

Rep. Mahon Seeks Re-election To Congress

Representative George Mahon last week requested the O'Donnell to formally announce his candidacy for re-election to Congress. He had filed earlier for a

on the Democratic ticket. Mahon is unopposed in the forthcoming primary. In announcing his candidacy Mahon said, "I will deeply appreciate the continued support and confidence of the people in the coming primary. These are difficult days for private business and public officials alike. I am still in session, and in progress I will have little opportunity to visit about the district prior to the primary date. As the hired hand of the people of my District, I shall continue to do every thing in my power to do a good job here. I welcome advice and counsel at all times, and am constantly mindful of the people of West Texas. Please thank them for me thru the columns of your paper."

Co. Reunion Plans Are Set

Final plans were completed Saturday at a meeting in the county court room for the annual Lynn County Pioneer Reunion to be held in Tahoka on Tuesday, June 24, according to J. E. Red Brown, president.

Registration, the opening program, visiting and the noon barbecue will be held in the City Park. The afternoon program will be in the near by air conditioned Theatre. Charles Verner has been selected as the master of ceremonies.

Principal speaker this year will be the one and only Harley Sadler, now an Abilene oil man and a candidate for state senator in that district, but a popular West Texas cowboy for 35 years.

"We would like to remind all of you to write your old friends and try and get them to come," Sadler said. "Cards have already been mailed out of town members and another will be mailed prior to the 21st."

All persons who have lived in this county 30 or more years, or who first lived here 30 or more years ago and members of their families are eligible to attend.

Mr. and Mrs. E. C. Harris returned last week from a visit with their daughters, Cpl. and Mrs. Richard Wiley and Mr. and Mrs. D. R. Wiley at Carizo Springs. The Bentleys live at San Antonio.

Last week the City purchased 100 feet of new fire hose to replace aging hose presently in use. Congratulations to Mr. and Mrs. Paul Dorman of Wells on the arrival of a fine daughter, May 23rd weighing 7 lbs. 8 oz. The little girl has been named Tonia Jean. Paul Gooch is taking medical treatment at a Ft. Worth hospital.

Dr. and Mrs. Ferrill Farrington and daughter attended a veterans reunion at Dallas last week.

Pierce On Ice Berg Patrol
Jones R. Pierce, 28, Aviation Cadet's Mate first class, U. S. Coast Guard, of here, is serving with the 1952 International Ice Patrol, stationed temporarily at patrol headquarters, Argentinia Newfoundland.

The son of Mr. and Mrs. Jones R. Pierce, of here, he was graduated from the local high school and listed in the Coast Guard in 1942. Following training at Alameda, La., his first assignment was to Boston, Mass. He subsequently was assigned to duty at Worcester, Mass., Rockport, Mass., San Diego, Calif., Biloxi, Miss., and Elizabeth City, N. C. His wife, Elizabeth and son, John, 4 live at Elizabeth City, N. C.

Mr. and Mrs. Harvey McKee spent the week end in Bogata with Mrs. McKee's parents, Mr. and Mrs. M. G. McKee.

Mrs. Orbin Rushing and son, Orbin, and Mrs. Katie Hambrick of Bogata visited Mr. and Mrs. Frank Rushing last week and Mrs. Orbin returned with them for a visit here.

All past matrons and patrons of affiliated past matrons and patrons are invited to meet for a luncheon at the club. The time is 12:30 p. m. Monday, June 23rd. Mrs.

O'Donnell Index - Press

O'DONNELL, LYNN COUNTY, TEXAS, Thursday June 19, 1952

\$1.50 PER YEAR

Scouts Are At Camp

The annual summer Boy Scout camp for the O'Donnell troop got off to a good start Sunday afternoon when nine local youths left for Camp Post. Elvin Moore is the Scout Master and will be with his boys at the camp thru the week. Wallace Cox, C. A. Ross and other men will assist Mr. Moore during the week. While there the youths will camp out in pup tents

enjoy rifle range firing, archery, swimming as well as scouting instruction and scouting field trips. Local Scouts planning to attend are:

Dell Wells, Wallace Cox, Ken Mires, Charles Holcomb, Jack Worthington, Ronnie Middleton, Wendell McClendon, Eddie Thompson and Tommy Mahurin.

Several of the troop members did not attend.

Mr. Moore is filling one of the greatest public services of any resident in devoting a good part of his time to our youth. Without compensation, and at times a sacrifice to his business, he quietly and efficiently guides the members of his troop into a better and finer manhood. We salute Fuzzy, his boys and the men who assist him.

Mr. and Mrs. John Hays of Borger visited Mr. and Mrs. Roy F. Smith last week.

Mrs. J. C. Harris, son and mother of Gruber visited Mrs. Daisy Celsor last week.

The Dorcas class of the First Baptist church met with Mrs. C. R. Brock as hostess Friday afternoon of last week. Mrs. Haynie brought an inspiring devotional and Mrs. J. T. Middleton, the prayer. After a social hour and revealing of Sunshine Sisters, the members were served ice cream, cake and pop.

Mrs. W. E. Vermillion is scheduled for surgery Tuesday at a Lamesa hospital. Her daughters, Mrs. Lee Vaughn and Mrs. Homer Wallace of Vernon are here.

Mr. and Mrs. Ralph Lindsey Jr. of Lubbock were week end visitors of her father, Buster Henry.

Mrs. McBride Hosts Bridge Club
Mrs. O. C. McBride was hostess to the Thursday Bridge club last week. Mrs. C. R. Burleson, Jr. won high prize, Mrs. Mack Noble won second and Mrs. Ralph Beach, traveling and Mrs. O. G. Smith, Jr. bingo.

Also present were Madams Hugh Lott, J. T. Forbes, Harvey Jordan and L. G. Schuessler. Mrs. Mack Noble will be hostess at the next meeting.

Attends Church Meet
About 400 select young people from the Northwest Texas Conference attended the annual McKinstry assembly last week from Monday to Saturday. Three girls from here, Virginia Sanders, Carolyn Pearce and Ann Singleton, attended. They gave their reports at the regular Sunday morning service.

Mr. and Mrs. Burl Koening and children spent Sunday in Lubbock with her parents.

Johnny Billingsley's father, J. C. Billingsley of Lamesa underwent major surgery at Lamesa last week.

PASTOR CALLED AWAY DUE TO DEATH OF GRANDCHILDREN
Rev. and Mrs. L. M. Seay were called to Garland Saturday account of the death of recently born grandchildren, a girl and a boy. Rev. B. W. Taylor, of Lubbock, and former W. of here, filled the pulpit at the Church of Nazareth Sunday. He will also preach this coming Sunday at the morning and evening services. A cordial welcome is extended to all to hear Rev. Taylor.

Mrs. L. E. Butler and Ardes Pace were called to Plinview Sunday account death of a friend there.

Congratulations to Mr. and Mrs. Jimmie Crawford on the arrival of a fine baby girl born June 15 at 7:30 a. m. at a Lubbock hospital weighing 6 lbs. 9 oz. and named Mary Dianne.

The Man For The Job Is Carroll Cobb (Pd. Pol. Adv.)

Mr. and Mrs. Dallas Vaughn and Dan and Miss Effie visited the J. M. Vaughns Sunday.

County Posse Has Fine Record

In their third year of organization, the Lynn County Sheriff Posse under the leadership of John Ellis is off to what promises to be their most successful year. Last Saturday the group rode in the Slaton Birthday Celebration parade and during the past weeks the Posse has taken part in numerous parades and rodeos.

Composed of fifty or so members, the Posse, colorfully dressed and riding good horses, is a good will delegation bringing favorable comment and publicity to Lynn County wherever the group rides. The average attendance at any given event is from 20 to 25 men and Mr. Ellis wishes to bring this average up to near 100 percent. Mature men with mounts interested in membership may contact Mr. Ellis for details.

Going back to the old days of the west when a sheriff posse was a paid group of mounted deputies or occasionally deputized men, the present system of a posse is for recreation of the members and to add a colorful atmosphere for community celebrations. However in event of need or dire emergency the posse of today would fulfill that of the early western posse.

The members are not peace officers but may be used at any given emergency as deputies of the sheriff.

The fine riding and conduct of the County Posse is attested to by the numerous trophies, prizes, etc. won during the past three years by the group. Of passing interest is the fact that the bulk of the members are from O'Donnell and New Home.

B. J. Boyd of Lovington N. M. is seriously ill. He formerly had the Corner Drug here a number of years ago.

Jeff White and family fished at San Angelo over week end.

G. W. Line and family of California are guests in his brother's home Mr. and Mrs. Harvey Line. Also visiting in the Line home Sunday were Martin Line and family of Brownfield.

Mr. and Mrs. Sammy Stuart of Berry Flat and Mr. and Mrs. Buck Autry and family of Redwine were Sunday guests of Mrs. Effie Autry.

Mr. and Mrs. C. C. Cabool visited relatives in Levelland Sunday. Mrs. Cabool remained for a longer visit.

Buddy Brock, a Tech student, is at Raciada Ranch, Camp Davis, N. M. where he has charge of a cabin and nine 14 year old boys.

Mr. and Mrs. John Lawler of Lamesa visited her mother Mrs. John Spears Sunday.

Billy Guy and Vickey Bradley of Midland are visiting their grandparents Mr. and Mrs. Guy Bradley.

Mr. and Mrs. Cecil Royce and Joe Bryan of Seagraves were Sunday guests in the Mack Haynes home.

Charles Huff Cathey returned by plane from San Antonio last week.

Mr. and Mrs. Oscar Vouch are vacationing at Corpus Christi.

Mr. and Mrs. Herbert Royce of Seagraves visited with his father I. H. Royce Sunday.

Airman Rube Smith of San Antonio air base, is home on furlough.

Mr. and Mrs. Charlie Cathey spent week end in Lubbock.

The James Reed family, Ag. teacher in local school, recently purchased the Cletus Cox home in Dawson Heights. The Cox family plan to move to Lamesa.

Mrs. John Proctor and girls and Mrs. D. L. Proctor visited at Rising Star last week.

Mr. and Mrs. Harmon Hensing returned to their home in Ohio Friday.

Study Club To Have Game Party
The 1946 Study Club will host a canasta, bridge and domino party at the school gym June 30th, Monday week at 8 p. m. benefit of the Youth Recreational Council, according to Mrs. Truett Hodnett.

New Moore News
Our crops are growing very nice but we would like to have some moisture.
Curtis Finley had his mother visiting him the past week from Dangerfield; she was here to attend the funeral of her nephew Jesse Bolch.
Several from here attended the vacation Bible school at Wells last week.
Jude Taylor was in Denton and Paris Thursday and Friday on business.
Mr. and Mrs. L. O. Rogers of Brownfield visited with the J. F. Rogers, Jr. Sunday.
Mr. and Mrs. Buck Means of Brownwood spent the week end with the S. L. Walters.
Mrs. R. O. Webb was hostess to a pink and blue shower for Mrs. Charles McLaurin Wednesday.
Mrs. Olan Blair gave a plastic party Monday.

Bible School Is In Progress

Vacation Bible School opened Monday morning with a good attendance. There will be one session daily this week from 8:30 to 11:00 a. m. including Saturday. The public program will be given Sunday at 8 p. m. in the church auditorium.

Rev. Quay Palmer and his co-workers as singer, will begin revival services in the O'Donnell Methodist church Sunday July 6th at 11 a. m. Keep this date open for these services. Rev. Palmer is a noted evangelist and we were fortunate in getting him at this time.

Look for posters in the windows in due time. Regular services are held each Sunday at 11 a. m. and 8 p. m. Sunday school each Sunday at 10 a. m. A hearty welcome is extended to all visitors.

H. A. Longino, pastor.

Leland Lane Weds Miss Hollingsworth

Miss Roberta Ruth Hollingsworth became the bride of Troy Leland Lane in a double ring ceremony read Friday at 2 p. m. in the study of South Side Church of Christ by O. H. Tabor, minister.

The bride is the daughter of Mr. and Mrs. Ira H. Hollingsworth of Lubbock. Mr. and Mrs. Jesse H. Lane of here are parents of the bridegroom.

Miss Peggy Vaughn of Lamesa and Billy Lane of here, cousin of the bridegroom, were honor attendants. Miss Vaughn wore a pink dress with white and navy accessories and a corsage of white carnations. The bride wore a white suit with red accessories and a corsage of gardenias.

The bride is a 1952 graduate of Lubbock Senior High school and the groom was graduated from the local high school and has attended Texas Tech two years.

Legion Ball Schedule Is Given

The American Legion team is having a currently good season. Play began June 11th with Ralls and other games played were June 13th with Plainview here and June 16th Petersburg here. Following is the schedule for remainder of season:

June 18th Spur there
June 20th Abilene Here
June 23rd Ralls Here
June 25th Plainview there
June 27th Petersburg There
June 30th Here
July 2nd Abilene There
All home games are at 4 p. m. at City Ball park.

Kenneth Russell hurled O'Donnell to an East Division win over Petersburg Monday yielding only four hits for the 8 to 4 win.

Russell had a one bitter working as the winners went into the final frame but Petersburg nipped him for three additional base blows. They were not enough however to keep O'Donnell from taking its 2nd win. Roger Doss got 3 singles in 4 trips. O'Donnell fielders turned in a strong game making only 2 errors. O'Donnell plays at Spur on Wednesday.

Parade Plans Started

Mrs. F. M. Jones will again work with the parade committee this year. Mrs. Bill Davis, Mrs. Irene Swinney and Mrs. Bingham will assist her as well as several other ladies yet to be named. Last week the ladies scouted the Slaton parade route for ideas.

The rodeo queen contest will get underway by this week end with civic clubs sponsoring candidates similar to the plan of last year. Mrs. Jones said.

A rich list of float prizes will be given this year. Entries in the parade winning prizes will receive their awards on the final parade day, Mrs. Jones said.

—A trip over the trade area indicates one of the best potential crop prospects since 1949 but due to a near total lack of subsoil moisture this season, the crop could burn up in two weeks. A good stock rain of inch or more would put the crop in safety for early July. Hot weather and burning west winds threatened the tender plants last week but cool nights revive the plants. There seems no early prospect of rain before June 24-25 however it is partly cloudy and cooler Tuesday with some Gulf clouds drifting in. A cotton shower would help but a general rain is needed.

Mrs. G. A. Haynie is visiting her son and family in Lubbock. Mr. and Mrs. D. G. Philipps visited their daughters and family. Mr. and Mrs. Felix Jones last week.

Coffee to a dime and cokes to 6c made the news here although not essential they are luxuries and will doubtless feel the buyer's choice. Inflation or cheap money threatens to price many items off of the consumer's list as purchasing power among the middle class lags behind price rises. The only question about a depression is WHEN.

Mr. and Mrs. Lester Vaughn and boys from Lubbock, Mr. and Mrs. Willis Vaughn and Jerry of Clovis, N. M. and Mrs. Faye Parker and children from Crane visited in the home of their parents the J. M. Vaughns Sunday.

SEE Index for all rubber stamps

Folks You Know

Mr. and Mrs. A. H. Wilson of Roswell, N. M. visited in the Ed Edwards home over week end.

Mr. and Mrs. W. E. Huffines and Mr. and Mrs. Shorty McLaurin visited Mr. and Mrs. M. R. Sandidge at Tarpley last week.

Mrs. Shack Blocker visited in Alpine this week. Mrs. Louis Purvis accompanied her to attend a meeting there.

Leon Archer, Kellis Davis, Jack Gilliam and Shag Garrett returned Saturday from National Guard camp at Ft. Hood.

Mrs. Willie Smylie and her daughter of Bever, Okla., visited relatives in Burnett over week end.

Mr. and Mrs. W. N. Wheat of Amherst returned here for a visit with their daughter Mrs. Dick Atkins.

Mr. and Mrs. A. B. Pace visited in Amherst over week end.

Mr. and Mrs. E. L. Thompson Jr. and Eddie visited in Throckmorton over week end.

Mr. and Mrs. G. R. Lindly of Anton and Mr. and Mrs. A. L. Thompson visited at San Angelo several days last week.

Carroll Davis was returned from a Lamesa hospital this week. Carroll has been ill for about a year. He is always glad to have short visits from friends. The community is praying for Mr. Davis that his health may return.

Mr. and Mrs. Dick Harris and daughter spent last week visiting in Rising Star and Ballinger.

Mrs. Lydia Hancock is visiting her son in Quanah and a daughter in California.

Mr. and Mrs. Paul Gooch are in Dallas where Mr. Gooch is taking medical treatment.

Mr. and Mrs. Tom Yandell spent several days last week visiting their son, Reed Yandell and family at Littlefield.

Mrs. Clarence Gillespie spent several days last week in a Lamesa hospital for treatment.

Mrs. W. D. Stubblefield had surgery at a Big Spring hospital Monday.

Dr. Joe Lehman spent several days of last week visiting in Dallas and attending a medical convention.

Mr. and Mrs. Al Fluty are in Temple where Mrs. Fluty is going thru the clinic.

Mr. and Mrs. Durwood Seely of Hobbs, Mr. and Mrs. Eual Smith and son of Lubbock, and Mr. Smith's mother, Mrs. Molly Smith of El Paso, Mr. and Mrs. Bert Fritz Mr. and Mrs. Jay Singleton and children were Sunday afternoon visitors in homes of Mr. and Mrs. Price Seely.

Mrs. Molly Smith of El Paso is visiting Mr. and Mrs. Bert Fritz.

Mrs. M. W. Wood returned from a Lamesa hospital Saturday. A son, Luther Wood remains in the hospital.

Randolph Lindly and family of Anton visited his sister Mr. and Mrs. Carl Sanders Sunday.

Mrs. Clarence Daniel and daughter Mrs. Joe Jackson visited relatives in Slaton Sunday.

Mr. and Mrs. A. J. Barnes, Jr. and family spent week end in Amarillo.

Mr. and Mrs. Rush Lacke and children of Odessa spent week end with her sister Mr. and Mrs. Bill McMillian. Archie Tucker of Odessa is visiting the McMillians.

Mr. and Mrs. O. C. McBride and girls are vacationing in Ruidoso this week.

Mrs. Bruce Alford and son of San Angelo visited her sister Mr. and Mrs. W. D. Reese last week.

Sunday Mr. and Mrs. Jeff Shook visited Mrs. J. W. Nelson who is in the Plains hospital at Lubbock.

Mrs. Claud Pyron, Mrs. Ernest Richter, Mrs. J. R. Edwards honored Mrs. LeRoy Mensch with a pink and blue shower Thursday in the home of Mrs. Ed Edwards. Cakes and cokes were served to 28 guests.

AND now comes forth Vernon Caswell with a mature male badger which he killed Tuesday a. m. in the city limits. Maybe some club should start a "Clean Up The Badgers" campaign.

Good Neighbors Meet
The Harmony Good Neighbor Club met June 12th in the home of Mrs. A. B. Furlow. After a business and social hour cokes and cookies were served to eight members. The next meeting will be with Mrs. Oscar Furlow on June 26th at 3:30 p. m.

Ruth Jones and her cousin Betty Phillips returned to San Antonio last Wednesday for two week visit.

James Crumley To Move To Crane Soon

The Texas Electric Service announced this week the transfer of their local manager, James Crumley to Crane as manager and James Lemmons of Big Spring as the new manager. Mr. Lemmons has arrived and Crumley will move on the 23rd. Miss Helen Jones will continue as clerk.

Mr. Lemmons is married and has recently received his discharge from the armed forces. He has served in both the Navy and Army.

Mr. Crumley and wife and two children moved here as manager in September of 1946 from Lamesa. Prior to that the service here was supervised from Lamesa.

During the more than five years here, the Crumleys have been good citizens taking part in all the community affairs. James is currently president of the Rotary. He is an official and a lay leader of the First Baptist church. But perhaps his greater work here was his Boy Scout activities. His fine wife joined with James in making a team of civic workers. She is a member of the 46 Study Club and also a lay leader in the Baptist church. She also was a willing P. T. A. worker.

The move of the Crumleys to Crane is a definite promotion in his career with the utility firm and the community expects to hear of James sitting 'up front' some day in the Ft. Worth office chewing on a cigar that he never lights.

The Lemmons family are very friendly and the community looks forward to loving them as we all did the Crumleys.

Brewer - Cook Vows Are Exchanged

Miss Bertha Marie Cook and Glen Burleson Brewer exchanged marriage vows Thursday evening June 12th in a candlelight ceremony in the home of the bride's parents in the Draw community.

The bride is the daughter of Mr. and Mrs. Thedo Cook and the bridegroom is the son of Mr. and Mrs. Burlie Brewer of here.

Rev. Bervin Caswell of El Paso, uncle of the bride, performed the double ring ceremony before an arch of greenery and pink and white gladioli, flanked by white tapers in candelabra.

Preceding the ceremony Miss Bobbie Lou Barnes, pianist, accompanied Mrs. Joel Holloway as she sang "I Love You Truly" and "Because".

The bride was given in marriage by her father. She wore a gown of imported Chantilly type lace and net over taffeta in a beautiful shade of ivory. Fashioned with sheer yoke framed with upstanding collar of lace, the lace bodice had small sleeves completed by lace gauntlets worn over the hands and wide fitted midriff ending in point at center front. Joining this was an immense ballerina length skirt of net shirred at waistline the fullness of many layers of net and taffeta was emphasized by crinoline worn underneath. Tiny lace covered buttons fastened the bodice in the back from top to below the waistline.

Her veil of silk illusion was joined to a tiara of seed pearl fashioned orange blossoms centered with rhinestones. She carried a bouquet of white gladioli with white satin streamers on a white Bible and wore an heirloom pin which had belonged to her great grandmother. The bride groom wore a dress white uniform of the Navy.

Miss Elwanda Stalcup was maid of honor. Her dress was a sleeveless pink lace oper taffeta worn with pink linen shoes and white hat. She carried a bouquet of pink gladioli with pink satin streamers.

Don Mires served as best man and Arvis Grozan was usher.

A reception followed the ceremony in the home. The table was laid with a lace cloth over pink satin. The tiered wedding cake was decorated with pink roses and wedding bells. The punch bowl was banked with pink and white shasta daisies and the centerpiece was an arrangement of satin covered loops representing a double wedding ring on a mirror base with "Bertha and Burlie" printed in silver.

Assisting with the hostesses were Misses Frances Martin, Bobbie Lou Barnes, Druella Cook, sister of the bride and Mrs. Harold Gene Franklin.

For a going away dress the bride wore a navy blue bolero dress of salina trimmed with white braid centered with rhinestones. Her accessories were white with shoes and bag trimmed in blue. Her corsage was white gladioli.

The couple is at home in Corpus Christi where the bridegroom is stationed with Naval Air Force

Never ask for a favor unless you are ready to give one.

Caution and care will prevent every man woman and child.

Safeguard America by educating the waste caused by forest fires.

There will be high prices as long as customers insist on paying them.

Turning a new leaf doesn't count so much as the writing done on it.

A man who can't collect his wits would be a poor risk as a bill collector.

Tip to motorists: Keep your tires up and your speed down.

Some people argue over religion as stubbornly as if they had it.

Opportunity is a fine thing—so fine in fact that many of us miss it.

A lot of people can't get into high gear because they are shiftless.

Unfortunately the man who loses his head always keeps his tongue.

Fast, Efficient Way To Fertilize Shown

Liquid Nitrogen Sprayed On 1,000 Acres by Plane

How to fertilize a 1000-acre field in a day was recently demonstrated in Madison County, Ohio.

A new liquid nitrogen product was used. The feat was made possible by direct transfer of the fertilizer from a railroad tank car to a small plane on a landing field adjacent to the train siding. The loaded plane flew to a farm 20 miles away, sprayed the wheat field, and returned to the siding for another load, all in about 15 minutes. Six thousand gallons, in all, were used in this first rail-plane fertilizing operation.

The railroad predicted a large-scale system of fueling centers for liquid fertilizer in the future.

For many farmers, the event recalled other chapters in the story of railroad agricultural development and assistance to farmers.

On March 1, 1911, in Broome County, New York, the first county agent in the United States was hired at the suggestion of a Lackawanna vice president. The railroads, in fact, paid part of his salary. Subsequently, many eastern railroads established their own agricultural departments, and worked with the agricultural colleges, running farm demonstration trains into rural communities. Soil conservation, better livestock breeding, new

For the first time, liquid nitrogen fertilizer was transferred direct from a railroad tank car to a waiting plane. The plane flew 20 miles to a 1000-acre wheat field, sprayed its load, and returned to the siding for a quick refill—all in about 15 minutes.

crops—a notable example being the soybean—were all the subject of flat car lectures and traveling exhibits.

These agencies engage in educational work among farmers and shippers to see that the farmer's products get to market in as good condition as they leave the farm.

All this, of course, is not pure philanthropy. The railroads, which are self-supporting and operating on narrow profit margins, feel their stake in American agriculture is great.

Safety tip: Bad driving, not bad luck, causes accidents.

Experience is a thing that keeps right on going up in price. It is a sport or big business.

It begins to appear now that prosperity is an affliction.

Stock Chute

The above stock chute squeeze is the idea of a Farmer of America boy, built it from salvaged lumber for use on his father's farm. The steel rods were cured in such a manner they could be removed for braising, vaccinating, etc. A farmer handy with tools could use the above sketch as the starting point for a stock chute to fill his own needs.

CAUTION: You'd better close, now, before telling the she has wrinkles in her nose may not have any on!

**Described as Effective
Against Rootworms**

Growers of corn, peanuts, sugar
beets, sugar cane, small grains and
similar crops may get economical
control of soil insects with Aldrin,
a new insecticide.

The U.S. Department of Agricul-
ture recently accepted the new
chemical for registration for use
against soil insects, grubs, harmful
worms and other burrowing pests,
following proof of its effectiveness
by many experiment stations.

It is described as being particu-
larly effective against rootworms,
wireworms, and white grubs—and
in far smaller doses than those
needed in previously known treat-
ments. Damage to crops by above-
ground insects is easily seen, and
until recently has been the primary
concern of the farmer. But damage
to plant roots by soil insects, while
not so readily recognized, is often
more widespread and serious.

The new insecticide may be ap-
plied by any method available to
the average farmer; by mixing with
starter fertilizer, with manure, or

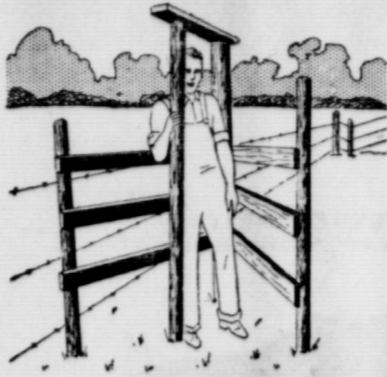

Note the fuller roots, larger
ears and straight stalks of the
corn grown in soil treated by the
new chemical.

by broadcasting a mixture on the
surface and then discing it in. Treat-
ments vary from a few ounces up
to three pounds or so per acre, de-
pending on what pests are being
fought, and on other factors. Far-
mers should obtain competent advice
from their dealers before using the
new product.

While Aldrin's approval as a soil
insecticide is new, it has been known
for several years as a highly effi-
cient and inexpensive surface in-
secticide.

Walk Through Gate

Here is the answer for a walk
through gate for a barbed wire
fence. Three extra posts, a few
boards and two hours of your
time are the essentials. The 2x4
nailed across the top takes the
place of two braces. Located at
convenient points on your farm
this type of gate will save time
and prevent that business of get-
ting down on the ground and
rolling under barbed wire.

The guy who said that money
talks referring to hush money.

The upkeep of a woman is the
downfall of many a man.

Before marriage they bill and
and coo. After marriage the cooing
stops and the billing begins is ear-
nest.

CHRYSLER SARATOGA
6-PASSENGER SEDAN

DON'T LET YOUR WIFE DISCOVER THIS TOO LATE!

Women by the thousands are discovering in the beautiful Chrysler Saratoga the easiest "big car" of all to handle... the most generously comfortable to ride in... and the most instantly responsive to their command.

That's why we say to you... and your wife... "Come in and see for yourselves what the Saratoga does for you." And do it now, before you decide on any car... not later, when you may regret not having all the things you can have in a Saratoga!

Yes, it is a big car with big car power... a breath-taking 180 H.P. performer (the most revolutionary V-8 engine in 25 years) that answers to the touch of your toe with delightful gusto. And it doesn't call for premium fuel, either!

Does your wife think there's too much car here to handle?... let her try its Power Steering that does 4/5 of all the steering work and gives five times greater control on the road and when parking!

Is she safety-minded? Chrysler Power Brakes give her quicker, safer stops... with up to two-thirds

less foot pressure. She'll appreciate Chrysler's Safety-Cushion dash panel. And in case of a blow-out, she'll have the assurance of Safety-Rim wheels that won't "throw" a tire.

How about comfort? Come, both of you, for a ride!... feel how those amazing Oriflow shock absorbers "liquidate" even the worst road bumps. Chair-high seats plus big, big windows let even the tiniest little lady see out properly. Doors open wide... and she can keep her hat on!

Here, in short, is the car beautifully designed for men and women. The liveliest, best handling car in America. The car you'll both be glad you saw first. Why not stop in today?

NOTE: Power Steering standard on Crisp Imperial. Available, extra, on any new Chrysler.

Restricted Feeding Plan Is Outlined

Plan Will Cut Feed Cost in Half, Report

A barnyard "diet" worth millions each year to American farmers is being advocated by Dr. O. B. Kent of Chicago, widely known poultry scientist.

Dr. Kent, research director for the Quaker Oats Company, believes that chickens should scratch for part of their living. Pullets being raised for egg production on the "full feed" method eat too much for their own good, he says.

As much as half the feed cost of growing a pullet can be saved, he asserts, by using a "restricted feeding plan." Pullets raised under this plan need only about 20 pounds of feed, compared to an average of 34 pounds or more on the usual full feed grain and mash plan.

Pullets on the "diet" are fed moderately five days each week, with the accent on more oats and less mash. On the other two days they get no mash and only a few oats. The restricted method could be worth as much as 440 million dollars a year to poultry raisers, Dr. Kent declares.

Pretty Kay Norris demonstrates that there's more than one way to feed a pullet. Big pile of poultry mash at right weighs 34 pounds, the amount required to raise a pullet to egg production state by conventional feeding methods. Small pile weighs only 20 pounds. That's all that is necessary says Dr. Kent.

Dr. Kent says birds grown on restricted feeding have demonstrated better egg producing ability—to the extent of about 1 1/4 dozen eggs per year in tests over the past 12 years.

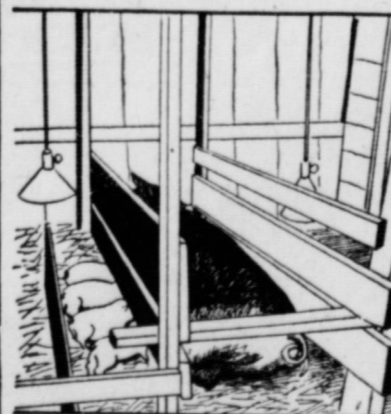

Father and Son Team Set Production Record

A father and son team on a north-eastern Illinois dairy farm have set a production record at a minimum of cost. They produced 383,000 pounds of milk last year—enough to give a pint a day to 1,050 persons for a whole year.

Father and son milked 35 Holsteins on their 225-acre farm. Besides nearly 192 tons of milk, the two men produced 17,800 pounds of pork, 3,250 bushels of corn, 1,600 bushels of oats, 850 bushels of wheat, 150 tons of corn and grass silage and 150 tons of hay.

Their secret for high production is made up of labor-saving tricks, careful records and good soil care. But mainly these five things spelled high returns for the team: (1) High crop yields, especially roughage, on land that is well suited to growing roughage; (2) maximum use of good-quality roughage, which means cheap feed cost; (3) high production of milk, veal calves and hogs at a low cost; (4) healthy livestock through strict sanitation, vaccination, and balanced rations; (5) attention to details, such as farm records.

Farrowing Jacket

Here is a way to cut down the death rate at farrowing time. It eliminates much of the danger of pigs being crushed by the sow. The sow is placed in the jacket or pen for farrowing and left there two or three days after pigs are born. Sow is fed in front and pigs nurse from pen alongside. It is simple and easy to construct.

Soldiers back from New Guinea report having seen tribes of wild women without tongues. No wonder they were wild!

Undulant Fever Is Described

This is the season when an increase of undulant fever may be expected, according to the State Health Department.

An undulant fever patient suffers from chilly sensations, or severe shaking chills, sweats, and high fever. The patient loses weight and becomes weak. If the illness is of mild type, the patient may find it hard to remain in bed, but if he tries to keep on with his work he finds he has not sufficient energy.

Symptoms often continue for a number of weeks before recovery occurs. Fortunate undulant fever has a low death rate. Body temperature may reach a higher mark each day than the day before for some time and then gradually return to normal over a period of several days. Fever may be absent for some days and come back in the same way as before, registering higher each day and then gradually going lower. The patient's temperature chart will resemble smooth waves or undulations. The appearance of the temperature curve in typical cases has given this disease the name undulant fever.

Undulant fever is one of the infectious diseases known to be transmitted from animals to human beings. In hogs and cows, the germ produces a great economic loss because it causes contagious abortion. When this same germ invades the human body, the resulting disease is undulant fever. Prevention is dependant upon eradication of the disease in farm animals, care

Corner Drug

Disease Drop Is Noted

Public health workers are encouraged by the drop in venereal disease but are wary of future developments. Dr. Geo. W. Cox, State Health Officer.

As long as the infections remain among a relatively small segment of the population the danger of spread to non-infected persons exists. Dr. Cox declares that everyone should avail himself of the free information concerning the nature, cause and spread of venereal disease.

There is little reason for a person who becomes infected with a venereal disease today to suffer without treatment. Modern "wonder drugs," principally penicillin, have made possible the rapid treatment and cure of most cases. Just a few years ago treatment required one and a half to two years care by a specialist.

Despite the encouraging progress against venereal disease it must be recognized that many undetected cases still exist. Our over-crowded mental institutions are populated with thousands of patients with syphilitic mental disorders. Last year 431 persons died of syphilis.

Dr. Cox states that this personal and public health problem is still with us and everyone should join in the fight against the venereal disease.

Four Grassland Tours Planned for August

Four grassland tours of typical agricultural areas in the United States are being planned for the benefit of visitors from other countries to the sixth International Grassland Congress, the U.S. Department of Agriculture announces. The tours are planned for August 7 to 22.

As now planned the tours will be in New England, the south, the mid-west and the west. Delegates and members of the congress, attendance is estimated at 2,500, will have their choice of tours.

The congress is being sponsored by the United States government and the Food and Agriculture Organization of the United Nations and will be held at Pennsylvania State College.

The tours are designed to demonstrate accomplishments in grassland farming in this country and Canada, both on actual farms and in research and educational institutions.

Allen Withdraws From Rep. Race

It is with considerable regret that I announced my withdrawal from the race for Representative fact that, shortly after the results of the 99th District. This due to the for filing on midnight of May 5th. I learned that by name would appear on the ballot only in Law on Council of necessity be a "write in" vote. If I continue in the race, it would in Lynn, Gains and Andrews Counties. This fact presents an all but insurmountable obstacle which very few candidates in Districts of more than one county, have been able to overcome. Therefore, upon the advice in these counties, I arrived at this decision. From newspaper accounts and counsel of a number of friends over the State, it seems other candidates find the 1952 Election Code This all came about through lack of experience as a "politician". After filing with the Democratic evening of May 5th, I inquired what else was needed. He turned through the new 1952 Election Code and gave me the dates when statements of expenditures and contributions should be made. Having jotted down this information I inquired if that was all to which he replied, "Yes, you are in." But he failed to inform me that I was required to file in each county in the District to insure a place on the ballot, neither did he ask if I had already filed in the other counties, a courtesy that I understand other Chairman extend to District Candidates. With that information, I could have mailed a check with an executed copy of the application and loyalty oath to each of the other counties and all would have been in order. But without that information, I returned home with the belief that I had fulfilled all legal requirements for filing as a candidate. After learning the conditions imposed by the new 1952 Election Code, I made inquiry all the way to the Secretary of State in Austin and finding no legal way of securing a place on the ballot in the other three counties, I have decided to withdraw my name as a candidate.

I wish to thank my friends all over the District for their expressions of confidence and the support that I am certain they would have given me in this race under normal conditions. With my name on the ballot in all counties, I would have had no fear of the outcome but as a "write in" candidate I feel that "the hill is too steep to climb." And to the remaining candidates, I can only say "May The Best Man Win."

SAM ALLEN

Sick Soils Can Be Nursed Back to Health

Sick soils can be nursed back to health by means of soil tests which tell the farmer what plant foods and management methods are needed to restore run down fields to high crop yields. In Missouri alone, 69 county soil clinics are diagnosing soil ailments and prescribing treatments. The laboratories are operated under sponsorship of the extension service of the College of Agriculture and the county agents.

To Whom It May Concern:

To all veterans of the armed services with 30 or more days duty outside the continental limits of the United States, the Veterans of Foreign Wars extend a cordial invitation to join V. F. W. Post 4950 Lamesa, Texas. Yours in Comradeship, G. D. Keathley Post 4950 Lamesa, Texas 34p

Higher Production Is Goal of U.S. Farmers

Again American farmers are being called on to turn out high yields of food, feeds and fibers. The production goals recently announced by the Department of Agriculture for 1952 anticipate a total production of 4 per cent higher than the record production of 1951 and 50 per cent more than the prewar average from 1935 to 1939.

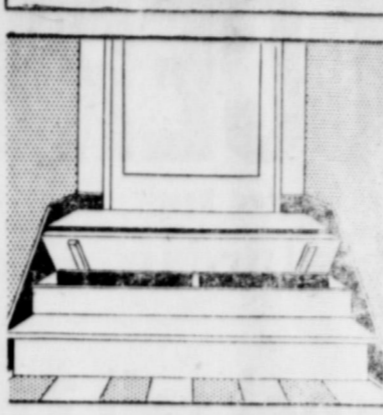

This production is being asked although farmers will have about 200,000 fewer farm workers available in 1952. During 1951, 400,000 workers left the farms. About 80 per cent went to work in other industries. Armed forces took the other 20 per cent.

Production at the goal level will require increased yields per acre in all major crops, and selective acreage expansion in those most needed to insure our economic stability in these pressing times.

The task for farmers is made more difficult because their need for fertilizers will be far greater than the supply. At the same time farm machinery production in 1952 will be considerably less than farmers desire.

The Department of Agriculture will do all it can to offset these shortages, but such scarcities are a warning signal to the American farmer.

Step Storage

Here is an idea for storage of rubbers and galoshes. It can be used as a handy place for ball bats and catchers' mits, etc., that kids collect. Hinge a step in the stairway that's near the back or side door and use the space underneath. It will keep the entry neater and eliminate a great deal of picking up and extra work.

When a candidate hedges it is safe to say he fixing his political fences.

Industry is the most successful form of inoculation against Communism.

When you come right down to it the reckless driver is very rarely reckless.

Some local areas are so dry that they have even taken the nip out of the air.

Easier Loading

A farmer handy with tools can make a drop-side to his wagon or truck as illustrated above with a few pieces of scrap iron and a length of pipe. It will save considerable trouble loading and unloading, especially when the truck is pulled close to a loading platform.

Essentials for Ideal Farm Life Are Listed

An Oregon rural life committee, after a statewide survey, came up with the following nine essentials for the "ideal" farm home: (1) Adequate income, (2) time to enjoy life, (3) a family goal, (4) family love and understanding, (5) religious education and spiritual values, (6) parental recognition of opportunity, (7) ability to build character in children, (8) evaluation of ideals, and (9) belief in family.

FORD STARTS A NEW TREND IN MOTOR CARS

IT'S THE MOST MODERN, MOST ADVANCED CAR IN THE INDUSTRY!

Ford's new modern design bodies are the newest, most advanced in the low-price field, styled ahead to stay new. New hull-tight construction seals out noise and weather. New easier-working Power-Pivot Pedals (suspended from above) eliminate dusty, drafty floor holes.

Ford's 110-h.p. high-compression Strato-Star V-8 is the only V-8 in the low-price field and Ford's 101-h.p. high-compression Mileage Maker Six is the only all-new, low-friction Six.

Never before has any manufacturer offered so much car for so little money!

The 1952 Ford, with its many, many new advances, is starting a completely new era in automobiles. For never before has any car so far ahead in design and quality been so modest in price.

It's the most powerful low-priced car ever built! Never before has any car offered so much high-compression power for so little money! Ford's 110-h.p. V-8 is the most powerful engine in the low-price field. And Ford's all-new Six, with 101-h.p. is the V-8's mate for power at a saving. For both Ford engines offer the go-packed savings of the Automatic Power Pilot.

It offers ALL 3 drives! This '52 Ford offers you many, many choices, too . . . choices usually associated with America's highest-priced cars. For example, only Ford in its field offers you your choice of Fordomatic, Overdrive or Conventional . . . so many body, color, and upholstery combinations . . . 18 different models. "Test Drive" this greatest of all low-priced cars at your Ford Dealer's. We're sure you'll agree it's a car that will influence automobile design for years to come.

HERE'S THE ALL-PURPOSE CULTIVATOR FOR PRACTICALLY EVERY TILLAGE JOB

The all-around usefulness of the John Deere Tool-Bar Cultivator makes it a cultivator that soon proves its worth on every farm.

Equipped with broad, fast, sub-surface sweeps, it's all set to do a good job of sub-surface tilling, undercutting surface growth and killing weeds, yet scarcely disturbing erosion-controlling surface trash.

With the double-coil spring teeth and shovels, the John Deere becomes a heavy-duty field cultivator for many jobs. Add beams and lister bottoms and it becomes a lister for blank listing. With the planting attachment, it lists up to four rows. With the disking attachment, the John Deere is ideal for throwing up beds for melons, tomatoes and other crops.

When you consider its broad usefulness, its quality construction, and other outstanding features, you'll agree—the John Deere is a cultivator you can't afford to be without. See us for complete details the next time you're in town.

O'Donnell Implement Co

CARD OF THANKS

In deep appreciation for the many acts of kindness rendered us, at the time of the passing of our beloved grandmother, Martha Jane Elzy, we thank you again and again.

Mrs. C. F. Thompson sr and children

Nice Fryers for sale. Mrs Dick Harris.

Small Shoots, see Walter Teeter

Mrs. R E Townsend, a patient in the hospital at Brownfield, wishes to express her thanks and appreciation for the flowers, cards and everything that was done for her by the lovely people in O'Donnell and Wells. It made her stay in the hospital more enjoyable.

RECIPE OF THE WEEK

By Mary Lee Taylor

Top-Stove Rice Pudding

1/2 cup sugar 2/3 cup Fat Milk
2 teaspoons flour 1/2 cup water
1/2 teaspoon salt 1 1/2 teaspoons vanilla
1 egg 1 cup cooked rice

Mix sugar, flour, salt and egg in saucepan. Stir in milk and water. Cook and stir over medium heat until mixture coats a metal spoon, or about 8 minutes. Remove from heat and stir in vanilla and rice. Cover and cool before serving. Makes 4 servings. Use 1/2 cup uncooked rice to make 1 cup cooked rice.
