The Post High School Class Favorites pictured here today were selected by voting in their respective classes several months ago. These pictures will be reproduced in full pages in the 1948 Caprock school annual, which had not arrived here by press time. Supt. G. R. Day was informed this week that the annuals will be here for distribution Monday.

### Post Exceeds Its Membership Quota In WTCC This Year

Post has "an astoundingly fine membership" in the West Texas Chamber of Commerce, veteran WTCC representative Max Bentley told the Post Dispatch Tuesday.

Bentley, who is editor of West Texas Today, monthly magazine published by WTCC, was in Post Monday night and Tuesday collecting dues from old members and enrolling new members. He said Post now has 40 active members in the organization and indicated that this is a record for a town the size of Post. The 1948 membership quota was exceeded by 29 per cent.

New members enrolled Tuesday were the Plains Lumber Company, Hundley's the Post Dispatch, Collier Drug Company, Kash and Karry, Wacker's, Hudman Furniture Company, Carl Webb, Mrs. Della Justice, Shelley Camp, Garza.

### Thomas D. Odom Dies Here Sunday

Funeral services for Thomas Daniel Odom, a Post resident for 32 years, were conducted at 4 o'clock Sunday afternoon at the Calvary Baptist Church. He died at his home at 2 o'clock Sunday morning. He was a retired textile worker.

The Rev. I. D. Walker officiated. Burial was in Terrace cemetery with Mason and Company in charge.

Survivors include four sons, Arthur, Lyda and Oles Odom, all of Post; two daughters, Mrs. Ollie Creed and Mrs. Nora Vance, both of Waxahachie; 33 grandchildren, and 12 great grandchildren.

### Post School Band Will March In Rodeo Parade

Everybody is looking forward to this year's rodeo parades, which will be livelier than ever because of the participation of Post's new school band. The parades will be held just before the rodeo performances May 20, 21, and 22.

O. D. Cardwell, who is in charge of the parade, is asking merchants to turn in the names of their sponsors to him as soon as possible.

and to advise him as to whether or not they will have a float. A number of merchants have indicated already that they will enter floats. The parade committee, of course, wants as many floats as possible.

A prize will be given in the merchant sponsor division of the parade.

### Money Coming In Fine For Two Draw Project

The Committee To Re-Do Two Draw Lake this week has been contacting the utilities companies and other big organizations in the area in the hope that each will buy at least \$1,000 worth of stock in the proposed project.

A check for \$1,000 was received by the committee yesterday from Theatre Enterprises, Inc., owner of the Garza Theatre.

Other stock has been bought to date as follows: First National Bank, and Jim Hundley, each \$1,000; Post Clinic, \$750; and the Algerita Hotel, John Herd, Walter Duckworth and O. G. Hamilton, \$500 each, bringing the total to \$4,750.

Money for building the dam, bathhouse, etc., or approximately \$25,000, must be raised before the Double U Company, which owns the proposed site, will negotiate.

### Work Beginning On New Electric Line

A survey crew for the Southwestern Public Service Company's new 69KV line from Post through Tahoka to Brownfield arrived here Monday to spend two weeks making the survey.

At the end of the two weeks, a construction crew of 50 men will move in to begin the installation. The crew will bring 20 trailer houses for living quarters, Ted Hibbs, local manager for the company said yesterday.

### C. J. Josey Is Ill Near Wichita Falls

C. J. Josey, Post groceryman who disappeared from his home here the morning of May 3, was found Thursday afternoon in Jackson, Miss., by clues resulting from newspaper and radio publicity given to his disappearance.

He is now under the care of a specialist near Wichita Falls. He is suffering from a nervous breakdown, his brother, Walter Josey said yesterday.

The brother said the missing man hitch-hiked to Mississippi, traveling the last leg with a Jackson resident, E. R. Owen, who heard about his disappearance and telephoned Mrs. Josey last Thursday.

Mrs. Josey and children, C. J., Jr., and Lou, and Walter Josey went to Jackson last Thursday but learned, on arrival there, that C. J. had departed for Texas. They later learned that he traveled with Ernest Lloyd of Fort Worth, who brought him as far as Wichita Falls. Mrs. Josey and the children went to visit him this week.

### New Toll Circuit

Two Southwestern Bell Telephone Company gangs with six men each are here stringing a new telephone toll circuit from Post to Slaton.

### Grade School Exercises To Be Tonight

High School Seniors of Post and Southland and Eighth Grade graduates of Post, Southland, Garnolia, Graham and Close City are big news this week.

The local Eighth Grade Commencement Exercises will be held at 8 o'clock tonight in the high school auditorium. The program will feature the theme, "A Garden of Memories." Dale Karpe will be valedictorian and Cordell Custer will be salutatorian.

Viola King will be valedictorian and Twila Welch will be salutatorian for the high school Commencement here tomorrow night, beginning at 8 o'clock. The Rotary Club's annual \$50 scholarship will be awarded to an outstanding Senior during the exercises by James Minor, president. Identity of the recipient was not known by press time.

The high school Commencement will be followed tomorrow night by a reception honoring the graduates in the American Legion Hall. Hosts will be the Senior room mothers, Mrs. J. Lee Bowen, Mrs. L. S. Turner, Mrs. Boone Evans and Mrs. Noah Stone, and the mothers of all the Senior and Junior students.

The high school Seniors are being honored today by Wacker's store, which mailed each a card of congratulations and a ticket to the movie, "Out of the Past," at the Garza Theatre this afternoon and tonight. The Garza Theatre similarly honored the Seniors Tuesday, showing the popular film, "Ivy," with Joan Fontaine.

Women of the Church of Christ honored the Seniors with a backyard supper at the home of Mr. and Mrs. C. R. Thaxton last Friday night. A fried chicken meal was served to the Seniors and their dates, the room mothers and sponsors and their wives and husbands.

A capacity crowd attended the baccalaureate service for the Seniors Sunday night at the high school. The program included: Processional by Mrs. Ray N. Smith; invocation by the Rev. Joe Norton; hymn, "Onward Christian Soldiers," Junior Girls' Choir and the audience; scripture, the Rev. L. H. Welch; chorus, "Give of Your Best To the Master," Junior girls and audience; benediction by Paul Mayr, and recessional by Mrs. Smith.

The 1948 Senior class had 13 honor students. Brief autobiographies of the highest 10 are printed elsewhere in this issue. The other three are N. W. Stone, Helen Thaxton and Naomi Watron.

Southland Activities  
The Southland High School Baccalaureate will be held at the Baptist Church there Sunday.

### Four-H Building Fund Is Growing Slowly, Steadily

A total of \$1,153 has been raised to date for the Garza County 4-H Club building fund. Robert H. Gibson, county agricultural agent, said yesterday that the following contributions have been received since the last published report:

L. E. (Buck) Gossett, \$25; Mrs. Julius Fumagalli, Charlie Bird, Allen Bird and Wilbur Morris, \$10 each; J. W. McQuien, \$5; Don Hodges, A. M. Lucas, J. S. Nichols and Lester Nichols, \$2.50 each; Harold Lucas, C. F. Taylor and Harold Rankin, \$2 each.

Contributions are still coming in, Gibson said, but quite a bit more money is needed.

### Polnacs Will Attend Funeral For Brother

The body of Tech. Sgt. Frank A. Gray of Gorman, air corps liaison pilot who was killed over Burma in August, 1944, is expected to arrive in Texas in about three weeks. He was a brother of Mrs. Huron A. Polnac.

The Polnac family plans to attend the funeral service in Gorman and the burial service in Comanche.

## Weaker (?) Sex Wins Top Honors Among Graduates

The 10 top-ranking Seniors in the 1948 Post High School graduation class are girls. In keeping with a three-year-old custom of the Post Dispatch, each was asked to write a short summary of her life history. They follow in the order in which the girls ranked on the honor roll:

### Viola King

There were hopes of my parents having a quiet and pleasant Sunday afternoon at home when, at approximately 2 o'clock, the day was marred for them by the appearance of a squawling brat whom they dubbed Viola (Vi for short) just for spite. At first glimpse of my parents, I could see disgust written on their faces, for I was the fifth daughter amidst only two boys.

I started to school at Blackwell, where my parents had moved from Post, and spent the first two years of my school career there. The remainder of that career has been spent in Garza County, two years at Cross Roads, two years in the Post Grade School, and then P.H.S. where I spent the best four years of my life.

Next fall I will enter Tech with secretarial training as a major. After a career as a millionaire's secretary, I hope to fool some poor guy and have marriage as a career.

### Twila Welch

On a cold day, January 10, 1931,

**Mason & Co.**

Mr. and Mrs. L. H. Welch became the parents of a daughter named Twila Dean. My early life was spent in Fort Worth and on a farm near Colorado City.

My school life began in Mitchell County and I attended nine other schools before entering Post High for the last two years. Post is more like home than any place I've lived and I would like to settle down here but, being both a teacher's and a minister's daughter, I'm sure that I will have other homes.

I plan to attend Texas Tech this summer. My plans for future studies are undecided as yet—and like all other girls I have my dreams.

### Dolores Moore

On September 20, 1930, at 2:15 p.m., Mr. and Mrs. R. A. Moore of Kiowa, Kans., became the parents of a 6½ lb. girl. That child is now a slightly heavier young lady named Dolores Moore.

I went to the first grade in Kiowa, then attended school in Canadian, Tex., Merced, Calif., Kolbrook, Ariz., and Mooreland, Okla., before moving to Mountainair, N. M. where I was graduated from the Eighth Grade. I spent my first two years of high school at Mooreland, then came to Post in August, 1946.

This past year I enjoyed being on the annual staff. I hope to become a commercial artist. I want to go to the University of Texas this fall. Please wish me luck—I'll need it.

### Billie Louise Nichols

In a little white house on the outskirts of Post at exactly 7:10 p.m. on September 24, 1931, there was born to Mr. and Mrs. Lester Nichols a little baby girl, Billie Louise.

Nothing of much interest happened while she was growing up, but when she entered high school things really started happening. Besides her school work, which of course was important, she was editor-in-chief of "The Caprock," had a part in the Senior play and wrote the class prophesy. She also played on the girls' basketball team the past two years.

She is planning to enter Hardin-Simmons University in the fall. After that, who knows?

### Verna Lee Parrish

I, Verna Lee Parrish, was born December 7, 1930, in the Grassland Community and lived there for 15 years, attending Grassland Schools until my Sophomore year when I entered Tahoka High School. After we moved to the Garnolia Community, I entered P.H.S. for my last two years.

My future plans are rather indefinite. I don't know what I want to do but the first thing on the list is to sleep for about three weeks straight and forget all about school and studying.

### Jane Ann Turner

Way back in 1931 on the third day of March, my parents received a bundle (me) on one of the stormiest nights in history.

My earlier schooling took place in Graham Chapel, where I went until I entered Post school in the Eighth Grade. Some of the things that made my high school days enjoyable included being Eighth Grade secretary, Favorite of the Eighth Grade Class, Freshman vice-president, high point Freshman, Sophomore reporter, Halloween Queen in 1945, president of the Junior Class, Football Queen in 1946, Football reporter in 1946 and business manager of the Caprock this year.

I plan to enter Abilene Christian College this fall.

### Bonnie Bowen

On a small agricultural estate approximately one mile from the city of Post the Lee Bowen family was honored by my presence for the first time on October 30, 1931. I resided upon this said estate for a period of four years. In 1935 we moved to Big Spring. However, it was impossible for us to stay away from Post any longer than six months, so we returned to abide here.

I began my schooling career at the early age of five years. Time passed rapidly until the time came for me to be transferred to a larger and more important establishment known as Post High School.

The first year offered many exciting events. Several happenings stand out as important to me that took place during my Sophomore year such as my first steady boy-friend and breaking my collar-bone on the way to the picnic. I was beginning to feel my importance by the time I had become a sophisticated Senior. Now the Senior year is passed with all its splendor. It has been something to remember from beginning to end, with the swell times; Jr.-Sr. Banquet, the Senior entertainments given by various churches and organiza-

tions and best of all our Senior trip.

I plan to enter Hardin-Simmons University for the fall term where I will become an insignificant Freshman again. I will then start my climb for the top once more.

### Jo Rita Ray

On September 30, 1930, in the New Home Community, I, Jo Rita Ray, entered the home of Mr. and Mrs. Henry Ray. I went to grade school there until I was a Freshman at which time I attended Cooper High School. I was elected class secretary, class favorite and student council representative.

I then spent my Sophomore and Junior years back at New Home. Both of these years I was selected high point student and was also class reporter and editor of El Leopard.

On May 17, 1947, I moved to Garza County to join my parents who had moved here earlier.

I plan to either work or attend college.

### Margie Beth Edwards

On a dreamy Friday 13 in 1931 I entered the world, and the home of Mr. and Mrs. L. S. Edwards. My earlier life was spent on a farm until I started to school at Magnolia. I spent my second year at Garlynn and then entered the Garnolia school my third year. In my seventh year I moved to Post.

During my Sophomore year, I was surprised by receiving the scholastic award for the highest average.

I look over my high school days with a feeling of satisfaction and happiness. I wouldn't take anything for the chance to attend school and I am now ready to face the future and whatever it may hold.

### Billie Sue Quisenberry

On February 21, 1931, Mr. and Mrs. W. C. Quisenberry of the Grassburr Community became the proud parents of a blue-eyed, bald-headed, later blonde-headed baby girl whom they named Billie Sue.

I started to school in September, 1937, at Grassburr. After six weeks, we moved to Wichita Falls.

## French Boy Writes To Methodist Class

A letter from 12-year-old Daniel Parage of Vosges, France, is received each month by the Senior High Department of the First Methodist Church in appreciation of the \$8 a month which the class contributes to his upkeep. Recently Daniel sent several pictures of himself and some scenes in eastern France, where he lives.

where I went to school two years; then we moved back to Garza County. When in the Seventh Grade I entered the Post School.

My favorite sport is tennis. I also like to read and go to movies. Once in my life I wanted to go to

college and I also wanted a nurse; but it seems that plans for the future, these are not included.

I plan to be married to Mr. Jinkins in June and live a quiet life.

ROGER W. BABSON WRITES THIS WEEK:

# Seeking New Highs In Living Standards Is Advised

Babson Park, Mass.—I have to-day returned from a trip throughout the great Central West—the "Magic Circle" of America. During the winter in Florida, I was rather blue due to the waste and indifference that I saw there. On Saint Patrick's Day, however, I heard a message of courage and decision broadcast to the world by our Chief Executive and Commander-in-chief of our armed forces. If this has aroused the U.S.A. to new purpose and productivity as it aroused me, good times for the next few years are "possible"—Provided: We can match our new-found faith with a proportionate output of goodwill,

## Garza and the World

Editor's Note—Opinions expressed here are those of the author, and they do not necessarily reflect the opinions or policies of the Post Dispatch. The column is carried in the interest of applying world news to the situation here at home.

By EVELYN BOYD

I never know until Wednesday, before the paper is published each week, whether we'll have eight, 10, 12, 14, 16 or more pages.

It is my job to write enough copy to fill up the maximum number of pages. I begin this task each week on Thursday afternoon after the current issue has gone to press. By the following Wednesday, when I learn how many pages we will have, I try to have enough copy lined up to fill 16 or 18 pages, if necessary.

Consequently, I have eight to a dozen or more columns of type left over when we have only 12 pages or less. The number of advertisements we sell, of course, determines the number of pages we will publish. A 12-page paper is average for us, but every time we come out with a paper that small—some people are disappointed because at the last minute we had to pull in a black lace mantilla.

There were some good comedy numbers. Comedy is the most difficult type of entertainment to accomplish successfully, and those youngsters certainly were excellent. By far the best number on the program, in my opinion, was La-Rue Stevens, wearing hick clothes and singing and dancing "Goofus." I think we ought to take her on the rodeo booster trips.

The next best comedy number, and one of the best acts on the program was "Corabelle" sung and danced by Natalie Tracy and a hill-billy clad chorus made up of Maxine Baylis, Lenona Stone, Mary Jo Williams, Bobby Cowdrey and Harlan Pennington.

I believe I laughed just as much, however, at three little boys, Morris Bird, Clark Cowdrey and Tommy Martin. They were funny, even in serious numbers, because they were putting so much enthusiasm into the project, and they were very good, particularly in a number titled "I Can't Get Offa My Horse." The boys appeared in most of their numbers with a chorus of girls, including Freada Kennedy, Connie Marie King, Leslie Nichols, Ann Osborne, Wynona Pennington and George Ann Sartain.

These last named youngsters really have personality and talent. A few more years, at the rate they are going, they will be ready for the big time shows—particularly that little Nichols girl.

I just can't adequately express what a fine thing it is for Post to have Mrs. Stallings and Iris to get up such good programs and develop the artistic talents that so many Garza County children have.

ours today, we have the ironic—and goods! Readers of this column will recall that repeatedly I have stressed, if production fails to keep pace with demand, all of us could be caught up in a tornado of inflation—the vicious "boom and bust" spiral. Furthermore, the threat of communism and other storm-clouds had also darkened our outlook for the nearby nineteen-fifties. Therefore, I had been distressed for sometime by the "take-it-easy" attitude of our people.

My trip of the past few weeks has changed my attitude and strengthened my faith. I found that President Truman—with that speech—pepped up the entire nation. I found farmers, ranchers, merchants, manufacturers and even hard-boiled bankers in a new

and better mood. They—like myself—are more hopeful than for two years.

I am heartily in accord with the growing conviction that a great demand of the period next ahead will be a universal desire and need for capital. Not even the impenetrable Iron Curtain can conceal the fact that Russians, Americans and all other divisions of the globe are subject to the same Iron Law! Namely: People cannot keep on forever consuming and/or exporting more than they produce. It is the old axiom of "Root, hog, or die." It matters little in what part of the world you set the pig trough. Yet capital cannot be manufactured by your local banker. It must be saved by you and me.

Hence, in this old-new world of situation that the United States,

the United Kingdom and the U.S.S.R., tomorrow will be united in their common need for capital. How on earth is humanity—whether East or West—to get this capital, this life-blood of the world's economic future? Only by all of us producing more than we can consume, and allowing the surplus to accumulate. Everyone in business these days is in the same boat, eager to get more capital, in one form or another. It is the common story, from wholesaler to retailer, from Maine to California; from Moscow U.S.S.R. to Washington, D.C.

Another thing: We must accept the economic truth that in a period of prosperity people will not be content with a mere "something to eat". Alert and informed families will ask more about the nutritional value of the soils

where their goods are grown. Hence, I predict that housewives of the "fifties" will become students of the principal that good foods originate in good soils. The agriculture of the "fifties" will tend toward a combine of engineering and organic chemistry. Then there are hundreds of important new inventions ready to come on the market.

The day is dawning when we shall classify "producers" not only farmers, manufacturers and miners,—but all who apply integrity and ability to the betterment of the country. "Producers" are those who unite to produce superior goods and/or services at efficient costs. They, with the help of the teachers and preachers are the hope of America.

Yes, I now feel that more good years are possible, but like so

many other good things, they to be had only if we are willing to pay the price. Looking forward to the potential prosperity of nineteen-fifties, the price is marked in bold letters for all to read. It says: We all must produce more and save more. Here, is the neighborly advice which I am giving,—and trying to myself.

Do not look backward at things as they were, however precious the memories, nor strive to keep things as they are. Let's all unite to create new standards both material and spiritual. Work and faith are the and final securities. If we those first things first, the nineteen-fifties can be good to all and we can forget "boom bust" for awhile at least.

Every town has its handful of people who contribute the indescribable "something extra" which makes the place more enjoyable and esthetically worthwhile.

For a number of years, Mrs. J. A. Stallings has been quietly, unobtrusively pursuing a small career which has brought large returns to the city of Post.

Mrs. Stallings never asks for any publicity and she will be embarrassed—almost to tears—when she reads this. She doesn't push her pupils, but she is always willing to assist them in putting on a program for the benefit of anything or anybody who needs benefitting.

This generosity on her part plus the many, many hours spent in training her pupils in personality singing make her the outstanding contributor to local culture in the entire county, in my opinion.

I looked in on her annual recital last Friday night, and I was amazed at the people there who must have gone merely to hear a good program. I recognized any number in the audience who are no kin to the participants. This is most unusual, in my observation.

I counted more than 30 youngsters—from 2 to 16 years of age—in the various groups that staged the cleverly costumed program. I couldn't recognize many of the kids, but I have a program here with their names on it and I hope I don't get mixed up while trying to write about their various talents.

I really don't know which I liked the best: The littlest ones or the biggest. The littlest ones included Beverly Bird, Camilla Carr, Kay Gordon, Judy Gossett, Carolyn Moore, Nonnie Rodgers, Charlotte Taylor and James Warren, who performed as a group in several numbers, and 2-year-old Sherry Moore who did a good job of singing "Four Leaf Clover" with her big sister, Carolyn.

The biggest ones were excellent in all their numbers and extra cute when they came out with big red bows on their shapely little shorts and sang "It Takes a Long, Long Train With a Red Caboose." Those girls are really a tribute to Mrs. Stallings and the work she and her able assistant, Iris Power, has done.

These girls include El Wanda Davies, who has a good voice, is most attractive and has the poise of a professional artist; Sue Bell Brister, one of the prettiest girls I ever saw; La Rue Stevens, who swings through her songs and dances with the ease of a Radio Center Rockette; Anita Kennedy, who is as at home doing a song and dance as her sister, "Bill" is while roping a calf—and as efficient; and Barbara Norris, who is good in either a solo or a group number. Nelda Floyd, another cute one, wasn't there for some reason or other.

I always enjoy the next to the littlest group—Sherry Custer, Marca Dean Holland, Ailene Norris, Clara Frances Smiley—whenever I hear them at Rotary Club, etc., but last Friday night they sang my favorite song, popular "Manana," and did it better than I've ever heard it. They were dressed in Mexican costumes, and Sherry Custer was most convincing

out some news that they submitted to us.

Often it's quite a chore, because I'm the one who takes the "cussing" after the paper comes out. Last week, I spent an hour or more pulling out some important stories and arguing with the boss over my selection of items to leave out. I have a hard time convincing him that I'd rather take a "cussing" from certain people than from certain other people.

For instance, I'd a heap rather have Jim Hundley crawl down my collar because I didn't get a story in the paper about Two Draw than to have to explain to a weeping relative of a deceased person that we didn't have room for the obituary.

I'm always safe, however, in pulling out my own original stories—bits of humor or satire or odd pieces of enlightenment. The following story is such an example, which got crowded out of last week's issue:

### Party Conventions Sort Of Flop Here

State and national politics, which has been brewing elsewhere for many months, is still hibernating here.

Nobody attended the Democratic precinct convention which was scheduled for Saturday nor the Democratic county convention which was to have been held Tuesday, according to T. R. Greenfield who would have been there had there been anyone else present. He said he might represent the Garza Democrats at the state convention in Brownwood.

It is rumored that several Republicans formed a county organization here Tuesday but the man whom rumor had elected secretary said he didn't attend and the Post Dispatch was unable to find a Republican who admitted knowing anything about the meeting.

Nobody kicked because the above story was omitted. On the other hand, there might have been a few squawks had it been published as a news item.

I wrote it merely as a conscientious follow-up on the announcements which we had published before the so-called conventions.

After I discovered that nobody here is interested, at this time (with the exception of Mr. Greenfield) in the Presidential election, I tried to write a column about it. But I felt too keenly on the subject. My column reeked with bitterness, and I tore it up... as I always try to do whenever I write something reflecting deep-seated disgust.

Merely writing the column, got the disgust out of my system and I don't mind at all that I tore it up. Having the bitterness out of my system, I have a more open mind for discussing the political situation with the known Republicans, who won't admit having anything to do with a county Republican organization, and with the in-a-rut Democrats, who are content to let the down-state politicians elect their delegation to the National Convention.

Maybe both these elements

## What Our Contemporaries Are Saying:

IS ZAT SO?—For some time now the American press has been discussing, with its customary zest and lack of restraint, the chances of a third world war, between Russia and the West. Divisions have been counted and campaigns fought on paper, while famous columnists have duly weighed the atom bomb against the Red Army.

In this country and in Europe there is still, perhaps wisely, a reluctance to do this openly. We feel that war, like death, is a subject which should be treated with reticence and left, as long as possible, to the professionals, whether they be doctors or diplomats.—Manchester (England) Guardian.

### HAVE DOGS INNOCULATED

—City authorities are calling attention to all owners of dogs in the city to the state law that requires dogs to be inoculated against rabies and that dogs be vaccinated for rabies and before you apply for your city dog tax you must present a certificate that he has been vaccinated.

A reasonable length of time will be granted to owners to comply with the law before officials start rounding up all unlicensed dogs. If you love your dog, be sure to comply with the above order.—Colorado Record.

did the right thing. It's quite possible that they have learned from past experience that there is no use working up their blood pressure over politics, when they are "too little" to buck the big boys.

I'm not bitter about it anymore. But I'm a little worried. If what they figure is true—about us being "too little" to buck the big boys in state and national politics—then our Democratic System REALLY HAS GONE TO POT.

next week in New York. It has been set tentatively for fall publication.

Having been granted a leave of absence from her creative writing classes at West Texas State College, Miss Erdman will leave this week. First she will go to Fort Worth for two talks at the Writers' Roundup there. Then she will go to New York for conferences with her publisher. While there she will speak before creative writing classes at Columbia University.

From New York Miss Erdman will go to Washington, where she will address the National Pen Women's convention. Then she will return by way of Fort Worth, where she has a speaking engagement at TCU.

Miss Erdman, who reached sudden fame last year when her novel "Years of the Locust" won the \$10,000 Red Book prize, and was adopted by several book clubs, says her new book has not been definitely titled. Its setting, like that of "Years of the Locust," is rural Missouri; but, says Miss Erdman, the story is entirely different.

"It concerns young people," she explains, "I feel it is a more mature book, and more smoothly put together."

In addition Miss Erdman has written two other books: "Separate Star" and "Fair Is the Morning."—Canyon News.

A STORMY CONVENTION — Stormy political conventions are not all held in Dallas and Houston, it was realized Tuesday afternoon when the Scurry County Democratic convention was staged in the district court room.

Matter of sending instructed delegates supporting President Harry Truman as nominee of the Democratic party brought about heated discussions by attendants at the county convention.

After much discussion delegates to the state convention, to be held at Brownwood May 25, were instructed to cast Scurry County's six votes for President Truman.

Only eight of the 28 Scurry County precincts were represented at the county convention.—Scurry County Times.

After weaning don't lose their Milk Fat!

**Keep Pigs Growing with PURINA PIG AND HOG CHOW**

Your "roly-poly" suckling pigs get many vital nutrients from their mother's milk... but after weaning you must supply those same nutrients in their ration to keep your pigs from losing that profitable milk fat.

Pig & Hog Chow, like sow's milk, supplies your pigs with large amounts of growth proteins—plus lots of quality vitamins and minerals they need to keep their "baby bloom" and to put on low-cost pounds rapidly.

So, after weaning this year, give your pigs the right start for a "finish"... balance your grain with Purina Pig & Hog Chow during the vital growing period.

## SOIL CONSERVATION DISTRICT NEWS

**Conservation Winners**  
Winners of the Save the Soil and Save Texas Soil Conservation Contest was announced this week. Ted Goodwin in northeast Dickens County was selected the outstanding Duck Creek Soil Conservation District cooperator. Conservation Group No. 53 northwest of Post was picked by the District Supervisors as the outstanding group. This group includes Ed Cummings, G. W. Northcutt, C. L. Morris, Truitt Fry, Weldon McGehee, W. P. Lester, S. C. Storie, Bryan Williams, J. P. Harrison, Elmer Hitt, Ben McGehee. In the state contest, the Red River Soil Conservation District won \$1,000 as the best District in the State.

Steel's Store Conservation Group in Brazos County won \$1,000 for being outstanding in carrying on soil conservation in a group. Bill and Harry Porter, brothers of Terrell, was awarded \$500 for an outstanding job of reclaiming eroded land.

**Grass Needs Rain**  
Grass seed planting made this spring by several Duck Creek

Soil Conservation District cooperators, like the pasture grass, needs rain. However scattered showers two weeks ago germinated some of the grass seed. About a half inch of rain on J. T. Simmonds 75 acres of weeping lovegrass planting brought up some of the seed. Soil technicians found seedling plants of both lovegrass and blue grama on the J. M. Lane place that Junior Wilks farms. T. R. Greenfield got an inch of rain on 20 acres of weeping lovegrass. Heavy winds following the rain rapidly dried the soil and small seedling lovegrass plants were found only in the low favorable spots. None of the seed germinated on 24 additional acres of lovegrass that Greenfield planted after the rain.

**Range Conservation**  
Merle Britton range conservationist assigned to the Post Work Unit, this week started to set 10 different 50 foot line transects on range land. A line transect is a measurement of the base width of grasses found below a 50 foot line. The line is stretched tight along the ground. Range line transects, like range condition classes, are inventories of the vegetation resources of range land. However, unlike range condition classes which are estimates of the kind and amount of grasses, line transects are exact measurements of all vegetation found along the line.

**Yearly Improvement Record**  
The intended use of range line transects is to have an exact record from year to year of the improvement of the range condition. Line transects take the guess work out of how fast a range is improving. In a fifty foot line transect on an upland site of fair condition on McCrary ranch the plants Britton found included Buffalo grass, blue grama, sand drop seed, hairy triodia, Filaree, tallow weed, croton and needle grass.

Thirty-six buffalo grass plants occupied 11 feet on the 50 foot line. All grasses occupied 14 feet and weeds made up one foot. Fifteen feet of the 50 feet were occupied by some kind of plants.

Range land in an excellent condition will give maximum protection from soil erosion and maximum pounds of beef production per acre has a density of plants actually occupying the area of approximately 50 per cent.

Mrs. H. H. of Levelland visited her daughter and family, the T. L. Weavers, over the weekend.

Mr. and Mrs. Walter Wilke and sons of Lingo, N. M., visited their parents the Walter Kellum's and A. Wilkes Sunday.

Visitors in the W. W. Gilliland home Sunday were their daughters, Mrs. Dave Draper and children and Mrs. Joe Childress and baby of Slaton.

Mr. and Mrs. L. B. Mathis and children of Brownfield visited his mother, Mrs. Nellie Mathis Sunday.

Tim Field of Hereford was a Southland visitor Monday.

Mother's Day visitors in the J. W. Hudman home were Mr. and Mrs. R. L. Rogers, Mrs. L. A. McClendon and children of Valley Mill, Mrs. J. C. Hillin of Clifton, Mr. and Mrs. Clyde Hogue and family of Slaton and Mr. and Mrs. J. Burns and sons of San Angelo.

A. A. Ferguson and daughter, Lavonne, and Mr. and Mrs. J. A. Ferguson and Mrs. George Sartain of Post recently attended a family reunion in Hillsboro.

Mr. and Mrs. Cliff Weaver visited Clarence Daniels in O'Donnell Sunday.

Mr. and Mrs. Fred Wood and Roma visited her parents, Mr. and Mrs. W. L. Housour, in Slaton Sunday.

Mr. and Mrs. Sammie Hendrix spent Mother's Day with her parents, the John Leakes.

 with the stockholders.

The committee hopes to acquire 117 acres of land, and to build a dam 854 feet long, 38 feet high and 20 across the top at an estimated cost of \$13,500.

All persons putting money in the project will be stockholders. They will elect officers to administer the funds, and supervise the construction and operation of the project. If sufficient money is not raised, the funds collected will be refunded to the contributors.

Anyone wishing to become a stockholder and thus help put the lake project across, may give their money to Jim Hundley, chairman of the committee, or deposit it to the Two Draw Lake Fund.

The committee has a letter from F. C. Stanley of Lubbock, State Highway engineer, saying that the Highway Departments official survey from the Caprock to the

**Harry Close of New York City** spent last week here and in Lubbock on business concerning the Double U Company. There were four auditors from Peat, Marwick and Mitchell and Company, Accountants and Auditors, working with the Double U. Company also last week. They were E. G. Weil of New York City, G. R. Shannon of Detroit, Mich., and L. F. Gehrig and G. H. Abbott of Dallas. All returned to their homes Saturday, but Gehrig and his wife returned Monday to spend this week here.

Every member of the Garza County Commissioners Court except Buck Gossett has a personal interest in the Post High School graduation this year. Judge J. Lee Bowen and Commissioners Boone Evans and W. C. Quisenberry have daughters, Bonnie, Joyce and Billie Sue, who are to be graduated Friday night and Commissioner W. T. Parchman, will become the father-in-law of another graduate, Laquita Brown, Saturday.

**Clyde Hundley and daughter,** Mary Ann, of Crosbyton visited his parents, the R. J. Hundleys, here Sunday afternoon. Clyde's son, Wayne, of Abilene spent Friday night here in the home of his grandparents.

Ballis Highway and Stanley's estimate from the highway to the lake site shows a drainage area of 1,765 acres, assuring ample watershed.

Mr. and Mrs. R. D. Travis have a new Chevrolet.

**RODEO PARADE—**

(Continued From Front Page)  
 The Post Band's appearance in the parade will be its first public appearance in uniform. It is possible, also, that at least one band from a neighboring town will be in the parade, Cardwell said.

Homer McCrary, secretary of the rodeo association, yesterday received the first entry fee in the Cowgirl Sponsor Contest. It was from Miss Mary Black of Lovington, N. M., who will ride a horse named Poco Honto.

The American Business Club of Lubbock also is planning to enter a Cowgirl sponsor in the rodeo, the Post Chamber of Commerce was informed in a letter this week. The letter was an invitation to the Post C. of C. secretary to be the club's guest at its luncheon meeting Friday.

demonstration agents. County, state, and federal governments contribute to this work. Additional funds made available by Congress have increased the number of home demonstration agents by 622 in the past two years, and more would have been added had trained workers been available.

**Agent Is Teacher**  
The home demonstration agent is a teacher. Some of the teaching is done through the 50,000 home demonstration clubs with a membership of 1,162,346 women. These various clubs meet monthly. Leaders are chosen who get special training in various phases of the home demonstration program by the agent or specialists from the state college. Training schools were held for 423,000 such club leaders last year. These leaders passed on the information to their fellow club members by means of talks and demonstrations.

The home demonstration agent spends 60 per cent of her time presenting helpful information and giving demonstrations at meetings or visiting farm homes. Altogether, these agents reach more than 18 million people in meetings and visit close to 842,000 families in their homes during the year.

**Random Facts**  
The importance of food in the world today is reflected in the activities of rural women. Prominent items in their programs are increased production of home-grown foods to share with hungry Europe; rigid conservation of food in planning well-balanced diets for the family, in the preparation and serving up-to-date canning foods and freezing methods, and fat salvage.

Guidance in food buying has been popular in the face of soaring food prices. Nearly 100,000 voluntary local leaders were trained to offer help on this subject and another 100,000 to help with food preservation and preparation.

The resumption of tourist travel in 1946 resulted in an increased demand for handicrafts and other products of home industries. Post-war scarcity of many articles needed in the home encouraged the development of individual skills. Women have learned to make rugs, curtains, handbags, belts, hats and gloves. They have repaired and refinished furniture and reupholstered chairs, both for their use and for sale. The demand for high quality jams, jellies, and

other foods from the family kitchen has far exceeded the supply. The value of this work as an outlet for creative talent and as a contribution to home and family needs has been very real.

**Typical Examples**  
The mothers of Campbell, County, Wyo., like mothers in many parts of the country, fearfully faced the "polio" epidemic. In this emergency, the women decided the best thing to do was to be prepared. Twenty-one women enrolled in a two-day school taught by a physiotherapist of the county hospital. Demonstrations and lectures were given on isolation techniques for vocational rehabilitation, and the Kenny system of hot packing. To qualify as a polio emergency volunteer, each woman learned to do a half pack in less than 10 minutes.

Efficient kitchens especially interested Delaware homemakers last year. Clubs in each of three counties worked out plans to save time and energy in kitchen planning. They investigated floor and wall finishes and the relative merits of different pieces of equipment. The statewide kitchen contest enrolled 40 homemakers, who undertook to develop as near a perfect kitchen as they could. More than 225 women visited these kitchens and saw and heard about the improvements. The average cost per family was \$156.73 with 65 hours of labor (most of it by the family). With this impetus, nearly 1,140 Delaware families rearranged their kitchens.

**Of Broad Significance**  
Home demonstration work for Negro families was highlighted in National Home Demonstration Week observance in Virginia, Alabama, North Carolina, Mississippi, and other Southern States.

In the territory of Hawaii, articles on home demonstration work appeared in the Chinese and Japanese language newspapers as well as in English. In New Mexico and Puerto Rico, all news concerning the special week was printed in Spanish as well as English.

**Reaching More People**  
Home Demonstration Week in Puerto Rico resulted in the organization of the Puerto Rican Home Demonstration Council. Meeting in Rio Piedras, county representatives ended the day with a visit to the experiment station and the Governor's palace.

Movie theaters in Hawaii ran screen flashes throughout the week, acquainting audiences with accomplishments in home demonstration work.

The State home demonstration council officers in Michigan were photographed with the Governor of the state along with a graphic chart showing the growth of interest and membership in home economics extension work.

**Exhibits Gave Color**  
Displays of native handicrafts were shown in many Tennessee counties during the week.

Twenty educational store window displays in county-seat towns in Idaho called attention to good gardening, better nutrition, guides in buying clothing, kitchen utensils, and the use of Idaho wool.

In West Carroll, La., one Oak Grove window carried a display of home-made cheese, a box of lye soap, and other household articles.

Colorado home demonstration clubs emphasized their work for community development by keeping open house in the shoppers' lounges established in many counties by the efforts of the home demonstration clubs. Special donations of books to community or county libraries marked the week's celebration in other counties.

**Hundred Years Observed**

In Wisconsin the State Centennial set the stage for the observance by rural women of National Home Demonstration Week. Local history was sought and put into skits, pageants, and plays to recall the great traditions of Wisconsin homes. Homemakers are finding many ways to portray changes in their homes during the past 100 years. The foods of the different nationality groups in the State have been studied by home demonstration groups during the year, and this occasion will see many teas and luncheons featuring foreign foods. Exhibits of 100 years of progress in food preservation, kitchen appliances, textbooks, musical instruments, modes of travel, and costumes will be featured.

Good neighbor ideas are featured in New Mexico. Foreign war brides are being invited to tell of the homes in their native lands and the effects of the war in the lives of women and children. Some counties collected clothing and money to be sent to families

in war-torn countries.

Practically every county in California made preparations for a celebration of the special week. Santa Clara County gave recognition to volunteer leaders in an all-day meeting. Riverside and San Bernardino Counties planned a "Home Management Day" with a contest on "ironing a man's shirt" as the feature. This illustrated some of the principles of time and energy conservation the group has been studying.

A tri-county celebration was held in San Joaquin County, with a special luncheon table for members who have been active for 20 or 25 years and a style show of summer dresses made in the study they have been making of saving time and energy by using "factory methods of construction." Window displays were used extensively to show the work done by the local groups. Fresno County gave a "Bride's Book" composed of home economics circulars to new homemakers at the May meetings as a special feature of Home Demonstration Week.

## Bill Woods Awarded Scholarship Medal

Bill Woods of Tahoka, son of the late Mrs. Jennie Scarborough, has again been honored by the University of Texas College of Pharmacy, from which he was graduated with high honors a few weeks ago. He has been notified that he won the Lehn and Fink Gold Scholarship Medal, awarded each year "to the pharmacy student, candidate for graduation, who has made the highest general average during undergraduate years."

Woods served as president of the Senior Class, which had 160 students, and was honored with membership in Rho Chi honorary fraternity. He is employed as a pharmacist at the Wynne Collier Drug Store.

## May 20 Is Deadline To Report Contour Listing Practice

Will Wright, chairman of the Garza ACA, has advised the last day for reporting performance on the practice of contour listing will be May 20, 1948.

Wright urges that all farm operators who have applied for this practice and have completed their contour listing, bring or mail their approvals to the Garza County AAA Office before the deadline date.

Mr. and Mrs. John C. Justice, accompanied by her mother, Mrs. Maggie Ivey of Plainview, spent Sunday with relatives here.

From where I sit... by Joe Marsh

Jeb Had the Folks in Stitches!

At the Friday Night Social, Jeb Crowell had the audience in stitches—doing a take-off on the blustering character who belittles everybody and everything that isn't from his own home town.

Well, we can laugh at that sort of character because from where I sit, Americans are just the opposite. We like to boast a bit perhaps, about the paint job on the new barn, or the missus' style of cooking—but we aren't intolerant of people who don't think or act exactly the same way we do.

In our town, for instance: Some folks like band concerts, others don't—some families serve beer with dinner, others, buttermilk—and as for politics, there's plenty of healthy disagreement.

But when it comes to denying folks the right to think or act as they choose... no, we're like you—we don't believe in it, whether it goes for serving beer, or speaking one's mind on public affairs.

Millers Win Over Seagraves In Game Here Last Sunday

A brief hitting spree staged by the Post Millers, and coupled with several costly errors by the Seagraves crew in the eighth inning, gave the local team an 8-to-5 decision over the visitors in an Oil Belt League game at Miller's Park Sunday afternoon.

Greer, a new right-hander who took the mound for the Millers, went the full nine innings, giving up only seven hits, and 2 walks. He chalked up 12 strikeouts, while Bennett, who started for Seagraves, struck out six, walked seven and gave up five hits. Bennett gave up the mound in the sixth to Pierce who pitched only three balls before being replaced by Gentry who finished the game.

City Management Plans Outlined At Big Spring Meet

Sherrill Boyd, city secretary, attended a regional meeting of city officials of the Texas Municipality League at the Settles Hotel in Big Spring Tuesday. Twenty-one cities in the region were represented by 65 officials at the meeting.

The morning session included discussion of such pertinent problems as the new plumbing license laws by Charles Strawn of Austin, member of the State Board of Plumbing Examiners, and building regulations, annexation of territory, traffic regulations, peddling and soliciting, city revenues and other subjects with C. C. Crutchfield of Austin, field consultant for the league, officiating.

Sources of revenue were discussed at the noon luncheon by Dr. McCorkle of the University of Texas. During the afternoon, Boyd McDaniel, Abilene City manager, presided. Practices in extending city utilities, garbage and trash collection and disposal were discussed by E. E. McAdams of Austin, the league's executive director.

Mayor G. W. Dabney and other Big Spring officials served as hosts.

Two other regional meetings will be held in West Texas this month. One will be in Mineral Wells May 12 and the other will be in Amarillo May 31. Anyone from Post who is interested in learning the ways to solve some of the city's problems is welcome to attend either meeting, Boyd said.

The local city officials hope to put into practice here some of the ideas and tested plans outlined at the Big Spring meeting, he explained.

Mrs. Cecil Osborne has returned from Dallas where she visited Mr. and Mrs. Bill Rackley, Mrs. L. B. Rackley and Mozelle, former Post residents, also her brother and family Grady Panter, and parents of Mrs. Bill Davis. She also visited in Maudank with Weldon Panter and family. There her brother, A. ## Pre-Rodeo Dance Saturday Night Is Free To All

At a recent meeting of Post Stampede and Rodeo directors at the City Hall, all plans were completed for the 1948 show which opens May 20 and lasts through Sunday afternoon, May 23.

The plans include running some baffles out into the arena to turn the bulls and horses into the stands and preventing their heading for the catch pens immediately after pitching out of the chutes.

Negotiations for the stock, which is to be supplied by Bill Lyons, were completed as were negotiations with the Double U Company for cattle to be used in the cutting horse contest.

There will be a free dance in the new pavillion at the rodeo grounds Saturday night. A band has been engaged and a large, enthusiastic crowd is expected to attend. The first of four rodeo dances will be given Wednesday night, May 19, at the pavillion which is being constructed this week. A pre-rodeo dance scheduled for last Saturday night was cancelled because of the Spiritual Life Crusade at the Methodist Church.

The colorful rodeo decorations across Main Street and two points on Highway 84, near Main Street, were put up last week by Sherrill Boyd, secretary of the Post Chamber of Commerce which recently bought the decorations, and Garland Davies of the Southwestern Public Company. Most of the business houses are displaying "welcome" banners by way of advertising the rodeo.

News of the rodeo dates has been published in the Fort Worth Star-Telegram, the Avalanche-Journal and other West Texas dailies. Stories concerning the rodeo and booster trips were sent to most of the weekly newspapers in West Texas for publication last week and to Lamesa and Lubbock radio stations.

Sherrill Boyd, publicity chairman, has also sent letters to all women who participated in last year's Cowgirl Sponsor Contest inviting them to enter the 1948 contest here and to Chambers of

**The Great New Gulf Tire Is Here!**

**Go farther on Gulf!** The paramount consideration in designing Gulf Tires was long mileage. Enthusiastic users confirm Gulfs give thousands of extra miles!

**Go quieter on Gulf!** Road-hum is minimized because the zigzag ribs are offset from each other. Even at high speeds, this keeps Gulf Tires quieter!

**Go safer on Gulf!** Seven saw-toothed ribs fight skids, on this great new tire. The wider, flatter tread distributes load more evenly, prevents rapid smoothing.

**Go reassured on Gulf!** Every Gulf Tire sold for passenger use is accompanied by a Warranty. Every Gulf Tire dealer is authorized to make adjustments promptly!

**Go longer on Gulf!** It has more and stronger cords, stronger sidewalls, stronger shoulders—hence a tougher carcass that resists all types of carcass failure.

**Go cooler on Gulf!** The improved tread design and a special ingredient used in the rubber keep Gulf Tires cooler (and safer) at high speeds.

**Scripture Colossians 3: 1-4**  
If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God. Set your affection on things above, not on things on the earth. For ye are dead, and your life is hid with Christ in God. When Christ, who is our life, shall appear, then shall ye also appear with him in Glory.

**Minute Prayer:**  
Our father, we are commanded to "Rejoice in the Lord Always." May we find real joy in being Christians. Amen.

The young people's class of the Church of Christ will enjoy a social at the parsonage Tuesday night.

The Julia Haygood Circle of the W.M.U. of the First Baptist Church met Monday afternoon in the home of Mrs. R. W. Babb with eight members and two visitors present. Mrs. L. W. Dabby was program leader.

The Methodist W.S.C.S. met Monday afternoon at the church with 10 members present. The meeting began with a devotional on Faith by Mrs. Esma Cash, followed by group singing of "My Faith Looks Up To Thee." Mrs. Tom Thomas led the group in prayer, and Mrs. T. L. Jones continued the teaching of the study book, "We the People of the United Nations," assisted by Mesdames B. E. Young and Jim Hundley. Mrs. Cash closed the meeting with a prayer.

The Women's Council of the First Christian Church will have an all-day meeting at the church Tuesday. A covered dish luncheon will be served at noon.

The Ladies Aid of the Presbyterian Church met Monday afternoon in the home of Mrs. Tom Haygood. Mrs. Ben Williams had charge of the program and conducted a quiz. Twelve members were present.

The Victory Sunday School Class of the Methodist Church enjoyed a picnic at the roadside park one night last week. The party was in honor of Miss Mabel Harris who is leaving. She was presented with a gift.

All the churches omitted regular services Sunday night and attended the Senior Baccalaureate program at the High School.

Raymond Robinson who recently was graduated from the Baptist Seminary at Ft. Worth attended church at the First Baptist Church Sunday. He led the singing in the absence of A. A. Suits, leader, who was ill, and also sang a solo. Claudia Ticer sang a solo. This was the Mother's Day program.

Members of the Church of the Nazarene will start a Christian Service Training campaign at the church Monday at 7:45 p. m. This course is to continue all next week. The title of the study book is "Know Your Old Testament."

## Sayra Jo Evans Becomes Bride Of E. D. Kittinger

News has been received here of the recent marriage of Miss Sayra Jo Evans, daughter of Mr. and Mrs. Joe Evans of Pecos, former Post residents, to E. D. Kittinger, son of Mrs. Billy Kittinger of Amarillo, in the First Baptist Church in Pecos. Details were published as follows in a Pecos newspaper.

The Rev. W. M. Turner read the impressive single ring ceremony before an altar decorated with white snapdragons, greenery and candleabra. Joe Bob Stroud of Abilene, nephew of the bride, and Jimmy Morelan lighted the candles.

Miss Roberta Wood played the wedding marches and provided organ accompaniment for Miss Jeanne Cleveland who sang "Always" and "O Promise Me."

The bride, who was given in marriage by her brother-in-law, Guy Stroud of Abilene, wore a bluish pink satin gown, designed with sweetheart neckline, outlined with seed pearls and a full skirt extending into a long train. Her pink fingertip veil fell from an orange blossom halo and she carried a bridal bouquet of white orchids, gardenias and white satin streamers. She carried out the bridal custom of something old, new, borrowed and blue.

Mrs. Stroud of Abilene, attended her sister as matron of honor, and wore a sea foam green organza dress. Miss Joan Daniel of Pecos was maid of honor. Her dress was of orchid organza. Miss Donna was junior bridesmaid and Misses Mary Hunboldt of Toyah, Betty Duncan and Snooky Sherrill of Pecos and Genora Burkholder of Barstow were bridesmaids. They wore identically styled dresses in pastel colors. The bride's attendants carried identical nosegays tied with peach satin streamers.

Grady Wilson of Amarillo attended the bridegroom as best man. Ushers were Buford Chesney, Mac Gibbs, J. B. Evans, Jr., and Frank Slack.

Immediately after the ceremony, a reception was given at the Community Center. A pink and white color scheme was carried out in the decorations.

After a wedding trip to the Davis Mountains, the couple is at home at 506 Cherry St. in Pecos.

The bride is a graduate of Pecos High School and attended Ranger Junior college. She is employed by the Franklin Life Insurance Company.

Mr. Kittinger is a graduate of Amarillo High School and attended the University of Texas. He served with the Ferry Command as a pilot. He is employed as a salesman at Propps Bakery in Pecos.

Mr. and Mrs. Boone Evans and daughter, Joyce, and Miss Doris Clark, all of Post, attended the wedding.

**Garza Red Cross Receives Honors From ARC Office**

The Garza County Red Cross Chapter recently received a Certificate of Honor and its campaign chairman, Lewis Nance, received a citation from the Midwestern Area Office of the American Red Cross. The awards were accompanied by a letter to the chapter chairman, T. L. Jones, it said in part:

"You and your chapter can be justly proud of a most successful campaign under the leadership of Mr. Lewis E. Nance.

"This achievement is a tangible demonstration that the people of your community are eminently satisfied with the manner in which their Red Cross continues to serve. Their loyal and generous support has helped to assure the maintenance of all Red Cross services through the ensuing year.

"We know that Mr. Nance and the many volunteers who assisted with the campaign derived a real personal satisfaction in making possible your chapter's excellent achievement. Sincerely, John C. Wilson, Manager."

The final total of funds raised in the 1948 Red Cross drive in the county was \$2003.91, Nance said yesterday. Of this amount, \$561.95 remained in the county.

The national goal set for the county was doubled and the local goal was almost doubled, the chairman explained.

Nance expressed appreciation to everyone who helped make the campaign such a success, particularly Mrs. J. C. Fumagalli general community chairman; Judge J. Lee Bowen, city chairman; Ira Lee Duckworth, larger gifts chairman, and Mrs. Jewell H. Strasner and the county home demonstration clubs.

**Two Significant Advances Made In Cancer Research**

The financial drive for the American Cancer Society, which opened for a month April 1, was extended for 10 days.

Although the Garza County quota had been practically met by May 1, James Minor, county chairman, said that additional contributions will help a worthy cause. Committees working with Minor have turned in \$401.21 to date.

The money is used for a nationwide cancer control program which includes some significant research.

On April 21 the Atomic Energy Commission announced the discovery of "cobalt blue," a cheap but medically comparable substitute for rare and costly radium. This discovery brings the cost of treatment within the economic range of thousands of cancer sufferers.

**Organized Groups Can Get Cotton Classifications**

One-half of the cotton ginned in Texas during the past season was classed by U. S. Department of Agriculture for farmers in organized improvement groups.

These 95 thousand farmers were organized into 1,030 groups and had over 1 1/2 million bales classed under the Smith-Doxey Act, John L. McCollum, manager, southwest area cotton branch, U.S.D.A.'s Production and Marketing Administration, Dallas said. They also received without charge market news services to guide them in selling their crop.

Group members planted nearly 7 million acres, of which over 5 million were seeded to improved varieties.

Applications may now be made for free classification and market news services on the 1948 crop, the cotton branch manager pointed out. Groups first must organize, adopt a variety of cotton, file application, arrange for sampling and meet certain other requirements to be eligible.

Instructions and application blanks may be obtained from cotton offices in Dallas, Lubbock, El Paso, Abilene, Austin or Galveston or from Robert H. Gibson, Garza County agricultural agent.

Group applications should be filed with PMA's Cotton Branch, as soon as possible after all members have planted their cotton but not later than July 1 for all counties lying entirely or for the most part east of the 100th meridian. Goal date for all counties lying entirely or for the most part west of the 100th meridian is July 15.
