Open house set for Sunday at new high school, gymnasium

Patrons of school district invited

Patrons of the Post Independent School District will have the opportunity Sunday afternoon of visiting the new Post High School building, constructed at a cost of \$335,274.90 and ready to open its doors Monday for the 1960-61 term.

ner that more classrooms can be added when it becomes necessary. The new gym has folding bleachers which will seat 1,020 people, and when folded will provide two practice courts.

There are 23 special teaching areas in the new high school building. They will be used for teaching typing, bookkeeping, shorthand, business training, science, speech, mathematics, English, home and family living, vocational agriculture, woodwork, mechanical drawing, social science, health, physical education and music.

The administrative offices in the new building are air-conditioned.

The new building was financed by a bond issue approved by the school was designed by Atcheson, Atkinson & Cartwright of Lubbock and built by Inland Construction Co. of San Angelo.

Sept. 1 to be first day of classwork

Post schools' 1960-61 term all set for Monday opening

The Post Public Schools will open for the 1960-61 term Monday with a three-day in-service training period for teachers and with classwork scheduled to begin Thursday, Sept. 1.

With Thursday and Friday as the first two days of the new term, as far as classes are concerned, students and teachers then will get a three-day holiday, observing Labor Day, Monday, Sept. 5, before returning to school Tuesday.

Pre-registration has been completed for high school students. In the lower grades, 1 through 8, pre-registration will be held Friday, Aug. 26, only for students who were not enrolled in the Post schools last year.

There will be no pre-registration for students of grades 1 through 8 who attended school here last year.

For Friday's pre-registration of new students, the primary, elementary and junior high buildings will be opened at 9 a. m. and remain open until 3 p. m.

New students who will be in grades 1, 2 and 3 will register in the primary building. Those in grades 4 and 5 will register in the elementary building, which was formerly the junior high building, and those in grades 6, 7 and 8 will register in the junior high building, which was formerly the

high school building. The faculty for the new term, as announced by James West, curriculum coordinator, is as follows: ADMINISTRATIVE R. T. Smith, superintendent; T. C. Clark, high school principal; Glenn Whittenberg, junior high principal; Herman F. Raphael, elementary principal; Noel Clemmons,

primary principal; James West, curriculum coordinator. HIGH SCHOOL Mrs. Lillie McRee, librarian; Mrs. Wilma Hill, homemaking; Mrs. Frances Camp, homemaking; D. H. Koeninger, vocational agriculture; Robert Meisch, band; Georgie M. Wilson, music; Mrs. (See NEW TERM, page 8)

467 VOTERS USE NEW VOTING BOOTHS

Mrs. J. A. Stallings are making use of Post's first voting booths as they cast their votes in Saturday's White River Municipal Water District water contract election at the newly remodeled City Hall. A total of 467 Post voters used the new booths in approving the water contract by a margin of more than 19 to 1. (See story below.)—(Staff Photo)

Water contracts carry; early start seen on dam project

The River dam project lead predicted today that actual construction on the long-sought development should be underway within six months, following Saturday's smashing 1,396 to 192 victory for the White River water contracts in the four municipalities.

The water contracts carried in Crosbyton and Spur by heavy margins.

Only in Ralls, which has never had a water shortage to contend with and which has an adequate supply for possibly another ten years, did the proposition encounter any major opposition. SPUR VOTE TOPS The big surprise was Spur, which turned out 44 more voters than Post for the biggest turnout of the day.

The Spur water contract passed by a big 445 to 67 vote, or about 7 1/2 to 1. Some observers had feared a much closer vote in Spur. For the fourth time, the White River contract swept to a top-heavy triumph here in Post.

A total of 467 voters went to the new voting booths in City Hall to cast a 443 to 24 vote approving the water contract. This was a margin of better than 19 to 1—easily the biggest margin in any of the four towns.

CROSBYTON VOTE Crosbyton also turned in another big vote in favor of its water contract, 287 for to only 18 opposed. The vote at Ralls was 221 in favor of the water contract to 163 votes in opposition.

Final voting tabulations were available in all four towns within 30 to 40 minutes after the polls had closed. Some 50 persons called The Dispatch for the results that evening and a dozen others dropped in to (See WHITE RIVER, page 8)

The various clubs and other organizations in Post may have booths at the carnival, if they wish, the fair directors said. Those planning booths are asked to contact L. W. Duncan at the First National Bank.

Ranchers of the Post area will be asked to donate beeves for the barbecue, Wilkerson said. In making the request, the Lions point out that any profit received from the barbecue will be used in the club's sight conservation project, through which eyeglasses are provided (See 1960 FAIR, page 8)

Children under six. Everything—the barbecue, carnival, etc.—will be operated this year by members of the Lions Club and other hometown people. Other events lined up for the fair include a Shetland pony ride, with six ponies, pie and cake auction, raffle, bingo, and numerous other midway attractions, according to R. G. (Wilke) Wilkerson, fair chairman, and Dr. John E. Carter, director and coordinator of the fair and carnival.

Sept. 1 is usually the newsmen's date for the opening of the "organization season" each year—but here in Post the big rush of activities is getting kicked off a week early.

First off is the big public open house for the new high school and gymnasium from 3 to 6 p. m. Sunday. Don't miss this one. You owe it to yourself to take a good look at the school district's fine new educational plant which promises a whole lot more educational facilities in step with science and the times.

Tomorrow night Post's new sport-bowling gets organized for what promises to be a real winter of enjoyable recreation. Both a men's and women's bowling association will be formed at a meeting at 8 p. m. at the Post Bowling Center. Don't miss this if you like bowling.

Billy Miller, bowling center manager, has a whole raft of leagues lined up for the season as you will note in his advertising announcement and story on the sports page (page 9). Mrs. Eddie Aien of route 3 and Mrs. Aloise Brewer are a couple of the gals already practicing for the new "housewives league" which Billy hopes to get "rolling" for possible morning play this fall.

Another organizational meeting comes Monday night at the Community Room when the Youth Summer Recreational program in 1961 will be the subject for discussion. The summer baseball program is being expanded probably to include an American Legion team for even older boys next year, but first the second park has to be completed. For all these details see a front page story on the subject. Our object here is to give all interested baseball boosters to turn out and help with the organization and planning. Condition of fall victim serious

Levi Noble, former owner of Levi's Restaurant, is in a serious condition this week in a Roswell, N. M., hospital after falling and breaking his hip Aug. 14.

Noble slipped and fell on a highly waxed floor at the home of his sister, whom he and Mrs. Noble were visiting.

He underwent surgery the day following the accident and two pins were put in the broken hip. He underwent another operation on the following Wednesday, at which time he was in surgery six hours. The following day he went into a state of shock and coma. His condition is reported somewhat improved and he was to have undergone additional surgery Monday or Tuesday of this week.

Post youth injured in go-kart mishap

Lonnie Peel, 20, son of Mr. and Mrs. L. H. Peel of the Close City community, was dismissed Sunday from Methodist Hospital in Lubbock after being injured in a go-kart accident Friday.

Peel, a 1958 graduate of Post High School, was injured when the go-kart he was driving at the Lubbock track crashed through a wall. He was on crutches after leaving the hospital.

Post man injured in boat accident

Bobby Pierce, co-owner of P&W Acid Co. here and a member of the Post school board, received a badly cut left arm last Thursday afternoon in a boating accident at Buffalo Lakes, near Lubbock.

A motorboat propeller whacked a big hole in Pierce's arm just above the elbow and also inflicted two gashes on the lower part of his arm.

Pierce had left the boat, being driven by Hal Jones, after water skiing to climb to the bank. The boat apparently was shifted by the wind and Pierce, who had gone under the water came up against the propeller.

Mrs. Pierce, who was waiting for her husband on the bank, secured a police escort for the drive to West Texas Hospital, but had to let the police take him on to the hospital after her automobile became involved in a wreck at Broadway and Texas.

"It just wasn't our day," Mrs. Pierce said. Pierce was kept over night in the hospital. He will have to wear a cast on the injured arm from four to six weeks. Mrs. Pierce said a leader and a muscle in her husband's arm was severed, but that doctors said he will not lose the use of the arm.

County criminal court 18 cases are set for August term

Eighteen cases, one a liquor law violation dating back to July 13, 1959, is on the docket for the August term of county criminal court opening at 10 a. m. Monday before County Judge J. E. Parker.

The case filed July 13, 1959, is against Hosie Wyn on a charge of unlawful possession of alcoholic beverages.

Other cases on the docket are as follows: James Robert Johnson, driving while intoxicated; Bessie James, illegal possession; Fannie Daugherty, illegal possession; Gaylon Mitchell, illegal possession; Eustacio Vargas, unlawful transportation; Kathy Flores, carrying a pistol; James Garcia, driving while intoxicated; H. Bruce Bryan, hunting quail from auto; G. V. Fulton, hunting quail from auto; Pedro Castillo, aggravated assault; Clarence Morgan, unlawful transportation; Curtis Sheddick, unlawful transportation; Edwardo Champion Jr., driving while intoxicated; R. M. Rickerson, defrauding by (See COUNTY COURT, page 8)

Liquor applicant wins appeal case

Vernon Milo, whose application for a beer retailer's off-premises license and package store permit was denied May 27, has been granted the permit.

The permit was granted after County Judge J. E. Parker and the Texas Liquor Control Board decided not to contest Milo's appeal case, which was scheduled for hearing Friday before District Judge Truett Smith.

Pat N. Walker was the plaintiff's attorney in the appeal case and County Attorney Carleton P. Webb represented the county judge and the liquor control board.

Negro charged with murder in Sunday evening shooting

Bennie James Porter, 20-year-old Negro, was charged with murder with malice here yesterday in the shooting death Sunday evening of Raymond Jefferson, about 40, of Brownfield.

Jefferson, also a Negro, was shot three times with a .22 pistol during an altercation at a dance hall in the colored section of town. The shooting occurred about 6:15 p. m. Pat N. Walker, employed as attorney for Porter, waived preliminary hearing for his client yesterday afternoon and he was being held in the county jail today.

Walker told The Dispatch late yesterday afternoon that he preferred to have his client remain in jail rather than to appear before a magistrate inexperienced in law. Justice of the Peace D. C. Roberts was out of town Wednesday and Walker indicated he would await his return before producing his client for preliminary arraignment.

Meanwhile, questioning by witnesses by city and county officers and District Attorney George Hansard of Lamesa brought out that Jefferson was shot to death following a fight in which at least five men were involved.

City Marshal Junior Shepherd said Sunday night, a few hours after Porter's arrest, that witnesses (See SHOOTING, page 8)

Solution is sought on school paving

The city council and the school district trustees held a special joint meeting Wednesday afternoon to work out a solution to the paving problem around the new high school.

The two groups decided to attempt to cache the four blocks around the new high school building for the new school term and then try to work out permanent paving for next year.

Aid from the county will be sought in rushing the road work prior to the opening of school next Thursday.

Lions making big 1960 Fair plans

The annual Garza County Fair opens early Saturday morning, Aug. 27, with a 4-H Club exhibit and continues into the night with carnival attractions, according to plans outlined Tuesday night at the regular weekly meeting of the Post Lions Club, sponsoring organization.

Highlight of this year's fair will be a barbecue at 5:30 p. m. Tuesday. Barbecue will be sold at 50¢ a plate, with no charge for children under six.

Everything—the barbecue, carnival, etc.—will be operated this year by members of the Lions Club and other hometown people. Other events lined up for the fair include a Shetland pony ride, with six ponies, pie and cake auction, raffle, bingo, and numerous other midway attractions, according to R. G. Mule teams turn back flight of time

Raymond Henzler of Route 1, Slaton, is shown at the right with his prized team of mules, which he used—along with another of his mule teams—here last week to level yards of new homes built by Forrest Lumber Co. It was an unusual sight here, with dozens of people stopping to watch the mules work.—(Staff Photo.)

MULES USED HERE FOR YARD WORK

The pace at which times are changing—the old giving way to the new—slowed down for a while last week when Raymond Henzler of Route 1, Slaton, brought in two teams of mules to level the yard at one of the new Forrest Lumber Co. homes at 615 West Fourth Street.

The mules, worked by Henzler and his employee, Dan Maldonado, attracted considerable attention. "I'll bet there have been two dozen people over here just this afternoon to watch the mules work," Henzler said Thursday.

Henzler, who does custom work with the mules, said he recently leveled 100 yards for one man at Slaton.

He also has a tractor and two horses which he uses in some of the work, but depends mainly on the mules.

"I like mules better for this type of work, since they don't pack the ground as much and are easier to move around," Henzler said. The Slaton man pointed out that while mules have been used as beasts of burden since early ages, there aren't many of them left in this country. He said mules are (See MULE TEAM, page 8)

Classrooms and education

Post's new \$338,000 high school building has been completed and will open next week for the 1960-61 school term as a testimonial to the fact that this community has done something about its over-crowded schools problem.

Many communities throughout this land of ours have not done so and will suffer the consequences in jam-packed classrooms, half-day schedules for many of the students, etc.

Crowded classrooms, which are harmful to the scholastic achievement of their students, will be no problem here during the coming term, at least.

But, regardless of the situation—whether classrooms are adequate for the pupil-load or overcrowded—there are many youngsters who become confused and drop out of school long before the real dividends are recognized. They do this for multiple reasons and conditions, but none are usually worth the loss in education.

The startling fact is that more than 40 per cent of our young people—clear across the nation—are not graduated from high school. They move into adult life without the opportunity and tools of learning which only good schooling can provide.

And the hard-to-realize fact is that many parents do little to discourage, much less end, this walk-out from school.

This is a period of world crisis when knowledge and understanding is the desperate need for existence. Keen minds are needed to reshape the world for peace. Industry, business, profes-

sions and government demand new knowledge, great skills, more self-reliance.

Yet, one of the best avenues to meeting these demands—the classroom—is being sidetracked by almost half of our young people. And the blame can't be shirked by parents and all adults.

At our present rate, probably not more than 60 per cent of our nation's youth are getting a high school diploma. Not more than 12 per cent a college degree.

You can look down the records and see reason after reason why school education is important. For instance, 10 per cent more high school graduates vote than those who drop out, and 21 per cent more college graduates vote than do the high school drop-outs.

A typical high school graduate, during his adult earning years, will earn \$50,000 more than the eighth grade graduate; \$30,000 more than the high school drop-out.

U. S. Census figures reveal that among men 25 and 64 years of age, those with college and high school education are least likely to be unemployed. Most likely on the unemployment rolls are non-high school graduates.

Education is power—the difference between success and failure, the breach between trouble and understanding. It can be obtained only when it is sought.

Every adult—the parent, the businessman, all the rest—should make it his business that every young person possible shall seek it.—CD.

Vote proves importance of water

The overwhelming triumph for the White River project at the polls Saturday in the four member cities of the water project is convincing proof that the people want a guaranteed water supply and are willing to pay the price for that growth essential.

The election victory was the final major step to qualifying for \$4,000,000 in federal and state loans to finance the project. Just how long it will take to iron out any final loan conditions remains to be seen. But it shouldn't be too long.

The engineering firm, which up to now has been working on "hope" only can get busy and finish up the plans and prepare them for bidding.

Construction should be getting under way by next spring if all goes well.

White River directors who postponed their regular monthly session from last Thursday night—before the election—until tonight probably will dig in and get busy on several project fronts

to get things moving.

The fact that the White River dam is going to create a wonderful new lake for fishing and water sports will virtually bring a "new industry"—the industry of water sports to the area.

White River directors haven't said too much to date about leases on fishing cabins and such, but that will be coming along one of these days.

When the White River project was discussed the directors have sought to keep it on a "water need basis"—not a lake recreational basis. For a very good reason too—because that has been the essential element. But a by-product is going to be a fine lake within a few minutes driving time of every home in the White River district.

We hazard a guess a couple of hundred boats will be sold in Post within the next three or four years. And probably our guess is only about 50 per cent right—because it is 50 per cent too conservative.—JC.

School brings traffic hazards

With the high school in a new location and new safety lights going up in the school zone, traffic hazards are being reduced for the coming school term, but it'll still pay to be careful.

Regardless of the safety precautions, some 1,300 students going to and from school five days a week is going to increase the traffic dangers.

Three times a day—in the morning, at noon and in the afternoon—these students are going to be outside the school buildings. They'll be getting off or loading into buses, walking to or from school, and many will be driving their automob-

bles.

It just stands to reason that with that many youngsters stirring around the traffic accident threat will be much greater than it is during the vacation months when the areas confined to and surrounding the school zones are relatively quiet.

This year, as in years past, The Dispatch urges both students and adults to take extra safety precautions in guarding against traffic accidents.—CD.

Don't miss this open house

An open house Sunday afternoon will officially unveil the new high school to school district patrons.

Construction of the new high school and gymnasium leaves only the remodeling of the old high school still on the school system development program, and the money for that work is in the bank awaiting a suitable time, probably next summer.

The new high school will give tremendous impetus to the development of an even better high school curriculum because for the first time it will make available adequate scientific facilities as well as a new and needed home making

area.

Citizens should take the opportunity Sunday to come out and inspect this fine new school before it goes into production next Thursday.

Education can rightfully be called Post's most important industry today. The new high school is going to be the "key plant" in that industrial program.

Come out Sunday afternoon and see what has been done with your bond dollars to build our educational industry.

We feel sure you will come away not only enlightened, but very pleased.—JC.

Lions hopeful of best-ever Fair

There's still time, but it's a-wasting, for city and county organizations to secure space for booths at this year's Garza County Fair, which is to be held Sept. 17.

The Post Lions Club is sponsoring the annual event, and club officials explain that the earlier booth space is spoken for the better deal it will be all the way around—for fair workers as well as for the exhibitors.

Everything points to this year's fair being about the biggest and most enjoyable since the Lions Club started sponsoring the event several years ago. They're to operate the fair this year on a 100 per cent home town basis, which means that no out-of-town concessions will be here.

That doesn't mean there won't be a midway, without which a county fair wouldn't be much of a fair. But the midway will be operated by members of the Lions Club, who can be counted on to make up with enthusiasm what they lack in experience at operating carnival attractions.

Representatives of clubs and organizations wanting to have booths at the fair are asked to contact Linn L. W. Duncan at the First National Bank.

In addition to a record-breaking number of booths, the Lions are also hoping for a new high in individual exhibits in all departments.—CD.

What our contemporaries are saying

Most every time the rains come the north ends of both Garza and Lubbock streets are left covered with silt and mud and become nearly as difficult to drive upon as streets that have never been paved. Of course they are sooner or later cleaned, after a lot of hard scraping and sweeping by the street departments employees, but why wait to get the proper drainage. The work is going to have to be done and the longer it is put off the more it will cost.—A. M. Jackson in The El Paso Star.

The Bikini bathing suit hasn't changed the world's thinking, but it has relieved the imagination to the point of retirement.—Douglas Meador in Matador Tribune.

Most fishermen find it cheaper to buy fish at the market, but keep the knowledge as a safety measure to be used in the case of an emergency on the way home.—Douglas Meador in Matador Tribune.

THURSDAY to THURSDAY

By CHARLES DIDWAY

I'M A MEMBER of the "club" now! Last Friday night I saw my first satellite, nearly three years to the month since the Russians put up the first one.

The one I saw was our Echo I, which I spotted almost overhead and then followed until it faded from sight in the northeast. Excuse me for being so enthused, but it was quite an accomplishment, considering that just about everybody except me had seen one or more of the satellites.

THE NEW MEXICO father and his son who ride through Post on horseback a few Sundays ago reached Dallas Wednesday of last week after a 16-day journey by horseback from their home in Roswell. John Hawk Jr., 34, and his son, John Hawk III, wore out three horses, bogged down in quicksand once and rode one day in heavy rains. While in Post, where they stopped off to attend services at the Church of the Nazarene, they said they were making the trip "just for a vacation."

Along the same lines, we're awaiting word on the two 17-year-old California boys who came through Wednesday of last week on a bicycle trip from San Diego to Dallas—which makes me wonder why everyone seems to want to wind up in Dallas. Our thanks to personnel at K&K Food Mart for calling in the story on the bicycling California boys, who stopped at the store to buy their lunch.

IT WON'T BE long now until we'll be writing about Garza County's first bale of cotton from the 1960 crop. Sunday's papers had a story about Scurry County's first bale, for which a 13-year-old boy received the premium. He almost caught everybody flat-footed with his first bale. He had to round up a crew to gather it and then the gin had to round up a crew to gin it.

Most everybody, more than likely, will attend Sunday's open house at the new high school and gymnasium. I've had a "sneak" preview of the new buildings, and they're well worth seeing.

SCHOOL WON'T MUCH more than get started next week until the students and teachers have their first holiday of the new term, which will be Labor Day—Monday, Sept. 5. After that, things ought to really get rolling.

With the cotton harvest almost at hand, it won't be long until the pleasant smell of gin smoke begins wafting over the South Plains. Betokening the operation of one of the area's really great industries. It should, temporarily, take the minds of Lubbock and Staton people off the odorous and Slator feed lots problem.

WITH AN EYE to the coming elections, Legionnaires launched a "get out the vote" campaign at their 42nd annual state convention held recently in Dallas. Donald I. Peters of Houston, state commander, said that an intensive campaign to get voters in the polls will be conducted by the American Legion right up to the November election. "It is a national disgrace that only 52 per cent of the qualified voters turn out in an election," Peters said.

I was pulling for him throughout his trial, but I confess I was not too worked up over the fate of Francis Gary Powers. He was, according to the President, a spy. Spies have always been expendable. And Powers was paid fabulously to accept this calculated risk. If it had not suited the propaganda plans of Mr. K he would not even have had a trial. Americans should be more concerned about the captured crew of the Air Force RB-47 whose commander was killed when the Russians shot the plane down over international waters on July 1. These were service men in uniform, on service pay and under military orders of a country which owes them all possible protection.

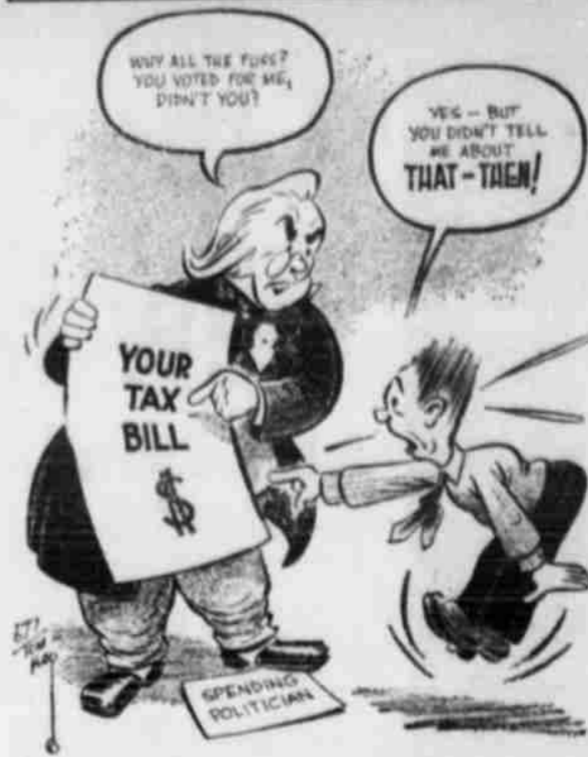

THE SANTA FE Railway's public relations office sends us each week a resume of freight carloadings for the preceding week. Since the report never fills more than half the page, the Santa Fe PR office always ties in some bright saying or joke from the company magazine to fill out the page. Some of the sayings are gems of wit or wisdom and nearly all the jokes are funny. We think this one is:

An Irishman and an American Indian somehow got into an argument. The Irishman listed the names of all the great Irish-Americans who contributed to the development of the country, then demanded to know what the Indians had contributed to the nation.

"Well," replied the Indian after a little thought, "you never see any kids playing Cowboys and Irishmen."

Ex-Post saddlemaker is still active at 80

(Ed Note: The following feature story on Alvin L. (Pop) Bettes, who for nine years was a saddlemaker in Post, appeared recently in the Amarillo Sunday News-Globe. Many old-timers here still remember the veteran saddlemaker.)

Saga of the saddlemaker began more than a half a century ago for an 80-year-old Amarillo man, and with a sharp swivel knife the veteran craftsman can still turn out a finished saddle a week if the weather's fit.

He is Alvin L. (Pop) Bettes, of 805 Buchana, a spry young fellow known by his pen as the oldest active saddlemaker in the Southwest, if not the world.

Generally seen with wisps of grey hair falling about his forehead, Bettes is known by his closest acquaintances only as Pop.

And Pop is not a "tenderfoot" in the saddlery craft.

STARTED LONG AGO
He started making saddles 58 years ago while living in Indian Territory in eastern Oklahoma and is accredited with having made more than 6,000 saddles in his lifetime to fit the beloved little Eohippus.

"I guess I've averaged at least two a week since I started back in 1902 . . . maybe more . . . may-

be less," Pop said while otting down a recently finished saddle.

Pop, like the working saddle for the cowboy, is a native of Texas. He was born in 1880 in Fannin County, and at the age of 7 moved with his parents to Indian Territory, Oklahoma, where he learned the saddlecraft at an early age.

HE COMES WEST
"I got to reading about how this country was developing into a cattle country while working with my brother in a saddle shop in Oklahoma and I came west," he said, "but I was too late . . . nearly all the country was taken up."

Pop landed in Snyder, Tex., in 1902 and he set up a saddle shop, along with some land holdings. While at Snyder he was married to the former Miss Jettie Elkins of Snyder. She and Pop make their home just four blocks from downtown Amarillo.

In 1910 the saddlemaker set up a shop in Post, only to return to Snyder in 1913 . . . and then back to Post in 1915.

After a 6-year hitch in the saddlery craft at Post, Pop and the family moved to Lubbock, where he turned out hand-made saddles until July, 1941, when he moved to Amarillo to go to work for the late W. H. (Potts) Ingerton in a saddle shop at 4th and Polk.

Pop moved to the Maddox Western Leather Store in 1945 to go to work for Dr. W. A. Maddox. There he has turned out hand-made saddles for the past 15 years.

Fitting the seats is the hardest part about saddle making. Pop says, and declares that 30 working hours will complete a modern saddle.

All types of saddles have come out of Pop's shop, including a silver-mounted unit costing a Kansas rancher \$4,550. He made a similar saddle for Dr. Maddox, his employer, valued at more than \$3,000.

LEANS TO COWBOYS
"I've made saddles for people in about every state and several foreign countries, but best of all I like to make the working saddle for the cowboy," Pop stated.

The working saddle, he described, is one having a medium cantle and well rounded pommel where the cowboy can ride in comfort and still be well equipped for riding a snortin' bronc or ropin' a bull.

In constructing a saddle, Pop starts with the tree and hand cuts every piece of leather. He makes his own designs in hand-stamping the decorating finish and he alleges the "stamp" is deep enough in the leather that it could be used for a door mat without wearing out.

SADDLE NEEDS VARY
Pop admits that most of his saddles are made for the weekend cowboy and cowgirl, but asserts, "they need a good saddle that fits a horse and rider, as well as the veteran cowboy on the open range."

But the machine has nearly scuttled the old time saddle craftsman. As a result, Cal Fagua, a veteran saddlemaker of Albuquerque, N. M., said in a recent article that there may be as few as 25 journeymen in the United States that are able to start with the tree and build up to the last bit of fancy hand-raised stamping.

NO TIME TO QUIT
Despite the machine and age of speed, Pop is not ready to shelve his tools . . . "I've made saddles a long time, and though I've thought some about retiring, I still just can't find time to quit."

With an air of staunch determination, the 80-year-old saddlemaker jerked his newest product from a wooden "horse" in the Maddox shop and slowly calculated, "Yep, it weighs about 35 pounds and took a full cow skin to make . . . it's a good saddle for any man."

HERE FOR VISIT
Mr. and Mrs. Kent Presson of Washington, D. C., are here visiting his mother, Mrs. Gladys Presson, and other relatives. En route to Post, they stopped in Carbondale, Ill., to pick up Presson's aunt, Mrs. W. R. Graeber, who had been visiting relatives there for several weeks.

For planting windbreaks

Seedlings available to area landowners

Tree seedlings will again be available in Garza County and other West Texas landowners for planting windbreaks next January.

Don Young, head of the Forest Management Department of the Texas Forest Service, urges landowners to place their orders as early as possible before the Feb. 10 deadline.

Orders must be in multiples of 50, and no order for less than 100 trees will be accepted. The delivered cost of seedlings this year is \$1.50 per hundred. Tree species available for the 1960-61 planting season are Austrian pine, black locust, black walnut stratified nuts, catalpa, cottonwood, Chinese 11 m. mulberry, osage orange, ponderosa pine, red cedar, rosa multiflora, sycamore, slash and loblolly pine.

All seedlings are packaged in moss and moisture-proof paper and shipped directly to the landowner. Tree seedlings, purchased from the Texas Forest Service, may not be used or resold for ornamental purposes. The landowner further agrees to protect the trees from fire, cattle, and destructive insects.

Applications forms can be obtained from county agents and Soil Conservation District offices in the West Texas area. Forms are also available upon request from the Director, Texas Forest Service, College Station, Texas.

Post woman dispatches rattler at front door
The rattlesnakes are back in town. At least one three-footer was Saturday morning.

Mrs. Glenn Potts, 312 West Fifth Avenue, stepped out her front door about 10 a. m. Saturday morning and spotted the snake about 10 feet from the front door moving across the freshly cut lawn.

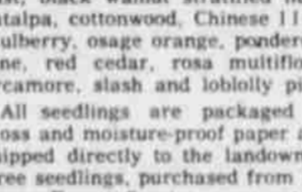

She killed it. Mrs. Potts expressed concern about rattlesnakes as a number of children play in the back yard.

WRITES AT COMANCHE
Mrs. H. Northcutt of Comanche, Tex., mother of Mrs. Raymond Young of Post, died Thursday, Aug. 11, at her home in Comanche. She was 76. Funeral services were conducted in Comanche, Friday, Aug. 12. Mrs. Northcutt had been in ill health for some time.

SUNDAY VISITORS
Sunday visitors in the Weldon Swanger home were Mr. and Mrs. Claud Jackson of Slaton. Mr. and Mrs. Jackson are parents of Mrs. Swanger.

Building permits nearing \$750,000

Six building permits for construction estimated at \$12,150 have been issued at the City Hall during the last few days. This brings the 1960 building permit total here to \$745,005.

One of the permits was issued B. F. (Boone) Evans for construction of a new residence, costing \$10,000, at 901 West 13th Street. It is to be of frame construction, asbestos siding and composition roof, and will contain 1,600 square feet of floor space. Central heating and evaporative air conditioning will be included.

The Assembly of God Church was issued a permit to move two small houses onto church property at a cost of \$900.

Two permits were issued Lowell Short. One is for repainting his residence and garage at 304 West 10th Street and construction of a concrete driveway, all estimated to cost \$400. The other permit is for replacing windows and repainting the building at Short Hardware, 231 East Main, costing \$200.

A permit was issued Ascension Solis for moving two mill houses onto property at 312 East 12th Street at an estimated cost of \$500.

David Cheshire was issued a permit for construction of a carport at 302 West Fourth Street at a cost of \$150.

Johnson to speak at Abilene Sept. 17

Garza Democratic Chairman N. C. Outlaw reports that Senator Lyndon Johnson will open his campaign for the national Democratic ticket in Texas Saturday night, Sept. 17, in Abilene.

A banquet is planned in the Rose Well Field House on the Hardin Simmons U campus in Abilene with Johnson as the featured speaker.

Governor Daniel, a large group of state officials, members of the Texas Supreme Court, the Texas congressional delegation, and many members of the legislature will be on hand for the event.

A tea for the wives is scheduled for the afternoon before the banquet. Outlaw, who has tickets for the banquet, reports that a good-sized Garza delegation probably will attend this important West Texas political rally.

MRS. WALTER FRANK DIDWAY (Willa Faye Graves)

Miss Willa Faye Graves and Walter Didway wed Saturday

Miss Willa Faye Graves and Walter Frank Didway were married at 5 p.m. Saturday in the Post Church of Christ parsonage. Ronnie Parker, minister, officiated at the double ring ceremony, which was attended by members of the couple's immediate family. Parents of the couple are Mr. and Mrs. W. C. Graves of Star Route, Post, and Mr. and Mrs. Charles Didway of 802 West 11th Street.

The bride, given in marriage by her father, wore a dress of dacron, tulle and white accessories, including a pearl necklace, a gift from the bridegroom. Her pink carnation corsage was complemented with white pearls. Attending the couple were their parents, the bride's brother, Ronnie Graves, and the bridegroom's brother, Curtis Didway. The newlyweds are at home at 605 South 9th St., Slaton, where Mrs. Didway will teach home economics this year in Slaton High School. He is employed by the Baker Company in Lubbock. Both are 1956 graduates of Post High School. The bride is also a graduate of West Texas State College. The bridegroom recently completed three years' service in the U. S. Army.

McAfee and sons, Mr. and Mrs. Harold Lass, Gerald Braddock, Mr. and Mrs. Leon Braddock, Mr. and Mrs. Delmer Cowdrey, Mr. and Mrs. Jack Kennedy and son, Mr. and Mrs. Fred Taylor, Mrs. W. C. Kiker, Wayne and Diane, Clark Cowdrey and Karen McGehee, Glendon and Mrs. Redman. Glendon will leave Aug. 31 for San Angelo where he will be enrolled in San Angelo Junior College.

SS class social held at Bush home

Mrs. Elmo Bush of the Graham community entertained her Sunday school class last Thursday evening with a social at her home. Following a series of games, homemade ice cream and cake were served. Attending were: Linda McMahon, Gloria Thompson, Darlene Jones, Jerry Bush, G. T. Mason, Jacky Fluitt, Tommy Mason, Jay and Ray Nelson, Ricky Bush, and guests were Diane Maxey and Danny Stone. Adults attending were Rev. and Mrs. Elbert Nelson, Mrs. Elmer Dee Jones, Mrs. Grover Mason, Mrs. W. O. Fluitt Sr., Lois Edwards, Delwis Fluitt, and Mr. and Mrs. Bush.

Lowell Shorts attend family gathering

Mr. and Mrs. Lowell Short, Emma and Janith, accompanied by their daughter, Mrs. Mike Parfoman and Steven, of Fort Worth, were in Lubbock over the weekend to attend a reunion of the family of the late Mr. and Mrs. S. E. Short of Hale Center. Forty-three attended the reunion, held at the Western Ways Motel. Four sisters and five brothers were present. A barbecued chicken dinner was served.

ON FISHING TRIP

Mr. and Mrs. J. R. Kiker left Sunday for several days fishing at Backport.

Fall fashions to be featured at Maxine's party Saturday

Newest colors and creations in fall fashions will be presented at Maxine's Coke Party Saturday morning from 9:30 until 10:30 o'clock, with Maxine Durrett as hostess.

Misses Jane Francis, Beverley Young, and Shirley Wallace, and Mrs. Linda Runkles will model classroom costumes, casual and sportswear, formals, suits, coats, and "dorm" wear, including pajamas and robes.

Grandmothers, mothers, young marrieds and school girls all can enjoy the hour's come and go affair—registering and having a Coke while viewing the latest in fall fashions. See you there.

Double wedding ring vows are read at Wheatley, Claborn rite

Double wedding ring vows were pledged by Miss Mary Patricia Wheatley and James Forrest Claborn Friday evening at the home of the bride's parents, Mr. and Mrs. Henry Wheatley, Route 1. He

is the son of Mr. and Mrs. L. E. Claborn Jr. Ronnie Parker, minister of the Church of Christ, officiated for the 7 o'clock ceremony before an arrangement of white stock and blue carnations.

The bride was given in marriage by her father. She wore a dress of blue re-embroidered cotton lace, styled with a rounded neckline and short sleeves. The full skirt was street-length. Her hat was blue and she carried a bouquet of white carnations.

Mrs. Daymon Ethridge of Lawton, Okla., attended her sister as matron of honor. Her dress was a full-skirted blue silk organza and she wore a white carnation corsage.

Durwood Mayberry attended the bridegroom as best man.

A reception followed, with decorations carrying out the blue and white theme. Wedding cake and punch were served from a table laid with a multi-colored lace cloth and centered with an arrangement of blue and white carnations.

For a wedding trip, Mrs. Claborn chose a black and white check suit of raw silk. They are at home here where he is employed by his father at Fay's Construction. Both attended Post High School.

Gloria Thompson honored on 13th birthday Friday

Gloria Thompson was honored with a party Friday evening in the Graham community home of her parents, Mr. and Mrs. Dillard Thompson, on the occasion of her 13th birthday.

The wiener roast scheduled was postponed due to a one and one-half inch rain that fell in the community that afternoon. But after games were played and gifts unwrapped, refreshments of hot dogs, cake, punch, candy and gum were served.

Guests were: Sandy Gary, Darlene Jones, Brenda Mason, Diane Maxey, Theresa and Bobby Dean, Wesley Gene Morris, Sandy, Gary Dee and Stanley Jones, Mrs. Elmer Dee Jones, Mrs. Harlan Morris, Mrs. Quanah Maxey and Mr. and Mrs. Thompson. Sandy Gary and Darlene Jones spent the night with Gloria.

Idaho woman talks at WMU meeting

The Mary Ellen Day Circle of the Women's Missionary Union of the Calvary Baptist Church met Monday morning for a mission study.

Mrs. K. E. Young of Paul, Idaho, gave an interesting talk on mission work in her home state, stressing the point of prayer for home missions. She also told of the desperate need of more churches and more dedicated Christian workers. Mrs. Young is here visiting her parents, Mr. and Mrs. T. J. Pedy.

Mrs. Marvel Pearson gave an outline from the new mission book, "Educating Youth in Missions." The closing prayer was by Mrs. Will Teaff.

YOUTHS TOUR CAVERNS

Eighteen members of the Earl Rogers Sunday School class of the Church of Nazarene were taken on a tour of Carlsbad Caverns Monday. Rev. J. T. Crawford and Mrs. Joe Nell McDonald accompanied the youths.

Miss Marthanna Cearley wed to Loy M. Hudson Aug. 6

Miss Marthanna Cearley, daughter of Mr. and Mrs. John F. Cearley of Pecos, became the bride of Loy McCoy Hudson, son of Mr. and Mrs. V. G. Hudson of Pecos, in a candlelight ceremony Aug. 6 at 8 p.m. in the Pecos First Baptist Church. The bride and her parents are former Post residents. She is a granddaughter of the late Mr. and Mrs. O. R. Cearley, pioneer settlers of Garza County.

The Rev. Glen Edwards officiated for the double ring service before a background of greenery, candleabra entwined with lavender mums, and baskets of white gladioli.

Mrs. Clem Crowley played organ selections and Mrs. Carl C. Williams Jr. of Alpine sang "I Love Thee, Dear", and "Because", and "The Wedding Prayer" as a benediction. The bride, given in marriage by her father, wore an original formal gown of white silk organza over taffeta. Made in modified princess design, the gown had long sleeves ending in petal points over the wrists and the scalloped scoop neckline and bodice featured a n all-over applique of rose point lace, accented with seed pearls and iridescent sequins. The full skirt swept into a chapel train. Her triple tiered veil of silk illusion was held by a crown of encrusted lace and pearls. The bridal bouquet was of Frenched carnations

carried on the bride's Rainbow Bible.

Miss Peggy Butler of Post, cousin of the bride, was maid of honor. Miss George Ann Sartain of Lubbock and formerly of Post, and Mrs. James P. Medford of Pecos were bridesmaids. They wore afternoon dresses of lavender brocade satin, made princess style with cape collars. Headdresses were Dior bows of satin, trimmed with lavender tulle and their bouquets were cascade arrangements of lavender mums and purple asters.

David J. Gough served as best man. John Allan Cearley, brother of the bride, and James P. Medford were groomsmen, and Horace Phillips and Freddy Pearce were ushers.

MRS. LOY MCCOY HUDSON (Marthanna Cearley)

A reception followed in Fellowship Hall. Members of the house party included the bride's aunts, Mrs. Jesse E. Cearley of Amarillo and Mrs. Stanley Butler of Post, Mrs. George Sartain of Post, and Mrs. A. W. Norville of El Paso.

When the couple left for a wedding trip to New Mexico and Arizona, the bride wore a spray aqua suit of antique silk with patent accessories. The couple are at home in Pecos, where both are employed.

Mrs. Walter Didway honored at shower

Mrs. Walter F. Didway, who before her Saturday marriage was Miss Willa Faye Graves, was complimented with a bridal shower Friday night at the Community Room of the First National Bank when 17 hostesses entertained.

The honoree's chosen colors of pink and rose were used in decorations and carried out in the floral centerpiece arrangement set on a mirror reflector. Pink and white napkins helped to complete the table decor, with a crystal service used. Punch, cake squares, mints and nuts were served by Mrs. Don Tatum and Miss Loyce Josoy.

Miss Pamela Stewart registered guests, who called from 8 until 9:30 o'clock.

Guests were greeted by Mrs. Barney Martin, who presented them to the honoree, her mother, Mrs. W. C. Graves, and Mrs. Charles Didway, mother of the bridegroom.

Hostesses were: Mrs. Elmer Butler, Rex Welch, Clay Johnston, George Tillman, Sexton Huntley, Gordon Hamilton, Charles Benson, Paul Jones, Barney Martin, Marshall Reno, Barney Nichols, Alton Clary, Henry Wheatley, Eugene Martin, Bob Poole, Johnny Ray, and Maxine Durrett. Their gift to the honoree was an electric skillet.

PRISCILLAS TO MEET

Mrs. Richard Dudley will be hostess for tomorrow's meeting of the Priscilla Sewing Club at her home at 806 West Fourth Street. The club will meet at 3 o'clock.

Enclosed with the wedding write-up of Miss Marthanna Cearley last week was a letter from her mother, Mrs. Bonnie Cearley of Pecos. The Cearleys are former Post residents as Mrs. Cearley pointed out in her letter, and while here she was women's editor of The Dispatch. Her husband, John F. Cearley, worked at the First National Bank for 12 years before they moved in 1948 to Fabens and he became cashier at the bank there. Bonnie wrote that they read The Dispatch each week and still feel very proud of their "hometown" paper.

Mrs. Winnie Tuffing left by train Friday for Lafayette, La., to accompany her granddaughter, Vickie Kline, home after a summer visit in Post. Vickie is the daughter of Mr. and Mrs. L. C. Kline. Mrs. Tuffing will be back at her job at the city water department next week.

Jimmie Rains Hoskins and daughters, Jan and Kim, of Albuquerque, N. M., are spending the last week of August here with her parents, Sheriff and Mrs. Carl Rains. Jimmie recently graduated from the University of New Mexico in Albuquerque, and upon her return to that city will teach in the new school, Alamosa.

Mr. and Mrs. H. W. Schmidt received a letter this week from their son, Andy, who with another Post youth, Bernie Welch, is touring parts of Europe before attending the Olympics in Rome. Andy wrote from France and said at the time he and Bernie were separated as the latter decided to go ahead to Italy, with Andy wanting to remain for a longer stay in Paris to visit the many impressive cathedrals there. Welch is the son of Mr. and Mrs. Ralph Welch. After attending the Olympics they will remain in Europe for several months.

Jimmy and Eddie Stallings of Dallas, sons of Mr. and Mrs. James Stallings, are Post visitors this week. They are staying with their grandparents, Mr. and Mrs. J. A. Stallings. Jimmy is entered in the Panhandle Chess Tournament in Lubbock Saturday and Sunday.

Q. I am the beneficiary of my veteran husband's GI insurance policy. He owed a few bills to private individuals at his death, which I intend to pay. Meanwhile, do these creditors have any right to seize the GI insurance policy to get their money right away?

A. No. The proceeds of your husband's GI insurance are exempted by law from any claims of private creditors. The insurance money may not be seized or attached to pay his debts.

Q. What is the first thing a World War Two veteran like myself must do to apply for a pension? I have a non-service-connected disability and I have been unable to work because of it.

A. You should file an application with VA. This can be done in person or by mail, on a special form furnished by the VA. Get in touch with your nearest VA office.

Q. I have a dividend on my GI insurance coming up soon. Can I leave this with the VA as a credit from which premiums could be deducted to keep my insurance from lapsing in case I should forget a payment?

A. Yes. Dividends left with VA as a credit draw interest and will be used by VA to pay one monthly premium at a time in case you should fail to make your premium payment before the end of the grace period.

Q. I am the guardian of a minor child receiving death pension from the VA and have been told that the new pension law will be more advantageous to my ward. Please explain some of the new law's provisions for children entitled to pension.

A. The new law raises the income limit for children from \$1,400 to \$1,500 a year, earned income of the child is not included in this limit as it is under the old law, and pension rates are higher.

Q. I expect to be starting school this fall under the Korean GI Bill. How soon will I get my first GI allowance from VA?

A. Your first VA school allowance may not come until after you have been in school about two months. Payment can only be made after the first month's training is completed. And VA has 20 days after that to process checks. Be prepared with money enough to last two months.

Screwworms research is being broadened

COLLEGE STATION — While some scientists are trying to send a rocket to the moon, others are trying to rid the Southwest of one of its worst livestock pests... the screwworm.

The USDA has announced that new research on means of eradicating the screwworm will begin soon at Kerrville. This is the same USDA station that was responsible for much of the basic research that led to the sterile-fly technique used successfully against the screwworm in the Southeast.

One of the main projects of the USDA's entomologists will be to develop better methods of rearing screwworms, and also to find ways to produce strains of the insect better suited to sterilization by radiation. Another important aim of the Kerrville research is to learn more about the nutritional requirements of screwworm larvae so that an improved, inexpensive rearing medium may be developed. Project scientists will also seek new methods by which flies can be irradiated with minimum effect on their life processes.

In announcing the new project, the USDA reported that Dr. Raymond C. Bushland would head the researchers.

The TREMENDOUS Teens

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Ezekiel	46	2-3
Monday	Romans	14	22-23
Tuesday	Psalms	102	25-28
Wednesday	John	1	17
Thursday	Colossians	1	6-9
Friday	Romans	12	6-9
Saturday	Romans	12	10-18

Hardest fact for the adult mind to comprehend is that a teen-ager stands at the threshold of life.

When you enter a strange door you are uncertain. You don't know what's in store for you. You aren't sure which way to turn.

There may be familiar, welcoming voices — but even these now have the ring of uncertainty. For when your whole world is changing, can you be sure that the people around you are not changing also?

For boys and girls in this time of uncertainty the Church is the fulcrum of strength. Its truth is unchanging. Its teaching is clear. Its promises are worthy of hope, trust, endeavor, sacrifice.

The problems of the teen-ager are tremendous... but so is the might of his God. The character, the certainty, the charity of the Church inspires his ideals... challenges his courage.

In-service training program for teachers starts Monday

The in-service training program is to be held Monday, Tuesday and Wednesday for Post teachers will include an elementary teachers' arithmetic workshop and a program for guidance workshop for teachers of grades 6 through 12, James West, curriculum coordinator, has announced.

Dr. Bertie Falkon of Texas Tech will be the consultant for the program guidance group and Dr. Olive Wheeler, also of Texas Tech, will conduct the arithmetic workshop.

The in-service training program, which will open the new school year here, will be as follows:

Monday, Aug. 29
8:30-9:30 a. m.—General assembly; welcome and introduction of teachers by R. T. Smith, superintendent of schools.

Individual principal meetings (policies and orientation).

11-30-1 p. m.—Organization of curriculum (second general assembly).

Election of subject matter or grade chairmen. A statement of goals and objectives for each area should be made.

Third general assembly; to hear the report of the different committees. Also to be briefed on the proceedings of the next day.

Short-meeting of the curriculum council (all subject matter chairman, grade level chairmen, principals, coordinator and superintendent).

Tuesday, Aug. 30
9 a. m.—All elementary teachers and junior high math teachers will meet in the cafeteria for a two-day workshop on math.

All secondary teachers will meet in the high school library for guidance evaluation.

Wednesday, Aug. 31
A continuation of the first day workshop, along with summary activities.

September food shoppers to find broiler-fryers on plentiful list

Shoppers will find a lot of broiler-fryers available in Texas food markets this September. They are featured among the six items listed as plentiful for the month, reports the Agricultural Extension Service, Texas A&M College.

Turkeys are another poultry plentiful. Lam, melons, peanut butter, and a wide array of late-summer vegetables complete the list.

These foods were selected by the U. S. Department of Agriculture for special emphasis in this area because the supply of each is expected to exceed normal demand. Home

'The Big Fisherman' to open Sunday at Tower Theatre for four-day run

"Big" is a proper word for Rowland V. Lee's multi-million dollar screen version of "The Big Fisherman," showing at the Tower Theatre Sunday, Monday, Tuesday and Wednesday.

Filmed in color by Technicolor, it is based on the big-selling (1 million) novel by Lloyd C. Douglas.

The story concerns the biggest man involved in the founding of Christianity: Simon, so huge he was known throughout the Holy Land as the Big Fisherman until he became St. Peter.

The cast is one of the biggest as-

I Give You Texas...

"There is no substitute for experience." It is true that someone can tell us something or we can read it—but that's not the same as actually experiencing the thing ourselves.

Before a man can be a speaker really worth listening to or before he can actually have something to express as a writer, he must have lived.

There are great pipelines that run from the oil fields of Texas to the great seaports of the East, hundreds of miles away; and one of those lines has to be completely full—with I don't know how many hundreds of thousands of barrels worth millions of dollars—before just one single barrel can be delivered at the other end. And so our minds must be filled with observations and happenings, mainly our own, and these must be "aged in the wood"—mellowed by reflection and their significance etched by time—then we may have a story to relate, a message to convey, a truth to tell, that others will want to hear.

Can you remember when feather boas were the fashion—and when every lady carried in her purse a

Southland schools to begin Monday

Southland Public Schools will begin the 1960-61 term Monday, Aug. 29, Supt. F. W. Callaway has announced.

The school opening will follow a one-day in-service training for faculty members to be held Friday. The schools will open Monday with a short assembly program, followed by registration of all pupils.

Classwork will begin Tuesday, Supt. Callaway said. Mrs. Peggy Wheeler is the only new faculty member at Southland. She replaces Mrs. Claudia Monk, who resigned as second grade teacher.

The superintendent said he expects this year's enrollment to be up a little over last year's.

Postings--

(Continued from page 1) start something this big next spring is simply too late. It needs to be done right now. So be there Monday night.

Another important organizational session is scheduled for 8 p. m. Tuesday at Teen Town when all adults interested in the Garza Youth Center's operations for the new year are asked to gather for an election of directors and officers. David Newby, president of the youth center group, has called the session. A new youth director needs to be hired and arrangements made for the opening of Teen Town after the grid opener Sept. 7, Newby indicated. Post is one of the few communities in this area with an operating youth center. It has to be supported by parents who realize its worth. All interested should be on hand.

We want to salute the Lions club for a real all-out effort in converting the annual Garza County Fair they sponsor into an all-community affair. There is room for everyone within the framework of the Lions fair plan. We want to urge every club and organization to participate. Working together this can be made into a highly successful Garza project with the funds raised going to numerous good causes. Put it at the top of your club's agenda to get in with a fair project. The fair's only little more than three weeks away today, so hurry.

Football kicks off here with the high school opener a week from tomorrow night. Ralls is the inaugural foe. If you haven't purchased your season tickets better hustle down to the high school office and get your ducats.

Speaking of football, Bing Bingham came up with the cheering news that Texas Tech has more good running backs in their stable this year than he's ever seen up there before—and Bing keeps a close tab. He figures Tech has a good chance to win five or six games. With a good home schedule and an enlarged stadium, local football fans can look forward to an interesting debut for West Texas into the Southwest Conference.

With school classes beginning next Thursday, you'll find a full page safety reminder to local motorists over on page 11 sponsored by 20 community-spirited local firms. Each firm also presents a safety slogan. Remember hundreds of youngsters will "come running" into that "not quite as congested" school zone next week. As supposedly safe driving adults let's slow down around the schools and keep a sharp lookout.

Within the next few days the stop and go traffic lights in front of the schools on Eighth Street will come down and be replaced by blinker lights. Don't let the new signals confuse you—they're there to remind you to slow down and keep alert every time you pass the schools.

ASC committeemen ballots are mailed

Garza County farmers will vote by mail during the next two weeks to select five sets of community committeemen under the Agricultural Stabilization and Conservation program.

Ballots are now being mailed out, according to Emmarhe L. Harrel, office manager of the ASC.

Both man and wife of an eligible family are entitled to vote.

With ten men nominated for places on the ballot in each of five communities, the eligibles are asked to vote for five.

The three nominees in each will be declared elected with the next two as alternates. The one with the highest vote is automatically chairman of his community committee.

After the community elections, the chairmen of each meet in a county convention and select a county committee of three.

Terms for those elected will begin early in October. Nominations for posts in each of

the five communities are as follows:

"A" Community—Carl Chilcoat, Chris W. Gindorf, Earl C. Lancaster, Cecil Lee, Richard H. Lewis, Weldon R. McGhee, Flye Richardson, Arthur Smallwood, Marshall Tipton, and Henry M. Wheatley.

"B" Community—Teddy L. Aten, W. C. Bush, Wayne Carpenter, Robert Craig, John Davis, Gerald Norman, Albert Stone, Virgil Stone, Mack Terry, and Wesley D. White.

"C" Community—W. H. Barton, A. I. Cross, Dennis Eubank, Ira Farmer, Tom A. Gilmore, Floyd Hodges, O. F. Pennell, Earl Thaxton, Bennie F. Wilks, and Edgar W. Witt.

"D" Community—Jimmy Bird, Douglas Buchanan, Billy R. Case, Wagner C. Graves, Homer Huddleston, S. C. Ivis, Donald McLendon, Arnold Sanderson, O. W. Smith, and Jack Taylor.

"E" Community—Hardie F. Alsworth, Billy V. Blacklock, Bandy Cash, B. B. Hodges, Raymond Key, Golden W. Pennington, E. C. Pettigrew, Claude L. Williams, and Harry Wood.

The Post city council at a short special meeting late Tuesday afternoon canvassed the vote of the Saturday election and found the totals in order.

White River directors will waste no time in getting started on all the work that remains to be done before the contract can be let.

The regular August meeting will be held tonight in Spur to "get the ball rolling" as Chairman Tom Boucher said.

The post-election legal steps required to get in hand the money the \$4,000,000 in federal and state loans required to build the dam and water pipelines to the four towns include receiving approval of the bond issue as written by the Texas attorney-general's office.

Then the bonds must be advertised for two consecutive weeks in a leading national bond publication to give private bond buyers an opportunity to buy them before the state and federal agencies involved give final approval and advance the money.

Some see an "outside chance" of the sale of some or all of the bonds via this route. Such a sale could result in a sizable interest saving, as even a small interest cut would help considerable over the 40 year life of the bonds.

Details remain. Negotiations for purchase of the dam site and right-of-way leases are still to be conducted as well as final completion of the plans for the big dam by engineers before construction bids can be asked.

White River directors have had a committee at work for the last number of months on plans for the recreational development of the White River lake which will have a 25-mile shoreline with an estimated length of 2.5 miles and a width of 3 miles. The lake will contain an estimated 34,000 acre feet of water.

The recreational committee, of which George (Scotty) Samson of Post is a member, has been investigating the method by which recreational facilities have been handled by other such Texas lake projects.

New workable program is being worked out
Four members of the Post Public Housing Administration and City Supt. Henry Tale met Wednesday afternoon in City Hall with a field representative of the Housing and Home Finance Agency out of the Fort Worth regional office to discuss drawing up a new workable program for the city for the new fiscal year, beginning July 1.

The program is a requisite for obtaining a public housing project here and shows progress and future city planning in a number of community fields.

Meeting with Arthur L. Lytle Jr. of Fort Worth besides Supt. Tale were Lee Ward, Chant Lee, Arnold Parrish and Jim Cornish.

Louis Harris, unlawful transportation.

The petit jury list for the term of county court is as follows: Mrs. Cal Casteel, Walter Crider, Garland Davies, Mrs. James Dietrich, A. P. Gurley, Tom Henderson, Floyd W. Hodges, Mike Sanchez, D. I. Dunn, Jimmy Bird, Dale Cravy, Mrs. Leo M. Acker, Leslie L. Avant Jr., James Babb, Mrs. Pat Blacklock, Hoyt Bland, Mrs. George Booher;

Also, Mrs. Bill Braddock, John Bullard, Mrs. Floyd Byrd, Virgil C. Carradine, Mrs. Ted Aten, Virgil Bilbo, Mrs. Leo Cobb, J. C. Howard, Mack Ledbetter, Mrs. Bob Lusk, Harlan Morris, Billy Meeks, Clay B. Johnston, Don Tatum, Willie Salinas.

Jefferson was struck by three bullets, the officer said. One hit him in the back, one below the ribs on his right side and one in the upper chest.

The first officers to reach the scene of the shooting were Deputies Sam Price and F. M. Reep and Constable J. A. Johnson.

Reep said when they arrived Jefferson, apparently dead, was lying in the back seat of an automobile.

City Marshal Shepherd said yesterday that subsequent questioning had brought out that others at the dance hall had picked Jefferson up from the spot where he had been felled by the bullets and placed him in the automobile, intending to take him to the hospital.

"When they saw he apparently was dead, they called an ambulance instead," Shepherd said.

Porter was arrested a short time later at Garza Memorial Hospital, where he was having a knife cut on his left arm treated.

Brown was arrested at the scene of the shooting. He was booked Sunday night on suspicion of attempted murder, but Sheriff Carl Rains said yesterday afternoon he was to be released.

Another Negro, Reuben Harper, was treated at the hospital here for a gunshot wound in the hand and then transferred to a Lubbock hospital. Officers said Sunday night witnesses had told them that Harper was wounded while trying to break up the fight among the other men.

A Crosbyton white man, E. W. Harris, suffered a gash on the nose and severe bruises during the altercation. Officers said he apparently became involved in the fight as a bystander. He was admitted to the hospital here then released to a Crosbyton physician for treatment, Shepherd said.

Officers said they took a 22-pistol from Porter when they arrested him at the hospital.

The accused Negro is a farm hand employed by T. M. Alford of the Grassland community.

Alford, who engaged Walker at 8:30 a. m. Monday as attorney for Porter, said he was not permitted to talk to his farm hand after he was jailed Sunday night and that he was not given permission to do so until the next day.

Walker also said he was denied permission to talk to his client Monday morning and that when he finally was permitted to see him about 1:30 o'clock Monday afternoon that he had already started drawing up a writ of habeas corpus. Neither the county attorney, county sheriff, justice of the peace or district attorney were in town at the time, Walker said.

"I know that if Carl Rains had been here, I'd have been allowed to see my client when I first requested it," Walker said.

The sheriff was in New Mexico over the weekend continuing an investigation into a series of oil field thefts in the Post area.

Alford told The Dispatch that on one occasion when he was denied permission to see Porter he was told that it was a county case and that on another occasion he was told it was a city case.

Wallace Simpson's father dies at 70

L. F. Simpson, father of Wallace Simpson of Post, died at 3:25 p. m. Wednesday in St. Mary's hospital in Lubbock, 70 years of age, he was the retired owner of Camp-O-Tel Hotel in Lubbock where he had lived for 31 years.

Other survivors include his wife, Kate; another son, Floyd of Stockton, Calif.; two daughters, Mrs. Travis Miller of Fort Worth and Mrs. Odie Fincher of Lubbock; eight grandchildren; four great-grandchildren; a brother, R. W. Simpson of Paducah, Tex.; and a half-brother, Clark Pandy of Snyder.

Funeral services will be conducted Friday in Lubbock, but arrangements were not complete this morning. The Franklin Bartley Funeral Home is in charge.

Rotarians see slides of Scout camp life

Rotarians at their Tuesday luncheon saw colored movie slides of a summer camporee and the summer camping trip to New Mexico of members of Boy Scout Troop 316.

Bob West, scoutmaster, showed the slides and described the camporee outings.

Scout Kenneth Smith of Troop 316 thanked Rotarians for sponsoring the local troop for the last 30 years.

ATTEND MEET

City Supt. and Mrs. Henry Tate, Mrs. Tommie Woods, and Mrs. Wynelle Holland attended a city secretary meeting in Lubbock Friday. Lunch was at Piccadilly Cafeteria, with a meeting held afterwards in a Lubbock home.

Mule team--

(Continued from page 1) more dependable than horses, have more endurance and require less care.

"I've been offered \$1,100 for this team," he said, pointing to the mules he was working—full sisters named Jude and Jane. "Another time," he said, "I was offered \$700 for them."

Jude and Jane, 11 and 12 years old, were acquired by Henzler from Texas Tech College when they were colts. Henzler has been a resident of the Slaton vicinity for 32 years.

He ended the interview with a "Get up, there!" the first such command the reporter had heard in at least 20 years.

School budget--

(Continued from page 1) for total health expenses compared with last year's \$1,807.34.

Total transportation is down more than \$8,000. The figure in the proposed budget is \$23,435 as compared with \$31,952.44 spent last year on transportation. Bus replacements brought last year's figure up.

Operation of plant is figured at \$32,600 in the new budget. Last year, the total was \$29,247.77.

ELECTED TO OFFICE

Steven Jackson of Lubbock recently visited his grandparents, Mr. and Mrs. H. W. Schmidt, while his parents, Mr. and Mrs. Bill Jackson, attended an agricultural teachers' convention at Corpus Christi and were in Monterey, Mexico. Jackson was elected secretary of the Area 1 Ag Teachers Association, which includes the Panhandle and West Texas area.

Committee set up for youth program

E. R. (Buster) Moreland was elected Tuesday afternoon as executive director to head an executive committee for Garza County's summer youth program.

The executive committee will direct the 1961 summer baseball program here which will include the Little League, the Babe Ruth league, and probably an American Legion team. It could be expanded also into other educational fields.

The two leagues will retain their own organization under the executive committee.

Millard Pierce was named vice-president and L. W. Duncan, secretary-treasurer, of the newly formed executive committee.

The three were chosen at a meeting of Little League and Babe Ruth league directors in City Hall.

Moreland announced that a public meeting for all interested in the summer youth program here has been called for 7 o'clock Monday night in the Community Room of the First National Bank at which time steps will be taken to draw up a constitution and by-laws.

The summer youth program has applied for inclusion in the 1961 Garza County Community Chest drive as a participating agency.

Moreland urged all interested in the summer program to turn out Monday night. The organization hopes to complete the new Babe Ruth park and make repairs and improvements on the Little League park before 1961 summer play.

1960 fair--

(Continued from page 1) vided for needy children of the Post area.

Wilkinson said the Lions already have the promise of one-half of one beef calf, but that more will be needed. Those wishing to donate a calf, or even a half of a calf, are asked to contact Wilkins at Wilson Supply Co.

The fair directors said 20 or 30 pies and cakes for the auction which is in charge of Victor Hahn.

There will be prizes ranging from merchandise gift certificates to savings bonds in the raffle, which is in charge of Claude Callier Jr.

Anyone wishing to donate time to help the Lions with the fair and carnival is asked to contact Wilkinson or Dr. Carter. Volunteers to date include T. Smith, Wallace Simpson, Everett Williams, Jim Baylis, Hiram Schmidt and Buster Moreland.

Two loads of wood will be needed to cook the barbecue. The wood may be delivered by contacting Wilkinson at telephone 3M. Two-paulins are also needed for backstops on some of the midway attractions.

Garza Chest budget committee meets

The budget committee of the met Monday night to consider budget requests of nine participating organizations.

The only new organization seeking funds this year is the youth summer program.

The recommendations of the budget committee will be presented to Garza Chest directors for action at a meeting to be called around mid-September.

Antelope spirits high as grid opener nears

Post Antelopes, down to a week drills this week, will play Idaho Friday night for a away scrimmage with the Idaho Wildcat and Lockney Longhorn.

The Antelopes scrimmaged at Puyallup Monday night and drew a win from Coach Vernard Alexander for their spirit and their play on both offense and defense, particularly defense, against Chieftans.

Roster released by Coach Alexander yesterday listed 28 boys members of this season's squad. The possibility of a few more being added within the next week is not ruled out.

Facing their toughest schedule in several years, the Antelopes will play at home Friday night, Sept. 2, against Ralls—the only Class A team on the schedule. One of the nine is a Class AAA school and the others are Class AA.

Following is the roster by position, with the boy's name, weight, position and previous experience.

QUARTERBACKS—Harold Wayne Mason, 155, junior, letterman; Dwayne Cox, 155, junior, B team; Bobby Ford, 175, junior, letterman; Mike Gary, 147, sophomore, B

team; Bill Jackson, 155, junior, transfer; Darrell Haley, 145, sophomore, transfer.

TACKLES—Jimmy Ivie, 175, junior, letterman; Dean Johnston, 230, junior, letterman; Bobby Hudman, 163, junior, letterman; Jerry Nutt, 150, sophomore, B team; Tommy Campbell, 180, sophomore, transfer; Larry Williams, 227, junior, transfer.

Raiders to begin practice Sept. 1

LUBBOCK—Texas Tech launches its first season in the South-west Conference football race when fall practice begins here Sept. 1.

More than 60 candidates are expected. The Red Raiders open here against an old Border Conference foe, West Texas State, Sept. 17, then start the Southwest Conference schedule by playing Texas A&M in College Station the following week.

Among the gridgers will be 21 lettermen. OUTSTANDING BOWLER AWARD

Bill Miller (left), manager of the Post Bowling Center, is admiring a plaque he has just received for being named the Roswell, N. M., area's outstanding bowler of the year. The award was made by Clint Benefield (right) of Roswell's Red Rooster Lanes at a match here Saturday night between teams of Roswell and Lubbock bowlers. It was also the occasion of the Post Bowling Center's grand opening.—(Cal Casteel Photo)

Lubbock All Stars win bowling here

A large crowd which turned out Saturday night for the Grand Opening of the Post Bowling Center

saw the Red Rooster All Stars of Roswell, N. M., defeat a team of Lubbock All Stars by 74 pins in a three-game exhibition match.

They also got a special treat—the presentation of a gold plaque to Billy Miller, manager of the new bowling center, as the 1960 "bowler of the year" at Roswell.

The surprise presentation unnerved Billy a bit with two of his four teammates on the Roswell team turning in better games during the exhibition.

The Roosters took two out of the three games in the match, winning the first 947 to 888 and the third 994 to 950 pins and dropping the middle game 977 to 948.

High games for the Roswell bowlers were Bill Miller 291, E Sullivan 245, Leo Alessandri 189, Jim Rardiz 231, and Clint Benefield 206.

High games for the Lubbock bowlers were Ben Brown's 237, Ronnie Brown's 243, Dale Sanner's 215, E. B. Dozier's 181, and Elmer Calhoag 169.

The high three game total for the evening was Ed Sullivan's 683, which averaged well over 200. High three game total for the Lubbock team was Ronnie Brown with 638.

At meeting Friday night

Bowling leagues to be organized

Men's and women's bowling leagues will be organized at a meeting at 8 o'clock Friday night at Post Bowling Center, Billy Miller, manager, has announced.

All bowlers interested in league play are asked to attend and help elect officers for the leagues.

Free ice cream will be served to all attending the organizational meeting, Miller said.

In the meantime, any bowler who wants to participate in league bowling is asked to sign up at the desk at the bowling center for assignment to a team.

"The sooner you sign the surer

you are of assignment in the first two leagues being formed," the manager said.

HANDICAP LEAGUES
Miller said tentative plans call for the organization of a Women's Caprock Handicap League and a Men's Caprock Handicap League, with bowling in the women's league to begin at 6:30 p.m. Mondays and in the men's league at 6:30 p.m. Tuesdays.

A Textile League for employees of Postex Mills is also planned for Wednesday night play, and a Mixed Church League for Thursday night play.

Also to be organized is a Junior Mixed League—for bowlers 12 to 17—for play beginning at 10 a.m. each Saturday.

The manager said all league play will be of handicap nature, with the averages refigured after each match of league play.

"This will give everybody a fair chance," Miller said.

Hunting, fishing licenses being mailed deputies

AUSTIN—New hunting and fishing licenses for the 1960-61 season are being mailed to licensees deputies throughout the state this week, according to C. L. Friou, fiscal director of the Game & Fish Commission.

The licenses will reach these deputies in time for buying by Sept. 1, when a new license is required. They will be available at most sporting goods stores, from county clerks and game wardens.

Fishing licenses will sell for \$2.15 for either resident or non-resident. A license is required of anyone between the ages of 16 and 65 who fishes outside his home county, or fishing anywhere with a rod and reel.

A new hunting license form has been prepared for the up-coming season. The resident license will sell for \$3.15 and is required for all persons between 16 and 65 who hunt outside their own counties.

The new license will not be effective until Sept. 1, and persons caught hunting or fishing between now and that time without their old license will be subject to prosecution.

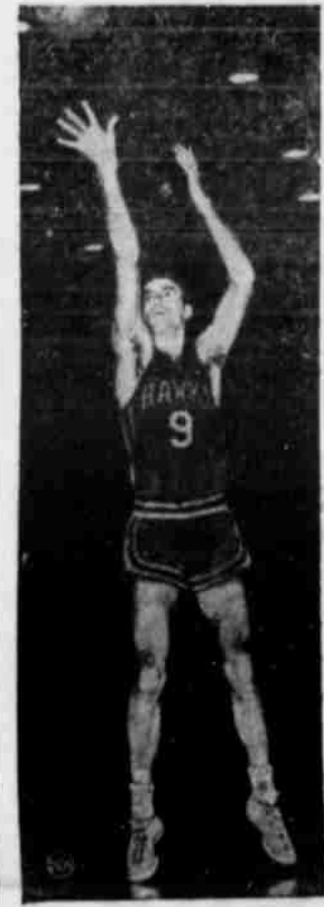

The new licenses are expected to go on sale after Aug. 25.

Eagles to open against Bula

The Southland Eagles will play their first 1960 football game at home Friday night, Sept. 2, against Bula.

Although losing a number of starters from last season's eight-man district championship team, Coach Duane Locke has "the horses" for another title contender this year.

Twenty-one boys are out for practice. Starting time of the opening game is 7:30 p.m.

PRO CAGER

Local basketball fans will have a chance to see big Bob Pettit, above, in action when the St. Louis Hawks meet the Cincinnati Royals on the night of Oct. 4 in Lubbock Coliseum. The 6-9 Pettit has been named to the all-NBA team in each of six seasons with the Hawks, and twice has been chosen as the league's outstanding player. Tickets for the Lubbock game, priced at \$3, \$2.50 and \$2, may be ordered by mailing a check to Pro Basketball, Box 5002, Lubbock.

All Bowlers interested in League play are asked to attend to name your representatives to run the bowling leagues. FREE ICE CREAM TO ALL ATTENDING.

OUR BOWLING LEAGUE PLANS

Our tentative plans for our new bowling leagues call for the organization of a Women's Caprock Handicap League to bowl at 6:30 p. m. each Monday. A Men's Caprock Handicap League will bowl beginning at 6:30 p. m. each Tuesday night.

A Textile League for Postex employees is being scheduled for Wednesday nights and a Mixed Church League (four member teams, two men and two women) for each Thursday night. Friday night will probably be held for open bowling during the fall football season.

A Junior Mixed League for teenagers, 12 to 17, will be organized for play beginning at 10 a. m. each Saturday.

Probably second men's and women's leagues will be organized for play at 9 p. m. on Mondays and Tuesday nights.

Four lanes will be held for open bowling on all nights.

All league play will be of handicap nature with the handicaps being figured at 70 per cent of the difference between the player's average per game and 200. The average will be refigured after each match of league play. This gives everybody a fair chance.

Cost of sponsoring a team will be \$15 for the season.

All interested in any of the leagues are asked to register as soon as possible. Please come to the bowling association organizational meeting Friday night when officers will be elected by the bowlers themselves and plans drawn.

BILLY MILLER, Manager

SIGN UP NOW

Any man or woman bowler who wants to participate in league bowling is asked to sign up now at the desk in the bowling center. You will be assigned to a team. The sooner you sign the surer you are of assignment in the first two leagues being formed.

It's still costly to fish without license

AUSTIN — There were many lucky fishermen in Texas during August, but 400 of them definitely weren't. Of the 501 arrests made by game wardens last month, 400 of them were for fishing without the \$2.15 license required.

Unlucky hunters also were arrested for hunting from automobiles, killing deer, quail and curlew out of season.

Two more fishermen also paid fines for "telephoning," which is the use of electrical device for taking fish.

The 501 arrested paid fines and costs totaling \$8,544.80 according to the director of law enforcement, Game and Fish Commission.

ALMOST PINCHED—A Chrysler rolled into Detroit from Chicago on three wheels and almost earned a ticket from Patrolman Raymond Brewington. But the lady pointed out that it was only an engineering test to prove that nobody construction makes cars so strong that they don't sag even when you take off a front wheel for 300 miles. Note to motorists—don't try this unless you have a ton of weight in the trunk as this engineering test car does.

Mr. Jacob Ebenhardinger, a blacksmith, of New Hannover, township, Mont. County, has recently invented a very neat and convenient four wheeled carriage or wagon, to be propelled by manual labor. The occupant has a seat something like a suiky, and guides the machine with one hand, and propels it with the other, with the aid of treadles under the feet. It can be moved with facility upon all roads, up hill and down, and on the level will accomplish, in the hands of its inventor, a mile in some three or four minutes.

Don't Forget — The Youngsters Will Come Running When Post Schools Open Next Thursday, Sept. 1

Don't Be The Motorist Who Sees This Through His Windshield

Don't be the motorist who in one horror-filled moment must ask himself the question, "Why?", or try to explain it to the parents of the boy lying still and quiet in the street. Hundreds of Post youngsters will start back to school next Thursday—full of exuberance and fun. Be extra careful where they are concerned. Parents taking and picking up their children at school should be sure they drive up on the "school side" of the street so the youngsters don't have to cross that busy traffic-way.

Bible Thoughts

"TREAT OTHERS THE WAY YOU WANT TO BE TREATED"

By RONNIE PARKER

The most sublime precept relative to men's conduct toward each other is to treat others the way you want them to treat you.

Jesus put it this way, "Therefore all things whatsoever ye would that men should do to you, do ye even so to them; for this is the law and the prophets." (Matt. 7:12.)

This command has been usually called the Savior's Golden Rule, a name given to it on account of its great value. All that we expect or desire of others, do to them. Put yourself in the place of the other and ask what you would expect of him. One has said, "Whatever is hateful to you, do not do to another."

This would make you impartial, and just. It would destroy envy, treachery, unkindness, slander, theft, adultery, and murder. It has well been said that this law is what the balance-wheel is to machinery. It would prevent all irregularity of movement in the moral world.

The law is easily applied its justice is seen by all men, and all must acknowledge its force and value. Have you used it? You can use it every day with everybody you meet. Why not make it a point to apply the rule habitually.

Post High School Chapter

David Lee, a second year ag student and junior at Post High School, is receiving a new and valued experience. David was selected at the end of school last year to care for the Spotted Poland China gilt which was bought by the Voc. Ag. boys. About two weeks ago, David attended the sow as she farrowed nine pigs. She has eight of the pigs at the present time. The pigs will be used as projects by boys taking agriculture next year. David will receive one of the pigs for caring for the sow.

The Post High School Department of Vocational Agriculture has been notified that it can erect an exhibit in the Agriculture Building at the Panhandle South Plains Fair to be held the latter part of September in Lubbock. The subject of the booth has not yet been selected, but must deal with a new idea in agriculture for the education of both farmers and townpeople who view the exhibits. Post placed fifth with the exhibit it erected at the fair two years ago.

Area youngster finally sees balloon satellite

Add Kenneth Thompson of the Graham community to the list of those who have spotted the new balloon satellite Echo 1 streaking across the sky.

Watching from the back door of his home, Kenneth first saw the satellite at about 11:30 p. m. Monday. His parents, Mr. and Mrs. Dillard Thompson, joined him for a "peek," but soon retired, leaving their son to watch it alone.

Kenneth described the satellite as looking like a bright star traveling across the sky. He said it looked at times as if it was going to hit a star.

The satellite faded from view around midnight, but left the youth satisfied at having at last seen one in orbit.

Lynn County decision slated on jail bids

TAHOKA—Lynn County commissioners will meet Monday to decide whether to accept or reject the low bid for a proposed new \$125,000 county jail.

County Judge W. M. Mathis said the commissioner considered the bids opened earlier this month too high. The architects now are attempting to make adjustments to lower the cost.

Lynn County is faced with the choice of furnishing a jail which will meet provisions of a 1957 state law by next May or of housing its prisoners in other counties, Judge Mathis said.

About Your HEALTH

A weekly public service feature from Dr. HENRY A. WOLFE, D.D.S., Consultant of Health.

There's a one to five chance your youngster needs a major teeth straightening job, since an estimated one-fifth of the nation's children suffer from "malocclusion", or improper alignment of teeth.

A generation ago, parents of young children with teeth which did not meet properly were usually advised to "let them alone and nature will correct the situation." Today we know better. Malocclusion is a condition to be corrected by a dental specialist known as an "orthodontist." Nature by herself is a very poor straightener of crooked teeth.

Although the public is just now becoming aware of the health significance of malocclusion, experience has taught dentists that crooked teeth contribute to decay, faulty speech and malnutrition. One of the worst results of malocclusion is the psychological stress borne by a child singled out for ridicule by his friends because of "buck teeth."

A child with facial deformities such as those caused by misshapen teeth may develop traits of indecision and begin to doubt his ability to cope with problems in his environment, psychologists say.

What causes teeth to erupt irregularly? Dentists agree that heredity is probably one important cause. Another is persistent thumbsucking and abnormal pressures against the jaw. Living bone, contrary to popular thought, is not always hard and unyielding. The entire jaw structure can be molded by gentle, persistent pressure.

In the case of thumbsucking, dentists believe that if the habit can be broken before age 5, there is a good chance the teeth may return to normal position without harmful effects.

Another cause of malocclusion is prolonged retention of baby teeth. Permanent teeth which follow are then prevented from arranging themselves properly.

On the other hand, when primary teeth are lost too early, adjoining teeth may tend to tip and "migrate," crowding into spaces where permanent teeth should erupt.

There are different methods of bringing teeth into proper alignment. Sometimes it may be necessary to extract teeth to make room. In some cases a plastic or wire appliance may be fitted to the teeth to guide them into position by pressure.

Whatever the method, it is calculated to help the youngster avoid the fate of a "buck tooth."

VISIT FROM ABILENE

Mrs. R. B. Taylor and Mrs. Dickie Massey of Abilene spent last week here visiting their parents, Mr. and Mrs. John B. Guthrie. They returned home Sunday.

For the first time since partition, India has allowed a train to pass through its territory from East Pakistan to Karachi, in West Pakistan. It carried 800 pilgrims.

It's the Law in Texas...

REASONABLE TIME

Before a contract arises someone must make an offer and another must accept it.

Without an offer, no acceptance, with no acceptance, no agreement.

But there is often a time within which you can accept the offer. And if not, the offer ends anyhow within a "reasonable time" which is determined by circumstances and the parties' intentions.

Smith had a set of books which Brown wanted. Brown wrote and offered him \$200 for the set.

Smith didn't answer for six months, and meantime Brown bought a similar set. One day Brown got a letter from Smith saying "I accept your offer of \$200 for the set of books."

Brown told Smith he'd bought the books elsewhere, but Smith still claimed that his belated "acceptance" had nevertheless sealed the contract with Brown.

Was there a contract? No, the offer had lapsed because it had not been accepted in the circumstances within a reasonable time.

There are many ways to end an offer. You may withdraw it, or the offer expires at a given time, or you may die, or the other party may turn it down directly or by making a counter offer.

Here Smith has failed to accept Brown's offer within a reasonable time, which ended it just as though it had been withdrawn.

What is a reasonable time? It varies. The offer could expire in a few minutes in the stock market or last for quite a while, depending upon what a court would think is a reasonable time.

But in Smith's case six months was unreasonable.

Dr. Hollis A. Moore of Dallas

State educator dies; brother of Post man

R. A. (Roy) Moore of Post was in Tyler Wednesday of last week to attend funeral services for his brother, Dr. Hollis A. Moore, 63, leading Texas educator and former Tyler superintendent of schools, who died of a heart attack in Austin Monday night where he was to attend a meeting of the Texas Education Agency committee.

R. A. Moore and other members of the family were at Possum Kingdom on a vacation trip when they received word of his brother's death.

Dr. Moore, a resident of Dallas, was active in Baptist layman circles and was a Mason.

At the time of his death, he was regional representative for the U. S. Office of Education in Dallas, to which post he was appointed in December, 1959. He was superintendent of schools at Tyler from 1951 to 1959.

A native of Mt. Vernon, Mo., Dr. Moore held degrees from Teachers College in Springfield,

Mo., Missouri University and the University of Texas. He was a veteran of World War I.

Dr. Moore's first education post was as principal and teacher in Pierce, Mo. He later served as superintendent of schools in Jasper, Mo., LaFeria, Tex., Kerrville, Tex., and Greeley, Colo.

He headed the Gilmer-Aikin Study for the Texas Legislature in 1948, with his doctoral thesis serving as background material for the cross-country research program.

He was a past secretary of the Texas Assn. of School Administrators and a former president of the American Assn. of School Administrators.

He is survived by his wife, two sons, one daughter, two brothers, two sisters and four grandchildren.

RETURN FROM VACATION
Mr. and Mrs. Harold Lucas family returned Sunday from a vacation trip to Illinois and Missouri. They were accompanied on trip by his parents, Mr. and A. M. Lucas, in Kansas City; they visited the latter's son family, Mr. and Mrs. William Cas, and in Mundelein, Ill., visited their daughter, Mrs. B. Morrison, and family.

Women's right to vote followed long struggle

years ago the U. S. was under the same thundering and rolling bandwagon that comprise a presidential campaign, with one hair-difference—women were to cast their vote for the time on a nationwide scale. Men of politics had their guard and regard whether women might be seduced or turn politics into a party play, as opponents of the state took back the privilege in 1907.

Women joined the labor force in new factories, and began to fight for temperance and the abolition of slavery, they had a forum to air their pet

U. S., stirred public discussion in 1848.

Two years later reformers, male and female, from the entire country assembled at Worcester, Mass., as the Woman's Rights Convention. The crusade was in full swing when the adoption of the Fifteenth Amendment divided the forces of reform.

The radicals, led by Susan B. Anthony and Elizabeth Cady Stanton, opposed the amendment because it gave the vote to Negro men but not to women. They organized the National Woman Suffrage Association.

A more moderate group founded the American Woman Suffrage Association and concentrated on persuading the states rather than the federal government to grant voting rights to women.

In 1872 the determined Miss Anthony was arrested for voting and her trial focused wide attention on the feminist fight.

Several states granted woman suffrage in the 1890's and others began to take the idea more seriously. At the same time, the suffragists re-united in the National American Suffrage Association and prepared for the big push.

Their chance came with World War I and the expanding role of women.

Militant womanhood descended on Washington, D. C. They paraded through the capital, picketed the White House and carried on hunger strikes in jail.

In 1917 a woman suffrage amendment to the Constitution was submitted to the House of Representatives. The pressure was stepped up and in 1918 Woodrow Wilson personally went before a joint session of Congress to urge passage. Congress took action and the last of the necessary three-fourths of the states approved the Nineteenth Amendment in August, 1920, just in time for the presidential election.

Time now to sample soil for fall crops

COLLEGE STATION — Fall is not too far away. Plans should be made now, and lime cost money, and work on how much to use is not very efficient farm-Dr. W. F. Bennett, extension chemist, says the only way to estimate this guessing is to take soil samples.

The farmer must remember that samples are of very little value if they truly represent the soil conditions of the field. Samples may be taken in several different ways, but Dr. Bennett says that anyone taking a sample must remember a few requirements. These include: one sample from each unit-area in the field.

A representative sample may be obtained by taking a slice of soil 1 inch deep, and repeating at 15 or 20 different places over the field.

Use soil auger, soil probe or soil trowel may be used to take a sample.

Small portions from the field should be mixed and composite sample taken and put in a soil carton.

Labels on the soil carton and analysis sheet should be filled completely.

Samples should be taken early to insure plenty of time for mailing. Soil cartons, information sheets, mailing instructions and additional information may be obtained from the local county Dr. Bennett concluded.

Tech graduates two from Post

Two from Post, Lee Wayne Sullenger and John Edd May, were among those receiving degrees at commencement exercises at Texas Tech in Lubbock.

Sullenger, majoring in English, received a Bachelor of Arts degree.

May, a member of the Post High School faculty, received his Master of Education degree from the college's Graduate School. He majored in agricultural education.
