Coach Teal to head Garza Youth Center

Harold Teal, high school head coach and athletic director, and Mrs. Teal were elected president and vice president of the Garza County Youth Center Tuesday night at the reorganization meeting of the organization's adult directors.

Teal and Mrs. David Newby were elected secretary and treasurer.

Teal was granted permission to have the vice president organization be a high school organization.

Teal promised a well-rounded recreational program for all of the youth.

Teal said that "it is extremely important that youngsters today have a place to go to that is fun and responsible."

Teal said that the total school program is affected by the total recreational opportunities young people have.

Teal said that "in addition the community has the ability to provide supervisory recreational opportunities for youngsters of the community."

Teal said that "certainly do not ascribe to the idea that all teen-agers are bad, but like they will accept responsibility and be contributing members of the community."

Teal said he would form an advisory committee made up of parents and youth who are interested in the organization.

Teal said that "the organization is a good safety program" but that it could be expanded and given more emphasis.

Enrollment up in Southland schools

Enrollment in the Southland Schools stood at 216 students Wednesday with a top enrollment of about 220 expected, Supt. F. W. Callaway told The Dispatch today.

This is an increase of approximately 20 students over the enrollment at the close of the last school year.

Southland has one new teacher this year, Mrs. Bill Bennett of Post, who has replaced Mrs. J. O. Roberts as the third and fourth grade teacher.

Southland's Eagles will open their eight-man team football season Friday night at 8 p. m. in a game with Three Way at Three Way.

Although Coach Bob Dyes' squad is inexperienced with only two seniors out for football—one of whom has no previous grid experience—the squad has good spirit and an improved season is expected this fall.

Rotarians hear story

Student loan fund had tragic start

The story of the organization of the Community Student Loan Association, which Tuesday launched a subscription campaign to raise \$2,000 for loans to college students, was told to Post Rotarians Tuesday noon at the Club's weekly luncheon by Mrs. B. E. Young, treasurer of the organization.

In the spring of 1952, a fire destroyed the family home here of a senior youth who was preparing to graduate from Post high school.

committee chairmen.

A recreational program will be worked out in the near future and announced. He asked directors to meet again Monday night, Sept. 16, to approve the program and make other necessary decisions for the coming year.

Directors authorized the executive committee to select a youth director for the coming year. Teal

Minor elected by T-Patchers

James L. Minor of Post was elected to the newly-created office of executive vice president of the 36th Division Association at the group's annual reunion held Saturday and Sunday in Austin.

Being elected to the new office is tantamount to election as president of the association at next year's convention.

It was the 36th annual reunion of the T-Patchers, as present and former members of the 36th (Texas) Infantry Division are known.

Minor, who held the rank of lieutenant-colonel at the end of World War II is one of the 36th Division's most decorated war heroes.

He and his wife, Marian Lee, attended the reunion after a brief visit in Temple.

★ FOOTBALL SERVICE SLATED BY CHURCH

The First Christian Church's annual football service will be held at 7 p. m. Sunday, Sept. 8, at the church, the Rev. Bernard S. Ramsey, minister, has announced.

The special service is for the Post High School Antelope squad, the coaching staff, faculty, high school band, pep squad, cheerleaders and their families and friends.

"The public is also cordially invited," Rev. Ramsey said. The sermon subject will be "The Most Valuable Player."

The First National Bank on page 11 welcomes the two new school administrators and 14 new teachers in the Post schools to Post on behalf of the entire community.

Readers will find pictures of all 16 classroom newcomers on the page along with a thumbnail sketch of each of the 16. The Dispatch feels that expressions such as this will go a long way to make these newcomers feel at home in our community and we urge each of our readers to take the opportunity to meet and welcome these new administrators and teachers personally.

It's football time again and Coach Teal's high school Antelopes will kick off the autumn campaign at Ralls Friday night with a large percentage of Post folks in the visitors' stands to root them off to another fast start and what is hoped to be a very successful season. Burlington loans to four students

Burlington Industries, Inc., operator of the Postex Mills here, has granted educational loans to four Post students for the 1963-64 term.

The loans were made through the James Lee Love Loan Fund, which is available to Burlington employees or their children wishing to further their education.

Students receiving the education aid loans this year are Scottie Pierce, Vonda Howell, Kenny Poole and Frankie Gary.

The loan committee is composed of A. Lee Ward, Mrs. Willard Kirkpatrick, Mrs. B. E. Young, Irby G. Metcalf Jr. and Jim Poeser. The Burlington Foundation must give final approval to the committee's recommendations.

Scottie is attending West Texas State University, Vonda, Columbia Business College at Odessa; Kenny, Texas Tech, and Frankie, South Plains College at Levelland.

Final push here on public housing

The Post Public Housing Authority at a meeting in City Hall Tuesday night unanimously voted by resolution to make one final effort to resolve the unique stumbling block which has held up for months start of construction here on 27 public housing units.

The regional PHA office at Fort Worth had requested a non-disturbance agreement from all oil interests on any sites secured here for construction. In recent weeks they have suggested instead that mineral rights be secured.

With Post having the only townsite in Texas involved in public housing with a drilled-out townsite, such non-disturbance agreements are believed impossible to obtain without heavy costs and months or years of delay. The local authority also feels it would be impossible to secure mineral rights either.

The Washington office unofficially has advised the authority to secure a final ruling from the regional office and then appeal it on to Washington if a solution cannot be found.

Irby Metcalf, chairman of the local authority, and Pat Walker, attorney for the authority, plan to go to Fort Worth Monday for a conference with regional PHA officials in final efforts to resolve the stumbling block to getting construction under way. The resolution voted Tuesday night gives Metcalf authority to act for the local housing authority.

Chant Lee, Jim Cornish, and Powell Shytle, other members of the authority, and Luther Harper, director of the local authority, also attended the Tuesday session.

Close City school is integrated

The Close City school, integrated this fall for the first time, reported an enrollment of 52 students yesterday. County Superintendent Dean Robinson reported.

This is a considerable gain over last year's enrollment. Several Negro students are included in the 52.

The school was integrated by a vote of the Close City school board this summer after Texas Attorney General Waggoner Carr opened the state law requiring a vote of the school district to bring integration was unconstitutional.

Enrollment at the Justiceburg school stood at 19 yesterday, Robinson said.

Pool hall, dance hall ordinances are passed

Licensing and regulation of both provided

Ordinances licensing and regulating public dance halls and pool halls were passed by the city council Tuesday night at its regular September meeting.

Passage of the ordinances at Tuesday night's meeting followed a discussion of the proposed ordinances at the council's August meeting and a study since that time of the needs of such measures.

The dance hall ordinance sets the annual license fee for public dance halls at \$15, and the pool hall ordinance fixes the annual license fee at \$2.50 per pool table.

The ordinances also set hours of operation and other regulations for dance halls and pool halls, and provide penalties for violations.

THE DANCE HALL ordinance provides that it "shall in no way interfere with private dances given at the private homes of reputable people or with dances given by reputable and permanently organized clubs, societies or corporations or their guests."

Both ordinances, in their entirety, will appear in next Thursday's Post Dispatch as legal publications.

In other action Tuesday night, the council:

(1) Adopted a resolution for a request for a license to cross the Panhandle & Santa Fe Railway with a sewer line;

(2) Heard a report of progress being made on securing an easement from the Bingham Estate for laying of new sewer lines;

(3) Passed a resolution to reinvest part of revenue funds held by Mercantile National Bank of Dallas.

(4) Read a letter from the Terrace Cemetery Board commending the city for its expansion and maintenance of the cemetery and recommending that the prices of lots and other cemetery fees be increased;

(5) Read a letter from the fire marshal in regard to doing something about the remains of the Algerita Hotel, which was destroyed by fire in December of 1961, and

(6) Heard a brief progress report from Mayor Harold Lucas.

THE LICENSE TO BE requested by the city for crossing the railroad tracks with a sewer line calls for 10-inch pipe crossing at 15th Street. The line under the tracks will be part of the new sewer extension project.

The easement from the Bingham estate, Acting City Supt. E. A. Warren explained, is the only one needed on the \$85,000 sewer extension project east of the railroad tracks. It was indicated at the meeting that the city is confident

of obtaining the easement in the near future.

In its letter to the city council, the cemetery board did not recommend how much the lot prices and other cemetery charges should be raised. Councilmen W. S. Duckworth and J. B. Potts will meet with cemetery board members in regard to the proposed increases and report at the council's next meeting.

THE REVENUE FUNDS the council passed a resolution to reinvest will come from \$29,000 in sinking funds now held by the Dal-

las bank. Bud Davis, auditor for the city, will check on the amount and the series of the bonds that can be re-invested, the mayor said.

Fire Marshal Ira (Dad) Greenfield's letter to the council on the Algerita Hotel fire ruins requested that the city take some action in having the ruins removed, since they constitute a fire hazard. Only a portion of the first floor was left standing by the fire, which occurred nearly three years ago.

Mayor Lucas explained that there is a city ordinance providing for elimination of such fire hazards by

the city if the owner of the property fails to act. He said the owner, George Tracy, will be given the required notice provided by the ordinance.

In his brief progress report, the mayor told the council that the fire department's new radio antenna has been erected, and that a new roof has been put on the City Hall building.

The completely new city hall roof cost the city \$710 and carries a 10-year guarantee. The contractor was Texas Roofing Co. of Lubbock.

SCHOOL ADMINISTRATOR SESSION

Preparations for Tuesday's opening of the 1963-64 school term were under way at this session of school administrators. Seated are T. C. Clark (left), high school principal, and Glenn Whittenberg, junior high principal. 1,293 report first day of school; 1,400 peak is seen

The Post Public Schools began the new school year Tuesday with 1,293 students reporting the first day.

The first day figure was somewhat below what had been anticipated, Supt. Barry B. Thompson said, but he pointed out that a number of students have not registered and others are on vacation.

"A final total of 1,400 is expected during the next two weeks," the superintendent said.

All schools were still registering students at The Dispatch's press time.

A total of 338 have enrolled in high school, with the senior class of 53 members showing the smallest total.

The superintendent said that a study of the attendance records for the past five years discloses that the school enrollment is increasing each year at a rate of 2.6 per cent.

The junior high school showed a marked increase in enrollment with the sixth grade the largest class in the entire system with 148 students.

"Using current figures," Supt. Thompson said, "it is estimated the high school and junior high school will continue to increase in enrollment for the next two years while the primary and elementary schools remain static in enrollment. Unless new industry moves into the community, growth will remain small during the next three years."

The county agent said the boll weevil has been reported above the Cap in both Floyd and Crosby counties. The weevils are moving south and west, he reported, but as yet are no serious menace to Garza cotton.

In five ASCS communities

Committeemen are being balloted on

Mail balloting for community committeemen is under way in each of Garza County's five ASCS communities, following mailing of ballots from the county office Aug. 30.

Those receiving the ballots are asked to vote for the committeemen of their choice and return the ballots to the ASCS office here by Sept. 11.

Ballots were mailed to all eligible producers, said Emmarhe I. Hartel, county office manager. The ballots will be tabulated at

The first day of school involved the usual class instruction, with brief assemblies held in senior and junior high schools to orient students to the new floating schedule that has gone into effect this year. All new faculty members were introduced to the student body.

Eleven students are enrolled in French I, which is being offered for the first time this year. There was an increase in the number of students taking chemistry and speech, as well as vocational agriculture.

Supt. Thompson said building principals will be instructing teachers in the use of new instructional media facilities under the supervision of the director of instruction. A number of these new techniques will be used in the classroom for the first time this year.

The Post Antelope football team opens the season Friday night in Ralls. A pep rally, to which patrons of the school district are invited, will be held Friday in the high school gymnasium. School will be dismissed at the regular time on Friday, as the various student groups will have only a short drive to attend the game at Ralls.

Boll weevil makes Garza appearance

Ole Mr. Boll Weevil has moved into Garza County cotton in the extreme northeast corner, County Agent Syd Conner reported today.

They have been reported in the Calgary community, but are not yet thick enough to require spraying. If spraying is necessary, it will be expensive, Conner pointed out.

The county agent reported Garza's cotton crop on the whole as a "pretty good shape" with many areas receiving enough moisture in the last 10 days to keep cotton growing well. Some areas still need rain as showers have been spotty.

Conner reports lots of leaf worms and cabbage loopers in the county's cotton with some growers already spraying to rid fields of these pests.

No more cotton has been picked since Garza's first bale came in almost two weeks ago, but some cotton in the southeast and northeast parts of the county is now open, he said.

It's too early for an accurate estimate of Garza's 1963 cotton prospects but the bale total is expected to be somewhere between 15,000 and 20,000, probably closer to 15,000.

The 1962 cotton harvest totaled over 20,000 bales.

The county agent pointed out that the county's cotton allotment was reduced almost 4,000 acres this year which will account for a considerable portion of the harvest reduction expected.

Support the Student Loan Fund

The Community Student Loan Fund drive this week is for an extremely worthy cause.

It was brought about by an expanded effort to loan youngsters funds with which to secure a college education. More are going this year than ever before. That's why it was necessary to secure a broader fund base through a community-wide campaign.

The program, which has been in operation here since 1952 on a smaller scale, apparently works quite well. Any boy or girl who meets the requirements can borrow up to \$2,000 over the four years at 4 per cent interest.

He or she receives double the amount the first year than in the other three—\$800 for the first year, \$400 for others—with stipulation that they cannot have part-time jobs for one year. This is to give them full opportunity to move into college study routine without too much economic pressure.

After the first year they can have jobs. Another requirement is that the youngster cannot take a car to school with him. This is good for two reasons. He or she has a better

chance of doing a good job with his studies without a car than with one. Statistics have proven this. Some colleges even ban cars from campus because of the scholastic results of students with cars. The loan association also doesn't want to loan money to buy gasoline for cars, but for the much more serious item of student education.

Time has proven the program highly successful. Students who have completed college work under the program have completely paid back their loans or are now doing so, with but a single exception.

A college education these days is a mighty valuable asset for any young man or woman seeking a start in the business or professional world. The student loan program helps students to help themselves. The money is no gift. It is to be paid back with interest. In not too many years the loan program should become self sufficient.

It's a sensible, straight-forward program of a community helping its own—to help themselves. Remember how much good you can do by helping when asked for your contribution this week.—JC

Big news on two Scout fronts

September not only spotlights youth with the opening of school, but also this year brings big news to boys and girls who are members of the Boy Scouts and Girl Scouts, or who would like to become members.

Sunday, Sept. 1, marked the opening of "Adventure Roundup," the fall recruiting campaign for the Boy Scouts of America. Monday, Sept. 2, brings the eagerly-awaited program change in Girl Scouting—four age groups instead of three.

The slogan of the Adventure Roundup for Boy Scouts is "Find Adventure—Join the Scouts!" The big fall recruiting campaign continues through Dec. 20.

The purpose of the campaign is a "space-age" roundup of boys who want to be Cub Scouts, Boy Scouts or Explorers, as well as a roundup of boys who may have dropped from Scouting. School survey figures show that three out of every four boys want to become Scouts.

The South Plains Council, of which Post and Garza County are a part, is participating in Adventure Roundup for the 314 Scout units in the 20 counties that make up the Council.

New school surveys will be conducted in all the schools, and information will be given to all Scout units on boys eight to 18 who want to become Scouts. Boys and leaders will then invite these new boys to visit and join their respective units.

A distinctive Adventure Roundup neckerchief slide will be presented to each boy who recruits a new boy. A recognition certificate will be presented to the unit leader whose unit fulfills its roundup commitment, and an attractive felt roundup banner will be awarded to every unit

that achieves its goal during the 1963 program.

Parent Nights meetings, open houses, Courts of Honor and various other meetings will be held during the months of September, October and November to help with the roundup program by the Scout units in the South Plains Council.

The change in the Girl Scout age groups—from three to four—is based on the fact that there are marked differences which seem to occur at certain chronological points, and these new age groups correspond to the characteristic qualities of each age span.

The Brownies, seven and eight-year-olds who are full of curiosity and imagination, are ready for their first steps in group experience. Juniors are girls nine, 10 and 11 years old, who want to learn a little about a lot of things. The 12, 13 and 14-year-olds, or Cadettes, will need to test their skills—social and practical; while Seniors, those 15, 16 and 17 years old, are ready to participate in community activities and anxious for vocational experiences.

These four age levels will fit together in one continuous program with bridges between age levels. A girl may join at any age, seven through 17, and move forward without fulfilling requirements meant for younger girls. Thus, older girls will help with younger girls in a sharing and learning process.

So, here in Post, where the Scouting programs mean so much to the community and its young people, we should enter wholeheartedly into the fall recruiting campaign for Boy Scouts, and at the same time fall in step with the Girl Scouts' new and broader program.—CD

Seat belts appear to 'have it made'

The practice of fastening seat belts soon is due to become as familiar in automobiles generally as it is now in commercial passenger planes.

Four or five of the leading automobile manufacturers have announced that they will install seat belts as standard equipment in their 1964 models. When they do, the other motor companies probably will follow suit to meet the competition, and the belts will be universally used. This will be a telling test of a safety measure

which has been urged by safety authorities for several years. Those championing the cause of seat belts declare that they could prevent more than one-third of the deaths now caused by traffic accidents.

The Dispatch is of the opinion that with safety belts ready for use in new cars, drivers and passengers will use them. And as five or six million new cars take the road annually, the results should show up in sharp reductions in the nation's traffic toll.—CD

What our contemporaries are saying

Labor Day is a holiday for most folks, but the word "labor" means just that for us who are in the newspaper business. In spite of the year, Labor Day always falls on Monday and we are privileged to work on that day for you.—John H. King II in The Slaton Slatomite.

A conservative is a person who thinks a liberal is a wild-eyed radical; a liberal is a per-

son who believes a conservative is a fuddy-duddy opponent of progress, and each considers himself a middle-of-the-roader.—Olin Miller in The Seguin Gazette.

The one person you have to watch if you're going to save money is yourself.—James Roberts in The Andrews County News.

I'VE BEEN sitting here watching them move a grocery store... a few pieces at a time, but they're getting the job done.

The Corner Grocery is now in its new location, the first door west of The Dispatch office, the move being from not quite half a block east at the corner of Main Street and Avenue L.

BECAUSE OF AN unusually large number of pictures—new teachers, etc.—I had some dark-room work to do Sunday and in between trips up and down to the darkroom, I sat here at my desk and watched them move the Corner Grocery.

I don't believe I ever saw as many people "pitch in" on one moving job, and there seemed to be an endless stream of helpers carrying things past The Dispatch windows from the old location to the new.

I EVEN SAW three or four fellows "pressed" into service who evidently had just strolled up to see what was going on. That's one reason I didn't venture outside. I had things "cooking" in the darkroom and I was afraid if I once stepped outside I'd fall into the swing of things and help move the grocery store.

The Man up the Street says not to worry if Washington takes the shirt off your back—they've got a bureau of some kind to keep it in!

I'VE HAD SOME sore neck muscles for the last two or three weeks, and three well-meaning friends, after trying to make me feel better by saying it was "something that was going around," got to wondering out loud among themselves what would happen to "poor old Charlie" if his neck didn't get better soon.

One of them said, "The football season starts right away and since old Charlie never misses a game, he's going to have trouble following the ball from one end of the field to the other if his neck doesn't get well by then."

"SHUCKS," said one of the others, "that won't be bad at all to what it'll be if old Charlie's neck stays sore until basketball season. Just think how much harder it will be for him trying to follow a basketball from one end of the court to the other."

The third friend, who was having troubles of his own, having just popped his finger trying to open a pop-top can, said, "Yeah, but football and basketball won't be any trouble at all compared with tennis, and old Charlie is pretty much of a tennis fan. If he was to go to a tennis tournament with his neck in the shape it's in now, he would have troubles."

THERE'S NOTHING like well-meaning friends when it comes to encouraging a fellow to look to the future.

Two youngsters, five and seven years old, were watching TV. Just as the Western came to a climax, the five-year-old turned off the set. The other asked why. The little one said, "Well, I gotta go to the bathroom and I don't wanna miss nuthin'!"

FOR THE LAST couple of weeks I've been making every effort to get the Men's Softball League standings straightened out on our sports page. I thought I had it made in last Thursday's issue of The Dispatch, but late Thursday afternoon a member of one of the teams dropped in to inform me that his team had won four and lost three instead of having won four and lost four, as the standings had it.

I was prepared (or thought I was) for just such a complaint. I'd written down the score of every game played since the league got under way late in July, and started going over the scores involving this fellow's team. He said, yeah, the scores were okay, but that one game his team had lost didn't count because the team that beat them had "borrowed" four of the losing team's players. As I explained, the score sheets in the league

USE OF MULCHES

The use of mulches on vegetables has long been recognized as beneficial in preventing moisture losses and soil crusting. Mulches also help prevent weed growth, results in cleaner vegetables, and holds down soil temperature. Such materials as leaves, rotted hay, straw, paper and plastic may be used.

Post Antelopes

vs

Ralls Jackrabbits

Friday, Sept. 6
 At Ralls
 Kickoff At 8 P. M.

Coach Harold Teal takes his Post High Antelopes to Ralls Friday night to open a 1963 campaign which shows promise of being the best for the Black and Gold in a decade. Starting his second year at the helm, Coach Teal and his capable assistants have 17 lettermen as a nucleus for their 40-player squad. Enthusiasm is high, the line is bigger, the aerial game improved. Last year the Antelopes beat the Rabbits 20-6 here in Post for the first time since 1956. They are out to make it two in a row tomorrow night. A large contingent of Post fans will be on hand.

Legal Notice

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS
 No. 2285
 Notice is hereby given to whom concerned that the application of J. M. Lane, the post-office address of whom is 702 West 7th Street, Post, Texas, was received on the 9th day of August, 1963, in the office of the Texas Water Commission. Applicant seeks a permit to appropriate 60 acre-feet of water per annum from a slough of McDonald Creek (Brazos River watershed) for the irrigation of 110 acres of land in the H&GN RR Company Survey, Block 8, Section 52, Abstract 839, Garza County, Texas, all being more fully described in said application.
 The midpoint of the dam is approximately 900 feet in a southerly direction from the northwest corner of Section 52, H&GN RR Company Survey, Block 8, Abstract 839, in Garza County, Texas; and the dam is approximately 14 miles in a northeasterly direction from Post, Texas.
 Said application was accepted for filing pursuant to Article 7500a by the Texas Water Commission on the 27th day of August, 1963, as Application No. 2285, and a hearing thereon will be held by the Texas Water Commission, in the office of the Commission at Austin, Texas, on Monday, October 28, 1963, beginning at ten o'clock a. m., at which time and place said application should file written protests with the Commission and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Commission Rule 305.2 Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Texas Water Commission may deem right, equitable and proper.
 Given under and by virtue of an order of the Texas Water Commission, at the office of the said Commission at Austin, Texas, this 27th day of August, 1963.

Former Garza couple's daughter wed Aug. 30, Lubbock ceremony

Miss Virginia KaTru Marlair and John Charles Shenk were married Aug. 30 at 7 o'clock in the evening at the Bowman Chapel of the First Methodist Church in Lubbock in Lubbock, with Dr. J. Chess Lovren officiating at the double ring ceremony.

Parents of the couple are Mr. and Mrs. L. W. Marlair, former residents of the Grassburr community, now residing on Route 1, Morton, and Mr. and Mrs. Wilbur Shenk, Jr., Fairview, Pa.

Given in marriage by her father, the bride wore a full-length gown or silk organza over taffeta featuring a sweetheart neckline, petal point sleeves and a fitted bodice. A floral lace motif of re-embroidered Alencon lace was applied on the bodice and front of the controlled skirt. Multiple pleats formed the full chapel train. A full-length heirloom Belgium lace veil belonging to the bridegroom's family fell from a pearl and crystal crown. She carried a cascade of yellow roses accented with pearls.

Miss Barbara Butler of Lubbock and Mrs. Charles Monk of Wichita Falls served as maid of honor and matron of honor respectively. They wore aqua mist street-length short-sleeved dresses made of silk organza over cotton satin fashioned like the bridal gown. They added organza mitts and small circlets of self-covered bows and circular veil headpieces. Each carried small cascade arrangements of yellow roses falling from a kissing ring.

Wilbur Shenk III of Fairview, Pa., served his brother as best man. Charles C. Shenk Jr., of Erie, Pa., cousin of the bridegroom was groomsmen. Ushers were Malcolm R. Laxson of Lubbock and Henry G. Justus of Socorro, N. M. Candelighters were Mrs. Louis Dennis of Lubbock and Mrs. Kenneth Hancock of Seagraves, Mrs. Dortha Barrett, organist, accompanied Mrs. Ann Bules, soloist.

A reception followed in the church parlor. Members of the houseparty were Mrs. Frena Rolan and Miss Wanda McClure of Lubbock, Mrs. Ross Shaw of Morton and Miss Carolyn Matsler of Post. For the wedding trip to Salt Lake City, Utah, the bride chose a teal blue crepe sheath featuring a shirred waistline, elbow-length sleeves and a draped shoulder scarf. Black and teal accessories and a white gardenia corsage completed the ensemble.

Mrs. Shenk is a graduate of Whiteface High School and attended South Plains College at Levelland. She is employed at Lubbock Personnel Service. Mr. Shenk graduated from Fairview High School and attended Antioch College at

Yellow Springs, Ohio, and the University of Chicago. He received his B. S. degree from New Mexico Institute of Mining & Technology at Socorro. Mr. Shenk will be a teaching assistant in the Geoscience department at Texas Tech this fall where he will work on his master's degree. He is employed as a geologist with Pan Am Petroleum Corp.

Out-of-town wedding guests from Post included: Mr. and Mrs. Bailey Matsler, Mr. and Mrs. Johnnie Matsler, Mrs. A. M. Lucas and Margaret, Mrs. Harold Lucas and Barbara, Mrs. John McQueen and Walton, Mrs. Luther Bilberry and Sharon, Mrs. Tom Gilmore, and Mrs. Lawrence Bilberry and Leslie of Snyder.

Well, if the good Lord was willing and the creek didn't rise school started Tuesday. As I sit here Monday night trying to rush through this column so I can hit the sewing machine, I can say I wasn't ready for it, but I'm sure it started, ready or not.

From the eager faces on most of the youths of the town that were downtown doing last-minute get ready things, I'd say they all look real happy about it. And why not?

I remember loving it to get away from the summer routine of being mother's little helper. Even one of our young paper boys when asked last Thursday while checking in from his route said he was delighted school was starting so he could stop doing housework. At my look of amazement, he said his mother made him do all sorts of housework including baby sitting and he was more than ready for school.

I talked to one mother via the telephone last week that sounded completely wrecked out. When I made that comment she admitted it quickly. Seems as though she had spent the day or part of it enrolling her first child in the first grade. Emotionally, she had had it.

I wasn't one of those mothers who got teary-eyed about our first one leaving home but I do remember being concerned about her getting the proper teacher. I rushed to visit school as soon as it was decently permissible and was shocked to find that this particular teacher didn't raise her voice much above a whisper. I just knew those children would never learn a thing because they couldn't hear her—after all they were used to parents that didn't hesitate to raise their voices.

I laid awake nights wondering if I ought to speak to the principal about this condition. I stewed during the day until I could behold I found our eldest Miss C could READ. Right then and there I stopped worrying and since then all first grade teachers have all my sympathy. I'm sure they lie awake nights and stew throughout the day about parents!

We lived only two blocks from the first school Miss C the elder attended. As she bounced off one noon to return to school—no lunch rooms—with her twin friends that lived across the street they announced that they might be a bit late returning from school as they were going to take the long way home. We mothers didn't pay too much attention to this as we thought no matter how you did it you couldn't stretch two blocks out to far. So we smilingly wished them a happy journey and forgot all about it.

By 4:30 we were a little concerned and by 5 we were a little frantic. We looked up and down streets for what seemed like hours and were returning home to call the police when three of the tired first graders in town dragged in the front door. By going over the route they had taken by car we found out they had walked about five miles and making all the stops that six-year-olds make, time had just gotten away from them. Needless to say they were beat (the tired kind—not the parent kind) and needless to say that took care of the "long way home."

By the time Miss C the younger started off to school the next year—we had kindergarten as part of the school system in Kansas—I felt like I was ready for anything. But I wasn't. She'll find this out for the first time when she reads this column about the first time she wanted to walk home by herself from a school eight blocks away. I hated to put a dent in this adventurous spirit but I was still a mother and little doubtful about the whole thing.

I gave my consent and then did a very sneaky thing. I got in the car and followed her route from

MR. AND MRS. LUTHER HARPER

Mr. and Mrs. Luther Harper celebrate 50th wedding date

Mr. and Mrs. Luther Harper, who moved to Post in November of 1913 and made their first home here in a tent on the C. W. Post reservation, were honored Sunday with a reception in honor of their 50th wedding anniversary.

The reception was given by their daughter and son-in-law, Mr. and Mrs. Leo Cobb, and their son and daughter-in-law, Mr. and Mrs. Merrill Harper of Mt. Pleasant, Iowa.

Miss Nancy Cobb registered the guests calling at the Community Room between the hours of 3 and 5 o'clock in the afternoon.

Mr. Harper and Miss Beulan Genoway were married Aug. 24, 1913 in the home of her parents in Desdemona. Mr. Harper assisted in construction of the Algert Hotel while he and his wife lived in a tent located on what is now the 300 block on Avenue H. During 1917-18 he was city water pumper for Post, leaving here after that.

The next block over. From then on it was routine and mother sat back and relaxed. So, all of you fond parents will learn that we're not really needed so much—just to be there and listen to all that bubbling over that occurs after school and be proud, proud, proud of all the drawings, the first scribbling of their name and that wonderful day when they can read: "Spot has the ball," said father.

This might have been a holiday for some, but The Dispatch has been laboring as usual and I'm off to my night labor room where the sewing machine presides.

Speaking of labor reminds me of the grandmother that had trouble remembering all 10 of her grandchildren's birthdays so just picked one day out of the year and sent birthday gifts to all. What day did she pick? Labor Day, of course. That was one smart grandma!

They returned in 1932 and entered the construction business. Mr. Harper left again in 1942 because of World War II and was employed at Ft. Hood as a water engineer. He retired in 1958 and returned to Post where they reside at 216 N. Ave. 1.

The serving table was covered with a white net and satin cloth, designed and made by Mrs. Cobb. Mrs. Cobb and her mother made and decorated the tiered cake. The centerpiece was a gold "50" flanked with candles, gladioli and chrysanthemums made by Mrs. Harper. Crystal appointments were used.

Assisting with hospitalities were the following grandchildren: Miss Beverly Harper, Denver, Colo.; Cris Harper, Mt. Pleasant, Iowa; and Miss Cheri Moore, Mrs. Delwyn Hodges, and Nancy and Randy Cobb, all of Post.

The couple has one great-granddaughter, Lona Hodges, daughter of Mr. and Mrs. Delwyn Hodges. Out-of-town guests registering were:

Mrs. E. S. Davis, Tahoka; Mrs. Hubert C. Davis, Marlin; Mr. and Mrs. M. D. Anderson, Amarillo; Mrs. Helen Lowry and Miss Frances Anderson, Tulla; Mr. and Mrs. Morris Nance, Midland; Mrs. H. O. Harrell, Desdemona; Mrs. John Hamilton and Mary Jane, Mata-

Party, luncheon held in honor of bride-elect

Mr. and Mrs. Doug Hill entertained last Saturday night with an informal party honoring Miss Barbara Shytles and her fiancé, James Williams.

Those attending were: Mr. and Mrs. Jackie Carpenter, Mr. and Mrs. Donald Ammons, Miss Eddie Carpenter, Danny Lacabee, of Tahoka; Miss Margo Bronson of Lubbock; James Capps, Mr. and Mrs. Powell Shytles, Mr. and Bill Cates, Mrs. Howard Wootton of Mexia and Mrs. Charles G. English, grandmother of the honoree, from Corpus Christi.

Mrs. Karl Geimer of Rogersville, Tenn., gave a bridee luncheon in honor of Miss Shytles last Friday in the home of her parents, Mr. and Mrs. Giles McCrary.

The guests arriving at 1 o'clock included the honoree, her mother, Mrs. Powell Shytles, her grandmother, Mrs. Charles G. English, and Miss Eddie Carpenter.

Mrs. Lester Nichols sewing club hostess

The Mystic Sewing Club met last Friday in the home of Mrs. Lester Nichols for an afternoon of sewing and visiting.

Mrs. Nichols served open-faced sandwiches, cake with whipped cream, nuts, coffee, punch and Cokes to the following members:

Mmes. C. A. Clem, W. A. Gray, Lucy Kine, Thelma Kuykenfall, Frank Runkles, F. I. Bailey, Winnie Henderson, Lowell Short, Tom Williams, Marvin Hudman and Miss Henrietta Nichols.

Mrs. Runkles will be hostess for the next meeting on Friday, Sept. 13.

Assisting with hospitalities were the following grandchildren: Mrs. Gladys Morehead, Brownfield; Mrs. Max L. Ward, Shreveport, La.; Mr. and Mrs. Carroll Bowen, Levelland, and Mrs. Olive Russell, Matador.

A HARVEST OF FAITH

Plant a crop in deep, rich soil and you plant a crop that will flourish. Something gives it life. Sun and rain, yes, and certainly rich, abundant soil . . . and yet, something more, something that gives it the ability to seek and use strength. Someone gives US life . . . nourishing food, warm comfortable shelter, these help certainly. But still . . . something else. Our souls reach far below the surface of everyday existence to find our deeper faith in God's wisdom and power. We place ourselves at His mercy. We seek Him often in prayer and worship, and "times of refreshing shall come from the presence of the Lord." Having found this fountain of faith, like the harvest, we point ever heavenward to share with others our discovery.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu-

larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Former Post teacher gets Master's Degree

Ella Norene Moreman Ryder, formerly of Post, received a Master of Arts degree in English during summer commencement exercises at Texas Tech last Thursday evening.

Mrs. Ryder was one of 135 candidates for master's degrees.

She recently resigned as a high school English teacher here to accept a teaching position in Lubbock.

Red Cross First Aid Instructors Course is scheduled in Lubbock

LUBBOCK — The Lubbock County Red Cross Chapter will offer a First Aid Instructors Course in late October or early November for persons in Lubbock and surrounding counties.

This course is designed for persons who intend to teach first aid and candidates must be 18 years of age and hold a currently valid Advanced First Aid certificate.

The purpose of this course is to develop proficiency in teaching first aid and emphasizes teaching methods, class organization, testing and evaluation, and other teaching essentials.

This 15-hour course will be taught in five 3-hour sessions, Monday through Friday, by Hilton H. Gilliam, Red Cross Safety Services representative for Texas.

Persons interested in this course are requested to write or phone the Lubbock County Red Cross Chapter, 2109 Broadway, not later than Sept. 15.

"We feel good...living in our Total Electric Gold Medallion Home"

SAY THE

FLETCHER SIMS FAMILY

OF CANYON, TEXAS

Mr. Sims points out the simple control on the electric air purifier which automatically rejects pollen, dust and other irritants, giving the Sims family clean, fresh air throughout the home.

"Allergy had been a problem with our family before we had our all-electric home, but we've noticed a marked improvement in the three years we've lived here," says Mr. Sims. "We've taken full advantage of our electric heat pump and the electric air purifier to maintain dust-free air inside our home," continues Mr. Sims.

Mrs. Sims finds her electric kitchen to be the favorite part of her home because of the ease with which she can prepare the family meals.

Negotiations between phone company CWA recessed for holiday weekend

SAN ANGELO — Negotiations between General Telephone Company of the Southwest and the Communications Workers of America recessed Friday for the holiday weekend with no specific date set for the next meeting, according to information jointly released.

During the sessions held on three days during the week ending Aug. 30, the Union presented additional proposals to the company for review and study.

Marvin Collins, CWA representative from St. Louis, is temporarily replacing L. A. Sykora who has returned to Lubbock because of a serious illness in his family. Collins previously represented the CWA during negotiations in 1958 and 1960.

A new company member on the committee is M. G. Seale who replaces E. R. Sturdivant.

Anniversary date of the contract remains in effect until terminated by either party.

Some 2,600 employees of the company, which serves 258 exchanges in Texas, Oklahoma, New Mexico, Louisiana and Arkansas are represented by the CWA.

Postings—

(Continued from Page 1) and professional folks are sponsoring a series of "football pages" in The Dispatch to whet your interest in following our fine young team. The first appears in today's edition on page three. So hustle down to the school, Post Pharmacy or Charley Luttrell's Texaco Service station for your season tickets for six home games, and start making plans to drive to Ralls tomorrow night and cheer for the Antelopes.

Ed Sawyers had his sidewalk full of boxed Westinghouse appliances Tuesday. He was having trouble crowding all of them into his TV-Appliance Center for his big Truck Load Westinghouse and Furniture sale which you'll read about on page 10 of today's Dispatch.

You'll note on page 9 that Bryan Morgan has some new station hours for his Phillips Quick Service and Garza Butane Service, Inc., going into effect tomorrow. By concentrating his station personnel on a 14-hour daily operating schedule Bryan promises even better service to his customers with a night delivery if necessary for his butane customers.

A bigger and better school page is "in the making" for The Dispatch with the start of a new school year. The first school page will make its bow next Thursday. An expanded high school staff is planned this year by school authorities and a new junior high staff is expected to be ready to start writing the school news in that building as well next week. Contributions from all county schools are invited.

SUNDAY VISITORS

Sunday visitors in the home of Mr. and Mrs. Harold Britton were her aunt and uncle, Mr. and Mrs. W. D. Plunk, of Monroe, La., and their son-in-law and daughter, Mr. and Mrs. Gene Gamble and daughter of Abilene.

City fines for August, \$1,300

City police court fines totaled \$1,300 during August, about twice as much as they were during July, according to the police department report at Tuesday night's city council meeting.

The biggest amount, \$1,030, was paid in by 58 persons pleading guilty to being drunk.

Four pleaded guilty to fighting and paid fines totaling \$80, and five pleaded guilty to disturbing the peace and paid fines totaling \$80. The other fines were for various offenses, including eight traffic violations, which brought in \$65.

In addition, five served time for fines that would have amounted to \$95.

The police department report was made by City Judge Percy Printz in the absence of Police Chief Elton Corley, who was on vacation.

Dick Roach to manage Planters Gin here

J. R. (Dick) Roach will manage the Planters Gin here in Post for the 1963 ginning season. Roach has been an employe of the gin for the last 32 years and managed the gin for one season.

He reports two bales already ginned, with the cotton already open in the Justiceburg area.

Buck Craft, who has been managing the gin for a number of years, has not announced his plans.

Student loan—

(Continued from Page 1) So they took the \$255 and formed what turned out to be the Community Student Loan Association to loan him money for a college education.

Two years later, when the youth was home on Easter vacation, he was killed near Post in a tragic airplane accident which took two other lives besides his own.

The loan which had been made to him was repaid through an insurance policy which was taken out when the loan was made.

From that tragic beginning, the Community Student Loan Association—one of the first of its kind—has grown to the point six local high school graduates will attend college this fall aided by the loan program.

At the start four local men pledged generous amounts to be given each year for four years to aid in the first loan.

Mrs. Young thanked the Post Rotary Club which has contributed \$2,500 into the student loan fund over the last few years as a major club project. Since 1957, the Rotarians as a club have given \$400 annually for the loan program.

Since the program originated 11 years ago a total of \$13,611.69 has been made in loans, \$5,797.76 repaid with interest, leaving \$7,813.93 in loans outstanding, Mrs. Young reported.

Total expenses for this operation to date have totaled only \$25.73.

"The more money we can get to loan, the more we can help those deserving young people," Mrs. Young explained.

She said only two small loans from the fund are now past due. To date, over the 11 years, 26 students have been accepted for loans of which four later withdrew. Five had graduated from college. Most of them by their senior year can work their way through without needing loans for the final year.

Pointing to the importance of a college education to local young people, Mrs. Young said one loan student who will graduate from college next spring already has received six job offers, the highest of which has an annual starting salary of \$7,200.

Leo Acker and Irby Metcalf also spoke briefly to Rotarians on details of the loan drive which it is hoped can be wound up next week. All persons who are not solicited and who want to make a contribution are asked to contact Mrs. Young or leave it at the bank.

Antelope '11' will open season at Ralls Friday night

Rabbits are traditional first game opponents

The Post Antelopes, who won their first game in five years over Ralls Jackrabbits last season, will be trying to make it two in a Friday night when they travel to the Jackrabbits' gridiron for the opening game for both teams.

"We'll have to play our best to win; second best won't do," said Harold Teal predicted Tuesday.

Teal said the Antelope squad is in good physical condition except for two players which have cropped up in the last few days.

Jackie Fluitt has reinjured a knee and will not be able to play against Ralls, the coach said.

End Danny Pierce also has been injured and is slated for surgery.

THE BOYS ARE looking better

than they did in last Thursday's practice scrimmage against O'Donnell, but there's still a long way to go for improvement in every department," the coach said.

Although the three Antelope units were outscored by O'Donnell in Thursday night's scrimmage, a number of glaring weaknesses were pointed out.

The running game was ragged and it's still evident that a lack of field speed is going to hurt the offense," he commented. "All three units were slow in offensive and defensive reactions."

The coach admitted, however, that the defense looked better against O'Donnell, and that passing and receiving added to the offense.

The gold unit scored four touchdowns against O'Donnell, its unit, two, and the blue, or more, unit scored one. Two of the gold unit's touchdowns came on pass plays, one from Pat Bell to Teddy Scott and the other from Butch Cross to Ronald Simpson.

O'DONNELL OFFERED much opposition than we had expected," Coach Teal said. "We look for much stronger opposition from Ralls Friday night."

Teal said Ralls has "a pretty sized team" and will run its offense from the winged-T.

"We're anticipating a power-type attack from them, along with some wing. They have a real fine quarterback in Gene Dunn."

Dunn, a 160-pound senior, was injured last season, but apparently the quarterback post nailed on this year's Jackrabbits.

Teal's fullback, 175-pound Eugene Deering, is one of the Jackrabbits' best bets for all-district honors.

Other probable backfield starters are Ernest Esparza, 145-pound senior and Donald Stevens, 135-pound senior.

Quarterback Jim Parks, 150 pounds, played quarterback last year, but was moved to one of the end positions, and will also be available as the Jackrabbits' No. 2 quarterback Jerry Holley, 185, and Daniel, 170, are other likeliest candidates.

TEAL OF THE tackle posts will be filled by Mike Starch, 165-pound senior, who was a starter last year. The other starter probably will be Ronny Smithee, 165-pound senior letterman.

Dale Boone, another lad Ralls is boosting for all-district honors, will be at a starting guard position. He is a 175-pound senior letterman. Mike Wicks, 165-pound junior letterman, will fill the other guard slot.

The Jackrabbits are without much experience at center, where the leading candidates are Dwayne Phillips, 175 - pound sophomore; Davey Abell, 150-pound junior, and Tommy Cyfert, 145-pound junior.

Ralls has been picked toward the bottom of the District 4-A cellar, but Coach Neal Chastain says "the boys don't believe that, and they're gonna be out trying to prove different."

The Jackrabbits won three games while losing seven last season.

FROM 1956, WHEN the Antelopes won 6-0, the Jackrabbits pinned five consecutive opening game defeats on Post, before the Antelopes were able to turn the tables last year, 20 to 6.

Teal said Tuesday that on offense, the Antelopes will start as follows in Friday night's opener:

Center: Pat Sullivan; left guard, Danny Odom; left tackle, Charlie Brown or Ricky Little; right end, Pierce or Teddy Scott; right guard, Jack Braddock or Dennis Odom; right tackle, Billy Blacklock; split end, Ronald Simpson; quarterback, Pat Cornell; split back, Scott or Wendell Johnson; tight backs, Ben Owen, Butch Cross or Tom Clark.

Probable starters on defense are: Guards, Brown and Braddock or Little; tackles, Sullivan and Billy Mitchell or Blacklock; linebackers, Danny Odom, Owen and Cross; corner men, Cornell and Scott; halfbacks, Simpson and Pierce.

Post golfer plays in Lorenzo meet

O. C. Garner of Post and James Brewer of Lubbock, formerly of Post, played each other Friday in a first round championship flight match of the first annual Lorenzo Country Club invitational tournament, with Garner winning, 5 and 4.

Garner was eliminated from championship contention Saturday when he lost to D. L. Craig, 4-3. Brewer defeated J. A. Sherrod, 3-2, Saturday in consolation play and shot an 87 Sunday to finish fourth in consolation.

Al Holton of Lubbock won the championship by firing a 75 Sunday, one stroke ahead of his nearest opponent.

Softball champ play scheduled

The Untouchables scored two runs in the bottom of the seventh Tuesday night to defeat the Rinky Dinks, 15 to 14, and pull into a first place tie with the Yankees.

The regular season ended with Tuesday night's two games, and the Yankees and Untouchables will play off the tie in a 2-out-of-3 series starting at 7:30 o'clock tonight.

The second game will be played at 7:30 p. m. Saturday, and if a third game is necessary to decide the league championship, it will be played Sunday afternoon.

The Yankees ended their regular season last Thursday night by overpowering the Unknowns, 20 to 10, after having lost three games in a row.

Monday date for Ralls-Post film

Movies will be made of Friday night's Post-Ralls game at Ralls and the film will be shown here at 7:30 p. m. Monday in the primary school auditorium, according to Coach Harold Teal.

The film will be a part of the 46-56 Club meeting, but all football fans are invited to see it, Teal said.

After the film, the 46-56 Club members will hold their regular business meeting. The club recently opened its membership rolls to all football lettermen. Those wishing to join as new members are invited to attend Monday night's meeting.

Mrs. Cline Drake wins \$250 in fishing rodeo

By MRS. MAX CHAFFIN
Mrs. Cline Drake is the winner of the Grand Prize for catching the most crappie fish and the most channel catfish in the Colorado City Chamber of Commerce Fishing Rodeo which ended Aug. 25 and lasted five months. She won \$250 in trade for her prize in the crappie fish and the channel cat fish divisions. She also won woman's most points made during these five months and for that she was awarded a Remington portable sewing machine! What is she planning with her prize money? Why a new motor, outboard, that is, that will be bigger and better, that means start every time! Mr. and Mrs. Robert Lee Hagler went down to Colorado City last Monday with Mrs. Drake to pick up her prizes. Her motor wasn't in yet but she came back with the sewing machine! (Has a dress already made by this time, no doubt about it!)

Jerry and Don Harlan Pennell went to El Paso over the weekend and E. L. Dunn went with them

and on from there to San Francisco where he is stationed with the Air Force.

Mr. and Mrs. Fred Myers and son, Stevie, of Post were at the Jack Myers on Sunday.

MRS. PAUL WINTERROWD, Brown and Jerry went to visit her mother, Mrs. Frances Lightfoot at Fort Worth and sister at Lake Whitney, Mrs. J. B. Gresham, and just fished. Got back last Tuesday.

Southland Methodist Church had a very successful revival last week with services conducted at 7:30 p. m. every night and led by the Rev. Roy Bassett. The Slaton MYF provided several pianists and the singing was good!

Noble Wynn is sick at home and under a doctor's care.

Mrs. John Leake and Mrs. Lynn Freeman brought Mrs. Lee Frederickson home from Reese AFB Hospital last Thursday. She is able to get out of her wheel chair and use a walker now.

Mrs. L. L. Corbell fell and broke her hip last Friday and is in Sla-

ton Mercy Hospital to have it set. Mrs. D. D. Pennell had Mrs. Arville Ferguson, Mrs. Emma Ferguson of Post and Mrs. Jack Myers visiting her on Monday.

Cline Drake's throat condition is worse and he is to enter West Texas Hospital in Lubbock Tuesday to have further examination. He has had trouble eating and talking so we hope they can fix him up in A-1 order real soon!

Bro. H. Huddleston and Robert Lee Hagler preached the Sunday morning services and evening services at the Gordon Church of Christ due to Mr. Drake being ill. Sharon Raglan from Roaring Springs was a weekend guest of Kelly Jo Myers.

The Rev. and Mrs. Eddie Fortson are on vacation this week. They have gone to the Fort Worth area to see their daughter and son and then on to East Texas.

Mr. and Mrs. G. D. Ellis, Blondie Ellis, Donald and Mrs. Pennell played "8" Saturday night at Mrs. Lee Frederickson's home.

Sorry to hear that Minnie Hogan had to spend several days in Slaton Mercy Hospital. She is at home now and progressing very nicely.

One other: Mrs. Jack Myers is under a doctor's care for her back.

This sounds like a sick list this week. I hope that everyone is on the better list soon!

LUBBOCK VISITORS

Visiting in the home of Mr. and Mrs. E. A. Warren Sunday were Mrs. Catherine Royalty and Mrs. Lovie Bevers of Lubbock. Mrs. Royalty will be remembered as a former English teacher in the Post High School.

Post family at Tech ceremony

Mr. and Mrs. Garland Davies and Carol of Post and Jerilyn Davies of Abilene spent last Thursday in Lubbock attending commissioning and graduation exercises at Texas Tech for Don Davies.

Don was one of 19 cadets who received commissions from Lt. Col. John H. Buechler, associate professor of military science at Tech.

After receiving their commissions, the new officers presented their rank insignia to their guests for pinning ceremonies.

Bert Huffman was speaker for the occasion.

A reception followed in the Main Ballroom of the Student Union building.

Commencement exercises were held in Lubbock Municipal Auditorium with the main address by Lt. Gov. Preston Smith.

Don received a Bachelor of Business Administration degree with a major in accounting.

GRANDCHILDREN VISIT

Jo, Jim and Jay West, children of Mr. and Mrs. Sammie West of Hereford, returned home Sunday after spending 11 days with their grandparents, Mr. and Mrs. R. V. Thomas. The children were treated to a trip to Six Flags.

Former pastor returns to preach in revival

The Rev. Audie Wiley, former pastor of the Friendship Baptist Church at Close City, will preach at a revival being held at that church starting Sept. 8 and continuing through Sept. 15, according to the Rev. Shelby Bishop.

The Rev. Mr. Wiley is now pastor of the Calvary Baptist Church in Friona and is a graduate of Wayland Baptist College in Plainview.

Service will be held each morning at 10 and each evening at 7:30. The Rev. Bishop invites the public to attend.

Sermon topics named for Assembly of God

Sermon topics for Sunday services at the Assembly of God Church are announced today by the Rev. J. R. Brincefield, are "Fitted for the Task" for the 11 a. m. service, text Matthew 28:19, and "What Price Glory?" at 7:30 p. m. service, text Romans 2:7.

The public is invited to attend all services.

SUNDAY TRIP

Mr. and Mrs. Ray Crispin went to Borger Sunday to take Mr. and Mrs. Jerry Burnes.

HOLIDAY VISITORS

Visiting in the home of Mrs. E. C. Hill over the Labor Day holiday were her daughters and families: Mr. and Mrs. W. D. Surface, William and Eddie, Oklahoma City, Okla., and Mrs. Luther Edwards of Tulsa, Okla. Granddaughters and families present were Mr. and Mrs. David Hartshore and David Jr., Tulsa; Mr. and Mrs. Orville Sexton and Rhonda Fern, Sand Spring, Okla.; Mrs. Bob Pitts, Tulsa; Mr. and Mrs. S. E. Hill and Jana, Amarillo; and Mrs. P. H. Hill and Kenny and Sandy, Lubbock and Miss Linda Gail Herman of Lubbock.

Butch Wilson accepted by college in Mexico

W. C. (Butch) Wilson, son of Mr. and Mrs. C. R. Wilson, was accepted for the new term which began Monday at the University of Mexico Medical College at Monterrey.

Butch and his wife, the former Margie Casteel of Post, have been in Monterrey this summer following completion of his pre-medical work at the University of Texas.

Mrs. Wilson is on the substitute list as a teacher of English to children in a Pan-American school in Monterrey.

OLD FRIENDS VISIT

Mr. and Mrs. Erby Boyd and Opal of Crosbyton visited recently with Mr. and Mrs. Elmer L. Hill of Maypearl. In a note received from Mrs. Hill she said it was real nice to have visitors "from out Post way" and they had a good visit. The Hills left Post in 1939 and keep up with Post happenings through The Post Dispatch.
