"THE POST DISPATCH COVERS GARZA COUNTY LIKE A SANDSTORM"

The Post Dispatch

VOLUME XXII POST, TEXAS. "THE GATEWAY TO THE PLAINS" THURSDAY, FEBRUARY 12, 1948 "WHERE THE WEST IS WEST" NUMBER 12

As a Valentine courtesy to Post Dispatch readers, Jan Paula Herring, daughter of Mr. and Mrs. Clint Herring, poses with her next-door neighbor, Roger Camp, son of Mr. and Mrs. S. E. Camp, at the request of a staff photographer. The picture was made at the Herring home.

Two And Half Million Bucks Made On Cotton

Garza County's 1947 cotton crop, almost 14 times larger than the 1946 crop, netted a total of 15,177 bales which sold for approximately \$2,656,175. Garza's 1946 crop, as recorded on January 16, 1947, totaled 1,109 bales.

The 1947 ginnings total, as of January 16, 1947, and the 1946 total were released Friday by the Department of Commerce, Bureau of the Census, Washington, D. C., along with information showing that Lubbock county topped the South Plains counties in total ginnings in 1947 and that four South Plains counties were among the five in Texas having more than

County Finance Statement Made

The statement of the financial condition of Garza County, as of December 31, 1947, which is published elsewhere in today's issue, shows total cash on hand of \$80,602.81 plus securities amounting to \$11,920 and a total indebtedness of \$144,800.

The County Commissioners' Court, in a recent session, voted to publish an itemized statement of the county's financial condition each year in the Post Dispatch.

License Plates Going

T. H. Tipton, Garza County deputy tax assessor-collector had issued 161 sets of 1948 license plates for passenger vehicles by Tuesday afternoon. A number of plates for other types of vehicles also had been issued, he said.

IT'S WHEN RATHER THAN HOW MUCH IN RAINFALL BENEFITS

The bumper cotton crop of 1947 is mute evidence that it isn't the amount of rain that falls so much as when it falls that's important to making a good crop.

The Double U. Company measured a total of 14.76 inches of rain in 1947. The total is the smallest measured by the company in 10 years, yet the crop was the greatest the county has had in 10 years. Had there been one more rain in August, the crop would have been even larger, farmers believe.

Here is the amount of rainfall figured by months, here in 1947: January, .63 inch; February, none; March, .99; April, .55; May, 6.51; June, 1.49; July, .17; August, .31; September, .39; October, .34; November, 2.18; December, 1.20.

RECREATION SCHOOL TO BE HELD ON SATURDAY

A recreation training school for leaders, selected by the Boys' and Girls' 4-H clubs of the county, will be held at 2 o'clock Saturday afternoon in the American Legion Hall.

The leaders will direct entertainment at a countywide 4-H party to be held in March. Mrs. Jewell H. Strauser, Garza County home demonstration agent, said yesterday.

Garza Quota Is Almost Reached In Dimes March

An incomplete report from Judge J. Lee Bowen, director of the Garza County March of Dimes Drive, yesterday showed that a total of \$729.41 had been collected.

Several committees, however, have not been able to turn in their collections, because of the weather. The director hopes to have a complete report for next week's Post Dispatch.

The Post schools reported a collection of \$100.83, "enough to buy a set of braces for an infantile paralysis victim," from the grade school and \$37.30 from the high school. Next week's report will indicate the amount turned in by the churches and other organizations and the proceeds of the coin collectors in the various stores.

The quota for Garza County was 10 cents per capita or, Judge Bowen estimated, "about \$800."

Although the campaign is officially ended, "it is not too late to send in contributions," Bowen added.

Four Teachers Are Re-Elected

The Board of Trustees of the Post Independent School District, in a meeting Monday night, re-elected four administrative teachers for the 1948-49 year. They are Supt. G. R. Day, Coach V. F. Bingham, High School Principal S. D. Strauser and Grade School Principal E. E. Pierce.

Election of other teachers will be conducted the latter part of March or early in April, the secretary, Marvin Hudman, announced.

Weather Is More News Than Prices

The temperature nosed out prices for dropping honors yesterday, and the extreme cold wave occupied the top headlines in the newspapers of the area. In Post it resulted in another holiday for Post business firms, schools and the court house offices.

The city officials assisted Dick Woods, local manager of the West Texas Gas Company, last night and this morning in enlisting the cooperation of the merchants in the emergency gas conservation program which, for the second time since January 29, became necessary in 44 South Plains towns served by the company.

Merchants and consumers were told to listen to the radio for the

(Continued On Back Page, Col. 2)

Free Show To Be Sponsored By Local Firm

"Everybody likes a party," and so the Post Truck and Tractor Company is planning a big one, complete with stage show and free to the public.

The show, of Family Party, will be held in the Post High School auditorium, beginning at 7:30 o'clock, next Monday night.

Among the big-time entertainers who have been engaged to assist with the party are Al Sharpe, magician; Andriellita, singing mistress of ceremonies who will also team with Art Bongier in "musical nonsense at its best," and Mary Himmel, accordion specialist. The program will include some color movies, including educational, travel and comedy films.

The free entertainment is the Post Truck and Tractor Company's way of saying "thank you" to its friends and customers, Dowe Mayfield has announced.

ARC Drive To Open March 1

Lewis Nance, chairman, has announced that the 1948 campaign to raise funds for the American Red Cross will get underway in Garza County March 1 and last the entire month.

The Garza County quota is \$1,100. Part of the money will be kept in Garza County for emergency relief and the remainder will be used in state and national disaster relief. He pointed out that Texas used more than its 1947 quota of Red Cross funds in administering relief to victims of the Texas City explosion and the tornado-stricken areas of the Panhandle.

LEGIONNAIRES RECEIVE BUTTONS, CAPS, GAVEL

Approximately 50 members attended a meeting of the local American Legion post last Thursday night in the Legion Hall. Caps and buttons were sold to the members, and a gavel was officially presented to the post as a reward for attaining its membership quota before Armistice Day.

The next meeting will be held at 7:30 p. m. March 4. On April 1 a joint meeting of the post and auxiliary will be held at 7:30 p. m. in the Legion Hall. Refreshments will be served.

Schultz Is Honored

A still life photograph by David Schultz was selected recently by the Panhandle Professional Photographers Association for a traveling exhibit of outstanding pictures.

Fluctuation In Prices Noted Some Time Ago

Commodity price fluctuations, which have been noticeable for several weeks by local merchants, broke into print and over the airwaves Wednesday when the nose-dive that started in corn spread with renewed violence to all commodities and security markets.

With the news came repeated warnings that the situation was temporary and that prices would probably rise again within a few days.

Reaction in Post was confused. Prices started dropping in some quarters. Flour, for instance, was off 80 cents per hundred pounds in one store.

Merchants, generally, were hard-pressed. Their customers expected a fantastic drop in prices. Their merchandise was bought at higher prices and to cut them would mean taking a loss.

One merchant explained: "I will cut prices, of course, if this drop is permanent, but it will be several weeks before the adjustment can be made. The wholesalers have to readjust their prices before the retailers can safely read-

(Continued On Back Page, Col. 2)

Day Of Prayer Program To Be Held Tomorrow

Local observance of the annual World Day of Prayer will be held tomorrow in the First Methodist Church, beginning at 2:30 o'clock in the afternoon. The inter-denominational service rotates each year with the various Post churches. The program has been announced by the leader, Mrs. Esma Cash, as follows:

Theme, "Come Ye Apart," organ prelude, Mrs. Tom Power; call to prayer, Dr. David H. Templeton; meditation, Mrs. Cash; familiar hymns; prayer; responsive reading; solo, "Prayer Is the Soul's Desire," Mrs. Phil Boucher; meditation, "Power of Prayer" (Continued On Back Page, Co. 3)

Calves And Hogs To Be Exhibited

Saturday, February 21, has been announced by Alvin G. Davis, president of the Garza County 4-H Clubs, as the date of the Garza County 4-H Fat Stock Show.

The show will be held on several vacant lots, just east of the court house on the north side of Main Street. Fifteen to 20 fat calves will be entered and a dozen or more hogs will be entered, Davis said.

The occasion will be an advance exhibit of entries in the Fat Stock shows at San Angelo, March 4-7 inclusive; Amarillo, March 1-5; Lubbock, March 22-24, and Plainview in April.

Three Garza County calves have been entered in the Amarillo show already and at least one has been entered in the San Angelo Show.

Judges and exhibitors will be announced next week, Davis said.

Troop 11 Wins Right To Hold Public Offices

Boy Scout candidates of Troop 11 won the honors of occupying city, school and county offices tomorrow in an annual educational program. Only the boys elected to the "offices" will serve. All other Boy Scouts will attend school, if the weather permits school to be in session on Friday.

The boys will not collect fines from local persons, as they did last year. The officers-for-a-day will spend Friday observing the adult officers at work and learning all they can from the experience, John Lott of the local Scout committee explained yesterday.

The day's activities will be climaxed with a public Indian Dance and Council Fire, presented by Troop 11 members, at 7:30 o'clock tomorrow night on the vacant lots between the postoffice and Piggly-Wiggly store, if the weather permits.

Highlight of National Boy Scout Week for Troop 16 members was a wiener roast held Monday night in connection with the regular meeting.

Seismograph Crew Here

A seismograph crew, which has been working around Lubbock and toward Garza County for several months, arrived here yesterday and received permission to work in the area northwest of Post.

POST FOLKS AT WORK:

Mrs. Jack Corley, who assists her husband in operating the Red Haven, popular drive-in near Post High School, takes time to serve orange juice to her daughter, Yvonne. The Corleys opened the Red Haven on November 4 of last year and have been serving capacity crowds almost every night since. The cafe stays open as a rule until 11 or 12 o'clock, "as late as we have customers."

Justiceburg News
 Please Send News Not Later Than MONDAY to MRS. R. J. KEY Justiceburg Correspondent

Mrs. V. A. Lobbans and daughter, Janyce, were in Snyder Saturday.

Mrs. Elmer Pettigrew recently visited relatives in San Angelo.

R. L. Smith, Jr., of Sweetwater spent the weekend here with his parents and sister, Mr. and Mrs. Lee Smith and Mary.

Mr. and Mrs. Chester Dorman and family of Snyder visited their son and family, the Marvin Dornans here Sunday.

Mr. and Mrs. Ted Ray and Mr. and Mrs. R. J. Key were in Big Spring Friday.

We welcome the Joe Green family to our community. They will make their home on the W. V. Roy place. They came here from Seagraves. We also welcome the Fred Prewitt family to the community; he is employed at the gravel washer here.

Justiceburg School has five new students: Jane Green, Shirley Ann Prewitt, Beverly Ann Bland, Alvino Honesto and Tony Honesto.

Mr. and Mrs. Buster McNabb and son, Ronnie, of Ropesville visited Mr. and Mrs. Cameron Justice Sunday.

Jeff Justice, Jr., of Lubbock spent the weekend here with his parents.

Post Folk Can Help Get New Bus Service

An application of Transwestern Coaches for a motor bus line between Abilene and Lubbock, through Post, has been set down by the Railroad Commission for hearing in Lubbock today and tomorrow.

John W. Reed of Austin, general manager of the company, was in Post last week making arrangements for local prospective customers to go to Lubbock tomorrow to testify as to the need of such a line.

Transportation to and from Lubbock will be provided by Reed. All persons willing to testify as to the need of the service are invited to be at the City Hall at 9 a. m. tomorrow for transportation to the hearing in Lubbock.

The proposed service, Reed said, will include four schedules a day from Post to Abilene and back. All busses will make direct connections with busses to Dallas, Ft. Worth, Austin, Waco and Houston.

The trip from here to Abilene can be made in three hours, and the schedule will permit a person to go to Abilene on business or to visit a college student in the morning, spend several hours there, and return the same day.

The added service of providing direct connections with busses to other parts of the state will shorten the trip down state by two hours, Reed said.

At present there is no direct service between Abilene and Post. The proposed route will not compete with existing service. For instance, it will not ask for the right to haul passengers from Rotan to Lubbock, although Rotan is on the route; nor from Slaton to Lubbock. This procedure will be followed in all of the points where service would be duplicated.

Another hearing has been set for February 19 and 20 in Abilene. Post and Lubbock college students there, who can save an hour and a half traveling time per trip home, will be invited to testify.

Grassburr Gems

Please Send News Not Later Than MONDAY to **BILLIE SUE QUISENBERRY** Grassburr Correspondent

We are happy to have Mr. and Mrs. Grady Hunt move into our community, also Mr. and Mrs. Edwin Jones, who moved to the Eubank place.

Mr. and Mrs. Russell Wilks, Sr., have a new blue Chevrolet pickup.

Mr. and Mrs. Arval Siewert have moved to another house in the community.

G. W. Martin is employed in Post at the Plains Lumber Company.

Jimmy Puckett feels pretty lucky this week. He recently had some trouble with his car but when he found out that it would only cost \$2.95 to get it in running condition again his spirits were lifted.

Junior Wilks has two goats who like to ride in his car. We wonder how often he has taken them riding.

Doris Jean and Irvin Cross had a tough time catching three of their horses that got out; they had to chase them all over the country.

Ross Self spent the weekend in the Puckett home.

Leonard Smith has the mumps. Tommy Puckett, who has also had the mumps, played too hard last week and has a slight relapse.

MRS. CARR'S STUDENTS PLAY IN PIANO RECITAL

Mrs. Alton R. Carr presented the following pupils in piano recital Tuesday night at the First Methodist Church:

Barbara Norris, Robert Smith, Mary Ann Bowen, Sarah Cockrell, Jane Ann Turner, Allene Norris, Gene Young, Sherry Custer, Rowena Hodges, Camilla Carr, Carolyn Hudman, Jimmie Bowen, Marca Dean Holland, Marthana Cearley, Huron A. Polnac, Jr., Nalee Tracy, Margery Baker, Gary Welch, Katherine Kahler, Mary Louise McCrary and Thelma Lee Hodges.

Dodsons Move Back

Mr. and Mrs. Pete Dodson, former Post residents who have been making their home in Tahoka have moved back to Post. He will be employed in the new Collier Drug Store here. Pete has been with the Collier Drug Store in Tahoka.

SOIL CONSERVATION DISTRICT NEWS

Maxey Proves Hairy Vetch
 Quanah Maxey, cooperater of the Duck Creek Soil Conservation District, whose farm is 10 miles southwest of Post, can answer several big questions about hairy vetch. Maxey has proof for fellow district cooperators that hairy vetch will grow and make seed in this area. More important is that hairy vetch could take last summer's heat and last fall's long drouth and come back for more.

Volunteers To A Stand
 After the vetch made a seed crop last summer Maxey followed soil technicians' recommendations on how to get a volunteer stand.

About the middle of the summer, Maxey one-way plowed the vetch land about three inches deep to kill the weeds and cover some of the vetch seed. Although September and October, the months when vetch should be coming up, were dry the seed lay in the soil until it rained and now Maxey has an excellent stand of vetch.

This ability of hairy vetch to volunteer is important in its use as a pasture and soil building crop. On approximately 51,000 acres of land in this part of the district where the land is no longer profitable to cultivate, and should go back to permanent grass, hairy vetch can stabilize the soil and improve soil fertility. Hairy vetch will find its way into a permanent crop rotation on the lighter soils of the area.

Vetch Not Poisonous
 Maxey has the answer to the unfounded rumor making the rounds that vetch is poisonous. Maxey pastured both hogs and cattle on his vetch last year and he says that in no stage of growth was the vetch injurious.

Pete Ottinger, in charge of the local Soil Conservation Work Unit, has followed for several years, the use of vetch in coordinated soil conservation programs. He says, he has never heard of vetch pasture hurting cattle. In fact, in light sandy soils just the opposite usually happens. Once a cooperater plants one acre, the next year he will increase it to 10 acres, and then this cooperater starts talking in terms of 80 and 100 acres.

Fry Makes Conservation Plans
 Truett Fry, whose farm is nine miles northwest of Post, this week with assistance from soil technicians assigned to the Duck Creek Soil Conservation District, worked out a coordinated conservation plan for his farm. Fry's plan includes planting 10 acres of native grass this spring on land no longer good enough for cultivation, and also 10 acres of a mixture of vetch and rye this fall. The use of grass litter in the pasture and crop residue in fields is to increase rainfall penetration, completion of a terrace system, and contour farming.

Two Make Application
 J. T. Sims and P. E. Stevens this week made application to the Board of Supervisors for assistance in Soil Conservation work. The supervisors will meet in Spur on February 19 in their monthly session.

Bit Of News:

Mrs. C. E. Roberts of Ft. Towson, Okla., mother of Mrs. Pearl Water, is seriously ill from a brain hemorrhage suffered last Thursday.

Little Dee Dee Walker, son of the Rev. and Mrs. I. D. Walker, is home from the Lubbock hospital where he was treated for pneumonia.

Johnny Mickey, Mr. and Mrs. Mike Beauchamp and Tinker Beauchamp visited in the home Mr. and Mrs. Elmer Mickey in Lubbock Sunday.

Feda Dodson who received acid burns on the face and eye last week has been in the Lubbock Hospital and, at present, his condition is satisfactory. If he continues to improve it is understood that his eye will not have to be removed.

Mr. and Mrs. A. B. Cason have a new Nash. Mr. and Mrs. Eulas Brown have a new Ford.

The U Lazy S Ranch has bought a bull elk which arrived from Dallas last Friday via W. F. Pierce and Sons truck. The ranch owns several other elks.

Jess Cornell and family have moved to the farm home of Sol Davis and family who recently moved to the farm home of Conor Howell and family who moved to Post.

"Buster" Owen and Don Windham had coffee last Friday morning with Cousin Harold Goodman who was traveling through Post with his band from a series of engagements in West Texas. Goodman, who was en route to Dallas, told the Post men that he is planning to play here in the Spring. The band played to a large crowd here one night last year at the Garza.

National Cherry Week, February 15-22, whatever its purpose, will be celebrated in Garza County by hostesses serving cherry pie with whipped cream and coffee at social functions. Their purpose, of course, will be a traditional acknowledgement of the mythical cherry tree which young George Washington is supposed to have cut down with his little hatchet.

Several hours after an automobile with five passengers had overturned on the Lubbock highway, near Post, James Minor started driving to Amarillo Sunday morning where he was supposed to meet some army officers on National Guard business. By the time he had reached the top of the Caprock, the mist was freezing on his windshield and he could not see. His car hit a slick place on the highway and made a complete turn-around. "I just gave it some more gas and let it come back home," he said.

DISTRICT FARM BUREAU MEETING IS SCHEDULED

J. Walter Hammond, president of the Texas Farm Bureau Federation, has announced that a District Farm Bureau meeting will be held in Lubbock Hotel at Lubbock on Monday, February 16, beginning at 10 a. m.

W. R. Tilson of Meadow, district director, will preside. The State Farm Bureau president will be in attendance to report on agricultural trends in Washington.

Bits Of News:

Mrs. Charles Hubbard and son, Clark, of Memphis, former residents, visited friends here for a few hours last Thursday.

The Admiral Man had no more than hit town Saturday morning when he was recognized by Mrs. John Veach, who received a small Admiral radio for her alertness. Mrs. Veach had heard over the radio that "the man" would be here that morning between 10 and 12 o'clock, wearing a polka dot tie, and would give a radio to the first person recognizing him.

Three hundred and ten years ago, come next June, an English emigrant named Lincoln landed at Boston. He was the first American ancestor of the martyred President.

Slaton Loses On Overtime Play Tuesday

Post High's A eagles tripped over the Slaton team 27-25 in an overtime period Tuesday night at Slaton. Junior Malouf scored high for the locals with 12 points, and Stanley Bengt followed with six points. The overtime play was the result of a tie.

On Friday night the boys A and B teams and the girls team will journey to Abernathy for the last

Garza Girls To Enter Tourney

The Post and Southland girls' basketball teams will go to Hermleigh next week as first and second place county winners to enter the District Tournament. There are eight counties in this district and 16 teams are expected to enter.

The winner and runner-up will have to play four games each. Rough competition is expected in conference games of the season.

SPORTS

FROM A STRICTLY LOCAL ANGLE

Honors Split With Tahoka

The Post boys' basketball team went to Tahoka Friday night to become victorious in one game and dropped the other. In the B game the local won, 27-13, with R. E. Josey pacing the field in scoring 8 points. Kay Kirkpatrick rolled in 7 for second honors.

In the A game, the Antelopes lost to the Bulldogs, 35-17. At the half the Bulldogs had a two-to-one margin lead, 19-8, which they maintained throughout the game. Maout scored high for the locals, counting 9 points.

Post Girls Win Game In Slaton

The Post High Girls basketball team won a game Tuesday night with Slaton, 30-15. Jeanette Stewart made 18 of the points.

The girls were to challenge Southland tonight in a county play-off but the game was called off because of the weather and the gas shortage.

JUSTICEBURG GRAVEL PIT BOUGHT BY J. C. STRANGE OF SEMINOLE AND ROTAN

J. C. Strange of Rotan and Seminole bought the Justiceburg gravel pit last Friday and has been here this week completing plans to get the business in operation immediately. He bought the plant from the widow of N. C. Bennett, Rotan business man who bought the pit several weeks ago from Jake Youngblood of Leveland and died soon after completing the deal.

Bennett had reconditioned the plant and was getting it in shape for operation at the time of his death. To the equipment, which now includes three trucks, Strange plans to add at least two more trucks and a loading machine.

He hopes to supply an area of 100 square miles with sand and gravel from the pit.

Strange is a former Ford agent in Rotan where he made his home for 10 years. Since September, he and his wife and three sons, Gene, Robert J. and Bill, have been living in Seminole, where he was parts manager for the Ford agency. The Strange family will move from Seminole to Post as soon as adequate housing can be found. They recently built a home in Seminole.

POST 4-H CLUB NAMES SEVERAL NEW OFFICERS

The Post High School Boys 4-H Club elected the following officers at a meeting last Friday:

President, Carter Gene White, vice president, Jimmy Gray Puckett; secretary-treasurer, Jimmy Avery Moore; reporters, Bennie Wilks and F. M. Reep, and "floor bouncer," Barry Ford.

It was announced that every Garza County 4-H boy who has either a calf or a hog to exhibit is invited to enter the animals in the 4-H Fat Stock Show to be held here on February 21.

Prizes will be given for the first three places in the heavy and light calves division and fat hogs.

from Colorado City, Westbrook, Peacock, Jayton and Highland.

Post Firms Are Buying Banners For Rodeo Week

More than 40 Post business firms had placed orders with the Post Chamber of Commerce by press time for permanent banners to decorate their buildings during the Post Stampede and Rodeo and on other special occasions.

Heretofore the merchants have been renting rodeo banners each year from an out-of-town firm. The rental cost has been \$6.50 up, depending on the size of the store front. The cost of the permanent banners, which will belong to the merchants buying them, is \$7 for a 9 foot spread adequate for a 20-foot front.

The chamber of commerce is buying additional banners to swing across Main Street and the highway intersections, and will be responsible for the care of the banners through the years and getting them hung on special occasions.

Each business firm will be responsible for its own banner and the displaying of it on special occasions, the chamber of commerce secretary, Sherrill Boyd, announced this week.

An attempt has been made to contact each business firm, either by telephone or in person, to take the orders. Those who have not been contacted are invited to telephone the chamber of commerce, 254, and place an order for the number of banners they need. None of the merchants contacted so far have refused in order, Boyd said. "On the contrary, they seem delighted by the fact that this is the last time they will be called upon to spend money for banners for a number of years," he said.

LIONS TO MEET NEXT WEEK IN STONE HOME

S. D. Strasner presented a program on historical events at a meeting of the Lions Club in his home Tuesday night. Ralph Welch presided for a business session, in which Malcolm Bull was received as a member.

Seventeen members and Mrs. Strasner were present.

The club will meet in the home of Noah Stone next Tuesday night for a program presented by Mr. Stone.

Wright Davis of Jacksboro is visiting his brother, Harrison Davis, and family. On Monday and Tuesday, Mr. and Mrs. Harrison Davis and son, John, and their Harrison and Wright Davis in Lockney.

Telephone Co. Will Expand Service Here

Mills Roberts of Hobbs, N. M., district manager of the Southwestern Associated Telephone Company, was in Post Tuesday to complete arrangements for expanding the telephone system in Garza County.

A latest model Stromberg Carlson switchboard, with a capacity for 1,000 telephones, is scheduled to arrive here about April 1. A company engineer, Charles Smith, and a crew will have the installation of the board and new telephone connections completed by June, Roberts told a Post Dispatch reporter.

In the near future, Ralph Welch and a construction crew will begin the project of doubling the capacity of the outside plant.

The planned expansion should be adequate for all possible growth in the next five years, Roberts said. "But that's what we thought when we installed the present switchboard in 1942 to replace the worn-out board which had served the city since the installation of its first telephone," he added.

The local switchboard had 309 telephone connections in December, 1941; 417 in August, 1945, and now has 678 telephones. The office ran completely out of numbers in 1944, and extensions have been used for all telephones added since then.

There are now more than 200 applications, some of them having been on file since 1941, for telephone connections. Mrs. Fritz Greenfield, local supervisor, believes that many more applications will be received now that there is hope of getting a telephone by summer. It will not be possible to take care of all the applications before July or later, as both the inside and outside expansion installations must be completed first.

The expansion includes the building of more rural lines. The company had 53 rural telephones in the county in 1945 and it now has 105.

Sunday guests in the home of Mrs. John Faulkner and daughter, Dezzie, were Mrs. Faulkner's brother, Harry Burrus, and wife and sister-in-law, Mrs. C. A. Burrus, of Lubbock; Mrs. Faulkner's niece, Mrs. Elmo Caudle, and family of Hale Center; another niece, Mrs. Opie Clark, and family of Rotan, and Mrs. Faulkner's sister, Mrs. J. C. Cass, of Melford, Ore. Mrs. Cass, who visited here during Christmas, has been visiting relatives in Lubbock for three weeks before returning here Sunday.

Building New Office

A new private office is being completed at the Pierce Grain office building.

Car Accidents Caused Mainly By Violations

What is your T. L. Q.? Your traffic law quotient, that is. Do you know the laws that help protect you from an automobile accident?

To familiarize the public with traffic laws and the necessity for obeying them, the Texas Safety Association is cooperating in a nationwide "Learn and Obey Traffic Laws" program this month. "In almost every accident, one or more drivers were violating some traffic law," said George Clarke, managing director. "Better voluntary observance of traffic laws would save a lot of lives."

One of the most common causes of accidents is driving in the wrong lane, according to Clarke. He pointed out that National Safety Council statistics show driving on the wrong side of the road to be the second most frequent violation reported in traffic mishaps. Keep right and you'll be left—to drive another day, he said, and listed these rules:

1. Drive to the right on the centerline. On three-lane roads, never drive in the far left lane.
2. Drive to the left on a two-lane road, in the center lane on a three-lane road.
3. On multiple lane roads, drive in one lane. Don't change from one lane to another without looking back and on both sides. Be sure a car is not overtaking you at the side and to the rear—a blind spot in many automobiles.

An electrical manufacturing company reports that one of its merchandising experts began his career as a door-to-door salesman, offering "No Peddlers Allowed" signs.

GANELL BABB, Phone 111

Miss June Taylor, Bride-Elect, is Honored At Wednesday Party

DR. D. C. WILLIAMS TO ADDRESS CULTURE CLUB

The Woman's Culture Club met February 4 with Mrs. J. P. Manly and Mrs. G. E. Fleming as hostesses. Roll call was answered with health hints, old and new. The program consisted of general discussion of a variety of topics of general interest. Twelve members were present.

The club will meet again next Wednesday afternoon at 4:15 o'clock in the home of Mrs. D. C. Williams for one of the most interesting programs of the season. Dr. Williams will deliver his annual address to the club, giving medical advice of general interest. He is the Garza County health officer. Mrs. Ralph Welch will be co-hostess for the meeting.

MYSTIC SEWING GROUP POSTPONES GATHERING

A meeting of the Mystic Sewing Club, scheduled for tomorrow, has been postponed until Friday afternoon, February 20, because of the World Day of Prayer service tomorrow. Mrs. F. I. Bailey and Mrs. R. W. Babb will be hostesses in the home of Mrs. Bailey, beginning at 2:30 o'clock.

The home of Mrs. J. P. Manly Monday afternoon. Mrs. Robert Cox was program chairman. Six members were present.

The Ladies Council of the First Christian Church will meet Tuesday afternoon at 2:30 o'clock in the home of Mrs. C. F. Davis.

Mr. and Mrs. B. M. Robinson spent the first part of the week in Pampa visiting their daughter, Mrs. L. W. McGlothlin, and family.

Miss June Taylor, who will become the bride of V. L. Peel at 8:30 o'clock Saturday night in the First Methodist Church, was complimented when the first of a series of pre-nuptial parties was given Wednesday afternoon in the home of Mrs. Boone Evans.

The party was a miscellaneous shower given by Mesdames N. C. Outlaw, Jack Kennedy, Evans, Carl Rains, Allen Bird, Charlie Bird, Guy Floyd and L. P. Kennedy.

Mrs. Evans greeted the guests and presented them to Mrs. Jack Taylor, the honoree's mother; Miss Taylor, and Mrs. Lonnie Peel, sister-in-law of the bridegroom-elect.

A pink and white color scheme was featured in the appointments. The tea table was covered with a lace cloth over pink satin and centered with a large satin heart on which June and "Punk" were lettered. The table and buffet were lighted with white tapers.

White cakes, decorated with pink icing flowers, were served with pink and white mints, nuts, coffee and tea.

The hostesses were assisted in the house party by Mrs. W. E. Pierce and Miss Zora Ann Outlaw.

Music during the three receiving hours consisted of songs by Anita Kennedy, LaRue Stevens and ElWanda Davies, with piano accompaniment by Mrs. J. A. Stallings.

The Priscilla Club will meet at 3:30 o'clock Saturday afternoon in the home of Mrs. Jim Hundley.

The date was changed from Friday, the usual meeting day, to avoid a conflict with the World Day of Prayer Service.

Newlyweds Are Complimented In Bowen Home

A surprise reception-shower was given for Mr. and Mrs. Jerry Lee Queen, newlyweds, the afternoon of February 1 at the home of the bride's grandparents, Mr. and Mrs. B. K. Bowen, with her parents, Mr. and Mrs. Wesley W. Stephens, as hosts.

About 50 friends called and presented the couple with many beautiful gifts. The bride's sister, Mrs. Mansel Richardson, Jr., and Mr. Richardson and their infant daughter, Hilda Elaine, of Lubbock were the only out-of-town guests.

Another sister, Miss Joyce Sue Stephens, presided at the bride's book, which she had given the couple.

Miss Mary Nell Bowen and Mrs. James Altman served coffee, hot chocolate and cake to the guests. Mrs. J. Lee Bowen, the bride's aunt, baked the bridal cake.

Mrs. Queen was Lucille S. Cass before her marriage at 7 o'clock the evening of January 29 in Lubbock at the home of the officiating minister, the Rev. Alsie Carlton, pastor of St. John's Methodist Church in that city who had also officiated for the weddings of two of the bride's sisters.

The bride was attended by Mrs. Richardson, and the bridegroom was attended by Mr. Richardson. The only other witnesses were the bride's daughter, Sonja Sue Cass, and the minister's family.

The bride wore a navy blue pin stripe suit with a white silk crepe blouse. Her hat was of winter white felt with sweethear brim. Other accessories were black. She carried a white Bible belonging to Sonja Sue.

After a short wedding trip, Mr. and Mrs. Queen are at home in northwest Post. Mr. Queen, a son of Mr. and Mrs. B. W. Queen of Gordon, is associated with the Storie Motor Company. He is a graduate of Litan High School, he also spent four years in the army, including 34 months overseas.

CONNIE MARIE KING IS HONORED ON BIRTHDAY

Connie Marie King celebrated her ninth birthday with a party last Thursday afternoon after school. After opening of the gifts, candy and bubble gum were served, the children went to the theatre to see a movie. Guests included Rawnie Sue Maxcey, Katherine Kahler, Janice and Dale Gordon, Joyce Ann Hancker, Leslie Anita Nichols, Linda Ruth Randolph and Gayle Ann and Ronnie Parsons.

COVERED DISH SUPPER PLANNED FOR FRIDAY

Members of the Needlecraft Club will entertain their husbands with a covered dish supper at 7:30 o'clock Friday night in the home of Mr. and Mrs. Homer Gordon.

To Attend Area Council

John Lott, Jess Wright and possibly other local Boy Scout committeemen will attend a meeting of the South Plains Area Boy Scout Council in Lubbock Monday night.

An ash tray, recently invented, is described as providing a break for the non-smoker as well as the smoker. Electrically operated, it draws the ashes—and the smoke—down into its stand.

Church News

By GANELL BABB

Tomorrow is World Day of Prayer and the local churches will observe the day at the First Methodist Church and the Methodist women will be in charge of the program. Prayer is often mentioned in the Bible and we refer you to the following scriptures in which prayer is mentioned.

First Peter 4:7—But the end of all things is at hand; be ye therefore sober, and watch unto prayer; Matthew 21:22—And all things, whatsoever ye shall ask in prayer, believing, ye shall receive; Acts 3:1—Now Peter and John went up together into the temple at the hour of prayer, being the ninth hour; James 5:16—Confess your faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much; Luke 1:13—But the angel said unto him, Fear not, Zacharias; for thy prayer is heard; and thy wife Elizabeth shall bear thee a son, and thou shalt call his name John; Job 22:27—Thou shalt make thy prayer unto him, and he shall hear thee, and thou shalt pay thy vows; Psalm 55:17—Evening, and morning, and at noon, will I pray and cry aloud; and he shall hear my voice.

The members of the Church of Christ will meet in a social hour at the parsonage at 7 o'clock tonight.

The Intermediate Department of the First Baptist Church has received word that it was a standard department last year.

The Rev. Joe Norton urges all Nazarenes to remember the prayer and fasting service held each Friday noon at the church.

The Methodist congregation is studying Methodist Missionary Work in China, at the regular mid-week services. The pastor urges everyone to be present for this study.

The local Church of Christ joined the Slaton Church in sending food and clothing to the Navaho Indians Sunday.

February 29 has been set aside as building fund day at the First Baptist Church.

The Nazarene W. S. M. S. met at 7:15 o'clock Monday night in the home of Mrs. J. T. Shelmut. Mrs. Fletcher Keeton was program leader.

Sunday is Commitment Sunday in the Methodist Church. Every Methodist is urged to be present and sincerely and sacredly commit himself to a life of total abstinence.

The Presbyterian Missionary Society met at the church Monday afternoon for an annual Prayer and Praise Service, for which Mrs. D. C. Williams was leader. Eleven members were present.

The Rev. and Mrs. I. D. Walker, leaders of the Calvary Baptist Training Union, will entertain with a banquet in the banquet room of the First Baptist Church tomorrow night, beginning at 7:30 o'clock. The Rev. Melvin Ratheal, pastor of the Parkdale Baptist Church in Lubbock, will be the speaker. Special music will be provided by Mrs. Ray N. Smith, pianist, and the Rev. Mr. Ratheal, vocalist.

The Young People of the Nazarene Church will have a Valentine social at the G. L. Perkins home at 7:15 o'clock tomorrow night.

The first chapter of a new study book, "Great Prayers of the Bible," was presented under leadership of Mrs. Ema Cash, at a meeting of the First Methodist Women's Society of Christian Service at the church Monday afternoon. The opening song, "Have Thine Own Way, Lord," was followed with a prayer by Mrs. A. B. Cockrell. Mrs. L. A. Presson sang a solo, with piano accompaniment by Mrs. T. L. Jones. The meeting was closed with the Mizpah Benediction. Nine members were present.

The Julia Haygood circle of the First Baptist Church met in

Betty Klausner, 21-year-old nephew, recently ended a long courtship with the bride from their Lubbock home. Miss Klausner is the daughter of Billy Ray Klausner, in the home of Mr. and Mrs. J. F. Winterrowd, in Southland. The couple met in Germany while Winterrowd was stationed there in the U. S. Army in June 1946. The bride has legally adopted Karl, son of a widowed sister, and the child will make his home with the couple in Lubbock where Winterrowd is employed by the Coca-Cola Bottling Company. The Rev. I. J. Duff of Southland performed the double ring wedding ceremony. Miss Dorothy Winterrowd served as maid of honor and Paul Eddie Winterrowd served as best man.

DOES OFFICERS TO VISIT LEVELLAND ON MONDAY

It was reported erroneously by the local Order of the Eastern Star chapter last week that invitations for official visits had been received from two neighboring chapters, Levelland for February 12 and Spur for February 16.

The two neighboring chapters sent invitations for the same night, Monday, February 16, it was learned yesterday. The officers of the local chapter are planning to accept the Levelland invitation. Any members who wish to accompany the group on the official visit are invited to telephone the secretary, Lyda Everett.

SOUTHLAND CLUB NAMES MRS. RUTLEDGE SPONSOR

The Southland Girls' 4-H club met recently in the typing room at the school and elected Mrs. Mary Rutledge as sponsor. Twelve members were present.

At the next meeting, February 18, the members are asked to bring material for dresses which they will make as club projects.

M. He has been employed for several months with the company here. He plans to leave Monday. We will miss him and his maroon Plymouth. Also the wolf whistle. Paul plans to stay in the beautiful new home of Mr. and Mrs. Tom Miller, formerly of this city.

After all the lawyers' wives were introduced at the South Plains bar association banquet the other night, Joe Moss got up and said the young lady with him wasn't eligible to be introduced as a lawyer's wife but he hoped to be married some time. Then he introduced Paula Fern.

That cute little blonde, Patsy Holly, is getting married Saturday in Sweetwater to Frankie Bierend, Jr., a navy man stationed in Jacksonville, Fla.

Miss Joyce Evans was honored at a birthday party given last night at the home of her parents, Mr. and Mrs. Boone Evans.

SAM MAGOO AND TEXAS REVIEWED AT MEETING

The Junior Culture Club met Tuesday night in the home of Fern Jones for a most interesting review of the book, "Sam Magoo and Texas, Too" by a guest, Mrs. Lee Davis. The author, Paul Patterson of Crane, and his family were discussed in an interesting manner by another guest, Mrs. Walter Boren, a personal friend of the author, who also told some interesting facts about the book's illustrator, Elmer Keltton, also of Crane. Mrs. Boren formerly lived in Crane.

Mrs. Jones was assisted in entertaining by Lorene Cash. The Valentine theme was featured in decorations throughout the entertaining rooms. The refreshment table was covered with a lace cloth and centered with an arrangement of red carnations and fern from which red satin streamers extended to red and white hearts that were scattered on the table.

Individual heart-shaped cakes, frosted in red and white, and heart-shaped sandwiches, Valentine candy, salted nuts and coffee were served.

Attending were Juanita Burress, Wilma Pirtle, Helen Faye McQueen, Thelma Clark, Elizabeth Clark, Sue Cornell, Elaine Gibson, Inez Hartell, the two guest speakers and the hostesses.

FIVE POST WOMEN GO TO GRASSLAND MEETING

An all-day zone meeting of the Methodist Women's Society of Christian Service at Grassland Tuesday was attended by Mrs. B. E. Young, president of the local W.S.C.S., and Mesdames Jessie Voss, Ema Cash, J. E. Stephens and J. E. Parker.

The program included a talk by a representative from each church in the district, including Slaton, Southland, Tahoka, New Home, Wilson, Draw, Post and Grassland societies. Mrs. Parker, representing the Post group, discussed "Christian Social Relations."

A covered dish lunch was served at noon.

GETTING OUT

On The LIMB

By

EDDIE THE EDITOR

THE WOMEN—God love 'em! Whatever became of the old-fashioned grandma who used to save all the duck, hen and goose feathers to make pillows and comforters? She probably has a two-way electric blanket now.

We see by the Lubbock paper that the American Business Club has to change the date of its 1948 benefit rodeo to avoid another conflict with the Post rodeo. The club announced in the Avalanche:

"We heard there was a lot of hard feelings over the conflict with Post's rodeo last year, therefore we changed our dates so as not conflict with them, even though we had announced our dates prior to Post's announcement. Announcement of the dates were publicized in the Lubbock Evening Journal."

Had the A.B.C. Club realized that we don't get the Lubbock Evening Journal down here, with dependable regularity, perhaps it would have stuck by its agreement with the Post Chamber of Commerce and the Stampede and Rodeo Association. The Lubbock and Post groups promised each other faithfully, after last year's ruckus, to notify each other by letter as soon as their rodeo dates were set. The Post bunch notified the Lubbock club about the 1948 Post rodeo dates, but the situation wasn't vice versa. So I'm not weeping now that the Lubbock rodeo dates had to be changed.

Let's hope that this is the last year that the subject will have to come up. It's very simple to avoid a conflict. If all the towns will immediately advise Lubbock when they set a rodeo date, and vice versa, there should be no trouble.

Post merchants have spent a lot of money in years past, paying the fee each year required for an out-of-town firm to put rodeo decorations in front of their buildings.

The Post Chamber of Commerce is working on a better scheme this year: That of buying PERMANENT decorations which can be used for all special occasions, year after year.

For approximately the same price that the merchants have had to pay out each year in the past, these decorations probably can be bought this year and used over and over again in future years.

One main advantage of this plan, besides the money saved, is the possibility of getting some DISTINCTIVE decorations for Post. The banners that have been put up in years past are used in every town and hamlet in the nation.

This is National Boy Scout Week. I'm not sure just what it's supposed to accomplish, but I have an idea that the purpose of the observation includes stimulating interest in Boy Scouting.

We can certainly use some stimulated interest here. From where I sit, I gather that the boys are willing enough but the adult leadership has a long way to go before the organization becomes efficient.

Noticeable strides have been made in the past few months in this direction, but there is still more to be done.

The credit for keeping Boy Scouting alive in Post through the years goes largely to Marshall Mason, but one man alone cannot swing a project as big as efficient Boy Scouting. During the past few months, Marshall has had the

ROGER W. BABSON WRITES THIS WEEK:

Children Who Work At Home Do Better In School

Babson Park, Fla.—Statisticians are always interested in marriages and births. These with crops are the basis of prosperity. I am pleased to report that although the crop of marriages declined somewhat during 1947, the crop of babies reached an all-time high. There also has been a strong upturn in "life expectancy" figures.

Babies Held Business
This increase in marriages and babies should help certain lines of business. These should continue to hold up while many other lines will decline. Among these I might mention home construction, household furnishings, suburban real estate, home appliances, insurance, children's supplies of all kinds including milk and other

children's foods. As these babies grow up, there will be a further demand for clothing, bicycles, children's publications, musical instruments and toys. Therefore, when a baby is born into the world, it not only causes a demand for baby supplies, but through the years it should develop a demand for things used by young people, adults and so on, throughout life.

Who Are Having Children
Children per se need not be an asset to a nation; it all depends upon whose children these are and into what they are to develop. China, India, and other nations do not need more children at the present time. Probably one of the best things that the United

States could export to China to-day would be contraceptives accompanied by nurses showing how they could be used. This might also apply to social work amongst the poorest groups even in the United States.

The children of middle class families are a great asset to the nation. This will especially become true as the nation becomes more interested in decentralization. Certain states in the Central West with tremendous production possibilities are in especial need of more marriages and more babies at the present time.

Life Expectancy Increasing
The value of education depends largely upon the length of life of the individual. When people live-

ed on an average of only forty-five years, it was much more expensive to spend money on education than it is today when they live an average of sixty-five years. Hence, a baby is worth more today than it ever was, and it is much more profitable today for parents to invest money in education and good health of children.

A longer life expectancy should cause a greater demand for goods of quality, that is, longer lasting goods. Services for older people should increase, and new industries develop in connection with homes for aged people, better housing, balanced food diets, increased recreational facilities, greater travel, adult education,

and the warmer sections of the country which older people will seek. With continued newspaper advertising these new babies will demand the latest in houses, appliances, and entertainment. Children are nature's insurance policies. God's plan was that we should put our savings into children and land, depending upon these to take care of us in our old age. Those who are interested in a further study of this question should write Donald B. Woodward, Vice President of the Mutual Life Insurance Co., of New York City.

Putting Children To Work
I wish these new babies could be trained under the apprentice system of years ago. Even com-

pulsory and organized to decrease individual employment. Parents should have the State laws revised permitting to go to work younger.

The children who do to do at home are the best studies at school. All should have employment the summer and to do the home or the farm office even while attending. It also helps young people to had actual experience in ing, manufacturing, etc. So much for marriage

This is Boy Scout Week

Garza and the World

Editor's Note—Opinions expressed here are those of the author, and they do not necessarily reflect the opinions or policies of the Post Dispatch. The column is carried in the interest of applying world news to the situation here at home.

By EVELYN BOYD

With more Texans having paid poll taxes than ever before in history, it looks like this state, at least, will be on its toes politically in 1948. I hope that the newspapers of the state will give plenty of solid, constructive information, between now and the election, in order to let the people know what the state needs and which candidates are most qualified to fulfill these needs.

I like the way Life magazine has undertaken to educate its readers as to the Presidential candidates. Beginning with last week's issue, Life has started a series of unbiased articles presenting the case FOR each Republican candidate. The publication is having the articles written by close friends of the candidates, people who know all there is to know about each one.

The first article was on Taft. After reading it, I found myself armed with everything good I need to know about Taft. In weeks to follow, I will be so armed with similar information about other candidates. I will be able to intelligently make up my mind as to which candidate I want to vote for, should I still be of the opinion in November that the Democrats "have had it."

I will attempt in this column to point out many things that Texas needs, between now and election time, so that readers can study the candidates' platforms and select the men who are most likely to bring about the needed reforms.

Some of the schools of Garza County and elsewhere in Texas are a disgrace to the Atomic Age. We are at fault for not demanding that our schools be kept up to date. We should elect Texas legislators this year who will pledge their efforts to doing something about the state's backward school system.

The Fiftieth Texas Legislature scratched the surface in passing a law to improve the teacher trainings and bringing their salaries up to a better notch. But there is still much more to be done in this respect.

One way to get better teachers is to improve the teaching training system in our colleges. I struggled through four years of so-called "education" courses, "preparing" myself for a permanent school-teaching job. They were the most boring courses in my entire six years of college. With the exception of a few animated teachers of psychology, the "edu-

able assistance of his son-in-law, James Minor, and of two other energetic young men, John Lott and Jess Wright, who are really taking the bull by the horns.

What they need, however, is parent cooperation. The Boy Scout program, despite the efforts of these and other adult leaders, will never be successful until the parents start taking an active interest in local Boy Scout projects.

caution" teachers under whom I suffered did nothing but quote statistics in a monotonous voice.

Only the patient, boring, book-wormish types of students got anything out of these statistics and I can't see for the life of me how their knowledge in this respect, fitted them for teaching your children the things they must know in order to make a living in a highly competitive Atomic Age.

As I was fairly good at memorizing—even such dull subjects as "education"—I struggled through the drab, dull courses and qualified myself, by current standards, to teach school. But I also studied a lot of other subjects and took an active interest in them. I honestly feel that I eventually learned lots of things that would really qualify me to teach children.

Armed with a master's degree and a permanent teaching certificate, I started out to get myself elected to teach school. I could not find a school teaching job in Post or anywhere else in Garza County or in West Texas. The reason: "It costs too much to hire a person with a master's degree. Our budget requires people with only one or two years of college."

One Garza County school trustee went so far as to tell me that "we don't want our teachers to be too well-educated. It makes their parents discontented with the school when the pupils seem to be learning things that they don't know."

We've come a long way since the early thirties when the above situation forced me to change my profession. Now, a teacher must have a college degree or be working in the last year of requirements for the degree in order to be eligible for teaching in Texas. This is some progress, but we need more.

We need to revise the system of teaching teachers in the colleges and we need to do something about the disgraceful condition of many of our school buildings.

Carbon is about the fourteenth most common element in the earth's crust.

The manufacture of food requires a greater number of electric motors than any other manufacturing industry. The total is 732,000, or about 14 per cent of the motors used by all manufacturing industries.

What Our Contemporaries Are Saying:

LAST FRONTIER—Gail, Texas, a rugged oldtime cowtown, has wooden sidewalks in front of the traditional line of unpainted shanties with false fronts. It is the county seat of colorful Borden County, which has 356 auto registered for its 1,396 population. Cars predominate only when Court is in session and the cowmen swarm into town. The entire county gets on very well with no theatres, banks, hotels, doctors, lawyers, preachers or railroads—Ford Times.

DELINQUENCY CURE—Boy Scout Week is being observed in the nation this week. There has been a lot of discussion regarding the youth problem of the nation.

One sure way to solve youth delinquency is to get all boys in the Boy Scouts; and all girls in the Girls Scouts. The nation will probably never appreciate the good work that is being done by these two fine organizations. Perhaps that is why we are putting up so little money to aid these organizations. Just check on the record of boys and girls who have been trained in these organizations. You will find the finest men and women in your community. These chaps never get into trouble. They are given training which stays with them throughout later life—Canyon News.

FEBRUARY'S SUNDAYS—If you see a fellow with a broad grin these days he's probably a preacher, a deacon, a steward, or a church treasurer. There's a good reason for the grins, too. This month of February, 1948, has five Sundays, which means five sets of collections, instead of the customary four.

It isn't too terrible usual for five Sundays to fall in one month—but it is terrible unusual for the month of February to offer that many days of rest and worship.

No February could have five Sundays, unless it were a Leap Year February—and only Leap Year Februaries starting out on Sunday can make that grade.

This February, while unusual in this respect, is not without precedent. Februaries in 1756, 1784, 1824, 1852, 1880 and 1920 also boasted five Sundays. No other February will turn the trick until 1976—Lubbock Journal.

TIPS TO GARDNERS—If present price trends keep up or remain as they are the gardeners of this area will save money by planting every inch of ground. Some of the best things that grow in this area are snap beans, carrots, pole beans, tomatoes, potatoes and onions. The City promises plenty of water for those who wish to irrigate and now is the time to have your ground

plowed if you want to kill insect eggs and the weed seed. It is a good time to turn the ground if you hope to replant a lawn.

Those who wish to order rose bushes or fruit trees for spring planting should get their orders into the nurseries real soon for nursery stock is not much better than it was last year and the first plants shipped out are usually the best.—Slaton Slatonite.

AGE OF ANT—Maybe we ought to write the new Postmaster General that while this may be the atomic age in international relations, the mail service to Seagraves is still in the Age of the Ant—Gaines County News.

SUPERMAN RILEY—Lanham Riley, formerly of Snyder, and well known to cowboys of all West Texas for his rodeo performances, is doing an "iron man" stunt this week. In telling about his plans, The Fort Worth Press had this to say:

Lots of men have held down two jobs at once, but few have attempted jobs as far apart as Lannam Riley.

The job he picked is competing in calf roping at both the Houston and Fort Worth rodeos, running simultaneously.

Riley has a trained roping horse in Houston, one in Fort Worth. He has a saddle in Houston... and one here. He has his entrance money paid in both shows.

His ropes he will carry with him, Houston to Fort Worth, Fort Worth to Houston.

He expects to rope Saturday or Sunday in Houston. Then rush back here to rope in the Fat Stock Show rodeo when his turn comes up. Friends will phone him when he is scheduled.

He probably will rope three times here, three or four times in Houston, he figures.

Shutting back and forth by plane won't take very long, Riley thinks. He can even be in an afternoon show in Houston, an evening show here—or vice versa. Plane fare will cost him about \$16 and the trip will take a little over two hours.

Lots of advantage in being in two places at once, Riley finds. He will have a chance to make twice as much money.

And he will be with his pretty wife, Mitzi Lucas Riley, a trick rider appearing on contract at the Houston show.

Riley stood fourth in the nation's roping circles in 1946. He was second in calf roping at both New York and Boston that year.—Scurry County Times.

A household timesaver is an electric knife sharpener, designed to put the proper edge on a knife in a matter of moments.

Much Interest Shown In Garza Clothing Program During Year

There was a great deal of interest in the 1947 clothing program in the Garza County Girls' 4-H and Home Demonstration Clubs, the home demonstration agent, Mrs. Jewell H. Strasner, reported to the Texas Extension Service. Here are some excerpts from her annual report:

"The agent spent 57 days working on this program. She gave 63 demonstrations to the girls and women. Four leadership training schools were given. One was to 4-H leaders on the making of draw-string bags. The leaders gave seven demonstrations to their clubs for a total attendance of 112 girls. The sponsors learned how to make wrap-around blouses and gathered skirts and gave the demonstration to nine clubs with a total attendance of 158 girls.

"Home demonstration club leaders learned renovating of felt and straw hats, and 10 leaders held seven meetings for 48 women. At a leadership training school, women learned "Equipping a Sewing Center and Pressure Equipment."

Held Exhibit At Show
 "At the Garza County Harvest Show, the Graham Club showed an educational exhibit on sewing and pressing equipment for the sewing center and showed how to clean the sewing machine.

"The agent gave seven demonstrations on cleaning and adjusting sewing machines, cleaning 52 sewing machines. The women, in turn, taught 23 other women to clean and adjust sewing machines. Mrs. W. H. Barton of the Barnum Springs Community said the cleaning job on her machine was well worth \$7.50.

"Mrs. Julius Fumagalli of Verbena taught five women how to clean and adjust sewing machines. The summary of clothing work done in the county this year follows:

"Six women demonstrators, 116 cooperators, nine girl demonstrators, 163 girl cooperators; nine women kept individual clothing accounts, with a total expenditure

of \$782.60; eight families kept clothing accounts, with a total expenditure of \$5,620; 2,786 garments were made over by women; 162 hats were made; 151 purses and other accessories were made; 582 garments were cleaned at home; 10 closets were built; 22 closets were remodeled; 31 women improved their ironing equipment; 75 sewing machines were cleaned; 85 garments were dyed at home, and seven sewing centers were established.

Jewelry Making Popular
 "Demonstrations on making sequin pins and shell jewelry, given for both girls and women, were attended by 506 persons. About 300 sequin pins and about 200 shell pins have been made.

"The girls made about 120 toys and had a demonstration on toy-making in December.

"The main demonstrations on clothing for girls pertained to making draw-string aprons. These were made by 152 girls. One hundred seventy girls made headscarves with crayola stenciling. 140 made gathered skirts, 130 made wrap-around blouses, and 150 made Dutch hats and draw-string bags.

"The girls held nine achievement days in May with a total of 162 girls and boys and 29 adults attending. The Dress Revue was held in June with 26 girls participating. Jeaneane Kiker was county winner. She took part in the School Dress Division at the annual Round-Up at Texas A&M College, and she received her pin award at the 4-H Rally in December. Other girls rating the blue ribbon were Lenona Stone, Wynonne Morris, Janyce Lobban, Charlotte Brown, Glenda Mae Young and Marceline Oden.

"The women held their Dress Revue in August, with more than 100 people participating. All seven clubs were represented.

Studied Consumer Buying
 "Seven demonstrations were given in 1947 by the women on consumer buying and studying of labels in clothing and piece goods. The agent gave a talk for the Junior Culture Club on "Extending the Clothing Dollar by Studying the Labels," at an open meeting in connection with a revue of different types of wardrobes for business girls, homemakers and teen-agers, showing the minimum suits and dresses needed.

"The outlook for the future of the clothing and textile program in Garza County is good. The 4-H girls will carry it as a main demonstration in 1948, while the women will continue to add their sewing equipment and have better pressing equipment, having better sewing centers and sponsor a program on renovating and restyling of clothing. They will continue to do more home sewing and renovating of clothing for their entire families.

"Mrs. Wilburn Morris, for instance, recently completed three pairs of pants, three shirts and a coat for her five-year-old son; three dresses, three skirts and three blouses for her daughter, and three blouses and a wool suit for herself. "What with the children growing so fast and styles changing in women's clothing so rapidly, it surely keeps a woman busy with home sewing," she said."

A&M To Offer Scholarships To Able Boys

Any boy graduating from Post or Southland High Schools this year with a good scholastic record and need of financial assistance will have a chance to win his own college education in a competition being conducted by Texas A&M College. Notice of the 1948 competition, with entry blanks for Post and Southland boys who want to compete, have been mailed to the principals of those high schools by R. G. Perryman, secretary of the Texas A&M College scholarships committee.

Filling the need of giving every outstanding Texas boy a chance to earn his own college education, in spite of possible financial handicaps, the "Texas A&M Opportunity Awards" program is now in its third year. It offers boys graduating from Texas high schools each year a chance to compete for four-year college scholarships paying \$200 to \$300 per year, plus an assurance of student jobs sufficient to earn other necessary expenses.

Scholarship, character, evidence of leadership and need of assistance are the points on which final winners are selected by a college committee. Application blanks must be filled out by the boys and returned to the college by March 15. From these applications, finalists will be selected to enter a competitive examination to be held at the college May 1 and 2. Winners will be named on the basis of this examination.

Provided by gifts of thousands of former students of A&M, with additional individual scholarships donated by leading Texas citizens and institutions, the Opportunity Awards give outstanding boys the chance in life which the sponsors believe they deserve.

Liverpool, England, looks to radar to solve its traditional fog problem. Planned is an electronic installation to scan the harbor and its twelve-mile approach reduce fog-induced traffic delays.

REDDY'S ALWAYS READY

when you have **ADEQUATE WIRING**

When you have Adequate Wiring there's no question about installing new appliances. Your home will always be ready for all of the new electrical aids to better living. You'll have connections for an electric range, refrigerator, dishwasher, food freezer, water heater or any of the other wonderful electrical appliances.

Adequate Wiring MEANS:

1. ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.
2. LARGE ENOUGH WIRE for serving your present and future need.
3. ENOUGH OUTLETS AND SWITCHES for convenient living.

We have nothing to sell but good electric service.

SOUTHWESTERN PUBLIC SERVICE COMPANY
 23 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Robbers Invade Two Businesses In Post Sunday

Robbers had another hey-day in Post Sunday night, stealing enough equipment from Connell Chevrolet Company to start a good-sized automobile repair shop, taking some merchandise from Malouf's Dry Goods Store and breaking the combination and handle on the store's safe.

As is his practice when leaving no money in the safe over the weekend, M. J. Malouf had put a sign on the safe saying there was no money and giving the combination for opening it. In addition, he left a light on in the store to assist any prospective burglars in reading the sign.

"I guess they were illiterate," Malouf said Monday, because the robbers damaged the safe in an unsuccessful effort to get it open. Malouf had not been able to estimate the amount of merchandise stolen by press time. The robbers broke into the building via the front door.

Expensive equipment, which will be difficult to replace, was stolen from the Connell Chevrolet Company. It included 22 armatures, a \$50 set of taps and dyes belonging to the firm and a similar set belonging to Ira Farmer, mechanic for the company; an office fan, all the air gauges, wrenches, screwdrivers and other tools from all the mechanics' boxes, and an unestimated amount of merchandise.

It is possible the robbers entered the Connell plant through a back window. They rifled the entire building, breaking plate glass in all parts of the building. The loot was loaded into a conveyance at the alley entrance.

The Connell Chevrolet Company has been robbed so many times during the past year, the manager, J. P. Manly, has forgotten how many times. "It would pay us," he said, "to hire a nightwatchman."

For the years 1934 through 1938, the U. S. supplied 4.6 per cent of all grains for world export.

"NEW LOOK" IN POSTAGE STAMPS KEEPS GIVING AWAY TO "NEWER LOOK"

The styles in three-cent postage stamps have been changing faster than anybody except a learned philatelist can keep up with them.

Since December 5, when the bright green, "blanket-size" three-cent stamp was issued in recognition of the Everglades National Park in Florida the three-cent customers of Uncle Sam have come to expect anything but the old-fashioned, regulation-size purple number bearing a picture of Thomas Jefferson.

The local postoffice has run through its supply of Everglades stamps and is now giving out with the January 5 pinkish-purple three-cent issue, picturing Dr. George Washington Carver, famous negro scientist.

About February 15, the local postoffice expects to receive a supply of a still newer "blanket-size" issue, commemorating the Centennial of the discovery of gold in California. These three-cent stamps, which were issued in California on January 24, will be purple in color.

MONEY FROM COTTON—

(Continued From Front Page) 100,000 bales ginned by January 16 this year. Garza County ranked 15th on the list of 18 counties. Counties having fewer bales than Garza were Motley, Gaines and Kent, in that order.

Lynn In Top Five
Counties having more than 100,000 bales were Lubbock, 177,976; Lamb, 113,126; Hockley, 104,377; and Lynn, 104,100, in the South Plains Area, and Cameron, 111,188.

Lee Roy Colgan, assistant Lubbock County agricultural agent, listed several factors in accounting for the record-breaking crop.

A favorable weather season was largely responsible. Rainfall in the fall of 1946 was good, placing the ground in good condition, he said. In May, rainfall was received, adding the "finishing touch" in good seasoning. Weather was favorable to farmers planting and getting their cotton up—while in some years they must plant another crop after the first cotton fails to come up.

Weather in the fall of 1947, Colgan said, was ideal for gathering cotton. The increased production also was due to better control of insects.

Estimate Is Average
The estimate of money received for the Garza crop in 1947 was reached by multiplying the number of bales by \$175—average amount received per bale and seed. Some of the cotton ginned recently did not sell for that much, but some earlier in the season sold for more.

The previous all-time record for ginning in the South Plains area was made in 1947. Not only does the 1947 crop exceed that of 10 years ago in bales, but it brings almost double in revenue because of increased prices for cotton.

COLD WEATHER—

(Continued From Front Page) signal to re-open the stores. If the weather breaks, Woods said, it will be safe to open from 3 until 8 this afternoon.

Temperatures in and around Post stood at an average of 10 degrees most of last night. A light snow fell most of the day yesterday and was continuing to fall this morning, making highway travel extremely unsafe.

Basketball games, which the Post High boys' B and girls' teams were to play in Southland tonight were postponed.

The Post Cotton Mills converted to oil several days ago in an effort to conserve gas.

FLUCTUATION IN PRICES—

(Continued From Front Page) just theirs."

A salesman for a wholesale coffee company, calling on Post merchants Tuesday, had not been advised of a drop in prices. His wares had gone up since his last visit here.

The Associated Press, however, reported yesterday that the nation's housewives are actually paying less for meats, flour, butter and sugar "after the first decisive break in rising prices." Most of the food being sold more cheaply, the AP explained, was bought by the grocer at higher prices. In these cases markdowns were either "loss leaders" or to clear the shelves in anticipation of lower wholesale prices.

Masons To Meet

A stated meeting of Post Masonic Lodge, No. 1058, will be held at 7:30 o'clock tonight in the Masonic Hall.

Texas has about 113,000 acres of citrus trees in bearing, and 40 per cent of the nation's total grape fruit acreage.

NEW PIERCE HOME TO BE BUILT WITH ROCKS FROM 14 STATES, 2 COUNTRIES

Construction work on the six room house of Mr. and Mrs. W. F. Pierce will begin just as soon as weather is more favorable for laying the concrete foundation. The house is to be faced with rocks which have been collected from 14 states and two foreign countries. Bobby Pierce sent his father a number of rocks while he was serving with the navy during the war. One sent from Okinawa is a printer's stone tablet. The rocks are almost every color of the rainbow and will make a beautiful pattern of design. The house is to be built just across the street north of the Dr. Glenn Kahler home.

Rocks are from Texas, Oklahoma, Missouri, Iowa, Kansas, Colorado, Utah, Arizona, California, New Mexico, Nevada, Wyoming and Nebraska.

DAY OF PRAYER—

(Continued From Front Page) er." Mrs. A. W. Bouchier; prayer, Mrs. Cash.

Fellowship in the Church—Hymn, "The Church Is One Foundation;" scripture, Mrs. J. E. Parker; meditation, "What Christian Fellowship Means To Me," Mrs. Cash; solo, "Evening Prayer, Elwanda Davies; meditation, "Friendship of the Church Around the World," Mrs. Willard Kirkpatrick; report and offering for World Day of Prayer; Fellowship With All Nations in Prayer, the Rev. Joe Norton; hymn, "I Love Thy Kingdom, Lord"; meditation, Mrs. Cash; Scripture Music, Mrs. R. A. Moore and Mrs. Jessie Voss; meditation, "Prayer for the United Nations," Mrs. D. C. Williams; prayer hymn.

Dedication—Scripture and meditation; prayer, Mrs. Cash; solo, "Prayer" Robert Cash, and benediction, the Rev. J. E. Stephens.

Adjournment is scheduled for 4 o'clock.

WINDOW SHOPPING—

(Continued From Front Page) announcements of things new in foods.

New appliances in more abundant quantities are appearing in Post stores. We didn't get around to all places and feel sure they are getting new products but we did see new Servels at Garners, new Kalamazoo stoves at White Auto Store and a new Kelvinator at Bryant-Link's. Ask your merchants about your favorite appliances.

Jean McClain, noted interior decorator of New York, has created many beautiful designs in wall paper. Higginbotham-Bartlett Lumber Company is announcing the arrival of the new spring patterns.

The new device that will add a note of attractiveness to many a room is a clever new clip-on lamp shade that McCrary Appliance has in stock. This shade fits right over the light-bulb . . . is easy to adjust, easy to clean and is easy on the budget.

The "blizzard" interfered with the installation of a new neon sign advertising Leonard Appliances at White Auto Store. Be looking for the new sign as soon as the weather clears.

Leroy Bilberry is a new personality on the city payroll. He will assist in keeping equipment in order and with other duties.

Haws Department Store has added the Martha Manning dress to their stock of ready-to-wear. A wide selection is being shown.

Cloyd Curb, better known to Postites as "Fats" and who owns and operates the Curb Cafe on South Broadway, is a past master at cooking steaks. Hot rolls that are really hot and delicious cornbread muffins always accompany a steak dinner as well as relish or salad. It is always a pleasure to eat with Curb. New personality who is working there is Mrs. Cecil Osborne, who is always jolly and courteous.

LOVELY are the new spring coats by Swansdown that Della and Marjorie are showing at the Justice Shop. With Easter arriving this year when the west wind will be doing a whirling dervish, milady will need a topper and none could be lovelier than a Swansdown for the Easter parade.

Open stock bedroom furniture can now be ordered just like open stock china. On display at Hudman Furniture are several pieces of this furniture. As your living quarters grow so can your furniture grow.

Our boss says its no tragedy for a woman to lose her cookbook or her wedding ring but for goodness sake not to ever lose her sense of humor.

The Walter Boren family has a new Ford.

Pleasant Valley Small Talk

Please Send News Not Later Than MONDAY to JENEICE FLUITT Pleasant Valley Correspondent

Several Pleasant Valley residents attended funeral services in Lamesa recently for Mrs. Burkett, mother of L. A. Burkett.

F. L. Ward, S. J. Johnson and Robert Mock made a business trip to Clovis, N. M., last week.

Mr. and Mrs. Thurman Bartlett of Lubbock visited their daughter, Mrs. Raymond McGehee, and husband last Friday night and attended the play at Southland.

Mr. and Mrs. Jack Meeks and sons returned Saturday from Fort Worth where they attended the Fat Stock Show.

Otis Chaffin of Cheyenne, Wyo., is visiting his parents, Mr. and Mrs. J. D. Chaffin, this week.

Mr. and Mrs. J. D. Brown are remodeling their home.

Mrs. Verna Chase visited recently with Mrs. Ella Stiles and Mrs. Ivah White in Lubbock.

Mr. and Mrs. Elmer Hitt and son, Mr. and Mrs. Jack Meeks and sons attended funeral services for Mr. Crisp's nephew, Vernon Crisp, in Dove Creek, Colo., early this week. Vernon will be greatly missed by his host of friends here.

Guests of Mrs. K. C. Dickson Sunday were her granddaughter, Mrs. Babe Callum, Mr. Callum and their daughter of New Mexico.

Mr. and Mrs. A. L. Kirkendall are visiting relatives in Oklahoma.

J. I. Harvin has been ill.

Despite the rain, the Southland play was presented to a good crowd last week. The play cast was entertained with a forty-two party Saturday night in the home of Mr. and Mrs. Hugh Webb.

Mr. and Mrs. McCombs and son are moving from the George Sartin place to the Burkett farm, which is known as "the old Sharpe place."

Mr. and Mrs. Leo Stolle and Beverly are visiting Mr. and Mrs. Arno Albrecht and new baby in Corpus Christi. The baby, Warren Edwin, was born January 26.

Robert Russell, a student of Texas Technological College, is home this week.

On January 1, 1948, there were 6,055 veterans of World War II studying in 422 schools and colleges in 44 foreign countries under the provisions of The American Legion-sponsored GI Bill of Rights.

Graham Gossip

Gift Boxes For Overseas Being Assembled Here

Post Grade School children on Monday started packing the gift boxes which are sent each year to less fortunate children in war-torn countries overseas.

For the boxes, the children were asked to contribute any of the following items: Pencils, small pads of paper, crayons, erasers, compasses, protractors, colored drawing pencils, blotters, toilet soap, toothbrushes, tooth-paste or powder, washcloths, needles, thread and thimbles in small cases, pocket combs, matching buttons on small cards, handkerchiefs and metric rulers, and any of the following toys:

Ball, top, puzzle, paintbox, memo book, yo-yo, toy furniture, color book, necktie, hair ornament game, small bag of marbles, socks, barette, beads, doll, snapshots of the class and school.

Children were asked not to bring breakable items, liquids in glass containers, candy or other edibles, patriotic symbols, religious symbols and toy weapons.

Similar packages were packed by the local grade school children last year. Pupils of Mrs. L. W. Kitchen and Mrs. J. A. Thomas received "thank you" letters from French children and pupils of Mrs. Nola Brister received a "thank you" letter from England. The Close City School, which packed boxes last year, received a card from the American Red Cross saying a "thank you" letter had been received from a child in France.

Mrs. Brister, Garza County Junior Red Cross chairman, is supervising the packing of the boxes.

Happy Birthday:

Joyce Evans, February 12. Mrs. R. A. Siewert, Star Route; Robert Joe Baker, Doris Clark, and Lawson Connelly, February 13.

C. F. Taylor, who underwent surgery in the West Texas Hospital in Lubbock last Thursday, is recuperating satisfactorily.

Freda Kennedy is convalescing from mumps.

VERNON CRISP DIES IN DOVE CREEK, COLORADO, FROM ACCIDENT INJURY

Vernon Crisp, 13-year-old son of Mr. and Mrs. W. N. (Bill) Crisp of Dove Creek, Colo., formerly of Garza County, died Sunday afternoon in a hospital at Cortez, Colo., the result of injuries received in a fall from a horse last Thursday. An operation to remove a blood clot from his brain was unsuccessful.

Several Pleasant Valley and Southland residents attended the funeral services in Dove Creek Tuesday. Vernon had lived in Pleasant Valley, until about two and a half years ago, and attended school at Southland. He is survived by his parents and a sister, Mrs. Bill Roach of Slaton. The family visited in Garza County during the Christmas holidays.

The annual loss from weeds in the U. S. has been placed at \$3 billion. U. S. farmers grow all the peanuts in the world.

From where I sit ... by Joe Will

Will's Proud of His Big Ears

Will Dudley's mighty proud of his big ears! Best crop of corn he's grown since '38. And Will, like so many other farmers, has plenty of reason to be proud of what he raises.

The farmer has always been a keystone in our economic life, and the key to our national well-being. But from where I sit, he's more important now than ever. He's not only feeding America—but friends of America overseas—building good will for this country at a time when friendship for democracy is most important.

And farmers have shouldered that responsibility ... comes home tired ... ate glass of beer and ... be ready for the next day. From where I sit, you be mighty grateful for the lion farmers ... for their tivity, hard work, and living—of which Will's glass of beer is proud!

Foundation Of Jurisprudence In Texas Explained By Justice Hart

P. Hart of Austin, associate justice of the Supreme Court, spoke on "The Supreme Court of Texas During the Civil War Reconstruction" at a meeting of the South Plains Association last Friday at the American Legion.

Justice and the district judges, who served as associate justices. After 1845, the court was made up of the Chief Justice and two associate justices for a number of years. The court now has eight associate justices, in addition to the chief justice.

Old Court Important

The first Supreme Court, after Texas joined the union, is known as the Old Court. The opinions of its three members, Justices Hemphill, Lipscomb and Wheeler, form the foundation of jurisprudence in the state of Texas.

Justice Hart described several interesting cases on which the foundation opinions were based.

Members of the Post Bar Association and their wives were hosts for the banquet, which was attended by lawyers from Dawson, Gaines, Yoakum, Terry, Lynn and Garza Counties and their wives or other guests.

Special guests were Mrs. H. G. Smith and Mrs. T. L. Price, widows of well-known Post members of the South Plains Association. They were presented with large bouquets of carnations.

Truett Smith of Tahoka, president of the area association, introduced Joe S. Moss, who served as toastmaster.

Wives Assisted

Details of the banquet were arranged by Mrs. Carl Webb and Mrs. N. C. Outlaw. The U-shaped banquet table was decorated with flowers, red candles in crystal holders and red Valentine place cards. The meal was served by Imogene Jewell.

On Friday afternoon, Mrs. Hart was honored at an informal open house at the home of Mrs. Webb. During the same period, the local attorneys held informal open house in Moss' office as a courtesy to Justice Hart.

Justice Hart, a schoolmate of Carl Webb, is a graduate of the University of Texas Law School and the Harvard University Law School. Having served, in turn, as editor of the Harvard Law Review, Travis County district attorney, Travis County district judge, assistant attorney general of Texas, he was appointed to the Supreme Court Bench by Governor Beauford Jester in October. He spoke in Lubbock Saturday at a luncheon meeting of the Lubbock County Bar Association.

FATHER OF JESS OWENS IS CLAIMED BY DEATH IN LUBBOCK SATURDAY

G. D. Owens of Lubbock, 93-year-old father of Jess Owens of Southland, died at 6 o'clock Saturday morning in the home of Mrs. Oia Stewart, where he had been living in Lubbock.

Funeral services were conducted at the Rix Funeral Home in Lubbock at 10 o'clock Monday morning with Dr. J. Ralph Grant, pastor of the First Baptist Church of Lubbock, officiating.

Pallbearers were O. W. Moore, Leon Hamilton, R. F. Whitehead, of Fort Worth, H. E. Kinkhead of Amarillo, Douglas Lowery and Burt Johnson.

Mr. Owens is survived by three daughters, Mrs. O. W. Moore of Lubbock, Mrs. H. E. Kinkhead of Amarillo and Mrs. R. F. Whitehead of Fort Worth; four sons, O. A. Owens of Iowa Park, Dr. Rose Owens of San Antonio, Mark Owens of Fort Worth and Jess Owens; 10 grandchildren and eight great grandchildren.

Burial was in Memorial Park Cemetery, near Lubbock, where his wife was buried 10 years ago. Owens had spent the last 33 years of his life in O'Donnell and Lubbock.

VERNON CRISP DIES IN DOVE CREEK, COLORADO, FROM ACCIDENT INJURY

Vernon Crisp, 13-year-old son of Mr. and Mrs. W. N. (Bill) Crisp of Dove Creek, Colo., formerly of Garza County, died Sunday afternoon in a hospital at Cortez, Colo., the result of injuries received in a fall from a horse last Thursday. An operation to remove a blood clot from his brain was unsuccessful.

Several Pleasant Valley and Southland residents attended the funeral services in Dove Creek Tuesday. Vernon had lived in Pleasant Valley, until about two and a half years ago, and attended school at Southland. He is survived by his parents and a sister, Mrs. Bill Roach of Slaton.

The family visited in Garza County during the Christmas holidays.

The annual loss from weeds in the U. S. has been placed at \$3 billion. U. S. farmers of all the peninsula.

From where I sit ... by Joe

Will's Proud of His Big Ears

Will Dudley's mighty proud of his big ears! Best crop of corn he's grown since '38. And Will, like so many other farmers, has plenty of reason to be proud of what he raises.

The farmer has always been a keystone in our economic life, and the key to our national well-being. But from where I sit, he's more important now than ever. He's not only feeding America—but friends of America overseas—building good will for this country at a time when friendship for democracy is most important.

And farmers shouldered that ... spends extra hours ... comes home ... ate glass of beer ... be ready for the ...

From where I sit ... be mighty grateful ... lion farmers ... ative, hard work ... living—of which ... glass of beer is ...

History of Jurisprudence In Explained By Justice Hart

Justice Hart of Austin, associate justice of the Supreme Court, spoke on "The Supreme Court in Texas During the Civil War Reconstruction" at a meeting of the South Plains Bar Association last Friday in the American Legion.

He traced the history of the Supreme Court, from its beginning in 1835, describing the character and background of the early justices as a basis for understanding the opinions recorded by the Supreme Court, before it was admitted to the union in 1845, consisted of the Chief Justice and two associate justices.

The first settlement in the state of Georgia was made at Savannah in the year 1733.

Justice and the district judges, who served as associate justices. After 1845, the court was made up of the Chief Justice and two associate justices for a number of years. The court now has eight associate justices, in addition to the chief justice.

Old Court Important
The first Supreme Court, after Texas joined the union, is known as the Old Court. The opinions of its three members, Justices Hemphill, Lipscomb and Wheeler, form the foundation of jurisprudence in the state of Texas.

Justice Hart described several interesting cases on which the foundation opinions were based.

Members of the Post Bar Association and their wives were hosts for the banquet, which was attended by lawyers from Dawson, Gaines, Yoakum, Terry, Lynn and Garza Counties and their wives or other guests.

Special guests were Mrs. H. G. Smith and Mrs. T. L. Price, widows of well-known Post members of the South Plains Association. They were presented with large bouquets of carnations.

Truett Smith of Tahoka, president of the area association, introduced Joe S. Moss, who served as toastmaster.

Wives Assisted
Details of the banquet were arranged by Mrs. Carl Webb and Mrs. N. C. Outlaw. The U-shaped banquet table was decorated with flowers, red candles in crystal holders and red Valentine place cards. The meal was served by Imogene Jewell.

On Friday afternoon, Mrs. Hart was honored at an informal open house at the home of Mrs. Webb. During the same period, the local attorneys held informal open house in Moss' office as a courtesy to Justice Hart.

Justice Hart, a schoolmate of Carl Webb, is a graduate of the University of Texas Law School and the Harvard University Law School. Having served, in turn, as editor of the Harvard Law Review, Travis County district attorney, Travis County district judge, assistant attorney general of Texas, he was appointed to the Supreme Court Bench by Governor Beauford Jester in October. He spoke in Lubbock Saturday at a luncheon meeting of the Lubbock County Bar Association.

FATHER OF JESS OWENS IS CLAIMED BY DEATH IN LUBBOCK SATURDAY

G. D. Owens of Lubbock, 93-year-old father of Jess Owens of Southland, died at 6 o'clock Saturday morning in the home of Mrs. Ola Stewart, where he had been living in Lubbock.

Funeral services were conducted at the Rix Funeral Home in Lubbock at 10 o'clock Monday morning with Dr. J. Ralph Grant, pastor of the First Baptist Church of Lubbock, officiating.

Pallbearers were O. W. Moore, Leon Hamilton, R. F. Whitehead, of Fort Worth, H. E. Kinkhead of Amarillo, Douglas Lowery and Burt Johnston.

Mr. Owens is survived by three daughters, Mrs. O. W. Moore of Lubbock, Mrs. H. E. Kinkhead of Amarillo and Mrs. R. F. Whitehead of Fort Worth; four sons, O. A. Owens of Iowa Park, Dr. Rose Owens of San Antonio, Mark Owens of Fort Worth and Jess Owens; 10 grandchildren and eight great grandchildren.

Burial was in Memorial Park Cemetery, near Lubbock, where his wife was buried 10 years ago. Owens had spent the last 33 years of his life in O'Donnell and Lubbock.

SIX GARZA GIRLS TO BE SELECTED FOR JUNE CAMP

Mrs. Jewell H. Strasner, Garza County home demonstration agent, spent Monday in Lubbock working on the program of the District 4-H Girls' Camp to be held there in June. Six Garza girls will be selected to attend the camp.

The selection will be based on the girls' individual record books, which must be submitted to the home demonstration agent by May 1, and on the results of the annual Dress Revue which will be held here May 1.

Mrs. Strasner said the girls are working on dresses in the following classes: School dresses, 12-year-old and under; wool suits, and special occasion dresses, 13-year-old and up.

Girls who rate 90 above in the revue will be in the blue ribbon class and will receive medals from the Texas Extension Service.

Bits Of News:

Mr. and Mrs. S. C. Storie left Tuesday for Foster, Missouri, where they will visit Mr. Storie's relatives, some of whom he has not seen in thirty years.

Lois Howell, accompanied by her sister, Lenis, who works at Seagraves, spent the weekend with their brother, L. D. Howell, and family in Tahoka.

Patsy Rodgers spent the weekend at her parents home near Clairemont.

Sheldon Land spent the first part of the week in Andrews with 50 other Wacker employees of the area assisting with the opening of a new Wacker store at that place.

Duke Travis attended the Panhandle Hardware and Implement Association convention in Amarillo Monday and Tuesday.

Mr. and Mrs. Jack Burress spent last weekend in Presidio as guests of a former Post couple, Mr. and Mrs. W. F. West. They also visited in the home of Mr. and Mrs. A. J. (Ham) Holman. West and Holman are members of the border patrol force at Presidio.

Car Overturns

Five young men from Oakland, Calif., were passengers of an automobile which got out of control on the icy pavement on Highway 84 five miles west of Post and overturned at 3:30 a. m. Sunday. They were brought to Post by Mason and Company ambulance and the driver, the only one injured, was treated at the Post Clinic. The remains of their car were sold to the local wrecking shop and the young men left by train Monday. They were en route to Alabama.

To Go To Lubbock

Officers and committee chairmen of the Garza County Home Demonstration Council will meet at the courthouse at 8:30 o'clock next Thursday morning and accompany Mrs. Jewell H. Strasner, home demonstration agent, to Lubbock to attend an organization school, conducted by Miss Helen Swift of the Texas Extension Service at Hotel Lubbock.

Mrs. T. R. Greenfield is visiting the Bill Edwards family in Fort Worth.

Developments In Garza Oil Are Announced

The Lynn Oil Company this weekend will test the potential of the Pennington No. 1, near Terrace Cemetery, which was drilled to 3,020 feet and acidized with 7,000 gallons. Unofficial observers reported indications that the project will make a good well.

Comanche Oil Corporation this week moved a rig to the Montgomery-Davies A-18, one mile south of Post.

The company's cable tools also were drilling in the Montgomery-Davies A-25, south of the Post city limits, this week.

Large Acreage Leased
Union Oil company of California has taken a block of 8,071 acres in northeast Garza County from S. M. Swenson, et al, on a five year commercial lease basis.

The contract does not call for the drilling of any test wells on the acreage. It is understood that the bonus paid averaged around \$3.50 per acre. An annual rental of 50 cent per acre, during the life of the lease, is called for.

To Test Ellenburger
Humble Oil & Refining company No. 1-G Humble fee, southeast Garza county exploration to around 8,500 feet to test into the Ellenburger, four miles east of Justiceburg, and 1,980 feet from north and 660 feet from the west lines of section 136, block 5, H&GN survey, had reached 6,507 feet in black shale, and was making more hole.

The Ohio Oil company No. 1 Swenson Land and Cattle company, scheduled 7,500-foot wildcat in northeast Garza county, and in the northwest quarter of section 26, block 2, H&GN survey, had reached 6,886 feet in lime and was making more hole.

Rodeo Time A'Coming

newspaper-radio columnist who stressed opportunities for the small-town business man.

In China a genuine tiger's side whisker cost several teals of silver in the old days.

Judge Kilmer Corbin Announces For Senator From 30th District

"The people of West Texas stand today on the threshold of the greatest era of prosperity in history," Judge Kilmer B. Corbin of Lamesa, stated here recently when he visited this area in the interest of his candidacy for State Senator from the 30th District.

"Whether or not the people of this great section are able to take advantage of the opportunity which this new era will offer will depend largely upon the strength of their voice in State Government," Corbin added, "and I want to have a part in strengthening that voice."

The 28 year old Dawson County, who is now serving his third term as County Judge of his home county without opposition, opened his active campaign by lashing out at the system which has existed in the past, to give politicians, who are tools of the special interest groups, almost complete control of the State Legislature.

The Senatorial aspirant, who was reared on a Dawson County farm, educated in the schools there, Texas Technological College, and the University of Texas Law School, called on voters of this district to examine his record in both public and private life, and his actions and experience in county government. Prior to his election as County Judge, he taught and served as principal in Dawson County Rural Schools. Judge Corbin is a lawyer, a member of the Lamesa Bar and State Bar of Texas.

Constructive Action Needed
"The need exists today more than ever before for sound thinking and constructive action in our state lawmaking bodies," Corbin said. "The people must awaken to the fact that too many state office holders owe their allegiance—their very political existence—to special groups who would dominate legislation in Texas. There are too many little men holding down big jobs at the expense of the farmer, rancher and small business man of Texas."

Corbin is married, and the father of three children, Barry, age 7, Blaine, age 4, and Jane, age 3. He has long been active in several state organizations whose chief aim is bettering the conditions of West Texas. He is a member of the Baptist Church, a 32nd Degree Mason, Past Master of Lamesa Lodge, and a member of the Knights of Kaorassan.

Corbin's platform, which he hopes to present to every voter of the district before election day, includes the completion of redistricting of Texas' legislative districts in order that the people of West Texas will have an equal voice in their state government; a constructive program of soil conservation; a social security program for the aged, blind and dependent children of the state; a sound program for the building of a system of farm-to-market roads for Texas, which will be second to none; more and better aid for the schools of Texas, and a revision of the outmoded Code of Criminal Procedure of Texas.

To Fight Monopolies
A plan to pass a law to prevent large corporations from purchasing land for any purpose other than that for which the incorporation was accomplished will also be one of his main aims, if elected. "The wealth of the land belongs to the people," Corbin stated. "And I, for one, will work to see that the lands of West Texas are kept from the hands of monopolies."

"I am entering this race," Corbin said, "with the feeling that my background as a farm boy, a teacher, a lawyer, and a public official has given me the qualifications with which I can serve the people of my district to their advantage. I have no connection with the vested interests of Texas and will never obligate myself to anyone except the people I serve. If elected, I will exert my every effort in the interest of the people of the 30th District. No man can do more; no man should do less."

Ropes are used in Northeast Land during winter darkness to prevent straying away.

LEONARD ANDERSON

DR. RINKELS RETURNS WITH FRENCH PHYSICIAN

Dr. Herb Rinkels of Kansas City, Mo., and Dr. Jacques Schlafer of Paris, France, were guests of the John Lott family Monday and Tuesday. Mr. and Mrs. Lott, Mr. and Mrs. Alex Webb, Dr. and Mrs. B. E. Young and the two physicians went to Lubbock Monday night to a meeting of the Hub-Cine Club, at which Dr. Rinkels showed his color film, "Again To the Sea." He will be remembered as having shown a film, "Symphony of the Seasons," in Post last year as a benefit to the Methodist young people's department fund to assist a child overseas.

Dr. Schlafer is one of 15 young doctors sent by the French government to study for a year with American physicians. Having completed his study with Dr. Rinkels, an allergy specialist, the two physicians took a week's vacation for the purpose of showing Texas to the French guest and showing the film in various cities.

Rheumatism is the family name of a group of diseases.

NEW MEMBERS NAMED BY POST FIRE DEPARTMENT

The Post Volunteer Fire Department, at a meeting last week, elected Lawrence Bilberry and Fritz Hester as members to fill the vacancies created by the resignation of Weldon Jobe, who moved to O'Donnell, and John Davis.

The Fire Department has set April 8 as the tentative date for the annual Firemen's Ball. It is hoped that the ballroom in the City Hall, which is being remodeled, will be finished in time to be initiated with the dance. Fire Chief Homer McCrary said yesterday.

This Is Boy Scout Week.

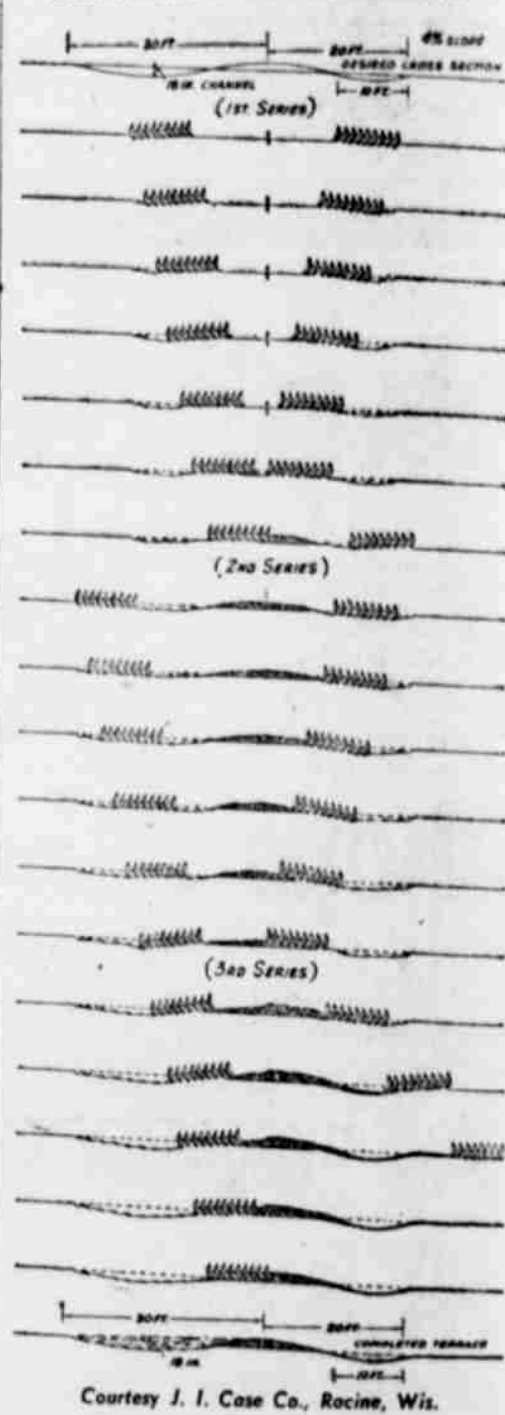

FARM, RANCH INVITED TO AM

Will Wright, Garza County AGU, stated that approximately 100 farm plan sheets have been made application for the practice of conservation crops. He urged farmers who have not made application for approval to AAA office at their convenience.

Twenty-three of the members of The AGU already have earned 1948 membership for a year ago.

How to Build Absorptive Terrace with One-Way Disk

CONSTRUCTION OF BRASS DISK TERRACE—GREAT PLAINS ABSORPTIVE TYPE
SUGGESTED PROCEDURE FOR ONE WAY DISK PLOW

Courtesy J. I. Case Co., Racine, Wis.

ask your county agent or the nearest office of the U. S. Conservation Service.
Anyone skilled in handling tractor and plow can do it but it always is best to have the terrace dimensions measured, and the lines staked out, by an SCS engineer or in terracing work. Accuracy is especially important for full absorption of rainfall. The Soil Conservation Service for this area will gladly give you this expert assistance.
