Texas Oil Men Cooperating In National Defense Program

With the pioneer spirit typical of Texans, our oil men have found and developed petroleum reserves far beyond all civilian and military needs now indicated. Even if defense requirements total 150 million barrels more a year, Texas can supply them without waste by a quarter turn of valves on wells already drilled. This can be done at a moment's notice without depriving anyone of a single gallon of gasoline or quart of motor oil. Surplus pipeline capacity is ready to carry all this oil from the fields. Surplus refinery capacity exists to turn it into essential products.

Texas goes ahead in the search for more petroleum reserves. New fields are being found, more efficient producing, refining and transportation methods are constantly being perfected, Texas is Ready!

Give that valve a quarter turn, Old Man Texas, when Uncle Sam needs the oil for national defense.

AROUND TOWN

With OTTO B. GRATE

High Ho! and they're already beginning to come in. Its that of the year when Cupid slings his missiles and hearts begin to flutter. Valentine day is just around the corner of next week and that holiday, is one that you grow into and not away from. I mean you begin to celebrate when you are very young and find out what its all about later on. Valentines themselves are very lovely things but should come under different classifications. First there are the kind with lace and ribbons, and a sentimental verse attached and these are best. Then you find the clever, amusing kinds and these are fine too. But, of all the beautiful messages of friendship that are on display now what do my associates send me. The folding kind, of course. The kind you don't tie with a ribbon and pack away. The kind you don't put on exhibit. Now listen, kids, its not much to ask for, but this year just for me, I'd like to get a Valentine that I can look at without shuddering. Please, just one.

Maybe some people believe that flower of American manhood is witing and that this generation isn't measuring up to the standard set by past ones, but there are a lot of things to make you believe otherwise. Now if you see a pile of those bottles commonly referred to as having contained 'Rockin Chair', 'Spirit of 75' and so on, and mixed with them several empty oil cans, which doubtlessly were used as chasers for the aforementioned, then there my friends is grounds to wonder if even Daniel Boone had the zinc lined interior of these pioneers of 1941.

Its a baby girl for the Bernice Andrews family. The little lady has been named Gloria Jean and they tell me that she is one of the town's prettiest. Mother and the new regina were moved home this week and are doing fine.

Book of the week is another of W. Somerset Maugham's stories of the weird circumstances a human mind can create and build around itself. This one is called "Threatre", and is more or less the qualms of a young man who grew up back-stage and because can't associate the world with any thing other than just an "act" he loses faith in the only realities of life. The trend of the book is perfectly illustrated when, in a fit of melancholia, the boy tells his actress mother that she is such a shadow of nothing at all that should she enter an empty room he would be afraid to open the door for fear he would find absolutely nothing in it.

We have a new baby in our neighborhood too, there is a baby calf belonging to Dude Pearce. His name is "Boots" because he moved in at a time when any leather, on hoof or otherwise, looked like that article of apparel to me. And, in case you take this wrong, your reporter got the boots and the calf is still intact.

Spotlight of the week goes to Mrs. Ed Wristen, a sweet little someone who never fails to be a friend to us all. Mrs. Wristen has a sincere smile for everyone she loves and she loves them all.

MRS. CYLDE WHITE REELECTED AS HEAD OF BAIRD GARDEN CLUB

President, Mrs. Clyde White
1st vice Pres. Mrs. Fetterley
2nd vice Pres. Mrs. Virgil Jones
Treasurer, Mrs. Clifford Jones
Sec. Mrs. Terrell Williams
Reporter, Mrs. Ernest Hill
Pianist, Mrs. Hargis
The club meets next in the home of Mrs. N. L. Dickey, with Mrs. Dickey and Mrs. Ernest Hill as Hostesses.

ON THE BAIRD CAMPUSES

PAE

County meet is edging in now, and from the Press box in the grandstand it looks like the home school is getting ready for one mighty Blitzkrieg and the championship Certainly spirit has never been higher and the students are not sparing a thing when it comes to preparation

Finals in county basket ball will be played in the Baird Gym, during the next weekend and you should see the Baird girls on top when the smoke of battle clears up Baird's girls team is one of those things coaches usually only hope for.

Lelia Hamcock dramatics coach in the Baird High School, will have her white hope for the county championship in One Act Plays under way this week. Hamcock, who has an ingenious way with getting the best from her students, will try her hand at producing a play this year that is different from any other she has had experience with, and, you have come to expect, it will be something you will remember.

And back to basketball, preliminaries of Baird's only basketball tournament of this season, were completed Thursday night. Beginning at one P. M. Saturday The Denton and Bayou girls teams will play, followed by the Denton and Bayou boys game. At 3 p. m. There will be a consolation game between the losers of the girls games, part of which were played Thursday night. At four p. m. comes the boys consolation match. Finals in both boys and girls games will be played at 7:30 and 8:30 Saturday night.

The Headlight, school annual, is due to come off the press in the early part of May. If you want a year book, and this is to be one of the best the school has published, you may secure one by placing an order with the Annual staff at once!

Have you noticed the work underway on the school campus. The lawns have been sodded and rose cuttings have been set out in the garden. The school is one of the most attractive places in the town but the new landscape work will be add even more to the appearance.

County Agents Column

Screwworm Outlook Threatening
Conditions in the section where screwworm flies overwinter are such that a rather severe outbreak of worms may be expected next spring," says Cameron Siddall, Extension Service entomologist for Texas A and M College.

"All animals should be watched closely for the next few months and all wounded or infected animals treated thoroughly and properly to prevent worms maturing in the wounds," he said.

"Only in this way can this indicated devastating outbreak be avoided during the coming season."

Basing his warning upon a report by E. C. Cushing, senior entomologist of the bureau of entomology and plant quarantine at Menard, Siddall said current moisture conditions are very favorable for a severe outbreak and unless unusually cold weather during the remainder of February kills the large number of pupas in the ground a high March emergence of flies may be expected.

The high percentage of worms dropped in October and November produced flies in December and January. The adult population of these flies was above normal over the Balcones Escarpment area and over the Rio Grande plain to Zapata, and low on the Gulf plain.

Planned Farming and the A.A.A. Sect. Latic planning of farming operations for the coming year will enable each farmer cooperating with the national farm program to get the greatest benefits from the program. To that end representatives of all branches of the United States Department of Agriculture and

the Texas A. and A. College Extension Service are working together in an effort to have every farmer cooperating with the Agricultural Adjustment Administration fill out a farm plan sheet for 1941.

Working with the individual producers in planning farming operations will be representatives of the various agencies, when possible, members of Land Use Planning Committees, and AAA county and community committee men. On the farm plan sheet will be listed the farm's allotments, estimated payments for complying with allotments, and estimated maximum soil-building allowances. The farmer and the committeeman will work together in planning the acreage to be devoted to soil-depleting crops and the soil-building practices, which will be carried out on the farm.

Hon. Sam Russell Will Serve On Important Committees

The Democratic Committee on Committees announced the appointment of Congressman Sam Russell to membership on five leading committees of the House. They follow:

- Irrigation and Reclamation District of Columbia
- Claims
- Invalid Pensions
- Election No. 3

Of the five appointments given Congressman Russell, one of them, Irrigation and Reclamation deals contently with legislation vitally affecting his district, the 17th of Texas, while the other four handle legislation more National in scope.

The Committee on Irrigation and Reclamation is concerned with soil depletion, erosion and similar agricultural problems and membership on it is one of the most sought appointments on congress, particularly by Congressmen representing districts where the need of farmers and land owners is so apparent as it is in the twelve counties involved in the district of Congressman Russell.

The four remaining committee which Mr. Russell has been assigned are likewise important in that they will deal with many important items of government that require a close study of the law.

As one of the new members of the 77th congress Mr. Russell feels highly elated over the important committees that have been given him and it will be his aim to see that the interests of all portions of his district are properly looked after at all times.

- 900 mattresses have been completed on the new program and 655 on the old and 400 more will be made during the month of February.
- Each applicant signs a state-

THE VOICE OF HISTORY

ment saying the he will not give away or sell the mattress he receives.

When a check is made after the program is over there is a statement in the regulations he will have to pay for the cotton and ticking he received used in the mattress.

A supplement to the Department of Agriculture's 1941 cotton mattress demonstration program will enable low income rural families in Texas to have cotton comforts, one for each mattress made under the program.

Every Texas family eligible to receive mattress materials under the current program will also be eligible to receive 10 yds. of percale and four pounds of cotton for making a cotton comfort, according to regulations announced last week by R. T. Price field man at large for the State AAA office.

Bess Edwards, assistant state home demonstration agent for the Extension Service of Texas A. and M. College, added this would probably mean the making of 400 00 new cotton comforts within the next few months.

Materials for the program will be furnished by the Surplus Marketing Administration. Under the regulations, comforts must be made in Community centers set up as in the mattress program. A family must first have received a mattress before it can obtain materials for making a comfort.

Quoting Assistant Secretary of Agriculture Grover. B. Hill, Miss Edwards said that the comfort provision of the mattress program is another means of "turning the cotton surplus into a national blessing."

Safe Daily Diet

For a safe diet daily each person needs at least one serving of whole grain products daily, according to the Texas Food Standard. In a year's time that amounts to 170 pounds. Whole grain products have been studied during January by Home Demonstration Club members. Whole grain products are good sources of vitamin "B", thiamin and minerals. To meet the daily requirement in the diet one way is by the uses of whole wheat flour.

Over a hundred clubs members report that the following wheat muffins all delicious and easily prepared.

- Whole wheat Muffins
 - 1 1-3 cups whole wheat flour
 - 3 teaspoon baking powder
 - One-half teaspoon salt
 - 1 to 2 tablespoons sugar
 - 1 egg beaten
 - 1 cup milk
 - 2 to 4 tablespoon fat-melted
- Mix the dry ingredients together combine the beaten egg, milk, and fat, add to the dry ingredients all at once; stir just enough to moisten and give the mixture a rough appearance. Fill greased muffin pans two-thirds full. Bake in a hot oven for about 20 min, yield 11 2 in. muffins.
- Mrs. Ray Young of the Enterprise home demonstration club says that she takes her wheat to the mill and has her whole wheat flour ground and makes a saving of around three dollars per hundred pounds.
- Brown rice a whole grain product is a good source of thiamin
- Creamed Salmon and Rice seemed to be the favorite rice recipe during January.
- 1 can Salmon
 - 1-4 cup melted fat

TEXAS IS READY!

Give that valve a quarter turn, Old Man Texas, when Uncle Sam needs the oil for national defense

With the pioneer spirit typical of Texans, our oil men have found and developed petroleum reserves far beyond all civilian and military needs now indicated.

Even if defense requirements total 150 million barrels more a year, Texas can supply them without waste by a quarter turn of valves on wells already drilled. This can be done at a moment's notice without depriving anyone of a single gallon of gasoline or quart of motor oil. Surplus pipe line capacity is ready to carry all this oil from the fields. Surplus refinery capacity exists to turn it into essential products.

Texas goes ahead in the search for more petroleum reserves. New fields are being found... more efficient producing, refining and transportation methods are constantly being perfected... TEXAS IS READY!

What Is A 1941 Ranch Girl Like?

If you drew a composite picture you would find that she is a versatile young woman, beautiful educated, and the belle of the ball, not to mention her ability to ride and handle a lariat with the best of the cowboys.

Such a girl is Miss Joe Morris 19, daughter of Mr. and Mrs. Press Morris of Coleman, who has been announced as one of the ranch girl honor guests at the Southwest exposition and Fat Stock Show in Fort Worth, Mar. 7-16.

Miss Morris, who will appear with other ranch girls in the twice-daily performances of the world-famed rodeo and horse show, is as much at home on her favorite horse, Gyp, as she is in the little rangeland school near Coleman, where she teaches. Only three years older than her oldest pupil, she rides horseback the four miles to school each day.

Proud of her ranch background is this attractive daughter of Texas Her grandfather was J. F. Morris, late cattle baron, who was one of Coleman's pioneer ranchers. Her maternal grandfather was famed Jasper McCoy, pioneer ranchman of Callahan county, who founded the noted McCoy cattle trail and was famous as the youngest of the old time trail bosses.

The riding ability runs in the family. Her mother, when young, shocked the ranch country because she worked with the other hands and rode astride like a man, not side-saddle.

Joe spent a year at Southern Methodist University and one at Hardin-Simmons in Abilene; plans to return to SMU this fall. Her hobby is photography.

Plenty easy to look at, she is five foot four, weight 110 lbs. and has light brown hair. Striking is her combination of cowgirl togs and the inevitable finger nail polish.

The Southwest is looking forward to seeing Joe Morris and Gyp in the Fort Worth arena in March.

Miss Morris is a niece of Mrs. C. M. Mills, and Mrs. Will McCoy of Baird, Miss Morris's mother is the former Carrie McCoy.

"Soldier's Day" To Be Observed By Texas Baptist

"Soldier's Day", will be observed Sunday, Feb. 9, by the 3,100 Texas Baptist churches and their 750,000 members, in the effort to raise \$50,000 for soldier work in Texas, it was announced today by Dr. A. C. Miller, newly appointed state supervisor of soldier work for the Baptist General Convention of Texas.

Declaring that "we cannot ignore our responsibility as Baptist to the vast army of young Americans being brought into the 22 military camps, posts, and stations in Texas," Dr. Miller said the funds given by the Baptist on "Soldier's Day" will be used largely in the erection of suitable chapels near some of the major encampments and in employment of men to work with military officials in providing religious life for the soldiers.

Dr. Miller, who served as a chaplain with the 86th Infantry in the World War I, says that personal interviews with the commanding officers and many of the chaplains, in the 15 locations he has already visited, show that these military officials have a sincere interest in the physical and moral welfare of their men.

"In performing this service," Dr. Miller said, "we can do much to develop in these camps and at home the high ideals of patriotism. The decay of religion has been one of the four underlying causes for the decline of every nation in history. The Germans broke through upon the heart of France because the Sedan sector of the impregnable Maginot line was manned by young men from Paris whose physical vitality had been sapped by immoral indulgences. It was not the defenses that failed France: it was her defenders."

Dr. Miller estimated that by the close of 1941 there would be 20,000 men in Texas locations.

Chevrolet Bolster Record Sales In January

During the second 10-day period in January, Chevrolet dealers bolstered the record sales report submitted in the previous 10-day period by establishing new sales marks in company history, both for this period and for the first 2 days of the month, it was announced here today by W. E. Holler, general sales manager.

In the period, dealers sold at retail a total of 30,479 new passenger and commercial cars, a gain of 20.3 per cent over the comparable period last year and an increase of 6.7 per cent over the preceding 10-days this year. Combined sales during the 20 days totaled 58,978, a 24.4 per cent advance over the same period in 1940.

Used car sales in the 10-day period were 47,493, an increase of 22.7 per cent over the same period last year and a gain of 16.9 per cent over the preceding 10-day this year. The 20-day report shows used car sales 23 per cent in advance of the same period in 1940.

Retail truck sales held to the upward course established since the new models were introduced last fall, advancing 36 per cent over Jan. 1-20 last year, with total sales being 12,336 for the 20-day period.

Coleman Production Credit Asso. To Hold Annual Meeting

The Coleman Production Credit Association will hold its annual meeting in Coleman Wednesday Feb. 12th.

Approximately 50 stockholders from over the six-county district are expected to attend the affair at the Gem Theatre there. The program gets under way at 9:45 o'clock Wednesday morning Feb. 12, according to W. E. Melton, secretary-treasurer of the organization.

A free barbecue dinner will be served to those in attendance.

After reviewing the activities of the year the stockholders will elect two directors to the board of directors. One fill succeed M. B. Wardlaw of Ballinger for a three term and the other will succeed M. L. Guthrie of Brooks-Smith for a one-year term. Other directors in the organization include, Simon Horne, Coleman, president; Hiram Price Eden; and

W. O. Kemper, Abilene, Mr. Wardlaw is vice-president of the organization.

Stockholders will find that their organization closed \$1,215,075 in loans for the year 1940 and had a loan volume on the books of \$542,499.72 or an increase over any previous year.

At a recent meeting the association's director expressed themselves as well pleased with the business that has been done this year and authorized the appointment of a field supervisor for the entire association. Duties of the supervisor will include making business contacts with field representatives, making inspections and re-inspections, and acting under the direction of the secretary-treasurer.

The Coleman Production Credit Association was organized in 1934. Present officials and employees include Mr. Melton, Coleman, secretary-treasurer; J. C. Marshall, Coleman, assistant secretary-treasurer, bookkeeper and assistant treasurer; and Irmalu Dulin, Coleman, stenographer.

Clyde Oden, Abilene, representative-inspector; D. Green, Eden, representative-inspector; J. M. Pyburn, Winters representative-inspector; M. H. Perkins, Clyde representative; Bert Low Brownwood representative; Katherine John, Eden typist; Irene Olden, Abilene, typist; Nannie Lazenby Brownwood, typist Roland James son Coleman inspector George Burns, Brownwood, inspector. Robt Estes, Callahan County, inspector W. F. Lathen Rannels county, inspector; Frank Millar, Concho county inspector.

The new board of directors will meet in the Coleman Production Credit Association offices here on Thursday, Feb. 13, the day following the stockholders meeting here.

Inauguration Of Dr. White As President Of Hardin-Simmons

Inaugural ceremonies for formal induction into office of Dr. W. R. White as seventh president of Hardin-Simmons University was announced as April 28 and 29.

The inauguration events will highlight the spring calendar of H-SU Golden Jubilee programs, university officials said.

Principal speakers whose acceptance already have been received are Dr. Homer Price Rainey, president of the University of Texas; President Pat M. Neff of Baylor University, former governor of Texas; Dr. George W. Truett, pastor of the First Baptist Church, Dallas and internationally famed churchman, and Dr. Spencer McCauley, head of the McCauley School for Boys, Chattanooga, Tenn.

Dr. White was elected president of Hardin-Simmons last July 29, to succeed the late J. D. Sanderfer, at his death last March 22 the dean of senior college and university presidents in the Southwest.

Rev. W. C. Friley, father of Dr. Charles E. Friley, president of Iowa State College and former dean at Texas A. and M., was first president of Simmons College at its founding in 1891. Dr. G. W. Thatcher, Dr. O. C. Pope, Rev. C. M. Hairfield and Dr. O. H. Cooper preceded Dr. Sanderfer as the school's head.

Proxy Sanderfer served more than three decades as the university's president, from 1909 until 1940.

T. N. Carswell, Abilene alumnus and trustee of the school, is chairman of the inauguration committee, named by J. D. Sanderfer Jr. Breckenridge, chairman of the H-SU board of trustees.

Other members of the inaugural arrangements committee are T. E. Roberts, C. M. Caldwell and George S. Anderson, of the trustees; Dean L. O. Campbell, Dr. E. B. Atwood and Mrs. R. N. Richardson, representatives of the faculty.

Dr. Cox Says

While influenza is prevalent, the citizens of Texas are warned that they should not be in too big a hurry to return to their work following a siege of this disease. Influenza of itself is seldom fatal, but complications, principally pneumonia, are the cause of death, asserts Dr. Geo W. Cox, State Health Officer.

The number of cases of pneumonia reported last week was 4 times the usual incidence at this season of the year. The increase corresponds almost directly with the amount of influenza reported.

The termination of the acute symptoms of influenza does not indicate a complete recovery. Many persons believe this to be true and return to their daily routine, only to suffer a relapse. Others plod along in a weakened state, harbor a sub-acute cold, and by continuing to lower their resistance, invite prolonged trouble.

Past experience indicates that the longer an epidemic persists, the more severe it becomes. The possibility of complications increases; therefore, early medical care in any suspected case of influenza is very important. Success handling pneumonia depends on early recognition, and its onset maybe unrecognized by the patient. In general a sharp pain in the chest on breathing and coughing may mean that pneumonia has developed.

Proper medical care during attacks of influenza will prevent persons returning to work until it is safe to do so, and thus lessen the chances of having pneumonia.

Notice Draftees

424,000 Loans Totalling \$570,000,000.

New York—Twenty one per cent of the commercial banks in Texas made more than 424,000 loans totaling \$570,000,000 to business firms and individuals throughout the state during the first sixmonths of 1940, according to the semi-annual survey of bank leading activity made by

the American Bankers Association.

The A. B. A. loan survey was participated in by 178 Texas banks or 21.2 per cent of the 840 Texas banks in the state.

These 178 banks reported that they made between January 1 and June 30, 1940: 245,026 new loans

totaling	\$253,849,050
177,874 renewals of loans	totaling \$311,795,279
1,510 new mortgage loans	totaling 4,764,263
424,410	\$570,408,592

The survey showed that business firms in the state used only lines of credit maintained for their use on the books of banks. A total of 27 banks in the larger centers of the state reported they carried on their books \$49,813,000 in "open lines of credit" offered to and kept available for regular borrowers for use as needed by them. Of this amount \$19,857,443 or 39.9 per cent was used.

The average number of new loans made per bank during the six months period under review was 1,377 and the average size of loan was \$,036.

The average number of loans renewed per bank was 999 and the average renewal was for \$1,753.

The average of new mortgage loans made per bank was 8 and the average new mortgage made was for \$3,156.

The Texas survey was part of a national survey of bank lending activities made by the American Bankers Association. For the country as a whole 6,203 banks, or 43.3 per cent of the nation's commercial banks reported that they made between Jan 1 and June 30, 1940: 7,331,097 new loans

totaling	\$12,253,628,581
6,134,178 renewals of loans	totaling 8,246,301,835
177,398 new mortgage loans	totaling 453,653,612
13,642,673	\$20,953,584,028

This is a total of 13,642,673 credit transactions amounting to \$20,953,584,028, reported for the first half of the year by less than half the country's banks.

CITATION BY PUBLICATION

The State of Texas
To the Sheriff or Any Constable of Callahan County—Greeting:

You are hereby commanded to summon Waite H. Squier by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not then in any newspaper published in the 42nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 42 Judicial District to appear at the next regular term of the 42nd District Court of Callahan County, to be held at the Court House there of, in Baird, Texas, on the first Monday in March A. D. 1941 the same being the 3rd day of March A. D. 1941, then and there to answer a petition filed in said court on the 3rd day of May A. D. 1940 in a suit numbered on the docket of said Court No. 10098, wherein J. R. Hart and wife Lula Hart are Plaintiffs and Waite H. Squier is Defendant, and said petition alleging that the defendant owned a one-fourth interest in an oil lease and the plaintiffs the other three-fourths, and all parties were to share expenses in the proportion of three-fourths to the defendant and one-fourth to plaintiffs. Three-fourths of said expenditures amounted to \$1,215.62, which defendant agreed to pay to plaintiffs. Plaintiffs further allege that the defendant executed a note to plaintiff J. R. Hart in the sum of \$400.00 with interest at 6 per cent until paid and 10 percent of principal and interest as attorney's fees if placed in the hands of an attorney for collection, giving plaintiff an express lien on all oil and gas equipment on the N. M. George lease in Callahan County except a drilling rig to secure the note, the said lease being in Callahan County, Texas, and fully shown on page 157, Vol. 12, of the Callahan County Deed Records. That none of said debt has been paid. Plaintiffs pray for judgment for the above sums and for such other relief as they may show themselves to be entitled.

Herein Fail Not, but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, Raymond Young, Clerk of the District Court of Callahan County.

Given Under My Hand and the Seal of said Court at office in Baird this 28 day of January A. D. 1941.

Raymond Young, Clerk
42nd District Court, of Callahan County.

MONUMENTS

The fitting tribute to one whom you have loved is a monument of permanence and grace; a stone that will go down through the years marking the last resting place of one whose name you respect and honor.

We have a beautiful line of the very latest designs in grave markers from which to make selections. Our prices are reasonable and our work guaranteed. Come in and look over our line—we will take pleasure in showing you our stock and our workmanship.
