

Thieves steal officers' guns, bust into sheriff's office

Burglars also hit grocery and feed stores in Post

Thieves capped a busy week here late Tuesday afternoon when they stole the loaded pistols of Sheriff Carl Rains, City Marshal Otis G. Shepherd Jr., and Constable J. A. Johnson and then followed up a few hours later by burglarizing the sheriff's office for liquor.

Victims of fire flow to Sealy by mercy flight

Three members of a negro farm family who were burned in an explosion and fire at their home in the Grassland community late last Thursday night were carried to John Sealy Hospital in Galveston early Saturday by a mercy flight from Reese Air Force Base.

An Air Force C-47 carrying Larry Clay, 5; his sister, Linda Clay, 4; and their mother, Mrs. M. Clay, left the base at 12:09 a. m. Saturday and arrived at Galveston at 3:25 a. m.

The three victims were taken to the air base for the mercy flight from Methodist Hospital in Lubbock where they had been hospitalized after receiving emergency treatment at Garza Memorial Hospital here.

Another child of the Clays, Jimmy Louis, 2, died in the explosion and fire. The father, Jim Clay, received only minor burns.

The explosion occurred about midnight last Thursday when a wood stove exploded, presumably after kerosene had been used to start a fire.

The Clays' frame house, which is on the Ted Aten place about 12 miles southwest of Post, was burned to the ground when the Post Volunteer Fire Department arrived.

One of the firemen found the body of the youngest Clay child, burned beyond recognition, about two feet away from a charred wall of the house.

The other victims were brought to the hospital here by a member of the Aten family.

The oldest Clay child, who suffered burns over 75 to 80 per cent of his body, was in critical condition at the time of being transferred to the Galveston hospital. The little girl was in critical condition also, but was believed to be improving more quickly. Mrs. Clay's condition was described as "less serious" by Methodist Hospital spokesmen.

Some kind of a mixup in federal appropriations has delayed the local housing survey planned for early November here in connection with the proposed public housing project, Lee Ward, secretary of the Post Housing Authority, has been informed.

Ward, checking up on the delay on the survey, was told that an appropriations mixup has stopped any action on the project by the regional Public Housing Authority office at Fort Worth.

ROTARIANS DISCUSS MAGAZINE
The Rotary club at its Tuesday luncheon discussed various articles in The Rotarian, the monthly magazine distributed to members by Rotary International. Tom Boucher led the discussion.

Jennings said Christmas holidays at the Burlington Industries plant would be observed from the end of the third shift on Thursday, Dec. 24, until the beginning of the first shift on Monday, Dec. 28.

This would provide over 500 mill employees with a three-day holiday weekend.
Jennings also revealed that the vacation pay checks, which are distributed each year in December and July, will go to employees eligible by length of service for va-

131 South Avenue I, Friday night. The pistols were stolen from the front seats of the law enforcement officers' automobiles in the parking lot at the courthouse in daylight about 4 p. m. Tuesday.

SHERIFF RAINS said the loss of the firearms was due to "carelessness" because the officers didn't like to wear the guns on their belts all the time.

He theorized that the thief or thieves who took the pistols were the same ones who broke into the sheriff's office early Tuesday night, probably just after dark.

But the liquor thieves didn't make much of a haul.
They stole four lugs of whiskey, a lug of vodka, ten cartons of cigarettes, another pistol being held in a case by the sheriff, and a quart of wine.

But they actually got away only with the wine.
THE REST WAS found 20 minutes after the burglary was discovered hidden under the bushes on the front courthouse lawn.

Apparently the burglars had "stashed" the liquor and cigarettes there temporarily and then the burglary was discovered before they could return and load them up.

Deputy Sheriff Red Floyd noticed a light in the sheriff's office at 8 p. m. when he drove into the courthouse parking lot to gas up his patrol car.

He investigated and found the lower panel of the door into the sheriff's office from the hall had been chopped through with a hatchet the janitor had kept in a hall closet.

THE BURGLARS apparently gained entrance to the courthouse through an unlocked front door which had been left unlocked when county officials and employees left at 5 p. m.

The burglars probably intended on making a bigger liquor haul than they did, but law enforcement officials had just sent in a case of whiskey together with a

Kennedy in race for commissioner

J. A. (Jack) Kennedy today authorized The Dispatch to announce his candidacy for the office of Precinct 3 county commissioner of Garza County, subject to the primary elections May 7 and June 4.

The candidate's statement to the voters follows:
"To the people of Garza County Precinct 3 I wish to announce my candidacy for commissioner of the precinct.

"Never before have I asked for a public office, but after four years of consideration I have decided to run for this important office.

"I need but very little introduction to the people of Garza County, especially in Precinct 3. But for the ones who don't know, I was born in Precinct 3 of Garza County 48 years ago and I have lived in this precinct all of these 48 years.

"I was born in the Verbena community and lived there for 26 years, after which we bought about a half-section of land one mile east of Post, where we built our home, of which we are very proud and in which we expect to live for the rest of our lives whether I am elected commissioner or not.

"I am a son of Doc Kennedy. See KENNEDY Page 8

Retail merchants form organization in meeting here

The Post Retail Merchants Association was organized at a meeting at 2:30 p. m. Friday in the City Hall, with Dr. A. B. Carter elected as temporary manager.

Officers and directors elected were: Cal Casteel, president; Jimmy Hundley, vice president; Miss Maxine Durrett, secretary-treasurer, and Tom Power, Claud Collier, Jess Michael, Clint Herring, Harold Lucas, Dowe H. Mayfield Sr., and Ed Sawyers, directors.

The basic purpose of the association, Dr. Carter said, will be to act as a retail credit bureau. He reported 40 paid-up members shortly after the organization meeting and said he hoped to get 70 or 80 members.

Meanwhile, the 103 members of the Chamber of Commerce are being polled by letter as to whether or not they are willing for the new organization to share the Chamber office quarters and share the office expense.

Wanted — every youngster's letter to Santa Claus for publication in the Christmas eve edition of The Dispatch Dec. 24.

We already have a group of such letters and are getting a few every day in the mail, but we welcome others. It's been a Dispatch tradition for a long time to print the letters to Santa in our last edition before Christmas.

Christmas shopping really picked up here this week merchants reported after some of them were beginning to get worried that everybody had forgotten about the gift giving this year.

Youngsters are urged to get busy right away on The Dispatch's Christmas coloring contest for the six big Christmas prizes which will be announced in our Christmas eve edition. There'll be a prize for every one who participates—a pass to the Tower Theatre through courtesy of Theatre Manager Johnny Hopkins.

We've received lots of nice comments on The Dispatch's Christmas window. It features a "holiday cookie house" which our wife, Helen, "whipped up" in her "spare time" over the weekend.

If you're interested in Christmas carols—and about everybody is—don't miss the P-TA's Christmas vesper services at 8 tonight in the grade school auditorium. George Willson's high school chorus and a combined choir from

144 home sites included in new housing addition plans

Plans for a new housing addition containing 144 home sites within the expanded city limits of north Post were presented to the city council at its December session Monday night.

William Robinson is the owner

of the proposed housing tract and Horace Henley, Lubbock contractor, will be the developer.

Robinson and Henley appeared before the council to explain their plans for the five-year development of the 48 acre tract just

north of the old city limits. The council took no action as the presentation was made to obtain any council suggestions for changes before the addition is planned for city approval.

Henley explained that addition plans would be submitted to the FHA for its approval so that FHA building loans could be obtained on new homes in the addition which Henley said would range from \$9,000 to \$13,000 in cost.

The 144 home sites are figured on the basis of that number of 30-foot lots. Henley said the lots would be 120 feet deep which is ample for yard space without creating too much yard space as in the 150 foot deep lots.

The builder told the council that streets would be paved as the residential area was developed with east-west streets running three blocks in length between avenues. This, he explained, would give added privacy to home owners.

The proposed addition would front on U. S. Highway 84 just beyond Fred Robinson's home and a commercial zone would be planned there for a shopping center. The addition also would contain a

Christmas party cards available first of week

Shoppers can begin obtaining sign-up cards in local stores Monday for the second annual Merchants Christmas Party, Chamber of Commerce Manager Johnny Hopkins announced today.

Some 60 local merchants are providing a wide variety of valuable gifts which will be given away at the party which is scheduled for 5 p. m. Monday, Dec. 21, at the Main Street Christmas tree.

Already 49 merchants have in-

dicated they will have gifts under the big Christmas tree by party time and Chamber secretary Joan Stewart has yet to complete her canvass of all local business houses.

Some 20,000 sign-up cards will be available in local stores for the party and shoppers may sign them and bring them to the Chamber of Commerce office.

Hopkins emphasized that the cards should be brought to the

JUST QUAIL, BUT GOLDEN

These birds aren't golden pheasant, just quail. But the four Fort Worth men who shot them in the Justiceburg area paid a total of \$2,468 in fines in Garza County court for exceeding their limit by 125 birds. Game Warden Vic Lowry shows 93 of the birds in one pile. Thirty-two more are in the sack and are already dressed. After being cleaned, the birds must be turned over to a hospital or a charity.—(Photo Courtesy Jay-ton Chronicle).

Three candidates' hats in ring

Political 'pot' is simmering

With the filing deadline moved to Feb. 1, Garza County's political pot began to simmer this week with three candidates announcing for two commissioner posts.

Cliff Williams, who announced Monday that he will be a candidate for re-election as Precinct 3

commissioner, has already drawn an opponent in J. A. (Jack) Kennedy, who announced his candidacy Wednesday.

Racy Robinson, Precinct 1 commissioner, announced Tuesday that he will be a candidate for a second term as Precinct 1 commissioner.

Both Williams and Robinson said they would make formal statements of their candidacy later. Kennedy's statement appears in this issue of The Dispatch.

Other county offices to be filled in the 1960 elections are those of sheriff, county attorney, tax assessor and collector, and Precinct 1 constable.

The first primary election will be May 7 and the second primary June 4, more than two months earlier than in the past. The general election will be Nov. 8.

Voting places are designated for cotton referendum

Polling places in Garza County for Tuesday's 1960 cotton marketing quota referendum have been announced by Emmarhe I. Hartel, county ASC office manager.

Voting will be at the Southland Hardware Co., Graham Co-op Gin office and Garza County ASC office.

The polls will be open from 8 a. m. to 6 p. m.

Any person who had an interest in a 1959 cotton crop as landlord, tenant or share cropper or their wife is eligible to vote.

If two-thirds of the ballots are for marketing quotas, operators will have a choice between "A" and "B" allotments and the price will be supported for farmers who plant within their chosen allotment at 75 per cent of parity for choice "A" farms and 60 per cent of parity for choice "B" farms.

The penalty rate on cotton planted in excess of the allotment will be 50 per cent of the cotton parity price as of June 15, 1960.

If more than one-third of the voters are against marketing quotas, only the choice "A" allotment will be available, with the price supported at 50 per cent of parity for cooperators.

No penalty will be assessed on cotton planted in excess of the allotment.

Time's growing short for letters to Santa

Santa Claus letters are beginning to trickle in at The Dispatch office, which has been on Santa's mail clearing post for several years.

Only one batch of school letters has been received and teachers whose pupils have not yet written their Santa Claus letters are urged to get them to do so and turn them in at The Dispatch office within the next few days.

All letters should be in not later than Friday, Dec. 18, to assure being printed in The Dispatch's Christmas edition.

Variety of prizes offered youngsters

Yule coloring contest opens

Six of Santa's nicest Christmas gifts await the winners of The Dispatch's first annual Christmas coloring contest announced in today's Dispatch.

The contest, open to youngsters through 12 years of age and divided into two divisions for age 7 and under and 8 to 12, calls for the coloring of eight pictures depicting Santa's busiest season—the Christmas run.

The contest pictures together with all contest rules will be found on page 11 together with an entry blank.

First prize in the age 7 and under division is a plastic bowling set designed by TV Bowling Champ Campi. The plastic pins, full of air, and balls are hollow to be filled with either sand or water.

Second prize is a Junior Badminton set, containing two rackets, a net, and shuttlecock. Third prize in the age 8 to 12 division is a drum, a big red ball, and the picture of the "minutemen" of 1776 on the side.

In the 8 to 12 year age division, the top prize is a complete table tennis set with four rubber-faced paddles, three ping pong balls, and a regulation net.

Second prize is a new electric

woodburning set and third prize is a \$2 variety game chest.

What's more every youngster entering the contest will receive a pass to the Tower Theatre, courtesy of Theatre Manager Johnny Hopkins.

Once the pictures are all colored, the page or clipped pictures together with the entry blank should be brought or mailed to the Christmas Coloring Contest editor at The Dispatch office.

Youngsters of all Dispatch subscribers are eligible for the contest.
Deadline on entries is Saturday noon, Dec. 19. Be sure to get them in by noon as the office will be closed in the afternoon.
Winners will be announced in the Dec. 24 Christmas eve edition, but The Dispatch will do its best to get the winners' gifts to them before Christmas day. Theatre passes may be picked up at The Dispatch office beginning the day after Christmas.

Credit Bureau is good for business

Organization Friday of the Post Retail Merchants Association promises much for the future of the local business community.

One of the chief objectives for the new association will be the establishment of its own retail credit bureau to serve all members with credit information.

One leading local business man over the weekend estimated that Post business men lose up to \$50,000 annually, maybe more, in bad credit.

We have heard dozens of local merchants emphasize the credit problem. Since credit appears to be here in America to stay, it's important that a sound credit program be employed.

Purpose of a credit bureau is to provide accurate information to business men as to the credit records of prospective customers. In this the business men help each other. Bad risks—those who don't pay their bills—are reported as such. The business man can then deny them

credit and thus sharply trim his credit business risks.

Of course the credit information has to be headed to be of value. If the business man doesn't chop off credit when he knows better, then the credit bureau can't help him.

Such bureaus, as that being planned by the merchants association, would be owned and operated by the merchants themselves. That calls for a real measure of cooperation.

A properly functioning credit bureau offers benefits for not only the business man but his customers as well. For the shoppers who pay their bills, a merchant without severe credit losses can afford to offer the customer more in goods and services.

The Post Retail Merchants Association can be a real service organization for local business men if they join together and work together to solve their credit problems.

Certainly, the association is a good business step forward.—JC

Would one special session do it?

With Governor Daniel still "feeling out" members of the Legislature to see what they think about it, no one knows for sure whether a special session will be called early next year to raise money for higher teachers' salaries.

Some legislators already have stated, bluntly and publicly, that this is a "gift" they could pass up. It would force them to choose, right before running for re-election, between disappointing the teachers and passing a new tax, which always makes somebody unhappy.

Several have said that they feel the matter of teacher raises either should have been settled during the sessions last spring and summer or should be postponed until the next regular session. After statewide elections, it's pointed out, legislators might have a clearer idea of what all the people want.

Other lawmakers, however, say they feel teachers should have an immediate raise.

Talk now is that, if the special session is called, it will be about Jan. 12, just after the special

elections called by the Governor for Jan. 9 to fill three legislative vacancies.

There is also talk that teacher pay will not be the only thing on the program if a special session is called, although it is the problem that most people have in mind when the special session is mentioned.

Of equal importance to the welfare of the Texas public schools is that such a session would also provide much-needed funds for the bus transportation program, and maintenance and operation expenses.

Then, too, a special session almost certainly would be given the care of doing something about providing medical care for the aged, implementing the Governor's safety program, repairing fences in the law enforcement program, and passing loan shark control legislation.

The urgency of some of the problems is so great that it's not only a question of whether the Governor will call a special session, but also whether one special session will be able to do all that might be expected of it.—CD

Our stand on three voting fronts

With an election year coming up—and an important one at every level of government—the Dispatch wants to make its position crystal clear on three voting fronts.

This newspaper supports the move to abolish the poll tax in Texas. This newspaper believes a good state registration law is essential. Third, it's high time Post and Garza County got voting booths and a better chance for that time-honored "secret ballot."

The Dispatch has sounded off on all three of the above propositions before. It just wants to emphasize them here.

Our first Christmas gift suggestion

Parents of Boy Scouts in Post can give their sons an excellent Christmas present right now by registering them for the Boy Scout Jamboree to be held in 1960 in Colorado Springs, Colo.

It is the first time the Jamboree has been held in this general section of the nation and more Boy Scouts from the Southwest than ever are expected to attend.

There will be approximately 50,000 Boy Scouts at the Jamboree and it will be an experience none of them are likely to forget. The big "tent city" will be pitched in the shadow of Pikes Peak.

All boys attending the Jamboree are under the capable supervision of both volunteer and salaried Scout executives—the finest youth leadership available.

Boys attending a Jamboree get to meet boys from around the world. They'll get to see the Rocky Mountains, the U. S. Air Force Academy, the Garden of the Gods, the Royal Gorge, and scores of other scenic attractions. They'll hike the mountain trails of the Pikes Peak country, where a host of American pioneers pushed back the wilderness.

In addition, there will be a complete post office, telephone exchange, bus line, fire department, supermarket trading post and just about anything a boy might want or need.

Parents of boys of Scouting age are urged to consider the possibility of a Jamboree registration for Christmas for the Boy Scout in their family. It will be an investment he will never forget.—CD

Going beyond the 'call of duty'

Does the military have anything on its mind at this time besides missiles, rockets and space travel?

Well, that can be answered in the affirmative by all of us here on the South Plains following Saturday morning's mercy flight from Reese Air Force Base which carried to John Sealy Hospital in Galveston three members of a Negro farm family who were burned in an explosion and fire at their home 12 miles southwest of Post early Friday.

An Air Force C-47 carrying Larry Clay, 5; his sister, Linda Clay, 2, and their mother, Mrs. Doris Clay, 26, left the base at 12:09 a.m. Satur-

day and arrived at Galveston at 3:25 a.m.

All branches of the service have long been noted for their missions of mercy, but these usually are lost sight of in the military's practice of not going after recognition for such missions. When the opportunity presents itself for any branch of our armed forces to go beyond the "call of duty" it responds in a manner which should make us all proud to be Americans. At such times, the Army, Navy or Air Force doesn't waste valuable time to ask how important are the victims, how much money do they have or what is their race, color or creed.—CD

What our contemporaries are saying

Middle age is when you feel Saturday night like you used to feel Monday morning.—Andrews County News.

The Pure Food and Drug Administration is the bureau that caused all the consternation in the cranberry world. Something the cranberries were sprayed with had dangerous tendencies toward the growth of cancer, the bureau head said. With a nation full of cancer-conscious people, that was enough to touch off the panic. But the Department of Agriculture is inclined to minimize the danger, to suggest the Pure Food and Drug Administration may be over-zealous. The two departments have been at loggerheads on a number of points in recent years. The Pure Food and

Drug Administration is, as a matter of fact, we hear, getting too big for its britches.—The Floyd County Hesperian.

Russia and the U. S. must have spent sleepless nights trying to reach an agreement as to where NOT to drop their hydrogen bombs. Not dropping them on Moscow or New York is so patently ridiculous that it wasn't even discussed by dignitaries of nations involved in the recent treaty. Rather than have no pact at all, everybody agreed NOT to drop hydrogen bombs in the Antarctic, the only place on earth where people COULDN'T be killed by them.—The Rails Banner.

THURSDAY to THURSDAY

By CHARLES DIDWAY

THIS IS THE time of year when the majority of us wonder which is going to last longer — shopping days until Christmas or our money.

"You can't tell the players without a program," has long been a sales pitch at baseball games, but it remained for the Post High School Student Council to come up with something new here — programs for the home basketball games. These little gems of information will help make the game more enjoyable for the fan.

WE SAW ONE of those perpetual-calendar desk sets the other day and it set us to thinking. It's about the only item we know of that'll last at least a lifetime and do the same good job day in and day out. There are three little dials—nothing complicated about them—to turn. One of the dials gets you the day of the week, another the month, and the other the day of the month. That way, it can go on forever, since there is no year on it, but after the first few days of January, most of us know what year it is without looking.

Which reminds us that subscribers to The Dispatch are getting a bargain this year—53 issues in 52 weeks. The first issue of this year was dated Thursday, Jan. 1, and the last issue will be dated Thursday, Dec. 31. Such bargains don't come along very often.

ABOUT THE MOST disillusioning piece of news we've read lately was that telling of the disqualification of 14 "rigged" steers entered in the youth competition at the International Livestock Exposition in Chicago. Rigged TV quiz shows was something we'd smelled coming up, but not rigged steers shown by youngsters. We'd always looked upon a boy and his steer as about the most wholesome twosome imaginable.

A shrewd official said scar tissue and swelling in the area of the disqualified animals' flanks indicated they had received injections of oil or paraffin, or possibly air, under the hide to fill out depressed areas and improve the animal's appearance. Officials said it marked the first time in the 60-year history of the show that animals have been barred for unethical practices before the show started. Well, it helps to know it hasn't been a common practice, and also to know that only 14 of the 291 animals in the youth competition were barred.

SOMEONE WE KNOW has listened to all the stories about how man is just about to destroy the world with the new bombs and come up with this one.

It seems that when the war broke out that the weapons used were increasingly more destructive until at last man destroyed himself off the face of the entire globe. The earth was just a big smoking cinder. Bye and bye, as the ashes began to cool, out of one of the many caverns left in the earth came a big ape. (You know, monkey-type). He surveyed the world around him and began to search for companionship. He wandered for days and days without seeing a single sign of life. All the time he was getting hungrier and hungrier. And as the hunger began to be serious, he began to get weaker and weaker. At last, way off in the distance he spied what he thought was mountains. He started in that direction and finally made it. There was shade. And, lo and behold, there were caves in the side of the cliff. He even found a small stream of good fresh water. He fell on his face in the water and drank until his thirst was quenched. As he raised up from the pool, what should greet his eyes but a young she ape. (Monkey-type). They gazed at one another for several minutes. When the male could speak, he said, "Food, food, have you anything around here to eat?" The she ape smiled at him the way she apes smile at he apes and turned around and went back into the cave. She was gone a long time. In fact she was gone so long that he was just on the verge of going in to look for her when she came back. She walked straight up to him and held out her hands to him. He looked at what she had brought him, a big red apple. Then he backed off a step or two and said, "For goodness sake, woman, let's don't start that all over again."

AUSTIN — First of the 1960 headquarters signs will be before the Christmas lights. An executive committee, formed by the Johnson-for-President drive, is opening a state headquarters in downtown Austin. The state office is to add 50 or more county clubs to Johnson and eventually to expand into a national operation.

With two exceptions, the state's top Democratic brass is on the committee. Gov. Price Daniel and Speaker Sam Rayburn are honorary co-chairmen. Plans were announced by Ed Connally, chairman of the State Democratic Executive Committee, and Byron Skelton, national committeeman.

Not on the committee are the state's junior senator, Ralph Yar-

orough, and national committee-woman, Mrs. R. D. Randolph. Both, long identified with the party's liberal wing, have hedged questions on their presidential preferences.

TIGHT SCHEDULE — A possible time table for filling the three vacancies in the Legislature was set up by Atty. Gen. Will Wilson when Governor Daniel asked him for an opinion on the election law.

Forty days would be needed between the time the election is called and the time the new officials could take office, according to Wilson. This allows a required 35 days between the call and election day, two days for Commissioners Courts to canvass the votes and three days for county judges to certify the results to the secretary of state.

Law does not require that all the seats be filled in order to have a session, Wilson commented. But he said he felt it would be "especially desirable if more taxes are to be voted because of the old American principle of no taxation without representation."

Governor Daniel has discussed calling a special session in January to raise money for teacher salary increases.

INSURANCE PLAN Debated — Impact of a big change in auto insurance rates, due to take effect Jan. 1, is a prime discussion topic among insurance circles as well as the motoring public.

Under the merit plan, drivers with no record of accidents or moving traffic violations for three years get a reduced rate. Others pay on a sliding scale up to double the usual rate, depending on the number and seriousness of their accidents and violations.

Opinions on the plan vary widely. Among them:

- (1) It will make drivers more careful.
 - (2) It will make clear to the driving public the direct relationship between accidents and cost of insurance.
 - (3) It will cause "bad" drivers to drop their insurance.
 - (4) It will result in more hassles over who was to blame for an accident. (Only the driver held responsible gets his insurance hiked.)
 - (5) It will flood the courthouses with contests over traffic tickets.
 - (6) It will be declared illegal because of the "double jeopardy" principle. Some lawyers reason that the driver is punished for his violation once when he pays a fine and cannot be punished again with higher insurance rates.
- Sen. George Parkhouse of Dallas recently predicted that merit rating would result in such an overflow of traffic cases that new courts would have to be created and new buildings to house them.
- Others have complained that traffic laws and their enforcement are not uniform and that some drivers—victims of speed traps, for example—will be penalized.

Answer to this, says Insurance Board Chairman Penn J. Jackson, is to work out the wrinkles in law enforcement.

Insurance agents, in meetings and conferences over the state, are boning up on the new procedures, planning how to explain them to their customers.

Although the rules apply after Jan. 1, present policyholders will not be affected until their contracts run out sometime next year.

TOO MANY IRONS — Duties of Texas' attorney general should be streamlined down to one main job—that of serving as the state's top legal officer.

Atty. Gen. Will Wilson made this recommendation as he and his staff gained new, streamlined office space. Department moved from the west wing of the Capitol into the top five floors of the just-completed Supreme Court Building.

Wilson said he is an ex-officio member of more than 20 state boards and has to spend nearly half his time at their meetings. Moreover, he said, it makes the attorney general responsible for

the activities of agencies over which he has no direct staff control. He cited the Veterans Land Board troubles of several years ago as an example of the problems caused by such a situation.

Wilson advocated strengthening the executive branch of state government by gradually placing more responsibility with the governor. As a starter he suggested having the governor make appointments to replace the attorney general on state boards.

PENNY SAVED, Penny Earned — A House Economy in Government committee says it has turned up some cost-cutting ideas.

Use of more prison-made products by state agencies was recommended to the committee by O. B. Ellis, director of the prison system. For example, Ellis said prison-made bricks would cost the state much less than those it now buys. Also, he said prisoners could do the re-binding of school textbooks at a saving of about \$300,000 a year.

LAST-MINUTE 'MAD RUSH' ANTICIPATED

Christmas spirit begins making itself felt in Graham community

By MRS. DILLARD THOMPSON
With Christmas only a few days off it seems some are beginning to feel the holiday spirit. While roaming around this beautiful Monday, I found some homes with trees up. Others have baked fruit cakes and some are sewing gifts. Some it seems have their shopping finished. But for some there will be that last minute mad rush.

Tragedy hit last Thursday night about midnight to a colored family just about two miles west of our home, where fire destroyed their home. One child was burned to death while several of the family are in critical condition. Sympathy is extended to them.

There will be a community gathering and "42" party at the Community Center Saturday night.

Mr. and Mrs. Ray McClellan and Kim attended the wedding last Wednesday evening of Ray's nephew, William Bryan Lamb of Lubbock, and Miss Ann Burns, daughter of Mr. and Mrs. Roy Burns, also of Lubbock. Vows were exchanged in the Roosevelt community home of Miss Burns' grandparents. Others attending included Mr. and Mrs. Charlie Lee and children, Mrs. Billy Stone, Mr. and Mrs. Billy Ray Case, Mrs. Charles King and Mrs. Robbie King, all of Post.

Mr. and Mrs. George Ramage are happy over their new well, which is a three inch one. They have another one drilled ready to test. Mrs. Jewel Graham and Moody also have a new three inch well. Earl Gregg began to drill one this week. Another new item in the community is a Chevrolet car parked at the W. C. Bush home.

A GOOD number attended the Senior Supper Saturday night in the Graham Community Center.

Mr. and Mrs. Thelbert McBride and David visited in Ralls Sunday with her father and other relatives.

Cotton harvest has almost come to an end in this community for 1959, with bales ginned totaling 4,267. There have been no fires at the gin and only two accidents. Bob Lusk got the middle finger on his left hand mashed and a colored employe, John H. Williams, received an arm injury.

Recently visiting in the J. W. Stephens home were Pat Stephens of West Texas State College, Canyon, and Mr. and Mrs. Glen McWhirter and children of Alvarado.

Mr. and Mrs. J. M. Bush and Mr. and Mrs. W. C. Bush spent Sunday afternoon in the Lubbock home of Mr. and Mrs. Italy Wright.

Leo Cobb seems to be having trouble losing pigeons. Straying from home were two blue and one black and white Birmingham Roller pigeons, which tumble in the air. All are wearing aluminum bands. Leo would appreciate a call if anyone sees them.

Diane Maxey and Bill Doggett were among those on the sick list Monday.

CAROL FLUITT, Delwin and Jacky, and Jerry Bush went to Whiteface Sunday and helped move Mr. and Mrs. Wayland McClellan to Post.

Mr. and Mrs. Hugh Ingram and sons of Denver City enjoyed cake and coffee and a visit Sunday evening in the home of Mr. and Mrs. George Ramage.

Supper guests Saturday in the home of Mr. and Mrs. Elmer Cowdrey and Mrs. J. N. Gossett were their cousin and his wife, Mr. and Mrs. Dale Cowdrey of Cummings, Ga., Mr. and Mrs. Lonnie Peel, Mr. and Mrs. Delmer Cowdrey, Mr. and Mrs. Glenn Davis, and Mr. and Mrs. Alvin Davis and children of Brownfield.

Mr. and Mrs. John Kirksey and daughters of Lubbock were weekend guests in the Quannah Maxey home. Mr. and Mrs. Lewis Sinclair and children of Abernathy and Mr. and Mrs. Arthur Floyd visited Sunday afternoon.

Mrs. V. A. Dodson honored Tuesday at layette event

The Carl Fluit home in the Graham community was the scene Tuesday evening for a layette shower honoring Mrs. V. A. Dodson.

Mrs. Harold Reno and Mrs. Billy Ramage served yellow punch, cake squares, nuts and mints from a table laid in a white cut-work cloth over blue. The centerpiece for the table was formed from a blue net ruffle and topped with a styrafoam base in blue stars and gold beads holding a quarter moon with pink feathers and three angels riding on it. Descended from the ceiling over the arrangement were two white clouds carrying miniature dolls. Pink tapers and napkins completed the table decor.

Hostesses for the occasion were:

"Battle Border"
Little known facts about Texas boundaries.

(Editor's Note: This is the seventh in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up little known facts which shaped the Texas of today).

Old Red River is a fabulous stream. It has served as a boundary between the possessions of France and Spain, the United States, Spain and Mexico; the United States and the Lone Star Republic; and, now Texas and Oklahoma.

When heavy rains fall in its watershed, Old Red River becomes a mighty torrent unfriendly to everything within its temperamental path.

But, during drought and dry spells it becomes as lean in water as it is rich in history—a ribbon of water wandering in a shimmering sea of hot sand.

IN 1919, OKLAHOMA brought suit in the U. S. Supreme Court against Texas to fix the boundary line between the two states along the south bank of the Red River—a distance of 500 odd miles.

The two states were busy loading their best courthouse guns for a very good reason—oil.

The drilling rigs, first sprouting in Burkburnett, crept northward to the very river banks. The river bed was two miles wide at this point.

Soon one drilling rig ventured out into this strip of sandy wasteland and, in November, 1919, struck oil.

IT WAS NOT long before derricks were scattered along 40 miles of the Red River bank and bed.

Oklahoma claimed the south

Will Wilson said that oil complicated the boundary dispute between Texas and Oklahoma... derricks were scattered along 40 miles of the Red River bank and bed.

bank had been settled as the boundary by the U. S. Supreme Court in the Greer County case.

The Federal Government got into the fight by claiming Indian rights were at stake in a large part of the river bed and nearby islands.

The Supreme Court decided against Texas and held the south bank to be the boundary and not the middle of the river.

There were other disputes just off stage biding their time to jump into the act.

The first: where is the south bank of Red River

"THIS DEVELOPED one of the most complicated boundary disputes ever recorded," Attorney General Will Wilson says.

"It involved massive research into law, history, geography, physiography, botany, plant ecology, topography, geology, and engineering."

Wilson recently returned from fighting another boundary dispute for Texas, the tidelands issue before the U. S. Supreme Court.

With the bluffs, flats and river bed full of derricks tapping oil it suddenly became downright urgent to know what was meant by the words, "south banks".

Parts of the river bed were being taken and held by intimidation and force. Both states were assuming jurisdiction. Armed conflict between oil and gas rivals threatened.

THE TEXAS militia was called to support court orders. An effort was afoot to call the Oklahoma militia for the same purpose.

Texas Rangers prowled the area, discouraging a throwback to the law of tooth and claw.

If you are fishing in the Old Red on the Texas side, the valley bluffs will be two to five miles south of you. Between the bluffs and the water's edge you will notice a well defined water-worn bank known as cut-bank.

This cut-bank separates the sandy river bed from the upper lands that extend southward to the distant bluffs. The ordinary rises of the river are held up by this cut-bank. The rises occur in May and June, called 'spring rises'.

"AT THE TIME of the Oklahoma-Texas dispute the Red River had jumped the cut-bank four times and flooded the valley lands in 1876, 1891, 1908 and 1915," Wilson points out.

Oklahoma and the United States claimed these bordering bluffs were the banks of the Red River. Oklahoma claimed title to the entire area, bluff to bluff.

Texas fought back and insisted that the line be fixed at the water's edge when the river was at its ordinary stage. Texas claimed the south half of the river's sand plain.

The United States disputed the claims of both by claiming all of the south half, portions of the north and all islands in the river bed.

"The referee, the U. S. Supreme court, had its work laid out. To the oil men milling around the outer fringes, it certainly looked like 40 miles of bad road ahead.

"It was, forty there and forty back," Wilson notes.

Leading contestants to participate in National Finals Rodeo at Dallas

DALLAS — Leading contestants in the five competitive events of the historic National Finals Rodeo to be staged here Dec. 29-30 have been announced on the basis of an unofficial tabulation of money won at 482 rodeos held this year in the U. S. and Canada.

The complete lists of all the finalists in the first "world series" of rodeo will be posted following a CPA audit of Rodeo Cowboys Association standings for the 1959 season, which officially ends Dec. 1.

The National Finals, first real championship playoff in the history of the sport, will be together in the State Fair Livestock Coliseum the top fifteen contenders in bareback and saddle bronc riding, bull riding, calf roping and bulldogging.

The defending champions in each of the five events will definitely be on hand in Dallas. Ironically, none of the five will go to the finals in the lead in his own contest.

Jim Shoulders of Henryetta, Okla., again in the lead for the All-Around Cowboy championship which he has won for the past three years, was the 1958 champion in both bareback bronc and bull riding, but ranks third and second, respectively, in those events so far this year.

Saddle bronc riding champion Marty Wood of Bowness, Alta., currently ranks fifth in this specialty. Dean Oliver of Boise, Idaho, the 1958 calf roping champ, is in third place this year, and Jim Bynum of Forreton, Texas, stands sixth in bulldogging, which he won in 1958.

The top three men in each event for the National Finals, with their winnings so far this year:

Saddle bronc riding — Casey Tibbs, Nemo, S. D., \$16,858; Winston Bruce, Calgary, Alta., \$13,772; Enoch Walker, Farmington, N. M., \$11,626.

Bareback bronc riding — Jack Buschbom, Cassville, Wis., \$15,742; John Hawkins, Twain Harte, Calif., \$15,695; Shoulders, \$14,841.

Bull riding — Bob Wegner, Ponca City, Okla., \$14,628; Shoulders, \$14,586; Joe Green, Sulphur, Okla., \$9,521.

Calf roping — Jim Bob Altizer, Del Rio, Texas, \$24,380; Dale Smith, Chandler, Ariz., \$17,813; Dean Oliver, Boise, Idaho, \$16,958.

Bulldogging — Harry Charters, Melba, Idaho, \$17,228; Don Feddersen, Sidney, Neb., \$11,747, and Danny Daniels, Phoenix, Ariz., \$9,270.

Tickets for the National Finals are \$4 for reserved seats and \$6 for box seats and can be ordered from P. O. Box 7755, Dallas 26. There will be go-rounds daily at 2 and 8 p. m. with a complete section of competition at each go-round.

Togetherness

Love and laughter, the joy of sharing and co-operating in a common cause are the results of working together. It is true we realize the need to teach our children responsibility. Cooperation plays a major part in this role. In the home we share in work, play and study. In spiritual matters "togetherness" is equally important. Start now to help your child realize that worship is important to all. Take all the family to church regularly, and share in the joys of worshipping together.

quantity of beer and wine to the State Liquor Control Board office in Lubbock Tuesday afternoon.

The sheriff's office burglars also hacked their way into a locked closet to steal a .32 automatic pistol being held in a criminal case. They did not take a high powered rifle and a shotgun which also were in the closet.

THE MISSING guns included a .38 Colt with the initials TAJ on it stolen from Constable Johnson's car, a snub-nosed Smith and Wesson .38 pistol from Marshal Shepherd's car, and a 4-inch barrel .38 pistol from Sheriff Ruins' car.

Shepherd had another sub-nosed .38 in his belt holster Wednesday morning.

Arnold Parrish reported burglars at the Parrish Grocery and Market broke in the back door and stole two wrist watches, an electric razor, a suitcase, a 22 pistol and between \$20 and \$30 in cash.

Parrish surmises the burglars "had the suitcase full" when they departed.

EARL ROGERS TOLD Sheriff Rains he wasn't sure how burglars got into the Garza Farm Store Friday night. Stolen were an adding machine, a table model radio, a toy rifle used to advertise dog food, and between \$2 and \$3 in pennies.

Rogers said the burglars tore open both the Coke and peanut machines after money, but got none. The office was completely "ransacked" in an apparent search for money.

Another theft and an act of vandalism against county road equipment also were reported Sunday night.

Three tires and a wheel were stolen off a cotton trailer belonging to Dale Cravy in the gin yard of Planters Gin here.

Two windshields and four door glasses were broken out of two county road graders parked on an oil field road south of the city dump.

Edsel Stewart, former Post resident, is back in town as the new operator of the Stewart Texaco Station at 315 North Broadway. You'll find his announcement ad on page 6. Born and reared here, Edsel left in 1946, was back for a year's stay in 1951 and has been living in a Los Angeles suburb since while working in an aircraft plant. But the smog simply was too much for Edsel. He quit Los Angeles and came home to keep his health. The Stewarts live at 707 West 13th.

The welcome mat also goes out today to Marvin Horn, the manager of the new Caprock Chevrolet-Olds Body Shop at 601 North Broadway, right across the street from Stewart's station. Caprock has taken over these garage facilities to expand its body shop, paint, and car glass operations. Marvin, who comes to Post with some 13 years experience in the business, in Arizona and Oklahoma, likes his new hometown just fine. You'll find pictures of Marvin, the new garage facility, and his assistant, Ramon Raymundo in a "ready to serve" ad over on page 12.

Browns, Eagle tilt on television schedule
Cleveland's out-classed Browns, soundly thumped by Eastern Conference winner New York Giants in the National Professional Football League, will try for runner up spot this Sunday by taking on the second place Philadelphia Eagles. A win over the Eagles would place the Browns in a tie for second.

A surprising Eagles team downed the Washington Redskins with some authority, and will be up for the Browns in Sunday's game. Cleveland's power house, Jim Brown, is expected to be fully recovered from a mild concussion suffered in last Sunday's play. The Eagle-Browns tilt should be a battle of the passers — Norm Van Brocklin versus improved Milt Plum.

The game, co-sponsored by American Petrofina, will start at 1 p. m. CST and can be seen in this area over Station KCBD-TV, Channel 11.

Truck occupants injured in wreck

Denzell P. Laurence, 31, and Charlie Huffman, 18, both of Post, were treated and released from a Snyder hospital Friday after a one-truck accident 13 miles north of Snyder.

Laurence was treated for head bruises. Huffman received several cuts, including a deep one on the right knee.

The brakes of the truck, loaded with cottonseed cake being taken to the Connell Ranch at Polar, reportedly failed at the intersection of a county road and a farm-to-market road.

The truck jumped a bar ditch, went through a fence and was to-market road.

Raiders to play Iowa Saturday
LUBBOCK — University of Iowa, first Big Ten basketball team ever to appear in Lubbock, will play Texas Tech in the Coliseum at 8 p. m. Saturday.

In the 6 p. m. preliminary, the Texas Tech Picadors will meet the Midwestern University freshmen.

Coach Polk Robinson's cagers will seek revenge for a 75-73 loss handed them by the Hawkeyes in Iowa City last December. Chances are slight, however, in view of the top-heavy, 89-58 trouncing handed Southwest Conference favorite Southern Methodist by Iowa last week.

Texas Tech, re-building, may start as many as three sophomores against Iowa.

Daniel proclaims 'Safety Sunday'

Sunday, Dec. 13, has been designated by Governor Price Daniel as "Safety Sunday" in Texas to signal the opening of the Christmas-New Year's holiday traffic safety campaign throughout the state.

The Governor's proclamation said efforts to "end death and destruction on the streets and highways of Texas will not fully succeed until each driver comes to realize that traffic safety is a spiritual concern."

The Governor urged each citizen to help "awaken in the conscience and mind of every driver the realization that negligence at the wheel of an automobile is a transgression of God's Own Command, 'Thou Shalt Not Kill'."

He also asked the assistance of every pastor in Texas by reminding each church member of his moral responsibility in obeying the traffic laws.

Post cage teams are facing busy weekend

Boys, girls in Anton tourney

SOME CHANGES MADE
At the last minute Wednesday, late to change the story, it was announced that the Post team will not compete in the Anton Tournament, but will play in a tournament at Abernathy instead. It was also announced that time of the Post boys' game with Whiteface in the Anton Tournament has been moved up to 6:15 p. m. today.

The Post Antelope boys' and girls' teams will play Whiteface, nicknamed Antelopes, tonight beginning round action in the Anton Invitational Basketball Tournament. It will be the first tournament of the season for Coach Murray's boys' team and the second for Coach Jiggs King's team, which placed fourth a few weeks ago in the Howard County Junior College Tournament at Big Spring.

The Post and Whiteface girls play at 7:30 o'clock tonight, with the boys' teams scheduled to play at 8:45.

If the girls win, they play a semifinal game at 1 p. m. Saturday against the winner of the Shallowater-Morton contest. If the Post girls lose to Whiteface, they play at 7:30 p. m. Friday against the winner of the Shallowater - Morton game.

If the Post boys defeat Whiteface, they go again at 2:15 p. m. Saturday against the Shallowater-Morton winner, and if they lose, they play again at 9:15 a. m. Saturday against the Shallowater-Morton loser.

Other boys' teams in the tournament are Anton, Sundown, Anton and Bledsoe.

Besides Post, Whiteface, Shallowater and Morton, the girls' division has Bledsoe, Sundown and Anton, which drew a first round game.

Coach Murray's Antelopes, undefeated in their first two games, will face a stern test in the Whiteface quintet, which won its own tournament Saturday night for the first time since the meet was inaugurated in 1946.

Whiteface won the championship by defeating the Freshship Tigers, 47 to 39, after having advanced to the finals with a 36-23 victory over Bledsoe and a 39-29 victory over Morton.

The Whiteface girls were defeated by Sundown, 44-34, in a battle for third place in the tournament. Earlier, the Whiteface sextet had defeated Bledsoe, 39-26, but lost to Morton, 49-46.

Norm Cash to Indians

Norman Cash, Justiceburg and Post's gift to major league baseball, has been traded by the Chicago White Sox to the Cleveland Indians in a three-player swap between the two American league teams.

The 25-year-old Cash went to the Indians along with first baseman Bubba Phillips and catcher John Romano in exchange for pitcher Minnie Minoos, pitcher Don Ferrarese and catcher Dick Brown.

Cash, who was with the White Sox throughout the 1959 season, is now playing for the Rapinas team in Venezuela's Occidental league.

The District 3-AA basketball openers are still more than a month away, but already the conference race in the boys' division is beginning to shape up as a neck-and-neck affair.

In the girls' division, defending champion Spur does not appear to be as strong as last season, with the Slaton Tigerettes shaping up as the team with the best chance to win championship honors.

Co-champion Post, in the boys' division, hasn't been too impressive in chalking up hard-earned victories over Hale Center, which had failed to win in six starts through last Friday night. Neither has co-champion Floydada shown much so far this season.

Many are of the opinion that the Tahoka Bulldogs will be the team to beat. Their only two losses have been by close scores to good teams—52-46, Abernathy, and 48-44, Seagraves, in the finals of the tournament held last week in the new Tahoka gym.

The Tahoka quintet has defeated Wilson, 39-37; New Home, 43-29, and O'Donnell. Back to spark the Bulldogs are Frank Great-house, one of the leading scorers in district play last season, and George Admas.

Floydada, after defeating Silvertown, 50-46, lost to Lockney, 50-37, then won consolation honors in the Olton tournament by downing the host team, 49-30. The Whirlwinds were eliminated in the tournament by Abernathy, 44-28, then dumped Muleshoe, 44-42, to advance to the consolation finals.

The Whirlwinds have seven lettermen back in Danny Shipley, Bill Gilliland, Larry Irby, Richard Graves, Don Vickers, Bob Ed Dempsey and Larry Orman. Vickers made the all-tournament team at Olton.

The Slaton Tigers won the consolation crown in the Tahoka tournament by defeating Wilson,

Three others get honorable mention

Post's Mayberry makes all-district

Post quarterback Derwood Mayberry was named to the all-District 3-AA offensive team Wednesday night of last week at the annual post-season meeting of football coaches at Slaton.

The two-year senior letterman was the only Post Antelope to make the all-district team, but three others received honorable mention. They were Clarence Ivie, on defense, and Glendon Washburn, end, and Forrest Claborn, halfback, on offense. Ivie received

47-42, with James Cole making the all-tournament team. The Tigers lost to Loop, 55-53, in a first round game. In other games this season, Slaton has won from Meadow, 55-50, and Freshship, 58-47, and lost to Petersburg, 45-40.

The Spur Bulldogs either haven't played many games yet, or the results are not getting in the paper. The only two contests on which we've seen any results were Bulldog victories—44-27 over Crosbyton and 45-31 over Jayton.

The Slaton girls won the championship trophy in the Tahoka tournament by turning back Wilson, 41-32, and consolation honors went to Tahoka with a 52-43 victory over the Loop girls.

Floydada's girls' team lost to Muleshoe, 40-33, in a game for consolation honors in the Olton tournament. They lost to Dimmitt, 49-40, in a first round game.

The Post girls, who showed improvement in their game against the strong Hale Center sextet here Friday night, may be the surprise team of District 3-AA.

Colorado City '5' here Friday night

The Post Antelopes will take time off from tournament action Friday night to engage the class AAA Colorado City Wolves in the high school gym here.

Both "A" and "B" teams will play, with action in the "B" game scheduled for about 6:30 o'clock. After an 80-17 loss to Midland in their first game, the Wolves have been coming along fast, losing to two other class 4A teams, San Angelo and Big Spring, by scores of 62-54 and 59-43, respectively, and blasting Winters, 51 to 28.

The Wolves played Big Spring again Tuesday night, but the result had not been learned here at the time the sports page went to press.

The Colorado City team's attack is led by Jerry Haley, a tall and accurate shooter and the only regular back from last season's team. He is one of nine seniors who reported as candidates for berths on Coach Caddo Matthew's varsity five.

Like the varsity, Coach John Blocker's "B" team will be taking a 2-0 record into their game against the Colorado City "B".

8th graders squeeze out win over Ralls

The Post 8th graders defeated Ralls Tuesday night, 12 to 8, in a defensive battle on the Post court.

Coach Glynn Gregg's team was down 5-2 at the half, but hit six free throws and two field goals in the second half to come out ahead.

Larry Bishop's two pointer was all of Post's scoring in the first half. In the second half, Ronnie Storie hit four free throws in a row. Pat Cornell got two more and Jackie Fluitt hit a pair of field goals.

The Post starters were Danny Odom, Bishop, Johnny Mayfield, Cornell and Fluitt, with Storie and Wendell Johnson also seeing action.

In rough game here Friday

Post girls' team loses to Hale Center, 67-51

For two and a half quarters Friday night, the Post Antelope girls' team stayed within range of the powerful Hale Center Owlettes, but faded midway of the third period to lose, 67-51.

The visitors' superior height at both ends of the court made the difference, with starting Post guards Beth Kemp and Judy Clary fouling out in the third quarter after making valiant efforts to halt Mary Chapman and Roxie Townsend, who made 28 and 37 points, respectively, for the Owlettes.

Game scoring honors, however, went to Post's Glenda Whittenberg, who racked up 30 points on 15 field goals. Peggy Ramsey scored

13 points and Ann Moris six points. Hale Center was ahead by only one point, 14-13, at the end of the first quarter, and by only three points, 29-26, at halftime. A 21-point third quarter for the Owlettes, with Post scoring only five points, gave the visitors a 50-31 lead going into the final period. In the fourth quarter, Post outscored the Owlettes, 20 points to 17.

The contest was one of the roughest girls' games seen here in recent years. Post outshot Hale Center from the field—21 goals to 18—but lost at the foul line, where the Owlettes came through with 31 points.

Antelopes nip Owls, 49-44

The slow-starting Post Antelopes won their second game of the season and their home opener Friday night by coming from behind to pin a 49-44 defeat on the Hale Center Owls.

Trailing 16-8 at the end of the first quarter after some erratic ball handling and cold shooting, the Antelopes tied it up 24-24 just before the half-time buzzer when Curtis Didway stole the ball at mid-court and went under for a lay-up shot.

Derwood Mayberry put Post out in front early in the third period when he stole the ball and went under for a lay-up, but the Owls rallied to tie the score 34-34 at the end of the quarter.

The Antelopes' post man, Scotty Pierce, fouled out with 3:30 to go in the game and Post out in front 42-40. Nineteen seconds later, Hale Center's big man, Kenneth McMinn, went out on fouls, and Bobby Beard hit two from the free throw line to put the home team out in front 44-41.

Beard followed with a field goal to increase the Antelopes' lead to five points, but the Owls had pulled out to 46-44 when Didway fouled out with 1:23 left in the game.

Arthur Klatt missed the one-and-one after Didway's foul, and with 1:05 to go, Struve fouled Forrest Claborn, who made one of his free throws to give Post a three-

point bulge, 47-44. With 18 seconds remaining and the Antelopes in a stall, Buddy Trimmer fouled Claborn and the Post guard made both his free throws to "ice" the game.

Coach Pete Murray said the Antelopes didn't show much improvement over their play in their first victory over Hale Center, but that he was pleased with the way they performed under pressure.

"Our five starters are seniors, but they've made mistakes in these first two games that they should have worked out of their system when they were sophomores," the coach said.

Murray said he was disappointed over the failure of his guards to hit consistently from outside. "If we don't start hitting more from outside, we're going to get ruined in some of the games coming up," he said.

Murray used 10 players in Friday night's game, with Glendon Washburn, Donnie Hays, Benny Schlehuter and Jimmy Minor seeing varsity action for the first time this season.

Band marches in regional contest

By Peggy Butler
Saturday, the Post High School band went to the University Inter-scholastic League marching contest at Levelland.

The Post band received a Division III rating. Only two bands in our class made Division I.

Approximately 25 band members marched in this contest under the direction of Mr. Meisch and Drum Major Peggy Butler.

The Junior High band is selling socks of candy. It is 50 cents a sock. Everybody be sure to buy some . . . it's really good.

Pastor is speaker in assembly here

By Argan Robinson and Mary Beth Ford
The high school student body assembled Friday, Dec. 4. The meeting was called to order by Scottie Pierce, who is president of the student council. Bob Cato led in prayer.

The song "Joy to the World" was led by Mr. Mallard, Spanish teacher.

Our speaker was the Rev. Gene Matthews, representing the Ministerial Alliance. He spoke on "Being Yourself."

Mr. Meisch introduced the high school band members with a statement about each and told about the band contest in Levelland, Saturday, Dec. 5.

THE HELM

"I Can't Eat, Sleep Or Study, Thinking Of Ralph - Er I Mean Eddie!"

Have You Heard??

The Junior chili supper Friday night was a big success. Ben Howell's chili was just great. Love that money, Jr's!

The Senior Country Supper Saturday night was also a howling success. The menu was ham, potatoes, black-eyed peas, salad, cake, pie, coffee, tea, and hot biscuits. Bingo, doll-pitch, and dominoes were all played. Mrs. Hodges won the big pretty lamp everyone kept trying to win.

Guess everyone knows that Sonny Dunn has moved back. Talk about cute, and personality, too!

All the classes are beginning work on the Christmas decorations. From the grapevine, we heard the juniors are working at Jimmy Minor's and the seniors at Larry Welch's. Please, please, let's not spy (much).

Model A is the style now, at least red ones with no top and three dozen kids riding in it. It's Kay Gordon's of course. Looks like barrels of fun. Noise like mad. Such is life. Hey, Kay, got it named yet? How 'bout Wild Child?

Sharon Wood was honored with a lingerie shower at Kathryn Collier's Sunday afternoon. After Sharon opened gifts, guests were served refreshments. Guests were Melanie, Pat, Leta, Rhea, Sharon, Glenda, Kathryn, and Sharon.

Congratulations go to Kathy Weatherby. She and Mason Gregg, who is in the Navy, are engaged.

Congratulations are in order for four PHS boys, Derwood Mayberry, Glendon Washburn, Forrest Claborn, and Clarence Ivis. Derwood was named on the All District football team, and the other received honorable mention.

Anyone who saw the two games Friday night knows for sure we have two good teams. The girls'

game was almost football but they didn't give up. The boys' game was nip-and-tuck most of the way, with Post on top five points at the final buzzer.

PHS is now the proud owner of a new clock in the gym. It is really pretty and it will help a lot to watch a game and not have to keep the score yourself. The clock was bought by the school.

Some couples seen around are: Bobby and Vonda, Carolyn and Kenneth, Johnny Kemp and Sandra Stewart, Johnny and Billie Lou, Bonnie and Mike Farley, Kay Gordon and Jerry Don Dume, Ruthell and Mason, Shirley Masters and George, and Jane and Wayne.

Country style food and games enjoyed

By Melanie Thompson
Many people in Post seem to think that country style food and games are the best yet! At least, that's the way it turned out at Graham's last Saturday night. Everything turned out well, the food was especially good and the seniors cleared \$150.

The seniors took turns washing dishes but the mothers did most of the work. Everybody helped clean up the Graham Community Center, and it looked real good after all the sweeping and dusting.

Everyone had loads of fun playing bingo and pitching at dolls, even playing "42"

We hope everyone had a good time and would like to thank everyone from the Graham and Post communities for coming out and especially the senior mothers for making it possible.

DAY IN LUBBOCK
Mrs. Rex King and Mrs. Al. Alford spent the day in Lubbock Monday.

Football trophies are awarded the champs

By Mary Beth Ford and Argan Robinson
The 8th grade joined the junior high students Friday in an assembly. The coaches awarded the football boys with district championship trophies.

Danny Pierce accepted the trophy for the 7th grade team and Jackie Fluitt and John Bland accepted it for the 8th grade team.

The boys then gave the trophies to Mr. Ralphelt and the junior high student boys, "to be placed in the junior high trophy case," said Jackie Fluitt.

Mr. Ralphelt recognized the cheerleaders, then spoke on how we should back our school in all of its activities.

Pattern is selected
The senior executive committee met Tuesday and picked several types of graduation invitations. Later in the day the class met and picked one pattern to be used by this class.

'Month's Reporter' is Terry Power

The Junior High newspaper staff had a "Press Party" last Monday, at which Terry Power, one of the 6th grade reporters, was honored as "Reporter of the Month."

Terry won the honor with 229 points. Runners-up were Carol Camp, 6th grade reporter, with 129 points, and Linda Hays, 5th grade reporter, with 194 points.

Refreshments were served at the party by Betsy Shytle.

Junior High-Lites

Some couples seen around school are Dicky and Shirley, Barbara and Danny, Deborah and Tommy, and Gayla and Gary.

What four girls have sore feet? We hear Larry likes Dee Ann, but does she feel the same way?

We have been studying about Asia in the 6th grade geography classes and are going to have a test.

Mrs. Florence's homeroom class elected a Christmas committee. Those on the committee are Cerretha Jones, Sharla Pierce and Jimmy Salyer. They have decorations and are going to decorate the classroom.

Cerretha Jones wore a full skirt Wednesday for the first time in months. She had been wearing pedal-pushers, slacks, and straight skirts.

Terry Power and Sharla Pierce had a race Thursday to see who could name the most homonyms (on paper) from after lunch until school was out. Terry had 112 and Sharla had 106. Looks like Terry won!

Arleta wore a red corduroy tight skirt for three days in a row. Why, Arleta???

Dixie Lucas, Carol Camp, Phyllis McMain, Cheri Cummings and Delores Stroffer missed music Thursday to decorate their room. But it looks nice girls.

Phyllis McMain's birthday was Dec. 2. She didn't have a party but received these gifts: five books, a pair of house shoes, and a paint set.

Mrs. Cornell looked very nice in her green and white plaid skirt. She wore a green vest and a white blouse with it.

Mr. Ralphelt looked nice in his gray suit. His white shirt and his tie looked nice, too.

Senior class plans invitation orders

By Pat Wheatley
The senior executive committee met Tuesday and picked several types of graduation invitations. Later in the day the class met and picked one pattern to be used by this class.

The school officials worked out plans with The Post Dispatch and Dan Cockrum Printing Co. next year.

These businesses will alternate to sell invitations to seniors. This arrangement will avoid any conflict in the future.

It was decided that The Dispatch will sell this year and Dan Cockrum Printing Co. next year.

McMurry singers to appear in Post

ABILENE — One of the top talent groups McMurry College has to offer will present a musical program in Post High School in a morning assembly Dec. 16.

The 36-voice choral group, The Chanters, will appear in Post High School on a leg of their annual fall tour through the Northwest Texas area.

Directed by Dr. Richard C. von Ende, their schedule also includes appearances in Rotan, Spur, Slaton, Tahoka and Sweetwater before returning home Dec. 16.

Their program in Post will include a colorful variety of solos and novelty acts, plus the appearance of an all-male quartet, "The Indianares."

The entire choral group will blend its voices on a number of sacred and Christmas carols during the program.

Organized in 1923, the year McMurry College was opened, The Chanters are one of the oldest groups on the McMurry campus. Widely-traveled, they appear frequently before civic and social groups in the Abilene area in addition to making a fall and spring tour across the two owning conferences of the college, the Northwest Texas and New Mexico Conferences of the Methodist Church.

Their ability to spring from sacred to spiritual to classical music, and modern swing, has brought widespread recognition on both their director and members of the choral group.

Bible Thoughts SERMON NUMBER FIVE
by RONNIE PARKER

The fifth sermon in a series will be preached this coming Sunday evening at 6:30 p.m. at the Church of Christ. The theme has been "Marriage and the Home." The final lesson will be "Perils of the Home."

We live in a dangerous world. On every side are perils — perils to life, to self, to personality. Every worthwhile institution has its perils and the home is no exception. Our homes are imperiled as never before in the history of America.

The hope of America and of the world is the Christ-centered, God-honoring home. It is most needful that we educate ourselves as to God's will concerning the home and then let it govern our lives.

We do hope that every effort will be made to strengthen our homes. The task depends upon you. May we challenge you to make your home as God would have it.

Card of Thanks

OUR CHRISTMAS CARD TO YOU
 To our many, many dear friends, both old and young, who have been so wonderful to us throughout the years, and to me, "Bill Cravy's wife," and my family in our great sorrow, we wish to say "Merry Christmas and a bright New Year." We and our family love Garza County and its people; dear old friends, dear young friends, and many others in surrounding West Texas.

When Christmas time came around Bill Cravy never got through telling me, "Mother we must send this one and that one a Christmas card." 'till I would have to finally tell him we are going to have to quit at this or I won't get any Christmas baking done.

Bill Cravy, who made his home in Garza County for the past 60 years, knew Post when it was a round-up ground and watched with much interest the city's development and the county surrounding it. And much of his time of his last days were spent on his little back porch watching the progress of the beautiful new bank going up.

Now, with Christmas approaching again, may we wish for all of you God's richest blessing with the true Spirit of Christmas abiding with you forever.

Your true and lasting friends, Mattie and "Bill Cravy, in the spirit of his love," and our family.

I would like to express my appreciation for the many flowers, cards and visits I received during my recent stay in the hospital. Mrs. Percy Printz

Superintendent reports on Austin conference

By R. T. SMITH
 Post School Superintendent
 The Governor's Conference on Children and Youth was held Dec. 5 in Austin, with 184 counties taking part in this study. The group was welcomed by Governor Daniel and he also gave the closing address that afternoon.

The conference we attended was divided into four discussion groups and I chose the field of education. Our leader was Dr. Edward L. Rippey, president of school board, Dallas Independent School District. We discussed the following subjects:

1. Should kindergarten become a part of the state school program and be state supported?
2. Should the children of migratory laborers have special attention?
3. Should the problem of both the exceptional child and gifted child deserve more attention on local and state level?
4. Would curriculum adjusting and enforcement of school laws help to eliminate school drop-outs?

Our group voted that kindergarten should be a part of the public school program of the state of Texas and should be state supported.

Our group voted that the children of migratory laborers have special attention.

Our group voted that this should be given special attention from the standpoint of giving schools who have to take care of these students more money.

Our group voted that possibly the best solution to this was to educate the parents of both the exceptional and gifted child as to what was being done in the schools for them and what could be done for them.

South Plains is 'sentinel area' on encephalitis

LUBBOCK — A biologist said Thursday that the Texas South Plains has been designated one of the "sentinel areas" in a program to stamp out encephalitis, or sleeping sickness.

James V. Smith of the U. S. Public Health Service Communicable Disease Center at Greeley, Colo., addressed about 60 South Plains municipal officials and health department employees at a regional meeting of the Texas Municipal League.

Smith devoted his discussion entirely to control of mosquitoes and encephalitis, which he said had become a major U. S. Health Service problem throughout the nation.

Frank J. Von Zuben Jr., chief engineer, and Robert Peel, senior sanitarian, both of the State Department of Health, and Walter Breedlove, sanitary engineer for the Lubbock City-County Health Dept., were other speakers at the conference.

Von Zuben told of a 1952 incidence of encephalitis in Floyd County which led to investigation and study of the problem in this area. He said the virus was prevalent again in 1956 and seemed to run in four-year cycles.

Cowboys used to call a sheep camp a "manic den," believing that a anyone who would herd sheep must be "more or less crazy."

When a white snip on a horse's face increases in size to include part of the lower lip, it is called a "chin spot."

The best way to help drop-outs would be to enrich our school program, have better attendance school laws and better enforcement of these laws and well-trained counselors who can go between the school and parent.

5. Hale-Aiken Proposal.
 Our group voted to endorse all of the Hale-Aiken proposals.

"A Hole in the Head," showing Sunday and Monday at the Tower Theatre, stars Frank Sinatra in the most lovable role of his brilliant career: a happy-go-lucky guy who loves his kid, his Miami Hotel, and maybe a couple of women in his life.

The film is a screen adaptation of Arnold Schulman's Broadway hit play and in addition to Sinatra, stars Edward G. Robinson, Eleanor Parker, Carolyn Jones, Thelma Ritter and Keenan Wynn. And it introduces Eddie Hodges, the 12-year-old star of "The Music Man," making his movie debut.

Farm census half completed here

The 1959 Census of Agriculture is about 50 per cent completed in this area, it was announced today by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

The Census official stated that he was well pleased with the cooperation the census takers are receiving from farmers in the area and has high hopes of completing the canvass within the next ten days. He pointed out that the field canvass of farms is one of the larger costs of the census and that cooperation of farmers in completing questionnaires promptly will be a vital factor in keeping down the final cost of the undertaking.

Quick completion of the census will not only help in keeping costs down but will aid in prompt publication of the results, the field director said. He urged local farmers who have not already done so to complete the census questionnaire and have it ready when the census taker calls.

The term "nester," for a range settler, originated when the homesteader cleared a patch of brush and stacked it in a circular form to protect his feed patch from range cattle. It looked like a giant bird's nest.

TEACHER REPORTS ON MEETING IN AUSTIN

Five broad fields studied at Children and Youth Conference

By Argan Robinson
Friday, Supt. R. T. Smith and Mrs. Rosa Gambin left Post to attend the Governor's Conference on Children and Youth in Austin. Mrs. Gambin made the following report of the conference:

"The purpose of the conference was to bring together the thoughts and opinions of the citizens of Texas concerning the best ways to put into effect on the state and local level the best method of solving as many of our youths' problems as possible.

"Those attending studied five broad fields concerning youth. These were: Values and ideals in our society, education, health, welfare, and juvenile delinquency. They were told that the best way to approach the problems was with good will and hard work, and that 'study without action is futile'. 'Strengthening of family life was of greatest concern to all delegates and the teaching of Christian principles was stressed. It was pointed out that we must understand God's laws before we can understand state and national laws.

"Many concrete suggestions were made in the different discussion groups. All attending were told they would not only be sinful but stupid if they fail to help youth find its way in this trying time."

Youth confesses area burglaries

SLATON — A 17-year-old Slaton youth told police in a signed confession how he and two other youths had burglarized 10 places in Slaton, Wilson and Lubbock within the past year.

Harold D. Talley dictated a four-page written statement implicating two other youths.

George F. Brown, 21, of Slaton and Aaron Everett Jones of Lubbock were charged in connection with the burglaries, also.

"This break clears up 10 of the 14 outstanding burglary cases in Slaton," said Police Chief Gene Martin.

Santa Fe's new calendar is out

A pastoral scene in Canyon de Chelly in Northeastern Arizona is the subject of Santa Fe Railway's 1960 calendar painting now being distributed by the railroad.

Canyon de Chelly, located 95 miles northwest of Gallup, N. M., is part of the vast desert wilderness that forms most of the Navajo Indian Reservation. The Canyon itself is a deep abyss walled in by precipitous red granite cliffs a thousand feet high. There are no communities or roads in the canyon which is inhabited only by a few Navajo Indians who live there the year 'round.

The calendar lithograph was made from an oil painting done by the late Adolph Heinze of Glenview, Ill. Heinze's paintings of mountain scenes in Arizona, Colorado and Canada are widely known among art collectors.

The calendars, more than 450,000 of which are distributed annually, have carried an Indian motif for nearly half a century. They are now available at all Santa Fe traffic offices.

It's no longer something special when the Texas legislature has a special session. Fact is, it's getting rather routine.

Half of the newly reported cases of tuberculosis are among people under 45 years of age.

Danny Kaye's talents get full work-out in coming film at Tower

After 15 years of film-making, Danny Kaye has found a happy middle ground between comedy and drama by playing both in his new Paramount production, "The Five Pennies", which opens Tuesday at the Tower Theatre and continues through Wednesday.

In the Technicolor film Danny has an opportunity to combine the serious and the humorous — plus the musical-facets of his talent in a way to make this the most memorable of all his motion pictures. "The Five Pennies" also stars Barbara Bel Geddes, Louis Armstrong, Harry Guardino, Bob Crosby and jazz pianist-leader Bobby Troup.
