

\$1,562,031 Crop Outlook for Garza Farmers

Teachers Given Salary Boosts

By CHARLES DIDWAY

Salary increases ranging from \$100 to \$500 a year were voted by the board of trustees of the Garza County Independent School District. The increases will cost the district \$31,305 in excess salaries for teachers and administrators already in the system.

The board's action passed on to the faculty members the full increase voted by the recent legislature in the state base schedule and continued the board's policy of paying above the state schedule.

Across-the-board raises of \$306 above the state base schedule were voted for 27 approved classroom teachers and for four excess classroom teachers.

Salary raises of \$500 were approved for Supt. R. K. Green and high school Principal Glenn Whittenberg, \$306 for junior high Principal Ellis M. Mills and \$400 for elementary school Principal Jack Lancaster.

Actually, Mills' raise amounts to \$417 over the \$5,100 he was paid last year, since the new state schedule places his base salary at \$5,211 and it was to this new figure that the \$306 raise was tacked on, making the new salary figure \$5,517.

Green's salary goes from \$8,000 to \$8,500. Whittenberg's from \$5,700 to \$6,200 and Lancaster's from \$4,800 to \$5,200.

County Dads To 'Match' 4-H Funds

The Garza County commissioners' court voted last Thursday to match the 4-H Club building fund dollar for dollar, up to \$5,000, for construction of a 4-H building here.

The commissioners' action came at a meeting with a group of adult 4-H leaders, including members of the building fund committee.

The building has been in the planning stage for a number of years, and Miss Jessie Pearce, county home demonstration agent, said following Thursday's meeting that "now it seems that we may get our building after all."

Last year, the building committee drew up plans for a structure to be located in the northeast corner of the City Park on a site donated by the City of Post. The building would be of concrete block construction with steel windows and roof. The east end of the building would be a meeting room, 30 by 45 feet, and the west end would be used as a show barn. Rest room facilities are included in the plans and how much more can be done on kitchen facilities and air-conditioning will be determined by the amount of money available at the time of construction, Miss Pearce said.

"If we can get enough donations, a building large enough to meet all future needs will be constructed," the agent said.

The building would be for use of organizations other than the 4-H clubs on a basis to be determined by a governing board.

"The problem now," said Miss Pearce, "is that the 4-H Club building fund now amounts to only \$3,500, and it needs an additional \$1,500 before we can take full advantage of the county's offer."

"Residents of Post and Garza County have known for many years," continued Miss Pearce, "that we need a building to accommodate our county fair, 4-H and FFA livestock shows, 4-H dress revue, spring contests, county 4-H Council and recreational activities, and other events in which the boys and girls participate. Let's help make the 4-H dream of a meeting place and show barn come true."

Those wishing to donate to the building fund are asked to contact Miss Pearce, County Agent Lewis C. Herron or any member of the building committee, which includes Mrs. Hardie Smith, Mrs. J. W. Long, Mrs. Bernie Jones, Mrs. Robert Mock, George (Scotty) Samson, Bernie Jones, Homer Huddleston, Jack Brown, Floy Richardson, Alvin Young, Glenn Davis and E. E. Peel.

LOADING FOR TRASH HAUL—One of three loaders used in last Thursday's "mop-up" of the city-wide clean-up drive is shown loading trash onto one of a number of trucks used during the campaign. As soon as each truck was loaded, its driver pointed its nose toward the city dump grounds, where dozens of loads of trash were unloaded during the day. More than 75 workers assisted in the campaign, which is to be followed by spraying and fogging to combat insect threats.—(Staff Photo).

Hard Rain No Damper To Optimism

Optimism is riding high this week with Garza County farmers now looking forward to a 1957 harvest of milo, cotton, wheat, and soil bank payments totaling an estimated \$1,652,031.

Another hard rain Monday night and early Tuesday morning, which dumped up to three inches of additional moisture on the county, failed to dampen their ardor.

Almost all of the cotton is now in, according to County Agent Lewis Herron. He said only cotton planted in the 48 hour period before the rain washed out—and not all of that.

The Monday night storm—accompanied by one of the most awesome electrical displays within memory—added .61 of an inch to Post's moisture total for the year, which now stands at 17.56 inches.

The storm was accompanied by small hail here but Herron said he had had no reports of hail damage.

Hard winds of an estimated 40 miles an hour velocity came with the rain.

Three inches of rain or more soaked the Justiceburg vicinity. Hardy Ainsworth reported that the rain gauge on his farm near Justiceburg holds three inches of water but overflowed during the storm.

About .7 of an inch fell over most of the county.

Herron said grass seedlings on soil bank land planted just before the storm probably would have to be replanted too.

But the county agent said almost all of Garza's planting troubles are over. He said approximately 70 per cent of the cotton is up and most of the remaining 30 per cent already has been planted and most of it should come up.

Herron, like others, is very optimistic about 1957 crop prospects. He predicts the best crop year for Garza County since 1949 unless hail or insects strike damaging blows in the weeks ahead.

Without acreage controls, milo is going to be Garza's No. 1 crop this year, Herron said.

He estimated 60,000 acres have been or are being planted to the grain sorghum and with the recent plentiful rains predicts good chances for a yield of 800 pounds of milo to the acre, well above the county's 600 pounds per acre average.

The cotton crop, the county agent estimates, could well do 10,000 bales despite restricted acreage under the government's tight See HARD RAINS, Page 5

\$35,000 Truck Loss In Fire On Oil Lease

A fire Wednesday afternoon at the Continental oil lease, six miles north of Post on the Rails highway, did an estimated \$35,000 in damages to a hot oil treating truck owned by the Hill & Hill Trucking Service and damaged the pumping unit on the well also belonged to Hill and Hill.

D. C. (Billy) Hill, driver of the truck, suffered minor facial burns in the blaze and was treated at Dr. Harry Tubbs' office here.

Hill said the cause of the fire had not been determined. The loss was covered by insurance.

The Post fire department made the run out to the blaze. The call came in about 2:45 p. m. Hill told The Dispatch the truck was hooked up to the well and treating it when the fire occurred. He said the truck was a "total loss."

\$1.73 Support Price For Milo

The support price for milo this year in Garza county will be \$1.73 per 100 pounds, Mrs. Emmarhe I. Hartel, county ASC office manager, announced today.

This is slightly lower than the 1956 loan price.

The government loan price on wheat here will be \$2.01 per bushel, Mrs. Hartel also announced.

She said the cotton support price for Garza county is expected to be received soon.

Rex Brown Is Speaker Before Rotary Club

Rex Brown of Lubbock, utilization manager of Southwestern Public Service Co., gave a colored film strip and talk on "The Lucky American" before Rotarians at their Tuesday luncheon.

He declared tools have made America great and that each should do what he knows needs to be done to keep America a great.

Jim Cornish, new Dispatch publisher, was inducted into the club as a new member.

Suit Settled Here Out of Court

The \$197,850 accident damage suit brought by James B. Fowler of Lubbock against Dickey Beggs, 19, of Post was settled out of court here Tuesday for an unannounced amount.

The petition in the suit alleged that both Mr. and Mrs. Fowler were permanently injured in the accident which occurred here Feb. 17, 1957, and asked \$100,000 permanent disability for Mr. Fowler, \$35,000 more for his pain and suffering, and \$20,000 for his hospital and doctor bills, with \$30,000 disability for his wife, \$10,000 for her pain and suffering, and \$1,850 for her hospital bills.

Trial of the suit had been scheduled to start here this morning in district court.

New Site For Colored School Selected Here

A committee of the school trustees has decided to purchase a new six-acre site for the colored school from Lorenzo Alexander for \$250 an acre.

The new site is approximately a half-block northeast of the present colored school. Alexander will buy the present colored school and its two lots from the school board in part payment for the new site to which the former Garnolia school building will be moved.

The committee's decision was announced today by E. R. (Buster) Moreland.

The committee, which also included Bobby Pierce and Robert Cato, was given authority by the board at a special meeting Friday night to complete the site negotiations.

At this special meeting the board voted to accept the bid of A. E. Oliphant, Lubbock mover, to move in the Garnolia building and place it on the foundation at a cost of \$3,900.

The trustees heard Howard W. Kenyon, representative of Rauscher, Pierce & Co., in regard to the firm serving as the school district's fiscal agent on its proposed high school improvement bond issue.

Kenyon was told that since the proposed bond issues are no farther along than the "talking stages" that the board is not yet ready to make a deal for a fiscal agent.

"Well, I just wanted to be sure to get my foot in the door," Kenyon said.

In other action, the board voted to advertise the Grasshopper school building for sale, with bids to be opened at the trustees' regular July meeting.

Supt. Green said a couple of prospective buyers had looked at the building, which is located a few miles northeast of Post.

"We need to sell the building, since it's just sitting out there deteriorating," the superintendent said.

Citywide Clean-Up Is Record Effort

Fifteen trucks and approximately 75 workers combined last Thursday in hauling and dumping dozens of loads of trash to climax the annual city-wide clean-up drive, sponsored by the City of Post and the Chamber of Commerce.

Despite the fact that a number of householders ignored the campaign and failed to clean up about their premises, there was so much trash piled on the alleys that city and county trucks were used again Friday morning in winding up the trash haul.

"It was the biggest all-out effort we've ever had in a clean-up drive," said City Supt. R. H. Tate.

Workers and trucks were furnished by the city and county, oil companies and business firms. A number of firms unable to release employees to assist in the clean-up contributed \$6 each to pay for hired workers, the city superintendent said.

Four huge loaders, three furnished by the county and one by the city, piled trash into trucks throughout the day Thursday, and the road between the city and the trash dump was kept "hot" by rumbling trucks loaded with accumulated debris.

At noon Thursday, the City of Post was host to a dinner for workers at the City Park.

Echoing the city superintendent's opinion that the clean-up drive was a success, despite the failure of some residents to cooperate, were E. R. (Buster) Moreland, general chairman; Mayor James L. Minor and Bryan J. Williams, president of the Chamber of Commerce.

The city superintendent said plans now are to blade streets, alleys and vacant lots where weeds are rank, preparatory to fogging as a safeguard against fly and mosquito outbreaks.

Election Date May Be Set Tonight

The board of directors of the White River Municipal Water District will meet tonight at Spar to set a date for the bond elections in the four participating towns—Post, Crosbyton, Rails, and Spar.

Tom Bouchier, president of the district board, told The Dispatch that also meeting with the directors will be Si Freeze of the Freeze and Nichols engineering firm of Fort Worth and representatives of the five bonding companies.

The vital White River lake project, to provide an ample water supply for the four towns, is expected to cost in the neighborhood of \$4,000,000. The exact estimate of the cost probably will be made tonight.

Representing Post at tonight's meetings will be Mayor James Minor, Dr. A. C. Surman, a director, Walter Duckworth, member of the equalization board, and Powell Shytles, a member of the land committee.

KEEP IT IN THE "FAMILY"—J. P. Farnell (right), new president of the Post Junior Chamber of Commerce, is being congratulated by outgoing president A. Lee Ward. Both are employees of Postex Cotton Mills, Inc., where Farnell is assistant to the office superintendent and Ward is sewing room superintendent. Farnell will be installed, along with other officers, at the Jaycees' annual installation banquet Friday night.—(Staff Photo).

Lions To Try To Sell Brooms Again

The never-say-die Lions will try it again next Tuesday.

That's the third date set this spring for the club's annual benefit broom sale. The other two were postponed due to inclement weather.

Community Chest To Meet Friday Night

The third attempt in recent months to elect Community Chest directors and amend the constitution will be made at a meeting at 8 p. m. Friday in the junior high school auditorium, Dean A. Robinson, Chest president, has announced.

Phone Open House To Be Held Tuesday

Post and Garza county residents are going to have the opportunity to take a first hand look at the intricate equipment and workings of a telephone exchange here next Tuesday afternoon.

The General Telephone Company of the Southwest has scheduled an open house between the hours of 2 and 6 p. m., Tuesday, June 25, at its telephone office, 108 South Broadway.

R. E. Saunders, district manager, today extended a cordial invitation to all citizens of Post to attend the open house.

Special postcard invitations have been mailed to all of the firm's local customers. Souvenir gifts for all who attend the open house include handy pocket-size personal telephone number booklets and special-telephone pencils.

Feature attractions at the open house, in addition to the intricate telephone equipment and souvenir gifts, will be a wide variety of exhibits and displays explaining certain telephone equipment and services. An exhibit has been especially designed which permits visitors to both "hear and see" their own voice.

Other exhibits show equipment which permits a person to talk over a telephone without picking up the receiver, an electronic secretary display which shows how messages can be recorded when a person is away from their telephone and played back at their convenience, and another called "Carnival of Color" which shows the eight colors in which telephones are now available.

Burglars Take Is Small Here

Burglaries of the Parrish Grocery and Market, 415 North Broadway, and Ralph Cockrell's Triangle Service Station, 127 South Broadway, were reported this week by Sheriff Carl Rains.

A back fence-jumping burglar got only between \$7 and \$10 from the Parrish market last Thursday night about 11 p. m. He pried open the back door and took this amount in change from the open cash registers.

Mrs. King, who lives just west of the store, saw him jump over her fence and run down the alley.

The person or persons who broke into the service station Monday night via a back window got nothing for the trouble. They pried open the cash register but found only pennies inside and left them.

Two Slaton Truckers Arrested And Fined

Two Slaton truckers, Herman Langley and W. F. Banks, were arrested here last Thursday for reckless driving.

The pair pleaded guilty before Justice of the Peace D. C. Roberts and were fined \$5 each plus \$15.00 each in costs.

Dispatch Editorials

Thursday, June 20, 1957

NOT EVERYONE COOPERATED—As this picture of a cluttered alley shows, not every resident cooperated in last week's city-wide clean-up campaign. Such debris as the unsightly concrete blocks at the right was scattered almost the length of the alley, which was also rank with weeds on one side. Most people went all out to help make the town cleaner, but some didn't—as this picture plainly shows.

Clean-up A Success? — Well, Yes And No

Generally speaking, last week's city-wide clean-up drive was a success from a number of angles and a dismal failure from almost as many others. Representatives of the City of Post and Chamber of Commerce, co-sponsors of the campaign, say that the failure of a disappointingly large number of residents to clean up about their premises—particularly on the alleys—left far too many unsightly spots scattered about the city.

As one Chamber of Commerce committee-man put it, "some folks responded splendidly, but there were others who didn't turn a hand." In view of the fact that so many tried so hard, it's a shame that the clean-up drive couldn't have been a 100 per cent success, but we suppose that would have been asking too much. It would have served, however, to make the more than 75 individual workers who gathered trash and hauled it away feel that their efforts had accomplished more.

These workers and firms which released

them for the day's work are due commendation, along with agencies and organizations which furnished equipment. From the standpoint of the number of workers and the amount of trash hauled away, the clean-up drive was a success. That's a bright spot, but it grows dim when viewed against the background of a number of untouched alleys and weed-choked lots.

In all fairness, it can be said that two postponements of the drive, caused by inclement weather, probably had something to do with the campaign falling short of expectations. But it's certainly no excuse for those who knew about the clean-up drive—and who didn't—but still failed to cooperate.

"We've done all we can to get our town as clean as possible for next September's Golden Jubilee celebration," said one sponsor representative. "But," he added, "we hope none of our out-of-town visitors come face-to-face with some of the uncleaned alleys we spotted when checking up on the drive's results."—CD

Let's Put First Things First

Good schools are essential to any progressive community. Post citizens generally want an excellent school system and are willing to pay the educational bill for one.

Last week the architects appeared before the school district board of trustees and proposed a choice of either building a new high school or remodeling and expanding the present one. Board members called for public reaction.

Some of that reaction appears in letters to The Dispatch editor this week. More probably will follow next week. There will be plenty of street talk too.

The community needs to examine the two plans carefully and give them considerable thought. It needs to study the financial aspects. The Dispatch, like thinking citizens, doesn't want to make a hasty decision on this proposition. Certainly high school facilities at the present time are inadequate from the classroom standpoint. Something needs to be done.

If the community thinks it over carefully

in good time community opinion will jell behind the proper solution. When it does, the board of trustees will have its answer. And it should have the support too to put that answer across at the polls.

The Dispatch would caution school men on one important point.

Post and this area in the near future will face a vital water bond election. The water problem is the No. 1 problem today of Post. Unless it is solved satisfactorily — as we are convinced it will be—there will be no need for more school facilities.

Let's not rush two issues before the people at the same time. That could confuse and divide. It could result in the defeat of both propositions. Losing the White River reservoir project would invite community disaster.

Let's put first things first. Let's concentrate upon solving the water problem now. When it is solved, we can then move on to the high school problem.—JC

Highway Program Given 'Shot In Arm'

Garza County's future four-lane highway widening program got a tremendous shot in the arm when the Texas House passed the right-of-way bill shortly before adjournment. Especially important is the fact that the House accepted the provision to raise additional revenue for right-of-way. This provision calls for a 10 per cent increase in motor vehicle license fees.

The bill obligates the State Highway Department to pay half the cost of right-of-way on state designated routes.

Obtaining right-of-way almost proved a stumbling block for four-lane widening of U. S. Highway 84 north from Post to the top of the caprock, and it was necessary to float a big bond issue in Commissioners' Precinct 4 to obtain right-of-way for widening of the same highway to the Scurry County line.

Since it appears a foregone conclusion that all state designated highways will be four-laners

in the not-too-distant future, the new right-of-way measure is a good thing. With the state paying half the cost, it won't be entirely up to the county to obtain right-of-way for widening of U. S. 84 the rest of the way to the Lubbock County line and for widening U. S. Highway 389 across the county from east to west.

The right-of-way bill was pushed through the House under the leadership of Rep. Robert W. Baker of Houston, who deserves credit for the feat. It will bring in about \$8,000,000 a year in additional income for the highway department.

Like all taxpayers, we view with alarm most tax increases, but we believe the 10 per cent increase in motor vehicle license fees was justified. It'll be easier to pay when we realize the increase will help obtain right-of-way for better roads on which to drive the vehicles we are registering.—CD

Clipped Quips From Other Newspapers

With a socialistic trend developing in government, more and more people are losing their initiative. They are wanting security with smaller prospects. This information has been learned from surveys of high school and college graduates. Let's hope there are enough fighters left in America to keep the small, independent business man going.—Panhundie, Tex., Herald.

Newspaperdom can take pride in this year's Pulitzer prize awards to newspapers. Recognition of The Oregonian for its exposé of the vice and corruption involving municipal officials and officers of the Teamsters Union and the Chicago Daily News for determined and courageous public service in exposing a \$2,500,000 fraud in the office of the state auditor of Illinois is recognition of one of the grand services of good journalism.—Corvallis, Ore., Gazette-Times.

As early as 1853 there appeared this sign on a businessman's door: "I have laid aside business, and gone a-fishing," which proves they

were smart in those days, too. — Mooselake, Minn., Star-Gazette.

Home accidents in America cause one death every 18 minutes, one non-fatal injury every 13 seconds. Among the nation's 17,000,000 children under six years of age, accidents cause more deaths than disease.—Winslow, Ariz., Mail.

Newsweek reports that pleasure boating was a \$1.3 billion business in this country last year. There is now one craft of some kind for every 28 Americans and the number is increasing at twice the rate of passenger car ownership.

The Department of Labor Consumer Price Index rose from 89.4 in 1939 to 118.2 in January of this year. In other words, in that time the purchasing power of the dollar was cut almost precisely in half.

THURSDAY to THURSDAY

By CHARLES DIDWAY

TODAY IS ELECTION Day, but since Garza isn't a commercial wheat-growing country, it'll pass virtually unnoticed... seeing as how it's nothing more than a referendum to determine if growers want marketing quotas on the 1958 wheat crop. Still, it's mighty important to those who will have in excess of 15 acres of wheat for 1958.

Since we're searching for a certain book, there's a good chance of us visiting Post's public library this summer. There are lots of books these days on how to live comfortably after you retire. We're still hunting for one that will tell us how to live the same way while we still have to work for a living.

IF YOUR SON or daughter has any notion he or she might like to get into newspapering, you might show them the following lament, which we copied from another paper.

About the weekly newspaperman it says: If he writes a good story about you, that's what he's paid to do; if he doesn't, you don't read his stuff anyway.

If he writes his stories complete, they are too long; if he condenses them, they are too short.

If he takes sides on a subject, he is trying to run things; if he remains silent, he's a coward.

If he asks for advice, he's incompetent; if he doesn't ask for advice, the job has gone to his head.

If he doesn't stop to talk, he's high hat; if he does, that's all he has to do anyway.

If his suit is pressed, he thinks he's a big shot; if it isn't, he looks like a newspaperman.

If he has been on the job for some time, there should be a change; if he's new on the job, he's too inexperienced.

If he attends a meeting, he's nosy; if he doesn't, he isn't interested in community projects.

If he's giving away space, he should give a great deal; if he's selling it, only a little will do.

If he makes a mistake he hears about it for weeks; if he doesn't make a mistake, he never hears about it.

So, you see, you can't win in the newspaper business, but it's a heck of a lot of fun, anyway!

A COUPLE OF little girls, 9 and 12 years old whose just moved to Post, sent a letter to the office to be mailed a few days ago. On the back of the envelope they'd penciled four "D"'s, and after each D they'd written these instructions: "D-deliver D-letter D-sooner D-better." It was a new one on us. The only lettering we'd ever put on our letters—and we stopped that a long time ago—was back in our courtin' teenage days, when we'd put on the back of letters to our best girl friend, "SWAK."

Most of you old-timers will know what that meant.

This time next year we'll be in the midst of another political campaign, and there is no way to avoid it.

IT SEEMS THAT every time we start running short on material for this column, one of our young newspaper salesmen unwittingly offers a solution. A few weeks ago, it was Linda Gail Hays substituting for her brother, Gary, who had the swumps. This week, it was Raymond Shaw, son of Mr. and Mrs. Eddie Shaw. When Raymond checked in Thursday afternoon, he counted out his money from a coin container hooked to his belt. It was the same type of container as the ones worn by old-time street car conductors, with a section for different denominations of coins.

"The only time I ever felt like I was rich," said the town sorehead, "was when I was smoking a dollar cigar a nephew gave me for Christmas."

ENOUGH ONIONS to equip hamburgers for a three-day county fair were left at The Dispatch office Thursday afternoon through the courtesy of Sam S. Guyler, one of Post's newest citizens who is in business here as an earth-moving contractor. The 50-pound sack of large white onions came from Crystal City, which is also where Guyler comes from. They go good with red beans and cornbread, or with anything else that onions go good with.

"Fall millinery will be of the practical type,"—Style note. With so many people going nuts these days, it's rather strange that hat designers should be going sane.

SPEAKING OF food, which we were a paragraph or two north of here, have you ever noticed that no matter what the occasion, a few women around the food tables help things go off smoother? This doesn't apply, of course, to fishing trips, but it does to af-

THE AMERICAN WAY

"OUR ONE DESIRE FOR ALL THE CHURCH'S CHILDREN IS THAT, BEING SATURATED WITH THE BIBLE, THEY MAY ARRIVE AT THE ALL-SURPASSING KNOWLEDGE OF JESUS CHRIST." (In an encyclical letter of September 5, 1910)

Our Contemporaries Are Saying . . .

Trash Collectors

Doorways of empty stores around town have a habit of collecting trash and this reflects badly on the whole neighborhood. Take North Swenson as an example. Several stores are vacant in one block and the doorways are inches deep in refuse. Merchants of the town or some group should see to it that these doorways are kept clean.—'Sights, Sounds and Signs' in The Stamford American.

It Takes People

There is nothing so bad about a small town that wouldn't be made noticeable by addition of a few thousand more people.—The Wink Bulletin.

Want A Suggestion?

See where the Russians have an H-bomb so big and awful they don't know what to do with it. At the risk of being vulgar, could we make a commonplace suggestion?—"It Sez Here" in The Ralls Banner.

Turnabout Fair Play

Supporting home town merchants is the correct behavior for loyal citizens who expect other people to patronize their business.—The Brownfield News.

It's Gone Broke!

A fellow down at Ralls says he is all "shook up" because the post office has financial troubles. He says he has no faith left in free, capitalistic enterprise since learning the post office department is insolvent and hopelessly in debt. It's the only business in the world with a billion dollar income that cashes no checks, extends no credit, and gets payment for its goods in advance—

fares like the annual luncheon given at the park Thursday for clean-up drive workers. Doing a good job of supervising at the food table were City of Post employees Winnie Tuffing, Kate Lowrie and Jackie Miller, in addition to Winnie Henderson and Jennie Tate.

PARTING THOUGHT: Television has improved conversation; there's much less of it.

and it's gone broke!—The Ochiltree County Herald.

Could Be

Stars in a damsel's eyes may be caused by smoke from the torch she carries for someone else.—'Trail Dust' in Matador Tribune.

Texas Is Outdone

All true Texans should hang their heads in abject shame—the Lone Star state has been outdone, and just when we believed no other area could beat us—it seems that Texas was ONLY SECOND among the 48 states in the number of traffic fatalities during the recent holiday weekend. Maybe some of the drivers have substituted a little horse sense for so much of that horsepower.—'Twilight Zone' in The Hamilton Herald-News.

Mutilated Coins

Rash of mutilating coins seems to have hit the plains country in the late winter and early spring. Coins which are thus made illegal as tender continue to plague the small retailer, the hamburger man and the soft drink counter. Many of the coins "get by" without challenge. It probably does not occur to the mutilators that they are violating the law. The dime is mine, I'll punch a hole in it if I want to, may be the line of logic. When the number of mutilated coins get high enough the treasury department usually has a man around investigating. That is when faces get red and long.—'Views and Comments' in The Floyd County Hesperian.

Farmers Special

The special of this spring is in the window of a local drug store where a sign appears: "Farmers Special, only \$4.95." The item is a pair of web-footed swimming shoes.—'Standing on the Corner' in The Lynn County News.

Letter carriers' uniforms are a 50-50 blend of the Union Blue and Confederate Gray.

A dead person may vote, legally, if he mails an absentee ballot and then dies before election day.

THE MOVIES

Two More New Wells, Eight Starts In Garza County Last Week

Two completions and eight more starts are listed for Garza county in the latest Railroad Commission report. Three of the starts are deepening the present wells.

One of the completions is Humble's No. 33 Dorward on the M. A. Fuller place, 1500 feet from south and 1,230 feet from west lines of section 691, block 97, TG&N. It was drilled to a total depth of

2,755 with the pay topped at 2,656. It pumped 107.17 barrels of oil daily plus 54 per cent water from perforations from 2,656 to 2,680. The crude has a gravity of 34.6 degrees with a gas-oil ratio of 294 to 1.

The other completion is Alamo Corp.'s No. 3 Garza-Glorieta on the L. L. Keeton place, located 330 feet from west and 1,263 feet from south lines of section 1,237, TG&N. Drilled from an elevation of 2,714, it was taken to a total depth of 3,896. Pay was topped at 3,777. The well pumped 73.8 barrels of oil daily plus 10 per cent water from perforations 3,777 to 89. Gravity is 38.2 degrees with gas-oil ratio of 202-1. The well was acidized with 1,750 gallons.

The eight new locations are: Post—Blanco Oil Co., et al (Box 4621, San Antonio), No 1-A J. N. McCrary, 330 feet from south and 3,500 feet from west lines of Section 3, Block 1, J. W. Holmes, F. Diver and A. J. and F. Long survey, 80 acres, 12 miles east of Post, rotary to 3,500 feet.

Amended: Dorward-San Andres—Humble, J-D, J. C. Dorward, 330 feet from north and east lines of Section 139, Block 5, H&GN, 598 acres, 5 miles southeast Justiceburg, pb to 3,400, originally completed in Glorieta.

Justiceburg—Slade Oil and Gas Co. (Box 2956 Monroe, La.), 2-A Connell Estate, 560 feet from north and 660 feet from west lines of Section 131, Block 5, H&GN, 160 acres, 10 miles northeast Justiceburg, rotary to 2,700 feet.

Rocker A South-Glorieta—Curtis H. Inman (Box 953, Midland), No. 2, J. C. Crump et al, 810 feet from south and 707 feet from west lines of Section 38, Block 6, H&GN, 80 acres, 3 miles southwest of Justiceburg, rotary to 3,500 feet.

Garza-Glorieta—Alamo Corp. (1004 Lubbock National Bank, Lubbock), No. 2-G, W. A. Gray, 390 feet from south and 1,263 feet from east lines of Section 1,215 TTRR survey, 182 acres, 3 1/2 miles northwest of Post, rotary to 4,000 feet.

Amended: Garza-Glorieta—Alamo Corp. (1004 Lubbock National Bank building, Lubbock) 5 L. L. Keeton, 2,196 feet from south and 330 feet from west lines of Section 1237, I&GN survey, 3 1/2 miles northwest of Post, 40 acres, rotary to 3,900 feet to deepen from total depth of 3,470.

Post—Pair Oil Co. (Box 1017, Post), 2 V. N. and C. Davis, 1,650 feet from north and 1,651 feet from west lines of Section 56, Block 2, T&NO, 484 acres, 12 miles east of Post, rotary to 2,756 feet, elevation 2,494.85.

Amended: Garza-Glorieta—Alamo Corp. 2 W. A. Cash, 1,263 feet from south and 330 feet from east lines of Section 1216, TTRR survey, 240 acres, 3 1/2 miles west, northwest of Post, rotary to 4,000 feet to deepen from 3,492 feet.

THE READERS WRITE Letters To The Editor...

LIKE MADE OVER DRESS

It is most important that we provide the best education possible for our children. We must have an adequate plant if we are to have an efficient and successful school.

After all, making over an old building is like making over an old dress. When you get through, you still have an old dress.

And, what the heck! We already spend every spare dollar we can get on taxes, so what difference will another measly half a million dollar debt make? At least, we are spending this half a million on our own.

Mrs. Lee W. Davis

WHERE IS THE MONEY COMING FROM?

Where is the money coming from for the proposed \$479,500 high school and gymnasium?

The tax evaluation which was some nine million dollars before consolidation is slated to drop to three million in about the next five years. At the same time, bond payments on the three buildings now in use are increasing each year.

At the last report, payments were still being made on bonds for the old grade school building which was demolished six years ago.

Grade school enrollment for the past year was approximately 475, with two sections of the fifth grade being housed in the junior high school. One group of 25 to 30 youngsters passed out of the fifth grade in the grade school building into junior high, while 91 six-year-olds are listed on the census as ready to enter this fall.

Usually there are from 25 to 40 students in the first grade not even listed on the census. There appears to be a necessity now for expanding the grade school facilities.

Last term there were some 245 students enrolled in junior high school (exclusive of the fifth graders). One classroom there was used for storage of lunchroom supplies and another was used for

audio-visual training only. Then there are the special rooms: library, artcraft, music, band and gym. Why isn't the ninth grade in junior high school here, in accordance with reputable, general educational practice?

Anyone will agree that better laboratory facilities are needed for advanced science students. General science could be taught adequately in the junior high school building. A ready-built cottage for the home economics department would cost far less than the sweeping figures for general remodeling and a new science department could be installed in the old home economics laboratory.

Is it possible that thoughtful scheduling of classes and sections might relieve the overcrowded conditions of the high school classrooms by having more and smaller classes? The modern trend is toward smaller classes and the teacher with a smaller class is certainly able to do a better job.

Perhaps segregated classes (college preparatory and vocational or terminal) would enable a teacher to handle a larger load more easily. With 80 ninth graders remaining in junior high where the ninth grade belongs, and the homemaking department moved into its own cottage, wouldn't the present space be adequate for the 170 students left in high school?

Could the boys and girls hurry down the corridors like ladies and gentlemen, at least keeping to the right, and obviate widening the corridors?

Has the Graham school building been condemned? If not, wouldn't it be more economical to operate a second five-grade school out there? Bus transportation from town probably would not cost as much as the interest on the bonds proposed. Is this idea worth looking into? If Graham people did want their children attending that school, couldn't the sections be arranged by lot and a complete elementary school, part of the Post

Attend Convention Four Post Firemen

Post was well represented at the 81st Annual Convention of the State Firemen's and Fire Marshal's Association when it met in Waco, June 10-13.

Those attending from the local volunteer department were: Ralph Cockrell, Charlie Cooper, Lloyd Mock and Percy Parsons.

Parsons, secretary of the Post group met with Mrs. Marie Hudson of Austin, the State Firemen's Pension Commissioner, and talked on the subject of the pension plan which, heretofore, has not met with the approval of the Post firemen. Parsons said, "I feel as though our local pension problems have now been worked out to our satisfaction."

The convention days were packed with activities, the highlight being the June 12 memorial service honoring all firemen who had lost their lives in the line of duty the last year and especially the volunteer firemen of Dumas and Sunray who fought the destructive oil blaze last year. It was reported that \$41,000 had been raised from the state firemen for a fund to go to the survivors of these

system, carried on there? Also, if the present high school can be remodeled into a new or additional grade school for \$20,000, why is it to cost \$415,000 to remodel it as a high school when smaller children need more room per child than larger ones?

Every person would like to have a Cadillac, but many of us still get where we are going in a Ford. The quality of instruction in both subject matter and citizenship is far more important than the finest buildings. Who was it who said, "All it takes to make a school is a log with a teacher on one end and a pupil on the other"? I personally wouldn't go that far, but I will have to see every possibility for remodeling sensibly taken into consideration before I will vote for new construction.

Yours truly,
Mrs. Gordon Hamilton

IN LEVELLAND
Mrs. Marshall Mason, Sr. has been staying in Levelland for the past two weeks with her husband, while he was a patient in Renegar-Campbell Clinic there. She and her son, Marshall Mason, Jr., returned by plane last Tuesday night from Dallas, where they accompanied Mason for further medical treatment. He will remain in Levelland two more weeks.

Undergoes Surgery For Auto Accident Injury

Mrs. C. J. Lewis Jr. underwent surgery in Lubbock last week for an injury to her right hand, received in an automobile accident March 10.

Dr. Lewis, a chiropractor here, said the surgery was unsuccessful, since a nerve splice was contemplated but it was found that the damage to the severed nerve had been too extensive. He said another operation will be made soon to make a tendon splice in the injured area.

Electric Living is FUN!

"Our daughter sold us on ELECTRIC COOKING!"

says Mrs. CLYDE BAXTER
College and 5th Streets
LOCKNEY, TEXAS

Mrs. Clyde Baxter, like many adults, has had the advantages of electric cooking pointed out to her by her high school student daughter, who learned that the modern way is the accurate, dependable way. Of course, it's electric! Says Mrs. Baxter, "I'm mighty glad we installed an electric range when we built our new home. The counter-top height oven gives perfect baking results and we get more broiled foods since getting the new range".

Sixteen-year old Linda Baxter is a sophomore student with two semesters in home-making. Her teacher, Mrs. Quentin Adams, says, "Although our department has both types of household cooking equipment, most of our girls prefer to use the electric range".

Why not "take a tip from your teenager"? If you are not yet cooking electrically, ask your daughter to tell you why you should.

New Chevrolet Bel Air 4-Door Sedan—beautifully built with Body by Fisher!

It's got the heart of a lion

(but it's a lamb to handle)

Sweet, smooth and sassy—that's the new Chevrolet! You'll be hard put to find another car so alive, alert and eager for a full day's run—and yet so delightfully easy to control!

To know a Chevy in all its glory, head one into the open—the more mountains the better. You'll soon see why so many people dote on that smooth sure Chevrolet response and stout-hearted power. Chevrolet's performance and solid build make their dollars look big!

You don't have to urge this car along. The power—and there's plenty—is charged with gumption. The wheel responds in a twinkling to tight corners or turns. And on a back road a Chevy steps with ease over ruts that would look like barricades to lesser cars. In short, a Chevy shows "savvy" You can, too—by seeing your Chevrolet dealer!

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

Public Notice

NO. 2056
 NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS
 Notice is hereby given to whom concerned that JUSTICEBURG COMMON SCHOOL DISTRICT, the postoffice address of which is Justiceburg, Texas, on the 28th day

of May, 1957, filed its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to amend its existing Permit No. 1057 by changing the use of 166 acre feet of water authorized to be appropriated, diverted and used thereunder from Coon Creek, a tributary of the Brazos River in Garza County, Texas, from power development to municipal use. Said water will be impounded in and diverted from a reservoir with a capacity of 525.5 acre feet authorized under Permit No. 1057, and no additional appropriation of water is requested.

A hearing on the application of the said JUSTICEBURG COMMON SCHOOL DISTRICT will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, JULY 8, 1957, beginning at ten o'clock a. m.; at which time and place all parties interested may appear and be heard.

Those opposing the said application should file their protests with the Board of Water Engineers at least ten days before the hearing date, and their protests should be accompanied by a copy of the same to the Board of Water Engineers, 1005 E. 11th Street, Austin, Texas, on or before May 1, 1957.

Miss Janice Barrow's Wedding To Curtis Doyle Lee Read

Miss Janice Barrow, daughter of Mrs. C. K. Pierce of Post and T. L. Barrow of Fort Worth, was united in marriage to Curtis Doyle Lee, son of Mr. and Mrs. D. W. Lee, Jr., of Fort Worth, June 8, at 8 p. m. in the Handley Methodist Church with the Rev. Nick H. Kuperle, Jr., officiating.

Attending the couple were: Mrs. Jewell Lee of Fort Worth, matron of honor, Miss Regina McConnell, cousin of the bride, bridesmaid, of Houston; Mrs. David Carpenter of Fort Worth, bridesmatron; Miss Sharla Pierce, sister of the bride, of Post, junior bridesmaid; Patsy Pierce, sister of the bride, flower-girl.

Jowell Lee, brother of the groom, of Fort Worth, best man; Stanley Sebering, cousin of the groom, of Dennison, groomsman; Don Taylor and Jack Edwards of Fort Worth, ushers.

The bride, who was given in marriage by her father, wore a dress of Chantilly lace over satin, with a sweetheart neckline detailed with seed pearls and sequins. The back panel of the skirt had alternate flounces of lace and tulle. The dress was designed and handmade by the mother of the groom.

Mrs. Lee carried a lace handkerchief which had been carried by 13 other brides and her only jewelry was a strand of pearls, a gift from the groom.

For traveling the bride wore a grey sheath dress with pink and white accessories.

After a short trip the couple will make their home in Fort Worth where the groom will be a senior student at Texas Wesleyan College in September.

Mr. and Mrs. C. K. Pierce and daughters of Post attended the wedding.

MRS. C. D. LEE

There will be a meeting of the elders and deacons of the First Presbyterian Church Friday evening at 7:45 at the church.

The Assembly of God Church held a study on the book of Revelations Wednesday night.

An old fashioned social and ice cream supper will be held for the Training Union classes of the Calvary Baptist Church at 7:00 Tuesday evening, June 25. Mrs. Kiker asks that you come dressed old fashioned to the City Park.

Bro. Louis Cobb, Bible teacher and Baptist Student Union director at Texas Tech, will preach Sunday at the First Baptist Church. Everyone is invited.

Helping with the First Methodist Church Bible School are: Mrs. Edsel Cross, director; kindergarten department, Mrs. J. M. Hutchins, Mrs. L. C. Herron, Mrs. E. F. Schmidt, Linda Livingston and Carol Billings; primary department, Mrs. Jack Kennedy, Mrs. M. H. Hutto, Frances Dietrich; Junior department, Mrs. Pat Walker, Mrs. Malcolm Bull, Mrs. Bill Edwards, and Margaret Welborn.

The Church of the Nazarene evening services have been changed as follows: N. Y. P. S. to 7:00 p. m. and evening services to 7:30 p. m.

Call your news to 111.

Mrs. Collier Hostess To Priscilla Club

Mrs. R. H. Collier was hostess to the Priscilla Club in her home at 3 p. m. Friday when they met for an afternoon of sewing and visiting.

Refreshments of ice cream topped with strawberries and angel food cake were served.

Attending were: Mmes. T. R. Hibbs, Earl Wrestler, L. A. Barrow, Monroe Lane, N. C. Outlaw, Victor Hudman, C. W. Terry, and two guests, Mrs. T. R. Greenfield and Miss Lucille Collier.

Mr. and Mrs. W. N. Williams of Post accompanied their daughter and son-in-law, Mr. and Mrs. Dwayne Brown of Artesia, N. M., on an extended vacation. They left Friday and plan to visit Colorado, Utah, Washington, and California.

Needle Club Meets In S. C. Storie Home

The Needlecraft Club met Friday afternoon in the home of Mrs. S. C. Storie, Sr., with Mrs. J. E. Stevens as co-hostess. The afternoon was spent sewing and visiting.

Refreshments of tuna sandwiches, mints, angel food cake with strawberry whip and drinks were served to the following: Mmes. T. L. Jones, B. F. Evans, H. W. Schmidt, F. A. Gilley, Connie Caylor, Oscar Smith, S. C. Storie, Sr., and Mrs. J. E. Stevens. Mrs. Becky Foster of Houston was a guest of the club.

Miss Arlene Barron is in Big Spring this week where she is visiting her grandparents, Mr. and Mrs. Roy Cook. Miss Barron plans to return Friday.

Local Delegates Attend B&PW Convention Held In Lubbock

170 delegates to the convention of Business and Professional Women's Clubs, Inc., met in a three-day convention Sunday in the Municipal Convention Center.

The organization, the youngest in the world, was represented by Miss Jessie Pierce, president; Mrs. Eleanor Webb, Miss Wilma Pirtle and Mrs. Winnie Tuffing. The Post B&PW made an impressive replica of the club emblem which was prominently displayed at the convention and received much favorable comment.

The convention theme, "Achieve Through Action," was the thought of a key talk to the group Saturday night by Mrs. Jeannette E. Becker, national membership chairman.

Saturday morning Miss Pearce attended a workshop held for club presidents, its purpose being to better acquaint the officers with

duties expected of them. Dr. Minnie L. Maffett of Dallas was special honoree at a President's Dinner Saturday night. All of the local delegates attended this event and Miss Pearce was seated with the other club presidents and honored along with them.

Sunday's meeting featured a buffet breakfast, a devotional service, a memorial service, reports from registration and resolutions committees and installation of officers and district directors.

Miss Pearce summed it up by saying, "It was a wonderful convention."

Miss Patty Lott, daughter of Mr. and Mrs. John Lott, attended her Texas Tech Tri Delta sorority sister, Peggy Ray Donnell, as bridesmaid when she married Rob Brown in Graham Friday night. Also attending the wedding were Kay Kirkpatrick of Post and Mr. and Mrs. Jack Lott of Lubbock. Sunday, John Lott flew Patty to Boulder, Colo., where she will enroll for the summer semester at the University of Colorado.

Mr. and Mrs. C. R. Wilson have returned from Detroit, Mich., where they transacted business. En route home they came by way of St. Louis, Mo., and by sheer luck decided to drive on to Springfield instead of staying the night in St. Louis, thus missing the flash flood and tornadic winds which hit that city two hours after they left.

Mrs. A. C. Surman entertained the Post Bridge Club in her home last Friday stressing a "strawberry-pink, summer theme." The three quartet tables were laid with pink and white striped cloths and centered with pink petunias and the entertaining area was decorated with pink roses. Refreshments of fresh strawberry chiffon pie and pink lemonade were served to those present.

When Shirley and Carleton Willingham and sons, Steve and Russell, were transferred to Hamlin last week, Shirley did something that all of us who have ever had a garden would like to have done when we moved... she dug it up and took it with her.

Mrs. Bill Cates was hostess to the Hi-Ace Bridge Club last Tuesday with the following members present: Mmes. Douglas Hill, Reese Carter, Jack Brown, Ralph Kirkpatrick, Charles Benson and Wallace Simpson. Guests were Mrs. Jimmy Hundley and Mrs. Jack Henderson.

Mr. and Mrs. Chant Lee and children, David and Kathryn, have returned from a recent business and pleasure trip to their former home in Panuitch, Utah. While on vacation they attended the graduation of Lee's brother, Dr. David Lee, from the Medical School of the University of Utah in Salt Lake City.

Mrs. E. A. Warren attended the reunion of her mother's, Mrs. A. R. Tyson, family this week in the home of her sister, Mrs. Rob Strayhorn of Rotan. Among those attending were Mrs. Warren's brother and wife, Mr. and Mrs. A. R. Tyson of Atlanta, Ga. Mr. Warren joined the group Sunday.

El Wanda Davies Is Party Honoree

Mrs. Floyd Payne, Mrs. Bob Parkes of Snyder and Mrs. L. P. Kennedy of Post were hostesses at a luncheon honoring Miss El Wanda Davies, bride-elect of Wayne Culvahouse of Snyder, in the Martha Ann Women's Club House in Snyder recently.

The centerpiece on the serving table was of pink gladioli and punch and cookies were served. Favors of miniature sheets and pillow cases completed the refreshment plate.

Those attending from Post were Mrs. Curtis Davies, mother of the honoree, Mrs. Roy Stevens and Mrs. Charles Gay.

Lawn Party Mrs. Charles Gay and Mrs. John Gary were hostesses at a lawn party honoring Miss El Wanda Davies, bride-elect of Wayne Culvahouse, and Miss Bettye Baker, of Albany, bride-elect of Bill Newman, Saturday, June 8.

The party was held in Stamford at the home of Mrs. Gary's parents, Mr. and Mrs. T. C. Chandler.

Those attending were college friends of the honoree.

Have You Got Something To Sell?

Luncheon Honors Cherrille Lemon

A luncheon given at 12:30 o'clock Saturday at the home of Mrs. Tom Bouchier was a courtesy for Miss Cherrille Lemon, who is bride-elect of Martin Wiginton of Austin. Miss Lemon, formerly of Post, is the daughter of Mr. and Mrs. George Lemon of 2709 Twentieth Street, Lubbock.

Co-hostesses for the Saturday luncheon were Mrs. J. E. Parker and Mrs. E. A. Warren.

Pink roses and Queen's Lace were used on the luncheon table and throughout the entertaining rooms of the Bouchier home. The luncheon table was covered with an imported linen and embroidered cloth and heirloom Haviland china and pink stem ware were used. Places were marked by embossed place cards featuring the rose motif. Following the luncheon, guests printed favorite recipes on their cards and presented them to the honoree.

Those attending were Miss Lemon, her mother, Mrs. George Lemon, her grandmother, Mrs. H. G. Sanders of Slaton, Mrs. George Lemon, Jr., Mrs. W. R. Graeber, Mrs. Embry Williams, Mrs. W. L. Davis, Mrs. D. C. Williams, Mrs. Carl Webb, and Mrs. Willard Kirkpatrick.

The hostesses presented Miss Lemon a piece of Spode dinnerware.

Before the conclusion of the party hours, all guests signed a pink and white Towle tray which was given to the honor guest.

Wedding date for Miss Lemon and Mr. Wiginton is set for June 22 at eight o'clock in the First Presbyterian Church in Lubbock. The couple will make their home in Austin where the bride-groom elect is completing his studies in the law school of the University of Texas.

In 1956 Sweden was visited by 85,700 visitors from the United States.

Men's "obejon" hats worn in northwest Argentina are made of wool and flour.

LONE STAR AGRICULTURE

New 'Nonshattering' Variety Of Sesame Is Producing High Yields

By JOHN C. WHITE, Commissioner of Agriculture. About five years ago, an ancient

plant never before grown commercially in this country was introduced to farmers in the cotton producing areas in Texas.

It was sesame, a plant that grows under conditions favorable to cotton. It produces tiny seeds from which vital oils are extracted.

At the time, sesame was hailed as a new cash crop for those areas where cotton production was curbed by allotments. But a big obstacle to profitable production was the sesame plant's tendency to shatter its seeds.

The Texas Research Foundation at Renner was primarily responsible for development of the crop in Texas. And after much research, the Foundation has been able to produce a "nonshattering" variety.

This new variety has produced amazingly high yields, particularly where irrigation is applied.

On the High Plains, sesame has been termed the No. 2 money-maker for irrigation farmers, who last year averaged \$121 per acre in gross returns—second only to cotton.

The Texas Sesame Seed Growers announced that the 1956

THEATRE MANAGER TELLS PUBLIC

Patronage Of Films Like 'Battle Hymn' Will Result In Better Subject Matter

"Battle Hymn," said to be one of the most wholesome and inspiring motion pictures ever made, has been booked for showing at the Tower Theatre this Sunday and Monday, theatre manager John N. Hopkins announces.

In commenting on the booking of this outstanding motion picture, which stars Rock Hudson, Hopkins said:

"By now, it should be well known that the local theatre manager has no direct control over the motion pictures that are produced for showing on his screen. It should be equally well known that to keep your local theatre in continuous operation requires that all movies produced by the major studios be sooner or later booked for local showing.

"However, there is a controlling factor in movies—and that factor is YOU, the movie-going public. Since the movie makers profit in proportion to patronage enjoyed by a certain type movie, they are very sensitive to your ticket-buying response. If a lurid screen tale of 'juvenile crime' attracts packed theatres, you can be sure more pictures with the same theme will be made, regardless of minority objection.

"But, in 'Battle Hymn,' you have the true story of a clergyman turned fighter pilot that is not only exciting entertainment, but is a story so spiritually exalted it will warm human hearts and give us a deep, clean breath of God's own glory.

"If this wonderful motion picture, and others like it, enjoy the generous patronage of moviegoers everywhere, you can be sure the message will get through to the producer who made 'Battle Hymn,' as well as to other producers who quickly learn about the success of their competitors' pictures.

"As manager of your local theatre, I want to show wholesome screen entertainment that your family and mine can richly enjoy.

"And by your patronage of pictures like 'Battle Hymn,' you, and you alone, can bring this about."

Junior Rodeo Stock Is Placed On Sale

Shares of stock in the Junior Rodeo Association, a 4-H Club non-profit organization, have been placed on sale at \$5 a share.

The 4-H adult leaders said this week. The leaders explained that there are many boys and girls here who are now old enough to participate in the annual Southwestern Championship Junior Rodeo, which the association sponsors.

"This is the first opportunity these youngsters have had to purchase stock in the association, since the stock was originally sold five years ago and has not been on the market since," explained the 4-H leaders.

The 4-H Club building committee has a block of stock which it will break up and sell in single shares to any person who wishes to become a stockholder.

All proceeds from the junior rodeo go into a 4-H Club building fund.

Shares may be purchased by contacting either of the Extension Service agents Miss Jessie Pearce or Lewis C. Herron.

RETURNS HOME

Mrs. B. Tizard of Kansas City, Mo., mother of Mrs. John Lott, returned to her home Monday after an extended visit in the Lott home.

VA Questions And Answers

Q. I have a World War II GI endowment insurance policy which has matured, and which is paying me a monthly income. Must I pay taxes on these insurance proceeds?

A. No. Proceeds of GI insurance policies are not subject to taxes.

Q. I am eligible for a GI loan under the Korean GI Bill. I understand my deadline is Jan. 31, 1965. Is that a deadline for applying? Or must the entire deal be completed by that time?

A. You must do more than apply for your GI loan by the Jan. 31, 1965, deadline. Under present law, the loan actually must have been made before that date, with only the VA guaranty to be accomplished.

Q. Under the War Orphans Education program, who makes the decision whether a son or daughter of deceased war veteran needs special restorative training to overcome a handicap?

A. VA makes the determination. Where the need for special restorative training exists, VA will prescribe a suitable course, tailored to the individual.

Q. Is it possible to take Korean GI training while on active duty with the armed forces? I meet all the eligibility requirements.

A. You may not take training under the Korean GI Bill while on active duty, even though you do meet eligibility requirements. The law prohibits it.

TAX INSTITUTE SET

LUBBOCK, (Spl.)—Texas Tech's fifth annual Tax Institute will be held Oct. 14-16. The meeting is designed to bring accountants and attorneys up to date on interpretations of the Internal Revenue Code. Sponsors are Panhandle, South Plains and West Texas accounting and bar associations.

sesame crop totalled 3,300,000 pounds. The crop was sold for \$341,880. TSSG is a production and marketing organization composed of farmers. It handles the bulk of the U. S. sesame crop.

Sesame production runs as high as 1,200 pounds per acre. Last year's crop sold for \$10.34 per hundred pounds.

Sesame seed is used in a variety of ways. But its chief market advantage is that the oil becomes rancid much more slowly than most oils and therefore is used in the food industries.

The five-year-old crop continues to make gains not only in Texas but in sections of New Mexico, Oklahoma, Louisiana and Arkansas.

The record-breaking yields and high profits being achieved give sesame a prominent place in Texas agriculture.

These Forty Years!

Forty years ago, in June of 1917, the Humble Company received its charter from the State of Texas.

The Company was formed through a merger of the properties of a number of independent oil operators. Its founding brought together a remarkable group of men who occupy an important place in the annals of the oil industry:

R. S. Sterling and his brother, F. P. Sterling, the principal organizers of Humble Oil Company from which the present company acquired its name; W. S. Farish and R. L. Blaffer composing Blaffer and Farish; H. C. Wiess with assets from Paraffine and Reliance Oil Companies; Walter W. Fondren and C. B. Goddard, producers; and L. A. Carlton and E. E. Townes as lawyers.

All of these men contributed greatly in adopting the principles, in shaping the policies, and in laying out procedures that have guided the Company's

progress through these forty years. Their influence will survive as long as the Company continues.

They possessed courage and business judgment. They established high standards of performance. They built a strong organization of competent men and women.

The Company, as it stands today, is a tribute to the leadership, the vision, and the work of its founders.

But it is doubtful that these men, with all their foresight, visualized the changes that have occurred in the oil industry since 1917, or the size and complexity of Humble's present operations, or the extent of the Company's contributions through the years to the progress of our society.

To all who have made those contributions possible—employees, customers, shareholders and the people of the states in which the Company operates—Humble extends its thanks.

HUMBLE OIL & REFINING COMPANY

The full story of "These Forty Years" is told in the anniversary edition of The Humble Way. If you would like a copy, it is yours for the asking. Address Humble Oil & Refining Co., Room 1158, P. O. Box 2180, Houston 1, Texas.

Oilfield Pumps Given Department At Tech
LUBBOCK, (Spl.)—Ten cutaway models of bottom-hole oilfield pumps, valued at more than \$3,500, have been given to the Texas Tech petroleum engineering department by the Harbison-Fisher Manufacturing Co. of Fort Worth.
L. B. Harbison decided to ask his concern to give the pumps while visiting Tech engineering laboratories during an oil lifting short course, held here last April.
Dept. Head W. L. Ducker said the pumps will permit improved demonstrations of oilfield pumping techniques.
John Adams was the first U. S. Ambassador to England.

Tax Equalization Board Recesses
The Garza County commissioners' court sitting as a board of equalization, recessed last Thursday after being in session all day and discussing tax equalizations with approximately 40 persons.
Individual property owners and representatives of oil companies were among those appearing before the board, County Judge Pat N. Walker said.
The board will be in session until Aug. 1, but will not reconvene for public hearings until such a time as it is deemed necessary, Judge Walker said.

Summer Enrollment Record Set At Tech
LUBBOCK (Spl.)—A total of 2,982 students have enrolled in Texas Tech for the first term of the Summer Session, setting a new all-time high for that six-week period, the Registrar's Office reports.
The old record was 2,839, set in 1949 when the post-war schooling of GI students was near its peak. The first term will extend through July 17 and the second term will be held July 18 through Aug. 29.

ROGER BABSON'S AUTHENTIC STATEMENT

New Construction Reaches Record High First Four Months Of Year
BABSON PARK, Mass.—During recent years, I have discussed in this column a wide variety of subjects, and I hope that these discussions have been interesting and useful to my many readers. Lately, I have been studying supply-demand relationships prevailing in some of the major commodity groups, and give below some of the highlights, as I see them.
Total volume of new construction put in place, on a dollar basis, hit a record high for the first four months of this year. However, the sharp drop in housing—starts in 1957, compared with 1956, is curbing demand for some key items, particularly lumber, plumbing equipment, and other materials. I see no immediate major improvement in this adverse situation. Nevertheless, the total dollar volume of new construction will hold at a high level—a fact that will make for a still good total demand for building materials in coming months. Supplies, for the most part, will continue ample.
I see nothing to worry about in hard fuels. Production should continue in good balance with requirements. These will hold at satisfactory levels, allowing for the usual seasonal variations. Liquid fuels also will easily meet current and prospective needs. Gasoline stocks, though heavy, probably will not prove burdensome, now that the season of high consumption is close at hand. Large imports of petroleum and heavy fuel oil are causing concern in some quarters, and will be sharply curtailed, I forecast, either voluntarily or by government decree.
The over-all food outlook remains firm. Supplies of major items will hold at relatively high levels. Supplies of meats, however, may be somewhat smaller this summer than last, largely reflecting an expected drop in the supply of pork. With pastures all over the country in excellent condition, milk production, from now through summer will hold at a high rate. This should result in larger commercial supplies of dairy products but heavy CCC buying should help maintain prices.
Looking ahead a bit, I forecast that new food crops, even with only average weather conditions during the important growing periods, will again be large. Domestic demand for most food products, both fresh and frozen, will continue at a high level, reflecting a continued high rate of national employment and disposable consumer income. Foreign demand for U. S. food products may, however, be less aggressive than it was a year ago.
Despite government efforts to reduce them, our grain and feed supplies in aggregate are still large. Early indications point to another large supply of feed grains for 1957-1958; the total may not differ materially from last year's record. Carryover stocks into the new season will be sharply above those of a year ago. These large current and prospective supplies should militate against any sustained price advances.
Supplies of well-fed cattle are by no means heavy. Currently, price strength prevails in feeder cattle, which have been in good demand. I forecast a rather heavy run of grass fat cattle, including feeders, this fall, and lower prices. Marketings of the 1956 fall pig crop are now well out of the way—and will probably be followed by temporarily higher average prices; but prices could turn sharply downward as marketings of the large spring pig crop increase.
Demand for industrial commodities should be well maintained at good levels, allowing for the usual summer letdown. Supplies, for the most part, should suffice. Industrial prices may even strengthen moderately later in the year. Supply-demand ratios in the metals group lean more to the easy side than otherwise, but no shortages are indicated.
The domestic textile industry, by and large, has been in the doldrums for a long time. However, I forecast some improvement during the second half of this year.

WEDDING DAY

"With this ring I thee wed."
Our marriage is beginning where a marriage should begin—in Church. Our hands meet across the Bible. My eyes fall to the printed page, and the verse I see there is so appropriate that I catch my breath in awe and amazement.

Here is the story of a king who long ago sought for a virtuous woman and was told that her price would be far above rubies. Here are detailed the qualities that a truly virtuous woman would have—faithfulness, industry, thrift, compassion, courage, strength, honor.

As I look up at my new husband, I feel a surge of humility. I make a silent pledge that these words in Proverbs will be my guide as his wife. They're a challenge, I know. A big challenge! But, with the help of the Church, I'm going to try to live up to them.

HOLY BIBLE

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Postings

(Continued From Front Page)
 this issue of The Dispatch. Beginning this week traffic violators who are fined in the justice of the peace court can expect to read their names, addresses, charges, and fines in this newspaper. If more drivers are aware that law enforcement officials here are making traffic arrests and that such arrests are expensive, they may pay more attention to obeying the traffic laws and thus

making our streets and highways safer. Publishing names of traffic violators also will help serve as a deterrent—as well as the fines because nobody likes to have his name in the paper under such circumstances.
 *
 We have been awaiting with interest the return from vacation down Alabama and Georgia way of R. J. (Rube) Jennings, president of the Postex Cotton Mill, Inc., so we could take a real tour of Post's leading industry. Rube is reported to be due back

Monday but he may be too busy for the likes of us until the latter part of the week. M. Weldon Rogers of St. Louis, president of Ely and Walker Dry Goods Co., which owns Postex, is due to arrive Tuesday for a three-day visit. Rogers visits the big plant here about twice a year.

Miss Margaret Welborn, a '57 University of Texas graduate, has accepted a teaching position in Odessa. Mr. and Mrs. Lonnie Welborn and Lonnie Gene attended her graduation June 1, where they were guests in the W. S. Land home.

(Continued From Front Page)

control program.
 Some 19,000 irrigated acres in the county are planted to cotton with 27,000 acres of dry land cotton in addition.
 Last year a total of 42,000 acres were planted, 5,000 more than this year.
 Herron predicts yields on dry land cotton this fall will exceed those of last year's and that this will be the best county-wide dry-land cotton crop since 1949.

The county agent says the county's cotton crop could average between one-third and one-half bale to the acre this year, as compared to a one-fourth bale per acre average.

The 1957 cotton support prices have not been announced but are expected soon. The average price for a bale of Garza County cotton last year was \$140.

Garza of course has very little wheat. The best estimates here are for a 10 bushel per acre average on some 1,500 acres now nearing combining.

Herron said that hail and insect dangers remain. Heavy spring rains have brought up heavy weeds and other wild vegetation to the benefit of insects. Plenty of spraying will be required before fall.

To add to these optimistic totals, Mrs. Emmarhe I. Hartel, office manager of the county's ASC office, also had some good news to report.

She said today that Garza farmers will be paid \$101,229 this year for the 10,122.9 acres they have in the conservation reserve of the government's soil bank program. Contracts for this portion of the program are for five years with payments made of \$10 per acre.

The ASC office this week is preparing to pay soil bank wheat checks totaling \$1,934.40 to the six Garza farmers in this phase of the soil bank program. Eighteen farmers were in the "wheat bank" last year, so the rains have made a difference.

Starting in July, Mrs. Hartel reported the ASC office will start measuring the 79 Garza cotton farms for compliance preparatory to mailing out some \$228,868 for the 7,892 acres in the "cotton bank." The average Garza cotton bank payment will be on the basis of \$29 an acre.

This is the second year of the "cotton bank" program. Last year some \$131,996.71 was paid out to 193 cotton farmers.

Totaling up all this prospective income, Garza farmers can anticipate \$830,000 for milo, \$560,000 for cotton, \$30,000 from wheat, \$101,229 from the soil bank's conservation reserve program, \$1,934 from the wheat bank and \$228,868 from the "cotton bank."

Telephone Open House
 Tuesday, June 25, 2 to 6 p. m.
 All of Post is invited to visit the General Telephone Company building at 108 S. Broadway and see the equipment that furnishes telephone service to Post—Tuesday, June 25, between the hour of 2 and 6 p. m. There will be a FREE souvenir for everyone.
 Visitors to the open house will get to meet the people whose job it is to provide Post subscribers with efficient telephone service. These same employees will conduct tours of the building, providing guests with "behind the scenes" descriptions of the equipment in operation.
 There will be special exhibits, too, one of which will allow visitors to both "hear and see" their own voice.
 Remember, the welcome mat is out Tuesday from 2 to 6 p. m. at the telephone company.

White Sox Squeak Past Braves, 9-8

A sixth-inning single by Raul Hernandez scored Jimmy Minor and Joe Cook to give the Post White Sox a 9 to 8 victory over the Tahoka Braves Thursday night in a Pony League game here.

The game was cut one inning short by the 7:30 p.m. curfew imposed on the first game when a second game is to be played. The visitors had scored three runs in the top half of the sixth to take an 8-7 lead over the White Sox.

Robert Hood, who relieved starter Jimmy Green in the third inning, was the losing pitcher. Bobby Beard, who relieved Ray Gonzales in the fifth was the winner.

VISITS FORMER RESIDENTS

Mrs. Hub Haire, Miss Lucille Collier and Mrs. Jack Burress visited from Postites, Mrs. Guy Speck, in Carlsbad, N. M., last week. Hazel Beach, another former resident who now lives in Long Beach, Calif., was also there.

SPORTS

Indians Scalp Braves In Pony League Game, 17-6

Post's Indians really scalped the Tahoka Braves, 17 to 6, in a Pony League game here Tuesday night as the locals combined 14 hits with 11 walks and one hit batsman to smother three Tanoka pitchers.

It was a balanced attack which brought the victory with every one of the Indian starters collecting at least one hit. Five of them got a pair.

No homeruns were hit but Filburto Colosso, the Indian's catcher, smacked a triple and Lee Williams, Dwane Capps, and George Mindieta hit doubles.

Felix Bustez went the route on the mound for the Indians. He served up 10 hits, walked but two, and hit one batsman.

Sammy Anderson started on the hill for Tahoka but before it was over First Baseman Robert Hood and Catcher Jim Green also took turns serving them up. Wildness on the part of the relievers was especially damaging.

The locals hopped out into a 4-0 lead in the first frame and by the end of the third were coasting along on a 10-2 lead.

The four-run first inning was highlighted by Colosso's triple with one away. It was combined with a double by Capps and a single by Leslie Acker sandwiched among walks to John Valdez and Buster.

Six-run bursts followed in both the third and fourth.

In the third, Acker, Buster, Mike Cornell, Capps all hit successive singles followed by a double by

Mindieta for five consecutive hits. The six-run fourth was due mainly to the wildness of Tahoka pitchers. It was accomplished on but two hits, a single by Mindieta and a double by Williams. They came at the right time to drive home four other players who had walked. In fact to start the inning, Tahoka walked the bases full with none away with passes to Acker, Buster, and Cornell.

The final Post run came in the sixth on a single by Colosso, followed by a single by Shortstop John Valdez, a single by Buster, and an outfield error.

Tigers Are Outhit But Beat Red Sox

Hits were as important as some other run-producing considerations in the Little League Tuesday night. The Red Sox outhit the Tigers 17 to 11 but dropped the decision 8 to 10.

The losers hit safely in every inning, usually in clusters but wound up with too many base runners stranded.

John Bland, who started, and Pat Cornell shared the pitching duties for the Tigers while David Nichols went the route for the losers.

The big blow of the game was a homerun by Buddy Morela to climax a three-run Red Sox rally in the sixth.

The Tigers sewed up the ball game with a four-run rally in the fourth which gave them a 9 to 5 lead.

Bustoz Fans Side In Tiger Victory

The Tigers came up with two runs in the bottom half of the fifth inning Thursday to break an 8-8 deadlock and defeat the Dodgers, 10 to 8, in a Little League game.

After going two runs into the lead, Tiger pitcher Felix Bustoz struck out Brannon, Junior Valdez and Eddie Valdez in the top of the sixth to annex the victory.

The Dodgers put together five base hits for four runs to take a first inning lead, but the Tigers scored three in the bottom of the sixth to pull to within one run. The Dodgers stretched their lead to 7 to 3 in their half of the third, but the Tigers scored two more in the bottom half of the frame to trail, 7-5.

After the Dodgers had scored a single run in the top of the fourth, the Tigers knotted the count with three runs in their half of the inning, then chalked up the winning runs in the bottom of the fifth.

Eddie Valdez was the losing pitcher, with Pat Cornell receiving credit for the win.

The Dodgers' big blow in their four-run first inning was a two-run homer by Dennis Huntley. Cornell homered for the Tigers in the second inning.

Hits were even, each team collecting seven.

Red Sox Win With Big Rally

The Red Sox came up with a six-run rally in the final frame to come from behind and score a 12 to 10 Little League victory here Saturday night over the Dodgers.

The winners got as many hits as runs in their come-from-behind rally.

The Dodgers got a pair of tallies in the first when Johnson hit safely with one down after C. Valdez and R. F. Huntley had singled. The Red Sox kept it even with a pair of markers in their half when Nichols delivered the run-scoring hit after safeties by Sepeda and Catcher Moreland.

The Dodgers moved ahead in the second, shoving four across when the top of their order again went on a hit spree. Safeties by Valdez Coloso, and Johnson sandwiched among walks to Huntley and Lusby did the damage.

The Red Sox got a pair in their half to make it 6 to 4 on hits by Sepeda, Deming, Moreland, and Nichols. The Sox crept up to 6 to 5 in the third when Brewer drove in Mitchell who had singled.

In the fourth, the Dodgers put together another four-run rally, to move into a 10-6 lead highlighted by a homerun blast by Balte.

That came after Coloso had singled and Lusby had gotten a life on an error.

The Red Sox' winning rally in the fifth was powered by six hits by Moreland, Shumate, Nichols, Sullivan, Mitchell and Brewer.

All told the winners rang up 17 hits to 10 for the losers. Coloso went the route for the losers despite the hit barrage while Nichols and Shumate divided the mound chores for the winners.

DAUGHTER VISITS

Mrs. J. C. Arceneaux and son, Jay, of Rayne, La., are guests this week in the home of her parents, Dr. and Mrs. D. C. Williams. Mrs. Williams' sister, Mrs. Cecil Matthews of Fort Worth is also their guest.

Yankees Smother Lowly Tigers, 18-2

The Little League Yankees acted just like the New York Yankees Saturday night when they smothered the Tigers under a 20-hit barrage to win a onesided 18 to 2 triumph.

The Tigers managed six scattered hits off the offerings of Ken Rankin and Henry Lee Daugherty. One of them was a homerun by John Bland in the third frame for the losers first run.

The Yankees lost no time in stuffing the victory into their bat

bag. They hustled six runs home in the first frame and poured five more across in the second for a commanding 11-0 lead.

First sacker Glen Polk and Catcher David Perez led the victors' assault with four safeties apiece. Butch Cross, Danny Odum, John Mayfield, Edward Byrd, and Rankin got two hit apiece.

Perez got the only homerun for the winners to climax the big first inning rally. It came after walks to Danney O'Neal and Kent Wheatley.

Bring your dream home down to earth

WITH A BUILDING LOAN FROM FORREST LUMBER CO. We Offer A Loan For Every Building Purpose

TAKE ADVANTAGE OF FORREST'S FINANCE PLAN

We can, without delay, arrange a suitable loan for any kind of building project. We have a special loan to cover all purchases made from Forrest Lumber Company or affiliated stores. It's a loan plan to cover cost of all types of repairs, alterations or improvements to your existing residence. We also have the same type loan to cover multi-family dwellings, buildings and commercial structures, and farm structures.

IF YOU WANT TO BUILD A NEW HOME...

We can fix you up with a GI or FHA loan to include purchase of real estate and completely build the structure. Complete cost for a two-bedroom home will range from \$7,000 to \$10,000. Low monthly payments, including taxes and insurance, will retire the loan over a period of years. Come in and talk it over with us.

IF YOU WANT TO IMPROVE YOUR PRESENT HOME

We have a loan designed to enable you to add an extra room or two, build a new garage or make any kind of extensive addition and improvement. You can borrow from \$2,000 to \$5,000 on payout periods of five to fifteen years.

OTHER LOANS IN FORREST'S FINANCE PLAN

We have a loan designed so you can finance any purchases made from this Forrest yard from \$65 up to \$5,000. You can re-pay this loan in from six to sixty months. Payments may be made on monthly, quarterly, semi-annually, or annual basis. This type loan will enable you to purchase new bath fixtures, floor coverings, home furnaces, paints, new fences, or any other materials. It's an ideal loan for a Do-It-Yourself homeowner.

There's another loan, designed to enable a home-owner to repair, make alterations and improvements to his existing home. It will cover all costs of labor and materials up to \$2,500 and may be re-paid in from six to 36 months.

SMALL BUSINESS BUILDING LOANS—If you're interested in building a new business building we can arrange a small building loan of up to \$3,000, exclusive of financing charge. Repayment extends from six months to three years.

FARM BUILDINGS—This loan is designed to enable farmers and ranchers to build structures for agricultural purposes, exclusive of residential purposes. The maximum loan is \$3,000, repayable in six months to seven years.

Quiet And Still Prevail In The Graham Community Since Rains

There is a quietness and stillness in our vicinity this Tuesday morning after several days of the sound of tractors running and the turning of wheels, due to the fact that Mother Nature gave us from 7-10 to 1 inch of moisture Monday night.

Mrs. J. F. Mason left by bus Friday for Austin for several days' visit with relatives.

Mr. and Mrs. W. C. W. Morris attended the shower in Slaton last Monday night honoring their grandson and wife, Mr. and Mrs. Wayland Morris. Their grandchildren, Patsy, Meryleann, Kathleen, and Buddy accompanied them home for several days visit.

Father's Day guests in the home of Mr. and Mrs. Earl Gregg were their daughter and family, Mr. and Mrs. Gene Nunn and son of Abernathy.

Frances Mason accompanied her sister, Mrs. Jon Allen Kelley, who visited here Friday, back to Jayton, for several days visit.

Mrs. Carl Fluett and son, Jacky, visited near Tahoka Sunday with her parents, Mr. and Mrs. Gandy.

Mr. and Mrs. Howard Adams and two sons of Oklahoma came in Monday for several days visit with her parents, Mr. and Mrs. Elsie Stewart.

Sunday, June 23, will be preaching day at the Methodist Church and the first Sunday for the new pastor, Jack Moore.

Mrs. Leo Cobb entertained last Tuesday with a party honoring her son, Randy, on his birthday.

Mrs. Maud Thomas who recently attended a family reunion in Oklahoma and went from there to Center, Tex., for an extended visit with relatives and is also under medical treatment while there. Mrs. Thomas is missed very much in our midst and a speedy recovery is wished for her.

Guests in the home of Mr. and Mrs. E. M. Norman Sunday for Father's Day were their children and families, Mr. and Mrs. Joe

Fleming and daughter of Ropesville; Mr. and Mrs. Gerald Norman and daughters; and Mr. and Mrs. Jim Norman and son.

Gloria Thompson visited Sunday with Shirley Hubbie.

Mr. and Mrs. Jimmy Byrd of Hillsboro visited Friday night in the home of her parents, Mr. and Mrs. Elva Peel, Rhea accompanied them back here after a visit in Hillsboro. Mr. and Mrs. Norman Jones and family of Brownfield were Sunday afternoon visitors in the Peel and Elmer D. Jones homes.

Saturday night and Sunday visitors of Mrs. W. A. Oden were Mr. and Mrs. Hershall Oden and Don of Levelland. They and Mrs. Oden visited Sunday afternoon in the Alfred Oden home. Mr. and Mrs. Marlin Hawkins were also visitors in the A. Oden home.

Mr. and Mrs. Avon Dunlap and family of Lubbock were Father's Day guests in the home of her parents, Mr. and Mrs. Fred Gossett. Mr. and Mrs. Gossett visited Sunday evening in the Elmer Cowdrey home with his mother, Mrs. J. N. Gossett.

Mrs. Glenn Davis and Mr. and Mrs. Lonnie Peel visited in Lubbock Monday afternoon with Mrs. Peel's son, Delmo Gossett, who was dismissed that morning from Lubbock Methodist Hospital. They also visited in the Roosevelt community in the Jim Railsback home.

Mr. and Mrs. W. F. Banks of Slaton visited Sunday afternoon in the Harlan Morris home.

Mr. and Mrs. Quannah Maxey and daughters visited Sunday at Roaring Springs with her parents, Mr. and Mrs. J. D. Green. Jane remained for a few days visit with her grandparents and Diane accompanied her aunt and uncle, Mr. and Mrs. Lewis Sinclair, home to Abernathy for a visit.

Mrs. Ray McClellan was hostess in her home last Friday for a Stanley party.

Patsy Thompson visited Sunday in the Close City community with her cousin, Shelia Morris, and other visitors in the Morris home were Mr. and Mrs. Cecil Farrar and children of Brownfield. Mrs. Thompson and Kenneth also visited in late afternoon.

Mrs. Troy Nelson and Mrs. Curtis Williams were honored Wednesday afternoon with a pink and blue double shower in the home of Mrs. Delmer Cowdrey.

Mr. and Mrs. Bob Lusk spent Monday night at Lorenzo with his father, Z. P. Lusk and family.

Mr. and Mrs. O. L. McGinty

Teachers—

(Continued From Front Page)

raised from \$3,800 to \$4,158. The coaches' salaries will total \$17,758 for 1957-58. This amount is \$3,667 less than the \$21,425 paid last year's coaching staff, the reduction coming about through present plans to cut the size of the high school coaching staff from four to three.

Increases of \$306 went to Mrs. Mary Raphael, exceptional children's teacher, and Mrs. Carolyn Sawyers, homemaking instructor. Mrs. Raphael's salary for 1957-58 will be \$4,306 and Mrs. Sawyer's, \$4,046.

One hundred dollar increases were voted for E. F. Schmidt, vocational agriculture teacher, and O. A. Madison, head of the visual education department and driver training instructor. Schmidt will draw \$5,236 and Madison \$4,600 during the coming school year.

New salaries under the \$306 increase voted approved classroom teachers will be as follows:

Lola McWhirter, \$4,158; Elizabeth Shannon, \$3,996; Jeannette Schmidt, \$4,401; Minnie Williams, \$3,906; Jessie Lancaster, \$4,761; Ray Martin, \$4,050; Bennie McMahon, \$4,158; Lea Mitchell, \$3,672; Jean Gandy, \$3,834; Maurine Lackey, \$4,787; Elsie Whittenberg,

and Sandra of Gonzales were Friday night guests of her uncle and aunt, Mr. and Mrs. W. O. Fluett, Sr.

Mrs. Dillard Thompson visited in Post Sunday afternoon with Mr. and Mrs. C. J. Mangum and her sister, Miss Mattie Vaughn.

Mr. and Mrs. Lonnie Peel attended a dinner Sunday in the Roosevelt Club House honoring Jim Railsback on his 85th birthday. Mr. and Mrs. Elmer Cowdrey attended in the afternoon. Railsback is an uncle of Mrs. Peel and Cowdrey.

Ricki and Vicki Jenkins of Lubbock were guests last week in the home of their grandparents, Mr. and Mrs. Jess Propst. Mr. and Mrs. Jenkins visited Saturday and the children accompanied them home. Grandsons, Rodney and Ronald Propst of Albuquerque, N. M., are also guests for an extended visit with the Propst family and Mrs. Nola Brister in Post. Another grandson, Danny Markham, of Anton is a guest this week in the Propst home. Father's Day guests were Mr. and Mrs. Markham and children; Mr. and Mrs. Mutt McGaugh and Mike of Abernathy; and Mr. and Mrs. Morris Huff and Traci.

Jerry Ligon had an appendectomy at Garza Memorial Hospital Sunday morning.

Several from this community attended services in Post Sunday night at the Church of Christ revival.

\$4,599; Zephie Brown, \$4,158; Rowena Pierce, \$3,618; Lillie-Kitchen, \$4,158; Wilma Hill, \$3,618; Martha Dabbs, \$3,618; Ethel Florence, \$4,158;

Mary Lee Wristen, \$4,158; Nola Brister, \$5,133; Cora Fleming, \$4,491; James Pollard, \$3,834; Betty Scott, \$3,618; May Smith, \$5,133; Lillie McRee, \$4,131; Zeta Pennie, \$4,131; Matt Reese, \$3,618; Ruthie Steptoe, \$3,618.

The new salary schedule for excess classroom teachers will be: Lucy Callis, \$3,591; Ruby Lobban, \$3,591; William Bennett, \$3,564; Arthur Alley, \$3,564.

Green explained to the board that the state's minimum salary is based on a teacher's experience and education.

Board President Clint Herring told Green that "the board feels it has increased everyone's salary enough that they will be willing to put out more effort to give us better schools next year."

"To put it more plainly," Herring said, "the board is demanding harmony in your organization here. You need it to run a good school. There were a lot of uproars last year that hurt our schools. We hope it doesn't happen again this year."

"If any student or group of students," continued Herring, "is a detriment to the education of the others, then let the trouble-makers go. The board will stand behind you on it 100 per cent."

The superintendent told the trustees that "you are absolutely right in expecting and demanding an efficiently operated school system, but my hands are tied if you boys

don't stand behind me." The \$306 raise for the classroom teachers carried by a vote of five to two. Earlier, each board member had marked on a piece of paper the amount of the across-the-board raise he thought the teachers should receive. Four of the ballots were marked \$306, one \$315, one \$297 and one \$226.

The setting of \$5,100 salaries for heads of the high school mathematics, science and English departments was the final item on the agenda and followed considerable discussion. The proposal carried unanimously, however.

In agreeing that the scholastic program should mean more to a school than the athletic program and various other activities, the

trustees concurred in the opinion that the departmental heads should not be paid less than coaches and heads of the music departments.

Prior to the salary-setting, Green told the trustees that during the 1956-57 school year the district paid \$44,228 above state salaries. He broke this figure down as follows: Administration, \$3,886; approved classroom teachers, \$6,719; coaches, \$6,095; music, \$3,418; special teachers, \$2,916; excess classroom teachers, \$21,400.

The superintendent explained that the district had to pay the entire cost for excess classroom teachers' salaries, since the state pays salaries on only so many teachers, based on average daily attendance.

KNOX GELATINE
 SWANSON Boned Chicken
 CAMPBELL'S SOUP
 Cream of Chicken

RECIPE

1. Sprinkle 1 envelope Knox Un-flavored Gelatine on 1/2 cup cold water to soften.
2. Place over boiling water and stir until gelatine is thoroughly dissolved.
3. Blend 1 can Campbell's Cream of Chicken or Cream of Mushroom Soup with 1/2 cup cold water, 1 tablespoon lemon juice and dash black pepper.
4. Add dissolved gelatine and mix thoroughly. Chill to unbeaten egg white consistency.
5. Fold in 1 can Swanson Boned Chicken or Turkey, diced, 1/2 cup chopped celery, 1/2 cup chopped green pepper, 1 tablespoon chopped pimiento, and 2 teaspoons grated onion.
6. Turn into a 3-cup mold or individual molds, and chill until firm.
7. Unmold on crisp salad greens and serve with salad dressing.
8. Makes 4 servings.
