

BELONGS TO PEOPLE

Dear Editor:
Garza Memorial Hospital belongs to the people of Garza County. The hospital board and the county commissioners are the representatives of the people of Garza County and as such should put the welfare of the majority of the people of the county first.

The recent upheaval at the hospital verifies the fact that these representatives have listened to the petty grievances of a few discontented individuals and have left the welfare of the majority without consideration. We live in a democracy, not a dictatorship.

Citizens of this community should have the privilege of using their hospital and the doctor of their choice, regardless of the personal opinion of our so-called representatives. Remember Garza Memorial Hospital belongs to all the people of Garza County and not to the hospital board and to the county commissioners.

PROCEDURE PROTESTED

Dear Editor:
This is a letter protesting against the procedure in which the Hospital Board revoked our right to use the doctor of our choice.

Mr. and Mrs. J. W. Gray

FROM THE BEGINNING . . .

Dear Editor:
Farther into the past than the human mind can reach, some simple creature felt a powerful drive within himself. With no other power than the ability to reason, could he and his kind be distinguished from all other living matter? This human being could not tolerate the suffering he saw around him, with only a licked wound, a mud plaster or a mother's affectionate arms to ease the terrible pain.

From this very beginning a profession was born. Its primary purpose then as now was the suppression and control of physical and mental agony in the human body and possibly to increase individual human existence on this earth. With the passing of time the medical profession has developed into its present day vastness of man in every walk contributing his partial part. Regardless of maps, position, whether it be professional, legislative, directorate, administrative or citizen of a community, all have to labor in close harmony to continue this service to mankind.

I, and I am sure each of you, are grateful that Garza County has had the modern tax-supported medical facilities available to us in the past to be used in our times of need. It is sad indeed that the egotistical satisfaction of a minority can destroy these facilities or even hinder its operations to the extent

that suffering must be endured or possibly human lives be lost forever. Neither you nor I nor vindictive mankind can chance a supreme sacrifice. The time to act for those like myself who haven't already done so is now. For those who have already realized the great dangers involved — keep pulling. The greatest people in the world stand beside you. The citizens of Garza County and surrounding areas.

What to do? Express your opinion, by letter, in person, or by phone.

Who to? Your duly elected or appointed representative (Precinct commissioner, Hospital Board member, or County Judge.)

Sincerely yours,
Charles Y. Morrow

FOR THE MAJORITY

Dear Editor:
This letter is in reference to the hospital situation.

I believe if at all possible that things should be straightened out more to the convenience of the majority of the people than to a small handful.

I have called some of the board members and they have assured me that I may use the hospital at any time for any purpose but with the aid of a doctor chosen by them, and I have in turn told them that if I wanted any other doctor but Dr. Harry A. Tubbs, (which to me is the very best), I would go elsewhere to be treated.

I believe since I pay my taxes that I should have some say so in the matter of the hospital which in a sense is partly mine.

Lorrye Lou McAllister

DEEPLY CONCERNED

Dear Editor:
After talking to our friends and neighbors, who are also patients of Dr. Tubbs, we are concerned about the decision of his dismissal. I am sure we do not know all the facts, as they were not made known to us. It's a shock to be told our doctor was thrown out of the hospital and off the hospital staff. So many lives depend on this doctor's medical care.

We, as patients, are willing to do all possible to restore his position at the hospital, as this is a county hospital, and we are taxpayers.

I am sure something could be done to restore peace and unity in our county hospital.

Bobby and Nita Terry

THE PATIENTS' SIDE

I realize the Dispatch has printed all available news about the hospital situation, and trust you will continue to do so. However, there is a third side—that of the patients. I was very distressed to hear of the dismissal of our family doctor from the hospital staff without a reasonable explanation. I am concerned about the welfare of my family should an emergency arise. I understand the services of the hospital are available in emergency conditions. I feel that anything requiring hospitalization for a member of my family is an emergency. I feel that we as well as others who have confidence in their doctors should if occasion demands, be admitted to our county hospital under the care of the doctor we choose.

Sincerely,
Mrs. James Babb

Poll tax receipt still a 'must'

For many of those who have not paid their poll tax, time for doing so will have run out by the time they read this. Friday, Jan. 31, is—or was—the last day, depending on whether you're reading this editorial on Thursday or Friday before the deadline, or afterward.

Those who still have time are reminded that South Dakota's ratification last week of the 24th amendment to the federal Constitution does not change this unalterable fact: Texans cannot vote this year in any state, county or other local election unless they paid their poll tax by midnight Friday, Jan. 31.

South Dakota's ratification of the 24th amendment made the necessary 38th state for abolition of the poll tax as a prerequisite to voting for President, vice president, United States senators and congressmen.

However, as Gov. Connally reminds us in a timely admonition, a person still must obtain a poll tax receipt, though without paying the tax, even to vote only in the national elections. This is required by legislation enacted last year, providing registration procedure in the event of federal poll tax repeal.

When the amendment repealing the federal poll tax officially becomes a part of the Constitution in the next few days, a new state law containing the dual system provisions will go into effect. Persons who wish to vote only for federal office will have 30 days from the date the law goes into effect to obtain free poll tax receipts.

This is a big election year. Besides the most important federal elections there will be spirited races for governor, lieutenant governor, attorney general, and other administrative state offices; for state judges and legislators—those who make and interpret the laws that govern us. Locally there will be elections of county and precinct officers, city and school trustee elections; possibly bond issue elections.

The citizen who deprives himself of the opportunity to cast a ballot in these elections by failing or neglecting to pay the nominal poll tax throws away his own highest privilege of citizenship, that of self-government.—CD

Basketball in spotlight here

With the high school basketball season heading toward the crucial February campaign, Post High School's varsity teams, the Antelopes and the Dees, are in the thick of the battle for District 4AA honors in their respective divisions.

The Dees, coached by Mary Lee Stockton, are defending district champions and have their sights set this season on not only the district championship, but the regional and state championships as well.

Coach Will Bigott's Antelopes apparently have found themselves after a rather dismal start and should finish higher in district standings than they did last season.

Both teams are deserving of every fan's support both at home and out of town, and the fact that basketball as a spectator sport is on the upgrade here is seen in slightly increased attendance over last year.

A number of other teams are fielded by the Post schools, from the 7th grade on up to the varsity level, and these teams, too, are deserving of the fans' support. One of them, the freshmen boys, is capable of holding its own with any 9th grade basketball team in Texas. Local cage fans who haven't seen Coach Charles Black's youngsters in action are missing out on the best 9th grade team ever to represent Post.

Let's support all these teams. They just naturally play better before a big crowd of hometown boosters.—CD

What our contemporaries are saying

In a recent harangue, Castro spoke only 2 hours and 17 minutes. With an apology to Irvin Cobb, it might be said that there are probably those who hope his unprecedented shortness of breath doesn't indicate any trivial physical impairment.—Olin Miller in The Seguin Gazette.

Italy has billed the U. S. for taxes on a building we rent from which to dole out our taxpayers' foreign aid money which we send to the Italians. We Americans are plain stupid—or is it just stupid people we have spending our hard-earned dollars?—Frank Hill in The Lynn County News.

Personal freedom is losing ground in the cigarette investigation and the tobacco industry is prone on the operating table while inhaling

ether. Something has gone out of our way of life when a person is denied the privilege of making a fool of himself privately and without interfering in the lives of others. On the other hand, everything is dangerous. Perhaps the automobile heads the list of instruments causing advance arrivals in eternity. We may someday have a compulsory neon sign on the dash reading: "This thing will kill you. Get out and run for your life; and take the ash tray with you."—Douglas Meador in Matador Tribune.

We notice where the National Wildlife Federation's annual convention this March will be held in Las Vegas, Nev. Well, there are few better places to see nature in the raw.—Harold Hudson in The Perryton Sunday Herald.

OUR CAT, BLACKIE, hasn't had his picture in this column for the last couple of weeks, mainly because he hasn't been around much. I think I know why. Our three-year-old tomcat has been romancing, as this week's picture of him proves.

Saturday is the first day of February, which this year stretches out to 29 days instead of the usual 28. It won't happen again until the next Leap Year, four years hence. Sunday, Feb. 2, is Ground Hog Day, and Friday, Feb. 14, is St. Valentine's Day. Outside of a number of important birthdays, including Lincoln's and Washington's, there won't be much else until that extra day, the 29th, when our word of advice to the ladies is—Look Before You Leap.

In last Friday's Lynn County News, Editor Frank Hill ran a few of the winning tall tales in the Burlington Liars Club contests. . . as follows:

"Last summer it got so hot down here that lizards crawled in the fire to get in the shade of the skillet."

"The drought in Oklahoma was so bad that for six months they shipped out crude oil in gunny sacks."

"When the Ohio River reached peak flood and threatened the city, the Louisville election board called a special election and the town was voted dry in half an hour."

"We put a piece of cheese on the floor with a thermometer over it to catch a rat. The mercury fell so low during the night that it pinned the rat to the floor."

"I once met a cowboy who was so bowlegged that he was three feet taller sitting down than standing up."

"My brother pulled out such a huge fish that it took 48 hours for the hole to fill up."

"The ground is so rich around here that when a farmer planted watermelons last spring, the vines grew so fast that they wore out the melons by dragging them along the ground."

"A tall skyscraper in New York was never completed. The building had only five stories to go, but had to quit because St. Peter objected to some of the undesirable characters using the elevators."

"I was raised in a Kansas neighborhood that was so tough cyclones had to get permission to pass through."

HERE IS A nettlesome one for our puzzle fans: A barber shaves every man in the village who does not shave himself. So, does the barber shave himself?

The answer appears on the classified page of today's Dispatch.

You can always spot a well-informed man—his views are the same as yours.

THERE HASN'T been a recipe in this column since some three years ago when I ran one on Hopkins County Stew. Here is another one, an extraordinary recipe, that appears in Cooking Can Be Fun! in the Rocky Mountain Herald. I hope some good cook will let me know how it pans out. Our source for the recipe warns that adults will love it, "though you may have to fence the children to try it, as the Chinese herbs are a little daring!" So:

PUZZLED THRUMP
6 medium-sized thrumps
2 pirflas (raw)
1 tablespoon frim
1 tablespoon ping
1 whif nung

Place the thrumps on a thin baking pan. Mash the pirflas finely. Spread a thin covering over each thrump. Now dust the frim, ping and nung over them, being careful to dust evenly and one at a time. Place in the oven and bake about 1 hour at about 300 degrees. Serve piping hot.

HOMECOMING IS SET
LEVELLAND—South Plains College Homecoming has been set for Feb. 7 with the basketball game at 8 p. m. between the SPC Texans and Lubbock Christian College highlighting the event. Other activities will include a pep rally, registration, crowning of Homecoming queen and a dance.

Experimental reading program is scheduled at Post High School

The Post Public Schools, in cooperation with the Educational Developmental Reading Laboratories of New York, will offer an experimental reading program in the Post Senior High School, William F. Shivers, assistant superintendent of schools, announces.

The reading program will be under the direction of T. C. Clark, high school principal. The New York company will furnish the school \$2,000 worth of equipment at no charge. The equipment will include six controlled readers and a tachistoscope. The reading program will center around six reading labs to be set up in the high school.

Twenty-five seniors and one freshman have registered for qualifying tests in the new vocabulary building and reading improvement program. Students must qualify themselves by passing a standard vocabulary test. Only 20 students will be eligible for the pilot program and seniors were given priority, as they will not have a chance to be a part of the program after this year. One freshman, Ronnie Pierce, has been included in the program in order to have a control student for the next three years.

A careful analysis of the program will determine whether it made a part of the total school curriculum in future years. Patrons of the school are to discuss the program with administrative person if interested. Research shows the ability to read is a crucial factor in the educational progress of a student.

Our Mightiest Hour

Rockets have a certain thrust — and no more. Nuclear bombs have a certain explosive force — and no more. Every powerful device on which man depends for military defense or scientific advance is *limited* in its energy.

But FAITH has no limits. It turns with trusting eyes to the Almighty, whose power is infinite, whose love is everlasting. It is constantly confident and courageous — because its resources cannot be exhausted.

In perilous times a great nation always finds its might in spiritual resources. And today, significantly, one of the essential elements of survival in which our *stockpile* dwarfs the Russians is FAITH. Khrushchev has no secret installation to match the thrust and force generated in the souls of our people by our hundreds of thousands of churches.

Think on these things as we worship together next Sunday morning . . . our mightiest hour!

Sunday Deuteronomy 8:11-20	Monday Isaiah 40:25-31	Tuesday Jeremiah 16:14-21	Wednesday Daniel 4:28-33	Thursday Ephesians 1:15-23	Friday Colossians 1:3-12	Saturday Revelation 5:6-14

Aunt Gerty gives advice to girl who has only boys for friends

DEAR AUNT GERTY: My problem is not having any friends. Well, really, I do, but they are only boys. Of course, being a normal American girl, I like having plenty of boy friends. It is the girls that worry me. I just do not understand why the girls all hate me. I cannot think of anything that I do to make them mad at me, because usually when I speak to the girls it is the boys who will bother to speak back. Girls never ask me to ride around with them, only the boys. Please help me get a few girl friends, too.

List Favorite Songs

Here are favorite songs of a few of the Junior High students: Reba Hair — "Be True to Your School." Teresia Maddox — "Fools Never Learn." Helyn Cheshire — "In the Summer of His Years." Julie Clark — "You Don't Own Me." Ann Byrd — "Surfin' Bird." Pat Dixon — "You Don't Own Me." Carolyn Davis — "You Don't Own Me." Brenda Clemmons — "Jimmy Boy."

Linda Pennell is president of NHS

Linda Pennell was elected president of the National Honor Society on Monday night at its first meeting of the school year. Other officers elected are: Susie Jo Schmidt, vice president; Linda McMahon, secretary-treasurer; Vivian McWhirt, Student Council representative, and Linda Rogers, reporter. Plans were discussed concerning Career Week, which is sponsored each year by the National Honor Society.

Word of advice to 8th grade Science classes

By Zelika Freeman You wouldn't believe me if I told you everything that went on in Mr. Davis's 8th grade Science classes, so I will tell you in only a few of the uneventful happenings. Everybody has had just about enough time to let out all moans and sighs from the results of semester tests and of course, report card. As far as I know thing are back on the same old run-down schedule. Now, here we are, starting out fresh and clean, wiping out all blunders which arise in our way in Mr. Davis's class. We are doing this by making group research papers. I believe there are seven different topics the groups are writing on. Doesn't all this sound just frightful? I'll let you in on a little secret—Get to work and show your signs, people, and who knows, you might find out something new and interesting you never knew until now.

Does' Fight Song

We are the great Post Does We're always on our toes We never lose a game That's who we gain our fame We'll beat the Slaton tramps And be the district champs. Ri-district crown is next On them we'll put a hex We'll hustle to the end And win and win again Our victory will be great Leading the way to state. And at the Regional meet We will have no defeat This is just warm-up time We'll leave the rest behind It's Austin we are bound To get the State Champ crown. Here we are at State We are the ones that rate Without our coach we'd flop And never be on top The silver basketball Will be placed in our hall. —By the Post Does

Senior Gossip

Sunday afternoon, Margie Harrison, Linda McMahon, Mary Beth Ford, Shirley Sappington, Diane Kiker and Diane Maxey paid a short visit to "Tiger Town." Did you kind of "shake" the Tigers, girls? Linda Pennell will be the representative of the Senior class in the FHA Valentine Sweetheart Contest, which will be held Feb. 15. The Senior class has at last decided on a class motto. It is "Not merely to exist, but to amount to something in life." The class song is "Climb Every Mountain." Congratulations to the Does on their victory over Slaton! A close game, but a good one! Deadline is past for ACT college entrance exams

By Argan Robinson The deadline for ACT applications was Jan. 25. This is a college entrance examination, and the applications are furnished through the school. This examination is given on specific dates at certain locations throughout the country. Lubbock Christian College gives these tests, making it convenient for Post High School students. The later in the year and the nearer college entrance time that any examination is taken, the higher the score must be. Besides this exam, there are also SAT and Writing Sample tests. These are given in the same manner as the ACT and serve the same purpose. These are not required by every college or university, but at least one is required by all schools.

New subject for students of 6A

By Cathy Cates Mr. Frederick's 6A class went to the library Wednesday and Thursday to find out more about the assigned topic, "Rocks." The students of 6A were given various rocks to look up. The boys and girls tried to find out all they could on rocks. Friday and Monday, the hours were spent giving reports on the rocks. In Language Arts, we are spending our two weeks on reading. We were assigned reports on books of fiction due on various days. We enjoyed doing that. The classes were issued history books. History will take the place of geography. That is what is new in our subjects.

and introduced incoming and outgoing directors, along with hold-over directors. He also introduced Mrs. Helen Livingston, Chamber secretary, and guests at the banquet.

One of the banquet highlights was the presentation of a silver service tray and a plaque to Dr. A. C. Surman, who had retired three days earlier after practicing medicine here for more than 50 years.

The tray was presented by Mrs. Lee W. Davis on behalf of the Garza Memorial Hospital board. The plaque, a gift from the Chamber of Commerce, was presented by S. E. Camp, Chamber vice president.

The invocation was by the Rev. Edgar H. Graham Jr., pastor of the First Presbyterian Church. Diner music was played by organist Georgie M. Willson.

Guests from out of town included Glen Moody and Woodrow Robertson of Crosbyton, Rhetha H. Dun and Mrs. Milton Reynolds of Tahoka, Logan H. Walker and Mitchell Walker of Abilene, Herman F. Heath of Lubbock, Walker P. Nichols of Amarillo, Mr. and Mrs. W. Foster of Lubbock, Tannith Laine of Lubbock, Mrs. Sid Smith and Groesbeck, Harold A. Lack and Woody Forrester of Snyder, Jim Nelson, Mr. and Mrs. Coy Evans, Jim Dabney and Sue Rice, all of Lubbock.

The meal was prepared by a Lubbock catering service and served by members of the Post High School chapter of Future Homemakers of America.

Wesley Scott wins agribusiness quiz

The Rotarians all "flunked" their agribusiness quiz given them at their Tuesday luncheon by County Agent Syd Conners.

Wesley Scott won Conner's prize for getting the most correct answers—11 out of the 20.

The quiz questions ranged from the total number of farms and ranches in Garza County all the way to how much does the total agribusiness contribute annually to the economy of Texas.

The quiz was a multi-choice type.

OUR READERS Write

NOT LIKE NEW FADS

Dear Editor:

I have always sympathized with the men in public offices, who represent the people, from the President on down to our own county commissioners.

I know they can't please everyone, and that they do have a tremendous job. But in this hospital deal my family's health, or possibly life, could be at stake. And I cannot sit by and let it happen without doing what little I can to correct the situation.

They may bring new doctors in and good ones, but you don't use a doctor like a new fad, just because everyone else does.

Your confidence in a doctor is built up over a period of time. I do have all the confidence in the world in Dr. Tubbs. I think his

patients always come first. I do hope the hospital can be worked out so everyone may use the doctor's choice.

Since this is a county I think it should be up to the majority of the people to decide on important issues like this, and a few.

Antelopes lose to Denver City

Does beat Aspermont team for 20th victory of season

Post captain Nita Wilson scored 22 points Tuesday night to lead the team to a 50 to 34 win over Aspermont for the local girls' 20th victory of the season. Wilson's 38 points came on 13 field goals and 12 free throws. Vivian McWhirt scored 6 points and Marilyn Jones 4 points for the winners. Alsop's 12 points led the Aspermont scoring.

Mary Ann Stone and Shirley Sappington also saw action at forward positions, with starters Cheryl Martin, Darla Pierce and Dee Ann Walker holding down the guard posts along with Pat Landreth. The highlight of the Post-Denver City game as far as the Antelopes were concerned was the 20 points scored by freshman Ronnie Pierce, playing in his second varsity game after seeing brief action against Slaton last Friday night.

The freshman, up from Coach Charles Black's 9th grade team, not only grabbed game scoring honors, but was the only Antelope to score in double figures. Pat Hubbard and Mason led the Denver City scoring with 16 points apiece.

OUR READERS Write

TO THE TAXPAYERS

Dear Editor:
 To Garza County taxpayers: Do you appreciate the efforts of the Garza County Hospital Board to save the hospital for the taxpayers? We need this hospital and we need other doctors. Also, I believe if you are at all interested you should state in writing, sign your name and address and mail to Garza County Hospital Board, not to any newspaper.

We very seldom tell folks what we have for sale any more as we did that one time and when our customer came in for the merchandise WE COULD NOT FIND IT.

We have arrived at the conclusion that YOU KNOW WHAT YOU WANT and if you are willing to take the chance WE WOULD LIKE FOR YOU TO COME BY and ask for it and we'll get it for you. If we don't have it in stock WE WILL HAVE THE NEXT TIME if it is available.

We have added a few items that we may not have had when you were in the store and some may be so old you may not know what it is—a man thought a pair of limber bride bits was hand cuffs and three fellows in last week—youth man called for a ditching spade, the older one said "he wants a sharp-shooter" and the still older one said "it's a bill-dookie" so with ONE ITEM we satisfied all three.

TRY US AGAIN. We'll do our best.

Mrs. Amos Gerner and Mrs. Anton Muller attended an all-day quilting in the home of Mrs. Ella Wilkie near Wilson Tuesday.

Shiver is in charge of the total program, assisted by Bettye Scott, helping teacher, and James Pollard, high school math teacher.

The program is based on the hypothesis that children learn at an early age to dislike or to appreciate mathematics.

As a part of the program, students are beginning to study elementary geometry in Mrs. Wynoma Clark's first grade class in the same school. This approach to geometry is based on logic and the assumption that children at an early age do not have the wrong concepts of mathematics that characterize students who fail in the subject at an older age.

Results of the activity approach to mathematics will be carefully analyzed to find better methods of teaching elementary math. Testing and teacher evaluation will be weighed to determine whether the approach will be added to the total elementary curriculum.

REASSIGNED

Airman Trent C. Sooter, son of Mr. and Mrs. Virgil Smith of Route 1, Post, is being reassigned to Chanute AFB, Ill., for technical training as a U. S. Air Force weather observer. Airman Sooter has completed his initial basic military training at Lackland AFB, Tex. He attended Southland High School.

Math appreciation program initiated in Elementary classes

An activity approach to mathematics has been initiated in the Post Elementary School. Asst. Supt. William F. Shiver announces. The new program consists of control groups and experimental groups to see if the math interest of students can be increased. A vast amount of mimeographed materials has been distributed to teachers to determine if the approach has merit.

Shiver is in charge of the total program, assisted by Bettye Scott, helping teacher, and James Pollard, high school math teacher.

HOW TO PLAY!

VISIT PIGGLY WIGGLY AND RECEIVE A BEVERLY HILLBILLIES GAME TICKET. Take it home with you, wipe off the squares by rubbing with tissue or cloth, using any household margarine or butter. CASH WINNERS UP TO \$200.00 will be listed on the face of the ticket.
Underneath the black squares on the car radiator, there will appear the name of one of the four members of the Clamptett family. Collect one each and win an ADMIRAL COLOR TV SET, retail \$500.00.
Reverse side of ticket will show a variety of numbered prizes. A complete set of ten consecutively numbered pictures entitled to win a miniature golden charm replica of the BEVERLY HILLBILLIES CAR.
Persons under 16 years of age and employees of Piggly Wiggly and their immediate families are not eligible to play.

Dieting Do's and Don'ts

Trying to lose weight? Here's a list of simple do's and don'ts for every daily dieter.

1. **DO** eat protein. It speeds up weight loss. Highest in protein are milk, eggs, fish, poultry, veal, lean beef and lamb, and cottage, pot and farmer cheese.
2. **DO** eat frequent small meals. A number of small meals are better than fewer large ones.
3. **DON'T** eat quickly. The slower you eat the less you'll eat.
4. **DO** eat Aids. The special low-calorie caramel candy-like appetite depressant containing vitamins and minerals to combat excessive hunger pangs. They satisfy and control your appetite without adding weight.
5. **DO** exercise regularly. Doctors say the main cause for overweight is too much food coupled with too little exercise. Walking is one of the easiest and best ways of exercising.
6. **DO** control your weight in early adult life. It's safer and easier than trying to reduce later on.
7. **DON'T** skip breakfast. It should supply about a fourth of the day's food requirements. And an adequate breakfast helps prevent overeating at lunch-time.
