

District 2 TAAF Basketball Tourney To Be Held Here Feb.25-March 2

The biggest basketball tournament ever held in Post will be unrolled the week of Feb. 25-March 2 when at least 22 area independent teams compete for the right to represent District 2 at the state TAAF tournament in Lubbock. Veterans of Foreign Wars Post 6797 is sponsoring the tournament, and Bob Poole, post commander,

has named Buddy Hays as tournament director. The entry deadline is Feb. 20 and until then, depending on the number of teams entered, it will be uncertain what type of tournament will be staged. "A single elimination or consolation tournament will be held," Hays said. "It all depends on the

number of teams entered by the Feb. 20 deadline, but we're almost certain there'll be enough entries to provide two or three games a night." The first game each night will begin at 7 o'clock in the Post High School gymnasium. The winning team is guaranteed a \$200 cash prize, to be used as

expense money to the state tournament. Admission charges for the games in the tournament to be held here have been set at 25 cents for children and 50 cents for adults. The District 2 TAAF tournament is open to all independent men's basketball teams in the

counties of Lubbock, Scurry, Borden, Yoakum, Terry, Lynn, Garza, Kent, King, Dickens, Crosby, Hockley, Cochran, Bailey, Lamb, Hale, Floyd, Motley, Cottle, Gaines, Dawson and Andrews. Each team must have played a minimum of six games before the district tournament begins to be

eligible. Entries, including the playing roster and \$12 entry fee, are to be mailed to Dick Walker, Director of Athletics, City Hall, Lubbock. Both Post independent teams, the K&K Food Mart and Brown Bros., will compete in the tournament. Other area teams will in-

clude Primm Drug of Brownfield, teams from Lubbock's City League and from other towns throughout the district. The local VFW post commander said he considered Post very fortunate in getting the tournament, since a number of other towns were after it.

City Council Places Ban On Fireworks

The sale or setting off of fireworks within the city limits is banned in an ordinance passed at Monday night's meeting of the City Council.

The ordinance sets forth that "it shall be unlawful for any person, firm or corporation to sell or offer for sale any fireworks of any kind within the city limits, and that it shall be unlawful for any person, firm or corporation to set off, shoot or explode any fireworks

within the city limits." The ordinance provides for a fine of not less than \$1 nor more than \$100 for each offense in violation of the measure.

Also at Monday night's meeting, the council heard representatives of Southwestern Public Service Co. offer plans for expanded street lighting here, but took no action on the proposal.

The council passed a resolution asking that the State Highway De-

partment change population signs on highway approaches from 3-136 (1950 census) to 4,145, which has been arrived at from the current number of light, water and gas meters.

April 2 was set as the date of the city election, at which time a mayor and two councilmen will be elected. Terms expiring are those of Mayor James Minor and Councilmen Roy Baker and John N. Hopkins.

Filing deadline for the election has been set for March 2. Candidates are to file with Kate Lowrie, city secretary.

The council heard a report from Councilman Powell Shytle that no more blocks will be solicited for street paving until the ones already signed up are completed.

It was announced at the meeting that stop signs are to be placed on all city streets at their intersection with U. S. Highway 380.

Expanded Lighting Streets Is Proposed

Following a meeting Monday night with representatives of the Southwestern Public Service Co., the Post city council is considering a plan for expansion of street lighting to practically all parts of the city.

The expanded program would cost the city \$318.50 a month as compared with the \$132.25 a month it is now spending Mayor James Minor said.

The lighting expansion would include four 15,000-lumen mercury vapor lights on the courthouse square, 26 10,000-lumens on U. S. Highway 84, 15 6,000-lumens on U. S. Highway 380, and 113 4,000-lumens in other sections of the city.

Mayor Minor said the county would pay \$17 a month for the new lights on the courthouse square and that Postex Mills, Inc., would pay \$9 a month for six 4,000-lumen lights there. This would reduce the cost to the city to \$319.50 a month.

At present, there are 15 mercury vapor lights on Main Street, two 4,000-lumen lights at the City Park, 16 2,500-lumen lights on U. S. 84 and around the schools and 52 1,000-lumen lights in other sections of the city.

The Southwestern Public Service Co. will install and maintain the additional lights at no cost to the city, Mayor Minor said.

The proposed lighting project was explained at the council meeting by Ted R. Hibbs, local SWPS representative. See **STREET LIGHTS**, Page 8

Farm Labor Meeting Set For Tuesday

A farm labor meeting for the purpose of determining labor needs in Garza County will be conducted at 10 a. m. Tuesday in the district courtroom by Tom Bourland, farm representative for the Texas Employment Commission office in Lubbock.

Farm workers desiring employ-

ment and farmers who will need to employ laborers are invited to the meeting.

It will be determined at the meeting if a farm labor shortage exists in the county and whether or not there will be a need of bringing braceros into the county, Bourland said.

While here Tuesday with B. T. O'Connell, manager of the Lubbock TEC office, Bourland said farm laborers unable to find employment in Garza County are invited to attend farm labor meetings on Monday mornings at the Farm Labor Camp, 1002 First Place, in Lubbock.

Tester Logs Show

Alamo Corp. No. 1-G Kuykendall "B" development in the Garza-Glorieta field, three miles northwest of Post, was continuing to test after flowing new oil on production gauge.

Perforations opposite the Glorieta from 3,814-22 feet were acidized with 1,500 gallons. The well kicked off to flow at the rate of four to five barrels of new oil per hour plus 1 to 2 per cent water. Total depth was reached at 3,856 feet.

The wellsite situated 330 feet from east and 360 feet from north lines of the northwest quarter of Section 1235, AB&M Survey.

In other oil activities, Neville G. Penrose and R. S. Anderson, operating from Midland, have filed application to drill two new developments in the southeast part of the county. One will go to the Strawn, the other to the Glorieta.

Deeper of the two is projected for 7,850 feet two miles southwest of Justiceburg. It is designated the No. 1-V Miller. Exact location is 990 feet from south and 330 feet

Spring Style Show Set For Band Uniform Fund

A Spring style show for the benefit of the Post Antelope Band uniform fund will be staged by Franleigh Feb. 26, in the elementary school auditorium.

Mrs. Hazel Greer and Mrs. Reba Driver of the fashion shop have announced that the style show will be two-fold in purpose — to show their complete line of spring merchandise and to help raise funds for the purchase of new band uniforms.

The Antelope band, under the direction of Bob Meisch, will play a concert during the event. Thirty or more local people will model the shop's Spring wearing apparel, according to Mrs. Greer and Mrs. Driver.

LIONS HEAR READING

Members of the Post Lions Club heard a reading by Andy Schmidt on Abraham Lincoln at Tuesday night's meeting. The Rev. Cecil Stowe was in charge of the program.

DIRECTORS FOR 1957 ELECTED AT MEETING

Garza To Protest Cotton Allotments

Garza County members of Plains Cotton Growers, Inc., decided at a meeting Friday night to send a delegation to the state ASC committee at College Station in a move to get an increase in the county's 1957 cotton acreage allotment.

The group also elected directors and heard a talk on PCG's accomplishments by George Pfeiffenberger, executive vice president of the organization.

Pfeiffenberger told the group that either he or his assistant in

the PCG headquarters at Lubbock would head a two or three-man delegation from this county to College Station, and that in his opinion there is a chance of the county getting an increase in its acreage allotment.

Earlier, he had explained the procedure by which the county's 1957 allotted acreage of 41,498.6 acres had been determined. It is a little more than 300 acres less than the 1956 allotment of 41,819 acres, but actually represents a slight increase from the basis of the five-year crop history on which it was figured.

He told the group that Cochran and Borden counties, the only other counties on the South Plains receiving cuts for 1957, had had their acreage allotment adjusted upward and that "it won't hurt for us to try to get Garza County's allotment increased."

Irby G. Metcalf Jr. was re-elected businessman-director from this county on the PCG board and L. S. "Hi" Turner was elected farmer-director. He succeeds L. G. Thuet Jr.

In tracing the accomplishments of PCG since its organization a year ago, Pfeiffenberger mentioned promised changes in the Lubbock Cotton Classing Office; testimony before the Senate and House committees which resulted in the Department of Agriculture dropping its proposal to change the loan basis from seven-eighths to average of grade; attempting to get Commodity Credit Corporation to recognize "light spotted" cotton, and assistance on law suits against USDA on acreage cuts.

The PCG official explained that these accomplishments were not entirely the work of the organization, but that it cooperated with other agencies in bringing them about.

Antelope Cage Teams Nearing End Of Trail

The Post Antelope basketball teams will close out their season at Tahoka Friday night in District 2-AA contests against the Bulldog teams.

In games here Tuesday night, the "A" boys defeated Slaton, 67 to 45; the "A" girls lost to Slaton, 63 to 49; the "B" boys won, 53 to 24, and the "B" girls were victorious, 37 to 24.

Friday night's games at Tahoka will have no bearing on the district race, since Floydada won the boys' title by downing Spur Tuesday night, and neither the Post nor Tahoka girls have a chance at the championship in their division.

The Post boys, in district competition, have defeated Spur, Abernathy and Slaton twice each, have lost to Floydada and Lockney twice each, and hold one victory over Tahoka.

Right Leg Fractured In Dismounting From Horse

Russell Wilks Jr. suffered a broken right leg about noon Sunday when a horse from which he was dismounting whirled and struck him.

The accident occurred at Wilks' home about 20 miles northeast of Post. The leg was broken below the knee.

After being treated by a physician here, Wilks was taken to Lubbock Methodist Hospital. X-rays of the injured leg were made Wednesday.

NAMES JURY COMMISSION

A new jury commission for the 100th Judicial District Court was selected here Tuesday by Judge Louis B. Reed. Members of the commission are Ira L. Duckworth, Mrs. Irene Rodgers and J. H. Haire. The new commission's first duty was selection of petit jury and grand jury lists for the March term of court.

Post High Students Choose Favorites

Noel White and Orabeth Maxey, senior students, have been selected as "Mr. and Miss Post High School" of the 1956-57 term.

Class favorites have also been chosen at the high school and basketball sweethearts were crowned at Tuesday night's Slaton game.

The class favorites are: Freshman, Rhea Peel and Bob Cost; sophomore, Barbara Shytle and John T. Brown; junior, Gwen Copple and Butch Wilson; senior, Dixie Davis and Ronnie Morris.

Barbara Sue Stone was crowned Tuesday night as sweetheart of the boys' basketball squad and Kenneth Martin as sweetheart of the girls' squad.

"Mr. and Miss Post High School," the class favorites and basketball sweethearts will be among those featured in the 1956-57 edition of the "Caprock," high school yearbook.

Re-Hire Principals

Principals Ellis M. Mills of Post Junior High School and Jack Lancaster of the elementary school were re-elected for another year at Monday night's meeting of the board of trustees of Post Independent School District.

The board heard a report by Supt. R. K. Green that current enrollment in the high school, junior high school and elementary school is 1,015, an increase of 26 over enrollment at the same time last year.

High school enrollment is 264, an increase of 14 over last year; elementary school, 513, an increase of eight, and junior high school, 244, a decrease of six from last year's enrollment.

Enrollment in the Negro school is down to 48 from last year's enrollment figure of 56.

The board approved 120 feet of street paving in Block 102, which will complete paving on all streets around school property. In other action at Monday night's

meeting, the board granted use of the elementary auditorium on the night of March 7 for a special program by the Church of God of Prophecy.

Cotton Reserve Get \$275,000 Allocation

Garza County has been allocated \$275,000 for the 1957 cotton acreage reserve program under which producers may sign agreements to reduce their cotton acreage below their 1957 cotton allotments.

Sign-ups under the program began Feb. 4, with March 1 set as the deadline.

Up to noon Wednesday, 60 farms had been included in the program, according to Emmarhe I. Hartel, county ASC office manager. Applications are being accepted on a first come, first served basis.

THEIR INTEREST IS COTTON—Pictured at Friday night's county Plains Cotton Growers, Inc., meeting are an incoming, an outgoing and a re-elected director, along with George Pfeiffenberger, executive vice president of PCG. From left are Irby G. Metcalf Jr., re-elected; Pfeiffenberger; L. S. "Hi" Turner, newly-elected director, and L. G. Thuet Jr., outgoing director. —(Staff Photo).

Thursday To Thursday COULD BE A LONG WAIT . . .

By CHARLES DIDWAY

HERE IT IS Saturday, an unseasonably warm day for this time of year, and about the only traces of rain remaining are the smiles on the faces of people who'd almost given up ever seeing it rain again.

WITH SUCH A good start, we just can't help but feel that it's going to be a good year. January's rainfall was normal, and February's already is half an inch or so above normal, so if that pattern keeps up the rest of the year we've got it made.

WE'RE NOT THE only ones who have troubles. The way the world situation is now, everybody has given everybody else until sundown to get out of everywhere.

FRIDAY NIGHT'S basketball games at Tahoka will bring down the curtain on a fairly successful season for the Post High School boys' and girls' basketball teams. Neither of the teams proved serious contenders for the district championships, but they'll finish higher in the standings than they have in the last three or four years.

A GENTLEMAN TODAY is a man who holds the door open so his wife can carry in \$25 worth of groceries in two small sacks.

AN ELECTION WE weren't counting on when we were beating the drums for people to pay their poll tax is the school consolidation election called for March 1. It just goes to show that you can't always tell what's coming up and that it's a good idea to have that poll tax receipt in "off" election years, too.

SINCE EVERYBODY knows exactly how to raise his neighbor's children it's too bad we can't swap them around once in awhile.

THE GAINES DOG Research Center, 250 Park Avenue, New York 17, N. Y., is wondering if this state were to select an "official" dog, as has been done with the state flower and state bird, what type or breed of dog would it be? That's easy. Texans would vote for the St. Bernard. That's the biggest breed, isn't it?

PERSONS INTERESTED in the selection of an official dog for their state are asked to drop a postcard to the Center, giving not only their preference of a breed for the state but also the reasons back of their choice.

ADOPTION OF AN official state dog, it is said, can be accomplished either by action on the part of the state legislature, by a proclamation of the governor, or by popular vote. Who knows? Perhaps it would be by popular vote and there would be another reason for needing a poll tax.

A FRIEND OF ours who doesn't smoke was given a pipe by his kids for his birthday, and claims to be the only man on record who was led astray by his own children.

WE'RE OF THE opinion that Plains Cotton Growers, Inc., hired a mighty good man as executive vice president in this fellow Pfeiffenberger. We've heard him speak on

Roger W. Babson Writes This Week:

Present-Day Teacher's Product Does Not Increase In Efficiency As Salary Goes Up

BABSON PARK, Mass.—Two basic financial problems are facing every city and town today. (1) Higher interest rates must be paid for all money borrowed, including that for new schools, and there is a shortage of money at any cost. (2) Higher salaries are being demanded by teachers, and there is a shortage of teachers at any wage.

Why Teachers Get No More Pay
Alma, all other groups of workers have increased production as their wages have risen; but the carpenters use electric tools; the painters spray, instead of using hand brushes; the doctors make quicker "calls" by telephone; while stores are fast adopting "self-service." Even the blond typist uses an electric typewriter; while her boss uses a Soundcriber. The housewife herself has cut down her work so as to make it unnecessary to employ maids and laundries; and, in fact, she can even earn money by an outside part-time job.

With the faithful school teacher, the results are often the opposite. It is true that she has been given more "things" to teach and to talk about. These have been forced upon her school superintendent by high-pressure textbook salesmen and politicians. These outside "things" take the teacher's time and strength. I greatly sympathize with all school teachers in their predicament.

School Teaching Very Inefficient
But the fact is that her product does not increase in efficiency and usefulness as her salary is increased. The good women now teaching my grandchildren get more than double the pay which the teachers received when I was in school. I, however, am convinced that these children do not get the training that I had 50 years ago. Moreover, every employer will say that the product of our schools is not as good as it formerly was. Furthermore, we employers are not allowed to "return the goods and get our money back" when the work of a graduate is inefficient and careless.

Basically, the job of a school teacher is to help her pupils develop their brains. If this has been properly accomplished, the other needs—

The serious consideration being given the water problem by Gov. Price Daniel and members of the Legislature raises hopes that substantial progress may be made this year in overcoming the grievous water shortage. However, we are of the opinion that it is going to take longer than some seem to think and that the board of the White River Municipal Water District should make no change in its plans of proceeding as rapidly as possible on its four-city project.

Bond issues, of course, are something all cities want to avoid, if possible. But to wait on legislation providing for the State to issue bonds to help water districts finance reservoirs would throw the White River Municipal Water District off schedule. It would take a constitutional amendment, which more than likely wouldn't be voted on until November, whereas the District's proposed bond election is set for much earlier.

They haven't even decided how the proposed State program would be financed, which remains the biggest problem. The people of the four cities included in the White River Municipal Water District realize the urgent need for a water program and they know it is going to cost money either way—whether the District issues its own bonds or whether it sidetracks its proposed bond issue and waits on the State. If the bond issue scheduled for this Spring should be defeated, and we don't think it would be, then the District could well afford to wait on State funds if the proposed water program materializes.

Furthermore, when the State Board of Water Engineers created the water district, it commended the member cities of Post, Crosbyton, Spur and Ralls for taking matters in their own hands and not depending on Federal or State money with which to solve their water problems. The affairs of the District are running so smoothly at this time, that we think it would be folly to abandon what has been built up and wait on the long drawn out process of getting State aid.

We're in sympathy with mail men who object to being used for a between meal snack by animals which should be tied up, if they can't control their desire for human flesh.—Tempe, Ariz., Daily News.

two different occasions and there's no doubt about his knowing the cotton industry from the inside out. He's always on the go in the interests of PCG, making all the county meetings and heading delegations to Washington, College Station or anywhere else delegations need to go.

MOST OF TODAY'S executives sit at a desk and depend on someone else to do the "heavy" work, but not Pfeiffenberger. The only complaint we've heard against him comes from our typesetter and Teletype tape punchers. They complain that his name is so long they can hardly get anything else on the same line with it, with the result that it gums up the works on the typesetting machine.

IT IS NICE to read that 1957 is to be a year of decision, but every year we can remember has been hailed the same way—and what do we ever decide?

will naturally follow. Yet, our public school students are not taught anything today about their brain. They utterly fail to realize its marvelous powers, how it works, and its tremendous unused possibilities. In fact, only in the past year did I get interested in my own brain through Dr. George Russell Harrison, the wonderful M. I. T. Dean of Science. Write him for a copy of his article in a recent Atlantic Monthly. (Please enclose needed return postage.)

How To Remedy Our Difficulty

Now here is a suggestion which those responsible for the cost of the teaching of your children should seriously consider. Begin in the lower grades to interest the children in their brains. Instead of giving them "CAT" as the first word to spell, give them "BRAINS" to spell! Have at the top of every Report Card these words: "Report On How Your Brain Is Working." Constantly keep the children conscious of their brains and its marvelous possibilities.

Recently, I asked some boys what kind of reading interested them most? One replied, "Airplane Engines"; another said, "Spac. Flying"; while a third said, "To understand how a TV works." Then when I began to tell them of the marvelous machinery inside their own heads, they were fascinated. I gave them only one illustration of what happens when they see an object, and how the light waves reflected therefrom are changed to electrical impulses which in turn are registered and stored in a minute memory compartment of their brain to be taken out and used years later.

Terrific Results Possible
My point is this: Physiologists tell us that we are using our brains at only 3% of capacity. If so, think what it would mean to our future and the future of the nation to increase this 3% to only 6%. It could not only double the efficiency of every public school graduate, but it could double our standard of living and it could make every one of us better, healthier, and happier. Then every teacher would gladly be given double her present salary, and more!

Getting Out On The Limb

SUDDEN THOUGHT: The best things in life are either free—or available on easy terms.

Bob Feller retires from baseball. That's one advantage the ball-players have over the rest of us. We still have to keep on pitching, even after we've lost our fast ball.

FROM MR. AND MRS. Bud Davis of Brentwood, Calif., The Dispatch has received a birth announcement in the form of a report card. Here's how it reads:

Davis Nursery School, Brentwood, Calif.

Report Card of Pupil Bethany Carol Davis.

Chairman of the Board: Bud Davis. Superintendent: Jane Davis. This Institute Dedicated Jan. 24, 1957. Teacher's Comments: English, failing! History, she made it at 9:35 a. m. Arithmetic, added up real well. Foreign Language, excellent and improving. Health, very good. Hair, red black blonde brown. Eyes, blue brown hazel grey. Disposition, nice happy sweet noisy. Weight, 8 lbs., 6 oz. Height, 21 inches. Tardy, two days.

THAT REMINDS ME of the proud father, with an automotive turn of mind, who announced the arrival of a new-born son as follows: "Weight, eight pounds, seven ounces; wheel base, 21 inches; lighting equipment, bright blue head lamps with automatic dimmers; frame well balanced, strong, flexible, well reinforced; body, rubber mounting for safety, well insulated and will not rattle or squeak; finish, shellpink; horn, frequency vibrator type—loudest when fuel tank is empty; top, well-rounded front and back; golden glint covering; fuel, gravity feed, four-ounce tank centrally located; clutch, easy slip type, positive release, improves with age; circulating system, self-cooling, water jacket, self-contained; special equipment, kiddy-koop, safety pins, Q-tips, talcum and many other standard extras."

THE WOMEN: bless 'em: A woman really needs two lines . . . one a man can listen to and one he can look at.

WHEN THE PRESIDENT sent his record peacetime budget to Congress, requesting appropriations totaling \$71,800,000,000, a well-known newspaper writer, Bob Considine, sat down at his typewriter and wrote: "It is hard to comprehend that in the coming year we'll spend 3,000 times as much as we invested in the Louisiana purchase and 10,000 times what Alaska cost." He recalled that the Louisiana purchase took in 827,192 square miles out of which 14 states eventually were carved, and that the Alaska purchase embraced 586,400 square miles.

Then he jotted a few arithmetic notes on his scratch pad, coming up with results that astonished even him. He found that if a man, born at the time Christ was born, 2,000 years ago, were given enduring life and unlimited funds, he would have to spend \$100,000 a day, seven days a week, throughout each of those 2,000 years to equal what the United States government under Eisenhower proposes to spend in a single year. What he did not figure out, but could have, is that the same man could live and spend \$75,000 a day through the same 2,000 years and even then not equal what the United States government has put into its foreign giveaway since the end of World War II to assure world peace. And despite this, we have gone through frightful war in Korea. The Communist world has since ensnared more millions. The North African revolts have become open war. Communism overwhelmed half of Indo-China and war has rocked the Middle East. The threat of war still holds in Cyprus and in Pakistan and India over claims in Kashmir. Even the open advocates of the giveaway must be compelled to admit its worthlessness as a way to world peace—and yet we spend.

A question that set Agriculture Department employees wondering came from a woman who wrote: "Could you possibly send me a booklet explaining the use of different poisons for vegetables in the garden? I have lost my husband and have a lot of different poisons on hand."

NOW THAT IT has rained, this one can be told: Like many places in the United States since the war, a small town was growing faster than the public works department could get the roads and sewers in. But the foreman of the department had the right idea for turning away the wrath of the inconvenienced taxpayers who complained. An elderly native collared the foreman on the main street one

Not All That Way

There are still a lot of people making a lot of money, a friend said the other day, reminding this writer that because "things are too high" and some are "having it tough" is no reason to assume that it is all that way. The fact is, he pointed out, it is a minority that is not doing well. He suggests that one can get so close to a tree he fails to get a view of the forest. Indeed it may be that way. Come to think of it, we have friends who have been waiting for 10 years and more for the bottom to fall out, so their cash would do double duty. They still wait, as confused as the next one. The logic has been against them all the time. You can get too close to the tree.—"Views and Comment" in The Floyd County Hesperian.

No Meaning To Others

As the service got under way at the Methodist Church Sunday morning, the congregation was surprised to see the back two rows of the choir jump up, separate in the center and move as far apart as the seats would allow. The pastor, Rev. Wilbur Gaede, couldn't resist the temptation to look around to see what the commotion was about. The roof had sprung a leak and the choir members were being liberally sprinkled from the Sunday morning sleet. "If it had to happen, I'm glad it happened to Methodists," the pastor said later. "It would have had no meaning to any other congregation."—Trends in The Crosbyton Review.

Great Expectations

It's been nice seeing familiar faces around this week following mid-term exams. They do look a little peaked, though—must have been expecting all A's—"Standing on the Corner" in The Lynn County News.

Post Antelopes Rally in Second Half To Pin 77 To 60 Defeat On Abernathy

After trailing throughout the first half, the Post Antelopes came to life in the third and fourth quarters here Friday night to defeat the Abernathy Antelopes 77 to 60, in a District 2-AA contest.

The visitors led, 12-8, at the end of the first quarter and were out in front, 25-24, at halftime. Post scored 23 points to Abernathy's 14 in the third period to

Abernathy Loses To Post 'B,' 69 To 44

In a preliminary to Friday night's varsity contest, the Post Antelope "B" team defeated the Abernathy "B" by a score of 69 to 44, with Charles Morris hitting 22 points for the winners.

Post led throughout the game, building up a first quarter lead of 16-11, halftime, 34-18, and third quarter, 55-33.

Brown Bros. Upsets Primm Drug, 49-48

The Brown Bros. basketball team upset Primm Drug of Brownfield, 49-48, here Feb. 2 in a TAAF Texas League game.

A set shot by Joe Cartmill from 30 feet out with three seconds remaining gave the Post team the victory after they had trailed up to that point.

The Brownfield team shot into a 16-8 first quarter lead and were out in front, 28-20, at halftime. Brown Bros. closed the gap by three points in the third period, trailing, 38-33, at the buzzer, then put on a rally in the fourth quarter to outscore the druggists, 15-10.

James Dye of Brown Bros. was high point man with 28, followed by manager Larry Waldrip with 15. Rip Sewell and Stephens scored 12 points each for Primm Drug.

The victory was the first league win for Brown Bros. and the first loss for the Brownfield team.

Magazine Drive Closes At School

Post Junior High School students have completed their annual Curtis Publishing Co. subscription campaign, and the school's commissary from the approximately \$52 gross will be used to purchase gymnasium equipment, Principal Ellis M. Mills said.

Pam McCrary won a transistor radio as top salesman with subscriptions totaling \$52.75. She barely edged Lee Williams, whose total was \$51.04, and Bobby Hudman was third.

Students of 7-A had the highest subscription sales total and will be treated to an ice cream party. Their total was \$161 and their team captains were Lee Williams and Duane Capps.

Principal Mills said that on behalf of the junior high student body and faculty, he wished to thank the public for its cooperation in the subscription campaign and the courtesies shown the young salesmen.

He also reminds new subscribers that a few weeks may elapse before they receive the first copies of the magazines to which they subscribed. The school, he said, will follow through on any complaints registered by subscribers.

23 Receive Football Letters; 17 Seniors

Letter jackets have been awarded 23 members of the 1956 Post Antelope football squad, it has been announced by R. K. Green, superintendent of schools.

Of the 23 lettermen, 17 are seniors, four are juniors and two are sophomores. That leaves only six returning lettermen as a nucleus for the 1957 team.

The senior lettermen are: Noel White, Leon Davis, Andy Schmidt, Jackie Carpenter, Gary Welch, Jerry Hays, James Williams, Ronnie Kennedy, Ray Gary, Robert Carlton, Auvy McBride, Bill Stephens, Howard Jones, Don Ammons, James Brewer, Jack Morris and Harry Smith.

Junior lettermen are Sammy Martin, Noel Don Norman, Lewis Holley and Arlon Ford. The two sophomores lettering were Jerry Windham and Charles Morris.

Jackets also went to team managers Tommy Young and Jerry Morris and to coaches Leroy Fenstemaker, Burl McCoy and Frank Krhut.

Frosh Turn Tables On Snyder Cagers

The Post freshmen kept Snyder from making a clean sweep of three games here Thursday night by edging the visitors, 29 to 25, after the 7th and 8th grade teams had lost in preliminary contests.

Curtis Didway put Post ahead with a set shot, but Snyder went back into the lead before the quarter was over and was ahead, 8-6, at the buzzer.

With two minutes to go in the second quarter, Scotty Pierce made good on two free throws to put Post ahead, 16-15, then hit a field goal shortly before the buzzer to give Coach Frank Krhut's team an 18-15 halftime lead.

Snyder came roaring back in the second half and gained one point in the third quarter to trail, 23-21, at the end of the period. With seven minutes to go, they tied the score at 23-all, and it was nip and tuck the rest of the way. Dan Rankin's fielder broke a 25-25 deadlock, and Mason McClellan, hustling guard, sank two free throws after the game ended to make the final score 29-25. McClellan was fouled just as the buzzer sounded.

Clinton Smith, with 10 points, and Rankin, with nine, were high scorers for Post.

The future Antelopes' victory avenged an earlier 40-27 defeat at the hands of the Snyder quintet.

Bits of News From Here and There

Mrs. W. K. Graeber and her brother, L. A. Presson, left Feb. 3 for Sherman where they will be joined by a cousin, Mrs. Perry Chambers, who will accompany them to Florida. Points to be visited are Tampa, Pensacola, Jacksonville, Fort Lauderdale and Key West. They are expected to return home in about three weeks.

Mrs. Billy Lee Long and baby have returned home from Tahoka Clinic Monday.

Mrs. Ed Mitchell and son, Eddie, of Garden City, Kans., have been visiting her parents, Mr. and Mrs. Joe Hair, and also Mr. and Mrs. Dan Mitchell. Her husband, EM/3c Mitchell is aboard the USS Cunningham, now in Okinawa.

Mr. and Mrs. C. D. Morrel of Post were winners in duplicate bridge Feb. 5 at Tahoka's T-Bar Country Club.

Lester Jasey, former Post resident, has been elected treasurer of the Crosbyton Chamber of Commerce. Jasey, a former employee of the First National Bank here, is now employed in the bank at Crosbyton. Charles Hudman, another former Post resident, is a holdover director of the Crosbyton chamber. The new officers are to be installed at the annual banquet Feb. 26, at which Dr. Dick O'Brien of Big Spring will be guest speaker.

Mrs. Roy S. Priolo and children, Jenny, Ulysses and Charles Justin, of Snyder visited here Sunday with Mrs. Priolo's parents, Mr. and Mrs. A. A. Boyd, and also called on Mr. and Mrs. Charles Didway. The Priolo family are former residents of Levelland, and he is now employed in oil field work in the Justiceburg area.

Lyntegar Receives Loan Of \$416,000

Lyntegar Electric Cooperative, Inc., has received a loan of \$416,000 from the Rural Electrical Administration of expansion of lines and construction of a new substation.
Garland Pennington, manager of the cooperative, says that about 90 per cent of the loan will be used to build lines to irrigation wells. Existing lines are also being repaired.
The new expansion will enable Lyntegar to connect about 400 new irrigation wells by June 1, and will enable the co-op to eventually serve about 800 more consumers.
At the close of 1956, Lyntegar served a total of 8,953 consumers in nine counties, including Garza, Lynn, Terry, Borden, Martin, Gaines, Yoakum, Hockley and Lubbock. Of this number, 1,377 connections are to irrigation wells.
Lyntegar REA, which takes its name from the first letters of Lynn, Terry and Garza, has spread in the last few years from these three counties to the six others. Headquarters for the cooperative are in Tahoka.

Mr. and Mrs. Lester L. Keeton and Patricia of Shallowater visited their son-in-law and daughter, Mr. and Mrs. Lyndell McDaniel and other relatives here over the weekend. They are former residents of the New Lynn community.

Mr. and Mrs. Earl Rogers were in Bethany, Okla., last week to visit their son, Kenneth, and daughter, Delta, who are students at Bethany Nazarene College. Kenneth has recently been hospitalized and is now in good condition.

Sub-District Meeting WSCS Held Here Tuesday At Methodist Church

Forty-seven representatives of four Methodist churches met Tuesday at 10 a. m. in the First Methodist Church of Post for a sub-district meeting of the Women's Society of Church Service. Churches represented were Asbury Methodist and Overton Methodist of Lubbock, Southland, Cooper and Post. The program theme was "Christ Calls, We Answer." Mrs. Leon of the Asbury Methodist, president, asked the group to open with a song, "Jesus Calls Us," with Mrs. T. L. Jones as pianist. Mrs. W. L. Porterfield gave the devotional. The program continued with each president of the represented groups giving reports on their churches' work in this field. A skit, "Missionary Personnel" was then presented by members of the Asbury and Cooper churches and it was followed by the Overton's representative speaking on "In Honor Preferring One Another." After a talk on "Youth Work As Related to WSCS" by Mrs. Billy Phillips, the group had lunch in the basement of the church, each bringing her own lunch and being served pie and coffee by the Post women. Following lunch a business session was held. Mrs. Leon of Lubbock was re-elected sub-district leader for the coming year. The next meeting will be in Slaton and the time will be announced at a later day. Following the above meeting, the local WSCS members held their regular session and completed a study on "Youth in a Responsible Society." Mrs. T. L. Jones was leader of this study. Judge Pat Walker spoke on "Youth Problems as Related to Our Community," and the group then held an informal discussion on this subject. The meeting was closed with a prayer by Mrs. J. E. Parker.

FOR MARCH OF DIMES

The boys' and girls' basketball teams of the Post colored school played two games Jan. 30 and contributed the proceeds to the March of Dimes. The games netted \$4.19. The students reported \$23.21 in their March of Dimes folders to make a grand total of \$27.40.

COUNTY AGENT GIVES SAFETY POINTERS

Farmers Are Urged To Use Caution When Handling Toxic Insecticides

Failure to observe manufacturer's directions when handling highly toxic insecticides and miticides is risky business, warns County Agent Lewis C. Herron. Certain solvents used in preparing insecticide solutions or emulsions, he added, are inflammable and most of them poisonous to humans.

The agent says insecticide injury to man is most common through oral and respiratory intake or by skin absorption. Continued exposure even to lower insecticide concentrations, with no regard to safety measures, can result in an accumulation of chemicals in the body and may cause eventual tissue or organic injury.

Many phosphorous compounds, such as parathion, methyl parathion, EPN, TEPP, demeton, Diantion, Phosdrin, Thimet and Guthion, are extremely poisonous and must be handled with care at all times. Phosphorous insecticides are much more poisonous to warm-blooded animals than most other chemicals used for insect

control. Since phosphorous insecticides tend to reduce the cholinesterase enzyme, entomologists advise regular handlers of such chemicals to have cholinesterase tests at 10-day intervals while working with the material. Your local doctor can tell you about these tests.

It's a good idea to bathe and change clothing immediately following a highly toxic job and not enter a field for two or three days after it has been treated, the agent said. Always wear gloves and freshly laundered protective clothing during handling, and stop working if a toxic insecticide is spilled on skin or clothing for a thorough bath and change of clothes, he advises.

Other pointers to remember include the use of approved respirators; protection of all persons and livestock from drifts, sprays, or dusts, and the storage of sprays and dusts from children, irresponsible people, and all forms of food and feed.

Seal Coating Slated For Garza Highways

Two stretches of highway in Garza County are included in the 469,255 miles of area seal coating on which the State Highway Department is advertising for bids.

One of the projects in this county is seal coating of U. S. Highway 380 from the Lynn county line to U. S. Highway 84 in Post. The other is seal coating of U. S. 380 from 11 miles east of Post to the Kent County line.

The Highway Department received bids on the projects until 9 a. m. today.

Spelling Bee Date Will Be Set Soon

Date of Garza County's fifth annual Spelling Bee will be set within the next few weeks, according to County Supt. Dean A. Robinson, county chairman for the event.

Spelling Bee practice books have been sent all schools of the county by the Lubbock Avalanche-Journal, which sponsors the school, county and district events.

The county winners from throughout the South Plains area will spell March 30 at the O. L. Slaton Junior High School in Lubbock. The winner of the March 30 bee will receive an expense-paid trip to the National Spelling Bee in Washington, D. C., in June.

Garza County winners in the four previous spelling events have been Howard Jones, Victor Hudman, Jr., Jimmy Short and Patricia Wheatley.

Few Precautions Will Make Winter Driving Safer, Says County Sheriff

"Motorists should learn and practice a few simple precautions for driving modern cars safely on winter roads," Sheriff Carl Rains said today in commenting on the program to combat winter automobile hazards sponsored this month by the Texas Safety Association.

"The driver's seat should always be adjusted so that the driver's foot rests fully on the accelerator pedal," the sheriff said. "This removes the danger of sudden bursts of power which can cause an automobile to go out of control on icy roads."

He also pointed out that proper seat adjustment gives better control over the clutch and brake pedals.

"Motorists should practice smooth driving all year," he said, "so it will be a habit when roads become slippery in winter. They must learn to use power brakes gently, because over-braking is very hazardous on slippery roads."

"Skillful steering is another 'must' for safe winter driving, according to Rains. Drivers should get the feel of the road and be careful not to over-steer their cars, particularly when driving with power steering. The steering wheel should not be held by the spokes or at the top, but gripped with

both hands wide apart on the wheel to insure steady, precise steering.

Winter motorists also were warned to keep their cars in good mechanical condition, and equipped with good tires. A set of reinforced tire chains should be in the trunk, ready for use when needed for dangerous or stalling ice or snow conditions.

"Cars today are easier to drive than they have ever been," the sheriff said, "but they require even more alertness and responsibility on the part of motorists if they are to be driven safely, particularly in wintertime."

ROUGHAGE PROGRAM
Farmers Home Administration is accepting applications under the Roughage Program, it was announced today by Joseph E. Box, FHA supervisor for Garza and Scurry counties. Applications may be filed through Feb. 15, 1957, for a supply of roughage feed to carry basic livestock through March 15, 1957.

Filling Of Underground Reservoirs Drouth Project In Southwest Texas

By JOHN C. WHITE
Commissioner of Agriculture

A large group of Southwest Texans are really taking the drouth to heart—and trying to do something to ease its harmful effects.

Their pet project, called the Edwards Underground Water District, is aimed at filling much depleted great natural underground reservoirs which lie south and in the vicinity of San Antonio.

These reservoirs, in normal times fed by flow of the Nueces, Frio, Sabinal and other streams from the Edwards Plateau over the line of the Balcones Fault, have been falling steadily in recent years from over-use and lack of replacement water.

The new water district has devised a plan which they hope will refill these lakes through partial containment of flood waters which build up easily with even spotted rains on the upper plateau. The plan, sponsored by the South Texas Chamber of Commerce, is to build a great many retarding dams along the streams in this area so that flood waters will be released slowly enough to sink into the ground when they cross the Balcones Fault line.

Capacity of the reservoirs is not known, although it is much greater than that of man-made surface reserves. If the Edwards Underground Water District plan is successful, it is certain to benefit water conservation efforts everywhere.

Success depends largely on the current session of the Texas Legislature whose responsibility it is to provide legal and financial means for keeping this worthwhile project in operation.

Taxpayers Urged To Consult Qualified Tax Practitioners

"Taxpayers finding it necessary to obtain outside assistance in the preparation of their 1956 Federal tax returns should consult qualified tax practitioners," H. O. Nichols of Internal Revenue said today.

"Many taxpayers are obtaining incompetent persons to assist them in the preparation of their 1956 returns," Nichols said. "Smaller fees charged by these persons are the usual inducement. The type of person offering this 'service' usually sets up shop in some business establishment where temporary desk space may be obtained.

"Taxpayers requiring help in complex matters should consult qualified tax practitioners whenever possible. Much highly valuable assistance, however, is being provided employees by company cashiers, auditors and bookkeepers, or bank personnel.

"Taxpayers who seek doubtful assistance in the preparation of their returns are reminded that they must stand responsibility for the accuracy of their entries and calculations."

April 15 is the deadline for filing Federal tax returns. Checks or money orders accompanying returns should be made payable to Internal Revenue Service, 2101 Pacific Avenue, Dallas, Texas.

Ranger At Camp Post Is To Attend School

Frank Runkles, ranger at C. W. Post Memorial Scout Camp, will attend a camp ranger's school Feb. 18-22 at the Beaumont Scout Reservation east of St. Louis, Mo.

Runkles, who has been ranger at the camp here since 1949, will take with him to the school displays of features at Camp Post.

The South Plains Council, Boy Scouts of America, is sponsoring Runkles' attendance at the school, which is said to be the first of its kind ever held.

ARE YOU PUZZLED TOO?

Here is a young lady who's puzzled. She has all the pieces at her fingertips but how to make them fit into the finished pattern—that's her problem.

And it's your problem, too! Life is full of odd pieces which just don't seem to fit into any kind of sensible pattern. There are the odd pieces of sorrow and joy, of suffering and health, of doubt and faith, of evil and good, of death and life, and it sometimes seems as if we never could make them fit into a pattern which makes sense.

And yet there is a pattern for your life—and every life. God knows the pattern and wants to help you find it.

The key to the puzzle of life is a Cross. And the Church, with its message of the Cross of Christ, can help make the odd pieces in the puzzle of your life fall into the finished pattern: a life of confidence and courage and serenity.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Suspends Sentence After Guilty Plea

Jesse Skiff, 53-year-old Post Negro, was given a five-year suspended sentence by District Judge Louis B. Reed Monday after pleading guilty to a charge of murder with malice.

Skiff withdrew his not guilty plea and entered one of guilty after a jury had been selected and testimony begun.

He was charged with the fatal stabbing Nov. 26 of Alfred Hall, 40-year-old Slaton Negro, at a residence in the northeast part of town.

Members of the jury selected for the Skiff case were Jack Burgess, Clovis Robinson, Wesley Scott, Bobby Pierce, Jack Kennedy, Jack Myers, Percy Printz, James Dietrich, R. D. Williams, C. R. Smiley, E. J. Hodges and L. P. Kennedy Jr.

Pleasant Valley Area Rain Tops In County

Total measurement of last week's rains was 1.40 inches on the gauge kept by County Agent Lewis C. Herron, but ranged up to two inches just south of the Pleasant Valley community, northwest of Post.

Residents of the Justiceburg area, southeast of Post, report measurements of up to an inch and a half, and about an inch fell in the eastern and northwestern parts of the county. A measurement of .85 of an inch is the highest reported from the Southland area.

The 1.40 inches brings the 1957 total through Feb. 13 to 1.95 inches, .55 of an inch having been measured in January.

The county agent said farmers with sufficient moisture are preparing their cropland. He said the recent rains, in most instances, were not sufficient to run water into stock tanks, but that generally speaking the moisture has brightened the entire agricultural outlook.

Education Is Topic At Club Meeting

Mrs. T. L. Jones, assisted by Mrs. W. L. Porterfield, was hostess to the Culture Club in her home Wednesday afternoon.

The roll call was answered with "Current Events on Education." The program was presented by Mrs. Herman Raphael, who spoke on "Waurine Walker, President of N. E. A.," and Mrs. Ellis M. Mills, whose subject was "Loula Grace Erdman, Texas Teacher and Author."

During the business session, at which Mrs. Dowe Mayfield presided, the group discussed the District Congress of Federated Clubs which will be held in Amarillo, March 14-15. Mrs. J. F. Storie, president-elect, was chosen as the club's delegate. Also attending will be Mrs. Mayfield, who will be on the program and Mrs. T. L. Jones, a district board member.

Refreshments were served to the following members: Mmes. Don Butler, Connie Caylor, W. L. Davis, J. R. Durrett, R. K. Green, J. H. Haire, Raphael, Victor Hudson, Jones, Howard Maddera, J. P. Manly, Mayfield, Ellis M. Mills, Roy Shahan, E. S. Stewart, K. Stoker, Storie, Bess Thompson, E. A. Warren and Miss Maxine Durrett.

Calling Of Trustee Election Deferred

Calling of the annual election of school board members has been deferred by trustees pending the outcome of the March 1 election on consolidation of the Graham, Garnolia and Post school districts.

If consolidation of the three districts is approved, then seven new trustees will be elected to form the board of the Post Consolidated Independent School District.

If the proposal is defeated, two trustees will be elected to the present board of the Post district. Terms expiring are those of S. E. Camp and Robert Cox.

Spur 8th Graders Stage Rally To Beat Post, 39-31

The Post 8th grade basketball team got off to a good start against Spur here Monday night, but couldn't hold on and the visitors won, 39 to 31.
Coach Raphael's boys jumped into a four-point lead on two quick buckets by Gary Howell and Wayne Hair, but those were the only points they made in the first quarter, while Spur was hitting for nine.
It was all Post in the second quarter, however, with the future Antelopes scoring 41 points to two for Spur, and leaving the court at halftime with a 15-11 lead.
Spur scored 12 to 10 for Post in the third period, leaving the local lads holding on to a slim 25-23 lead at the end of the third quarter.
In the final period, Spur scored 16 to Post's six, stealing the ball and dribbling in for set shots on at least three occasions.
The Post cause was hurt when Howell fouled out with three and a half minutes left in the game. At the time, the visitors held a 32-29 lead.

K&K Food Mart Beats Ralls, 116-53, In TAAF Loop Game

What is believed to be a new scoring record for the Post High School gym was chalked up Monday night when the K&K Food Mart team defeated the Mayes Gas House Gang of Ralls, 116 to 53, in a TAAF National League game.
Each of the 11 players sent on the court by manager Jackie Hays hit at least one bucket, with Burl McCoy scorching the nets for 36 points while playing only about half the game.
It could well have been called "coaches' night, since Leroy Fenstermaker and Frank Krhut, also of the Post High School coaching staff, hit in double figures, as did Johnny Taylor, Slaton High School coach, who is a new member of the K&K roster. McCoy is Post High School basketball coach.
After jumping into a 24-6 first quarter lead, the Post team duplicated its point output in the second period and held a 48-29 lead at halftime. They scored 40 points in the third quarter against Ralls' 10, leading 88-39 at the end of that period.
Larry Moses was high point man for Ralls, with 28, 16 of them on free throws. He hit 11 in a row before missing the first of four.

Post Freshmen Beat Spur, 27-15, In Defensive Battle Here Monday

The Post freshman basketball team continued on the victory trail here Monday night with a 27-15 win over the Spur freshmen in a rugged defensive battle.
Coach Frank Krhut's team took the lead on Clinton Smith's field goal and stayed ahead the rest of the way. The game was so tight defensively that Spur's only points were on two free shots, and Post was able to garner only two points on a fielder in the third quarter.
The locals were ahead, 8-4, at the end of the first quarter and held a 14 to 5 halftime lead. At the end of the "cold" third period, they were ahead, 16-6.
Scotty Pierce, with 10 points, was high scorer for Post. McArthur and Wright scored four points each to lead the Spur scoring.

K&K Cagers Fight Off Rally By Patricia '5'

A desperate last-quarter surge by Patricia fell one point short here Thursday night and the K&K Food Mart team emerged with a 70-69 victory in a non-conference game. It was the Post team's second win of the season over Patricia.
The visitors, with Airhart hitting for 22 points, rang up 32 to K&K's 15 in the final quarter. The Post team had lead, 23-9, at the end of the first quarter, 38-23 at halftime and 55-37 at the end of the third period.
High point man for the K&K team was Burl McCoy, with 19 points. Manager Jackie Hays scored 14 for the winners.

"My ELECTRIC clothes dryer saves money because we need fewer clothes for my growing children!"
SAYS Mrs. W. J. MESSICK 119 TEXAS HEREFORD, TEXAS
Mrs. Messick says, "The dryer saves (ironing and even those things which de need ironing can be dried to correct dampness for proper ironing." No need for extra sprinkling."
Mrs. Messick stresses the savings with her electric appliances saying, "Savings in time and money are the foremost benefits we receive from our electric appliances." She finds that by the fast drying time an electric clothes dryer gives, she needs fewer clothes for the children. "Since children 'grow out' of clothes so quickly these savings become important," she adds.
Why don't you start "sitting pretty" with your own electric clothes dryer. You, too, will find the same advantages which Mrs. Messick likes.

News From Around

POSTEX MILLS

By A. LEE WARD

We have really had a siege of chickenpox, measles, and mumps. There have been a lot of children out of school and several mothers out from work. We heard of one case this week where one of the first grade pupils had the measles and mumps all at the same time. He was really having his childhood diseases all at once.

We finally got some fitted cloth in Saturday, and started hemming fitted sheets again Monday morning. We feel that we will begin to get enough fitted cloth in to keep our fitted sheet department going. We are quite a bit behind on contracts for fitted goods, so we all may have to run some long hours to catch up on the quantities.

Mrs. Willie Daniel visited her parents, Mr. and Mrs. W. L. King in Snyder Sunday.

Mr. and Mrs. Grover Bruster spent the weekend in Midland visiting Mr. and Mrs. W. C. Carlton and children.

Mrs. L. P. Kennedy Jr. and Mrs. Tol Thomas visited Mrs. Ida Thomas in Floydada Sunday.

Mrs. Blackie White and Carmen of Dallas visited in the home of Mr. and Mrs. Johnny Mickey last week.

Mr. and Mrs. R. B. Perrin spent the weekend visiting in Abilene with Mr. and Mrs. Jerry Epley and daughter.

Cliff Clark of Clovis, N. M., spent the weekend visiting Mrs. Carl Clark.

Franleigh Fashions **SPRING STYLE SHOW**

WILL BE PRESENTED
Tuesday Evening
February 26
8:00 P. M. AT THE
POST ELEMENTARY SCHOOL AUDITORIUM

New spring fashions, including sport and dress creations for the ladies and all the new things in children's wearing apparel, for both boys and girls, will be modeled by thirty or more local folks on the stage in the Post Elementary school auditorium.

The Post Antelope Band, under direction of Mr. Bob Meisch, will play a concert during the entertainment.

Our SPRING STYLE SHOW will be two-fold in purpose:

To show our complete line of spring merchandise . . .

And to raise funds for band uniforms for the Post Antelope Band.

ALL PROCEEDS FROM THE ENTERTAINMENT WILL GO TO THE BAND UNIFORM FUND.
