School election Saturday; city council vote Tuesday

Voting places will get busy work during the next few days, with school trustee elections scheduled for Saturday and Post's city election for Tuesday.

With the Amity Study Club compiling voters' guides on candidates for the Post school trustee and city council candidates and the Post Ministerial Alliance sponsoring a town hall meeting tonight for the two sets of candidates, interest is high in both elections with the possibility of record turnouts of voters.

Questionnaires get answers from 4 of 9

Four of nine candidates for three places on the city council returned questionnaires mailed them by the Amity Study Club for use in a "Voter's Guide" in The Dispatch.

Five candidates returned questionnaires, but one, Morris K. Chambless, later withdrew from the race. He is being transferred by his employer, Continental Oil Co., to Morgan City, La., effective Friday.

The percentage of returns on the Voter's Guide for school board candidates, which appeared in last week's Dispatch, was 100 per cent. All four candidates filling out and returning the blanks to the study club.

One of the city council candidates, Eleanor Webb, left two weeks ago on a trip to Japan, leaving several days before the questionnaires were mailed.

Conference set on highway project

The State Highway Department's new program of pre-construction conferences will be inaugurated at 10 a. m. Friday in a meeting at the resident engineer's office here.

Resident Engineer Julian F. Smith said the highway department recently decided to hold pre-construction conferences on projects involving heavily traveled roads.

The conference here will be on the U. S. Highway 84 project for extending structures, grading, and base and surface treating from south of the Post city limits to the Scurry County line.

Smith said highway patrolmen, local law enforcement officers and newspaper representatives are being invited to sit in with the highway department personnel at Friday's conference.

In Saturday's trustee election in the Post Independent School District, four candidates are in the race for two board places. One of them, Bobby Pierce, is a candidate for re-election. The other three are David N. Newby, Dr. John E. Carter and Malcolm T. Bull.

Occupation: Stenographic - Bookkeeper.

Education: I am a graduate of Post High School and attended Draughton's Business College.

Other qualifications: I am a native of Post. I have always taken an active part in civic, educational, and religious organizations of the community and I feel that this gives me an awareness of the needs of the community.

Your reason for seeking this office: I think women should take an active part in governmental affairs. My candidacy was endorsed by the members of the Post Business & Professional Women's Club, and as I was never one to shirk the call of duty, I filed as a candidate for City Council.

What are your views regarding a city police force?: It is the duty of the city government to provide an effective, well-trained police force for the protection of its citizens.

The other city council candidates include W. S. (Walter) Duckworth and C. R. "SI" Thaxton, two of the three incumbents whose terms are expiring. The other incumbent, L. A. Presson, is not a candidate for re-election.

OTHERS IN RACE

Also in the race are M. L. (Lester) Nichols, V. F. "Bing" Bingham, Bob Poole, Mrs. Charles Didway, Katharine Trammell and Eleanor Webb.

The three women are the first ever to seek election to the city council here.

Voting in the school trustee election will be at the high school.

Pierce, presently serving as secretary of the school board, is co-owner of the P&W Acid Co. Bull is a parts man at Post Auto Supply, Dr. Carter is a physician, and Newby is general superintendent for R. S. Anderson Oil Co.

Clint Herring, the other board member whose term is expiring, did not file for re-election.

OCCUPATIONS LISTED

Of the city council candidates, Thaxton is owner of Thaxton's Cleaners and is seeking a third term on the council.

Duckworth, wholesale oil transporter, is a candidate for his first elective term. He was appointed to the council last May to complete the unexpired term of Councilman Powell Shyles when the latter was elected mayor.

Jury fines one, acquits one in liquor hearings

In the only two cases coming to trial at a term of county court this week, one person was found guilty of illegal possession of beer, wine, whisky and vodka, and another was acquitted on an identical charge.

A jury Tuesday afternoon deliberated a little more than 15 minutes in finding Bessie James guilty on a possession charge and fixing her punishment at \$400 fine and costs.

Monday afternoon, a jury took less than 15 minutes to find Hossie Wynne not guilty on a charge of possession of beer, wine, whisky and vodka.

State Liquor Board men from Lubbock testified in both cases.

There were pleas of guilty in three other cases on the docket, charges were dismissed in two cases and four other cases were continued.

The possession charge against Bessie James was filed after a raid last Oct. 30 by liquor board men on the Tippit Inn. The charge against Wynne was filed following a raid at the Tippit Inn last June 10, also by liquor board men.

Jurors in the Winn cases heard Monday were A. C. Cash, D. C. Morris, Oscar Gray, Joe B. Taylor, George Miller and Floy Richardson. Jurors in the James case were the same except for Riley Miller instead of A. C. Cash.

Theft charges against A. E. Redman and Wayne Parrish were dismissed because of lack of evidence. County Judge J. E. Parker told The Dispatch.

Henry Banks was fined \$250 and costs on a plea of guilty to a charge of possession of beer and

Civic League formed for fight on liquor

Organization of the Garza Civic League Sunday afternoon at a dry rally which drew a standing-room only crowd of over 250 persons to the district courtroom and of the Garza Youth for Betterment yesterday afternoon at Teen Town highlighted this week's activities in its wet-dry campaign.

The showdown on legal liquor will come at the polls Saturday,

April 9, in Garza precincts 3 and 4. Adding interest to the campaign was the first successful liquor raid in the county since early last December. It was held Saturday afternoon, some 48 hours after The Dispatch last Thursday noted the four months absence of raiding activity in its roundup story.

With the dries getting organized for an about vote drive, the wets

still had no spokesman willing to step forth.

Wet strategy appears to be to work diligently in the precincts for the votes and not try to out-talk the dry opposition.

Public predictions during the week appeared to be swinging toward the a dry victory in both precincts.

Both sides appeared to be building up to a climatic week next week just before the Saturday vote.

Extension director to attend Library study group meets Friday night

The newly appointed library study committee will hold its third meeting at 7:30 o'clock Friday night in the Community Room of the First National Bank to hear reports of its library costs and petition sub-committees.

Bob Lee, extension director of the Texas State Library at Austin, has accepted an invitation from the study committee to come here for the Friday night meeting and give

advice on probable cost figures and what the committee could expect in the way of state aid if it did not enter into a multi-county library arrangement as recently proposed.

These committees were named during an interesting organizational session last Thursday night in the county courtroom after hearing Mrs. Ruth Brock, librarian of the city-county library at Lamesa, tell of her experiences in organizing and the development of the Lamesa library.

CHAIRMAN NAMED

Mrs. Tom Gamblin was elected temporary chairman of the study group due to the absence of Dean Robinson, committee chairman.

She appointed the two three-member sub-committees to "report in a week" after the committee decided on this course of action.

James Simms was named chairman of the library costs sub-committee. Mrs. Walter Boren and (See LIBRARY STUDY, Page 8)

Three charges filed in liquor raids Saturday

Five State Liquor Board men out of Lubbock and two local law enforcement officers made successful raids at three out of four places here early Saturday afternoon, resulting in the filing of three charges against three persons and the confiscation of whiskey, wine and beer.

They were the first successful liquor raids made here since early in December of last year.

The Liquor Board men were led by Leon Bowman. Local officers assisting in the raids were Deputy Sheriff Red Floyd and City Marshal Junior Shepherd.

Following the raids, charges were filed in county court against Bessie James for illegal possession of beer, Fannie Daughtry for illegal possession of beer, and Nathaniel Wilson for illegal possession.

Each of the persons charged pleaded not guilty. Their bonds were set at \$750 each.

Most of the beverages confiscated by the officers consisted of beer and wine, with only a small amount of whisky being found at any of the places.

Final rites held for Mrs. Hardin

Last rites for Mrs. Rube Hardin, who died Sunday in Garza Memorial Hospital following a brief illness, were conducted at 3 p. m. Tuesday at the Church of Christ.

Mrs. Hardin, who was 76, had been a resident of Post since 1939, when she moved here with her husband, Rube Hardin, from Grants, N. M. Mr. Hardin died Aug. 29, 1959.

Until becoming suddenly ill last week, Mrs. Hardin had been unusually active for a woman of her years and attended to her own shopping and other business which brought her uptown. She was a member of the Church of Christ.

SURVIVORS LISTED

Mrs. Hardin is survived by one daughter, Mrs. Julian Pirtle of O'Donnell; two sons, J. D. Hardin of Paradise, Calif., and Mark Hardin of El Paso; one brother, Henry Beebe of Portales, N. M., and four grandchildren. Mrs. Hardin was also preceded in death by a daughter.

Ode Prescott, minister of the O'Donnell Church of Christ, officiated at the funeral services. Burial was in Terrace Cemetery under direction of Hudson Funeral Home.

Palbearers were Robert Cox, Garland Davies, L. H. Ingram, H. J. Dietrich, Rodger Sulinger and Tom Harmon.

'Town Hall Meeting' is scheduled tonight for views of 13 candidates

Post's first "Town Hall Meeting", scheduled by the Ministerial Alliance, to give the 13 candidates for city and school offices an opportunity to present their views, will be held at 7:30 p. m. tonight in the county courtroom.

The Rev. Eugene Matthews will moderate the meeting and ask prepared questions which were submitted to the candidates last week and printed in last week's Dispatch.

The public is urged to attend the meeting and hear the candidates' viewpoints on school and city problems.

Good law enforcement essential

The law enforcement problem here is popping up right in the middle of everything these days. For the next few weeks it's going to be mighty hard to ignore.

And, who knows, something might actually come out of all the furor.

The drys have dumped it right into the middle of their campaign against legal liquor, saying that whether liquor is legal or illegal there will be no adequate controls without good law enforcement.

The city council campaign, which also is up on us, has brought forth law enforcement questions for the candidates from both the Amity Study Club and from the Town Hall sponsors tonight.

In another month the subject of law enforcement will figure prominently in three county and one township races.

This is the time the voter gets the chance to make his vote count on the subject of good law enforcement. This time he gets the chance to hear the candidates take a stand on the issue

and then vote for those he thinks will represent him best.

City voters surprised a lot of people last spring by voting in favor of a city police force. They didn't get their wishes last year but if they select candidates who want a stepped-up city law enforcement program they can get what they want this spring.

Good law enforcement, whether parts of the city and county go wet or stay "dry," is essential to the future growth and well being of our community.

To get it, the majority of folks have to want it—and want it enough to stand up and be counted for it. Then when we win it, we've got to support it.

The thinking of the people here is changing—in favor of more law and order. The pendulum of public opinion is going to swing even further in this direction in the months ahead.

Change comes slowly but the change is coming. Public opinion is going to demand—and get—better law enforcement.—J.C.

We're still 'harping' on it

As more and more of the newspapers in the smaller towns set about to more thoroughly cover the meetings of elective bodies so that their readers might keep informed, these elective bodies, generally speaking, tend more and more to make the newspaper's task anything but an easy one.

It has been our observation that school boards, city councils, county commissioners' courts and other elective groups in towns where little or no effort is made to sit in on and report their meetings rise up at every opportunity to let it be known that their meetings are open to the public, including representatives of the press and other news media. But, nine times out of ten, when the press starts sending a representative to every meeting, these elective bodies do an about-face and either begin holding private sessions or fail to inform the newspapers of special meetings.

That isn't good.

Any elective official will tell you that the group on which he serves has nothing to hide

from the people who elected them. Yet they leave the impression that they do have something to hide when they persist in taking steps to keep a representative of the press or other news media from attending one of their meetings, be it a regular or a special session.

This trend has been evident in Post ever since The Dispatch started some three years ago to make it a point to sit in on as many of these meetings as possible. As a result, in reporting many of the meetings, we've had to report whatever news was given us of the meetings—most of it coming several days after the meeting was held, thereby increasing the possibility-margin of forgetfulness in informing us of some newsworthy item of which the public should have been informed.

It may appear to the reader that The Dispatch is "harping" too much on these meetings at which a representative of the press is neither welcome nor wanted. But our intentions are to continue harping on the subject just as long as these elective bodies persist in purposely "avoiding" the press.—C.D.

New election law far-reaching

Garza County voters are reminded of two new laws now in effect which change completely the make-up of political conventions in Texas. One is called the "Party Affiliation" Law, and the other fixes new dates for the primaries and conventions.

The first of these two laws will have a far-reaching effect on the voters. A person becomes a "member" of the Democratic Party when he votes in the primary. Only party members—those who have voted in the primary—may participate in the precinct, county and state conventions, or hold a party office.

In other words, regardless of the number of years you have been a Democrat, you cannot participate in precinct, county or state conventions this year unless you vote in the May 7 primary and have your poll tax receipt stamped "Democratic." If you vote under an exemption receipt, then the election judge will furnish you with a paper showing you did vote in the primary. Neither can you hold a "party" office during this year unless you vote in the primary.

The poll tax receipt form has been changed

to provide a space for party affiliation. This space is filled in only by the election judge at the time the voter participates in the primary. It will be contrary to the law for anyone except the election judge to fill this in.

When a person votes in the Democratic primary, the election judge stamps on the poll tax receipt the word "Democratic" within the party affiliation space. Such action makes the voter a member of the Democratic Party for the duration of the poll tax period. He can not, during the year, participate in another party's conventions.

Violation of the Party Affiliation Law is punishable by a fine of from \$20 to \$200. The law is plain in one particular. If a person expects to participate in either precinct, county or state convention, he MUST have a poll tax receipt or certificate marked "Democratic." Otherwise he violates the law.

This being a presidential election year, no Republican will likely vote in a Democratic primary and have his poll tax receipt marked "Democratic."

Scout program is advancing

The Comanche Trail District, Boy Scouts of America, is making real progress in a number of phases of Scouting, according to committee reports made at a special meeting held here recently.

The committee on district standing in camping and activities was told that the Comanche Trail District had 46 per cent of its units signed up for summer camp, standing second in the South Plains Council in that category.

Another report, on the standing of the trained leadership in charge of units in the district, disclosed that the Comanche Trail District now has 79 per cent of its leaders trained to work with boys.

These are good marks chalked up for our district in Boy Scout work, and they're by no means the only ones. The enthusiasm and hard work of the Boy Scouts and their adult leaders are responsible for putting the Comanche Trail District up near the top of the South Plains Council.

Boy Scouting is a character building program that not only deserves the attention and assistance of the public, but is receiving more of it now than at any previous time in the district's history. As long as the program is supported, it will pay big dividends to each community involved and to the area at large.—C.D.

What our contemporaries are saying

There's a difference between good sound reasons and reasons that sound good.—James Roberts in The Andrews County News.

Whether it is just one of those things or possibly the application of the new casualty insurance law, the fact remains that the rate of deaths on the highways in Texas is much lower at this time of year than it has been on the average for some time. The State Insurance Board's application of the new insurance law has created a great, great deal of paper work in the board's office as well as in the office of the insurance companies. Although two or three score employees have been hired by the board and outside overtime help is employed from offices around town in Austin, the insurance commissioner says they have a backlog of about 30 days paper work and correspondence. It will take some time for the statistics to prove or disprove that the new system is working. On the one hand the death and accident rate is way down; on the other the mountain of added work on the part of authorities and the insurance companies, costs that are bound to be reflected in the insurance rate sooner

or later.—The Floyd County Hesperian.

We think Crosby County commissioners acted well in voting to contract with the state for library service for a one-year period. We think they acted wisely in deciding to let the people determine whether they want it permanently. The Bookmobile demonstration has shown that there is now a demand for books. Another year should determine whether that demand will exist when the novelty wears off. If the desire for library service proves to be a passing thing, then nobody will have lost very much. If, on the other hand, the demand continues, we will have gained a great deal in experience that should make a permanent library a more successful operation.—The Lorenzo Tribune.

Pity the individual who sees easy success in work other than that on which his hand rests. His torment is a fire fanned by his own swinging sandals. To further his torture is the knowledge that lesser people have passed him. People who have accepted the law that all but the kings must be mediocre before they are great.—Douglas Meador in Matador Tribune.

THURSDAY to THURSDAY

By CHARLES DIDWAY

TOMORROW, FRIDAY is April's Fool Day, but there's no joke about it ushering in a busy month in Post and Garza County.

The month will bring elections, a holiday, busy times for students, income tax and auto inspection deadlines and the first U. S. Census since 1950.

FROM APRIL'S Fool Day right on through April 30, there'll be something stirring a lmost anywhere you turn—but that's what makes life worth living.

One of our faithful readers writes in to say that she enjoyed last week's column piece on "Remarks That Teachers Get Tired of Hearing," and encloses in her letter a clipping on "Remarks That Waitresses Get Tired of Hearing, or Overhearing." It follows:

"What's a pretty dame like you doing working in a joint like this?"

"I know I asked for my steak well done, but I changed my mind. Take it back and ask the chef if he can make it rare."

"Honey, would you mind keeping an eye on my four kids while I go to the ladies' room? I won't be gone but a minute."

"Whaddaya have to do to get service around here, keel over dead?"

"Paddon me for being alive. After all, I'm just a customer."

"Whaddaya got on for tonight, kiddo?"

"Don't tell me it isn't peroxide. I know. I used to work in a drug store."

"Just serve the food now. You can bring the stomach pump later."

"I know you call it coffee, but what is it really?"

"I asked for Java, not lava."

"I'm a talent scout, kid. How'd you like to leave all this and go to work in Hollywood?"

"I notice you're wearing a wedding ring. What's it for, protection?"

"Yep, that's what I said. Gimme one scrambled and the other one sunny-side-up."

"I know it says no substitutions, but can't you make it sliced tomatoes instead of the succotash?"

"If that's the large-size hamburger, I'm glad I didn't order the small one. I left my glasses at home."

"Whaddaya do for excitement in this town, watch haircuts?"

"What happened, did the dishwasher swap jobs with the chef again?"

"Now, I haven't been waiting long. I needed a shave when I came in."

"Never mind the sugar, honey. Just dip your finger in it."

"Let me speak to the manager, or, better still, someone from the Board of Health."

"Gee, I'll bet you'd like to sit down yourself. Your feet must be killing you."

"The coffee's usually good here on Mondays. That's the day they clean out the urn."

"I didn't say I didn't like the steak. I just said you gave me a bum steer."

"Well, if you're tied up yourself, baby, do you have a sister?"

"Gom, Joe, be a big shot. Leave her a dime."

"Here y'are, kid. Buy yourself another Rolls Royce."

"I hear in this place even the chef brings his own lunch."

"It couldn't be a statue. I saw her move."

"What's he cooking those three-minute eggs by, a calendar?"

"I tell you I ordered chow mein, not lemon meringue pie. But what's the difference? Leave it here anyway."

"If that soup isn't cold, how come you had your thumb in it when you brought it?"

"Maybe you don't remember me. I looked a lot younger when I first gave you my order."

"Let me take you away from all this, sweetie, and the world will be waiting on you."

"There may be snow on the roof, baby, but there's still fire in the boiler."

"Whatcha getting so stuffy about? After all, you can't blame a guy for trying."

42 area farm families plan 1960 operations

Approximately 42 farm families, representing a good proportion of the Farmers Home Administration credit in Crosby and counties have completed a series of individual meetings with F. Wilfong, the agency's supervisor, to take a careful look at their 1959 operations and make 1960 plans.

Wilfong said this year-end analysis is a service given by the agency which makes loans to farmers to operate, improve, or enlarge family-type farms.

As a result of this study of their operations, Wilfong said, the farmers here are working into 1960 plans include (1) pre-irrigation of crop land where irrigation is available, (2) testing soil for fertilizer, (3) terracing and using adequate equipment for operations, and (4) gardens for canning and other families in Crosby and counties now using FHA cre-

dit include those with operating loans, farm ownership loans, loans to build or repair houses or other farm buildings, soil and water conservation loans, and emergency loans.

Loans totaling \$338,130 have been made to farmers in this area since June 30, 1959. This has been for acquiring equipment, livestock, seed, feed, fertilizer, and paying other operation costs, and paying for labor and materials in connection with housing and other improvements. This money, and the extra money for increased incomes, circulate through local trade channels.

Good farm planning and record keeping are carried on throughout the year and plan an important part in operations financed with FHA credit. As proof that good practices pay off, Wilfong pointed out that during the fiscal year of 1959 21 borrowers repaid their loans in full and are now obtaining their necessary credit from local banks or other lenders.

Food stores in area announce college scholarship program

Young men working in the more than 125 Affiliated Food Stores in this area now have the opportunity of applying for a special college scholarship in food distribution according to Alfred Allston, Affiliated Food Stores, Lubbock.

The two-and-one-half year fully accredited scholarship to the Food Distribution Curriculum at Western Michigan University, Kalamazoo, Mich., is known as the Shurfine Scholarship Grant and is intended to provide recognition and encouragement for careers in food retailing for young men working in stores where Shurfine Foods are sold.

"Western Michigan University's food distribution curriculum of alternating one semester of college study with a term of actual work on the job, seems to us the most practical and effective method of preparing for leadership positions in food distribution," said Alfred Allston.

The Shurfine scholarship provides for complete payment of tuition, course fees, and books for the entire two-and-one-half year period. Student selection will be based on high school academic record, initiative, responsibility, and leadership qualities, and the degree of interest in retail food distribution. The Shurfine scholarship grant will be administered by the Registrar of the University.

More than 60 Cornell University upper classmen are improving their own grades by tutoring freshmen in mathematics and physics.

Vet's Forum

Q. My husband, a World War II veteran, died recently of complications from injuries received in service, and I wish to make application for death compensation payments. Will my present income have any bearing on my eligibility?

A. No. So long as you are otherwise eligible, you will receive death compensation payments regardless of your income. It is death pension payments, based on deaths not due to service, where income limitations apply.

Q. I have listed my mother as beneficiary of my GI insurance policy, and have designated that she receive the proceeds in a lump sum. Would she have the right to change to some other method of payment if she desired?

A. Yes. She may change the method of GI insurance payments from lump sum to any of several installment plans available.

THE CRISIS THAT WASN'T

Today, there are many quick victories over disease. Each might be described as a crisis that didn't quite happen — thanks to today's superior medicinal agents.

Modern medicines prescribed by your physician score amazing triumphs over diseases which, only a decade ago, were almost certain to become dangerously serious.

Present-day pharmaceuticals, such as the antibiotics, require complex equipment, intricate controls and highly skilled technicians for production. Although somewhat higher in cost, they actually are an investment in economy. They effect an earlier cure and cut down expensive sick-bed time.

We are staffed and equipped to fill your doctor's prescriptions promptly at prices that are fair.

Texas Tech Choir is to be here next Thursday

The Texas Tech Choir will present a concert in the Post Elementary School auditorium at 2:30 p. m. Thursday, April 7, Georgie M. Willson, director of choral music in the Post schools, announced today.

One of the members of the 43-voice choir is Jimmy Short, son of Mr. and Mrs. Lowell Short of Post and a freshman at Texas Tech.

The choir is one of five performing choral organizations on the Tech campus. Membership in the choir is gained by audition and is open to all members of the student body.

At present, the choir personnel represents every department in the college and about 45 per cent of the members are music majors. The repertoire of the singers includes music from every period in music history and attempts to bring the highest type of choral art to its listeners.

The program to be presented here next Thursday will include works by Morley, Palestrina, Victoria, Willan, Brahms and Berger and folk songs.

Gene Kenney has been director of the choir since 1955.

Couple returns from trip east to conventions

Dr. and Mrs. Harry A. Tubbs returned Sunday from two-weeks spent attending medical conventions in Virginia and Pennsylvania.

March 15 through 18, Dr. Tubbs attended lectures at the Medical College of Virginia in Richmond, Va., during which time Mrs. Tubbs, who is a laboratory technician, attended lectures at Walter Reed Hospital. Both lectureships were on the same field, covering progress made in screen tests for cancer, which any general practitioner can use in his laboratory.

From Richmond, they went to Philadelphia, Pa., where Dr. Tubbs attended the American Academy of General Practice at Convention Hall. The Stoneburner lectures conducted at the convention covered wide medical areas, with the main point of interest for the Texas doctor centered on screen tests on cancer. Dr. Tubbs is a member of the AAGP, which requires its members to complete 50 hours of post-graduate study per year.

En route, Dr. and Mrs. Tubbs visited his mother, Mrs. W. J. Tubbs, and his brother, R. E. James Tubbs, and family, in Kingsport, Tenn., and relatives in Richmond and Washington.

Choral director lists ratings in recent contests

Georgie M. Willson, choral music director in the Post schools, this week announced complete results of the vocal department's participation in the University Interscholastic League's Region 1 contest held recently in Lubbock.

The singers were graded in five groups — superior, excellent, good, fair, poor.

The high school mixed choir, composed of 42 members, was rated excellent in concert and excellent in sight reading.

Piano soloists and their rating were: Jan Herring, superior; Stanna Butler, superior; Gayla Johnson, superior; Carolyn Moore, excellent; and Marianne Jones, excellent.

VOCAL SOLOISTS RATED
 Vocal soloists were: Peggy Butler, excellent; Sandra Martin, excellent; Leatrice Justice, excellent; Clarence Ivie, excellent; and Leslie Acker, superior.

The 7th grade sextet received a superior rating. Its members are Dee Ann Walker, Meredith Newby, Gayla Johnson, Karen Haley, Carolyn Malsler and Gayle Tittle.

The 8th grade sextet was rated superior. Its members are Linda McMahon, Linda Pennell, Lynette Potts, Argan Robinson, Majorie Harrison and Susie Jo Schmidt.

Also receiving a superior rating was the high school sextet of Peggy Butler, Linda Wilks, Janith Short, Karen Potts, Sharon Jobe and Janene Haynie.

Speaker criticizes national spending

Waste and corruption in government spending and in the handling of charities on the local level were rapped by Dr. Doyle D. Jackson of Lubbock Tuesday night at a Post Lions Club ladies night meeting.

Dr. Jackson, who retired a few years ago as professor of education at Texas Tech, suggested that if the national election and the income tax deadline came on the same day it might make a difference in national spending.

Dr. Jackson's criticism of wasteful national spending was humorous as well as biting.

Dr. Jackson was the contact man with Lyndon Johnson in the transaction which transferred the tract of land at Kerrville to the Lions Clubs of Texas for use as a crippled children's camp. The Post Lions Club participates in sending children to the camp each year.

The last Indian chief to lay down arms against the United States was Geronimo, a leader of the Mescalero Apaches in New Mexico. He surrendered in 1886.

County HD Agent provides pointers on lawn growing

A beautiful well-kept lawn adds to the material value of your home and is the basic requirement for an attractive yard. Properly established and well-kept grass gives an aspect of spaciousness, provides a cool restful cover and prevents soil blowing and washing.

These are a few suggestions that I hope will enable you to have a beautiful lawn. An adapted grass for this particular area is Bermuda grass. It is drought tolerant and spreads rapidly and should be fertilized to produce a good turf. Bermuda as a turf grass does not grow in the shade, turns brown after frost and does not turn green until after the last freeze in the spring. It is a nuisance in the flower beds because the roots grow horizontally underground.

St. Augustine grass is not recommended for this area. Buffalo grass is a native to south central Texas and areas westward and northward. Buffalo grass is cold, drought and heat tolerant, it is recommended for dry regions where watering facilities are not available. Surface growth may take on a dry appearance during extended dry periods but roots are not easily injured. Mowing is not essential but lawns that are fertilized, watered and mowed are more attractive. Buffalo as a lawn grass, has an unattractive appearance during a prolonged drought and in late fall and early spring, is not aggressive and may be invaded by weeds and other faster growing grasses and will not tolerate shade.

Soil is the foundation of the lawn—the end product is no better than the foundation on which it is built. The area should be graded properly to provide surface drainage, the soil should slope gradually from the house. A soil high in organic should be used. Fertilizer should be added to the soil and worked in.

A hardy turf is the best control for weeds. Weeds are not a problem when a well adapted lawn grass has been established. A thin

weak stand of grass will be invaded with weeds. A bulletin on home lawns is available to you at the county extension office.

Proud Love...

... for a precious young life. A life whose care and welfare is completely in your hands. The joy we share in baby's first steps ... the proud love ... when baby first says ... "Mama!" The love for a life that is completely dependent on you for food, clothing, teaching, and spiritual guidance. Teach him his prayers, and take him to church each week where he may grow in love and admonition of the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Pony Express' 100th anniversary celebrations tribute to youth

year's centennial celebration of the famous Pony Express is largely a tribute to American youth. Postmaster Harold observed today.

of the daring riders of the famous mail-carrying service which began April 3, 1860 between St. Joseph, Mo. and Sacramento, Cal. were very young men—many of them in their teens, Voss noted, in giving these Pony Express facts:

An advertisement of the times in San Francisco, seeking Pony Express riders, stated "Wanted—young, skinny, wiry fellows not over 18. Must be expert riders, willing to risk death daily. Orphans preferred. Wages \$25 a week."

Young men entering Pony Express Service, operated by the famous transportation firm of Russell, Majors & Waddell, were given a Bible. These are very rare today.

Riders were required also to take this oath upon entering service: "I hereby swear, before the Great and Living God, that, during my engagement, and while I am an employe of Russell, Majors & Waddell, I will, under no circumstances, use profane language; that I will drink no intoxicating liquors; that I will not quarrel or fight with any other employe of the firm, and that in every respect I will conduct myself honestly, be faithful to my duties, and so direct all my acts as to win the confidence of my employers. So help me God."

The youthful Pony Express riders consistently outran Indian pursuers while carrying the mails through blinding snows and howling storms, and in extremes of heat and cold. Only one Pony Express rider was lost to the Indians. Johnnie Fry (or "Frey" according to some writers) is credited by some accounts with being the first Pony Express rider to leave St. Joseph on April 3, 1860. He was little more than a boy when he entered the Express service. He was a native Missourian, weighing less than 125 pounds. An early account states:

"Though small in stature, he was every inch a man. His run was from St. Joseph to Seneca, Kansas, about 80 miles, which he covered in an average of 12½ miles an hour, including all stops." He later entered the Union Army, and was killed in 1863 in a hand-to-hand fight in which he was credited

with killing five assailants before he was killed himself.

William "Bill" James, a native Virginian, was credited at 13 with being one of the best of the Pony Express riders over a route in Nevada through some of the most savage Indian country.

According to Alexander Majors of the Russell, Majors and Waddell firm, in a book published in 1893 ("Seventy Years on the Frontier") William F. "Bill" Cody was a Pony Express rider, in his early teens when he entered the famous mail service. Cody is credited with many notable feats, including a ride aggregating 384 miles without any real rest period, which is referred to by some authorities as probably the longest continuous performance of its kind—not only in the annals of the Pony Express, but in any other courier service in history.

None of the Pony Express young men had an opportunity to grow old in the Service. In October, 1861 the cross-country telegraph was completed and the Pony Express was terminated. Despite its short life, it was credited with many important contributions, including the fact that it helped to keep East and West joined during the early crucial days of the Civil War.

Although the Pony Express was short lived, it will be very much alive this year.

Many pageants, celebrations and other activities memorializing the Pony Express are planned for this 1960 Centennial year. As a part of Centennial year celebrations, the Post Office Department will issue a new Pony Express commemorative postage stamp next July 19 at Sacramento together with a new commemorative stamped envelope to be issued at St. Joseph.

On the same date, as one of the major memorial events scheduled during the vacation season this year, the National Pony Express Centennial Association plans to reenact the Pony Express runs, starting out—just as the Pony Express did approximately 100 years ago—from both St. Joseph and Sacramento.

The eight states through which the Pony Express ran are Missouri, Kansas, Nebraska, Colorado, Wyoming, Utah, Nevada and California.

Liquor fight--

(Continued from page 1)
always are people who will drink and always those who will not drink, and "why put it before those who might for their temptation, for it is sometimes those who do drink who become dangers since they are not used to it in the community."

The second reason, he said, had to do with the many people who it would draw to the county from "all over everywhere." He said these people "would be those we call underclass, since they could drink in our area and endanger the lives of our children and each other."

He closed by saying the taxes received into the county and city from legal liquor would not be sufficient to pay the costs of law enforcement required to police it.

J. B. Potts then presented data of liquor costs as to number of arrests, rehabilitation, and enforcement requirements between wet areas in comparison to dry areas. He said in his opinion as a citizen, he was opposed to the sale of legalized liquors for the safety of the town and because "it will not be good for the community."

The Rev. Hogue asked for comment from interested citizens in the group.

Jack Kennedy declared that "for my son and grandchildren's sake I'm against this thing." Ralph Welch said: "I'm against the sale of liquors legal or illegal."

Ray Smith declared, "We should have started this thing 25 years ago with meetings such as this."

A number of others also spoke out against legal liquor.

Many brought out the need for the encouragement of more law enforcement if the precincts should go dry so that the bootlegging area can be cleaned up.

The group then organized themselves as the Garza Civic League. Ray N. Smith was elected chairman and Jim Jackson was named vice chairman. Dowe Mayfield Jr. was elected publicity chairman and Potts finance chairman.

Mrs. Willard Kirkpatrick, R. J. (Rube) Jennings, Kennedy, and Mrs. J. E. Tanner were selected as a voting committee to "get out the vote" April 9.

Over 50 young people, from churches all over the county including Southland and Precinct 3, yesterday formed the Garza Youth for Betterment in their efforts to bring a dry victory April 9.

Bob Cato was elected chairman; Jerry Thuet, vice-chairman; Linda Wilks, publicity committee chairman; and Frankie Howell, radio publicity chairman.

The organization grew out of young people wanting to enter into the campaign against liquor. Rev. Bill Hogue told The Dispatch last night, "A number were asking what they could do. And this is what they did."

The young people discussed the pros and cons of the legal liquor campaign and voted to stand against it.

The young people repeatedly voiced the need for improved law enforcement here to police the bootlegging situation.

They said they realized youngsters can buy liquor now in almost any quantity at any time.

The group also discussed what can be done after the April 9 election to secure better law enforcement for the community.

Leon Bowman, supervisor of the Lubbock district (20 counties) for the Texas Liquor Control Board, told The Dispatch yesterday he plans to ask for additional help and have two of his agents "in Garza County" for at least six months if either of the two precincts vote in legal liquor April 9.

Bowman said he will request the state administrator for the assignment of two additional men to augment his present staff of six.

He said experience has shown that two agents would be needed here for at least six months to get the legal liquor into effective operation.

To inform the public as to how legal liquor sales would operate under the Texas liquor control act, The Dispatch presents the following brief summary of the law, as checked with Bowman:

Applicants for liquor store permits would have to advertise their requests for licenses in the local newspaper for two consecutive issues so the public would have knowledge of all applicants. The application is made to the state liquor control board or administrator.

Citizens wishing to protest the granting of any license for a lawful reason can write the state board and an agent of the board would check the objection.

A state liquor license in either precinct would cost \$125.

The state board or administrator can refuse to issue a license either with or without a hearing if "it has reasonable grounds to believe and finds any of the following to be true":

If the applicant is convicted of any violation of the liquor control act in the past two years, or has been found to have violated the act within the last 12 months; if the applicant is not of good moral character, or that his reputation for being a peaceable, law-abiding citizen in the community where he resides is bad; or that the place or manner in which the applicant may conduct his business is of such a nature which, based on the general welfare, health, peace, morals and safety of the

Four are booked on five charges

Complaints filed in justice of peace court have hit a new low in recent weeks. Since Wednesday of last week, five complaints have been filed and for the previous week not a single complaint was entered on the books.

Those booked since March 23 have been:
Earl J. Beauchamp, no operator's license.

Earl J. Beauchamp, speeding.
Tommy Campos, drunkenness, paid fine and costs of \$20.65.

L. H. Aasbedo, drunkenness, paid fine and costs of \$20.65.
John Flores, drunkenness, paid fine and costs of \$20.65.

School election--

Katharine Trammell, stenographer-bookkeeper at Brown Bros., Et Al, oil operators; Eleanor Webb, manager of Dunlap's Department Store; Mrs. Charles Didway, clerk at Hamilton's Drug Store and housewife; M. L. (Lester) Nichols, Gulf wholesale oil products; V. F. "Bing" Bingham, life underwriter with Great Southern Life Insurance Co.; Bob Poole, assistant manager at Piggly Wiggly; Harold Lucas, part owner of Post Insurance Agency.

Voting in the city election will be at the City Hall.

OTHER SCHOOL VOTING
School voting Saturday will also be for three members of the Garza County board of Education and for trustees in the Southland, Close City and Justiceburg school districts.

The three candidates for the county board are seeking re-election. They are Sam Ellis, Precinct 1; Pearl Nance, Precinct 4, and L. G. Thuet Jr., trustee-at-large.

The Close City trustee candidates are D. C. Morris and Troy Nelson.

At Justiceburg, the candidates include Bandy Cash and Buddy Roper, both for re-election; Jim Boren, Sam Bevers Jr. and W. T. Helms.

The Southland candidates are Edmund Wilke, Arthur Smallwood, Harley Martin and Billy Lester.

people and on the public sense of decency warrants a refusal of a permit; if the applicant is in the habit of using alcoholic beverages to excess, or is physically or mentally incapacitated; that the board believes or has reason to believe the applicant will sell or knowingly permit any employee to unlawfully sell liquor in a dry area; if the applicant is not a citizen of the United States or a Texas citizen for a period of three years immediately preceding the filing of his application; if the applicant does not have available an adequate building at the address for which the permit is sought.

The word applicant in this case shall also mean and include "each member of a partnership or association and all officers and the owner or owners of the majority of the corporate stock of a corporation."

The act also states "there may be sufficient legal reason to deny a permit if it is found that the premise for which the permit is sought has theretofore been used for selling alcoholic beverages in violation of the law at any time during the six months immediately preceding the date of application, or has during that time been used or frequented for any purpose that is lewd, immoral or offensive to public decency."

The act provides that the board or administrator in forming his conclusions may give consideration to any written recommendations by the district or county attorney, county judge, sheriff, mayor, commissioners' court, or chief of police where in the applicant proposes to conduct his business.

The act provides for 29 different reasons why the board or administrator may either cancel or suspend for a period not exceeding 60 days for any permit, and requires that the board must call a hearing on such a permit upon petition of any mayor, chief of police, city marshal, city attorney, county judge, sheriff, county or district attorney, which petition is supported by the sworn statement of one credible person.

Any appeal to the orders "refusing, cancelling or suspending a permit or license" may be taken to the district court with the requirement that such appeals shall be tried before the judge within 10 days from the filing, and that, neither party is entitled to a jury.

Application for beer licenses apply to the county judge instead of the state liquor control board with legal notice of application required as well as a hearing conducted by the judge. The state board has the right, however, to review the judge's decision and to refuse such a permit if it so sees fit.

Similar requirements for applicants of beer licenses are listed in the law as well. Beer licenses may be revoked or suspended by the state liquor control board or administrator for some 33 listed reasons, most of them similar to those listed for liquor sale licenses.

By 1970, it is expected that Americans will own one million dollars a life insurance.

Questionnaires--

(Continued from page 1)

What are your views regarding a city police force? I think our city should have adequate police protection, especially at night, but within the bounds of the city's financial ability to provide it. I don't think it would require too big a police force if around-the-clock radio service could be worked out between the City and the County.

M. L. (Lester) NICHOLS
Occupation: Wholesale oil products; self-employed.
Education: High school.

Other qualifications: I have been a resident of Post all my life. I am a householder and taxpayer. I have been in business in Post for the past 14 years.

Your reason for seeking this office: Several Post residents asked me to run and after careful consideration I decided to file for City Council.

What are your views regarding a city police force? I am in favor of a larger police force. Post is a growing town and therefore I believe the law enforcement we now have is inadequate.

V. F. "Bing" BINGHAM
Occupation: Life underwriter with Great Southern Life Insurance Co.
Education: Master of Education degree from Texas Technological College, 1954; Bachelor of Science in Education, Texas Tech, 1950; qualified and completed Seminar—The Institute of Insurance Marketing, Southern Methodist University, 1959.

Other qualifications: Qualified voter and property owner. I believe that every citizen should work for the betterment of his community.

Your reason for seeking this office: I seek this office for only one reason: I believe our city can be improved in many ways, and, if elected, I will do everything possible to help make these improvements.

What are your views regarding a city police force? I know nothing at all about the financial structure of our city government, but I certainly believe we need one.

believe we can be of the greater community service by a fair presentation of the campaign, the effectiveness of which might be hurt if The Dispatch championed either cause editorially in an atmosphere sure to become emotionally charged before election day.

Whichever way the vote goes April 9—wet or dry—this community will need more law enforcement. The present bootlegging conditions in "the flats" already have become a campaign issue—and that is good. We understand the newly formed Garza Civic League, organized Sunday, intends to press for a thorough cleanup of "the flats" if the drys win April 9.

That won't be easy. With victory, enthusiasts usually cool and the tough, practical problems of good law enforcement become real hurdles for all but the most determined. But the league must accept responsibility for it in good conscience. If the wets win April 9, the need for beefed-up law enforcement will be obvious because legal liquor then would be "big business" here and we would be an area supply center—especially for Lubbock, the biggest dry city in the nation.

Another new service business opened in Post this week—the H&N Garage at 518 North Broadway, with Wiley Hill and Ellwood Nelson, two experienced local mechanics as partners in the enterprise. Ellwood has worked on Post cars for 15 years and Wiley for nine so they don't need an introduction to local folks—just an announcement that they have decided to go into business for themselves. You'll find that announcement on page 10.

VISITS BROTHER
Rev. Graydon Howell accompanied Mrs. Walker Howell of Lubbock to Big Spring last Wednesday to visit her husband and his brother, who is in the veterans hospital there.

ALBUQUERQUE VISITORS
Mr. and Mrs. E. L. Curb of Albuquerque, N. M., are visiting this week in the home of Mr. and Mrs. J. T. Curb.

Dates set for choral contests and concert

Upcoming events for the Post schools' vocal department were announced this week by George M. Willson, director.

The 7th and 8th grade choir will compete Saturday, April 9, in the regional University Interscholastic League contest in Plainview.

The spring choral concert is to be presented in the grade school auditorium April 28.

Library study--

(Continued from page 1)

Mrs. Jim Cornish are others on the committee.

Tom Gamblin heads the petitions sub-committee. Other members are Mrs. Jack Ballentine and Mrs. Don Robinson of Justiceburg.

County Judge J. E. Parker presided at the study group's first meeting until the election of Mrs. Gamblin.

MAY 1 DEADLINE
Judge Parker told the study group the commissioners' court needed an expression of citizen interest in the library project as well as the committee's recommendations before May 1 as that is the deadline for a state book loan offer.

Mrs. Brock told the 20 persons attending the meeting that in three days three Lamesa residents obtained 600 signatures to a petition for reorganization of its library nine years ago and suggested that the petition route would be the best way to obtain community support.

She said that when the Lamesa library was reorganized women volunteers sold \$300 memberships for \$1 each, used this money to buy books and operated the library without charge for three months to show what community interest it would create.

ADVERTISED LIBRARY
"We advertised our library service through the newspaper and the radio and the people flocked in," she said.

With proof like that, her group was set up on a small budget.

"A library," Mrs. Brock declared, "is one of the most important things you can have in your town. It knits the community together."

The Lamesa library, still terribly crowded today and needing more facilities, now has grown into five full rooms and contains 12,000 books and 6,000 reference magazines.

Mrs. Brock explained that a Friends of Library group was formed there about a year ago and 400 people paid \$1 membership dues the first week.

"All our young people love our library," she declared, "and they use it. I wish you could see them move in as soon as school is out in the afternoons."

In the summer she said the Lamesa library has a very active reading club for youngsters. The Lamesa library is open from 1 to 5 p. m. six days each week.

The Lamesa library is operated on a joint city-county budget of \$7,633.38 with the county bearing more than two-thirds of the expense. She advised however against a jointly sponsored library explaining each group wants to see what the other is going to do.

The study committee held a second meeting with Chairman Robinson Monday night upon Robinson's call for the session, and decided to go ahead with plans for the Friday night meeting, but not to open it to the public.

Post golfers cop district

The Post High School golf team defeated Floydada by the slim margin of two strokes Saturday to win the District 3-AA championship and advance to the regional meet set for next weekend.

Saturday's district play was held at Lubbock's Hillcrest Country Club.

Other teams competing were from Tahoka and Slaton, with Spur the only district school not fielding a team.

The team, coached by Charles Hopkins, high school industrial arts teacher, is composed of Leslie Acker, Lee Williams, Mike Cornell, David McCampbell and Roger Camp.

Hopkins said the team's victory might not have been so narrow if they had performed Saturday like they did in Friday's preliminary play, when their total was 15 strokes under that posted in the finals.

In the regional meet in Lubbock, the Post golfers will be competing against other district winners from throughout the University Interscholastic League's Region I.

Two Post boys, two girls make all-loop teams

The Post Antelope boys' and girls' basketball teams each placed two players on all-District 3-AA first and second teams, selected last Thursday night at a meeting of coaches and other school representatives at Tahoka.

Scottie Pierce was named to the first team and Derwood Mayberry to the second team in the boys' selections and Glenda Whittenberg to the first team and Judy Clary to the second team in the girls' selections.

Pierce, Mayberry and Miss Whittenberg are seniors, and Miss Clary is a sophomore.

In the boys' selections, all five members of the district placed a player on both the first and second all-loop teams.

Athletic Director Vernard Alexander was Post's only representative at the meeting.

The basketball schedule for next season was drawn up. Denver City and Stanton will be new members of the district, replacing Floydada and Spur, who have been shifted to other districts. Representatives from the two new member schools were at the Tahoka meeting.

Antelope trackmen are to compete at Hale Center

The Post Antelope track team is entered in Saturday's Hale Center Relays and is expected to make a good showing if minor injuries, including pulled leg muscles, come around. Coaches Harold Teal and John Blocker said today.

The blowing dust hampered practice sessions Monday and Tuesday afternoons. The tracksters were scheduled to run Wednesday in a practice meet at Tahoka.

In a practice triangular meet with Tahoka and Slaton at Tahoka Friday afternoon, the Antelopes took team honors with 182 points, Tahoka coming in second in the total point standing and Slaton third.

Following Saturday's competition at Hale Center, the Antelopes will begin drills for the District 3-AA track and field meet to be held April 8 at Floydada. Post finished second, only a few points behind Floydada, in last year's district meet.

First and second place winners in the district meet will be eligible for the regional track and field meet to be held the following weekend on the Texas Tech track.

The University Interscholastic League has a new point-scoring system this year. First place in individual events counts 10 points, second place, eight; third place, six; fourth place, four; fifth place, two, and sixth place, one. In the relay events, the scoring is 20-16-12-8-4-2.

Post girls defending champions

The Post High School girls' volleyball team will open defense of its district championship against Spur at 10 o'clock Friday morning in the District 3-AA tournament at Floydada.

Coach Jiggs King said today that if his team wins over Spur, it will advance to the finals on a bye. If the team loses to Spur, it will be out of the running, since the district meet is a single elimination affair.

The Tahoka and Floydada teams open play at 9 o'clock, with the winner meeting Slaton at 11. The championship contest is scheduled for 1 p. m.

After winning the district championship last year, the Post girls were runners-up in the regional tournament and won the consolation trophy at the state tournament in Abilene.

Coach King today listed his probable starters as Danella Bateman, Glenda Whittenberg, Peggy Ramsey, Anne Morris, Linda Taylor and Raynora Young. The team will be without the services of Judy Clary, who will be attending the state Student Council convention in Amarillo.

In reserve, the Post team will have Ruthell Martin, Beth Kemp, Sandra Stewart, Barbara Craig, Kay Gordon and Billie Lou Hill.

The Post girls defeated Ralls, three out of five, in a practice match here last Thursday night.

Tennis team at Tech faces Bears in loop match

Lubbock — Texas Tech's tennis team begins its Southwest Conference competition for 1960 against Baylor in Waco Saturday, and golfers launch defense of their SWC title by meeting Texas Christian in Fort Worth Monday.

Other Texas Tech spring sports teams will be in action over the weekend also.

Both freshman and varsity track teams will compete in the Texas Relays this Friday and Saturday while the baseballers are colliding with Shepard Air Force Base at Wichita Falls preceding a Monday-Tuesday series with the Airmen in Lubbock. Netters will seek a second win over Hard'n-Simmons Friday in Abilene en route to Waco.

University of New Mexico beat Texas Tech 82-53 in a dual meet here Saturday, but James Pettit, the Red Raiders' captain from Gustine, grabbed high point honors with 13 1/4. He won the broad jump and placed in four other events.

Prizes will be awarded at new league opening

Three prizes worth more than \$250 will be given away at the opening of the Babe Ruth League season Saturday night, May 21, at Little League Park.

First prize will be a 1960 model Helicat Kart, valued at \$204.40. Second prize will be a \$31.45 rod and reel and third prize a 35-cup coffeemaker valued at \$19.95.

Those selected for the prizes do not have to be present to win, according to Babe Ruth League officials.

Tryouts for this season's four Babe Ruth League teams will be held April 5 and 6, with player negotiations to be made by the managers on April 15 and 16.

Fence poles and the backstop have been erected at the Babe Ruth League Park, which is just east of the Little League diamond. Enough pipe is on hand to finish the fence and also for the light poles, league officials said.

NEWS FROM SOUTHLAND AND GORDON

Pleasant Valley girl injured Friday in automobile accident on LCC campus

By MRS. JESSE A. WARD

Karen McGehee was treated and released at Methodist Hospital in Lubbock Friday following a car accident on the campus of Lubbock Christian College. She was treated for a sprained ankle and face lacerations. Clary Cowdrey, driver of the car, was not injured.

Several from this community attended funeral services for Mrs. B. F. McGehee of Lubbock and formerly of Southland, Friday in Lubbock. Attending from here were: Mr. and Mrs. R. L. Hagler and Velma, Mr. and Mrs. Robert Lee Hagler, Mr. and Mrs. Herman Dabbs, Mr. and Mrs. Clovis Robinson, Mr. and Mrs. Henry Wheatley, Mr. and Mrs. Wendell Saunders, Mr. and Mrs. Robert Mock, Mr. and Mrs. F. L. Ward, Ed Cummings, Clark Barton, Hardy Smith and W. J. Kuykendall. Mrs. McGehee lived in the Pleasant Valley community from 1916 until moving to Lubbock in June of 1957.

Among those attending the funeral of C. R. Scott's mother, Mrs. Nancy Scott, in Idalou Wednesday morning were Mr. and Mrs. Cecil Lee, Mr. and Mrs. Elmer Hitt, Mr. and Mrs. J. B. Robinson, Mrs. Thelma Burkett, Robert Mock and Bubby, and the pastor of the Pleasant Valley Baptist Church, Rev. Elton Brian of Lubbock.

Tennis teams are going to Slaton

Post High School girls' tennis teams will try for district honors Friday in the annual district meet at Slaton.

Playing both singles and doubles in the senior division will be Pat Wheatley, Vickie Mills and Linda Wilks.

Doubles and singles players in the meet's junior division will be freshmen Janie Carradine and Kay Murray.

Athletic Director Vernard Alexander, who is coaching the tennis players, said the Slaton meet will be an all-day affair, beginning at 9 a. m.

Rev. J. R. Brincefield, pastor of the Assembly of God Church, has announced his sermon topic for Sunday as "Why can't the same Christians who get out on Sunday mornings get out on Wednesday nights?", Acts 2:42.

Southland Eagles are fourth at Levelland

With Darrell Jones scoring two first places, the Southland Eagles chalked up 43 3-7 points Saturday to take fourth place in the first annual South Plains Track and Field Meet at Levelland.

It was an all-Class B competition, with Lazbuddie scoring 106 2-3 points for first place. Ropesville was second and Wellman finished third.

All times and distances for the meet were marked up as records. Jones won first place in the shot put with a toss of 43 feet, and won the 220-yard dash with a time of 23.3 seconds. He finished fourth in the 100-yard dash.

The Eagles placed fourth in the mile relay and fifth in the 440-yard relay.

Other point winners for Southland were Basinger, fifth in 440-

yard dash; Melcher, third in the mile run, and Clinton Smith, tie for second in the high jump.

The Future Farmers of America members are selling a party mix of nuts to raise money for the chapter. The money raised will be used for a banquet this spring, for building chapter feed pens, for buying chapter livestock or for sending delegates to various conventions. In the sale, the VA I and III boys are challenging the VA II boys, with the losers to serve the winners an ice cream supper.

We wish to express our appreciation to the Graham Co-op Gin again for their providing \$50 for prizes at our local livestock show and to the Chamber of Commerce for their help. We also thank J. B. Potts and Johnny Hopkins who on behalf of the Chamber of Commerce assisted in the purchase of our livestock at the Junior Fat Stock Show in Lubbock.

We are proud of Butch Bowen, Jerry Thuet and Melvin Byrd for the success they achieved in feeding their livestock and placing them at Lubbock.

Piggly Wiggly purchased Bowen's Berkshire barrow and Melvin Byrd's prize winning lamb. The Post Chamber of Commerce bought Bowen's Spotted Poland China barrow.

We did not attend the contest at Abilene and will not enter those at Alpine because of a lack of interest. We'd like for some parent to put a push behind the boys to get into some of the contests and work their brains against those of other school youngsters.

The boys are thinking about buying stock for feeding for the State Fair of Texas in Dallas. Calves must be on feed before April 1 and hogs and lambs need to be bought in May and June.

Our trailer which the VA III boys have built should be completed by the end of the week. The boys have done a good job and are to be congratulated.

IDLALOU TRACK MEET
Seventh and 8th grade boys are going to Idalou Friday for track meet! Good luck!

FROM 96 AS FRESHMEN

SENIOR CLASS DWINDLES TO 42

For some time many of us have been wondering why our present senior class should have dwindled from 96 when they were freshmen to 42 now.

A survey was recently made of this and I think the results below will answer a number of questions.

Nine have failed enough work that they have dropped to lower classes.

Four took extra work and finished in three years.

Twelve have married and dropped out.

Sixteen have moved to other school district.

Thirteen have dropped from school for lack of interest.

We have three or four that have moved into our district that makes our present number of 46 to graduate this year.

Naturally we would have preferred to keep them all but for the reasons listed above, we were unable to do so.

Have You Heard??

The junior play cast is really down to work on the play. Tickets are now on sale. See a junior to get yours.

The freshman class really had a blast at the hobo party last week. Talk about fashions, wow!

The basketball boys got their jackets. They're just like the football jackets.

Congratulations to Pat Wheatley, who was named to the all-star cast of the one-act play contests. Floydada won the contest, as usual. Spur placed second.

Interscholastic League preliminary eliminations in most of the contests are being held this week. Those who will represent Post in the events will be announced next week.

Mrs. Scott had on a lovely pink brocade cotton dress Friday night. It was a gift from her husband. It's lovely, Mrs. Scott!

Couples seen around are: Dorothy Carter and Jack Roberts, Anne Morris and Johnny Kemp, Sammie Caffey and Carl Meeks, Pat Wheatley and Forrest Claborn, Kathy Stone and Gary Howell, Jane Maxey and Lewis Mason.

Junior play is April 8

By Janene Haynie

Keep this date in mind: Friday, April 8. This is your date for a night of fun and laughter when you see the Junior Class play entitled "Cracked Nuts."

The story of the play is as follows:

Rich Miss Drusilla Nutt, never having had the opportunity of a higher education, is determined her nieces, Peggy and Ginger Nutt, shall go to college. They can't have allowances, go to movies or have beaux; all they can do is study to become old maid school teachers!

Aunt Drusilla must leave for a rest cure. She orders her housekeeper, the mournful Mrs. Garfinkle, to keep a strict eye on her rebellious nieces.

THEY RENT ROOMS
Desperate for some "good time" money, Peggy and Ginger decide to rent rooms. Their boy friends, Pete and Billy Beamish, two slappy-happy freshmen, inveigle their uncle, Prof. Abimelech Beamish, to move into the Nutt mansion.

Another paying guest looms on the horizon — Magnolia Langford, a widow from the dead ole Southland, who is looking for a rich husband.

Last to arrive are Drusilla's fiance, Adelbert DeWeese, and his aristocratic mama, who is bent upon capturing Drusilla's money for her precious boy.

HILARIOUS EVENTS
Immediately, these rany characters become immersed in a series of calamitous and hilarious events.

The youngsters, in order to escape the housekeeper's eagle eye, put her to sleep by means of a hypnotic phograph record. The record disappears and they can't awaken her! Mrs. Garfinkle falls into such a deep trance she looks as if she were dead, and the kids have nightmarish visions of the electric chair!

Uncle Bim accidentally gets himself engaged to the designing Magnolia. Trying to extricate him from her clutches, Pete and Billy disguise themselves as Prof. Beamish's abandoned wife and little Junior.

REALLY CRACKED!
Peggy and Ginger, trying to rout the fortune-hunting DeWeeses, tell them there's a streak of insanity in the family, and by their own wing-dings convince them the Nutt family is really cracked!

These delirious situations are further complicated by a giant octopus which escapes from a nearby aquarium and takes refuge in Miss Drusilla's fish pool.

Delicious Appleby, the maid, and Confusion Jones, the gardener, add to all this merriment with their delightful humor.

National Library Week, April 3-9, will be observed

Attention will be focused on the reading habits of our students, and our adults, too, during National Library Week, April 3-9, with the accent on introducing more teenagers to the world of adult reading.

April issues of leading magazines are carrying timely articles which will be of interest to all readers — youth and adult.

An interesting display of the May selections which may be ordered through the Junior High School Teen Age Book Club will be shown at the Junior High School.

Language Arts classes this week will feature discussions on books, purposes of reading, understanding through reading, and the theme of National Library Week, "A reading America will help guarantee an enlightened America."

Freshmen enjoy hobo party, scavenger hunt

By Sammie K. Caffey
The freshman class of Post High School had a combination hobo party and scavenger hunt last Friday night.

The costumes were judged and the winners were Wanda Williams and Kent Wheatley. Wanda received a stuffed rabbit and Kent received a box of candy.

The menu consisted of hobo stew, fritos, potato chips, pickles, cookies, Cokes and Dr. Peppers.

After everyone had eaten their fill, we divided into groups and received the list for the scavenger hunt. There was a tie for first place. The winners were Sharon Isaacs, Janith Short, Ann Pennington, Mary Ann Williams, Lin Alyn Cox, Barbara Craig, Wanda Williams, Norma Julian and Gail Heaton in one group, and Buddy Moreland, Gary Brewer, Jerry Bush, Billy Shumard, Kent Wheatley, Ken Rankin and David Nichols.

SPONSORING CONTEST

The Language Arts department of Post Junior High is sponsoring a contest. Each 7th grader will finish a story that has been started for him or her. The prize is a gold medal.

PHS STUDENT COUNCIL OFFICERS

These four students, two of them officers-elect, have been named to represent Post High School at the state Student Council convention in Amarillo this weekend. Scottie Pierce (second from left) will be unable to attend, however, since he will be in a track meet at Hale Center. The others are Judy Clary (left), who will be next year's Student Council vice president; Jane Maxey, president-elect and Jerry Stone. Scottie is this year's SC president. (Staff Photo)

Officers elected by FHA chapter

By Virginia Young

The Future Homemakers of America chapter met last week and elected officers for the 1960-61 school year.

Those elected were: Linda Kuykendoll, president; Frankie Howell, vice president; Jane Maxey, secretary; Denice Eubank, treasurer; Peggy Ramsey, parliamentarian; Kay Gordon, historian; Anne Morris, Student Council representative; Beth Kemp, song leader; Alyn Cox, pianist; Judy Morris, reporter.

They also elected Frankie Howell and Jane Maxey to attend the state FHA meeting in Austin the last of April.

In reading we have been studying about "The Salmon Run". Had you rather go north or south?

Have you ever wondered why there are bears in the sky? Long ago Jupiter's wife, Juno, became jealous of Callisto and turned her into a bear. One day Callisto's son started to kill her. Jupiter felt sorry for her and turned her son into a bear, too. Then he put them both into the sky.

Math students study meters, making bills

Mrs. Lobban's 8th grade math students have been studying how to read electrical and gas meters and how to figure the bills.

They got the electrical rates from Southwestern Public Service Co., and figured some actual bills — didn't find a single company mistake.

We appreciate their loan of supplies such as an actual electric meter. These concrete objects made our study more interesting.

Service Pipe Line Co. finds jobs for laid-off employes

TULSA, Okla.—(UPI)—Technological unemployment, brought about by automation, has not spared the oil industry.
A Tulsa firm which recently faced that problem managed to take the sting out of it in a way which left everybody satisfied.
Service Pipe Line Co. last year modernized its pipe line trunk in Texas by installing automatic equipment. This threw 43 employes out of work—but not for long.
Service had no more use for the men but it didn't forget them. Instead, the company set up a placement office under the supervision of Gene Baker, of the industrial relations department.

MONETARY ALLOWANCE
"One of the steps in the plan was to provide a monetary allowance to assist men in relocating," Baker said. "Another was to determine the size of the anticipated reduction far enough in advance to give those affected considerable time to seek employment—much more than the usual two or three weeks."
The company studied the employment opportunities throughout Texas and kept the men informed. The firm also broke the news to the men to be released gently and through personal contact.
When the union which represented the pipeliners—the Oil, Chemical and Atomic Workers (AFL-CIO) was advised of the company's plans, it termed the placement service and the monetary allowance "commendable."
Baker set up a contact file of more than 600 likely firms that might have job opportunities for the men. Resumes of the men were compiled and given to prospective employers.

112 FIRMS INTERESTED

"Of the 131 firms and three agencies we contacted, 112 expressed an interest in offering employment to our men. We furnished biographical material for their review," Baker said.
Of the 112 firms which showed interest, 41 came across with offers of jobs. "Every one of our employes had at least two or three job offers and the chance to be interviewed for other job opportunities," he said.
When the Dec. 31 termination date arrived, 12 employes already were at work for their new bosses. Others quickly followed in their new positions.
The former Service Pipe Line employes went to work for other pipelines, oil firms, oil supply firms and chemical companies. Some 12 of the displaced workers found employment on their own. Only one man hasn't to date been placed—and he wanted to stay in his home town.

OTHERS GRATIFIED

Baker said the other oil firms were gratified at the re-employment approach, too.
"Never in our experience of screening prospective employes have we encountered a group of men who had so much company morale and spirit," said one new employer.
From his efforts, Baker reaped a harvest of personal thanks from the pipeliners whose transition from one job to another had been as smooth as oil through a pipeline.

Crippled children clinic slated at Lubbock April 1

Plans to conduct a clinic for crippled children of Garza County and surrounding counties were announced by Dr. C. C. County Health Unit. The clinic will be held on Wednesday and Thursday at the Lubbock Cerebral Palsy Center, 3300 Avenue N. Lubbock.
Registration for the clinic is being handled by the Lubbock Cerebral Palsy Society for Crippled Children, the Lubbock-Croby Cerebral Palsy Society, the Lubbock County Health Unit and the Lubbock Children Division of the State Department of Health. The clinic will begin at 9 a. m. No charge is made for examination.
It will be open to all crippled children under 21 years of age, who are unable to walk, which might lead to other disabilities. Parents are requested to bring their children to the clinic.

Mr. and Mrs. Abel Garza Lubbock announce the birth of a daughter, weighing 11 pounds. She was born in West Texas Hospital March 28. Castro is a Post resident.

Pat Stephens is nominated for collegiate honor

CANYON — Pat Stephens has been nominated for Personality King at West Texas State College. The formal presentation of the West Texas State's Personality King and Queen will be during the annual Panhandle Personality Pageant sponsored by the WT Student Senate. Area high schools and colleges will send their personality representatives to the pageant to make up the royal court. Stephens, son of Mr. and Mrs. J. W. Stephens, is a senior secondary education major. He is a member of Alpha Tau Omega, national social fraternity, the Student Education Association, and is the student business manager. He was also named to Who's Who in American Colleges and Universities.

Sales of Savings Bonds at \$7.925

Savings Bond sales in Garza County totaled \$2,862 in February, bringing the total through the first two months of 1960 to \$7,925, which is 6.6 per cent of the 1960 quota of \$120,000. February sales in Texas totaled \$15,506,998. Sales for the first two months of this year amounted to \$32,044,765, or 19.4 per cent of the 1960 goal. "We are most encouraged by 1960 Savings Bond sales," said Irby G. Metcalf, chairman of the Garza County Savings Bonds Committee. "More and more people," he continued, "are purchasing Series E and H bonds because they realize that in so doing they are making a direct contribution to the economic stability of this nation and to the future security of their own families."

NAOMI CIRCLE MEETS

The Naomi Circle of the Women's Society of Christian Service met Monday afternoon at the First Methodist Church. Brad Smith, director of the Texas Traffic Safety Commission, has proposed a four-plank platform for cutting Texas' traffic toll. Planks are:

1. Provide driver education for every public high school that wants it.
2. Revise the 20-year-old drivers license requirements.
3. Set up a statewide chemical test for suspected drunken drivers.
4. Set up a system of traffic courts.

BRIDGE WORK SET

Texas Highway Commission has announced plans to spend \$5,216,500 in strengthening or rebuilding more than 100 bridges. They are bridges regarded as not strong enough to take the increased 72,000 lb. load limit authorized by the last Legislature. At present these bridges are "zoned" to prevent use by trucks loaded to the limit.

CATTLE MEASURES URGED

Cattlemen voted to seek governmental action in these areas:

1. State and federal agency help to enable railroads to operate more efficiently and economically.
 2. Legislative enactment of a stronger trespass law to protect landowners.
 3. Full authority for the Texas Animal Health Commission to direct the brucellosis eradication program begun under a law passed by the Legislature in 1959.
 4. Confirmation by the U.S. Sec'y of Agriculture of the Association's right to carry out its brand registration and inspection program.
 5. Launching by the USDA, as quickly as possible, of a screw-worm eradication program in the Southwest similar to the dramatically successful Florida program.
- HIGHER COLLEGE COSTS** — Next legislature probably will be asked to appropriate about 23 per cent more for support of Texas' state colleges and universities. Ralph Green, director of the Commission on Higher Education, said an estimated \$31,400,000 more than present allocations would be needed for the 1961-63 biennium. This is some \$15,000,000 a year more than the \$65,000,000 being spent this year. Green told a Legislative Economy Committee the extra funds would be needed to meet increased enrollments and improve faculty salaries. Green reminded the lawmakers that part of increased cost results from the legislature's having made a junior college into a senior college — against the Commission's recommendation.

MORE YOUTH AID ASKED

Texas Youth Council has announced it will try again to get a paid parole supervision system for juveniles released from state training schools. Legislature failed to enact this last session.

Council also outlined need for establishing a home for dependent and neglected Negro children and expanding other state schools for young people.

Other two members of the Council refused to add their support to a wide-scale delinquency prevention program proposed by Chairman W. C. Windsor Jr. of Dallas. It included such recommendations as making 12 years of schooling compulsory, keeping schools open to 5 p.m. for students with special needs, working with the Texas Employment Commission to provide more job opportunities for youngsters, more emphasis on child and family guidance centers, etc.

Louis Henna of Round Rock and Robert Kneebone of Houston said Windsor's program invaded the fields of other state agencies.

SAFETY LAWS OUTLINED

Secretary Benson opposed raising import barriers. He suggested losses would offset gains at a \$4,000,000 export bush-hides and tallow would be

MESQUITE CONTROL

By Virgil Middleton, SCS
Mesquite has continued to invade Texas rangeland until now it occurs on approximately 55,000,000 acres of grazing lands in the state. The invasion of mesquite has caused much concern because of the effects of this aggressive pest, primarily lowered forage production and increased cost of handling livestock.

The main factors in the spread of mesquite have been the aggressive, hardy nature of the tree and the lack of palatability of mesquite foliage to livestock. The extensive root system enables it to out-compete desirable grasses, resulting in decreased carrying capacity on land infested with mesquite.

AERIAL SPRAYING

Aerial spraying of mesquite is a method of control that is gaining favor because of the moderate expense and improved results in recent years. Recent experimentation has shown aerial treatment of one-half pound 2,4,5-T per acre to be an effective and economical means of control. This probably will not result in a complete kill, but will subdue the trees to a point that range grasses will have access to rainfall and plant nutrients formerly consumed by the mesquite.

Several Garza County ranchers had mesquite sprayed last spring with successful results. Ranches on which spraying is to be done this year under the Great Plains Conservation Program include the Spinning Ranch, Wayne Williams

and Mary Kay Beach.

The government pays 50 per cent of the cost when spraying is done as a part of a Great Plains Conservation Program contract. The local SCS office is still taking applications for assistance with this program.

If you are interested in having heavy infestations of mesquite controlled on your ranch, contact the Soil Conservation Service office in Post and find out how the Great Plains Conservation Program can aid you in controlling mesquite and other undesirable brush.

Many area fishermen Falcon Lake visitors

McALLEN — West Texans, next to valley people themselves, are the most regular fishermen at mammoth Falcon Lake, up the Rio Grande from McAllen, Lubbock among the larger West Texas cities, and Post among the smaller cities, probably register more anglers at Falcon than any others.

Other fishing places in the Valley where good luck can almost be guaranteed are the Arroyo Colorado and Padre Island in the Gulf. Many of the fishermen stay at McAllen, approximately half way between Falcon and Padre, and only 15 minutes from Reynosa, Mexico, home of the famous wild game dinners of duck, venison, quail, whitewings, frog legs cabrito, wild turkey, chicken, and filet mignon.

Award winners named in Texas safety contests

DALLAS — Four Lubbock area safety contest award winners were announced Tuesday during the 21st Annual Texas Safety Conference and Governor's Highway Safety Conference in Dallas.

The awards, presented each year by the Texas Safety Association, are made to companies and individuals, in Texas, in recognition of an exemplary safety record for outstanding safety work during the previous year.

Groupings of winners are made according to type business, number of employees, hours worked or individual efforts in behalf of accident prevention.

The City of Lubbock municipal government division, was given a top award in the Industrial, Group A division, and Irwin-White Steel Erectors, Inc., Lubbock, was honored in Industrial, Group C.

Ken Coffman, of Morton, shared the top spot with three other Texans as an Individual Award Winner in the Farm and Ranch Safety Contest.

The Lamesa Women's Study Club was cited Monday, as one of four Texas organizations to win honors in the group contest of Women's Safety Activities.

The best home bakers in America live in Gladiola Land (it's just a mite bigger than Texas). To make flour that's good enough for these ladies, you really have to keep your nose to the grindstone.

We don't mind, though. Every day, year after year, snow-white Gladiola Flour outsells every other brand. For biscuits, pies and cakes with a nationwide reputation, no other flour will do.

As for Sweet, Ida., ladies—they'll never know what you know about flour quality. This, for instance: Gladiola Flour costs your family only about 1/2¢ a day more than the cheapest flour made.

Junior High-Lites

By The Staff
 Annette McBride threw a gasser of a slumber party Friday night. Susan C., Ann G., and Meredith N., had a wild time riding the horse, getting chased by the bull, eating birthday cake, breaking in the bed and various other things. They went home a tired, happy bunch after staying up all night.

Ann G. appeared Monday looking cute, as usual, in a beige sailor dress with a huge collar. It was trimmed with gold and white braid and had a big, gold bow in the front.

What is this we hear about a certain girl and a certain boy in music? More than likely it's D. W. and R. H.

The Language-Arts classes did a play about Dick Whittington and his cat this week.

Congratulations to the 7th grade volleyball girls. They are Lunda D., Lana H., Becky T., Janice W., Pamela S., Socorro R., and Francis S.

In Math, we are studying angles and circles and things that go with them. Everyone is having a blast using, or trying to use, his protractor and compass.

The Junior High Girls' Choir is going to Plainview, April 9, to sing in a contest. We all hope they win.

Is Ann G. really going crazy or is it just what she says? We hope she's not, for our health.

Who is it that tried to do the rhumba during girls' first period volleyball practice? I have an inkling it might be D. P.

Mr. Rushing held the girls' attention in his light yellow shirt and brown slacks.

Carolyn Matsler made the scene looking frantic in a blue squaw dress trimmed in silver braid and ric-rac. She also wore a silver belt.

Seniors are going to Panama City

By Melanie Thompson
 The seniors, at a class meeting last week, voted to go to Panama City, Fla., on the senior trip. We haven't got the entire trip mapped out yet, but we plan to do that soon.

Tentative plans include visiting several tourist attractions along the way.

The seniors also decided to have an Easter bake sale on April 16. The seniors will take orders and make the cakes in the shape of bunny heads. Everybody needs an Easter cake, so let's order, people!
