

New, re-elected members county's official family' will be sworn in

Officers who were elected to office in the general election will be sworn in on Sunday, there is no way of getting around holding the swearing-in ceremony on that day, Judge Parker said.

The two new courthouse officers to be sworn in are Fay Claborn as county sheriff and Jack Myers as Precinct 1 county commissioner.

Officers' and deputies' bonds will be approved, after which the oaths of office will be administered by County Clerk Carl Cederholm, with Judge Parker presiding.

Myers will succeed Racy Robinson, whom he defeated in the runoff primary last June. Robinson had served one term as Precinct 1 commissioner.

Officers re-elected last November who will take their oaths of office are Carleton P. Webb, county attorney; T. H. Tipton, tax assessor-collector; Ozell Williams, Precinct 3 commissioner, and J. A. Johnson, Precinct 1 constable.

Webb, Williams and Johnson won over opponents in the May primary while Tipton was unopposed in his race for re-election as tax assessor-collector.

Deputies to be sworn in will be two announced last week by Sheriff-elect Claborn. They are Elton Corley, who is moving here from Tatum, N. M., as chief deputy, and Oscar Gray of Post.

The only other deputies who will be required to take their oaths of office at Sunday morning's ceremony will be Mrs. Gladys Pennell and Mrs. Ruth Reno, both of the tax assessor-collector's office. Mrs. Pennell has been in the office about four years and Mrs. Reno about a year and a half.

The public is welcome to attend the ceremony in which the new county officials take office, Judge Parker said.

POSTEX PARTY

Santa Claus, as shown at left, had plenty of young admirers at the Postex Mills' children's Christmas party last Friday. In the bottom picture, James and Robert McAfee, sons of Mr. and Mrs. Howard McAfee are shown with the beagle pup they won at the party.—(Staff Photos).

Mills' Yule party draws big crowd

Approximately 850 persons, most of them starry-eyed youngsters, attended the annual Christmas party for Postex Mills' employees' children last Friday morning in the old high school gymnasium.

The entire east side of the gym was packed for the occasion and after the ceremonies got under way, the children filed onto the court where each was given a bag to be filled with gifts, candy and fruit.

There was more than enough "Christmas" to go around, and from 60 to 65 of the bags were filled with gifts and goodies and then distributed over town to needy children, according to Chant D. Lee, mill personnel director.

The "big prize" at the party was a \$50 beagle pup, awarded by radio station KUKO and won by James and Robert McAfee.

Officiating at the party were Lee R. J. (Rube) Jennings, mill president, and A. Lee Ward, superintendent.

In the long lines filling the children's Christmas bags were supervisors and other department heads at the mill. These included George Tillman, Dick Tanner, Jack Balentine, Clyde Knowles, Spec Bowling, Herman McVay, Clarence Warren, John Sutter, Gerald Brad-Smith, Cancell Kirby, Vanchel Anderson, Warren Stockton and Jim Hays.

Legionnaires to host commanders

Pete Hunter, Texas Department commander, and Ray Andrews, 19th District commander, will be present at the regular monthly meeting of William C. Cole Post No. 270 of the American Legion at 7:30 p. m. Tuesday, Jan. 3.

A number of visitors from neighboring posts will also attend the meeting.

All Legionnaires, both past and present, are urged to attend this meeting and help welcome the state and district commanders and other visitors.

The Dispatch's second annual First Baby Contest holds the center of the local stage for the fast-approaching holiday weekend with approximately \$140 in prizes going to the winner from the Garza County Memorial Hospital and 13 local merchants. It's a fine array of gifts, as the reader will note on the accompanying front page story and the First Baby Contest page on page 3 of today's Dispatch.

Every effort has been made this year to nail down the qualifications for the winner, just to avoid any delivery room arguments, which spoil a goodwill promotion such as this.

Most folks are looking forward to the arrival of 1961 with bright hopes for continued community growth and real progress. It would be too much to hope for a third straight "million dollar" building year with no really big projects now in sight besides the new post-office for which a late January or early February building permit is expected. But with two major housing additions, both with FHA financing, it could turn out that way if business and crop conditions remain promising.

Conditions hereabouts are very promising. And we for one won't be a bit surprised to see the few vacant buildings now on Main street all filled up with new retail shops before many months are out.

In today's Lost and Found column on the classified page is a small story of heartbreak for which we hope advertising will pay—as it so (See POSTINGS, page 8)

For New Year's hop

Live band

The Velvetens, a snappy six-piece dance band composed of Texas Tech students, has been signed by Garza County Youth Center co-directors, Mr. and Mrs. Bill Hatler, to play for the New Year's dance here at Teen Town Saturday night.

Both high school and college students are invited to attend.

The dance will be from 9 p. m. to 1 a. m.

The Hatlers said the dance will be semi-formal with a 50 cent per person admission charge.

Teen Town will be decorated for the occasion by a group of teenage volunteers.

Noise-makers, paper hats, horns, confetti and serpentine will be provided the youngsters to welcome Baby New Year 1961 in at the stroke of midnight.

Mrs. Cardwell is buried following services Tuesday

Funeral services for Mrs. O. D. Cardwell, who died at 8:15 p. m. Christmas Day at her home at 116 South Avenue Q, were held at 10 a. m. Tuesday in the Post Church of Christ, of which she was a member.

Mrs. Cardwell was 78. She had suffered from heart trouble for some time, but had been seriously ill for only a few weeks.

She was born Annie Elizabeth Rodgers Jan. 22, 1882, in Parker County, and had been a resident of Garza County for 46 years. She was married to the late O. D. Cardwell here in 1918, a year after he had come to Post as a Texas Ranger engaged in special work for a cattle raisers' association.

The couple owned and operated a ladies' apparel shop here until 1925 when Mr. Cardwell purchased his brother's interest in a theater here. The Cardwells operated the theater until 1930.

Mrs. Cardwell is survived by a number of nieces and nephews. Ford Shropshire and Leonard Little officiated at the funeral services.

Burial was in Terrace Cemetery under direction of Mason Funeral Home. Pallbearers were George Tillman, Dale Stone, Johnny Mickey, Garland Davies, Bernie Bingham, Robert Cato, Henry Wheatley, and Howard Freeman.

Change in weather affecting harvest

The mild, sunny weather which prevailed through the Christmas holidays gave way to cloudy skies and dropping temperatures yesterday, with bad weather in sight for the New Year's holiday.

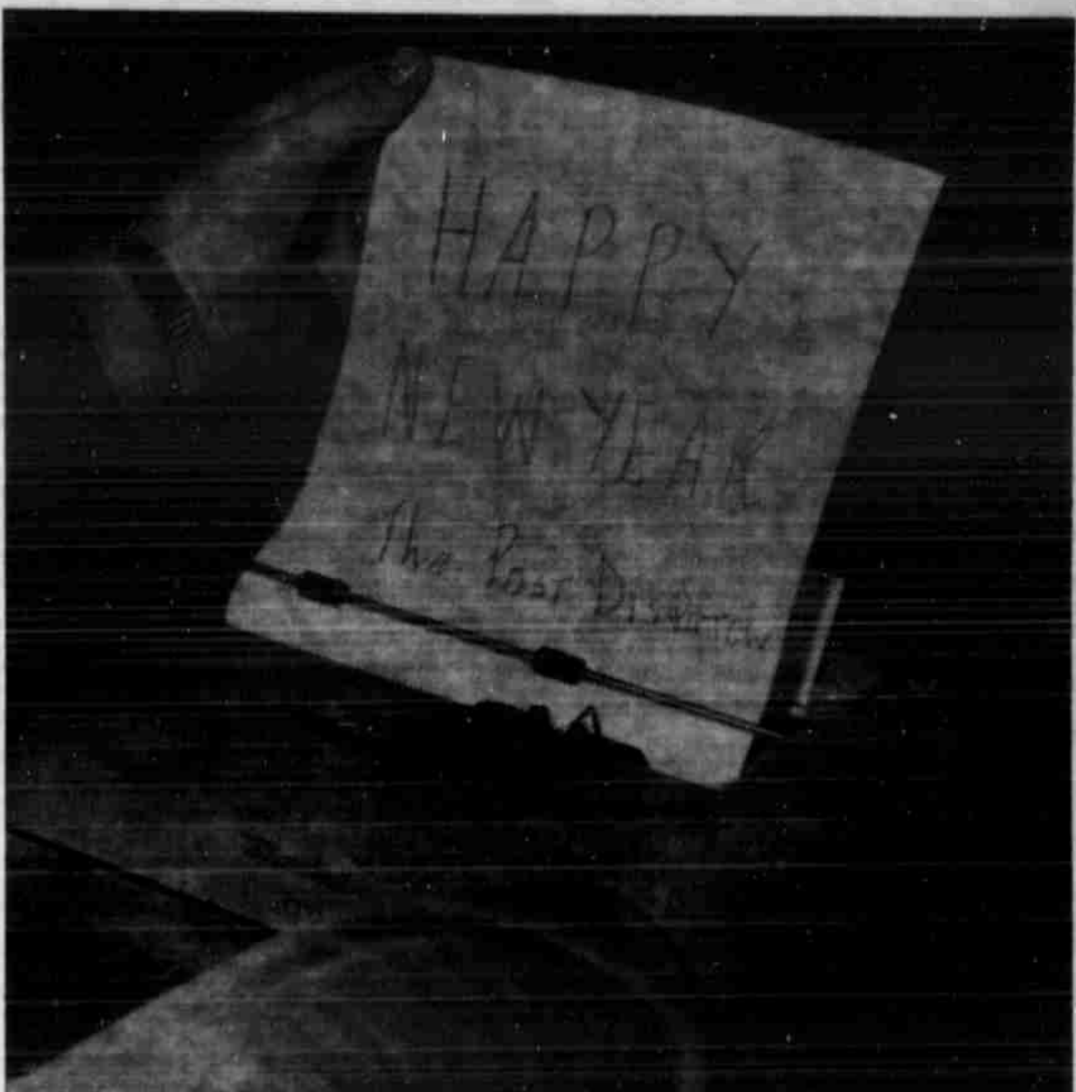

There were occasional drizzles throughout the day here yesterday.

Wednesday's weather conditions halted the cotton harvest—with the end just around the corner.

Crews at most gins were working, however, in attempts to catch up with the accelerated harvest of the last few days.

Buck Craft, manager of Planters' Gin in Post, said yesterday afternoon that he had 71 loads of cotton on the yard waiting to be ginned.

Indications now are that there is a good chance of Garza County ginnings reaching the 30,000-bale mark this year. That would make the crop easily one of the biggest in the county's history.

Quadruplets will bring 'jackpot' prize

1961 'First Baby Contest' winner to be lucky child

Who will win the 1961 Garza County Baby Derby, sponsored by the Garza Memorial Hospital and 13 local firms? Whoever the infant is, he or she will win prizes worth approximately \$140.

And if the winner is the first of quadruplets, the prize total will jump to \$530.

That is because Bryan Williams & Son has offered a \$5 gift for little Garza County 1961 to be selected from any local store, but will raise the gift to \$10 for twins—and \$500 for quadruplets.

Little Garza County 1961, to qualify for the prizes in the Dispatch's second annual First Baby Contest, must be the first one born after midnight Sunday morning in the Garza Memorial Hospital of married Garza County parents who have both resided in the county for the last six months.

The 1961 First Baby Contest page on page 3 of today's Dispatch carries the wide array of gifts from the hospital and participating merchants.

The biggest prize will be up to five days of free hospital care for baby and mother, courtesy of the hospital—the third year it has offered such a prize for the first new year's baby.

Other gifts include: Herring's—Carter's Jamakins, a Carter's Cover-All Feeding Bib, and two of Carter's Jiffon Nevada wind shirts.

Williams & Son—The \$5, \$10, or \$500 gift from any Post store.

Dunlap's—Box of two dozen Chux

'Christmas baby' born here to Varela family

Post's 1960 "Christmas baby" is Carlos Varela, born at 12:37 a. m. Christmas Day to Mr. and Mrs. Ignacio Varela at Garza Memorial Hospital. He weighed 6 pounds, 9½ ounces.

The baby and mother went home from the hospital yesterday.

disposable diapers and a Hanes receiving blanket and two wash cloths.

Ideal Laundry—Washing of all diapers for first week after mother leaves hospital.

Bob Collier, Druggist—Attractive nursery lamp.

Wacker's—Two dozen Birdseye diapers, and a Comfort receiving blanket.

Western Auto—General Electric electric alarm clock.

County attorney's office hit

3 burglaries are reported

Three burglaries were reported in Post over the Christmas week with the biggest haul being made by prowlers who looted County Attorney Carleton P. Webb's office at 113 West Main Street.

Taken in the office burglary were 31 silver dollars, a blue sapphire man's ring with two small diamonds, valued at approximately \$100, and a .38 automatic pistol.

Entry was gained by breaking a panel out of the back door of Attorney A. C. Cooke's office next door to Webb's. After ransacking Cooke's office—although nothing but a bank book was reported missing—the burglars entered Webb's office through a connecting door in the back.

The burglary occurred the night of Dec. 21.

Also broken into the same night was the school lunchroom where nothing could be determined lost next day.

Entry to the lunchroom was gained by cutting a screen and unhooking a window. The desk and cash register were ransacked but as far as could be determined the burglars netted nothing for their efforts.

The third break-in occurred Sunday night at the Wagon Wheel tavern on US-350 on the east edge of Post.

An estimated \$24.50 was taken in coins from a cigarette machine. Entry was gained through a restroom window in the rear of the tavern.

Another holiday is

Coming up

Some things were returning to normal today following the Christmas holiday, but a 100 per cent resumption of normal operations won't come until after Monday's New Year's holiday.

The Post Public Schools will resume classwork Tuesday morning, Jan. 3, after having been closed since Thursday, Dec. 22, for the Christmas and New Year's holidays.

Postex Cotton Mills resumed operations at 7 a. m. Tuesday after having been closed since 7 a. m. Friday for the Christmas holiday.

Business places were closed Monday—the day after Christmas—and most of them will be closed again next Monday—the day after New Year's.

March of Dimes for January

Harold Lucas, MOD chairman, said today that the first in a series of fund raising events will be a MOD benefit box supper Saturday night, Jan. 7 at Verbena.

C. banquet under way

While the box supper is being held as the MOD fund-raising event for the communities of Verbena, Grassburg and Crossroads, everyone in the county is invited to attend, Lucas said.

The drive chairman said that he will complete the appointment of community MOD chairmen and other workers within the next few days.

A big percentage of the funds raised in Garza County will be retained by the county chapter for the fight on polio and other crippling diseases covered by the National Foundation.

1960's news highlights are reviewed

Editor's Note: Following is The Dispatch's annual New Year's edition summary of the top news events of 1960—month by month. The summary is carried only through November because of the time and space element, with December events still fresh in most readers' minds.

Outlook good for new year ahead

With this Dispatch we're bidding goodbye to Old Year 1960—a very good year, all things considered for this area and community—and welcoming in Baby New Year 1961, a year of hope and promise to us all.

At year's end the outlook for 1961 hereabouts is good—excellent might be a better word.

The farmers reaped one of their finest cotton and milo harvests in history in the last two months. These two cash crops, converted into cash, means lots of spending money for new farm equipment, new automobiles, new heavy goods, such as furniture and appliances. The big purchases by the rural folk are put off each year until the crops are in, banks loans paid, and Uncle Sam's mailed his share via income tax returns.

Business here should be good for the next few months.

For the farmers, the recent big snow was richly welcomed. There is enough moisture to plant. The 1961 crops can be sowed. There is no worry there.

For construction firms, two new big residential additions have cleared the planning, financing, and utility hurdles and are ready to go full blast, both FHA financed.

Then there is the new post office in the immediate offing which will be a major business

district improvement. Work should get under way on that within the next month.

The oil industry, which labored through 1960 on short work rations because of the skimpy production day schedules in Texas, has enjoyed a year-end pickup. A number of new deep wild-cats give promise of uncovering new oil, which will mean more added drilling.

The five-year effort for the White River dam should at least bear fruit in 1961 with the start of construction on the big dam that can give this community and area its biggest "lift" in future prospects in a decade.

The municipality has registered many major improvements in 1960 and will be planning more for 1961. Our schools are steadily improving in quality construction. Church construction here shows that the spiritual life of the community also is keeping abreast of the times.

Our Postex Cotton mills have enjoyed a good, full production year in 1960 and the 1961 outlook shapes up as "as good or better." The mills probably will be expanded as soon as the White River dam becomes reality in the form of a new dye plant. While that may not be a 1961 project, it will be coming up.

To total it all up, 1961 prospects can be regarded with real optimism. With this in mind we wish you, one and all, a happy and prosperous 1961.—JC.

THURSDAY to THURSDAY

By CHARLES DIDWAY

MY FRIEND UP the street says anybody who wants to live a peaceful life has just picked the wrong time to live.

The above is a gloomy statement with which to face the new year of 1961, but just about everything we hear or read indicates that my friend has hit the nail on the head.

BUT WITH ALL the greeting cards we received with "warmest wishes for a New Year filled with good health, happiness and success," it just can't be too bad a year.

There are bound to be some Dispatch readers who can remember when washday meant heating water in a black iron pot and using strong lye soap and a rub board to get clothes clean.

There is a generation which looks upon even as relatively a recent invention as the wringer-type washing machine as old-fashioned, and it is for these that I reprint the "recipe" for washing clothes.

Actually, it is not called a recipe but in the language of an old Kentucky hill woman who wrote it for her young daughter-in-law, it is a "recept." Here it is:

TO WASH CLOTHES

1. Build fire in back yard to heat kettle of rain water.
2. Set tubs so smoke won't blow in eyes if wind is pert.
3. Shave 1 hole cake lie sope in billing water.
4. Sort things. Make three piles. 1 pile white. 1 pile collord. 1 pile britches and rags.
5. Stur flour in cold water to smooth, then thin down with billing water.
6. Rub dirty spots on board. Scrub hard. Then bile. Rub collord but don't bile. Just reph and starch.
7. Take white things out of kettle with broom handle, then rench, blew and starch.
8. Spred tee towels on grass.
9. Hang old rags on fence.
10. Pour rench water in flower bed.
11. Scrub porch with sopy water.
12. Turn tubs upside down.
13. Go put on clean dress. Smooth hair with side combs. Brew cup of tea, set and rest and rock a spell and count blessins.

SOME PEOPLE'S idea of celebrating the holidays is to have a Christmas they'll never forget and a New Year's Eve they can't remember.

While on the subject of holidays,

The Dispatch staff wishes to apologize to at least 15 youngsters whose Santa Claus letters weren't printed in last Thursday's Christmas edition. The letters were received along with the some 250 other Santa letters we printed, but on the last four-page press run, it was necessary to leave out some of the letters—there was no place to put them. We assure these children, however, that these letters got the same careful attention from Santa Claus as the other letters did. But, for not getting copies of their letters in the paper, we apologize to Lucy Valdez, Annelle Holland, Johnny Collazo, Carol Compton, Camilo Cerda, Donald Ray Tidwell, Barbara Ramirez, Elma Denise Wheeler, Rosie Puentes, Yolanda (no last name on letter), Sherry Bird, Belinda Blacklock, Robbie Casteel, Nancy Hart and D'Lynn Bird.

DICK WOOD, our 13th Street neighbor, received a 15-year service pin at a recent awards program of Pioneer Natural Gas Company in Lubbock. Dick is the company's local manager.

I took only one picture last week of Christmas get-ups at the Post Primary School, but if we'd had room and the picture budget would have allowed, I'd liked to have taken more shots. Every classroom door in the school was cleverly and appropriately decorated for the season, and in every scene. When I asked Mrs. Elizabeth Shannon the location of Mrs. Mary Raphael's room, she said, "Go to your right, turn left, and it is the room with the angel on the door."

NEW GIN MANAGER
William Young last week assumed his new duties as manager of the Close City Co-op Gin. Young, who lives in Tahoka, will continue maintaining his residence there while finishing out the season at the Close City gin.

Football bowl season is here

Football bowl season is here and during the holidays hundreds of sports fans in this vicinity will spend considerable time in front of their television sets watching the select grid teams of the nation in action.

The bowl season actually opened Dec. 17 with the Liberty Bowl in Philadelphia and the choice games are set for this weekend and Jan. 2, the day after New Year's. There'll also be a bowl game or two later in January.

Generally, the bowl games which attract greatest attention are the so-called "big five." These are the Rose Bowl at Pasadena, the Cotton Bowl at Dallas, the Orange Bowl at Miami,

the Sugar Bowl at New Orleans and the Gator Bowl at Jacksonville, Fla.

Bowl games are big business and the five big ones are expected to draw considerably more than \$2,000,000 for their backers. Some are conference-run where profits are divided among member schools. Such is the Cotton Bowl at Dallas. Others are independent commercial promotions which are able to draw top teams through financial inducement. Penn State, for instance, went reluctantly into the Liberty Bowl at Philadelphia last year, to defeat Alabama, 9-0. But it came out with nearly \$100,000 for its efforts, enough to finance a good part of Penn State's expansive athletic program.—CD.

The public's respect and esteem

Any man who has served five terms in one public office is a man who, by and large, holds the esteem and the respect of the populace. Such a man is Carl Rains, who will go out of office Jan. 1 after having served for some ten years as sheriff of Garza County.

Mr. Rains, a longtime resident of Garza County, is one of the most respected and best-liked men in the county. The reason is that he not only has conscientiously carried out the duties of the sheriff's office, but on innumerable occasions has gone beyond the line of duty to serve his fellow man.

Typically West Texan, he was a well-liked man even before he was elected sheriff and dur-

ing the ten years he has served in that office he certainly has done nothing to detract from the esteem and the respect in which he is held.

The sheriff, like every other public official, has been criticized at times. This newspaper, in its editorial columns, has criticized the sheriff and his department, but never for a moment has it doubted Carl Rains' sincerity of purpose in discharging the duties of the office. Nor has it ever failed to receive cooperation from him when that cooperation was sought.

He will leave office the day after New Year's as a county official who has served the public in such a manner as to retain its respect and esteem.—CD.

Garza County stands to gain

Garza County stands to gain many benefits from organization of a Garza County Soil Conservation District, about which we will hear more after the first of the year.

The results of a public hearing on the proposed district are to be submitted to the State Soil Conservation Board at its January meeting. If the board decides to proceed with plans for organization of the district, the proposal will be submitted to qualified voters within the county not long after the board's decision.

Few among us today are unaware of the

values of soil and water conservation toward our agricultural economy. Garza County, as a member of the Duck Creek Soil Conservation, has not been missing out on these benefits, but stands to reap even more of them if a district is set up entirely within the county.

Formation of a Garza County Soil Conservation District would mean that we would have a board of supervisors composed entirely of farmers and ranchers living within the county. As a member of the Duck Creek SCD, Garza County has only one man on the board.—CD.

About Your HEALTH

A quality public service feature from the Texas State Department of Health. HENRY A. WOLFE, M.D., Commissioner of Health

Short on resolutions for the new year beginning Sunday? Here's a list designed especially for you and your family by the Texas State Department of Health.

Promise to give your body at least as good care as you give your car. Periodic examinations are the best way yet devised to detect bodily disorders while they can still be treated successfully, so let your doctor look you over thoroughly once a year whether you're ailing or not. Make it twice yearly if you're middle-aged.

Dental troubles won't kill you, but sometimes they can make you wish you were dead. So check in once yearly with your dentist, too.

If you are putting on weight, resolve to start passing up the candied yams, boiled potatoes and the cream-filled tidbits which almost invariably spell extra pounds and perhaps an early grave.

Too much weight contributes to high blood pressure, and may be associated with hardening of the arteries and various forms of heart disease. Too, it means impaired vigor, greater surgical risk and minor illnesses.

The statistics linking smoking to cancer and heart disease are piling up so fast it is getting tougher and tougher to rationalize the habit. Resolve to impress those statistics on the minds of the teenagers in your family.

When driving, consider that every other car is being driven by a madman, and when walking trust motorists only as far as you can see them. Motor vehicle deaths stand far above accidental deaths of all other types.

Resolve to take full advantage of every advancement in medical science aimed at benefiting you and your family, but always on competent medical advice. Start by getting the youngsters and yourself immunized against polio if you haven't already done it.

Promise to obey local and state laws pertaining to health protection. For example, if your town has a dog leash law, adhere to it. It is a public protective device and you are the public.

Last but vitally important, give an occasional thought to such awesome problems as water conservation, pollution abatement, juvenile delinquency, and the growing number of elderly people in our society. Lend your support as a responsible citizen to community efforts to solve them.

Enrollment increases in Texas state-supported colleges and universities will require about 3,000 more college teachers by 1970.

More men than women have TB.

TOP RIDER SHOWS WHY

Harry Tompkins of Dublin, Tex., gives an exhibition of riding that shows why he is rodeo's top money-winner of the year and the leading contender for All-Around Cowboy Championship honors going into the 1960 National Finals, Dec. 26-Jan. 1, as a feature of Cotton Bowl Week in Dallas. Top money-winning cowboys of 1960 will be pinned.

Betty Nelson, Travis Striblin pledge wedding vows Christmas

Standing beneath an archway of white roses Miss Betty Janett Nelson and Travis Lee Striblin were united in marriage Christmas Day, at the Calvary Baptist Church. The Rev. Graydon Howel, pastor, officiated for the double ring ceremony at 3 o'clock.

Mr. and Mrs. Arthur Nelson, 410 North Avenue I, are parents of the bride. The bridegroom's parents are Mr. and Mrs. Lee B. Striblin, 116 East 6th St.

Given in marriage by her father, the bride wore a dress of silk organza over taffeta. The bodice was lace over taffeta, designed with an scalloped neckline outlined with seed pearls, and tapered sleeves. The waistline tapered to a point over the full skirt. A crown of pearls held her veil of illusion and she carried a bouquet of white roses atop a White Bible.

The bride also carried out the tradition of wearing something old, a silk handkerchief belonging to her mother; something new, her dress; something blue, a garter, and a penny in her shoe for luck.

Miss Carolyn Sue Kasinger of Southland was maid of honor. Her dress was of pastel blue taffeta, styled on sheath lines, with an overskirt of chiffon. She wore a blue hat and carried a bouquet of blue carnations.

Jerry Striblin, brother of the bridegroom, attended as best man. Varada Striblin, sister of the bridegroom, and Mike Nelson, the bride's nephew, were ring bearers. The bride's twin brothers, Dayle and Doyle Nelson, were ushers.

Wedding music was provided by Miss Margie Harrison who played "Because", "I Love You Truly", and "The Wedding March".

A reception followed in the church's fellowship hall. Members of the house party were Mrs. Charles Nelson of Abernathy, Mrs. Dayle Nelson and Mrs. Doyle Nelson.

Mr. and Mrs. Striblin are at home at 307 North Avenue O. The bridegroom attended Valley High School in Langdale, Ala., and his wife is a 1955 graduate of Post High School. Both are employed by Postex Mills.

Yesterday is gone. We tear its page from our calendar, for we live in the present.

But often we look back with nostalgia to the many yesterdays which make up the past. In a different mood we plan for the uncertain days ahead, sometimes filling them with happy expectations, sometimes with anxious forebodings.

Where is God in this time pattern of our lives?

Is He in the past alone, incarnate two thousand years ago in the great Teacher of Nazareth? Or does He walk with us through the present, our Companion each day? Does He remove all fear from the future with His promise, the promise of the living Christ, "And lo, I am with you always, even unto the end of the world?"

Come to Church and learn to know this Christ who is "the same yesterday, today, and forever."

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

By Vern Sanford

Hunters all across the state say that a deer is a deer no matter what the kind.

However, such a statement is only partially true. True enough, both mule deer and white tails have four legs, a head, and grow antlers. But when it comes to hunting them, the two are quite different.

In the first place the mule deer likes a different type of terrain for its stomping grounds. It loves the mountainous country like the Big Bend National Park area and the Trans-Pecos. Unlike the white tails the mule deer prefer more open country, with fewer large trees.

A hunter of mule deer had best take along his mountain climbing shoes, a canteen, and enough food to keep him going.

The white tail hunter often can drive almost to the spot where he intends to hunt. But the mule deer man must travel by foot or horseback for miles, up into the mountains, after he parks his car.

UP HIGH DURING DAY

Mule deer move up high, along ridges and ledges, during the day. There they can watch for intruders. Early in the morning hours they feed along foothills and breaks, moving up to higher areas as the sun heats up their range.

A mule deer's makeup is so well suited for his surroundings that often he will stand very still, or hide behind a boulder, while a hunter moves by only a few feet away.

Don't look for the old moss-backs below the does and fawns. They won't be there. They will be higher up.

If you go out for a trophy head you're in for a work-out. You have to do lots of tramping and sign reading, to get a rack worthy of mounting.

When you arrive at the general area on which you plan to hunt, get out and look around for deer tracks or other signs of recent activity. If you see enough fresh tracks to indicate that deer are in the area, you stand a good chance of getting one.

But, don't head out in just any direction. Look the situation over. Which way do the tracks lead and are they doe tracks or are they big buck tracks?

If they are sharp pointed, small, and barely visible in soft soil you are looking at the tracks of either a small buck or a doe. If they are deep and large and rounded off in front, you are looking at the tracks of a buck worth hunting.

Now, if you brought along that rifle with a scope, and it has been sighted in for 150 or 200 yards, you're ready for a hunt. You won't get nearly as many close shots at mule deer as you do white tails.

If it's early morning, watch closely along places where the brush ends and the open grassy

areas begin. These breaks are favorite hiding places for muleys. They can feed in the open at the breaks and dart back into the brush should something or someone surprise them.

ALWAYS MOVE SLOWLY

Always move slowly. It's not easy to see a deer standing in the brush with just his head protruding.

Also, if you're moving rapidly a deer will know instantly that what he hears is either another deer moving out in fright, or some predator rushing in on it.

If you move slowly the deer might think that you are just another deer grazing nearby.

Mule deer don't follow trails like white tails. In the first place, the terrain in muley land is rocky. It doesn't change much when hoofed feet march across it.

But these mountain loving deer do prefer certain places for traveling. A lot of times it depends on the conditions. They like to be where they can have the advantage of air currents.

If the breezes are moving downward they will travel along the lower ledges. If the currents are moving up the mountain sides, they likely will be traveling high on the ridges.

It is possible to take a stand and wait them out. But you'd better know the abilities and habits of these deer. They'll outsmart you most every time.

It's not unusual for an old buck to keep just far enough ahead of its pursuer to stop on a rise or ridge out of sight and watch absolutely motionless.

Sometimes, I've wondered how these animals can cover terrain that I couldn't even begin to cross. Don't ever be surprised at anything they might attempt. I've seen them leap from ledge to ledge and climb bluffs that I thought only mountain goats could master.

RECOMMEND MULE DEER

I don't intend to turn you against hunting mule deer. In fact I strongly recommend this type of hunting. A mule deer is one of the few animals we can hunt in Texas today where lots of planned strategy is a must.

If you are one who loves to climb mountains and tramp around in high places, then get out that rifle and go after an old trophy-horned mule deer.

Remember too—after you've bagged him, high on a mountain top, you still have to get him back to camp.

When you do get him down, and the head has been mounted and hanging on your den wall, you'll be ready for another hunt.

REX A. TIMMS

Phone company names supervisor for Post area

General Telephone Company of the Southwest announces the appointment of Rex A. Timms as plant supervisor for the Post area.

Timms, a veteran and graduate of the University of Texas, comes to the new position from San Angelo where for the past ten months he has served as the methods and results coordinator for General's central division.

A native of Luling, Tex., Timms will reside in Lamesa and will supervise plant operations in that city as well as in Post, Wilson and Tahoka.

Timms was employed as an appliance salesman in Luling for two years following graduation from Luling High School in 1949. He joined the U. S. Air Force in 1951, serving as a radio operator on a B-29. He was stationed in Korea during the conflict.

Following his discharge from active duty in 1955, he worked part time at Sheffield Steel in Houston and attended Lee Junior College in Baytown before moving to Austin in 1956.

Timms received his B. B. A. degree from Texas in 1958 and joined General Telephone shortly thereafter. He held various administrative positions and participated in the company's management training program prior to being located in the central division.

The new plant supervisor served as a director of the San Angelo Jaycees up until his move to Lamesa.

Lions' chili supper slated for Jan. 17

The Post Lions Club's chili supper set for Jan. 17 was discussed Tuesday night at a board of directors meeting at Wilson Supply Co.

Plans were also made for a candy sale in March, part of the proceeds from which will go to the Texas Lions Crippled Children's Camp at Kerrville and part of which will be kept here for child welfare work.

All of the proceeds from the Jan. 17 chili supper will remain here for the local Lions' youth welfare program.

Antelopes fall to McAdoo, 61 to 45

Post High School's cagers lost to McAdoo, 61 to 45, yesterday afternoon to bow out of the Caprock Holiday Tournament at Lubbock, in which they were runners-up last year.

Monday night, the Antelopes had lost to Dimmitt, 63-29, to go into the consolation round.

McAdoo jumped into a 17-12 first quarter lead against the Antelopes and were out in front 37-17 at the half. Post outscored the Eagles, 28-24, in the second half, but couldn't overcome their first half deficit.

Later in the day, Denver City defeated McAdoo 52-50 to win the consolation championship.

In yesterday afternoon's game, Leslie Acker led the Antelope scoring with 13 points. Donnie Hays scored 11, Tommy Bouchier 8, Mike Cornell 6, Jimmy Minor 5 and David Lee 2. Also seeing action was freshman Jackey Fluitt.

Big parade in Cotton Bowl to be spectacular

DALLAS—One of the most spectacular parades ever staged in the Southwest will take place here on Saturday morning, Dec. 31. The 1960 Cotton Bowl Coronation Parade will lead a fitting climax to the exciting week of entertainment, sports events and other festivities leading up to the 1961 Cotton Bowl Football Classic between the University of Arkansas and Duke on Jan. 2.

The parade will spotlight the Cotton Bowl Queen and her princesses. The line of march will move through downtown Dallas beginning at 10:30 a. m. and will be televised locally at 12:30 p. m.

Twenty-nine bands will give the parade a tuneful theme, representing some of the most outstanding high school, college and military bands in the country.

Theme for the first section of the parade is "Happy Holidays". Sponsored floats have been elaborately designed to represent Easter, Valentine, July 4th and other holidays. Spaced between the colorful floats will be mounted units, antique vehicles, and various novelty units.

Re-entry try is field for Garza County wildcat

Southern Union Gas Co., Midland filed an application Tuesday to re-enter and work over the No. 1 J. M. Graves wildcat failure five miles north of Post which dug to 8,423 feet in the Ellenburger and plugged in March 20, 1959, by J. E. Jones Drilling Co., Midland.

Southern Union proposes to clean out the failure to 8,200 feet and test the Mississippian section, which was topped at 8,180 feet.

It is four miles north-northwest of the nearest deep dry hole, an 8,325-foot Ellenburger duster, and two miles east of a 3,700-foot dry hole. It is also 7 1/2 miles northeast of Continental's No. 5 L. G. Thuet, recent Strawn discovery, which has a strong Mississippian show which proved uncommercial when tested.

The operation is 660 feet from south and 330 feet from east lines of Section 1186, GC&SF Survey.

For breaking training

Coach lops five men from squad

Five members of the Post Antelope basketball team have been dropped for breaking training, Coach Richard Souter told the Dispatch yesterday.

LCC fund drive is set at \$2 million

Lubbock Christian College is in the midst of a \$2,000,000 fund-raising campaign to improve and enlarge its campus and \$300,000 is needed Dec. 31 when the land option expires. The money is needed to acquire 229 additional acres for future expansion and school officials feel the land is worth more than double the option price of which it can be purchased.

J. B. Potts of Post has been named county chairman for Garza County which has a goal of \$20,000. To date, the county has reached 8 per cent of its goal.

Working with Potts as local chairmen are Lester Josey, John Gist, Burnie Bingham, Henry Wheatley, Elmer Cowdrey, and Clark Cowdrey, all of Post. Included in the campaign is the payment of campus indebtedness, building a men's dormitory and completing a giant fieldhouse which will be one of the largest in the nation. The campaign will continue until all these goals are reached. Approximately 114 men have been selected to serve as county chairmen for the school covering a wide area of West Texas and New Mexico with each county given a goal.

The five are Bobby Beard, Delwayne Capps, Benny Schlehuber, Harold Wayne Mason and Jimmy Ivie.

Beard, Capps, Schlehuber and Mason had been playing as regulars and Ivie had seen action in most of the games.

The disciplinary action came last week, Souter said. The five boys will not be permitted to engage in any other interscholastic sports this season. The coach said he had no comment on whether or not the suspension would extend into the next school year.

The suspensions left the Antelope squad with Leslie Acker, Donnie Hays, Tommy Boucher, Jimmy Minor, Mike Cornell, Clarence Ivie and Jackie Fluit. David Lee was promoted to the varsity squad last week, Souter said.

Letters to the Editor...

HUMANITY'S GOALS

Dear Editor:
It is my belief that the two greatest goals of humanity are world peace and human equality. How unfortunate that the Communists are against the former and the bigots are against the latter.

How degrading that our school officials should place our town in a disreputable category by refusing to play basketball against the Littlefield team simply because some of its members are of a different color!

I sincerely hope that this sorry spectacle does not reflect the majority of the feelings here in Post, and that it is not an indication that when integration comes here, as someday it will, we will imitate the screeching, clawing illiterates who descended upon the schools of New Orleans.

Rosemary Chapman

WRITES ON EQUALITY

Dear Editor:
All men are created equal, but some men are more equal than others.

Adolph Hitler made a public spectacle of himself at the 1936 Olympic Games when a Negro, Jesse Owens, competed—and won—against his "supermen."

Now our school officials make audacious asses of themselves and the townsmen they represent. Why not ask the athletes who they had rather compete against—the first string Negroes or the second string whites?

Abraham Lincoln once said, "Those who deprive freedom from others do not deserve freedom for themselves."

This, along with the aphorism, "To belittle is to be little."
Earl Chapman

Tractor accident victim recovering at his home

By MRS. DILLARD THOMPSON

Christmas has come and gone again, leaving most everyone happy and with joyous hearts. Again as the old year comes to an end, I find it so hard to put in words something that will express my appreciation to each and everyone of you for your patience and cooperation with Pat and I for all the years that we have tried to write the news. For all our mistakes and neglects, we want to apologize, and as 1960 comes to an end and the clock strikes 12 p. m. Saturday, again I want to say "thank you" and may God Bless you and yours with health, happiness and prosperity for a prosperous new year of 1961 and many more new years to come.

Mrs. Joe Taylor reports that her husband is improved and is home from the hospital, where he has been a patient since a tractor accident several weeks ago.

Also on the sick list this week are Mrs. Theibert McBride and David, who have colds.

Mr. and Mrs. Delwin Fluitt observed Christmas with her parents, Rev. and Mrs. Clinton Edwards, in Fort Worth.

Mr. and Mrs. Harley Wallace and sons, Mr. and Mrs. David Bishop of Slaton, Mr. and Mrs. Robert Meeks and family of Slaton, Mr. and Mrs. Elton Lee and family, Mr. and Mrs. Shorty Hester and family, Mr. and Mrs. H. Welding course enrolls 10 men

Ten farmers were enrolled in the arc welding short course held recently in the Vocational Agriculture department at Post High School, according to D. H. Koeninger, vocational agriculture instructor.

The course was taught by C. B. Edwards, adult welding specialist, Texas A&M College.

The course covered topics on electrodes, beads, fillet welds, vertical welds and hardfacing. Most of those enrolled commented that they had corrected a few of their poor habits which they had acquired in teaching themselves to weld. Also, they found that selection of electrodes was a most important topic.

The members voted to meet once a month and practice on the various skills involved in welding. The first monthly meeting will be Jan. 17 in the ag department.

If any other individuals wish to attend, Koeninger said, a small charge will be made for electrodes. Those enrolled in the course will be furnished electrodes.

Mrs. Rex Welch's mother is buried

Mr. and Mrs. Rex Welch and their son-in-law, Novis Pennell, were in Tahoka Wednesday of last week to attend funeral services for Mrs. Welch's mother, Mrs. J. A. Scott, 78, of Tahoka.

Mrs. Scott died Dec. 18 at her home in Tahoka. She and her husband were planning a trip to California at the time of her death. They moved to Tahoka in 1953 from New Home, where they had lived since 1943. She was born in Alabama and was married to J. A. Scott May 26, 1901, in Johnston County.

Burial was Wednesday afternoon in Merkel Cemetery, where graveside rites were conducted.

Besides the daughter of Post, she is survived by her husband, three other daughters, two sons, two sisters, one brother, 20 grandchildren and 42 great-grandchildren.

There were 70,895,000 telephones in the U. S. served by the Independent and Bell Telephones at the end of 1959.

ONLY COMPACT WITH FINE-CAR STYLING

PRICED WITH OR BELOW THE COMPACTS OF OTHER MAKERS

BIG-CAR RIDE SMALL-CAR ECONOMY

The first family-size compact Comet's 114" wheelbase (longer than any other compact) provides spacious comfort other compacts sacrifice. There is room for six grownups and a family-size load of luggage besides.

Big-car ride—small-car handling The refined suspension (plus the 114" wheelbase) makes Comet's ride steadier and smoother than many standard cars. And you'll find that Comet turns, parks and handles almost as easily as a baby carriage.

Priced with or below compacts of other makers For all its fine-car flair, family size, big-car ride and value features, Comet's priced with or below compacts of other makers.

New Thrift Power 170 engine for '61 Comet now offers two economy engines—the standard Thrift Power Six plus the new optional Thrift Power 170, for 11% faster highway passing, 22% better acceleration on hills.

One-year or 12,000-mile warranty Every 1961 Comet gets (except tires, for which appropriate adjustments are made by their makers) is now warranted by dealers against defects in material and workmanship for one year or 12,000 miles, whichever comes first. Normal maintenance services and routine replacement of parts such as filters, spark plugs, and ignition points are excepted.
