White River plans

(Continued From Page 1)
suggested to directors that the board could possibly work out the road situation with state and county authorities to have road approaches into the dam area from both sides, and to have the connecting road over the dam paved. The water filtering plant, which will cost an estimated \$450,000, not counting the excavation costs into a hillside a mile from the dam site, will be constructed to permit gravity flow through the plant without the necessity of pumping.

The plant will have a filtering capacity of 4,500,000 gallons daily which should be more than enough water for the four towns for decades to come. Nichols said the engineer estimates show only a 3,000,000 gallon average daily need in 1990.

DESIGNED FOR EXPANSION
The plant is so designed, however, for expansion to provide added capacity at a later date, if necessary, for "peaking purposes" in the time of heavy summer demands.

In answer to one question, Nichols said that chlorine will be added to the water for the city's use at the filtering plant before it goes into the pipelines. He explained that properties of chlorine will keep the pipeline "slicked" inside and will decrease power costs for pumping.

He also said that the filtering plant plans will be submitted to the Texas Board of Health for its approval and will meet all state health requirements.

In answer to another question, he explained that in case a pipeline pump breaks down to any of the four towns valve adjustments in the plant can be made to keep moving water to that particular town for an emergency period while the pump is repaired.

He gave a detailed explanation of the filtering system and its 24 hour operation.

Turning to the pipeline section of the plans, Nichols said that this big contract will be divided into four different contracts in order to attract as many bidders as possible

and get the best possible total price. "One contractor might not be able to build the biggest line to Post but could be very competitive on some of the other pipeline sections," he declared.

ANY OF 3 KINDS OF PIPE
The engineer explained that specifications will permit use of any of three kinds of pipe for the pipeline—concrete cylinder, asbestos concrete, or cast iron.

He said his firm had no favorites on which kind of pipe is used.

Nichols said that bids will be taken on use of both an 18 and 16 inch diameter pipe from the dam site to Post. He said the 16 inch has enough capacity for all foreseeable needs, but an 18 inch size would probably cut operational costs as the pipeline would not have to be used to capacity.

If bids made it necessary to stay within the \$4,000,000 overall cost figure the 16 inch could be selected. If the district could afford the larger line that could be chosen.

A 16 inch line would run from the dam site to Crosbyton with a 12 inch line going on from Crosbyton to Ralls. A 12 inch line will be built to Spur. Booster pumps would be located on all three lines with storage galvanized steel storage tanks of about a million gallon capacity located on each of the lines. The storage on the line to Post would be about six miles from Post, with a pump or booster station at that point.

All pump stations would be automatically controlled from the filter plant at the dam site via underground telephone cable.

The fourth construction contract would be for the four galvanized steel tanks on the lines plus some smaller ones.

CORE TRENCH SURPRISE

In commenting on final cost estimates of the engineering firm for the project, Nichols said "we had no idea we would have to dig a 70-foot core trench under the river bed at the dam site to cut off underground water flow."

Directors voted unanimously to hold the bid opening for the dam project in the Pioneer Memorial building at Crosbyton which will seat 500.

Nichols said approximately 100 contractors or suppliers could be expected for the bid opening with most of them in the area several days prior to the opening to complete their bids after inspection of the terrain.

No date for the bid opening has been set.

Nichols indicated that the purchase of the site must be "within sight" before the bid opening so the winning contractors can get started within 60 days.

He also pointed to the "tremendous job" which will be necessary in obtaining right of way easements for the pipelines. As soon as state loan approval is obtained, Nichols thought state money would become available to start securing these easements and the dam site.

Federal and state loan funds would be taken only as needed to keep interest charges down.

ELECTRIC POWER PLANNED

Nichols said engineering plans call for use of electric power only for the dam project. He said four electrical firms already have contacted his firm for plans for the project so they can prepare power cost estimates for consideration by the White River board.

Telephone communications into the lake area also were discussed by the board. Nichols suggested radio communications, besides phone communications, would be feasible and would not cost over \$5,000.

The board heard a report that at a hearing in Austin three weeks ago the Water Resources Board amended the White River district's water permit for use of the new dam site, about three-quarters of a mile downstream from the old one to avoid the expense of block-

ing off a centuries-old water course around the original dam site.

The permit also was admitted to provide such water rights provided dam construction got underway by March, 1962, which extends the date of the start of dam construction a year should any difficulties arise, without the necessity to obtain a new permit.

LOAN APPLICATION
Board Chairman Tom Boucher read a letter from the state water resources board saying the district's loan application had been received and would be assigned to a board committee for study at its February session Feb. 7 for action by the full state board at the March meeting.

All White River district officers were reelected for the year 1961 at the start of the meeting. These include Boucher, president; Marvin McLaughlin of Ralls, vice president; and Robert Work of Crosbyton, secretary. New White River directors, appointed by member cities, also were sworn in for their new terms.

Attending from Post were Directors Boucher and A. C. Surman, and Publisher Jim Cornish.

Post woman visiting son in St. Louis

Mrs. Ella West, who makes her home here with her sister, Mrs. Eva Bailey, left last week for an extended visit with her son, Dr. L. E. Sanders, in St. Louis, Mo.

She was accompanied by her son, who had spent a few days visiting here with his mother and Mrs. Bailey. They made the trip by Kuykendall Air Charter Service. The condition of Mrs. West, who recently suffered a light stroke, is reported somewhat improved. Her right leg and right arm were partially paralyzed by the stroke. She is still wearing a cast on her left leg, which she injured in an automobile accident a few months ago.

VISIT HERE SUNDAY

Sunday visitors in the home of Mr. and Mrs. J. W. Rogers and Joan included Mr. and Mrs. Dolan Dempsey and children of Seagraves, Mr. and Mrs. Curtis Williams and family and Mr. and Mrs. Joe McCowen and children.

YOU PAY THE LEAST! YOU SAVE THE MOST!

In just five minutes, we Ford Dealers will show you how to save over one hundred dollars a year in operating costs with America's lowest-priced, full-size 6-passenger car (including the equipment most people want) and we'll give you a free copy of this folder to prove it!

You can ride in this rich-looking '61 Fairlane... with radio, heater and automatic transmission... for less than the price of any other full-size, 6-passenger car in the U.S.A.

In fact, this car is priced nearly \$100 below some of the compact cars.*

And mind you, this amazing low price brings you a car that's *Beautifully Built to Take Care of Itself*. That means you'll save plenty in operating costs—save more than with other 1961 full-size cars.

Figure it out for yourself with our FREE fact-filled folder, "Here's Proof..." At the same time, get our unbeatable **SAVE-MOST DEAL** on a '61 Ford Fairlane—for a limited time only. Don't waste another day or another dollar. Come test-drive a cost-cutting, new '61 Fairlane today!

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates Itself—You'll normally go 30,000 miles between oil changes (which cost only about \$4.00) and take about 30 minutes because Ford has replaced conventional grease fittings with a sealed-in lubrication system.

Cleans Its Own Oil—You'll go 4,800 miles between oil changes because Ford's Full-Flow oil filter gives you filtration through flow... trapping more dirt than any other type of filter made.

Adjusts Its Own Brakes—New Truck Size brakes adjust themselves—automatically.

Guards Its Own Muffler—Ford mufflers are double-wrapped and aluminum—to last three times as long as ordinary mufflers.

Protects Its Own Body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes Care of Its Own Finish—New Diamond Luster Finish never needs waxing.

*Based on comparison of manufacturers' suggested retail list prices, including radio, heater, automatic transmission and white exterior tires.

'61 Ford Fairlane, America's saving sensation—featuring the thrifty Mingo Maker Six engine.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER. An entire American industry has found that their chickens have come home to roost. But what is not only unusual, but also refreshing, is the acknowledgment by the American men's apparel manufacturing industry that they have contributed to the situation which has now placed them in peril. In an open statement, the leading U. S. manufacturers of men's clothing announce that the flood of imports from 10 and 12 cents per hour labor nations is not only threatening their businesses, but also the jobs of over a million American workers. They also announce they are raising a million dollar fund to defend their industry from ruin. For quite some time, the nationwide membership of the National Federation of Independent Business, have requested a curtailment of low labor cost imports. A year ago a special Senate committee headed by Sen. Pastore warned of the crippling impact of foreign imports on the American textile industry. The men's clothing manufacturers now publicly confess, "Let us admit what government permitted a flood of fabrics from low wage countries to engulf American mills, many apparel manufacturers rushed to buy the imports, to the detriment of our own textile industry, and ultimately ourselves." Included in this industry group is Hickey-Freeman, one of National Federation of Independent Business.

It's the law in Texas ... LEGAL CHECKUP IS SAFETY MEASURE. Legal trouble is easier and cheaper to prevent than to cure. Most wage earning, childbearing, home-buying, installment paying families don't see much need for a family lawyer. Often under prodding, one may get a lawyer to write a will. But can you tell a big legal risk from a small one? Can you spot the signs of legal trouble? Check with your family lawyer when: 1. Your status changes: upon coming of age, marriage, the birth of your children, buying a house, divorce or death. For you may need to draft or revise your will, change your insurance, or re-figure your taxes. 2. You buy or sell. Look out for flaws in the papers before you go into debt, part with money, or sign anything involving big expenditure or long term obligations. 3. You enter into other contracts. Promises, spoken or written, bind you if they call for a "consideration", something of value in return. 4. Someone threatens your rights. The law exists to defend them but with some rights you must take action yourself for them to work for you. When you can bring your lawyer "live" facts (e.g. unsigned contracts, vexing tax returns you haven't filed), he can do much more for you, and at a smaller cost than when you bring him "cold" facts (mistakes you have made which threaten trouble). But above all, get both live and cold facts to him at once. For time may run out in many such situations. Your lawyer may be able to do something for you today, which he cannot do tomorrow. Tell your lawyer what you want. Tell him all the facts, good or bad, then keep him informed all along.

Joan Ann Schneider marries Chris W. Gindorf III Sunday

The Rev. Leroy Deans officiated for the single ring ceremony uniting Miss Joan Ann Schneider, daughter of Mr. and Mrs. Robert Schneider of Cooper, and Chris W. Gindorf III, son of Mr. and Mrs. Chris W. Gindorf Jr. of Southland, Sunday.

Vows were read at the Grace Lutheran Church of Slaton, at 6 p. m.

Given in marriage by her father, the bride wore a bouffant-skirted dress of white Chantilly lace over taffeta, designed along princess lines. The scoop neckline was trimmed in seed pearls, and long sleeves graced the slender bodice. A crown of lace and pearls held her veil of illusion and she carried a bouquet of rosebuds and orchids. She wore her mother's wedding band.

The bride's attendants were Miss Willie Mae Walter of Roosevelt, maid of honor; Miss Marilyn Meyer of Cooper, Miss Patsy Gindorf and Miss Joan Gindorf, sisters of the bridegroom.

They wore identical dresses of blue taffeta, fashioned with scoop necklines and short sleeves. Their bouquets were white mums.

Attending the bridegroom as best man was his brother, Milton Gindorf of Southland. Ushers were Aris Ehlers of Wilson, Larry Schneider of Cooper, brother of the bride, and Rickey Deans.

Wedding selections were played by Mrs. J. P. Burnett, organist. Rodney Maeker was soloist. A reception was held in the parish hall.

For a wedding trip, Mrs. Gindorf wore a beige suit with blue accessories. They will be at home at 208 53rd Street, Lubbock.

The bride is a graduate of Cooper High School and of Isbell Powell University of Beauty Culture. Her husband graduated from Southland High School and is a sophomore at Texas Tech.

Food supply for disaster shelter listed by agent

BY LETA SMITH
County Home Demonstration Agent

Last week in my article, I discussed the possible effects of radioactive fallout.

This is a suggested food supply for your disaster shelter. It can provide food for one person for seven days. You may vary quantities to fit your family numbers and needs. Check your pantry once a month and rotate regularly. Bottled water must be changed every six weeks.

- Powdered milk, nonfat dry, one package; evaporated, two cans.
- Juice, tomato, orange and grapefruit, one quart can size of each.
- Fruit, peaches, pears, dried prunes, or apricots, one can of each.
- Vegetables, tomatoes, two cans, peas, two cans, corn and beans, one can of each.
- Soups, four cans of assorted.
- Meat and meat substitutes, beef stew, one can, salmon, one can, spaghetti and meatballs, one can, baked beans, one can, cheese, one jar peanut butter.
- Cereal, ready to eat, seven individual serving packages.
- Crackers, cookies, one box.
- Beverages, instant coffee, one jar, or instant tea, one jar, or instant cocoa, one package.
- Soft drinks, 12 bottles.

Among the college students home last week for the between-semester holiday, was Miss Sharon Jobe, student at Southern Methodist University, Dallas, Sharon, visiting her parents, Mr. and Mrs. Bill Edwards, had as her house guests Miss Janie Orr of Elkhart, Ind., and Miss Christi Hornsby from St. Louis, Mo. It was the girls' first trip "west" and while here they were entertained with several "firsts", including a visit to an oil rig in operation. They were outfitted in western attire by their hosts.

Another SMU student, Miss Barbara Shytles, spent the holidays with her parents, Mayor and Mrs. Powell Shytles. Numerous other students visited in Post last week and several were expected this week.

April 6 has been set aside for the Woman's Culture Club second annual "Tour of Homes". The club sponsored their first tour last year and it was a huge success. With so many new homes built in 1960, the tour should again prove a success. Tickets will go on sale in the near future.

Mrs. Billy Blevins of Rosedale, Calif., was a recent guest of her son, Marvin S. Blevins, who lives at 910 West 12th. She originally planned a brief visit, but her return to California was delayed by surgery. She was a patient in West Texas Hospital for ten days.

Second Tour of Homes set by Woman's Culture Club

Plans were made for the second annual Tour of Homes, sponsored by the Woman's Culture Club, when the group met last Wednesday afternoon at the home of Mrs. R. T. Smith, 1010 West 11th, with Mrs. Warren Stockton as co-hostess. The tour, which will include many of the new residences in Post, was originally set for March 29 but has been changed to April 6. Tickets will go on sale soon.

The three-part program was on "Hawaii", beginning with John Keats' quotation of "Beauty is truth, truth beauty, that is all ye know on earth, and all ye need to know".

Mrs. C. R. Thaxton was program chairman. She discussed the discovery and early history of Hawaii and Mrs. Warren Stockton's topic was on "Hawaii From Annexation to Statehood". "Christmas in Hawaii" as told by Robert Mitchner was reviewed by Mrs. Tillman L. Jones.

RETURNS TO POST

Daisy Paul has returned to Post to be with her mother, Mrs. Annie Smith, who has been in ill health since the death of her son last February. At present she is in a Snyder nursing home. Mrs. Paul is employed at Levi's.

Turn your society news in by Mrs. Walter Boren, Mrs. Connie Wednesday noon.

Fort Worth Show opens Friday

The Old West will return to the "City Where the West Begins" at 2 p. m. Friday, Jan. 27, as a colorful downtown parade launches Fort Worth's 1961 Southwestern Exposition and Fat Stock Show, Jan. 27 through Feb. 5.

The parade will be televised live, in color on WBAP-TV.

Rodeo fans will see 392 rugged cowboys at Fort Worth, including the 1960 all-around champion and the champions of all five major rodeo events, competing for a record \$72,650. The Stock Show puts up \$37,500; entry fees add \$35,150 to the pot.

Harry Tompkins of Dublin, Texas, is rodeo's all-around champion who'll break from the Will Rogers Coliseum chutes. Other 1960 titleholders, who will battle it out against all their top challengers, are Dean Oliver in calf roping, Tompkins in bull riding, Jack Buschbaum in saddle bronc, Enoch Walker in bareback and Bob Robinson in steer wrestling. Larry Kane, 1960 rookie of the year, will be in the competition.

Special attraction of the world's original indoor rodeo will be a wild re-enactment of the great "Ben-Hur" chariot race, with the four white Lipizzaners originally driven by Charlton Heston challenging the film's four dappled greys. The race will be run live at all 20 rodeo performances.

Almost 10,000 entries will be exhibited in the livestock exposition, included will be 668 Quarter Horses, a record for the nation's largest Quarter Horse show, and 5,423 cattle, sheep and swine—exceeding last year's total by 653 head.

VISIT MOORES

"I thank thee, Father, for this food."

There is something very touching about a child saying grace. You feel that here is a small person who is really in communion with God. His earnest face filled with utter trust breathes the real spirit of thankfulness. He feels what he is saying.

And yet a prayer of thanks does not come naturally to a child. Just as he is taught to feed himself and brush his teeth and tie his shoe laces, so he must be taught to pray. Not taught exactly—but shown. He must be made aware of the loving Father's care.

Send your child to church school—take him to Church. There he will learn to recognize the presence of God in his life and to be grateful for the many blessings showered on him daily.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

I Give You Texas . . .

By **BOYCE HOUSE**

C. P. J. Mooney, who was editor of the Memphis Commercial Appeal when I entered newspaper work, had been an editor in New York City. He remarked to us reporters that New Yorkers regard people from anywhere else as hicks, while as a matter of fact, New Yorkers are the biggest hicks in the country.

Any happening, however small, will draw a crowd in New York, he said. In fact, sometimes something needn't happen at all and he told me about two men, who were walking along, when they suddenly stopped and began to gaze upward. Two or three others stopped and looked—then eight or ten; and, in a little while, the sidewalk was blocked by people gazing into the sky, trying to see something which wasn't there.

Then the first two resumed their walk.

Mr. Mooney was a master in coining clever descriptions. There was one Memphis politician who was placed in office by the anti-Crump forces (of which the editor was a leader). After getting in power, the man changed sides and Mr. Mooney wrote an article referring to the politician as "Flap-jack Charley," adding, "They don't build political fences too high for him to jump."

Did you ever hear of a snipe-hunt? It is the Old South's equivalent to a West Texas badger fight.

Nine charged in Justice Court

Violations filed in Justice of the Peace D. C. Roberts' court during the last seven days, together with date of offense, and fine and costs if paid are as follows:

- William Lockstedt, Jan. 18, no driver's license.
- W. W. Johnson, turning without safety on highway, Jan. 9, \$16.50.
- Ed Asebedo, Jan. 23, disturbing the peace, released on \$200 bond.
- R. F. Corrisaley, Jan. 23, disturbing the peace, \$24.65.
- John Hernandez, Jan. 23, disturbing the peace, \$24.65.
- B. L. Glover, Jan. 21, drunk in public place, \$44.65.
- Walter Pointer, drunk in public place, Jan. 21, \$24.65.
- J. R. Hines, Jan. 19, speeding.
- Mrs. Carolyn Green, Jan. 18, worthless check.

The greenhorn is told to take his place in the woods with a lantern and a sack—while the others explain that they will go on the other side of the woods and drive the snipes toward him. The lantern—(it is night)—will attract the snipes and it will be simple for him to put them in the sack, his friends explain.

Then they leave and soon are back in town by a fire while the novice shivers out in the cold till daybreak—unless he figures out before then, that he has been "sold."

Rotarians hear head of Small Business office

There are 4,600,000 business firms in the United States today and all but 5 per cent of them are small businesses, Rotarians were told at their Tuesday luncheon in City Hall.

The speaker was Jack Teddlie, manager of the area Small Business Administration office in Lubbock.

Speaking on what the SBA is trying to do for the small business firm today, Teddlie explained the Small Business Administration makes loans to small manufacturers, wholesalers, retailers, and service firms for buildings, expansion, purchase of equipment and to help provide working capital.

"We make long term loans," he said, "the bank makes short term loans. We don't compete with banks. We can't make a loan if a bank loan is available. Actually about two-thirds of our loans are made in participation with banks." Maximum loan allowed for the SBA is \$350,000.

The Small Business Administration was established in 1953 and made permanent in 1958, Teddlie said.

"One out of three businesses started today will live to see their fifth birthday," Teddlie said. "Small business has a multitude of problems."

Wives of Rotarians will be club guests at next Tuesday's luncheon meeting. Program Chairman Bob Collier announced, when the program will be presented by the Hammond Organ Co.

Collision in icy streets unavoidable

Cars driven by Jimmy W. Wells of Post and Herbert Pantoja of Post collided with only minor damage in front of the Post grade school at 2:35 p. m. Tuesday.

City Marshal Otis G. Shepherd Jr. who investigated the crash, said the accident was unavoidable due to the icy streets. The wheels of Pantoja's car were spinning on the ice without traction when Wells braked his small foreign car to avoid hitting him and slid into the Pantoja car anyway.

It was the only accident reported here during the Tuesday storm.

CHILD DESSERTION CHARGE

James Johnson was charged Friday with child desertion in county court.

TOO MANY COOKS WOULD HAVE SPOILED IT

Veteran "cook" John Shedd is shown stirring up a batch of chili for the Post Lions Club chili supper held recently for the benefit of the club's youth sight welfare program. Shedd and his "helpers" cooked 75 pounds of chili and 30 pounds of beans for the event. (Staff Photo).

Local woman admits forging two checks

Mrs. Barbara Taylor, colored, of Post has signed a written confession that she forged two checks here, and has been charged with forgery.

Justice of the Peace D. C. Roberts set her bond at \$1,000 Wednesday afternoon.

The case will be presented to the grand jury.

FINED FOR ASSAULT

Walter Leadon was fined \$50 and \$26.45 court costs in county court by County Judge J. E. Parker Friday on a charge of aggravated assault on Dr. C. J. Lewis.

SUNDAY GUESTS

Sunday guests of Mrs. Mell Pearce and Mrs. B. K. Bowen were Mr. and Mrs. Mitchell Bowen and O. K. Bowen and Helen of Brownwood, Mr. and Mrs. Carey Shook of O'Donnell, Mr. and Mrs. Luther Harper, Mr. and Mrs. Wesley Stephens, Mrs. Bowen Stephens of Lubbock and Lee Bowen.

Nolan Miller—

(Continued from Page 1) son, Okla., in 1950. He served four years in the Air Force and saw 26 months overseas service during the Korean war in the air police. His wife is the former Jeanette Storie. They have two daughters, Kendra Beth, 3, and Resa Jave, 3, and make their home at 113 North Avenue O.

Miller was employed by the Service Pipeline Company for 17 years before leaving that corporation's employ three years ago to devote full time to operation of the Hi-Way Cafe here which he had taken over the year before.

He came to Post from Electra and Abernathy and is a native Texan. He makes his home with his wife at 114 East 11th.

Miller and Brown already have converted a side room at the agency into their new business office and have made the former office area into a lounge.

The two new automobile dealers invite everyone to come in and visit them and see their fine line of cars and trucks.

They promise "the same prompt and courteous service as has been the company's policy in the past." Storie said he wanted to express his appreciation to all his many customers during his 14 years in the automobile business and to recommend the agency's new owners to them.

The announcements of the agency's changing hands appears on page 11 of today's Dispatch.

SUNDAY DINNER GUESTS

Sunday dinner guests of Mr. and Mrs. Charles Williams Jr. were Mr. and Mrs. L. W. Evans of Lubbock, Mr. and Mrs. Charley Williams, Mrs. H. C. Thompson, Miss Carolyn Martin and Kenneth Williams.

John Lott speaker at annual SP Boy Scout Council meet

LUBBOCK—The annual business meeting of the South Plains Council was held Tuesday, Jan. 17, at the Southwestern Public Service Reddy Room in Lubbock.

Fifty-two adult Scouters attended the meeting, representing the towns and 20-counties that make up the South Plains Council. Their capacities in Scouting included: executive board members, members-at-large, operating committeemen, and institutional representatives.

Cliff Cummings, president of the council, presided. H. P. Clifton, council vice president, offered the invocation and self-introductions came next. John Lott, formerly of Post, National Council Representative, then gave a report on his trip to South America on a Scouting and Woodbadge Conference. Cliff Cummings gave a complete report on the results of the 1966 Scouting year and asked for the various operating committee chairman to help in the reports. L. G. Pierce Jr., council treasurer, reviewed the matter of renewing the local Council Charter for the South Plains Council and the new charter for the 1961 year was approved. Charles Alexander, Council Vice President, presented the Scout District within Lubbock and Lubbock County to help offset the

great growth in available boys desirous of the Scouting program. Jack Alderson, chairman, gave a report on the plans and progress of the 25th annual council meeting which was to be held Tuesday at the Fair Park Coliseum in Lubbock beginning with a dinner at 7 p. m. Speaker for this highlight meeting will be Bob Richards of Olympic fame.

TEXAN OF THE YEAR AWARD

Presented To Native Texan
Paul Richards
OF WAXAHACHIE

THIS AWARD is presented to Paul Richards, Texas' Top Sportsman, by the Daily, Weekly and Semi-Weekly Newspapers of Texas, represented by the Texas Press Association. It is presented in appreciation of the great honor which he has brought to the Lone Star State. It is in further tribute to his selection as American League Baseball Manager of the Year, while directing the Baltimore Orioles throughout the 1960 Season; his selection as Southwesterner of the Year for 1960 by the Texas Sports Writers Association; and his recognition by us as one of the most astute and colorful managers in baseball today.

Presented by The Texas Press Association on Jan. 21, 1967 at TPA's Mid-Winter Convention in San Antonio, Texas.

TEXAN OF YEAR AWARD

TEXAS PRESS ASSOCIATION, representing the daily, weekly and semi-weekly newspapers of Texas, presented its first Annual Texan of the Year Award to Native Born Texan Paul Richards of Waxahachie. Presentation was made last Saturday at an Honor Banquet during TPA's 14th Annual Mid-Winter Convention in San Antonio. Above is a miniature reproduction of the large 14"x17" engraved plaque which was presented on behalf of the Association by its hometown publisher William P. Davis of the Waxahachie Light.

\$11.7 billion spent annually by Americans in restaurants

A staggering 11.7 billion dollars are spent for meals outside of the home each year in the United States among more than 200,000 eating places including restaurants, cafeterias, lunch counters and hot dog stands according to Texas Restaurant Association estimates.

The food service industry now ranks fourth among all American industries accounting for billions of dollars in buildings, equipment, and payroll each year.

Estimates place the number of eating establishments in Texas around 12,000 to 13,000. Assuring safe standards and quality of this vast amount of food service is the responsibility of food inspectors operating under local ordinances.

Generally local ordinances are based on minimum standards and recommendations set by State and national health authorities who keep abreast of latest developments in the food handling industry.

Education is the keynote of safe food handling practices in local areas. Local health departments conduct foodhandling courses aimed at instructing foodhandlers in safe methods of food service—ranging from the right way to wash glasses to the proper temperature for storing lettuce.

For areas not served by a local health department or maintaining its own food service course, the State Health Department's Public Health Education Division maintains a team of highly trained food-handling instructors who travel about the State conducting food-handling courses in cities of varying population.

These three-day courses are directed toward every phase of food service, but concentrate on safe and sanitary handling of various kinds of food which need special care and attention.

The major rule is: hot things, hot; and cold things, cold.

The urgency for proper sterilization of utensils is also stressed and the various bacteria responsible for the majority of food poisoning are described and identified.

Understanding and appreciating the danger existing in food contaminated with bacteria organisms enables the food handler to conscientiously guard against them for the better health of his customers.

Many events planned for Boy Scout Week

A wide variety of events and activities are planned throughout the 20-county area of the South Plains Council in celebration of Boy Scout Week, Feb. 7-13, 1967. It was announced by H. J. Doc Blanchard, Chairman of the Boy Scout Week.

Under the national theme for the fifty-first anniversary of the founding of the Boy Scouts of America, "Strengthen America—Character Counts." The South Plains Council's 8,228 Cub Scouts, Boy Scouts, and Explorers and over 3,550 adult volunteer leaders will be involved in activities and public officials and with the community institutions that sponsor Scouting units.

Feb. 8, the actual anniversary date of the Boy Scout Program in 1910 will be highlighted with certain projects and activities. The project, "Scouting Opens the Door" will take place on Saturday, Feb. 11 as Scouts all over the Council will actually help people as they enter into places of business and stores by opening the door for them. This activity will take place in some forty towns within the South Plains Council. Also there will be a Scout Speakers Bureau in action during Scout Week where outstanding volunteer adult Scouters will present Scout programs to various civic and service clubs throughout the Council area.

On Feb. 11 a special report on Boy Scouting activities this past year will be made to Governor Price Daniel in Austin as the report to the Governor is made. Six outstanding Explorers representing the six Districts of the South Plains Council will participate. They are: Robert Doss Mabe, of Levelland, Jack Woody of Lubbock, Arthur Skaque of Lubbock, Jack B. Jaquess Jr. of Tahoka, and James David Worley of Plainview.

Similar reports will be made to all State governors and also at the White House in Washington, D. C. during Scout Week.

An estimated 600 local boy members will be recognized by having earned the Fiftieth Anniversary Achievement Award, a special permanent patch created especially for Scouting's Jubilee Year in 1960.

New furnishings added to Graham Church of Christ

By MRS. NOEL WHITE

Members of the Graham Church of Christ are very proud of their new furniture, flooring and veneer blinds. All of this really improved the looks of the building. Everyone is urged to attend the Graham community March of Dimes party to be held at the Graham school building Saturday night, beginning at 7 o'clock. Mrs. James Stone is community chairman.

daughter and son-in-law, Mr. and Mrs. Leon Davis, in Wichita Falls. Mr. and Mrs. Carl Fluitt and Jackie, Mr. and Mrs. W. O. Fluitt Jr. and family, Mr. and Mrs. Elmo Bush and family and Mr. and Mrs. Maurice Fluitt and son were guests Sunday in the Morton home of Mr. and Mrs. Marion Matthews and children. Mrs. W. O. Fluitt Sr., who has been visiting there for several days, returned home with them.

VISITS PARENTS

Miss Patsy Thompson was a Sunday guest of her parents, Mr. and Mrs. Dillard Thompson and family in Tokio. Patsy is staying with the Carl Fluitts until she graduates this spring from Post High School.

Mrs. Elgie Stewart and Mrs. Harvella Mason and Darla visited in Lubbock with their daughter and sister, Mrs. Lucy Winn and children. Mrs. Mason and Darla went on to Levelland, where they visited in the home of Mr. and Mrs. Ronnie Brown and son. Also visiting in the Brown home were Mr. and Mrs. Jack Trout and children of New Mexico. Mrs. Brown and Mrs. Trout are daughters of Mrs. Mason.

Mr. and Mrs. Louis Sinclair and family of Abernathy and Mrs. J. D. Green of Roaring Springs were Friday overnight guests of Mr. and Mrs. Quannah Maxey and family. Sunday dinner guests of Mr. and Mrs. Grover Mason were Mrs. Glenn Barron and children, Mr. and Mrs. Jody Mason and Joe, and Jane Maxey.

Mr. and Mrs. C. R. Baldwin are in Graham at their ranch on business this week.

Mr. and Mrs. Carter White and daughters and Mr. and Mrs. Noel K. White and Steve visited in Abernathy Sunday with Noel and Carter's grandparents, Mr. and Mrs. M. D. White. The Whites celebrated their 60th wedding anniversary.

I will greatly appreciate all of the help I can get in writing this column, so if you have any news please let me know about it. Thank you, Orabeth.

Feb. 10 deadline set for Highway Patrol applicants

"The Texas Department of Public Safety still has an ever present need for young men who are interested in the field of Law Enforcement as a career," Major Hutchison said today.

Maj. Harry Hutchison, commander of the Department's 60 County Region 5, announced the deadline of Feb. 10, 1961, for applicants who desire to take the next entrance examination. The next examination to select recruit patrolmen to fill the vacancies now existing in the Department's Field Services will be given in different cities of the State on Feb. 14, 15 and 16.

"Young men between the ages of 21 and 35, and who have the other basic qualifications have an opportunity to receive the best police training in the nation," Major Hutchison said. "Our Training Academy in Austin offers approximately 14 weeks of training in all of the modern, up-to-date methods and procedures of police work. The salary starts when the recruit starts training, and upon graduation from the school all of the proper working tools are furnished each man."

Young men who are interested in becoming a patrolman with the DPS should contact the nearest Field Office of the Department of Public Safety or the Department's State Headquarters at Box 4087, North Austin Station, in Austin.

A detailed review of research and extension programs dealing with sheep and goats and wool and mohair has been completed. The recommendations of the review group will be used in future programs.

HEALTH EXPERT'S ADVICE ON REAL PROBLEM

Good night's natural sleep most important to your body

The supersonic speed of modern life is costing us one of the most vital ingredients of good health—sleep.

Twenty years ago people got plenty of sleep and were better off for it, because sufficient sleep is unreplaceable if denied. People knew about fission in those days, but it was the hook and line variety, rather than nuclear. Things have changed . . .

Say you stay up for 20 hours a day. If you follow this routine for a week or so at a time, first thing you'll notice is your hands jumping from nervousness. A dull ache will begin gnawing at the base of your skull. You'll be picky and indifferent toward food.

You'll be quarrelsome—projecting casual remarks all out of proportion. It will sound like an insult when someone says hello. You might think a good night's sleep will fix you up. Maybe it will—in the surface. The nervousness might leave you and the headache might disappear. It could be that a single night of sleep will give you the sweet disposition that was formerly sour grapes.

But it's all on the surface. During the stretch of sleeplessness your heart may have been strained, your blood pressure increased, your digestion upset.

Sleep gives the human body a chance to recover from the fatigue of one trying day before the assault of the next. And it has to be natural to be beneficial. That's why sleeping potions are undesirable as a steady diet.

A few hints may help you get a better night's sleep. Do your heavy thinking before supper. Make it a rule that after the evening meal your brain gets a rest. Subdue the lights around the house. Lights keep you alert, besides being tough on the power bill. Get lots of fresh air. Sitting quietly on the porch might encourage the relaxation so necessary for dropping off into sound sleep. So

might a short drive—if you avoid main travelled roads. Reading light fiction is also relaxing, but stay away from the gory private eye stuff.

Develop a bedtime ritual, the more sedate the better, to condition your mind for bed. And when you do retire, deliberately try to blank out those random thoughts that steal into your mind.

One of the novelties of Robert Fulton's steam-powered warship Demologos, constructed in 1815, was that it could discharge 100 gallons of boiling water a minute at an oncoming enemy.
