

O'DONNELL INDEX PRESS

33rd year: No. 5

O'DONNELL, LYNN COUNTY, TEXAS, Wednesday, Oct. 5, 1955

\$1.50 PER YEAR

It Happens Ever y . . . Saturday

Every week end for the past three weeks it has rained...not just a cotton shower but the "get the tubs out" rains. This week end was no exception with one and half inches being registered by Ben Moore, local weatherman. The fall was gentle and very general over the area. To date 14.93 inches have been registered and all but 3 inches has fallen since mid-July. Farmers are all smiles and are looking to a good year in 1956. It is felt that the current rains will do cotton little good this year but will not injure it either. There is a good chance this week end rain will benefit late grain if there is a late frost. Current indications are that frost will be no earlier than mid-November or later.

Neida Jo Parker and friend Betty Harris, of Big Spring spent week end with her grandmother, Mrs. Pace.

USO Drive Opens

Today Lynn County opened its 1955 USO campaign. O'Donnell chairman is Clyde Winans and he said that within the next few weeks the county will seek to raise \$736 of the Texas goal of 640,000.

"We can no longer think of our boys and girls serving in the uniform of our country without thinking of the wonderful job which USO is doing in their behalf," Mr. Winans said. "The USO, actually, has become an important part of our defense forces," he added.

Since our universal military training law will continue to drain off our young people and send them on duty in many parts of the world, we cannot afford to let down in any part of our defense - and that definitely includes USO.

USO now has 232 units in operation. 25 of these overseas and not to be overlooked are 18 right here in Texas. Elvin Moore is county chairman.

Pearce received the door prize which was an attractive hand painted towel. The Club will meet Oct. 13th with Mrs. A. B. Furiow as hostess.

Eagles To Stanton

Few Eagle fans care to dwell on the 62 to 0 defeat at Post last Friday night but fans who saw the game said that the home town boys put up a good battle and were fighting to win as the whistle blew the game out. The community expects Coach Blair's boys to try, and after that the score is not too important.

The Eagles went into the game with three of the big guns on the bench from injuries and during the game nearly all the regulars were bruised or injured. Ed Dunn received a head injury and was in a Post hospital over night and will probably be out for several games.

The Post game points up the fact that in next year's optional games, that fewer class AA teams, perhaps none at all, should be scheduled.

The Eagles trip over to Stanton Friday night to open conference play with a strong Buffalo team. The chances do not look too bright due to the vast number of Eagles that are sore, bruised and lame from games and injuries suffered in practice.

STYLE SHOW HELD AT GAIL

In spite of the rain, a nice crowd enjoyed a style show Monday night at Gail. Proceeds from the show will go toward a youth center at Gail. Models included Mrs. John Stephens, Mrs. Weldon Smith, Misses Judy Doyle and Nancy Telchik. Dresses modeled were from Thompson's and Bargain Store and a hair do from Rebel Beauty Shop.

Other models and dresses were from Lamesa, Big Spring and Snyder.

SHORTY FARMER FEATURED IN MIDLAND BANK OPENING

Mr. and Mrs. Matt Farmer attended the formal opening of the new Commercial Bank and Trust Co. at Midland Sunday. Their son, Errol (Shorty) Farmer, a book-keeper in the firm, was featured in pictures and a write up in the Sunday special edition of the Midland Reporter. The new building is more beautiful than description. Mrs. Farmer said.

Shorty graduated from the Borden High School last spring.

H. D. Club Meets

The O'Donnell H. D. Club will meet Oct. 14th at 2 p. m. in the home of Mrs. Norman Shaw. All members are urged to be present as the group will elect new officers for the coming year. The County Agent will give a demonstration on floor coverings.

WIDOWS MAY BE DUE MONEY

A considerable number of widows and young children of working people who died between June 1940 and September 1950 have failed to claim the monthly benefits payable to them under a 1954 change in the social security law, announced John G. Hutton, manager of the Lubbock social security office. Those who do not apply for their benefits before October 1, he pointed out, will not be able to receive benefits for all months back to September 1954, the effective date of the new provision in the law.

Under this provision, it is now possible to pay monthly social security to the qualified survivors of workers who died between June 1940 and September 1950 if the deceased wage earner had credit for as little as a year and a half of work under social security. The families of many of these workers applied for benefits at the time of the family breadwinner's death, Mr. Hutton said, but were told that they could not receive payments because under the law, as it stood then, the worker had not earned enough social security credit to provide survivors benefits for his family.

"Announcements of the change in the law were made in all newspapers, in pamphlets, and on radio and television," Mr. Hutton said, "and many persons have applied for these benefits since September 1, 1954."

Where a claim for social security benefits is filed within 12 months of the time a beneficiary is first eligible, his payments can be made to him retroactively for the whole period, Mr. Hutton pointed out. But if a claim is delayed for more than 12 months, benefits for some months will be lost. He therefore urged the survivors of workers who died between June 1940 and September 1950 to get in touch with their nearest social security offices before Oct. 1, 1955. Qualified claimants who apply before that date can be paid benefits back to September 1954.

EYES COME FIRST

If Johnny should come home crying, "Mom, I got something in my eye!" - what would you do? The sensible thing would be to follow this 3-step procedure recommended by the State Department of Health for just such emergencies:

Lift the upper lid and pull it down over the lower lid. This will allow the tears to wash out the offending speck. Tears are nature's own eye wash.

If this doesn't work, wash the eye with drops of lukewarm tap water, using an eye dropper and holding Johnny's head so the water will flow away from the nose, toward the side.

If the speck still doesn't dislodge, bandage the hurt eye lightly to prevent Johnny from rubbing it, and take him to a physician.

"Remember," the Department cautions, trying to rub the speck loose can cause infection that may scar the cornea, resulting in partial blindness.

Ever heard someone remark their eyes were "simply worn out"? That's sheer nonsense, says the Department. It's impossible to wear out healthy eyes by overuse.

Then why do your eyes feel strained? It could be because you need glasses or are wearing improperly fitted glasses. Or it could be that you are failing to follow the rules of good lighting and proper eye use. Or the strain could be due to an eye or body disease.

Under correct conditions you should be able to use your eyes as much as you want to without strain. Healthy eyes give the best and most comfortable service when you sit erect with your work arranged at 45 to 70 degrees from the horizontal and from 14 to 16 inches from your eyes. Tilt-top desks or book easels are best for children.

As to the foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition; or, in the alternative, each voter may vote on the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

Great Features back up Chevrolet Performance: Body by Fisher—Ball-Race Steering—Outrigger Rear Springs—Anti-Dive Braking—12-Volt Electrical System—Nine Engine-Drive Choices.

Every checkered flag signals a Chevrolet victory in official 1955 stock car competition—not only against its own field but against many American and foreign high-priced cars, too!

Let's translate these Chevrolet victories into your kind of driving. You've got to have faster acceleration to win on the tracks. And that means safer passing on the highways. You've got to have better springing and suspension. Again, safer and happier motoring for you. You've got to have big brakes that act fast and smooth... and easy, accurate steering. More things that make your driving safer. But it's more fun to try these things out than just to talk about them. So come in and let's take a ride.

KEEP YOUR HOME UP-TO-DATE WITH Modern Wiring FOR MODERN LIVING

Make sure your home wiring is ample to take care of your electrical needs . . . and to assure you full convenience of good electric service . . . now and in the future.

This means installing plenty of outlets and circuits for lighting and small appliances . . . plus individual circuits for such modern appliances as room air conditioners, laundry equipment, an electric range and others.

With properly-planned wiring, you can avoid the inconvenience of out-of-date electric wiring, save the expense of wiring changes later, and be ready to enjoy additional electrical conveniences when you want them.

Your electrical contractor, architect or builder will help you plan modern wiring for your home.

MODERN WIRING MEANS:

1. Enough circuits of large enough wire to carry electricity at full power to all of your lights and appliances.
2. Enough electric outlets and switches, properly located, to assure maximum convenience and flexibility in the use of your electric service.

Free Booklet

Tells you how to plan your home wiring for maximum convenience, now and in the future. Phone, write or come by for your free copy soon!

SCHOOL POLIO PROGRAM IS NEAR END

AUSTIN — Dr. Henry A. Holla, Commissioner of Health, said that the second inoculation of first and second grade pupils against poliomyelitis has been completed in most areas of Texas. About 70 percent of those receiving the first shots were on hand for the second group.

It is hoped that vaccine will be available soon for use by private physicians to immunize those not eligible under the program and that some arrangement can be made for the medically indigent.

1. We would like to show you some of the things that make the new 1956 Ford one of America's finest cars—despite the fact it is one of America's lowest-priced cars. Let's start with these long, low lines. Looks like it hates to stand still, doesn't it?

2. Here, on your left, is the inspiration for the styling of the '56 Ford—the famous Ford Thunderbird. You can see the similarity from any angle. Look at those broad, flat hoods, those veined headlights, for example. Here is styling that will stay in style.

3. Here's what you ride on. This frame has five cross-members including a K-bar member up front. It can take it! And Ford's Ball-Joint Front Suspension really blots out bumps.

4. Here's the new 202-h.p. Thunderbird Y-8 and we assure you, it will give you new driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models . . . the 176-h.p. Y-8 in Fordomatic Mainline and Customline models . . . the 137-h.p. Six in all models.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection against serious injuries when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in their seats.

7. Here's Ford's new Lifeguard door latch. A double-grip locking engagement reduces the chance of doors springing open under impact. Chances of serious injury in accidents are less when passengers remain in the car.

Well, that covers the important points. But there's a lot more. So we'd like to invite you to come in and see the new '56 Ford for yourself. Then you'll see the colorful-new exteriors and interiors, the quality workmanship that is evident everywhere. Then you'll learn the full story. You'll know that Ford is the fine car at half the fine car price.
