School Opens at New Moore with Twenty-one Pupils

New school opened at New Moore Monday with an enrollment of twenty-one pupils and the buildings provided by the trustees, the same as other schools, but until bonds are issued and a new school added for the maintenance of the school, the salary will be paid by the Newman Land & Development Co. As the close of this term, teachers will be elected and the school will take care of the elementary grades up to the eighth grade. New Moore is a part of the school district in Tahoka and M. C. Hamilton, superintendent of the Tahoka schools, assisted in the opening.

The new school will be known as the Newman Land & Development Co. At the close of this term, trustees will be elected and the school will take care of all grades except the eighth, which will be taught at Tahoka.

New Moores Welcomes You

While you are out driving, why not take a look at the new real-estate developments going on in our community? Meet and talk with the scores of citizens that are just looking for an opportunity, and say hello to them; ask them where they are from, and tell them you welcome them to our county.

They will appreciate you. They are in real need of building homes, placing sanddunes with, getting ready for the 1925 crop. You will find a very high class citizenship and worthy of your friendship. May we look at you? And while out there, don't forget to call at our headquarters.

Bank Makes Heavy Gain in Business Over September

The store that shows which the work of real-estate selling is done in the beginning of the First State Bank of Newhall over this issue of the Index. This issue has a circulation of 10,600, but at six o'clock of the time the reports assumed, $1,097,267, or an increase of $335,267, since the September issue. The current admissions and disbursements are $2,916,664, and there is an out from other hands and cash on hand the amount of $335,267. Given to the record made during of the month's previous quarter, it will only be a short time until it will be ready for next year.

Program Woman's Missionary Society

The Women's Missionary Society will hold its regular quarterly meeting at the Newhall Church, Saturday, December 8, at 2 o'clock. Every Mission is welcome to attend. Membership is open to women, slender children, and foreign missionaries. The following is the program:

Installation of New Switch Board

W. P. McMillen of LaSalle, has been here since last week installing the new switch board at the First State Bank. The new board will be a decided improvement over the old, and while he has been unlicensed from the old board, he is very efficient in his work. McMillen is of the opinion that another will will have to be installed in an early date to take care of the increasing business. Things to move in the thriving little city.

Construction of New Ginning Plant to Be Started at Early Date

O'Donnell is to have another ginning plant. J. W. McDonald, an independent gin- operator, arrived here Wednesday, the first of the week and after touring over the surrounding country and seeing the great amount of new land being put in cultivation, decided that another gin would be needed in his town of this year's crop. He at once purchased a block of land and made the arrangements that the work on the construction of a modern, larger gin would be started so soon as the mechanical work begins on the gin.

One of the interesting sights here. He has asked to visit the gin and make plans for building up the gin with employees.

Keep your eyes on O'Donnell.

S. P. Knox of East City, was over here over the week en route to visit his farm interests there. He has several friends in the city and he is visiting him in the city.

Banking House: Installation of Office, Bank's present quarters.

WHAT ARE YOU GOING TO DO WITH 1924?

We are told that the Newhall News is in the hands of the printer and will be ready for the 1925 crop. You will find a very high class citizenship and worthy of your friendship. May we look at you? And while out there, don't forget to call at our headquarters.

The Economical Quality Car

Chevrolet cars are not the least on the market. From their construction standpoint they are superior to any other cars. As regards the performance, they are the equal of any other car. Moreover, they are the most economical. They use less fuel than any other car, and cost less to run.

A Test for Rest

AFTER the sleepless night, and you wonder about the cause, has it ever occurred to you that it may be caffeine, the drug in coffee, that keeps you awake?

Suppose you try Postum as your midday beverage, for at least ten days—

Put it to the test!

At your first sip of Postum, you will understand why, by many, it is preferred equally for its delicious flavor and for its wholesomeness.

Postum is absolutely free from the coffee drug, caffeine, or anything that can cause restless nights or uncomfortable days.

Chevrolet now leads all high-grade cars in number sold.

Our new low prices have been made possible through doubling our production capacity.

We are now operating twelve enormous manufacturing and assembly plants, the largest of which is in Flint, Michigan. Hundreds of machine tools are here that were never before in use. We are putting to work thousands of new employees, and we are adding to the number of our cars every day.

Superior Utility Co. for the quarter ending August 31, 1919, had a profit of $2,797,917, an increase of 8.5% over the corresponding quarter of last year. This result is due mainly to the increased output and sales of the cars, together with a higher average price.

Superior Utility Co. for the fiscal year ending August 31, 1919, had a profit of $171,961, an increase of 8.5% over the corresponding year of last year. This result is due mainly to the increased output and sales of the cars, together with a higher average price.

Health and beauty looks

—the reward of internal cleanliness

HEALTH and good looks go hand in hand. If you do not keep clean internally, your looks and health are undermined to
tone. A changed intemal condition produces that reach every part of the body. These

pains ruin the complexion and undermine health. Constipation

brings on such ailments as headaches, biliousness, tension

types and insomnia—each of which sap your health and vitality. Soon much more serious conditions follow.

Laxatives

Laxatives and cathartics do not overcome constipation, say a noted

authority, but by their continued use tend only to aggravate the condition and often lead to permanent injury.
