

THE O'DONNELL INDEX

VOLUME XI

O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, NOVEMBER 9, 1933

NUMBER 7

Saturday Marks Fifteenth Armistice Day Anniversary

On Saturday of this week the nations of the civilized world will celebrate the fifteenth anniversary of the signing of the armistice, that truce which brought to a halt the bloodiest conflict of all times.

Who among us can ever forget the wild thrill which swept over our own country when that glorious news was sent over cables, telegraph, and telephone wires? Who can ever forget the surge of thanksgiving and hope, thanksgiving for the safety of loved ones, hope that others might be found safe after months of agonizing silence and uncertainty? And the signing of the armistice itself was one of the most dramatic events in the history of mankind.

As early as October 4 emissaries had been sent through the Swiss government to President Wilson, requesting an armistice. In many quarters it was believed that German reasons for applying to Wilson was that they believed that he would be more lenient than the other Allied leaders.

On November 8 German representatives met General Foch and other Allied leaders in a railway car at Rheims. At five o'clock on the morning of November 11th, an armistice was finally signed, to go into effect at eleven o'clock of that same day.

In the rear everyone knew that the war was to be ended at 11 o'clock, but in the front lines no one knew it except the officers. Doughboys knew nothing except that their orders were to attack. At Stenay they had fought their way across the flooded river and delivered the town at the very moment the fighting ended. They fought to the last minute. At 10:40, at 10:50, at 10:55 they were still fighting. But as the hour struck everywhere on the line in France was the same sudden and profound silence as the guns ceased for the first time that terrible chorus from the North Sea to Switzerland.

An eyewitness describes the scene in unforgettable words:

"Over hills in the east which had been the scene of bloody warfare almost constantly since the conflict began, and the scene of perhaps the world's most bitter battle where the Crown Prince had so long tried to take Verdun, there fell an almost unearthly calm. Where the roar of a million shells had often torn the air, one could hear a sparrow twitter had the war left any sparrows there. Torn, twisted, and tortured was the land. Of all the woods no tree was left whole; of pretty villages only blackened and stark bits of moss covered and shattered stone; of roads there was not a trace. Sombre shadow and silence were over all and would have seemed ominous had one not known it was harmless now. Soon the landscape was filled with cheering men. No Fourth of July in the United States ever saw such fireworks as threw red, green, and blue streaks across that foggy sky. Far away was poor, torn, suffering Verdun, now suddenly turned into a place of victory. Gathering darkness that night hid its wounds and one saw the French tricolor and the Stars and Stripes flying from house-tops and parapets made visible by searchlights. On top of the grizzled fortress walls a band of French and half Yankee, played all the tunes it knew. Through the streets marched rejoicing Yankees and their Allies."

Fifteen years have passed since that memorable day, and the causes and events of the World War have grown vague and indefinable. It remains for those far wiser than we to say whether or not the sacrifice was rewarded, whose the victory. But the emotion, the surging pride, in those gallant lads from the north, south, east and west is still an integral part of our national consciousness. This pride burns with a white flame in our lives today; in its light we find the answer to mankind's eternal question—and that is "Greater love hath no man than he lay down his life for his friend."

All honor to those blithe youngsters and all glory to their hallowed memory. May their sleep be sweet and peaceful.

Primitive Baptist To Hold Services

Special services will be held on the third Sunday of this month by the Primitive Baptist Church, services to be held at the Southside Baptist church.

Lunch will be served at noon, in old-time dinner on the ground fashion, and services will be held again at 2 o'clock in the afternoon.

The public is cordially invited, members saying "tell your friends and come yourself."

Mr. and Mrs. Joe Schooler were in Lubbock on business Monday.

Brief Crime Wave Here Saturday

Just as the entire community was congratulating itself on the fact that this fall has been conspicuously free of petty crimes, there was a short but exciting outbreak Saturday afternoon and night. Deputy sheriff John Johnson was kept busy until late in the night, but by Sunday morning most everything had been calmed.

Perhaps the most exciting outbreak took place at Bowlin's Gin, where Matt Trammell was working late filling the saws. He had received his week's wages, and had the amount, between thirty and forty dollars, in his jumper pocket. Three Mexicans, each carrying a gun, came up on him unawares, commanded him to "stick 'em up", and were successful in getting away. As we go to press, there have been no further developments in this case, but it is hoped that the three hijackers may be apprehended this week.

George Gray is also the loser of quite a sum of money, lost to a Mexican who, bystanders report, snatched a roll of bills from Gray's hand and lost himself in the darkness. Gray was not sure of the exact sum lost.

At C. C. Drygoods during the rush Saturday afternoon, Mr. Cabool was forced to use his gun to effect the return of a suede jacket and other merchandise which was being picked up by still another Mexican.

Late in the afternoon or early evening, the Model T Ford owned by the Kyles was driven away, but was located early Sunday morning. Officers could not determine whether it was driven away through accident or design.

Claude Tucker Injured In Car Wreck Tuesday

Mr. Claude Tucker, prominent farmer of the Wells community, sustained painful injuries Tuesday morning when his car crashed into a barn as he was coming into town. Glass from the windshield cut his face in a number of places, and he received other injuries.

As nearly as could be determined, Mr. Tucker had looked back to straighten up some cream cans in the back of his car, and was right on a corner before he realized it, with the resultant accident.

The car was slightly bunged up but the accident was far less serious than it could have been.

Singing Convention Is Postponed

Due to inclement weather the district singing convention which was scheduled to be held at Wells last Sunday afternoon has been postponed to the first Sunday in December, according to announcements from Chas. McConal.

Singers are urged to keep this date in mind and to make their plans to attend on that date.

Doak Buys Calves To Be Fed Out

C. H. Doak bought 92 whiteface calves Saturday from an Odessa man planning to feed them out on the ranch at Lou. Feed crops in that section have been unusually fine this year, Mr. Doak states, and there is an abundance of grain and roughage.

The calves are in prime condition, he said, making as pretty a bunch as he ever saw.

No Fee Necessary For Reimbursement

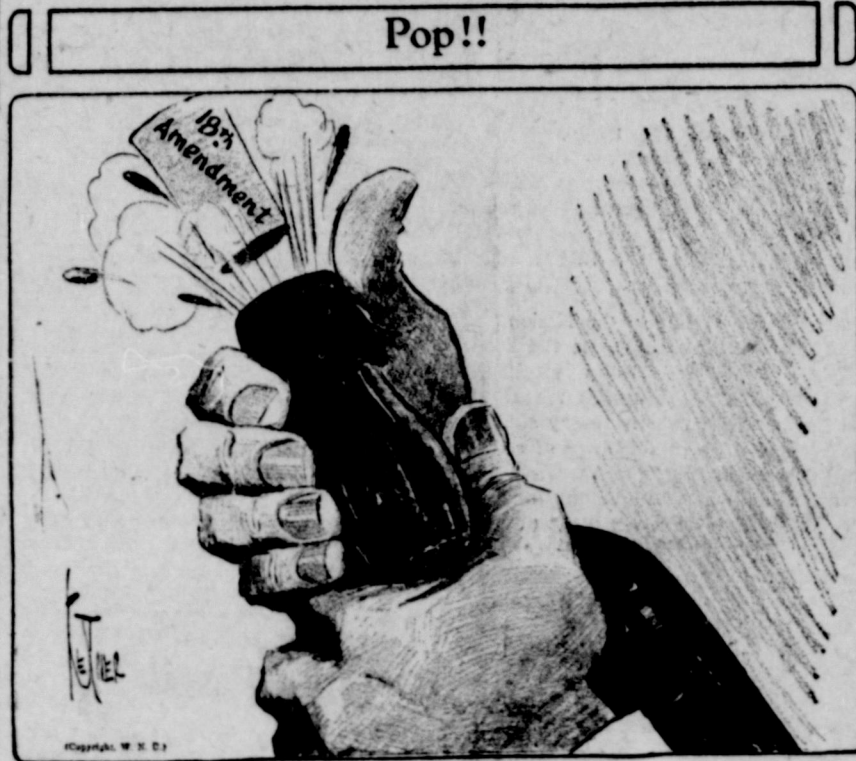

It is not necessary for any farmer in the pink boll worm area to pay any sort of fee to anyone in order to get his share of the \$500,000 reimbursement fund.

That was the announcement Saturday by State Representative Fritz Englehard, chairman of the committee which approves the claims. He said that he had received reports that people were going through the pink bollworm belt offering to collect the claims for a fee.

A claims committee is soon to be appointed by the governor, and Rep. Englehard said it would not be necessary to pay a fee to get the claims presented or heard.

It is to be hoped that the governor loses no time in setting up this claims commission. The farmers have waited a long time for their money, and most of them need it badly at this time.

W. L. Palmer made a business trip to Dallas the past week end.

Mayor's Proclamation

Since Saturday, November 11, is the fifteenth anniversary of the signing of the Armistice, and

Since all true and loyal Americans justly feel a debt of gratitude and honor to the soldiers of that conflict, dead or alive,

Therefore, I, W. S. Cathey, Mayor of the City of O'Donnell, do call upon every citizen of this town to display our flag on buildings and to join together at the sound of the siren, in two minutes silence at exactly eleven o'clock Saturday morning, as a mark of respect to the memory of those who sleep in Flander's Fields.

W. S. Cathey
Mayor, City of O'Donnell

Armistice To Be Observed Quietly

Armistice Day is to be quietly observed here Saturday, according to present plans. As it falls on Saturday, local business men are not planning to close their places, and no public program is being arranged.

The city council however, has arranged that the fire siren will be sounded at eleven o'clock Saturday morning, that being the hour when the armistice went into effect fifteen years ago, and two minutes silence will be observed. This plan is explained in a full page ad which appears on another page of the Index, and the cooperation of their customers is asked by the signers.

Pastor Is Attending M. E. Conference

Rev. W. R. Burnett, for the past two years pastor of the local Methodist church, is this week attending annual conference at Clarendon, having left for that place Wednesday.

This year has been a most successful and pleasant church year. Thirty-eight additions to the church membership were reported last week by the pastor when he attended a Victory Day meeting at Lubbock.

Though finances will perhaps not be paid up in full, this year's report will nevertheless be a great improvement over that of last year.

Rev. and Mrs. Burnett have won many friends during their stay here, and the community as well as the church join in the sincere hope that they may again serve the church here.

Cotton Loans Being Offered Farmers

With all compresses in this area now signing waivers on cotton to be placed with the government on a loan the work of securing drafts is progressing satisfactorily here this week according to reports from the T. C. C. A. office and the office of C. N. Hoffman. Both offices are making the loans.

Drafts are being cashed at the First National Bank here, so that farmers are securing money immediately. More than 200 loans had been made Tuesday night.

NEW SUBSCRIBERS THIS WEEK

Among those who have renewed or placed their subscription to the Index this week are: Mrs. Roy Everett, Ennis Curtis, Mrs. J. B. Curtis, J. B. Miles, Harvey Jordan, W. O. DeBuck, Irvin Wright, and Mrs. Billy Gibbs.

H. C. Warren, J. A. Anderson, T. A. Bullard, J. H. Parker, B. W. Brown, J. W. McDonald, Mrs. Roy Everett renewed their subscriptions last week.

J. A. Cornett spent the week end with his family at Klondike.

Work Now Under Way On Highway 9

The last right-of-way deed for Highway No. 9 was signed last week, and engineers are already on preliminary work of building the new highway from Tahoka north to the Lubbock county line.

Walter W. Hyde of Post will act as Lynn county resident engineer and has already established an office in the court house at Tahoka. Mr. Hyde states that four engineers of the State Highway Department are now engaged in moving the telephone line of the West Texas Gas Company and will next set back the State Telephone Company line, as well as fences of property owners along the right-of-way.

The Panhandle Construction Co., of Lubbock, which holds the contract for building the grade and drainage structures, is expected to start work in the very near future. The contract calls for 15.6 miles of roadway.

All men who desire work on these projects should sign up with Judge B. P. Maddox, whose duty it is to furnish the contractors with Lynn county laborers.

Winter Weather Halts Plains Harvest Season

Bringing to an abrupt close the most ideal harvest season for several years, a real Texas blue norther swept down from the mountains at an early hour Thursday morning, November 2. The accompanying flurry of rain effectively halted cotton gathering for the remainder of the week. Gins were unable to practically catch up for the first time since the opening of the season, and cotton houses were cleared.

A heavy frost Saturday morning, November 4, further emphasized the fact that Plains folks had better get out the "heavies". This inclement weather, broken for a few hours Saturday afternoon and evening, was reinforced again Saturday night and Sunday, so that this week may really be called the beginning of winter.

So far as we have been able to learn this morning (Monday) there were no livestock losses and very little suffering, as storm warnings had been sent ahead in ample time to permit farmers and stock owners to prepare shelter for animals.

We understand that also most of the transient hands here for the cotton harvest had been cared for so there was little or no human suffering. Our territory has been happily blessed this year with bountiful crops earlier than usual, so that our people are better able than for the past three years to take care of their families and their hands.

Unofficial estimates say that the cotton is around 65 per cent harvested, which is an unusually splendid record for the Plains country.

School Returns To Nine O'clock Schedule

The local public schools resumed the regular nine o'clock schedule on Monday morning of this week, leaving off the eight o'clock plan which has been in effect for the past several weeks.

A. H. Koeninger, president of the board, said that the change to normal routine was due to the fact that bad weather had prevented students from assisting with the harvest, which is nearing completion anyway, and that the early hour was working a hard ship on the majority of pupils and parents.

Locals Defeat Amherst By A Score Of 18 to 0

Campaign For Payment Of School Taxes On

An active campaign to collect the school taxes for 1933 is to be put under way this week, according to a statement Tuesday from A. H. Koeninger, president of the board of education.

"It is imperative that at least a part of this revenue be collected at an early date," Mr. Koeninger said, "and for this reason we are asking the cooperation of every property owner in this district."

"On Thursday morning our collector, Mrs. Campbell will begin a personal canvass of every patron of the school within the city limits. She will have her receipt book and her list of delinquent and current taxes, ready to accept payment of all or part of them. We ask for courtesy and consideration for her as she begins this campaign."

With the splendid crop this year and cash coming in from various other sources, it is hoped that the majority of school money may be collected before Christmas. Mrs. Campbell reports that patrons seem much interested and are apparently making every effort to pay up in full.

Methodist Ladies To Serve Dinner Saturday

The Methodist ladies will serve a turkey dinner in the kitchen Saturday, November 11th. Everyone is urged to come out and help eat a wonderful spread, for only 35c.

The ladies ask that every woman interested in the church and the work the women are doing to donate food and their own personal services in serving dinner. Proceeds will go to paying for the seats at the church. Dinner will be served from 11 o'clock on through noon.

M. E. Zone Meeting To Be Held Here

There will be a zone meeting of the Missionary societies of Lamesa, Tahoka and O'Donnell at the church here on Wednesday of next week.

As it is planned to reorganize the zone at this meeting, the meeting will continue all day. Lunch will be served at the church, and every lady is requested to bring a covered dish.

Mrs. G. C. Wolfarth of Lubbock will be here, and will have charge of the business session. Local members are anxious to have a good attendance.

Local Business Men Are Ill This Week

Lee R. Baldridge, manager of Higginbotham-Bartlett Company who has been ordered to bed for sixty days by his physician, is reported to be doing as well as could be expected this week. Mr. Baldridge has been suffering of late with a heart ailment, and his physician declared absolute quiet and rest imperative.

George D. Foster, familiar figure in business circles here for a number of years, suffered a slight stroke of paralysis Friday morning, and has not improved enough to return to his place of business as this is being written (Tuesday). His physician is unable to say as yet just how serious his illness may be.

The Index joins with other friends in the sincere hope that both gentlemen may soon be fully recovered.

Good Crowd Sees Football Play

Though the first spell of winter weather kept away a number of persons who would otherwise have been present, there was a very good attendance Friday evening when "Auntie Up" was presented under the auspices of the Football team.

The various roles were capably filled, and the vaudeville attractions enjoyable. The play itself was clever and amusing in every scene, so that the entire evening was well worth the small admission fee.

The sum of \$20 was realized for the boys.

The Athletic department will present the play "Auntie Up" once more at the high school Friday night, Nov. 17. We realize that last week was a poor week for a play because of the Harley Sadler show that had been in town, and so we are offering it again. Come out and see it—it is worth your money, and at the same time you are helping pay for the jerseys and helmets the football boys are wearing. The price is 15 and 25 cents. WE NEED YOUR HELP.

Fast Game Here Tuesday Breaks Losing Streak

The Eagles shook off their losing streak to defeat the Amherst eleven here Tuesday by a score of 18 to 0. Not once did the opposing team threaten, nor did they make a first down during the afternoon. Woodrow McLaurin, Morrison and Clayton stood out for the Eagles, although each member of the team did his share of the duty quite well.

Early in the first quarter O'Donnell gained a scoring position by Tredway's punt which rolled out on the 2 yard line. Amherst punted back to Tredway, who returned it to the Amherst 28-yard line. Morrison went in for Tyler at right half, and after suffering a 15 yard penalty, he went around left end behind perfect interference for a touchdown. The try for extra point failed. The Eagles opened up with a passing attack that netted good yardage, but no more scoring was done in the first half.

In the second half W. McLaurin intercepted a pass on his own 30 yard line and went over for another touchdown. Again the try for extra point failed. A few line plays netted good yardage but the ball remained in the center of the field. With a mixture of running plays and passes the Eagles threatened several times in the last quarter. A pass, Tredway to W. McLaurin netted a first down on the Amherst 3-yard line, and after a couple of tries at the line W. McLaurin carried it over for the last touchdown of the game. The try for extra point again failed, and the game ended with the score, O'Donnell 18, Amherst 0.

Good blocking by Debusk and T. McLaurin was an encouraging sign to Coach Johnson, who has been dissatisfied with the interference all year. As usual Kyle, Greenlee and Stokes turned in good defensive games. Line Gibson and Moore turned in good offensive exhibitions, but were a little weak on the defense. Much polishing is needed before meeting the strong Seminole eleven.

The Athletic department is asking for your cooperation for gate receipts. It cleared only 20c on the Amherst game and it needs \$40 to pay for the jerseys the boys are wearing. Of course it is easy to slip into the game as we don't have a fence, but we are asking you to pay these people that are there taking up money. That is the reason we are forced to have so many games away from home; we can't finance one here.

Former Citizen Dies In Utica, Oklahoma

News has been received here only this week of the death ten days ago of J. H. Condit, for many years a resident of this section. He passed away at his home in Utica, Oklahoma, on his 64th birthday. A facial cancer was the immediate cause of his death.

Mr. Condit had scores of friends in and around O'Donnell, while practically everyone in the county was acquainted with him. He was for several years a deacon in the Southside Baptist church, was a singer of note, and an untiring church worker.

The Index joins with other friends in extending sympathy to the bereaved family.

Local Stores Change Managers Last Week

C. T. Smith of Houston county arrived early last week to assume the management of Spruill's Cash Grocery, and Mr. Burdine has been engaged as manager of Gibbs Grocery. Mr. Burdine has been manager of Spruill's store.

Mr. and Mrs. Billy Gibbs recently purchased the stock and fixtures of Pirtle's Food Store in the Chandler building, and it is this new establishment which is under the direction of Mr. Burdine.

Farmers' Truck Fees Set At Half

Farmers may register their trucks at half the usual registration fee, it has been announced.

A license plate of a color different from that of the regular commercial vehicle will be issued. The trucks thus licensed cannot be used for any purpose other than ranch or farm work. Violation is punishable by fine ranging from \$25 to \$200.

Miss Florence Henderson of Big Spring spent the week end here with her sisters, Mrs. Hal Singleton Jr., and Mrs. Ray Oliver.

How All the People Played a Part In Building Nation's Credit Structure

Banker Describes the Way Loans and Securities of Banks
Are Based on the Hopes and Plans of All
Classes—Values Dependent on Public's
Ability to Meet Obligations

By FRANCIS H. SISON,
President American Bankers Association in The Forum

CREDIT may be informally described
as future hopes, plans and good in-
tentions converted into present pur-
chasing power. The farmer, the man-
ufacturer, the merchant, the house
buyer, the purchaser of household
goods, the investor and the speculator
all borrow money. They plan to repay
with the earnings of their crops, pro-
ceeds of the sales of their goods, in-
comes from their wages and salaries
or profits from the resales of their
securities at enhanced market values,
such as the case may be.

The greater part of these various
forms of credit is obtained by the bor-
rowers directly or indirectly through
the expansion of the loans and invest-
ments of the banks. It is this which
treats the notes, securities and mort-
gages in the portfolios of the banks.
The banks are able to extend these
loans because a great many people de-
posit money with them.

Even under the best conditions the
plans of a small percentage of borrow-
ers go wrong through mistakes, hard
luck or dishonesty, and the judgment
of the banks in such cases is proved
by the after event to have been at fault.
The losses caused under such condi-
tions are ordinarily fully met by funds
set aside out of the earnings of credit
for just this purpose and do not af-
fect the money of the depositors, who
 seldom hear anything about such
losses.

In the vast majority of cases and in
the overwhelming volume of business
involved the confidence of the bankers
in their customers and the confidence
of the customers in their obligations
to successful conclusions are wholly
justified. This is the normal economic
situation and it constitutes the condi-
tions under which the use of credit
adds to public welfare and progress.

The Faith of the Banks
Such was the structure of hopes, good
intentions and common confidence in
one another that existed among all
classes of the nation's community life
when the series of economic shocks
began to shake the nation's social fab-
ric in 1929. The people had deposited
billions of dollars with the banks be-
cause they had confidence in them. The
banks had loaned large volumes of
these deposits on farm and home mort-
gages and on notes of manufacturers,
business men and finance concerns, and
had invested in the standard securities
of the nation's corporations, state
and local government units and the
national government, because they
had confidence in the citizenship
and business condition of the nation.

Their mortgage and other loans to
owners of farms aggregated \$5,000,000,
000. Loans on urban real estate were
\$4,000,000,000. Loans to individuals se-
cured by U. S. Government, municipal
and corporate securities totaled \$11,
000,000,000. Loans to industrial and
commercial enterprises in connection
with the production and distribution of
the nation's infinite varieties of goods
amounted to almost \$15,000,000,000.
Investments in Federal, State and
Municipal bonds were almost \$5,000,000,
000, and in various kinds of railroad
and corporate securities \$11,000,000,000.
These made total loans and invest-
ments of \$55,000,000,000.

This great credit structure was built
while the country was at peace, while
the farms and factories were produc-
tive, while the nation and the world
provided great active markets for their
outputs, while the earnings of all kinds
of enterprise were large, while the

FARM ACCOUNTING CONTEST LAUNCHED

Bankers Evolve Plan for Stim-
ulating Important Aid
to Farm Success

THE Cache county, Utah, bankers re-
cently added a stimulus to banker-
farmer cooperative work by launching
a farm accounting contest. At a meeting
of the Clearing House Association the
project was put before the bankers, and
methods and plans formulated.
Each bank in the county agreed to
enroll a minimum of five farmers in
the farm accounting project. The names
of the farmers when enrolled will be
sent to the Secretary of the Clearing
House, and also to the Extension
Division of the Utah State
Agricultural College. The bankers
agree to cooperate and keep in close
touch with each farmer they enroll so
as to insure the completion of a max-
imum number. The bank which suc-
ceeds at the conclusion of the contest
in enrolling the largest number of
farmers completing the project will be
given a special recognition at the an-
nual meeting.

Yellowstone Shows Here This Week-end

Under the auspices of the Volun-
teer Fire Department, the Yellow-
stone shows are to be here Friday and
Saturday of this week. This show has
been on O'Donnell on three occasions,
sponsored by the fireboys, so that it
is practically a home town affair.
Eddie Lynch, the genial manager,
is indeed a Lynn county "home-folk",
as he married the former Miss Imo-
gene Turner, daughter of R. H. Turn-
er at Tahoka. And, he says with a
smile, he hasn't regretted it.

The show numbers a merry-go-
round, ferris wheel, boxing and wrest-
ling matches, and twenty feature at-
tractions among its entertainment
features, so that there's ample amuse-
ment for the whole family.
The fire boys extend warm per-
sonal invitations to each and every-
one to come and enjoy the show.

Canning By Budget Reduces Grocery Bill

"Canning by budget last year kept
my grocery bill down to an average
of \$2.00 per month during the non-
productive period," was a statement
made by Mrs. Garland Pennington to
a group of women who were discuss-
ing the value of 4-H pantries. "Last
year was my first year to can very
much but I filled out a budget card
and tried to provide it, and a very
small grocery bill each month was the
result."

New Food Vogue Hits Hollywood

A NEW craze hits Hollywood week-ends. Studied elegance, famed actors, feminine trousers, roller skating and bicycling—they all get their start here in the cinema capital before sweeping over the rest of the country.

A scene of action soup is on its way, according to latest reports. It started at the famous El Comodoro restaurant, then spread to the homes of Hollywood's social and artistic circles, where it was first served. Soon a famous French chef, Jean Verne, started serving it in the picture and created a craze among the stars. It spread like wildfire.

Then began serving it on the studio lots at noon. Next it found its way to the club dinner party. A group of stars for one of the stars discovered the French bean soup.

action soup just 200 years ago and the stars gave it a big reception when it was first served. Believe it or not, the movie people turned out by the hundreds at 9 o'clock Sunday morning. Or maybe they dropped in on their way home from Saturday night's outing. Pictured above are Louis Armand, Paramount's newest star, feeding it to her pet Poni, under the admiring gaze of Patricia Jett, leading lady of the Hal Roach comedies, and Buster Phelps.

The breakfast was a grand success. The craze was in full swing, and now a trail of canned onion soup leads from supper party to supper party in every movie suburb around Hollywood. It will be starting early next minute, probably with the next contingent of stars going to New York for a rest.

Hall of States Attracts Worlds Fair Visitors

Chicago, October 12.—With a total of more than 17,000,000 visitors to A Century of Progress—the Chicago World's Fair—checked through the turnstiles, approximately 60,000,000 persons have seen the state exhibits, in their assembly in the Hall of States.

The multiple of more visitors to the state exhibits occurs because each person going to the Hall of States visits not only one but several and sometimes all of the state showings.

A total check, on the grounds for a sufficient number of days to give a normal shows that on any given day any exhibit will attract one person in seven of the total that enter the grounds. On this basis, taken as a whole, to date 2,700,000 persons have visited each state exhibit. This gives a total for all state exhibits of approximately 60,000,000 visitors.

Check by the individual state exhibits shows that a number slightly greater than the normal visits there. It runs closer to a sixth than one seventh. On the basis of one seventh, however, most of the states will, by the end of the Fair, have had an attendance ranging from their own complete population up to three times their complete population.

A few of the more populous states like Illinois, New York and Ohio will hardly reach their own attendance. The small population states will vastly exceed it. California and Florida, two resort states, in which interest is high will each have an attendance in excess of their population.

The states exhibiting are Wisconsin, Illinois, New York, Iowa, Washington, Ohio, North Dakota, Georgia, California, Indiana, Minnesota, Texas, Missouri, South Dakota, Mississippi, Michigan, Colorado, Florida, Alaska and Arkansas.

Theodore Hardee, executive officer of the California exhibit is authority for the statement that the current Fair has given the states a greater opportunity for their own promotion than any other ever given. He has attended fairs and other events for the past thirty years.

Mr. and Mrs. C. H. Cabool were guests of friends in Lubbock Sunday. Mr. and Mrs. Emory Bean and Mr. and Mrs. Thomas Howard spent the week end in Lovington, N. M.

Mrs. W. T. Huff and daughter, Miss Wynona, accompanied by John A. Minor were in Lubbock on business Tuesday afternoon.

Centennial Put Before Legislature

Austin, Oct. 6.—The Texas Legislature was asked today to make an appropriation for a suitable one hundredth birthday anniversary celebration for the Lone Star State.

Plans for holding a Texas centennial in 1936 have been under way for several years, Governor Miriam A.

Ferguson today sent a message to the Legislature submitting the centennial proposal.

Before a joint session of the two houses Cullen P. Thomas of Dallas said the Legislature could "well afford" to appropriate \$2,500,000 toward defraying expenses of the celebration, which it was hoped would be such as to attract attention of all nations.

He said it would be a "historic

tragedy" for Texans to let the state one hundredth anniversary pass without taking fitting cognizance of it. Others who addressed the Legislature, urging it to make an appropriation for the centennial, included Lowry Martin of Corsicana, Tom Exleridge of San Antonio and Walter Cline of Wichita Falls.

Mrs. Guy Bradley was in Lubbock Monday.

TEXAS BAPTISTS CELEBRATE CENTURY OF PROGRESS

The Baptist General Convention of Texas will hold its 87th annual session at Fort Worth beginning November 7th, will this year celebrate the one hundredth anniversary of the beginning of Baptist work in Texas. The Convention program will give large space to "Our Century of Progress," and will present the story of the first Baptist organization in Texas. This church was organized in Illinois and moved to Texas as a unit crossing the Sabine River in November, 1833.

When the first group of Baptists came to Texas one hundred years ago there were less than fifty Baptists in the State. At this time there are more than five hundred thousand white Baptists and a total of more than a million of all races.

SAVE MONEY: By paying your sewer rent before November 20.—Southwestern Sewer Company.

Mr. and Mrs. John A. Minor have as their guest this week her brother, Pat Jackson of Levelland.

"EAGLES' SCREAMS"

High school activities have been quiet this week as students swing again into the last stretch before exams. Though the second six weeks period is still several days off, there are a number of reports, note books, and themes due in every department.

Junior Class
The Junior reporter states that attendance has been light this week due to bad weather and other reasons.
Dismissal For Game
Last period classes were dismissed Tuesday afternoon so that students might attend the game with Amherst.

GRAMMAR SCHOOL

Seventh Grade: We are glad that two of our students, Christine Ables and J. W. Gore have returned to school, and we are expecting more to re-enter this week.
Our room mother, Mrs. Ed James, came to see us Wednesday of last week, and was accompanied by little Miss Betty Joyce James, the High Seventh mascot.
Sixth Grade spelling honor roll: Mary Jane Goddard's is the only name on this roll. In arithmetic A class are Mary Jane Goddard, Eliza

beth Gantt, Melba Ruth Nance, James Bawlin Jr., Ivan Lins, and Irvin Sumrow.
Fifth Grade: Mrs. J. T. Middleton, our room mother, came to see us Friday, and read to us. After recess she served all kinds of candy. We are always glad to see her. We are making Thanksgiving turkeys with real feathers this week, and are also making a Thanksgiving border.

Fourth Grade spelling honor roll: Weldon Hancock, Melvin Thompson, Junior McLaughlin, Emma Jo Hinkle, Mary Ellen Gantt, and Helen Gantt.
Third Grade: Those making 100 in spelling all week are Marcell Lamb, Allie Jo Schoeller, Wilda Gene Campbell, Francis Procter, Elouise Shoemaker, Ouida Mell Howard, Reed Yandell, Imogene Adams, Ruby Lois Shook, Oal McKibben, Francis Porterfield, Norma Stockton, and Zelma Burdine.

Those making A plus in spelling last month were Oal McKibben, Norma Stockton, Allie Jo Schoeller, Francis Procter, Wanda Zell Everett, Elouise Shoemaker, Margaret Sue Goddard, and Wilda Gene Campbell.

Second Grade: Those on our honor roll for the month of October are John Ellen Beach, Dwayne Miree, Aurora Lee Shook, Clogene McRae, Joyce Edwards, Lillie Kinley, Jim Earl Simpson, Juanita Carpal, Nelda Harrison, Helen Jane Galsue, Johnnie Hope, Lewis and James Bean.

First Grade: We are busy this week with our new books, and are enjoying our work very much. We would be glad if all our mothers would come to see our room and hear us recite.

SOME STARTLING EXAMPLES

In the past year adjustment of veterans' claims, startling examples of spelling and grammar came to light in many of the letters sent to the veteran's bureau. Some of the more laughable examples are published in the Iowa Publisher just for fun. But the Publisher warns before one laughs too heartily, to be sure one is not capable of making as ludicrous blunders as those cited. On the serious side, in practically all of them there is reflected a deep earnestness, and in many cases a desperation born of dire need.

Here are a few of the examples:

I am a widow and all I have is on the front.
We have your letter and reply to you truly, he was born and brought up in this house according to your instruction. I am his grandfather and grandmother.

I have got no pay from my husband and will soon be forced to lead an immoral life.

Please let me know if John has in an application for a wife and child.

My son is in the 158th Infantry. Please let me know if he is living or dead and if so what is his address.

I have not heard from John since he was sent to a constipation camp in Germany.

I received my insurance policy and have since missed my post office.

I am wife and only air.
You asked for allotment number. I have our boys and two girls.

Please correct my name as I could not go under a crowned one.

I am writing in the Y. M. C. A. with the piano playing in my uniform.

I am a lone woman and partly dependent.

Both sides of our parents are old and poor.

He was inducted into the surface. Please return my marriage certificate as my baby hasn't eaten in three days.

I am left with a child seven months old and she is a child and cant work. Owing to my condition which I have walked in three months for a broke leg which is No. 75.

Please write me a wife's form.

... Neca a NEW IRON?

\$8.95

Convenient Terms

Has your present iron about served its usefulness? You will find that a new automatic iron is a real convenience and time-saver. Ask to see the new model iron in the next time you are in our store.

TEXAS ELECTRIC SERVICE COMPANY
11-36

I have been in bed thirteen years with one doctor and intend to try another one.
As I need his assistance to keep me inclosed.

I was discharged from the army for a goller which I was sent home on.

Previous to his departure we have been married to a justice of the peace.

I have a four months old baby and he is my only support.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations as follows:

Junior Graduate Nurse, \$1,620 a year, various services throughout the United States.

Teacher of Home Economics, Senior High School, \$2,000 a year, Teacher of Home Economics, Reservation and Junior High School, \$1,860 a year, Indian Service, Department of the Interior.

Junior Teacher of Home Economics, \$1,620 a year, Indian Service, Department of the Interior.

Student Fingerprint Classifier, \$1,440 a year, Division of Investigation, Department of Justice, Washington, D. C.

Senior Stenographer, \$1,620 a year, Junior Stenographer, \$1,440 a year, Junior Typist, \$1,260 a year, departmental and field services.

All salaries given above are subject to a deduction not to exceed 15 per cent as a measure of economy and a retirement deduction of 3 1-2 per cent.

All states except Delaware, Iowa, Maryland, New Hampshire, Vermont, Virginia, West Virginia, and the District of Columbia have received less than their share of appointments in the apportioned departmental service at Washington.

Full information may be obtained from Cleve R. Austin, Secretary of the United States Civil Service Board of Examiners at the post office in this city.

REGISTRATION OF TEXAS BIRTHS WILL BE MADE

Dr. W. A. Davis, registrar of vital statistics on the State Bureau of Health, has received notification from the Federal Bureau of the Census that Texas has been admitted into the registration area for births, according to notices received at this office Monday. A short time ago the State was admitted to the death registration area.

This means that more than 90 per cent of the births and deaths occurring in Texas are registered with the bureau at Austin, the exact percentage not having been received.

age not having been announced. Texas now can compare its health and birth rate with those of other states.

Mr. John Earles returned Saturday from Ponder, where he was called last week by news of the serious illness of his mother, Mrs. R. L. Earles. We are glad to report that she seemed much improved when he left her.

Winning That Gauntlet of EYES!

Don't like losing yourself in crowd? Do people's eyes stare to bore through you—annoyment? Do you let a shabby dress or your husky bagging trousers spoil your walk?

Isn't it all so silly when you can keep everything you wear spick-and-span—neat crisp-looking—for so little? Just let us clean up all your clothes quickly. Then you can say, "World! I look like a million Dollars and I know it!"

ON TEXAS FARMS

By W. H. Darrow
 Extension Service Editor

Trench Silos are cheap to build, cheap to fill, save all the feed and are easy to get feed out of, says the county agent of Jim Wells county in calling attention to the 51 silos in use in this county, of which 25 are trench.

Killing chickens the A & M way (sticking) is just as easy as the old way and gives much better quality, says Mrs. Clyde Messely, Honkins county farm woman who can chickens, ground, cubed, and as tamales. "I'll write a chicken's head no more," she declares.

Making sorghum for sale proved profitable for Ben Hubbert who ran the only syrup mill in Shackelford county this year. From three irrigated acres he made 625 gallons which sold readily for 60 cents per gallon. It was his first year and the overhead was high but in the long run it will be a good proposition, the county agent says.

Proper storage space is one of the big secrets in dressing well and making clothes last a long time. This simple point is one of the features of the clothing work of home demonstration agents. It is so simple it's apt to be overlooked, they say. The cost of a good clothes closet is negligible. A Parker county woman has just rearranged a wood one 4 by 12 feet fixed up for 12 cents.

Cotton made \$3 more per acre on terraced land planted on the two-row and skin one plan than in solid cotton on unterraced land, B. N. Jackson of Limestone county says. Because of this demonstration he plans to terrace his land this winter, the county agent reports.

Thirty Menard county 4-H club calves averaged 2.6 pounds gain a piece per day for the first 90 days on feed. The ration at the end of the period was 50 per cent corn, 17 1/2 per cent barley or milo, 20 per cent oats and 12 1/2 per cent cottonseed cake. Calves nursed their mothers.

Why Can?

Why can? "To prepare in advance for busy seasons and rush days," says Mrs. J. W. Taylor's answer. "I have had an average of 14 people per day for four weeks from my pantry. Had it not been for my previous canning such meal preparation would have been most difficult," says Mrs. Taylor. Mrs. Taylor is a Farm Food Supply demonstrator of Edith home demonstration club.

GEMS OF THOUGHT

The world crowns success; God crowns faithfulness.

It is better that we know "The Rock of Ages" than "the age of rocks."

He that will be angry, and not sin, must not be angry but for sin.—John Trapp.

In spite of what God knows about me, and that is more than we know about ourselves, He loves us.—Revelation.

Though I am always in haste, I am never in a hurry.—John Wesley.

"Religion does not consist in being good; that is only a result, religion is knowing God."

"Revival would break out if we Christians got rid of sin in our lives."—Bishop Linton.

We praise God at intervals with our words, but our whole life should be a ceaseless song of praise to him.—Augustine.

His Dying Eyes

"His orderly found him alone and dying. The officer asked the soldier if he thought he could say a prayer. 'That isn't in my line, sir,' said the man; then, with a sudden thought, he said, 'But I have got a little cross my mother gave me; will that help you, sir?' The officer took the cross, and lifting it before him, murmured, 'Hold Thou thy cross before my dying eyes,' and died."

Blessings

In every day every happiness, God sends us some sacrifice—some offering is required. If he sends riches, they are weighed with responsibilities; if he sends loving parents, they will need care and gratitude when the trail of old age draws on; if he sends unbroken, unclouded days of happiness, there is the gift of sympathy for others not so blessed.

Personal Service

Many young people are stingy in the giving of personal service, either to the society or to the church. They are willing, perhaps, to do the easy and pleasant things but reluctant to undertake tasks that require time and thought and effort. What Sunday school is not in need of young men for teachers of the boys' classes? To teach such a class demands study and interest in the boys and work in their behalf.

Build A Bank Account With Tin Cans

"On the farm as in business, it is the Savings that pile up the profits," thinks Mrs. V. A. Bodkin, Farm Food Supply Demonstrator of Edith H. D. Club. Mrs. Bodkin has a well stocked pantry of delicious home canned vegetables, fruits, and meats to supply her family a balanced ration for a period of 6 months, valued at \$248.35—at a cost of \$58.35, and a profit of \$190.00.

In July, at a demonstration on budgeting the Farm and Ranch Food Supply, given by the home agent Miss El Fieda Harrison, Mrs. Bodkin made a food budget for her family, estimating the amount of food needed to supply a balanced ration for the non-productive months of the year, and planted a garden to provide the food to preserve. She has stored on her shelves, organized and labeled 120 containers of leafy vegetables of 6 varieties; 100 containers of starchy vegetables of 3 varieties; 80 containers of other vegetables of 9 varieties; 80 cans of miscellaneous foods of 8 varieties; 120 cans of tomatoes and tomato juice; 150 containers of canned fruits or dried fruit substituted pound for pound for canned fruit; pickles and relishes 52 containers; jellies and jams 52 containers; hominy, peanut butter, nuts, dried peas and beans, potatoes, pumpkin, cheese and meats. These foods as seen foods, and fruits, spices, sugar and cereals Mrs. Bodkin bought from the store are on her shelves ready to be used and are included in the expenses.

Mrs. Bodkin is anxious for others to live at home and can according to a budget and has helped 17 non-club members plan their food budgets and

can several hundred containers of food.

Attending Congressional M. E. Conference

Mr. and Mrs. J. W. Baker of the New Moore community left Tuesday to attend annual conference of the Congregational Methodist church at Mount Pleasant. The session began Wednesday evening of this week.

After this meeting, Mr. and Mrs. Baker will go to Nacogdoches where they will attend the general conference.

Rev. Cheatham To Fill Appointment

Rev. W. H. Cheatham of Floydada, pastor of the local Cumberland Presbyterian church will fill his regular appointment on Sunday morning and evening.

The morning subject will be "Old and New Testament Tithing." The

evening subject will be "The Unpardonable Sin." A cordial invitation is extended the public to hear these messages.

Sub-Irrigation An Advantage Over Surface Irrigation

"Decreases soil crusting, requires less work and will extend the spring tides into the summer are the advantages I have found sub-irrigation to be over surface irrigation," says Mrs. Joe Poindexter, member of the New Home club. Mrs. Poindexter laid 150 feet of concrete tile in her garden last spring. "I want to sub-irrigate all of my garden next year," she states.

Variety The Way Of Health

Variety is not only the spice of life it is the way of HEALTH when it comes to diet and for that reason Mrs. H. M. McKee of O'Donnell traded some of her home canned corn and beans for tomatoes.

In SOCIETY

Celebrates Birthday With Party Tuesday

Celebrating her ninth birthday, little Miss Mary Louise Singleton was honored Tuesday afternoon at the home of her parents, Mr. and Mrs. W. E. Singleton, when a number of her friends called on her.

She was the recipient of many lovely and appropriate gifts, all of them presented with hearty good wishes from the small guests.

Games and contest passed away a pleasant afternoon until the refreshment hour, when individual jello molds, cookies, and angel food squares were served. Party favors were chewing gum whistles.

Those present were Betty Rhea Caldwell, Yvonne Westmoreland, Wilma Gene and Jo Anne Campbell, Jessie Glenn Pruitt, Dorothy Allen Miles, Helen June and Mary Ellen Gantt, Betty Guy Simpson, Lena Mae Sing-

leton, William Edward and Hal Singleton III.

Miss Ruth Edwards, J. W. Martin Married

Of interest to O'Donnell people was the marriage on Saturday, October 28 of Miss Ruth Edwards and J. W. Martin of Draw, the ceremony being read by Rev. Lawrence Hays at the Baptist parsonage at Tahoka.

The bride is the charming and accomplished daughter of Mr. and Mrs. J. Wright Edwards, former citizens of O'Donnell now living at Three Lakes. She was a student in the high school here and was counted among the most popular young ladies of the community.

Mr. Martin is the son of J. D. Martin of Draw, and is well and favorably known throughout the county for his many sterling qualities.

The Index joins with other friends

of these fine young people in extending congratulations and best wishes for their happiness and prosperity.

Garza County Couple Married Here

Justice-of-the-peace D. M. Estes performed the marriage ceremony last Tuesday which united Miss Ollie Cooper and Mr. Kelsea Story as man and wife.

These young people are residents of Garza county.

Mesquite News

Miss Almarine Nunnally Correspondent

Mr. and Mrs. C. A. Bearden and family had as guests Sunday Mr. and Mrs. Lefty Stephens and Mr. and Mrs. Charles Nunnally and family.

Mr. and Mrs. Calvin Lane and Harold, who have been guests in the Lamb home for the past two weeks returned home Friday.

Mr. Blair Hayes' thirty-fifth birth-

day was celebrated with a surprise party at his home Saturday night. Games of 42 were enjoyed. Guests were Messrs. and Mmes. C. A. Bearden, Stanfield, and Charles Nunnally and families.

Mr. and Mrs. C. A. Bearden entertained the young people with a party Tuesday evening of last week. Every one reported a nice time.

Messrs. Jim and Johnnie Ward left Friday for Rosebud.

Mr. Levi Burrus and son, Stelvin, are in Abilene visiting Misses Frances and Nell Burrus.

Mr. and Mrs. J. C. Curry were in Lamesa on business Friday.

Cotton gathering progressed rapidly until the high wind and light rain Wednesday night. Quite a bit of cotton was scattered and damaged. Friday night's frost did not seem to kill vegetation in this territory.

Mrs. C. B. Burdine and son, Lester, returned Monday from Guthrie, Okla., where Mrs. Burdine received treatment from a specialist. We are indeed glad to report that she feels much improved.

Miss Audrey Faye Bailey and Mrs. Bill Creighton of Lamesa were here Sunday.

Ford Cars Win In European Road Race

Six Ford V-8 cars piloted by Dutch drivers triumphed conclusively over five European and two other American entrants in the fifth annual running of the gruelling 5-day International Alpine Trail over 1,165 miles of Swiss, Italian and French mountain roads, according to official reports of the race just received here.

Three of the winning Fords driven by a Dutch team captained by Dr. J. J. Spranger van Eyck captured the coveted Coupe des Alpes, while the three other Fords won the first three places in the individual competition for the Coupe des Glaciers. The first two tied for first place with the best score of any of the dozens of contestants in the five classes competing.

The annual Alpine contest is probably the most severe test of motor car endurance and performance conducted in Europe. It is open only to stock cars sold to the public. Its route from Merano, via St. Moritz, Turin and Grenoble to Nice includes the ascent and descent of 12 major passes, with steep winding roads, scores of dangerous "hair-pin" turns and a narrow variety of road surfaces

which test alike the skill of the driver and the skill of the car.

Most difficult of all is the Stelvio, in the Orsiera valley, the drivers were forced to negotiate 52 "hair-pin" bends reaching the snow-capped mountain.

The competitors in the class were required to make 28 miles an hour, forced to stop along the way to replenish the water in their steaming radiators but the steam up the pass in form out a halt and continued on without adding water.

At the final inspection of the cars at the finish in penalties were imposed for condition, the Ford cars without penalty and the others penalized by the judges on condition of the cars, both in and in appearance.

Mr. and Mrs. Clarence G. here from Hobbs, N. M.,

1918

1933

November Eleventh They Cannot Be Forgotten

Fifteen years have gone by since the signing of the Armistice which ended a four year's struggle for world freedom and peace. These passing years have seen many changes in our civilization. In our ceaseless progress, we must not forget those who made this progress possible. We must remember that they laid down their plows, their shovels, their books and their drawing boards, to fight for their country, and they never took them up again. We have taken them up and pushed on, and the memory of those who "went west" so that we might live in peace burns as brightly as ever. So we who have signed our names below, remember those boys and the sacrifices they made, and as we pause for a brief ten minutes, we offer them our gratitude, our reverence and our prayers.
