

Six Post High faculty members receive scholarships, grants

JAMES WEST

JOHN EDD MAY

KERWIN BAXTER

Scholarships and foundation grants have been awarded six men of the Post Public Schools system, Supt. R. T. Smith announces.

The six are James West, curriculum coordinator; John Edd May, biology teacher; Kerwin Baxter, chemistry and physics teacher; William N. St. John, general science teacher; James W. Mallard Jr., Spanish teacher, and James E. Pollard, mathematics teacher.

The superintendent says he believes this to be the largest representation of scholarship and foundation grants to be awarded personnel of any school of comparable size in this area.

Some of the teachers will be starting their special training within the next week or two.

WEST, THE curriculum coordinator, has been chosen from a group of 150 applicants to attend the NDEA Counseling and Guidance Training Institute to be held at New Mexico State University June 12-July 21.

The National Defense Counseling and Guidance Training Institute is a full-time program of high professional quality for secondary school counseling and guidance personnel. It is conducted by an accredited college or university under contract with the U. S. Office of Education.

The Institute enables those selected to become better qualified in the identification, counseling and guidance.

GROUND BROKEN FOR NEW POST OFFICE

O. V. McMahon, assistant postmaster, turns the first spadeful of dirt at the site of the new post office building. Main and Avenue K. Others, from left to right, are Mayor Powell Shyles, Irbby G. Metcalf Jr., president of the First National

Bank; County Judge J. E. Parker and Postmaster Harold Vos. The groundbreaking ceremony was held Friday afternoon.—(Staff Photo.)

Work begins on new post office

With Assistant Postmaster O. V. McMahon turning the first spadeful of dirt, ground was broken Friday at the northwest corner of Main and Avenue K.

Preliminary construction work by Manhattan Construction Co., the contractor, was already under way when the groundbreaking ceremony took place.

Preliminary construction work is also under way on a building with 50-foot front between the new bank building and the post office. The building will be of the same architecture as the bank.

Manhattan Construction is project supervisor for the two new buildings, which being built by Manhattan Construction Co.

Once the new building is completed, the post office will be moved to its present location on North Avenue I, where it has been since 1950.

The groundbreaking ceremony was presided over by Postmaster Vos, who was the post office's history.

The said Post was served from 1907 by the old Litwalton post office in Cooper's Canyon, with J. M. Justice as postmaster.

In 1907, the year the town was founded, the post office was located in what is now the Short Hardware store, with Will Mann as postmaster.

The office was later moved to the present site.

Marrell Stone heads teachers

Marrell Stone was elected president of the Garza County Unit of the Texas State Teachers Association, which met last Thursday.

B. King, outgoing president, presided over the meeting.

Other officers elected for the current year were: Noel Clemens, president; Mrs. Wesley Adams, secretary, and Mrs. Jess Adams, treasurer.

New arrests solve store burglary case

Sheriff L. E. (Fay) Claborn Jr. said today that the attempted burglary of the White River Package Store northwest of Post May 17 has been solved with the arrest of two Jayton youths and a burglary warrant issued for a third who is now away on a trip with his parents.

Clyde Purcell, 22, of Stamford, who was wounded in the burglary when shot three times by a Mexican caretaker of the liquor store, is still in critical condition in the Garza Memorial Hospital here.

Three men from Stamford who were arrested three hours after the burglary and shooting as suspects in the case were released when their alibis stood up to investigation, Claborn said.

Tower vs. Blakley is up to voters

Garza County voters will choose Saturday between Republican John Tower and Conservative Democrat William Blakley for the U. S. Senate seat vacated by Vice President Lyndon B. Johnson.

Absentee voting for Saturday's election ended Tuesday with nine absentee votes—all divided between Post voting boxes No. 1 and No. 5—being cast in the office of County Clerk Carl Cederholm.

There were no requests for mail ballots, Cederholm said.

In the runoff election here April 4, in which there was a crowded field of candidates, Tower ran first in Garza County with 163 votes, Blakley was fifth with 165. In that election, Garza County had a "favorite son," John N. Hopkins, who was third with 185 votes, finishing behind Tower and Jim Wright in Garza County.

The polls will open at 8 a. m. and close at 7 p. m. in Saturday's election.

Purcell, the wounded man, told investigating officers here that the three others he was with on the night of the burglary attempt were strangers to him and were all from Jayton.

He described them and the car in which they drove over to Post.

Deputy Sheriff Elton Corley went to Jayton Saturday with the descriptions. From that investigation came burglary charges filed here against Jerry Herman, 20, and Ronnie Yokum, 17, both of Jayton. A 14-year-old Jayton youth was the fourth participant. He is awaiting juvenile hearing in Jayton.

Corley told The Dispatch that Herman in a signed statement admitted participating in the burglary effort and named the other two youths involved.

Herman told Corley he picked up Purcell, who was hitch-hiking and a stranger to him. They picked up the other two youths in Jayton and drove to the liquor store to buy a bottle of liquor.

When they found the store closed, the burglary effort was made. Four fifths of whiskey were actually taken, according to Herman. One has been recovered.

Three arrested in local burglary

Two local young men and one juvenile were arrested by the sheriff's department here last Thursday on charges of burglarizing the Parrish Grocery & Market a week ago last night.

Sheriff Fay Claborn said the two are Doyal Willis and Oliver McDougal, both of whom are now out on \$1,000 bonds pending action by the grand jury.

Claborn said approximately \$100 worth of merchandise taken in the burglary was recovered.

Civic clubbers, wives see Communism film

Members of the Post Rotary and Lions clubs and their wives saw the film, "Operation Abolition," showing efforts of American Communists in organizing a riot at the House on Un-American Activities Committee hearing in San Francisco last May.

The Rotarians and their wives saw the film at their luncheon in City Hall Tuesday noon and the Lions and wives at their dinner that same night in Levi's Restaurant.

Phil Crenshaw arranged for the showing of the film here.

BALL GAME FRIDAY

Post's American Legion Junior baseball team will play Taboka at 8 o'clock Friday night at Babe Ruth League Park. It will be the first game of the season for the newly organized Post team.

Clyde Patterson learns

Bad breaks work out for builder

Some bad flying weather during a Christmas holiday trip home last December turned out to be a lucky break for Clyde Patterson, local developer and builder.

It has led to Patterson's becoming a vice president in American Motel Industries, Inc., which was organized this year to build and operate a string of Holiday Inns, Ramada Inns, and Howard Johnson Lodges in several states, including Texas, Louisiana, Oklahoma, Kansas, and Florida.

Patterson, who is the builder and developer of Westgate Terrace, a 54-home building site addition here, left Sunday for Florida where he will negotiate for site and construction contracts for a Holiday Inn at Fort Myers.

His wife and daughter were to join him this week. They plan to visit in the near future. (See BAD BREAKS, page 5)

Another 'wet-dry' election petition issued by clerk to Precinct 3 group

Apparently undiscouraged by the failure of a previous petition, "dry" forces in Commissioner's Precinct 3 took out another petition Tuesday seeking a "wet-dry" election in the precinct, which has been wet since April of last year.

County Clerk Carl Cederholm said 18 names were signed to the application taking out Tuesday's petition, as compared with 12 names taking out the April 19 petition. Ten names are all that are required on such a petition.

The first attempt to call a "wet-dry" vote in the precinct failed last week when the county clerk certified that the petition returned to him did not have a sufficient number of qualified signatures.

Based on the number of precinct voters casting ballots in the governor's race in the last general election, the petition required 40 qualified signatures before it could be submitted to the commissioners' court.

There were 43 signatures on the petition returned to the county clerk's office, but only 27 of these were certified as qualified.

The petition taken out Tuesday from the county clerk's office seeks an election on the same proposal as the one which failed. That is:

"FOR the legal sale of all alcoholic beverages."

"AGAINST the legal sale of all alcoholic beverages."

In order to be considered, the petition taken out Tuesday must be returned to the county clerk's office within 30 days of the date of issuance. In order to be certified, it must bear the signatures of at least 40 qualified voters of the precinct.

Casteel resigns from draft board

Cal Casteel, who has been Garza County's representative on the four-county district selective service board, has resigned that position because of his moving from Post to Amarillo.

In service with the board since March, 1959, Casteel has attended 22 out of the 25 monthly meetings held, according to a letter accompanying Casteel's letter of resignation written by J. W. Gilton, chairman of the district board, to the state selective service director.

Casteel, praising Casteel for his contribution to his county and area through such service.

County Judge J. E. Parker, who himself served ten years on the board, said the county is now looking for a volunteer to fill Garza's vacancy. The district board meets once monthly on a Thursday in Lubbock.

Pigeon sign painted

Pigeon sign painted its big sign across the top of the store here an "S&H Green Stamp green." That's a fact. Company officials had the painter get a special paint made to match the green of the green stamps for the sign.

Coming up next week will be the first of the new Double Dollar Days here which the Chamber of Commerce is promoting in its expanded retail merchants program. Watch for it in next week's Dispatch and get a lot of dollars handy.

Merchants are reminded to see Chamber Manager Johnny Hopkins or Charley Luttrell, newcomers promotion chairman, if they want to get in on the Howdy Books for Post's newcomers. It looks like the best bet yet for newcomers to get acquainted with local merchants—and visa versa.

Another Post liquor store moved — literally — this week when Cecil's Liquor Store was hauled in.

Memorial observance slated for Tuesday

The annual Memorial Day service honoring the war dead of Post and Garza County will be held at 10 a. m. Tuesday at Terrace Cemetery.

The service will be in charge of Veterans of Foreign Wars Post No. 6797, with the assistance from American Legion Post No. 290 and the VFW Ladies' Auxiliary.

The program was still in the process of arrangement this week, according to Charlie Lon Baker, VFW post commander. There will be a memorial Day speaker, decoration of veteran graves, reading of the roll of war dead, color guard and firing squad salute. Baker said.

Memorial Day is one of the official holidays set by the Post Chamber of Commerce and many business places will be closed for the day.

Everyone is invited to attend the Memorial Day service at the cemetery and join in paying respect.

Archery club is league member

The newly organized Post Archery Club was accepted into the West Texas Archery League at the tournament held Sunday in Snyder.

Post is the fourth club in the league, the others being Abilene, San Angelo and Snyder.

The league's July tournament will be held on the Post club's archery range the third Sunday of July.

Winners from the Post club in Sunday's tournament at Snyder were: Allan Hampton, first place in the men's open class roving round and second place in the hunters' round; Mae Rivas, first place in the women's open class roving round; T. V. Hampton a second place ribbon and Dean Hampton a third place ribbon.

Those representing the Post club at the tournament were Joe and Mae Rivas, Roy and Mahe Garrison, Allan and Dean Hampton, T. V. Hampton and David Fowler of Falls.

to Post and Garza County residents who have made the supreme sacrifice in their nation's wars.

Coming a few days in advance of Memorial Day, but still a part of the observance will be the VFW post's annual Buddy Poppy sale Saturday, in which the auxiliary is assisting.

Ralph Cockrell and Mrs. R. J. Blacklock are Buddy Poppy sale chairmen for the VFW post and its ladies' auxiliary, respectively.

Commander Baker today spelled out the exact channels into which all funds collected in the Buddy Poppy Drive would be diverted. He said he was making the statement so that all citizens in Post would know just where their money was going.

"The manner in which Buddy Poppy funds may be spent," the commander said, "is regulated by the National By-Laws. Disbursements are strictly confined to the following purposes:

"For the aid, relief and comfort of disabled and needy veterans, their dependents and their widows and orphans.

"For maintenance or expansion of the VFW National Home for widows and orphans of veterans at Eaton Rapids, Mich.

"For hospital or individual assistance and entertainment for needy veterans or service patients, including liaison service with the Veterans Administration.

"For necessary expenses for military funerals of deceased veterans.

"For acquisition, improvement. (See MEMORIAL DAY, page 8)

Mrs. Levi Noble was the winner of \$100 worth of K&K Food Market food Saturday night to climax the K&K Food Market's remodeling sale.

Winner of the picnic table set a second prize was Mrs. Ruth McAfee, Bill Gandy won third prize, a barbecue grill. Phyllis Wallis won the red and reel as fourth prize, and Cecil Crawford the trapeze as fifth prize.

Five represent Garza on cotton committee

LUBBOCK—Five men have been appointed to represent Garza County on the High Plains Founders Committee for the Cotton Producers Institute.

This county's members of the committee are Avery Moore Jr., T. L. Johnson, L. G. Thuet Jr., T. A. Aten and Clarence Basinger. Roy Forkner of Lubbock, chairman of the organizational committee, said committee members in their respective areas will sponsor and help organize efforts to acquaint cotton growers with the program and aims of the Institute.

THE INSTITUTE is a new, voluntary business organization of cotton growers. Its aim is to expand the total market for U. S. cotton in ways that will expand acreage, production, and profits for the grower, Forkner explained. "Program of the Institute centers around research and promotion," he said. "Through research we can lower production costs and improve fiber quality and thus overcome the one-billion-dollar inefficiencies now existing. Research can also give cotton improvements in consumer qualities which will enable it to compete in additional markets totaling five million bales. In promotion, cotton desperately needs a national advertising campaign directed to consumers."

For the Institute, Forkner envisions up to a \$10,000,000 research and promotion fund to expand the market for cotton. "World fiber consumption is tending to rise at a spectacular rate," he explained. "If U. S. cotton can maintain its present share, projected expansions in world fiber demand will give us a 20 million-bale market in seven or eight years."

Forkner pointed out that bigger markets do not necessarily mean bigger profits to cotton growers. "If we are to earn larger profits, we must lower our unit cost of production, improve quality, and sell cotton products more aggressively," he stated.

By BOYCE HOUSE

An early picture of Corpus Christi is given by an obscure second lieutenant, U. S. Grant, who was serving there with the army commanded by Gen. Zachary Taylor in 1845.

After reaching shore, or Shell Island, the labor of getting to Corpus Christi was slow and tedious. There was, if my memory serves me, but one small steamer to transport troops and baggage when the Fourth Infantry arrived. Others were procured later. The distance from Shell Island to Corpus Christi was some sixteen or eighteen miles. The channel to the bay was so shallow that the steamer, small as it was, had to be dragged over the bottom when loaded. Not more than one trip a

day could be effected. Later this was remedied by deepening the channel and increasing the number of vessels suitable to its navigation.

Corpus Christi is near the head of the bay of the same name, formed by the entrance of the Nueces River into tide water, and is on the west bank of that bay. At the time of its first occupancy by United States troops, there was a small Mexican hamlet there, containing probably less than one hundred souls. There was, in addition, a small American trading-post at which goods were sold to Mexican smugglers. All goods were put in compact packages of about one hundred each, suitable for loading on pack mules. Two of these packages made a load for an ordinary Mexican mule and three for the larger ones. The bulk of the trade was in leaf-tobacco and domestic cotton cloths and calicoes.

The Mexican had, before the arrival of the army, but little to offer in exchange except silver. The trade in tobacco was enormous, considering the population to be supplied. Almost every Mexican above the age of ten years, and many much younger, smoked the cigarette. Nearly every Mexican carried a pouch of leaf-tobacco, powdered by rolling in the hands, and a roll of corn-husks to make wrappers. The cigarettes were made by the smokers as they used them.

Up to the time of which I write, and for years afterward—I think until the administration of President Juarez—the cultivation, manufacture and sale of tobacco constituted a government monopoly, and paid the bulk of the revenue collected from internal sources. The price was enormously high and made smuggling very profitable. The difficulty of obtaining tobacco is probably the reason why everybody, male and female, used it at that time. I know from my own experience that, when I was at West Point, the fact that tobacco in every form was prohibited, and the mere possession of the weed severely punished, made the majority of the cadets, myself included, try to acquire the habit of using it. I failed utterly at the time and for many years afterward; but the majority accomplished the object of their youthful ambition.

(It is interesting to note that Grant had difficulty in acquiring the habit of using tobacco in view of the fact that we think of him as always smoking a cigar.)

BY GOVERNOR'S PROCLAMATION

Highway Week in Texas set officially for May 21-27

AUSTIN—Highway Week in Texas was officially proclaimed today by Gov. Price Daniel and is being observed May 21-27 in conjunction with National Highway Week.

Citizens and groups interested in better highways are cooperating in the observance of Highway Week in Texas—and throughout the nation—following a proclamation of the week nationally by President John F. Kennedy.

State Highway Engineer D. C. Greer called Highway Week "not a week of appreciation but of challenge."

He said Highway Week "is not to brag on what we have done, but to bring more clearly before the public eye the immense highway problems that now confront us."

Foremost among Texas' highway problems, he said, are these: More than one-third of the total Texas highway mileage is obsolete, or about to become so. This is the 25,000-mile system of U. S. and State Highways, which is "almost totally antiquated," Greer said, "by the enormous increase in traffic."

The 33,000-mile system of Texas Farm to Market Roads is still expanding rapidly—but there is not enough money to maintain what is built. "Statute permits us to spend a certain amount of money annually building new FM Roads," Greer said, "but none of this money can be spent to maintain what is built, and there isn't enough money to go around."

MOTHER'S DAY GUESTS

Guests for Mother's Day dinner in the home of Mr. and Mrs. Charles Williams Jr. were Mr. and Mrs. L. W. Evans and Michael of Lubbock, Mrs. H. C. Thompson, Mr. and Mrs. Charley Williams, and O. E. Montgomery.

RECENT VISITORS

Recent visitors in the home of Mrs. Maysel James were her brother and sister-in-law, Mr. and Mrs. Andrew Jackson of Carlsbad, N. M.

"The highway dollar is being stretched thinner and thinner," he said, "and it is being constantly bombarded by attempts to divert highway dollars to other purposes."

"The danger of diversion," Greer said, "is that we may be slowly strangled in our own traffic by hardening of our highway arteries."

"We cannot get by with horse-and-buggy highways in the space age," Greer warned, "and I hope that Highway Week in Texas will bring these problems more into the open so that with public support we can meet—and solve—the demands of the most motorized nation on earth."

Dolores Billingsley to wed John Russell Hill Saturday

Mr. and Mrs. E. B. Billingsley, 212 West 40th, Prattville, Okla., announce the engagement and marriage date of their daughter, Miss Dolores Billingsley, to John Russell Hill, son of Mrs. Velma Hill, 1125 S. Peoria Ave., Sand Springs, Okla.

The bride-elect is a niece of Mr. and Mrs. V. L. Shumard and is a former Post resident.

The couple will be married Saturday, May 27, in the Prattville Church of Christ.

Miss Billingsley is a 1960 graduate of the Charles Page High School. The prospective bridegroom is in the Air Force and is stationed at Amarillo Air Force Base.

Open house Sunday afternoon at Garza Memorial Hospital

The Hospital Auxiliary of Garza Memorial Hospital will assist the hospital Sunday in holding an open house in observance of National Hospital Week.

Hours for the open house are from 2 until 5 o'clock, with the public invited to stop by for a tour of the county hospital.

Mrs. Jim Cornish, auxiliary social chairman, will be in charge of the arrangements. Active members of the auxiliary will alternate in serving refreshments and conducting visitors through the hospital.

Don Curl, hospital administrator, said today the open house would enable people in the county to see improvements in the hospital, working conditions, and other vital parts of the plant. It will also provide a good time for newcomers to the town to view the hospital.

Arrangements of spring flowers were used at the annual breakfast honoring seniors of Post High School, held last Thursday morning at Fellowship Hall of the First Methodist Church. Fifty-six guests, including seniors, room mothers and sponsors, were present. Dr. Chapman, pastor of the Lubbock First Methodist Church, gave the address. Mrs. R. T. Smith gave the welcoming address and Miss Dee Ann Walker sang "Graduation."

Other courtesies given the graduating class included a reception Sunday night following the baccalaureate service. The reception, held at the Community Room of the First National Bank, featured decorations of green and white, senior class colors, with arrangements of Bells of Ireland and daisies placed throughout the room. Mrs. Herman Raphael, who in her first year of teaching at Post, taught the honor guests in the fourth grade, poured.

Mrs. Mary Lee Wristen, Post Junior High School teacher, will participate in graduation ceremonies at Texas Technological College, May 28 and 29. Mrs. Wristen will receive her Master of Education degree.

The Slaughter Ranch will be the scene Friday for a luncheon at 12:30 o'clock when Mrs. Ryla Lott entertains, with her mother, Mrs. Lillian Tizard, honor guest. Guests for the occasion will be members of the Needlecraft Club.

Mr. and Mrs. Tom Power, 909 West Main, were hosts Tuesday night for a backyard barbecue. Guest of honor for the occasion was Mrs. Huguette Morise, who was a house guest the first of the week of Mrs. M. J. Malouf. Guests for the barbecue, giving Mrs. Morise a view of West Texas hospitality, were Rev. and Mrs. Ed Herring, Dr. and Mrs. A. C. Surman, and Mr. and Mrs. M. J. Malouf.

Elizabeth Marie McClendon, Jerry Hitt marry in Abilene

Miss Elizabeth Marie McClendon and Vernon Jerry Hitt were united in marriage May 5 in Abilene at the home of the Rev. Maple L. Avery, who officiated for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. E. L. McClendon, 931 East 18th, Odessa. Mr. and Mrs. Elmer L. Hitt of Post are parents of the bridegroom.

Miss Sharon Wright of Abilene attended the bride as maid of honor.

Davis Smith of Phoenix, Ariz., was best man for the bridegroom.

Mrs. Hitt is a senior student at Hendrick Memorial Hospital school of Nursing and will graduate in August. Her husband, a Post High School graduate, is a junior student at Hardin-Simmons University, majoring in music education.

Following a short wedding trip to Odessa, the couple now reside at 2118 Hickory Street, Abilene.

Presbyterians plan church school here

The First Presbyterian Church will begin their church school May 29 and continue through June 2.

Morning sessions will begin at 8:45 and last until 11 o'clock. Age groups are kindergarten through junior high levels, and visitors are welcome.

A picnic is being planned to conclude the school. It will be held at 6:30 p. m. Friday at the City-County Park.

Monday starts VBS at Baptist Church

Monday will begin the annual Vacation Bible School at the First Baptist Church. The school will continue through June 7.

Morning classes for the nursery through junior levels will begin at 8:30 and continue through 11 o'clock.

The intermediate and young people classes will have meetings at night.

Brewer home scene for 4-H Club meet

Members of the Little Women 4-H Club met Friday afternoon at 4:30 o'clock in the home of Mrs. B. F. Brewer.

They made hot chocolate and cinnamon toast.

Attending were: Christine Morris, Lillie Wilke, Stephanie Davis, and Debbie and Becky Brewer.

SERMON TOPIC TOLD

The Rev. Bernard Ramsey of the First Christian Church has announced his sermon topic for the 11 a. m. Sunday service will be "Life Is Too Short To Be Little". The evening service will begin at 7 o'clock and the topic will be "Remember Malchus". There will be a baptismal service.

French visitor entertained at coffee Tuesday morning

The First Presbyterian Church entertained Tuesday morning with a coffee in honor of Mrs. Huguette Morise of Paris, France. Mrs. Morise was a house guest the first of the week in the home of Mrs. M. J. Malouf.

Mrs. Morise has been in the United States since last October and during that time has visited protestant churches throughout the country, getting acquainted with their customs and procedures. Before returning to her native country, this fall, Mrs. Morise will attend a special church course at the Purdue University in Lafayette, Ind., which Mrs. Iris Power will also attend.

Guests for the coffee were from Slaton, Fluvanna, Snyder, Lamesa and Brownfield.

Coffee, rolls, and fruit were served from a table laid in pink and centered with an arrangement of garden flowers. A copper service was used.

VISIT PARENTS

Rev. and Mrs. C. B. Hogue and sons left Monday morning for Corpus Christi to visit his parents. They plan to return tonight.

RETURN FROM LAKE

Mr. and Mrs. J. R. Kiker and Mr. and Mrs. Carl Cederholm returned Sunday from several days at Lake Whitney.

HERE FOR GRADUATION

Mr. and Mrs. Donald Moore of San Antonio visited here from Thursday through Monday with his parents, Mr. and Mrs. R. A. Moore and Sharon. They attended Sharon's graduation exercises Monday night. The Moores are moving soon to Mississippi, where he will enroll in a special training school in the Air Force.

OVERHANGING BRANCHES

A Joyce Kilmer poem reads, "I think that I shall never see a poem lovely as a tree." However, to the property owner whose home stands beneath the outstretched arm of a neighbor's oak, a tree may present far from beautiful image. In a windstorm it may split apart with great damage to his home below. Or lightning may partially sever a limb which could some day fall, injuring children playing under the tree. What recourse does a person have if the owner of the land upon which the tree stands refuses to trim off a protruding or dangerous limb, although requested to do so?

A landowner may, without liability, cut off at his boundary line the branches and limbs of trees growing on neighboring premises. Such overhanging branches are in effect a nuisance which the adjoining landowner may prevent by removing them. However, he is limited strictly to the removal of overhanging branches and if he cuts beyond the boundary line, he is committing a trespass upon his neighbor's property and may be liable for damages.

If you desire to cut off the overhanging branches of a neighbor's tree, you are not required to give notice unless you have in some way encouraged the continuance of the dangerous condition.

What if neither party cuts off the overhanging limbs and one falls injuring a person or damaging property? Who is responsible?

The fact that the adjoining landowner could have cut off that part of the tree protruding over his lot does not make him liable for failing to do so. He has no duty to cut off protruding limbs, although he has a right to cut them if he so chooses.

The owner of the land upon which the tree stands, however, does have a duty to remove branches and limbs when it becomes apparent to him, or he should reasonably know, that they are in a dangerous condition. So where a decayed tree standing near the boundary line falls during a heavy wind, injuring property or persons on adjoining land, the owner of the property on which the tree stands may be liable. A property owner, the court has said, "has no more right to keep on his premises an unsound tree near the house of his neighbor, on which it is liable to fall, than he would have to keep a dilapidated and unsafe building in the same position."

Sgt. Pike takes part in exercise

STUTTGART Germany (AHTNC)—Sgt. Talmadge M. Pike 25, son of Mrs. Bertha L. Brown, Post, Tex., recently participated with other personnel from the Seventh U. S. Army Support Command in Spring Prelude II, a signal field training exercise conducted in Germany.

The exercise, which was held in the Stuttgart-Ludwigsburg area, was designed to determine the combat readiness of Seventh Army signal units.

Sergeant Pike entered the Army in 1958, arrived overseas in June 1960 and is regularly assigned to the 229th Signal Company in Stuttgart.

He is a 1951 graduate of Wetumpka (Ala.) High School. His wife, Robbie, is with him in Germany.

BEHIND THE SIGN

What is the story behind this "For Sale" sign? Is it just a house that's for sale, or is this a tale of happiness or sorrow—of success or defeat?

Let's hope this story has a happy ending! But this isn't a world of make-believe we live in. God made us human beings, not puppets. He has given us minds and bodies, nerves and muscles—and weakness as well as strength.

Maybe the story behind this house is a happy one. Maybe it's a sad one. Regardless, the people who lived here, like all of us, will be able to accept both good fortune and bad if there is yet another house in their lives.

The House of the Lord, the Church, has been built to endure through the ages. Here we will always have a home—during our lives on earth as well as throughout eternity.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Plant invaders posing threat to ranchmen

COLLEGE STATION—B. J. Ragsdale, associate extension range specialist, reports that he has received many inquiries regarding certain poisonous plants which have caused serious rangeland problems in other states and countries. Some of these plants, Halogeton and Alhambria, have received much attention lately, and many questions have been asked about them. Halogeton has been reported in states of California, Nevada, Idaho, Wyoming and Colorado. It is found on salty soils of semiarid areas, especially where the soils have been disturbed and the native cover reduced. Sheep are the frequent sufferers of Halogeton poisoning, but cattle may be affected. Livestock seldom eat toxic amounts of this plant if other desirable forage is available, Ragsdale says.

Teachers of northern Mexico consider Alhambria to be their greatest poisonous plant problem, compares Ragsdale. This plant is found only in the states of Chihuahua and Sonora, Mexico. It has been found within 7 miles of Antelope Wells, New Mexico, 85 miles west of El Paso, and 20 miles south of the Arizona border, but there is no known record of it west of the border. Alhambria grows a slightly acid soil, and according to research conducted to date, the soils in the border areas of Texas are alkaline.

To date, neither Halogeton nor Alhambria present a problem to Texas ranchers. But, Ragsdale concludes that ranchmen should be on alert for range invader plants. Local county agents should be notified of findings.

President of Texas Farmers Union endorses principles of Farm Bill

DENTON—Texas Farmers Union President, Alex Dickie Jr., today endorsed the principles of the Kennedy Farm Bill. Dickie stated that in effect the enabling act for agriculture in 1961 does for farmers what the government did for business and labor many years ago.

Farm Bill gives the farmer authority through the commodity committee system to formulate their own programs for each farm commodity. Title I of the bill includes authority for marketing orders for all farm commodities marketing quotas, production payments, commodity loans, commodity purchases, incentive payments, or any of the several devices that might be used by the farmer to price his commodity in line with cost of production and a return on his labor and investment.

THE BILL IS enabling legislation and only entitles the farmers to use the various devices if they so desire. It is not mandatory and is left entirely to the commodity committee as to what devices, if any, they choose to use in attaining an equitable bargaining position. Once the proposed legislation for a commodity is drafted, approved by the Secretary, President, and Congress, it is then submitted in referendum to the farmers for a minimum of two-thirds favorable vote before it becomes law. This would eliminate guessing whether a majority of the farmers approve the legislation or disapprove. Dickie stated it was totally unacceptable to him how any group professing to represent the best interest of farmers could oppose this free choice, do-it-yourself type of approach encompassed in the Kennedy Farm Bill. "No doubt there will be compromises in some of the details of the proposed enabling legislation but in basic principle I believe that almost all farmers in the United States are in basic agreement with the principle of the bill."

Many of the national farm organizations have agreed to support either by testifying or filing of statement in behalf of the general objectives of the Agricultural Act of 1961. This joint statement was signed by the following organizations: American Cotton Producers Association, American Tung Oil Association, Association of Virginia Peanut and Hog Growers, Grain Sorghum Producers Association, National Association of Wheat Growers, National Corn Growers Association, National Farmers Organization, National Farmers Union, the National Grange, Missouri Farmers Association, and the Plains Cotton Growers.

The basic objective of the Kennedy Farm Bill is to increase net farm income consistent with a balanced program for the betterment of all our citizens.

Vet's Forum

Q. I am a nonservice-connected World War II veteran. Can I be admitted to a VA hospital?

A. A war veteran requiring hospitalization for nonservice-connected illness or injury may be admitted to a VA hospital if a bed is available and if he signs an affidavit that he is unable to pay for hospitalization.

Q. Do veterans with mental illness have a special priority for admission to VA hospitals?

A. No. But veterans with service during World War II or the Korean Conflict who developed an active psychosis within two years from the date of their separation from service are deemed to have incurred the disability in active service. Therefore, they are in the first priority group for VA hospitalization.

Q. I have just heard that my GI insurance will pay another dividend this year. When will I get it?

A. A "special" GI insurance dividend will be paid in 1961, between July 1 and Sept. 4. VA advises waiting as correspondence will delay payment.

Q. My son was killed in World War II. I have now lost my business and have no income. I did not apply for compensation earlier. Am I entitled to compensation now?

A. Yes. Contact your nearest VA office.

LOW PRICE IS ONLY HALF THE STORY

(The other—and even more satisfying—half you'll discover the first time you drive a Corvaire!)

And when we say "low price," we mean more than merely the pint-sized figure on the window sticker of a new Corvaire. You're going to be saving like sixty on gas. And on the antifreeze you won't buy next winter, and the radiator repairs you'll never have to pay for. About the only things Corvaire doesn't skimp on are room, smoothness, style and pure driving joy. But that's the other half of the story. Talk to your Chevrolet dealer about it soon!

'The Misfits' is coming to Tower

The finest creative talents in the world of entertainment were brought together for the production of "The Misfits," the new film showing Sunday Monday and Tuesday at the Tower Theater through United Artists release.

The picture stars Clark Gable, Marilyn Monroe and Montgomery Clift, with Thelma Ritter and Eli Wallach co-starring.

Filed for the most part on location at Reno, Nev., "The Misfits" is an electrifying drama of three independent men and one woman, and their attitudes toward the world in which they live. That world being the raw, carnival atmosphere of a small-time rodeo near Reno.

There are scenes of carousing and brawling, all creating the unique, rootless and root-seeking section of Nevada as it exists today. Gable and Miss Monroe are surely one of the most explosive pair of lovers in all screen history, and their love scenes range from the tender to the violent.

Mosquitoes have their preferences, research entomologists have found

COLLEGE STATION—Do you often wonder why mosquitoes seem to prefer you over someone else? If you do, you are not alone. Research entomologists in more than one country are trying to find the answer to why mosquitoes and other insects are attracted to man and animals.

If scientists can find precise causes of insect attraction, more effective repellents that would mask the attraction might be developed. Attraction retarding materials might be combined with insecticides. This would result in fewer insects bothering treated individuals, and the more persistent pests would be killed by the insecticides.

Experiments by entomologists at USDA's insect laboratory at Orlando, Fla., illustrate the complexity of such research, however. They dressed a man in a light-weight diving suit that kept water vapor, carbon dioxide and other gases from escaping to the surrounding environment. He was placed in a small observation room with three man-size dummies and 300 mosquitoes. The subject's breath was drawn outside the room through a hose.

Mosquitoes showed no preference between the man and the dummies, when carbon dioxide was discharged above the man's head, however, he attracted more mosquitoes. The

pests also were attracted when a cloth suit was put over the man's diving suit—regardless of the presence or absence of carbon dioxide.

Researchers exposed the man's face—no increased attraction. But when his hands were uncovered, the mosquitoes were attracted. These mosquitoes prefer the body, but another species showed marked preference for the face.

This shows that different types of mosquitoes aren't necessarily attracted to man and animals for the same reasons. Other insects

TEXAS WILL HAVE A NEW U. S. SENATOR because:

TEXANS WANT . . .

A SENATOR "OF THE PEOPLE". John Tower, a native Texan, is not a wealthy man. He understands fully the struggle of the average man to educate himself and to raise a family, for he has first-hand experience in both.

TEXANS DO NOT WANT . . .

A "MILLIONAIRE" SENATOR. Wm. Blakley, native Missourian, is reputedly one of the nation's richest men. He is a heavy contributor to political parties and candidates. In 1952 he gave \$16,000 to Adlai Stevenson's campaign. Columnist Doris Fleson reported recently that he was "possibly the nation's largest contributor" to the campaign of Lyndon Johnson and Jack Kennedy.

The way Falcon can stretch a gallon of gas is nothing short of remarkable! Witness Falcon's record-breaking performance in the recent Mobilgas Economy Run. There, a stock-model 1961 Falcon Tudor Sedan with standard transmission delivered more miles per gallon than any other 6- or 8-cylinder car in the 25-year history of the Run . . . averaging a phenomenal 32.6 miles per

gallon for the rugged 2,500-mile trip from Los Angeles to Chicago.

And get this—you'll save up to \$505* when you buy Falcon because it's the lowest-priced 4-door sedan ever made in the U.S.A.

Any wonder why over 620,000 buyers have made Falcon the world's most popular new car? See your Ford Dealer for the best buy in town—a '61 Falcon!

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The nation's independent businessmen, voting through the National Federation of Independent Business, have for some time opposed the imposition of new taxes on gasoline, tires and recapping rubber to finance the national super highway system.

This mammoth project was started on estimates prepared five years ahead of the time actual work began, and at the present time, nobody, C. W. Harder but nobody, knows how many extra billions of dollars will be needed to complete the entire ambitious project.

Naturally, independent business, so largely dependent upon automotive transportation, is concerned with extra taxes.

It now develops there are other complications.

It appears that the Bureau of Public Roads officials are now conceding that instead of the \$5 billion estimated to secure rights-of-way, it will now cost at least \$7 billion with one of the bureau's top brass expressing the belief that even the \$7 billion figure is conservative.

Congressman Ed Edmondson points to some facts dug out of just one state by a special committee investigating federal highway program headed by Rep. John Blatnik.

In one project of the federal highway development in Miami, Florida, it was learned that the Florida Road Department paid \$82,000 to have buildings removed from a right-of-way, and a sub-contractor netted more than \$100,000 from the sale of part of them.

The Federal government pays 90% of these costs.

Actually, the committee estimates that more than \$300,000 could have been realized from the sales of these buildings.

In Orlando, Florida, the state only paid \$100 for removal of buildings. The contractor sold them for \$24,500.

And so it goes, ad infinitum.

Graham has 6 in graduating class

By MRS. NOEL WHITE
Graham community members among the 1961 Post High School graduating class were Kathy Stone, Patsy Thompson, Joel Morris, Carolyn Moore, Jerry Ligon and Jane Maxey. They have all been very busy preparing for the graduation exercises, which were Monday night and for the senior trip.

Last Thursday night's rain measured from .25 of an inch to .4 of an inch over the community.

Patsy Thompson was hostess for a slumber party in the home of Mr. and Mrs. Carl Fluitt Friday night. Those attending were Bonnie Duncan, Margie Casteel, Denise Eubank, Gale Dillard, Linda Kuykendoll, Kathy Stone, Jane Maxey, Billie Lou Hill and the hostess.

HARDY SMITH was a Sunday dinner guest of his daughter and son-in-law, Mr. and Mrs. Carter White and daughters.

Mrs. J. D. Green, mother of Mrs. Quannah Maxey, was transferred to Lubbock Methodist Hospital Sunday, where she underwent surgery Tuesday afternoon.

Mrs. Elgie Stewart returned home Thursday after spending several days visiting her daughter and family, the Howard Adamases, in Lindsay, Okla.

Children of Ruby and Lefty Davies making good records at Abilene

Jerilyn, 17, and Wendell, 13, children of Mr. and Mrs. Elbert (Lefty) Davies, have just completed a busy school year at Abilene, where the Davieses reside at 812 South 6th St.

Jerilyn, who is a junior in Abilene High School, was inducted into the National Honor Society in January. Carrying five subjects, she is rated high in all of them, with grades all above 95.

Wendell was chosen to play ball on the Royal Electric Key City Pony League team. He sings in one of the choirs and also won a pin and free trip to camp in the Davis Mountains this summer for perfect attendance.

Both Jerilyn and Wendell take music from Mabel and Jack Buford, who are blind.

Farm wife testifies

Negro gets death in assault case

An 18-year-old itinerant Negro farm worker, Bennie Lee McIntyre, has been sentenced to death in the electric chair for the rape of a young Lynn County farm wife in the living room of her home on April 25.

Testimony in the trial opened at 9 a. m. Friday and the jury of three housewives and nine farmers returned its verdict last Friday afternoon after one hour and 37 minutes of deliberation.

Corley testified that McIntyre flagged down his car and told him "something bad" had happened at a white woman's house and that a Negro boy dressed just like McIntyre had fled from the house and he was "scared they're going to think it was me."

Corley radioed for Sheriff Norvell Redwine of Lynn County, who arrested McIntyre and took him to District Attorney George Hansard in Lamesa. In a statement read by Lynn County Attorney Harold Green, McIntyre confessed that he was the woman's attacker.

Post Ford dealer recipient of traffic safety award of merit

Tom Power, Inc., Ford dealer here, this week was presented an Award of Merit for the firm's contribution to traffic safety through the lending of an automobile for driver training purposes to Post High School.

The award was given by the Texas Automobile Dealers Association, statewide association of factory dealers with headquarters in Austin. Members of TADA have for the past 12 years loaned motor vehicles to high schools and 4-H Clubs for "behind the wheel" driver education, as a public service in the interest of training our youth to become better drivers.

The vehicles for driver training are loaned to schools that have instructors qualified to teach both classroom theory and actual in-the-car fundamentals of driving. C. C. Gunn, San Antonio Oldsmobile dealer and president of TADA, has pointed out that "the new car dealers of this State have a very real interest in promoting highway safety. As merchants and as citizens, we feel it is important to teach our young people safe driving habits. They will be the principal motor vehicle operators of tomorrow."

TSCRA MEMBERS HONORED

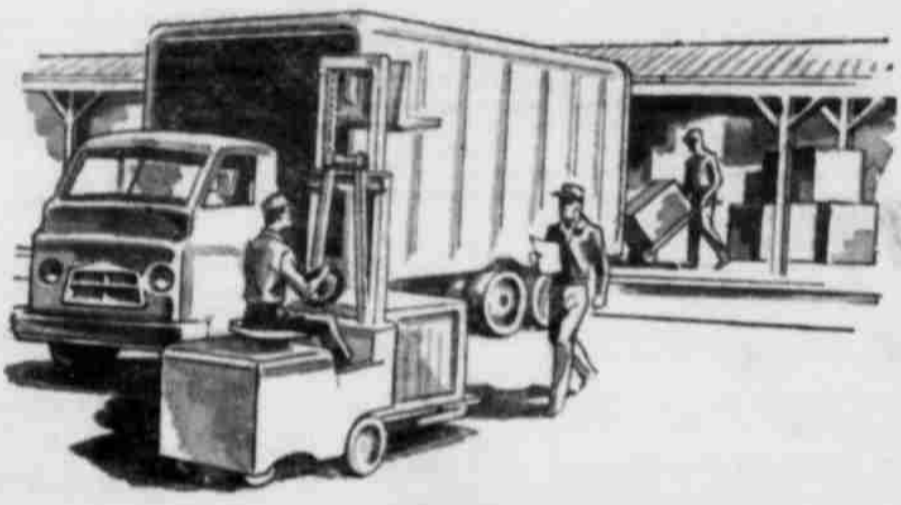

Two long-time members of the Texas and Southwestern Cattle Raisers Association were honored at Graham, Texas, recently when cattlemen from areas throughout the South-west gathered to pay tribute to the men who founded the Association in 1877. Dolph Briscoe Jr. of Uvalde, president of TSCRA, presented certificates of appreciation to Mrs. H. O. Pridoux of Graham and to John R. Halsell of Fort Worth, both shown above. Between them, they have more than 100 years of continuous TSCRA membership.

Omnibus Farm Bill is not endorsed by PCG

LUBBOCK—Contrary to other statements the board of directors of the Plains Cotton Growers, Inc., have not endorsed the administration's Omnibus Farm Bill, Wilmer Smith, vice president, said here today.

Instead, the directors of the 25,000 cotton producer organization, voted May 10 to take no definite stand at this time and to withhold the organization's approval or disapproval of the controversial measure until it is in its final form.

"With changes that are being made, what comes out of committee at the end of hearings now in progress is anybody's guess," Smith pointed out. "When the bill comes out of committee and the chips are down, we'll need to look at it in depth and hammer out a policy. Any action taken now might be obsolete by tomorrow."

Johnsongrass is said vulnerable to spot oiling

COLLEGE STATION. — Johnsongrass can be eliminated from Texas cotton fields in one season through the use of proper cultural methods supplemented by spot-spraying, says Glenn Black, extension cotton specialist.

Herbicide oil such as naphtha should be used early in the season while cool weather prevails. Diesel or kerosene give best results during warmer weather. Water solutions of sodium dalapon or other chemicals are also effective, Black says. Oils are commonly applied to the crown of Johnsongrass near the ground while water solutions are applied as foliar sprays.

The specialist states that a half and half mixture of naphtha and diesel oil or naphtha and kerosene are oil sprays commonly used in warmer weather. Oil mixtures may be used for economy with C-36 added for increased toxicity, or for a combination of contact toxicity and residual effectiveness. Oil sprays kill on contact when applied to the crown of Johnsongrass sprouts 6 inches or less in height.

Sodium dalapon is usually used at the concentration of 20 pounds in 100 gallons of water. It is applied to the foliage and is a translocated herbicide but also has a residual effect.

A man on foot using a hand sprayer does the best and safest job of spot-spraying Johnsongrass in crops, according to Black. He suggests a visit with the local county agent for complete details on this cost-cutting practice in cotton production.

State Capital NEWS

By Vern Sanford

AUSTIN—Legislature goes into the final stretch of the regular session with the possibility of a photo finish.

Individual lawmakers alternated between hope and despair about the prospect of getting all-around agreement on a tax plan by May 29. Many expressed fear of home district criticism if matters are allowed to drag through the summer as happened in 1959.

In the final, chips down stage, it looked like a Governor vs. Legislature battle. A majority of both houses has gone on record for tax plans which have a fairly general 2 per cent sales tax and the all-purpose "loophole bill"—into a combination package. In the package was a 2 per cent sales tax on items of 25 cents and more (with exemptions on food, drugs, etc.) and increase in the natural gas production tax from 7 per cent to 8 per cent, and a hike in the corporate franchise tax. They also jacked up the driver's license fee from \$2 to \$3.

Senate turned down the governor's substitute, 17-to-14, then gave final passage to its own bill, 19-to-12.

TAX MATTERS delayed Senate progress on legislation to regulate the small loan industry.

A re-worked version of the loan bill passed by the House was prepared by a special subcommittee of the Senate State Affairs Committee. In general, the Senate subcommittee's bill appears to allow for higher charges on smaller loans and lower charges on larger loans. It sets up a schedule of "service charges" that are not to be considered interest.

Whatever the outcome, hopes for passing a loan bill that will satisfy interested groups are nil. If charges are low, the bill will be criticized for "putting loan companies out of business so poor people can't borrow money." If rates are high, it "legalizes the sharks."

HOUSE PASSED ON second reading a bill that would put more pressure on drivers who do not carry liability insurance or have the means to pay for an accident.

Rep. Ben Lewis of Dallas and Robert Fairchild of Center, sponsors, pointed out that only about 60 per cent of Texas drivers carry insurance.

DESPITE disappointments and conflicts, a legislative redistricting bill passed both House and Senate.

Sen. Jop Fuller carried on a nine-day tour filibuster against the Senate portion of the bill. Fuller protested that Jefferson County (Beaumont-Port Arthur) has more than enough population to be a one-county district. In the bill Jefferson is placed in a district with Orange County, as before.

Nor is all good cheer in the House where a number of members face the prospect of running against each other. Many rural areas with dwindling populations were enlarged or combined with other districts.

Rep. Will Ehrle of Childress who is placed in the same district with veteran Rep. Bill Healy of Paducah, has announced that he has given up the idea of running for speaker next term.

A BILL TO license and regulate private clubs serving liquor by the drink gained final House passage.

Rep. Tom James of Dallas, sponsor, declared it was a law enforcement measure needed by the Liquor Control Board in order to halt saloons operating in the guise of private clubs. Opponents declared it would legalize liquor by the drink.

Under the bill, clubs would pay annual license fees ranging from \$500 to \$10,000.

A BILL AIMED at outlawing sit-ins and stand-ins has received preliminary House approval.

Rep. Lloyd Martin of Normangee is author of the bill. It would provide a fine of \$200 per person who refuse to leave a business establishment after being asked to do so.

STATE MUST return to several Dallas liquor stores \$89,246 in liquor taxes paid under protest, says the State Supreme Court.

These are taxes paid by the stores on liquor in stock before the effective date of an increased tax by the Legislature in 1959.

Not involved in this suit is another \$73,937 in liquor taxes paid under protest under the same circumstances.

YOUNG MEN between 21 and 35 may make application through June 9 to attend the next school for state highway patrolmen. Department of Public Safety has announced that men meeting the patrol's standards will take exams in several cities June 13, 14 and 15. Prospective applicants may write to the Department of Public Safety at Austin for information.

WITH THE CLOCK running out on this session, a large volume of bills is being moved at a swifter pace. Riding in the flood are bills that would:

1. Take the University of Houston into a state-supported college system. Bill finally passed the Senate after nearly a month of delays, but must be passed again in the House.
2. Provide up to \$12 monthly for medical hospital and nursing care for persons on the state welfare rolls. Passed by Senate.
3. Recodify the school laws and cut the number of hours future teachers must spend in courses on how to teach. Passed by the House.
4. Allow for payment of state aid to school districts on the basis of the present year's attendance rather than the previous year's. Passed by the Senate.
5. Outlaw sale of obscene pictures, books, magazines or phonograph records. Passed by House. Penalty for violation would be a fine up to \$2,500, a prison term up to two years or both.
6. Increase the annual barber's license fee from \$5 to \$10 and set up higher requirements for barber colleges. Passed by House.
7. Allow the Veterans Land Board to sell forfeited lands to persons other than veterans. This is a constitutional amendment and would have to be voted on by the people. Sponsors said the measure was aimed at providing a way for the state to get back money involved in the "block deals" that erupted into the "land scandals." Passed by Senate.
8. Require registration of pest extermination services with the

Pleasant Valley couple fish at Lake Buchanan

By MRS. VERNON SCOTT
Mr. and Mrs. C. R. Scott left Monday for a week's fishing trip to Lake Buchanan, near Austin. School is out for another term and everyone is enjoying sleeping later and just relaxing.
Mrs. Will Barton and daughter, Mrs. Don Brostrup of Littlefield, spent several days last week visiting their daughter and sister, Mr. and Mrs. Bob Sproul of Fort Davis. They also visited in Alpine.
Mrs. J. O. Roberts visited Mr. and Mrs. Alvin York at Loving over the weekend. She also visited in Abilene with her son, Jack, who is a student at McMurry College.

MISSES BRENDA Dabbs and Carol Stolle spent last Thursday night with Miss Shirley Lee. The girls attended the movie "Giant".
Mr. and Mrs. J. A. Edwards of Kemp are visiting Mr. and Mrs. Henry Edwards and Lou Alice this week. Other guests over the weekend were Mrs. B. D. Robinson, Mrs. D. C. Roberts and Miss Carolyn Edwards of Lubbock.
Mrs. Grace Kane of Amarillo visited her parents, Mr. and Mrs. T. L. Barnes, and her sister, Agnes Rinker, over the weekend. Other guests were Mr. and Mrs. J. T. Davis and family of Lubbock.
Mr. and Mrs. S. S. Bevers of Justiceburg and Mrs. M. C. Dorman of Snyder were guests in the home of Mr. and Mrs. Happy Bevers recently.

Mr. and Mrs. C. C. Lee visited with Mr. and Mrs. Dub Kenley of Tahoka Sunday. Other guests were Mr. and Mrs. Gene Kenley and family of Goodland.

Mrs. B. D. Robinson spent the weekend in Post with Mr. and Mrs. D. C. Roberts.

Mr. and Mrs. Happy Bevers and family were supper guests of Bro. and Mrs. Elton Brian and daughters in Lubbock Monday night.

Mrs. Agnes Rinker is visiting in Albuquerque, N. M., with her daughter, Mrs. Dale Cole, and her sister and family, the Frank Corners.

Four flexible foods on June plentiful list

COLLEGE STATION—Flexibility, zest and nutrition are important attributes of the four food items on the U. S. Department of Agriculture's June list of plentiful foods, reports the Agricultural Extension Service, Texas A&M College. Other plentiful include potatoes—especially sweetcorn, onions, cabbage, radishes, squash and tomatoes.

The supply situation may vary from market to market, the Service says, but these items are expected to be plentiful all month in most areas. Consumers usually find it to their advantage to shop the "Plentiful Foods Route." These foods are among those most likely to be featured in weekend specials at many grocery stores.

June Dairy Month is a good time to serve this delicious and nourishing family of foods often. Supplies are at their seasonal peak and any of the many dairy foods transform ordinary meals into delightful spring repasts. The whole run of dairy foods is plentiful—whole milk, evaporated, dry, condensed or skim milks, flavored milk, buttermilk; cheeses of all kinds; sour cream or whipping cream; butter, and ice cream.

The June supply of broiler-fryers is expected to be around 25 per cent larger than a year ago. Prices are budget-low. Stocks of both new and old-crop potatoes invite wide use of this staple, and spring gardens are producing fresh vegetables in abundance these days. They're superb menu brighteners.

FISHING PARTY

Mr. and Mrs. C. R. Wilson and Butch Wilson were in Brownwood last week where they attended the annual fishing party sponsored by the Standard Oil Co. Butch also observed his 31st birthday.

GRAHAM VISITORS

Mr. and Mrs. C. E. Hipp and Charlene of Graham visited during the weekend in the C. R. Wilson home. Charlene remained for the weekend while her parents were in New Mexico, returning the first of the week.

ALASKA VISITORS

Mr. and Mrs. James Sullivan and Ann and Bob Keller of Anchorage, Alaska, are visiting this week in the homes of Mrs. Katharine Trammell and Mr. and Mrs. Joe Keller.

ATTEND MEETING

Mrs. J. T. Shelnett and Mrs. Roy Josey were in Midland last Tuesday to attend an Avon meeting and luncheon at the Midland Club.

VISIT SON

Mr. and Mrs. Ted Hibbs returned Saturday from Andrews, where they visited their son and family, Mr. and Mrs. Ted Hibbs Jr., for a week.
