William H. Shaw, third from left, and Bernard M. Blacklock, fourth from left, are receiving their final bonus checks after retiring as employees of Postex Mills. A. ### Mill employees get bonus pay at retirement

Their final bonus checks from Postex Mills were received Friday by two longtime employees who are retiring.

The veteran employees, William H. Shaw and Bernard M. Blacklock, received their bonus checks the day before the mill shut down for its annual vacation week July 14.

Shaw last started to work at the mill on March 10, 1954, but had been employed there for four years, 1946 until 1952, prior to that time. In 1954, he went to work in the weave department, first as a loom cleaner then as filling and quill man.

Shaw, who retired at Postex June 3 of this year after having celebrated his 66th birthday on May 24, lives with his wife, Lillie, at 110 East 4th Street.

Blacklock last started to work at the mill on Aug. 9, 1949, in the carding room, but prior to that time had been employed in the weave department and as a watchman. He has worked the past 12 years without interruption.

Blacklock and his wife, Gladys, live at 116 East 3rd Street. He retired May 29 after having celebrated his 65th birthday last Oct. 9.

His bonus check was presented by Dick Tanner, superintendent of the weave department, and Blacklock's by Jack Ballentine, superintendent of the carding and spinning department.

## Course in public relations slated

A course in public relations, designed to build good public relations in business, is soon to be conducted for managers, owners and employees of retail, wholesale, or service organizations.

Julius Thomas, training specialist and staff member of the University of Texas, is to be in Post on July 18, 11, 13 and 14 to conduct the course for local business people.

Topics to be covered in the sessions include: What is Public Relations? You and Public Relations; Seeing Yourself as Others See You; Good Speech; Getting Along With People; and Why People Behave as They Do, plus discussions of various public relations problems.

The Retail Merchants Committee of the Post Chamber of Commerce and the Retail Merchants Association, Inc., are sponsoring the course in cooperation with Distributive Education, the University of Texas, Division of Extension, and the Texas Education Agency.

All sessions will be held in the Community Room at the First National Bank, beginning at 7 p. m.

JULIUS THOMAS

Thomas, the instructor, was graduated from Ouachita College, Ark., in 1946 with high honors. He has had much direct experience in public relations. (See COURSE, page 5)

FOUR POST GIRLS

Four Post girls, three of them 1961 high school graduates, escaped serious injury Sunday afternoon in an automobile collision in Corpus Christi, where they were visiting.

The girls—Jane Francis, Peggy Ramsey, Anne Morris and Jan Polk—were treated and released at a hospital there. Miss Morris received a head cut which required four stitches.

Full details of the accident had not been received by the girls' families here yesterday, but it is said to have occurred when their automobile was struck by another car after swerving to miss a reckless driver.

Thurman Francis, father of Jane, and Mrs. T. C. Polk, mother of Jan, left for Corpus Christi after receiving news of the accident.

## Council enacts ordinance on dilapidated structures

The city council passed an ordinance on dilapidated buildings at its regular July meeting Monday night as one of the items on a crowded agenda.

The council also entered into a lease agreement with Garza County in which the city leased to the county the old telephone building

just south of the City Hall for the installation and operation of the radio sending and receiving set in use by the city and county.

In other action, the council authorized City Attorney Carleton P. Webb to draw up ordinances providing for the establishment of a city court; appointed Dr. A. C. Sur-

man as city health officer; heard Mayor Powell Shytles read a letter from the State Health Department on the status of the city's application for a federal grant on proposed sewer system improvements; discussed the effects of the recently-enacted dog ordinance on the stray dog problem, and heard a report by the city attorney on the failure of a Lubbock attorney to file tax suits on delinquent property as agreed in a contract entered into with the city a few years ago.

**THE ORDINANCE** on dilapidated buildings was adopted by the council on second reading, with all councilmen present except Roy Baker, who was absent because of illness.

The ordinance provides for the city fire marshal to make a survey within the city and report to the city council the location and description of any buildings which are dilapidated and constitute a fire hazard to surrounding property.

Upon receipt by the council of the fire marshal's report, the city secretary will notify owners, who will be required to appear before the council and show cause why such buildings shall not either be repaired or torn down.

The ordinance further provides that failure by the owner to appear at the hearing or failure to rebuild or tear down the building will authorize and empower the city to destroy the building and charge the owner of the lots with the costs of destruction, which costs shall be a lien upon said lots.

**IN THE LEASE** agreement with the county, the city is leasing the south half of the old telephone building.

**Surprising turnout of 3,000 served at July 4th barbecue**

A record-sized crowd of some 3,000 Garza folks turned out Tuesday for the Chamber's Fourth of July Barbecue in City-County park, thereby surprising even the most optimistic of Chamber officials.

The biggest came when almost 4,000 turned out at Antelope Stadium Sept. 16, 1957, for the Golden Jubilee Barbecue staged by Mrs. Merriweather Post May, daughter of the town's founder.

The biggest pre-barbecue guests on the crowd size was 2,500 anticipated with most expecting only 2,000.

In fact, only 2,000 paper plates were on hand when the serving began 30 minutes early at 11:30 a. m. But with the long line of eager folks, it was quickly apparent that more plates would be needed.

An additional 1,000 were obtained from a local super-market and all were used before the barbecue serving was over two and one-half hours later at around 2 p. m. Busy servers ran out of practically everything—but the main course, the barbecued beef. There

# Sheriff not pleased with radio operation changes

The county-operated police radio equipment was moved from the sheriff's office Saturday morning to the city-owned old telephone building at 108 South Broadway, immediately setting off "fireworks" three days ahead of the July Fourth holiday.

County Judge J. E. Parker described the move as one to get more room for radio operation and to give the City of Post its money's worth in radio cooperation.

Sheriff L. E. (Fay) Claborn Jr., who appeared before the county commissioners' court last Thursday to protest the move, told The Dispatch yesterday that neither he nor any of his men are accepting radio calls coming from the new location. He said that anyone wishing to contact the sheriff's department can do so by telephone.

**HE ALSO SAID** that "since the commissioners' court is operating the radio system, and the sheriff's department has no office help, my office will be open only from 8 a. m. to 12 a. m. and from 1 p. m. to 5 p. m."

"I feel that the radio system is the backbone of the sheriff's office

and our department has been crippled by its removal," he said.

In his appearance before the commissioners last Thursday to protest the moving of the radio equipment, Claborn told them it would cut the efficiency of the sheriff's department by 75 per cent.

In addition to moving the radio equipment, the county commission-

ers discharged three full-time operators, two of whom had been employed by Claborn and one of whom had been employed by the commissioners on the sheriff's recommendation, hired two new operators, put a relief operator on full time and employed a new relief operator.

**BYRON HAYNIE and Homer McCrary**, who had worked as radio

dispatchers during the last few months of Sheriff Carl Rains' administration, were employed as full-time dispatchers, along with A. B. Thomas, who recently has been working as relief dispatcher. Mac McGowan was employed as a relief dispatcher.

Dispatchers discharged were Walter Crider, who had been employed since Sheriff Claborn took office the first of the year; Forrest Claborn, the sheriff's son, and Curtis Didway, who had served as full-time dispatcher for about a week.

The new operators took over with the moving of the radio equipment to the new quarters. Haynie is the dispatcher from 8 a. m. until 4 p. m., Thomas from 4 p. m. until 12 p. m., and McCrary from 12 p. m. until 8 a. m.

**JUDGE PARKER** repeated to The Dispatch yesterday what he had said at the commissioners' meeting last Thursday with the sheriff: "We are hoping that location of the radio system in the new quarters will be only temporary; that before long we can find room for it back over here at the courthouse."

The judge also said that since the city is paying \$460 a month toward operation of the radio, they cannot be blamed for wanting more cooperation than they have been getting and that he feels they will get it with the radio in the new location.

Judge Parker pointed out at last Thursday's meeting that total cost of the radio operation is from \$3,000 to \$4,000 a year. (See SHERIFF, page 8)

## Liquor vote is Saturday

One of the strangest wet-dry election campaigns on record in West Texas comes to the day of decision Saturday when Precinct 3 voters will decide whether or not to keep legal liquor.

The "wets" appear to have piled up a good early lead in the record-sized absentee voting which closed Monday night.

A total of 124 absentee votes were cast, and, since the "wets" strategy has been to get their votes

counted Saturday night, County authorities will turn the absentee votes over to the election judges of the two voting boxes Saturday morning to be counted with the other votes cast throughout that day.

County Clerk Carl Cederholm told The Dispatch yesterday that 120 votes were cast absentee in his office and four additional ones were received by mail. There actually were 125 absentee votes cast, but one was a mutilated ballot which will not count.

While the "wets" have been pushing for absentee votes, the drys, on the other hand, have conducted virtually no campaign at all.

As far as The Dispatch could learn, there is no spokesman in charge of the dry cause as there was a year ago when a well-organized, all-out appeal for votes was made for three weeks before the voting.

The Two-Draw voting place Saturday again will be the Lincoln elementary school, while Verbena residents will vote at the Verbena community center.

Polls will open at 8 a. m. and close at 7 p. m.

Probably the outcome won't be known until 8 or 8:30 p. m.

Dale Cravy is the election judge of the Verbena voting box and Mrs. Marie Neff the presiding judge at the Two Draw box.

In 1960, Verbena voted for the dry cause 17 to 12 while the Two Draw box voted wet 121 to 106.

In that election, there were 284 paid poll taxes in the precinct with 68 of them not voting and some 40 "over 60 voters" who didn't have to have poll taxes paid also casting their ballots for a 256 voting total.

This year, there are 34 more paid poll taxes than there were a year ago.

In Two Draw there are 28 more paid poll taxes this year than last, 284 to 246, whereas in Verbena there are four less from 38 1/2 a year to 34 this year.

Whether this poll tax boost in an "off election year" favors the wet or the drys won't be known until the votes are counted, but certainly it apparently stemmed from the prospects of a 1961 wet-dry election.

**Queen entries to begin ticket sale**

Tickets for the 1961 Southwestern Championship Junior Rodeo—July 26-29—will go on sale here Monday as the rodeo queen's contest gets under way with the four queen contestants beginning their ticket sales.

The Junior Rodeo Association Monday night in the county courtroom heard a report that the repairs of the Post Stampede arena is progressing nicely under the supervision of Glenn Davis.

Rodeo placards will start going out after the next rodeo planning session Monday night.

was still a small amount of beef left after everybody apparently had had their fill.

The potato chips were the first to go, followed by the beans, then the onions. The bread and pickles barely surprised the unexpected turnout.

The weather cooperated ideally for the event with small white clouds keeping much of the heat off during the early afternoon.

Chamber officials were well pleased with the success of the Fourth of July barbecue, the first such

celebration since the sheriff's office was moved to the new quarters. (See BARBECUE, page 5)

**Dispatch office open for results**

Results of Precinct 3's wet-dry election Saturday will be available by telephoning The Dispatch office Saturday night.

Returns are expected between 8 and 8:30 p. m. with the office remaining open for an hour to answer calls and give the results.

The Dispatch has two incoming phone lines, both of which can be reached by dialing 2816.

Of course, the real wet-dry strength of this absentee vote won't be known until the votes are

**Jim Baylis new Legion commander**

Jim Baylis was elected the new commander of the James C. Cole Post No. 270 of the American Legion here Monday night at the post's annual Independence Day evening barbecue.

Baylis, who succeeds Neal Clary, was adjutant of the post during the last year.

A large turnout of over 100 service men turned out for the affair, enjoying a good beef barbecue following the annual election.

Glenn Voss was named vice commander; A. Lee Ward, adjutant; Floyd Stanley, re-elected as sergeant-at-arms; and O. A. Weakley, re-elected service officer.

## Burglars loot cash register

The Corner Grocery & Market at 131 East Main was burglarized late Sunday night or early Monday morning for the first time in its 43 years of existence.

Intruders who broke in through the side door on the east looted the cash register of a little more than \$23, but apparently did not bother anything else.

In the 23 years the store was operated by the late W. R. Graeber, who established it, it never was broken into, nor had it ever been burglarized in the 20 years the present management has had it.

Deputy Sheriff Elton Corley said today he is continuing an investigation into the break-in.

The sheriff's office also reported a break-in at a domino parlor just south of Main Street on Avenue H Sunday night or Monday morning. Deputy Corley said only a few bottles of soft drinks were missed by owner Jess Barrington.

**Car-truck crash kills Ralls man**

One man was killed and another injured about 2:30 a. m. Saturday in a car-truck collision 13.9 miles north of Post on FM Road 122.

Gregorio Zavala, 27, of Ralls, was killed when the automobile he was driving collided with a heavily loaded grain truck-trailer rig driven by Glen E. Westbrook, 28, of Roscoe.

Pablo Solis, 27, also of Ralls, who told Highway Patrolman Max Knox he was asleep on the rear seat of Zavala's car at the time of the crash, was brought to Garza Memorial Hospital with a broken jaw and head injuries.

The truck driver escaped injury. Knox said Zavala's car, traveling north, and the truck, traveling south, collided in the west lane of the highway.

Neither vehicle overturned, but both were totally wrecked, according to the highway patrolman. Most of the 45,000-pound load of wheat being hauled in the truck was spilled onto the highway.

Zavala, thrown clear of his car, apparently was killed instantly, Knox said.

The accident occurred 1/2 of a mile inside the Crosby County line and further investigation was made by officers of that county.

## What's to replace the \$600?

The Texas Heart Association announced today it is withdrawing from the Garza County Community Chest and in the future will conduct its own fund-raising activities.

This decision in no way reflects upon the ability of the Garza County Community Chest to do its job of raising all necessary funds here in the drive and in "policing" the budget requests of outside agencies.

Heart's withdrawal from the Chest is only a continuation of the current trend in fund-raising for medical research.

The March of Dimes has long been outside the Chest. Although polio has been conquered through the development of polio vaccines, the March of Dimes organization is still raising millions of dollars today, having picked up three more medical research causes.

Each year the March of Dimes independently raises from \$2,000 to \$3,000 in Garza County for its programs.

Certainly today, it is taking from Garza County far more than any other organization for medical research although Dr. Salk several years ago whipped the national polio menace.

Last year, the American Cancer Society withdrew from the Community Chests here and across the nation. It was going into fund-raising for itself. It hasn't raised any money since in Garza County and as yet has no organization to attempt the job.

Next year the Texas Heart Association probably will find itself in the same position. It

hasn't the trained personnel to set up a local fund-raising organization. It will get nothing from Garza to replace the \$600 it has been receiving year after year without any problems or any argument.

Actually the big medical research fund drives are concentrated in the big cities where through mass emotional appeals they can raise large sums with a minimum of effort.

It is to be doubted if they ever are strong enough or have the organization funds to reach out into the smaller towns and counties.

On the basis of hard fund-raising realities, the withdrawals from the Garza Chest and other united fund drives simply represents a loss of funds to them which aren't going to be replaced in any separate drives.

Too many such organizations do not have a flexible enough policy to accept funds from a Chest here and there where it is to their own advantage to do so.

The Garza County Chest has the support and backing of the people and has proved itself capable of raising the needed funds for all worthy organizations in a single drive. It also exercises some degree of local control over the size of county contributions to all causes, a very healthy factor for all of us.

Withdrawal from the local Chest drive isn't going to bring any boost in contributions from Garza County. We feel sure it will result in less contributions, or more probably none at all.—JC

## It's freedom's best helper

July 3, 1886, is a date that ranks close to July 4, 1776.

Seventy-five years ago, just 110 years after the Declaration of Independence, the first successful typesetting machine, operating in the composing room of Horace Greeley's New York Tribune added a new emancipation to the freedom enunciated in the Declaration—liberation from 400 years of hand-setting of type and the gift of wings to news!

Observing the still nameless machine in action under the nimble fingers of its inventor, Ottmar Mergenthaler, Whitelaw Reid, then publisher of the Tribune, exclaimed in amazement: "It sets a line of type!" Thus, to this day, the machine that set most of the Tribune's priceless editorial page of July 3, 1886, is known as the "Linotype."

Since that day, more than 100,000 other Linotypes and probably as many other similar, but differently named typesetting machines have gone to work across the nation and in every part of the world, casting type for newspapers, magazines, books and practically every job-printing need. Mergenthaler type matrices—in 900 languages and dialects, plus a wide variety of styles and sizes—have helped to inform and educate peoples in every country on the globe.

The Dispatch is equipped with an Intertype, which for all practical purposes is the same as a Linotype. It takes someone thoroughly familiar with the backshop of a newspaper to tell the difference between the two.

It is only human and natural, perhaps, that we look upon the still amazing typesetting machine as the minor miracle that gave America—all of America—a truly free and vigorous press; that made it possible for the small town editor to inform his public as effectively as the readers of the metropolitan dailies.

We would never deny that "the hand that rocks the cradle rules the world." But we believe the fingers that operate the typesetting machines guide the thoughts of the cradle-rockers—and sooner or later the cradle occupants.

We're sorry we lost sight of the 75th anniversary of the Linotype in the hustle and bustle of doing justice to the July the Fourth holiday. If we'd remembered that July the Third was the 75th anniversary of the typesetting machine, we'd have been tempted Monday to hang a wreath on our Intertype. With plans made to take off for the Fourth, however, we couldn't have given it a holiday—it rarely takes one.—CD.

(We thoroughly agree that the Linotype was a great invention, but like the automobile, there are a few things about this machine that are not on the credit side of the ledger. Linotype operators seldom live to draw their old age pensions. There are very few jobs in the world today that have run as many men insane from nerves than this wonderful invention. What's more there are lots of us running loose today that should be locked up.—The Operator.)

## This election to be different

The Precinct 3 liquor election Saturday will be vastly different from the one 15 months ago when legal liquor was approved by a ten vote margin.

Remember 15 months ago, "wet" advocates envisioned a rich, new industry for Post—the supply of legal liquor to a vast West Texas area populated by some 225,000 people. They got it, too—for a while—until the Slaton precinct (minus Slaton) voted wet in November and reduced this local sales area to something more like 25,000 persons.

Remember 15 months ago, the "dry cause" was virtually a religious crusade here, as much as more outside the precinct involved as in. Hundreds of dollars were raised and every conceivable kind of effort was made to convince the voters.

This Saturday's election has been brought about by a group of determined "drys" within Precinct 3. They have not really "campaigning" as we think of such campaigns at all. They have merely put the question on the ballot.

What Saturday's election amounts to is a performance test. How well has legal liquor

worked here—as against the widespread bootlegging of all the years before?

Certainly, when the Slaton precinct voted wet and Lubbock built its own "Bourbon Street" just outside its city limits, the real pressure was taken off here as well as most of the profits.

Legal liquor has brought strong law enforcement to Garza County—a very important gain. Strong law enforcement has resulted in the State Highway Patrol stationing two patrolmen in Post. That has given us added protection.

Precinct 3 voters are going to decide the liquor question for themselves Saturday. They showed last time they resented outside pressures from the town on what they should or shouldn't do. Some of the election factors which concern the town do not actually affect the precinct voters in making their decision.

And there you have one of the peculiarities of a peculiar liquor law—legal across the state but local option on liquor sale.

The system, like prohibition itself, is unworkable as has been proven here and elsewhere in past years. Probably the most effective means of real control of liquor is statewide legal sale by package stores only.—JC.

As an organization, each of these groups has identified itself with all developments in the community in addition to carrying on its regular program of work.

The members of the Rotary and Lions clubs, particularly the officers and directors, contribute much more time to their respective organizations than the hour or so spent in attending the weekly meetings. Both organizations are worldwide in scope and every Rotarian and every Lion helps just by being a member in contributing to the progress of these two international organizations.—CD.

## What our contemporaries are saying

When preoccupied with random thoughts I have driven my automobile through a mudhole. It is, of course, the old pattern of habit, established as a youth when it was common practice

to drive a buggy or wagon through a mudhole to swell the wood felloes against the rim and prevent rattling.—Douglas Meador in Matador Tribune.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

IT SEEMS THAT when there is nothing much to talk about weather-wise, we always have a flock of ailments to hit the community. In recent weeks it has been an outbreak of summer colds and sore throats. I was lucky enough to miss out on the sore throat outbreak, but caught a summer cold big enough for a fellow twice my size.

Anyhow, there's one nice thing about the baseball season. A man in a blue suit can yell, "Strike!" without anyone walking off the job.

THE FOLLOWING recently reached my desk. I'd seen most of it in other versions, but not in this combination. It's supposed to be a "letter to creditors".

"In reply to your request to send a check, I wish to inform you that present conditions of my bank account makes it almost impossible.

"My shattered financial condition is due to: federal laws, state laws, county laws, brothers-in-law, sisters-in-law, and outlaws. Through these laws I am compelled to pay a business tax, amusement tax, school tax, food tax, furniture tax and excise tax; I am required get a business license, car license, operator's license, truck license, not to mention a marriage license and dog license.

"I am also required to contribute to every society and organization which the genius of man is capable of bringing to life; to women's relief, the unemployed relief and the gold digger's relief; also to every hospital and charitable institution in the city, including the Salvation Army, Community Chest, Red Cross, Purple Cross, Blue Cross, White Cross and double cross; also Boy Scouts, Girl Scouts, Cub Scouts, YMCA, YWCA, all way stations for wayward youths, Boys Ranch and Boys Town.

"For my own safety I am required to carry health insurance, life insurance, fire insurance, property insurance, liability insurance, earthquake insurance, tornado insurance, unemployment insurance and old age insurance.

"My business is so governed that it is no easy matter to find out who owns it.

"I am expected, inspected, suspected, disrespected, rejected, examined, re-examined, informed, required, summoned, fined, commanded and compelled, until I provide an inexhaustible supply of money for every known need, desire or hope of the human race.

"Simply because I refuse to donate to something or other, I am boycotted, talked about, lied about, held up, held down and robbed until I am almost ruined.

"I can tell you honestly that except for a miracle that happened, I would not be able to enclose this check. The wolf that comes to so many doors nowadays just had pups in my kitchen. I sold them and here is the money."

If you are old enough to remember when blue jeans were called overalls and were worn by men, then you are too old for the draft.

UNLESS YOU'RE somewhere around 120 years old, you couldn't have been one of Quantrill's Guerrillas, but if you are the descendant of one of them, there's a fellow in Kansas City, Mo., who'd like for you to get in touch with him for the purpose of joining up with Quantrill's Guerrillas, who he says "ride again".

This Kansas City fellow's name is Brice J. Mansfield and his address is 503 W. 39th St., Kansas City 11, Mo. He writes us that the Quantrill's Guerrillas he is organizing is a non-profit organization for the conservation and preservation of history. If you are a descendant of one of the Guerrillas, you can join as an Honorary Member; otherwise, you can join as a Corresponding Member.

I'VE READ ABOUT Quantrill's Guerrillas, who spread terror through most of Kansas and part of Missouri during the Civil War, and what I've read doesn't make me want to try to find an ancestor among their ranks, nor even join as a corresponding member. But, every man to his own taste, so if any of my readers would like to learn more about this organization they can write Mr. Mansfield at the above address.

Here at The Dispatch, we're still sticking by our rule of not publishing unsigned letters in the "Letters to the Editor" column. But we received one which contains such a provocative message that we are going to pass on part of it here in this column. Someone, who didn't sign his name, writes as follows:

"A Multi-Million Business awaits America on the return of 25 million women to the home. A population boom would create this business, encourage investments for prosperity and defense, boost our military reserves to offset the Red menace. Today it's treason to employ women. The man is more creative. Abolish all female labor."

"I Brought Alfred Along For You And You Were Supposed To Bring Baked Beans For Me."

A hearing will be given and held by and before the City of Post on the 21st day of July, 1961, at 10:00 A. M. in the City Hall of Post, Texas, for the purpose of hearing the real and true owners whether named or correctly named or not, of all property abutting upon said streets within the limits above defined, and all others interested in said abutting property.

At such hearing, assessments will be levied against each parcel of land abutting upon said street within the limits above defined and shall constitute a first prior lien on said property and shall constitute a first prior lien on said property and charge against the real and true owners thereof.

By order of the City Council of the City of Post, Texas, this 26th day of June, 1961.  
S/ HENRY TATE,  
City Superintendent.  
3c (7-4)

AN ORDINANCE DECLARING THE NECESSITY FOR AND ORDERING THE PAVING AND IMPROVEMENT OF CERTAIN STREETS OR PORTIONS THEREOF IN THE CITY OF POST, APPROVING PLANS AND SPECIFICATIONS FOR SUCH WORK, DETERMINING THAT A PART OF THE COSTS WILL BE BORNE BY THE CITY AND A PART SHALL BE BORNE BY THE ABUTTING PROPERTIES AND THE OWNERS THEREOF, PROVIDING FOR THE ASSESSMENTS OF THE PORTION OF THE COSTS TO BE BORNE BY THE PROPERTY OWNERS, FOR THE PAYMENT OF SUCH ASSESSMENTS, SUCH COSTS, ORDERING A HEARING FOR THE REAL OWNERS THEREOF FOR THE PART OF SAID COSTS APPORTIONED TO THEM, ORDERING AND SETTING THE DATE OF HEARING AND SETTING THE CITY HALL OF POST, TEXAS, AS THE PLACE FOR THE HEARING OF THE REAL AND TRUE OWNERS OF SAID ABUTTING PROPERTY AND IN SAID PROCEEDINGS, A N D IMPROVEMENTS, DIRECTING THE CITY SECRETARY OF THE CITY OF POST, TEXAS, TO GIVE NOTICE OF SAID HEARING AS REQUIRED BY LAW; DIRECTING THIS ISSUANCE OF WARRANTS IN AN AMOUNT NOT TO EXCEED FIFTY THOUSAND DOLLARS (\$50,000.00), TO BEAR INTEREST AT A RATE NOT TO EXCEED FIVE PER CENT (5%) PER ANNUM AND TO MATURE IN NOT MORE THAN SIX (6) YEARS; PROVIDING FOR SETTING UP A FUND FOR RETIREMENT OF SAID WARRANTS PROVIDING THE TERMS OF SAID WARRANTS; AND AUTHORIZING THE ACQUISITION OF MECHANIC AND MATERIALMEN'S LIENS BY THE CITY OF POST AND ORDERING APPROVAL OF CONSTRUCTION CONTRACT; BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF POST:

Section 1. That a necessity exists for the permanent improvement of those certain portions of public streets hereinafter listed by excavating grading and paving the same, by the installation of drainage facilities therein, and by the construction of curbs and gutters where adequate curbs and gutters are not now in place, and such improvements are hereby ordered, the portions of public streets to be so improved being designated and defined by Street Units as follows:

West 15th from the east side of North Avenue O to the West side of North Avenue Q.

West 15th Street, between North Avenue O and North Avenue P.

North Avenue O between West 14th and West 15th Streets.

North Avenue K between West 14th and West 15th Streets.

East 14th Street between North Avenue I and North Broadway.

North Avenue N between West 10th and West 11th Streets.

South Avenue S between West 7th and West 8th Streets. (Tahoka Highway)

West 5th Street between South Avenue M and South Avenue N.

West 5th Street between South Avenue K and South Avenue L.

South Avenue K between West 5th and West 6th Street.

East 4th Street between South Avenue I and South Broadway.

North Avenue R between West 10th and West 11th Streets.

Section 2. Each of said Street units shall be paved with the following types of pavement: Three (3) courses of asphalt on a six inch (6") caliche base. Curbs and gutters - Portland Cement. Streets will be paved from curb to curb, curbs and gutters will be constructed where the City Superintendent of the City of Post determines that adequate curbs and gutters do not exist, and necessary drainage facilities will be installed. The plans and specifications for all such improvements, heretofore prepared by the City Engineer of the City of Post, and now on file with the City Council are hereby in all things approved.

Section 3. The cost of said improvements shall be paid as follows, to-wit: (a) The City shall pay all of the costs of excavation and base preparation on all portions of the street units involved, which said cost is determined to be in excess of twenty-five (25%) of the total cost of said project, and where the City Council may deem it just and proper, the City shall also pay all or any amount of any credit adjustment which may be allowed in the assessment of abutting property and the owner thereof.

(b) The City, upon completion of the curbs and gutters, shall pay to Contractor Ninety Percent (90%) of the cost thereof; upon completion of the caliche base, ninety per cent (90%) of the cost of said paving and upon completion of each block unit and the acceptance thereof by the City, the City shall pay the balance then due the Contractor.

Section 4. The written statement and report of the City Superintendent heretofore filed with the City Council showing the estimated total cost of all the improvements on each of said streets or units within the limits above defined, showing the accounts per front foot proposed to be assessed against the abutting property and the real and true owners thereof on each

of said streets and units for said improvements showing the total estimated cost of said improvements on each of said streets or units proposed to be assessed against and paid for by the abutting property and the real and true owners thereof, and showing other matters relative thereto having been received and examined by the City Council, said reports and the estimate therein shown are hereby in all things approved and adopted; and it is hereby found and determined by the City Council that the estimated amounts of the several respective items of cost of said improvements as above described on each of said streets or units are as follows:

Curb and Gutter \$1.35 per front foot.  
Topping \$1.05 per square yard.

No assessment shall be made against any abutting property or real and true owners thereof for costs in excess of the benefits to such property in the enhanced value thereof by means of such improvements, the amount of such assessments shall constitute a first and prior lien upon all such parties and a personal liability of the true and real owners thereof, whether correctly named or not and shall be payable in installments as follows: When the improvements herein ordered for any street unit herein designated have been completed and accepted by the City of Post, the amount of the assessment against each property abutting thereon and the real and true owners thereof shall be and become payable in four (4) equal annual installments due respectively 1, 2, 3 and 4 years from date of acceptance by the City, together with interest on every installment from said date until paid at the rate of seven per cent (7%) per annum, payable annually; provided however, that the owners of any of said property shall have the privilege of paying all or any of said installments at any time before maturity thereof, by paying the total amount of principal of such installment, together with interest accrued thereon to the date of payments. Further, if default be made in the payments of any of said installments of principal or interest as the same matures, then at the option of the City of Post or its assigns, the entire amount of the assessment upon which default is made together with reasonable attorneys fees and all collection costs incurred shall be and become immediately due and payable.

Section 5. A hearing shall be held and given to the real and true owners of, and all owning or claiming any interest in any property abutting upon said streets or units within the limits above defined, and to all others owning, claiming or interested in said property or any of said matters as to the assessments and as to the amount to be assessed against each parcel of abutting property, and the real and true owners thereof, and as to the special benefits, if any, to said property to be received from said improvements, and concerning any error, invalidity, irregularity or deficiency in any proceedings or contract with reference thereto or concerning any matter or thing connected therewith, which hearing shall be held by the City Council of Post, Texas, at 10:00 o'clock A. M. on the 21st day of July, 1961, at which time and place all persons, firms, corporations, or estates owning or claiming any such abutting property or any interest therein, and their agents or attorneys, and persons interested in said proceedings, shall be notified to appear and to be heard in person or by counsel, and may offer evidence; and said hearing may be adjourned from day to day and from time to time and kept open, until all evidence and protests have been duly offered and heard; and the City Superintendent of the City of Post, Texas, is hereby directed to give notice of said hearing by publication of Notice in some newspaper of general circulation in the City of Post, Texas; said Notice shall be published at least three (3) times in said newspaper before the date set for said hearing, the first of which publications shall be at least ten (10) days prior to the date of said hearing, and such notice by publication shall be valid and sufficient without any further form or character of notice. However, said City Superintendent may, in addition to the contents of the Notice of said hearing, as required by law and the Charter of said City, which shall be for all purposes valid and sufficient in itself, included in any one or all of the publications of said notice such further data and information regarding such proposed improvements and assessments as the City Superintendent may deem proper and such general statement in connection therewith as the City Superintendent may desire, to acquaint those to whom the notice is direct with the facts and matters concerning said improvements assessments and hearing. The form of said notice as required by law and said charter, having been heretofore submitted to the City Council by the City Superintendent, same is hereby approved for publication.

Section 6. Following such hearing as provided, assessments will be levied against said abutting property, and the real and true owners thereof for that portion of the costs of said improvements hereinabove determined to be payable by said abutting property and the real and true owners thereof, which assessments shall be a first and prior lien upon said abutting property and a personal liability of the real and true owners thereof. In levying said assessments, if the name of the owner be unknown, it shall be sufficient to so state the fact, and if said abutting property be owned by an estate or by any firm or corporation, it shall be sufficient to so state the fact, and it shall be unnecessary to give the correct name of any such owner and no error or mistake in attempting to name such owner or in describing any of said property shall invalidate any assessment or certificate issued in evidence thereof; but nevertheless, the real and true owners of said abutting property shall be liable and the assessment against said abutting property shall be valid whether or not such owner be named, or correctly named, or said property correctly described therein.

Section 7. Each portion of said streets hereinabove described and designated by Unit numbers constitute a separate and independent Unit of the improvements and shall be improved and the improvements constructed therein as separate and independent from each and every other Unit of said streets and the assessments to be levied for said improvement in each unit or portion of said streets shall be altogether separate and distinct and independent of and from the assessments to be levied in every other of said units and portions of said streets, and in making and levying said assessments against the property abutting upon one of said Units, no matter or circumstance in connection with any other of said Units shall be considered to have any effect upon the other, all as fully and to the same extent as if separate proceedings and contracts had been had and executed with reference to the improvements to be made in each of said units.

Section 8. The Mayor and the City Secretary are hereby authorized and empowered upon the completion of each block to issue warrants which shall be general obligations of the City of Post, payable to the Contractor in Six (6) equal annual installments, the first of said installments to become due and payable one (1) year after date for one-sixth (1/6th) of the total price and a similar installment due respectively 2, 3, 4, 5, and 6 years after date; said warrants may be paid off in full at any interest paying date; said warrants shall bear interest from date of issuance at the rate of five per cent (5%) per annum, payable semi-annually.

In order to secure the payment of said warrants and to set up a fund for retiring the same, the City of Post, in addition to levying the assessments as herein provided for, shall secure from the property owners of any exempt property abutting said project a Mechanic and Materialman's Lien securing notes to be executed by the property owners for the cost of the construction of the improvements as hereinabove designated. The City Secretary shall establish a separate fund known as Post Paving Fund No. 4 into which fund all money collected from property owners by virtue of payment of Mechanic and Materialman's Liens or payment of assessments herein levied shall be deposited and shall be kept separate and apart from any other fund of the City and the amounts deposited in said fund shall be applied solely to the retirement of the warrants as herein specified. The amount of warrants herein issued shall not be in excess of Fifty Thousand Dollars (\$50,000.00) in the event collections in said paving fund are not sufficient at the time of the due date of said warrants to retire any of the warrants then due, sufficient money shall be transferred

from the general funds of the City of Post to complete said payment. The City Council further approves the contract on the terms and at the prices submitted by F. C. Land the Contractor and that the Contractor and contract documents by and between the City of Post and F. C. Land, The Contractor, be and the same are approved and the Mayor is hereby authorized and directed to execute the same on behalf of the City of Post.

It is contemplated that additional blocks within the City of Post will be paved at some future date, and said paving may be provided for in a future ordinance designating said blocks as long as the cost thereof does not exceed the amount of warrants authorized by this ordinance, and Notice of Intention to pave shall be given by the City Secretary as outlined herein and liens of assessments fixed in the same manner after hearing.

Form of said warrants to be substantially as follows:  
No. \_\_\_\_\_ \$1,000.00  
CITY WARRANT  
The City Secretary of the City of Post, Garza County, Texas, pay to the order of \_\_\_\_\_ the sum of One Thousand Dollars (\$1,000.00) out of the general fund and being the general obligation of the City of Post, said Warrant being issued under the authority of Ordinance No. \_\_\_\_\_ passed on the 26th day of June, 1961, for paving and curbs and gutters as designated in said Ordinance, the above

amount being due in Six (6) equal annual installments, the first being due and payable on the \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, and a similar installment for a like amount being due on or before the \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_, 19\_\_\_\_, 19\_\_\_\_, 19\_\_\_\_, 19\_\_\_\_. Said Warrants bear interest from date payable semi-annually at the rate of Five per cent (5%) per annum, payable at the office of the City Secretary at Post, Garza County, Texas.  
WITNESS MY HAND AT POST, TEXAS, this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_.  
Mayor of the City of Post, Garza County, Texas.

**ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:**

**No other wagon can match Ford's features (or popularity!)**

There's a whole wagonload of reasons why more people are buying Ford wagons than any other make.

First, there's more room. Ford's extended load deck is the longest and widest in its field. The tailgate opening is seven inches wider than last year, too.

There's more convenience. You can have an electrically controlled roll-down rear window in any Ford wagon... it's standard in all Country Squires and 9-Passenger Country Sedans. In their field, only Ford wagons have all seats facing forward.

There's more distinction. The Country Squire (shown above) is the one and only wagon in its field with body panels that look like mahogany, wear like steel.

There are more savings, too. Ford's Ranch Wagon is America's lowest-priced,\* full-size wagon. And like all Fords, every Ford wagon is built to be more service-free: goes 30,000 miles between chassis lubrications, 4,000 miles between oil changes, brakes adjusted automatically, mufflers are made to last three times as long as ordinary mufflers, and the finish never needs waxing.

STOP putting off that station wagon you've always wanted. SWAP for a '61 Ford wagon now while your Ford Dealer's celebrating record-breaking sales. SAVE with the wagon America loves most... made by FORD... America's station wagon specialists for 32 years!

## Double ring vows pledged by Miss Martin, Kenneth Williams

Double ring wedding vows were pledged by Miss Carolyn June Martin, daughter of Mr. and Mrs. E. J. Martin, and Kenneth Williams, son of Mr. and Mrs. Charley Williams, at the First Baptist Church, Sunday evening.

The bridegroom is the son of Mr. and Mrs. Charley Williams, who were read by the Rev. C. W. Hager, pastor, at 8 o'clock last Sunday evening.

The bride wore a floor-length gown of lace and tulle, designed by a fitted lace bodice featuring scalloped neckline and long pointed sleeves. Tiny ruffles of white enhanced the full skirt. A tiara of iridescent stones held her hair in a classic updo. She carried a bridal bouquet of white carnations and stephanotis and a white Bible.

Miss Cheryl Martin, sister of the bride, was maid of honor. She wore a white cotton satin dress, fashioned with a full skirt, and a pink sash accenting the fitted bodice. She carried pink carnations in a white lace fan and wore a white headband.

Misses Peggy Ramsey and Kathy Jones were bridesmaids, and Miss Cheryl Martin, sister of the bride, was junior bridesmaid. Their dresses were of pink cotton satin, with full skirts and short-sleeved bodices. They carried white carnations with lace fans, and wore headbands of pink.

Vicky Williams, niece of the bridegroom, was flower girl. She wore a dress of pink organza over white.

Donny Williams, nephew of the bridegroom, was ring bearer. Candelights were Misses Jane Harman and Beth Kemp, who wore white dresses with over-skirts of pink organza. They wore wrist rings of white carnations.

Marvin Williams attended his father as best man. Groomsman were Gary Howell and Richard Jones, and ushers were Charles Williams Jr., brother of the bridegroom, and L. W. Evans of Lubbock, brother-in-law of the bridegroom.

Wedding selections were played by Mrs. J. A. Stallings. She also accompanied Miss Ruthell Martin in the song "I Love You Truly", and Miss Janene Haynie as soloist.

Williams home scene rehearsal dinner Thursday

Mr. and Mrs. Charley Williams were hosts last Thursday evening for a buffet dinner for members of the wedding party of Miss Carolyn Martin and Kenneth Williams. The dinner was served following the wedding rehearsal.

## Families meet 22 years for picnic on Fourth of July

A group of families, all former residents of the Pleasant Valley community, met at the home of Mr. and Mrs. Douglas Livingston Sunday for their 22nd annual Fourth of July holiday get-together.

Some of the original group have not been attending for several years but several families continued meeting each year for the gathering. Members of the original family still active in the annual meeting are Mr. and Mrs. Clark Barton, Mr. and Mrs. Brady Wilson of Slaton, Mr. and Mrs. Gene Gollehon of House, N. M., Mr. and Mrs. Livingston, and Mr. and Mrs. Cecil Lee, who joined the group 15 years ago.

Since the first July Fourth gathering in 1939, many of the couples children have married and continued meeting also. For years they met at Mackenzie State Park in Lubbock, but in recent years have changed the picnic to a dinner at different homes, with games following.

Those attending the dinner this year were Mr. and Mrs. Lee and Shirley, Mr. and Mrs. Barton, Mr. and Mrs. Wilson, Mr. and Mrs. Livingston, Mr. and Mrs. B. L. Thomas and Kelvin, Mr. and Mrs. A. J. McAllister, Tina and Tracy, Mr. and Mrs. Wayne Runkles and Mr. and Mrs. Vernon Scott.

The Gene Gollehons were unable to attend due to illness in the family.

## Bridal shower Thursday for Mrs. Lewis Mason

Approximately 70 guests were registered last Thursday evening at a bridal shower honoring Mrs. Lewis Mason, the former Miss Jane Maxey.

The event was held at the home of Mrs. Elmo Bush in the Graham community with 20 hostesses.

Guests called from 7:30 until 9 o'clock and were registered by Mrs. Travis Guy.

Alternating in serving were Meses Kathy Stone, Carolyn Martin, Beth Kemp, Janene Haynie and Jane Francis.

The serving table was laid in white and orchid and centered with orchid and white carnations. Punch and miniature cake squares were served, with a milk glass service used.

VACATION IN EAST

Mrs. Albert McBride, Annette and James, Mrs. Mary Lee Wriston and Mr. and Mrs. Alex Kittrell of Lorenzo spent a three week vacation visiting and sightseeing in Nigera Falls, N. Y., Washington, D. C., North Carolina and St. Louis, Mo.

## Farm mechanics award received by Post student

Jerry Thuet has been presented with a Certificate of Merit in Farm Mechanics, awarded by the Thor Research Center for Better Farm Living, Huntley, Ill., for showing the greatest farm mechanics ability among the graduating seniors of Post High School.

Neil C. Hurley Jr., founder of the Thor Research Center, a non-profit farm research organization located in northern Illinois, established the Farm Mechanics Award to honor the member of each senior high school class deemed most outstanding in his proficiency to apply farm mechanics to the effective use of farm shop equipment and tools, in the maintenance of farm machinery and in building projects to provide improved farm living and operating efficiency. The selection is made by the student's vocational agriculture teacher.

Recognition of outstanding high school vo-ag is part of the Thor Research Center's program for honoring leading vo-ag teachers, outstanding agriculturists, and others who have contributed to farm progress. The Center also works closely with high schools, colleges, 4-H Clubs and Future Farmers of America groups in seminars and is the site of a Model Farm Shop which features more than 2,500 tools.

The Thor Research Center devotes much time to the study of new methods in mechanization and modernization of the farm. Hurley, board chairman and president of Thor Power Tool Company, founded the non-profit center in 1956.

# HOW MANY CANDLES?

Do you count the candles on your birthday cake? Why bother? Once you're past sweet sixteen, it doesn't matter how many candles you're entitled to. What counts is what you're doing with those years.

The years that are past have burned themselves out. Perhaps they have been all you've wanted them to be—but, if you're like most of us, maybe you could have made them a little better.

One of God's greatest gifts is the marvelous fact that it's never too late to begin again.

Birthdays remind us of the passing of time, of a new life. Celebrate your birthday by giving. Give something of yourself, by going to your church and taking part in its activities, especially those that help others. Next year, the added candle on your cake will burn with a special brightness!

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

 Opening of the new motel at Tahoka has been delayed some by a recent illness suffered by the former Post man. The Wrestlers moved to Tahoka only recently.

**Post girls attend Senior Assembly**  
**ABILENE**—Two high school students from Post, Beverley Young and Marsha Smith, attended the annual Senior Assembly of the Northwest Texas Conference of the Methodist Church on the campus of McMurry College June 26-30.  
 The Methodist young people met daily in workshop and study groups for organized fellowship, recreation and worship during the week-long assembly. They resided in McMurry's dormitories and had their meals in the college dining hall.  
 Theme for the assembly was "My Living Bible," and daily worship and study were built around the Bible theme.  
 Speaker for the assembly was the Rev. Bill Kent, former missionary to Bolivia and now associate pastor of St. Paul Methodist Church in Abilene.

# Heart Association withdraws from Garza Community Chest

The Texas Heart Association announced today that it will not participate in the Garza County Community Chest in any future campaigns but will conduct its fund-raising activities independently.  
 In a statement issued by George E. Clark Jr. of Austin, Texas Heart Association president, the basic reason given for the decision was "overwhelming evidence" that only through independent campaigns can the Heart Association obtain sufficient funds vitally necessary to reduce the toll of heart disease with utmost speed and that any less support would mean delay in the Heart program and a needless loss of life and untold suffering.  
 The Texas Heart Association has been receiving \$600 annually from the Garza County Community Chest for the last several years.  
 For 1961, it requested \$750, but was held to the \$600 figure.  
 "The Texas Heart Association, and all the affiliates throughout the country which make up the Am-

erican Heart Association," the statement continued, "have as their major goal the conquest of diseases of the heart and blood vessels in the fastest, most effective way possible. In spite of the dramatic advances through Heart Research, cardiovascular diseases still pose the greatest health problem in the nation today and the most serious threat to every family in the community. More than 10,000,000 Americans are suffering from heart diseases, among them 500,000 school children."  
 "We have a clear responsibility to the American people to reduce the heart disease toll with all speed, and independent campaigns have provided the greatest public support and given the means to build strong heart programs," Dr. Clark stated.  
 When the American Heart Association conducted its first national

campaign in 1949 it had no rule against local Heart Associations participating in federated appeals and many of them did. Studies of these Heart Associations that had participated in federated appeals show that United Campaigns had sharply curtailed the income needed for expanding programs of research, education and community services. These Heart Associations in federated campaigns "had also lost volunteer support, had lost identity in their communities and had lost the educational impact of a separate campaign." Local United Fund committees "usually cut or denied many budget and program requests vital to the fight against heart disease."  
 As a result, in 1955 at a meeting of the AHA national assembly, volunteers from Heart Associations throughout the country, including representatives from Texas, "overwhelmingly voted the present fund raising policy which forbids any new participations in a federated appeal."  
 "Since our policy regarding non-participation in federated appeals was conceived solely for the purpose of assuring the growth of research and program development, it is essential that it be maintained," Dr. Clark stated.  
 He went on to say that the Heart Association is sympathetic with the United Fund campaign to raise money "for those agencies which choose to join" and that "we wish you full success in your campaign."

## 'The Plunderers' coming to Tower

"The Plunderers," which toplines Jeff Chandler, John Saxon and Dolores Hart, is to show at the Tower Theatre here this coming Tuesday and Wednesday.  
 This is a tale of the cow country that transcends the "Western" label.  
 "The Plunderers" sets forth a universal theme address to moderns in an explosive story peopled by recognizable human beings and told with distinction. The result is an entertainment experience likely to get "The Plunderers" the best kind of advertising in the best possible way—by public word of mouth.

### 'Show home' is begun in new Fred Robinson addition

Horace Henley, local contractor, was busy on two home fronts this week—beginning construction of a "show house" in the new Fred Robinson addition building development, and moving his Bar-B-Q Hut from 508 East Main to 230 West Eighth for conversion into a drive-in with separate dining room for students.

The new "show home" in the Fred Robinson addition is at 704 Cantilly Lane, one of the new paved streets in the addition. The residence will contain 1,187 square feet, be of frame construction, slab floor, brick trim, composition roof, with five rooms and one bath with attached garage. Estimated cost in the building permit issued to Henley was for \$10,000. The Fred Robinson addition was started and approved by the city as a new residential area several months ago. Utilities are now in as well as curb and gutter and all but the blacktop surfacing on the paved streets.

### Archery event is set for July 16

The Post Archery Club will be host to a West Texas League "shoot" Sunday, July 16, at the archery range on the R. J. Blacklock property, just off the Gail highway. Registration for the archery shoot will begin at 9 a. m., with shooting to begin at 10 a. m. Sandwiches and cold drinks will be available.

Archers from the Abilene, San Angelo, Snyder and Lubbock clubs will attend the shoot here. The Post Archery Club welcomes visitors and prospective members. Anyone interested is asked to dial 2982 or contact any member of the club.

### Post man named to draft board

T. L. Jones of Post has been informed of his appointment as a member of Local Draft Board No. 88 at Lubbock to represent Garza County. Jones was appointed by President Kennedy after being recommended by Gov. Price Daniel. He was advised of his appointment by Col. Morris S. Schwarz, state director of selective service. "I am sure your membership on the board will reflect great credit to yourself and the Selective Service System of Texas," Colonel Schwartz wrote the Post man. Jones was appointed to replace Cal C. Casteel, who resigned to move to Amarillo. Local Board No. 88 has jurisdiction over Crosby, Garza, Lubbock and Lynn counties.

### Thuet test is dry in Strawn

Continental Oil Company's No. 6 L. G. Thuet turned out to be a "water" in the Strawn this week and the deep test is being plugged back for completion as a San An-dreas producer. Gordon Corbell, Continental's production superintendent, said a test of the Strawn at 3,465 feet produced only salt water and drilling cut back.

### Nephew visits

Darwin Yeary of Weatherford, nephew of Mr. and Mrs. Arthur Wood, spent the July 4 weekend with Mr. and Mrs. Roy Holland of Portales, N. M., west Saturday night with the Floyds.

### July 4 guests

Guests in the home of Rev. and Mrs. Ed Herring on July 4 were Rev. and Mrs. C. M. Schindler and family of Lubbock and Mr. and Mrs. Spivey and children of Snyder.

### City council--

(Continued from page 1) building for the radio operation. The lease is effective as of July 1, with the county paying the city \$1 a year as rent.

The agreement also gives the county the right to renew the lease for a consecutive period of one year for a term of five years, with the lease to be terminated by the county at any time it decides to change the location of the radio operating unit.

After a brief discussion of the establishment of a city court, during which Mayor Shytle told the council, "it isn't far off," the city attorney was instructed to proceed with the necessary ordinances.

The mayor was authorized by the council to contact a man they "have in mind" for the position of city judge, which would be a part-time job requiring only a few hours work a week.

THE COUNCIL'S plans are to set up the city court in the part of the old telephone building not being used by the radio operators. Dr. Surman's appointment as city health officer fills a vacancy that has existed for several months. Dr. Surman will not be paid any salary as city health officer, the council said.

Mayor Shytle read a letter from the State Health Department explaining why a report cannot be made at this time on the status of the city's request for a \$21,000 federal grant for extension of the sewer system into parts of the city not now served by sewer lines.

The letter explained that it has been the policy of the State Board of Health to inform the applicants for grants every July 1 regarding their standing as a result of the board ratings of the applications.

"THIS YEAR, however," the letter stated, "we are unable to make the usual assumption since a number of proposals are before Congress." These proposals affect the amount of funds available to Texas, and the board stated it would delay its notification regarding these grants "until we receive definite information as to the amount of funds to be available to Texas."

The letter assured the mayor of the board's "continued interest in your application for funds," and stated that the board would continue to keep the city advised.

Discussion of the dog ordinance enacted several weeks ago brought general agreement from the mayor and councilmen that the measure has been of value in reducing the number of stray dogs, particularly those running in packs.

Mayor Shytle said he knew the local veterinarian had vaccinated a large number of dogs against rabies since the ordinance went into effect and that he knew of at least one occasion when the veterinarian had run out of anti-rabies serum.

CITY SECRETARY Tommie Weeks said 22 city dog licenses had been issued since the ordinance was enacted.

The mayor said citizens could keep the stray dog nuisance at a minimum by reporting to city police packs of dogs running at large. "The city attorney described as 'the failure of a mission' the failure of the Lubbock attorney to file suits against delinquent property per his agreement with the city."

Webb said the attorney told him that since the contract was signed two of his partners had left him "with four men's work to do," and that he just hadn't had time to foreclose on any of the delinquent property.

The city attorney said he believed the original contract with the Lubbock attorney might as well be "written off as a lost cause," and other arrangements made either to secure the back taxes or foreclose on the delinquent property.

The council agreed that the Lubbock lawyer's efforts had resulted in the payment of a considerable amount of delinquent taxes and that the only place he failed the city was in not filing suits against those who did not pay in response to the letters he sent out.

Truck wreck Tuesday scatters hay and gas. Unscheduled July the Fourth "fireworks" were narrowly averted early Tuesday afternoon when a truck loaded with hay overturned just across the overpass on U. S. Highway 84. Gasoline from the truck's reserve fuel tank was scattered at the scene and Post volunteer firemen took equipment to the wreck as a precaution against fire. No injuries were reported.

### County agent reports

## Beneficial rain falls; cotton is looking good

A beneficial rain fell late Sunday and early Monday in most areas of Garza County—beneficial in that it was not too heavy in areas north and northeast of town where most crops had been replanted at least once because of wash-outs.

County Agent Lev C. Herron said the rain in Post measured .32 of an inch. More than an inch fell at Graham, but it played out west of that community. A strip east of Close City received about an inch of rain late Sunday afternoon.

Generally, the agent said, crops are "looking good" throughout the country.

Herron cautions farmers that the terminal area of squaring cotton should be checked closely to prevent large build-ups of fleahoppers and serious loss of small forms. Fleahopper populations continue to increase in fruiting cotton over the area, with medium to heavy damage reported in Dawson, Hale, Howard, Midland and Reeves counties.

Bollworm infestations have remained static during the past week, the agent said, but careful observations should be made frequently to prevent a sudden build-up from causing serious damage.

The county agent reminds farmers who are not satisfied with the results obtained from insecticidal applications to check to see that the spray nozzles, operating pressure and insecticidal dosage are as recommended for effective insect control.

### Snake is killed in Babe Ruth outfield

Fly balls aren't the only thing the outfielders chase at Babe Ruth League Park. There are snakes out there in that grass, too. During last Thursday night's game between the Braves and the Cubs, Cub outfielder Filemon Vargas almost stepped on a snake that seemingly was intent on sharing left field with him.

The game was held up while Vargas beat at the snake with his glove, but the finishing touches were applied by Joe Wilson, coach of the Braves.

### Barbecue--

(Continued from page 1) event here for the holiday in many years.

Chamber Manager Johnny Hopkins said yesterday Chamber officials, directors, and himself wished to thank all of the many business and professional men who helped cook and serve the meal and donated food, and to the Garza ranchers who donated over 1,300 pounds of fine beef for the occasion.

Barbecuing of the beef was an all-night job with the ten to 12 cooks getting the new barbecue pit fire going at midnight and cooking through the night. Matt Stelzer and his "regular barbecue crew" were in charge again of the food preparations.

City sanitation department workers were on hand to clean up the park of paper and other barbecue debris as soon as the crowd began to drift away around 2 p. m. In an hour the park was all cleaned up and soon was being put to use by picnickers for the remainder of the holiday.

The largest throng of the season turned out at the city-county swimming pool for its annual Fourth of July Swim Party.

During the afternoon a clown diving exhibition was staged by Glen Poik, Harold Wayne Mason and Curtis Holman.

Chamber Manager Hopkins reported that some tourists passing through on US-84 were attracted by the size of the barbecue crowd in the park and stopped and participated in the Post Chamber's hospitality for a free barbecue beef lunch.

### Shallow wildcat staked in Garza

A 2,100-foot wildcat to test the San Andres will be drilled by J. E. Blakey Jr. of Justiceburg as the No. 1 A. D. Justice, four miles southeast of Justiceburg.

The exploration is a north offset to a 2,655-foot duster and one-half mile west of the Durward (San Andres) pool and seven-eighths of a mile east of a 2,708-foot failure. Drillsite will be 2,310 feet from north and 330 feet from east lines of Section 3, Block 6, H&GN Survey.

### Drowning victim is buried at Slaton

Frank Cisneros Jr., 16, of Post, who was drowned last Thursday in a swimming accident in Kansas, was buried in Slaton Monday after funeral services at Our Lady of Guadalupe Church.

The youth was in Kansas with his family for the wheat harvest at the time of the accident. A number of Post relatives and friends attended the funeral.

### Post cowboys are saddle winners

Jack Kirkpatrick and Jimmy Moore, both of Post, were among five championship saddle winners at the Texas Cowboy Reunion held Saturday, Monday and Tuesday at Stamford.

Kirkpatrick won the championship call roping saddle with a 3-call time of 37.2 seconds. Bill Flowers of Aspermont was second and Jess Everett of Snyder was third.

Moore combined a total of 281 points to win the championship saddle in the saddle bronc riding contest. Jim Kelly of Aledo was second with 279 points and Rusty Welch of Post was third with 278.

### Sheriff--

(Continued from page 1) 000 to \$9,000 a year. "If the city should find it necessary, through lack of cooperation, to install their own radio system, then it would cost each branch of government—city and county—twice what it is costing now to operate one system for both."

Claborn was told at last Thursday's meeting that radio equipment now on hand and not being used could be installed in his office for part-time use. It was stated then that more than likely the radio equipment not now being used would have to be traded for other equipment, since it is not of the same frequency as that now being used.

Judge Parker said yesterday he had been informed that the frequency of the new equipment can be changed for use in the sheriff's without a trade-in being necessary. Since the moving out of the equipment Saturday the sheriff's office has been left "high and dry" as far as either sending or receiving apparatus is concerned.

"I am confident that everything can be worked out to everyone's satisfaction," Judge Parker said. "We are getting topnotch law enforcement and we want to keep it that way."

### VACATION IN BIG BEND

Mr. and Mrs. Lowell Short, who planned a vacation in the Mexico mountains, had their plans changed by the death of an aunt in DeLeon. After attending funeral services, they drove to Big Bend National Park where they spent several days. On the return trip they visited relatives in Odessa and Seminole. They were away 10 days.

### FAMILY VISITORS

Visiting in the home of Rev. and Mrs. J. T. Crawford this week are her parents and a sister, the Guy Westons of Dodge City, Kan., and a brother, Harold of Tacoma, Wash.

### Troop 319 Scouts end encampment

Boy Scout Troop 319 completed its summer encampment Saturday with one member having won the archery event, two others achieving two merit badge goals each, and another member and Scoutmaster William R. (Bill) Bennett being "tapped" as candidates for the Order of the Arrow.

Charles Landroop was the winner of the archery event and was given a book on the archery merit badge.

Steve McDonald and Ronnie Jackson achieved cooking and pioneering merit badges during the encampment.

McDonald and Bennett were designated for the Order of the Arrow at a Friday night campfire for candidates.

This year's camp was in charge of Alf Graves, district field director and Gene Young, son of Dr. and Mrs. B. E. Young, who was in charge of the overall camp program.

Chief Runkles, camp ranger, was in charge of the camp's nature program.

## Corvairs outhit, but win, 14-12

The Corvairs climbed to a 500 percentage mark in Little League play Saturday night by outlasting the third-place Westerners, 14 to 12, in a make-up game.

The Westerners got off with a rush by scoring five runs in the top of the first, but the Corvairs came back with four. The Westerners added their lead to 7-4 by scoring two in the top of the second, but the Corvairs went around them, 8-7, by scoring four in the bottom of the second. They stayed out in front the rest of the way.

Clint Johnson went the distance on the mound for the winners. Tommy Rivera was the starter and loser for the Westerners with Leroy Saldivar and Freddie Collazo pitching in relief.

The losers outhit the winners, 16 to 11.

Edwards, Linda Robinson, Linda Camden, Kelly Jo Myers, Sue Pritchard, Sherry Brian, Tommy Brian of Nevada, Edwin and Troy Lewis, Billy Joe Hall, Teddy Scott, Ronald Saunders, and Rodney Callaway.

Mrs. Dixie Roberts and Jack and Mr. and Mrs. Maurice Fluitt and Mark and Mrs. Fluitt's two younger brothers enjoyed boating and skiing at Lake Thomas Saturday.

## Tiger slugger is easy choice for first base post

Norman Cash, Garza County's gift to major league baseball, was the top vote-getter for the American League All-Star team that will play the National League All-Stars July 11 at San Francisco and July 31 at Boston.

The slugging Detroit Tiger first baseman, who made the All-Star team for the first time, received 235 or 80 per cent of the votes for the first base position on the AL team.

The result of the vote by major league players, coaches and managers was announced from the office of Baseball Commissioner Ford Frick.

Far behind Cash in the balloting for the starting AL line-up in the All-Star game were Roy Sievers of Chicago with 22 votes and Bill Skowron of New York with 16 votes.

At the time of his selection to the All-Star team, the phenomenal Cash, playing his third year in the majors, was the American League's leading hitter, second in runs batted in and well up among the leaders in home runs with 24.

The only other member of the league-leading Detroit team to make the starting line-up for the All-Star game was Rocky Colavito, who will start in left field.

The announcement from Frick's office Saturday listed the starting line-ups only. Selection of the full All-Star squads for each league, including pitchers, was to be made this week.

## Game seasons up for '61 setting

AUSTIN—Hunting dates for the 1961 season will be set at the mid-summer meeting of the Game and Fish Commission in Austin July 7, according to H. D. Dodgen, executive secretary. General laws cover the white-tailed deer season in most of the Texas counties, opening the season from Nov. 16 to Dec. 31, inclusive. The general law quail season is from Dec. 1 to Jan. 16, inclusive.

However, with 120 counties now under regulatory authority, seasons with different dates may be set in many of those counties. The bag limit also will be affected, based on supply of game and the range conditions.

One of the major items of discussion will be the possibility of a bag limit of three deer in some of the counties now overpopulated with game. This would be an extra doe permit, to be known as a "bonus" deer.

The doe population has increased in many Edwards Plateau counties to a point beyond the carrying capacity of the land. The extra doe permit would be given in hopes of bringing about a balance, both of sex and range conditions.

The 57th session of the Legislature added 16 new counties to regulatory control. Public hearings are in progress in these counties now. In an effort to develop local thinking concerning this fall's regulations.

## Baseball program is nearing mid-July end

The summer baseball program for boys was entering the home stretch this week, with play in the Babe Ruth League scheduled to end Saturday night and Little League play on July 20.

At least one make-up game is expected, however, to extend the Babe Ruth League season into next week, league officials said. In the Babe Ruth League, the Braves and Cubs are fighting it out for first place. The Braves have a one-game lead and the best the Cubs can do is finish in a first place tie.

It appears that it will be a down-to-the-wire battle between the league-leading Red Sox and the second-place Dodgers in the Little League. Going into tonight's games, the Red Sox are less than a game ahead, with an 8-3 mark and the Dodgers are 8-2.

The Babe Ruth League is getting ready for the area playoffs and league officials this week are selecting the 10 top hitters on the basis of averages in the official scorebook.

These top ten batters will name their choices for managers of the All-Star team, after which the managers will select five more players to round out the 15-player All-Star squad.

The scheduled July 4th double-header at Babe Ruth League Park didn't develop Tuesday night when neither the White Sox nor the Cubs were able to field enough players. Many of the boys were on out-of-town holiday trips with their parents.

Baseball fans who turned out for the holiday attraction were not disappointed, however. They saw the league leaders, the Braves, win a 13 to 7 slugfest from the last-place Indians.

The first inning was a wild affair, with the Braves scoring nine runs and the Indians four. The game was called at the end of six

## '61 dove season probably Sept. 1

AUSTIN—The Texas dove season in 1961 probably will be about the same as last year, according to H. D. Dodgen, executive secretary of the Game and Fish Commission. The dates will be set at a Commission meeting in Austin July 7.

P. B. Uzzell, assistant director of wildlife restoration, returned from Washington this week where he attended a dove conference. It was agreed at this conference with the U. S. Fish and Wildlife Service that a 60 day season could be set in Texas. Opening date of the North Zone is expected to be Sept. 1. Opening of the South Zone season will be decided by the Commission.

The bag limit probably will be 15 per day or 30 in possession of mourning doves.

There is a strong indication, according to Dodgen, that the white-winged season in the Valley will be set to open Sept. 8. Whether or not it will be a three or five day season is still open.

Last year, the limit on white-wings for the three-day season was 10 per day and 10 in possession. However, there was an aggregate possession of 30 doves, with a limit more than 10 whitewings.

The Corvairs, with Terry Moreau going the distance on the mound, took early command in their one-sided win over the Tigers. Larry Johnson was the losing pitcher.

The game went only three and a half innings because of the 10-run lead rule.

## I Give You Texas . . .

By BOYCE HOUSE  
I had known Roy Bacus when he was editor of the Cleburne Times-Review and I was editor of the Ranger Times and we used to cover some of the same football games. So when I read in the paper that Roy had accepted a sales position with WBAP in Fort Worth, I thought, "This might be my chance to get on the air because Roy, being new, won't have a lot of program ideas already worked up and he will feel some personal interest in his old colleague."

So acting in the spirit of modesty characteristic of me, I phoned him and told him I had a good suggestion for a radio program featuring a fresh and original personality—me.

Roy said I might not be original but I was certainly fresh. At his suggestion, I wrote a sample script and he arranged for a recording. Not long afterward, I was attending the races at Hot Springs and, out at the track, was handed a telegram. The message said I had a sponsor for a weekly program.

It so happened that, some time before, I had helped write the movie, "Boom Town," and had penned a line for Clark Gable to the effect that he was wearing a brand new pair of Justin boots. This was very gratifying to the Justin boys, especially as 36,000,000 persons viewed the film its first year.

So when they heard the recording, I had me a radio sponsor. The agreement—verbal—was for six months and from time to time it was renewed, never with a word of writing and the arrangement was entirely harmonious throughout.

For seven years, for 15 minutes during the noon hour Sunday, "I Give You Texas and the Great Southwest" was on the air. Occasionally there was a guest—to name a few, J. Frank Dobie, former Ranger Captain Tom Hickman and Gov. Coke Stevenson—(It was the first radio "appearance" Stevenson made after he became governor and 15,000 copies of the interview were sent to listeners). Mainly, the program was just me, telling stories about the history, lore and legend of the Southwest. The theme song was "La Golondria." The last program was given in 1948 but every now and then, someone met for the first time, says, "I used to listen every Sunday."

**Farm yearbook features seeds**

The 1961 yearbook of agriculture is off the press—all 391 pages of it.

Copies may be obtained by writing a member of Congress. The U. S. Department of Agriculture does not distribute copies.

The superintendent of documents at Washington, D. C., sells copies at \$2 each.

The book contains 75 chapters with 48 pages of photographs and illustrations. More than 120 writers — 82 of them Agriculture Department employes — prepared material.

There are seven main sections including the importance of seeds, the processes, production, processing, certification, testing and marketing of seeds.

**HER SMILE REFLECTS HOPE**

Walking again after treatment at the Texas Rehabilitation Center of Gonzales Warm Springs Foundation, a little girl smiles and reflects the hope of Texas' thousands of handicapped citizens. An agency of the Garza County Community Chest, TRC depends upon public contributions and allotments from federated giving organizations for more than half of its monthly budget of \$55,000.

**Garza Community Chest agency helps in rehabilitating disabled persons**

GONZALES—Last month a man fell from a ladder, injuring his spinal cord. Now both his legs are paralyzed, and he'll need a lot of expensive treatment to be able to work again and lead a rewarding, active life.

A fall from a ladder, an auto accident, a stroke, and a disease are only a few of many life-shattering events that leave victims paralyzed in their wake. Today more than 23,000 Texans are physically disabled because of many different kinds of accidents and diseases.

"Fortunately," said Walter H. Richter, executive director of the Texas Rehabilitation Center, "nearly 85 per cent of our disabled citizens can be returned, through rehabilitation, to productive places in our economy."

The Texas Rehabilitation Center of Gonzales Warm Springs Foundation, an agency of the Garza County Community Chest, offers a complete program of rehabilitation to help the disabled person return to as full and useful a life as possible. Many different types of therapies are used in the program, which is under the direction of a specialist in physical medicine and rehabilitation.

Formerly a center used mainly for the treatment of the effects of polio, TRC now offers rehabilitation to Texans of all ages who have been disabled as a result of a wide range of accidents and diseases.

With a physical plant valued at \$2,500,000, TRC is the largest center for rehabilitation in the Southwest.

Because of a lack of operating funds, TRC is operating a little more than half capacity, though there is a long list of persons seeking treatment at the Center.

The monthly budget of the Texas Rehabilitation Center is \$55,000, and it must depend upon contributions from the public and allocations from federated giving organizations for more than half of that amount.

# Summer meeting to begin Sunday

Lessons from the Bible will be presented by Cline R. Paden of Plainview during the annual summer meeting of the Post Church of Christ, which begins Monday, July 10, and continues through the following Sunday.

Kenneth Greene, minister of the church, said the Sunday services will be at 10:30 a. m. and 6:30 p. m. and the weekday services at 7 a. m. and 8 p. m.

Singing will be led by Homer Martin.

Cline R. Paden, a native Texan,

is one of five brothers and sisters actively engaged in church work.

While serving some seven years in Italy with the church, Paden was the first superintendent of Frascati Orphans Home and later helped to establish the work in Rome. After returning to the United States in 1955, the Padens helped form a group going to Scandinavia, and he was in Copenhagen, Denmark, for 40 months.

Paden is presently working with the Tenth and Utica congregation in Plainview.
