Tom Preston Announces for Sheriff and Tax Collector

T. B. (Tom) Preston, makes the announcement in this issue of the Index that he is candidate for sheriff and tax collector of Lynn county subject to the action of the Democratic primary in July.

Perhaps there is no man in Lynn county better known than Tom Preston. He came here 26 years ago when there were very few people in the county and watched the wonderful development that has taken place—saw the country change from a land of cattle to that of farms and he has not been slow to adapt himself to the new conditions. He worked with the T Bar outfit for ten years and with the Slash L ranch for eight years before it closed out and remained two years longer to wind up the last details. He is one of the old-time cowmen whose word is as good as if he made bond to back it up and it has always been so taken.

Rugged, honest, resourceful, Tom Preston would make Lynn county a good sheriff. His years of experience in handling men as boss of the range, making large deals with cattle buyers and coming in contact with the leading business men of the country in a general way has been an education that fits him for the office he seeks. In making up your ticket at the Democratic primary in July, give Tom Preston's candidacy due consideration.

Fishes for Ducks

Mr. and Mrs. A. D. Brown entertained Mr. and Mrs. V. E. Bonham and T. J. Kellis at a duck dinner Tuesday evening which was greatly enjoyed by the guests. Only for the fact that Mr. Brown is as great a fisherman as he is a hunter, the dinner would have been minus the ducks. He shot the ducks over a lake that was frozen over but not sufficiently strong enough to bear his weight, so he returned home and with a tackle and with unerring aim he would throw his sawgag and bring in a duck, and by this means he fished seventeen mallards off the pond. Leave it to Brown to bring home the ducks.

Entre Nous Club

Mrs. Dr. C. E. Waller was hostess to the Entre Nous club at its last meeting at her apartments in the First National Bank Building and had as her guests Mr. and Mrs. A. D. Brown, Mr. and Mrs. D. A. Baggett, Judge and Mrs. C. H. Crunk, Mr. and Mrs. V. E. Bonham, Mrs. Goodger, Miss Willie Scholer and J. Mack Noble, Jr. A delicious lunch with tea and coffee was served.

Prof. Caveness In Race for County Superintendent

In this issue of the Index will appear the announcement of Prof. H. P. Caveness as a candidate for the office of county superintendent of public instruction of Lynn county.

Heretofore the county judge has been ex-officio county superintendent of schools, but under the law, when the scholastic population of the county reaches 3,000, the office of county superintendent is automatically created. The scholastic population of Lynn county last year passed the 3,000 mark, the total enrollment being 3,300, and the office therefore came into existence by operation of the law. The law does not require the commissioners' court to appoint any one, however, to fill the office, and up to this time no such appointment has been made but Judge Cain has continued to serve ex-officio as county superintendent. The voters may elect someone to fill the position at the next election, however, and therefore Mr. Caveness is offering for the position.

That Mr. Caveness is eminently well qualified to fill this important office will be readily conceded by every one who is acquainted with his work. For seven years in succession he served as superintendent of the Tahoka Public Schools, retiring from this position last summer. Under his superintendence, the Tahoka school grew from a small and inefficient institution to a splendid and well organized one. When he became its superintendent it had no affiliation with the higher institutions of learning. When he left the position was affiliated in many subjects and had more than 20 credits of affiliation. Mr. Caveness is not only an excellent executive but is also a most capable instructor. He is thoroughly acquainted with public school problems and is conversant with the peculiar needs of the common schools in Lynn county.

He has a host of friends in Tahoka and throughout the country who will take great pleasure in supporting him for this position.

Lynn County News

Another Mistake

Last week the Index stated that Rev. Henderson was conducting a class in secret work of the Odd Fellows when it should have said J. F. Henderson of Coahoma. Rev. Henderson is our own preacher, and a good one, too, but he leaves it up to J. F. Henderson to do this Odd Fellow work. We apologize to both gentlemen. It would be an odd fellow, indeed, who never made a mistake, and the Index man is neither.

Prominent Citizen Suddenly Passes Away Thursday

The entire community was shocked Wednesday afternoon at 4 o'clock when the news was sent out that W. G. Williams had crossed the river in death. It was only a few days ago when he was in town greeting his friends in his usual manner and very few knew that he was ill. He was taken with a severe cold the first of the week which developed into pneumonia and all that medical skill and careful nursing could do proved of no avail.

Mr. Williams was laid to rest in the O'Donnell cemetery Thursday afternoon, in the presence of a large gathering of friends. The burial services were conducted by the Ku Klux Klan of which organization he was a member.

Deceased had lived here since 1920 and had he lived until April 2nd, he would have been 64 years of age. Besides a widow Mr. Williams leaves three sons, Jessie, Allen and Connor, and four daughters, Addie, Maudie, Hattie and Ruth, and one brother, L. M. Williams, of Amberst, all of whom were present at the time of his death. He has been a consistent member of the Methodist church for many years and had lived within the teachings of the bible, and when the angel of death called he was ready and resigned to meet the God who gave him. Only a short time before he breathed his last, he called his loved ones to his bedside and bid them farewell.

In the passing of Mr. Williams the country loses a good citizen and the heart-felt sympathy of everyone in the community goes out to the family in their sad hour of bereavement.

Joe Pugh to Make Race For Public Weigher

During the 10 years that he has been a resident of the O'Donnell country, J. J. (everybody calls him Joe) Pugh has never asked the public for a political favor. He has been content to go on helping the country the town and his friends without asking anything in return, but now he has come before the public asking to be elected public weigher, believing that he is as much entitled to the office as any man in the country. When he moved here his foresight told him that this country had a wonderful future, but this was so far in advance of the days when a farmer was looked upon as one of the factors in the building of the country, it was hard to meet the expenses of raising a family, but with the courage that knew no failures, Joe Pugh fought his battle and has lived to see the O'Donnell country gain the reputation of being the most advanced of any on the Plains. In its building, Mr. Pugh has done his share toward helping out every worthy enterprise; to his friends he has been a friend; to his neighbors he has been a neighbor, and to his town and country he has been loyal. His business experience fits him for the office of weigher; his capability is undeniable and if elected will make a good efficient public weigher. Mr. Pugh wants every voter in the precinct to give his candidacy full and just consideration.

New Millinery Store

Mr. and Mrs. McKelvy are new arrivals in our fair city. They formerly lived at Sherman.

Coming here on a visit recently they liked the town so well that they decided it would be a good place to make their home and establish themselves in the business world.

Mrs. McKelvy has opened a millinery shop in the rear of the Economy Store and will have the latest styles and colors in ladies head wear. Mrs. McKelvy has had several years experience in the millinery line and will be capable of giving only the best in service and quality to those who patronize her store.

Simpson to Make Race for Sheriff and Tax Collector

Wesley Simpson has asked us to place his name in our announcement column this week as a candidate for sheriff, subject to the action of the Democratic Primary election to be held the fourth Saturday in July.

Mr. Simpson has been serving a sheriff of this county a little more than seven months, having been appointed to the position by the commissioners' court to fill the unexpired term of his brother, Mahahall Simpson, who died while filling his first term. Marshall Simpson was elected to this position in 1924, took the oath of office as sheriff on January 1, 1925, and died about the first of June of that year.

Wesley Simpson, his brother, has been serving as sheriff since June 8 1925. Now he asks to be elected to the position to succeed himself. He has never before offered for office in this county. He has resided in Lynn county the past ten years and even before his appointment to the office he was well known throughout the county. Since becoming sheriff he has made many new friends. Mr. Simpson does not claim to have made no mistakes but he says he has done his best and believes that Lynn county is one of the cleanest counties morally in Texas. While there is some crime in the county yet he feels that it is freer of crime than the ordinary county. He promises if elected to keep the county just as clean as possible and expects to do his full duty fearlessly under the circumstances. He respectfully asks for the kind consideration of the voters, "and if they deem me worthy," he declared, "I want their support."

Mr. Simpson's friends throughout the county will rally to his support and they say that he is going to be a hard man to beat.

Second Snow of Week Puts Moisture in Ground

Just when the pessimist began to cry out that the first snow of last week would not be of any benefit in putting moisture in the ground, the elements took a second spasm and when the citizens awoke Saturday morning the ground had received an additional supply of the beautiful white. The weather turned off warm and every flake melted into good old wet and soaked into the ground putting sufficient moisture in the soil for the farmers to start breaking their land.

No one is in doubt but that 1926 will be a good crop year.

Building Activities Continue in O'Donnell

After a few days inactivity during the holidays the building up of the town's business section has started. Ground was broken Thursday morning for a brick building on the lot west of the big brick recently built by Orin Davis. The building will be of brick and tile and will have a 25-foot frontage on 8th street and will extend back 80 feet. Mr. Davis will be the owner of the new building and O. L. McMurray has the contract for its construction.

Mr. Davis has not made public the character of business that will be conducted in the new building, but it is understood that he has a tenant who will be ready to occupy it as soon as it is completed.

T. S. Armstrong also makes the announcement that he will begin the construction of a brick and tile building on his lots on 8th street as soon as the contractors hand in their bids. The building will be 25x60 with a glass front and will be used for his tin shop and plumbing supply store.

With the work started on the new city hall, it looks like that 1926 is going to be a banner year in building O'Donnell.

Watch us grow.

Country Has Good Prospects for Oil and Gas

W. W. Simmons of Wichita Falls was the guest of his sister Mrs. E. D. Yeatts the first of the week. Mr. Simmons is a geologist and took a look at the surface of the country surrounding Mr. Yeatts' farm near New Moore and made the statement that every indication of oil and gas was present, and was so interested that he will return soon and give the country a more thorough investigation.

Mr. Simmons stated that if the attention of oil development companies was called to the wonderful showings found here, it would be no trouble to get a well drilled, provided the people would block up sufficient acreage. He is of the opinion that this section is in line for early exploitation and it only remains for the individual land owners to block their land and ask for bids. He is now engaged with the companies preparing to drill in the Lubbock country.

Anton Molich of San Angelo, who has been visiting the family of E. Bayer, left for his home Tuesday.

**Better Efficiency
In Salesmanship**

A novel method of instruction for retail automobile salesmen, combining use of motion picture film with carefully prepared talks, used for the first time by the Chevrolet Motor Company, has been productive of remarkable results, according to E. H. Grant, general sales manager. Salesmen are taught through these pictures how to best demonstrate the Chevrolet car to the interested prospects.

Although placed in operation among 1160 dealers of the Chevrolet organization a comparatively short time ago, a total of 12,760 dealer meetings have already been held with an attendance of 71,236. Meetings held by dealers and factory representatives have totaled 19,020 with a combined attendance of 102,486.

As prepared by the sales promotion department the plan calls for delivery of a projector to each dealer in script form. In instructing his salesmen, the dealer may use the explanatory address embodying the latest ideas in sales methods. Indicated in the manuscript in bold-faced type are the points to be emphasized by projection of the suitable picture on wall or screen. Among the dozen films so far distributed are: "Why Do People Buy Automobiles?"; "Where Can I Find Prospects?"; "How Direct Mail Helps You" and "Giving a Road Demonstration."

The plan, presenting the most up-to-date ideas in retail selling, has met with an enthusiastic reception by dealers and has been credited with increased sales, according to thousands of letters received by the sales promotion department. Working hours of salesmen have been organized, aid has been furnished in meeting and solving seasonal and other problems and the selling thought of the factory, zone office organization, the dealer and the salesman has been unified. Its use is to be continued indefinitely with a constantly increasing scope.

**Charlie Morrison
Improving Farm**

Charles Morrison has decided to move to his farm near town and is now engaged in building a bungalow on the place. The building will have seven rooms and will be modern throughout. Mr. Morrison is one of the oldest citizens of this section having helped civilize Borden county and build Gail many years ago. When he moves to his new home his many friends in town will see more of him than during the years he has been residing near Pride.

Don Edwards, manager of the Cicero Smith Lumber Company, received a telegram on the 18th stating that the wife of the president of the company, Mrs. J. L. Johnson, had died. At the hour of the funeral, the business here was closed out of respect to the deceased.

Census of O'Donnell

Through the courtesy of E. W. Howell the index is able to print the business and social census of O'Donnell. The following list shows that most all lines of business are well represented, especially in filling stations, garages; dry goods and grocery stores:

Planing Mills	1
Post Office	1

Have you paid your city and school tax? Collector D. H. McDaniel advises that to save a penalty being added, all taxes must be paid before the first day of February. Not only should everyone pay up promptly to save the penalty, but the town and school district are in need of cash. There are only three more days left in which to pay up.

**District Singing Convention
To Meet At Wells**

Mell Pearce, as secretary and C. H. Mansell, as president of the O'Donnell District Singing Convention, announce that the next meeting will be held at the Wells school next Sunday. This will be the first time that the people of the Wells district have had the opportunity of entertaining the public in their new school building and it is expected that it will be packed to capacity on this date. They extend a cordial invitation for everyone to attend and help in the singing.

Both Mr. Pearce and Mrs. Mansell are well pleased over the attendance had at the meeting held in O'Donnell recently and they want to see equally as large a crowd at the Wells meet. These gentlemen are doing all in their power to promote a better interest in singing and the result of their efforts is manifested in all the places where these singing conventions are held.

**Modern Woodmen to
Organize Local Lodge**

J. R. Bingham, district deputy of the Modern Woodmen, announces that he has secured about seventy applicants for membership in the order and on next Wednesday night the organization of a local lodge will be had in the Odd Fellows Hall. Mr. Bingham states that there are a number of old members in and around O'Donnell who will be affiliated with this lodge.

**J. W. Shook Sells
City Market**

J. W. Shook sold the City Market last week to his brother, Marvin Shook, who is now in charge of the establishment. J. W. has not made announcement as to his intention for the future, aside from taking rest after two years of hard work.

The new proprietor states that he will conduct the business along the same lines that has ever characterized it under the management of his brother, except that he will endeavor to keep a full line of fresh vegetables on hand at all times.

W. L. Christopher returned from Dallas last of the week when he had been attending the Pharmacy school.

New Chevrolet Sign

One who runs may read the sign over the O'Donnell Chevrolet Company's store on Doak street. The sign is illuminated by thirty-eight electric bulbs and the words, "For Economical Transportation," stand out in bold relief on the top line and underneath the words "Chevrolet" all being incased in glass.

This sign is the same as is used in the cities and reflects much credit on the enterprise of the manager of the local Chevrolet company for installing such an expensive advertisement of the make of cars being sold.

Caviness Addresses Voters

The law provides that when a county has a scholastic population of 3000 the county shall have a County Superintendent. The last scholastic census showed our County to have more than 3000 scholastics. It now becomes the duty of the voters of the county to elect a superintendent. As you will see elsewhere in this paper I am asking for that place.

With the experience I have had in school work, beginning in a one teacher school, seven years at the head of Tahoka schools, five years County Director of the Interscholastic League, three years as one of District Directors, and all the time a student of the problems of the rural school, I feel that I am well enough acquainted with the school affairs of the County that I can render the schools a service. If you elect me to the office, I shall do all I can for the schools of the county.

I am a Democrat and have always voted that ticket. I shall appreciate the vote and support of every man and woman in the county who can favor me that way.

If I do not get to meet and talk with every voter, I shall appreciate your vote just the same.

Respectfully,
 H. P. Caviness

SERVANT'S
 QUARTERS

—and now we keep the servants in the walls

HERE'S a tip to home builders. No need to plan for "servants' quarters." Nowadays there's a servant that fits within the walls, a cheaper and better servant than ever before, a servant just as helpful as you will let it be. We call this marvel, electricity.

Electricity saves space, saves time, saves labor, saves money. It serves you over wires that run under your floors and through your walls. It is on the job day and night, as much or as little of it as you want.

Put this willing servant to work—but give him a chance to do his best work. See that the outlets and switches which go into your home are conveniently placed, so that you will have plenty of light and plenty of power, too, for your hardest tasks.

Talk this over with us. Let us show you how to hire this modern servant—and how to make him 100 per cent efficient.

Tell your contractor that you want sufficient convenience plugs in the next home you build. It isn't necessary to wait until you build a new home, for your electric contractor can install these outlets in your home at a small cost. Ask him to tell you—you will be surprised at the low cost.

post office at O'Donnell, Texas,
under the Act of March 3, 1879

Lorenzo had another fire. No water to put it out with. Yes, we understand they were frame buildings, but the result would have been the same if it had been that nice string of brick on the west side of Main street, just a heap of ashes. It takes a long time to build brick buildings but it only takes a fire a few hours to destroy them. With water works we could perhaps confine a fire to a small area and not have the entire town destroyed. It will come to this some of these days when least expected. We need water works very bad. Why should we put it off longer. We should make hay while the sun shines.—Lorenzo Tribune.

O'Donnell is occupying the same dry spot so far as water for fighting fires is concerned, but we are going to hold an election and vote bonds to construct a water system. In the meantime, we have a volunteer fire department and a new La France chemical truck to fight fires in their incipiency, but should flames get beyond control with chemicals, all we could do would be to sit down and watch the town burn.

These early weeks of 1926 are a good time to look ahead into the coming year, with some effort to plan the things we hope to accomplish.

The foxy old timers knew that if they simply told a boy in a general way to saw up that woodpile, the whole year might pass before the tired saw would have severed the last stick. But if they intimated that his reputation as a woodpile artist depended on finishing the job March 1, the neighborhood would resound with the buzz of the saw and the clip of the axe. Boys and girls of an older growth also do well to cherish definite aims of achievement.

In every city, town and hamlet we may find strong competition in business, differences in politics and religion, social rivalries and personal antagonisms—and these will probably always exist to a greater or less extent.

But there is one common ground on which all should be willing to meet, laying aside personal grievances and prejudices—that is, where the common welfare of "our town" is concerned.

In other words, no matter how much we may disagree and fight among ourselves, we should stand up for our town against all opposition. This sort of team work is what makes a town worth while, insures its progress and a better understanding among its people.

By joining with an enemy or rival in some movement for the betterment of the community, we often find him to be a pretty good sort of fellow after all.

Development of a strong community spirit is essential to community advancement and no personal feelings should be permitted to stand in its way. Loyalty and teamwork are the things that count.

Some may say that 1925 was a punk o'd year for them, and 1926 will be no better. All they can do is to drill along in the old rut. Such ones might well think back to the old pioneers who built up this country, and ask how far they would have gone if they had manifested that same spirit.

Those folks toiled and sweated, they cut the forest and ploughed the fields and built cities, meanwhile fighting the savages in their odd moments. And when they had nothing else to do, they fought two wars to establish independence.

They had a glorious old time working 12 to 16 hours a day, but we pity ourselves as enslaved toilers if we have to play the game for eight.

With their superb energy, they fought the good fight and enjoyed it. They created the most abundant industrial opportunity and the best government on earth, and handed the same over to us as a free gift.

With a little of their spirit, we shall set some big "stints," as the old timers used to say, for ourselves, both in our individual occupations, and in our efforts to make better towns and a still grander country.

There is a wide open opportunity in the golden days of 1926.

Our forefathers fought against taxation without representation. We would fight today if any foreign or domestic force should attempt to deprive us of the ballot. Yet, in the last presidential election only 49 per cent of eligible citizens voted, and in many primary elections less than 25 per cent cast their ballots. This indifference to one of our fundamental civic duties is a menace to representative government. Those who deliberately disfranchise themselves are unworthy of citizenship.

Pure Seeds Make Good Yields

Practically the whole community around Slaton, Texas, according to Mr. D. F. Eaton, County Agent of Lubbock County, is buying its supply of pure seed of dwarf yellow milo from I. J. Thornton, Lubbock County club boy, who grew 5,250 pounds of milo heads or 70 bushels per acre on three acres in the Lubbock County boys contest last year. His total profit on the three acres was \$311.31 not including a free trip to the International Show at Chicago which was awarded him by the Sante Fe Railway for having produced the winning yield. "I. J." who is 15 years of age is in high school and making record grades, according to Mr. Eaton's report, and this was his third year as a club member, he having previously made the State teams in grain and stock judging contests. He used seeds from the pureline selection, T. S. No. 670, developed on the Lubbock Experiment Station and furnished to him through his County Agent. This is a very good example, thinks Mr. Eaton, of the fact that higher yields are secured by planting improved seeds, and is a good illustration of the progress that has been made in the development of high yielding strains of grain sorghums by the Experiment Station; and the keen demand for seed from the prize winning crop indicates the growing popularity of pure seeds among progressive farmers.

Some Interesting Facts

About \$2 is received by the grower for the wool that goes into a \$64 all-wool suit of clothes.

There are at present about 1,200,000 cows kept by people in cities of the United States, while the country cows number more than 25 million.

About 15 million is the average number of bananas consumed daily in the United States.

Georgia raised and marketed 30 million pounds of tobacco during the season just closed, which brought an average of 21.82 cents, putting more than six million dollars into the pockets of the farmers.

An average of nearly 600,000 dozen eggs are consumed in New York city every day, or about one for each person.

A modern threshing machine can do as much work in a day as could be done by fifty men with a flail of former days.

It has recently been estimated that while the farmers of the United States receive only about seven and a half billion dollars for their year's crop, the consumers pay about twenty-two billion for the same products.

Prize money for the great poultry show at Allentown, Pa., this fall amounts to \$13,260.50, said to be more money than ever before offered by a similar exhibition.

British engineers have begun building a dam across the Indus river in India, which is designed to irrigate six million acres of land now mostly desert.

We always enjoy the speech of a politician after he quits.

Cramped and Suffered

"My back and head would ache, and I had to go to bed," says Mrs. W. L. Ennis, of Worthville, Ky. "I just could not stay up, for I would cramp and suffer so. I was very nervous. My children would 'get on my nerves.' It wasn't a pleasure for me to try to go anywhere, I felt so bad. "My mother had taken

CARDUI

For Female Troubles

at one time, so she insisted that I try it. I took four bottles of Cardui, and if one should see me now they wouldn't think I had ever been sick.

"I have gained twenty pounds, and my cheeks are rosy. I feel just fine. I am regular and haven't the pain.

"Life is a pleasure. I can do my work with ease. I give Cardui the praise."

Cardui has relieved many thousands of cases of pain and female trouble, and should help you, too.

Take Cardui.

On Youth and Age

No person could follow all the directions for preserving youth because there would be too many conflicting instructions. We would either eat garlic or we wouldn't; we would either take a roll in the snow (sans clothing) whenever possible, or we would jump into a steaming sweat bath. This is because scientists, physicians, and patent medicine ad writer disagree.

The best way to keep young is to forget all about your age. About the only time we need our age is when we begin to vote, or "begin" to get married, or for some other statistical purposes. After that our age is a burden and it stares us in the face without any use whatever. Often we read or hear of some old person who does not know his or her age but who is reputed to be far above one hundred. It is likely that this absence of knowledge of age contributed to the longevity more than onions or garlic, whisky, or setting-up exercises, or any of the fool-de-rol instructions of actresses dress agents.

A good way to stay young is to be young. Just simply refuse to get old. Say to yourself, "old fellow, if you want to grow, old go to it, I'm going to stay young." Think youth, appreciate youth, play with youth. Do not allow your dignity to make you stiff. Life is youth, and youth is life. Let each passing birthday be a stepping stone upward, not downward. As we mature we take on more wisdom, and wisdom is life and happiness, or at least a part of it.

We cannot see a ragged uncle, or hear the prattle of a child without starting life all over again. We cannot gaze at the twinkling stars or feel the warm rays of the summer sun without breathing again the first pure breath of creation. The fountain of youth is ever about us if we will but reach out and bathe in its ever-bubbling spray.

Locates the Pain

Vagrant aches and pains which often afflict the stomach and are hard to identify may now be accurately located and classified by an instrument resembling a miniature seismograph, the device with which earthquake tremors are recorded. The pain finder, devised by Dr. W. C. Alvarez of the University of California, is said to register the course of such ills in almost any part of the abdomen and to clearly reveal every step of the digestive processes. By the recorder, the passage of food through the digestive tract can be closely followed, and the exact spot and instant of the setting up of any trouble definitely learned in a few minutes. The instrument, called the multiple-electro-enterograph, is said to obtain its data by means of a pendulum swung in a vacuum tube and marks its records with a needle.—Popular Mechanics.

Braille Bibles Homemade

In three schools for the blind maintained by Near East relief, there are no complete Braille Bibles, although each of the schools has a more or less complete New Testament in the Braille of the native tongue. Most of the Braille books used in these schools have been punched out by hand by the students and teachers, Greek and Arabic being the languages used. A Braille version of parts of the Book of John made in a blind school at Athens was recently on exhibition at the Near East relief headquarters in Greece. Owing to lack of suitable material for the purpose the students had made the book out of pages secured by carefully cutting the front and back cardboards from boxes of American breakfast food. This cardboard made an ideal material for punching out the Braille letters, and similar books covering a wide range of subjects are constantly used in the schools in Athens.

New Song Suggestions

- "The Old Soak and Bucket."
- "Bring Back My Toddy To Me."
- "My Old Kentucky Home-Brew."
- "In The Evening By The Spot Light."
- "When You and I Will Be Hung, Maggie."
- "We've Got Our Blind Pig In the Parlor."
- "O Where, O Where Will My Little Vote Go?"
- "Relieve Me of All Those Alluring Young Farms!"
- "The Candidates Are Coming, Ho ho! Ho, ho!"

The price of success never fluctuates. A broker is a fellow who helps to get you broke.

Show 1925 Best in Five Years
for Prices to the Farmer

WHAT THE FARMER PRODUCED IN 1925

TOTAL VALUE OF FARM PRODUCTS BY YEARS

1916	\$15,167,000,000	1921	13,369,000,000
1917	20,816,000,000	1922	15,042,000,000
1918	22,896,000,000	1923	16,634,000,000
1919	24,854,000,000	1924	17,355,000,000
1920	19,110,000,000	1925	17,454,000,000*

THE farmer produced just about as much stuff in 1925 as in 1924, and it was worth a hundred million dollars more, according to the annual year-end survey of the Sears-Roebuck Agricultural Foundation. The average of all farm prices is now 154 per cent of the pre-war average, as compared with 149 per cent last year at this time. The real significance of this is indicated more clearly by the relation of returns from the sale of farm products to wholesale prices of commodities which the farmer buys and consumes. This means, states the Foundation, that the purchasing power of the farmer's dollar has risen from 66, the lowest point following the war, to 90 for 1925 and indicates that agriculture is recovering.

The low peak, prior to the war, of values of farm products came in 1914 with a valuation of \$11,517,000,000. The high peak values for farm products came during the war with a gross total of \$24,854,000,000 for 1919. Then came the four critical years in which farm prices fell below cost of production and values became correspondingly low.

In 1924 the total value of all the farm products raised in the United States was estimated at \$17,355,000,000. This year the production is estimated at \$17,454,000,000. The cash income to the farmer for his 1925 work will be right around \$10,000,000,000.

Celebration of "Oliver Day" Will Be Feature at Mansell Bros.

January 29 and 30 will be "Oliver Day" at Mansell Brother Hardware Store and it will be a revelation to every farmer to visit the store on these days and see the wonderful display of the latest in farming implements and hear the talks by the specialists who will be here on those days.

"Oliver Days" are not something new. In a number of places, particularly in the Middle West, they have become regular annual affairs as much looker-forward-to by the farmers of the community as the County Fair, the Corn Show or the Stock Show.

Essentially educational, the "Oliver Day" offers the farmers an unusual opportunity to get the facts concerning his equipment problems. Here is one whole day devoted to detail discussion of agricultural topics, both interesting and helpful discussions, designed to help the farmer in very practical ways. The farmers themselves exchange ideas and competent men representing the manufacturers of the equipment in questions that may arise.

A complete display of latest time are on hand to answer and labor saving machinery supplements the talks and rounds out the educational features of the day. The implements are attractively arranged and full information is given as to the general and special uses of each. Farmers have often gone away from these Oliver Days instilled with new and practical ideas relative to the proper time and manner of using their implements and as a result of carrying out these ideas, have saved a great deal of time, labor and unnecessary expense, have produced larger and better crops, which of course means that they have materially increased their profits. We know this to be true for the farmer, generally, is not backward about expressing his appreciation whenever real help has been given him.

Please do not get the idea that these Oliver Days are without attractions that lend color to the day, decidedly not. There is always something special, something to keep the crowd "on its toes," "something doing" every minute.

Where the Oliver Day is well advertised, practically every farmer in the community turns out and it is one of the best opportunities they have in a whole year to visit with one another and get acquainted generally. Such gatherings foster a better community spirit and bring about more neighborly and intimate relationship among the farmers, whose problems and interests are naturally so much alike.

For detailed information as to the program of the Oliver day at O'Donnell, we respectfully refer you to Mansell Bros. Hardware Co., to whom practically all the credit is due in arranging and putting on this Oliver Day, which should be, and we predict will be a day that will be most profitable and enjoyably spent by all who attend.

White House Again Open For Business

The White House Cafe is again entering to the hungry people of this section after being closed down for a few days. L. D. Lewis and Roland Brown are the new proprietors and they make the announcement that they will give the public the best in service and in eats. These gentlemen are good cooks and there is no reason why they should not make a success of their new adventure.

Rhode Island Roosters—I have some fine Rhode Island Roosters for sale at \$1.50 each, spring hatch, from registered stock. See R. E. Austin, 2 miles south and 7 miles east.

Now that we're grown up we don't think whipping children is so bad; harder the better.

NOTICE OF ELECTION

WHEREAS, the City Council of the City of O'Donnell, Texas, deems it advisable to issue bonds of the said City for the purpose hereinafter mentioned:

THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF O'DONNELL, TEXAS:

That an election be held on the 23rd of February, 1926, at which election the following proposition shall be submitted:

"Shall the City Council of the City of O'Donnell, Texas, be authorized to issue bonds of the City of O'Donnell, Texas, in the sum of \$27,500.00 payable annually—1 to 10 years—from the date thereof bearing interest at the rate of 5 1/2 per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing a Waterworks System in the City of O'Donnell, Texas, as authorized by the Constitution and General Laws of the State of Texas with reference to cities and towns.

The said election shall be held at the City Hall in the City of O'Donnell, Texas, and the following named persons are hereby appointed managers of said election, to wit:—

J. M. Christopher, Presiding officer
D. M. Estes
W. R. Sanderson,
J. R. Mayo, Clerk,
M. K. Sheppard, Judges.

The said election shall be held under the provisions of the Constitution and General Laws of the State of Texas, now in force with reference to such elections and bond issues governing cities and towns, and only qualified voters, who are property tax-payers of said city, shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed upon their ballots the words:

"For the Issuance of Bonds."
And those opposed shall have written or printed on their ballots the words: "Against the Issuance of Bonds."

The manner of holding said election shall be governed by the laws of the State regulating general elections.

A copy of this order, signed by the Mayor of the City of O'Donnell, Texas, attested by the City Secretary of the said city shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted up at the City Hall and at one public place in each of the voting places of the City of O'Donnell for at least thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation published in said city, to-wit, the O'Donnell Index, which notice shall be published once each week until the date of said election, the date of the first publication being not less than thirty full days prior to the date of the election.

C. T. Kibbe, Mayor.
ATTEST:
E. S. Scrimshire,
Secretary.

Jake Gates Awarded Contract for City Hall

The contract for the construction of the City Hall was let by the city council at a meeting held Saturday night to J. W. Gates, in the sum of \$1,500. There were only four bids submitted, that of J. J. Caddell being for \$1665, C. O. Lawler for \$1750 and Burk and Potter for \$1765.

Material is now being laid on the ground and the work if construction will be under way by the first of the week and rushed to completion.

Wanted—To rent a farm in Lynn county or near O'Donnell on shares or will make crop by the month. Married man, can give best of references. Address Claude H. Miller, Seagraves, Texas.

J. B. Miles, who has been confined to his room for several days with a bad cold, is now able to be down town.

High School Report

For the third six weeks report of school, the following led in their respective classes:

Freshmen:
Girls: Florence Gary, first; Lols Weems and Inez Gore tied for second.

Boys: Matrin Lines, first; Delbert Hodnette, second.

Sophomores:
Girls: Hester Gates first; Mildred Bowlin, second.

Boys: Shaw Jones, first; Gordon Slaughter, second.

Juniors:
Girls: Sue Gates, first; Jessie Fuller, second.

Boys: J. V. Shook, first; Desmond Yandill, second.

Seniors:
Girls: Roxie Hancock, first; Nola Hill, second.

Boys: Martin Line, first; Delbert Beaton, second.

Reports of the term standings of high school students, as well as those attaining the honor roll will be published next week.

Respectively,
J. A. Rickard, Supt.

SENIOR NEWS

The seniors hope to begin rehearsal on their class play soon. Every one is enthusiastic but not so much they are neglecting their school work.

Martin Lines was out three days last week with the flu. He readily agrees his books are much more agreeable company.

Mary-Joe Ballew has the mumps; we expect her to be with us soon.

Howard Tredway is absent from school today because of sickness. We especially miss Howard in the English class.

SEVENTH GRADE NEWS

We wish to make a correction of our report last week. Either through the fault of our reporter or the printer we were made to say that "Eighty per cent of our pupils made good grades and were only promoted on trial."

What we should have said was "Eighty per cent of our class made good grades, but a few were promoted only on trial."

We had a class meeting Wednesday and elected the following officers: Eloise Foster, president; Claude Tate, vice-president; Ralph Beach, secretary and treasurer; Newman Caddell, class reporter; Blanche Popplewell, librarian.

We have several absences on account of sickness. Mattie Williams has been out some time. Blanche Payne, Foy Heathington, Cecil Tredway, Lowell Pugh are also out today.

O'Donnell Electric Laundry

We are better prepared than ever to give service every day in the week.

Keep your money at home by patronizing home industry.

We call for and deliver all work.

Service and Satisfaction with every order.

We make a specialty of family washing.

Rates very reasonable.

THE ECONOMY STORE

Is Adding Another Department; That of
MILLINERY

Mistress McKelvy an experienced milliner from Sherman, Texas has leased quarters in our store and will put in an exclusive millinery shop. She will carry all the latest styles of hats and trimmings for Ladies, Misses and Childrens' head wear. Mistress McKelvy has had unlimited experience, having studied the millinery's art for several years and you will be assured of getting as good merchandise in quality and price as will be found in the larger trade centers. She is now in the East buying her stock and will open up about the first of February. We bespeak for her liberal share of your patronage. Don't forget the place.

THE ECONOMY STORE

In the Heart of the Shopping District.

**Pay Up Before Time
Limit And Save**

C. R. Granberry, engineer of the Automobile Headlight Division, writes the Index that unless motorists proceed immediately to the headlight test stations and to the tax collector's office to attend to their 1926 registration, there will inevitably occur the greatest last minute rush and jam which has ever been experienced at registration time in Texas. Registration is being delayed to the point where motorists will cause themselves great inconvenience in waiting in long lines to the test stations and the tax collector's offices.

February first is the last day for the payment of registration fees during the regular registration period, and after that date delinquent registrants will be required to pay a penalty of 25 per cent of the total fee.

There only remains three more days in which to pay registrations fees without the 25 per cent penalty being added, so unless you want to pay this high rate of interest on your car, you had better crank 'er up and hit the trail to your county seat and pay up.

R. E. Painter left for Dallas first of the week to purchase the latest styles in Spring wear for the trade of his store and to lay in a full supply of fresh staple groceries. Mr. Painter states that he will endeavor to keep the quality and low prices that have prevailed at his store and asks that all his friends and customers treat the store with their liberal patronage as in the past.

**Care of Radiator Essential
To Motorists in Winter Time**

prepare the car now against the coming cold weather and be protected against any sudden drops in temperature, is the text of the warning broadcast by the Ford Motor Company to Ford car drivers in cold climates. To eliminate as far as possible the annoyances of winter driving, the service department of the company has outlined a set of simple precautions against freezing. They are in brief:

Alcohol	Water
20 per cent	80 per cent
30 " "	70 " "
40 " "	60 " "
50 " "	50 " "

Evaporation of the alcohol after the engine is warmed up may be considerably retarded by the addition of a small amount of glycerine, equal to about ten per cent of the total capacity of the radiator.

Present day gasoline does not vaporize readily in cold weather, starting necessitates use of the choke. Discretion should be used, however, because of the fact that the raw fuel sucked into the combustion chamber condenses and passes the piston rings into the crankcase, making for oil dilution. Protect radiator with blanket or cover to minimize delay in the "warming up."

Care must be exercised to see that the battery is not discharged by

Add anti-freeze solution to radiator. Be discreet in use of choke. Conserve battery current.

Drivers are cautioned against patent solutions for radiators of unknown formulas. The safest to use is denatured or wood alcohol. The amount of alcohol necessary to prevent freezing is also given in a table which includes all winter temperatures.

Freezing point	Spec. Gravity
13 above 0	.974
3 above 0	.964
20 below 0	.953
34 below 0	.936

proceeds of cranking the engine. If the battery is allowed to stand idle in a discharged condition it will freeze. A table showing the freezing points follows:

Spec. Gravity	Freezing Point
1300 (Fully Charged)	94 below 0
1270	82 below 0
1250	62 below 0
1230	40 below 0
1200	17 below 0
1150	5 below 0

Inasmuch as winter driving exerts a greater drain upon the battery than summer driving, it is frequently the part of wisdom to have the charging rate of the generator set up to meet the added demand, especially retail automobile salesmen, if frequent stops and starts are made.

Far Sale—One team good mules. John Deer Wagon and set of all leather harness at a bargain. Also practically new Moline Planter and Fordson, cheap —**Auto Wrecking Yard.**

The Modern Woodmen will meet Wednesday night, February 3rd, at Odd Fellow's Hall at 7:30 o'clock. All applicants be sure and be present. Old members are cordially invited to attend. **J. R. BINGHAM, Dist. Dep.**

29th and 30th

OLIVER DAY
Your Day at Our Store!

You are cordially invited to be our guest on Friday, January 29th, and 30th. A special program has been arranged for the day that you will find both entertaining and educational. Your friends and neighbors are invited too, and you'll have a good chance to visit with them as long as you like.

It has always been our aim to render the farmers of this community a real service, and we feel that through this Oliver Day we can help you solve some of your farm equipment problems, particularly those pertaining to the equipment needed for best results. Factory representatives will be on hand to answer questions and explain the uses of the full line of implements suitable to local needs that we will have on display.

YOU SET THE PRICE

An Oliver No. 35 Riding Cultivator will be sold to whoever turns in the highest sealed bid. This cultivator is now on display on our sample floor. Come in and look it over, then deliver your sealed bid to us, using the blank and envelope which we will provide.

**MANSSELL BROS.
HARDWARE CO.
O'DONNELL, TEXAS**

Celebration of "Oliver Day" Will Be Feature at Mansell Bros.

January 29 and 30 will be "Oliver Day" at Mansell Brother Hardware Store and it will be a revelation to every farmer to visit the store on these days and see the wonderful display of the latest in farming implements and hear the talks by the specialists who will be here on those days.

"Oliver Days" are not something new. In a number of places, particularly in the Middle West, they have become regular annual affairs as much looked-forward-to by the farmers of the community as the County Fair, the Corn Show or the Stock Show.

Essentially educational, the "Oliver Day" offers the farmers an unusual opportunity to get the facts concerning his equipment problems. Here is one whole day devoted to detail discussion of agricultural topics, both interesting and helpful discussions, designed to help the farmer in very practical ways. The farmers themselves exchange ideas and competent men representing the manufacturers of the equipment in questions that may arise.

A complete display of latest time saving machinery supplements the talks and rounds out the educational features of the day. The implements are attractively arranged and full information is given as to the general and special uses of each. Farmers have often gone away from these Oliver Days in-stilled with new and practical ideas relative to the proper time and manner of using their implements and as a result of carrying out these ideas, have saved a great deal of time, labor and unnecessary expense, have produced larger and better crops, which of course means that they have materially increased their profits. We know this to be true for the farmer, generally, is not backward about expressing his appreciation whenever real help has been given him.

Please do not get the idea that these Oliver Days are without attractions that lend color to the day, decidedly not. There is always something special, something to keep the crowd "on its toes," "something doing" every minute.

Where the Oliver Day is well advertised, practically every farmer in the community turns out and it is one of the best opportunities they have in a whole year to visit with one another and get acquainted generally. Such gatherings foster a better community spirit and bring about more neighborly and intimate relationship among the farmers, whose problems and interests are naturally so much alike.

For detailed information as to the program of the Oliver day at O'Donnell, we respectfully refer you to Mansell Bros. Hardware Co., to whom practically all the credit is due in arranging and putting on this Oliver Day, which should be, and we predict will be a day that will be most profitable and enjoyably spent by all who attend.

White House Again Open For Business

The White House Cafe is again catering to the hungry people of this section after being closed down for a few days. L. D. Lewis and Roland Brown are the new proprietors and they make the announcement that they will give the public the best in service and in eats. These gentlemen are good cooks and there is no reason why they should not make a success of their new adventure.

Rhode Island Roosters—I have some fine Rhode Island Roosters for sale at \$1.50 each, spring hatch, from registered stock. See R. E. Austin, 2 miles south and 7 miles east.

Now that we're grown up we don't think whipping children is so bad; harder the better.

NOTICE OF ELECTION

WHEREAS, the City Council of the City of O'Donnell, Texas, deems it advisable to issue bonds of the said City for the purpose hereinafter mentioned:

THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF O'DONNELL, TEXAS:

That an election be held on the 23rd of February, 1926, at which election the following proposition shall be submitted:

"Shall the City Council of the City of O'Donnell, Texas, be authorized to issue bonds of the City of O'Donnell, Texas, in the sum of \$27,500.00 payable annually—1 to 10 years—from the date thereof bearing interest at the rate of 5½ per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing a Waterworks System in the City of O'Donnell, Texas, as authorized by the Constitution and General Laws of the State of Texas with reference to cities and towns.

The said election shall be held at the City Hall in the City of O'Donnell, Texas and the following named persons are hereby appointed managers of said election, to wit:—

J. M. Christopher, Presiding officer
D. M. Estes
W. R. Sanderson,
J. R. Mayo, Judges.
M. K. Sheppard, Clerk.

The said election shall be held under the provisions of the Constitution and General Laws of the State of Texas, now in force with reference to such elections and bond issues governing cities and towns, and only qualified voters, who are property tax-payers of said city, shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed upon their ballots the words:

"For the Issuance of Bonds."
And those opposed shall have written or printed on their ballots the words: "Against the Issuance of Bonds."

The manner of holding said election shall be governed by the laws of the State regulating general elections.

A copy of this order, signed by the Mayor of the City of O'Donnell, Texas, attested by the City Secretary of the said city shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted up at the City Hall and at one public place in each of the voting places of the City of O'Donnell for at least thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation published in said city, to-wit, the O'Donnell Index, which notice shall be published once each week until the date of said election, the date of the first publication being not less than thirty full days prior to the date of the election.

C. T. Kibbe, Mayor.
ATTEST:
E. S. Scrimshire,
Secretary.

Jake Gates Awarded Contract for City Hall

The contract for the construction of the City Hall was let by the city council at a meeting held Saturday night to J. W. Gates, in the sum of \$1,500. There were only four bids submitted, that of J. J. Caddell being for \$1665, C. O. Lawler for \$1750 and Burk and Potter for \$1765.

Material is now being laid on the ground and the work if construction will be under way by the first of the week and rushed to completion.

Wanted—To rent a farm in Lynn county or near O'Donnell on shares or will make crop by the month. Married man, can give best of references. Address Claude H. Miller, Seagraves, Texas.

J. B. Miles, who has been confined to his room for several days with a bad cold, is now able to be down town.

High School Report

For the third six weeks report of school, the following led in their respective classes:

Freshmen:
Girls: Florence Gary, first; Lois Weems and Inez Gore tied for second.

Boys: Matrin Lines, first; Delbert Hodnette, second.

Sophomores:
Girls: Hester Gates first; Mildred Bowlin, second.

Boys: Shaw Jones, first; Gordon Slaughter, second.

Juniors:
Girls: Sue Gates, first; Jessie Fuller, second.

Boys: J. V. Shook, first; Desmond Yandill, second.

Seniors:
Girls: Roxie Hancock, first; Nois Hill, second.

Boys: Martin Line, first; Delbert Beaton, second.

Reports of the term standing of high school students, as well as those attaining the honor roll will be published next week.

Respectively,
J. A. Rickard, Supt.

SENIOR NEWS

The seniors hope to begin rehearsal on their class play soon. Every one is enthusiastic but not so much they are neglecting their school work.

Martin Lines was out three days last week with the flu. He readily agrees his books are much more agreeable company.

Mary Joe Ballew has the mumps; we expect her to be with us soon.

Howard Tredway is absent from school today because of sickness. We especially miss Howard in the English class.

SEVENTH GRADE NEWS

We wish to make a correction of our report last week. Either through the fault of our reporter or the printer we were made to say that "Eighty per cent of our pupils made good grades and were only promoted on trial."

What we should have said was "Eighty per cent of our class made good grades, but a few were promoted only on trial."

We had a class meeting Wednesday and elected the following officers: Eloise Foster, president; Claude Tate, vice-president; Ralph Beach, secretary and treasurer; Newman Caddell, class reporter; Blanche Popplewell, librarian.

We have several absences on account of sickness. Mattie Williams has been out some time. Blanche Payne, Foy Heathington, Cecil Tredway, Lowell Pugh are also out today.

O'Donnell Electric Laundry

We are better prepared than ever to give service every day in the week.

Keep your money at home by patronizing home industry.

We call for and deliver all work.

Service and Satisfaction with every order.

We make a specialty of family washing.

Rates very reasonable.

THE ECONOMY STORE

Is Adding Another Department; That of
MILLINERY

Mistress McKelvy an experienced milliner from Sherman, Texas has leased quarters in our store and will put in an exclusive millinery shop. She will carry all the latest styles of hats and trimmings for Ladies, Misses and Childrens' head wear. Mistress McKelvy has had unlimited experience, having studied the millinery's art for several years and you will be assured of getting as good merchandise in quality and price as will be found in the larger trade centers. She is now in the East buying her stock and will open up about the first of February. We bespeak for her liberal share of your patronage. Don't forget the place.

THE ECONOMY STORE

In the Heart of the Shopping District.

**Pay Up Before Time
Limit And Save**

C. R. Granberry, engineer of the Automobile Headlight Division, writes the Index that unless motorists proceed immediately to the headlight test stations and to the tax collector's office to attend to their 1926 registration, there will inevitably occur the greatest last minute rush and jam which has ever been experienced at registration time in Texas. Registration is being delayed to the point where motorists will cause themselves great inconvenience in waiting in long lines to the test stations and the tax collector's offices.

February first is the last day for the payment of registration fees during the regular registration period, and after that date delinquent registrants will be required to pay a penalty of 25 per cent of the total fee.

There only remains three more days in which to pay registrations fees without the 25 per cent penalty being added, so unless you want to pay this high rate of interest on your car, you had better crank 'er up and hit the trail to your county seat and pay up.

R. E. Painter left for Dallas first of the week to purchase the latest styles in Spring wear for the trade of his store and to lay in a full supply of fresh staple groceries. Mr. Painter states that he will endeavor to keep the quality and low prices that have prevailed at his store and asks that all his friends and customers treat the store with their liberal patronage as in the past.

**Care of Radiator Essential
To Motorists in Winter Time**

prepare the car now against the coming cold weather and be protected against any sudden drops in temperature, is the text of the warning broadcast by the Ford Motor Company to Ford car drivers in cold climates. To eliminate as far as possible the annoyances of winter driving, the service department of the company has outlined a set of simple precautions against freezing. They are in brief:

Alcohol	Water
20 per cent	80 per cent
30 " "	70 " "
40 " "	60 " "
50 " "	50 " "

Evaporation of the alcohol after the engine is warmed up may be considerably retarded by the addition of a small amount of glycerine, equal to about ten per cent of the total capacity of the radiator.

Present day gasoline does not vaporize readily in cold weather, starting necessitates use of the choke. Discretion should be used, however, because of the fact that the raw fuel sucked into the combustion chamber condenses and passes the piston rings into the crankcase, making for oil dilution. Protect radiator with blanket or cover to minimize delay in the "warming up."

Care must be exercised to see that the battery is not discharged by

Anti anti-freeze solution to radiator. Be discreet in use of choke. Conserve battery current.

Drivers are cautioned against patent solutions for radiators of unknown formulas. The safest to use is denatured or wood alcohol. The amount of alcohol necessary to prevent freezing is also given in a table which includes all winter temperatures.

Freezing point	Spec. Gravity
13 above 0	.974
3 above 0	.964
20 below 0	.953
34 below 0	.936

in periods of cranking the engine. If the battery is allowed to stand idle in a discharged condition it will freeze. A table showing the freezing points follows:

Spec. Gravity	Freezing Point
1300 (Fully Charged)	94 below 0
1270	82 below 0
1250	62 below 0
1230	40 below 0
1200	17 below 0
1150	5 below 0

Inasmuch as winter driving exerts a greater drain upon the battery than summer driving, it is frequently the part of wisdom to have the charging rate of the generator set up to meet the added demand, especially retail automobile salesmen, come frequent stops and starts are made.

Far Sale—One team good mules, John Deer Wagon and set of all leather harness at a bargain. Also practically new Moline Planter and Fordson, cheap — **Auto Wrecking Yard.**

The Modern Woodmen will meet Wednesday night, February 3rd, at Odd Fellow's Hall at 7:30 o'clock. All applicants be sure and be present. Old members are cordially invited to attend. **J. R. BINGHAM, Dist. Dep.**

Odd Fellows School Closes

J. F. Henderson of Coahoma, who has been conducting a school for the education of Odd Fellows in secret work, closed the school and left for his home Thursday. There were about ten candidates for certificate men and in the final examinations there were only two, Sam Russell and C. C. Jones, who made a first grade. W. C. Sauls made the second grade and one other candidate reached third.

Those who attended the school state that Mr. Henderson is very bright in the work and is considered one of the best posted men in Odd Fellow work in Texas.

S. S. Attendance Light

Judging from the report of the Pastors Association, last Sunday was a stay at home day with the people of O'Donnell, there being only 127 people in attendance at the various Sunday Schools of the town. But the earth was covered with a coat of snow and a great many were nursing colds and they preferred to remain indoors. Following is the report:

Presbyterian	18
Methodist	None
Nazarene	10
First Christian	None
Church of Christ	43
Baptist	51

W. C. Thacker of the Newmoore neighborhood, received a telegram Sunday from an Abilene hospital stating that his wife was not expected to live. He left immediately for her bedside. Mrs. Thacker recently underwent an operation and was thought to have been getting along nicely until the receipt of the telegram.

Mrs. A. D. Brown is home after having spent a few weeks in Oklahoma visiting her brother whose wife was seriously injured in an automobile accident on Christmas Day. Mrs. Brown returned by way of Dallas where she was met by Mr. Brown and V. E. Bonham, who were there on business.

Young Wife Afraid to Eat Anything

"I was afraid to eat because I always had stomach trouble afterwards. Since taking Alderika I can eat and feel fine." (Signed Mrs. A. Howard.) ONE spoonful Alderika removes GAS and often brings surprising relief to the stomach. Stop that full, bloating feeling. Remove old waste matter from intestines and makes you feel happy and hungry. Excellent for obstinate constipation.
Haney Drug Company.

Mr. and Mrs. W. L. Rodgers had as their guests last Sunday, Mr. and Mrs. N. W. Wyatt of Tahoka, and Mr. and Mrs. Blanton Street of the Tredway community. Mesdames Wyatt and Street are the daughters of Mr. and Mrs. Rodgers. Mrs. Wyatt is recovering from a fall she

sustained recently when she slipped on the ice and fell and broke a rib.

Mr. and Mrs. L. M. Williams were called here from Amherst the first of the week to attend the bedside of their brother, W. G. Williams, who is very ill.
