### Homecoming Set For Friday

Final plans for the fifth annual homecoming Friday at Post High School were worked out Monday night at a meeting of committee chairmen with Percy Parsons, president of the Post Ex-Students Assn.

N. C. OUTLAW

### Demo Committee Names Chairman

New chairman of the Garza County Democratic executive committee is N. C. Outlaw, Post attorney and widely known throughout the state as a party worker.

Outlaw was one of Texas' presidential electors in the 1956 election and has served the Democratic party in various other capacities.

The junior high gym will be the scene of the banquet, with District

Judge Sterling Williams of Snyder as principal speaker. He is a 1922 graduate of Post High School.

Officers of the ex-students' association besides Parsons are: Edsel Cross, vice president; Ila Faye Mathis, secretary, and Billy Windham, treasurer.

Pastor and wife leave for Sweet Home, Ore. The Rev. and Mrs. Roy Shahan left Tuesday morning by automobile for Sweet Home, Ore., where he has accepted the pastorate of the First Baptist Church.

Helpers are selected by Pancake Chairmen. Committee chairmen for the Lions Club's annual benefit pancake supper Nov. 26 selected their helpers at Tuesday night's meeting of the club.

### Snyder Minister Is The Speaker

### Dinner Launches Fund Drive For Methodists

The Rev. M. L. Hester of Snyder spoke Tuesday night at the kick-off dinner for the solicitation drive of the Methodist Church building campaign in Fellowship Hall of the church.

### VFW 'Blood Bank' Project Is Voted

The Veterans of Foreign Wars Post voted last Thursday night to sponsor a "walking blood bank" (blood typing) program for the benefit of patients at Garza Memorial Hospital.

GET FUND DRIVE UNDER WAY — Going over last-minute details for the Garza County Community Chest Fund campaign opening Monday are Irby G. Metcalf Jr. (center), Chest president; Ira L. Duckworth (left), advance gifts chairman, and R. J. (Rube) Jennings, chairman of the employees' division.—(Staff Photo).

### Hospital Adopts Deposit Policy

Effective Friday, minimum deposits of \$25 for non-surgical cases and \$50 for surgical cases will be charged patients admitted to Garza Memorial Hospital.

### Ginning Is Resumed, But Output Is Low

The county's six gins were operating again this week, but still on a limited schedule because of the slow-moving harvest.

### Leaders Also Recognized In Annual Program

Members and adult leaders of Garza County 4-H Clubs received well-earned recognition Monday night at the annual Achievement Awards program in the district courtroom.

### Herman Raphelt Named Junior High Principal

Herman Raphelt, junior high coach and driver training instructor, is the new principal of Post junior high school.

HERMAN RAPHELT

### Joint Park Plan Still Doubtful

The county commissioners' court took no action on the joint park proposal at its monthly meeting Monday.

### 45 Legionnaires At Annual Post Supper

About 45 members attended the American Legion Post's annual Veterans' Day supper at 7 p. m. Saturday at the Legion Hall.

### Community Chest Drive For \$12,000 To Begin Monday

Garza County's \$12,000 Community Chest drive for 1958 will be kicked off Monday with a 7 a.m. breakfast in city hall for Post campaign workers who will receive their assignment cards at that time.

### Burglary At Courthouse Big Mystery

Burglars, who have been giving local law enforcement officers a bad time of it lately, added insult to injury Sunday by stealing between \$15 and \$20 from the office of County Clerk Carl Cederholm on the first floor of the courthouse building.

### Vote Is Canvassed By Commissioners

The Garza County commissioners' court canvassed the votes in the Nov. 5 constitutional amendment election, authorized payment of election officials, and approved other bills at this week's meeting.

### Awards Go To 4-H Members

Members and adult leaders of Garza County 4-H Clubs received well-earned recognition Monday night at the annual Achievement Awards program in the district courtroom.

### Helpers Are Selected By Pancake Chairmen

Committee chairmen for the Lions Club's annual benefit pancake supper Nov. 26 selected their helpers at Tuesday night's meeting of the club.

### Leaders Also Recognized In Annual Program

Members and adult leaders of Garza County 4-H Clubs received well-earned recognition Monday night at the annual Achievement Awards program in the district courtroom.

## The BIG Contribution Of The Year

Garza County's 1958 Community Chest drive, to provide operating funds for the nine worthy organizations serving this community, will kick off Monday.

Irby Metcalf, Chest president, and his co-workers heading up various divisions of the drive have done an excellent job of preparation.

The budget this year has been hiked to \$12,000 to meet the needs of the organizations and to provide additional services to the youth of this area. Included in the new Chest budget are funds earmarked for the employment of a supervisor of the youth center—Antelope Alley—and for a supervisor for the Girl Scout Little House.

The new budget also restores \$1,000 cut from Boy Scout funds a year ago.

The youth of this community receive material benefits from these and other youth organizations. The money asked will be money well spent.

It is easy when making one donation to nine different and worthy organizations to give less than you would if you would sit down and divide

your contribution among the nine. The Chest realizes this and makes provisions whereby you can divide your total contribution over the next 12 months period if you see fit.

Let us realize in making up our minds about how big our contribution will be to the Chest this year that this is the BIG contribution of the year. Let us do our share and not ask others to carry our rightful part of the community financing of the American Cancer Society, youth center, American Red Cross, Girl Scouts, U.S.O., Warm Springs Foundation, Boy Scouts, Salvation Army and the Heart Association.

Efforts will be made next week to reach everyone in Garza County. When you are contacted, remember you are doing your part in helping nine worthy organizations to operate next year in your community.

As the slogan posters of the youngsters in the downtown store windows this week urge you to do, let us really give to the Community Chest and together reach the \$12,000 goal.—JC

## Garza's Vote Was High By Comparison

More than 10 per cent of Garza County's qualified voters cast ballots in the Nov. 5 constitutional amendment election. That doesn't sound like, and isn't, many, but it ranks well with the turnouts in other counties. Only about 6 per cent voted in Harris County, and a few other counties slipped even lower. The inclement weather probably had as much to do with the light turnouts as the lack of interest in the proposed amendments.

In case some of our readers who voted in the special election aren't fully informed as to what they voted for or against, here are thumbnail descriptions of the three amendments:

The employee benefits amendment, which was No. 1 on the ballot, guarantees a minimum pension of at least \$30 a month to state employees and liberalizes retirement disability and death benefits.

No. 2, the pensions amendment, increases payment to the aged from a maximum of \$20 a month to \$25, with a provision that no payment over \$21 be made without matching federal funds.

The water bond amendment, which was No. 3 on the ballot, sets up the Texas Water Development Board and authorizes it to sell up to 200 million dollars worth of bonds for use in water development and control by local groups.—CD

## Two C. Of C. Budget Items Stand Out

Two items we are genuinely glad to see in the new Chamber of Commerce budget are a Veterans' Day promotion and a greatly enlarged community Christmas promotion. All the other items are good, of course, but the two we have mentioned are particularly timely, with Veterans' Day just past and Christmas coming on.

Monday marked our fourth observance of Veterans' Day, the name having been changed from Armistice Day in 1954 to do honor to the men who fought and died in our four foreign wars, beginning with the Spanish-American War. It certainly is worth much more of an observance than any we have held here in the last several

years. Perhaps the inclusion of the holiday's promotion in the Chamber of Commerce budget will be a significant step in that direction.

The \$750 budgeted for an enlarged community Christmas program should be enough to get the job done and put our Christmas lighting and decorations program on a par with other communities of similar size. No one will disagree that it has fallen behind here the last few seasons. The strings of street lights and home lighting contests have helped, but just haven't been big enough. It's probably too late to do much about improving it this Christmas, but next year should be another story.—CD

## Watching The Little Things Does Help

We were impressed at a recent meeting of the Garza Memorial Hospital board by the manner in which the board members go about trying to shave expenses and at the same time keep hospital service and operations at as high a standard as possible.

Anyone who doubts that the board members are trying to economize in the hospital's operation should be present at one of these board meetings when the month's bills are read and passed on. Every item of expense, large and small, is minutely examined, and where there is a chance of cutting down, the possibility is thoroughly discussed. We were just as impressed

by the fact that the board did not, however, seem to want to cut cost corners at the expense of good service.

Since this was the first board meeting we've attended, we don't know how long this policy has been going on, but it is beginning to pay off, one board member told us. He said the hospital is in much better financial shape than it was a year ago and that it is making progress along these same lines from month to month.

While we don't go along with the old saying that if you'll watch the little things, the big things will take care of themselves, we do believe that watching the little things certainly makes it easier for the big things to take care of themselves.—CD

## Homecoming Good For Any School

There have been hundreds of students at Post High School since its establishment, and what a wonderful homecoming it would be if they could all be back for Friday's round of activities! As in past years, however, there will be only a very small percentage of ex-students on hand for the occasion, although many of the others will be here in thought, if not in person.

An annual homecoming is something every school should hold. Such an event renews old friendships, forms new ones and binds the ex-

students closer together into ties of school loyalty. That loyalty, on the part of ex-students, contributes much to the school's success in the classroom, on the campus and on the athletic field.

Every ex-student and ex-teacher who finds it possible is urged to take part in Friday's homecoming. The event has gradually grown since being revived here some five years ago, and a successful 1957 homecoming will set the stage for even bigger ones in the years to come.

Welcome back, ex-students!—CD

## Clipped Quips From Other Newspapers

We've noticed a trend in the thinking of the American people since the war. "Let George do it" is becoming a more and more popular attitude. Perhaps we should return to the old-time policy of hell-raising every time we see a crooked politician or a bad deal. Maybe hell-raising isn't polite but it is effective—and it's AMERICAN! At least that's what the men at Bunker Hill thought and they seem to have accomplished quite a lot.—London, Ohio, Madison Press.

When big people get together, they discuss ideas; when average people get together, they discuss things, and when small people get together, they discuss other people.—Hanover, Kans., News.

History makes it tragically clear that punishing the press for publishing facts is fatal to a nation's freedom. Aware of this, the framers of the first ten amendments to the U. S. Constitution provided that "Congress shall make no law... abridging the freedom of the press." And this principle has precedence as the first

article of our Bill of Rights—not to favor the press but to perpetuate our people's freedom to be informed.—Coatesville, Pa., Record.

International finance is an intricate, and intriguing thing. The World Bank has agreed to lend Thailand \$66 million for a huge new hydroelectric project. Some are wondering where Thailand will get the money to repay the World Bank loan.—Carlsbad, N. M., Current-Argus.

We are dealing in 48 cent dollars today. That means that for every dollar we paid for life insurance during the past few years, every dollar we paid on a mortgage and every dollar we put in the bank is really worth less today than half of what we paid out.—Pointe-a-la-Hache, La., Piquemines Gazette.

To pay off the national debt in one year would take almost the entire income of everyone in the nation. The per capita debt stands at \$1,612.38 while the nation's per capita income is only \$1,935.—Pharr, Tex., Press.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

THERE'S A GOOD chance of this drouth-breaker proving the most costly on record—from a crop standpoint.

Friday will be another big day in the vicinity of the Post schools, from about 3 o'clock on through the homecoming dance. An outstanding program has been arranged, and word from the Antelopes' football "camp" is that the boys are going to do their dead-level best to help make the affair an enjoyable one for the eyes by beating Abernathy.

ALL THE SCHOOL posters on the Community Chest program are good, and some are downright clever. Displayed in most store windows, these posters are doing a big job in helping promote the Chest fund drive.

This "MAN WANTED" ad reaches us through the courtesy of Gilbert Paper Company. It's too good to keep, so we're passing it on as a possible scrapbook item.

WANTED—A man for hard work and rapid promotion; a man who can find things to be done without the help of a manager and three assistants.

A man who gets to work on time in the morning and does not imperil the lives of others in an attempt to be first out of the office at night.

A man who is neat in appearance and does not sulk for an hour's overtime in emergencies.

A man who listens carefully when he is spoken to and asks only enough questions to insure the accurate carrying out of instructions.

A man who moves quickly and makes as little noise as possible about it.

A man who looks you straight in the eye and tells you the truth every time.

A man who does not pity himself for having to work.

A man who is cheerful, courteous to everyone and determined to "Make Good."

This man is wanted everywhere. Age or lack of experience do not count. There isn't any limit, except his own ambition, to the number or size of the jobs he can get. He is wanted in every big business.

A LOCAL FARMER dropped in to report on his troubles with the Government, writes Editor James Roberts of The Andrews County News in his column, "Drifting Sands."

At least the man-of-the-soil is suffering from no lack of attention: The way James tells it, he had one Government official looking down his neck to see that he didn't overproduce. Another official was on hand to show him how to conserve, to fertilize properly to make his land produce more. A third official kept dropping around to see that he paid his "braceros" the required wage and a fourth Government official was dropping by to see that the soil bank land stayed put. James says it's all very confusing.

Getting back to homecoming for a moment, there won't be as many queens and attendants at Friday night's football game as there usually are. The exes' queen and runners-up are to be presented at the banquet in the junior high gym, while the only ones at the football game ceremonies will be the high school football queen and her attendants. That'll be a big help to us on picture-making, since for the last few years there's been too much royalty at one time on the cleat-beaten gridiron to do full justice with a camera.

SOME OF THE folks we've talked to around here are a bit jealous because the travelers from outer space, if that's what they are, have missed Post on their prowling around. We also talked to an old friend from Levelland who said most of the people in Littlefield almost turned green with jealousy after reading of the strange object "favoring" Levelland with a visit. The two towns are big rivals, but it appears to us that they ought to confine their rivalry to the football field, the size of building permits issued, and population, instead of going off on a tangent about such things as "strange objects." Seriously, though, we doubt if the good people of Littlefield begrudged Levelland their "space ship" visit.

Personally, we'd be satisfied if we could just see one of the spunkies somewhere besides on a television screen.

They say that the man who laughs last in the man sitting behind the lady in the picture show who's wearing a big hat—"Scoop Sez" in The Muleshoe Journal.

### Hand Of Fate

Fate has perfected a system of causing the unexpected to appear entirely obvious. A man stoops to pick up a lady's glove in a church doorway. Ten years and three children later they wonder how next month's bills can be met, but never about the destiny that brought their lives together—"Trail Dust" in Matador Tribune.

We're fighting mad this week! The nerve of the Russians sending that poor little dog up into outer space in Sputnik No. 2! Just imagine how lonely and cramped the little fellow must be sailing around the world at 1700 miles per hour. Around here we just don't treat dogs that way—"Around Journal Square" in The La Grange Journal.

### She's Read It, Too!

"Indian summer is like a woman. Ripe, hotly passionate, but fickle, she comes and goes as she pleases so that one is never sure whether she will come at all, nor how long she will stay." This description of Indian summer could well have been written by a West Texas farmer this year as he anxiously waited each morning for the sun to rise and give those cotton bolls a help. However, it is the opening paragraph of the controversial novel, "Peyton Place," the story of a small New England town written by Grace Metalious.—"Nearly News" in The Lamb County Leader.

### Convincing Talker

Ches Fowler says it's official now, and that we can quote him on it: The Great Drouth of the 1950's has ended. Ches says he's had about four inches on his place in Oklahoma Lane this fall, which is real moisture for him. He suggests that the thing we can start practicing up on now is telling stories on the biggest drouth of 'em all, which lasted from 1950 through 1957. He is so firm in believing it's finally ended that he has us convinced.—"From the Hopper" in The State Line Tribune.

### Success Formula

If Bro. Ross will forgive me, I want to quote the philosophy of Knorshark Mfg. Co., makers of Esquire shoe polish, as it appeared in the August issue of "Printers Ink." Here it is: "Get all the facts,

think boldly, act daringly, market aggressively and advertise like hell!"—"Ad Libs" in The Slaton Slatonite.

A needle-sharp blade pushed through one end of the egg does the trick. Old-fashioned people get the same result by grabbing a chicken by the leg and shaking hard.—The Winkler County News.

### One Of Those Days

Saturday was one of those days when it would have been better to have remained in bed. The Mustangs got beat, the "B" team got beat, Baylor got beat, and the neighbor's dog got run over and killed. T'wasn't a fit day for Baptist nor beast.—"Drifting Sands" in The Andrews County News.

**BRAND NEW LINE** — Featuring higher horsepower and higher engine compression for economy, a new line of Ford tractors are being offered by Garza Tractor & Implement Co., local dealer. Eight per cent more power gives the Workmaster class 32 drawbar horsepower. Powermaster tractors with 44 horsepower at the drawbar are 10 per cent more powerful. Both power classes are available in four-wheel and row-crop types, with such improved features as brighter headlights, greater fuel tank capacity, generator warning light.

Jacobin Clubs, made up of the most fanatic of the French Revolutionists, were named for the convent where they met.

FEATURE HIGHER POWER, NEW STYLING

**New Ford Tractors Will Go On Display Friday At Dealership**

The most powerful tractors ever built by Ford Motor Company will go on display Friday at Garza Tractor & Implement Co., according to Earl Rogers, dealer.  
New Ford tractors in the "three-four plow" Powermaster class have 10 per cent more drawbar horsepower than formerly, while the "two-three plow" Workmaster tractors are 8 per cent more powerful, the dealer said.

"We extend a cordial invitation to all farmers and others interested in power machinery to visit our showroom to see the features of these new tractors. We sincerely believe that every tractor user will be impressed with the power capabilities and the other improvements made in the Ford line," Rogers said.

**New Operator For Ely-Walker Group**

The Ely & Walker group of mills, which includes the Postex Mill, is now being operated by B. I. Cotton Mills, a new member organization of Burlington Industries, according to Spencer Love, Burlington president.

The B. I. Cotton Mills, which has established headquarters at Greenville, S. C., is also operating the Martel-Henrietta group.

Ely & Walker and Martel-Henrietta include a total of 14 plants with approximately 584,000 spindles and 14,600 looms.

Besides the mill here, the Ely & Walker group has plants in Greenville and Calhoun Falls, S. C., High Shoals, Marion and Tarboro, N. C., and Sherman, Tex.

C. A. Gibson is president of B. I. Cotton Mills, Walter Hildebrandt is vice president with merchandising and liaison responsibilities, and W. R. Chandler is divisional controller.

"The higher horsepower of these new tractors have a two-fold significance. First, of course, they increase the work capacity of the tractors under all conditions. Second, they are obtained through greater engine efficiency. With compression ratio of 7.5 to 1, a figure unsurpassed by any other gasoline tractor engine in our field, our Workmaster tractors now produce 32 horsepower at the drawbar. Powermaster models give a hefty 44 drawbar horsepower, plenty to pull a four bottom plow with ease in most soil conditions," he said.

## White River Board Going After Loan

The White River Water District board of directors hope to complete work at Crosbyton next Thursday night on their application for a \$4,000,000 loan from the federal government.

Tom Boucher, chairman of the directors, said today the directors are hopeful of securing preliminary district approval for the loan so that a final decision could be made on it by the federal agency in Washington by the end of January.

The directors meet monthly in one of the four participating towns and have been working on the application for the last two months. If the loan could be secured from the federal agency it could result in considerable interest savings.

## High School Hi-Lites

By FRANCES DIETRICH

Hi, kids! Homecoming is really the big news this week. One by one the exes are filing into town for the big event. There will be a pep rally tonight to start things off in a big way. Another pep rally will be held in the gym Friday morning at 11:30. The band will march through the halls and each class will follow them on to the gym. The exes will have their annual banquet at 5 in the junior high school gym. Some members of the senior class are selling yellow mum corsages for the events.

The kickoff time for the game is 8 o'clock. Let's all be there to back our team. The candidates for Football Queen have been announced as Melanie Thompson, Gwen Cople and Doris Ellenburger. One of them will be crowned at Friday night's homecoming game.

The girls' basketball teams started their season off right Tuesday night by playing Rotan here in our gym. The "B" team won 29-11 and the "A" team won 50-26. In the "B" team game Glenda Whittenberg scored 10 points. Other forwards playing were Pat Wheatley, Barbara Gary, Rhea Peel, and Shirley McBride. The guards on that team were Maritta Pennell, who was captain, Sandra Veach, Frances Barron, and Kay Martin.

Tryouts for the junior play were held Monday night and the following characters were selected. Mrs. Mary Buford, Shirley McBride; Evelyn Buford, Barbara Shytle; Winston Buford, Craig Graham; James Hoton Travis, John T. Brown; Jean Owen, Kay Martin; Betty Anderson, Linda Bartlett; Dr. Mel Shannon, Jimmy Short; Thomas Putton, Boyd Dodson; David Shivery Whitten, Victor Hudman; Miss Sophronis Buford, Joetta Garrett; Camilla Dusenberry, Frances Barron.

The sponsors are Mrs. G. E. Fleming and Mr. Pollard. The announcer is Eddie Pearl Carpenter; general manager, Charles Morris; stage managers, Sidney Hart and Jerry Windham; advertising managers, Don Davies, Herbie Hays, Janet Stephens, Pat Ethridge; sales managers, Kay Gene Jones, Ruth Ann Long, and Jeannette Dunn; prompters, Barbara Blacklock and Anne Harmon, and junior girls will be the usherettes. Practice on "Quit Your Kidding" began Tuesday night. We are all looking forward to a good performance on Dec. 6.

We noticed David King visiting in our school last Tuesday. He is one of the first exes to arrive from college for our homecoming activities. Welcome, David, and all the rest of the exes.

Mrs. Green and Mrs. Pollard have been substitute teaching this week. Mrs. Green is teaching Mr. King's classes while he is in the hospital, and Mrs. Pollard took Mr. Madison's place while he was

out of town because of a death in his family. Fleming are working hard on plans for the Football-Pep Squad Banquet which will be held in the school cafeteria Nov. 26. Ball boys and pep squad and sponsors are

## It's The Dangerous Time Of Year For Weekend Motoring

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, issued a warning to Texas motorists today stating that "the dangerous season for weekend driving is here."

Saturdays and Sundays for the remainder of the year, he said, will be extra hazardous on the streets and highways of Texas.

Upon receiving information compiled by N. K. Woerner, Statistical Services section of the department, Garrison said that from all indications 45 per cent of the forthcoming traffic deaths this year will occur on the 18 remaining Saturdays and Sundays in November and December. He said

the other 55 per cent of traffic deaths will occur on the remaining 43 week days.

"Weekend days are more than twice as fatal for motorists this time of year as mid-week days. This is due to the increasing hours of darkness coupled with high weekend travel. Therefore I urge all of our citizens to devote extra attention to their driving."

He added that, "common-sense judgement on the part of Texas drivers and strict adherence to our traffic laws are the best protection against traffic accidents."

## VA Questions And Answers

Q. I am in college under the Korean GI Bill, and I have just about come to the end of my GI Entitlement. If I run out of entitlement before the end of my semester, will I be allowed to continue my GI training?

A. If your GI entitlement runs out after you've passed the half-way mark of your semester, you will be permitted to continue under the Korean GI Bill to the end of the semester. Otherwise, your GI training will end when your entitlement expires.

Q. I hold a World War II GI endowment policy. When it reaches the end of its endowment period, could I arrange to receive monthly

payments for the rest of my life?

A. No. You may, however, choose either a lump-sum payment, or payments over a specified period ranging from three to 20 years.

Q. I am getting monthly disability compensation payments from VA which, I am told, are tax-exempt. If I save those payments and buy some property with them, would the property also be tax-exempt?

A. No. Tax-exemption does not extend to any property you might buy with your compensation payments. The property would be subject to taxes.

Q. I am a Korean veteran, and I've been thinking of using my GI loan rights to buy a house. Is there any hurry to buy a house, or do I have plenty of time?

A. You have plenty of time. Korea veterans have until Jan. 31, 1965, to take advantage of their GI loan benefit. World War II veterans have only until July 15, 1958.

## HOW SMALL, YET HOW BIG

How small a man seems—walking down a lonely road on a rainy day, with gaunt trees towering over him.

How small man is, and how frail in body. The trees in the picture and even the chimneys on the old house will probably long outlive the man.

Yet how big man is—in the things that are not of the body, but are of the mind and soul. God has not made man mammoth. But He has made him potentially great—if he will but accept the blessings given him, and use the tools of Christian teachings.

Man finds in the Church, the encouragement and the instruction to enable him to make from his God-given divine spark something great and enduring—and of benefit to all human-kind.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**LONE STAR AGRICULTURE**

**Price Farmer Can Pay For Feeder Pigs Depends On Number Of Things**

By JOHN C. WHITE  
Commissioner of Agriculture

The price a farmer can afford to pay for feeder pigs depends on the value of the finished hogs, cost of raising them, and death loss.

Recent studies on midwestern hog raising has produced a gauge for estimating in advance the possibilities of profit and loss.

To determine the finished value, a farmer first estimates the prices at the time he will sell the hogs, and their probable weight. For example, if Farmer Jones wants to buy 35-pound feeder pigs in late May to sell in October, he may estimate their ultimate weight at 225, the price at \$16.

The weight is based on experience with rate of gain, and the price is a forecast. His expected income or net value at the farm is 225 pounds times \$16 per hundred-weight or \$36 altogether.

Probably costs should be estimated next. Figures vary from year to year and farm to farm but experimental results show the average midwestern farmer uses 350 pounds of protein supplement to add 100 pounds weight.

This would be a total of 665 pounds (about 12 bushels) of corn and 100 pounds of supplement to increase the 35 pounders to 225 pounds.

With corn at \$1.15, the cost for 12 bushels would be \$13.80. And

with supplement at \$5 a hundred-weight, total cost would be \$18.

Feed is the largest cost item, but labor shelter, equipment and veterinary count too. Usually, these amount to one-fifth of the feed costs. This is \$3.76, bringing total production costs to \$22.56.

Difference between income and total costs is the first estimate of the price a farmer can afford to pay for a feeder pig. This figure is \$13.44. But the amount should be adjusted for death loss. Probable survival rate is multiplied by the

margin over cost per pig.

For example, Jones expects a death rate of 5 per cent—or a survival rate of 95 per cent. Multiplying margin per pig (\$13.44) by 0.95 gives price per pig: \$12.77 in this case. If Jones pay this price for a feeder pig, he can

expect to get market price for shelter, equipment, and other items. When a pig may be purchased for less than \$12.77, the difference constitutes profit.

### School Board—

(Continued From Front Page)  
dent Green on the school's transportation problem.  
He explained that at the present time the 42-passenger Grassburr bus is transporting 54 students to school and he has been told that four additional students are moving into that rural area. He said too that the schools also are operating a 30-passenger bus for the colored school with 51 students now on the route. Many students are having to stay home, he said, because of the lack of transportation. He thought this transportation problem was of a more temporary nature.

He recommended purchase of a 48-passenger bus for the Grassburr route, releasing the 42-passenger bus for the colored school route. Authorization for a third teacher for the colored school came after recommendation of such action by Supt. Green. He told trustees the colored school now has an enrollment of 89, as compared to an enrollment of 55 on Sept. 5.

He said he thought a qualified teacher could be secured on a temporary basis. The colored school has only two teachers at the present time.

Green said in answer to a question that funds for a third teacher were not provided in the school district budget but that action had to be taken due to the big enrollment hike, which he added had to be taken due to the big enrollment hike, which he added might prove only of temporary nature.

Discussion of possible use of school property east of the grade school for a site for a 4-H building was presented to the board. Green also reported Wesley Northcutt wanted to purchase an 80-foot frontage of school property for the operation of Judy's cafe if the property were for sale.

Board President Clint Herring reminded the board that the architect some time ago "told us we would need all the room we now have and probably then some."

Superintendent Green said the property in question might some day be needed for construction of a school administration building.

The board then decided either to make the school property available for a 4-H building site or to sell any of it at this time.

The board voted a \$50 a month custodian salary at Graham school to be paid to Mrs. E. O. Tackett. Setting this salary was overlooked at the beginning of the school year. This is the full amount allowed in the budget.

The board voted to authorize use of the activities bus to take the Post high school band to TCU band day at Fort Worth, Nov. 23. Green told the board he would like their authorization for the trip.

The football practice injury to Wayne Runkles also came up as one of the financial problems of the evening. Supt. Green explained that the total medical and hospital bill for Runkles, who underwent an emergency operation for removal of a kidney after a September practice injury, amounted to \$823.79. The football insurance this year pays a maximum of only \$500 for each injury. The board decided to have its attorney, Pat Walker, check to see if a Boy Scout insurance policy held by Runkles might be applied on the remainder of the cost before taking further action on it. Green said he felt the school district should be obligated to take care of the medical and hospital expenses, but said the board needs to come to some policy decision to apply in any future cases.

The board voted to spend \$850 to repair the roof of the high school gymnasium with the work going to the Hamilton Roofing Co. of Lubbock. Green told the trustees that now the rains have come the

badly leaking roof has been a source of real worry and needs to be fixed or the expensive floor will be ruined.  
The superintendent reported to the trustees that the Graham lunch room is now operating in the red and probably will lose \$78 per month for the remainder of the school year. He said 26 students eat at the lunchroom. Green added that little federal surplus commodities are being received this year to help the school lunch program.  
Quannah Maxey proposed that the school district buy a ram to service ewes of 4-H boys.  
That raised the question of who would take care of the ram and furnish the feed. Superintendent Green said he would obtain more information about the need of a ram before the board's next meeting.

### Postings—

(Continued From Front Page)  
Florida. The stories Ed can spin now will really make a lot of his friends' coffee grow cold. Enroute to Florida, the Warrens detoured up to Little Rock and watched U. S. soldiers patrolling the Little Rock high school campus during that integration crisis. Ed said it was "the darnest thing I ever saw". Also going down they stopped in Atlanta to visit some of Pauline's relatives. In Florida they both put in a lot of fishing with Pauline trying her hand at it and enjoying it very much. Ed had flown over every part of Florida while stationed at Pensacola during the early war years, but never had the chance to see it all at ground level. Ed liked it so much he wouldn't be surprised to see him head that way again for more fishing. Ed says in Florida the people drive old model cars and own \$3,000 boats. The Warrens both look swell. Now they've had a taste of travel we won't be surprised to see them off on another junket whenever the mood strikes them.

### Church Drive—

(Continued From Front Page)  
of extra educational space for the church.  
John F. Lott, general chairman for the building campaign, expressed satisfaction with the progress of the drive. Almost every member of the church has had a chance to take part in some way, he said.

Bob Collier, chairman of the board of stewards, expressed his appreciation to the leaders of the drive. The educational group, under the direction of Dr. B. E. Young, has just about wound up an extensive publicity campaign. R. J. Jennings headed the direct mail subcommittee which was responsible for regular letters explaining the needs and proposed building plans to the membership. An illustrated brochure was composed by Mrs. Gordon Hamilton, Cal Casteel, Mrs. F. E. Shannon and Mrs. Pat Walker.

Walker, Sharon Jobe, and the late T. R. Greenfield were responsible for providing lay speakers to discuss building needs and plans each Sunday during the church service.

The actual financial aspect of the drive has been directed by Edsel Cross. Besides evaluation, Cross was in charge of the solicitor's committee, headed by Ward Lynn Duncan was general chairman of the drive. Malcolm Bull and Bill Edwards formed the score-board committee. On the audit committee are Leo Acker and Carl Cederholm. Collier was program chairman. Mrs. R. A. Moore, president of the Women's Society of Christian Service, headed the food committee.

Mrs. Irene Rodgers headed the telephone committee and office work has been directed by Mrs. Carl Webb.

The Rev. W. L. Porterfield, pastor, stated that the campaign has seemed to reach every member of the church, judging from interest and attendance.

### Checks Are Mailed Fair Exhibitors

Checks totaling \$182,682.52 have been mailed to 1,235 Texas Future Farmers and 4-H Club boys and girls who participated in junior livestock and poultry auction sales during the 1957 State Fair of Texas. In the junior livestock auction, 528 steers were sold for \$142,991.92, 233 lambs for \$7,427.27 and 533 pigs for \$23,891.10. There were 300 buyers taking part.

The turkey auction sale brought a total of \$4,776.83 for 392 turkeys from 150 purchasers. The broiler sale brought \$3,595.00 for 1,710 broilers and 50 buyers participated.

Quality of the animals and fowl sold during the 1957 auction sales was the best ever offered to the public at the fair, Ray W. Wilson, livestock manager of the State Fair, declared.

The youngsters who took part in the sales came from more than 200 of the 254 counties in Texas. The 1,235 who participated was the largest number ever to be represented in the auctions.

Buyers paid a substantial premium over the market price to offer encouragement and incentive to the boys and girls who raised their livestock and poultry as Future Farmer or 4-H Club projects, Mr. Wilson said.

Television played talent scout for Joe Moss, former local attorney now practicing law in Houston, according to a big writeup the Express man received last week in The Houston Press. Mrs. W. R. Watts thoughtfully mailed The Dispatch a copy of the pictures of Joe and the big feature story. His friends will be happy to hear that Moss made such a good impression on the director of Theater, Inc., of Houston while seen on TV during the televised Kessler impeachment hearings in Houston that he contacted Moss and gave him the part of the senator in the forthcoming production, "Kiss Me Kate". It's a singing role, too and Joe's first stage appearance. The only time Joe told The Press he remembers being on the stage was during an American Legion benefit show at Tahoka. The only singing Joe's done was a little close harmony with the Air Force boys during the war, but he convinced the New York director when he auditioned by singing "Old Man River" and "Without a Song"—and the part was his.

The Aerial Phenomena Research Group, with national headquarters at 5108 Findlay street in Seattle, have written The Dispatch asking anybody who witnessed the recent aerial phenomenon in Texas skies—which drew national attention to Levelland—to contact the Seattle office. Bob Gribble, a national director who wrote the letter, explained "we are a non-profit organization whose purpose is to investigate and determine the nature of unidentified flying objects." Now that sounds routine but this research group is convinced that "in all probability most such unidentified flying objects are interplanetary." This research group has checked out accounts of more than 3,000 sightings since Jan. 1, 1954, and has concluded that many of the unidentified flying objects are "spacecraft from other planets."

### More Cottonseed For Sale Than Last Year

AUSTIN—Texas cotton growers have some 183,000 tons more cottonseed to sell this year than they did in 1956, University of Texas Cotton Economic Research scientists report.  
The report, based on October crop conditions, predicted the increase for the 1957-58 season would remain steady, "if conditions for the rest of the season" remain unchanged.  
Seed available for sale in the High Plains country will be about 74,000 tons greater than in 1956-57. A 94,000-ton increase was noted in the Rolling Plains; a 44,000-ton rise in the Blacklands; a 4,000-ton increase in East Texas, 5,000 more tons in the Gulf Coast and Interior Coastal Plains, and 3,000 more tons in the El Paso and Pecos country.

Only decrease in cottonseed for sale is predicted for the Lower

Rio Grande Valley and adjacent areas. This section's cottonseed production will be about 51,000 tons less than in the 1956-57 season. Anise seeds, native to the Middle East, are used extensively in medicines. Angora, now an ancient capital city.

GAME, FISH COMMISSION TAKING APPLICATIONS

## Deer, Turkeys And Javelinas Now Available For Stocking Purposes

Deer, turkey, and javelinas are available again this year for stocking purposes, according to the executive secretary of the Game and Fish Commission.

Based on average trapping and transportation costs, deer will be delivered for \$35 a head; turkeys \$12 each and javelinas for \$10 each.

Under the plan, landowners will make application to the Commission for what they need. The areas then will be inspected by trained personnel to make a recommendation as to the carrying capacity and needs. Payment is made to the Commission and the game for stocking is delivered.

No orders will be accepted for fewer than ten. The game will be trapped from the King Ranch and released on areas approved by the Game and Fish Commission.

Transplanting the game means that relief is provided for overpopulated areas, giving the game animals a chance to survive elsewhere. It also will make game available for harvest in new and additional areas.

Persons needing deer, javelinas, or turkeys for this restocking program should write directly to the Game and Fish Commission in Austin.

## Post Antelopes Drop Ninth Straight To Tahoka, 26-0

The victory-starved Post Antelope football team helped make a success of Tahoka High School's homecoming Friday night by dropping a 26-0 decision to the Bulldogs at Kelley Field in Tahoka.

It was the ninth consecutive loss for the Antelopes and the third victory against six defeats for the Bulldogs.

with the Bulldogs winding up in possession on the Post 46. They drove to the 18, where the ball went over on downs on the second play of the fourth quarter.

After two passes and a running attempt had failed, Martin kicked out on the Tahoka 45. Halfback Dave Copeland carried for 22 and a first down on the Post 33, and a pass was good for 11 and another first down on the 22. Halfback Robert Cloe bucked the line for two, and Adams passed to end Jay Gurley across the goal line. The try for point failed.

The Post eleven started out like the proverbial house afire after receiving the opening kickoff, but couldn't keep up the pace against a fast, hard-charging Bulldog line. Tahoka had built up a 14-0 lead by halftime, increased it to 20-0 by the end of the third quarter, then scored their final six points in the last period.

With quarterback Noel Don Norman doing his usual fine job on offense, the Antelopes moved the ball well after running the kickoff back to their 27. Norman carried twice for a first down on the 47, but the advance was halted on the Bulldog 48, and fullback Sammy Martin's punt was returned 11 yards to the Bulldog 31.

Norman passed to end Don Greer for six and two runs by Norman and Martin made it a first down on the 27. But the Antelopes couldn't move from there and the Bulldogs took over on downs.

It took just five plays for Tahoka to score their first touchdown. A 15-yard pass set up a first down on the Bulldog 42, and running plays made another first and 10 on the Antelope 42. From that spot, quarterback George Adams hit end Jerry Brown with a touchdown pass, and a line buck provided the extra point to spring Tahoka into a 7-0 lead.

Norman returned the kickoff eight yards to the 23, and a personal foul penalty against Tahoka gave the Antelopes a first down on the 38. A clipping penalty and a loss on an attempted pass set Post back to the 12, and Martin's punt rolled dead on the Bulldog 41.

A 15-yard penalty kept the Bulldogs from moving upfield, and they punted out of bounds on the Antelope 36. A roughing the kicker penalty against Post gave Tahoka another chance at a punt and this time the kick was short and out of bounds on the Antelope 37.

Halfback Charles Morris brought the kickoff back to his 37, but three plays later the Post offense had bogged down after making only six yards. Martin's punt was blocked, with Tahoka recovering on the 21.

Six plays later, halfback Billy Tomlinson went over from the one-yard line, then ran the extra point to make it 14-0.

The Antelopes were forced to punt after receiving the kickoff, with Martin's boomer rolling dead.

### Red Raiders Play H-SU In Final Home Contest

LUBBOCK — Texas Tech and Hardin-Simmons conclude the Red Raiders' home football schedule with a game starting at 2 p. m. Saturday.

After Saturday afternoon's contest, the Red Raiders will have one contest remaining, with University of Arkansas at Little Rock Nov. 23. Hardin-Simmons still must meet Oklahoma State and New Mexico A&M.

Tech's hopes of avenging last year's 41-14 victory by the Cowboys are slim. The Red Raiders have won only one game while losing seven. Hardin-Simmons, 4-3 for the season, has a decision over Texas Western, the team that defeated Tech earlier in the year, as well as one over Tulsa, 3-0 victor in Tech's homecoming last week.

Hardin-Simmons' downed Arizona 26-20 last Saturday. Tech outgained Tulsa but had one long scoring drive nullified by a penalty and a potential touchdown wiped out by a fumble on the Tulsa 11.

No one we've talked to can recall offhand a Post football team ever having gone through an entire season without winning a game. If such is the case, then history might be made Friday night. On the basis of past performances, the Antelopes don't seem to stand much chance against Abernathy, which managed to score two touchdowns on Lockney, two on Tahoka and three on Slaton, whereas Post was shut out by all three of those teams.

Also, the Abernathy team held Spur to a 19-12 victory, while Post lost by 28-13 to the same team. And, Floydada defeated Post 41-0, eight points more than it managed against Abernathy.

Comparative scores don't always hold up, of course, and we hope that is the case here Friday night. As long as there's still one game to go, we aren't giving up on the Post team, and there are lots of other fans who feel the same way.

One thing, for certain, if Post does it fail to win a game, it won't be the first football team in history to finish with that kind of a mark. Tulla, which is also in Class AA, went for two years without breaking the victory circle, and it hasn't been more than a couple of seasons ago that the Slaton Tigers went through a ten-game schedule minus a victory.

Now that the end of the season is at hand, the outlook for next year isn't as bright as it looked at the first of the season. We're losing some good boys this year. Until checking the roster, we hadn't realized that there are 13 seniors on this season's squad. Of course, not all of them are starters, but just about all of them have been seeing action in most of the games.

Hurting most will be the loss of such starters as quarterback Noel Don Norman, fullback-tackle Sammy Martin, tackles Arlon Ford and Paul Wheatley, ends Don Greer and Ronnie Polk and guards Mike Ray and Jackie Payne. Other good boys who have bolstered the squad, but who won't be back next season are fullback Jerry Morris, halfback Richard Simpson, tackles Leland Edwards and Bryan Williams III and guard Butch Wilson.

Let's show these departing grid-ders that we appreciate their efforts by attending Friday night's game and rooting for a victory.

As far as District 2-AA is concerned, the Lockney Longhorns have lived up to their preseason ratings. They're already assured of a playoff berth opposite Dimmitt, regardless of how they come out against Tahoka on Friday night.

Earlier in the season, Lockney defeated Dimmitt, 32-0, but the District 1-AA team has been coming along fast since then to wrap up their conference crown over such challengers as Canyon, Muleshoe and Dalhart. It'll be surprising, indeed, if Lockney beats Dimmitt in the playoff game as badly as they did earlier in the season.

In the only other district action Friday night, the Floydada Whirlwinds journey to Spur. The 'Winds lost to Lockney, 28-14, Friday night, while Spur had an open date. The Bulldogs more than likely will make it close on their home field, but Floydada is expected to win.

Some 60 to 70 varieties of amaryllis are native to the Americas.

Edwards. This is only four less than the 17 seniors who were members of the 1956 aggregation.

Abernathy opened the season with two victories, but haven't won a game since. They defeated Olton, 19-0, and Tulla, 26-6, to get off to a good start. In their third start, they held the top-rated Class A Sundown eleven to a 21-19 victory, then lost to Dimmitt, 34-0. They were defeated by Lockney, 42-13, in their first conference game, then lost to Spur, 19-12; Floydada, 33-0; Tahoka, 24-14, and Slaton, 32-21.

The Abernathy team has been plagued by injuries most of the season, but it was the same way last season until the Post game, when they were back at full strength.

### 590 Hunters Receive Permits In Drawings

AUSTIN—Notices are now being mailed to 590 lucky hunters whose names were drawn last week for participation in three public hunts, according to the assistant director of wildlife reclamation of the Game and Fish Commission.

There were 7,782 applications for these permits.

Notices going out will contain information as to the area to be hunted and the day the permit is valid. They are being processed as fast as possible. Notices also will be sent to all who mailed in applications.

The public hunts this year were set up for the Kerr Wildlife Management area in Kerr County; the Black Gap Management area in Brewster County, and the Engeling Wildlife Management area in Anderson County.

The hunt is being permitted so that surplus deer can be harvested and bring in to balance the land carrying capacity based on condition of the range.

# Television Vignettes

Those who have been "Grand Ole Opry" fans down through the years won't want to miss seeing and hearing Minnie Pearl from "Grinder's Switch" at 8:30 tonight on "The Ford Show", starring Tennessee Ernie Ford. It's a Channel 11 feature. And singer Vic Damone will be guest star on "The Patrice Munsel Show" at 10 p. m. on the same channel.

TV wrestling isn't as popular as it used to be, but it still has its fans. It'll be "Wrestling from Chicago" at 11:30 tonight on Channel 13. Announcer Russ Dav's always manages to brighten up the dulllest match with his droll humor. You often catch midget and gal grapplers or this regular Thursday night feature.

A couple of highly rated middle-weights, Gene Fullmer and "Real Rivers", met in a 10-rounder on Channel 13's "Cavalcade of Sports" telecast at 9 p. m. Friday.

One of the nation's biggest grid clashes—Notre Dame vs.

Oklahoma—will be televised on Channel 11 beginning at 1:45 p. m. Saturday. Lindsey Nelson and Red Grange will provide the play-by-play action and color.

"Holiday in Las Vegas," the first of three special musical productions originating in the desert entertainment capital, will be presented from 7 to 8 p. m. Saturday on Channel 11. Guest stars include Ann Sothorn, Tony Randall, the Will Mastin Trio, Vic Damone and Jayne Mansfield.

Heading the list of headline celebrities on Sunday night's "Ed Sullivan Show"—7 o'clock, Channel 13—is Kate Smith, perennial American girl friend. Other top-flight guests include Julius LaRosa, who recently paid Lubbock a visit; recording star Gene Vincent; pianist Jose Melis; comedian Wally Griffin and singer Carol Bennett.

At 1 o'clock Sunday afternoon, pro football teams Los Angeles Rams and Green Bay Packers clash at Green Bay, with Channel 13 bringing you the action.

A special two-hour colorcast, with a theme related to the pursuit of happiness, will inaugurate General Motors' Golden Anniversary Year at 7 p. m. Sunday on Channel 11. The show's cast of more than 100 includes Kirk Douglas, June Allyson, Don Ameche, Pat Boone, Ernest Borgnine, Eddie Bracken, Claudette Colbert, Dean Martin, Cyril Ritchie and production on Channel 13.

The unusual title, "Please Report Any Odd Characters," is Monday's 9 p. m. "Studio One" production at 9 p. m. on Channel 13.

George Gobel, with some staunch aid from his guest stars, Charles Laughton and Zsa Zsa Gabor, will devote his full-hour telecast to the theme of hobbies on the Tuesday "George Gobel Show"—7 p. m., Channel 11.

Tuesday night at 10, on Channel 13, Red Skelton has Hollywood film star Vincent Price in a "foot-in-cheek" satire on the whims and foibles of the world of high fashion.

On the "U. S. Steel Hour" Wednesday at 9 p. m., the Theatre Guild presents a brand new song and dance version of Mark Twain's masterpiece of Americana, "Huck Finn," with Jack Carson, Basil Rathbone, Florence Henderson and Jimmy Boyd. See it on Channel 13.

Peggy Lee will be guest star on "The Frank Sinatra Show" at 8:30 p. m. Wednesday on Channel 11.—CD

## Post Invited To Have A 'Day' At Fort Worth Show

Post has been invited to have a "day" at the 1958 Southwestern Exposition and Fat Stock Show in Fort Worth by president-manager W. R. Watt.

In his letter to Post, Watt urged that a cowgirl sweetheart be named so that she can be introduced to the rodeo audience in Will Rogers Memorial Coliseum. The city also is invited to send its high school band so that the students may give a concert on the stock show grounds. The band members will be guests at the rodeo performance.

Watt expressed the hope that the city also would have a delegation of citizens wearing handbags or badges proclaiming their hometown. They will be offered a special section of seats at the rodeo.

Annie Oakley, Western heroine of TV and motion pictures, will be star of the 1958 rodeo. Dates of the Fort Worth exposition are Jan. 24 through Feb. 2.

"We believe you will agree," Watt's letter states, "that each city having a day will derive worthwhile recognition and that everyone participating will have a good time."

"You also will be giving wonderful assistance to your fat stock show—oldest in the nation—which has been serving the great livestock industry for 62 years. We are grateful for your cooperation."

### ABOUT YOUR HEALTH

## Many Cases Communicable Diseases Get Their Start From Common Cold

AUSTIN—Now that school days are routine and winter is starting to push fall aside, there will probably be the usual increase in communicable diseases common to children.

Thousands of unnecessary cases of communicable diseases—a and deaths—could be prevented every year in Texas, if all parents would only realize the danger of the common cold.

Colds, especially a child's cold, should never be neglected. But how many times have you heard a parent mention that Junior

or Susie "have the sniffles" but they "seemed" well enough to go to school.

And what's more they will continue to go to school as long as they're able to walk, and only when they become seriously ill does the careless parent call the family physician.

But by that time a good many children in Junior or Susie's classroom have become exposed, thus setting up a chain of sickness and time lost from school.

And with the threat of the Asian flu hanging over the state, the common sense protection of keeping a child home when he or she is not feeling up to par makes more sense than ever.

A child who is sent to school feeling tired, perhaps because of inadequate meals, is handicapped. He not only lacks the aptitude for learning, but he is running the chance of falling prey to disease germs.

A youngster who is allowed to go to school suffering from a cold or the flu, runs the risk of serious complications. These troubles may develop into pneumonia, or if his resistance is low, signs of tuberculosis may appear.

However, when a slight illness is promptly and properly cared for, the child is usually well in a day or so.

The teacher can also be alert to notice if a child isn't feeling well. Of course, she is not expected to diagnose disease, nor is it her province to give health examinations, but she can recognize the common signs of pallor, a cold, and fever.

For his own protection and of children in the classroom, a sick child should not be allowed to stay in school.

## Wildcat Is Among New Locations In County

One wildcat well is among the three new locations in Garza County, according to the Railroad Commission's weekly roundup of oil activities. There has also been one completion and one application to deepen a well.

The wildcat is the Shell Oil Co.'s No. 1-C Slaughter Estate, on a 640-acre lease nine miles south of Post, where rotary tools will be used to drill to 8,650 feet. Exact location is 1,961 feet from south and 1,869 feet from west lines of Section 33, Block 2, T&NO Survey. It is five-eighths of a mile northeast of the Teas-Spraberry field.

In the Dorward and Dorward-San Andres field, Humble Oil & Refining Co. has filed location for its No. 1-9 Dorward Oil Unit, which is to be drilled to 2,700 feet with rotary tools. Location is 500 feet from north and 300 feet from east lines of Section 691, Block 97, H&TC Survey—on a 42-acre lease eight miles southeast of Justiceburg. Application is to dual complete.

W. Ridley Wheeler and Great Western Drilling Co. have staked location in the Hackberry field for their No. 1 H. R. Dabbs, on a 1,546-acre lease four miles south of Southland. Projected depth is 4,400 feet with rotary equipment. Location is 330 feet from north and east lines of the northwest quarter of Section 1249, AB&M Survey.

Application to deepen their No. 1 L. L. Keeton in the Garza field to 3,352 feet has been filed by the Alamo Corp. The hole is three and one-half miles northwest of Post.

Humble Oil & Refining Co. has completed its No. 38-UT M. A.

## Our Birthday—Nov. 15-23—And You're Invited To The Party

Starting this business 12 years ago with a handful of furniture and a lot of full of notes, we embarked on a policy of securing for our customers the best possible values and service.

The notes have since been paid and the stock increased to several carloads of fine furniture. We realize that this could not have been accomplished without you, our many fine customers, the newspaper which carried advertisements to your home and the loyal employees who worked here trying to give you the service we are always striving to improve.

In appreciation of all this we have one sale each year. It is a valuable event this year. Whether you want to buy anything or not, we want you to come down and visit us and register for the free items.

### Conference Stated At Lubbock

Will be the scene of one of the largest safety meetings in the state, it was announced today by the Texas Safety Assn. The annual conference will be held at the Lubbock Hotel from 8:00 a. m. to 5:00 p. m. on Nov. 21. The conference will include discussions of accident prevention in the home, industry, on the farm or ranch, at school and in traffic.

Registration for the conference will begin at 8:00 a. m. on the mezzanine of the Lubbock Hotel. The conference will be held in the home of Mrs. C. P. Jones over the weekend were her daughter-in-law, Mrs. Roy Jones, and three granddaughters from San Antonio.

**IN LUBBOCK HOSPITAL**  
Mrs. Monroe Lane is reported improving after being in the Lubbock Memorial Hospital for a week and a half.

### How many premiums do you pay?

1. Another on your household contents?  
2. Another on your automobile?  
3. Another for personal liability?  
4. One for loss by theft?

Does it seem to you that there's always another insurance policy expiring—another premium to be paid? Hard for you to keep track of your coverages, and amounts? Let us tell you how most, perhaps all, of the insurance your home can be obtained in a single package policy. The premium you pay may be less than for several policies covering the same risks. Streamline your insurance with a Stock Company Insurance policy. We recommend it for fully protection, and full-time service. Remember: if you're not fully insured—it's not enough!

JERRY HITT

AT TFWC BOARD MEETING IN HOUSTON

### Post Student's Piano Playing Brings Him Scholarship Award

The piano playing of Jerry Hitt, Post High School senior, was so well received at the governor's banquet of the Texas Federation of Women's Clubs at the Rice Hotel in Houston that he received a \$300 music scholarship to apply on his first year in college.

Mrs. Tillman Jones, who attended the executive board meeting as a newly-appointed member of the TFWC's state headquarters endorsement committee, reports that young Hitt's piano playing was well received at the banquet.

"He followed a long line of artists on the program, and was the only one who received an encore," Mrs. Jones said. He played

Grieg's "Concerto in A". Gov. Raymond Gary of Oklahoma, principal speaker at the banquet, was among those impressed by the Post youngster's musical talent, Mrs. Jones said.

Following the program, a reporter for The Houston Post took charge of Jerry and the following day conducted him on a tour of the San Jacinto battlefield and other points of interest.

Mrs. Jones said the TFWC executive board members voted unanimously to award the scholarship to Jerry after hearing him play.

"His winning personality had as much to do with it as his musical talent," said the Post clubwoman.

Jerry had been invited to play at the state board meeting after the TFWC president heard him play at a joint luncheon meeting of Post's Woman's Culture Club and Amity Study Club.

Jerry is the son of Mr. and Mrs. Elmer Hitt of the Pleasant Valley community.
