only the future can tell. I now don't even guess.

Finally, I recommend to every housewife either the Consumer Reports from Mt. Vernon, N. Y., or the Consumers' Research Bulletin of Washington, N. J., (non-profit monthlies). They make impartial reports as to the comparative quality of all nationally advertised products.

THE AMERICAN WAY

A MUST!

Our Contemporaries Are Saying . . .

Elusive At Times

One should think that after a person has gone through the soul-searching agony of a column once or twice that it should become second nature, more or less. Well, maybe the "Town Crier" has become second nature with this reporter, but that second nature is mighty hard to find at times.—"Town Crier" in The Hale Center American.

Song Of The Violin

The violin speaks a universal language of the human heart uninhibited by the shackles of words. It cries of the longings, the misery, the joys and the futility that are innermost in each secret temple of privacy. Its music touches horizons mortal sandals can never tread—its voice serenades mankind's dreams.—"Trail Dust" in Matador Tribune.

Staunch Supporters

Over in Andrews, Charlie Roberts decided that he would like to get a sample of public opinion on the (late lamented) Pool Bill. The first two women he met were asked, "Are you against the Pool Bill?" Both replied: "I sure am. It's hard enough to get my husband to do any work without having pool halls all over the place for him to loaf in."—"Rattlesnake Riley" in The Seminole Sentinel.

Losing Their Ears

If the people in the county are wondering why they are beginning to see so many earless rabbits along the highway, the reason is this. As of Monday morning, 1,720 pairs of rabbit ears had been

turned in at the courthouse. This amounts to a total of \$344 already paid out by the county and the bounty has only been raised for two weeks.—Yokum County Review.

Probably Happen Again

Wesley Craig Sturman is the new son of Mr. and Mrs. Jack Sturman who was born March 3. Under "Hospital News" last week, the youngster was listed as a girl. It's tough on a young fellow just entering this troubled old world when a newspaper fouls up his first news story. Unfortunately, it probably won't be the last time it happens.—"Town Topics" in The Tullia Herald.

Sense Of Humor

Even the editor behind bars down at Huntsville has a sense of humor. The Wink Bulletin goes to Huntsville every week, and in turn we receive the prison paper, "The Echo"—but that's not the point. The Echo contains lots of subtle humor. For example there was an item on the sports page recently which said that one of the prison farm baseball teams would be much strengthened because "Left So and So," former star pitcher in the Blank League, had come to the farm "after signing a 7-year contract with the Texas Prison System."—Wink Bulletin.

How Not To Succeed

LONE STAR AGRICULTURE

Remarkable Strides Make Dairying Leader In State's Farm Economy

By JOHN C. WHITE
Commissioner of Agriculture

Dairying, one of the youngest of all phases of Texas agriculture, has made such remarkable strides that it is now a leader in the state's farm economy.

A \$250 million annual business, Texas dairying during the past three years has ranked second only to cotton in total farm income value.

This position, of course, is partly due to the drought which has

been a member of the Student Council. At McMurry he is a member of the Indian Band.

taken as part of its terrific toll large drops in profits from livestock and other major farm products.

Still, the fact remains that Texas has come a long way from the days when most of our dairy products were imported and milk-producing was more a sideline than an industry in its own right. Dairy income today accounts for one out of every eight dollars earned in Texas agriculture.

This development from meager beginnings has been brought about by several economic factors and the foresight of state dairy leaders.

First, dairy development was recognized as a year-round income source as opposed to seasonal income from crops and livestock. Because of this, the dairy dollar is said to multiply itself approximately seven times in trade activity, far ahead of other farm products.

Then, too, the dairyman's productive capacity was challenged by tightening of the cost-price squeeze on all farm industries in recent years. To meet the challenge, Texas milk producers have become some of our most efficient farmers, modernizing and increasing production through use of new equipment, such as tank trucks for hauling, plant pipelines and other major improvements.

The drought, curiously enough, has also had an effect on these increases. Imported feeds, although expensive, have improved dairy cattle diet and increased the amount of milk produced. In 1956, for example, dairy production was up 14 per cent from 1955.

To handle marketing problems resulting from such increases, Texas dairymen organized themselves into the business of selling their own product much the same as other farm industries have done. The Texas dairy promotion and marketing program through milk-producers co-ops and their branch of the American Dairy Association is one of which we can be proud.

The dairy industry has truly come into its own as a full-fledged and vital partner in Texas agriculture.

Outcome Still Is Uncertain On Poage Cotton Measure

WASHINGTON (Spl.) — Rep. George Mahon of the 19th District has reported from Washington that the controversy over the Poage cotton bill will continue for several weeks and that the outcome is uncertain.

Dates for further hearings have not been set.

Mahon said figures prepared by the Department of Agriculture show that if the Poage bill is enacted into law it will cost the 19th Congressional District of Texas 118,000 acres of cotton allotment next year, channeling the acres into East and Central Texas.

This would result from changing the base period for allotments from the previous five years as in the present law to the previous three years, Mahon explained. The Congressman and representatives of the Plains Cotton Growers pointed this out in testimony before the House Committee on Agriculture last week.

One provision of the Poage bill would require the Department of Agriculture to establish a special loan on light spotted cotton.

West Texas have been working for a light spot loan program for a long time. The Secretary of Agriculture now has the authority under the present law to establish such a program.

In order to take the light spot issue out of the area of controversy, Mahon has introduced a separate bill which provides for a loan on light spot cotton but which omits the objectionable provisions of the Poage bill. Mahon said he would work for a settlement of the controversy which would include elimination of all provisions of the Poage bill which are discriminatory toward West Texas.

The Congressman pointed out that our cotton problems are national in scope and that no good purpose was being served by proposals reopening the cotton allotment fight between East and West Texas.

Mahon said he had received much helpful information in regard to the cotton acreage controversy from various farm organizations and farmers in West Texas and that he was presenting it to the House Committee on Agriculture.

COUNTY SHERIFF TELLS MOTORISTS

Defensive Driving Will Help Back Attack On Traffic Accident Toll

How good are you in a highway emergency? Would you know what to do if a car you were trying to pass suddenly speeded up, leaving you too little room ahead to pass safely?

Knowing the answer to questions such as this and reacting correctly and quickly when confronted by such a situation could save your life.

Sheriff Carl Rains demanded motorists of this fact today as he urged them to drive defensively. He spoke in behalf of the defensive driving program which the Texas Safety Association is conducting throughout March in cooperation with the National Safety Council. This is part of the nation-wide Back the Attack on Traffic Accidents campaign aimed at cutting the scandalous traffic toll. The spring phase of this campaign stresses the moral responsibility of drivers for their own and others' safety.

The sheriff explained that the defensive driver is one who drives in such a manner as to avoid accidents by anticipating and allowing for hazards created by the unsafe acts of others and adverse traffic and weather conditions.

"If a defensive driver suddenly found he did not have enough time to pass safely, he would not step heavily on the gas and take a chance of making it," the sheriff said. "He would slam on his brakes, let the car he was trying to pass move ahead, then drop back behind it."

The defensive driver realizes that in addition to turning in a top-notch driving job himself, he also has a responsibility to make up for the shortcomings of others, Rains said. He pointed out that such an attitude comes naturally

to persons accustomed to accepting their moral responsibilities in other departments of daily living.

"Unsafe actions of other drivers and pedestrians are not the only hazards that may confront the motorists," the sheriff warned. "He must also be alert to the dangers presented by adverse traffic and weather conditions."

The sheriff said drivers should be aware of the emergency situations that can arise when they're behind the wheel and should know how to cope with them. It is equally important to be constantly alert to anticipate danger and act quickly to remedy it, he said.

Garza Redesignated For Feed And Grain

Garza and Scurry counties have been redesignated for assistance under both the emergency feed grain and roughage programs, according to Joseph E. Box, Farmers Home Administration supervisor for the two counties.

Under this designation, farmers and ranchers may now file applications through April 1, 1957, to provide grain and roughage for basic livestock herds through April 15, 1957.

Box was notified of the redesignation by Walter T. McKay, state director of the Farmers Home Administration.

AM I CORRECT?

AMY VANDERBILT SAYS . . .

"The best-dressed women I know pay very little attention to the picaresque aspects of fashion, but they have a sound understanding of style. There are smart women who haven't changed the length of their skirts in twenty years, whose hats are always more or less the same shape although they vary in color and material with the seasons. Such women often wear their hair exactly the same way from girlhood on, wearing it short or long as most becomes them, despite current agitations one way or the other. We may envy such women. They have such a sure sense of what is good for them. They save time and temper assembling their wardrobes. Often they are considered among the best-dressed women in the world, although they might not make the famous list because, while they have style, they are superior to mere fashion."

"This sureness is, sad to state, not for all of us. Instead, we are pushed hither and yon by the shallow dictates of fashion, often to a degree that is truly wasteful and silly. While fashion, if you can afford it, is fun, it is no fun to feel you must discard an expensive dress you have worn only a few times because it is no longer "high style." Unless you can really afford it, or because of your position must afford it, it is better to avoid all the expensive aspects of radically new fashion ideas until they have been sifted enough for the sound ones to emerge and have a fair existence."

"The basic wardrobe has a theme which often carries through from year to year. If you have one winter cloth coat you must consider its color as your guide for all the seasons you wear it. The same is true of the accessories you bought for it. Such long-range planning means that you can buy better quality, for the investment is to be spread over more than one season, as it must be if you are an average woman not engaged in the fashion business—which lives on quick changes."

Mrs. Giles McCrary Elected President Of Parent-Teachers

In the Parent-Teacher Association meeting held last Thursday afternoon election of new officers was held with Mrs. Giles C. McCrary elected president to succeed Mrs. S. E. Camp.

Grassland School District Annexed To Tahoka District In Board Action

In 1945, it cost THIS MUCH

Today, it costs THIS MUCH

You would pay almost twice as much today to buy or build your home as you paid 12 years ago.

How about your fire insurance? Have you enough today — on a house and contents — to meet any loss?

We are qualified to help you determine just what insurance, and how much, you need on your home and furnishings.

And remember, if you're not fully insured — it's not enough!

POST INSURANCE AGENCY

E. S. STEWART, Mgr.

On order of the Lynn County Board of Education, the Grassland Independent School District has been annexed to the Tahoka Independent School District effective July 1 of this year.

The Lynn County Board took the action at a recent meeting also attended by members of the Grassland and Tahoka boards and called for the purpose of trying to work out a suitable plan for the Grassland school for the 1957-58 term and thereafter.

The following quotation from the minutes of the meeting appeared in the March 15 issue of the The Lynn County News:

"The situation of the Grassland district was brought to the attention of the County Board because it is this board's duty to classify the schools of the county. On the basis of ADA (average daily attendance), the Grassland school has failed to qualify for certification, as it has previously. It seemed feasible to make plans and preparations in time to enable officials to meet the needs of the children in the planning for the next term of school.

"The Grassland situation was discussed, with but few suggestions coming from either of the visiting boards of education. Two methods of procedure were mentioned: that of a contract for one year, the possible annexation of the two districts by the County Board of Education. No definite conclusions were reached in the joint session.

"Following the joint session, the County Board took the following action, after consideration of existing problems of both Boards of education involved: Voting unanimously to combine the two districts, with the following recommendations being made to the Tahoka Board of Education:

"1. The building and equipment needed or wanted be left for the Grassland community to use as a community center, if they so desire.

"2. That the teachers be left intact until Sept. 1, 1957, or until further agreement by Grassland and Tahoka.

"3. That, if it is practical and possible, the Grassland pupils be given a bus service that will not require long hours between home and school."

15 SON OF FORMER POST MINISTER

Former Post Resident And Wife Named Missionaries To Pakistan

A former Post resident and his wife, the Rev. and Mrs. M. Frank Gillham of Kerens, were appointed missionaries to East Pakistan by the Southern Baptist Foreign Missionary Board March 14 at its regular monthly meeting in Richmond, Va. They are among the first Southern Baptist missionaries to be appointed for this field where the board began work in January of this year.

A native of Pampa, Mr. Gillham is the son of a Baptist preacher and lived in Post while his father, the Rev. T. M. Gillham, was pastor of First Baptist Church here. He was graduated from Crosbyton High School as salutatorian of his class. He received the bachelor of arts degree from Howard Payne College, Brownwood, and the bachelor of divinity degree from Southwestern Baptist Theological Seminary, Fort Worth.

Mr. Gillham is pastor of First Baptist Church, Kerens, a position he has held since October, 1954.

Prior to that he pastored First Baptist Church, Medina, Tex., Victory Baptist Church, Comanche, Tex., and Calvary Baptist Church, Tucson, Ariz.

Mr. Gillham told the Board that during high school days when he attended a Baptist youth rally he realized that God wanted him to be a foreign missionary.

Also the child of a Baptist minister, Mrs. Gillham, the former Wynon Holmes, was born in Brownwood. She received the bachelor of science degree from Howard Payne College.

She has been an elementary school teacher in Fort Worth and Tucson, a Vacation Bible school worker for the Sunday School Board of the Texas Baptist Convention, and a summer worker with Mexicans in Texas for the Southern Baptist Home Mission Board.

Mrs. Gillham said that when she was about 10, as she took part in the missionary organizations of her church and heard missionaries tell of the needs of the world for the message of Christ, she felt that God wanted her life in mission service and surrendered it to him.

Mr. and Mrs. Gillham have a son, Mark Franklin, two.

They are among 17 young people appointed for overseas service at the March meeting of the Board, bringing the total number of active Southern Baptist foreign missionaries to 1,127.

Antelopes Finish Sixth Saturday In Crosbyton Relays

The Post Antelope track and field team scored 10 1/2 points Saturday in the third annual Crosbyton Relays, but failed to register a first place.

Half-miler Ray Gary lost by a half-stride to Canyon's Harlie Adams in the 880-yard run, with the winner timed at 2:04.2.

Another second place winner for the Antelopes was Jack Morris in the 440-yard dash. The event was won by Teddy Estes of Olton in 52 seconds flat.

Jerry Rains finished third and Ronnie Morris fourth in the 220-yard dash, won by Nelson Wofford of Lockney.

The Post mile relay team finished behind Childress and Olton to win third place in that event. Members of the Antelope team were Ronnie Morris, Gary, Rains and Charles Morris.

Gary finished in a three-way tie for third place in the pole vault.

The meet was won by Canyon with a total of 27 points. District 2-AA Lockney was second with 22 points, and another District 2-AA team, Abernathy, was fourth with 14 points. Post's 10 1/2 points was good enough for sixth place in the crowded field. Other District 2-AA teams scoring were Floydada, 9 1/2; Slaton, 9, and Tahoka, 5.

STATE TB MEETING

AUSTIN (Spl.) — Tuberculosis control will be the subject of discussion of doctors and lay health leaders from all parts of Texas as they assemble in Fort Worth April 4-6 for the 47th annual meeting of the Texas Tuberculosis Assn. They will review measures taken to prevent spread of the disease in Texas. Deaths from TB have dropped remarkably in the past ten years, but incidence of the disease has dropped much more slowly.

TCU INVITES IKE

FORT WORTH (Spl.) — President Eisenhower has been invited to give the Commencement address at Texas Christian University May 31, Pres. M. E. Sadler informed the trustees at their annual spring meeting Friday. If he is able to accept, the chief executive will be awarded an honorary LL.D. degree.

Record numbers of cattle in feedlots with plenty of grain to fatten them have produced unusually heavy supplies of quality beef.

Two other meats—lamb and turkey—are also in heavier supply than they normally are in the spring.

Most plentiful vegetables in the area include Irish potatoes, canned sweet corn and canned beets.

Only fruits on the USDA plentiful list are canned purple plums and dried prunes.

Rice, peanuts, peanut butter, milk and other dairy products complete the April plentiful foods list.

Maj. Roy D. Jones Assigned To Fourth Army Headquarters

Maj. Roy D. Jones of Post has assumed the duties of assistant Fourth U. S. Army marksmanship director at Fort Sam Houston, Tex.

He recently returned from the Far East where he was assigned to the training branch of the G-3 section, Korea Military Advisory Group, for 16 months.

Major Jones enlisted in the Army on July 14, 1933, and was graduated from the Field Artillery officer candidate school, Fort Sill, Okla., Jan. 14, 1942.

During World War II he served with the 95th Infantry Division in Europe, participating in three campaigns. He was decorated with

the Silver Star for gallantry in action during the Northern France campaign.

Upon his return to the United States, he was assigned as assistant headquarters commandant at Fort Bragg, N. C., receiving the Commendation Ribbon for meritorious service.

Transferred to Korea in 1946, he was a battery commander with the 1st Field Artillery Battalion. His next assignment was at Fort Riley, Kan., as a battery commander of the 571st Field Artillery Battalion. Returning to Europe in 1949, he was a battery commander of the 51st Field Artillery Battalion and held various staff positions.

Before going to Korea in 1955 he served with the Central Records Facility, Fort Holabird, Md., for two years.

Major Jones and his wife, Nevon N., have four children. They reside at 803 W. Kings Highway.

LEWIS CHILDREN HOME

Braxton and Marissa Lewis, children of Dr. and Mrs. C. J. Lewis, Jr., were released from Methodist Hospital in Lubbock Sunday and are now at home.

Mrs. Lewis remains in the hospital, but in an improved condition. The Lewis family was involved in an automobile accident recently.

SAFETY COUNCIL SET

The annual spring meeting of the Texas Farm and Ranch Safety Council will be held as a part of the Texas Safety Conference scheduled for Houston on March 25-27. The farm section will meet on the afternoon of March 25 and the morning of the 26th. Farm and ranch residents are urged to attend and to join the Council in their efforts at reducing the farm accident toll in Texas.

Attending the reunion of the Horton and Martin families in Snyder Sunday from Post were Mr. and Mrs. Ed Dye, Jack Meeks and Mr. and Mrs. Charlie Brown. The group also went to Abilene to visit Mr. and Mrs. J. A. Horton.

DUCK CREEK Soil Conservation Dist. Post Work Unit

PREPARATION FOR SPRING GRASS PLANTINGS

A large number of cooperators in the Duck Creek Soil Conservation District are planning to make grass plantings this spring and next spring.

Best results have been when the

seed is sown in feed stubble. However, with proper management certain grasses can be established without a dead stubble cover.

All native grass mixtures that are planted in close drills or broadcast should have a close drilled sorghum stubble for best results. These native grasses should be planted with a grass drill so the seed can be distributed evenly and at the proper depth. Native grasses should be sown where no cultivation is planned after the grass is established.

Grasses that are adapted on dryland in 40-inch rows are blue panicum, sorghum alnum, and weeping lovegrass. No sorghum cover is necessary if the grasses are sown in the late spring following the "blow season." Grasses should be dry sowed on a clean, firm seedbed either on flat broke land with rows marked off or in shallow lister furrows. Plantings should not be made in deep furrows because of the danger of seed getting covered too deep from hard rains.

In most cases grass plantings need spraying with 2-4-D or hood for weeds before the grass is big enough to cultivate. After the grass is established one to three cultivations are necessary each year.

For further information concerning grass plantings or any other conservation practices, contact the Soil Conservation Service personnel.

Our verdict had been given. With a word of commendation the Judge discharged us, the ladies and gentlemen of the jury. The completed duty brought little relief. Instead there was a burden, a spiritual weight. Days of testimony and hours of deliberation had given an oppressive sense of the world's sin and suffering.

The door of my church was open and I slipped inside. I was alone as the rays of the setting sun enhanced the rich colors of the windows. All was quiet. I dropped to my knees.

Gradually in the solemn beauty of that sacred place I found peace. Here was sanctuary for me and for all who would come in faith believing.

Thankfully I arose; my heart and mind felt calm and refreshed. I could go home now, but I would return often. In glad fellowship with God's people I would worship the Christ who died that men might be forgiven.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

No Acreage Left, Delegation Is Told

Garza County farmers L. S. (Hi) Turner and W. C. Bush, and Harris Poteet of Plains Cotton Growers, Inc., were told by the state ASC committee at College Station last week that there are no acres in reserve for an increase in the county's 1957 cotton acreage allotment.

Turner, Bush and Poteet formed a delegation authorized by Garza County members of PCG to call on the state ASC committee in an effort to get an increase in the acreage allotment, which was set at about 300 bales less than the 1956 allotment.

Poteet told The Post Dispatch this week that the state committee informed them that all acreage had been allotted except a few left for new farms.

Poteet said the state committee was very courteous to the delegation and went to great length to explain the procedure by which the county's 1957 allotted acreage of 41,498.6 had been determined. Although about 300 bales less than the 1956 allotment of 41,819 acres, it actually represents a slight increase based on the five-year crop history on which it was figured.

"Although we failed to get additional acres, we feel that our trip to College Station and our conference with the state ASC committee was not in vain," Poteet said. "It showed them that we are wide awake out here in trying to get what we feel is coming to us."

TO ATTEND MEETING

Mrs. Emmarhe I. Hartel and Mrs. Russell Wilks Jr. of the Garza County ASC office will be in Lubbock March 27 to attend a district meeting on ASC administration.

Garza Show Champ Wins At Lubbock

Don Richardson's light weight Angus won first place in its division Monday at the 24th Annual South Plains Junior Fat Stock Show in Lubbock.

The previous week, Don's steer had been judged grand champion of the annual Garza County Club Boys' Project Show.

Don, who is the son of Mr. and Mrs. Floy Richardson, is a 4-H Club member and a freshman in Post High School.

Results of other placings in the steer, hog and lamb divisions by Garza County 4-H Club and Future Farmers of America members had not been received Wednesday.

Tommy Young, president of the county's 4-H Club organization, helped judge the FFA princess entries at the show Saturday. Miss Ida Pearl Mason of Tahoka Rt. 1 was named FFA princess and Miss Polly Briscoe of Muleshoe, 4-H princess.

Garza County's entrant in the 4-H princess contest was Beatrice Kiesel, 15-year-old daughter of Mr. and Mrs. Herman Kiesel of Post Rt. 2.

March 29 Last Day For Absentee Vote

March 29 is the last day for absentee voting in two elections—the special election for a U. S. Senator and the city election, both on April 2.

Absentee votes in the Senate election may be cast at the office of County Clerk Carl Cederholm. For the city election they are to be cast at the City Hall.

In the Senate election, the voting boxes will be the same as in other county-wide elections, with North Post and South Post voters reminded that their voting boxes have been changed. South Post voters will ballot at the high school and North Post voters at the old band hall at the corner of 10th Street and North Avenue N.

In the city election, Mayor James L. Minor and councilmen Roy J. Baker and John N. Hopkins are unopposed for re-election. There are 23 candidates in the race to elect a senator to finish out the unexpired term of Gov. Price Daniel.

Additional Society News

Attending the Lubbock District Methodist Preachers Wives and Widows Club which met with the Rev. and Mrs. Wilbur F. Gaede at the Methodist parsonage in Crosbyton were Mrs. Joe Boyd and Mrs. W. L. Porterfield. A Dutch treat luncheon was served.

An installation service for deacons and elders of the First Presbyterian Church will be held Sunday morning.

The Nazarene Young People's Society elected new officers recently in their annual business meeting. They are: Mrs. Jack Haire, president; William R. Bennett, vice-president; Carolyn Jones, secretary; Charles McDaniel, treasurer; Junior Gray, program committee chairman; Mrs. Eula Wingham, membership and social committee chairman and Mrs. C. W. Blacklock, evangelistic committee chairman.

Attending the annual Assembly of the Texas Convention of Christian Churches in Dallas March 21-24 from Post are the Rev. and Mrs. Almon Martin and daughter, Mickie; Mr. and Mrs. K. Stoker and Mrs. Lee Davis. They will hear addresses by prominent church leaders and scholars, act on resolutions brought before business sessions, participate in study groups and workshops and take part in meetings of other church organizations planned in conjunction with the convention. Three top missions workers on the program will help the Disciples of Christ launch a year-long emphasis on world outreach. The theme of the assembly will be "The Field is the World."

The revival meeting of the First Baptist Church of Justiceburg begins Sunday, March 24, through Palm Sunday, March 31. Services will be held each evening at 7:30. The Rev. Graydon Howell of the Post Calvary Baptist Church will preach. The schedule is: Sunday School, 10 a. m.; preaching, 11 a. m.; training union, 7 p. m.; preaching, 8 p. m.

Thirty-five hundred Baptist Sunday school workers from our town and other cities over the state will go to Dallas Monday and Tuesday, April 1 and 2, for their annual Sunday school convention. Post will be represented by: Mrs. Roy Shahan, Mrs. E. R. Moreland, Mrs. Bill Driver, Mrs. Walter Johnson, Mrs. I. E. Bounds, Ray N. Smith and Miss Louella Eades. The two-day meeting will be held at the First Baptist Church. Included will be four main sessions on planning, teaching, training and witnessing; 30 smaller conferences for teachers and works; a special meeting for pastors and a banquet for associational Sunday school officers. Gov. Raymond Gary of Oklahoma will be one of the main speakers. Others will include Dr. Ullin W. Leavell, director of the McGuffey Reading Clinic at the University of Virginia, and Dr. Charles Treadway, editor of vacation Bible school materials for the Southern Baptist Convention. Highlight of the convention will be a drama presented by members of the First Baptist Church. Entitled "Unto the Least of These," it is a dramatization of Leo Tolstoy's short story, "The Guest," and was written for production by the Twentieth Century-Fox Studios in Hollywood. The play is based on Matthew 25:40: "... inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me." Theme of the convention will be "Unto a Full Grown Man." Visitors will also tour the Dallas facilities of the Buckner Orphans Home, the Mary E. Trew Home for the Aged, the Baylor University Hospital and Dental College, the First Baptist Church Recreation Building; the Baptist Building, and the Baptist Book Store. Convention sessions will get underway at 2 p. m. Monday, April 1, and last through 9:30 p. m. Tuesday, April 2.

The Rev. Lyman Wood of Petersburg is the evangelist chosen by the Church of the Nazarene to preach through Holy Week. Mr. Wood is an outstanding preacher and singer.

The Rev. Clinton Edwards of the First Presbyterian Church reports, "The sermon Sunday morning will be 'Follow the Leader' and the morning service will be a special one to install the elders and deacons who were recently elected by the congregation. The evening sermon at 7 p. m. will be 'Belshazzar's Dream.' This is the fourth in the series, 'Eventful Nights in Bible History.'"

Program Planning Clinic Is Set For Tomorrow At The City Hall

Newly-elected officers and program chairmen of PTA's, study clubs, mental health groups, civic and service clubs, and church groups are invited to participate in a Program Planning Clinic sponsored by Post in cooperation with the Adult Education Program of Texas Tech.

The meeting will be held from 1 p. m. to 9:30 p. m. Friday, at the City Hall.

One of a dozen such clinics being conducted around the West Texas region, the local area meet will also bring together new leaders of community groups from Post, Crosbyton, Spur, Ralls and Snyder.

A program planning clinic, like a health clinic, is designed to meet the specific problems and needs of the people coming to it, according to G. H. Peters, field representative for the Adult Education Program.

He pointed out that newly-elected officers and program chairmen always have certain problems. How do we plan ahead for the coming year? What subjects shall we deal with? How can we present the programs so that the members will be interested and attend regularly?

The program planning clinic deals with both techniques of effective presentation and suggests program ideas and sources of materials, Peters stated.

"Every group has its own particular interests. Often the nature of the club determines the general areas of programming," he continued. "As in the building of a house, members of each family must determine how many rooms they need, the activities which are to be accommodated, the general style they desire, and how much they are able to pay for it. Then the architect and contrac-

hear Mrs. Charles W. Riddle, missionary on furlough from India speak at the First Presbyterian Church in Snyder on March 27 at the Abilene Presbyterian spring meeting. Mrs. Riddle, who was born at Mussoorie, India, is the daughter of Presbyterian missionaries in India and the wife of a Presbyterian missionary who has served in both China and India. She has been closely associated with mission work in the Far East all her life. Most recently, Mrs. Riddle has worked with women's groups and with the Christian Education Committee of the Punjab Synod, especially on curriculum of Christian teaching in mission schools. Mr. and Mrs. Riddle went to Peking, China, in 1944 where Mrs. Riddle taught English at Truth Hall Academy, a Presbyterian school for boys, and served on the women's work committee of the Presbytery. Later, when Communists assumed control of Peking, the Riddles were transferred to Moga, India, where they worked in the training school for village teachers. At this place, Mrs. Riddle organized a monthly meeting for mothers of the kindergarten children and helped in the kindergarten. Mrs. Riddle was graduated from Park College and received her Master of Science degree from the University of Chicago. Following her graduation she traveled for the Student Volunteer Movement.

There will be a singing at the Calvary Baptist Church Sunday afternoon at 2:30. Everyone is cordially invited to attend and join in the old time gospel singing.

Jerry White of Lubbock will preach at the Calvary Baptist Church during the morning and evening services while the regular pastor, the Rev. Graydon Howell, is in Justiceburg holding a revival.

The local ministerial alliance is now working on plans for a city-wide observance of Easter Week.

The "March to Easter" Sunday school emphasis at the Church of the Nazarene is showing gains according to the Rev. Cecil Stowe. There have been either conversions or additions to the church membership for the past four Sundays. Also the Sunday school attendance has been on the increase. The pastor says that next Sunday is men's day at the church and a great number are expected to attend. Last Sunday was boys' and girls' day and a large number were present.

The Rev. Roy Shahan of the First Baptist Church says, "The pastor speaks at both services Sunday. At the morning service, 'A Timely Exhortation,' Eph. 5:14. At the evening service, 'A Message of Certainty in an Uncertain World,' 2 Cor. 5:1. A new department was started last Lord's Day for married young people in our Bible School. George Tracy is the teacher of the young men. Mrs. Roy Shahan is the teacher for the young ladies. There were 12 present in this new department. A welcome awaits you in our services."

tor can go to work. Officers and program chairmen are elected to help draw up these plans and carry them out for their groups." It is for these leaders that the program clinics are designed.

Mrs. Raphael's mother, Mrs. L. T. Bledsoe, and former Postite, Mrs. O. C. Thomas, of Ralls, were guests.

An invitation was extended Mrs. Raphael to speak at the April 4 meeting of the Ralls P.T.A.

Mrs. Dent Hostess At Fellowship Meeting

The Christian Women's Fellowship met in the annex of the First Christian Church Monday afternoon with Mrs. W. E. Dent as hostess.

The lesson, presented by Mrs. Lee Davis, was the 8th and 10th chapters of Romans. During the business session, plans were made to entertain Miss Hallie Lemon, missionary to Mexico and other Latin American countries, when she is in Post on April 5.

The hostess served banana cream pie to the following members and guests: Mmes. Davis, Almon Martin, Victor Hudman, Ella West, Eva Bailey, Mason Justice, Willard Kirkpatrick, K. Stoker, the Rev. Almon Martin and Mickie Martin.

Three Are Hostesses At Eastern Star Meeting

A regular meeting of the Order of the Eastern Star was held Tuesday evening in the Masonic Hall with Mrs. Lester Nichols, Miss Henrietta Nichols and Mrs. Ellis Mills serving as hostesses.

Mrs. Billy Johnson presided as worthy matron and Bobby Pierce as worthy patron.

Following the business meeting the hostesses served refreshments. The next meeting will be held early in April at which time an initiation service will be held.

Particular Religious Preference Is Show By Majority At Tech

LUBBOCK (Spl.)—Eighty-seven per cent of Texas Tech's 8,055 fall semester students expressed a particular religious preference, the registrar's office reports.

Baptists are represented by 2,714 students; Methodists by 2,014; Church of Christ, 760; Presbyterians, 533; Disciples of Christ, 392; Roman Catholics, 310; Episcopal, 182; Lutherans, 116; Assembly of God, 27; Nazarene, 20; and Christian Scientists, 18.

Rounding out the 28 faiths listed were Apostolic, 1; Bahai, 2; Brethren, 1; Christadelphian, 1; Church of God, 4; Congregational, 5; Evangelical, 1; Foursquare Gospel, 3; Greek Orthodox, 5; Hebrew, 9; Jehovah's Witnesses, 2; Latter Day Saints, 10; Moslem, 2; Pentecostal, 2; Quaker, 3; Seventh Day Adventist, 4; and Unitarian, 6.

Student religious needs on the Tech campus are served by six church-sponsored student centers. They are the Baptist Student Center, Church of Christ Bible Chair, Presbyterian Westminster House, the Methodist Student Center, Disciples of Christ Student Fellowship; and Episcopal Bible Chair.

These centers offer a total of 17 courses in Biblical literature. Recognized for academic credit by Tech, the courses are taught off-campus in the church centers at no expense to the State supported institution.

Further Christian activities are made available to Tech students through the Lubbock YMCA, located near the campus.

Former Post Woman's Father Death Victim

Wiley Morgan Stephens, 85, father of Mrs. Grady Moss, former Post resident, died at 3 a. m. Monday in a Littlefield hospital following a brief illness.

Mr. Stephens, who was born in Kentucky, moved to Texas in 1886 and to Dickens County in 1910. For the last three years he had been living at the home of Mrs. Moss in Anton. He visited in Post on a number of occasions while his daughter lived here.

Funeral services were conducted at 2 p. m. Tuesday in Dickens Church of Christ, with burial in Dickens Cemetery.

Besides Mrs. Moss, he is survived by another daughter, five sons, two sisters, a brother, 26 grandchildren and 27 great-grandchildren.

Justiceburg Couple Attends ABC Relays Held Saturday, Big Spring

Sixteen attended Sunday School here Sunday. Bro. Calhoun and Bro. Cage attended the services with Bro. Calhoun delivering the message on "Ruin of Alcoholic."

Mrs. Henry Key and Mrs. Bobby Page were in Slaton Saturday. Mr. and Mrs. Cecil Smith visited in Crosbyton Friday with his sister, Mrs. Ella Murphy.

Mr. and Mrs. R. J. Key were in Big Spring Saturday to attend the ABC Relays. Their son, Jerry, who attends Howard County Junior College, took part in the relays. The Keys and their son were Saturday evening guests of Mr. and Mrs. Maurice Wright and family.

Mr. and Mrs. W. C. Cantrell of Lubbock visited her mother, Mrs. John Reed, and other relatives here Friday.

A. G. Gordon of Hale Center and C. W. Dorman of Snyder visited friends here Monday.

Mrs. Henry Key and Mrs. Billy Page were Lubbock visitors Tuesday.

Two Post Students Rank High At Tech

Two students from Post are among the 379 listed in the upper 5 per cent of the student body in their respective schools at Texas Tech. They are Bobby D. Dunlap, son of Mr. and Mrs. Marvin Dunlap, and Leonard Short, son of Mr. and Mrs. Lowell Short.

Bobby is a student in the School of Arts and Sciences and Leonard is a student in the School of Engineering.

Also listed in the upper 5 per cent scholastically is Gerald E. Dabbs of Southland, a student in the School of Arts and Sciences.

These three top-ranking students were among those honored during Tech's annual All-College Recognition Service at 2 p. m. Sunday in Lubbock Auditorium.

L. J. Richardson Jr., formerly of Post, is helping head a project for a \$10,000 outdoor recreation center at Brownfield. Richardson, an employee of the First National Bank there, is Terry County Park Board chairman.

Rotarians To Attend Meeting At Lamesa

The Post Rotary Club will be represented April 7, 8 and 9 when the Lamesa club is host to an expected 500 Rotarians from all over West Texas at the annual spring conference of the organization.

Plans for entertaining, housing and feeding the larger-than-usual number of members who are expected to attend are well under way by the Lamesa club. Hundreds of rooms are being made available by hotels, motels and private citizens for the influx of visitors.

The "Friendship House," scheduled for Sunday afternoon, April 7, will be held at the newly completed Lamar Forrest Community Center in Forrest Park.

Several top speakers in Rotary International will be on hand for the general sessions of the organization.

BITS-OF-NEWS

Mrs. J. S. Avant and Mrs. Ruby Wood of Slaton, aunts of Mrs. Buck Gossett, visited in the Gossett home Monday. Mrs. Jerry Hester was also a guest.

Mrs. Buck Gossett and daughter, Janie, attended the first services of the Slaton Church of Christ in the new auditorium Sunday.

Mrs. Albert McBride spent the weekend convalescing in the home of her parents, Mr. and Mrs. Alex Kittrell of Lorenzo, after minor surgery in the West Texas Hospital of Lubbock. Mrs. McBride will re-enter the hospital this week for major surgery.

HELPS PLAN CAMP Miss Jessie Pearce, county home demonstration agent, was in Lubbock Wednesday attending a camp planning committee meeting. The Southwestern Public Service Company, in cooperation with the Extension Service, is sponsoring the District 4-H Club Camp to be held in Lubbock on July 17, 18 and 19, where the club members and their leaders combine learning about practical uses of electricity with play. Miss Pearce is a member of the committee on equipment, one of the study sections of the camp.

SAFETY CONSCIOUS

Farm and home accidents can be reduced when farm people include in their everyday living a safety consciousness that becomes a part of every job whether on the farm or ranch or in the home. "Make safety your business," advises the Texas Farm and Ranch Safety Council, "then live to enjoy it."

COLLECTION CONTAINS 53 PORTRAITS

Hall Of Cattle Kings Presented To Tech By State Fair Of Texas

LUBBOCK (Spl.) — The State Fair of Texas has given its Hall of Cattle Kings to Texas Tech. The collection contains 53 photographic portraits of men who were outstanding leaders in establishing the Southwestern cattle industry.

The portraits have been hung in the Tech Agriculture Building. Originally they were exhibited at the Texas Centennial Exposition (1936). They were in the care of the Dallas Historical Assn. until their transfer to Tech.

Dr. W. L. Stangel, Tech agricultural dean, said the collection will be a permanent exhibit on the campus. "Through the years we hope to add the portraits of representative leaders of the Southwestern cattle industry," he commented.

Acquisition of the Cattle Kings exhibit is another indication that Tech is a fast-growing center of information on ranching history. The institution's Southwest Collection contains one of the world's most extensive accumulations of ranching records.

Creation of the Hall of Cattle Kings was the idea of Dean Stangel, who was manager of the Centennial Exposition's Livestock Division.

The Hall was part of a larger exhibit of representative Texas cattle brands and trail maps which Dean Stangel suggested. The late Gus L. Ford of the Tech history faculty headed research on the exhibit and the final assembly of it.

Persons instrumental in working out an agreement to transfer the Cattle Kings portraits to Tech include: Dr. Clifford B. Jones of Lubbock, Tech president emeritus; R. L. Thornton of Dallas, State Fair president; James H. Stewart of Dallas, State Fair executive vice-president and gener-

al manager; and Dr. and Mrs. Herbert P. Gambrell of Dallas representing the Dallas Historical Assn.
