

Thirty-first Year

**COOL WEATHER NO "STOPPER"**—Mrs. Deborah McDonald (left) and Mrs. Betty Cook lend attraction to the city swimming pool and at the same time prove that unseasonably cool weather need not be any deterrent to a refreshing dip. Considering the rather cool weather, the pool has been attracting large numbers of swimmers, according to managers Robert Meisch and Gene Gandy. Lifeguards at the pool are Frances Craig and Gene Young.—(Staff Photo).

## 'Drenchers' Boost Rainfall Here To Highest In Years

### Re-Planting Necessary In Many Areas

Although considerable cotton acreage will have to be re-planted following last weekend's soaking rains, a surprisingly large amount was already up when the downpours came, County Agent Lewis C. Herron said today.

The county agent said a survey of the county discloses that areas are scattered in which re-planting will be necessary.

Cotton that was already up will be hard to "work," because of the middles being washed, the agent said. This cotton was planted between May 12 and May 17, whereas most of that planted later will have to be re-planted.

### To Investigate Vehicle Suitability City Is Favorable To Radio Project

The city council indicated at its meeting Monday night that it will go along with the county on setting up of a two-way police radio system here, but took no action pending an investigation of suitability of city vehicles for the hook-up.

Mayor James L. Minor read a letter from County Judge Pat N. Walker in which it was proposed that the city install radios in the city marshal's automobile and in one of the fire trucks.

The cost of equipping the city vehicles would be \$491, with the Civil Defense Administration paying half that amount.

The entire system, as proposed by the county commissioners' court, would include installation of radios in the cars of the sheriff, deputy sheriff and constable and in two funeral home ambulances, in addition to the city vehicles. Judge Walker said the funeral home owners had indicated earlier.

### Graham Hit By Tornado; Alerts Here

The turbulent weather of the last few weeks appeared to be easing Wednesday after bringing heavy amounts of rainfall which have pushed the 1957 total here to more than double the normal mark.

May's rainfall of 5.43 inches brought the total for the first five months to 14.53 inches, whereas the normal for the period is 6.93 inches.

June rainfall to date has totaled 1.64 inches, boosting the total to 16.17 inches since Jan. 1.

### Dial System, Better Rural Service Promised For Rate Boost

## City Asks More Information On 'Phone Firm's Proposal

General Telephone Company of the Southwest was asked Monday night to furnish information on four items before the city council resumes consideration of the company's request for new rates here.

R. E. (Bob) Saunders, district manager, appeared before the council in connection with the telephone company's new rate boost request, in which it promises dial telephone service and improvement of rural service.

Following an hour and a half discussion of the company's proposal, Saunders was asked by

Mayor James L. Minor to furnish:

- (1) Figures on income from telephone directory advertising here;
- (2) figures on toll service income;
- (3) clarification of federal tax computation as it involves the local exchange; and (4) what assurance the company would give that they would carry out the telephone service improvements if the rate increases are granted by the council.

Saunders answered the question of why it would require 30 months to convert to dial telephones by explaining that delivery of parts by manufacturers requires more time now than it did a few months ago.

"Dial systems are not made on a production line basis, but the many parts needed come from as many different manufacturers," he said.

He added that the 30-month stipulation was made as the maximum length of time, and that if at all possible the company would convert to the dial system in from 18 to 24 months from the time the rate increases are granted.

Saunders said a survey has been made of the need of improved service in rural areas around Post and is now in the hands of the engineers. He said figures on cost of the improvements and on rural telephone rates have not yet been determined.

The district manager was questioned at length on what assurance the company could give that it would carry out the improvements if it gets the rate boosts for which it is asking.

Saunders said he was under the impression that the city ordinance setting the rate increases would be binding on the company as far as carrying out proposed improvements are concerned, but City Attorney Carleton P. Webb said it would not be.

### Methodist Pastor Is Re-Appointed

The Rev. W. L. Porterfield was re-appointed pastor of the Post's Methodist Church Friday in the closing session of the annual Northwest Texas Conference meeting in Amarillo.

Rev. Porterfield has completed two years as pastor of the Post church, having been appointed here in 1955 to succeed the Rev. Charles R. Gates. Rev. Porterfield had come to Post from Canadian and had also served as pastor of churches at Gruver and Amarillo.

Dr. Marvin L. Boyd, a former pastor of the Post church, was appointed district superintendent to succeed Dr. J. E. Shewbert, who was appointed pastor of the First Methodist Church, Vernon.

In addition to serving as pastor of the church here, Dr. Boyd has also held pastorates at Midland, Abilene, Hereford, Merkel, Rule and Vega.

Other appointments of interest here include that of Rev. Gates to the First Methodist Church, Stratford, where he has served the last two years, and the Rev. S. M. Bean, who has been pastor at Grassland to the Southland church. A pastor is to be supplied for the Grassland church.

### McCoy Resigns As Cage Coach Here

Burl McCoy has submitted his resignation as head basketball and track coach at Post High School, Supt. R. K. Green announced today.

The superintendent said McCoy indicated in his letter of resignation that he plans to quit the coaching profession to enter private business.

McCoy, who was also assistant football coach, came here from Balmarhea shortly before the opening of the 1956-57 school year. He is a graduate of Abilene Christian College.

The superintendent said McCoy's resignation will be submitted to the school board at its meeting Monday night.

The resignation of McCoy leaves Frank Krhut as the sole remaining member of the 1956-57 high school coaching staff. Krhut was recently employed as head football coach to replace Leroy Fenstermaker, who resigned.

McCoy's basketball team finished second in District 2-AA and his track team placed third in the district meet.

### County Hospital Head Reconsiders Resigning

The Dispatch learned Wednesday that L. E. (Buck) Gossett has reconsidered his resignation as administrator of Garza Memorial Hospital and that the hospital board has decided to retain him in the position.

The action came at a board meeting this week. Another board meeting is to be held tonight, after which a statement from the board will be released to the press.

Gossett's resignation was to have become effective June 30.

The six-member hospital board is solely responsible in employment of an administrator.

### Officers Are Continuing Probe Of Three Break-ins

Two suspects have been released after questioning in connection with three break-ins and one attempted break-in here Friday night, Sheriff Carl Rains said today.

The sheriff said his office is continuing an investigation into the burglaries, which were at the American Grill Cafe, Bob Collier Drug Store and Caprock Chevrolet, Inc. The attempted break-in was at the Hamilton Drug Store.

The sheriff said \$73.75 in money was stolen from the cafe and approximately \$40 in money from the drug store. The intruder apparently left empty-handed after breaking into the automotive firm.

### This Stream Needs A Bridge In Worst Way

Bridges may not be a year-round need in Garza County, but when it rains as it has the last few months they can be mighty important.

The following communication was received by The Dispatch's Justiceburg correspondent, Mrs. Willie Key, from one of her friends. The creek on which the crossing difficulty was encountered is east of Justiceburg. The crossing once had a \$14,000 bridge, which was washed away a few years ago. The not received by Mrs. Key follows:

"... We went to Post Saturday and to Tahoka. Came a big rain and got the creek up and caught us on the other side and we had to wait until it ran down a little. Sam and Della and Sonny went across, and Sam Sr. walked the pipe line back over to us, then me and Sam Jr. went across in the pick-up. Then Sam and the gauger came across in our car. Then Fred Bowen came across in his car and Sam took him back in his car, and he drove his mother's car, but it drowned out and it was a good bit before he got it out of the creek."

### Sept. 13-14 Set As County Fair Dates

Dates of the 1957 Garza County Fair have been set for Friday and Saturday, Sept. 13-14, by the Post Lions Club, sponsoring organization.

Preliminary plans for this year's fair were discussed by the Lions at their meeting Tuesday night. The two-day event will end on the day the Golden Jubilee celebration begins.

Two new members, Alex Ringhoffer and Bob Pace, were introduced at Tuesday night's meeting. Ringhoffer is range conservationist and acting work unit conservationist for the Post Work Unit of the Duck Creek Soil Conservation District. Pace is manager of the Continental Supply Co.

At next Tuesday's meeting, the Lions will install officers for the club year beginning July 1. Al Norris will be installed as president to succeed H. W. Schmidt.

### N. W. Stone Receives M. D. Degree Thursday

Dr. N. W. Stone, 25, son of University of Texas Medical Branch, Galveston, and will take his State Board examination in Fort Worth June 25-26.

After July 1, Dr. Stone will begin his internship at Scott & White Memorial Hospital, Temple.

He received his M. D. degree in exercises held at 8:15 p. m. in Moody Civic Center. A member of Phi Beta Pi, medical fraternity, he had received the Bachelor of Science degree in pharmacy from the University of Texas in 1953.

Dr. Stone, a 1948 graduate of Post High School, is married to the former Helen Dolores Moore, also a graduate of the University of Texas and a teacher in the Galveston Public Schools.

Members of Dr. Stone's family were present Thursday night when he received his degree.

Dr. Stone plans to engage in the general practice of medicine following his internship.

### Four Long Blasts Is Tornado Alert Signal

The tornado warning signal for Post, as reported last week to The Dispatch, needs correcting, a member of the volunteer fire department said today.

Four two-minute blasts, one immediately following the other, will be the siren sound for approach of a tornado.

In case of a power failure, the steam-operated whistle at Postex Cotton Mill will sound the signal, with the same sequence being used—four two-minute blasts.

### Engineers, City Superintendent Determine Needs

## Street Re-Surfacing Planned

Seal-coating of 30 blocks of old paving on city streets is scheduled for this summer, it was announced at Monday night's meeting of the city council.

Although the same contractors—C&C Asphalt Paving Company of Colorado City—will do the job, it will be entirely separate from the present new paving program now nearing completion, city officials said.

The 30 block to be improved were determined in a recent survey by city engineers and City Supt. R. H. Tate. The cost to the city will be between \$6,000 and \$7,000.

"The seal-coating is necessary because we are about to lose a lot of our present paving," Tate told the city council.

The city superintendent said the survey showed that blocks needing the resurfacing are 10 on Eighth Street, two on 12th, one on 13th, two on North Avenue N, one and a half on North Avenue Q,

two and a half on South Avenue R, two on South Avenue N, two on Sixth Street, four on Seventh Street and the four blocks around the courthouse.

Meanwhile, 24½ blocks of the 40½ blocks of new paving have been resurfaced, Tate told the council. He said the remaining 15½ blocks will be "shot" as soon as the weather clears, and that a six-man crew arrived in Post Monday to begin winding up the resurfacing job.

### Methodist Pastor Is Re-Appointed

The Rev. W. L. Porterfield was re-appointed pastor of the Post's Methodist Church Friday in the closing session of the annual Northwest Texas Conference meeting in Amarillo.

Rev. Porterfield has completed two years as pastor of the Post church, having been appointed here in 1955 to succeed the Rev. Charles R. Gates. Rev. Porterfield had come to Post from Canadian and had also served as pastor of churches at Gruver and Amarillo.

Dr. Marvin L. Boyd, a former pastor of the Post church, was appointed district superintendent to succeed Dr. J. E. Shewbert, who was appointed pastor of the First Methodist Church, Vernon.

### Methodist Pastor Is Re-Appointed

The Rev. W. L. Porterfield was re-appointed pastor of the Post's Methodist Church Friday in the closing session of the annual Northwest Texas Conference meeting in Amarillo.

Rev. Porterfield has completed two years as pastor of the Post church, having been appointed here in 1955 to succeed the Rev. Charles R. Gates. Rev. Porterfield had come to Post from Canadian and had also served as pastor of churches at Gruver and Amarillo.

Dr. Marvin L. Boyd, a former pastor of the Post church, was appointed district superintendent to succeed Dr. J. E. Shewbert, who was appointed pastor of the First Methodist Church, Vernon.

In addition to serving as pastor of the church here, Dr. Boyd has also held pastorates at Midland, Abilene, Hereford, Merkel, Rule and Vega.

Other appointments of interest here include that of Rev. Gates to the First Methodist Church, Stratford, where he has served the last two years, and the Rev. S. M. Bean, who has been pastor at Grassland to the Southland church. A pastor is to be supplied for the Grassland church.

### McCoy Resigns As Cage Coach Here

Burl McCoy has submitted his resignation as head basketball and track coach at Post High School, Supt. R. K. Green announced today.

The superintendent said McCoy indicated in his letter of resignation that he plans to quit the coaching profession to enter private business.

McCoy, who was also assistant football coach, came here from Balmarhea shortly before the opening of the 1956-57 school year. He is a graduate of Abilene Christian College.

The superintendent said McCoy's resignation will be submitted to the school board at its meeting Monday night.

The resignation of McCoy leaves Frank Krhut as the sole remaining member of the 1956-57 high school coaching staff. Krhut was recently employed as head football coach to replace Leroy Fenstermaker, who resigned.

McCoy's basketball team finished second in District 2-AA and his track team placed third in the district meet.

# Dispatch Editorials

Thursday, June 6, 1957

THURSDAY to THURSDAY

By CHARLES DIDWAY

LIKE THE West Texas weather, The Dispatch's editorial page has taken on a new look. This column, as anyone can plainly see, has been shifted to the right, while the higher-priced and more widely circulated Babson Report has been moved to an inside page.

You'll notice that the left one-third of the page has been given over to editorials, while "Remembering Yesteryears," "What Our Contemporaries Are Saying" and the editorial cartoon remain in their usual spots.

THE NEW arrangement gives every member of the editorial staff a say-so on the editorial page, which we hope to continue as what we modestly consider one of the best to be found in any weekly newspaper. Jim Cornish, the new publisher, and the editor—hey, that's just—will write the editorials, while Claudine Michael, the women's page editor will continue her weekly stint of compiling and writing "Remembering Yesteryears."

Claudine does an excellent job on "Remembering Yesteryears," but she admitted long before anyone had a chance to accuse her that she sometimes becomes so engrossed in reading the old files that it takes her twice as long as it should to turn out the column.

WE HAVE the same trouble in ransacking the exchanges for "What Our Contemporaries Are Saying."

Summing it up, we feel pretty proud to move over to this spot, which for the last umpteenth or so years has been occupied by Eddie Warren's "Out on the Limb" column. We promise that anytime we get to thinking we're doing a first-class job with "Thursday to Thursday" we'll just look up on the wall where hangs a first place plaque won by "Out on the Limb" a few years ago in the Texas Press Association's column writing contest.

"BIG DEAL!" That's the best way to describe the recent transaction in which \$2,500,000 was paid for 60 producing oil wells near Justiceburg. That's about the most astronomical figure we've run across since reading the announcement of President Eisenhower's proposed budget.

The optimist proclaims that we live in the best of all possible worlds; and the pessimist fears this is true.

Resident Highway Engineer Julian Smith says wet weather has slowed work on the U. S. Highway 84 four-lane widening project. "But we've got a new station wagon, and that ought to be news," Julian said.

THERE ARE more Washington streets in the United States than there are Main streets and Broadway—believe it or not. Come to think of it, Post had a Washington Street before the remapping and street renaming project two years ago. It was the first street this side of the railroad tracks . . . known now as Avenue H.

He who is prejudiced is usually down on something he's not up on.

HAVE YOU lost a lake? An Ohio farmer reports that a five-acre lake recently showed up on his farm overnight.

A fellow had us stumped the other day when he said, "Fraid holes are becoming more and more popular in Post." Then he explained that a "fraid hole" is what he calls a storm cellar.

THIS ITEM appeared in the May 23 issue of "The Stenwinder," Tahoka Rotary Club publication, a day before Tahoka was struck by a tornado.

Have you ever stopped to think, when you give or donate to some cause, that it compares to an insurance policy?

Since our disasters are closer to home this year than most years there is always that risk that we may be next. There is nothing certain about our weather and if we do have a disaster hit our city or homes, I am sure we will receive more than we give.

That is our insurance policy—give and be thankful that we have not had to cash in on our insurance policy.

The people of Tahoka and Lynn County have been most generous and I am sure that not one penny was begrudged.

Some of the best fights over television occur in homes having three teen-aged children.

PARTING THOUGHT: The waning of the popularity of calypso music is cause for worry, as it is bound to be succeeded by something even worse.

## THE AMERICAN WAY

That's Telling Him!

## Our Contemporaries Are Saying . . .

### Probably Right!

Our sympathy goes to W. H. Graham's State Line Tribune over at Farwell where someone overturned a barrel of ink in the back shop last week.

The incident caused Graham to recall the story about the mother who took her 4-year-old son on a tour of a newspaper plant. The lad climbed atop a barrel of ink, lost his balance, and plunged in—head first!

The mother dashed to the floundering boy's rescue, and pulled him up from the inky morass about four inches. Then she suddenly heaved a deep sigh and let him back down in the ink.

"Why didn't you pull him out while you had hold of him?" asked a printer in amazement.

"Well," she said, "I took just one look at that boy and decided it would be less trouble to have another one than to clean him up!"—"Town Topics" in The Tullia Herald.

### Far-Away Camps

Drifting with the current of the camps of my youth are now so far away as to be seldom reached except by a long portage of memories—"Trail Dust" in Matador Tribune.

### Already Preval!

A chemist foresees a two-hour working day, the end of colds and elimination of the toothbrush. Already, these advantages prevail in some places—and we send missionaries to the m.—"Drifting Sands" in The Andrews County News.

### Here It Is Again

Absence of "Trends" in the past few weeks has at least shown us that this column has a few readers, as quite a number have wanted to know what the trouble has been. We can only plead laziness, spring fever, or just downright cussedness. Anyway, here it is again—"Trends" in The Crosbyton Review.

### Purposeful Critters

A cowpuncher up at Aspermont had applied for an accident policy, and Jim King, the insurance agent, was quizzing him.

"Have you ever met with any accidents?"

"No," said the cowboy. Then, in an effort to be helpful, added: "A bronc kicked two of my ribs in last summer, and a couple of years ago a rattlesnake bit me on the ankle."

"And don't you call those accidents?" Jim asked.

"Naw," replied the cowboy. "The danged critters did it a-purpose."—"Popvalve" in The Hamlin Herald.

### Debunking The Ant

"Go to the ant, thou sluggard; consider her ways and be wise." This traditional advice may not be so sound after all, says Dr. R. G. Wheeler of the University of North Dakota. "For ants aren't all they are cracked up to be."

Is the ant, as popularly supposed, a model of industry? It looks like when we disturb an anthill and see a prodigious amount of scurrying about. That, says Wheeler, "is merely because there are so many ants, and they all look alike."

### Word Association

Word association is used by psychiatrists in determining the nuttiness of individuals. You know—when he says ham you're supposed to say eggs, when he says sugar you're supposed to say cream, etc. Well, when George Gabriel wanted to advertise pheasant eggs last week at 25 cents each, it was just our normalcy as indicated by word association to write it down and publish it 25 cents a dozen.—"Whoa, Now!" in The Texas Spur.

There are three time zones in Alaska: Pacific Standard, Alaska Standard and Bering Sea Time. There is an hour's difference between each.

The Orange (length 750 miles) is the longest river in South Africa.

## Our Goal—Community Stimulation

The basic policy of The Post Dispatch remains unchanged.

Just as it was under the able direction of Ed and Pauline Warren, the No. 1 objective will continue to be to serve the best interests of this community.

The voice of The Dispatch will be raised in support of all worthy projects for the advancement of Post which lie within this community's means. No town can stand still. The choice is between going forward—or slipping back.

The voice of The Dispatch will be enthusiastic, not strident. When criticism is offered, it will be of constructive nature.

The Dispatch will do its best to concisely set forth its views upon all community problems.

No newspaper is always right. Sometimes The Dispatch undoubtedly will be proven wrong. An editorial writer is something like a baseball player. He doesn't hit a home run or even a single, every time he steps up to his typewriter and swings. Sometimes he strikes out.

But we ask only that our readers keep in mind the basic principle of the editorial page.

It's real objective is not to lead, but instead to stimulate community thinking. From community thinking will come the right decisions. That is the inherent strength of American democracy.

With this issue, The Dispatch is expanding its editorial columns so that it will have more space in which to prod, praise, fat and push.

Nothing will be lost with the expansion, it just may appear a bit out of place for a time. Editor Charles Didway's very readable Thursday to Thursday column will continue to appear regularly on the editorial page, only in an adjoining column. The Roger W. Babson column will be found in every issue, only on another page.

Editor Didway of course will continue to report the news of Post as accurately and completely as possible. The Dispatch under the Warrens has been a prize-winning newspaper over the busy years and has earned its ranking as one of the foremost weeklies in all of Texas.

We will do our best to uphold that position of prestige and to maintain the respect and support of you, our readers.—J. C.

## Juvenile Problem Steadily Improving

Post's juvenile delinquency problem has by no means solved itself, but since it appears that the chances of employing a juvenile officer have gone by the boards, it is heartening to learn that the situation here is improving.

In bringing us up to date on efforts to hire a juvenile officer, the county judge said that the commissioners' court has been unable to find a neighboring county which would share part of the expense of an officer for both counties. He explains that it would be impractical for a county in our population bracket to go to the expense of hiring a full-time juvenile officer.

It will be remembered that the possibilities of employing such an officer were aired pro and con at a meeting here a few months ago of interested groups with the commissioner's court. The meeting had been called by the county judge at the request of the First Methodist Church Woman's Society of Christian Service, which had just completed a general study course on juvenile delinquency. At that time, the commissioners' court voted to contact neighboring counties in an effort to find one which would share the expense.

The county judge attributes the improvement

in our juvenile delinquency problem to two things: (1) Sterner measures in dealing with delinquents, and (2) voluntary assistance on the part of a number of adults in helping solve the problem. The county judge, in his duties as juvenile judge, has been unflinching in carrying out to the letter the restrictions placed on juveniles hauled into his court. They report to him regularly on their activities, including school attendance, earnings, time of night they go to bed, etc.

In a manner of speaking, all of us can follow the example of the handful of adults who are assisting in keeping our youngsters out of juvenile court, thereby making it unnecessary to hire a full-time juvenile officer.

As it was pointed out at the above-mentioned meeting, only a very small percentage of our teen-agers are juvenile delinquents. Those who already have been hauled into court are being straightened out. The ones we need primarily to concern ourselves with are those in danger of getting into trouble in the future. It's best summed up in the time-worn proverb, "an ounce of prevention is worth a pound of cure."—E. D.

## They Need To Protect Their Own

The current project of the Business & Professional Women's Club to pin-point storm cellars for the safety of the general public is a commendable one. But it should be remembered that these cellars are privately owned. That means, of course, that the owners of the cellars must see to it that their own families are protected before throwing them open to their friends and neighbors.

The question is, are there enough storm cellars to "go around"? We doubt that we'll ever hear of a cellar-owning Post family refusing shelter to a neighbor in an emergency, but there might come a time when every storm cellar is filled to capacity. For that reason, it would be wise for every home owner to construct some sort of a shelter if he wishes to assure protection for himself and his family in case of a bad tornado—and who ever heard of a good one?

The Civil Defense Administration suggests

that frame houses with basements offer a measure of protection when a tornado strikes. It might be wise to list the location of such basements along with the storm cellars.

It's a safe bet that when all the storm cellars are listed and their number divided into Post's population, the result will show that the present shelters couldn't begin to accommodate everyone wanting in out of the storm.

We repeat, however, that the B&PW Club's project is a commendable one. It shows that among us is an organization which is making the public's safety and welfare one of its chief concerns. Owners of cellars are urged to cooperate in the project by listing the location of their shelters. We sincerely hope that we won't ever need to use the cellars on a wholesale basis, but if we ever do, it'll be too late to start looking for them then.—C. D.

## Of Importance To Community's Health

Remember last year's outbreak of encephalitis which struck Hale, Crosby and a few other area counties, but fortunately didn't spread to Garza County? Well, health officials are fearful of another such outbreak this year, considering the heavy rains of the last few weeks.

Tests by the State Health Department last year showed that 95 per cent of the mosquitoes in the areas just north of here carried encephalitis germs. The health officials said it was surprising that there were not more cases of sleeping sickness than were reported.

Unless steps are taken to control mosquitoes, an even larger outbreak of the disease is expected this year. Only the mosquito can carry this disease from birds or fowls infected with it, doctors say, and the only way of control is to

keep the mosquitoes down.

The threat of another encephalitis outbreak is one of the many reasons why all Post citizens should pitch in to help make the city-wide clean-up drive a success. Spraying and fogging of alleys by the city will follow the clean-up, but even this precaution is ineffective if mosquito breeding places are not eliminated.

Our best method of controlling the mosquitoes are to destroy their breeding places. Mosquitoes breed in any moist place. Weeds, piles of rubbish, rank undergrowth, barn lots or any place where animals are penned, all offer excellent breeding places. For our own protection we should make an all-out effort in this clean-up drive and keep it up throughout the year.—C. D.

## Why Don't You Write The Editor?

The Dispatch wants to expand another important outlet for community expression—letters to the editor.

Readers surveys have shown that letters to the editor pack a real readership wallop. More people usually read the letters than the editorials.

Not only do the letters receive high readership, they are immensely valuable to stimulate community interest in various problems.

We would like to have a regular column of letters on the editorial page each week. The Dispatch will give full rein to proper reader ex-

pression, providing the writer will (1) use no more than 250 words to get his or her say said, and (2) will sign his or her name.

Unsigned letters to a newspaper deserve no recognition. Obviously they are written by people afraid to stand behind their opinions.

The more letters, the better. The wider range of subjects, the more interesting.

How often have you said, "I'd like to write that newspaper a letter and tell them just what I think about this."

Well, why don't you.—J. C.

## Clipped Quips From Other Papers

Just as soon as everyone is covered by social security we will be back to just where we started. The only difference is that our money has been taken away from us by the government and only part of it given back. And it is only a short step to that point where everything can be taken by the government and just enough to exist upon is given back. There is a nasty word for this situation—socialism.—Knoxville, Iowa, Express.

In the final analysis, there are two types of taxes: those a person has to pay such as income and property taxes and those with which he has some freedom of choice such as automobile and cigarette taxes.—Quincy, Mass., Patriot Ledger.

The continuing battle against man's relentless enemy, cancer, must be waged increasingly. You can help by your contribution to keep research at top speed.—Pleasantville, N. J., Press.

## THE POST DISPATCH

Published Every Thursday at Dispatch Publishing Building in Post, Garza County, Texas

JIM CORNISH CHARLES DIDWAY

Entered at the Post Office at Post, Texas, for transmission by mail as second class matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any persons appearing in these columns will be gladly and promptly upon being brought to the attention of the management.

## Remembering Yesteryears

Five Years Ago This Week

Enrollment for summer classes at the Post High school will begin Monday; a total of 14,500 fans witnessed four performances included in the 11th annual Post Stampede Rodeo; J. W. Teal, longtime Garza resident, has been acting city marshal for the past two weeks; Post's eight-team Softball League will get underway at Postex Field tonight; the sand blew this week, killing several hundred acres of cotton. But at least, the farmers say philosophically, the amount of moisture in the ground will enable them to re-plant; approximately 75 persons

enjoyed the "ground" provisions South Lake Park Wednesday for Clean-up Day project; Floyd and Giles changed wedding ceremony in church Monday evening; Bingham, daughter of Mrs. Bing Bingham, celebrated her second birthday; a party in the back home; Pat Walter pointed county attorney Dallas this morning

Ten Years Ago This Week

The Rev. A. B. Cockrell of Coahoma was assigned to the First Methodist Church and the Rev. I. A. Smith, who has served the church nearly four years, was assigned to Stanton; condition of Mrs. John B. Slaughter, who has been in the West Texas Hospital in Lubbock since Monday night was improved today; the pre-rodeo street dance last Saturday night was so widely attended and so well conducted that another will be held Saturday night; Mr. and Mrs. Edsel Cross moved into their new home on North Tyler Street early this week; locked doors have been no barrier to one or more vandals who broke into the Plains Lumber Company Saturday and Haws Dry Goods Sunday; Post's new fire truck arrived here Monday afternoon with the siren

blaring; Harold stationed with the U.S. parents that he began by December; new OES officers assigned to Stanton; Truett Fry who was matron and patron of the Editor's' column; bill paying time, and help of something else; vanced enough in mail to throw away that old mail is a disgrace; merchants have told would lose half their they resorted to the practical method of ers", L. P. Kenna; been employed as meat department at ed in Texas Tech

Fifteen Years Ago This Week

No more scrap paper is needed here for the time being to aid the war effort, according to T. L. Jones, county salvage committee chairman; hail damaged crops in the western sector of the county late Wednesday afternoon; the attractively and individually styled basement playroom in the home of Mrs. Skeeter Slaughter was the scene of a gay, informal party

Saturday when Mrs. retained the Novel Club; Mrs. Bryan J. retained the Bridge afternoon at her home near Tracy, Hedy Lamm Garfield are starring Flat" at the Garza; Miss Maxine ed in Texas Tech

Mrs. M. J. Malouf, who was a medical patient in West Texas Hospital at Lubbock for more than a week, is now recuperating at her home here.

## WINNERS SCORE 13 RUNS IN BIG FIFTH

### Indians Drub White Sox, 25 To 17 In Abbreviated Contest Thursday

In the highest scoring contest ever played at Little League Park, the Indians defeated the White Sox, 25 to 17, last Thursday in a Pony League game that was called in the fifth inning because of threatening weather and a power shortage.

Manager Ben Howell used four pitchers in trying to stop the Indians' booming bats, which collected a total of 21 hits.

Leslie Acker, although raked for 17 hits, went the distance for the Indians.

After the first inning, the Indians were ahead, 5 to 4, and the White Sox were never able to catch up, although trailing by only one run, 9-8, at the end of the third frame. The winners scored three runs in the fourth while holding the White Sox scoreless in their half of the inning. In the fifth and final inning of the abbreviated contest, the Indians scored 13 runs. The White Sox had scored two runs and had two men on base, with no outs, when the game was called.

## One Player Makes All Three Outs In Inning

One Pony League player made all three outs last Thursday in a 13-run inning that was a "score-keeper's nightmare."

To George Mindieta, second baseman for the Indians, went the dubious honor of setting some sort of a record by making all three outs in the big inning, which was only one of 10 in a game cut short by threatening weather.

The Indians won the high scoring affair over the White Sox—25 to 17.

Mindieta led off the fifth inning by striking out against Gonzales, who had relieved Bobby Beard on the mound for the White Sox. After eight runs had scored, he batted again, this time against Ruben Valdez, and grounded out, second to first. The next time Mindieta came up, five more runs had scored and the bases were loaded. Mindieta hit one of Valdez' high fast ones and again grounded out second to first to halt the carnage.

## Curfew Set By Officials

To speed up Pony League baseball games, the two loops decided that no inning of the game is to start after 7:30 p. m.

Those attending the meeting, which was presided over by Leo M. Acker, were: Oscar Garner, Julius Steizer, Lee Ward, J. P. Parnell, Al Norris, Burney Francis, Walter B. Holland, Ben Howell, Phil Bouchier, Bing Bingham, Punk Peel, Bill Edwards, Shelley Camp, Louis Mills, Dee Caffey, Martin Nichols and Charles Didway.

## Deer Slaughter Grows On State's Highways

A new alphabetical name is supplied in the June issue of "Texas Game and Fish" in an article written by Theron D. Carroll, according to the director of information and education of the Texas Game and Fish Commission.

The new name is DOR, which means Death on Roadside. Last year, according to the article in the official publication of the Commission, there were 98 deer killed on the roadside in Kimble County. The reports were kept by Warden Bob Evans of Junction.

Of the 98 deer killed, 67 were does, indicating a heavy sex ratio of does to bucks in Kimble County.

Financially, the damage to each car averaged in excess of \$200, with a total repair bill on 93 cars amounting to \$18,600.

Wardens and sportsmen of the area are cooperating to reduce this DOR figure, according to the article.

## FORREST FINANCE PLAN

### REVOLVING CREDIT PLAN "RCP" FOR OPEN CHARGE ACCOUNTS

- What is Forrest's "Revolving Credit Plan"?  
It is a new service for those who prefer to pay a set amount monthly on purchases from Forrest. It works exactly like a regular charge account except the Customer has a longer time to pay.
- What may be bought on Forrest's Revolving Credit Plan?  
Any merchandise Forrest sells, providing that the price, plus the balance on the account, does not exceed the balance limit agreed on.
- When may additional purchases be made?  
At any time... up to the agreed on total balance.
- What size account is available?  
If you pay each Month: \$10 \$15 \$20 \$25 \$30 \$35 \$40 \$50  
You may carry a balance up to: \$80 \$120 \$160 \$200 \$240 \$280 \$320 \$400
- May more than the scheduled amount be paid at one time?  
Certainly. This will increase the amount that may be added-on.
- Can the total limit ever be increased?  
Yes, with the approval of the Credit Manager.
- What happens when the entire balance is paid off?  
The card stays in the file, waiting your next purchase. During this time there is no service charge or payments due.
- Is there any charge for this service?  
Yes, there is a small charge added each month. It is 1% of the outstanding balance at the statement time. If the outstanding balance is \$90.00, for example, the service charge would be 90c.
- What is the purpose of the RCP Identification Card?  
The card will allow purchases without having to visit the Credit Department each time you wish to add something to your account.

## Postscripts

Mrs. L. A. Barrow left Post Saturday, May 25, for a week's visit with her daughter, Mrs. H. B. Taylor, and family of Pampa. Mrs. Taylor and her children, Lou Ann, Leonard and Kathy, returned home with Mrs. Barrow this weekend, not knowing that before they arrived in Post they would have taken a 300-mile detour because of the high waters over the highways on their usual route home.

Miss Jessie Pearce, Garza County's efficient home demonstration agent, learned at a meeting in Lubbock last Thursday how to plan a county program to include family life education. The meeting was conducted by Mrs. Eloise Johnson, family life specialist for the Texas Extension Service.

Despite modern methods of transportation, it's still a small world when former classmates get together after more years than most of them care to remember. Over the weekend, Mrs. Charles Didway and Mrs. George Garrison, former classmates in the Clarendon Public Schools, enjoyed a visit for the first time in several years. Mrs. Garrison, the former Miss Lucille Whitlock, is here with her husband, who is foreman of a power line construction crew.

A group of visitors from Alabama received a liberal dose of tornadoes and storm cellar excursions, and a taste of the Old West during a visit here last week. All from Anniston, Ala., they were Mrs. Boy Hart's mother, Mrs. D. R. Fowler, and sister, Mrs. George White, and nephews, Bobby and Roger Knowles and Tommy Fowler. During their visit here, they accompanied their hosts to the storm cellar on half a dozen occasions. They also went out to the S Lazy S Ranch to watch foreman Hinton Fluitt and his cowhands work cattle. They all agree that it's been quite an experience!

Mayor James Minor, his wife, and two of their children, Johnny and Joan, drove up to Tres Ritos, N. M., last Thursday to "de-winterize" their cabin. They almost stayed for the summer—due to the steady rains. They finally got away from the cabin and home again Saturday.

Mrs. Everett Webb, who went to Dallas for four days last week to attend the ladies ready-to-wear market, just got out of Oklahoma at the conclusion of a family visit in time. Hard rains in the Sooner state brought floods which washed out the road out of Tulsa right behind her. After the market in Dallas, Mrs. Webb picked up her sister, Mrs. W. H. Thompson in Dallas and an aunt, Mrs. S. D. Sloan, in Wilburton, Okla., and drove to Tulsa for a visit with another sister, Mrs. Alva Moore. She reported it rained from the time she left Dallas until she returned to Post Sunday afternoon. She was gone a week.

Mrs. R. J. Jennings and her daughter, Miss Sallie Jennings, of Lubbock left Monday for West Point, Ga., where Miss Jennings will join a group of friends she attended college with at Auburn to embark upon a two and one-half months' tour of Europe. The group will spend several days in New York City before sailing June 15 on the Ile de France. Mrs. Jennings plans to visit friends and relatives in West Point and other towns in the Deep South before returning to Post the latter part of this month.

## Methodist Women At Durrett Home

Mrs. J. R. Durrett was hostess to the Methodist Women's Society of Christian Service in her home Monday at 3 p. m., with Mrs. J. A. Rogers as co-hostess.

Mrs. T. R. Greenfield opened the meeting with a prayer and the newly elected president, Mrs. R. A. Moore, presided over the business meeting. Mrs. L. A. Presson was appointed music director.

One new member, Mrs. Tom Gates, was introduced to the group. Mrs. T. L. Jones read the scripture and Mrs. Ellis Mills presented the program on home missions from the book, "Mission, USA".

The group voted to meet at 9:30 a. m. during July and August.

Refreshments were served to the following members: Mmes. Moore, Rogers, Greenfield, Jones, Mills, Gates, Presson, O. G. Hamilton and J. E. Parker.

## Barbara Ann Bingham Honored On Birthday

Barbara Ann Bingham was entertained on her seventh birthday by her mother, Mrs. V. F. Bingham, Saturday afternoon from 4 until 5:30 o'clock at the Bingham home.

Following a series of games, the hostess, assisted by the honoree's grandmother, Mrs. Guy Casey of Lubbock, served birthday cake and ice cream to Barbara Ann, Brenda Ward, Steve Michael, Joe Harold Reno, Mary Ann Profit, Helen Ann Cheshire, Peggy Claborne, Sandra Casey, Mike Bingham, Jan and Everett Peden.

Favors were presented to each guest.

## Hamilton Home Scene Of Youngsters' Party

Mrs. Gordon Hamilton and Mrs. Melvin Sloan were hostesses for a party Friday night in the Hamilton home. Games and music were enjoyed by Jan Herring, Alyn Cox, Ann Pennington, Charlene Smiley, Glenda Hutto, Mary Ann Williams, Linda Ward of Lorenzo, Christine Cornish, Melinda Newby, David Lee, Glenn Poik, Kent Wheatley, Ken Rankin, Skipper Sloan and Billie Hamilton.

Cake and punch were served at the conclusion of the party.

### Look Who's New

Mr. and Mrs. Jack Kirkpatrick are announcing the arrival of a son weighing 9 pounds 5 ounces at 7:24 p. m. Tuesday in West Texas Hospital in Lubbock. Maternal grandparents are Mr. and Mrs. E. E. Merriman of Lubbock and paternal grandparents are Mr. and Mrs. Willard Kirkpatrick of Post.

Mr. and Mrs. Billy Ray Case of Hereford are announcing the arrival of a son named Ronald Lewis on May 25. He weighed seven pounds and one and one-half ounces. Mrs. Case is the former Juanita Williams.

## Amity Study Club Meets At Church

The Amity Study Club met in special session Monday evening at Fellowship Hall at the Methodist Church.

"Religions of the World" was decided upon as the course of study for the coming club year.

The members voted to join the Women's Culture Club in hosting a luncheon to be held Sept. 30 at the City Hall Dining Room for Mrs. A. J. House of Yoakum, state president of the Texas Federated Women's Clubs.

Present were: Mmes. George Miller, V. L. Peel, Powell Shytles, Carlton Willingham, Leo Acher, G. K. Cash, Conrad Hartel, E. F. Schmedt, Boo Olson, Bob Collier, Malcolm Bull, Thurman Francis and Miss Thelma Clark.

## MISSOURI GRADUATE

Friends here will be interested in the news that Miss June Pirtle, granddaughter of Mrs. L. A. Pirtle, is graduating on June 8 from the University of Missouri and will receive a B. S. degree. June, daughter of former Post citizens, Mr. and Mrs. Claborne Pirtle, spends a portion of each summer here with her grandmother. She plans to teach science in River Gardens Junior High School in St. Louis, Mo., beginning with the fall term.

## Girl Scout Troop 5 On Camping Trip

Members of Girl Scout Troop 5 are now realizing the fruit of four years' labor, as they left Wednesday for a three-day camping trip to Ruidoso, N. M., accompanied by their leader, Mrs. Clint Herring and assistant leader, Mrs. Weaver Moreman. Other adults accompanying the scouts are Clint Herring and Charles Smiley.

For four years the girls have taken odd jobs, sold Christmas cards, Girl Scout calendars, cookies; held bake sales and rummage sales in order to raise the money for this trip which, in addition to the fun they will have, will apply on their First Class Scout badges. The members proudly report that the trip will be financed solely out of their own treasury.

Cabins have been rented for the excursion but the girls will also try out their knowledge of the out-of-doors acquired over a four year period.

Members of the troop going to New Mexico are: Alyn Cox, Jan Herring, Glenda Hutto, Marianne Jones, Pam McCrary, Janice Moreman, Ann Pennington, Janith Short, Charlene Smiley, Sharon Taylor, Mary Williams, and Frankie Sue Howell, program aide.

Mrs. Herring, Mrs. Moreman and the scouts wish to thank the girls' parents and the Troop Committee of Mrs. I. N. McCrary, chairman; Mrs. Paul Jones, Clint Herring and Giles McCrary for helping them make this trip possible.

## Dancing Pupils Present Recital

Miss Sara Rochell of the Lubbock Larrimore School of Dancing presented her students in a recital Saturday at 8 p. m. at the Grade School auditorium.

The program was as follows: "I'm Gonna Be A Dancer—Charleston Fling," Benita Jean Noble, Boyd Robert Noble, Micki Sue Taylor; "Ballin' the Jack," Sharon Smith; "Ballroom Exhibition," June and Tommy Bragg; "Tennessee Wig Walk—Gay Chicks," Lariette Sims, Jodi Cash; "Acrobatics," Wynette Johnson; "Pas Seul," Betsy Shytles; "Coppelia Waltz," Sharon Meisch; "Sleeping Beauty Waltz," Sharon Smith, Cheryl Martin; "Pas De Deux," Benita Jean and Boyd Robert Noble; "St. Louis Blues," Tommy Bragg, June Bragg, Danny Nowak; "Sweet Georgia Brown" and "Sheik of Araby," Ricky Clary; "Nightmare," Sara Rochelle, Keith Taylor, Kay Day; "Singin' in the Rain," Betsy Shytles, Sharon Meisch, Sharon Smith, Cheryl Martin.

Miss Rochelle wishes to thank her students and their parents for their fine cooperation during her teaching in Post.

## Order Of Eastern Star Holds Installation Services Tuesday

Mrs. Loucille Morris and the Rev. W. L. Porterfield were installed as worthy matron and worthy patron respectively of the Order of Eastern Star Tuesday evening in the Masonic Hall.

Other OES officers installed were Mrs. Eula Stone, associate matron; Darrell Stone, associate patron; Mrs. Vada McCampbell, secretary; Mrs. Louella Bilberry, treasurer; Mrs. Beatrice Dodson, conductress; Mrs. Willie Cross, associate conductress; Mrs. Winnie Henderson, chaplain; Mrs. Estlea Nichols, marshal; Mrs. Marjorie Jones, organist; Mrs. Jimmie

## First Baptist VBS Draws 144 Students

One hundred and forty-four students were enrolled in the Vacation Bible School held last week at the First Baptist Church. Daily attendance averaged 129.

The school closed Friday night with members of each department presenting a portion of the program.

Superintendents were: Mrs. Ray Lovell, Nursery III; Mrs. Stanley Butler, Beginners; Mrs. Guy Floyd, Primary; Mrs. Richard Vardiman, Juniors I; Mrs. Wilbur Morris, Juniors II.

The Rev. Roy Shahan served as principal and Miss Louella Eades as assistant principal. Mrs. G. W. Pennington served as secretary and Mrs. Winnie Henderson and Mrs. George Shirley as co-chairmen of refreshments. Mrs. Charlie Baker and Mrs. Harold Lucas were in charge of the nursery.

A vote of thanks was given to R. E. Cox Lumber Co., Forrest Lumber Co. and Higginbotham-Bartlett Lumber Co. for materials and services, to Short Hardware for materials and to the many persons who provided lemonade and cookies for the recess hour.

## IN DALLAS HOSPITAL

Jerry Thuet is critically ill in the Baylor Hospital in Dallas. His parents, Mr. and Mrs. L. G. Thuet Jr., have been with him since he entered the hospital. Visiting him now are L. G. Thuet Sr., Ronald Thuet, Mr. and Mrs. Alvin Young and Mr. and Mrs. Robert Baker.

Pierce, Ada; Mrs. Sybil Cockrum, Ruth; Mrs. Margaret Bull, Ester; Mrs. Jeannette Hodges, Martha; Mrs. Mary Lou Stone, Electa; Mrs. Helen Wrester, warden, and Mrs. Bonnie Johnson, sentinel.

Installing officers were Mrs. Shirley Mayfield, installation officer; Mrs. Pauline Hagood, installing marshal; Mrs. Wanda Cox, installing secretary; Mrs. Henrietta Nichols, installing chaplain, and Mrs. Mae Smith, installing organist.

Mrs. Ella Dalby was recognized as chapter mother and presented with a corsage.

Refreshments were served in the dining room at the close of the meeting with Mrs. Bonnie Johnson and Mrs. Loucille Morris as hostesses.

In a called meeting of the OES last Saturday night, Mrs. Dorace Wilson was initiated into the membership.

## GRADUATES AT TECH

Attending graduation exercises at Texas Tech on Monday night were Mr. and Mrs. Henry Lobban of Odessa, Mr. and Mrs. Ed Dye and Vernon Lobban. Miss Janice Lobban, daughter of the Vernon Lobbans, received her B. S. degree with major in home economics. Miss Lobban spent the weekend here with her parents before returning to Lubbock to begin work in the Recreation Department of the City of Lubbock. Mrs. Lobban was unable to attend her daughter's graduation as she was a patient in the Garza Memorial Hospital until Wednesday morning.

## Shower In Bouchier Home Honors Miss El Wanda Davies

Wanda Davies, bride-elect of Wayne Culvahouse was honored with a tea-luncheon in the home of Bouchier. Other hostesses: Douglas Tipton, Mrs. Roy Steverson and Mrs. A. C. Curtis Davies, mother of the bride.

field, Mrs. George Pierce, Mrs. Floyd Payne of Snyder, Mrs. John Gary of Stamford and Mrs. Ray Don Johnson of Coleman.

squares decorated with pink rosebuds were served.

## Shower In Johnson Home

Lancaster was honored with a tea-luncheon in the home of Mrs. Walter Johnson. Hostesses were: Mmes. Winnie Henderson, Glen Norman, El Herman Raphael, Helen L. Peel and Ray N.

Miss Davies chose for the occasion a street-length white dress of ribbon cotton with a shirred bodice and full skirt. Her corsage was of pink and white feathered carnations.

## Mrs. Gordon Hamilton Sewing Club Hostess

The Mystic Sewing Club met in the home of Mr. and Mrs. Gordon Hamilton on Friday night for a family night 42 party and supper.

Salads, sandwiches, pie and coffee were served buffet style to Mrs. Nellie K. Babb, Mrs. Allen Oden, Mrs. Winnie Henderson, Mrs. Ella West, Mrs. Eva Bailey, Mrs. H. F. Giles, Mr. and Mrs. Ray Hodges, Carol and Lois, Mr. and Mrs. Marvin Hudman.

## HI-ACE BRIDGE CLUB

The Hi-Ace Bridge Club will meet next Tuesday at 1:45 p. m. in the home of Mrs. Bill Cates.

## Church News

The Rev. Clinton Edwards, First Presbyterian pastor, announces that his sermon Sunday morning will be "The Meaning of Pentecost." (Acts 2:12). The sermon at the evening service will be "Put Your Weight Down." (Isaiah 26:4).

A meeting of Sunday School teachers and officers will be held at 7:30 p. m. Monday at the First Presbyterian Church.

The Tension and Ratliff circles of the Women's Missionary Union of the First Baptist Church will hold a joint meeting Monday, June 10, at the church. Mrs. Kelly Sims and Mrs. George Shirley, Bible chairmen respectively of both circles, will have charge of the program.

One hundred and five students were enrolled at the Calvary Baptist Church Vacation Bible school. Commencement exercises were held Wednesday night with the Rev. Graydon Howell, principal of the school, in charge of the program. The average attendance was 85. There were three conversions and five decisions during the school.

## BITS-OF-NEWS

Visiting this week in the home of Mrs. E. L. Gilmore is her son, Harvey Gilmore, and his daughter of Amarillo.

Mrs. Imogene Fields of Lovington, N. M., spent Tuesday night in the home of her sister, Mrs. Hattie Light. Mickie Barrett returned home with Mrs. Fields on Wednesday.

Mr. and Mrs. Allen Cash of San Angelo, accompanied by Mr. and Mrs. Charles Benson and Mr. and Mrs. Ralph Kirkpatrick, spent the weekend in Ruidoso. They returned Monday.

Miss Louella Eades attended a family reunion of the J. W. Eades family in Snyder on Sunday. The reunion of 102 members of the Eades family met in the Towle Memorial Park. Plans for the affair were made by the 13 children of Mr. and Mrs. J.W. Eades. Seven of the immediate family live in Snyder.

The Rev. and Mrs. Roy Shahan plan to leave Monday for a two weeks visit in Hollywood, Calif., with their son and his wife, Mr. and Mrs. Bill Shahan.

Mrs. J. L. Williams has returned from Hereford where she visited her daughter, Mrs. Billy Ray Case, and her husband and two-week-old son.

## FROM VAN HORN

Mr. and Mrs. G. H. Conolly and children, David and Pamela, returned to their home in Van Horn on Friday after visiting here with Mrs. Conolly's parents, Mr. and Mrs. R. B. Dodson.

Mr. and Mrs. M. Hester and Belinda and Brenda Lee visited in Slaton recently with the Hesters' daughter, Mrs. Robert Meeks, and Mr. Meeks. Belinda and Brenda are nieces of Mrs. Meeks.

**VISITS IN LEVELLAND**

Marilyn Minor, daughter of Mr. and Mrs. James L. Minor, spent last week in Levelland visiting her cousin, Cathy Stacy, daughter of Mr. and Mrs. J. G. Stacy.

Diesel-powered sled trains are used to bring heavy equipment in to the new mining projects in northern Manitoba.

Indianapolis Motor Speedway, where the 500-mile race is held on Memorial Day is a 2 and one-half mile paved oval. It also contains a golf course.

**Texas Stockmen Watching Florida Tests On Screw-Worm Eradication**

By JOHN C. WHITE  
Commissioner of Agriculture

Texas stockmen will be keenly interested in a new procedure for eradicating the screw-worm now being tested in the Florida cattle

country. In a joint federal-state operation, a project is now under way involving the use of male screw-worm flies hatched under laboratory conditions and sterilized through radiation exposure to cobalt gamma rays.

It is believed that when the sterile male flies are released in a screw-worm infested area, a marked decrease in reproduction will result when many eggs produced by female flies in the area fail to hatch.

The Florida experiment, which is being directed by R. C. Bushland of the Entomology Research Division at Kerrville, is not an attempt at eradication of the screw-worm but merely a test to see if it can be accomplished.

The research project grew out of a similar operation held on the Caribbean Island of Curacao in which a complete eradication was accomplished. In the Curacao project, 400 male screw worm flies per square mile were released. The Florida experiment will employ a release of 500 males per square mile each week for four months. This will require a total of about 2,000,000 lab-reared flies a week when operations reach their peak in the area to be treated, which is 40 by 50 miles.

The screw-worm is the larvae, or maggot, of the fly *Callitroga hominivorax* which develop from eggs laid on open wounds on animals. They screw-worm has been known to exist in Texas since 1842, probably coming up from Mexico.

Because of the heavy Mexican infestation which migrates northward through Texas, the time eradication measure being tested in Florida presently would not be too effective in the Southwest.

However, if tests should prove successful in the Southeastern project, Texas cattlemen can look forward to a time when the ever-present screw-worm problem is relieved.

**Two Post Students Take Part In 43rd Hockaday Exercise**

Miss Linda Louise Lott and Miss Mary Louis McCrary, undergraduate students at the Hockaday School in Dallas, took part in the school's forty-third commencement held Monday. A Third Form (eleventh grade) student, Miss Lott is the daughter of Mr. and Mrs. J. F. Lott of Post. Parents of Miss McCrary are Mr. and Mrs. Giles C. McCrary of Post.

The 5 p. m. graduation ceremony honored 49 graduates. Wearing traditional white full length dresses and pastel picture hats, the girls carried baskets of spring flowers. The graduates formed a procession beneath a gladiola archway held by the 14 members of the Honor Guard.

Graduation activities got under way with the Upper School Swimming Meet and Honors Assembly Saturday morning. On Saturday evening graduates and their parents were entertained by Herbert W. Smith at the Headmaster's Dinner. Following the dinner, the Music Festival was given at 8:30 p. m. by the Hockaday Concert Choir under the direction of Thomas Merriman and the Lower School Glee Club directed by Miss Ruth Thomas.

Dr. Kenneth L. Mauldin, minister of the St. Andrews Presbyterian Church, was the speaker for the Commencement Vespers service Sunday evening. The graduation address was delivered by Stanley Marcus, president of the Neiman-Marcus Company and vice-chairman of the Hockaday Board of Trustees.

Miss Lott has served this year as president of her residence house, reporter for the House Council and committee chairman for the charity carnival. She is a member of the welcoming committee and art club and has been active in athletic events.

A member of the Second Form, Miss McCrary has attended Hockaday for one year. She worked as chairman for her class booth at the charity carnival.

"Here are **4** BIG REASONS I LIKE ELECTRIC COOKING!" says, **MRS. GEORGE C. KUHNER, of ROSWELL, NEW MEXICO.**

"Christy likes the push buttons. I like them, too, because they are out of reach of the smaller children... besides electric is the cleanest kind of cooking."

"Shelley likes the big oven and I agree. The automatic timer is very handy. Also, it is nice to be gone for an afternoon and have your dinner all cooked and ready to serve when you get home."

"Kathy likes cooking with her fudge pot and the fast surface units are certainly our answer when working on a tight schedule."

"Laurie likes it because it cooks good chicken and when we cook chicken, or anything else, it doesn't heat the kitchen - just the food!"

**ROGER BABSON'S AUTHENTIC STATEMENT**

**Club Of One Thousand Members Is New, Helpful Movement In Selling**

BABSON PARK, Mass.—One of the most helpful new movements today is a Club of One Thousand Members who have banded themselves together to help sell merchandise. They believe that the consumer is the ultimate determining factor in making business good or bad, and in regulating employment. Prosperity or depression depends not wholly on Washington or the nation's bankers, advertising agencies, or even manufacturers. The humble consumer of every city, town, and country crossroads also has the future of American business in his or her hands.  
American manufacturers are today spending billions to advertise their products in magazines, newspapers, and through the radio and TV. These most attractive advertisements are read or heard by millions, usually in the evening or during weekends. The readers, and especially the followers of radio and TV, are not told the nearest store where they can quickly see, feel, and buy the product advertised.  
These One Thousand Club Members, most of them living in humble homes, and many disabled, have joined forces to tell consumers by telephone the name of the retailer they should immediately contact. They then report to the manufacturer or his representative the name of the prospect making the inquiry. These One Thousand Club Members in one thousand cities, covering eighty percent of the consumers in 10,000 communities, will operate under the name of United Information Service. This name will be listed in one thousand telephone directories.  
This humble group, however, is not satisfied with the work above described. They insist that consumers who read the advertisements and listen to the radio and especially TV, are entitled to better service at the stores. The Club Members have found that, after they get people into the stores, they do not get the proper attention. Although their study has not been completed, yet they have some definite suggestions with which to start. First, they are convinced that the owner of the store and each clerk should have some distinctive coat of the same color. The owner could have a star on his sleeve, and the clerks could have bars to indicate their years of service. The One Thousand Club Members would like to get all store personnel to adopt a certain shade of orange or crimson to distinguish them quickly from customers. This would apply to stores with one clerk or many clerks.  
A second "must" in the case of large stores—especially the leading "Dime Stores," and all others using self-service—there should be a number hanging over each counter, with a bell. This bell would be for customers to ring, so they could ask for help and direction to counters carrying the articles they desire to buy. The Club Members are certain that these bells would materially increase sales in all stores and that they will become a necessity in the new large stores being built in shopping centers.  
I will not blame this final thought on the Members of the One Thousand Club, but will take the responsibility for it myself. It is this,—that clerks in large stores should wear roller skates. Soon after birth the baby has a ride in an automobile and uses it more every year until death. The entire nation is going to wheels. Most retail clerks come to the store where they work either in an automobile or on a bicycle. They know it saves time and is more efficient. Why then do they return to the "horse and buggy" era and depend upon walking as soon as they enter the retail store at which they work? I am convinced that roller skating is coming back into general use.  
I forecast that not only will we see clerks in stores on roller skates, but also a majority of pedestrians on roller skates on sidewalks. Expenses of retailers are constantly advancing. The continual marking up of retail prices ultimately retards business. Clerks must do more to help retailers make a fair profit, or the stores will close and they will be out of a job. This means that clerks must do more to promote sales, and especially speed up their travels about the store. The entire nation is going on wheels from babyhood through life. This movement must be capitalized by retailers. However, please do not blame this last suggestion on the Club of One Thousand.

*A Masterpiece in the Flower Kingdom*

The orchid is a flower of great beauty! It is recognized by horticulturists as a masterpiece in the flower kingdom, and reaches maturity only after seven years cultivation.  
Physical beauty is the only requirement the orchid must fulfill to assume its place in the world. It is otherwise a soulless botanical specimen.  
The botanist who cultivated this flower also possessed a son, and as the orchid approached maturity so also grew the child. The flower and the child were the objects of his greatest pride and affection. While his success with the orchid was certain, he failed in the great-

est responsibility of his life—the training of his son.  
The father's failure was caused by his inability to see the all important difference between the soulless flower and the immortal soul of his son. He thought only of the physical and mental prowess of his boy and thus neglected the child's greatest potential heritage—spiritual development. He had forgotten there was a Church! He had forgotten God!  
The Church offers guidance and help to parents in the training of their children. Every parent and every child needs the sustaining strength of the Church.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

News From Around . . . . .

# POSTEX MILLS

By A. LEE WARD  
Well, it's Tuesday again and I wonder when it will quit raining. We have been informed that we are going to lose Bud and Dorothy Penix. They are moving to Lubbock where Bud will be employed by the paper there. We, at Postex will sincerely miss Dorothy, and we know that the town of Post is losing two fine people. Mr. and Mrs. W. D. Williams and Mr. and Mrs. Ray Hodges attended the Bert Dugger funeral in Lubbock Friday afternoon. Mr. and Mrs. Bill Norman at-

tended graduation exercises for their niece, Elizabeth Ann Sharp, at Tom S. Lubbock High School last Thursday. Others attending were Elizabeth's grandparents, Mr. and Mrs. J. B. Sharp, her aunt, Mrs. Travis Cockerham, and her cousins, Terri and Sherri, all of Waurika, Okla. Sunday visitors of the Bill Norman family were: Mr. and Mrs. J. B. Sharp, Mrs. Travis Cockerham, Terri and Sherri of Waurika, Okla., Mr. and Mrs. W. C. Sharp, Elizabeth, Butch, Billy, Bobby, Mr. and Mrs. Joe Green, Danny, David and Reta Jo, all of Lubbock. Mr. and Mrs. Jack Taylor were supper guests of the Barnie Jones Saturday night. Mr. and Mrs. Billy Long and son of Lamesa are visiting their parents, Mr. and Mrs. Dan Mitchell and Mr. and Mrs. Lee Long. Mr. and Mrs. Bill Jacobs and Cindy of Fort Worth, Miss Geraldine Hodges of Plainview, Mr. and Mrs. B. B. Hodges were Sunday visitors in the home of Mr. and Mrs. Spence Bevers. Mrs. Zora Jones visited Sunday in Lubbock with her daughter and family, Mr. and Mrs. Robert Miller.

**TEXAS STARS**—A special all-Texas Navy recruit company forms the Lone Star on their arrival at Great Lakes Naval Training Center where they will undergo nine weeks of intensive training. The Texans will pay tribute to their state during Texas Week, July 1-7, at the Great Lakes Navy Homecoming.—(Official U. S. Navy Photo).

## County Group Is To Attend 4-H Roundup

Five Garza County 4-H Club members and two adult leaders will attend the annual State 4-H Roundup next week at College Station. Patricia Wheatley, one of the three club girls attending the round-up, will compete in public speaking, having won the right to represent District 2 in that event at the district contest held recently in Lubbock. Other club members attending will be Karen McGehee, Linda Livingston, Don Richardson and Tommy Young. Adults accompanying them will be Mrs. Carl Payton, adult leader for the Pleasant Valley 4-H Club, and County Agent Lewis C. Herron. The roundup is to be held Tuesday, Wednesday and Thursday.

## Trash Haul Again Postponed Here

For the second time Thursday, "Target Day" in the city's annual clean-up drive was postponed as a result of the rainy weather. City Supt. R. H. Tate said City of Post and county equipment and labor, and trucks and labor furnished by a number of business firms reported this morning at the city warehouse, but that clean-up chairman Buster Moreland postponed the trash haul because of soggy alleys. The drive will be held next Thursday.

## NO. 2056 NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

Notice is hereby given to whom concerned that JUSTICEBURG COMMON SCHOOL DISTRICT, the postoffice address of which is Justiceburg, Texas, on the 28th day of May, 1957, filed its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to amend its existing Permit No. 1057 by changing the use of 166 acre feet of water authorized to be appropriated, diverted and used thereunder from Coon Creek, a tributary of the Brazos River in Garza County, Texas, from power development to municipal use. Said water will be impounded in and diverted from a reservoir with a capacity of 525.5 acre feet authorized under Permit No. 1057, and no additional appropriation of water is requested. A hearing on the application of said JUSTICEBURG COMMON SCHOOL DISTRICT will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, JULY 8, 1957, beginning at ten o'clock a. m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Board and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Board Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper. Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this 28th day of May, 1957. R. M. Dixon, Chairman STATE BOARD OF WATER ENGINEERS

## Spot Sprayer Will Be Used After Clean-up

A new spot sprayer recently purchased by the City of Post will be put into use here soon to help rid the city of flies and mosquitoes, City Supt. R. H. Tate announces. Tate said that following this week's city-wide clean-up drive, the alleys will be bladed and then sprayed. "We've found that for best results spraying and fogging should be done after the alleys have been bladed," Tate told the city council at Monday night's meeting.

## Postings—

(Continued From Front Page) called to her home by friends who just couldn't get out of the habit of calling their news to Pauline. A more charming hostess than Pauline would be hard to find anywhere. She loves to sell advertising and feels more at home on Post's Main street, I think, than in the Warrens' comfortable residence. Both Ed and Pauline are boosters of the Post schools. You'll always see them at home football games and at most of the out-of-town ones as well. Ed has always helped in the press box, while Pauline sits with one or more of her many friends in the stands and cheers the Antelope band just as heartily at halftime as she does the team during the game. Both Ed and Pauline have been closely identified with Post's rapid growth. Two more staunch boosters would be hard to find for any town.

Oh yes, they own a parakeet, Percy, which is the wonder of the neighborhood with his remarkable vocabulary. Then there is their dog, Bugle, who is getting old now but who can do as many other tricks as Percy even if he can't talk.

Youngsters you know are hard to fool, so it is significant to point out that Pauline and Ed are "the favorite people" of dozens of Post's boys and girls. The Warrens have taken a sincere interest in all the youngsters of the community, not having children of their own. Boys and girls of the neighborhood are frequent visitors in the Warren home where they seem to enjoy themselves immensely.

For 31 years now, Ed and Pauline have made The Dispatch and their town of Post their whole life. It has been a good life, although oftentimes a hard one and always a strenuous one. You can't talk to them about the newspaper or the town without realizing how much both have meant to them.

Post has been fortunate indeed to have Ed and Pauline Warren. And they're going to go right on living here and participating to the best of their many abilities in the continual building and growth of Post.

## GUESTS OF WILSONS

Mrs. W. E. Howard of Weatherford is a guest of the C. R. Wilson family. Mrs. Howard, her daughter, Mrs. Wilson, and granddaughter, Nita Wilson, attended the graduation exercises held at Texas Christian University in Fort Worth on Friday. Mrs. Howard's son, Richard, received his B. S. degree. He will enter University of Texas Medical School in Galveston in September. Returning to Post with the group was Miss Charlene Hipp of Graham. She accompanied her parents, the Charlie Hipps, to Lubbock on Monday to attend graduation exercises of the Hipps' son-in-law, who graduated from Texas Tech.

## New Dual Producer Finaled Near City

Alamo Corp.'s No. 3 L. L. Keeton has been completed as a dual producer in the Garza-San Andres and Glorieta field, northwest of Post. The new oiler is an old San Andres producer which was re-entered, deepened, and dually completed from the Glorieta. Producing from Glorieta perforations between 3,777-89 feet, the well finished for a daily potential gauge of 73 barrels of oil on pump, after treatment with 1,750 gallons of acid. Gravity tested 38.2 degrees and gas-oil ratio figured 200-1.

The well was deepened to 3,796 feet from the old total depth of 3,259 feet. Four-inch liner was cemented from 3,396-796 feet. Five and one-half-inch casing was previously set to 3,261 feet, leaving an open hole from 3,261-396 feet. San Andres production is from perforations at 3,168-216 feet. The wellsite situates 1,263 feet from south and 330 feet from west lines of the north half of Section 1237, Block A-314, I&GN Survey. It is three and one-half miles northwest of Post on a 40-acre lease.

## City Asks—

(Continued From Front Page) Saunders the council realizes the company needs to make a fair profit on its investment here, but he, too, brought out the need of some assurance that the improvements will be made if the rate increases are granted. In answer to a question from Councilman Roy Baker, the district manager said that Post and Tahoka are the only towns in his district not on dial service, and that the Tahoka exchange is in the process of being converted to this type of service. Baker wanted to know why the company wouldn't wait until after the improvements were made to expect an increase in rates. Saunders' answer was, "Earnings here have been inadequate for too long a time." In its new application, the telephone company is requesting the city to approve two schedules of rates. The first—or interim rates—covers present service and, according to the application, is required to improve earnings before dial service can be established. The second schedule covers the dial system and additional rural service. It is required, the application says, since present rates will not be sufficient to produce an adequate rate of return on the plant investment after conversion to the dial system and the provision of additional rural service.

## Heavy Rains—

(Continued From Front Page) South Lake, fuller than it has been in a long time, came dangerously near to halting traffic on U. S. Highway 84, just southeast of the business district. Rains and wet grounds have forced postponements of a number of Pony and Little League baseball games, league officials said.

## Golden Jubilee Signs To Go Up

Sixteen highway signs advertising Post's Golden Jubilee will be erected soon, Bryan J. Williams, Chamber of Commerce president, told the Chamber's committee breakfast turnout today.

The July breakfast session will be moved up to the first Thursday to permit a thorough discussion of the Jubilee with a representative of the producing company who will be here at that time. Williams reported today that Jubilee plans are moving along "on schedule."

John Hopkins made a brief report at the breakfast today on the driving award presentations and on the stop sign project.

County Judge Pat N. Walker reported on plans for the new two-way police radio project. He said the project now is ready to go "subject to the approval of just one more department." He foresaw no question of approval of the project by Civil Defense authorities, who will pick up a good portion of the tab.

## Longtime Resident Of Grassland Dies

Mrs. J. C. Walker, 84, longtime resident of the Grassland community, died at 4 p. m. Wednesday in a Lubbock convalescent home. Mrs. Walker and her husband moved to Grassland in 1917 and operated a general mercantile store there until 1928.

Funeral services were to be held at 3 o'clock this afternoon in the Grassland Methodist Church, with the Rev. W. L. Porterfield, pastor of the Post First Methodist Church, officiating. Burial will be in Grassland Cemetery under direction of Mason Funeral Home. Mrs. Walker is survived by a grandson, James Davis Walker of Grassland. She was preceded in death by her husband and one son.

## Wildcat Location Staked Near City

Two locations, one a wildcat operation, were staked this week in Garza County. Nearburg & Ingram, Roswell, N. M., will drill the 4,200-foot Glorieta wildcat two miles southwest of Post as their No. 1 Gossett. It is 2,310 feet from north and 330 feet from west lines of Section 11, Block 5, K. Aycock Survey.

J. Roy McCoy et al, Lubbock, will drill a three-quarters-mile north outpost to the Post San Andres pool as No. 2 Beulah K. Bird, 330 feet from north and east lines of Section 2, Block 8, H&GN Survey. It is to be a 2,700-foot test.

## Band Rehearsals Set For Mondays, Fridays

Rehearsals for members of the Post school bands and for others who play a musical instrument will be held in the band room at the junior high school building at 8 o'clock every Monday and Friday night, beginning Monday, director Robert Meisch announces.

Plans are to hold a concert at the conclusion of the series of summer rehearsals, Meisch said. Members of the school bands who plan to attend the annual Texas Tech band clinic opening Monday at Lubbock are requested to contact Meisch as soon as possible.

**VISITS ROOMMATE**  
Sam Ellis of Southland, ministerial student at McMurry College in Abilene, spent Sunday with his roommate, Gene Young, also a McMurry student who is spending the summer here with his parents, Dr. and Mrs. B. E. Young. Ellis spoke at the First Methodist Church Sunday in the absence of the pastor the Rev. W. B. Porterfield.

Mrs. John G. Lee, prominent clubwoman of Connecticut, is the granddaughter of Hiram Maxim, inventor of the famous Maxim gun. Her father invented the silencer for that noted gun.

**ATTEND FUNERAL**  
Mrs. Winnie Tuller, Thompson, Mrs. Jack Johnson, attended the funeral of their nephew, L. I. Tuller, in Liberty Hill on June 31 after a long illness. Post group in Liberty Hill funeral were Mrs. daughter, Mrs. L. C. children, Carl and Vickette, La.

**Former Pastor At Grassland Is Assigned To Southland Church**

The Rev. and Mrs. Silas Dixon will move Thursday to the Methodist parsonage in Cone. The Rev. S. M. Bean and family will move to Southland where he will be pastor of the Methodist Church. They are moving here from the church at Grassland.

Mrs. Ned Myers and her father-in-law, L. J. Myers, were called to Amarillo Sunday morning to be with A-3c Ned Myers, who underwent an operation. He is stationed at the Air Force base there.

Mr. and Mrs. Dwight Corbell and daughters of New Home attended church at Gordon Sunday morning and were dinner guests of his mother, Mrs. L. L. Corbell.

The Southland seniors came in at 5 o'clock Sunday morning from their class trip. Trip highlights included a tour of Grand Canyon by mule back and a snowball fight. Among other places visited were Mesa Verde, Cortez, Colo., the Cliff Dwellings, Royal Gorge, Canon City, where they visited the state prison, Ghost Town at Jerome, Ariz., Sunset Crater and the Petrified Forest in Arizona. They almost had a wreck when they struck a wet highway this side of Plainview, and had to be pulled out of a barrow ditch.

Mr. and Mrs. Horace Wheeler were in Lubbock Sunday evening to attend baccalaureate services for Texas Tech graduates. Their son, Stanley, is a member of the graduating class.

The Rev. and Mrs. Lusby Kirk and sons were supper guests in the Jack Myers home Thursday.

R. W. Babb of Austin visited his sister and family, Mr. and Mrs. Alva Allbright, a few days last week.

Mrs. Lorena Manke has returned to her home in Houston after a visit with her niece and family, Mr. and Mrs. Aubrey McNeely.

Mrs. G. W. Basinger spent last week visiting relatives in Oklahoma.

Mr. and Mrs. Tommy Donahue and baby of Houston spent three days last week visiting his parents, the Wes Donahues.

Some of Mrs. Ed Denton's neighbors were in her home last Wednesday to help make quilts for the storm victims. Those helping Mrs. Denton were: Mmes. C. A. Haire, Earl Lancaster, Jesse Ward, Noble Wynn, H. D. Hallman, Duane Hill, J. B. Raekler and M. E. Morris.

Carolyn Hunt of Post was a guest of Kelly Myers three days last week.

Mrs. Tom Barnes visited her brother and family, Mr. and Mrs. L. C. Kendrick, in Boswell, Okla., last week.

Mr. and Mrs. M. M. Bruster, their son and family, the Troy Brusters, went to Possum Kingdom to do some fishing. But Mrs. Bruster says the rain sent them home before they got to wet a hook.

Mr. and Mrs. Leonard Anderson and Kay were Sunday afternoon guests of a son and family, the Gene Andersons, in Brownfield. Their granddaughter, Zena Jo, returned home with them for a visit.

Marilyn and Pamela Maeker spent the weekend with their grandparents, the Earl Morris, while their mother, Mrs. C. A. Maeker, helped with entertaining insurance women in Lubbock. Mrs. Maeker, who imitated the famous "Minnie Pearl" from Grinders'

Switch," entertained with some of her jokes.

Mrs. Sampson Gilliland of Slaton formerly of Southland, is in Lubbock Methodist Hospital for surgery.

Weekend guests in the L. J. Myers home were Mrs. Myers' sisters, Mrs. Alec Fry of Spur, and Mrs. Clifford Leddy of Abilene.

George Ellis, who has been in school at McMurry College, is spending the summer with his parents, the Sam Ellises.

**FROM SWEETWATER**

Mrs. G. E. Fleming's daughter, Mrs. Dan Yandell, and daughters of Sweetwater visited here the past week. Mrs. Yandell and Mrs. Fleming visited the latter's father, L. G. Watson, and her sister and family, Mr. and Mrs. H. V. Williams, on Friday. Mrs. Fleming also visited her niece, Mr. and Mrs. Walter Myers and new baby, son, Rodney Joe, of Brownfield. The Flemings and Yandells are planning to leave on a vacation to California.

**GUESTS OF JOSEYS**

Visiting in the Roy Josey home Memorial Day were Mrs. Josey's sister and family, Mr. and Mrs. Jerry Epley, and Mr. Epley's parents, Mr. and Mrs. Lawrence Epley, all of Abilene.

**VISITS IN LAMESA**

Mrs. Winnie Henderson visited her father in Lamesa and her son and family, Mr. and Mrs. B. C. Henderson of Hobbs, N. M., who met her in Lamesa.

**MRS. WILL TEAFF, CORRESPONDENT**

**Bad Roads Force Postponement Of Close City Vacation Bible School**

Vacation Bible School, which was scheduled to begin Monday morning, has been postponed to Monday, June 10, because of bad roads.

Mr. and Mrs. E. Z. Jones and Ivan Jones of Post and Onetta Jones visited relatives in Fort Stockton over the weekend.

Mrs. O. J. Watson and children returned to their home near Gouldsburg Sunday after spending the week in the Will Teaff home.

Weekend visitors in the Teaff home were Pam and Sandra Bayer and T-Sgt. and Mrs. N. B. Teaff and sons of Lubbock.

Mr. and Mrs. Stanley Nixon and son of Brownwood visited over the weekend in the home of the Rev. and Mrs. A. T. Nixon.

Mr. and Mrs. W. H. Childs attended the graduation exercises at Texas Tech Monday. Mrs. Childs' nephew, Cordell Custer, was among the graduates.

T-Sgt. and Mrs. N. B. Teaff and sons of Lubbock and Dennis Popham visited with the Rhodes Arnold family near Roscoe Saturday night.

Mr. and Mrs. Will Teaff and Mrs. O. J. Watson and children visited in Lubbock Thursday with the Milton Bayer and Harvey Stotts families.

M. Martin and Walter Stevens visited Rice Stevens in Colorado City, Saturday.

**McElroy Accepts Agent's Post In Lubbock County**

Lee H. McElroy, who once taught vocational agriculture in Post High School, has been named agricultural agent for Lubbock County. He replaces Dave Sherrill, who was ousted by the commissioners' court a few months ago.

McElroy resigned as Gaines County agent to accept the position at Lubbock. He had held the Gaines County position since September of 1948.

While teaching vocational agriculture in Post High School, McElroy was married to Miss Bernice Dean, high school English teacher. They have twin daughters, Lynn and Lee.

A native of Ballinger, McElroy obtained his bachelor of science degree from Texas Tech in 1936 and obtained his master's degree from Texas A&M College in 1948.

He has been with the Texas Extension Service since 1939, having served as assistant county agent in Lubbock and Lamb counties and as county agent in Parmer and Terry counties.

Mrs. McElroy has been teaching journalism and serving as student counselor in Seminole High School.

**WEST TEXAS VISITORS**

Mrs. D. R. Fowler, Mrs. George White, Bobby and Roger Knoles and Tommy Fowler, all of Anniston, Ala., have been visiting in Post and other West Texas points the past week. They visited here with Mrs. Boy Hart and family. Mrs. Fowler is Mrs. Hart's mother. Mrs. White is her sister, and Bobby, Roger and Tommy are her nephews. They also visited in Clarendon with Mrs. Fowler's daughter, Mrs. Wood Byrd, and family, and in Colorado City with her son, Aris Fowler, and family. A reunion was held Sunday at the Fowler home in Colorado City, with relatives attending from Post, Clarendon, Colorado City and Coshova. Following the reunion, six of the youngsters visited the Carlsbad Caverns.

**McElroy Accepts Agent's Post In Lubbock County**  
Lee H. McElroy, who once taught vocational agriculture in Post High School, has been named agricultural agent for Lubbock County. He replaces Dave Sherrill, who was ousted by the commissioners' court a few months ago.  
McElroy resigned as Gaines County agent to accept the position at Lubbock. He had held the Gaines County position since September of 1948.  
While teaching vocational agriculture in Post High School, McElroy was married to Miss Bernice Dean, high school English teacher. They have twin daughters, Lynn and Lee.  
A native of Ballinger, McElroy obtained his bachelor of science degree from Texas Tech in 1936 and obtained his master's degree from Texas A&M College in 1948.  
He has been with the Texas Extension Service since 1939, having served as assistant county agent in Lubbock and Lamb counties and as county agent in Parmer and Terry counties.  
Mrs. McElroy has been teaching journalism and serving as student counselor in Seminole High School.

### Locations, One Completion Light County Oil Activities

lines and one completion of County oil activity by the Railroad

lines of Section 136, Block 5, H&GN Survey. Pay topped at 2,496 feet and perforations made from 2,496-544 feet. Pumped 83.1 barrels of oil per day plus 82 per cent water; gravity, 34.3; gas-oil ratio, 282-1. Fractured with 10,000 gallons.

#### IN U. S. ARMY SINCE JULY 15, 1938

### Maj. Roy D. Jones Is Named As New Fourth Army Marksmanship Director

Maj. Roy D. Jones of Post who wears the Silver Star for gallantry in action during World War II, is the new Fourth U. S. Army marksmanship director.

He succeeds Maj. Ernest L. Reed, who retired May 31 and became affiliated with the State Farm Mutual Insurance Company in San Antonio.

Major Jones enlisted in the Army on July 15, 1938, and was graduated from the Field Artillery officer candidate school, Fort Sill, Okla., Jan. 14, 1942. During World War II he served with the 95th Infantry Division in Europe, participating in three campaigns.

Upon his return to the United States from Europe, he was assigned as assistant headquarters commandant at Fort Bragg, N. C., receiving the Commendation Ribbon for meritorious service. In 1946 he went to Korea where he served with the 6th Infantry Division. He returned to Germany in 1949 and was assigned to the 517th Field Artillery Battalion. Again in 1955 he went to Korea and was assigned to the G-3 section, Korea Military Advisory Group. He has been serving as

#### WEEKEND VISITOR

Mike Bumpass, grandson of Mr. and Mrs. Tom Gates, and great-grandson of Mr. and Mrs. Bob Warren, spent the weekend here. His parents, Mr. and Mrs. Joe Bob Bumpass of Lubbock, came for him on Sunday.

#### HOME FROM VISIT

Jerry and Jack Rains, who have been visiting their sister, Mrs. Charles Hoskins, and her family in Los Alamos, N. M., arrived home the first of the week.

### Sparks Completes Philco Training

Ernest W. Sparks, formerly of Post, has finished his indoctrination training at Philadelphia and is now a Philco TechRep field engineer.

He has accepted an assignment with the Army Signal Corps and will be stationed in Vietnam, Asia. An Air Force veteran and a civilian specialist in military electronics, he will be instructing native personnel in the operation and maintenance of American communications equipment.

As a member of the Philco TechRep Division, Sparks joins the world's largest electronic service organization. Other Philco field engineers are on duty with the Army, Navy, and Air Force at bases throughout the United States, Europe, North Africa, Japan, and the Pacific islands.

Sparks operated the Sparks TV and Radio Service here for four years before going to Philadelphia a few months ago. His wife, Rosemary, had been employed as secretary to Carleton P. Webb, attorney, and was a charter member of the Post Business & Professional Women's Club.

#### Big Spring Rodeo Set For June 12 Thru 15

BIG SPRING (Sp.)—The 24th annual presentation of the Big Spring Rodeo is scheduled here June 12 through 15, the Big Spring Rodeo Association announced.

The show will be produced by Everett Colburn and Gene Autry. Sheriff's possees from neighboring counties have been invited to participate in a parade through downtown Big Spring at 4 p. m. June 12. Prizes of \$50, \$30 and \$20 will be awarded the best floats in the parade.

Visiting riding groups will be guests at a barbecue at the city park after the parade. The rodeo association and the newly organized Big Spring Mounted Patrol will be hosts.

World's highest capital is La Paz in Bolivia. It is in a sheltered valley at 11,900 feet.

#### Plentiful Food List Is Topped By Dairy Goods

The June plentiful food list is headed by milk and other dairy products, according to Miss Jessie Pearce, Garza County home demonstration agent.

Additional high protein foods on the U. S. Department of Agriculture list are beef, turkey, eggs and halibut.

The Plentiful Foods Program will be a part of the dairy industry's cooperative efforts in behalf of June Dairy Month.

There are also plenty of strawberries. They are scheduled for

extra emphasis during the month, mostly in connection with dairy products.

Although the supply of fresh fruits will be low during June, canned purple plums and canned freestone peaches will be available to the housewife in plentiful supplies.

Other plentiful items include potatoes, peanuts, peanut butter and vegetable fats and oils.

Mrs. Lee Beard and daughter, Mrs. Warren Hill of Lubbock, visited in Honey Grove for four days with Mrs. Beard's mother, Mrs. Annie McMikel.

#### BUSY WEEKEND

Mr. and Mrs. Lowell Short had anything but a short weekend with a five-day trip which included attendance at graduation exercises for their daughter, Joyce, from North Texas State College at Denton Saturday night and for their son, Ross, from Texas Tech at

Lubbock Monday night. They also visited Dallas and Fort Worth. Accompanying them were their son, Jimmy, and daughter, Janith. The Shorts now are busy preparing for Ross' wedding at Lubbock Saturday night.

*Moves out in  
a single sweep  
of motion*

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

When you see a steep downhill stretch ahead, you set the selector at "Gr" (Grade Retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth every cent of it.

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control. There's no "Low" needed. Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.
