

From 1923 to 1925 I was a devil for two fire eating publishers...

As all things pass for the good of all who love the Lord...

Since I have been in O'Donnell I read in my trade magazine...

(As an aside to my fellow printers, I came into the shop one Saturday night fired up and killed out a two page legal-believe it or not Nig cried but did not fire me.)

Last week was the week O'Donnell had a baby Negro boy lying in state at a Lubbock colored funeral home.

I saw the baby dead in a tiny, dirt soiled sun suit. As soon as our Dr. Toohy felt the child's abdomen he knew the heart was ruptured but he kept trying to do so many others including our good deputy and our good fire chief.

This has been a week to lay on the hearts of many.

Last Friday some fifteen white people took a tour of Block 93. Several ladies were in the tour.

Not to dwell on the negative side—there is a 100 percent deal to make Block 93 into a park, sand piles, swings, and perhaps a wading pool.

I shook hands with one of the town's finest men and I will bet my life that the park will live. It is only proper that the park be named for the baby digging trap that killed him—almost before he was born.

That week is the week that will live to bring recreation to those not yet born, remove prostitution and drinking from those who are helpless.

Mark well the week the baby died. As long as we are your editor we will report on the week of April 4th.

In a silent prayer—God bless us to do your will. Amen.

(Next week: Yellow lawyers-attorneys are fond of calling the press 'yellow' - is a newsman only one could be 'yellow'?)

VOLLEYBALL TOURNAMENT

The O'Donnell Lions Club is sponsoring a volleyball tournament the 22nd, 23rd, and 24th of April.

This tournament is sponsored for both men and women's teams and will be a double elimination tournament. Each team will get to play at least two other teams.

The entry fee for each team will be \$5.00 and only eight members will be allowed on each team.

The first eight teams to send in their entry fee in both men and women's brackets will be accepted for the tournament.

Please send your entry fee to: Hallie Gee, Box 625, O'Donnell, Texas.

ROTARY SPEAKER

The O'Donnell Rotary Club met Tuesday with President Jack Hackworth presiding. Visiting Rotarians were Noble Price of Lamesa and H. B. McCord, I. H. Beaslie and Maurice Bray of Tahoka.

President Jack Hackworth and Mr and Mrs Truet Hodnett attended the District 573 conference held in Lubbock recently.

Thought for week: "The happiest people are of thinking of happiness as a goal."

Mrs Mary Amaro suffered a broken foot Sunday in the Lubbock park.

'39 Study Club Met

The 1939 Study Club met last Wednesday in the Fellowship Hall of First Methodist Church.

Refreshments of punch, cookies and nuts were served to two guests Mrs. Beck and Mrs. Lattimore and Mrs. Lattimore and 27 Girl Scouts and their leaders Mrs. W. E. Singleton Jr., Mrs. James Reed, Mrs. Pete Woolam and Mrs. Allan Holliday.

DOUBLE RING VOWS READ IN O'DONNELL

Miss Laphaine Greenlee, daughter of Mr and Mrs M. E. Greenlee, became the bride of Ray Jones, son of Mr. and Mrs. I. L. Jones of Houston, in a double ring ceremony at 7:30 p. m. Saturday in the home of the bride's parents.

The bride was presented in marriage by her father. She wore a white street-length brocade satin sheath with a waist-length jacket. Her accessories were a white hat, shoes and gloves.

Mrs. Carolyn Moore of Lamesa attended her cousin as matron of honor. She wore a powder blue street-length dress of pure silk, a matching hat and carried a white carnation corsage.

Best man was the bride's brother, Deryll Greenlee.

Mrs. Ernest Stewart, soloist, was accompanied by Mrs. Kenneth Pearson.

A reception was given in the home after the wedding ceremony.

Flower girl was Waylene Moore and candlelighter was Susan Pearson.

Mr and Mrs. Jones will reside at 1708 Ave. S in Lubbock. Mrs. Jones is a graduate of O'Donnell High School and attended Texas Tech and Draughton's Business College.

Mr and Mrs. Jones will reside at 1708 Ave. S in Lubbock. Mrs. Jones is a graduate of O'Donnell High School and attended Texas Tech and Draughton's Business College.

what do all these cooking appliances have in common?

DEEP FRYER

TOASTER

PRESSURE COOKER

HOT PLATE

They're electric... they're versatile... they're flameless. And because they're flameless they provide cooking that's clean and cool. Electric cooking is clean because the heat used is as clean as electric light... cool because there are no flames to waste heat into the kitchen air. Whether you cook with an electric range or one of the many portable electric cooking appliances, you'll be a cooler cook in a cleaner kitchen. See your appliance dealer soon. Electricity is your modern, better way to cook because it's flameless.

Chevrolet

workpower

"walks" right over bumps and trouble

Independent front suspension takes the "truck" out of truck ride. It smooths rough roads, protects truck, driver and cargo from excessive jolting. And on Chevrolet pickups it's a proved system with millions of miles of user experience behind it. Try it out on one of Chevrolet's great Fleetside or Stepside pickups. It's one of the big reasons that Chevrolet is first choice with pickup users from coast to coast.

DROPOUT PROBLEM IS OF NATIONAL CONCERN

Three million of the nation's young people between the ages of 16 and 19 have become dropouts. Although this alarming number is cause for concern, nevertheless the rate of dropout has dropped from 41 percent to 30 percent since 1959. The term dropout doesn't bring pleasant pictures to mind. Many people often associate the colloquial term with juvenile delinquents. Yet the boy or girl who becomes a dropout may be a nice young person — just bewildered, unsure of himself, and his goal in life. Many youngsters face the decision of whether to leave school or continue before they are old enough or experience enough to decide wisely. The process which leads to a student leaving school is a long one — and it is affected by the student, his family and his school. Youngsters need guidance and encouragement from their families and school officials. Many people must share the blame for a school dropout.

NATIONAL POISON PREVENTION WEEK SET

Dallas — Poison used to be prom-

inent in intrigue, punishment, and assassination but nowadays children under five are the main victims and many such innocent victims owe their agony to careless parents. To reduce such needless suffering this has been set at National Poison Prevention Week.

The idea is to help people understand that many common household products are dangerous, especially if swallowed. These included certain bleaches, cleaners, furniture polishes, herosone and other fuels, paints, paint thinners and removers and the like.

For sale 10x20 ft chicken house with built in rabbit hutches and steel chicken nests with about 2 dozen hens \$75 if sold by Sunday. Also 6x8 ice house Bud Pugh

A LITTLE HURT MAY SAVE YOUR LIFE

The paradox that a "little hurt" can prevent a lot of sickness was discovered by scientists about a hundred years ago.

An English country doctor named Edward Jenner took a little serum from a cowpox pustule on the arm of a milkmaid and scratched it with a lancet into the arm of a neighbor-

boy. A smallpox like sore appeared on his arm and he had other mild smallpox like symptoms.

Today, thanks to Dr. Jenner, we can have a similar immunization and avoid the disfiguring and killing epidemics which once swept Europe.

Several years later in France Louis Pasteur made a startling discovery one morning. The discovery — a re-inoculation of some chickens with chicken cholera — set the wheels turning in Pasteur's creative mind.

"I've found a way to make a beast a little sick — inject some microbes into a chicken so that it gets the disease but only a little of it — and when it gets better — it can resist the disease. We can apply this to other diseases in man; we can save lives." These may have been some of the thoughts running thru Pasteur's mind.

Pasteur also explored and experimented until he found a way to protect man from the dread rabies thru a series of inoculations. Today we use about the same method to keep a man bitten by a rabid animal from developing the disease.

Another advance in immunology was made in 1923 when a toxin was developed to save hundreds of babies each year from gasping death of diphtheria.

The Internal Revenue Service has prepared a free booklet of tax advice for farmers. Called "Farmer's Tax Guide," it is available from county agricultural agents or the nearest Internal Revenue Office.

Mr. John J. Sloan, Administrative Officer of the Lubbock office of Internal Revenue said the booklet is written in non-technical language and contains numerous examples showing how tax rules apply in actual situations. A sample filled-in return form is included.

TAX MAN SAM SE

Most of the high schools are teaching some of their students how to prepare better tax returns. Within the next few days some 235,000 students in Texas will have completed the short course in how to prepare an income tax return furnished the schools by Internal Revenue. If you would like to learn more about how to prepare your income tax return, get a copy of "Your Federal Income Tax," price 50c from the Internal Revenue Service office. This booklet contains a sample tax form and 159 pages of simple explanation of what to do about your common every day tax problems. The tax folks try hard to help you do a better job on your tax return. Most of us admit that we need help.

"I'm cured of cancer"

Says MRS. ALICE HADEN, nurse and housewife of Atlanta, Ga. "Five years ago a 'Pap' test, part of my routine health checkup, revealed an unsuspected cancer of the uterus. Today I'm alive and well because my cancer was diagnosed early and treated properly."

JACK BELKERS, 37, a dairy farmer of Urbana, Ohio says: "In 1960 I developed a soreness in my jaw. My dentist sent me to a specialist. The diagnosis was cancer, and I underwent immediate surgery. Since then I've remained free of cancer. I urge everyone — hear the danger signals and have annual health checkups to save more lives from cancer."
