### O'Donnell's 7 Gins Will Gin 7,000 Bales Of Cotton This Year

The weather man has furnished sunshine most of the time during the past week and the harvesting of this season's cotton crop is going forward rapidly, especially during this week. However, last week very little cotton was gathered, due to the inclemency of the weather.

The optimist who earlier in the season estimated this year's crop as large as that of 1927 is ready to place a new estimate on this season's total ginnings in O'Donnell. During the writer's visit of the seven gins in the city Thursday morning, the estimate for this season's total ginnings in the city was placed at around 7,000 bales, by ginners and farmers of this territory, something like 5,000 bales less than that of last year.

Up to date the seven gins of the city have ginned 4,278 bales of the fleecy staple. This is far short of the total on the same date a year ago. On November 25th of last year there had been ginned in the city a total of 6,378 bales.

### JOE BAILEY H. D. CLUB WILL MAKE CHRISTMAS GOODIES

Friday afternoon the Joe Bailey Home Demonstration Club will meet at the home of Mrs. Burley Brewer. Miss Thelma Greenwade, our county agent, will meet with the ladies and will demonstrate fruit cakes and Christmas candies. All the members are urged to be present and to bring anyone else interested.

### H. D. CLUB WILL MEET WITH MRS HANEY

Next Wednesday the local Home Demonstration club will meet at the home of Mrs. Haney. The county agent will be present and will demonstrate fruit cake making and four kinds of candies for Christmas. All members are urged to come.

### BOX SUPPER AT JOE BAILEY PROCEEDS TO BUY PIANO

Next Friday evening, November 30, there will be a box supper at Joe Bailey School. Everybody is invited to come and bring a box. There will be fun for everybody, lots of good things to eat, and then in a few weeks you can all come back and hear the new piano.

### T. E. L. CLASS HOLDS MONTHLY MEETING FRIDAY

Last Friday afternoon members of the T. E. L. Class of the Baptist Church met at the home of Mrs. Terry Cabiness, for the regular business and social meeting. Mesdames Sam Eaton and John Earls were joint hostesses. The lovely home was decorated with chrysanthemums in all colors.

When the guests were invited they were asked to bring ten cents to buy a "surprise" which proved to be a cup of coffee. They were at once set to work embroidering the letters of T. E. L. on each towel. These will be presented to the church kitchen.

Examination on half the study the "Sunday School Manual" was taken. A short business meeting followed, in which plans for the Christmas bazaar were completed. Mrs. Horn was the joyfully surprised recipient of a beautiful black satin dress, which she appreciated very much indeed.

After a pleasant social hour delicious chicken sandwiches, jello with whipped cream and coffee were served. Plate favors were tiny paper mint cups decorated with turkeys. Those present were Mesdames C. H. Mansell, A. C. Lambert, W. H. Korn, Ed Goddard, Grover Sutton, W. E. Vermillion, Vernon Martin, Irvin Street, Bob Carroll, Floyd Fortner, St. Clair, T. J. Yandell, Perry Howard, Dub Middleton, and E. L. Sorrels.

Mr. E. M. Heblson has returned from Levelland where has just completed ten residences for Mr. J. W. Lee. He started Wednesday on the construction of a new residence for Mr. J. W. Stewart.

### B. Y. P. U. SOCIAL A GREAT SUCCESS

Last Thursday evening members of the B. Y. P. U. were hosts to the young people of the town when they entertained with a Thanksgiving party.

As the guests entered, they were told to greet the king and queen who were seated on thrones near the entrance. The king responded graciously to their salutations, but the queen thought she was too good to speak to anyone but the king. At least she wouldn't shake hands with her guests.

After greeting their hosts, guests registered and received odd or even numbers, the events being named Pilgrims and the odds Indians. With these divisions as contestants, a number of appropriate games were played, each game counting a certain number of points. At the final counting, the Pilgrims were declared winners.

### JAMES CATHEY IS HOST AT A CLASS PARTY

On Wednesday evening James Cathey was host to his class, the 7th Grade, when he entertained with a jolly, informal Thanksgiving party.

All kinds of group games were played, some indoor and some outdoor, but all of them highly enjoyed and heartily entered into. The pleasure of the youngsters was added to by the presence of their room mother, Mrs. George Shumake.

At the end of the evening, Mrs. Cathey served delicious hot chocolate with marshmallows and cake to the guests.

### DISTRICT SINGING CONVENTION MEETS AT WELLS

Announcement has been made that the District Singing Convention will meet at the Wells School house on next Sunday afternoon at 2:30 o'clock. Everybody has a cordial invitation to be present.

Mr. W. H. Venzey and Bob Campbell are in Hamlin on business.

### "Street of Sin" Emil Jannings Latest Drama

London's slums have been called the cup that holds the world's dregs. That would appeal to Emil Jannings, character star, as a setting for his dramatic talents, and the idea, evolved by him, has been translated into a motion picture called "The Street of Sin."

This new Paramount production, Jannings' third in America, a successor to his magnificent success "The Way of All Flesh" is declared by many to be even more powerful in theme characterization. It will have its local premiere at the Lynn Theatre on next Sunday and Monday.

The story is by Josef von Sternberg and Benjamin Glazer, and deals with the life of a huge ruddy, who rules the slums with his fists, portrayed by Jannings.

The essential characters in addition to the star are Fay Wray, leading woman for Eric von Stroheim in "The Wedding March" and Olga Baklanova, noted actress of the Moscow Art Theatre. The former is a Salvation Army girl who sets up a shelter in the slums; the latter portrays one of the fallen sisterhood who is in love with Jannings.

The saintliness of Fay Wray, the growing goodness of Madame Baklanova and the devilishness of Jannings continue almost to the end of the picture when a tragic climax brings the star to the point of real regeneration.

The texture of the background is rough but vitally interesting, a vivid slice cut from the heart of Limehouse. The director is Mauritz Stillberg, whose work showed so excellently in "Hotel Imperial" and "The Woman on Trial" in which he directed Pola Negri.

### S. S. CLASS HOLDS MONTHLY SOCIAL

The Young people's class of the Methodist Church met Friday evening at the home of the class teacher for the first of a series of social gatherings. Due to an unforeseen conflict in dates the number was rather small. A large crowd is expected next time.

Forty two was the entertainment of the evening. After several games refreshment plates containing cheese-nut sandwiches, shower salad, hot chocolate with whipped cream were passed to Misses Irma D. Palmer, Velma Winkler, Alta Rodgers, Sue and Mary Jo Gates, Louise Edwards, Eva and Byn Harrod, Messrs. Harvey Line, Manuel Medley, and J. W. Campbell.

### LOOK OUT DEER!

Messrs. H. G. Gant, Cecil Hubbard and Walter Hancock left Wednesday for Marathon where they expect to bag their limit in deer. O'Donnell folks will probably be supplied with venison by this time next week.

## THE MERCHANTS OF O'DONNELL ENJOYING A GOOD BUSINESS

The merchants of O'Donnell are enjoying a better business this season than for the past four or five years. Saturday was an exceptionally good day, several of the leading merchants breaking all previous sales records during their stay in O'Donnell. Most of the stores had all the sales people that could work on their present floor space without interference, and all were busy throughout the day. One of the leading merchants stated he lost at least \$500.00 worth of business because customers could not be waited upon.

There are several reasons for the prosperous condition existing at this season. First the country is in better condition than it has been for the past three years and second, but not least, the merchants of O'Donnell have large, well selected stocks of quality merchandise that they are offering to the public at prices that cannot be beat anywhere. The people of this section realize they can make a large saving and at the same time get just what they want when they come to O'Donnell to trade.

### LOCAL PARTIES TO WITNESS TURKEY DAY FOOTBALL CLASIC

Messrs. Harold Culley, Eugene Wilder and Misses Thelma Palmer, Velma Winkler, Mr. and Mrs. Vernon Martin and Miss Smith left Wednesday afternoon for Austin, where they will witness the Turkey Day Football Classic between Texas University and A. & M. College.

### Hi School Students Enjoy Chicken Stew

Last Friday evening the football boys and their guests enjoyed a rare treat in the form of a chicken stew. It was a noisy, jolly crowd which left town about dark and drove out in the country to an open section and began operations. Potatoes and other ingredients were taken ready to cook, and soon the appetizing aroma of chicken and other eats were adding to the already ravenous appetites of the crowd. Songs, games, stories kept them from dying of hunger before the stew was done, but when it was ready, it stood not on the order of its going—it just disappeared.

Needless to say, everybody had a good time, and the two chaplains, Miss Muriel Smith, and Mrs. D. A. Edwards, had more fun than anybody.

### VEDA SHUMAKE CELEBRATES HER ELEVENTH BIRTHDAY

On November 22nd little Miss Veda Shumake celebrated her eleventh birthday with a lovely party at the home of her parents, Mr. and Mrs. George Shumake. Mesdames Frank and George Shumake Jr., assisted in entertaining.

A great number of pretty and useful gifts added much pleasure to the occasion, while all kinds of group games passed away the time. One clever game was the drawing of favors from an Indian tepee.

The Thanksgiving motif was stressed throughout, the invitations being small turkeys carrying the message under the wing.

After some time spent in play the guests were served chicken sandwiches, hot chocolate with whipped cream and slices of the gorgeous birthday cake. Those enjoying this occasion were: Va Dimple Hancock, Eduryna Vermillion, Faye Tomlinson, Madeline McLauren, Marie Hillis, Frances Foster, Margaret Vermillion, Marye St. Clair, Lorene Deach, Sidney G. French, Kitty Mae Garner, Jim Ellea Wells, Harold Gibson, Thornton Musick, Melvin Moore, Earl Guey, Kirby Musick and Bob Cowden.

### EX-SENIORS PLAN FOR THEIR ANNUAL BANQUET

The Ex-Seniors association met on Tuesday evening at the school building and discussed plans for the annual banquet which will be given some time in December. All plans could not be completed at a late meeting.

The P. T. A. invited the members of the Ex-Seniors to the banquet upstairs for refreshments. The invitation was gladly accepted and the eats much enjoyed.

CONDUCT

(Editor's Note—It is with great pleasure that we present the following article to our readers. It was written by little Miss Waldine Kirkland, a pupil of the Seventh Grade, and is printed here without any change.)

Good conduct is something that should be practiced by every boy and girl, for the boys and girls of today will be the men and women of tomorrow. The need of every one of them for the upbuilding of our nation and all must have good conduct before they can do their part.

There are many ways and in many places where conduct should be practiced and the best place for boys and girls is in the school room. They should not talk too much here for they will get in the habit of talking unnecessarily at every occasion.

There are many rules of conduct and some of those in the schoolroom are most important.

You should never talk without permission or whisper during your classes. When you do this other pupils consider they have the same right and every one would talk.

In this way there could be no classes and the pupils will learn nothing. Another important rule of conduct is to never shoot paper wads. When the pupils are in the habit of doing this they call a great deal of disturbance.

You should not leave your seat without permission and then only when necessary. You should keep your room clean so that if a visitor came in they would have no cause to tell bad things about the way you kept your room. Not only should you keep the room clean for visitors but for your own and the teachers good.

Also in your play at school there are different rules you should learn before you can enjoy the game. In your play you should always play hard to win but honestly. Bad conduct may ruin the whole game. You should not play just to side away your time but to give you a clear mind to do your work better and will teach you to love your work and help you to do it. You can not do this however, unless you play a hard and clean game. Never play dishonest.

There are also many rules of conduct out side of school. There are many ways of making you and every one around cheerful and happy.

While you are working at home you can be cheerful if those around you are unhappy or angry. They, noticing your cheerfulness will be more cheerful themselves.

Otherwise, if you are angry and while working with an unhappy or another angry person, it will only increase their misery. When you are grouchy and unkind the other will

become more so. At home you should always show respect for your father and mother as well as you would to anyone else.

In the morning when you rise always greet your parents with "Good Morning Mother" or "Good Morning Father." They know that you think more of them if you do. When you leave the house you should let them know you are leaving and tell them "Good Bye" or something similar.

You should be polite to them and delight in serving them. If you have servants be kind to them and do not act as if you were much better than they and were ashamed of them.

Always be kind to your brothers and sisters and help them in any way you can. Do not quarrel and wrangle with them. When you leave the house and go on the streets of your town always be careful of your conduct.

Do not pass between anyone who are together and if it is necessary to pass in front of anyone always say, "excuse me."

If you are shopping always be kind to the clerk who is serving you. If the goods they show does not please you do not scold them, but ask for something different.

If you meet any of your friends on the street always speak and ask about the other members of the family. If there are older or sick persons also in the family ask also about them. Do not stop before the window of a store and gaze within. This act would show ignorance.

When you go inside a building in company of another, always open the door and let them pass in first.

If you are seated and an older person comes in always cheerfully offer them your chair.

When you go back to your home always greet your parents then tell them of what you have seen, doing.

If a caller or guest comes in always be polite and offer him a chair when he comes into the house.

When the older people are talking never interfere unless they ask you to do so.

Always be kind to the sick and

if they are in pain never speak of mirthful things. It only adds to their misery.

When on visits to any of your friends always ask first of their parents welfare. Be kind and try to do and like what the others do. If your friend has work to do, always and cheerfully do your part to help her. If you both wish to go to town or somewhere similar, ask once and if her parents say "no," do not beg. You should also treat your own mother in this way.

When you have company always let them have their way.

Always tell the truth and bear the consequences. You will be liked and respected and also trusted by others. Under no circumstances must you talk in the school room when it is not necessary and without permission.

The authorities at Spearman are co-operating with the towns of Pryor-ton, Woodward, Booker Darroust, Follet and Shattuck in improving the roads in that community, particularly between Shattuck and Woodward. Telephone service will also be improved.

PLAY SAFE BY INSURING

Fairley & Haymes

The interest in the living room contest is increasing daily. A large number of enrollment cards are already in the Home Demonstration Agents office.

Is yours in this number? The Home Demonstration Agent is urging that the Better Homes Chairman of each Home Demonstration Club, make a visit to the home of each member of the club and try to enlist her in this contest.

Don't forget that the enrollment cards must be in the office of the Home Improvement Specialist at A. & M. College by December 1st., but contestants will have until about the middle of next May to complete their work on the rooms.

Don't forget the date and be sure to enroll in the contest.

MRS. HARVEY EVERETT JOINS TIMES STAFF

The Times takes pleasure this week in announcing the addition of Mrs. Everett, former Tribune society report to its staff.

Mrs. Everett, perhaps is one of the most widely known women in Wink. Since coming here a few months ago, through her association with the Tribune and through her church and charity work, Mrs. Everett has acquired a host of friends in all walks of life.

A small dark haired, black eyed woman, whose name many may not know Mrs. Harvey Everett has traversed the streets each week in search of news. Hundreds of people have come to know her and have learned to appreciate her for her humanitarian and social work. She is a Sunday School teacher at the Union Mission and is personally acquainted with practically every woman in Wink.

Mrs. Everett is to work as a special correspondent for the Times and will continue to gather the news kind of news that has featured her contributions at the Tribune—Wink Times.

The Club and Vocational Laboratory building is an addition to the town and is built on the streets of that city. The results are rapid and good and this movement for the town and town people is being carried out. The building is now in process of construction. The ground has been cleared and the foundation is being laid. The building will be a great asset to the town and will be a credit to the town.

KNOW TEXAS

The value of buildings on farms in Texas is about \$500,000,000.

Almost 300,000 farms are operated by tenants in Texas.

Public utility plants of Texas consume almost three billion feet of gas a month in generating electricity.

There are about 750,000 women and girls 10 years old and over on the farms of Texas.

Plumbing pipes exposed to the winter weather may prove more troublesome than the old "leakette and pump" combination. Remember the pipes that froze last winter? For protection, commercial coverings, or homemade wrappings of felt or bag-

ging, may be used; or parts of the pipes may be boxed and surrounded with material such as sawdust, straw, or granulated cork.

Cotton, wheat, and gasoline are the three leading exports of Texas in the order named.

ECHOES FROM THE CLASS ROOMS

Students of both High School and Grammar School are enjoying Thanksgiving, no classes meeting on Thursday of Friday.

In the low Sixth room for the first two months Lawrence Tredway has made the highest average among the boys, Johnnie Edwards among the girls. This month, however, Lawrence is being led a close race by Melvin Moore.

The following pupils from this grade averaged 100 per cent in spelling last week: Lorene Beach, Sydney G. French, Wayne Clayton, Johnnie Edwards, Kitty Mae Garner, Veda Shumake, and Marye St. Clair.

Every pupil in school has a few tickets for the art exhibit. If you have not already bought yours, buy now from a pupil in whose room you are interested. The pictures are good, and you will help buy a copy for some room. All next week at the Grammar School building.

Many plans are being made for Parents' Day, next week. Remember to come to school on Thursday and Friday and inspect our future citizens factory.

The Fifth Grade has had especially good posters lately, on patriotic and Thanksgiving themes. Patrons who have no contact with the school other than glancing over report cards every month, have no conception of what our children are really doing. Come to classes and come to chapel programs.

The First Grade made its public debut on Tuesday morning and with very little excitement put on a nice little program. Spectators would hardly have known that this was the first public appearance for many of them.

Miss Sargeant's room will have charge next time, unless some change is made. Look for a further announcement in this paper.

Don't forget the art exhibit and Parents' Day next week.

CHURCH NOTES

There were no preaching services at the Presbyterian Church Sunday, as the pastor, Rev. Arnfried was summoned to New Mexico where a niece had died.

Sunday School services were conducted as usual, with a good attendance.

The Presbyterian Missionary Society met Monday afternoon at the home of Mrs. W. S. Cathey. Seven members were in attendance, and the missionary lesson was much enjoyed.

Since it was not the date for the regular preaching services at the Church of Christ, Sunday School was the only service, at that church last Sunday. However, there was a good crowd, and the lesson was much enjoyed.

Many of the Methodist members attended the annual conference at Lubbock, Sunday. Attendance at Sunday School was very light.

The Missionary Society met at usual Monday afternoon, and several business matters discussed. Plans for the parsonage were settled.

The Ruby Hendricks Missionary Society met Tuesday afternoon. Mrs. D. M. Estes, the new Superintendent of Bible Study, had charge of the lesson, which was the first chapter of Matthew. The young ladies feel that they are very fortunate in se-

curing the help of Mrs. Estes.

These same girls wish to express their appreciation to the friends who kindly donated doughnuts for the sale Tuesday and Wednesday, and also to those who bought them. A nice little sum of money was raised. Sunday School and both preaching services were well attended at the Baptist Church Sunday. R. V. P. U. programs were unusually good, and numbers of regular members were present.

The T. E. L. Class met at the church again Tuesday afternoon to quilt, and since so much interest had been manifested in the study, it was decided at the last business meeting to have a lesson at these quilting bees.

P. T. A. SOCIAL WELL ATTENDED AT SCHOOL BUILDING

On Tuesday evening a large number of patrons as teachers attended the social giving by their organization at the high school building. Forty-two was the diversion of the evening and several games were enjoyed. At a rather late hour, doughnuts and hot chocolate were served.

This is the first of a series of similar meetings planned for the year. Watch for the next date and don't miss it.

Miss Mary Hipp one of the teachers at Wells, became suddenly ill at the home of Mrs. C. E. Ray, with whom she spent last week-end, and was compelled to be out of school Monday.

Miss Louise Anderson returned Friday from a month's visit with her grand parents, Mr. and Mrs. C. J. Edwards, of Crawford. Mr. Edwards is now owner of the formerly owned Brown Gin.

Misses Thelma Palmer and Velma Winkler and Messrs. H. O. Cully and Eugene Wilder left Wednesday for Austin where they will attend the Turkey game. They will probably return via San Antonio where the young ladies will attend State Teachers Association.

New York City creates more incoming and outgoing long distance telephone calls throughout the year than any other big center in the United States.

Your dairy cow may be getting all the nutrients she needs, but is her ration well balanced. For example if the cow's maintenance requirements and production are such that she needs 2 pounds of digestible protein and 14 pounds of non-protein feed nutrients, the protein can be supplied by feeding her 20 pounds of timothy hay and 19 pounds of corn, but she will get about 8 pounds more of the non-protein feed nutrients than necessary. By substituting 3 1/2 pounds of cottonseed meal or some other feed equally high in digestible protein for 14 pounds of the corn she will be just as well nourished and the feed cost will be much lower.

Eugene Wilder of the Wilder-Chevrolet Co., attended a meeting of Chevrolet dealers of the Amarillo District at that place Monday of this week.

NOTICE

We are now completing our seventh month of business.

We have grown from almost nothing to a good profitable business. The efforts of our friends are as much responsible for this as our own efforts, so we are going to show them our appreciation Saturday, December 1st by selling groceries at a great saving and those who have not traded with us we invite you to visit our store on December 1st and share in the bargains that we are offering to our friends. Come, let's all celebrate together. Look our items over that we have listed, and then make out your want list, hand it to our clerks and we will do the rest. There will be no tickets made at these prices and no green stamps given. But we will give tickets to the Shaw Automobile. Come! Let's get together and have a time.

VICTOR McLAGLEN REACHES NEW PEAK WITH HIS GREAT ACTING IN HANGMAN'S HOUSE

Hero of "What Price Glory," "Girl in... Every Port" and "Mother Machree" Surpass All Previous Performances In Fox Films Screen Version of Donn Byrne's Dramatic Novel

Cast of Celebrities Directed by John Ford

Victor McLaglen, rated as the... greatest character portrayer before... the camera, since his performances... in the leading roles of "What Price... Glory," "A Girl in Every Port," "Carmen" and "Mother Cachree," is... said to reach new heights of histor... ic achievement in "Hangman's House."

This is a John Ford production... for Fox Films of Donn Byrne's great... novel, which will be the feature at... traction at the Lynn Theatre Friday... night, November 30.

In the cast with McLaglen are... Hobart Bosworth, June Collier, Earle... Foxe, Larry Kent and other film ar... tists of undisputed rank.

McLaglen plays the part of Citi... zen Hogan in this dramatic story... and is said to be ideal for the part... He starts as a member of the For... eign Legion and ends as an avenger... in Ireland. Mystery surrounds his... mission and tragedy hovers over... him as he follows his foe through... the hogs and peat-lands of Erin.

Miss Collyer, playing her fourth... consecutive lead for Fox, is seen... as Connaught O'Brien. She made... screen history by her excellent... characterization in "Four Sons,"... but Ford is authority for the state... ment that she gives a finer perform... ance in "Hangman's House."

Larry Kent, one of the most... successful among the younger... screen players, is said to give a... splendid account of himself as Der... mott McDermott. He is the roman... tic lead and he has much vital... action with Earle Foxe, the menace... and with Hobart Bosworth, cast as... "Jimmy the Hangman."

Earle Foxe carries the burden of... evil as he did in "Four Sons," and... proves that Fox executives were... sound in their conviction that they... had in their comedy department... one of the best and most convinc... ing "heavies" in Films.

An entertainment of outstand... ing merit is promised local au... diences with the showing of "Hang... man's House."

## Power Transmission Lines Bring Many Advantages to a Community

CHIEF among the advantages of electric power  
transmission lines is *flexible service capacity*.  
Many conditions, such as heat or cold, cloudy and  
stormy weather, cause variations in the demand  
for electric service in any city. Today the greatest  
demand may be at six A. M.; tomorrow it may come  
at ten A. M.; and the next day at eight P. M. When  
a city has transmission line service these variations  
are instantly met, with ease. But when a city  
depends upon an isolated power plant it is probable  
that a heavy load at an unusual hour will result in  
poor service for part or all of its customers.

Greater dependability is another big advantage  
of transmission line service. It is usual for a city to  
have two and sometimes five or six sources of power  
when served by transmission lines. So that if one  
source of power is cut out for any reason, another  
is instantly switched into use. In case of an isolated  
power plant an accident in the plant itself is likely  
to throw all or a part of the city out of service for  
a time.

Ability to Increase Power Capacity is a mighty  
important advantage to any city that has ambition  
to become truly great. Transmission lines permit  
instant and almost unlimited increases in the  
amount of electric power which can be served a  
city. An isolated plant must undergo drastic struc-  
tural changes at great cost in order to increase its  
capacity very much. And the process is slow. Cities  
have been known to lose important industries  
because they could not supply enough electric  
power when it was needed for the industry's estab-  
lishment or expansion.

The TEXAS ELECTRIC SERVICE COMPANY pro-  
duces electricity in large centrally located generat-  
ing stations and distributes it by a system of high  
tension power transmission lines.

**ECHOS FROM THE CLASS-ROOMS—SEVENTH GRADE**

The Seventh grade was honored last Friday by a visit from the room mother, Mrs. George Shumake. The son of Mr. and Mrs. Graham was also a visitor. Some time ago mention was made of the two literary divisions of the class. One section, the Busy Bees, entertained the other section. Each member of the class was given a sack of pop corn. Jewel Bean, having found peanuts mixed with her pop corn, was given an extra bag of the confection. Mrs. Shumake read several delightful stories.

**The Outstanding Chevrolet of Chevrolet History**  
—a Six in the price range of the four!

The Chevrolet Motor Company announces The Outstanding Chevrolet of Chevrolet History... a Six in the price range of the four!

Spectacular as Chevrolet's achievements have been in the past... notable as its engineering triumphs have proved themselves to be—this remarkable new car dwarfs every previous Chevrolet accomplishment. Not only does it introduce into the low-priced field an entirely new measure of performance, comfort, beauty and style—but it is sold at prices so low as to alter every previous conception of motor car value.

The new six-cylinder valve-in-head engine—developed from more than a hundred motors designed especially for this sensational car—stands out as an engineering masterpiece. With a power increase of approximately 32% over the previous Chevrolet motor, with sensationally greater speed and faster acceleration—it offers a type of performance that is literally astounding. And it affords an economy averaging better than 20 miles to the gallon of gasoline!

In appearance, this Outstanding Chevrolet is destined to become an automotive sensation—so smart, so stylish and so distinctively appointed that it rivals the costliest custom creations! The marvelous new Fisher bodies are longer, lower and roomier with adjustable driver's seat in all closed models—and reveal the matchless artistry of Fisher designers. With their modish new colors, their smart

dual mouldings and their distinctive concave pillars, they achieve a degree of original beauty that has seldom been equaled in motor car design.

You are cordially invited to visit our showroom and secure complete detailed information about this sensational new car which will be ready for delivery beginning January 1st.

### Personal Mention

Mr. and Mrs. Paul Gooch left Wednesday at noon for points in Brown County, where they will visit Mrs. Gooch's family over the Thanksgiving holidays.

Mr. and Mrs. Joe Schooler and daughter, Miss Rebecca, accompanied by Miss Willie Schooler, attended annual conference at Lubbock on Sunday.

The Miles family, all of them, enjoyed Thanksgiving dinner at the home of their parents, "Daddy and Mother" Miles.

Mr. and Mrs. R. L. Lovett, of Roby, spent Thanksgiving with their children, Mr. and Mrs. J. L. Goode.

There is only twenty-one more shopping days until Christmas. Better do that Christmas shopping ear-

ly while the selections are more complete and avoid the last minute rush. All the stores in O'Donnell are teeming with beautiful and appropriate gifts that will satisfy any member of the family.

Mr. and Mrs. J. P. Bowlin, Alice Joy, and Sonny boy accompanied by Kathryn Veazey, and Miss Sue Gates attended annual conference at Lubbock Sunday.

Mr. Don Edwards and daughter, Miss Louise, attended annual conference at Lubbock last Sunday.

Dr. A. W. Thompson, accompanied by his son-in-law, Mr. Hodges, left Tuesday for San Antonio where he will remain for some time in an effort to regain his health. Dr. Thompson has been ill for some time. His many friends hope him a speedy return in improved health.

Mr. and Mrs. Vernon ... in Tahoka Tuesday afternoon.

Mr. and Mrs. Irvin ... daughter J. Vernon, ... Thanksgiving holidays ... and relatives at Abilene.

Rev. and Mrs. J. T. ... Tuesday for Lubbock where they will visit their son, Mr. J. D. ... a few days.

Messrs. S. P. Kenny ... White of Knox City, ... visitors in O'Donnell ... week.

Mr. Geo. Shumake, ... Wilbur went to Lave ... day to attend the ball ...

Mrs. Buster Williams ... visiting her parents, Mr. Hal Singleton, Sr.
