\$1.50 PER YEAR

## Local News

### MISS SWINNEY WED

Miss Hazel Swinney, niece of Mr and Mrs John Ellis was united in marriage to Alfred R. Vaughn, son of Mr and Mrs Vaughn of Draw. They were married May 27th in Clio, N. M. by Bro. Roberts of the Church of Christ of Clio. They were accompanied by Mr and Mrs D. Bingham and Mrs G. W. Jones. After a short wedding trip the couple returned to make their home here where Mr. Vaughn is employed.

### '46 Study Club Installs Officers

The 1946 Study Club met May 24th at the home of Mrs. Chris Shotmaker for installation of officers for the coming year. Mrs. Jessie Clayton, a past president, acted as installing officer in the impressive service. Officers installed were: president, Mrs. Frances Schussler, vice president, Mrs. Ruth Marie Ballew, recording secretary, Mrs. Freddie Koeniger, corresponding secretary, Mrs. Bess Hardberger, and treasurer, Mrs. Billie Frank Sumrow. This meeting closed the club's year. Mrs. Shotmaker served a dessert plate to ten members.

### O. E. S. Installs Officers

Wednesday night Mrs. Vera Vaughn was installed as Worthy Matron of the O'Donnell Chapter No. 725 Order of the Eastern Star in a ceremony attended by a large group at the Masonic hall here. Others installed in the service conducted by Mr and Mrs D. J. Boleh, past Matron and past Patron, and parents of Mrs. Vaughn, Mrs. Fleta Allen, Mrs. Moody Everett, Mrs. Erle Proctor and Mrs. Butler were as follows: Jeff Shook, Worthy Patron, Mrs. Ruth Jolly, Associate Matron, Homer Hardberger, Associate Patron, Mrs. Lena Mae Burleson, secretary, Mrs. Nodia Treadway, treasurer, Mrs. Ina Merel Harris, Conductress, Mrs. Lorene Thompson, Associate Conductress. A musical prelude was furnished by Mrs. Butler and Mrs. R. R. Peltz sang a special number. The hall was decorated in bouquets of roses and larkspurs. Each officer was presented with a corsage of carnations tied with silver ribbon by the incoming Worthy Matron.

The refreshment table was laid with a white Maderia cloth and centered with a bouquet of roses. Refreshments of punch and star shaped cookies and mints were served to about 40.

A gift of china was presented to Mrs. Verda Hobdy, the retiring Worthy Matron and a silver pie server was presented to Mrs. Vaughn. Both ladies expressed their thanks aptly and Mrs. Vaughn added her thanks to the installing officers.

**O. E. S. To Meet 3 p m June 8th**  
All O. E. S. officers are asked to be at the Masonic hall Thursday, June 8th at 3 p m and Monday, June 12 at 3 p m to practice.

**Telephone Dead Line IS June 10th**  
Applications for rural telephone service must be in the Tahoka office by June 10th if they are to be included in the first allotment. Any applications received after that date will probably be delayed 12 to 24 months.

Poka-Lambro Rural Telephone Cooperative

### METHODISTS TO HAVE BIBLE SCHOOL JUNE 12-23

The Methodist Vacation church school will be held June 12 thru 23rd from 9 to 11 each morning and is for children of any faith ages 4 to 15. Parents are urged to send their children so they may enjoy Bible stories, games, sing, play and worship.

### BANK ENJOYS VACATION

Despite blistered backs and that "all gone" feeling that is usually the climax of a well earned vacation, the O'Donnell High School band arrived back in town last Thursday. Everyone reported a wonderful time at the 4 day camp at Lake Brownwood. We are hoping to make this an annual event for our hard working band. The camp was well organized and the facilities furnished the group by the State Park officials were adequate for the needs of an ideal camping experience. There were 65 band members and sponsors present at the camp.

We wish to thank everyone who contributed in any way toward making our first band camp a success. Special thanks go to those who organized the camp and set it up. Let's do this again next year.

### 'THURSDAY BRIDGE CLUB

Mrs. Louis Hochman was hostess to the Thursday Bridge Club in her home last week. High score was awarded Mrs Lynn Birdwell, second high and bingo was won by Mrs James Bowlin and Mrs John Stephens travelling prize. Ice cream, sundaes and cookies were served to Mesdames Joe Lehman, James Wiese, James Bowlin, John Stephens, Paul Mansell, J T Addleton, Jr., Johnnie Billingsley, Mack C Bradley, Glen Gibson and J. V. Burdett Jr

### CARD OF THANKS

We wish to express our heartfelt thanks to all our friends who sent flowers, food, love offerings and the many other thoughtful deeds at the time of the passing of our beloved husband, father and brother. Especially do we thank Mr and Mrs Teeter, Mr and Mrs Arnett and Mr and Mrs B B Vestal. May God bless each and every one. You are our prayer. Mrs Clarence Daniel and children. The Daniel sisters and brother.

### METHODIST LADIES ELECT OFFICERS

The W S C S of the Methodist Church elected officers for the new year. Officers are: president, Mrs. H C Warren, vice president, Mrs. J W Gardenhire, treasurer, Mrs. J P Bowlin, recording secretary, Mrs. D E Sumrow, sec'y of Spiritual Life Mrs R R Ballew, promotion sec'y Mrs Ross Stork, C. S. R. A., Mrs Ben Moore, missionary education Mrs Warren Smith, status of women. Mrs Elsie Brewer, sec'y of youth. Mrs. Naymon Everett, sec'y of children. Mrs Wilbur Line

Installation of the above officers were held Sunday evening. One of the goals for the New Year is to enroll every lady of the Church as a member of the Society. We urge each of you to come and help us carry on a work that is really worth while and we feel it will get something into it: we will get something out of it.

Mr and Mrs W F White visited Mr and Mrs W H Carmichael at Brownfield Sunday

Mr and Mrs Richard Morgan of Colorado City visited Mr and Mrs T A Wimberly Sunday

Mrs W R Gibson is visiting at Christoval

### CHECK VIOLATORS BUSY

Deputy Cleve Bairrington arrested Floyd Norman and J W Owings here week on check law violations. The youths are from Post. A negro Curley Armred was arrested for passing a check on Dick Franklin to amount of \$62.25. All are in jail at Tahoka.

### Gulf To Drill Wildcat East Mesquite 5 Miles

This week a heavy duty rotary rig is being moved to location for the Gulf's no. 1 A M Clayton test of the Ellenberger which is usually a 11,900 foot test. The site of the new prospect is 4 miles east and 2 miles south of the Mesquite school in Borden County and is 5 miles east of the Williams discovery of last year.

Sunday at the Draw well, it was said that the well was re-acidized in an effort to increase and to maintain production. The well has been flowing about 260 barrels per day.

### Borden Road Taking Shape

The 10.5 miles of Farm to Market road in the northwest precinct of Borden County is rapidly taking shape with much of the heavy work complete. Hot topping will be done within the next week to 10 days, Commissioner Hubert Walk er said. Few areas in West Texas were more badly in need of roads than this area of Borden County.

### RAIN SUNDAY NITE AIDS CROPS PROSPECT

According to Weatherman Ben Moore the Sunday nite thunder storm recorded 36-100ths inches of rain here and the fall was an average of half an inch in the Harmony, Draw, Berry Flat and Mesquite areas and not quite so heavy in Wells and New Moore. Consider able wind and driving rain was reported at O. K. Lamesa caught a fair to middling hail storm.

Generally the crop prospects are bullish with chances as good as those of last year at this time except for reduced cotton plantings

### NEW TEAMS TO ENTER SOFT BALL LEAGUE

Two new teams have entered the City Softball league and will play their first game Thursday nite. The new teams are the New Moore Team and Jess Lane's (Old Men) Plumbers. The results of last weeks games were:

H. and S defeated Co-Op 12 to 4 and H. and S. defeated Hunt's 22 to 13. A new schedule has been made up and the following games will be played:

Tuesday, May 9th Co-Op vs Hill School, May 8th: New Moore vs. Lane's

Monday May 12: Hunt's vs Co-Op Tuesday May 13 H and S vs Lane's

Every Friday is being reserved for all-star games and this Friday June 9th the O'Donnell All stars will play Lubbock at 8:30

Lubbock has a very good team so everyone come out and see a good ball game.

### SUL ROSS STAR AWARDED DEGREE WHILE ILL IN BED

ALPINE, May 27 - After he had been served in bed with his Sul Ross State college Bachelor of Science diploma, as well as his breakfast, Dan D. Blocker's mother decided that he had sufficiently recovered from pneumonia to be taken to his home in O'Donnell. The young giant, athlete and actor, was so delighted when President R M Hawkins, several faculty members and more than a score of students went thru the ceremonies of awarding him his degree, that he asked permission to don his clothes and sit out in the sun. Soon afterwards his condition was improved sufficiently to permit him to accompany his mother to his Lynn County home.

During his second year in college Blocker was a tower of strength to the football team when it defeated all comers but a heart ailment developed and he was persuaded to quit athletics. Among 1,000 students, he was perhaps best known and most liked. His irrepressible spirit soon found expression in the study of dramatics, in which department he soon became an outstanding performer. Friends have said that twice last winter he was visited by talent scouts when movie crews from Hollywood photographed Westerns in the Big Bend using a group of local performers in minor roles and urged him to report for a studio test. Despite his 300 pounds of solid flesh, Blocker's stage "form" is the envy of fellow players

### Last Rites Read Friday For Clarence Daniel

Funeral services were held here Friday at 2:30 p m at the Methodist church for Clarence Daniel, who would have been 47 in June. Rites were read by Rev Edward Crandall, former Methodist pastor here, and now of Lubbock. Burial was in the local cemetery.

Mr. Daniel was believed to have been killed instantly at about 9 p. m. Wednesday nite when the 1941 model Ford coupe overturned on its side in a ditch on a dirt road 5 miles south of town. John Haskett, "Hack" Burnett, age 30, also of here, was a passenger with Mr Daniel and suffered bruises. Mr Daniel was pronounced dead on arrival at a Lamesa funeral home by a Lamesa justice of peace. Highway patrolmen said the car was only slightly damaged and could probably be repaired for \$50 or less. It was said that Mr. Daniel was driving at the time of the mishap. It was reported in the daily papers that the two men had been to a party at the home of one of Mr. Daniel's daughters, but this was in error as Mrs Barnes, the daughter, said she had not seen her Dad that evening. Funeral home officials at Tahoka where the body was later taken, said that Clarence had a fractured neck.

Clarence A Daniel was born June 19, 1903 to Mr and Mrs L E Daniel at Annona, in Red River County Texas. He grew to young manhood in that town and on Aug. 14th, 1924 he was wed to Miss Mertie Moore at the town of New Boston. The young couple moved to O'Donnell in January of 1925 and had lived here since rearing a family of two daughters. He had been a Methodist since a youth of 14. He was a farmer, ginmer and cotton buyer here as well as a trader.

Survivors besides his wife are two daughters, Mrs A J Barnes, Jr and Mrs Joe Jackson, three grand children, three sisters, Mrs Ernest Goad of Amarillo, Mrs Tom Moore of here, Mrs J T Hemmingway of Midland, and a brother E B Daniel of Guyton, Okla.

Prior to this mishap two other members of the Daniel family died of a car mishap in recent years.

In our poor efforts to salute a friend, we go to our two children who brought us to know the Daniel's as the finest folks in town.

At the dinner table we told the older boy, who is 6, that his pal Clarence was dead. For a few seconds he thought we meant "injured" then he grasped the idea of death, his eyes reddened and filled as he left the table.

For over five years we've lived neighbors to Mr and Mrs Daniel and the older boy, then the baby, as a trail to the Daniel's house. Of evening when Clarence was gardening they both followed in his footsteps, talking a blue streak and he was never too busy to answer their chatter and never seemed to mind that they tramped in the dirt all his plants. A few nites ago we were looking for the baby and found him with Clarence in his house being rocked. Clarence loved kids and never gave them the "brush-off". In life he loved and was loved by countless scores of friends.

We never had a fence; just a lilac hedge. If we needed a hoe or a rake or what have you-- it was simple-- we just went across the hedge and when Clarence's garden was a bloom, the Smith's had fresh vegetables.

Smithy said last nite in trying to understand death "that it was like going to sleep with Jesus holding your hand"

Yes, Smithy, that must be it.

### SHOWER HONORS BRIDE

Mrs. Harold Mires was honored with a bridal shower in the home of Mrs Tom Brewer Tuesday afternoon. The home was decorated with roses and larkspur. Miss Carlene Akers presided at the bride's book. When the bride arrived she was presented with a corsage of pink carnations. Leta Merle Mires gave an accordion selection and Miss Fletchler a reading. Jaurene Crumley sang, accompanied by Leta Merle on the accordion concluding the program. The gifts were presented the bride by Mrs Darus Sumrow. The bride unwrapped the gifts assisted by Miss Carolyn Middleton. Punch, cookies and mints were served to about 30 guests by the hostesses, Mrs. Warren Smith, Mrs Truett Hodnett and Mrs Darus Sumrow

WEEKLY NEWS ANALYSIS

Nation Displays Might on First Armed Forces Day; Atlantic Pact Nations Announce Defense Plans

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

ARMED FORCES: A Workable Team

Any doubts that observers might have entertained about the success of armed forces unification in the United States was dispelled with the observance of the first national Armed Forces Day.

For the observance, America's fighting forces across the world paraded in the mightiest show of power since World War II. The biggest show of all went on in Germany where more than 85,000 Yanks demonstrated their readiness.

The day's message to the world was plain: The United States is awake to the menace of Communist aggression and is readying its defenses.

President Truman took the occasion to tell the public that if Congress had passed his universal military training program five years ago "there would have been no cold war."

He also invited all Americans "to take stock of the state of our readiness to defend ourselves against aggression."

And, in general, Americans were pleased and impressed with what they saw on parade. Although the forces were less in number, they seemed well trained, power-packed units that would form the backbone of new armies should the situation arise.

Army, navy and air force put on a united front that was pleasing to observers who remember recent unification squabbles between the services.

BOSTON: Taste of Tradition

Climaxing its jubilee celebration, staid old Boston let down its hair by serving dinner to 10,000 on the Common and holding a barn dance at the Garden.

Believed to be the largest meal ever served to a seated group, the guests got a taste of tradition by consuming five tons of baked beans, three tons of potato salad, and 3,500 pounds of ham.

Earlier events of the jubilee were designed to call attention to the cultural, business, industrial, and recreational advantages of Boston and New England.

Serving the "baked-bean supper" and all the trimmings took less than an hour, some kind of a record. The trimmings included 2,000 loaves of brown bread, 12,000 individual apple pies, 12,000 servings of cheese, and 12,000 Parker house rolls.

One thousand volunteer waitresses, supervised by 40 home economists and dieticians, served the food.

UNEMPLOYMENT: Worker's Output Up

According to the federal reserve board the individual worker's increased output has been one of the big factors in the unemployment picture since last summer.

The board analysis of "labor market developments" points to two influences at work on the part of business management:

1. "Large profits and strong financial position in recent years have encouraged business to spend record amounts for new machinery and equipment of highly efficient design.

2. "Intensified competitive pressure on management to reduce costs partly by curtailing employment and by utilizing those employed more efficiently than earlier in the postwar period."

In addition the board reports there is an increased "tendency for married women to work outside the home," and a similar trend among teen-agers.

FARM INCOME: Likely to Dip

The agriculture department predicts that the cash income of the nation's farmers will be well under 1949 totals.

The department explained: "Prices farmers receive for their products have generally been below those of a year ago, while their costs have declined only slightly. This situation is expected to continue for the rest of the year."

Cash receipts from marketings in 1949 totaled 27.5 billion dollars. Forecasters expect the 1950 total to be approximately 25 billion dollars.

NATIONALISTS: Ready for Last Stand

Observers believe the long expected last stand of Chinese Nationalists is now underway. They base their opinion on the fact the Nationalists have withdrawn from all except one of their blockading bases along the China coast.

Apart from Formosa and the neighboring Pescadore islands, the only territory remaining to the Nationalists appears to be Quemoy island, off Amoy.

Assails Truman

Sen. Robert Taft is shown above speaking over a nationwide radio network. He charged in his speech that the administration has shaken the confidence of the people and seeks to elect a "subservient" congress to vote into law policies that would wreck the country.

DEFENSE: West United

At one point in their policy making in recent years, the Russians reasoned, and not without basis, that the western powers would never really be united. That reasoning, however, has received a terrific jolt.

The 12 western nations, members of the Atlantic pact, have agreed to pool their economic and military might into one vast armed force, centrally directed to resist Soviet aggression.

The plan, in reality a unification move, is American inspired. It will "create a balanced collective force," which means each of the 12 nations will contribute specific units to the central western armed force and not try to maintain expensive over-all military establishments, each self-contained in all arms.

The move was seen by military men as the one means of giving the west a balanced defense force, working in harmony, and with maximum efficiency.

The United States is expected to bear the greatest part of the cost, although each nation will share in proportion to its resources. The U.S. share is expected to cost more than a billion dollars this year.

That the West is deadly serious and intends to have the plan in operation as soon as possible was evident by the creation of an over-all council of deputy foreign ministers, meeting all year round, to put the plan into force. The council will have a permanent powerful chairman who, it is understood, will be an American.

Some sources predicted the U.S. may require a larger air force and navy under the plan, since this country will be entirely responsible for atomic and other strategic bombing in case of enemy aggression.

DEMOCRATS: Harmony Disturbed

Surface harmony prevailing among Democrats at the Jefferson jubilee celebration in Chicago was shattered by the controversial civil rights issue, which split the party in 1948.

The Democrats were startled because of the unexpected source of dissension.

Most southerners who attend the Chicago meeting chose to ignore the civil rights panel. Jonathan Daniels, North Carolina national committeeman and former White house aide under both Presidents Roosevelt and Truman, did not so choose.

He sat through the meeting, listening to 16 speakers demand enactment of the Truman program, and then insisted upon speaking at the conclusion.

He told them flatly he could not go along with them in favor of a compulsory fair employment practice act, and added: "you cannot have a prohibition law against discrimination in the south."

He asserted the propaganda for the creation of a fair employment practice commission "gives a weapon to our enemies, the Dixiecrats," and makes it possible for them "to hide behind the civil rights issue while they fight every progressive measure."

Moscow Tool

The independent United Electrical Workers union has been denounced again as "Communist dominated."

Maurice J. Tobin, secretary of labor, and Phillip Murray, president of the CIO, made the charges in speeches at a rally of General Electric workers. The UE was expelled from the CIO last year on charges of having left-wing tendencies.

POLITICS: Are Both Parties Split?

Observers are wondering if the Republican and Democratic parties both are going into the November election with split political fronts.

The Republican trend came to light in the Oregon senatorial primary which was won by independent voting Sen. Wayne Morse. His campaign is not likely to resemble any other Republican drives this fall.

In Pennsylvania, Governor James H. Duff defeated the old guard Republicans in the senatorial primary.

In many quarters the Duff and Morse victories were seen as signs that many Republican voters think the party needs to offer more than mere opposition to President Truman's Fair Deal.

On the Democratic front, a few more cracks have been added to the split caused by the civil-rights conflict started in 1948.

Southerners are still battling the program, and recently, have generally opposed Truman's plans for more government spending. The Brannan plan has added fuel to the fire of discontent among some of the President's best western friends.

With these points in mind, the September and October political speeches of both parties may prove the most interesting in years.

Meanwhile, a high-ranking Republican took another swing at the President, charging that he seeks a "rubber-stamp" congress elected in November.

Said GOP national chairman Guy Gabrielson: "The 1950 issues now are clear. President Truman has asked the voters to give him a rubber-stamp congress that will approve his program of socialism."

WINNIPEG: Wet but Undefeated

Flood battered Winnipeg slowly returns to normal. With nearly a fifth of the city at one time under water, the citizens raised a banner proclaiming they were "wet but undefeated" on the court house and waited for the Red river to show its first drop.

Before it came flood waters had reached a record high for the century. Some 100,000 of Winnipeg's 350,000 population were forced to evacuate and many of southern Manitoba's towns were deserted.

When the river showed its first drop, flood waters were about two feet below the absolute peak at which engineers figured nearly all of Winnipeg would be waterlogged and the whole population would have to be evacuated.

Even with the river back in its banks, however, observers said it would be near the last of June before the city would be back to normal.

MRS. ROOSEVELT: Comforted Distressed

Mrs. Eleanor Roosevelt was awarded the seventh annual Williamsburg Settlement gold-medal award for typifying the American way of life and aiding the underprivileged.

At the presentation dinner, former congresswoman Clare Boothe Luce called her long time political foe the "best-loved woman in the world" and said that no woman ever had "so comforted the distressed—or distressed the comfortable."

"When her justly notable tolerance and patience with the Communists finally gave out, that day tolerance of communism in America ended officially. It is safe to say that her resistance to Soviet communism is a more potent factor in winning the cold war than an extra billion dollars of Marshall plan aid," she added.

Something New

With all the investigations that have been under way in Washington, Rep. Usher L. Burdick of North Dakota has come up with a new one. He asked the house rules committee to investigate—all things—congress. The committee postponed action on the resolution indefinitely.

EXPLOSION: Second in Generation

The stunned and battered community of South Amboy, N. J., 30 miles south of New York City, tied up its wounds and, for the second time in a generation, went about the business of rebuilding.

On May 19 four explosive-laden barges blew up with such force debris was splattered over a 10 to 12 block area. Twenty-six persons were dead or missing and nearly 400 were injured.

MIRROR Of Your MIND

Movies Failure As Propaganda

By Lawrence Gould

Do movies affect public opinion?

Answer: Very little believes Dr. James E. Hulett, Jr., University of Illinois psychologist and public opinion expert. Questionnaires and interviews before, during, and after the run of a propaganda-entertainment picture in a local theatre showed it was "unexpectedly ineffective" in influencing popular judgments. Dr. Hulett feels "most people do not attribute accuracy and seriousness of purpose to films shown commercially." I suspect that films not meant as propaganda may be more effective.

all, your hostess, even though she is your daughter or your son's wife. It's the rightful privilege of every married couple to be master and mistress in their own home, and the more fully you recognize this, the more they'll enjoy your visits.

Are some "inner conflicts" unavoidable?

Answer: In their primary form. Yes. From his first day in school, for example, a child's wish to have the other children like him conflicts with his wish to have his own way and boss everyone around. And this conflict between "social will" and "self-will" can't be settled by allowing either one to crush the other since both are imperishable parts of human nature. The nearest to peace of mind we can come is by compromising, or, through finding where our wishes coincide with those of others, managing to gratify both urges at once.

Should you "make yourself at home" with married children?

Answer: You may hope to be a welcome guest in their homes, but unless you live with them, you should never forget that you ARE a guest and not "one of the family." To assume the right to drop in uninvited for a meal, for instance, is to show lack of consideration for a person who is, after

KEEPING HEALTHY

Brain Stroke and Blood Pressure

By Dr. James W. Barton

BECAUSE so many middle-aged and elderly men and women die of heart stroke (coronary thrombosis), we do not read or hear so much about brain stroke (apoplexy), which, like heart stroke, may cause death on first attack, or may consist of several strokes.

The first or following strokes may cause paralysis of limbs or other parts of the body. Both brain and heart strokes are caused in the great majority of cases by high blood pressure and the breaking down or clogging of a blood vessel supplying the part.

In "The American Heart Journal," Drs. S. P. Hicks and B.K. Black report their study on the role of the failure of heart and blood vessels to do their work properly, thus causing apoplexy. There were 155 cases of apoplexy confirmed by examination after death in 99 men and 56 women.

It was found that high blood pressure (hypertension) was present in nearly 90 per cent of the patients. Now having high blood pressure does not mean that you are bound to have a brain stroke or a heart stroke. Thousands of men and women with high blood pressure live and enjoy good health year in and year out. In the care of the family physician, they perhaps never think of their illness.

From time to time the physician examines their blood pressure, and aside from some advice as to diet and rest and occasionally a quieting drug, no treatment is necessary to prevent a brain or heart stroke.

In the study of the 155 cases of apoplexy, Drs. Hicks and Black report that a spasm, probably due to some emotional disturbance, appeared to be an important factor in most cases, while the high blood pressure, aside from spasm, was responsible for just a few of the deaths.

The lesson is plain for those with high blood pressure. By keeping the mind at rest, by help of religion or philosophy of life, a brain stroke may be prevented.

HEALTH NOTES

Unfortunately the causes of some forms of heart disease are not known, and it is research on these diseases that requires so much money, if they are to be prevented and controlled.

Headache symptoms are subjective (what the patient tells the doctor), not objective (what the physician sees.)

While methods of controlling decay of teeth, such as brushing and use of fluorides are of real value, the most effective method is removal of decayed enamel and dentine.

In most hospitals, a blood examination for syphilis is made of every patient entering the hospital for any disease.

Make These Bird Houses For 1950's Second Brood

Three Bird Houses YOU WILL be sure to have interesting tenants if you put these houses in trees, on poles in the garden, or on the garage. Wrens prefer to be near your dwelling. Make up these houses now and put them out just when they will be needed for the second brood of the 1950 season.

Three houses. Pattern 341, 35c. WORKSHOP PATTERN SERVICE, Drawer 10, Bedford Hills, New York.

FIRST AID to the AILING HOUSE

by ROGER C. WHITMAN

Soft Wood Floor QUESTION: Could you tell me how to finish a soft wood floor? We finished one, put on a filler and then varnished it with clear varnish. But it got too dark and rough.

ANSWER: If you used an ordinary varnish, perhaps that was the trouble. You should have used a regular floor varnish. For another thing, if you sanded the floor before varnishing, are you sure you cleaned up all the dust after sanding? If any dust remained on the floor, that would explain some if not all of the roughness. Some darkening of the wood should be expected, as all wood and also varnishes darken with age. There are special finishes for soft wood floors that prevent splintering, but these must be applied over bare wood; not over a varnish. If you wish a good job, you might consider having a contractor scrape and refinish the floors with the right materials.

Water Hunters Debunked Many professional "dowers" who employ forked stick "divining rods" sincerely believe in their magic powers to find water underground, but scientists say they are deceived, according to Richards Topical Encyclopedia. The turning of the twig is due to unconscious acts of muscle and nerves while squeezing the stick.

Now She Shops "Cash and Carry"

Without Painful Backache As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slow down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

DOAN'S PILLS

Help relieve distress of MONTHLY FEMALE COMPLAINTS Are you troubled by distress of female functional periodic disturbances? Does this make you suffer from pain, feel so nervous, tired—eat such times? Then start taking Lydia E. Pinkham's Vegetable Compound about ten days before to relieve such symptoms. Pinkham's has a grand soothing effect on one of woman's most important organs! Truly the woman's friend! LYDIA E. PINKHAM'S VEGETABLE COMPOUND

PLASTI-LINER

One application MAKES FALSE TEETH FIT for the life of your plates If your plates are loose and slip or hurt, refit them for instant, permanent comfort with soft Brimms Plasti-Liner strips. # BIBLE SPEAKS

International Uniform Sunday School Lessons  
 By DR. KENNETH J. FOREMAN

SCRIPTURE: Zephaniah, especially 1:12-18  
 DEVOTIONAL READING: Psalm 111:1-10

## Repentance

Lesson for June 11, 1950

ZEPHANIAH seldom has been any reader's favorite prophet. His pictures of doom are enough to send shudders down any one's spine. It is as realistic as if he were describing H-bomb day. But the main point of Zephaniah is plain and practical: Repent! For selfish man and stubborn nation, that is the first necessity of all. Repentance is not merely regretting something one has done. Anybody can do that—and go right on committing the same sin. Furthermore, a man's regret for something he has done may be for a wrong reason.

Dr. Foreman

Suppose an adulterer is sorry for the publicity he got when the newspapers caught up with him? Suppose a lazy farmer is sorry, at harvest time, that he didn't work harder during the summer? That sort of thing is not repentance at all.

Also, repentance is not just repentance-in-general. It is one thing to say, "O God, I am a sinner." It is quite another thing, and a harder one, to kneel and say to God: "You know well what a liar I have been."

Repentance is not real unless it is honest; and it is not honest till the repenter looks squarely at his own sins, knows them for real sins and is willing to call them by the ugly names they deserve.

### Repentance As The Bible Sees It

THE BIBLE MEANING of repentance is something radical, something life-changing. As the prophets and our Lord set it before us, it means a total change of inner attitude and viewpoint. It does not mean so much stopping something you enjoy, as it means enjoying something altogether different from what you used to enjoy.

For example, you never truly repent of pride until you are really humble on the inside. You never have fully repented of selfishness so long as your biggest "kick" comes from kicking other people around. Repentance means a redirection of life. It means loving whatever good you hated and hating whatever evil you loved.

The question is: Are you content to be what you are, as you are, or do you sincerely want to be a better, indeed a different person? For that, the grace of God is necessary. For repentance means nothing short of being made over.

Are you aware that by yourself you are doomed to be yourself, your worst self? What is needed is not that you shall make yourself over, what is needed is that you shall pray God to make you over. His grace is not forced on the unwilling. The change may not come all at once, not overnight. Yet surely, and it may be swiftly.

There have been persons whose lives have changed in a single night, in a single moment. There are others whose life-transformation has come slowly. But wherever real repentance is, there the Spirit of God has been at work.

### Why Repentance Is Needed

ZEPHANIAH POINTS UP the same two reasons for repentance that we find all through the Bible. One reason is the judgement of God; the other is the promise of God. These are two sides of the same thing.

Man does not live in his own universe. He lives in a universe which he could not have created—in a sense he is a guest of it. It is a universe God created in love, and rules in love. Work and live "against the grain" of God's law of love, and you are headed for destruction.

To repent means that you come out new, in the image of God. Not to repent means that you are a breaker of God's laws because you do not like his laws. To repent means that (in the language of the ancient Psalmist) you love the law of God.

To the unrepentant, the laws of God are like the bars of a cruel cage. To the repentant, the laws of God are like rails to a locomotive—the highway of power.

(Readers who wish to examine the Bible's teachings on repentance should read "The Meaning of Repentance" by William Douglas Chamberlain, published by the Westminster Press.)

# HOUSEHOLD MEMOS... by Lynn Chambers

Use Dry Sugar Pack for Frozen Berries (See Recipes Below)

## Stock Your Freezer

SO MANY FOODS like peas, asparagus and strawberries which are coming to their peak of season now yield excellent results when frozen. If you have either home or commercial facilities for keeping them in this way, then it's time to make your plans soon.

Freezing foods is quick and easy. Results are excellent, and your table in mid-winter, showing off these delicacies, takes on the effect of a banquet.

The flavor and goodness of fresh foods is preserved during the freezing process. However, it's important to remember that foods come from the freezer just as good as when they are frozen, and no better.

### Speed Is Essential

Utmost speed should be used in getting fruits and vegetables into the freezer. The two hour rule which applies to canning should be used here, too. It's easier to observe, however, because there's no processing time to consider.

If you have your own garden, pick vegetables and fruits early in the morning while the dew is still on them.

If you have to arrange to buy them, try to observe the same rule. Fruits and vegetables which have stood around are not as tender as when first picked; neither do they have the food values as freshly picked produce.

Have all equipment in readiness so that you can go ahead with full speed. Vegetables will have to be scalded, then dunked in ice water. Containers should be ready to fill and seal.

Plan to put foods in your own refrigerator promptly and plan to get them into your own or the commercial freezer as quickly as possible.

### Freezing Raspberries, Strawberries

Both raspberries and strawberries give best results when they are frozen with sugar rather than with syrup since they will make their own juice in the carton.

Choose varieties which have been successfully tested for freezing. In raspberries these are Cuthbert, Latham or Viking. A 24-quart crate or about 36 pounds of raspberries will yield 24-26 quart cartons, each quart serving 6 to 8 people.

Marshall is the best common variety to use for frozen strawberries, a 24-quart crate will yield about 30 quart cartons.

Wash the berries in water which has been cooled with ice to 40°. Do not allow them to remain in the water for more than 30 seconds. A good way to do this is to place the berries in a colander, after sorting, and then place the colander in water sufficient to cover. Shake gently, lift from water, drain and remove caps, using a sharp knife.

Place the fruit on a tray which has been lined with several thicknesses of absorbent toweling and place in refrigerator to drain and cool.

Place drained and cooled berries in a bowl and sprinkle sugar over.

LYNN SAYS: Dress Up Ordinary Foods If You Serve Them Often

Are fruit salads an almost daily item at your table? The family will appreciate new color and flavor in the dressing. Beat some currant jelly into sweet French dressing for that nice, extra change.

 Corn Pudding  
 Bran Muffins Beverage  
 Strawberries with Cream  
 Cookies

them, using one part sugar to 4 parts of berries. Or, alternate sugar and berries in freezing carton. Seal and freeze carton at once.

### Frozen Peaches

Use tree-ripened varieties, such as Hale Haven or J. H. Hale in the yellow types.

One bushel of peaches will give about 24 quart cartons frozen.

Place about 18 peaches in a wire basket and plunge into hot water for one minute, then in cold water and slip off skins. Slice and place in a bowl, sprinkling with one tablespoon of lemon juice as you do so. Add sugar, one part to four of fruit. Turn gently with wooden spoon.

Pack gently into carton and seal. Freeze at once.

Handle peaches gently and make certain all sugar is mixed with fruit before packaging.

Allow 1/2-inch head space for fruits and vegetables packed in pint cartons. Allow about 1/4-inch additional when using quart cartons.

### Frozen Peas

Tender, not fully matured peas are best to use. Wash pods before shelling and discard all small or wrinkled peas.

If pods are full and difficult to shell, scald with boiling water for one minute.

Peas then, should be scalded, after shelling, also: by steam, three minutes; by boiling water, one minute; or by pressure cooker for two minutes. Cool in ice water and drain on absorbent toweling.

Seal at once and place in freezer or refrigerator immediately, not allowing more than one hour to elapse from the time they are packaged to the time freezing starts.

The varieties giving best results are Thos. Laxton and Alderman. One bushel yields 6-8 quart cartons.

### Frozen Green Beans

Iron utensils should not be used for scalding as they will discolor beans during scalding.

For small beans, cut shoestring style, scald with steam for five minutes, or by boiling water for three minutes. For medium whole beans, use steam for six minutes, boiling water for four minutes or give them five minutes in a pressure cooker.

Cool in iced water, drain, pack and freeze.

## Bright Note for Kitchen Dainty Irish Rose Motifs

Real Beauties

DECORATE your own pillow cases, or guest room linens, with these Irish beauties worked in different colors. Dainty little Irish rose motifs are crocheted in pale pink set in a lacy background of sparkling white.

Pattern No. 5406 consists of complete crocheting instructions, stitch illustrations, material requirements and finishing directions.

### NEWMOORE NEWS

The Jack Dotson family and Mr and Mrs Sonny Ford of Lubbock were in Oklahoma City to attend the funeral of Mrs Dotson's grandfather, Mr Dickson. He has visited here with Mrs Jim Pendleton several times; he was 94 years of age.

Mrs Hubert King spent part of the week with Grandma Rogers who is better at this time. Mrs Mutt Rogers was given a nice house warming shower last Wednesday.

Saturday Jude Taylor was in Sweetwater and Abilene on business.

The O B Wilsons and Grandpa Rogers returned from a fishing trip at Hot Springs; the L A Lights also were with them. They reported some fish.

Lewis Parker spent the week end at home.

The E W New family of Hale Center visited here Saturday; they reported it too dry to plant where they lived.

A nice little rain of 3-5ths of inch Sunday nite helped to bring the rest of the replanted cotton up.

Mrs Johnny Billingsley honored her mother, Mrs Irvin Street, with a birthday dinner Sunday. Guests were Mr and Mrs Street, Mrs Shaw, Mrs Celsor. The group enjoyed a chicken dinner with all the trimmings. Mr and Mrs Fritz Heinsohn of Moulton are visiting his sisters Mrs Minsen and Mrs Conrad.

Visitors last week of the Bob Scoggens were his brother and family.

The members and friends of Rev. and Mrs Alby Cockrell and daughter honored the Cockrells with a reception after prayer meeting last Wednesday nite and presented them with several pieces of silver as a going-away gift.

Please, O, Please return my digger set. James Crumley at Texas Electric

**SAVINGS BOND DRIVE**

**Replicas of Liberty Bell Tour Nation During Bond Campaign**

Few historic relics have a greater romantic or sentimental appeal to the people of this country than the Liberty Bell—symbol of the 1950 Savings Bond drive now underway.

None, certainly, could tell so completely the story of a nation winning its independence if it could speak. If it could tell of the great men who touched it and their thoughts, or of its own adventures, a new history of the United States would be revealed.

In 1751 the assembly of the colony of Pennsylvania appointed a committee, headed by Isaac Norris, speaker of the body, to purchase a bell to be put in the state house.

After due consideration and debate, the committee commissioned a bell that was cast in London in 1752 and had it brought to Philadelphia. It was recast the following year when the inscription, "proclaim liberty throughout all the land, unto all the inhabitants thereof," was placed on it.

Then on July 8, 1776, 23 years after it was cast, it pealed the signing of the Declaration of Independence. The next year the British took it from the tower of Independence Hall and threw it in the Delaware river. But it was recovered and rung on July 4 every year until the day it cracked.

That is the bell which is the symbol of the 1950 Savings Bonds Independence Drive. The theme: "Save for your independence—buy U. S. savings bonds."

**Silent for 69 Years**

On May 15 the drive got underway with Secretary of the Treasury John W. Snyder symbolically tapping the bell. The drive opened with a nation-wide radio program carried by 2,000 stations and featuring stars of stage and screen.

Television stations on networks lined with Philadelphia and New York carried the program direct from those places. A record number of people heard the broadcasts and saw the television show.

But the most dramatic moment of the show was when Secretary Snyder gently tapped the cracked, old bell that symbolizes liberty for the people of this country. Why did he just tap the bell? Therein lies another story of interest to every American.

The last time the Liberty Bell really rang was on Washington's birthday, 1846. The original crack, that had appeared when the bell was being tolled in mourning for Chief Justice John Marshall in 1835 had been drilled out in 1846

**Bennie Ray Wagner, Jr., 6,** is the son of a war hero. His father, Pfc. Bennie Ray Wagner, was killed in action on Luzon, March 15, 1945. Here he displays the government bonds he has purchased each month with a government allotment check. He is well on the way to independence, his guardian says, with Savings Bonds amounting to \$1,000.

so that the edges would not vibrate against each other. The bell rang clear until almost noon in honor of the father of his country, when the crack spread and the ringing changed to a hoarse rumble. That was the last time anyone heard the true voice of the original Liberty Bell.

In 1926, to usher in the sesquicentennial year of American independence, the wife of Philadelphia's mayor tapped out I-9-2-6. The ceremony was broadcast, but radio could only reach about half the nation 24 years ago.

The shattered rumble of the cracked relic has been heard by radio only once since then; on D-Day, June 6, 1944, to signal the invasion of the continent of Europe by American and allied forces in another way for freedom—and then a recording of its sound made on New Year's, 1926, was used.

On February 11, 1915, the bell's silence of nearly 69 years was broken to signal the linking of the Atlantic and Pacific coasts by long distance telephone. Three times it tumbled hoarsely over the wire to San Francisco. In the conversation that followed, the mayor of San Francisco made a personal plea

**Bells Donated by Copper Industry**

Actual cost of the 52 bells on tour in the treasury department's bond drive is not known. They are being paid for by America's copper industry.

The Ford Motor company will haul the bells from the Brooklyn navy yard to each state capital and Washington. Exact duplicates of the Liberty Bell, each weighs 2080 pounds and is composed of 85 plus per cent copper. They were produced by the ancient bell-master's formula called the "lost wax" process.

to the mayor of Philadelphia to have the bell sent to the Panama-Pacific exposition.

**Symbol of Freedom**

There and on its journey by rail to and from the Golden Gate, an estimated 17,000,000 Americans turned out to see the bell. Since New Year's, 1926, when it was struck 18 times with a rubber-tipped gold mallet to spell out the new year, it has not been sounded directly, nor is it likely to be again.

A trip across a continent, the voice of sorrow and happiness, stolen and cast into a river, the first to proclaim freedom—all that is but a part of its history. And it continues to serve its country. Today it is the symbol telling Americans to purchase savings bonds to insure their freedom and independence.

Fifty-two replicas of the bell have been donated to the savings bond cause and are now on tour of the country. The bells, one for each state, one for the District of Columbia, and one each for Alaska, Hawaii and Puerto Rico, are exact copies of the original; the crack is indicated on the surface; the bells ring and are harmonically tuned.

The tour of the replicas, which will end July 4, will enable millions of Americans, who have never seen the original bell and might never get to Philadelphia to see it, to inspect an exact copy of this most hallowed of our historic relics.

Since its return from the San Francisco exposition in 1915, the bell has not been allowed to leave Philadelphia. Since October 10, 1917, when it was the star attraction in Philadelphia's first liberty loan parade during the first World War, it has not even left its shrine in Independence Hall, because of the danger of further cracking of the historic relic.

On the last journey in 1915, a six-armed iron spider was fastened to the clapper bolt inside its crown, with arms hooked under the lip of the bell to distribute the strain of its weight, 2080 pounds, more evenly.

The bells now on tour of the nation were made at the foundry of the Sons of George Paccard at Ancey-le-Vieux in France. Dr. Arthur L. Bigelow, professor of engineering and bellmaster of Princeton university, made the measurements and drawings from which the new bells were made.

Andrew J. Dunn, director of the labor section of the U. S. savings bonds division in Washington, and its liaison officer with the American Federation of Labor, went to France to expedite the production and shipment of the bells to this country.

To symbolize for millions of Americans the idea of thrift which is essential to independence, the replicas will have visited 2,000 communities during the nation-wide tour.

Authorities report the bells, because of the painstaking, old-world production, sound exactly like the Liberty Bell would if it could be rung. They attributed this to the fact the bells are of the same composition as the original, 85 plus per cent copper, and that their construction gives the same tone.

Millions of Americans will thrill to the sound that the people of Philadelphia heard when the original bell proclaimed liberty "throughout all the land and to all the inhabitants thereof."

At the conclusion of the bond drive on July 4, the secretary of the treasury will lend one bell to each state and territory for permanent exhibit.

**Serve Dainty Foods When Entertaining Prospective Brides**

IT WON'T BE long now or you're in the midst of entertaining all the girls who will be married in the romantic month of June. If several of your friends are to be entertained, be ready with fresh and tempting ideas for food.

Keep foods dainty and serve them attractively on your prettiest china and tableware. For a luncheon, serve a main dish salad or a lovely casserole. Add to this tiny rolls or muffins, and a seasonal dessert.

Showers may be in the form of luncheons or evening or garden parties. If the latter two, then you'll need only a glamorous dessert and beverage. You may also pass a cool beverage, mints and nuts while the girl opens her presents.

STRAWBERRIES MAKE beautiful desserts for occasions of this type, especially if they're chosen from these:

**\*Strawberry Angel Pie (Serves 8-10)**  
4 egg whites  
1/4 teaspoon cream of tartar  
1/16 teaspoon salt  
1 cup sugar  
4 egg yolks  
1 package sliced or whole fresh frozen strawberries  
1/2 cup sugar  
2 tablespoons lemon juice  
1 cup whipping cream

Beat egg whites until fluffy, add cream of tartar and salt and beat slightly. Slowly add sugar, a few tablespoons at a time, and continue to beat. Spread mixture into lightly greased or oiled cake or pie pan. Bake in a slow oven, 300° for one to 1 1/4 hours or until meringue is well dried out. Place on cake rack to cool. When almost at room temperature, loosen from sides and bottom of pan and place on serving plate. The top and center of the "pie shell" will crush in to receive the filling. When at room temperature, set aside to chill. While crust is baking, mix egg yolks with juice drained from strawberries that have been put into colander or sieve to thaw and drain. Add sugar and cook in top of double boiler until thick. Stir often while cooking. Beating slightly while cooking will give a fluffy texture. Add lemon juice and chill both the strawberry mixture and the drained strawberries. Assemble pie by spreading shell with a bit of cream that has been whipped. Spread in strawberry filling.

**Strawberry Velvet Pie (Makes 1 9-inch pie)**  
Pastry  
1 cup sifted enriched flour  
1/2 teaspoon salt  
1/2 cup shortening  
1 1/2 to 2 1/2 tablespoons cold water

Sift together flour and salt. Cut or rub in shortening. Add water. Mix to dry, crumbly dough. Turn out on lightly floured pastry cloth. Press dough together. Roll out 1/8 inch thick. Line nine-inch pie pan with pastry. Bake in hot oven (450°) eight to twelve minutes.

**Strawberry Velvet Filling**  
1 tablespoon gelatin  
1/4 cup cold water  
1 cup milk  
2 eggs, separated  
3/4 cup sugar

Add one tablespoon salt to actively boiling water. Gradually add noodles and boil until tender (about six minutes). Drain and rinse. While noodles are cooking, melt butter in top of double boiler. Add flour, salt and paprika. Mix to a smooth paste. Gradually add chicken stock and milk, stirring constantly. Cook until slightly thick. Add lemon juice and olives. Combine noodles and chicken in 1 1/2 quart casserole. Pour sauce over. Cover and bake in moderate oven (350°) 45 minutes. Serve hot.

**LYNN CHAMBERS' MENU**

Asparagus Tip Salad  
Finger Rolls  
\*Strawberry Angel Pie  
Beverage  
\*Recipe Given

**4 egg yolks**  
2 cups sliced strawberries  
1 teaspoon vanilla extract  
3/4 cup whipping cream  
1 tablespoon sugar

Soften gelatin in cold water 10 minutes. Scald milk in top of double boiler. Beat egg yolks. Add sugar and salt. Pour scalded milk over egg yolk mixture, stirring constantly. Return to double boiler and cook until custard coats the spoon, stirring constantly. Remove from hot water. Add softened gelatin. Stir until gelatin is dissolved. Cool. Fold in 1/2 cups strawberries and vanilla extract. Beat egg whites stiff. Fold in. Pour into a baked nine-inch pastry shell. Set in refrigerator to chill about 1 hour. Just before serving, whip cream. Fold in sugar. Arrange whipped cream in 6 individual "nests" and fill each with remaining 1/2 cup berries.

**Strawberry Meringue Roll**  
4 egg yolks  
3/4 cup sugar  
1/2 teaspoon vanilla  
4 egg whites  
3/4 cup cake flour  
1/4 teaspoon salt  
1 teaspoon baking powder

Beat egg yolks until thick and lemon-colored. Gradually add 1/4 cup of the sugar and vanilla. Beat egg whites until almost stiff; gradually add remaining sugar; beat very stiff. Fold in egg-yolk mixture, then sifted dry ingredients. Bake in waxed-paper-lined, 10 1/2-by-15-inch pan, in moderate oven (375°) 12 minutes. Turn onto cloth dusted with confectioners' sugar. Remove paper; trim cake edges. Top with waxed paper. Roll quickly, paper inside. Wrap in sugared cloth; cool on cake rack. Unroll. Remove paper; spread with Strawberry Filling; Whip 3/4 cup heavy cream; fold in two tablespoons sugar and one cup sliced strawberries. Roll up. Chill. Frost with Strawberry Meringue: Combine 3/4 cup sliced strawberries, 1/2 cup sugar, one egg white, and 1/4 teaspoon salt. Beat with rotary or electric beater until mixture is very stiff, 7 to 10 minutes.

**LYNN SAYS:**  
Avoid Kitchen Slavery By Smart Planning  
Have only one dish at a meal which requires more than ordinary preparation. If it's to be a fancy dessert, have a simple main course that can be cooked altogether, preferably in the oven.  
When you plan a casserole which requires several ingredients and sauce, have a simple dessert such as fresh or canned fruit with cookies that have been baked in advance.

**LYNN CHAMBERS' MENU**  
\*Chicken and Noodles in Casserole  
Asparagus Tip Salad  
Finger Rolls  
\*Strawberry Angel Pie  
Beverage  
\*Recipe Given

**1/2 teaspoon salt**  
2 cups sliced strawberries  
1 teaspoon vanilla extract  
3/4 cup whipping cream  
1 tablespoon sugar

Soften gelatin in cold water 10 minutes. Scald milk in top of double boiler. Beat egg yolks. Add sugar and salt. Pour scalded milk over egg yolk mixture, stirring constantly. Return to double boiler and cook until custard coats the spoon, stirring constantly. Remove from hot water. Add softened gelatin. Stir until gelatin is dissolved. Cool. **Strawberry Meringue Roll**  
4 egg yolks  
3/4 cup sugar  
1/2 teaspoon vanilla  
4 egg whites  
3/4 cup cake flour  
1/4 teaspoon salt  
1 teaspoon baking powder

Beat egg yolks until thick and lemon-colored. Gradually add 1/4 cup of the sugar and vanilla. Beat egg whites until almost stiff; gradually add remaining sugar; beat very stiff. Fold in egg-yolk mixture, then sifted dry ingredients. Bake in waxed-paper-lined, 10 1/2-by-15-inch pan, in moderate oven (375°) 12 minutes. Turn onto cloth dusted with confectioners' sugar. Remove paper; trim cake edges. Top with waxed paper. Roll quickly, paper inside. Wrap in sugared cloth; cool on cake rack. Unroll. Remove paper; spread with Strawberry Filling; Whip 3/4 cup heavy cream; fold in two tablespoons sugar and one cup sliced strawberries. Roll up. Chill. Frost with Strawberry Meringue: Combine 3/4 cup sliced strawberries, 1/2 cup sugar, one egg white, and 1/4 teaspoon salt. Beat with rotary or electric beater until mixture is very stiff, 7 to 10 minutes.

**Chicken and Noodles in Casserole (Serves 5)**  
1 tablespoon salt  
3 quarts boiling water  
4 ounces medium noodles  
3 tablespoons butter  
3 tablespoons flour  
1/2 teaspoon salt  
1/2 teaspoon paprika  
1 cup chicken stock  
1 cup milk  
1 tablespoon lemon juice  
1/4 cup olives, chopped  
2 cups cubed cooked chicken

Prepare foods ahead of time whenever possible so that you can feel fresh and rested for meal time. Tomorrow's dessert may be baked with this evening's dinner, for example.  
Have a roast at least once a week to save meal preparation. Already cooked meat can be used sliced, heated with gravy, as meat pie and hash.  
Arrange equipment for convenient reaching, and learn how to sit while you work so that you can save energy.

**Junior Style Will Serve For Graduation, Dates**

**Something Special**  
PRETTY ENOUGH for graduation or special dates later on in this junior style that combines two fabrics with such charm. Or have it all the same fabric if you like.

Pattern No. 1956 is a sew-rite perforated pattern in sizes 11, 12, 13, 14, 16 and 18. Size 12. 2 1/2 yards of 39-inch evelot; 2 1/2 yards of plain fabric.

The spring and summer FASHION contains 48 pages of easy to sew, attractive summer styles; special fabric news; free pattern printed inside the book, 25 cents.

**SEWING CIRCLE PATTERN DEPT.**

**HOUSEHOLD MINTS**  
Donuts and Maple Syrup  
Not enough time for pancakes? Here's a great breakfast dish to take their place. For each serving, slice a donut crosswise and toast the sliced side. Heat maple syrup, and pour it over the toasted donuts while they are still hot. It's tops with bacon or sausages, too.

**Cheesecloth Strains Fat**  
When you deep fat fry foods allow the hot fat to cool before straining and storing it. This way it will be easier and safer to handle. A good way to strain the fat is to put a few folds of cheesecloth in a sieve and pour the fat through it into a container that can be covered tightly.

**Versatile Server**  
A round server is very practical for serving all kinds of foods which are hard to balance on a regular table, such as fish cakes, fried eggs and waffles.

**Rip Finger Seam**  
It isn't necessary to cut off the ring finger of the glove in order to place the ring on the finger. Simply rip the seam on one side of that finger.

**Supper Dish**  
A supper dish is attractive as a centerpiece holding fruits. It is also good for salad.

**Have you had MALARIA? ... IF SO WATCH OUT**

The medical profession knows that though a person may be cured of common malaria they may have it come back on them. So, if you are once more feeling tired, run down, have pains in back and legs, feel weak and bilious, no appetite and nervous—though chills and fever haven't struck you yet, and you have common malaria—it doesn't pay to take any chance. Try a bottle of OXIDINE. OXIDINE is made to combat malaria, give you the iron to help creation of red blood cells. Sold at all leading drug stores, only \$1.25. If your druggist does not handle OXIDINE, order direct from OXIDINE Company, Mineral Wells, Texas, and when the postman brings your package just pay the amount plus C.O.D. and postage. If you remit with order we pay postage. Then, if you don't feel perfectly satisfied after using OXIDINE, just return the empty carton and your money will be cheerfully refunded. Nothing can be faster. OXIDINE has been used for over 26 years.

### 12 1/2 Million Fewer Mules And Horses in 30 Years

Today there are 7 1/2 million head of horses and mules on farms in the United States, a decrease of 12 1/2 million in the last 30 years. Experts estimate that it took about 24 million acres of crop land to feed these 12 1/2 million animals. That amount of land, released to yield food, would provide for 11 million people. The horse population of the United States is expected to drop further.

## JOHN DEERE has All these MODERN TRACTOR FEATURES

Until you drive a new John Deere "A" or "B" tractor, you'll never experience the satisfaction of such fine performance... ease of handling... and comfort.

No other tractor offers you the more efficient cyclonic-fuel-intake engine available in all-fuel or gasoline types. No other tractor offers you the hydraulic *Pour-Trol* which raises, lowers or regulates both integral and drawn equipment at a touch of your hand. No other tractor gives you the *Roll-O-Matic* "knee-action" front wheels with each taking its full share of the load at all times... assuring greater comfort and easier steering than ever before. No other tractor gives you the *drive-in and hook-up* "Quik-Tatch" Tractor Cultivator which means real savings in change-over time.

And, until you actually own a John Deere, you'll never appreciate what exclusive two-cylinder design means in lower upkeep costs... more years of dependable service... better field performance.

Be sure to stop in soon and get the complete facts. You'll want to own a John Deere!

### Wool Outlook Bright, Bureau Head Reports

#### Material Remains Quality Fabric for Human Needs

For the sheep ranchers and the farmers who maintain small flocks, W. F. Fitzgerald, president of the Wool bureau, had a good word when he predicted markets for wool are bound to increase.

Speaking before the National Association of Wool Manufacturers at their annual meeting in New York, he said:

"Barring a national catastrophe, markets for wool, and indeed for all textiles of established service values, is bound to increase. The reasons are fundamental and are to be found in even a casual study of our increasing population, our expanding birth rate, the total

Newly-scoured virgin wool is turned to hasten drying. There will be a greater demand for this fiber, spokesmen for the wool producing industry predict.

number of people employed and the constantly increasing standards of living of large segments of our population."

Fitzgerald went on to point out that an acceptable substitute for wool has not been developed. Wool is still the quality fiber which is best suited for a wide variety of human needs and we are convinced the public shares that opinion, he added.

The Wool bureau is a service organization established by wool-growers of Australia, New Zealand, South Africa and America.

## Electric Room Coolers

Here's how an  
Electric  
Room Cooler  
Works...

• The good old summertime has a lot of things in its favor—and some disagreeable points as well. Hot days and breezy, stifling nights are among the things that make summer uncomfortable for everyone, unless steps are taken to beat the heat.

Electric room coolers, drawing fresh outside air through water-soaked filters, keep a constant flow of cool, refreshing air circulating throughout your house or apartment. Both days and nights are more comfortable, more enjoyable when electric room coolers are on the job.

fresh air it draws from outside, keeps gentle, refreshing air currents moving throughout your house or apartment. Easy to install and economical to operate, electric room coolers readily adapt themselves to any type of home construction.

Electric room coolers to fit your cooling needs are available in many styles, shapes and sizes. Visit your favorite electrical cooling-equipment dealer now for the room cooler of your choice.

## TEXAS ELECTRIC SERVICE COMPANY

JAMES CRUMLEY, Manager

# U.S. Orders Expulsion of 22 Czech Officials; Observers Say Political Picture Becoming Foggy, Unreal

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

## CZECHS: U. S. Hits Back

The United States has ordered expulsion of 22 Czech officials from this country in retaliation of recent anti-American conduct by that country.

The U. S. note, which hinted at future diplomatic blows against the Kremlin-controlled government, charged Czechoslovakia "will not or cannot" conduct itself decently with other nations.

Diplomats considered the U. S. note strongly worded and saw the action as clear evidence of the disintegration of relations between the two countries. It reduced the number of Czech officials in this country from 33 to 22.

The state department note said in part:

"Since the United States cannot conduct normal diplomatic and consular functions in Czechoslovakia and since the relations between the two governments are being restricted in scope through the actions of the Czechoslovak government, the latter has been requested within a reasonable time to close its consulates in Cleveland and Pittsburgh and to make a reduction in its official personnel in the United States similar to that demanded of the United States in Czechoslovakia."

The expulsion order means the Czech government will have 11 representatives in this country, all possibly in Washington. The order does not include that country's representation to the United Nations.

## A-BOMBS: Nearer to Europe

Millions who have had the jitters since the first atomic bomb was dropped on Japan received a new jolt when it was announced U. S. military officials are considering placing atomic weapons within easy reach of this country's European allies.

Such a move indicates that this country would use the atomic bomb in case of war and has no immediate plans of trying to get it outlawed, observers said.

Some congressmen called the idea terrible and predicted 98 per cent of the legislators would rebel if it should be presented to them. Observers agreed that initial congressional reaction to the idea indicates it will have tough sledding if it reaches Capitol Hill.

Military authorities were exploring the highly controversial proposal and possible safeguards against having the bombs fall into enemy hands.

Before atomic weapons could be made available to European members of the Atlantic pact, however, congress would have to amend the atomic energy act.

## SANDERS: Farms for Living

Dr. Hermann N. Sanders, deprived of his right to practice medicine in New Hampshire following his mercy slaying trial, has turned to tilling the soil for his neighbors to support his wife and three daughters.

Some observers, however, felt he would be reinstated when the state medical board let him apply on June 19.

Meanwhile, the doctor was supplying his own tractor for the farm work and moved about from job to job on a trailer attached to his automobile.

Neighbors said his rate of pay for plowing and cultivating farm-lands of the area was \$4 an hour.

## NATIONALISTS: Repulse Landing

The Communists tried a practice landing on Chushan island 100 miles southwest of Shanghai but were repulsed, the Chinese Nationalists reported.

The announcement caused speculation that the invasion of Formosa itself, protected by 100 miles of open seas from the mainland, was about to begin.

Nationalists sources said they regard a Red "inside job" as great a threat as an actual invasion. A Communist fifth column on Formosa had been broken up, it was reported, but many of the Red agents remained at large.

The Nationalists had nothing to say of their raid a few days earlier on villages on the mainland, 50 miles southwest of Chushan.

## WHISKEY: Big Business

The whiskey industry has long been big business, but now it comes to light that moonshiners apparently are producing more whiskey in the United States than the legal distilleries.

A spokesman for the industry said moonshine stills seized by state and federal officials in 1949 had a daily productive capacity of 97,709 gallons more than the nation's distilleries.

## Truman Speaks

This is a part of the "10 acres of citizens" that turned out to hear President Truman on his "non-political" tour across the nation. He is pictured speaking from the rear platform of his special train.

## POLITICS: Foggy and Unreal

Observers are beginning to shout that the current political scene is becoming so foggy and unreal that the general public is confused. Perhaps it is the observers themselves who are confused.

Regardless of their shouts, however, President Truman concluded his tour across the nation making as many as 16 speeches a day while congress tied itself into knots on one issue after another. As if that wasn't enough, the Dixiecrats had mapped plans of winning the Solid South and were screaming louder than anyone about deficit spending and creeping socialism.

The President has been making speeches pointing out: (1) The lower brackets can double their income into "real" money within the next 10 years, possibly as high as \$4,000 a year; (2) Republican charges that the Fair Deal is leading to socialism are "silly nonsense"; (3) TVA power developments "will keep us the most powerful nation in the world"; (4) The nation's output of goods and services can be lifted to 350 billion dollars by 1960.

In the East, meanwhile, the house cut the "one-package" appropriations bill by an estimated one billion dollars and sent the measure to the senate.

The vote, 362 to 21 was considered a big defeat for Truman. Democrats joined Republicans in making the cut.

In the South, publisher J. Oliver Emmerick told the third annual States' Rights convention that "our task is to sell the people against deficit spending, creeping socialism and the totalitarian state."

They seek to weld the south into the nation's most powerful minority, even so strong they could become the national balance of political power. And, from the looks of things, they may succeed in creating another congress very hostile to Truman.

## GERMANY: When A Treaty?

Germany may never get a peace treaty, some political observers have hinted. The hints were being made after America, Britain and France announced they will keep troops in Germany and refuse to write a peace treaty as long as Russian policy divides the country.

For that reason there may never be a treaty, observers report. Russia is not likely to change her policy because it would be a political defeat. The Soviet is only interested in victorias.

The western powers said: "In view of the continued refusal of the Soviet government to permit inhabitants of their zone of occupation to rejoin their fellow countrymen in a democratic and unified Germany, it has not been possible, and will not be as long as this Soviet policy persists, to proceed to conclusion of a treaty of peace with Germany."

"In the present situation of Europe supreme authority must remain in the hands of the Allied powers."

The three powers, however, have agreed to the gradual modification of many controls to which western Germany is still subject.

## Shadows

Republicans may have talked down President Truman's "non-political trip," but they kept an eye on him just the same.

The eye was Victor Johnson, executive secretary of the Republican senatorial campaign committee. He shadowed the President across the nation by chartered plane and showed up at all the chief executive's important speeches.

# Rose Allows as How He Saw Some Flying Saucers; Claims He Wasn't in His Cups at the Time, Either

By BILLY ROSE

At the risk of being laughed out of court and countenance, I'd like to report that I've seen flying saucers.

It happened on a clear and moon-minus night two summers ago in Newton, Conn., on the lawn of the home belonging to Paul Osborne, the playwright. Among my fellow ogles were Paul and his wife, Director Josh Logan and his missus, and Author John Hersey and his. What's more, none of us was in his cups the night we watched the flying saucery.

The show began about 10 p.m. while we were sitting outdoors, enjoying and shooting the breeze, and the first thing we noticed were several searchlights some miles away poking their yellow fingers into the sky. A few minutes later, three bits of celestial chinaware skittered into view, and from then until midnight they skipped and scampered above our bewildered heads.

As nearly as I could judge, these whatzies were at least 200 feet in diameter and were flying at an altitude of from 3,000 to 5,000 feet. Their edges gave off a ghostly glow, very much like blue neon tubing seen through a heavy fog.

WHEN THE SEARCHLIGHTS finally cut off and the discs got lost in the stars, we put what was left of our heads together and decided that what we had witnessed must have been some kind of hush-hush military exercise. We also decided that, if we didn't want a butterfly net slipped over our heads, it would be smart to keep our lips zipped about the whole thing.

How come, then, that with my bare face hanging out in print, I'm spilling the story now? Well, until recently the talk about the persnippet pancakes had been more loose than lucid—according to some writers, they were manned by Martins two inches tall; according to others, by Russians two droschki wide.

Recently, however, documentation has begun to replace delirium, and it's becoming evident that the overgrown manhole covers are not only real, but, despite all denials, one of the top-secret weapons of our own navy and air force.

The most convincing testimony was offered April 3rd by Henry J. Taylor on a General Motors broadcast over the ABC network. Taylor, after trekking all around the country and talking to people who had seen, touched and even flown these credibility-cracking craft, made the following flat and unfrivolous statements about them:

One type of saucer is the "true" disc, which ranges anywhere from 20 inches to 200 feet in diameter, is unmanned and generally guided by some form of remote control. The other is a jet-driven platter which carries a crew and is capable of such supersonic speeds that in

flight it looks like a hundred-foot flaming cigar.

FURTHERMORE, according to Henry J., a "true" disc was actually photographed near Wildwood, N. J.; another was found in the vicinity of Galveston, Texas, and stenciled on its surface was the following: MILITARY CRAFT OF THE UNITED STATES OF AMERICA

ANYONE DAMAGING OR REVEALING DESCRIPTION OR WHEREABOUTS OF THIS MISSILE IS SUBJECT TO PROSECUTION BY THE UNITED STATES GOVERNMENT. CALL COLLECT AT ONCE. (Then a long distance telephone number, and the address of a U. S. Air Base, and finally the words on the "saucer" in big, black letters: NON-EXPLOSIVE.)

Well, I don't know what the saucers are for, but on the basis of this and other reports—plus the evidence of my own bug-eyes—I'm convinced they exist and, praise the Lord and pass the ammunition, are ours. Moscow papers please copy.

I wrote a column recently about the bureaucratic blabbermouths in our nation's capital who, at the drop of a daquiri, blurt out top military secrets to anyone who will listen. Well, I'm plenty happy to learn that—at least as regards one vital weapon—there are some folks in Washington who not only know their beans but can keep from spilling them.

Billy Rose

STAGE SCREEN RADIO

By INEZ GERHARD

CLAUDETTE COLBERT won a popularity poll that really means a lot—the one conducted by the Woman's Home Companion; her latest picture is "Three Came Home." June Allyson was second; her "The Stratton Story" was voted last year's best picture. In third place, Loretta Young; fourth, Olivia de Havilland. Bing Crosby headed the men's list for the fifth time in succession; then came Spencer Tracy; his "Adam's Rib" was the second best picture. Third, Cary Grant; fourth, Clark Gable. Jeanne Crain got a special award for her "Pinky" performance. Last year Ingrid Bergman, Irene Dunne and Bette Davis were the three leaders among the women.

M-G-M is going to resurrect "The Merry Widow" again, this time in Technicolor, starring Lana Turner and Ricardo Montalban. They made it first in 1925, with John Gilbert and May Murray; then in 1935, with Maurice Chevalier and Jeanette MacDonald.

Louis Calhern must be very happy. Ever since he starred so successfully on the stage in "The Magnificent Yankee," as Justice Oliver Wendell Holmes, he has wanted to do it in pictures. Now it's all arranged, at Metro.

Wally Butterworth thought he had an easy name to remember, but some of the bushels of letters coming in to his "Voices that Live" treasure hunt have made him wonder. Mail has come addressed to "Walla Walla," "Valley Water Works," "Wally Boderwald" and "Walter Warwurth," among others. And he's acquired such first names as "Rolly," "Art," "Perry" and "Olive."

Why, oh why doesn't some record company persuade Pia Tassinari and Ferruccio Tagliavini to record "Lontano, lontano"? It has brought the greatest listener response in the history of the Telephone Hour whenever they sing it.

Ed "Duffy's Tavern" Gardner's first film production will be "The Man with My Face." The story's locale was a western frontier town. But Ed changed it to Puerto Rico, where he now lives.

The police of Miami, Fla., were bewildered; instead of getting official orders on their radio-phone system they got instruction like "Rush lunches to 'The Breaking Point' unit at Newport Harbor, Calif. John Garfield and Patricia Neal are getting mighty hungry." They appealed to the Federal Communications Commission—and Warner Bros. had their frequency changed.

Stanley Kramer wisely chose Mala Powers to play "Roxanne" in "Cyrano de Bergerac." Discovered by Ida Lupino, her first picture was "Outrage"; Howard Hughes subsequently took over her contract. Jose Ferrer predicts that "In another ten years she will have so many Oscars in her pocket she'll be able to use them for book ends." He took part in her tests.

## THE FICTION CORNER

## ON THE PAYROLL

By Richard H. Wilkinson

JUD HAD SEEN the redheaded girl in Mrs. Jones' outer office every day for a week.

He himself was a copy man, and if she were after the same job that he wanted it would complicate things. It would cut his chances of success in half, and it would be rather embarrassing because—well, because he thought she was an awfully pretty girl and he liked the way she held her chin high and tried to appear brave.

On Monday of the second week, the redheaded girl dropped her handbag. It's contents spilled all over the place. Jud helped pick them up—lipstick, a bunch of keys, a pawn ticket! Jud's lips tightened when he saw that. Just as he thought—she's had to pawn something in order to live.

Of course the handbag episode gave him the liberty of talking with her. Without half trying, he got her story. It was just as he figured. A sad tale of deprivation and lost hope. If only she could see Mr. Jones. She knew he needed a stenographer and she was really awfully good.

A determined light came into Jud's eyes. Ignoring the protestations of the switchboard girl, he burst through the railed-in space, crossed it in two bounds and threw open the door to Mr. Jones' office.

Mr. Jones was sitting at his desk, smoking a cigar. He looked up with a startled expression when Jud entered. He had heavy jowls and a shock of grey hair and belligerent, bushy eyebrows. The cigar fell from his mouth. He stood up. Before Jud could utter

don't you?"

Mr. Jones stalked out of the office. A man came in another door and told Jud to follow him. "Kate always wins," the man said. "Here's your desk. Kate wants you to go to lunch with her this noon."

JUD SAT DOWN, speechless. "Do you mean—I am I one of several who have been hired in this fashion?"

Jud passed a hand through his hair. The man left. Jud sat down at his desk. He tried to straighten things out in his mind, and was beginning to get places, when Kate entered.

At lunch Kate said: "Would you like to marry me?"

"Sure," said Jud, grinning weakly. "All right then. Right after work. I'll be waiting."

He wondered what was next. He found out. She took him to a minister's. She produced a license. Jud tried to grin. He gulped and stared at her. "Good lord! You're not serious about this?"

Jud suddenly no longer had the feeling that he liked all this. "Now listen," he said. "I can't marry you. In the first place I don't love you. In the second I think you and your old man are crazy. And in the next place, I'm already married and have three kids!"

Mr. Jones called Jud on the phone the next morning. "Mister, you're still working for me if you want the job. I won a bet from Kate, and it's cured her of her screwy notions. Come on down. Your salary's doubled."

"Of course, I'm serious. I made a bet with Dad that I'd marry you."

a word, he barked: "Your name Jud Essex?"

"Yes, sir," said Jud, taken aback.

"I'll be darned!" exclaimed Mr. Jones. "Did she tell you who she was?"

"Did who tell me who who was?" Jud asked, beginning to think he was mistaken for some one else.

"My daughter! That redheaded girl in the outer office?"

It was Jud's turn to drop a cigar, if he'd had one. "Your daughter? That—the girl who wants a job as a stenographer?"

Mr. Jones came round his desk. He was short, but rotund. He glared up at Jud. "You're hired," he said. "I lost a bet, so you're hired. But you'd better make good, or you're fired. Get that!"

Shut up! Do you want the job or

SCA-AAT . . . This ferocious show of teeth by a western mountain lion didn't scare off the photographer who wanted to get this picture. And brother, how he must have wanted to get it.

## This Is Your Paper Censorship Is Dangerous

By William R. Nelson

CENSORSHIP is an action Americans resist so aggressively it has not even been imposed by law in time of war. Whenever some misguided attempt is made, whether against press, movies or radio, it is quickly squelched by aroused public opinion. Yet there are other attempts which fail only because of the knowledge, tact or courage of a home town newspaper editor.

Every newspaper has frequently to resist minor efforts at censorship. They are resisted because editors know that a minor success today can become a major one tomorrow.

Strangely enough, very few who participate in these minor instances fully realize what they are doing. Having the best of intentions, they fail to see the danger inherent in their actions.

Whenever a "request" is made that a newspaper omit facts concerning a public matter, censorship is being attempted. Even a spat between neighbors becomes a matter in which the public is entitled to the facts, if the services of police or a court are required. Police and courts belong to the public which authorizes and pays for them, and how their services are employed is of concern to the public.

There are instances, of course, where private rights outweigh those of the public, and the editor is justified in suppressing such news. There are other instances, also, where good taste may dictate that an item be omitted. But, whatever the fine points involved, it is the editor's judgement which should prevail.

Newspaper editors do not resent honestly intended requests to overlook incidents where there is doubt that the public interest outweighs the private rights. They do resent them if accompanied by coercion in whatever form.

The editor is expert in such matters as public right to news. He is the best judge of whether or not public interests outweigh those of individuals or organizations involved. His judgement should be accepted without resentment. Censorship is a dangerous force, too dangerous to set in motion, no matter how innocently it may be employed.
