INFORMAL DANCE ENJOYED MONDAY EVENING

James Cathey, son of Mayor and Mrs. W. S. Cathey, was the delightful host Monday evening when he entertained with an informal dance, naming as honoree Miss Lois Bowlin of San Singleton.

Lois left Tuesday for her Kansas after a month's visit with relatives, and Mr. Singleton returned last week from Missouri where he had been in school.

The spacious living room was decorated with cut flowers, and was cleared for dancing when the guests arrived.

Supper was served buffet style at midnight, refreshments consisting of delicious tuna fish sandwiches, olives, cookies, and lemonade.

Those present for the occasion were Misses Eula Belle Miles, Alice Joy Bowlin, Pauline Weesler, Elizabeth Turner, Ruth Roberts, Hazel Burk, Kathlyn Yeazey, Alice Busby, and the honoree, Lois Bowlin; Messrs. Ralph Beach, Hick Gibson, Irvine Burdine, Howard Tredway, Barton Burk, Jack Glynn Cathey, Jack Ellis, Owen Vaughn, and Sam Singleton, and Mr. and Mrs. W. E. Singleton.

MESSES. GREENWOOD, VERMILION ENTERTAIN T. E. L. CLASS

Members of the T. E. L. Class of the Baptist Sunday school were guests Friday afternoon when Messrs. Clark Greenwood and W. E. Vermillion entertained at the home of the former.

Bowls of cut flowers graced the living room where the class met for the lesson and social hour. Mrs. Vermillion led the discussion of the day's topic "What Baptists Believe."

In a short business meeting, it was decided to change the time of meeting to Wednesday afternoon at four o'clock instead of Friday afternoon at three. Members are asked to note the change.

The next meeting, Wednesday, June 22, will be at the home of Mrs. W. A. Hinkle, and all members of the class are cordially invited to be present.

At the end of a pleasant social hour, delicious refreshments of chicken sandwiches and punch were served to Messrs. Musik, Sutton, Lambert, Frazier, James, Cathey, Mansell, Smith and Middleton.

W. M. U. MEETING MONDAY WELL ATTENDED

An unusually interesting meeting of the W. M. U. was held at the church Monday afternoon when members took part in a round table discussion of the Bible lesson.

In the absence of the pastor, Mrs. W. E. Vermillion led the discussion. Eight members were present for the lesson and short business meeting.

PARTY SATURDAY EVENING CELEBRATES BIRTHDAY

Honoring the eighteenth birthday of their host, a number of young people enjoyed a delightful party Saturday evening at the home of Cubie Bray.

Group games of all kinds were played on the lawn and in the living room.

With impromptu songs and contests thrown in for good measure.

Closing a very happy evening, delicious refreshments of ice cream and cake were served to Messrs. Verna Mae and Ava John Anderson, Edwyna and Margaret Vermillion, French and Nellie Heathington, Kimmie Lee Pearce, Nell Kyle, June Gary, Modern McLaurin, and Mary V. Shook; Messrs. Joe Mac and Doc Kyle, Pat and Robert Gary, Gwyn, Wilbur and Bob Line, Hollis Hunt, Bill Yandill, Alton Hobby, Raymond Debenport, and Parks Singleton.

PARTY FRIDAY AFTERNOON HONORS CLASS TEACHER

Honoring Mrs. W. H. Veazey, teacher, members of the Loyal Workers' Class of the Methodist Sunday school were guests of Mrs. Buddo Yandill and Mrs. Bill Jones Friday afternoon when they entertained with a lovely party at the home of Mrs. Yandill.

Mrs. Veazey had tendered her resignation as teacher the Sunday before explaining that the move to her home in the country would interfere with her work, but she came totally unprepared for a party in her honor.

In the midst of games, a messenger delivered a telegram to her, the message asking her to repair to the dining room immediately. When she complied with the request, she found a lovely basket filled with linens, gifts from members of the class.

After an exceedingly pleasant social hour dainty refreshments of tea and mince pie were served to Messrs. McLaurin, Ray, Bowlin, Melton, Pruitt, Spradlin, Johnson, Garner, Ritzenthaler, Stark, Ramey, Proctor, Singleton, Carroll, Burnett, Line, and Hal Singleton, Jr.

MRS. HAYMES HOSTESS THURSDAY AT PICNIC

Mrs. M. B. Haymes assisted by Messrs. Stokes, Curtis and Rev. and Mrs. Burnett, entertained members of her Sunday school class with a picnic in the breaks last Thursday afternoon.

A ball game and other games furnished amusement for the twenty boys in the class until the supper hour when sandwiches, lemonade and ice cream were served.

This was one of the most enjoyable affairs yet held by the younger folks and one that was thoroughly appreciated.

TEXAS INDUSTRIAL ACTIVITIES

The Schulerberg oil mill claims the distinction of being the only mill in the world making a flour fit the human consumption out of cotton seed.

Pledging themselves to give preference to Texas-made products, the members of the Hill County Federation of Women's Clubs have organized a cotton club with the major purpose of increasing the use of cotton goods and articles.

Amarillo is to have a new \$50,000 baking plant, erected by C. J. Patterson. Texasiana also is to have a new \$50,000 baking plant erected by the Butter Nut Bread Co.

Southern Vogue Curtain Co. is a new industrial plant in coporation at Dallas.

Commercial Pulp and Paper Co., Orange, plans erecting two new buildings in which to install additional paper making machinery to increase its daily capacity from thirty-three to eighty tons a day.

Shiner, a comparatively small city in South Texas, is the site of the Kaspar Wire Works said to be the largest plant in the South devoted exclusively to the manufacture of wire products, and the Spoetzl brewery and Purity Creamery. The brewery makes near-beer and has sufficient demand for its product to be running night and day, while the creamery, established five years ago, has found it

necessary to enlarge its equipment several times and this year added an ice cream plant.

At 16 a girl thinks her life is a tragedy because she can't marry the delivery boy who tips his hat to her.

Vital Links

ina Human Chain

producer

Swift's Service

Retailer and Consumer

SWIFT & COMPANY daily purchases many tons of poultry, eggs and dairy products from farmers. Its interest does not end by shipping this produce to a few big city warehouses, there to await the development of demand.

Demand seldom stands on the rooftop and yells for Supply to come into the house.

That's why, every morning thousands of Swift & Company Branch House and Car Route salesmen start out to sell poultry, butter, eggs and meat.

Perhaps these salesmen do not create demand, but they hunt for it with fine tooth combs; they stir it; they dig it up. When they find Demand, they turn it over to farm producers who sell to Swift & Company.

It is to the salesmen's interest to discover new outlets, to expand the old ones, to let the organization know which markets are best. Their incomes, their advancement, depend on how well they sell.

Salesmen are vital links in a human chain that reaches back to the produce plant manager and his helpers. Every man strives to better himself by selling more and by cutting the cost of handling.

The Swift & Company national market was made by digging up demand wherever it exists in the United States, by advertising brands of high quality Swift's Meats, Swift's Premium Milk, Feed Chicks, Golden West Fowl, Swift's Brookfield Butter, Eggs, Cheese and many other products. Local gluts and shortages are known, and Swift's products are then distributed to the best advantage. By having the same railroad cars equipped to transport produce or meat; by having the same salesmen sell produce and meat on the same order, important economies have been achieved. Costs are spread more thinly for livestock men and produce men alike.

Unflagging interest that begins with a purchase from a farmer and continues until his produce is in a retail store—and in demand by a consumer—that is Swift & Company service. The charges for it are low. Profits over a period of years, have averaged less than a half cent a pound of all products sold.

KEEP 'EM GROWING

Chicks are an expense—until they are grown. How fast they grow—and the profit they pay you after they reach maturity—depend upon how well you feed them during the growing period.

RED CHAIN GROUING MASH is grown in the U.S.A. and profit insurance for the future. No other feed develops young chickens so rapidly into such healthy, sturdy pullets and cockers.

Of course it costs a few pennies more than makeshift home mixtures and cheap commercial feeds; but SUPERIOR results will convince you that it pays to keep growing—with RED CHAIN.

FORD TRUCK WEEK

Get the facts about new transportation economy

This is an opportunity to see how the transportation needs of a new business era have been met with new economy, performance, and reliability in the new Ford Trucks. Your Ford dealer is ready to give you the complete story.

Body types to fit every hauling need. 50-horsepower 4-cylinder engine. New freely shackled semi-clipitic rear springs distribute load stresses. Wide, deep, strong frame gives substantial support for bodies. 3/4 floating type rear axle for heavy service. 4-speed transmission. Tubular steel coupling shaft with heavy duty universals at each end. New bi-partible coupling and removable main cross member permit easy servicing of clutch, transmission, and coupling shaft. New comfort and safety for the driver. These features and many others will convince you that the New Ford Trucks can save you money and give you added performance.

LYNN COUNTY MOTOR Co. O'Donnell Texas

FORD TRUCK WEEK JUNE 18 to 25 INCLUSIVE

PLAINVIEW

(This and last weeks happenings)
The two light rains that fell here last week will benefit crops greatly. Farmers of the community are busy cultivating. Most of the wheat is ready for the reaper, while some oats have already been cut.

Miss Lorene Fletcher left last Monday for Canyon where she will continue her college work at W. T. S. T. C. during the summer school. Miss Fletcher will teach here again the coming term of school.

T. A. Austin of Carta Valley visited his brother, R. E. Austin, last week.

Lee Roy Hamilton and Bill Heafington of Seagraves spent the weekend in the H. W. Suits home.

Mr. and Mrs. C. G. Rankins of Lubbock, were guests in the home of Mrs. Rankins' parents, Mr. and Mrs. H. H. Walker last week.

The young people of the community, chaperoned by several of the mothers, enjoyed another delightful picnic at Indian Head Canyon tank last Wednesday night.

Mr. and Mrs. V. Gleghorn of New Mexico visited in the home of the former's brother, E. A. Gleghorn, last week.

Little Miss June Walker was the guest of honor at another surprise birthday party Sunday afternoon, in the home of her grandmother, Mrs. H. Walker. Those who were present and helped to make June's tenth birthday one to be remembered were, Little Misses Jeraldine Rayburn, Orlene Harris Trula Berry, Ruth Kenricks, Elaine and Aline Austin Margaret Walker and Masters Walter Berry, Floyd and Bill Wisemanant, Sony Walker, Billie Smith, as well as several little brothers and sisters so small to take part in the fun and several grown-ups who were too large.

Mrs. Elliot Harris and her daughters, Opal Mae and Orlene, have moved back to their farm, after spending the winter in O'Donnell where the girls attended school.

Mrs. Minnie Berry visited Mrs. Beck Brewer of Joe Bailey Saturday night and Sunday.

Mrs. E. A. Gleghorn, who has been suffering from an attack of appendicitis, is doing much better.

As usual, there have been several ill attended parties and quite a bit of visiting within the community.

This Man Had Faith
Lost 24 Pounds

"Last November I weighed 192 lbs. Today, (Friday, 5th, 1932) I am down to 168 lbs. and full of pep all day long—since using Kruschen I have not had to use the laxative that was customary." —Theo. A. C. LaFlour, Providence, R. I.

What do you think of this—you men who doubt—you stay fat—because you want to think that nature made you that way.

You're all wrong—most fat men were made fat because of their ability to handle a knife and fork in a business like manner.

Be frank with yourself. Are you too timid to take a safe, harmless conditioner that not only takes off surplus fat but is so helpful that it makes you feel years younger?

To reduce safely take one-half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—cut down on fatty meats, potatoes and sweets. Kruschen is sold by druggists the world over. A jar that costs but a trifle will last four weeks—but be sure you get Kruschen—your health comes first.

LOOK HERE!

By Sig

I take this method of announcing to the people my candidacy for office. I don't know just what office yet. But it really don't make me difference so long as the emoluments thereof, and the draft therefrom, are sufficient to maintain me in a style to which I ain't accustomed.

Unless I change my mind, I think I'll run for congressman-at-large. But before I decide definitely, I want to read up on the changes an enterprising fellow has got in the governor's or the attorney general's office. While I am making up my mind, I will esteem it a distinct honor if the many

friends who are urging me to make this race will withhold any commitments to anybody for anything.

Confidentially, I'm kind of partial to this job in Congress. A Congressman just works part of the time, and some of the time he don't work any of the time. Moreover and besides, I could put my wife and mother-in-law on the payroll as my secretaries. And I've got a son who could stay at home and draw a nice salary as my contact man. He ought to make a good contact man, provided he didn't come in contact with any work.

But I want to tell my countless friends right now, that whatever job I decide to accept, I will pledge myself to abolish the ad valorem tax. I further pledge myself to build a new school house in every district in this state without expense to anybody but the sulphur companies. I also pledge myself to end the depression within fifteen days after I am inducted into office; if I have to put enough tax on the oil companies and the utilities to give every citizen a 365 day job at good pay.

I hope to be able to announce what office I prefer at this time next week. Meanwhile, I solicit your support and continued confidence, and assure you that when I am elected this government will be run honestly by me, for the people, at the expense of the corporations.

Whatever I run for, my campaign slogan will be: "Run the rascals out and let me in!"

Faithfully yours, SIG.

Don't be angry when a man tells you not to worry, but don't forgive him. Get even some day by annoying him with the same easy advice.

Questions and Answers about

Conoco Germ Processed Oil

Q: WHAT DOES "GERM PROCESS" MEAN?

A: The words "Germ Process" describe the scientific method by which this oil is manufactured. Such processing adds immeasurably to the oil's lubricating properties. North American patent rights to this Process are owned by Continental—only CONOCO oils are Germ Processed!

Q: IS IT DIFFERENT FROM OTHER OILS?

A: Yes. It is the only oil of its kind, and does what no other oil can do. The Germ Process gives it the ability to penetrate and combine with metal surfaces in your motor. The Germ Process also gives more "oiliness" than any other oil. Any oil would be better oil if Germ Processed.

Q: WHAT IS THE "HIDDEN QUART"?

A: The "Hidden Quart" is tangible evidence that CONOCO Germ Processed Oil penetrates metal surfaces and gives surer, safer lubrication. During the first 250 to 350 miles after your first fill

with Germ Processed Oil, a pint to a quart seemingly disappears. On later fills, it does not. That's the Hidden Quart—it stays up in your motor and never drains away! Other oils drain away when your car is idle, leaving vital parts unlubricated during the starting period, when almost half of all motor wear occurs. CONOCO's Hidden Quart lubricates before your motor starts—cutting down costly starting wear!

Q: WHY SHOULD I CHANGE TO CONOCO GERM PROCESSED MOTOR OIL?

A: Because, by cutting down starting wear, it gives your motor longer life, keeps it sweet-running and saves expensive repair bills. Because Germ Processed Oil's extra oiliness makes your car run better, it forms a stronger piston-ring seal, making starting easier and giving more power. It withstands crankcase dilution and high temperatures. CONOCO Germ Processed Motor Oil gives you the safest, surest lubrication you can buy. Change now to this better oil at any CONOCO Red Triangle station.

CONOCO GERM PROCESSED MOTOR OIL 30% PARAFFIN BASE

A HIDDEN QUART STAYS UP IN YOUR MOTOR AND NEVER DRAINS AWAY

THE PEOPLE OF TEXAS MUST DECIDE THE FATE OF TEXAS RAILROADS

● THE WELFARE of Texas and Texans has gone and will always go hand in hand with the welfare of Texas railroads. Their dependency upon each other is absolute.

In 1929 Texas railroads gave employment to 82,956 employes, to whom they paid annually \$126,674,543 in salaries and wages. In 1930 this number decreased to 70,739 while the payroll declined to \$109,892,226. In 1931 the number of employes fell to 57,098 and the payroll to \$89,505,918.

This represents a decrease of more than \$37,000,000 in purchasing power in Texas communities. There has been a corresponding decrease in purchase of materials and supplies by Texas railroads. The ability to have maintained railroad payrolls and purchases would have been a very important factor in overcoming the present trying economic condition.

The decline in railroad payrolls and purchases is due only in part to economic conditions. The revenues of the railroads have been affected not only by business conditions but to a very large extent by loss of traffic to trucks and buses using the public highways in competition with the railroads.

● The time has come when the people of Texas must decide whether the traffic of this state can best be carried by the railroads, using facilities which they built and maintain at their own expense, or by trucks and buses using the highways built and maintained at the taxpayers' expense.

A negro was whitewashing a fence. A passerby watched him for awhile and asked "Sam, why don't you get a brush with more bristles in it?" "What for?" replied the aged worker. "Why, if you had a good brush, you could do twice as much work." "Tessah, but Ah nint get twiet as much wuk to do."

The best flooster is the man who trades at home. It doesn't matter how much a man praises the town, its schools and churches and streets, if he sends his money out of town. A million dollars worth of trade away from home won't help the town as much as one dollar spent with the local merchants.

NOTICE OF SALE OF REAL ESTATE

STATE OF TEXAS
 COUNTY OF DAWSON
 IN THE DISTRICT COURT
 OF DAWSON COUNTY,
 TEXAS

Mrs. Ina Lindsey Barfoot et al vs H. W. RAGSDALE et al.
 WHEREAS by virtue of an order of sale issued out of District Court of Dawson County, Texas, on a judgment rendered in said court on the 14th day of May A. D. 1932, in favor of the said Mrs. Ina Lindsey Barfoot, and against the said W. H. and Jack Veazey, No. 1688 on the seventh day of June, A. D. 1932, at 2 o'clock p. m. levied upon the following described tracts and parcels of land situated in the County of Lynn, State of Texas, and belonging to the said W. H. and Jack Veazey, to-wit:

Being all of the North-east one-fourth of section No. Nine (9), Block "O", Certificate No. 62 H & O B R R. CO. Surveys in Lynn County, Texas, containing 160 acres of land, and being known as the Jack Veazey place; and on the fifth day of July A. D. 1932, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day at the courthouse door of said county, I will offer for sale and sell at public auction, for cash all the right, title and interest of the said W. H. and Jack Veazey in and to said property.

Dated at Lamesa, this 7th day of June, A. D. 1932.
B. L. PARKER,
 Sheriff of Lynn County, Texas.

METHODIST CHURCH SERVICES
W. R. BURNETT, Minister

10:00 a. m. Sunday school, W. J. Shook, supt. A cordial invitation is extended to everyone to be present at Sunday school next Sunday.

11:00 a. m. Morning Worship Service. Sermon subject for this hour will be "The Wings of a Dove". David wanted to fly away from the turmoil and strife of life like a bird and be at rest. Sometimes we want to fly away from the difficulties of life. Can we and ease from the burdens of life in flight? Come and hear the discussion of this subject next Sunday morning.

7:30 p. m. Epworth League. The Leagues are having exceptionally fine programs now. We are looking forward to seeing a large crowd of young people present at to League next Sunday evening.

8:30 p. m. Evening Worship service.
 4:00 p. m. Monday, Womens Missionary Society.

4:00 p. m. Tuesday World Friendship Club meets at the church.
 8:30 p. m. Wednesday evening regular midweek prayer meeting at the church.

8:30 p. m. next Tuesday the Sunday School Workers' Council and stewards will meet with Mr. and Mrs. Guy McGill. We are anxious to have all our stewards and members of the Workers' Council present at this meeting. Everyone will find a cordial welcome at all the services of the Methodist church. Come and worship with us.

IN THE INTEREST OF ECONOMY

Why not more oiled gravel or oiled dirt highways for Texas? In this period of public economy the diversion of road building funds to this type of highway should meet with general approbation from tax payers anxious to see public improvements made, but at the same time desirous of having them at reasonable cost. There are hundreds of miles of projected roads, or roads in need of improvement, subject to this treatment. Why not carry out these projects without huge expense to the tax payer, at the same time giving him permanent, comfortable roads. Involving, as many do, almost exclusively local expenditures for materials, oiled gravel, oiled dirt or asphalt and rock highways would be of double benefit to Texas right now. The state has a wealth of both of the materials necessary in this type of construction, the majority of its area producing either one or both of them. Home made roads on a large scale, with the producers of these two commodities ready and willing to supply them at low cost, would react favorably on the economic situation now existing.

In the interest of economy and home enterprise, oiled gravel, oiled dirt or asphaltum and rock roads should be constructed wherever practicable. While many of the main highways are subject to this type of construction, its cost is such that it is particularly adaptable to lateral roads where truck traffic is not heavy. Roads of this sort constructed where travel is not exceptionally heavy have been found to possess exceptional lasting qualities with low upkeep cost. It has been found in some sections of the state that highways built in this manner are more lasting than those of more costly construction. In these areas particularly should attention be given to the possibilities in connection with this method of construction by a large factor in such areas, but upkeep cost becomes an item of first consideration.

Given a stated sum for road construction, several times the mileage can be built of oiled gravel than of more costly, and in many cases imported materials. Not only does local enterprise benefit through supplying a wider area and local expenditures spread over a larger territory, several communities, possibly, share in the benefits of these expenditures where in the case of more costly but shorter stretches of highway one community only is aided.

The construction of more oiled gravel, oiled dirt or asphaltum and rock highways should be considered on their merits.

NEW SONG HITS INTRODUCED IN "FLYING HIGH"

Gus Arnheim's Famous Jazz Band Additional Musical Treats of Palace Talkie

The hilarious slapstick comedy of Bert Labr, America's most imitated comedian, Chadlotte Greenwood, Pat O'Brien and others in "Flying High" an M-G-M attraction which will open Sunday at the Palace Theatre for three days is interspersed with a number of striking new songs.

Three out of the four of them were written by the most successful song-writing team of recent years, Dorothy Fields, daughter of Lew Fields of Weber and Fields, and James McHugh. "The Blackbirds" established the reputation of Fields and McHugh some years ago. Since then they have done numerous other successful musical shows before entering the talkie field. "Go Home and Tell Your Mother," "Love in the Rough," was one of their big song hits.

Outstanding Numbers
 Two of their numbers is "Flying High" are considered sure-fire hits. They are being whistled and sung everywhere. "Dance Until the Dawn" is a corking rumba, and "Happy Landings" is an exceedingly colorful number.

 A chartered training school for nurses is conducted in connection with the sanitarium.

An old Dutchman, returning to Holland, was asked by a friend what, in his estimation, was the strangest thing he had noticed, and he replied: "The United States has many wonderful things, but the strangest is a drink called cocktail—and here is how to make it: They put in whiskey to make it strong, then water to make it weak; gin to make it hot and ice to make it cold; lemon to make it

four; sugar to make it sweet; then they say: "Here's to you" and drink it themselves."
 It is nice to find an easy way of earning a living, but the important thing is to find a sure way.
 Sometimes a good failure helps a man. It takes away some of his conceit and replaces it with common sense.

One Woman IN A MILLION

She is but one of the more than a million modern-minded women who enjoy care-free, automatic electric cookery. And think what it means to her! A cooking fuel as clean as summer sunshine and as fast as electricity itself. A kitchen as cool as a mountain lake. A range as accurate as a stop watch. Afternoons of leisure, without thought of kitchen tasks. With all of these advantages, is it any wonder that more than a million women have already changed to electric cookery? You, too, may cook this easy way for about a penny per person per meal. Investigate today.

Attention To Details

We have found that the person who is thoughtful of little things, like creases in their trousers of an immaculate suit, has a better disposition and is more successful than those who are careless.

Our tailoring service gives you the absolute assurance that you are sartorially correct. And our rates are reasonable, in accordance with the quality of service.
