

Liquor election suit set for non-jury term Monday

Session of grand jury also slated in district court

The suit to declare Garza County Precinct 3's liquor election null and void, which was filed May 6 in district court here, is on the docket for a hearing at a term of district court opening Monday before Judge Truett Smith.

The liquor election suit is listed last on a docket of seven non-jury cases.

Also scheduled for Monday in district court is a session of a new Garza County grand jury.

The case has been a "hanging fire" since June 10 when Judge Smith ruled following a preliminary hearing that none of the pleadings of the plaintiffs were legally sufficient in their contention that the precinct election was "illegally and fraudulently conducted."

DECISION REVERSED

Only a few days after Judge Smith's ruling, the Seventh Court of Civil Appeals in Amarillo reversed a district court decision and ruled in favor of the "wets" in the Castro County court case, which had assumed the status of a "test case" for the suit here.

There has been no amendment in the plaintiff's original pleadings. Judge Smith said in the preliminary hearing that "the plaintiffs may now amend their pleadings," but that by his rulings if they do they must show by name the voters who were allegedly illegally influenced in the election by the wets and in sufficient number to change the outcome of the election.

The only exceptions that the judge ruled in favor of the plaintiffs were two involving constitutional questions and one general exception.

School board lets paving pact at new high school

A \$4,096.80 paving contract was awarded to the new high school gymnasium building was conditionally accepted yesterday afternoon at a special meeting of the board of trustees of the Independent School District.

The contract for paving at the high school building was awarded to the West Texas Paving Contractors of Abernathy. Broken down, the contract calls for 3,022 feet of 24-inch curb and gutter at a cost of \$1.30 a foot for a \$3,928.60 total; 7,810 square yards of grade at 17 cents a yard for a \$1,329.70 total; the same amount of base at 25 cents a square yard for a \$2,186.80 total, and the same amount of triple asphalt surfacing at a cost of 37 cents a square yard for a \$2,889.70 total.

The streets to be surfaced, curbed and guttered are those on the east and west sides of the new high school and west of the new

gymnasium, which is just south of the high school. Valley gutters on the east and west side of the high school will provide for diagonal parking of automobiles, with paving to be included from the gutters to the walks. R. T. Smith, superintendent of schools, said the paving will make possible the parking of 50 cars on the west side of the building, 35 on the east side and approximately 185 on the one-half block to be paved west of the gym.

The 15-year-old local boy who was the leader of a juvenile trio broke into Greenfield Hardware two weeks ago was taken yesterday to Cal Farley's Boys Ranch near Amarillo instead of being sent to the state training school for boys at Gatesville. Boys Ranch in its 21 year history has taken in over 1,200 youngsters and only 45 of them as far as ranch authorities know have ever gotten "into trouble with the law" after leaving the ranch. The vocal youth will remain at the ranch, 40 miles outside of Amarillo, until he is 17 years old or completes his high school studies. The ranch now has some 261 boys. About half of the youngsters at the ranch are those who have gotten into trouble and want to straighten out their lives and the other half are orphans who need a home. The ranch is supported by individual donors, several of whom live in this area. At the ranch the boys work, study, and are under continual supervision. The ranch has no locks and no guards.

Levi and Doris Noble are back at the restaurant business again in Post, although Levi, who suffered a badly broken leg in a fall at the home of a niece he was visiting in Roswell, N. M., Aug. 14, is attending to business via a telephone extension at his bedside here. Levi was brought home yesterday by ambulance from the Roswell hospital. The lanky 6 foot 4 inch Noble has had three operations on his leg since his fall and is not able to be up and around for some time yet. The Nobles' restaurant notice in their announcement at page 10 — are reopening Levi's Restaurant. The Nobles employed Carl Joseph Hosko, former chef of the Lubbock hotel, as their restaurant chef and assistant restaurant manager. It is often you find a chef with a college degree in his specialty but Hosko has just that and the Nobles feel very fortunate to have him. The Nobles' many friends in Post are wishing them well after their tough breaks.

Two bonds ordered forfeited

Guilty pleas cut Garza court list

Garza County's criminal court docket was reduced by six cases at a term of court this week. The only case heard, that of James Robert Johnson, charged with driving while intoxicated, resulted in a hung jury—five for conviction and one for acquittal. There were five pleas of guilty to two orders of bond forfeiture on the terms, which opened Monday morning before County Judge E. Parker.

WR directors asking for core drilling cost figure

White River Municipal Water District directors last Thursday night at their monthly meeting in Crosbyton decided to ask for a complete and itemized statement on core drilling costs at the dam site.

The directors already have received a bill for over \$7,000 for core drilling at the first dam site and have yet to receive a billing for recent core drilling at the second site.

The directors contracted to pay \$2,000 down and carry the balance of the cost at 6 per cent interest until federal and state loan funds are received to finance the construction of the dam and water pipe lines to the four towns.

TO PAY DAMAGES
Directors also discussed damages done at the dam site to property owned by Mrs. Lee Walker of Meadow and named a committee to meet with Mrs. Walker and negotiate the amount of damages to be paid.

The district had originally agreed to pay \$1,260 in damages to land at the original dam site.

Directors were told that plans and specifications for the dam

Fair's financial report pending

The financial success of the Garza County Fair, sponsored here Saturday by the Lions Club, is yet to be determined. R. G. Wilkerson, Lions' fair chairman, said today.

All the bills aren't in, Wilkerson explained. He reported that approximately 1,300 persons were served in a two-hour period at the big beef barbecue between 5 and 7 p. m. Saturday at the 4-H building.

A large crowd was on hand for the barbecue and the various game and food booths operated by the Lions and other local organizations Saturday night.

Any profits from this portion of the fair will be used by the Lions in their children's work projects and community service efforts.

Matt Stelzer and his big crew of barbecue cooks were thanked by Wilkerson for their day-long volunteer cooking effort.

Judge that they were hopelessly deadlocked. Members of the jury were Garland Davies, Mrs. James Dietrich, Tom Henderson, Mrs. Leo M. Acker, Leslie L. Avant Jr. and Floyd W. Hodges.

Sam Skief was fined \$50 and costs after pleading guilty to a charge of aggravated assault.

Charlie Williams of Lubbock, charged with unlawful transportation of liquor, was fined \$100 and costs after pleading guilty.

will have to be approved by the Corps of Army Engineers as well as the federal loaning agency's own engineering department and that they both wanted complete plans before starting the checkover job leading to such approval.

FUNDS EARMARKED
The state's loan money for the White River project already is earmarked and awaiting the same plans and specifications for approval before it is turned over.

Marvin McLaughlin of Rails told directors he did not know how long "we'll be tied up" getting all the necessary approvals and whether or not any changes would then be required.

Attending the meeting from Post were the three local directors, Tom Boucher, Dr. A. C. Surman, and R. J. (Rube) Jennings; and Publisher Jim Cornish.

Boozer was arrested Monday evening by Deputy Sheriffs Red Floyd and Sam Price and City Marshal Junior Shepherd.

Deputy Floyd said the case started breaking Monday after he and the other officers picked up another Negro who was trying to pawn a wrist watch. They said the Negro told them Boozer had given him two watches to pawn and that he had already pawned one of them.

Williams resigns as health officer

Dr. D. C. Williams, who has served as county health officer for approximately 40 years, has resigned that non-paying job because he "thought it was time for someone else to assume the duties."

His resignation, according to the county, became effective Sept. 10. Actually Dr. Williams, who came to Post in 1914 to open his practice here, began serving as county health officer 44 years ago. But he took a leave of absence from the post during three or four years of army service in World War I.

Dr. Williams also served as city health officer most of this time, resigning that position a year ago when it was discovered it was against the law for him to serve as both city and county health officer.

Installation set Sunday for Presbyterian pastor

The First Presbyterian Church's new pastor, the Rev. Ed Herring, will be installed as pastor by the Plains Presbytery at a service at the church at 8 p. m. Sunday.

Presbyterian pastors taking part in the service will include the Rev. Frank Travis of Plainview, Presbytery moderator, who will preside; the Rev. Charles Spivey of Snyder, who will deliver the charge to the new pastor; the Rev. Walter Horn of Lamesa, who will deliver the charge to the congregation; and the Rev. Ronald Hubbard of Pampa, who will bring the sermon.

The women's association of the church will serve refreshments at a reception which will follow the installation service at the church manse on Sunset Drive.

Robert Jones pleaded innocent last Thursday to a charge of unlawful transportation of liquor. His bond was set at \$500 by County Judge J. E. Parker.

Maxine Durrett, owner of the gift shop, identified the watches as those stolen from her store on Sept. 4, the officers said.

Boozer was quoted by officers as admitting that he broke the show window with a piece of 2-by-4 board. The officers said he told them he took only the watches, leaving other watches, rings, and other articles behind, when he saw a car coming and thought it "might be the law."

No charges were filed against the Negro caught trying to pawn the watch, Deputy Floyd said.

Watch theft admitted here

The theft of two wrist watches from the show window at Maxine's Gift Shop was solved Monday with the arrest of a 19-year-old Negro, J. C. Boozer, who officers said admitted breaking a show window at the gift shop and taking the two watches.

Boozer was charged Wednesday with breaking and entering. His bond was set at \$1,000 by Justice

Post site Saturday for Scouter event

Approximately 300 adult Boy Scout leaders from throughout the South Plains Council will gather at Camp Post here Saturday for the annual "Showando" training session.

The training event will begin at 9:30 a. m. and end about 9 p. m. All adult Boy Scout leaders and committeemen in Post and adults interested in Boy Scouting are invited to attend the Showando, which is called the finest single training opportunity for Boy Scout leaders. Adult Scouters who attend the event will receive instruction and practice in 30 basic Boy Scouting skills.

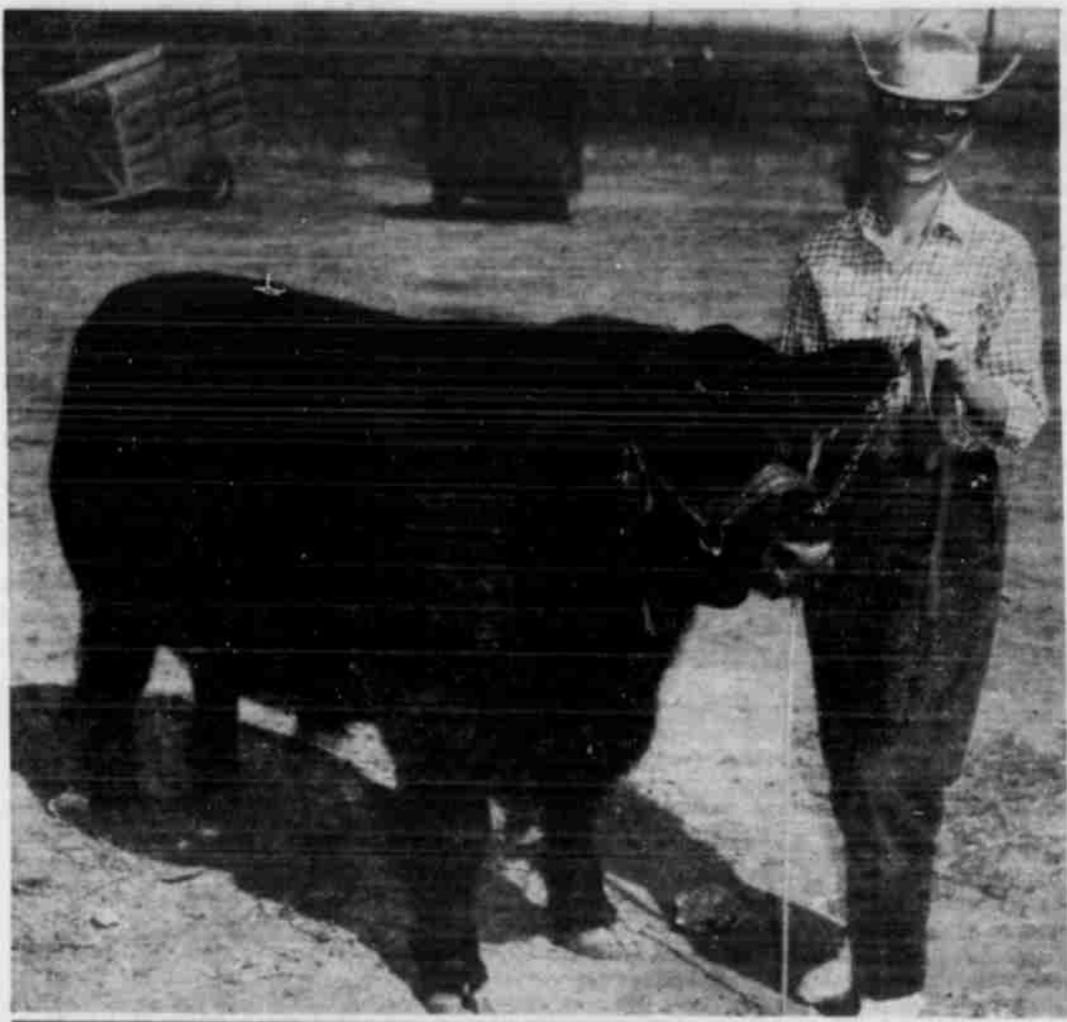

Leo Hays of Lubbock is general chairman for the event. Among those attending will be Charles S. Griffin, assistant national director of the Rural Scouting Service of the National Council of Boy Scouts of America.

Pat Cornell breaks leg in scrimmage

Pat Cornell, quarterback on the Post freshman football team, received a broken left leg yesterday afternoon in a scrimmage session at the practice field here.

Pat, son of Mr. and Mrs. Jess Cornell, underwent surgery on the leg this morning at West Texas Hospital in Lubbock. Both bones in the lower leg were broken.

The youth was suited out for the first time since suffering a rib injury earlier in the season. He was treated at Garza Memorial Hospital yesterday before being transferred to Lubbock.

GIRLS SHOW BOYS HOW IT'S DONE
For the first time in Garza County's history, girls completely outclassed the boys Saturday in showing top animals of the county fair. Girls outclass boys; show champion steers at Fair

Two 4-H Club girls, Linda Payton and Carolyn Carlisle, showed the grand and reserve champion steers, respectively, at the annual Garza County Fair here Saturday.

It was the first time that girls have showed both top steers at the fair and may be one of the first times anywhere in Texas, County Agent Lewis C. Herron said.

Miss Payton's grand champion steer is a 1,116-pound Angus. The reserve champion shown by Miss Carlisle is a 1,100-pound Short-horn.

Miss Payton, who attends Southland High School is a member of the Pleasant Valley 4-H Club, is the daughter of Mr. and Mrs. Carl Payton. Miss Carlisle, daughter of Mr. and Mrs. Bill Carlisle of the Grassburr community, is a student in Post Junior High School.

Four other club girls, Vickie Wilks, Kay Herron, Theresa Sims and Sherry Bevers, also exhibited steers at the fair.

The animals were judged by LeRoy Colan, Dawson County agricultural agent. All steers graded prime and choice except for two Short-horn calves being fed for the spring shows by Joe Basinger and Kay Herron. Both of these calves were graded fancy.

David Lee's Hereford calf, also being fed for the spring shows.

All steers shown at the fair will be exhibited in October at the State Fair of Texas in Dallas.

The steers were judged as follows:

Angus, 1,000 pounds and over—Linda Payton, prime; Will Bevers, prime; Vickie Wilks, prime.

Angus, 900 to 1,000 pounds—Jerry Thuet, prime; J. W. Basinger, prime; David Dabbs, prime; Paul Walker, choice.

Hereford, 1,000 pounds and over—Sammy Sims, prime; Joe Basinger, prime.

Hereford, 900 to 1,000 pounds—Theresa Sims, prime; Lewis Herron, prime; Jackie Abshire, choice.

Short-horn, 1,000 pounds and over—Carolyn Carlisle, prime.

Short-horn, 900 to 1,000 pounds—Dennis McGhee, choice.

Highland, 900 to 1,000 pounds—Ken Herron, choice; Ronald Thuet, choice.

Highland, 800 to 900 pounds—Sherry Bevers, prime.

FATHER CRITICALLY ILL
Clint Herring's father, W. D. Herring of Plainview, is reported in critical condition in the Plainview hospital. He suffered a stroke a week ago and then suffered heart attacks last Friday and Saturday. He is 82 years of age.

Four youths are being held for two burglaries

Four Negro youths, one of whom is home on furlough from the Army, were being held this morning in connection with break-ins this week at Drew's Drive-in and Ducky's Tavern, both on U. S. Highway 390.

Deputy Sheriff Red Floyd said officers got a statement from one of the four implicating the other three. No charges had been filed at the Dispatch's press time.

Deputies Floyd and Sam Price and City Marshal Junior Shepherd worked on the break-ins throughout the day yesterday with questioning of the four suspects continuing until 10 p. m. Other local officers also worked on the case last night.

The officers said the youths denied breaking into The Westerner tavern Monday night, where money was taken from coin-vending machines.

Reported stolen at Drew's Drive-in were cigars, cigarettes, chewing gum and money from coin machines. An undetermined quantity of beer was stolen from Ducky's, officers said.

An investigation is also being made into a theft at the home of L. H. Peel in the Close City community Tuesday night.

The theft took place while members of the family were away. Officers said two spare tires, three cases of oil, tools, and an undetermined amount of gasoline was stolen.

Chicken-loaded truck wrecked

A panel truck loaded with 4,600 day-old baby chicks turned over about 5 a. m. Tuesday five miles northwest of Post on U. S. Highway 84.

The driver of the truck and a companion were treated and released at Garza Memorial Hospital.

Deputy Sheriff Red Floyd, who with Deputy City Marshal Buford Fincham investigated the accident, said the truck was en route from a Lubbock hatchery to Ballinger.

Although not all the cases fell off the truck, approximately 1,000 of the chicks were killed, the officers said.

'Conservative,' if we must be tagged

The Texas Democrat is a conservative by nature.

No wonder he's befuddled by his presidential ticket and his party's platform. He's asking, with a feeling of helplessness, what's politics coming to? Where do we go from here?

Really, this is the No. 1 political question of our time. Not just for the Texas Democrat, but for the whole South and for millions of voters all across the land.

They want a conservative to vote for and a conservative platform for the operation of our government.

The Democratic party today is actually two parties. One is the northern wing which believes in the government doing more and more for the people, spending more and more, and taxing more and more. It is a philosophy of government which is endangering the entire system of American capitalism, threatening the very existence of small business, and cutting away all the incentives of the American individual to try to make a life of his own and a place for himself.

It is a philosophy which makes the majority of our young people seek and strive for security, instead of opportunity, from the day they pick up their diplomas on the graduation platform and head out into the world.

The other Democratic party is composed of the conservative thinker, rooted deeper in the South than in any other region, who believes that the less government the better, the less taxes the better, and the less spending the better. They cherish opportunity over security.

This is the Democratic "party" which is a minority party today within the Democratic framework. It has lost control of national Democratic party direction. Its members have the choice of simply "going along," striking out on their own, voting Republican, or trying to work out a solution.

Two 'ingredients' that helped big

The tip of The Dispatch's editorial hat goes this week to Post organization and enthusiasm of the new high school all-girl pep squad, and the fine performance of Director Bob Meisch's high school band.

The cheerleaders had some rooters to really lead here Friday night in the game with Spur. The high school girls — some 67 of them, we heard—who came togged in white blouses and black skirts not only sat together, but they made some noise and cheered plenty.

That got the whole Post crowd in the west stands off their hands for the first time in a couple of years. We know it helped the team. There's lots of psychology to football. Strong support from the stands gives the players something to make all that practice work during the week worthwhile. Just like winning traditions make for stronger teams.

Post's Antelopes are fighting this year to get off the floor. Materialwise they are too few with

Delightful chapter to recall

Post is just a bit off the beaten track to get the benefits of the proposed whistle-stopping tour of the presidential candidates. But it is interesting to consider that crowds will soon be gathering in smaller cities and towns around the nation to witness the revival of that colorful, century-old political institution—the campaign train.

Both Sen. John F. Kennedy and Vice President Richard M. Nixon have said they plan to make use of the railroads to reach voters outside the large cities. That revives a tradition that dates back to William Harrison's 1840 campaign and his famous slogan, "Tippecanoe and Tyler, Too."

But the first to hire a train for purely political purposes was Stephen Douglas, Lincoln's opponent in the Great Debates—a "re-take" of which the two 1860 presidential candidates have indicated they will do. Douglas used a train to advantage during a senatorial campaign in 1858. Always the showman, Douglas included in his train a flat car bearing a cannon which was shot off at stations and whistle stops to announce his arrival.

Lincoln responded typically by touring the

What our contemporaries are saying

Texas people will pass on a proposed constitutional amendment at the general election which would make a change in the legal interest rates. In our opinion the people are not likely to take kindly to the change. The present legal interest rate is 6 per cent, but 10 per cent is permitted where parties to a contract can agree on a rate as high. Once before the state tried turning the interest rate loose and the consequence was a flood of abuses. There is no doubt that "something should be done" about the usurers who are victimizing the poor, the ignorant, and the bad managers. But raising the legal rate of interest is not deemed necessary or desirable by the more responsible agencies. —The Floyd County Heaperian.

There was discussion here some months ago that a curfew in Lubbock might prompt one in Levelland, and the Lubbock curfew has been going for some time without any indication it has prompted a local invasion by out-of-town toughs —unless the recent series of petty break-ins could be attributed to such people.

One reason a Lubbock curfew hasn't caused

What choice they will make in the November election each will have to decide for himself.

But the roots are planted now for that fourth choice—working out a solution. It won't come this year, or next—but slowly and surely it will come.

It will come with the realization by more and more conservatives that voting Democratic is not the answer when party control remains solidly in liberal hands. Instead that a conservative-aimed party with conservative-minded candidates is the answer.

That means that the conservative element of the Democratic party and the conservatives of the Republican party must somehow get together and unite.

Helping that union will be the displeasure voiced by many Southern Democrats this November to their party's presidential candidate and platform. How big that voice—how loud—again is up to the individual voter.

But certainly it is a trend to be encouraged by serious-minded men and women of conservative beliefs who want real representation in Washington.

The conservative wings of the Democratic and Republican parties for the last decade have maintained control of congress through a quiet, working coalition.

That coalition must be extended from the congress to the precincts for a solution.

The best way to do it is to vote conservative if that is your political conviction—simply by picking the conservative candidate regardless of party.

The Dispatch no longer lists itself either as Democratic, or as independent. If we must be tagged, put this newspaper down as "conservative." That is where we choose to stand. And in that stand, we believe we will best represent the area which we serve.—JC.

the toughest schedule ever to face this fall. But support, solid school spirit are two of the ingredients which are needed to put the Antelopes on "the road back."

The kids and the coaches can't go it all. That's why when the pep squad woke the fans up Friday night they added something which has been badly needed for a long, long time. Student enthusiasm is contagious.

Now for the band. They are bigger and better this year. Director Meisch's years of work in the practice room and on the practice field is paying off. The band was good last year. This year it will be better. It takes years of planning, cooperation, and work to "build a band."

But the fans and parents can see it now. They are pleased with it, and proud of it. That was evidenced by the applause which swept the stands when the halftime drill and unique new "flat twirling" was over.

Congratulations.—JC.

nation in ordinary coach, though he later gave in to requests to travel in more comfortable style. Lincoln was said to have made a practice of walking the length of his train to shake hands with the engine crew, explaining he "wanted to meet the men who were running things."

William Jennings Bryan in 1896, William Howard Taft in 1908, Warren G. Harding and Franklin D. Roosevelt made devoted use of the railroads. Harry Truman in 1948 made seven separate rail trips covering 21,000 miles.

The rails have played a colorful part in the political and economic history of the United States. It is a delightful chapter to recall in 1960 as candidates still make use of old and tried methods, though the burden of getting to the White House as a permanent tenant will rely for the most part on the airplane, the press, television and radio.

And, who knows—even out-of-the-way stations and whistle stops such as Post and other South Plains towns may "catch" one or even both of the candidates on their whistle-stopping tour.—CD.

the difficulty a similar curfew at Wichita Falls caused in surrounding smaller towns is that it didn't clamp on bans which did much to slow down the roving kind.

A 1 a. m. curfew didn't put too much of a crimp on Lubbock's youngsters and the 12 midnight curfew going into effect now probably won't either.

Although there was considerable sentiment here last year for a curfew, this seems to be fading, if the amount of comment this department has heard is any indication.

Maybe there's no longer need for a legal crutch such as this for local law enforcement.—Orlin Brewer in The Hockley County Herald.

THURSDAY to THURSDAY

By CHARLES DIDWAY

NINE TIMES OUT of ten you can't win for losing. And then, when that tenth time comes up and you start beating the averages, somebody comes along and stops you in your tracks.

Two weeks ago—the first week of the football season—I entered the Colorado City Record's football guessing contest and won it in a breeze. I picked all ten games correctly and was off a mere eight points on the tie-breaking score—if a tie-breaker had been necessary.

ENTHUSED OVER my first win in a grid guessing contest, I entered again last week, and what happened? I won again, but Joe Bell, editor of the Colorado City Record, and his contest judges ruled me ineligible to receive the second week's prize.

It was like hitting the jackpot twice on a slot machine and not getting paid off the second time.

AFTER NAMING a Glenn Thomas as winner in the second week's contest, Joe Bell had this to say:

"An old pro, so to speak, really out-guessed 'em all. But the contest judges ruled him out of the list receiving awards because he is a member of the Pressbox Corps."

"He is Charles Didway, the veteran Post Dispatch editor, who won the opening week's contest. "Didway—like the other leaders—named all the winners except Brownwood. And for the score, he picked his hometown Antelopes to take it on the chin 40 to 6 from the Wolves."

The first week I won, Joe wrote in his paper that he was sending a copy of my entry to the Post coaching staff so they would know I picked the Antelopes to lose to Ralls. When I saw him at the Colorado City game, I told him I didn't mind that a bit. I'm for the Post Antelopes first, last and always, but when I'm trying to win a football guessing contest, I guess with my head instead of my heart.

FIRST PRIZE in the contest I won was a couple of tickets to the Texas Tech-West Texas State game. I gave them to my oldest son and new daughter-in-law because I wanted to stay home and listen to Arkansas beat Oklahoma State University.

Incidentally, I didn't do near as well in my first college game guessing contest. Four Southwest Conference teams—Texas, TCU, SMU and the Aggies—let me down.

MY FRIEND UP the street says correcting faults is like tying a necktie; we can do it easier on ourselves than on anybody else.

While Vice President Nixon in Peoria, and her husband a few blocks away, were sparring for the Presidency, Mrs. Jackie Kennedy sounded off in her Waldorf suite on Catholicism and clothes.

She resented, she said, the criticism that she spent too much on clothes, denied the published report that her shopping amounted to \$30,000 a year, and said she was sure she spent less on apparel than Mrs. Nixon. This sort of thing, and attacks on Jack's religion, she thought were "dreadfully unfair." I think the lady has something there. As for the finery, why shouldn't Jackie spend \$30,000 a year, or twice that, if she wants to? The Kennedys wouldn't miss it, and it would help the fashion business and sundry seamstresses.

More significantly, this sort of carping — on both subjects—might be all it would take to upset the GOP apperant in this closely-contested campaign.

THREE DAYS AFTER the Girard School, in Dickens County, had completed its faculty, Supt. M. H. Gailbreath received a letter from "Miss Colorado of 1958" applying for a job teaching at Girard.

A PRICELESS RECIPE

In a health emergency, the little slip of paper on which your physician writes his prescription is priceless. You wouldn't part with it under any circumstances.

However, once the emergency has passed, human nature being what it is, you are apt to forget how valuable the prescription really was. Maybe you even grumble a little at its out-of-pocket cost, failing to remember the doctor's professional skill, the countless hours of pharmaceutical research and many other factors that made the "recipe" possible in a health crisis.

Permit our prescription department to fill your next "recipe for health."

Card of Thanks

We take this means of thanking all who helped us in so many ways during the illness and death of our father and grandfather, Jim L. Williams. We especially thank our neighbors and friends for the beautiful floral offering, the food and the other thoughtfulness and our pastor and the choir and David at the organ and the men's quartet for the lovely service.

Wilson D. Williams and family,
 Gladys Pennell and family.

We wish to take this means of expressing our deep gratitude for the cards, visits, flowers and many other acts of kindness being continued during this time of Esther's illness and while she is in the hospital.

Rev. Graydon Howell and family.

I would like to thank all my friends and relatives who sent flowers, came to visit me or helped out in any way while I was in the hospital. Also thanks to Dr. Matthews, all the nurses and the rest of the hospital staff.

James Stone.

I wish to thank the doctors and nurses and to all who sent cards and gifts and those who visited me while I was in the hospital. Also the ones who have been so good now that I am home. Your kindness was deeply appreciated.

Mrs. Elmer Dee Jones.

WHAT YOU CAN DO TO FIGHT COMMUNISM AND PRESERVE

Avert yourself—learn the true nature and tactics of communism.

Make civic programs for social improvement your business.

Exercise your right to vote; elect representatives of integrity.

Respect human dignity—communism and individual rights cannot coexist.

Inform yourself; know your country—its history, traditions, and heritage.

Combat public apathy toward communism—indifference can be fatal when national survival is at stake.

Attack bigotry and prejudice wherever they appear; justice for all is the bulwark of democracy.

Shirley Wallace, David Bishop united in double ring service

Double ring wedding vows were read by Miss Shirley Ann Wallace and Truman David Bishop last Thursday evening at 7 o'clock in the Church of the Slaton. The bride and groom were joined in marriage by her father, Mr. Harley Wallace, Route 3, and Mr. and Mrs. T. D. Bishop, Route 2, Wilson. The bride wore a gown of Champagne over net and taffeta, decorated with a sweetheart neckline and tapered sleeves. Tiny buttons fastened down the back of the bodice and a large satin sash accented the waistline. The skirt was floor-length. Her hair was styled in a cascade of white butterfly roses and an orchid dyed-to-match skirt and sweater suit with black accessories. The couple will be at home at Slaton. Mrs. Bishop attended Post High School and the bridegroom attended Slaton schools.

A reception followed in the Slaton clubhouse. For travel, Mrs. Bishop chose an orchid dyed-to-match skirt and sweater suit with black accessories.

Western theme set for 1960 Parent-Teacher Assn. meets

Western "Howdies" were exchanged between parents and teachers attending the first fall round-up of the Post Parent-Teachers Association. The meeting was held in the school cafeteria last Thursday at 7:30 p. m. David Newby, president, introduced R. T. Smith, superintendent. He then introduced each of the principals and they introduced the teachers of the Post Schools system.

Program is scheduled with a western title. Large posters depicting interesting "coming attractions" were used throughout the room to create interest in the varied activities which the P-TA will sponsor. The entertaining area also featured a western theme. A large "Howdy Partner" greeted guests and waxed bottles and candles were used in lighting the area. Ropes, chaps, and branding irons were placed at vantage points. Hospitality chairman, Mrs. Lee Ward, and Mrs. James Minor served punch and cookies from a table covered with a large red and white checked cloth. Centering the table were large pieces of driftwood and spider cactus which were entwined with miniature zinnias.

Mrs. Tom Power, program chairman, presented the new year-books, which featured a complete western motif. Each month's program is scheduled with a western title.

Misses Sue Tracy, Beverly Young, and Linda Taylor. The receiving line was comprised of the honoree, her mother Mrs. Eva Browning, and her mother-in-law, Mrs. W. M. Scarborough.

Johnny West guest at Post Art Guild

Johnny West, well-known artist, was a guest at Saturday's meeting of the Post Art Guild, held in the Art Center. West has done a number of wall murals in this area and in Post. Plans were made Saturday for the forthcoming art exhibit by the guild, to be Nov. 13. The guild is meeting weekly in preparation for the showing, which will be the first exhibit by the new organization. Mrs. W. F. Presson, local art instructor and a member of the guild, is working on a painting to be shown. The guild voted to change the meeting date from Thursday to Saturday afternoons. Attending the Saturday meeting were:

Gifts were displayed throughout the entertaining rooms, which were decorated with floral arrangements. The hostess gift was a wall clock and a bride's book. Hostesses were Misses Sue Tracy, Beverly Young, Linda Taylor, Danella Bateman, Sheila Morris and Judy Clary.

Mrs. N. C. Outlaw, Mrs. W. F. Presson, Mrs. Boo Olson, Mrs. Tom Power, Mrs. Powell Shytles, Mrs. Bill Woodard, Mrs. William Robinson, Mr. and Mrs. George Tracy, and Mrs. James Minor.

MAXINE'S

Modern Art is on everybody's mind today, as witnessed by the newly organized Post Art Guild of our own community. Modern Art is contemporary, and it's fashionable. Hence, MAXINE'S is adopting the theme for casual wear this fall... MASTERPIECES OF THE MODERN ART OF SPORTS-WEAR... BY CATALINA.

Our theme grew out of the nature of Catalina's beautiful merchandise itself. These knitted dresses and sweaters are true masterpieces of design. All the knits are designed by Ione Innes, who won the Woolknit Design Award for coordinated costumes not once—but twice in a row—in both 1959 and 1960. Each knit is an original design. Ione designed the patterns, graphed them, designed the fabric textures, brought new types of knitting machines from Europe to produce them, developed special yarns that would be perfect for the job, and designed the fashions themselves. Ione's ideas for knits came from museums, from nature, from anything she felt had intense beauty—but never from other knits. Nobody but Catalina has them. The entire collection is color-designed so that one item will coordinate with the others.

You walk in knits, you sit in knits, you go to parties in knits. This relaxed way of wearing Catalina knits is an art in itself, given to us by California. It's a whole new fashion. Knits are a delight to the traveler. We like the stitched wool pleated skirt which coordinates with the jacquard cardigan for campus and office. We also like the wonderfully adaptable knitted blouson dress in fall's most brilliant colors, worn with a pretentious sweater jacket to transform it into a complete ensemble.

This is the age of elegance with comfort—an unruffled, off-hand kind of elegance. Today's woman wears Catalina Knits for everything from marketing to slaying luncheon after five—and she's always perfectly dressed.

See these Masterpieces of the Modern Art in our store this week; add them to your own wardrobe, and know that you are the proud owner of true masterpieces of modern art. MAXINE'S will be open 'till 5 on Thursday and Saturday nights for your shopping convenience this fall. See you soon?

Rev. and Mrs. Clinton Edwards of Fort Worth extend an open invitation to friends and relatives to attend the wedding of their daughter, Lois, to Delwin Fluitt, son of Mr. and Mrs. Carl Fluitt, Route 3, Post.
They will be married at 8 p. m. Saturday, September 24, at Arlington Heights Presbyterian Church in Fort Worth.

COUNTY AGENT'S COLUMN
by Lewis C. Heron

VERTICILLIUM WILT
Verticillium wilt is becoming more important in the cotton producing areas of Garza County. It is on the increase in the irrigated areas of the High Plains, Rolling Plains and the southwestern irrigated valleys. In recent years, the fungus disease has spread eastward to a line from Wichita Falls, Abilene and San Angelo. It has been found in a few fields near Greenville and Waxahachie.

Lower production by this wilt disease may range up to 75 per cent in some fields. Losses also occur in the form of lower and spot grades and the production of immature fibers.

The disease is active only when the soil temperature is below 35 degrees. For this reason damage is usually higher during the early and the latter part of the growing season.

Affected plants may become stunted and the leaves turn yellow between the veins. These yellow leaf areas die and turn brown. Leaves are shed from the stalk. After cutting wilted stalks, one will see brownish wood underneath the bark. The disease may be confused with root rot or fusarium wilt diseases.

The disease is best controlled by growing resistant varieties. Certain cultural practices also help to prevent serious losses.

Among the controls are planting in high beds, quick watering so the temperature goes up rapidly, and planting cotton thicker than the conventional spacing.

Vet's Forum

Q. My father, a World War Two veteran, died of a nonservice-connected disability and I may be eligible to receive VA pension since I am under eighteen and not married. Please explain the active service requirements which apply to my deceased father.

A. Your father must have had at least 90 days of active service, part of it during wartime. Also, he must have been discharged under other than dishonorable conditions. There are certain exceptions to this 90-day service requirement which your nearest VA office will gladly explain.

Q. I applied to VA by letter for disability compensation, and received an application form to be filled out. Is there a time limit on mailing this form back to the VA?

A. If you want VA to consider your original letter as the effective date of your application, the form you received must be completed and returned to VA within one year from the date it was sent to you.

Q. I am eligible for a VA grant for a "wheelchair housing" but I have already purchased a home on my own. Could I use this grant to pay off the mortgage?

A. Yes. A "wheelchair housing" grant may be used to pay off the indebtedness of a home which you have already acquired.

Q. I hear a lot about vocational counseling from friends who went to school under the Korea GI Bill. I have no intention of taking GI training, but maybe VA vocational counseling could help me decide whether I'm in the right line of work. Would I as a Korea veteran be eligible for just the counseling?

A. No. Vocational counseling is available only to veterans planning to train under VA programs. It is not available by itself, apart from training.

We're just thorough enough in our methods of service to do a GOOD job. We know MGW and we welcome the opportunity to prove it to you—anytime.

there's more to be seen...

Deep in the human heart is the desire for greater and wider vision. It prompted early man to climb the trees and to scale the peaks. Every year it lures thousands to the top of the Empire State Building. It inspired the telescope and microscope, and eventually radar.

Similar to this yearning for vision, yet sacred in its powerful prompting, has been man's spiritual quest. Although there is much natural evidence around us to prove there is a God, we want to understand His mind, His power and will... His heart!

No human inventions are needed here. In the Church established by Jesus Christ, in the Truth taught by Jesus Christ, in the Life inspired by Jesus Christ — each of us finds that wider vision his soul craves.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Garza residents help well sale of bonds

County residents have congratulated for their part in the U. S. Savings Bond drive to a new all-time high. Metcalf Jr., volunteer county chairman for the program in Texas, said that the sale of Series E Savings Bonds stood at \$1.5 billion as of Aug. 31, according to a report sent to him by the Treasury Department in Austin. Of this total, Texas has sold \$1,570 million.

Metcalf came in to report to a congratulatory letter from William H. Neal, Assistant Secretary of the Treasury and national director of the program. In it Neal said the new \$4.8 billion total for the World War II peak of \$1.2 billion, but the steady growth has characterized the bond

program throughout the peacetime years since 1945. "These statistical facts, however, are a comparatively minor part of the story," Neal told Metcalf. "Of vastly greater importance are the accomplishments of millions of families in making dreams come true through systematic savings; and the patriotic contribution of Savings Bond volunteers like you in making our program not alone successful, but even possible."

"I know I speak for Secretary Anderson and Under Secretary Baird in expressing the Treasury's congratulations and thanks for your part in this newest Savings Bonds achievement."

Metcalf said that one of every four Garza County residents is a bond-owner—the national average.

Construction begins on new Lynn County jail

TAHOKA — Construction is under way here on Lynn County's new \$125,000 jail building.

The county worked out plans for building the jail by issuing 20-year warrants against the permanent improvement fund, without a raise in taxes.

The general building contract was let to W. B. Abbott & Co. of Lubbock, and the jail equipment contract to Southern Steel Co. of San Antonio.

Annual Texas Prison Rodeo will feature outstanding entertainers

HUNTSVILLE—A star-studded cast of the nation's top entertainment personalities will make personal appearances here each Sunday in October for the 29th Annual Texas Prison Rodeo.

Opening the fast-moving, two-hour event will be Ricky Nelson, versatile young star, on Sunday, Oct. 2. Allen Case (The Deputy) and The Crew-Cuts will appear on Oct. 9; Molly Bee and Bo Diddley on Oct. 16; John Wayne and Frankie Avalon on Oct. 23; Jimmie Rodgers and Neil Sedaka on Oct. 30.

Sharing honors with these entertainment celebrities will be outlaw inmate riders contesting the toughest prison rodeo stock ever assembled.

Other outside attractions include a girls' barrel race, trick riding and calf roping.

There also will be several inmate entertainment groups featured such as the Goree Girls, with Candy Barr, a former Dallas entertainer.

The Texas Prison Rodeo is the only prison event in the nation which earmarks net proceeds for inmate rehabilitative services.

Although the prison stadium has a 30,000 seating capacity, rodeo fans are urged to send orders early for reserved seats.

Reserved seat tickets are \$2.40, \$3.75, and \$4.40 each, tax included. They may be ordered by mail by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

Prison officials and inmates as well are making plans to take care of record-breaking crowds at the "World's Wildest Rodeo". The show begins at 2 p. m.

The first farm bureau was founded at Binghamton, N. Y.

With older children in school, 'crawlers' pose safety problem

Parents who have greeted the starting of school with enthusiasm — and possibly relief — were cautioned to "keep their guard up" for hazards around the room that are a particular threat to younger children not yet old enough to attend school, by J. O. Musick, general manager of the Texas Safety Association.

With cold weather not too far in the distance, Musick had particular words of caution about the threat of fire. "All heating units should be carefully checked for proper functioning and cleaned before putting into use," he said.

In the kitchen area, cooler weather inevitably brings hotter dishes and mothers should make certain that pot handles be turned away from the front of the stove. Homes using small gas heaters present extra threat to toddlers until they have been taught to respect them.

For the youngsters who are beginning to crawl, Musick reminded parents that these crawlers will poke and probe with their fingers. "Unused light sockets should be taped or capped and dangerous items should be moved from lower bureau drawers to shelves that are out of reach," he said.

Musick also urged homeowners to protect youngsters from falls, knives, guns, matches, and sharp instruments.

By BOYCE HOUSE

One of the "landmarks" of Fort Worth when I moved there in 1931 was a thin, gray-mustached man, who could remember seeing the race between the Robert E. Lee and the Natchez. (I came into the Star-Telegram office and pounded out a feature story but the city editor informed me that the man had been written up seven times already!)

Then there was an elderly former State Senator who, in his youth, had lived in Breckenridge at the time that Sam Bass and his gang, on the dodge, were reported to be hiding out in Stephens County. The youth joined a posse which set out to capture the outlaws. (They did not succeed.)

Another Fort Worth citizen was partly and middle-aged. He had served as commissioner of Indian affairs and had been a member of the Texas delegation to the 1912 Democratic national convention in Baltimore. The delegation became known as "the Immortal Forty" because of its unflinching support of Woodrow Wilson, who, at one time, seemed destined to lose to Champ Clark but emerged as the nominee.

There was a frail man who was a veteran of the Spanish-American War. He related (and I wrote the story for the paper) that he climbed to the mast of a warship and, from this perch, he could see a Spanish battle vessel which was over the rim of the horizon to those below him. As the gunners fired, he would signal that the miss was to the right or left, or that it was short, and so the sights were adjusted until hits were made and the vessel was knocked out.

He was probably the first man in history to guide the firing of cannon at an unseen target. At the time of the interview, he was operating a little stand, in the lobby of an office building, where he sharpened old razor-blades.

Then there was a man in the 1930's who attended sessions of the City Council and almost always he spoke, and with great vehemence. No one understood what he was talking about, probably not even himself, but at least his views—unlike those perhaps of some of the council members sometimes—never did any harm.

A familiar sight was a big man with a cascade of whiskers. He was Commodore Hatfield, who later navigated the Trinity—in fact, he guided his boat all the way to the Mississippi and on to Chicago and back to Fort Worth, a feat

I Give You Texas . . .

which made him Admiral of the Trinity. This voyage was made to publicize the proposed canalization of the Trinity—which, by the way, still has not been done.

A man who had held a responsible government position for many years wrote poems in his spare time and, after he retired, he spent hours each day in the Public Library, writing. Sometimes, in five minutes, he would write a poem about one of the others in the reading room. He composed more than 12,000 poems, of which perhaps 12 were published.

Yes, Fort Worth has changed greatly since that April day of 1931 that I arrived. The "landmarks" have all disappeared.

How's that? Did you say that I am a landmark?

Texas 4-H'er top tractor operator

COLLEGE STATION — Freddie Streit, a Wilbarger County 4-H boy who knows his farm tractors, came home last week from Michigan State University with the champion's trophy as the top winner in the 4th annual Central U. S. Tractor Operators' Contest.

Freddie is the son of Mr. and Mrs. Otto Streit, Route 3, Vernon. He won the right to represent Texas in the regional contest in June when he was named State winner during the Texas 4-H Roundup held at Texas A&M College. At Michigan State University, he competed against 15 other state winners and climaxed a year of learning in the National 4-H tractor program.

The tractor program in Texas is supervised by the Cooperative Extension Service in cooperation with the National 4-H Service Committee, Chicago, and the Humble Company.

The 1961 Central U. S. 4-H Tractor Operators' Contest will be held in Dallas.

'The Rat Race,' starring Tony and Debbie, to show at Tower Theatre

It would be difficult to explain to a foreigner learning English the meaning of the Americanism "rat race," but if he were to see the Perlberg-Seaton production, "The Rat Race," which shows Sunday, Monday and Tuesday at the Tower Theatre, he'd understand it thoroughly. Moreover, he'd enjoy the picture thoroughly, too.

Tony Curtis and Debbie Reynolds, Hollywood's most attractive young romantics, bring to vivid life the jazz musician and the dime-a-dance hall girl created by Garson Kanin for his hit Broadway stage play.

The Paramount Technicolor film version of the show is solid entertainment. The story it tells of young career seekers who buck the Big City rat race gives Debbie the opportunity to make the transition from comedienne to dramatic actress, and she comes through with flying colors.

Brilliantly co-starred are Jack Oakie, Kay Medford and Don Rickles.

Rotarians hear oil depletion plan explained

The Post Rotary Club learned Tuesday noon from David Newby that because "It Never Rains Oil" oil fields, unlike water wells, sooner or later run dry and must be replaced by discovering new fields.

Newby, representative of the Oil Information Committee of the Texas Mid-Continent Oil & Gas Association, used an animated cartoon movie, "It Never Rains Oil", to show his audience some of the facts behind percentage depletion. The film showed that the percentage depletion provision in the federal income tax laws was designed to encourage oil men to search for new oil fields in the face of discouraging odds.

With the odds against a wildcat well finding any oil 9 to 1, and the chance for hitting the major oil field jackpot about 1 in a thousand, oil operators or stockholders would ordinarily be afraid to risk their money drilling for oil to replace that which had been used.

Congress could not change these odds, but in 1926 enacted a provision called "percentage depletion" which allows oil producers to recover from successful wells some of the money which they may have lost on dry holes.

Percentage depletion, as explained by Newby, recognizes that a deposit of oil or gas, like coal, sulphur, gold, granite, or gravel cannot be replaced but eventually runs out or is depleted. A portion of the income produced as the deposits are depleted is exempt from income tax as a return of capital which can be used to search for new deposits.

"The benefits of percentage depletion are not limited to the oil producer," said Newby, but are shared by all Americans. Because of percentage depletion, the United States is in a favorable position as far as oil and gas reserves are concerned, the State of Texas benefits from the taxes generated by an active oil industry, and consumers of petroleum products are assured of ample supplies at reasonable prices."

FFA CHAPTER RECEIVES AWARDS

Farm electrification awards to the Post Future Farmers of America chapter and its advisor, D. H. Koeninger, were made here by Southwestern Public Service Co. In the top picture, Ted R. Hibbs, local manager, is presenting a \$150 check to Jerry Thuet of the FFA chapter for the group's performance as the outstanding farm electrification group in FFA Area 11. In the other picture, Hibbs is presenting Koeninger a clock-radio for his designation as outstanding farm electrification teacher.

By VERN SANFORD
Newest and by far the best method of life saving—in case of drownings, heart attacks, shock or suffocation—is mouth to mouth resuscitation.

We've just seen a short film on the subject—which everyone in the state should view. It tells how, in a graphic way, to apply this greatly improved method of artificial respiration.

We can't explain it as clearly as the film portrays, but we'd like to relay this message to you until the time comes when you too can view the picture.

First step is to free the victim's mouth of any obstructions—food, if the victim is choking, water if drowning—then lay the person on his back, sit beside him, tilt the head far back, lift the chin high, grasp the nose to close it tightly, then take a deep breath (bring enough air into your own lungs to serve two persons), open the victim's mouth wide and force all the air you can from your lungs into his.

Then rest a second or two, take another deep breath, open the victim's mouth wide and again force all the air you can into his lungs.

Keep his nose closed all the time you are breathing into his lungs.

REPEAT PROCEDURE
Repeat the resuscitation procedure until you see the first signs of life returning.

If air gets into the victim's stomach, press gently on his stomach to force the air out.

Here's hoping that this film will be shown before every sportsman's organization in Texas, in the youth camps, before every civic group, women's club, the boy scouts, girl scouts, schools, groups everywhere, including of course the Red Cross, Junior Red Cross, and the military.

Many a life, lost from drowning, suffocation and the like, could

have been saved had knowledge of this revival process been widely known.

There is one important fact about this method of revival—the only equipment needed to do the job is always with you, it's you.

The film, entitled "That They May Live", is available for any and all gatherings, free of charge, from the film library of the State Department of Health, 100 West 49th Street, Austin, Texas. The telephone number is GL-3-6631. If you want to make an LD call, ask for the division of health education.

NEED TO SEE FILM
Whether you're an outdoorsman, or an indoorsman for that matter, you need to view this film. You need to learn this method—for your own good and your family's good, if for no other reason.

While deaths by accidents outdoors—on our lakes and streams and our hunting grounds—are many, fatal accidents in the home occur even more frequently. So, whoever you are, wherever you are, there is a good possibility that you or those dear to you may find this lifesaving method useful. We urge you to re-read, again and again, the simple procedure outlined above, learn the steps by heart so that you can perform them quickly. Then, if at all possible, see the film!

It was our good fortune to witness the showing at the recent Austin meeting of the Sportsmen's Club of Texas. It received a tremendous ovation. Everyone agreed that it should be circulated throughout the length and breadth of Texas.

Regardless of your station in life, it is important that you have knowledge of the methods of performing artificial respiration. In fact, your own life may some day be in the hands of someone you taught how to do an efficient job of artificial respiration.

We repeat, at your first opportunity, see the film "That They May Live."

APPEALS COURT RULES
The appeals court decision in Amarillo on June 29 ruled that a 1935 constitutional amendment allows a justice precinct, city or county in any town to vote wet.

Dry forces had been upheld by the district court in Castro County in their contention that the amendment applied only in counties which had voted dry since the amendment was adopted.

The liquor election suit is entitled C. W. Hinson et al vs. J. E. Parker, County Judges, et al.

Other cases on the docket for the term of court opening Monday are as follows:

Iven Clazy vs. Linda Lushy, Roy Alton Jones, and N. A. Lushy, suit for damages.

SUIT FOR DAMAGES
Charlie Bird vs. Walter D. Adams et al, suit for damages.

Jeff D. Justice III et al vs. Humble Oil & Refining Co. and Mrs. Corine Foster, suit to cancel oil and gas lease.

The Youngstown Sheet and Tube Co. vs. J. Roy McCoy et al, suit on debt and foreclosure of lien.

George Sartain vs. Claude Sartain, et al, suit for specific performance.

Weldon W. Powell vs. Oliver G. Morgan, doing business as Multiple Well Service, suit on debt.

The list of grand jurors called is as follows:

Robert Cato, Jim Boren, Wallace Simpson, Fernie Reed, Warren Stockton, Mrs. Curtis Davies, Cecil Cummings, Mrs. N. W. Stone, Mrs. J. T. Sims, Ted Hibbs, Dee Caffey, Lowell Short, James Mason, Rudy Valdez, D. C. Hill Jr., Mrs. C. H. Harteil.

Marvin Hudman named Rotary club director
Marvin Hudman was elected a director of the Post Rotary Club by Rotary directors Tuesday afternoon to fill the vacancy which will be created by the departure from Post of Ronnie Parker, club president, who will go to Denmark for evangelistic work. The directors will meet next week to elect a president to complete the remainder of Parker's term which ends next June 30.

news, on behalf of five residents of Precinct 3, declared in the first place that the commissioners' court had no legal authority to call and hold such an election and that it thereby should be declared null and void.

In the second place, the suit alleges illegal and fraudulent conduct of the election by which the outcome of the election was "materially affected."

In an answer to the suit filed May 31, County Attorney Carleton P. Webb and Pat N. Walker, a special counsel employed by the interested parties, contended that the drys are "in no position to plead the consequences of their wrongs, if any," as the election was conducted "under the control and guidance of the dry faction with ample facilities of the law to prevent any violation."

ILLEGAL DOVE SHOOTING RESULTS IN TWO FINES
Two of three out-of-town hunters charged with unlawfully shooting doves from an automobile, have pleaded guilty in county court and fined \$25 and costs.

Those fined were Stanley Howie and Faye C. Bomer, both of Lubbock.

Charges against James Lee Davis, charged along with Howie, were dismissed.

A plea of guilty by Harold Long to liquor law violation brought a fine of \$250 and costs.

Henry Hudlin of Tahoka pleaded guilty to liquor law violation and was fined \$100 and costs. The bond of Louis S. Harris, who was arrested along with Hudlin, was ordered forfeited.

Also ordered forfeited by the county judge was the bond of Gerald Gonzales, charged with liquor law violation.

Joe E. Herrera was fined \$150 and costs on a plea of guilty to liquor law violation.

The two cases continued were those of H. Bruce Bryan and G. V. Fulton, both of Lubbock, who are charged with hunting quail from a pick-up truck. Their cases date back to last year's hunting season.

Jake Heiskell's mother buried

Mr. and Mrs. William A. (Jake) Heiskell of Post have returned from Okemah, Okla., where they attended funeral services Saturday for his mother, Mrs. Henry Bell Heiskell, who died last Thursday in an Oklahoma City hospital.

Mrs. Heiskell, who was 82, had lived in Seminole County in the Excelsior community since 1914. Her husband, L. D. Heiskell, preceded her in death May 11, 1959.

Besides the son of Post, Mrs. Heiskell is survived by three other sons, two daughters, one brother, one sister, 12 grandchildren and 12 great-grandchildren.

Pleads guilty on assault charge

Gene Newsom, charged with simple assault, paid a \$50 fine and costs—totaling \$69.95—in justice of the peace court Monday after entering a plea of guilty.

Officers said Newsom was engaged in a fight at a restaurant in the "strip" here. He was accused of hitting another man with a gun, and was himself "worked over" with a tire jack, officers said.

Others booked in Justice of the Peace D. C. Roberts' court, date and amount of fine, where paid, were as follows:

John Garcia, drunk, Sept. 17; \$20.65.

Apolonio Hernandez, drunk, Sept. 17; \$20.65.

Frank Perez, drunk, Sept. 17; \$20.65.

Matos P. Castillo, drunk, Sept. 17; \$20.65.

This fish story is about Carl Jones of Post, but the information didn't come from Carl but from the Redwood Lodge at Zapata, Texas, where Carl, Turner Rogers and E. L. Short, both of Taboka, stayed while fishing on Lake Falcon. The trio are reported by the lodge to have caught 69 black bass around the banks on shallow water. The largest weighed up to six pounds. The fish were caught on artificial lures.

Mr. and Mrs. N. C. Outlaw are home from Dallas where they attended the state Democratic convention Tuesday and where Outlaw, Garza County Demo chairman, was honored by being elected one of the convention's 20 temporary and permanent vice-chairmen. Outlaw, who attended the convention as Garza's delegate, was nominated to the convention post as one of the two selected in the 24th Senatorial District caucus on Monday and then was elected during the convention proceedings Tuesday. Mrs. Outlaw attended the convention as proxy alternate delegate in the place of Bobby Cowdrey. State Representative Max Carriger of Roby was the other named by the convention from the 24th district as a vice-chairman.

Building permits rise to \$759,805

City building permits here mounted to \$759,805 through Sept. 20 with the issuance of four permits during the last few days.

Tom Clark was issued a permit last week for location of an ice making and vending machine just south of the Dairy Hart on North Broadway. The cost was \$8,900.

A permit was issued A. V. Nelson for a one-room addition to his residence at 412 North Avenue 1, with the cost estimated at \$900.

O. G. Hamilton received a permit for moving a small house to a location east of the Dairy Hart, with the cost estimated at \$500.

A permit was issued Jack Russell for construction of a carport, costing \$150.

SEE TEXAS FIRST

We all knew Texas was big, but we didn't know it was so big until the discovery of the Texas skull in 1954.

Scientists estimated this skull, found in a prehistoric hole, to be over 12,000 years old. This may be the oldest skull discovered on earth. If so, it is that human beings lived in the Ice Age with the huge mammoth.

It's an art lover's paradise. You really don't have to be an art lover to enjoy the Indian Indian Shelter Cliff.

This pictorial cliff is located about 25 miles north of Fredericksburg—near Doss, Texas—and to the scenic old Lager's Mill.

Take your camera with you. You'll want to remember this.

HIGH SCHOOL 'NEWS HOUNDS'

These three girls head the Post High School news staff for the 1960-61 school year. Jane Maxey (center) is editor and Kay Gordon (left) and Anne Morris are associate editors. Mrs. G. E. Fleming's Typing II class forms the general staff for this year's school page.—(Staff Photo.)

Have You Heard??

Jane Maxey and Lewis Mason are going steady again. It sure is a surprise.

Everyone was very thrilled over the large group of girls that turned out for the pep squad Friday night! We hope they all continue to come.

Everyone had a good time at Teen Town Friday night. We were invaded by Slaton!

Who is Mr. Clark's worst class to gossip? Ask the first period World History class.

Who tried to get a pen off the floor without getting up and landed in the floor? Wanda Williams could be the girl.

Sammie, we hear you are always getting the wrong chapters in history. That could mean a lot of extra work.

Who was on the floor looking for bugs, 5th period? Sharon, what kind did you find?

In an FFA meeting this past week, Mr. Koeninger was presented an award for outstanding leadership. Jerry Stone was presented the Southwestern Public Service Award.

Who didn't go to Graham this weekend, but received a long distance phone call? Virginia ALWAYS gets her phone calls at the bowling alley!

Janene and Denise started a new fad Monday by really dressing up. What does everyone think of making it a once-a-week affair? Turn your opinions in to the third period paper staff!

The combined score of Denise, Billie, and Gayle was 104. These girls are really sharp in bowling!

Charlotte Bland and Darrell York are now engaged. Congratulations you two.

Harold Wayne Mason was admitted to the hospital Saturday for an appendectomy. At last report he was progressing nicely. We all hope to see him back real soon!

A fool and his money are soon parted, but the fool and his car speeded on and on—Bobby Beard!

Several of the Post boys attended the Texas Tech game Saturday night. From what we've heard it was a very interesting game.

Sunday evening Kay Gordon, Bonnie Duncan, Sandra Stewart, Judy Clary, and Linda Taylor went to Slaton to live around. Sure are some nice boys' cars to ride around in aren't there?

Everyone be sure and come out and support the football boys Friday night!

What's the good word—BEAT BALLINGER!

What's this about the "High Schoolers" letting Mr. Mallard's frogs out in the lab? Shame on you!

Mr. Whittenberg seems to have taken a great liking to German Shepherds, or vice-versa. The first day of school a great huge German Shepherd took up residence in his office and after trying to nicely persuade it to go elsewhere, he made an announcement over the PA system. The dog was finally removed.

We want to say that we love our football boys even if they don't win all of the football games.

Ann Greer was out of school Monday. We are all sorry that she couldn't have been there, but she broke her little toe! (Big Deal)

We want to congratulate Vivian McWhirt and Shirley Isaacs for getting themselves elected 8th grade cheerleaders. The runners-up were Pam Stewart and Becky Thompson. They're doing a real good job.

The 8-B class elected officers in their Language Arts Class. Dee Ann Walker was elected president. Butch Cross is vice-president and the secretary - treasurer is Dicky Vardiman. We want to congratulate them on their new roles in our school.

Mrs. Gamblin's Language Arts classes have joined the Teen-Age Book Club. The club sends out a list of paperback books and the students order the books which they would like to have. These books are selected for our age group and I think that anyone reading them will get a lot out of them.

Mr. Mallard has been showing his science classes films on the function of the heart and the circulatory system. Some of them are kind of interesting but then, there are the others that aren't so interesting.

In our sixth grade geography classes, the students are studying about the ancient peoples of Rome and Greece.

We want to praise Linda Hays for getting 6th grade cheerleader and Beverly Duncan and Ceretha Jones for snaring it in the 7th. The runners-up in the 6th grade were Mary Eubank, Marcia Newby, and Sherry Gist. In the 7th, they were Pam Owen and Carol Camp.

The 6th grade Language Arts classes are studying the four kinds of sentences. The math classes are going over addition.

Mrs. Williams has gotten lots of compliments on her clothes this year and we believe that the students aren't "just whistlin' Dixie."

Typing classes have 23 new typewriters

By Billie Lou Hill
The typing classes are very proud owners of 23 new Royal typewriters. We have three new electric IBM typewriters and one Royal electric typewriter.

The Commercial Department will have charge of the second assembly program on Oct. 17. We chose Anne Morris, Bonnie Duncan and Kay Gordon to read over some skits and plays for the program.

CIVICS CLASS NEWS
Mr. Alexander, the boy's football coach, is teaching one class in Civics. In the class, there are 18 students. They have been studying American Heritage and elections.

PICTURE TAKING ALREADY UNDER WAY

Ginny Young named editor of this year's 'Caprock' staff

Ginny Young has been named editor of this school year's "Caprock," the Post High School annual.

Other annual staff members include Melinda Newby, assistant editor; Donnie Hays, business manager, and Roger Camp, assistant business manager.

Picture taking for the annual is already under way. Tuesday, the 13th, the freshman, sophomore and junior school pictures were taken along with the high school paper staff. Taking of pictures of senior

girls began Monday and senior boys' pictures are to be taken the following week.

The staff is planning a really great annual. Start saving your pennies now for your copy of the 1961 edition of the "Caprock".

Run-off set for club president

The junior and senior English classes are forming an English club, sponsored by Mrs. Ryder, English III and IV teacher.

The officers elected are vice-president, Judy Clary; secretary-treasurers, Danella Bateman and Denise Eubank. There will be a run-off between Richard Ray and Lee Williams for president.

We're happy to see Mrs. Smith back with us. Mrs. Alexander did a fine job with English I classes while Mrs. Smith was away.

If the English II classes wonder why Mrs. King always drags around on Tuesday morning, it's because Monday is her bowling night.

Speech students present program

Thursday morning the Speech Department presented a program for the first general assembly held at Post High School. The program was entitled "Autumn of 1960".

This program was a depiction of various scenes that will be seen around PHS this fall. The different skits were: School Days Scene, Football Scene, Cotton - Pulling Scene, Political Scene, Shine on Harvest Moon Scene, Study Scene, Football Queen Scene, and a Church Scene.

Some 90 students took part in this program to make it a very successful one indeed.

Once a month such an assembly will be held with the different departments in charge of the programs for these assemblies. The Commercial Department is to present the next program.

Geometry class having troubles

By Martha Goode and Gloria Peoples

The solid geometry class is having a difficult time with theorems and corollaries. Mr. Tittle sympathizes with the class because he knows how difficult they are. Nevertheless the class feels they will eventually learn them.

The first period Algebra I class, composed of five freshmen, five sophomores, and four seniors, seems to be having a difficult task of passing weekly test with the exception of a few of the smarter students. Of course they know it is not their teacher's fault. They feel that their trouble lies in the learning of the right formulas.

LUBBOCK VISITORS
Mr. and Mrs. Don Beard of Lubbock visited in Post over the weekend with friends and relatives.

68 girls are in pep squad

By Anne Morris
A meeting was held Thursday afternoon Sept. 15, for all girls interested in organizing a pep squad.

Sixty-eight girls came to the meeting and agreed to the rules of an organized pep squad.

To finish up this year's season the girls are going to wear white blouses and black skirts.

If the pep squad works out well this year, and we hope it does, it will get uniforms next year.

Everyone seemed very interested so we hope this attitude will be taken for the pep squad of good at the games.

For the out-of-town games, a pep squad will be taken for the pep squad and the cheerleaders. Everyone will ride the bus to the games. The pep squad will be required to ride home unless their parents wish to the sponsor personally to get them.

We hope everyone will abide by these rules so that we can have our pep squad.

At the games the girls will get together and yell until the half time, then after the half they will come back and yell until the end of the game.

Of course, the main purpose of a pep squad is to back the team all the way. We hope that in every way we will be partly responsible for our team's victories.

79 students at Lincoln School

By Leonard Hardaway
School is getting off to a booming start with 79 enrolled.

We're happy to have Mr. Reese back after a brief stay in the hospital in Dallas.

We boys are very eager to get started with our athletic activities, but Mr. Reese is still quite busy with school work.

Mrs. Steptoe and husband are living in Slaton now. It's a bit dull around here without seeing them each evening after school.

Borden Junior High 8th graders elect

By Mary Ann Dennis
The 8th grade class of Borden Junior High School at Gal met in Room 6 for their first class meeting, with Mr. Baker, class sponsor, presiding until a class president was elected.

Class officers elected were: Janie Johnson, president; Bill Sneed, vice president; Sherry Barr, secretary; Judy Kelly, treasurer; Mary Ann Dennis, reporter, and Mar-chita Milliken, parliamentarian.

Lunchroom menus

Menus at the Post schools lunch room for the week Sept. 18 through Sept. 20 are as follows:

Monday: Beef and vegetable stew, cabbage health salad, corn sticks, corn bread muffins, butter, fruit jelly, one-half pint milk.

Tuesday: Beans with salt and mixed greens and turnips, chili tomatoes, onion rings, corn bread muffins, butter, fruit jelly, one-half pint milk.

Wednesday: Fried chicken, navy, blackeye peas, tossed salad, biscuits, butter, fruit salad, one-half pint milk.

Thursday: Macaroni and cheese, buttered green beans, stuffed o-lery sticks, peanut butter and cracker sandwich, bread, ice cream squares, one-half pint milk.

Friday: Corn dogs, hot pot salad, tossed green salad, crackers, ice cream cup, cookie, one-half pint milk.

Lubbock Fair sets free student day

By Elaine Mitchell

Monday, Sept. 19, is free student day at the fair in Lubbock. The students wishing to go may pick up tickets in the office. School will be dismissed at 2:30 so the students may attend the fair.

Thursday, Sept. 15, there was a meeting in the library of the girls who were interested in a pep squad. There were 87 girls at the meeting. The ones who were unable to attend the meeting are leaving their names with Mrs. Hill.

The pep squad will wear dark skirts and white blouses. The girls will go to the ball games in buses and return on them unless their parents see the sponsor.

Help available for rat control

COLLEGE STATION—Rats are one of the most destructive and dangerous pests to have around a farm or ranch. They contaminate stored grain and exposed food and feed, they kill poultry and young livestock, and they start fires. Diseases such as leptospirosis, contagious abortion, trichinosis, distemper, atrophic rhinitis, plague, typhus, salmonella, food poisoning and rat-bite fever are carried from place to place by these pests.

The rat population on your place can be controlled, however, if you will put forth a little time and effort. An extension sanitation program, coupled with the use of anticoagulant baits, will effectively control the rat population. Once the rats have been eliminated, a small number of baits and continued sanitation will help prevent reinfestation.

As long as there are rats in the area, however, your farm or ranch is in constant danger of becoming

Attend nephew's funeral Monday

Mr. and Mrs. Law Baker in San Angelo Monday for funeral services for their nephew, Teddy E. Russell, who died Sunday night in a hospital in Angelo. Russell, 37, had been in health for eight years.

He is survived by his wife, Mary Elizabeth, three children, Karen, Melody and Robin, at home, his parents, Mr. and Mrs. W. C. Russell of Hamilton, and a sister, Mrs. Baker.

Services were held Monday p. m. in the San Angelo Baptist Church.

The local county can help by contacting rat control specialists of the U. S. and Wildlife Service. These specialists, working with the agent and you, will help institute a control program. Such programs are far more effective than individual, one-farm operations.

Sept. 18-24, 1960 PETITION

To the Hon. James Scott, U. S. Mail Agent for the State of Texas:

The petition of the undersigned residents of Austin County, respectfully represent: That they labor under great inconveniences for want of sufficient Mail facilities in their county. And especially for want of a direct Mail from Bellville to Catsprings, Industry, New Ulm and Shelby. They are informed and believe that the Mail from Houston, via San Felipe to La Grange arrives at Catsprings Post Office on the evenings of Mondays, Wednesdays and Fridays and return to San Felipe the same evenings. That the Mail leaves Catsprings for Industry, New Ulm, etc. on the mornings of Tuesdays, Thursdays and Saturdays. That the Bellville Mail (on the route from Brenham to Richmond) arrives at San Felipe on the night of Mondays, Wednesdays and Fridays, and that the Mail matter for Industry, etc., must lie over at San Felipe until the next Mail, two days afterwards. Your petitioners propose that the Brenham and Richmond route be so changed as to have the Mail go from Bellville direct to Catsprings Post Office, (and thence to Hartsville and Richmond) in order that the Mail matter from Bellville to Industry may go by Catsprings without the necessity of going to San Felipe. That, if your petitioners are correctly informed, none will suffer inconveniences from the proposed change. The route from Brenham to Richmond will be shortened, and the whole communities of Bellville, Catsprings, Industry, New Ulm, and Shelby's benefited, and receive their mail matter from Bellville three or four days sooner than they now do. Petitioners represent that there are large lists of subscribers at the several places named, of a Newspaper published at Bellville, Austin County, and that by the circuitous route by which they now receive the e-

paper, and the delay of the Mail, that the people of Industry, etc., receive their Mail matter from New Orleans of the same date as their Bellville paper. Petitioners pray that the proposed change may be made, that Mail Contractors and Mail Riders be stirred up to the performance of their duties, against whom there are now great complaints by the people. That your Honor will represent to the proper department at Washington City our grievances, if need be; and also the importance of establishing a new route from Hempstead to Columbus, to pass through Bellville, Industry, etc. And as in duty bound, &c.

AFFAIRS IN WALKER'S ARMY TRUXILLO, HONDURAS

Dear Brother: I am still in the land of the living, and have strong hopes of remaining there for some time to come. Our hopes rise with the sun, but take very good care to set with the same. I am here in the fort of Truxillo, in command of the advance guard. Col. Henry having been shot in the mouth, shortly after I had dispatched my letter of the 7th inst. to you. The bullet entered his mouth and passed out at the back of his neck. He is now, however, in a fair way of recovering.

We have hoisted the banner of ex-President Cabanas, who is now marching to attack the enemy in the rear. The natives still continue to leave the city, which is now almost deserted, and will be entirely so except by ourselves, in a few days.

What our ultimate chances of success may be it is impossible to determine, but on one thing we are determined, to do the best we can for the present, and let the future take care of itself.

We are confident of success, and if energy, perseverance and courage are criterions we will deserve it.

Yours &c, JAMES MARTIN

Bible Thoughts

"WHY SO MANY"

By RONNIE PARKER

It is inconceivable that men should be so divided in the religious world when Christ died to reconcile our world "in one body by the cross." (Ephesians 2:16.) Several reasons can be given to explain so many different churches today.

- 1—Men have introduced human innovations. Present-day church bodies exist because men have placed human wisdom on a par with divine revelation. Both Catholicism and Protestantism have developed practices unknown to the New Testament.
- 2—Men have stopped short in their search for truth. We honor the courage of reformers such as Luther and Wesley and Zwingli for they led followers into new understandings of God's will for us. We must not stop short, however, of Christ in our search for truth. He is "the truth." (Jn. 14:6.)
- 3—Men have made creeds out of their opinions. Men have formed opinions and let them become creeds though they do not contain "all truth." Most creeds contain truths but the Bible is able to furnish the man of God completely. If a creed teaches the same thing the Bible teaches then we have no need of it because we have the Bible. If a creed teaches something the Bible does not teach, then it is wrong and we cannot believe it. If we will seek the authority of Christ, and submit to his will, we can restore His church.

To Upgrade Your Cotton and Boost Ginning Capacity, Mr. Farmer

We Have Made 2 More New Gin Improvements

First, we have installed a new 14-foot burr machine in addition to our 10-foot burr machine. This will spread the cotton out and give it better cleaning. Second, we have also installed a High Speed Press Pump which will speed up operations and increase our ginning capacity.

Two MOSS Lint Cleaners

When we gin your cotton, it goes through two sets of cleaners instead of one. Cleaner cotton will make you money. Adding the second cleaner was one of last season's improvements.

AUTOMATIC COTTON SAMPLER, TOO

Last season we installed an Automatic Cotton Sampler. This removes a fair sample from your bale during ginning and gives you the truest possible picture of your cotton.

We invite you to gin with us this fall season, and urge you to patronize your co-op gin, where you get your cotton ginned at cost. WE APPRECIATE YOUR BUSINESS.

Evangelism series to begin Sunday

The First Baptist Church of Post is to begin a series of evangelism services Sunday. The services will last for one week through Oct. 2.

The Rev. W. Joel Ferguson will do the preaching, and Lex Roby, new minister of music-education will direct the music.

The Rev. Mr. Ferguson, Southern Baptist missionary, does evangelistic and educational work in northern Nigeria. Before returning to the States for furlough he was acting principal of the Hausa Baptist Pastors' school, near Kaduna. Mr. Ferguson says: "This is still a new school, with new problems to be met every day and new building going up all the time. The missionary bears the burden of directing laborers and buying materials."

Mr. Ferguson has also been missionary adviser to three Baptist Associations. "I took the family with me to visit one association," he says. "We were gone over two weeks and covered 1,900 miles; yet we did not get to all the churches in the association." Before going to Kaduna, Mr. Ferguson was an evangelistic worker in Keffi and principal of Baptist Boys' High School in Oyo. He pastored several churches in Texas before going to the mission field in 1948.

A native of Fort Worth, Mr. Ferguson received the bachelor of arts degree from Howard Payne College, Brownwood, and the bachelor of divinity degree from Southwestern Baptist Theological Seminary, Fort Worth.

He is married to the former Elizabeth Hale, of Waco. They have four children: Elizabeth Ann, Joelyn Kay, William Grant and David Matthews.

Mr. Roby recently moved to Post from Oxnard, Calif. He served the church there as minister of music and education, and has wide experience as a leader in religious music.

The time for week-day services are 7 a. m. and 7:30 p. m.

Record-setting budget approved by Baptists

DALLAS — Texas Baptists' executive board approved a record breaking \$13,688,000 budget for the denomination's 1961 Cooperative Program of World Missions here Sept. 13.

The figure, which tops the 1960 budget by nearly \$1 million, includes \$2,796,290 for Christian education, most of which will go to Texas Baptist's eight colleges and universities; \$720,000 for Christian healing; and \$897,518 for the denomination's four children's homes.

The budget will go to the annual Texas Baptist Convention meeting in Lubbock in November for final consideration.

Tahoka men ship first tomatoes

TAHOKA — Lewis Allsup and Winston Wharton have produced some 60,000 pounds of tomatoes on three acres of Wharton's farm north of here.

The pair's first shipment of tomatoes to market was 14,000 pounds shipped to a Plainview cannery. Fifty-five workers were used to gather the 14,000 pounds.

Allsup and Wharton are also raising onions, okra, squash, bell peppers, cantaloupes, cucumbers and corn.

They said their purpose in entering the vegetable growing business is to find crops to replace unprofitable maize and a dwindling cotton crop.

Deer hunters need permits to hunt does

"Hunters must have special permits to kill doe or antlerless deer," warns the assistant director of law enforcement, Texas Game and Fish Commission. "There seems to be some confusion on this subject," he says. "However, it's very simple. If you don't have a special permit issued by the Commission, you can't legally shoot or take doe or antlerless deer in any county of the State."

The general law states that it is unlawful to kill doe, fawn or spiketail buck anywhere in the State. However, in regulatory authority areas, in order to maintain a healthy balance of the deer population in those areas, biologists recommend that surplus doe and antlerless deer be removed by hunters.

In such instances, landowners or operators are issued a quota of permits based on deer census reports and observations by the biologists and wardens of the Commission. Hunters then must contact the landowners and obtain their permits to hunt doe or antlerless deer.

Permits also will be required of all hunters who wish to take pronghorn antelope this season. When a hunter purchases his privilege to hunt on a piece of land, the landowner will give him a permit to hunt and take either a doe or buck depending again on the condition of the herd and biologists' recommendations.

"The best thing to do if you are in doubt about game laws, seasons, or bag limits," said the assistant director, "is to check with your local game warden before going hunting."

'House of Usher,' Poe thriller, scheduled for Friday and Saturday

"A motion picture you will never forget" is the best description for "House of Usher," Edgar Allan Poe's classic tale of the ungodly, showing Friday and Saturday at the Tower Theatre.

"House of Usher" stars Vincent Price as Roderick, last male in the Usher line, Mark Damon, Myrna Fahey and Harry Ellerbe co-star. It is in CinemaScope color and was produced and directed by Roger Corman.

The story is one of the most haunting and eerie that Poe, the brilliant writer of weird tales, ever authored.

LAW REQUIRES STOP FOR SCHOOL BUSES

Thousands of school children are now trooping back to school throughout Texas. Many of them will be transported by school buses. Most people are careful when approaching a school bus which may be standing beside the road or school to pick up school children or allow them to alight. However, we have already had some very bad accidents this year because a child or a motorist, or both, were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children.

Why many persons do not realize is that the very same rules applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fines up to \$200 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not always apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also, any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

However, our traffic laws state

that even when passing on the right is allowed, it shall be done only under conditions permitting such movement in safety. And, in no event should such passing be accomplished by driving off the pavement or main-traveled portion of the roadway.

Familiar to all are the no passing zones designated by dash lines placed to one side of the center stripe on our highways. Not so well known are the restrictions against crossing the center line when approaching within 100 feet of or when traversing any intersection or railroad grade crossing.

A driver should never cross the center line of a highway when the left side of the road is not clearly visible and free of oncoming traffic. Generally speaking, when not engaged in passing another vehicle, one should not drive to the left of the roadway.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

'House of Usher,' Poe thriller, scheduled for Friday and Saturday

"A motion picture you will never forget" is the best description for "House of Usher," Edgar Allan Poe's classic tale of the ungodly, showing Friday and Saturday at the Tower Theatre.

"House of Usher" stars Vincent Price as Roderick, last male in the Usher line, Mark Damon, Myrna Fahey and Harry Ellerbe co-star. It is in CinemaScope color and was produced and directed by Roger Corman.

The story is one of the most haunting and eerie that Poe, the brilliant writer of weird tales, ever authored.

Your Dispatch Advertising Projects Your Store Image to 7,350 Dispatch Readers In Your Trade Area

Mr. Merchant, does your Dispatch advertising reflect your store image and your store policies? Does it promptly report arrivals of new merchandise many of your customers have been waiting for?

Does it appear regularly as an invitation to Garza county folks to come in and shop? Is it well planned and thus give the readers a good impression of your store and a good idea of the merchandise on your shelves? Does it reflect your low prices and prompt service? In other words, does it adequately keep the public informed about your store?

If it doesn't you are missing the best opportunity you have — and the most economical—of reaching 92 per cent of the families of the Post trade area. Our advertising department will be happy to help you plan your advertising to best reflect your store image and attract customers. Remember — advertising doesn't cost, it pays.

On Garza County roads Three rural accidents marked up in August The Highway Patrol investigated three rural accidents in Garza County during the month of August, according to Sgt. E. L. Stroud, patrol supervisor of this area.

These wrecks have accounted for no persons killed, two injured, and a property damage of \$1,310. This brings the total for the year in this county to two persons killed, 12 injured, and a property damage of \$13,805.

Prior to the first of this month there had been a total of 1,088 fatal accidents in Texas. These tragedies resulted in 1,342 persons losing their lives. The back to school bell has already sounded for Texas school children. They will be using our highways and streets to and from school.

Sergeant Stroud pointed out that at the present rate of traffic fatalities, half of the elementary school children in Texas will be involved in a motor vehicle accident before they reach the age of 21. Fifteen persons were killed and 240 injured in rural traffic accidents involving school buses in Texas during 1959.

State laws regulating traffic in regard to school buses read as follows: "The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus.
