

SMITH WINS SENATORIAL RACE

Trutt Smith Appointed District Attorney

Nelson, district attorney for the judicial district, won a special election Saturday in a special election to succeed to the office of Senator Arthur P. Dugan, who died in office.

Trutt Smith, who was appointed to the office of district attorney, will be seated in that place immediately.

Trutt Smith, county attorney, was appointed to succeed Mr. Nelson. Just as he was leaving the office of Mr. Nelson, he was reported by the Lubbock Press to have been appointed to succeed Mr. Nelson.

Schell Circus Coming To O'Donnell, Oct. 9

Great Four-Ring Circus To Show in O'Donnell, Wednesday, October 9

The Schell Bros. Circus will show in O'Donnell Wednesday, October 9, under the auspices of the O'Donnell Volunteer Fire Department, giving two complete performances, one in the afternoon and one at night.

There are hundreds of animals including herds of trained elephants, horses and other animals with Schell's four-ring wild animal circus, and troupes of acrobats and other circus performers found in this show. They have many new and novel acts on the program this season.

Miss Valesa Lolo, Hollywood's Sweetheart and movie star, will appear twice daily in the main show performance. A beautiful pageant is presented, in which every member of the circus takes part. The riding Hogan family, the Aerial Henrys, and the Conner Troup are a few of the outstanding features of the circus.

The Schell Bros. circus comes to O'Donnell highly recommended from other towns and cities as having a very clean and pleasing performance. There are four rings going all the time so that all may see, and there will be plenty of seats for the big crowd.

Remember the tickets are especially priced at 25c for children and 40c for adults.

Highway Dept. Lists New Vehicular Rules

Deputy Sheriff John Johnson has this week furnished us with a list of new requirements which have been made recently by the State Highway Department and which will be rigidly enforced throughout the South Plains along with the rest of the State.

The more important of the new rules are as follows: All wagons on the highways must be equipped with large, set glass reflectors on the rear. All trailers must be burning lights. In case trailer is 72 inches or more in length, there must be two lights in front, one on each corner.

The trailer must also have two reflectors and one burning light in the rear. We understand that this standard equipment may be purchased at the Lumber Co. store here, or at almost any well stocked supply house. Mr. Johnson asks that all our folks help him in these new rulings, and see to it that their wagons and trailers are equipped in accordance with the highway regulations. A prompt compliance with these rules will make it much more pleasant and agreeable for everyone concerned.

National Fire Prevention Week Oct. 6-12

National Fire Prevention Week is being observed here with special posters by the public schools, and Mayor B. M. Haymes, in his proclamation calling on O'Donnell people to observe the Week, is asking that all citizens co-operate with the local fire department in every way.

Clearing and burning all rubbish about the premises is the best way to cooperate, says Fire Chief Roy Gibson, and local people are asked to do this some time during the week.

Eagles Leave Town For Game Oct. 11

The second conference game will be played Friday, October 11, between the Eagles and the Wolfthorn team, at Wolfthorn.

This will likely be one of the best games of the season, and already a number of local people are planning to accompany the team.

If you plan to go, and have room in your car to take one or more players, please get in touch with coach Johnson at once. He and the boys will heartily appreciate your assistance in the matter of transportation.

Remember to go with your team to Wolfthorn Friday of next week, and take along your yellzick equipment.

Mr. J. M. Noble, jr., was in Lamesa on business Friday.

Keeping Their Eye on the Ball

FIRE PREVENTION WEEK PROCLAMATION BY THE MAYOR

Fire uncontrolled is one of the most serious problems that confronts us today, by reason of the fact that it has taken a heavy toll in the number of people burned to death annually and by reason of the further fact that this form of waste has proven to be a heavy financial burden on each of our citizens.

Fire to a very large degree is preventable by the proper application of education in fire prevention and fire protection.

NOW, THEREFORE, I, B. M. Haymes, Mayor of the city of O'Donnell, do hereby proclaim the week of October 6 to 12 as Fire Prevention Week, during which Week I most respectfully urge our civic and commercial organizations, our school officials and teachers, and our citizenship as a whole to cooperate and work with the fire chief, fire marshal and city officials in an effort to control this useless loss of life and property by fire. Every home and place of business should be inspected carefully and all fire hazards removed.

IN TESTIMONY WHEREOF, I hereunto sign my name and affix my seal of office on this, the 30th day of September, A. D. 1935.

B. M. HAYMES, Mayor.

Distressed Farm Home Owners To Get Help

Farm debt adjustment work throughout the nation has been reorganized and taken over by the Resettlement Administration and greatly strengthened by recent legislative enactment providing an effective legal procedure to meet foreclosure on farms in the recent Amendment to the Bankruptcy law taking the place of the Frazier-Lemke Act ruled unconstitutional.

To Distressed Farm Home Owners in Lynn County: This is to advise you if you are in debt distress, a committee of three men, with whom you are personally acquainted, have been carefully selected because of their own known public spirit and worthiness, and appointed by the Governor of the state of Texas to assist you as arbitrators or conciliators, call on them for advice and help.

In Lynn county they are as follows: R. C. Woods, chairman, George W. Small and Alton George members. Their office will be with the Rural County Supervisor, W. H. Gore of Tahoka, Texas.

If your case assumes the seriousness of foreclosure and all efforts to settle through the Committee fail, then you should meet this legal action by filing your case with the Conciliation Commissioner, appointed by the Federal judge of your county. The Conciliation Commissioner of your county is Tom Garrad, Tahoka.

State Health Ass'n To Meet Oct. 16-18

Austin, October 1.—William McCraw, Attorney General, will be one of the speakers at the annual meeting of the Texas Public Health Association to be held in Waco, October 16-18. Other speakers of statewide and national reputations in their respective fields will also be present, according to the president, Dr. B. E. Pickett.

Each year the Texas Public Health Association holds a meeting or short school that is attended by all who are interested in health work in Texas. Its membership is composed of doctors, nurses, sanitarians, and others. Many towns and counties send their representatives in order that they may become familiar with the trends in public health as it affects their communities and the State.

Some of the subjects that will be discussed during the meeting are mental hygiene, nursing service in schools and communities, immunization of children, control of communicable diseases, laboratory tests for disease as well as testing of water supply, milk, sanitation and sewage disposal.

The meeting this year is of great importance as many health features enter into the Social Security Bill; these will affect the entire State when money with which to carry it out is appropriated. The State-wide malaria and sanitation program will be described and other subjects of timely interest will be given. In addition to the Attorney General, other speakers on the program include Dr. W. K. Sharp, jr., U. S. Public Health Service; Dr. C. P. Google, malariologist; U. S. Public

First Conference Game Won By Eagles Friday

Playing their first conference game in the recently organized class C grid loop, the O'Donnell Eagles defeated the Acuff eleven here Friday afternoon 26-6.

The six point score by the visitors was virtually given them by the local players, who fumbled and dropped the ball enough to let their opponents score.

Inclement weather a drawback A cold, drizzling rain which fell throughout most of the playing time was a drawback for both teams and for spectators. The usual crowd of fans was cut by more than two-thirds gate receipts not being enough to pay expenses of the game. The cold affected the work of all the players, so that the game was distinguished by more fumbles and more dropped balls than we ever remember seeing on Johnson field.

Game With Post Friday The hardest game of the season will be played here Friday afternoon when the Post Antelopes come over to give us a try for their 10-7 defeat at the close of the season last year.

That game, the last one of the 1934 season, was one of the hardest of the year for the local boys, and was the roughest, both for players and fans.

In spite of the rather discourteous reception and treatment accorded the O'Donnell delegation last year, Coach Johnson, the Eagles, and school authorities are asking the cooperation of the town in showing the visitors from Post how a visiting team and its supporters should be treated. It is a source of pride to everyone in the district that O'Donnell has the reputation of being courteous and of playing square with visiting teams, and our own team asks that the Post delegation be treated with every mark of consideration we can give them when they are here Friday.

And all the supposed-to-be fans who have been griping because we haven't been teaming from big towns on our schedule this year will have an opportunity to show how much of their support is real and how much of it is just noise. They've been yelling for a real game—Friday's melee will likely be one that will curl their whiskers.

Be at Johnson Field at 3:30 Friday afternoon for a real football game.

Cold Weather A Hindrance to Crops

Real winter weather, which put in its appearance entirely too early this year, has been a decided hindrance to the harvest of the 1935 crops in this territory. Last week, which should have been the beginning of the Fall rush, was one of the coldest periods for the time of year seen in this section in some time.

Rains in the early part of the week and unusually cold winds in the latter part delayed cotton picking and maize heading to a considerable extent. A fresh northerly Friday morning sent the temperature to 46 degrees, with cold weather reported farther north.

Clouds were partially dispersed Saturday and Sunday, and favorable weather in every respect this week is expected to bring cotton in to gins in wagons, trailers, and trucks. O'Donnell's five gins are ready for operations and gin men are hoping for a record season.

Singing Convention To Meet At O. K.

C. H. Mansell, president of the District Singing Convention asks that the people of this section, and the general public is cordially invited to come and take part.

Bring your song books and come prepared to spend a pleasant afternoon.

Misses Audyee and Novell Ratliff and Misses Lucy, Madeline, and Josephine Morrison were among O'Donnell people attending the Panhandle South Plains Fair at Lubbock Saturday.

J. M. Noble was the guest Monday of Mr. and Mrs. J. M. Noble, jr. Health Service; Dr. H. R. Drugeon, President elect of the State Medical Association; Senator J. W. E. H. Beck; Major J. W. Wood, Texas Planning Board; Dr. E. W. Wright, Chairman, State Board of Health; Dr. E. Colp, State Park Board; Dr. John W. Brown, State Health Officer; and many others.

Tahoka Refuses To Fill Contract For Football Games

The refusal of new school authorities at Tahoka to carry out that school's part in a two-year contract for football games has been a distinct disappointment and surprise to local fans.

A contract was signed last year between this school and the Tahoka school for football games between the two teams, the visiting team in each instance to play for the sum of \$15. Last year's game was the first one, and the O'Donnell team and fans carried out their part of the agreement. The hundreds of local people who went with the team to Tahoka last year and who paid the full admittance fee, even to members of the pep squad, are wondering if it is just a case of a larger school being afraid to take a trouncing from a smaller school.

Leaving that phase of it aside, however, the case boils down to the fact that our team went to Tahoka last year, that twice as many O'Donnell fans paid admittance as did Tahoka people, and that the Tahoka team derived about 90 per cent of the benefits of the game, the Eagles receiving only \$15 for their part of gate receipts.

Now when it is time for the Tahoka school to fulfill its part of the contract, we find the officials quite frankly wincing on the proposition. And those officials who claim to have no knowledge of such an agreement should have gotten together and compared notes, for they make and make conflicting statements.

But, however much the said stories fail to tally, they all look blank and stutter around and stand pat on the wretched business.

So, folks, it must be that the proud Bulldogs just can't stand the idea of another defeat from a smaller school for it is now a settled fact that there will be no football game this year between the Eagles and the Tahoka Bulldogs, due to the fact that the Tahoka authorities refuse to fill their part of the contract.

O'Donnell Girl Sang Over Radio Monday

A number of O'Donnell people were fortunate enough to be listening in Monday morning when Miss Margaret Vermillion sang over an Amarillo station, using several popular, classical and religious songs as her selections.

Miss Margaret, the daughter of Mr. and Mrs. E. Vermillion, was a member of the 1934 graduating class here, and has taken an important part in musical events for a number of years. She is this year a student at Wayland College in Plainview.

Thornhill Variety Adds Hosiery Line

Thornhill's Variety and Drygoods store has this week added a full line of sizes and colors in the exquisite Onyx line of hosiery. This line, while nationally known, is comparatively new in this section, and O'Donnell ladies will make its acquaintance through the assistance of the local store.

Miss Florence Gary, manager, and Mrs. W. H. Thornhill, proprietor, cordially invite the ladies of the territory to come in and see these new hosiery. At the same time, they call attention to the fact that shipments of coats, dresses, and piece goods are arriving daily, and that a complete Fall wardrobe can be readily assembled here.

FRIENDSHIP

FRIENDSHIP is one of the finest things in life. A good friend comes to us when we are in distress and unhappy, and without a good friend our life would be empty. But to make a friend we must first be a friend. A friendly thought is appreciated at all times. The bonds of friendship are far more comforting than coupons cut from bonds. Don't let old friends pass out of your life just because they do not live next door. Spare a few minutes now! Reach for your telephone! Extend your personality to the next block, the next town or another state without leaving your easy chair. Make your old friends a telephone visit while you are in the mood.

MISS GWENDOLYN FARRIS AND BURGESS PETTY MARRIED

In a quiet ceremony attended by only a few intimata friends, Miss Gwendolyn Farris and Mr. Burgess Petty were married Wednesday afternoon, September 25. The ceremony was read in the living room at the Methodist parsonage, with the pastor, Rev. G. W. Montgomery, saying the impressive words.

The bride is the charming and attractive daughter of Mr. and Mrs. C. J. Farris of the Grandview community, while the bridegroom is the son of Mr. and Mrs. J. O. Petty of this place. Both young people have lived in this territory for a number of years, and have scores of friends. They will make their home here.

Attendants at the wedding ceremony were Misses Chloe Keith and Cleo Petty, Messrs. Cecil Payne, Ken Farris and Glendon Petty.

MESQUITE NEWS

Mamie Bearden, Corres.
 Sunday school was well attended Sunday, and there was a large crowd at singing that evening. We were glad to have visitors from Berry Flat and hope they will come again.

Mr. Lawrence Gray has returned from Lamesa, where he has been ill since falling from a horse. He is improved enough that he was able to come up and watch the young folks play tennis Sunday afternoon.

Miss Roberta Stamps attended a birthday party in Lamesa Saturday evening, honoring one of her friends there.

Rev. L. P. Owens and family spent the week end in Lubbock visiting friends and attending the fair.

Mr. and Mrs. Dick Turn and little son of Lamesa spent Sunday with her parents, Mr. and Mrs. George L. Stephens.

Mr. and Mrs. Frank Lamb and family attended the fair in Lubbock Saturday.

Mr. Homer Davis suffered a light attack of appendicitis last week, but is able to be at work again this week.

Messrs. Raymond Lamb and John Stephens inform this writer that they will be in the Fairview community next Friday evening to transact business. We wish them luck.

Rev. Bill Garnett, his brother and Brother Johnson from near Tahoka were visitors in Sunday school last Sunday. We enjoyed their visit, and invite them back again.

Mr. and Mrs. Bob Schaulk and Mr. and Mrs. L. M. Stephens were guests of Mr. and Mrs. C. A. Barden Sunday.

Mr. and Mrs. J. H. Pindexter visited friends in O'Donnell Sunday.

Mr. Donald Street and Miss Almarie Nunnally, who are students in the high school at O'Donnell, spent the week end here with their parents.

NEW BUICKS HAVE MANY IMPROVEMENTS IN DESIGN

With safety the governing factor in their design, the 1936 solid steel "turret top" Fisher bodies being introduced on the four new Buick lines afford the greatest protection ever offered the motoring public, according to E. F. Fisher, general manager of the Fisher Body division, of General Motors Corporation.

Wider, deeper seats, more headroom and leg room to increase bodily comfort and further reduce fatigue, safety glass, dual windshield wipers, the sloping V-type windshield to eliminate hazardous reflections, Fisher no-draft ventilation, further improved to provide fresh air for the occupants even in inclement weather and prevent clouding of the windows and windshield, and the one-piece seamless steel roof, offer protection overhead where it is most needed, are cited among the safety features incorporated in the new designs.

The overall length of the bodies found on the new Buicks, from the dish to the trunk, in every instance is greater than it was a year ago. The widths of the seats have likewise been increased, with the 2- and 4-door sedans now providing accommodations for six passengers instead of five.

HANCOCK

Sunday school attendance was good Sunday.

Rev. C. C. Morgan, pastor of the Church of Christ of Lamesa, will conduct services at the Hancock school house every Sunday afternoon at 3 o'clock.

Rev. Leroy Smith will fill his regular preaching appointment here Sunday morning and night, also Saturday night.

Mr. and Mrs. W. F. Lisabee is visiting her son Weslie of McCamey.

Mr. and Mrs. Dee Phillips of Crane spent the week end here.

General Hancock, Gladys Lisabee and Mrs. Page Nelson visited Miss Bessie Lisabee of Lamesa Thursday.

Mr. and Mrs. John Nelson entertained the members of her Sunday school class with a party at the Hancock school house Friday night. Everyone enjoyed the games and refreshments.

Daisy Nelson is visiting her sister Mrs. Brook McNeil of Andrews.

F. W. Hughes and family of New Home visited his brother G. M. Hughes, Friday.

Mr. W. J. Beckham is ill this week —Mrs. Webb Weaver, corres.

Koeninger Feed Store Building Is Enlarged

The Sanderson building which is occupied by the Koeninger Grain Co. is being repaired and rebuilt this week so as to give plenty of office space for the new location of the grain business. The old driveway part of the building is being enclosed and partitioned

into spacious and attractive office rooms, and will be a valuable improvement to the building itself.

Artie Farrington, who is a student at Tech this term, spent the week end here with his brother, Dr. Farrell Farrington, and family.

Chilled to the marrow?

YOUR CAR'S COLD TOO . . . SO MAKE SURE YOUR ENGINE stays oiled

 And please don't think you are going to read this same sort of thing about a "whole raft" of winter oils.
 The clean-cut difference in favor of Conoco Germ Processed Oil is this: when the thermometer goes down there is a *Hidden Quart* of Conoco that doesn't. It can't. It stays and stays—becomes a lasting part of every surface in your engine.
 The Germ Process . . . fully patented . . . makes this allowed oil blend with metal remarkably, forming your *Hidden Quart*. Then no matter how long your car is parked or garaged in the coldest cold, you come out to a well-oiled start . . . not merely because fine paraffin-base Conoco Germ Processed Oil is free-flowing, but because the *Hidden Quart* is up on guard before any oil could even begin to flow.
 Gone are the warm-ups that chew up your engine. Nor need you fear highest speeds, or hardest winter pulls. That's when Germ Processed Oil puts its high-durability film between you and repair men. It's not only light-bodied enough for winter, but tougher, too.
 AND . . . road tests of cars with conventional rabbit bearings, and with the new copper-lead, high-lead, and cadmium-alloy bearings, prove Germ Processed Oil far better than plain mineral oils for all bearings!
 Whether you're driving a '35 model or a "veteran," drive it in today for your Conoco man's winter help. Continental Oil Company, Established 1875.

ON TEXAS FARMS

Turnips, lettuce, carrots, beets and kale are gracing the fall gardens of the Lamb county 4-H girls' club garden demonstrators.

From their earlier gardens, these girls have canned surpluses and even sold some fresh vegetables. Their families have cooperated with them by arranging shelving upon which to store the canned goods. One girl's father has even dug a new cellar.

Mustard, tendergreens, tomatoes, potatoes, and cullards are now ready for use in the fall garden of Mrs. B. F. Newsom of the Rosedale Home Demonstration Club in Jefferson county.

In the end of August, Dorothy White, Victoria county 4-H club girl, had cleaned up the summer garden and had the ground plowed, manured and pulverized ready for fall garden planting.

In a row covered with canvas for protection against the heat and frost winds, she had tomato and lettuce plants to be transplanted when the "rain" came.

Just "for luck" in case it did rain, Theresa Byrd, Dallas county 4-H garden demonstrator, "risked" some garden seed in late August. And rain it did. So she now has 500 feet of cellophane, 400 feet of black-eyed peas, 500 feet of sweet corn and 100 feet of Crowder peas. Carrots, turnips, lettuce, beets, and potatoes are coming right along too.

North, south, east, west, Texas home demonstration club garden demonstrators are growing every day that home gardens can be successfully managed in every part of the State. Their families are grafting from their labors, but not their families alone. The whole state is learning from these demonstrations.

COUNTY SUPERINTENDENT WILL TAKE STUDENT AID APPLICATIONS

High School students in this county who can qualify for part-time jobs under the National Youth Administration may receive \$6.00 per month for payment of expenses in High School. I will receive applications for these part time jobs up to and including October 9, 1935, provided

the State Office does not cut off applications before that time. If you are interested in one of these jobs, please see your high school principal at once. He will take your application.

Anyone in the county wishing to teach adult or other classes sponsored by the Emergency Educational Program should see me immediately. One essential qualification required by the State Office and by the county Case Worker is that the applicant must have been on the Relief Rolls of the county in May and on that roll at present time. Please understand that I have no authority in that matter whatsoever. I shall be glad to help place any one who can qualify under either of the above mentioned programs.
