With White River dam operations as a background, water was the topic of discussion among this group at the site last Friday. From left to right are Heber Brantley, son-in-law of contractor

Steve Luce; Louie Burkes, manager of Postex Mills; George (Scotty) Samson; Jimmy Holleman, city water superintendent, and Eddie Warren, acting city superintendent.

### ONE OF PLACES WATER WILL COME FROM

Shown here is a section of the big filtration plant now nearing completion at the White River dam site. This is the big tank from which the water will go out to the four member cities. The pipes at the left of the picture will be the outlets from the tank to the four pipe lines.

# Post's 'new look' rodeo opens Wednesday night

Post's "new look" rodeo, combining senior and junior events, will get under way at 7:45 p. m. Wednesday, Aug. 7, following a downtown parade at 6 p. m., and will continue through Saturday night, Aug. 10.

Rodeo headquarters are scheduled to open Monday morning in the vacant building one door west of The Dispatch office to take care of what may be a record number of entries for the Post Stampede and Southwestern Championship Junior Rodeo. That is the new name for this year's two-in-one event.

Two girls, Mary Eubank and

Paula Pflims, are in the race for rodeo queen. Mrs. H. W. Schmidt, queen contest chairman, said yesterday. The queen will be named in time to ride in next Wednesday's parade and take part in the first night's grand entry.

Indications are that the parade will be a big and colorful one again this year. A number of area sheriff's posses and other riding groups are expected in addition to many floats and other parade units. The riding groups will be competing for trophies and the floats for cash prizes totaling \$50.

There will be 13 rodeo events—

six for seniors and seven for juniors 19 years old and under.

Senior contestants will compete in bareback bronc, saddle bronc and bull riding, calf roping, team roping and barrel race.

Junior competition will be in bareback bronc and bull riding, calf roping, ribbon roping, flag race and two age divisions of barrel racing.

In the senior competition, a handmade saddle will be the top prize for the best total average on four head of roping stock. The junior contestants will be trying for a handmade saddle to be awarded

the best all-around performer. In addition to the cash prizes, trophy buckles will go to the champion in each of the 13 events.

Roping and riding stock for the rodeo is to be furnished by the M&R Rodeo Company of Tahoka. There'll be a new announcer for this year's rodeo—Speck Luceford of Dallas, said to be "one of the Southwest's top rodeo announcers."

George Harlan of Slaton and Harold Childs of Colorado City will be the flag judges. Riding judges will be selected by the riders on

### 15-year-old is driver

## Car runs wild, kills youngster

Funeral services were held Monday afternoon for four-year-old Billy Martinez Jr., who was killed when struck by an automobile shortly before 10 o'clock Sunday morning near the home of an aunt in the 600 block of South G Place.

Richard Salinas, 15, paroled juvenile offender, was driver of the automobile which struck the child after careening off the road and knocking down a gas meter.

The Salinas youth's parole was

ordered revoked Tuesday by Judge J. E. Parker following a hearing in county juvenile court. The youth was being held yesterday pending his return to the Gatesville State School for Boys, from where he had been paroled after being sent there for a series of break-ins here.

The Martinez youngster, his parents, Mr. and Mrs. Billy Martinez, and his younger sister had taken their aunt, Charliotta Martinez, home from church, en route to their own home west of Post when the accident occurred.

The child was struck by the automobile as he stood between the gas meter and a tree in the yard of a vacant house next door to his aunt's home. After striking the boy and knocking him onto the porch of the vacant house, the automobile struck the tree.

Two of Billy's uncles, Joe Martinez, 16, and Robert Martinez, 13, witnessed the accident. The older boy got behind the tree when he saw the automobile leave the road and made an attempt to snatch his young nephew out of the path of the car.

The boy was taken to Garza Memorial Hospital, where he died about 1:26 p. m. He suffered head and internal injuries and fractured bones.

Police Chief Elton Corley, who investigated the accident, said the Salinas youth told him he lost control of the automobile after turning a corner. He was driving north on the unpaved street.

Corley said the Martinez child had been taken to the hospital in a private automobile when he arrived at the scene. The police chief called an ambulance to take the Salinas youth to the hospital for examination. He was severely shook up in the accident, but was

Bryan Morgan's new firm, Garza Butane Service, Inc., effective today, has bought out the Caylor Butane Company and has become the bulk distributor for the Post area of Phillips 66 Philgas butane and propane. Bryan, who also operates the Phillips Quick Service station here on a 24-hour basis, will operate his new butane firm and distribute Philgas butane and propane from his service station location at 512 North Broadway.

You'll note in his announcement on page 3 of today's Dispatch that he is stressing 24 hour service, and not only that but the most efficient service possible to former Caylor customers and new customers alike. L. B. Paie will be the sales representative for the new local firm. Bryan is a hard-working hustler and his many local friends wish him well in his new enterprise.

### Herb Smith to San Antonio church

Herb Smith, minister for the Church of Christ here for the last two years, has accepted the call of the Grover Avenue Church of Christ in San Antonio to become its pastor.

The Smith family plans to move Friday to their new home in San Antonio.

Selection of a new minister for the local church has not been completed.

### City dog pound going to another location

The city dog pound is to be moved this week to its new location near the city dump grounds, Police Chief Elton Corley said today.

The City of Post is laying a water line to the site, with the line having been laid, but not yet ready for water to be piped through it, Mayor Harold Lucas said.

Stock pens for animals owned by FFA and 4-H Club members have been moved to the site, and water is being hauled until such a time as the city water is available.

### Permissible 3 hours daily rest of week, but—

## 'Never on a Sunday' for lawn watering

The latest in the city's "water situation" is this week's announcement by Mayor Harold Lucas permitting the return to lawn watering for three hours daily, except Sunday.

Post residents responded so well last week to the urgent call to stop watering lawns that water consumption dropped to under 700,000 gallons Sunday and Saturday was less than 600,000 gallons.

That meant the city can spare approximately 225,000 gallons for lawn watering daily and still keep a safe supply in the reservoir.

Lucas appealed for no Sunday lawn watering to permit time to completely refill the city reservoir before starting another week.

"As long as we can start off Monday with a full reservoir and people will be prudent with lawn watering we shouldn't have any water shortage," Lucas said.

"But if people water Sundays and we can't fill the reservoir then we can get into trouble again."

The mayor praised local residents for their excellent response to city appeals to end lawn watering.

Lucas announced the three hours of lawn watering per day plan Monday, but by Wednesday afternoon decided it would be necessary to add "except on Sunday."

Water usage topped the million gallon mark Monday with 1,028,000 gallons and Tuesday zoomed on up to 1,173,000. Three more days of usage such as Tuesday's would leave the reservoir less than half full by Saturday.

That's why the mayor thinks it best to ask for the lawn watering ban on Sunday.

### PRIZE CHECKS TO COSTUME WINNERS

Don Dunbar, chairman of Saturday's Sidewalk Sale, presents \$10 first prize checks to Sharon Brown (left) and Lewis Herron III, costume contest winners. Sharon, the daughter of Mr. and Mrs. Urban Brown of Tahoka, is a niece of Mr. and Mrs. Joe Marshall, proprietors of the Marshall-Brown store, Lewis, son of Mr. and Mrs. Lewis C. Herron Jr., is a clerk at Bob Collier Drug. (See story on page 8)—(Staff Photo)

### City employees are Rotary guests

City employees were guests of the Post Rotary Club to a fried chicken dinner Tuesday noon in City Hall.

Irby G. Metcalf, who introduced all city employees present and gave their years of service to the city, explained the event was "an appreciation dinner" in which the club wished to express to city workers its appreciation and "that of the entire community" for their fine work on behalf of the city.

Mrs. Winnie Tuffing thanked the club on behalf of the city employees for the dinner.

## Appaloosa horse show to be held Saturday

The annual Post Appaloosa Horse Show will be held Saturday, Aug. 3, at Post Stampede Rodeo arena, with everything pointing to the biggest show in the event's history.

Oscar Gray, show chairman, said today.

"There is every indication that the number of horses in this year's

show will exceed last year's 101 total," Gray said.

Judging will begin at 10 a. m. with Weldon Johnson of Snyder as the show judge. Bobby Byrd will be the ringmaster and will assist Johnson in judging the cutting contests.

Grand and reserve champion mares and stallions will be named in the halter division and grand and reserve champions in the cutting horse contests.

Performance classes will include junior and senior reining, staki race, barrel race, junior cutting. Claud Collier Jr. will be the show announcer.

No admission will be charged to the horse show and everyone is invited to attend, the show chairman said.

Business firms and others whose donations last year made award for the 1962 show possible, as well as this year's event, are as follows: Higginbotham-Bartlett Lbr. Co. J. E. Parker, Faye Cockrell, Carl Cederholm, Jackson Bro. Locker, D. C. Roberts Sr. and I. E. Claborn Jr.; Post Insurance Agency; Bryan J. Williams & Son; Collier Chevrolet-Olds; Wilco Bros.; Brown Bros. Et Al; Highway C. Co.; Post Pharmacy; Texaco Co. See HORSE SHOW, Page 8

Tommy John Allen, 12-year-old son of Mr. and Mrs. Dick Allen of 406 West 11th St., remained in a serious condition at Garza Memorial Hospital yesterday after being bitten early Sunday afternoon by a small rattlesnake he mistook for a garter snake.

The youngster was bitten on the right hand by the snake while he

### Personnel change at SCS office

Bobby Jack Gray of the Soil Conservation Service here is being transferred to Panhandle, Tex., and Doug Cunningham of Pampa is moving here to replace him.

Gray has been work unit conservationist here for three and a half years and was serving in that capacity in April of 1961 when the Garza Soil Conservation District was organized. Prior to that, Garza County had been a part of the Duck Creek Soil Conservation District.

At Panhandle, Gray will be work unit conservationist for the McClellan Creek SCD. He and his wife, Shirley, and their three-year-old daughter, Jamie Lynn, will move to Panhandle this weekend.

Cunningham has been serving as range conservationist in the Pampa and Amarillo area for the past year and a half. He is married and has two children.

Gray said he had enjoyed his work here and his residence in Post. "We regret leaving Post," he said, "but my new assignment is quite a promotion."

### FATHER DIES

Mr. and Mrs. W. C. Knowles were notified to Tallahassee, Ala., last Saturday by the death of his father, H. C. Knowles, who died after a lengthy illness. His funeral was held Sunday afternoon.

### Lions shown slides on Scotts' visit to Japan

Wesley and Bettye Scott showed slides of their recent visit to Japan at the Post Lions Club meeting in Levi's Restaurant Tuesday night.

The Lions expressed their appreciation to Post merchants for their excellent cooperation in the club's rodeo flag project. The club plans to purchase more welcome bunting to decorate store fronts here next year.

Next week, two Brazilian Girl Guides will speak to the Lions Club.

## Ox-cart practice in the Jet Age

Texas' outmoded laws for investigating the cause of death may be aiding the rising crime rate by putting the seal of approval on murder performed with finesse.

An appeal for the establishment of the medical examiner system for the entire state is urged by a Fort Worth pathologist, Dr. John J. Andujar, writing in the July issue of the "Texas State Journal of Medicine."

Dr. Andujar decries the 75-year-old system in which one of the functions of the justice of the peace is to investigate deaths without medical attendance.

In an earlier Journal article the author pointed out that since no one can question that the heart stops beating in death, it is reasonably safe to indict every corpse as the victim of a heart attack.

The who-done-it fan, even comic book addicts, are familiar with the modern techniques of ballistics, toxicology, spectroscopy, and microscopic pathology in solving crimes. Without these aids, Dr. Andujar stated, the justice of the peace is often stymied in his efforts to arrive at accurate death verdicts.

Some ten years ago, the Texas Legislature passed a permissive bill to allow counties with a population of 500,000 or more to organize adequate medical examiner systems. Subsequent bills decreased the required population bracket until now, counties of 120,000 or more, on a vote of the

Commissioners' Court, may institute a modern investigative system for deaths unattended by a physician.

We're in favor of seeing the county population requirements lowered to the minimum so that any or all of the state's 254 counties could share in the medical examiner system.

Justices of the peace have enough to keep them busy without being saddled with a job for which they are unfitted—that of arriving at an accurate death verdict. In fact, progressive justices of the peace themselves have been in the vanguard of the fight for a medical examiner system in Texas. The current coroner system, as Dr. Andujar points out in his articles, is unfair to the JPs and inconsistent with their judicial functions.

The Texas Society of Pathologists has led the fight for a state-wide medical examiner system to insure uniformity. Without a state-wide system, Texas, in effect, invites would-be murderers to operate across county lines, where the probability of discovery is little or none.

The cost of a state-wide medical examiner system, according to Dr. Andujar, would be a minute proportion of the millions spent annually in Texas for repression of crime.

The Legislature has opened the door for the setting up of medical examiner systems. Now it is up to the people to decide if they want to continue an ox-cart practice in the Jet Age.—CD

## A good question, but a tough one

When will the new White River dam water be available for Post?

That's probably the most often asked question hereabouts this past week with water hauling required to save some of the town's bigger and finer lawns, with the rest of them beginning to bake brown under the searing sun.

The answer is, of course, that no one can predict for sure. It all depends upon the weather.

No more water will flow through the White River dam site. The dam has been "closed" by Contractor Steve Luce's men working around the clock the last ten days.

But it is going to take a whole lot of rain to fill the big lake area in that forked canyon.

Actually, the new dam project could begin operation as soon as the water piles up in the lake. Exactly how full the lake should be before operations start may be determined in part by the situation. Present guesses range from 60 to 90 per cent.

There will be a considerable amount of seepage into the river sand and ground at the time of the first fill-up.

The dam, filtration plant, and pipelines all should be completed, tested, and turned over to the White River Water District within the next 60 days.

With water—the district could soon be in operation.

It should be pointed out that the sooner the White River gets water in those mains and water sales begin, the sooner the special tax will be lifted. Right now the tax money is being needed to pay the interest on \$4,500,000 in construction funds, as well as to go into a required bond sinking fund. The sooner water receipts come in, the sooner this interest can be borne by water receipts.

It is going to take a good rainy season to fill the White River lake. When it comes—and everybody hope it won't be too far away—the White River water project will become operational.

That may not answer the popular question, but it's the best anybody can do right now.—JC

## This year a two-in-one rodeo

Post's big two-in-one western event, the Post Stampede and Southwestern Championship Junior Rodeo will get under way at 7:45 next Wednesday out at the Post Stampede arena, which already has been a beehive of activity with repairs and improvements under way well ahead of the four-night show.

This is the first year that Post's two rodeos have been combined into one show, and there isn't any reason that this two-in-one event can't live up to the old Post Stampede Rodeo's slogan of "Fastest Show in the West."

Thanks to the city's enterprising Lions Club and to the community's civic-minded business and professional firms, the streets and store fronts

have been decorated for the rodeo, once again reminding us who live here and tourists who drive through that Post still is one of the great Southwest's top rodeo towns.

There shouldn't be anything missing from this year's show that a dyed-in-the-wool rodeo fan likes to see. There'll be plenty of action for those who prefer older contestants as well as for those whose preferences run to seeing the junior cowboys and cowgirls in action.

It'll all officially get under way at 6:30 p. m. next Wednesday with the big street parade. One hour and 15 minutes later, the first night's Grand entry will signal the opening of four big nights of competition. Don't miss 'em.—CD

## Four constitutional amendments

Appearing on another page of today's Dispatch are the legal notices of the four proposed constitutional amendments to be voted on the General Election on Nov. 9, 1963.

These legal notices, required by law, are to appear in four consecutive issues of The Dispatch. Our readers are urged to study them so that they will be fully informed on each of the proposed amendments.

The most important of the four is, of course, the one proposing repeal of the poll tax as a requirement for voting and authorizing the Legislature to provide for the registration of all voters.

The poll tax amendment will be number one on the ballot.

Number two on the ballot will be a proposed

amendment for increasing payments to the needy aged and to other needy persons; Number three would provide for a retirement, disability and death compensation fund for county officials and employees in Jefferson County, and number four on the ballot would authorize an increase to \$350,000,000 the total amount of bonds or obligations that may be issued by the Veterans' Land Board.

As such legal notices always are, those appearing in today's Dispatch are couched in high-sounding legal wording, but they're well worth the time of looking over, so that the voter will be familiar with each proposed amendment when it comes time to vote for or against it on his election ballot.—CD

## Invitation to the horse show

Post's annual Appaloosa Horse Show, which has been growing from year to year, will be held Saturday, Aug. 3, at Post Stampede arena.

Some 100 of the finest Appaloosa horses of this entire area will be entered in the show, according to show chairman Oscar Gray.

Rarely does one hear of such an outstanding event at which no admission price is charged, but Saturday's horse show is one of them. "Everybody is welcome and invited," the chairman said. "For the first time this year the horse show is

self-supporting, officials said. Thanks to the generosity last year of local business and professional people, the show was able to purchase trophies for the 1962 event and then again for this year's show without having to call on any of the business places for assistance. That speaks well for the show . . . also for its many supporters.

Attend the horse show Saturday afternoon. Such community events deserve our interest and attendance.—CD

## What our contemporaries are saying

The National Spelling Bee was won by the contestant who spelled "biliousness." This was rather strange, as the word is virtually obsolete now, although much in use years ago when about all a doctor could tell from an examination was whether the examinee was well, bilious or dead.—Olin Miller in The Sequin Gazette.

Recently the Russians launched a woman in orbit. That's nothing new, as this scribe's wife stays in orbit most of the time.—Al Hinds in The Haskell Free Press.

It is not easy for a cowpuncher of the area

to become enthusiastic over Mesquite trees. As boys they drove the thorns into feet and legs and as men they have known torn flesh from thorns and limbs. Most of them have fought the brush for years and watched it starve the grass and rob the range of space. My cousin "Toody" fits this classification, and faced quite a problem when his wife decided a Mesquite would give the anesthetic touch at a certain spot near their new home. The man who has no love for Mesquites was afraid someone would see him transplanting the tree, and the tree, being sensitive too, despite careful watering, promptly died.—Douglas Meador in Matador Tribune.

THE POST DISPATCH is one of ten Texas newspapers that will be honored Wednesday, Aug. 7, at the Vocational Agriculture Teachers Association meeting in Dallas. The Dispatch is to receive the Distinguished Service Award for Area II, presented in recognition of the support given the program of vocational agriculture.

Because the awards breakfast is on Wednesday—the busiest day of the week at The Dispatch office—none of us here at the office will be able to pick up our award, but the Vocational Ag teacher Ike Trimble will do the honors for us. Ike deserves much of the credit for the award. It would not have been possible for us to receive it if he and his fine group of boys had not kept us supplied with news releases and picture ideas. It was a pleasure to work with such a fine group.

ANOTHER REASON none of us will be able to attend the VA Awards event in Dallas is because Wednesday is the first day of the rodeo, and that four-day event always creates quite a stir around The Dispatch office. Since rodeo headquarters will be right next door to the office, we may be even a little busier than usual—steering cowboys to the right place when they accidentally drop in at The Dispatch office to fill out an entry blank.

The Man up the Street says he doesn't know who Sonny Liston will fight next, but he hopes it's Russia.

I THOUGHT IT would be a simple matter to order a copy of a Sunday newspaper from one of England's larger cities, but I didn't take into account the thoroughly business-like way the British handle such things. I had slipped a dollar bill into an envelope along with a brief letter asking that a copy of the current Sunday paper be mailed me, and air-mailed it to Newcastle Upon Tyne, England. Did I get the newspaper? Not yet, but I'm still hopeful. What I got was a letter with two complicated-looking sheets that I finally figured out to be invoices, showing that I would receive the Sunday Sun from July 7 until Sept. 8.

The invoices showed that instead of a good old American dollar bill, I had paid seven shillings and one penny and was entitled to receive the Sunday Sun until the date in September. That will be ten copies, so the Sunday papers in England are considerably cheaper than they are in this country. Many times over here, I've mailed fifty cents or a dollar asking that this or that paper of such and such a date be mailed me, and invariably I've received the paper I asked for in a plain brown wrapper—no subscription invoices and no refunds for over-payment. That's the American way and I like it better. If I want a certain Sunday paper, I figure it is worth a dollar to get it, and the circulation department no doubt looks at it the same way, hence no refunds. Also, I had to pay 7 cents postage due on the subscription acknowledgement letter from Newcastle Upon Tyne, England, and on top of that I haven't received a paper yet. They may all get here at once, sometimes alone at the last of September, by which time I will have forgotten what I wanted a copy of the paper for in the first place.

IT'S GETTING SO that you can't tell any more whether a woman is wearing a wig that needs combing or a hat that doesn't fit.

There were so many originally unique costumes among employees in Saturday's Sidewalk Sale that the judges' job must have been a difficult one. Too had there weren't enough prizes for everyone in costume to have received one. The Sidewalk Sale was a big success, much of the credit for which is due Chairman Don Dunbar and a number of his committee.

IN THE OLDEN days in Texas there were tales, such as those prevalent in all lands and all ages, about people being buried alive. Sometimes there were narrow escapes.

There was one authenticated case of a woman who had apparently died and was being funeralized. As the pallbearers were carrying the pine box which served as a coffin out of the church, they bumped it against a post. The lid flew open and the corpse sat up, somewhat bewildered to find herself the center of so much attention. She

## Bible Thoughts

By HERB SMITH

### "Idle—Idol"

Idleness is a lazy man's idol, but he is an abomination to God. If a man doesn't work, he isn't worthy of the food he eats. (2 Thess. 3:10)

There are different ways of being idle other than from work. Our minds can be idle. This is why many of us do not have anything interesting or worthwhile to say. We can be idle in community development and live where there is no respect for law. We shouldn't be content with just any kind of schools, economy, and other facilities. Then we can be idle in religion to have none at all or to be a Christian in name only.

In the Garden, man was placed there to "dress and keep it." When driven from it, he was instructed to earn his living from the "sweat of his face." The theme of work is seen throughout the Bible. Paul said, "Whatever ye do, do it heartily (emphasis mine) as unto the Lord." (Col. 3:23). The one who adores idleness will suffer destruction.

**As explorers covered caves of Sonora**

It took three Dallas cave explorers to prove that Texas wasn't just skin deep. The cave explorers dared to venture into a well-known chasm in a well-known hole and thru a beautiful new world of Texas soil.

They were the real discoverers of the Caverns of Sonora. The caverns are located 14 miles west of Sonora, in Sutter County. Already world-renowned, they were opened officially for the summer of 1963.

Traffic steadily has increased as more and more leave the three miles of fan-shaped road to date. They have praised the Caverns of Sonora as possessing more formations and color than any other known cave. Though thousands of years old, this cavern "live" cave and still is growing.

**Handle scene offers industry in action**

There are many in Texas where you can see a fabulous oil industry in action. An excellent spot is in the Panhandle.

A short 28-mile trip between Amarillo and Borger, you'll find all phases of this huge petro-industry.

There are hundreds and hundreds of wells, not to mention refineries, carbon black plants and structures familiar to oil and gas men.

So many facets of this industry in such a small area encourage us to more fully appreciate the influence and benefit this industry has been to the Lone Star State.

**Memorial marks soot where Texans died**

A unique title the memorial located some 10 miles northwest of Brownsville, S. Highway 281 at the mouth of Texas.

A reminder of history, it is a notice to all Americans to be thankful for our blessings in these times of world strife. And not to let history repeat itself.

The site is where Capt. Seth Bledsoe and 82 Dragoons were attacked by Mexican troops.

The thought-provoking title is "American Blood Was Spilled on American Soil."

**SYSTEMIC INSECTICIDES**

Systemic insecticides are made that, when taken in through roots or the leaves of plants, travel internally to animals, kill which attack them. Newest are the animal systemics which successfully kill cattle grubs on dogs without harming animals. Plants are protected during periods of time by chemicals, and insects are whether they eat a part of plant or swallow its juices.

**NEW MARKET POTENTIAL FOR COTTON GOODS**

Old King Cotton, Texas' major farm crop, may get a much needed shot in the arm from experiments aimed at "fluffing it up a little!"

For years, the cotton usage has been sagging downward from the competition of synthetic fibers. As new "miracle fibers" were developed in laboratories, cotton was pushed further aside.

Now comes a project to make cotton knit goods more nearly like wool—without the scratch! The goal is to give cotton knit clothing like sweaters and undergarments more bulk, warmth and dimensional stability. A scientific breakthrough which would fluff up the cotton thread and make it stay that way regardless of cleaning processes could widen markets for cotton—particularly on winter-wear clothing.

The advent of wash and wear cotton clothing a few years ago proved to be a good stimulant for the cotton market. Scientists had succeeded in "stabilizing" the cotton thread with finishing agents to give the cloth its wash-wear properties. However, when dimensional stability of cotton was achieved, no increase in bulk or warmth of the material was gained.

Scientists now believe, however, that means of applying the chemicals can be developed that will also increase the bulk and warmth of cotton fabric. Ordinarily, fabrics treated with wash-wear chemicals are passed through squeeze rolls to remove excess treating

**ing at present reduces the bulkiness of the fabric.**

The task now is to find new processing methods that will impregnate fabrics with the proper amount of chemicals, fluff up the fabric to increase its bulk and warmth, and stabilize the fabric in its bulky state. The end result would be a fabric much like wool, with many new uses opening up for cotton in the winter garment trade.

Clemson Agricultural College in South Carolina is in charge of the cotton research program in cooperation with the U. S. Department of Agriculture. The eyes of Texas cotton growers and market men will be on the South Carolina research laboratory for the next year or so. If the experiments are successful, King Cotton may recapture much of its clothing trade volume that has been lost in recent years.

**Pueblo Indians ruins are in Amarillo area**

AMARILLO — Forty miles northwest of Amarillo in Oldham County is a strange hotel—the Pueblo Indian ruins. Ruins are located at Saddleback Mountain near Old Tascosa on the Canadian River.

These old "hotel size" Indian ruins have 33 rooms at staggered levels.

Perhaps the forerunner of the multi-level homes of today, these hillside ruins have been a popular attraction for tourists since they were excavated in 1932.

Noel Clemmons, principal of the Post Primary School, today reminded parents of six-year-old beginners that birth and health certificates will be required before their children can start to school in September. "With the first day of school only about a month away, it is not too early for parents of beginners to make sure these school entrance requirements can be met," the principal said.

## Paving sign-ups are under way

Anybody want their streets paved? Mayor Harold Lucas said today that the city is nearing completion on sign-ups for four blocks of paving. He pointed out if six more blocks of paving could be obtained to make it a ten block project the city would get a better price for all property owners involved. Plans now are to pave North Avenue S from 11th to 14th streets, thus completing the paving of Avenue S all the way to 15th street. The fourth block will be the block east of Avenue S on West 13th street. Those interested in paving are asked to contact city hall so plans can be worked up for additional blocks.

## Small Glorieta discovery here

Brown Bros., et al, has completed its wildcat, the No. 1 G-A Montgomery-Davies, as a small Glorieta discovery, one-half mile southeast of Post. Two other efforts in the vicinity were dusters. Potential was pumping for nine barrels of 37.5 gravity oil per day plus 80 per cent water from perforations 3,500-505 feet after acidizing with 750 gallons of acid. No field name has been suggested. The new well is a half mile southeast of the East Garza (Glorieta) field and surrounded by Garza field production.

**TRACTOR ACCIDENTS**  
 AUSTIN — Tractors are involved in more farm accidents than any other farm implement, the Texas Safety Association reports. Other machines do have higher accident rates, but it is because they are used less. Driving too fast is a factor in most tractor upsets. A New Yorker named Walter Hunt invented the safety pin in just a few hours one day in 1846, reports World Book Encyclopedia, when he twisted a piece of wire into the familiar shape still used today. The people of Italy, however, are believed to have used similar devices as long as as 2,000 B. C.

## It's My Turn ...

—By MRS. C.

For the benefit of those who saw me sprawled all over the sidewalk on the corner of Avenue I and Main Street about 5 o'clock last Thursday, I wasn't just tired and taking a rest, neither was I sleepy and taking a nap, I had just missed that high step and fallen flat on my face.

Is anything more embarrassing? One immediately feels like one is taking up an awful lot of space and looks most awkward doing it. If one could cry out in pain, utter a few un lady-like words, and just lit there for a while it wouldn't be so bad. But no, when one falls in public one has to consider the public. With your head still reeling and assorted pains shooting in all sorts of places, you must immediately raise your head, smile and announce to all those who have gathered that you're not hurt at all and quickly jump up and be on your way.

If you haven't broken anything no one is really interested in hearing your tale of woe and the black and blue spots are usually in a place that can't be shown. So you get no sympathy and carry the memory for days of how awful you must have looked lying there.

My fall brought to memory two others that I had experienced. The first memorable one was when I was a teen-ager and had just been whistled at as I started up the six or eight steps leading to our front porch. Sticking my nose high in the air—these boys were strangers and I certainly wanted to show them that I was not to be whistled at—I stumbled and fell the full-length up the steps with school books and purse flying. I can still hear their laughter as they drove on by. I was crushed and when you're a teen-ager being crushed is quite painful.

My other fall came in front of quite an audience. I was helping serve a church dinner for several hundred people. It fell my lot to serve the head table which was placed on a small stage in the church basement. Two steps led to the stage and in order to get in back of the table one had to step across an open space. All we servers were quite conscious of the dangers lurking there but talked about falling so much we were sure no one would.

I picked the best moment of all to take the big fall. Some remarks had just been made at the head table and I had everyone's undivided attention as I disappeared from sight. Luckily I was empty handed at the time as I lit with a sound loud enough to be heard over the chatter. Several men leaped to help me up but I motioned them down, smiling and with head reeling and assorted pains shooting in all sorts of places, assured them I was all right and just keep their seats.

As I arose, I faced this dead silence that broke into applause as I came into full sight. And maybe you don't think that was a long walk from the front of the basement back to the kitchen with a smile on my face, head reeling and assorted pains shooting in all sorts of places.

I was pleased at finding this

**Mrs. Roy Augustine is honored with shower**

Mrs. Roy Augustine, who is making her home in Post with her grandmother, Mrs. Alice Parsons, while her husband is serving overseas with the Armed Forces, was honored with a layette shower last Saturday.

The shower was held in the home of Mrs. Ira Farmer at 9 o'clock in the morning. Coffee and doughnuts were served to the 25 guests.

Hostesses for the affair were: Mrs. Inez Norris, L. C. McMinn, Estelle Samson, Mildred Simpson, Jean Jones, Innis Thuet, Ruby Stanley and Farmer.

fine bargain at the Sidewalk Sale. I've been stewing mentally about the corner of Avenue I and Main Street about 5 o'clock last Thursday, I wasn't just tired and taking a rest, neither was I sleepy and taking a nap, I had just missed that high step and fallen flat on my face.

I made the purchase so fast I left Mr. C's head reeling but he suffered no pain cause I had a smile on my face.

## J. C. Middleton and Jane Posey exchange vows

The home of Mr. and Mrs. Homer Gordon was the scene for the wedding of her son, J. C. (Tom) Middleton, and Jane Posey, Saturday, July 27, at 7 o'clock in the evening.

Mr. Gordon and Miss Marie McKenzie of Lubbock attended the couple.

The Rev. C. B. Hogue, pastor of the First Baptist Church, officiated at the double ring ceremony.

Immediate members of the family attending the wedding included Mr. and Mrs. Howard Mahle and Connie, parents and sister of Mrs. Middleton, of Lubbock.

Mr. Middleton is associated with Goodpasture Grain in Lubbock and is also associated with the Homer Gordons in the cattle business. Mrs. Middleton has an insurance agency in Lubbock.

## Janis Tucker's engagement to Tom Drake is announced here

M. Sgt. and Mrs. Robert C. Tucker of Amarillo are announcing the engagement and forthcoming marriage of their daughter, Miss Janis Tucker, to Tom Drake, son of Mrs. Verda Drake of Post.

The wedding date has not been set.

Miss Tucker is a 1961 graduate of Derby Senior High School in Derby, Kans. She is presently making her home in the Graham community with her grandparents, Mr. and Mrs. John Wallace. Mr. Drake is a 1960 graduate of Post High School and is employed at Piggly Wiggly.

**THE VOICE OF GOD**

Do you ever pause to listen to the voice of God? We hear it every day, wherever we may be.

In the whispering of tall trees . . . the music of rushing brooks . . . the songs of the birds . . . the gay laughter of happy children . . . we hear the voice of the Great Creator. Through his infinite grace a bird is enabled to serenade his mate, a tiny cricket chirps its faint refrain.

God is the Bringer of all blessings to man and beast alike.

Let us give thanks to Him who has so enriched our lives. Open church doors beckon all over our land. Let us seek the House of the Lord, and enter in to pay Him homage. Here through prayer and humility, let us rededicate ourselves to His service and glorification.

bass in its lunker habitats. I don't have sufficient information about all of them, however, so will have to confine these paragraphs to a couple that I have heard about most frequently. They are indeed something special.

"One of these super-lunkers has been a resident of a pocket along a rocky bluff bank near a point on the main channel. He has been hooked on jigs, spinner-lures and live bait. But to no avail as far as landing was concerned.

"ONE ANGLER estimates him at 15 pounds or better. But it is seldom indeed that this largemouth is ever seen. He takes to the branches of submerged trees and racks up another lure or nine many racks up another lure on the many still indulging in his favorite hobby—collecting mementos.

"Lunker No. 2 is certainly as powerful, if not more so. He resides about midway along a steep, ledgy bank in the immediate vicinity of a deep drop-off.

"When I contacted him he zipped off the line (totally unmindful of the hard-set drag on the reel) until he reached his sanctuary... a sunken tree of better than average size.

"This bass is a master at breaking off lures, and he has the strength to reach his citadel no matter how far away he may be at the time he feels the hook.

"Unless he dies of old age he will continue to raise the hackle of those who know his whereabouts every time they make a cast in his domain.

"THE LARGEST bass ever taken from the impoundment was a 13 lb. 4 oz. largemouth caught by Marvin Bushong in April, 1961. According to the scale reading, this lunker was going into its ninth year of life, indicating it had been around a full eight years or thereabouts. Which meant that it took on weight at approximately one and three-fourths pounds annually. Another 11-9 bass... bloomed into obesity at the rate of almost 2 pounds per year. The impoundment is almost 11 years old. So there should be some largemouth bass weighing 17 pounds or more... in that lake, and still others larger that were river bass of seven pounds or better when the reservoir was created.

"So little wonder there's talk of legendary bass in Bull Shoals. It seems to be fully justified.

"Every time I approach a spot where I have come out second in battle with lunkers too big to handle I make the cast almost in fear of the possible outcome. That's what you call respect for what is waiting at the end of the line."

Sam makes it sound tempting, doesn't he?

### What They Wore... by PHYLLIS JOYCE

A weekly public service feature from the Texas State Department of Health

## Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

AUSTIN — "Pedodontics" is a big word with a simple meaning—the care and treatment of children's teeth. A major pedodontics is preventive dentistry for the very young is the one great hope for a realistic solution to our dental woes.

If a child's teeth are properly cared for up to age 15, a strong foundation has been laid for minimizing dental troubles in later years.

At about six months of age the four front teeth—two upper and two lower—begin to peek out. These front teeth are incisors, the cutting teeth. By age seven to 11 months, four more teeth, upper and lower, start to come in. These are the lateral incisors at either side of the central teeth.

Then Mother nature wisely skips a few spaces in order to properly shape the jaw. In 12 to 15 months, the back teeth or molars, come in. Then the cuspids show to fill in the space between. At about 24 months, the second molars come in.

Up to this point all teeth which have erupted are primary teeth, and although temporary they are vital. They help shape the face, help the youngster learn to speak distinctly, help him nutritionally and must serve the child until he is 12.

While all this has been going on, the permanent teeth are slowly developing in the jaw bone so they can come forth at the proper time.

The first permanent teeth to erupt are molars—sometimes called "six-year" molars simply because they emerge at about age six. Because they do not replace size the importance of watching the first teeth but come in just behind them, these molars tend to confuse parents who think they are also temporary teeth.

This error can lead to unfortunate consequences. Since the "six-year" molars are permanent teeth, they will not be replaced if lost. Family dentists strongly emphasize this.

The family farm is the dominant producer of food and fiber in the U. S. today. The family farm operator who succeeds today uses genetics, land and water use, conservation, chemistry and physics and business management ability. He combined a revolution in technology with the ancient art of farming to efficiently produce material for the nation's homes and industry.

## MOTORISTS HOLD KEYS TO CAR THEFT PROBLEM

What sort of thefts represent the greatest problem today to law enforcement officials?

J. Edgar Hoover, director of the Federal Bureau of Investigation, says auto thefts—at the rate of \$1 million a day—are far out front. And, if the present rate continues, cars valued at \$2 million will be disappearing each day by 1970. While nearly 90 per cent of stolen cars are recovered, most of them are returned in damaged condition or with expensive parts such as engine and transmission removed.

Currently, car thefts occur so frequently that another three will be gone before you finish this article—even if you are a fast reader. What can you do about it?

Keep your car locked at all times, the National Automobile Theft Bureau, a countrywide theft prevention and car recovery agency maintained by 350 insurance companies, advises.

Most car thefts can be traced to juvenile irresponsibility and adult carelessness. Juvenile thieves account for almost three out of every four car thefts today. Such thefts are made easy by careless car owners who are the victims nine times out of ten simply because they do not lock their cars every time they park.

Car owners hold the key to curbing thefts and holding down their insurance rates. Make a habit of locking your car and removing the ignition keys even if you intend to be away from the car only for a moment or so.

Car thefts have been increasing each year, according to the NATB. While the number of cars on the highways increased 50 per cent from 43 million to 66 million between 1952 and 1962, the number of stolen cars annually has increased 66 per cent from 215,000 to 355,000.

This column will be glad to answer questions you may have about property and casualty insurance. Send them to The Post Dispatch, marked to the attention of Harold Lucas.

Some may wonder! When government operates 19,000 businesses, in direct competition with its taxpayers, they cannot be blamed for wondering. A case in point is the electric industry. Already over 15% of the nation's electricity is generated by the federal government. If you don't think all is well, write to your elected representative. He'll be interested in hearing your view.

Sidewalk Sale looks like a July fixture

Post's second annual Sidewalk Sale Saturday drew the largest crowd of shoppers of 1963 into the business district and participating merchants agreed that it was an outstanding success.

One merchant said she saw more people at her store that she didn't know than had been in her store in years—proof that the widely advertised sale drew from all portions

This is your opportunity, as good citizens, to familiarize yourselves with the four propositions. The legal publication of the amendments will appear in the next four issues of The Dispatch.

Claud Collier of Collier Chevrolet-Olds with a half-page advertisement for rain on page 14 of today's Dispatch is back in what he hopes will be the rain-making business again for Garza County. The last time Claud took to our advertising columns seeking rain, the heavens became unbathed with something like a dozen or more inches of rain. That was in June. Claud isn't asking for all of that again. He'll be satisfied with a good inch of moisture and declares he's ready to pay "double or nothing" for the ad, depending upon whether it produces the results he seeks. Strong believers in the axiom that it doesn't cost to advertise in The Dispatch, that it pays, we consider Claud's proposition a fair one. So if it rains for the cotton, the range grass, and the stock ponds anytime up to 5 p. m. next Thursday, give Claud the credit. He advertised for it.

Two high-scoring Men's League games Tuesday night, the all-stars defeated the Mets, 11 to 5. The Untouchables eked out a win over the Rinky Dinks, 5 to 4. G. Jones was the winning pitcher and Tom Buchanan the MVP in the Unknown's victory over the Mets.

Bigott evened his record at 2-2 by pitching the Untouchables to a win over the Rinky Dinks, 5 to 4. Rex King the loser.

The league was expanded to six teams this week with the addition of the Unknowns, managed by Peel.

Yankees and Untouchables tied the season last week with Yankees winning by a score of 5 to 4.

Yankees scored three runs in the bottom of the sixth to break the tie and then retired the Unknowns in order in the top of the seventh to preserve the victory.

G. Jones was the winning pitcher and Will Bigott was charged with the loss.

The season's schedule is as follows:

**Untouchables vs. Unknowns.**  
Aug. 15 — Tigers vs. Rinky Dinks; Mets vs. Untouchables.  
Aug. 16 — Mets vs. Tigers; Yankees vs. Unknowns.  
Aug. 19 — Tigers vs. Mets.  
Aug. 20 — Untouchables vs. Yankees; Rinky Dinks vs. Unknowns.  
Aug. 22 — Unknowns vs. Mets; Rinky Dinks vs. Yankees.  
Aug. 23 — Tigers vs. Yankees; Unknowns vs. Untouchables.  
Aug. 27 — Mets vs. Yankees; Untouchables vs. Tigers.  
Aug. 29 — Unknowns vs. Yankees; Rinky Dinks vs. Mets.  
Aug. 30 — Rinky Dinks vs. Tigers; Untouchables vs. Mets.  
Sept. 3 — Unknowns vs. Tigers; Rinky Dinks vs. Untouchables.

**THE SUPREME COURT**

"I'll take this case all the way up to U. S. Supreme Court," you say. Chances are, you'll never make it. That court can only hear a few cases, involving those mostly dealing with federal or constitutional questions.

Now and then the Supreme Court hears a case from the start instead of waiting until the case goes through all the lower courts. It can hear such cases: (1) involving ambassadors and consuls, and (2) those where a State sues another or the federal government. But only about 123 such (original) cases have come before the Supreme Court in history.

Why the Supreme Court's original jurisdiction? Only three cases involving diplomats have ever come before the Court. As a rule, the State Department prefers to give the diplomat his walking papers, if his conduct might otherwise have to go to court. But only the high court may hear such cases affecting our relations with other nations, or in fact, our federal and state structure. Yet Congress allows lower courts power to hear cases involving the 50 states. In the past the Supreme Court has helped to promote harmony by offering a forum to adjust differences among our states.

What are some of the cases?

California had a dispute with Arizona over Colorado River water rights. Texas and other states claimed tideland oil rights against the federal government. As guardians of the interests of its people, states have sued other states, for example, when the other state lets its citizens discharge sewage to the harm of another state, or allows local business preferential treatment injuring citizens of another state. But the court will not give legal relief unless injury is real.

No one has yet solved the problem of how the Court enforces its decisions against a state. Thus in 1793 law-maker declared Georgia would hang anyone who complied with a certain unfavorable decision. In 1860 Kentucky wanted to force Ohio to give up a fugitive. The Court would not comply because the Court said it couldn't force Ohio to act.

In 1915, Virginia got a judgment against West Virginia for \$15,000,000. But West Virginia didn't pay. When the Court threatened to enforce the judgment by "Appropriated remedies," West Virginia paid. Nobody knows what the Court could have done, had West Virginia failed to comply.

Sometimes the Court relies on the President or the U. S. Marshall as officers of the Court, as in Little Rock's school case.

Yet, other presidents have not cooperated so well. One said, "John Marshall (the Chief Justice) has pronounced his judgement. Let him enforce it if he can."

In the past, however, the Court has prevailed because the people have usually supported it even in its unpopular decisions. For only hard cases ever reach that Court, and people usually prefer the rule of law rather than the violence that would come if the Court was not supported.

Did you hear about the reunion of the ex-student of Southland High School—the Juniors and Seniors of 1945. It was held at Slaton July 20, at 5 p. m. at Bruce's Restaurant. The ex's were welcomed by Mrs. Arden Maeker (the former Janie Morris), Mrs. Bruce Blair (former Mary Lou Punkony), Mrs. Max Jackson (former Mary Jane Hampton), Jack Lancaster was the principal speaker. There was a special tribute to a former teacher of Southland, the late I. J. Duff Sr., who labored patiently with his students of Math, inspired them to do their best and took a special interest in each one.

The 20th anniversary of the cases of '45 will be July, 1965 at Slaton. The local ex's will serve as hosts and those living in Amarillo will have the program.

Following the meeting at the restaurant the group went to the Max Jackson home for a reception. Co-hostesses were: Mrs. Maeker, representing the Seniors, and Mrs. Jackson, Juniors. The decorations utilized the two class colors, blue and gold, blue and white. Class flowers of white carnations and yellow roses were the table decorations.

Out-of-town attendants were: Mr. and Mrs. Arden Maeker of Long Island, N. Y., Mr. and Mrs. Jack Lancaster, Mr. and Mrs. Joe Lester, Amarillo; Mr. and Mrs. MacField, Dalhart; Mr. and Mrs. B. H. Thomas, Shallowater; Mr. and Mrs. Dex Vessels, Abertathy and Mr. and Mrs. Joe G. Fleming, Meadow.

Local resident present were: Mr. and Mrs. Max Jackson, Mr. and Mrs. Lehman Barkley, Mrs. Bruce Blair, Mrs. Jack Kuykendall (formerly Mary Francis Everidge).

Students of these classes not present are asked to send their address to Mrs. Max Jackson of Slaton for notification of future meetings, or call her.

MR. AND MRS. Charles Austin of Orange, Tex., are visiting parents outside of Slaton and the James Masons between times.

## Work begins here on grid programs

Sale of advertising on the Post Antelope football program was to get under way this week with the 46-56 Club in charge.

Final plans for the program were made at a meeting Monday night with George Pierce appointed as this year's program chairman.

This is the second year that the 46-56 Club has had charge of the program.

All profits from the sale of advertising and the sale of programs at his year's games will go into the athletic fund, Coach Harold Teal said today.

## Post coaches to attend school

Four members of the Post High School coaching staff will leave Monday for Houston to attend the annual Texas State Coaches' Association School.

Representing Post at the school will be Harold Teal, athletic director and head coach; Glenn Gregg, Charles Black and Will Bigott.

Football drills will get under way on Aug. 19, following the coaches' return from the Houston event.

Coach Teal said today that it is doubtful if new freshman coach Elvin Jones will arrive in time to attend the coaching school, but that he will be here for the opening of freshman football practice.

**By MRS. MAX CHIAFFIN**

Boy, these people are busy out here! I just called 10 people and they are all busy. Maybe this little shower dampened our telephone lines and they aren't working right! It happens out in the country, you know!

Tommy Leake and family (his wife is Ann Mathis of Post) arrived from Tulsa, Okla., to be with the John Leakes for two weeks. All the other children from Lubbock of the Leakes except a daughter who is in the hospital, were there Sunday.

Weldon McGehee and Dennis left Saturday for Pueblo, Colo., to pick up Mrs. McGehee. Due back on Tuesday.

Mrs. Willie Becker's brother, W. W. Hatcher, his wife and four children are at the Becker home for a week. The Hatchers live in Logan, Iowa.

Mr. and Mrs. Jack Myers attended the Myers family reunion in Snyder Sunday.

Mrs. L. L. Corbell is some better this week.

**THE DABBS FAMILY** had a reunion at the Slaton Club House on Sunday. There were 49 people there from Arizona, El Paso, Wichita, Falls and around here.

Our sympathy goes out to Mrs. Opal Pennell and her family in their time of sorrow.

Mrs. W. H. Monk had a house full of visitors this past week. Mrs. Ted Dockery and Jerry of Lubbock, Mrs. Joe Dockery, Diane and Ginger of Lubbock, Mrs. Stanley Nixon and children of Crosbyton and Mrs.

## VACATION BIBLE SCHOOL

The First Christian and First Presbyterian Churches will sponsor a Vacation Bible School at the First Christian Church, Aug. 19 through Aug. 23. Graduation exercises will be held Aug. 25 at 7:30 p. m. at the First Christian Church. All children from kindergarten to second year Juniors are cordially invited.

## FROM LITTLE ROCK

James Ferguson was here last week from Little Rock, Ark., visiting his parents, Mr. and Mrs. Arville A. Ferguson. James was on vacation from his duties as an architect with the Associated Planners. He is a 1953 graduate of Post High School and a graduate of the University of Texas.

**BROTHER VISITS**

Visiting recently in the home of Mr. and Mrs. Tom Johnson was her brother, Andy Mantooth of Fort Worth.

The G. D. Ellises had Ben, Oma and Vernon of Lubbock as their visitors Saturday.

The Methodist minister of Southland, Rev. Roy Bassett, has gone to Junior Camp at Ceta Glen, for a week.

Breon Winterrowd spent last week with her grandparents, Mr. and Mrs. Bill Winterrowd of Amarillo.

Thank you all for your kindnesses!

## Phone company has speedier billing device

Data processing equipment which prints ten lines per second will be printing bills received next month by customers of General Telephone Company.

The speed with which the equipment operates will enable the billing department to keep pace with the ever increasing number of customers to be billed each month.

When the present type bills were initiated in 1954 it was considered a step forward in customer service and operating efficiency, according to a telephone company official. The new data processing system is a still greater improvement.

The data processing equipment, which is housed in the Company's Revenue Accounting Center in San Angelo, is made up primarily of three units: a read-punch unit, a central processing or memory unit and a printer.

Instructions key-punched into codes are fed into the read-punch unit, which in turn transmits the instructions to the memory unit and "tells" the memory unit computations to be made and instructions to be carried out. If the memory machine is instructed to print stored information, then it sends instructions to the printer to print the desired information.

The new machines have 8,000 "memory" units which can carry out instructions so fast that the time is expressed in terms of millionths of a second. The printer prints up to 600 lines per minute.

Initial plans for converting to the new data processing billing system began early in 1961. Programming of the system has been underway since November 1961.

Any questions concerning new bills should be directed to your telephone company business office.

## Burial conducted here Saturday for Elmer Lee Howard

Elmer Lee Howard, former Post resident, who was killed in an accident at Anson July 23, was buried here at 2 p. m. Saturday following funeral services Friday at the Northside Baptist Church in Anson. Graveside rites for Mr. Howard were conducted here with the Revs. Robert Evans and Richard Payne, both of Anson, officiating. Rev. Evans is pastor of the Northside Baptist Church and Rev. Payne of the Methodist Church.

Mason Funeral Home was in charge of burial arrangements. Pallbearers were J. Lee Bowen, Dan Cockrum, Howard Freeman, Hoyt Bland, Marvin Williams and Raymond Young.

Named as honorary pallbearers were Loyd Edwards, Elmer Hitt, Alva Robinson, Carl Rains, J. E. Parker, George Sartain, George Barker, Mill Ford, L. A. Presson, Ed Denton, Ira Lee Duckworth, Marshall Mason, G. D. Ellis and T. A. Loyd.

Mr. Howard, who was 68, was a resident of Post for 37 years before moving to Anson in 1952. He owned and operated a grocery store there until retiring in 1961.

Mr. Howard was killed when a section of a house that was being moved slipped off the moving equipment and fell on him as he watched from the sidewalk two blocks from his home.

He was married to Miss Bessie Kuykendall in 1917 at Ringgold, and had been a member of the Baptist Church for over 50 years.

Survivors are his wife; one daughter, Mrs. Audrey Mae Bishop of Slaton; four sons, Edwin Lee Howard of Hyattsville, Md., Albert F. Howard of Post, Gene Howard of New Mexico and Gerald Howard of El Paso; three sisters, Mrs. Letha Cederholm and Mrs. Lena Ferguson, both of Post, and Mrs. Opal Pennell of Southland; one brother, Riley Howard

Attention all parents who are sending their kids off to college.

Janith Short got a car to take to North Texas State with her. It's a white '59 Impala hardtop with red interior. I certainly hope Mr. and Mrs. C. read my column this week. That was one of my more subtle hints. One of their more subtle hints is that buses run pretty fast between here and San Antonio. And I have a strange feeling I'm going to find out that the buses do run pretty fast between here and San Antonio. Anyway, congratulations, Janith on being one of the lucky ones.

Some Texas Herefords from the ranch are to be used in a nationwide beef improvement program as the result of a sale announced by Nance, who is the son of Mr. and Mrs. Elton Nance.

The sale was the result of a five-year test that indicated the Hall-Nance Herefords have a desirable inherent beef-making characteristic transmitted to offspring.

The deal involves 120 heifer calves and 20 bull calves that were born during October, November and December 1962. The buyer was Coddin-Armour of Foraker, Okla. The calves, to be delivered by Aug. 31, will become a part of the herd evaluation program that has been under way at Foraker for the

## PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963. SENATE JOINT RESOLUTION NO. 1 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively, as follows:

Section 2. Every person subject to some of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector, provided that any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces; and provided further, that before offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize alternate voting. This Amendment shall take effect on December 1, 1963.

Section 4. In all elections by the people the vote shall be by secret ballot. The Legislature shall provide for the numbering of ballots and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of elections, and may provide by law for the registration of all voters, provided the Legislature enact a registration law in anticipation of the adoption of this Amendment, such law shall not be invalid by reason of its anticipatory character.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

"AGAINST the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

# Pleasant Valley Baptist revival in full swing

By MRS. MAX CHAFFIN  
News, news, news! It just flowed in this week! So, I better get started and tell you it all!

The Pleasant Valley Baptist Church Revival is now in full swing. It started last Friday night preceded by Cottage Prayer meetings Monday through Thursday night. The meetings will conclude Sunday night, Aug. 4.

Mr. and Mrs. Bob Taylor and Karen of Las Cruces, N. M. recently visited the Carl Paytons. Mrs. Taylor is the former Lucille Payton.

The B. L. Thomases spent half a week at Lake Thomas last week. Mrs. C. R. Scott, the Vernon Scotts, the Wesley Scotts, and the Bill Pools of Big Spring, all went to Cisco for the weekend to the Scott family reunion.

The Terrell Browns of this community visited with the J. W. Browns in Post on Sunday.

Lou Alice Edwards was on Jessie Lee's program on TV last Friday at 12:15. She was the model for a stunning hairdo!

Mrs. Clovis Robinson and Royce and Myrtle Johnson visited Ruidoso, N. M. last weekend for rest and relaxation.

The Henry Wheatleys entertained Mr. and Mrs. Glenn Wheatley with a belated 25th Wedding Anniversary celebration. Other guests who enjoyed the barbecue and ice cream were: Altha Meeks of Slaton, the Damon Ethridges, Paul and Kent Wheatley, Betsy Shytle, Pat Claborn, the H. F. Wheatleys and the G. M. Leggotts and Elaine Wheatley.

The H. S. Eubanks of Lubbock were down on Sunday to see the T. L. Barnes.

Don and Dennis Altman, Larry Wilke, Joey and J. W. Basinger of Southland, all went to Tulla two weeks ago and stayed with the Dan Altman there and attended the rodeo. Last weekend the Deamos Altman family went up there and visited and brought the boys back.

The Maurice Fluitts were at Harvey Zoover's home in Morton two weekends ago and spent the night with the W. O. Fluitts.

Mrs. Carl Payton attended the Scott Abel 4-H Electric Camp, 29 miles south of Cloudcroft, N. M. with the county agent this last week. Real live bears came up every night and they had a good time!

Evangelist G. I. Norris and Joe Green and sons had Sunday dinner with the Robert Mocks.

**JAMES SHELTON'S** sister, Lillian (Mrs. C. J. Marta) from Weatherford spent the weekend with her brother. The Johnny Meyers of Lubbock entertained them all Saturday night and they had barbecued ribs. On Sunday, the whole family had dinner at Shorty's in Post. More family fun!

The Dillard Dunns and the T. L. Barnes drove to Lamesa on Friday night and had dinner with the Ross Dunns. They took 7 months' old Lance Dunn, borrowed from Ross Dunn of Lubbock.

Linda Gist, Carolyn Carlisle, Deborah McCampbell, Vickie Wilks and Paula Helms all came to Mrs. B. D. Robinsons one day last week to sell rodeo tickets. Paula is one of the Rodeo Queen contestants.

Mr. and Mrs. Lee Ward and Myrtle Johnson went to Lake Thomas for a few days last week.

Larry Brown had a watermelon feast with Boy Scout Troop 16 in Post last week.

C. C. Lee's brother, J. C. Lee, of Fort Worth came to see him on Monday.

Duke and Dennis Altman have been playing for the Post All-Stars at Levelland where they came in third place and at the Floydada Invitational tournament last Thursday and Saturday nights where they came in second. You know how they keep their throwing arms in shape? Hoing weas in the cotton patch, of course!

The Billy Lesters, the T. W. Brysons and the Max Chaffins all had chicken dinner served at the VFW on Saturday night.

The Maurice Fluitts went to Portales over the weekend and saw her parents, and stopped on the way back in Littlefield to visit her brother and family.

Mrs. Carl Payton's uncle, Jimmie Belcher, of San Angelo visited her this past week.

Pat Claborn went to Canyon over the weekend.

Mr. and Mrs. Douglas Livingston invited the Dillard Dunns and the Roy Bassetts of Southland for Sunday dinner.

J. B. and Hope Robinson, Mr. and Mrs. Jerry Dixon and son of Plainview and Mrs. D. C. Roberts were all out at the B. D. Robinson home Sunday. Mrs. Roberts

visited the Clovis Robinsons also. **WHAT A LOVELY, overcast day** last Sunday was! Have you noticed how Sunday usually is the best day of the week? More days like that and we can beat this heat!

The Max Chaffins went over to play a little tune with the Charles Morrow Sunday afternoon and woke up their new baby! (We really didn't but that is a good baby).

Mr. and Mrs. Herbert Collins, Diwayne, Cliff, and Rhonda of Slaton, Okla., have been visiting the Carl Paytons. Mrs. Collins is the former Margie Payton. They attended the revival Sunday night.

Mrs. T. L. Barnes and Agnes were also at the revival Sunday night.

Cindy and Kay Altman spent three days in Littlefield with the Ed Altman and Travis recently.

Mrs. Katherine Trammell and Myrtle went for a dip in the Post swimming pool last Thursday night.

Mr. and Mrs. Ronnie Dunn came to the Dillard Dunns on Saturday night to pick up their baby and stayed for supper.

The Pleasant Valley Home Demonstration Club met Monday in the home of Mrs. Vernon Scott for a make-up meeting. Roll call was answered with "My favorite outdoor menu." A ten-minute demonstration on "Spice and Herbs" was given by Mrs. Max Chaffin. The leader on "Outdoor Cookery" was Mrs. Scott, and shiskabobs, bean salad, potato salad, onions, radishes, sweet peppers and toasted poundcake with preserves or peanut butter spread were on the menu for the day. Um-m-m-m, is your mouth watering? It was all deliciously prepared. Those consuming the goods (and we left enough for Vernon's supper) were: Mmes. Robert Mock, B. L. Thomases, Carl Payton, Max Chaffin and the hostess. Plans were also made for the family picnic in August to be held in the Post park at 6:30 Aug. 16. So come and bring your families all ye members!

Mrs. Francis Sargent went to the ball game with the Deamos Altman Saturday night and then helped Mrs. Altman celebrate her birthday with Joey and J. W. Basinger as guests, too, for steak and ice cream.

Visiting this last Sunday with the Carl Payton were: Mr. and Mrs. Joe Fleming of Cushion, Ariz., Jim Payton of Slaton, Mr. and Mrs. Earl Kenney of Lubbock and the B. L. Thomases.

We have a lot of corn cobs without any kernels. Wha' happened! Ate logo (that means "until soon" in Portuguese). I am getting ready for those Brazilian Bandeirantes who are coming to town Aug. 7. Brazil is the only South American country where they speak Portuguese; all the rest speak Spanish or did you know that? I use to live there as a child and that is where I learned my Portuguese. Brazil speaks Portuguese because it was settled by the Portuguese! Adiozinho—that is a little goodbye! Now you all can speak to those gals in their native tongue when they come to town.

Q. My GI insurance premium was due last week. Must I make formal application for reinstatement?  
A. No. You have 31 days of grace from the date your premium was due to make payment and avoid a policy lapse.

Q. If I should die, what must my wife do in order to qualify for a VA pension?  
A. She should write, telephone or visit the nearest VA office (there is at least one in every state) to see if she is eligible for pension under the statutory income limitation. The VA will explain this to her and send her the necessary application forms.

Q. What is the final date of entitlement of World War II veteran for a GI loan?  
A. In no case will the entitlement of an eligible World War II veteran extend beyond July 25, 1967.

### AN OPEN LETTER TO OUR PRESIDENT, MR. HERBERT WILCOX

Congratulations, Mr. Wilcox, on the 10th Anniversary of our Company! We, (all 2,500 of us), wish to take this opportunity to congratulate you on the spectacular growth of our Company, Shop Rite Foods, Inc., since its beginning in July, 1953. Many of us have witnessed this steady progress over the past ten years, and as our Company has expanded and grown from one to 73 Stores, we, too, have enjoyed opportunity for advancement in our chosen careers within the food industry.

Your leadership has opened many avenues of opportunity for employment in the communities in which we live. Our Company is an outstanding example of free enterprise, operating in a free America... and we are proud to be a part of it.

Our very best wishes for your success in the years to come. We look forward to a future bright with continued growth under your leadership... as we meet and serve our friends, old and new, across the Piggly Wiggly counters!

Sincerely,  
Signed,

# Garza's oil industry worth \$17.9 million

With oil and gas production worth more than \$17.9 million a year, Garza County citizens have a financial stake in the worldwide demand for energy and the complex economic and political problems involving the petroleum industry according to statistics compiled this week by Texas Mid-Continent Oil & Gas Association.

"Issues of current concern include the proposals to cut percentage depletion rates, extension of federal controls over prices at which Texas producers sell their gas, and development of laws and production methods that will help Texas compete with other states and nations for markets."

The latest year for which U. S. Bureau of Mines figures are available (1961) shows Garza County producing more than 6 million barrels of crude oil, valued at about \$17.9 million; and 318 million cubic feet of natural gas, with a value of almost \$39,000. Garza ranks 61st among Texas counties in value of oil and gas production. In 1961 there were 1,557 producing oil wells in the county, according to the Texas Railroad Commission.

### NEW MARINE

Marine Pvt. Nuel A. Landreth (above), son of Mr. and Mrs. N. R. The training provides the newly enlisted Marine with the basic field and combat skills required of him during his military service.

### Clinic slated for crippled children

LUBBOCK — A general crippled children's clinic will be held Monday, Aug. 5, at the Lubbock Cerebral Palsy Treatment Center, 3502 Ave. N, Lubbock.

Registration for the clinic will begin at 8:30 a. m. No charge will be made for examination.

It will be open to all children under 21 who are crippled or who have conditions which might lead to crippling. Parents are requested to accompany the patient.

A few of the crippling conditions include: poliomyelitis, osteomyelitis, club feet, cleft palate, hare lip, burns, curvature of the spine, dislocated hips and many others.

The over-all purpose of the sponsors of the clinic is to provide a means of examination of all children with crippling conditions in order that no crippled child should go without the attention needed.

### Leasing adds many thousands of dollars to the county's economy.

Tabulations by the International Oil Scouts Association show major companies in 1961 were paying rentals on about 164,000 undeveloped acres, which comprise about one-third of the county's area.

Royalty payments to Garza County farmers, ranchers and other landowners are running at more than \$2.2 million annually, the Association calculated.

Garza County producers and royalty owners also make a sizable contribution to the support of state government, with production tax payments of more than \$824,000 a year.

Industry taxes likewise are important to the county government and school districts in the county.

For instance, 54 per cent of the local property taxes collected for the Post Independent School District comes from oil and gas operators.

A sizable impact on the Garza County economy has been registered by petroleum industry payrolls. About one out of every five payroll dollars in the county is derived from employment in oil and gas work, according to figures from the Texas Employment Commission.

The industry payroll is more than \$891,000 a year, with the average employe receiving more than \$5,000 annually.

#### Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963.

**SENATE JOINT RESOLUTION NO. 27** proposing an amendment to Article III, Section 49-b of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans Land Board to Three Hundred Fifty Million Dollars (\$350,000,000), providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans Land Fund and providing for an election and the issuance of a promissory note therefor.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**  
Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended on the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency for the State of Texas performing governmental duties which has been designated the Veterans Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of Texas, State at Large, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in business. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed directly by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as now or may hereafter be provided by law; provided that the compensation of the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans Land Board may provide for issue and sale of not more than Three Hundred Fifty Million Dollars (\$350,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have been before issued and sold. Such bonds or obligations shall be sold for not less than par value and interest shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly used, shall not exceed and shall not be less than the rate of interest on the bonds issued and sold in any installment of any bonds may not exceed (4 1/2%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approved by the Attorney General of Texas, and attestation by the Commissioner of Public Accounts of the State of Texas, and delivery to the holder of such

principal and the interest thereon, together with the expense herein authorized of any other bonds hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest possible price for cash or for cash and a part of said Fund. Such lands hereafter or hereinafter purchased or hereinafter acquired by said Board are hereby declared to be held for a governmental purpose and shall be exempt from taxation to the same extent and in the same manner as are purchases of lands dedicated to the Permanent Five Public School Fund.

"The lands of the Veterans Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) consecutive days, unless honor discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1945, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces since named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expense of surveying, marking, and recording lands to be added to the price of such lands when sold or resold by said Board; and for the purpose of paying the expense of printing and delivering any such additional bonds; and for the purpose of meeting the expense of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 5, 1952, shall be credited to the Veterans Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 31, 1962, provided, however, that as much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 31, 1962, all moneys attributable to such bonds shall be set aside for the redemption of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such

bonds, all of such moneys then remaining or thereafter becoming available to said Veterans Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that as much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds; and all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold, together with any interest thereon, to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of the Veterans Land Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans Land Program, there is hereby reserved to the Legislature full power to implement and effectuate the design and objectives of this Amendment, including the power to delegate such responsibilities, functions, and authority to the Veterans Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void for reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

### USDA lists five August plentiful foods for Texas

COLLEGE STATION — Careful grocery shoppers can look to five plentiful foods as they plan summer menus this August, reports the Texas Agricultural Extension Service.

Summer vegetables and canned items are featured on the official August list of plentiful, as determined by the U. S. Department of Agriculture in cooperation with growers and the food trade.

Also expected to be in supply that exceeds normal needs are watermelons, peanuts, and salad cooking oils.

Supplies of specific summer vegetables will vary at different markets of the state. Generally, though, look for an abundance of tomatoes, sweet corn, green beans, beets, lettuce and cabbage. "Good buys" will prevail on a number of in-season local vegetables.

Canned tuna joins the list because heavy inventories have caused concern among folks of the tuna industry. They're conducting a nationwide promotion program that means economical purchases for consumers. Tuna is an ideal hot-weather meat, for sandwiches, casseroles, salads, and other uses.

Watermelon supplies are expected to be at least as large as a year ago. Peanut foods, including peanut butter, are perfect summer snack items. Stocks of salad and cooking oils are about 700 million pounds larger than normal.

Shoppers can take advantage of the abundance of these plentiful foods by serving them in abundance and generously. Lower prices and wider choice of quality usually accompany abundance.

# Dispatch to receive Vocational Ag award

Ten Texas newspapers, including The Post Dispatch, will be honored Wednesday, Aug. 7, at the Vocational Agriculture Teachers Association of Texas meeting in Dallas, according to Ralph S. Moser of Stephenville, president of the organization.

The Dispatch has been selected to receive the Distinguished Service Award by the vocational agriculture teachers of Area II. The award is presented in recognition of the support given the program of vocational agriculture.

Other papers named for the Distinguished Service Award are The Bellville Times, The Rising Star Record, The Azle Banner, The Panola Watchman, The Fredricksburg Standard, The Ferris Wheel, The Lufkin News and The Three Rivers News.

Ike Trimble, vocational agriculture teacher in Post High School, will participate in the Statewide In-Service Education Workshop being held in conjunction with the four-day meeting in Dallas.

Trimble will accept the Distinguished Service Award for The

Dispatch at an awards breakfast Wednesday in the Regency Room of the Hotel Adolphus.

The meeting is being held as a part of the program in Vocational Agriculture to further improve the professional competency of the state's teachers.

Vocational Education Teachers in the areas of Homemaking, Trade and Industrial and Distributive Education will also be participating in in-service education workshops and the 3,700 vocational educators

will have a combined general session on Tuesday, Aug. 6. The principal address of the combined group will be delivered by Dr. Walter M. Arnold, Assistant Commissioner for Vocational Education, U. S. Office of Education in Washington. The general conference will be under the direction of M. A. Browning, Assistant Commissioner for Vocational Education, Texas Education Agency, Austin.

Vocational Agriculture teachers will hear an address by R. B. Hulsen, Vice-President, Moorman Mfg. Co., and he has taken for his topic, "Success." The Tri-State FFA Public Speaking Contest will give teachers of Texas an opportunity to observe the best in FFA Public Speaking.

The State Vocational Agriculture Education Staff will direct workshops, and the workshops this year will be staffed by Vocational Agriculture Teachers who are especially well qualified in their respective areas. The full day of workshops is an important phase of the training session.

### NEMATODE EXPOSED

The nematode has now been exposed as the principal agent for destruction of at least two to three billion dollars worth of crops in the U. S. annually. The small worms attack virtually every plant in every climate and injure them by sucking their juices. Soil fumigants are the weapons against nematodes, which parasitize animals as well as plants.

## Young Farmers to hear Snyder man

Nolan Von Roder of Snyder, well known certified cotton seed breeder, will furnish the program for the Tuesday, Aug. 6, meeting of the Garza County Young Farmer Chapter, according to Jim Bob Porterfield, this month's program chairman.

Von Roder's program will be on "Wildlife" and will consist largely of films that he has taken in the surrounding areas. The movies will include calling of coyote and bobcat, as well as some rather unusual rattlesnake pictures.

The program may also include some pictures of Von Roder's recent trip to Alaska.

Mack Terry, president of the Garza County Young Farmer Chapter, said that this month's program will be a family affair and that all Young Farmers are encouraged to bring their wives and children.

The meeting will be held in the 4-H Building starting at 8 p. m.

# Carlos McCleskey kills snake in his bedroom

**By MRS. O. H. HOOVER**  
 These last two days sure have been nice and cool. The shower made things a lot nicer. Hope we get some more.

Do you remember the snake story two weeks ago? Well, it happened again except this time the snake got into Carlos McCleskey's house. He killed a large bull snake in their bedroom. They are grandchildren of the W. G. McCleskeys and live in the New Lynn community.

Congratulations to Mr. and Mrs. Kenneth Huffaker on the birth of a son, July 25, in West Texas Hospital in Lubbock. His name is Kenneth Scott Jr. and he weighed six pounds 12 ounces. He has a big brother, Brad, four-years-old.

The Sidney Mains family of Monahans and the Hartsel family of Meadow visited the S. J. Tew and J. C. Bailey families Sunday.

# DON'T DROP OUT OF SCHOOL!

IF YOU DROP YOUR EDUCATION, YOUR JOB OPPORTUNITIES WILL DROP OUT, TOO!

Today, more than ever before, a high school diploma is vital if a young man or woman wants a career. In fact, today it is difficult to obtain any job without completing the high school course. When a job is available to the non-graduate, it is often one which stops where it begins... there is little chance for advancement. Look beyond the promise of an immediate salary — look to the future and don't drop out of school.
