Telephone companies ought to know by now that people can't keep their numbers straight. Now we've come up with these area code numbers to speed the dialing in long distance calling, the question is does it really speed things up. In a couple of recent instances with us it's slowed them down.

For example, we were dialing a telephone house in Lubbock the other day. We've been asked countless times before if we knew Lubbock's area code number, so this time we were prepared. We gave the operator Area Code 816 and the name of the number of our party. But the area code rang without result. "Maybe you ought to check if you're sure you dialed the right number," I told the operator. "That town is this up in Missouri?" she asked in reply. "It's not Missouri," I fired back. "This is a Lubbock call." To which the operator explained sweetly that "the Lubbock area code number is 806."

A couple of days before that, I was calling an envelope company in Dallas on a number and area code number given to me by a wholesaler. In search of a special size envelope for a printing job. After the phone again rang some time without answer, I explained to the operator that the number had to answer as this was a Dallas firm and it was only after noon. "I'll try Dallas," she replied. "The area code gave me was for some town Utah."

Jack Alexander, local elementary school teacher, was elected president of the Post Lions club Tuesday night to succeed Dr. John E. Carter, present club head, July 1. Other officers named were Jim Johnson, first vice president; Stan Butler, second vice president; P. P. Puer, third vice president; Lester Moreman, secretary; Jess Jones, treasurer; Derl Lovell, chairman; Al Norris, tail twister; G. Wilkerson and Bernard Ramsey, one year directors, and Deane Allsup and Travis Thomas, two year directors.

Dr. Carter was named activity director. The Texas Fish and Game department spoke on snakes at the club's dinner meeting at the restaurant preceding the election. He had two "live exhibits" on hand. Jim Puer will show the Lions films on the Postex operations here.

Cash girls miss bus ride chance

Jodi and Jill Cash, daughter of Mr. and Mrs. A. C. Cash, missed their first and only opportunity yesterday morning to ride the Close City school bus to school in Post. Their father filed a civil suit last Nov. 8 in Garza district court against the school district alleging racial discrimination—in reverse—for white students from the school district who have transferred out of the district to attend Post schools.

The Close City district is now paying tuition and operating a school bus to bring eight Negro students from the Close City district to Post schools after Close City voters rejected a school integration move just prior to the beginning of the current school year. But Close City school trustees require white students who have been transferred to the Post school to pay their own tuition and provide their own transportation. That's where the racial discrimination—in reverse tag comes from. The civil suit has yet to come to trial. Monday, Pat N. Walker, attorney for Cash, secured a temporary restraining order from District Judge Truett Smith enjoining the Close

Aged man burns to death in early-morning blaze

Robert L. (Bob) Waldrop, 88, was burned to death early yesterday morning in a fire that gutted his four-room frame house at 416 South Ave. H.

Mr. Waldrop's body, burned almost beyond recognition, was found on the floor just three feet inside the front door of the house. Said by some of his acquaintances to have been a resident of Post "for at least fifty years," Mr. Waldrop lived alone.

Firemen, called to the blazing house shortly after 6:30 a. m., fought the flames for 30 minutes before subduing them enough for Mr. Waldrop's body to be removed. Police Chief Elton Corley, who with City Policeman F. M. Reep arrived at the blaze soon after the alarm was turned in, said Mr. Waldrop's body was lying just inside the front door with his feet pointed toward the door.

"It looked as if he might have fallen over backwards while trying to get out of the house," Corley said. Only the walls of the frame house were left standing.

Friends of Mr. Waldrop said he had suffered a slight stroke Sunday and had gone to see a doctor. He was up and around Monday and Tuesday, however.

The fire was discovered by Mrs. Juanita McAdams, who saw smoke pouring from the house while on her way to work in the bleachery at Postex Cotton Mills.

Mrs. McAdams tried to arouse someone at three or four houses in the neighborhood, but had no success until she reached the Paul Duren home at 116 East Fifth St., about two blocks from the burning house.

Mr. Duren was up when Mrs. McAdams reached his house and he turned in the fire alarm. Firemen said the blaze was out of control with the roof of the

house engulfed in flames when they arrived. Fire Marshall Ira "Dad" Greenfield said late yesterday that cause of the fire was undetermined.

Mr. Waldrop at one time, years ago, worked at Postex Mills, but his acquaintances said he had been retired for as long as they could recall. He was born Aug. 28, 1874 in Alabama.

His only immediate survivor is a brother, J. W. Waldrop, who lives in Elba, Ala. A sister-in-law, Mrs. Julia Waldrop, lives in Winter Gardens, Fla., and was reached by telephone yesterday. She said she would notify Mr. Waldrop's brother in Alabama of his death.

Graveside services for Mr. Waldrop are to be held at 2 p. m. today at Terrace Cemetery under the direction of Hudman Funeral Home. The Rev. Graydon Howell, pastor of the Calvary Baptist Church, will officiate.

To wipe out district deficit

School trustees boost taxable valuation ratio

In order to erase a deficit of several thousand dollars this year and meet the budget for next year, the Post school board took action Monday night that will result in a deeper tax bite on this year's assessments.

The six board members present at the meeting voted unanimously to increase from 40 per cent to 50 per cent the taxable percentage of 100 per cent valuation.

The board estimated that the increase will wipe out this year's deficit, which Supt. R. T. Smith, said he thinks will be "less than \$20,000," and at the same time will enable the board to meet next year's budget, which will be made public this summer.

ALSO MONDAY NIGHT, the board: —Promised a delegation of parents that it would take under consideration the delegation's request that something be done to improve school lunchroom facilities.

—Canvassed the returns of Saturday's trustee election and reorganized the board.

—Voted to purchase 15 new uniforms for the high school band.

—Voted to consolidate, if possible, school bus routes No. 3 and No. 9 at the end of this school term.

—Rehired all school auxiliary employees and gave lunchroom workers a raise in salary.

—Renewed the contract of Mrs. Eloise Gordon as school health nurse.

—Rehired to the faculty William N. St. John, who is on a year's leave of absence.

—Raised the band director's salary \$250 for the 1963-64 school year and \$250 for the 1964-65 school year in accordance with a verbal agreement reached when the band director was hired.

—Held a request by Principal Noel Clemmons that improvements be made to the playground at the primary school.

THE PARENTS' complaint on the school lunchroom simply was that their children do not have enough time to eat their meal in the cafeteria. At the most, the delegation's spokesman pointed out, the younger children have only about 15 minutes in which to eat the meal.

Noel Clemmons, primary school principal, told the board that the schedule allows for only 25 minutes for each group of pupils to get to the cafeteria. (See SCHOOL BOARD, Page 8)

Voters elect Bull, Bilbo to trustees

only five behind, with 131, while Simpson polled 100 votes and Nicholas 86.

E. R. (Buster) Moreland was re-elected as president of the board following the canvass of the votes at Monday night's regular April meeting. Bull was re-elected secretary and Dr. John E. Carter was elected vice president to succeed A. Lee Ward.

Moreland and Dr. Carter were elected by acclamation. Bull's reelection as secretary came after he and trustee Ronnie Boucher had nominated each other for the post.

Moreland is beginning his sixth year as president of the board. The new trustee, Bilbo, replaces Bobby Pierce, who was not a candidate for re-election.

School Easter holiday starts at noon Friday

The Post schools will be dismissed at noon Friday for the Easter holiday, with classwork to be resumed Tuesday morning.

Classes will start an hour earlier Friday morning, at 7:45 instead of 8:45, so that the equivalent of a full day of school can be put in before the noon dismissal.

Murder trial is set for April 29

The strangest murder trial in Garza County history is set for Monday, April 29.

District Judge Truett Smith has set the April 29 date for the trial of Reyundo Flores, a deaf mute farm laborer, charged in the fatal shooting of Pearlene Stafford, 33-year-old Negro woman, here Nov. 18, 1961.

The problem—how to communicate with the defendant. That's what makes the case so strange.

Flores, a 35-year-old Crosby County farm laborer, has been out on \$5,000 bond.

The case first came to trial May 2, 1962, here, but was continued at District Attorney George Hansard's request because an important state witness in the case was not on hand to testify.

Judge Smith at the first trial overruled a defense motion for dis- (See MURDER TRIAL, Page 8)

Churches here plan Easter observances

"Seven Last Words" will be the theme of the Good Friday service to be held at 12:30 p. m. Friday at the First Baptist Church under the sponsorship of the Post Ministerial Alliance.

The Good Friday event is one of a series of Holy Week services being held in churches here.

Members of the Ministerial Alliance said they are hopeful that local merchants will cooperate in this community-wide observance by closing for the service and urging their employees to attend.

There will be special services Easter Sunday at all the churches. At the First Methodist Church's 11 a. m. Easter service, there will be special music by the choir, and Sunday evening the MYF will go to the Jack Kirkpatrick Ranch for a vesper service.

At the First Christian Church, Bernard S. Ramsey, minister, will preach at the 11 a. m. worship service on the theme, "My Lord! What (See EASTER SERVICES, Page 8)

Easter coloring results announced

Patti Parrish, 6, and Martha Walls, 12, are the first place winners in The Dispatch's Easter Coloring Contest.

Patti Ann, who lives at 107 West 12th, wins a huge stuffed bunny as judges found her Easter picture "colored best" among the 41 entries in the age 7 and under division.

The runnerup in the 8 through 12 age division is Mike Levens, age 12. Martha Jo, whose home is at 403 South Ave. II, wins a complete volleyball set as her first prize in the ages 8 through 12 contest division which attracted 62 entries.

Yolanda Gutierrez, age 7, of 612 Pine Street, won a magnetic wall board as second prize in the young-er division. Third was Brenda Krotz, age 6, of Route 1, who wins a bullseye target game.

The runnerup in the 8 through 12 age division is Mike Levens, age 12. (See CONTEST, Page 8)

Mrs. Leta Smith resigns, new HD agent is named

Miss Juanette Williams, a Texas Tech graduate, will become Garza County's new home demonstration agent here May 1.

She will replace Mrs. Leta Smith, who is resigning effective April 30, "to become a full-time homemaker." Mrs. Smith has been the county's HD agent since Oct. 28, 1960.

"She's done a mighty good job," County Judge J. E. Parker declared in announcing the change.

The commissioners' court agreed to employ Miss Williams at its April meeting Monday.

Miss Williams has been "in training" in home demonstration work in Young County for the last three months following her mid-term graduation from Tech.

Her original home was Shallowater.

In other actions Monday, the commissioners' court: Authorized a contract with John May for a bug and insect extermination treatment of the courthouse each quarter for \$129 annually.

Authorized county clerk to purchase two more file cabinets in which to keep abreast of the filing of district court records.

Easter story to be re-told

Christianity, through the almost 2,000 years since the birth of Jesus Christ, has spread around the world and seen His followers multiply into the millions.

But far from becoming the one Christian Church which His disciples had envisioned, Christianity down through the centuries has been divided and torn apart time and again, one Christian group from another.

Today we have a wide variety of Christian faiths, each differing in varying degrees in its tenets from the others.

But upon one point—Christ's resurrection—all Christians stand together. And together rejoice at Easter time.

It is this beautiful resurrection story which has inspired Christians throughout history to move resolutely forward—sure of the final triumph over death.

It is this same Easter story which we will hear retold again this Sunday morning in our overflowing churches.

Each Easter the story stirs us and reawakens

us amid the fresh beauties of a new spring. It sends us down the aisles and out the church doors with new enthusiasm, new determination, and new peace of mind.

But this Easter, there is more than the individual's hope for a better and eternal life. We see signs that the many faiths of Christendom, at last, are beginning to move together, slowly, but with far greater understanding than ever before, toward the one Church of Jesus Christ.

There is more understanding and more cooperation among various Post churches and their memberships today just as more understanding and more cooperation prevails throughout the Christian world.

Even at a time when man reaches mightily toward the far "corners" of space and in the same instant threatens to blow up his own world, the simple hope of Christian faith, as projected to us through the Easter story, remains as the driving force which moves us ever forward, ever closer together, and ever closer to God—JC

Another mayor leaves his mark

Powell Shytle administered the oath of office to Harold Lucas as Post's new mayor Monday afternoon and thus stepped down from the town's highest office after four years of running the city's errands, judging the city's headaches, listening to the citizens' woes, and keeping a wary eye on the city's bank accounts.

There is very little thanks that comes the way of a man who gives so much of his time to his town. A mayor can't expect to keep all the folks happy all the time—or even part of the time. On the mayor falls the brunt of the city's troubles. He carries them around, not the councilmen.

It's a detail job, too. And Powell kept his mind on all the details. He was even pleasant and philosophical about it.

Post has made considerable progress in the last four years. As mayor, Powell aimed his administration pretty well up the middle. He didn't want to buy what the town couldn't afford, but he wanted all the progress he felt the community could pay for.

There were those at one extreme who complained that Powell was doing too much. Then there were those on the far end who thought he was doing too little.

In striking some sort of balance up the middle, Powell more than likely was guiding his community at about the best pace the majority would accept.

Let's face it. Progress doesn't come easy. Some folks want it, all right, but there are a lot of others who literally have to be pushed into it.

The best illustration of what we know of was only a few years ago when building our new high school was in the "talking stage." There were those—and a good number, too—who said of the

old high school building: "It was good enough for me when I was a kid and it's good enough for my kids now."

It isn't, of course. And those who said it then probably realize it now.

But, all that's water under the bridge, and as a working newsman, we know that it takes a few years of talking, suggesting and pushing to get the community's mind made up to take almost any important step forward.

Perhaps the best public image of any mayor who has served his town for four years is the one we get from realizing that he has put in four years of time and devotion to serving his community and his fellow citizen.

After getting that image firmly fixed in our minds, we pause to look back over those four years at the accomplishments of his administration. In the case of Powell Shytle, they have been numerous. His administration has:

- (1) Worked hand-in-hand with the White River Municipal Water District in developing the surface municipal water project now under construction for Post and three neighboring towns;
- (2) Has worked diligently and successfully at taking care of immediate water problems in the face of difficult odds;
- (3) Has established an efficient police department and a police court;
- (4) Has developed a system of garbage collection and disposal that is second to none in any city of similar size;
- (5) Has carried out a complete face-lifting job at the City Hall building.

These are just a few of the accomplishments of Powell's administration during the four years he completed Monday as mayor.—JC and CD

Oil tax increase would hurt

Whether aware of it or not, all Texans have a very vital stake in the oil industry's efforts to block the proposed tax law changes which affect it specifically.

Although President Kennedy did not recommend any changes by Congress in the present 27.5 per cent depletion allowance for oil and natural gas, he did propose changes in the rules governing the computation of depletion by producers as a means of recovering for the federal government some of the revenue that would be lost through a cut in tax rates.

These changes, it has been estimated, would cost oil and gas producers \$380,000,000 a year in additional taxes.

The administration's thesis is that present high taxes are a throttle on economic growth, which, incidentally, is a point no one will dispute. It follows, however, that any proposal to increase existing taxes on a particular industry would be additionally repulsive for that industry. And, if the industry occupies as important a place in the total economy as the oil and gas industry does, especially in Texas, the effects are certain to be far-reaching and perhaps disastrous for some.

Texans do not need to be told that the domestic oil and gas industry already is suffering from depressed conditions. Contributing to these con-

ditions is a severe price-cost squeeze, a decrease of some 40,000 in the number of persons employed in production, a drop of 50 per cent since 1955 in exploration in search of new reserves, a 30 per cent decrease in exploratory drilling and a 20 per cent drop in total drilling.

J. Clyde Tomlinson of Longview, president of the Texas Mid-Continent Oil & Gas Association, said that Texas' share of the proposed tax increase would amount to more than \$92,000,000 a year. That is equivalent, he pointed out, to the annual wages of 15,878 Texas petroleum industry employees or about 8 per cent of the industry's present work force. It is more than half the state collects in oil and gas severance taxes and four times the annual oil and gas income Texas schools receive from public lands.

Tomlinson also pointed out that the administration's tax plan would be a serious setback for efforts to promote economic growth in Texas because of the extent to which the state's economy is keyed to the oil and gas industry.

And, because oil and gas are the most promising bases on which to build more industry and job opportunities in the state, Tomlinson said, the tax increase would be an obstacle to Gov. John Connally's efforts to increase employment in the state through industrial expansion.—CD

Help (maybe) for mail carriers

Mail carriers who have suffered injury from unfriendly dogs on making their rounds may get a break from chemistry, which has done so much already for modern living.

A Post Office Department safety engineer reports that an anti-bite potion tested at the University of Georgia causes belligerent dogs to tuck their tails between their legs and sink away when it is squirted in their direction. It does not harm the dog; merely causes them to lose interest in mail carriers as a staple of diet.

Some 7,000 carriers in the United States suf-

fered bites from dogs last year. We don't have the figures for Post, and it may be that none of the carriers here were bitten, but we have noticed that the mailman's coming and going usually sets the dogs to barking. The yapping usually are, no doubt, nuisance to the mail carrier, and an effective dog repellent might be the answer.

Whether the potion would have worked against the bantam rooster and the goose that also attacked carriers last year is not known.—CD

What our contemporaries are saying

Congress is building a swanky new House office building in Washington which, we are told, will bring the cost of office space for each individual member of the House to approximately \$30,000—two and a half times as much as the Lynn County courthouse cost.—Frank Hill in The Lynn County News.

A friend comments that the only trouble with

those big, thick heavy towels supplied by luxury hotels is that they make your suitcase so hard to close.—The Slaton Slatomite.

There is little purpose in watering the flower of ambition with education if it is growing under a tub of chronic inertia.—Douglas Meador in Matador Tribune.

"HAPPY EASTER, everyone." is something that can hardly be said in the same spirit as "Merry Christmas, everyone." But, from Good Friday on through Easter Sunday, the occasion should be the most joyous of the year for everyone. Of the resurrection, one of my favorite quotations is this one by Schopenhauer: "Every parting gives a foretaste of death; every coming together again a foretaste of the resurrection."

The Carlsbad (N. M.) Current-Argus has published a revealing illustration of how much a billion dollars is.

To those of us who are not quite sure what a thousand dollars is, any sort of explanation of a million or billion bucks has to be made in the abstract and most of the time we are not sure we catch on to the explanation.

But this one is pretty simple. If you give your wife \$1 million and tell her that she can go away and spend it at the rate of \$1,000 per day, she would be back in three years broke and asking for more money.

But if you give her \$1 billion and tell her to spend it at the same rate of \$1,000 per day, she would not see her again for 3,000 years. That's how much \$1 billion is.

To spend \$92.5 billion, the amount of the 1963 federal budget, she would be gone for 277,500 years.

MY FRIEND UP the street says a man becomes wise by watching what happens to him when he isn't.

While waiting for some of the young'uns to show up so I could take their picture out at the school Science Fair Friday afternoon, I did some looking around at the projects, most of which were "over my head." One of the projects, the "Trachtenberg Speed System of Basic Mathematics," was so far over my head, in fact, that I couldn't make it work for me, even though I used up most of a scratch pad trying to work a problem by the system.

WHILE STUCK ON the Trachtenberg Speed System, I overheard a couple of high school boys discussing the nearby tic-tac-toe machine that played the game with humans. One of the boys boasted that he beat the machine three straight games, but that he saw the machine "beat a kid who wasn't too bright." I'm glad the tic-tac-toe machine couldn't talk. It might have told the two boys that it had just won three straight games "from that fellow over there writing on the scratch pad."

But, then, there wasn't as much emphasis on science when I was in high school. At the small school I attended, the science teacher found it necessary to spend all his time telling us what not to do to keep us from blowing up the laboratory.

QUOTE OF THE WEEK: Rep. Virgil "Red" Berry of San Antonio told a ministerial association that it need not fear that horse racing would lure prostitutes, since "we already got plenty of prostitutes to meet the demand."

Hardly a week passes that The Dispatch isn't notified of a boner it has made, but it is a wonder that newspapers don't make more boners than they do. The phrase "To be or not to be" contains 2,759,022 chances to make a typographical error. Almost unbelievable, but it's true!

People in the newspaper business, however, get as much kick out of boners (including their own) when they are funny, instead of tragic, as anyone else. For instance, who wouldn't get a chuckle out of the way a Houston paper printed a song title—"Honey Suck a Rose."

"Hot days, wild nights" an Austin paper said of the weather. Headline on Page 1 of a weekly paper: "Parents Sould Have 1st Graders Shot Before School Starts." From a Victoria, Tex., paper: "Lorenzo is married and is also a veteran of many campaigns in the South Pacific."

And so it goes. The next time you get irked at us here at The Dispatch for a typographical error, just think of those immortal words Shakespeare put in Hamlet's

Bible Thoughts

By HERB SMITH

"The Moral Decline"

Ample evidence clearly indicates that our nation is in a moral decline. The high divorce rate, the increase in crime, and the staggering number of alcoholics point this out. Several factors contribute to this decline.

1. The race for scientific advancement. Science has become a god for many. God has been pushed into space.
2. A materialistic philosophy has caused many to be concerned about "what I have", instead of "what I am", and "just so I have it" and little concern of "how I get it".
3. The mad craze to be entertained. The art of living has been lost, and shallow pleasures have been substituted.
4. The confusion of man made religions and philosophies. Many mock the idea of faith in God and the inspiration of the Bible. Truth seekers see the many different religions, all claiming to be right, and they turn away discouraged.

The need today is more emphasis upon Bible reading and teaching, rather than attempting to outlaw them.

LONE STAR AGRICULTURE

RELEASED BY THE TEXAS DEPARTMENT OF AGRICULTURE
John C. White, Commissioner

SPRING INSECT CONTROL

Texas farmers may be living in the modern era, but many of his problems are as old as history. And about this time each year, the farmer starts planning his ageless battle with a familiar enemy—the crop pest.

Fortunately, the chemical industry can furnish effective implements in this unending war. But their real utility is no better than the way they are used. Chemical control of insects and weeds can be a boon or a bust, depending upon methods and time of application. Just as irrigation can be wasteful or beneficial, so can crop spraying or dusting.

It is to the Texas farmer's advantage to follow an organized method of crop treatment for the best insect control, according to Agriculture Commissioner John C. White. The best plan will be to contact your county agent and follow the recommendations developed for your area by the Texas Extension Service.

Much effectiveness of spraying or dusting is nullified by poor timing. Treatment on a "guess basis" often catches harmful insects in the pupa stage when insecticides have little or no effect. It may also do away with some of the useful type insects.

A word of caution about chemical preparations, however! Though the chemical industry has taken every precaution to make them safe as possible, some of them can be harmful if misused.

Read and study the manufacturer's recommended measures. They are printed on every container—and are meant to be followed.

Also, if you use a commercial application company, make sure you know the company's reputation and whether or not it has complied with Texas laws administered with your protection by the Texas Department of Agriculture.

Grain elevator sales benefit 21 area towns

MILLENE—Twenty-one West Texas communities were benefited April 3 when United Foods, Inc., of Houston agreed here to take over and operate grain elevator warehouse facilities in North Central and Northwest Texas.

Elevator and warehouse properties to be renovated, standardized and reopened by United Foods in 14 locations at Haskell, Anson, Dalhart, Rule, Old Glory, Dalhart, Sylvester, Hermleigh, Stella, Rotan, Hawley, Dickens, Snyder, Bangs, Brownwood, Brownwood, Sweetwater, Morton and Dalhart.

Offices will be established in Anson, and the concern will be managed by Harvey F. Croft Jr.

The purchase papers were signed here after title searches were completed and contractual agreements made with the Commodity Credit Corporation.

Existing elevator capacity for the 21 towns totals more than 3,500,000 bushels.

The grain division of United Foods, which has been in operation for 25 years, is called United Industries.

In talk before RMA luncheon

Credit head gives Post merchants some advice

Jack Christie, manager of the Collection Service Division of the Retail Merchants Association of Lubbock, had a number of credit suggestions to make to Post merchants in addressing the Post Retail Merchants Association luncheon last Thursday at Levi's Restaurant.

"In your business, do you have a written credit policy, not just for yourself but for your customers?" Christie asked. "If you don't you should. A customer opening a credit account wants to know when he or she opens the account when you expect that account to be paid."

Christie also emphasized the revolving credit plan in which a customer is required to pay a minimum of a fourth of his or her outstanding balance each month.

"It's not only revolving, but it's involving," Christie said. "Your customers with such accounts will do more business with you."

"If you don't add service charges for past due accounts, you should," Christie declared. "You deserve it. If a customer is riding you, it's just as if he were borrowing money from you. The bank doesn't let him borrow without paying interest. You shouldn't either."

Christie said all credit accounts should be graded A, B, or C. A is the good account, B the fair, and C the problem. The national average is to have 70 per cent of your credit accounts A, or good; twenty per cent, B or fair; and ten per cent C or problems.

"You should spend 75 per cent of your credit time on your B and C accounts, and half of that on your problems," Christie said. "The A accounts will take care of themselves."

Christie distributed a number of forms used by the RMA at Lubbock to feed credit information into individual files of all doing credit in Lubbock stores.

"People will treat you better and trade with you more if you make them pay their bills on time," he told his hearers.

"If you don't make a real effort to open up teen age charge accounts I recommend you do so," Christie said. "Advertise in your newspaper for them. Don't hold the parents responsible for payment either. The teenagers today are your adult customers of tomorrow. Teach them how to handle a credit account and pay regularly and they will be good credit customers of yours for years and years."

Vet's Forum

Q. My husband, a veteran of World War II, died recently. Am I or are my children, eligible for a GI home loan?

A. If your husband died of a service-connected disability and you have not remarried you are eligible, but children of deceased veterans are NOT eligible for GI loans.

Q. What is the oldest group of veterans now that Civil War veterans are all gone?

A. There are 26 surviving veterans of the Indian Wars and most are in their nineties.

Q. I have a chronic skin disease. As a veteran am I entitled to treatment at a Veterans Administration outpatient clinic?

A. To be eligible for VA outpatient care a veteran must have a service-connected disability or must be receiving vocational rehabilitation training and needs treatment to avoid interrupting his training, or be a veteran of the Spanish-American War. Also, veterans applying for compensation or pension benefits or for insurance may have a medical examination at a VA outpatient clinic as may veterans who are seeking to determine the need for hospital care.

Specials days are set in Texas for April

AUSTIN—Gov. John Connally has designated April 21-27 as Service Station and Railroad Brotherhood Week.

In a series of proclamations, Governor Connally also set Thursday as recognition day for Jaycee legislators, and June 17-22 at Texas Letter Carrier Week.

Railroad employees will observe the 60th anniversary April 22 of the Texas joint railway labor legislative board, which represents 39,000 workers, Connally said.

CANCER CONTROL MONTH

On hand when Gov. John Connally proclaimed April as Cancer Control Month in Texas were leaders of the American Cancer Society's Crusade. With the Governor are, l. to r., Ray Thomsama, San Antonio; W. P. (Petey) Whaley, Dallas, and O. P. Leonard, Fort Worth. The proclamation urged all Texans to observe and participate in Cancer Control Month.

Crowded public schools is 'fallout' from nation's population explosion

AUSTIN—The fallout from the population explosion—crowded public schools—is posing problems for space-age Texas and its education system.

The statistical story of population and education is unraveled in Robert H. Talbert's "Report of Population Patterns Relating to Public School Education in Texas."

The report is based on one of the nine studies conducted under the direction of Dr. Herbert F. LaGrone, director of teacher education in Texas.

High points of the study are reported in the March issue of the "Texas Outlook," the Texas State Teachers Association magazine. The following facts are included:

The increasing number of preschool and school-age children and a steady gain in school attendance have combined to produce a Texas-size job for schools in finding enough qualified teachers and providing sufficient classroom space.

Several factors have contributed to the increase in preschool and school-age children. A higher birth rate and a greater survival rate during early years are principal reasons. Talbert found that "Children have almost become a status symbol among middle class families." This helps account for the continued high birth rate since World War II.

Statistically speaking, about 25 per cent of the Texas population was between the ages of 5 and 19 in 1950. In 1960, this group had increased to nearly 29 per cent.

Considering children under 15 as dependents and the 20-65 age group as the chief income-producing segment of the population, in 1960 there were 64.5 dependent children for each 100 adults, compared to 49 dependent children for each 100 in 1940.

The 1960 census classified the Texas population as 75 per cent urban and 25 per cent rural. In fact, the state's 21 "Standard Metropolitan Statistical Areas" contained 63 per cent of the Texas population. Only 31 of the state's 254 counties increased in population by as much as ten per cent during the last three decades.

The increase in population has been accompanied by an increasing emphasis toward more formal education, which partly accounts for increased income for Texans. The median school year for the entire state has increased from 8.5 in 1940 to 10.4 in 1960.

The nonwhite group has narrowed the education gap. In 1940 this group had an average of 6.1 years of education; in 1960 they had 9.1 years. As a partial result, average daily attendance in Texas public schools climbed from 67.4 per cent in 1942-43 to 83.2 per cent in 1959-60.

In summary, the report indicates that Texans are concentrating in metropolitan areas where income is higher, schools are larger, and where residents have completed more years of school.

Dennis R. Holman is in Navy recruit training

GREAT LAKES III. (FHTNC)—Dennis R. Holman, 17, grandson of Mr. and Mrs. Curtis D. Goss of 616 West Third, Post, Tex., is undergoing nine weeks of basic recruit training at the Naval Training Center, Great Lakes, Ill.

The indoctrination to Navy life began on March 7. It consists of physical fitness drills, military drills, seamanship, basic military law, customs and etiquette of the naval service, swimming and survival, and first aid.

During the training, recruits receive tests and interviews which determine future training and assignments in the Navy.

Wreckage of plane is found near Paducah

PADUCAH—Searchers found the wreckage April 3 of a light plane which crashed and killed its pilot, Nolan Carl Byrd, 41, owner of Byrd Sand and Gravel Company of Lubbock, 35 miles southwest of here.

Bill Dement of Lubbock, piloting a search plane, spotted the wreckage on the Swenson Ranch. Byrd had filed flight plans from Lubbock to Dallas, CAA authorities said.

TOTAL PERFORMANCE:

FORD GALAXIE 500XL SPORTS HARDTOP

YOU'LL KNOW WHY FORD SWEEP THE FIRST FIVE PLACES AT DAYTONA...WHEN YOUR '63 FORD IS STILL GOING STRONG YEAR AFTER YEAR

Daytona's big, banked oval puts unbelievable stresses and strains on engines, steering gears and frames. The Fords that won at Daytona took all the punishment this famous track could dish out over 500 miles of grueling competition without missing a beat.

In this toughest of all stock car events, mechanical failures claimed over fifty per cent of the starting field. But of twelve Fords entered, nine went the distance. Ford took six of the first ten places.

Five-hundred-mile events like Daytona are a public demonstration of toughness, reliability and sheer engineering excellence that are part of the new generation of Fords. A test like this can't be duplicated on anybody's testing grounds—it's run right out in the open. Any car can enter. But only the car that has the best total combination of strength, balance, precision control and road-clinging suspension can win... that's what we mean by total performance.

Visit your Ford Dealer before you buy any other new car. Here's what you'll find: a new kind of total-car durability, a new kind of handling ability, a suspension that is startlingly smooth yet sticks to the road like tar. If you haven't driven one lately, you can't really know what a new Ford is like. Remember, if it's built by Ford, it's built for performance... total performance!

Snyder rites held for Post resident's uncle

Deputy Sheriff Lloyd Merritt and Mrs. Merritt were in Snyder last Thursday to attend funeral services for his uncle, Albert Harvey (Ab) Merritt, 80, who had died the day before.

Mr. Merritt, a retired farmer, had lived in Scurry County for about 50 years. His survivors include a brother, Homer Merritt, also of Snyder, who is the last of seven brothers.

Lloyd Merritt served as a pallbearer at his uncle's funeral.

It's My Turn...

—By MRS. C.

I've decided since watching my first branding that if the Cs ever become ranchers we'll build our fences out of four by fours instead of one by sixes.

Those one by sixes make mighty hard sitting. I've never been a good fence-sitter anyway.

The C family witnessed their first branding Sunday and it was quite an experience. I came away with a great respect for the cowhands, the horses and the cattle.

The cowhands work a lot harder than I had expected (TV makes it all look awfully simple) the horses never seem to make an error and the cattle take it all lying down with only an occasional extra loud moo.

What with being dehorned, branded, ear-marked, vaccinated and castrated all at the same time I doubt if the animal can figure out what to complain about. By the time he or she makes up its mind it's all over, so why make a fuss.

I was especially endeared to a few of the mothers that ventured quite close when their calves were given all that treatment. A few of the calves were quite young and their mothers seemed quite concerned. One even stuck out her tongue at all those cowhands and gathered her little one to her to comfort after that shocking ordeal.

It was fun picking up a few gems of information on—such as why dehorn (I guessed the answer to that), why put steel weights on the horns of a bull (to make the horns grow the way one wants) and so on and on.

I was real worried about all that blood dripping from the dehorning, so was awfully glad to see them all sprayed real well to keep the flies off.

One thing I really did have to have explained to me. After everything but the spraying was over with, the cows and calves set up with the darndest bawling I had ever heard. I thought this rather strange, cause on the whole I thought they had taken the whole experience quite well. On asking I found out this loud chorus was because they were all mixed up and didn't know where to find the proper child or in the child's case, the proper mother.

This chorus usually continued until they were back on the range and all sorted properly again.

Being rather interested in the screwworm situation, I looked in vain for the type of fly but couldn't spot one. I did gather up some interesting information about knowing if one of your herd has screwworms.

I had always visualized the ranch-

er out inspecting each animal and imagined this to be rather time-consuming. Imagine my surprise to find out that the animal shows symptoms such as a wild swinging of the tail and is quite easy to spot. I can relax now and stop worrying about those spending all that time hunting hunting out the screwworm cases and dashing a message off to Mission.

We also got to see four cows treated for cancer around the eye—a disease that seems to be common to whiteface cattle. They took this treatment rather mildly too. I cringed when they put that brandiron right below the eye and the feed-trough (one by six) edge felt a little more comfortable.

I was amazed to see those cowhands walk through a pen filled with five good-sized bulls. I thought bulls were to be approached with care only if necessary and avoided at all times—or is that just a lot of bull?

I figured those cowhands knew something about the situation that I didn't, and felt no qualms about climbing the fence when they passed me by on the way to the range.

Bride-elect is shower honoree

Miss Sharon Brooks, daughter of Mr. and Mrs. Guy Gearhart of Amarillo, and bride-elect of Robert Shedd, was honored with a miscellaneous shower March 30 in the Community Room.

Mrs. Wiley Hill registered the guests between 7 and 9 o'clock in the evening.

The receiving line was composed of the honoree, her mother, Mrs. Gearhart, the prospective bridegroom's mother, Mrs. R. E. Shedd, and Mrs. Phil Trammell.

The serving table was laid with a white cloth over gold carrying out the bride-elect's chosen colors. The table was centered with an arrangement of gold chrysanthemums. Punch and cookies were served.

Hostesses for the event were: Mmes. Blanche Clark, Hans Hudman, T. C. Polk, H. J. Dietrich, M. J. Malouf, Gilbert Blodgett, Ed Dye, Pete Maddox, Gladys Pennell, Trammell, Hill, A. C. Cooke, Bill Windham, Jim Hays, Oscar Gordon, E. R. Moreland, Joe Williams and David Midkiff.

The Women's Missionary Union of the First Baptist Church met Tuesday morning at 9:30 o'clock in the home of Mrs. Bob Sinner.

The study theme for the year is "Unto the Statute of Christ" taken from Ephesians 4:13. The object of the study is to create the desire among women to use fully their capabilities for the Lord through WMU and to bring others into a growing experience of missionary endeavor and full participation Mrs. Bo Jackson was leader for the day.

Those attending were: Mmes. L. G. Thuet Jr., Ray Garner, J. P. Manley, Ruth Stewart, B. O. Hart and Louie Burkes.

Mrs. Sinner served cheese pie and coffee.

Southland voters name Smallwood, Basinger

Arthur Smallwood and Donald Basinger were elected to the board of trustees of the Southland School District Saturday in a four-man school district election.

Smallwood polled 34 votes and Basinger 24.

Housewarming in honor of couple

Mr. and Mrs. Royce Josey were complimented with a housewarming last Friday night at their newly purchased home at 801 West 4th St.

Hosts for the occasion were: Mr. and Mrs. Rex King, Mr. and Mrs. Bob West, Mr. and Mrs. Pete Hays, Mr. and Mrs. Harold Reno, Mr. and Mrs. Robbie King, Mr. and Mrs. Jimmy Moore, Mr. and Mrs. Jimmy McElroy, Mr. and Mrs. John Schmidt, Mr. and Mrs. A. J. McAlister, Mr. and Mrs. Roy Teaff and Mr. and Mrs. Charlie Williams Jr.

Guests calling between the hours of 7:30 and 9:30 o'clock were served punch and cookies from a table using a white and orchid color theme and centered with a floral arrangement.

Chapter program is on sculpture

Mu Alpha chapter of Beta Sigma Phi sorority met Monday night at 7:30 o'clock in the home of Mrs. Ruby Williams with Mrs. Pat Schmidt as co-hostess.

Mrs. Joyce Teaff presented the program on "Sculpture" containing the program study of "Paths to Loveliness".

Plans were made for the annual Founder's Day banquet to be held jointly with Xi Delta Rho chapter, April 30 at the First Christian Church. A discussion was held concerning the operation

Mr. and Mrs. Dillard Morris, Route 2, are announcing the engagement and approaching marriage of their daughter, Miss Shelia Morris, to James Melton, son of Mr. and Mrs. Paul Melton Jackson Gap, Ala.

The marriage will take place May 31 in the Church of the Nazarene, Post.

Miss Morris is a 1962 graduate of Post High School and is employed by Lyntegar Electric Cooperative, Inc., in Tahoka. Mr. Melton attended school in Alabama and served in the armed forces.

Organization of Art Guild was project of this month's artist

By MILDRED OUTLAW

She feels very strongly about certain basic principles which are upheld by a deep and abiding love of the west, a greater duty of responsibility to my country and sympathy and admiration for the people of other nations and races. Her way of life has been enriched, said Juanice Robinson, April Artist of the Month. These beliefs are expressed in her paintings now on display at the Post Pharmacy at 115 Main and the Southwestern Publishing Company.

an of Brownsville, Texas, whom she and her family befriended. He is now serving in the Navy and is the young sailor in the picture. The young boy with him is her son Stacy. In the blue sky is the face of Uncle Sam so familiar on service posters in a call to duty.

She met her husband William Robinson during World War II. Too young to join the Waves she was in nurses training at St. Mary's of the Plains Hospital in Lubbock. He was the Central Tower Operator directing air traffic at Lubbock Air Field. He is now the chemical engineer for Brown Brothers, et al, of Post, Tex. They have three lively daughters, Argan, Arleta and Nancy and a young son, Stacy.

Summing up her philosophy she says, "To me art is a way of life. It is a gift of appreciation. This interest is not confined to the area in which I live but embraces the universe."

Shower Thursday honors Mrs. Cook

Mrs. Richard Cook was honored with a miscellaneous shower last Thursday night in the Community Room.

Guests calling between 7 and 8:30 o'clock were registered by Miss Judy Cook.

In the receiving line were Mrs. John Cook, Mrs. Harvella Mason and the honoree.

A lace cloth over orchid covered the serving table. A bride and groom with orchid streamers lettered "Elaine and Richard" formed the centerpiece. Crystal appointments were used. Fruit punch and decorated cake squares were served.

Hostesses for the shower were: Mmes. Noel Don Norman, J. W. Rogers, Dee Caffey, Jack Beavers, Bernard Ramsey, L. L. Avant, Richard Dudley, Paul Jones, A. J. Mann, Mayselle James and Miss Thelma Clark.

The hostesses presented the honoree with an electric skillet.

Series of events are held here honoring bride-elect

Among the courtesies extended to Miss Mary Louise McCrary, bride-elect of Karl Geiger, in the past week have been a coffee, a dessert bridge and a kitchen shower.

Mrs. Warren Yancey, Mrs. David Newby and Mrs. Tom Power entertained last Saturday morning in the Community Room between the hours of 10 and 12 noon.

Mrs. Derwood Mayberry registered the guests, who were received by Mrs. Giles McCrary, Mrs. I. N. McCrary and the honoree.

Basket arrangements of spring flowers were used throughout the entertaining room. Gifts were displayed on long tables.

The coffee table was laid with a white linen cloth embroidered in yellow and centered with a wicker basket of Margarette daisies and yellow roses. A copper coffee service was used. Small ham rolls, sugared rosettes, fruit bread, miniature coffee rolls and pineapple chunks were served.

Mrs. J. E. Bridwell and Mrs. Ronnie Bouchier assisted at the table.

A bronze electric table casserole was presented to Miss McCrary from the hostesses.

Mrs. Phil Bouchier was hostess for a dessert bridge April 2 in her home.

Miss McCrary's chosen colors of yellow and white were carried out in the flowers, dessert and tallies. Invited guests were: Mmes. I. N. McCrary, Giles McCrary, Jack Lott, Kay Kirkpatrick, Bob Macy, Ronnie Bouchier, Jack Kirkpatrick, James R. Matthews and Earl Chapman.

Mrs. Bouchier presented the honoree with a gift of silver.

Miss McCrary was honoree at a brunch Tuesday morning in the home of Mrs. Kay Kirkpatrick with Mrs. Ronnie Bouchier as co-hostess.

Nineteen guests attended and presented Miss McCrary with gifts for her kitchen.

The Easter motif was used in decorating the serving table and the entertaining rooms.

Mrs. John Lott of Lubbock assisted her daughters in serving.

The hostesses and Mrs. Lott presented the honoree with a brass tea cart.

MANY DINNER GUESTS

Sunday dinner guests in the home of Mr. and Mrs. Pete Hays were Mr. and Mrs. Wayland McClellan and children of Levelland, Mr. and Mrs. Morris McClellan, Mrs. W. O. Fluit Sr., Mr. and Mrs. Harold Reno and children and Mrs. Lucile Bush.

'Piano and Palette' theme at meeting of Post Music Club

"Piano and Palette" was the theme for the program when the Post Music Club, Texas Federation of Music Clubs, met in the rural home of Mrs. Glenn Norman Monday night with Mrs. Ray N. Smith as co-hostess.

Mrs. Garland Huddleston, president, announced that the local club rated 120 points on the Federation of Music Clubs score card and that the club would receive recognition for this in the future.

In other business it was also announced that the club has taken out a library card at the city-school library for use of the members; the dinner honoring new members will be held in the fall instead of this spring and National Music Week, May 5-12, will be observed

in some special fashion to be announced later.

Mrs. Smith, Mrs. Boo Olson and Mrs. Ronald Babb were elected to the nominating committee. Several members planned to accept the Snyder Music Club invitation to hear a string ensemble from the Odessa Junior College at the Martha Ann Country Club in Snyder Tuesday night.

Mrs. Olson was in charge of the program which opened with Mrs. Jim Jackson playing "Autumn Leaves" on the piano. Miss Karen Haley played three numbers on the piano at different times during the program. Her first selection was "Rhapsody," a piece she will play at concert this spring, and she showed the picture "Nocturne".

Another selection was McDowell's "To a Water Lily" and she showed several pictures by Monet.

Mrs. Olson played Anderson's "Serenata" on the piano and displayed an original Spanish painting by Mrs. Ronnie Bouchier. Mrs. Kay Kirkpatrick showed the painting "In Summer" by Dorge and played "In Summer" on the organ. She accompanied Mrs. John May as she sang "The Last Time I Saw Paris" by Jerome Kern.

Mrs. Smith and Mrs. Norman played a piano and organ duet, "Meditation on Deep River" written by McDonald.

Mrs. M. J. Malouf concluded the program by playing tape recordings of the commentaries on the history of music made by Mmes. Bouchier, Kirkpatrick, Ed Herrin, and Tillman Jones on Radio Station KPOS during National Music Month.

During the social hour the hostesses served lime sherbet punch and chocolate cake from a tea table centered with an arrangement of flowers and an Easter bunny.

Mrs. Morris Neff, Mrs. Walter Johnson, Mrs. Bo Jackson, Mrs. Shelley Camp and Miss Haley were guests.

Members present were: Mmes. May, Jim Poir, Ed Savers, Olson, Jones, H. J. Dietrich, Kendall White, Babb, Huddleston, Kirkpatrick, Jim Jackson, Lillian Tizard, Herring, Malouf, Bill Bennett, O. W. McMahon, Miss Maxine Durrett and the hostesses.

Local clubwoman's name will be submitted for book honor

Mrs. Tillman Jones' name will be presented for the "Golden Book of Members" by the Woman's Culture Club and the Amity Study Club.

It was announced when the Culture Club met April 3 in the home of Mrs. Lee Davis Sr.

The honoring of Mrs. Jones is for outstanding work in the local club, state and district for many years.

Mrs. J. E. Tanner was in charge of the program on "Colombia—Country of Infinite Variety". She told many interesting travel facts on Bogota and showed slides of Colombia, called the emerald cen-

ter of the world.

Mrs. J. F. Storie spoke on the Spanish culture and influence in Colombia.

Those attending were: Mrs. Ed Warren, Storie, J. H. Haire, C. I. Dickinson, Louise Burkes, M. J. Malouf, Tillman Jones, Homer J. Irons, C. R. Thaxton, Tanner, E. S. Stewart and Miss Maxine Durrett.

The Culture Club is sponsoring a musical under the direction of Georgie M. Wilson, May 4.

Outgoing officers honored by group

The Past Matrons of Post and Southland met Monday night at the Reddy Room with Mrs. N. W. Stone, Mrs. Edsel Cross and Mrs. O. H. Hoover as hostesses.

After a brief business meeting, Mrs. C. R. Thaxton was in charge of the program honoring the outgoing officers.

Tribute was paid to the retiring president, Mrs. Haire, and a gift presented to her from the club.

Ribbon sandwiches, cake, coffee and Cokes were served to the following:

Mmes. Jay Oats, Kenneth Davies, Don Pennell, Jack Meyers, Thaxton, Stone, Cross, and Miss Henrietta Nichols.

Post couple visiting daughter and family

Mr. and Mrs. Ralph Welch left Wednesday for Sterling City for a two-day visit with their daughter and family, Mr. and Mrs. Burl Carey.

Mrs. Welch and Mrs. Carey went on to Ballinger Wednesday to attend a party for Miss Nancy H Hambrick, bride-elect of Gary Welch.

WEEKEND VISIT

Mrs. Vera Gossett spent the weekend in Big Spring with Mrs. Jonnie Butler, a former Post resident.

Miss Ann Long's engagement to Robert Morgan announced

Mr. and Mrs. Lee Long are announcing the engagement of their daughter, Miss Ann Long, to Seaman Apprentice Robert A. Morgan of San Diego, Calif.

Miss Long is making her home in San Diego with her brother and sister-in-law, Mr. and Mrs. Billy Long. She will graduate from high school this spring.

No date for the wedding has been set.

SUNRISE IN HOLLYWOOD

This is the city where pretense is a profession . . . where emotion is an art. This is Hollywood's famous Bowl at sunrise on Easter morning.

Thousands raising their hearts and prayers to the Lord of Reality . . . of Truth!

Don't be deluded by the artificiality which sometimes claims the center of life's stage. There is a hunger in the souls of men which our air of well-being cannot hide. There is frustration, futility, despair—and man's calculated unconcern cannot disguise it.

To our churches—to worship, hymn and prayer—we turn when we tire of dreaming and pretending. Can we claim any glory greater than that we are the children of God? Can we own any allegiance bolder than that we are the disciples of Jesus Christ . . . Risen, Victorious?

Easter is the climax of life's drama . . . on which the curtain never falls!

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

HOME LAWN

A beautiful, well-kept lawn adds to the material value of a home and is a basic requirement for an attractive yard. The Texas Agricultural Extension Service bulletin B-203, "Home Lawns," will give you the information you need to establish and care for a lawn.

E. M. Trew, Extension pasture specialist, discusses the establishment of a new turf and management of the established turf in his bulletin. Also found in the bulletin is a list of turf grasses for Texas, and occasional turf problems and their controls.

Most of the turf grasses can be planted in the spring, and the beautiful weekends we've had lately should continue and make an excellent time to begin a new lawn or do some work on a lawn which is already established.

Proper fertilizing, watering and mowing also adds to the beauty of the lawn and its continued success. These three practices along with types of fertilizer and methods of aeration are fully discussed in "Home Lawns."

Next time you are by your county agent's office, ask him for a copy of bulletin B-203, "Home Lawns", and begin to make your home a more beautiful place to live.

WATCH FOR SCREWORMS

Spring weather over most of Texas means livestockmen are facing a busy season when calving, farrowing, shearing, dehorning and the many other animal husbandry activities are occurring. It could also mean screwworm activity may not be too far in the future, especially if producers are not careful in handling animals and treating wounds, eradication officials state.

The many open wounds, so attractive to the screwworm fly, that now exist because of the normal spring livestock activities make many areas of the state a "veritable tinderbox" for infestation, eradicators warn. They urge producers to carefully treat every wound, whether a small nick or scratch or a large open cut, making certain that the insecticide used gets down in the center of the wound and is not drained away by blood. Spraying livestock with a solution of 0.25 per cent Coral or 0.5 per cent ronnel (Korlan) every two or three weeks, is also recommended.

Officials warn of the danger of moving screwworm-infested animals to the vast recreational area, designed to preserve 81 miles of Padre Island in its natural state. Texas had to give about 40,000 acres in Laguna Madre as a part of the project.

CONGRESSMEN — The House spent a long day of back-and-forth debate on the bill by Rep. Rayford Price of Frankston to reapportion Texas for congressional purposes. Major points in the bill are the abolition of the fourth district in North Texas—long represented by the late Speaker Sam Rayburn—and the creation of a second congressional district in Dallas County.

Under the House version, a new South Texas district, with no present congressman, would be formed. U. S. Reps. Wright Patman of Texarkana and Ray Roberts of McKinney would be placed in the same district. Otherwise, present congressmen may have their districts altered somewhat, but still will reside in their present districts.

HANDICAPPED — Lawrence R. Melton of Dallas, chairman of the Governor's Committee for Employment of the Handicapped, and A. A. Alexander of Dallas, Commandant of the Department of Texas Disabled American Veterans, issued a joint statement commending high school principals and teachers whose students participated in the "Ability Counts" contests sponsored by the two organizations.

BUT HE STAYED ON THE GROUND

CUERO, Tex.—A Cuero rural mail carrier has driven the equivalent of more than two round trips to the moon without an accident.

George D. Brantley has received a safety award for his accomplishment from the National Safety Council.

Brantley, who started out as a rural carrier in Cuero in 1919, estimates he has driven nearly a million miles on rural routes out of the Cuero post office.

Temple man elected by cotton ginners

DALLAS—C. L. Walker Jr., a gin and oil mill executive at Temple, was elected president of the Texas Cotton Ginners' Association at its annual meeting here.

Named with Walker were Jack Funk of Harlingen, vice president, and Orville Bailey of Anton, chairman of the executive committee. E. H. Bush of Dallas was re-elected executive vice president to head the Association's full-time headquarters staff in Dallas.

Resident area springs up at Lake Texoma

WHITESBORO—A new community that hopes to have 10,000 residents in 20 years has been formed on the west end of Lake Texoma.

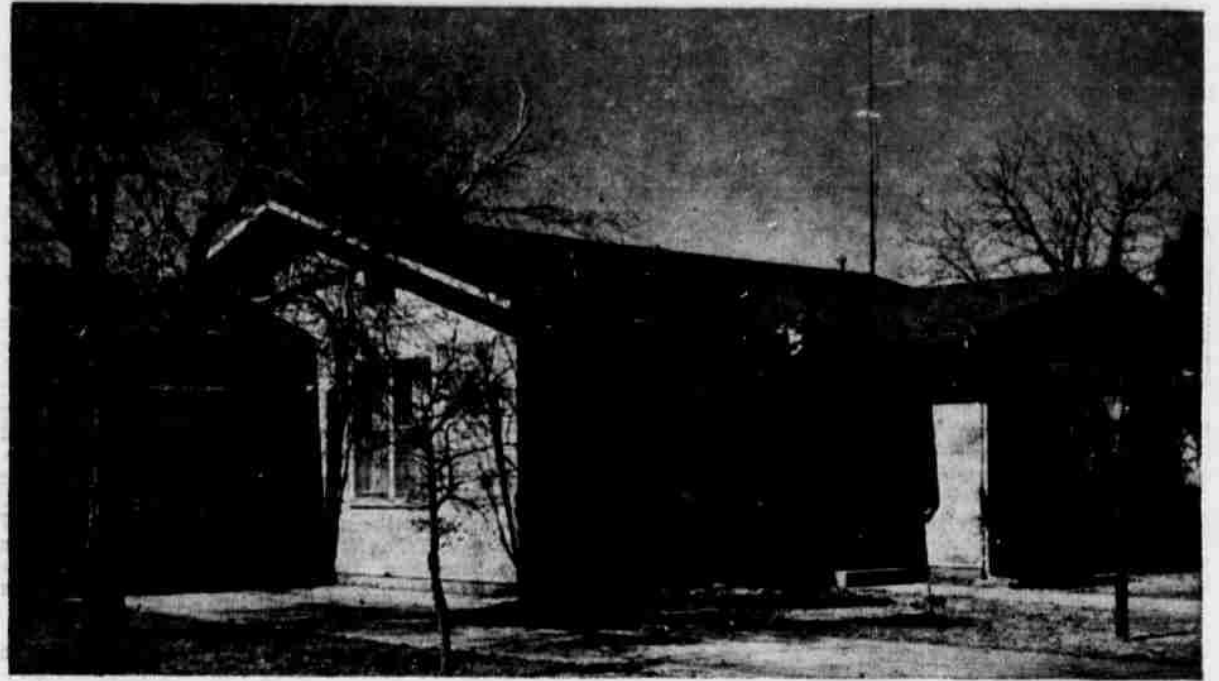

The citizens in this area refer to themselves as the Willis Bridge community. The center of interest is a residential development called Sherwood Shores. Laid out on a cedar-dotted plateau overlooking the lake to the north and east, the 470-acre project has 247 homes completed or under construction.

Every case now being detected is treated as an emergency in an attempt to quickly overwhelm the insect before it can infest other areas. This makes prompt reporting by producers imperative, officials said.

C. G. Scruggs, president of the Southwest Animal Health Research Foundation, has stated it would be traitorous for a man not to report anything he thinks is a screwworm case. A few cases that are not treated and reported at this time could ruin and waste everything that has been done up to now, he said.

PASTURE SPECIALIST
Albert C. Novosad, a former county agent and since 1954 a member of the Texas Agricultural Experiment Station's Foundation Seed Division, has been named pasture specialist for the Agricultural Extension Service.

★ ★ Retired couple enjoy modern Electric Heating in 900 sq. foot home!

"I like my electric heating because it holds the same even temperature—even at night", says Mrs. Q. L. Hames of Crosbyton. Mr. Hames, a retired contractor, converted his woodworking shop into a fine home of 900 square feet. He added storm doors and windows as well as insulation to bring his home up to modern standards installing electric heating at the same time. The Hames moved into their home in December of 1959 and the joy of electric comfort heating has been theirs every winter since then.

MRS. Q. L. HAMES

There's an electric heating dealer who can install electric comfort heating in your home. For the name of the dealer nearest you — ask your Public Service manager.

A new, low electric heating rate is available for heating your home electrically — your Public Service manager has the facts.

WHAT IS THE LUTHERAN TEACHING ON THE BIBLE?

Lutherans believe and teach the Bible IS the WORD OF GOD, both the old and the new testaments. The Bible itself makes this plain in many places, for example: "All Scripture is given by inspiration of God." II Timothy 3:16.

Because the Bible is God's Word it is God speaking to you and to me. And when God speaks it is well for us to listen, to believe, to remember and do what He says.

Our Lord Jesus says, "He that hath ears to hear, let him hear."

Because the Bible is God's Word we dare not change it in any way, we dare not add to it or subtract from it. We dare not give our interpretation upon it in an effort to make it say what we would like to hear. This Book has the final say as to what we should believe and teach, and how we must live. It is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works." II Timothy 3:16.

Because the Bible is God's Word it can not contradict itself or contain errors. It is the Truth. Jesus said, "Thy Word is Truth." John 17:17. Therefore, if we find two sections which seem to disagree we must continue to study other sections which deal with the same subject and they will help us see the true meaning of the section in question. Lutherans say, THE BIBLE IS ITS OWN INTERPRETER. Hence, we must never force our own interpretation upon it but rather we must study the entire Bible prayerfully that it may interpret itself to us. As we do this the Holy Spirit will lead us into the truth.

Finally and most important, Lutherans believe and teach that the Bible alone will show us the Way of Salvation, the Way back to God from Whom we have fallen. As it is written to Timothy, from a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus." II Timothy 3:15.

If you have not been reading your Bible as you should, if you are having difficulty getting the message and have no one to guide you, the Lutheran Church invites you to attend the Bible Classes and Church Services which they will begin conducting here in Post on April 28 and each Sunday thereafter.

These Classes and Services will be held in the Presbyterian Church on the corner of W. 10th and N. Ave. K. We shall have Sunday School for children and Bible Class for youth and Adults at 6:30 p. m. followed by Church Services at 7:30 p. m. They are under the direction of Pastor Robert Kamrath from Wilson, Texas. All are welcome to attend.

Committee heads named for new Chamber year

Chamber committee chairmen for the new club year were announced Wednesday afternoon at the Post Chamber's board of directors meeting by Charles Luttrell, Chamber president, along with some of the completed committees.

Pat Walker heads the General Civic Activities Committee which includes community building, youth and recreation, and public schools. George (Scotty) Samson heads the agricultural committee. Other members are Lewis Herron and Jack Lott.

Frank Blanton is chairman of the membership and finance committee. Dave Sanford and R. G. Wilkerson are other committee members.

Other committee chairmen are Victor Hudman, retail merchants and promotion; T. B. Odum, Christmas Committee; Jim Cornish, public relations; Henry Tate, public utilities and road safety; Ruby Metcalf, industrial development, housing and building; Bob Collier, hospital and medical; and Hudman, aviation.

Sanford serves with Corralis as the publicity committee, and Julian F. Smith with Tate on the public utilities and road safety.

Five new Chamber members were announced to directors, bringing the organization's members to 285.

The new members are Giles Dalby, Cross H ranch; the Rev. B. S. Ramsey; R. G. Wilkerson; the Tang Bowl, Richard Borgman, mgr.; and the Acme Construction Co., G. H. Clayton.

The Chamber office in the city building will be redecorated soon by the city.

Progress was reported to directors on new city maps and a new Chamber brochure.

Luttrell called for Chamber members to "send in your letters on the outstanding project or program you think the community needs."

He also invited all interested Chamber members to the next directors' session which will be held at 7 p. m. Thursday, April 25, in the city council room at city hall.

Easter services —

(Continued from Page 1) a Morning." The Lord's Supper will also be observed.

At the 7 o'clock evening worship an Easter dramatization, "The Shadow of the Cross," will be presented by CWF.

The regular Sunday morning services will be held at the 11 o'clock hour at the First Presbyterian Church, the Rev. Ed Herring, pastor, announced.

There will be special Easter music by the choir, "He Is Risen," at the Church of the Nazarene on Sunday morning, with "He Lives" as the sermon topic of the pastor, the Rev. Kendall S. White. A candlelight Holy Communion service will be held at 7 p. m.

A sunrise service will be held at the Calvary Baptist Church at 6 o'clock Sunday morning, where a spring revival meeting is in progress. The Rev. Graydon Howell, pastor, will preach at the 11 a. m. service and the Youth Choir will be in charge of the music. An old-fashioned basket dinner will be held at noon.

"The Resurrection of Christ" will be the theme of the Rev. W. W. Pettyjohn, pastor, Sunday morning at the Church of God of Prophecy.

The regular Sunday services, at 11 a. m. and 7 p. m., will be held at the First Baptist Church, the Rev. C. B. Hogue, pastor, announced.

The regular Sunday services are also scheduled at the Church of Christ, according to Herbert A. Smith, minister.

There will be an Easter Mass at 10 a. m. at Holy Cross Catholic Church, with the Rev. Edward Clinton as the celebrant.

All churches are also holding Holy Week services leading up to Easter Sunday.

The Church of God of Prophecy will have a special service for the Victory Leaders Band at 7:30 p. m. Friday, Friday and Saturday afternoons, the Victory Leaders Band will take part in a national "Operations Raindrops."

While a plane flies over Post dropping gospel tracts, the group of young people will make a house-to-house visit distributing scripture tracts.

The Beginners of the Church of the Nazarene will go on an Easter egg hunt at 5 p. m. Friday at the City-County Park, and Friday evening the young people of the church will have a special service in the park.

The WSCS of the First Methodist Church met in the home of Mrs. T. R. Groeber at 9:30 a. m. today for a special service on Maundy Thursday. At 7:30 p. m. today, there will be a Communion service in the main chapel of the church in observance of the Last Supper.

A Communion service will be held at 7:30 p. m. today at the First Presbyterian Church.

Maine is bounded by only one state, New Hampshire.

Tipton elected via coin flip

Marshall Tipton won re-election to the Close City school board last Tuesday via the flip of a coin from Durward Bartlett, also seeking re-election.

Robert Craig won one position with 19 votes and Tipton and Bartlett tied for the other with 18 apiece. Arlie Ramage fourth man in the race, polled three votes.

The law decrees a coin flip in case of a tie and after the vote was canvassed by the Close City school trustees Tipton and Bartlett flipped the coin.

School board —

(Continued from Page 1) from their classroom to the cafeteria and then back to the classroom.

Because of the crowded lunchroom facilities, the pupils are fed in groups of as many as can be accommodated at one time, it was explained to the board. At no time, the delegation spokesman said, do the children have more than "10 or 15 minutes" in which to consume their food.

It was pointed out to the board that the lunchroom just has not grown with the schools' increased enrollment... that there are too many students, not enough time, and inadequate lunchroom facilities.

Board President Moreland told the delegation that the trustees have long been aware of the inadequate lunchroom facilities; that its enlargement was originally included in the school's last building project, but that opposition both on and off the school board led to the lunchroom phase of the improvement plans being dropped.

"IT WAS EITHER dropped it or see our entire high school bond issue go down the drain," the delegation was told.

The trustees continued the lunchroom discussion after returning to the board meeting room from the library, where they had heard the delegation of parents. Mentioned as possible solutions of the problem were a bond issue for enlarging the lunchroom; a joint project with the city or county for a lunchroom that could also serve as a civic center; a catering service for some of the grades, and including the lunchroom project in the school budget.

The board agreed that enlarging the kitchen would greatly facilitate the lunchroom operations, since much space that could now be used as kitchen facilities is used for storage space.

The discussion was concluded with the board deciding to invite a representative of a kitchen firm to their next meeting to talk over cost, etc. of enlarging the present lunchroom kitchen.

The board's decision to authorize Band Director Bruce Evans to order 15 new uniforms for the band came after he told them next year's marching band would have about 75 members instead of this year's 60.

The band director told the board that there are enough uniforms on hand, but that 20 of them are too small because they were ordered at a time when the band included junior high school students.

The 15 new uniforms will cost \$80 each for a total cost of \$1,200. The school bus routes that the board decided to consolidate at the end of the term, if possible, are those now being operated by Mrs. Basil Pucker and R. B. Perrin.

Trustee Russell Wilks Jr. said that the two buses cover much the same territory and he believes their routes could be combined so that they could be served by one bus.

In rehiring all school auxiliary employees, the board raised the monthly salary of Mrs. Juanetta M. Ataler, lunchroom supervisor from \$258.90 to \$275, and the salaries of the five full-time employees from \$125 to \$150.

The \$250 salary increase given the band director for 1963-64 will raise his salary for that year to \$6,250.

Cross, Ramage renamed to county school board

A. I. Cross and George Ramage were re-elected to the county school board Saturday. Both were unopposed.

Cross polled 11 votes in Precinct No. 3 and Ramage 79 in Precinct No. 2.

Contest —

(Continued from Page 1) 12, of 706 West Fifth, who wins a tool chest as his prize. The third prize, an authentic "jewel" show car kit, was won by Joe Shook III, age 10 of Box 35, Post.

All 103 contest entries are winners, however. Each will receive a free ticket to the Tower Theatre courtesy of Theatre Manager Johnny Hopkins by calling at The Dispatch office.

Judges reported much tougher competition this time in determining prize winners.

Entries were received from Dispatch readers in Big Lake, Tex.; Tucson, Ariz.; Sacramento and San Diego, Calif.; and Newburgh, N. Y.

Youngest entrant was Timothy Briggs, only 20 months old, who lives in San Diego. Darlena Johnston, age 2, was the youngest local entrant in the contest.

Contestants in the 7 and under age division also included Betty Dixon, Patricia Gannon, Toby Rosas, Cy Cecil Willson, Kathy Billberry, Penny Norman, Andy Robinson, Albert Torres, Della Mae Witcher, Deborah Hundley, Mary Ann Norman, Vicki Gannon, Eddie Gannon, Randy Pennington of Tucson, Cathie Young of Sacramento, Bruce Sanderson, Benny Greene, Joe Morris Hays, Billy Hays, Kelvin Thomas, Randy Josey, Robert Peel of Newburgh, N. Y., Terry McCord of Tahoka, Terri Kay Aten, Keven George, Teresa George, Eva Raymond, Nancy Rea Maddox, Gary Keith Little, Donna Dye, Randy Peel, Donny Windham, Kendra Brown, Kathy McCullough and Stevie Cooper.

Other contestants in the 8 through 12 age division were Karen and Kay Hundley, Robert Pierce, Dale Walls, Martha Jo and Elizabeth Walls, Sandy Dixon, Dona Moore of Levelland, Kathy and John Carter, Kathie Smith, Arthur Torres, Daisy Smith, Larry Brown, Robert Torres, Danny and Anita Vargas, Judy Hitt of Southland, Randy Lee, Robert Mindieta, Loretta Lee, Jan Olson, Nancy Norman, Johnny Wallace, Deborah Horton, David Pierce, Gaynell King, Susan Billberry of Big Lake, Dejuana Hays, Mike McCullough, Christine Morris, Patti Nelson, Loretta Shaw, Linda Josey, Bobby Norman, Nina Young, Dennis Dodson, Alan Dale Seals, Brenda Lee, Joe Shook, Donna Maddox, Jackie Gordon, Barbara Ann Lucas, Anita Joyce and Billy Jack Little, Patti Peel, Peggy Bevers, Debbie Cooper, Curtis and Arthur Whitely, Dale Burkes, David Woods, Phyllis Eckols, Joel Warren, Mary Jane Johnston, Rebecca Pruitt, Donna Kolb, Becky Brewer, Kay Lofton and Judy Sue Lofton.

Attend funeral in Goree Thursday

Mrs. Wynelle Holland, Larry and Annette, Mrs. George Drennan and Mrs. Mildred Fitzgerald were in Goree, Tex., last Thursday to attend the funeral of their grandmother and mother, Mrs. J. F. Draper, 86.

Ten of the 11 surviving children and their families attended the funeral. Interment was in Johnson Memorial Cemetery at Munday.

Mrs. Holland and children accompanied her mother, Mrs. Fitzgerald, to her home in Fort Stockton for a visit, returning Saturday.

Postings —

(Continued from Page 1) was a long pause. Finally the chief operator came on to explain that "your operator is now in the lounge crying."

But to wind this up on area code numbers and conversion to Long distance, one telephone technician employed in Lubbock was telling me out at the "branding" Sunday that "if we ever get all the equipment installed and everybody taught how to use it our goal will be that any telephone user can dial anyplace in the U. S. after 9 p. m. for only a dollar. That stopped me. If I can someday make cross country calls for a buck I promise to settle down and learn the darn area code numbers."

We called up Steve Luce, the White River dam contractor, at the J. P. Manly home the other night to see how things were going "first hand" and he told me that contrary to all these reports of rattlesnake catches at the dam site, construction crews have seen very few snakes. "The fellow who has been catching so many sprays gasoline in among the rocks to force them out," he explained.

Steve reports the dam as of yesterday morning was at the 40 foot mark in elevation, which means it is 28 feet above the actual streambed. When completed the dam's top will be at the 95 foot elevation mark or 83 feet above the river bed. Steve's men have to move some 1,372,000 cubic yards of dirt to build the earthen dam and already have about half of it moved and in place. With eight motor scrapers, of the 25 to 35 yard size each, Steve is moving approximately 9,000 yards of dirt daily.

He has begun rip-rapping the upstream face of the dam with a conglomerate rock. They've got about 7,000 to 8,000 yards of rock on now—just a start on the 135,000 yards of rock that are needed. Rock will be eight feet thick on the face of the dam upstream—and that will take a lot of rock. Not only do Steve's men have to haul it, but they've first got to drill it and dynamite it out before it can be loaded.

Whether Steve is behind or ahead of schedule "depends on whose schedule you're talking about," Steve told us. "I'm behind mine. Though I've got to February to complete the dam I hope to be finished by September." He lost two and one-half days work last week because of rain—it was too wet and slippery for the big hauling equipment to work.

The first baseball "game of the week" on television Saturday will feature the Detroit Tigers—and First Baseman Norm Cash for local fans.

Vernon Scott, treasurer of the committee, reported that a total of \$1,434.67 was contributed at the three immunization clinics, with \$898.35 spent for the vaccine and related costs, leaving \$536.32 to be used in the project decided on by the committee Friday.

In setting up the fund, the committee decided that the reimbursement is to be for the cost of the vaccine only and will not include payment of any professional charges, it was explained, must be applied for directly by the physician.

It was also agreed by the committee that the program being established through the fund will include vaccines of any type.

The committee, which met in the Community Room of the First National Bank, is composed of County Judge J. E. Parker, chairman; Dr. Harry A. Tubbs, Henry Wheatley and Scott.

Phil Crenshaw, chairman of the steering committee for the three SOS clinics held here, announced this week that the Sabin Oral Vaccine program "is now history in Garza County."

Following the third clinic, at which Type III of the vaccine was administered, there were 250 make-ups, which brought to 1,950 the number of persons receiving Type III in Garza County, Crenshaw said.

The chairman also announced that the Women's Auxiliary of Garza Memorial Hospital has placed all polio vaccine immunization records in a permanent file at the hospital here, where they will remain for reference.

Crenshaw said he would like once again to express his appreciation to the many people who helped on a voluntary basis throughout the immunization program.

Restraining —

(Continued from Page 1) representatives of the Close City school district appear before him at 10 a. m. Friday, April 19, in district courtroom here to "show cause, if any there be, why an injunction should not be granted... effective until final decree".

The restraining order was served on Arvil Smith, president of the Close City school board, Tuesday afternoon.

Wednesday morning, the Close City bus which brings the Negro youngsters into Post drove into the yard of Cash's rural home. The driver said he stopped to pick up the two Cash girls and bring them to school in Post.

But the girls, not prepared for such early departure, weren't ready so the parents had to drive them in.

That day, the Cash family moved into Post to the former Spencer Kuykendall home at 1009 West 11th which Cash recently purchased.

The move doesn't mean the end of the suit, Walker said. The matter of tuition is still involved as well as the "principal of the thing" for the other white youngsters still living in the Close City district and attending the Post schools.

Funeral held for Post man's father

Prison term is given forger

Clyde Clark was sentenced to less than two years nor more than three years in the penitentiary Monday by District Judge T. Smith when he pleaded guilty to forgery.

He had passed a \$49 check Alvin Young at a local store March 4, 1963.

Judge Smith sentenced 13 others to prison terms on burglary charges, but probated each of sentences.

Rodger Williams and William Smith pleaded guilty to a local felony. Each was sentenced to years in the penitentiary. Sentences were probated.

John Villa pleaded guilty to burglary charges and also was sentenced to three years in prison. The sentence probated.

Judge Smith after hearing case of Barbara Taylor, charged with forgery here Feb. 8, 1961, ruled if restitution has been made by the defendant by that time may continue in probation.

8th grade team brings home district track championship

The 8th grade track team won the District 4AA division at the Denver field meet in Denver Monday, while the Post varsity and the 7th grade teams were third, and the 8th grade team second.

Coach Glenn Gregg's varsity Antelope team were barely nosed by Slawson's 50 points to 77, for second place behind the runaway host team, who scored 237 points. Slawson was fourth with 59½ points and Spur was fifth with 44½ points.

The Antelopes qualified two second place winners for the Region I meet to be held in Lubbock on April 19-20. They were Glenn Polk in the pole vault and David Nichols in the discus throw. Only first and second place winners in the district qualify for the regional.

Coach Dwan Robertson's 8th grade team of Coach Biggart scored 107 points for its place team finish behind the City, which piled up 196 points.

The 7th grade team, also coached by Coach Robertson, scored

places won top individual honors for the entire meet. He placed first in the 50, 100 and 440-yard dashes, broad jump and shot put.

Events in which the Post teams scored points were as follows:

High School
Pole Vault — Glenn Polk, second.
Discus — David Nichols, second.
Danny Pierce, fifth.
Shot Put — Nichols, fourth; Charlie Brown, fifth.
220-yard Dash — Keh Rankin, fifth.

Two spring tilts for Red Raiders

LUBBOCK — Texas Tech will stage two spring training football games—April 20 and April 27.

Coach J. T. King said that the April 27 game would be played at 4 p. m. in order not to conflict with either the Red Raider Relays, scheduled earlier in the day, or the Texas Tech rodeo, slated for a night performance in the Coliseum.

For the sake of those who cannot get to an afternoon game the Red Raiders will play their April 20 contest at 7:30 p. m. Admission to the April 20 game is free. A charge will be made for the second encounter.

It's the Law in TEXAS

BILL OF ATTAINDER
"No bill of Attainder shall be passed by the Congress." Under our Constitution the Congress cannot pass laws penalizing individuals. Instead persons who break laws shall have regular trials.

This prohibition grew out of the early abuses of Parliament which for example, condemned the Prince of Wales in 1700, accusing him of betraying the King. It declared that he "be convicted and attained of High Treason."

In other years Parliament charged certain subjects with treason, which sometimes involved merely "voting or speaking" out of line. Often it adds "corruption of blood" which meant that the doomed person's heirs could not inherit his estate. Article III, Section 3 of our Constitution also prohibits "corruption of blood."

The English bills of attainder were often directed against persons who threatened to overthrow the government. Thus, many bills were directed against American colonists. By 1789, grown weary of these excesses, the Americans unanimously and without debate denied Congress such powers.

In past years the curb has been applied to Congressional acts which sought to punish groups without trials. After the Civil War, for example, some states prohibited lawyers from using the courts unless they swore that they had been and would continue to be loyal to the United States. The U. S. Supreme Court upset these laws.

Recently Congress denied salaries to certain federal employees for not co-operating with a Congressional investigation. Again the U. S. Supreme Court struck down this law as a bill of attainder.

The courts have the power to try, convict and punish accused persons, and except for impeachment of certain officials, the legislative branch of the government has no judicial power.

1000 pounds of gars, turkeys, buffalo netted

MALLEN—Fish, even at seven a pound, probably would not find a market among West Texas beef eaters, but the five and six tons netted in Falcon Lake, West Texas fishing hole, improve angling. The 11,000 caught included gars, carps and buffalo.

Gars destroy thousands of black bass, crappie, and bluegill. The netter sold fish in Mexico for seven cents a pound. Except for people of the Rio Grande Valley, more from West Texas fish at Falcon Lake, 68 miles west of McAllen, than from any other part of the state.

Baseball games set for Tech nine

LUBBOCK—Four baseball games are set for the Texas Tech Red Raiders in Lubbock next week.

Huffman's nine will play Christian in a doubleheader Tuesday, April 16, and in New Mexico in a twin-bill April 20.

The road will be the tennis meeting Southern Methodist on Friday, April 19, and Texas Tech at Fort Worth, April 21. The Kansas Relays Friday Saturday.

Coach high school track, tennis and golf performers from about Region One — Conference B, A, and AA—will seek to qualify for the state finals in meets April 19 and 20.

Haire breaks district sprint record

Southland qualifies 6 for regional meet

The Southland High School track team placed second in the District 7-B track and field meet held in Lubbock last Thursday and qualified five individuals and one relay team for the Region I meet to be held April 19-20 at Texas Tech.

New Deal captured team honors in the meet by outscoring Southland by 10 points, 141½ to 131½. Roosevelt was third, Cooper fourth, Wilson fifth and Shallowater sixth.

Eagle sprinter Johnny Haire broke the district records in winning both the 100 and 220-yard dashes. He also ran on the winning mile relay team and placed in the shot put and discus for a total of 29 points.

Haire ran the 100-yard dash in 10 seconds flat in the preliminaries to break the old record of 10.3, set

in 1959 by another Southland runner, Ronnie Dunn. Haire also broke Dunn's record of 22.6 in the 220-yard dash with a time of 22.4.

Webster Crawford added 10 points to the Eagles' total with a first place in the 880-yard run with a time of 2:09.5. Crawford also starred in the mile relay team's victory, closing the gap between the runner ahead of him before handing off to Haire. Other members of the mile relay team, which turned in a time of 3:54.1, were Joe Hall and Don Altman.

Court of Honor Girl Scouts hold

By KATHARINE TRAMMELL
Junior High Troop No. 286, Girl Scouts of America, held their Court of Honor last Friday evening in the Community Room at Postex Mills.

Each troop member participated in the Girl Scout candlelighting ceremony, in which one candle was lighted for each of the 1 Girl Scout laws, each of the three parts of the Promise and one each for the Motto and Slogan.

Badge sashes were placed on the girls by their respective mothers.

Troop members receiving badge sashes and second class badges were: Zelika Freeman, Iris Howell, Mickie Taylor, Brenda Ward, Patsy Pierce, Rita Litton and Brenda Clemmons.

Five-year pins were presented to Mrs. Lee Ward and Brenda, Zelika Freeman, Iris Howell, Mickie Taylor, Patsy Pierce and Rita Litton.

Other regional qualifiers for the Eagles were Jackie Dunn, who placed second in the low hurdles; Ronald Saunders second in the pole vault, and Rod Callaway, second in both the high jump and broad jump.

Saunders placed third and Dunn fifth in the high hurdles; Hall fourth in the 100-yard dash; Delroy Odom fifth in the 440-yard dash; Callaway fourth and Saunders fifth in the high hurdles; Odom fourth in the 220-yard dash, and Callaway fifth in the mile run.

Southland's 440-yard relay team placed third.

Mr. Parnell is the troop's leader.

1963 exemptions on homesteads deadline nears

Property owners have until April 30 to render their property for taxation and apply at the county tax office for a residence homestead exemption for 1963.

Under provision of the state constitution, a property owner may claim up to \$3,000 of the valuation for tax purposes of a residence homestead as an exemption from state property taxes. The exemption does not apply to county or special district taxes, T. H. Tipton, county tax assessor-collector, said.

The rendition for taxation and the application for the homestead exemption must be made each year by the property owner himself, Tipton said.

Southland man's brother buried

Funeral services for Benjamin Henry Becker, 66, who died last Friday, were held at 2:30 p. m. Sunday in the Grace Lutheran Church at Slaton.

Mr. Becker was a brother of August Becker of Southland.

He is also survived by his wife, four daughters, two sons, two other brothers and three sisters.

The Rev. Leroy Dean, pastor of Grace Lutheran Church, officiated at the funeral services. Burial was in Englewood Cemetery at Slaton.

Babe Ruth League tryout dates set

Members of the Babe Ruth League at a meeting Tuesday night, set April 16 and 17 as the dates of tryouts for this season's Babe Ruth League teams.

Boys planning to play in the Babe Ruth League are asked to report at 5 p. m. on the above dates.

League officials said boys must make at least a one-day workout to be eligible to play.

McALLEN — Every Texas kid ought to see the irrigated farms and orange orchards of the Lower Rio Grande Valley says Manager Wade Terrell of the McAllen Chamber of Commerce and to help them McAllen offers motel and hotel group rates at half price this spring and summer.

FFA and 4-H ranch and farm girls and boys, school classes, Boy Scouts and others will be given Valley sightseeing guidance free at McAllen, and also provided with a free meeting hall. The visitors can make a round-trip to Old Mexico for 13 cents by walking three blocks across the McAllen bridge over the Rio Grande to Reynosa, Mexico.

Volleyball team loses in meet

The Post Does volleyball team, playing its first matched game of the season, lost to Denver City Monday in the District 4AA volleyball meet.

Coach Van Kountz' Does had defeated Frenship two games out of three before losing two straight to Denver City, which will be the District 4AA representative in the regional volleyball meet.

The Post girls downed Frenship, 15-1 and then 15-3 after losing the middle game, 14-16. The Does lost to Denver City 1-15 and 4-15.

Winners named in PHS Science Fair

This year's school Science Fair, held last Thursday, Friday and Saturday at Post High School, was the biggest and most successful of any ever held here, according to James Pollard and John Edd May, sponsors of the Science and Math Club, which sponsored the three-day event.

The sponsors said this year's projects, from grades 1 through 12, were the most outstanding of any Science Fair ever held here, and there were more of them. There was also more interest this year on the part of the general public.

In addition to special awards by a number of Post business and professional firms, certificates are to be awarded to every student who participated in the Fair, Pollard and May said.

The Science and Math Club plans to hold a special awards event at one of its regular meetings for the purpose of awarding the special prizes and the certificates.

Following is a list of the winners in the various divisions of the Science Fair:

Elementary
Vickie Reep and Mike Morierety, first, 5th grade; Telegraph.
Daisy Smith, second, 5th grade; Seeds.
LaRue May, first, 4th grade; Shells of the Ocean.
Jeannie Ryder, second, 4th grade; Matches.

Science Fair winners named by Tech judges

Thursday the associate professor of chemistry and assistant professor of biology, both of Texas Tech, announced the winners of the science fair.

Out of each division they chose the top winners as well as choosing two outstanding projects of the entire fair.

Elisabeth Tubbs' growing Embryonic Tissue was selected as the outstanding project in the fair as well as being the best biology project.

Susan Cornish and Susan Ramsey were second in biology division with their project on Blood Typing. Jackie Beavers placed third with his study of Bacteria. Gene Nowell placed fourth with his Embryology of the Chick.

In the chemical division Meredith Newby and Sandy Gary were first with the D. N. A. Molecule. Vickie Wilks and Wyanza Windham placed second with their Test for Nucleic Acids, and Teddy Scott placed third with the Human Digestive System.

In the Physics division Rick E

Weich was first with his Solar Energy at Work; Wayne Masters, second with his Static Generator; and Charlie Brown, third, Measuring the Velocity of Sound.

Linda Pennell placed first in the Math division as well as second in the entire fair, with her Truth Tables.

Elisabeth Tubbs won second with Casting out Sevens, while Delton Robinson placed third with his Concepts of Vectors.

We are very proud of these people and we hope that several of them place in the Regional Science Fair.

Foreign student here talks at area club meets

Miss Susanne Krause has been keeping very busy lately making talks to area Rotary Clubs, school groups and appearing on a school panel.

Susanne, accompanied by Miss Beverley Young, was on a panel with students from other foreign countries in Andrews recently. The panel, composed of students from Austria, Greece, Denmark, Argentina and Leichtenstein, discussed school systems, first impressions of the United States and dating customs of their respective countries.

The girls drove to Plains where they were overnight guests of Mr. and Mrs. Gene Young, Beverley's brother and sister-in-law. Susanne talked to the junior high and high school there. At noon she talked to the Plains Rotary Club. In the afternoon she appeared before the student body at Seagraves, where Ross Buckner, brother of Mrs. Lew Baker, is superintendent.

Last Thursday, Mr. and Mrs. Paul Marion of Spur, came for Susanne to speak at the Rotary Ann Banquet that night. Friday she made six talks at the high school. The highlight of this trip for Susanne was watching Cecil Fox milk a rattlesnake.

The Tickle Box

By Danny Cooper

He: "Why do they call this railway station Fish Hook?"
She: "Because it's the end of the line."

He: "What part of an automobile kills the most people?"
She: "The nut behind the wheel!"

Teacher: "Bobby, what is a synonym?"
Bobby: "A synonym is a word you use when you can't spell the other one."

Teacher: "At your age I could name all the Presidents and in proper order."
Bill: "Yes, but there were only three or four of them then."

Mary Alice Cleveland and Linda Rogers spent Saturday night with Wanda Williams. All three girls had a blast!

Sandy Bardin is now living with Elaine Wheatley and her family. Elaine says she's happy to have a big sister at last.

Shirley Sappington got her formal for the Jr-Sr. Banquet last Saturday.

Visiting Mr. and Mrs. G. E. Fleming Sunday were: Mr. and Mrs. Walter Meyer and family of Waco; Mr. and Mrs. D. C. Shields and family, Mr. and Mrs. Jack Ford and family and Mrs. Leola Williams, all of Lamesa; Mrs. Buddy Cleveland and daughters of Pecos and Mrs. H. V. Williams and daughters.

The Buddy Cleveland are visiting the H. V. Williams family this week. H. V. Williams, Mary Alice and Buddy Cleveland took Mrs. Cleveland back to Fort Worth Sunday.

School Library widely used in Science Fair

Both city and school library are being used extensively as was shown during the Science Fair. The library was used as a source for reference and research work for projects and displays.

We hope everyone will continue to be interested in the library and continue to use it during the summer.

City fines are five cents a day.

America means freedom, other things to group of Junior High School kids

By Deanna Adams

The following kids were asked what America means to them. Here are their replies.

Linda Williams — To me America means freedom. Freedom of speech, freedom of religion, freedom of the press and freedom of assembly.

Sheri Perdue — America means to me freedom. We have more freedom than any other country in the world, and we are proud of it and are willing to fight for it.

Roy Sappington — To me America means freedom of speech, religion and a right to vote for whom you wish.

Marta Solis — What America means to me is that it's a free country just as long as you obey the laws.

Manuel Mindieta — America means freedom and freedom of speech, religious and many freedoms of other kinds to me.

Lois Gill — To me America means a free country, and if every-

one joins in no one will have the power to take our freedom away.

Wayne Plunk — America means to me you can go where you want to and when you want to.

Debra Britton — To me America means many freedoms. Freedom of speech, press, worship, right to assemble peaceably, right to petition, right of trial by jury, and no search without warrant. America is a place where you can have all of these freedoms as long as you do them right.

Sherry Gist — To me America means freedom and peace.

Sue Nutt — To me America means freedom, right to vote, freedom of speech and press. In America man has hope for the future, for his wife and children. America is free of communism because of our ancestors. They fought and shed their blood to make America a free and strong nation. In the days of tomorrow, we must do the same because this great nation will be in our hands.

English, they say is the language most used.

Most spoken, most written, most cruelly abused.

The plural of box we all know is boxes.

Yet the plural of ox is oxen, not oxes.

One goose is a goose, but two are called geese.

But why isn't more than one mouse called meese?

A mouse and his family are mentioned as mice.

But the plural of house is houses, not hices.

The plural of brother is brothers, or brethren.

And yet we say mothers, but never say methren.

The plural of man? The answer is men.

The plural of pan? Who would dare say pen?

A cow in the plural is sometimes the kine.

But who ever spoke of two vovs as vine?

You can readily double a foot and have feet.

But try as you will, you can't make root reet.

If this in my hand were two, 'twould be these.

And yet is the plural of kiss ever kesse?

We classify pronouns as he, his and him.

No wonder foreigners nearly go mad.

And speak our good English atrociously bad.

A quiz for an English teacher

WHAT IF . . .

Carolyn were a Wrestler instead of a Malsler?

Vonda were a scream instead of a Howell?

Janith were a long instead of a Short?

Robert were a porcupine instead of a Bevers?

Marianne were a Smith instead of a Jones.

Elisabeth were buckets instead of a Tubbs.

Dennis were a Pain instead of Payne?

Jimmy were a windmill instead of a Wells?

Marsha were a Jones instead of a Smith?

Chris were a Dodson instead of a Cornish?

The songs they sang were: "Trampin'", "Land of Hope and Glory," "Chiapanecos", "Kathryn's Wedding Day", "Southern Song", "The Boll Weevil", "Down the River", "The Tree in the Woods", "I Have Lost the C on My Clarinet", "Round-Up Lullaby", "Somebody's Calling My Name", "No Hiding Place" and "School Song."

There were three special songs by the Dizzy Dozen of the girls' double sextette. The girls sang "Spaceship" and the boys sang "My Boomerang Won't Come Back." Both groups sang "If I Had a Hammer."

The program went well and the chorus of Post Junior High is a good chorus. Post Junior High is proud of the music Mr. Willson is teaching.

EASTER HOLIDAY

Jimmy Minor, son of Mr. and Mrs. James Minor and a student at Texas Tech, is spending the Easter holiday with college friends in Houston.

WEEKEND GUEST

Mrs. Frank Blake visited with her daughter and son-in-law, Mr. and Mrs. Jim Poer, over the weekend. Mrs. Blake's home is in Lubbock.

Annuals arrive at Junior High

The Post Jr. High "Memories of 1963" came in Thursday, March 28.

This year our annuals are dedicated to Mrs. Mary Lee Wristen for her years of service to Post schools and because of the honor and distinction she has brought to our schools in being president of District 13 this past year.

Also it is dedicated to Mrs. Minnie Will Williams for having served in Post schools from primary through Junior High, for her consideration of others and her love for children and because she will be missed in our school system.

Our annuals have a new design this year. The pictures are arranged diagonally.

The faculty and the students thank Mr. Whittenberg for his hard work on the annual this year.

HOME FOR EASTER

Miss Sharon Jobe, a student at Southern Methodist University in Dallas, is spending the Easter vacation with her grandparents, Mr. and Mrs. Bill Edwards.

HIGH SCHOOL EDITORIAL

RULES ARE MADE FOR EVERYONE

It is human nature for all of us to resent undue correction and criticism, but it is well to remember that there is a purpose behind all school rules and regulations, even though they are difficult to understand.

Rules are made for everyone; the best are always made to suffer for the worst. Always keep in mind that the educational opportunities offered by high schools in America

are unmatched by any other nation of the world.

Your conduct while attending school reflects your own character and background. Rules governing your activity in the halls and classrooms are made in the interest of the entire student body.

Don't neglect your duty to your parents and yourself. Your educational advantages come to you only once. You will always regret it if you do not apply yourself and make the most of your high school years.

Always remember that the more respect you have for your school and superiors, the greater the possibilities for enjoyment of your high school years.

Post students place at Spur

Last Saturday, April 6, a group of students went to Spur to compete in the Interscholastic-League events. The results of this trip were:

Brownie Troop No. 49 has fly-up ceremony

By KATHARINE TRAMMELL
Brownie Troop 49 became Intermediate Troop 49 in its Fly-up Ceremony Sunday afternoon in the City Hall auditorium. Mrs. Garland Davies and Mrs. Wilson D. Williams are troop leaders.

The program began with the traditional Flag Ceremony. Each troop member participated in the Girl Scout Candlelighting Ceremony, after which mothers of troop members pinned Brownie Scout Wings on their new badge sashes.

Mrs. Davies and Mrs. Williams pinned a Girl Scout pin on the pocket of each girl's uniform, and the ceremony was closed with the troop singing "Taps."

The troop members are: Belinda Blacklock, Willa Branson, Kathy Carter, Terry Cowley, Carole Davies, Charlotte Hill, La Rue May, Lilli Parnell, Martha Rosas, Jeannie Ryder, Syan Thomas, Dawn Tucker, Quay Williams, Janey Smith, Delores Odom, Pam Conroy, Pam Britton and Deborah Mason.

Troop members served refreshments of coffee, Cokes, and Girl Scout cookies to troop members, their leaders and the following guests:

Messrs. and Mmes. L. G. Thout Sr., R. B. Dodson, Bobby Blacklock, Hollis Branson, G. H. Conroy, John Ed May, J. P. Parnell, Wayne Thomas, Antonio Rosas, Jimmy E. Carter;

Also Mmes. Ted Aten, Jim Poer, Danny Odom, Harold Britton, Gene Mason, G. R. Cowley, Ella Norwood, Ryder and Katharine Trammell, also Garland and Don Davies, Wilson D. Williams and Yolanda Pantoja, and to the brothers and sisters of troop members present.

Thank You

I would like to take this means to say, "Thank You", for voting for me in last Tuesday's City Election. It certainly is a good feeling to win an election, and the many congratulations are heart warming.

I will try to serve this office with the dignity and integrity it deserves and fulfill its responsibility as you would want it done.

Old landmark torn down at Grassland

By MRS. O. H. HOOVER

One of Grassland Community's old landmarks has been torn down. The first Church of the Nazarene, a wooden structure, has been replaced with a beautiful brick building. The old church was once used to finish out a school term after the little three-room school was destroyed by fire. Mrs. E. M. Walker who still lives here remembers the school fire very well as she was one of the teachers at that time. Another one who will remember is Mrs. Beulah (Smith) Priddy who now lives in Tahoka.

We understand all the church members have had a part in tearing down the old building. The men tore the building down and the ladies have helped by pulling nails out of the old lumber. The lumber has been stacked and will be used in the future to build a new and bigger parsonage.

Visiting in the home of their parents, Mr. and Mrs. Lucian Walker, Sunday were Mr. and Mrs. L. J. Walker and children of Littlefield and the C. A. Walkers.

Mrs. Beth Ferman Chapman had surgery Saturday morning in West Texas Hospital in Lubbock and is reported to be doing fine.

MR. AND MRS. LUCIAN WALKER returned home from Coleman last Thursday where they had been for about 10 days visiting relatives and doing some fishing. They said the fish were biting but "the big ones got away". However they did manage to bring a few small ones home as evidence.

The Norris Workman family, who have been living in Grassland for some time have moved over to the H. W. Edwards farm southwest of Grassland. We understand Mr. Workman has been employed by Sam Edwards.

The Rev. George Turrentine, a retired minister from Lubbock, will hold the Easter morning services at Draw Methodist Church in the absence of their pastor, Rev. C. R. Smelser. The Rev. Smelser is holding a revival at the Grassland church.

Several of J. E. Sherrill's children had a birthday dinner Sunday in his honor. Those attending were Mr. and Mrs. Gus Sherrill, Mr. and Mrs. Paul Sherrill and family, Mr. and Mrs. Walter Mathis of Tahoka, Mrs. Bea Brown and daughter of Brownfield, Mr. and Mrs. Ronald Sherrill and family and Elaine of O'Donnell and Mr. and Mrs. Gus Porterfield.

Grady LeMond visited his sister, Mrs. A. Z. Sewell, Sunday. Tuesday Mrs. Sewell went to Lovington, N. M. to visit him for several days.

Mrs. W. G. McCleskey and Mrs. C. O. McCleskey visited Mrs. E. B. Gregg last Monday.

Luncheon guests Sunday of Mr. and Mrs. W. L. Gribble were the C. O. McCleskeys.

The two Patterson boys, Bobby and Joe Charlie, left Tuesday for Oklahoma to try to find work.

The J. F. Moore family and the James Murrays had lunch Sunday with the Odie Campbells.

Mr. and Mrs. Roy LeMond, Mrs. H. W. Edwards of Tahoka and Mrs. Lura Hoover of Littlefield attended funeral services in Dallas Wednesday for Mrs. Edward's sister-in-law.

Mrs. Clyde Jones, a former resident of this community, visited Mrs. Mable Smith and Mrs. Grace Norman Wednesday.

Callers in the M. C. Ritchey home Sunday afternoon were J. F. Moore, Odie Campbell and W. G. McCleskey. Sunday, after church, Mr. and Mrs. Kenneth Huffaker and son visited a while.

We extend our sincere sympathy to Mrs. Ruth Mathis and Mrs. Reba Mathis as their mother passed away recently in Lamesa.

Mrs. Myrtle Mathis and Mrs. Clyde Jones had lunch with Mrs.

It is rumored that there is a snake loose in the halls of SHS. Girls, be on the lookout for a small slimy creature named Clarence, will you?

★

Sharla, all the kids at SHS are really sorry about your Dad's illness, and we're all rooting for him to get well real soon. Chin up, kid!

SCREWWORM REMINDER

The late March discovery of a screwworm infested animal in Liberty County is cited as a sharp reminder to Texas stockmen that it isn't too early in the season to start checking more closely for this livestock pest. The Liberty infestation was discovered during the early stages of the maggots' development and was reported promptly to the Mission headquarters of the eradication program. Emergency measures were quickly taken to halt the spread of screwworms to other areas.

Music camp slated for summer at Tech

LUBBOCK—Texas Tech will hold its annual summer music camp for students from high schools, junior high schools, and elementary schools, beginning June 10.

The camp provides two weeks of intensive instruction, rehearsals and supervised recreational activities for the participants, both from Lubbock and from out of town. Dormitory accommodations are provided for participants, and day camps are also accepted for camp.

A series of concerts is planned for the music camp, as well as instruction for the participants by a faculty of specialists.

Spring fever descends on Pleasant Valley community

By MRS. MAX CHAFFIN

Oh, the grass is so green and the trees are so light green and the tulips are in bloom and everything has spring fever, especially the Dillard Dunns had a wonderful ten-day trip to Hot Springs, Ark., and returned last Saturday. They attended the horse races two days while there and stopped in Tyler on the way home to see some of Mrs. Dunns' kinfolks.

Help! Fix these phones that are supposed to be fixed! As my neighbor says you have to get out in the yard to yell over the phone so you can be heard! (Any misspellings or mistakes are due to that part on the phone, THIS week.)

Mr. and Mrs. Will Barton visited in Sweetwater the first part of the week.

Mr. and Mrs. A. R. Robinson and Mr. and Mrs. Henry Edwards took a trip to Colorado City to catch some fish last week and they did!

The Max Chaffin family made a call on Wayne Chaffin of Lubbock

last Friday, Wayne is at home, now, after his operation and had an infection set in but is doing better each day.

Mrs. S. M. Lewis has a new great grandson born in Amarillo a week ago this last Wednesday. His name is Jim Splann.

A new tax exemption born to the Billy Meeks of Roswell—a baby girl born on April 6, at West Texas Hospital and the grandparents, the Jack Meeks, are all smiles.

Mrs. Kenneth Breakbill of Fort Stockton was visiting her sister, Mrs. Maurice Fluitt and while in this community was taken to Taylor Clinic in Lubbock to give birth to a baby girl, Melinda Ann, 8 lbs. and 2 ozs.

Mrs. Elmer Praencik visited with Mrs. Lena Chaffin on Saturday evening.

Mrs. Jim Hall returned from the hospital in Slaton last Saturday and went back on Sunday. Her doctor reports that she had a reaction from her medicine and needed oxygen. Among her visitors this past week, besides her own family and

relatives, were Mrs. Spence Bevers, Artie Baxter, Carrie Guess and Mrs. Clovis Robinson.

Mr. and Mrs. W. G. Pool came from Big Spring with their children to see Mrs. C. R. Scott last week. Mrs. Pool and children stayed with Mrs. Scott a few days while Mr. Pool attended a GMAC meeting at Fort Worth.

Mikey Scott of Post spent Friday night with David Mock.

ALL IN THE community await good news of Hubert Taylor who was hospitalized this past week with a heart attack and is very seriously ill at the Slaton Mercy Hospital.

Mr. and Mrs. Ronnie Sales of Lubbock visited the Weldon McGehees one day this week.

Mr. and Mrs. Ed Altman from Littlefield spent the weekend at the Ben Altman home.

The Don Edmunds went to Slaton Sunday evening to see Mr. and Mrs. B. F. Gunnels.

The Pleasant Valley Home Demonstration Club met on April 8 at the home of Mrs. Maurice Fluitt. Roll call was answered with "A mistake I made in buying furniture." A ten minute demonstration was given by Mrs. Max Chaffin on "How to Cook Rice", and Mrs. B. L. Thomas gave the program on "Using room accessories to achieve beauty and individuality". Punch and cookies were served by the hostesses to Meses. Robert Mock, Vernon Scott, Thomas and Chaffin. (And children present).

Mrs. Lawrence Burkett spent a weekend in Lubbock with Hattie Burkett.

This column seems like a sick list this week. Sorry, I don't have more happy news to report from out here but this is the way things are going.

Vernon Scott got intestinal flu first of last week, then Mrs. Vernon Scott, then C. C. Lee, then Joe Green of Slaton about two hours after he stopped in to see C. C. Lee on Saturday. Highly contagious stuff!

Brother Nixon of Post conducted the morning services at Pleasant Valley Baptist Church on Sunday.

Lee Ward and Katrina Chaffin were born on the same day as the Billy Meeks baby, April 6 and a few years apart, I might add. Katrina was two years old this year and she invited the Spence Bevers over for a New England dinner (even if she was born a Texan) of baked beans, brown bread, cole slaw and ice cream and cake (the latter two items were not actually New England). You would be surprised how those beans and brown bread disappeared here in Texas.

LEE WARD had his birthday dinner at the Robert Mocks on Sunday and Curtis Lancaster was there, too, to enjoy it.

Mrs. O. B. Franklin's brother, Levi Reed visited her here while he was up from San Antonio to see his grandson at Texas Tech.

The Vancil Bowns of Post went out to the Ben Altmans on Monday of this week.

James Shelton came home from his fishing trip but no fish.

There is a lectureship every night this week at the Church of Christ in Gordon and it continues through Friday night. They start at 8 p. m.

Mr. and Mrs. Alvis Robinson of Levelland entered the go-cart races at Buffalo Lakes on Sunday afternoon and Myrtle Johnson, Floyd Reese, Mrs. D. C. Roberts of Post and Racy Robinson went there to see them. After the races they visited friends in Lubbock.

Mr. and Mrs. Harvey Vuber from Morton and their children, Melissa Marion, Sonja, called on them Sunday.

Henry Wheatley's father, H. T. Wheatley is out of the Lubbock hospital now and at home in Close City and is doing all right.

The T. B. Johnsons of Levelland visited with the Spence Bevers on Sunday evening.

Mrs. James Shelton was another one in bed with the flu all last week.

Mr. and Mrs. Henry Edwards and Lou Alice spent Saturday in Lubbock with Mr. and Mrs. Charles Scott.

Mr. and Mrs. Buddy Hall and Billy Joe had supper with the Robert Mocks last Saturday night.

The B. L. Thomases went to Den-

ver City for the weekend and stayed with Mr. and Mrs. Claude Thomas. While there they visited Dan Martin in the Yoakum County Hospital and Kelvin went on an Easter Egg Hunt put on by the Denver City Chamber of Commerce.

Mr. and Mrs. Elmer Hitt had Debbie and Judy Hitt and Michael Scott as their guests at the Pleasant Valley Baptist Church on Sunday.

Alvi Robinson visited with his mother, Mrs. B. D. Robinson on Sunday afternoon.

Mrs. Joyce Lester "coffeed" at Mrs. James Shelton's home on Monday.

Happy Easter everybody! Be careful where you step. It may be on a hard-boiled egg or a gooey candy one!

The last session of the Leadership Training Caravan was held in New Home, Tuesday, April 2, with a covered dish luncheon. Meses. Dee Cagle and Mattie Flowers, trainers, conducted training on the out-of-doors. Instruction included a variety of handicrafts, nature study, compass reading, games and campfire songs. Girl Scout leaders who attended from Post were: Meses. Jim Poer, Darrell Eckols, Walter Buerger, Garland Davies, Herbert Smith, and Katharine Trammell.

Brownie Troop No. 84 met Wednesday, April 3, at the Little House. They made their "sit-ups" in preparation for Day Camp. Debbie Hundley served refreshments to Jan Bilbo, Sue Britton, Phyllis Eckols, Jo Beth Gandy, Patricia Greenwood, Cynthia Hill, Jean Huffman, Patricia Mann, Crystal Nichols, Vicki Odum, Kathie Smith and Meses. Darrel Eckols and Gene Gandy.

The Post Neighborhood is proud of the interest shown by the parents of troops 286 and 49. Parent participation is important to Girl Scouting.

FISH ON FALCON LAKE

Five Post men and a Garza farmer returned home Sunday night from a successful fishing trip to Falcon Lake in South Texas. They reported catching some 200 fish. Making the trip were Claud Collier, Frank Blanton, Richard Borgman, J. C. and Andy Stelzer, and Red Chandler.

Monticello was the name of the home of Thomas Jefferson.

GIRL SCOUT NEWS

Are you bored with it all? Want to join the current trend toward physical fitness, but haven't decided just yet "how" or "what"? Join the Girl Scouts. There is a place for you, whether you are in grades 2 to 12, or whether you are an adult interested in the future of the girls of our community. There is nothing quite so rewarding as watching the radiant eagerness of Brownies at their Investiture; seeing the wholesome enthusiasm of Intermediates at their Fly-up Ceremony, observing the proud young dignity of Junior High Scouts receiving their awards at Court of Honor, and noticing the quiet confidence with which Senior Girl Scouts go about their Program Aide duties. Your correspondent has had a most rewarding and busy week: "my cup runneth over."

Tech workshop in speech set

LUBBOCK—The staff of the Texas Tech speech department will conduct a high school speech workshop July 21 through Aug. 3 on the Tech campus.

The workshop includes dramatics, declamation, debate, discussion, extemporaneous speaking, poetry reading, radio and television experiences.

Open to interested sophomores and juniors of the 1963-64 school year, the program will include study and practice in effective speech.

Voice, diction, personality development, role-playing, bodily action and development of good speech habits in general are some of the aspects of the program.

Special assistance in the Speech Clinic will be available to students with particular speech problems. Participation in as wide a variety of speech activities as possible will be open to each student, depending on his interests.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

It is a sad thing to disillusion those who cherish the myth of their "immunity" to poison ivy or oak or sumac, but the season of prevalence of these toxic plants is fast approaching and forewarned is forearmed.

Botanical scientists say it is doubtful that anyone is absolutely immune to their poisonous substance. More and more authorities agree that susceptibility is a mere matter of degree, varying with the condition of the individual, the condition of the plant, and the circumstances of exposure.

Texas has its fair share of the Church in Post last Friday.

Mr. and Mrs. W. T. Helms spent the weekend in Snyder with the Alvan Koonsmans.

Mr. and Mrs. Lee Reed visited in the Elton Nance home Friday.

DONNIE BLACKLOCK was an overnight guest of Clyde Allen Cash Friday.

Visiting in the Babe Norris home Saturday were Mrs. Hattie Jones, Mrs. Lois Autry, Mrs. Corine Foster and Mr. and Mrs. C. T. Norris, all of Lubbock.

Mrs. Babe Norris celebrated a birthday Saturday April 6.

Bobo McWhirt was a luncheon guest of Benny Schlehuber Saturday.

William Jones of Slaton visited in the Lee Reed home Saturday.

Mr. and Mrs. Weldon Reed and children were Sunday dinner guests of the Van Taylor family in Post.

Mr. and Mrs. Babe Norris and Mrs. Johnny Cline and Casey left Sunday for Houston where Mr. Norris was to have a checkup at the M. D. Anderson Clinic.

Dinner guests Sunday in the Lee Reed home were the Bud Schlehubers and Fernie Reed families.

Benny Schlehuber visited Neel Francis Monday morning.

100-plus plants and plant products known to be capable of causing sometimes severe skin irritations. Among them are the parsnip, lady-slipper, cultivated primrose (especially when in flower), lily bulbs and stalks, stinging nettle, and vanilla beans.

But by far the most common cause of plant dermatitis in Texas and elsewhere in the United States is poison ivy, known to botanists by the tongue-twisting name of Rhus toxicodendron. A cousin—poison sumac, by name—is common to the swampy regions of eastern Texas, and can sometimes produce severe reactions.

For all practical purposes, poison ivy and poison oak are the same thing. Poison oak is simply any poison ivy that grows as a bush rather than a vine.

Poison ivy is an unusually inconsistent species of plant. Besides growing as a bush and a vine, the size of its berries and the outline of its leaves often vary widely. Its leaves are characteristically egg-shaped and pointed, but the edges may be smooth and unbroken or saw-toothed. Moreover, these variations might occur on a single plant, or the leaves on an entire plant may be similar.

But in one matter, poison ivy is almost invariably consistent—its leaves practically always grow in clusters of three.

Thus ivy poisoning is best prevented by learning to recognize the plant and avoiding it. And, of course, it is always prudent to wear protective clothing such as leggings and gloves when going into areas where poison plants are known to flourish. Once exposed, immediate washing with laundry soap and water helps to remove the resin.

As a final word of caution: Never burn poison ivy vines! The smoke can be just as venomous as the leaves.

PCG executive to promote area cotton on tour

LUBBOCK — The executive vice president of Plains Cotton Growers, Inc. George W. Pfeiffenberger, will promote High Plains cotton with visits to most of the world's major cotton markets en route to and from the International Cotton Advisory Committee meeting which he will attend April 28-May 4 in Bangalore, India.

Pfeiffenberger was selected as a producer advisor to the United States ICAC delegation by Secretary of Agriculture Orville Freeman, and since exports constitute a large part of High Plains cotton sales, will take the opportunity to visit industry leaders in 15 foreign countries.

The ICAC is an association of governments interested in the production, export, import and consumption of cotton, and its membership includes representatives of 40 governments. The meetings of this committee, designed to promote solutions to international cotton problems, have been described as a "world parliament on cotton."

Pfeiffenberger, who has been described by The Cotton Digest as cotton's leading salesman, and was chosen by that trade publication as "Man of the Year" in 1962 will leave New York April 14 and will be gone about six weeks.

PRE-KINDERGARTEN

'A Child Is Waiting' is coming to Tower Tuesday, Wednesday

Stanley Kramer's searching drama, "A Child Is Waiting," starring Burt Lancaster and Judy Garland, will show at the Tower Theatre on Tuesday and Wednesday, April 16 and 17.

With "A Child Is Waiting," Mr. Kramer, widely applauded for his brave and honest treatment of daring subjects, deals with mental retardation, a theme never before approached on the screen.

"A Child Is Waiting" is a fictional drama which revolves around one particular boy, portrayed by young actor Bruce Ritchey. In powerful and tender terms it reveals the deeply emotional effects his life has on the superintendent (played by Burt Lancaster) of the training school which he attends. A music teacher at the school, Miss Garland's role, and his parents, Gena Rowlands and Steven Hill, are co-stars of the show.

IN TEXAS BEER IS A NATURAL

From nature's light grain comes sparkling, light beer... Texas' traditional beverage of moderation—it's light, sparkling, delicious.

And naturally, the brewing industry in Texas considers it noteworthy that it contributes more than twenty million dollars to the state in excise taxes each year plus additional millions in licenses and permit fees. These millions of dollars help support our public schools, farm roads, old age pensions, teacher retirement funds and help needy children and blind citizens.

Minister's father purchases station

The parents of a Post minister purchased and taken over operation of a Texaco service station at Tahoka.

The new owners of the service station are Mr. and Mrs. S. Pistone and their son, the Rev. Joel C. Pistone, pastor of the Spanish Protestant Church in Post. The couple has three other sons and two daughters in the ministry.

Mr. and Mrs. S. Pistone recently moved to Tahoka from Argente. He is a native of Italy and wife is a native of England. The minister sons in addition to the Rev. Pistone are the Rev. Wilbur Pistone of Tahoka, the Rev. Sidney Pistone of Woodrow and the Rev. Henry Medina, lives at College Station, Texas.

Rotan, and another son-in-law is in Canada studying for the ministry. The Pistones also have another son, 16-year-old Andy, who will help his father with the service station.

Funny man stars as private eye

Jerry Lewis has every conceivable opportunity to unleash his amazing comic talents in his latest Paramount Picture, "It's Only Money," showing at the Tower Theatre on Sunday and Monday, April 14 and 15.

He portrays a goofy TV repairman who through a little conniving achieves his fondest dream—he becomes a private detective, but the history of crime detection has never seen such an incompetent private eye.

Also starring in this comedy are Joan O'Brien, Zachary Scott, Jack Weston, Jesse White and Mae Questel.

'Son of Flubber' is a Walt Disney laugh riot

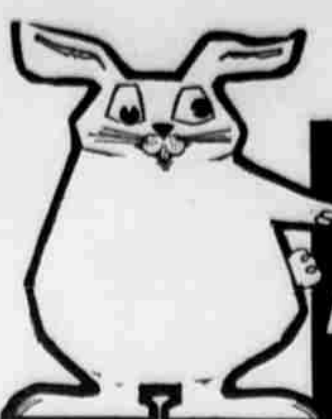

One of the funniest comedies to come out of Hollywood in many a day is Walt Disney's newest laugh-riot, "Son of Flubber," showing this Friday and Saturday at the Tower Theatre.

Starring Fred MacMurray, Nancy Olsen and Keenan Wynn, it is a worthy successor to the producer's earlier comedy hit, "The Absent-Minded Professor."

MacMurray again plays the absent-minded Professor Brainard whose scientific experiments plunge him into all kinds of hot water. His newest discovery involves an off-shoot of an earlier phenomena, flubber (an anti-gravity substance), which he labels flubbergas. The professor not only uses it to put a football team into orbit but eventually to create a rainstorm that results in a torrent of laughs.

4-H CONTEST TIME

The long road that will eventually lead to the Texas 4-H Club Roundup and the state contest finals is underway for 4-H Club members. The approximately 1,200 who will participate in the state contests first must come through as county winners, and later as district winners to be eligible. District contests will be held during April and early May.

Senator Ralph W. Yarborough, right, of Texas, confers with Senator Stuart Symington of Missouri on a bill for establishment of a National Academy of Foreign Affairs. They are co-authors of the bill. The bill would create a graduate-level school for training, education and research in foreign affairs and related fields, to strengthen United States efforts overseas. "The bill is one way to advance America's total commitment to the Free World as opposed to Communism," Senator Yarborough said.
