

Coming Out of His Hibernation

DR. J. F. CAMPBELL'S CHRYSLER STOLEN

The Chrysler 60 Coupe belonging to Dr. J. F. Campbell was stolen late Saturday evening about 7 o'clock. Due to the heavy traffic Saturday evening, Dr. Campbell had parked the car on the vacant lot just south of his office about 6:15 and about 7:15 had a call to go to the country, went for the car and discovered it was missing. Officers were notified immediately and all declared the thief was evidently a negro who had escaped from the Lamesa officers as they were returning him from Plainview to Lamesa on charges of forgery. He escaped from the officers as the train was leaving O'Donnell and a search of the surrounding country failed to locate him. It seems that officers had thoroughly searched the country over with the exception of the cotton yard and it is supposed the negro kept in hiding there until about dusk when he made his way up town looking for a means of escape and stole the car with the hope of putting distance between he and the officers.

The car was abandoned near Pyote in the oil fields and was located by officers late Sunday and as far as is known was in apparently good condition. No arrests have been made and as far as we know the negro who escaped from the Lamesa officers has not been located.

NEW FORD CREATES QUITE A SENSATION

Mr. and Mrs. Ben L. Cowden returned Saturday from Dallas and brought back a new sport model Ford Coupe which they are using as a demonstrator. Ever since they arrived in O'Donnell with the new car great crowds have been seen wherever the car was parked, all examining the new Ford product. The public's verdict is that the new car is a wonder far exceeding their expectations. Hundreds have already been carried for a demonstration of the car's speed, performance and easy riding and all have pronounced it a job well done by one of the world's greatest automobile manufacturers.

The writer is one of the hundreds who went for a spin in the new speed wagon, and we did not ride far until we were under the wheel to see for our own satisfaction what it would do—whether or not it was all Henry Ford claimed it to be. Our satisfaction was complete and we got a real thrill when we stepped on the gas. The car will easily make 65 miles per hour, which is plenty fast for us.

The car has been busy from morning until night hauling the eager public and Mr. Cowden extends an invitation to all who have not had a demonstration in the new car to call around. They will be gladly given one.

FARMERS' SOCIETY GROWING BY LEAPS

The Farmers' Co-Operative Society of O'Donnell headed by Messrs Ed Singleton and Tom Brewer have been growing by leaps and bounds the past few weeks. It is estimated there has been at least one hundred new members secured during the past two weeks.

The society is laying plans for the building or buying of a gin in O'Donnell this year which will be used for the ginning of the members cotton. It is believed that such a gin will pay dividends besides saving the members hundreds of dollars in the cost of ginning, according to officials of the society.

A meeting was held at the City Hall Friday night at which time approximately fifty new members were secured. Again Wednesday night a meeting was held at the Wells school house at which time plans of the society were discussed resulting in many new members. Meetings will also be held soon at T-Bar, Joe Bailey, and other places, dates to be announced later. An invitation is extended to every farmer of the O'Donnell territory to attend these meetings and learn just what the society plans for the future.

Abilene Meeting Will Discuss Cotton Cut

ABILENE, Texas, March 2.—In compliance with a request recently made by Gov. Dan Moody that the Chambers of Commerce of Texas sponsor local meetings for considering, discussing and analyzing the cotton acreage reduction program being urged for the South, the various chambers of Taylor County through their executive officers, have united in calling a county-wide mass meeting to be held at the Abilene City Hall Saturday, at which time the situation will be given consideration.

All landowners, farmers and others interested in the agricultural welfare of Taylor County have been invited to attend. George W. Fry, president of the West Texas Utilities Company, and E. S. Cummings, member of the State Legislature from Taylor County, both of this city and both of whom attended the cotton acreage reduction conference recently held at Jackson, Miss., will report on that affair, and the meeting will be opened for general discussions of the outlook in connection with the cotton business.

Mrs. W. R. Sanderson Attending Bedside of Sister in Missouri

Mrs. W. R. Sanderson and daughter, Mrs. Mdoesta Green, left Monday morning for Morbely, Mo., to attend the bedside of Mrs. Sanderson's sister, Mrs. Meinke, who is in a hospital at Morbely and not expected to survive through the week.

WILDER AND MUSICK TO BUILD FEED MILL

E. M. Wilder and Jeff Musick have announced the purchase of Machinery for a large feed mill which will be built on the property known as the Major H. Rodgers Coal Yard just west of Sorrel Lumber Co.

The mill will be of standard make and electrically driven and of sufficient size to crush a ton of feed every thirty minutes. It will be built on the same plans as the Economy Mills at Lubbock and will have a range that will include grinding and crushing of all of the varieties of feed stuffs that is grown on the South Plains. Mr. Wilder stated that as soon as the machinery arrived it would be installed and that there would be no need for farmers of the O'Donnell territory to go elsewhere to have their feed ground. Wilder and Musick expect to do a general custom business as well as grind all kinds of feeds, chops, etc., that will be offered for sale at the mill.

The building will be constructed and the machinery is expected to arrive and be put in operation within the next four weeks according to a statement by Mr. Wilder, this week.

Underworld King Killed In Battle With Police

"Bull" Weed, notorious king of the underworld, self-styled "Mayor of the Third Ward" is no more. "Bull" died on the gallows early this morning.

Those who follow the city's gang wars will remember that "Bull" was recently sentenced to the gallows because of having murdered "Buck" Mulligan, a rival thug. According to those in the know "Buck" tried to steal "Bull's" girl whereupon this giant primitive took the law into his own hands and avenged the insult. The jury quickly returned a verdict of guilty whereupon "Bull" was conducted to "Murder's Row."

Then, something happened which awoke the city to a new danger. "Bull" Weed escaped! He grappled a prison guard by the throat, found the right keys and walked right out the front door! By trailing "Feathers" police succeeded in finding their man at his hideaway. But, in order to get him, it was necessary to aim machine guns at the house, actually riddling the walls with hundreds of bullets. Finally, hand grenades were resorted to.

But see Paramount's mighty drama of primitive passions "Underworld" at the Lynn next Monday and Tuesday. Josef Von Sternberg is said to have produced a superb crook melodrama from Ben Hecht's original screen story. George Bancroft is "Bull" Evelyn Brent "Feathers" Clive Brook "Rolls Royce" and Fred Kohler "Buck." Larry Semon has a comedy role. Hector Turnbull supervised.

PINK BOLL WORM MEET WAS LARGELY ATTENDED

The Pink Boll Worm meeting held at Sweetwater Saturday, called by Gov. Moody and the State Agricultural Department was largely attended and resulted in resolutions being passed to place restrictions on the infested areas which will call for the fumigation and sterilization of cotton, and seed in the infested areas in an effort to stamp out the pest. The meeting at Sweetwater was attended by 2,000 Texas farmers and business men.

The second meeting of the Pink Boll Worm Commission and farmers was held at Lamesa Monday morning of this week which was largely attended. No definite action was taken at this meeting as it was not considered official due to the fact that the meeting had not been advertised sufficiently in advance. Another meeting was set for March 16th, at Lamesa at which time official action will be taken.

According to information given out at the meeting Monday by officials of the Agricultural Department the action planned by the Pink Boll Worm Commission will not be so severe as people of this section believed it would be. As we understand the situation, the Commission plans to place restrictions on a few hundred acres of Dawson county farms which will be on the farms on which the worms were found and possibly those adjoining. This will merely take in some half dozen farms in that immediate territory. It is believed that only restrictions will be placed on these farms instead of creating a non-cotton zone as was at first feared.

The State Agricultural Department and Pink Boll Worm Commission urged the farmers to return to their labors and go ahead with their plans as they have been doing in the past with the assurance that the interest of West Texas and the South Plains would be closely guarded in whatever action the Commission saw fit to take.

Considerable excitement was caused at first by the discovery of the Pink Boll Worm on the South Plains, but it is believed that nothing serious will result from the action of the Pink Boll Commission when they again meet in Lamesa on March 16.

Miss Opal Bean in Lubbock Hospital

Miss Opal Bean is convalescing in the West Texas Hospital at Lubbock following a serious operation for mastoids which she underwent last Thursday.

Miss Bean was in a serious condition when she entered the hospital but friends who visited her Sunday report that she is doing splendidly.

Mr. and Mrs. Ivan Stoker of Post, were in O'Donnell Sunday.

National Retail Credit Association

LUBBOCK, Texas, March 2.—Guy H. Hulise, secretary and Educational Director of the National Retail Credit Association, who is making a tour of the state of Texas at the present time in the interests of those who sell merchandise or render service on credit, will be in Lubbock for a meeting, March 9.

Merchants and credit men from all South Plains towns and other Panhandle and Northwest Texas points are invited to attend the meeting here.

Hulise is unable to visit all the towns in the state and is trying to hold meetings in various sections to give merchants a chance to meet in the sectional centers to hear him. The original announcement from the national office did not include Lubbock or any other Panhandle Plains town on the itinerary, however after a check-up on the distance some of the towns of this section would be from the nearest meeting, the association has booked Hulise for the meeting here Friday, March 9.

By virtue of his position, Mr. Hulise is possibly the best informed person in this country in connection with credit bureau operation, having studied through actual contact the most perfectly functioning and outstanding credit bureaus in America.

He is a man of outstanding personality and is a most dynamic and forceful speaker.

The exact program of the meeting March 9 has not been announced but will be forwarded to the Retail Merchants Associations in each Panhandle Plains town within a few days in order that Merchants may be advised in detail of the meeting.

Hulise entered the state Feb. 22 and his tour will continue through March 28. He will have visited Dallas, Palestine, Longview, Sulphur Springs, Sherman, Wichita Falls, Quanah, Stamford, Colorado, Abilene and Ranger when he gets to Lubbock and will visit Fort Worth, Waco, Bryan, Austin, San Antonio, Corpus Christi, San Benito, Houston, Galveston and Orange before he completes his tour.

Those who attend the meeting this week will be given full details of the show, will have a chance to inspect the mammoth barn where the dairy stock will be housed during the show and will have a chance to get acquainted with the other dairy boosters who will be present.

The meeting will be held at the Plainview Chamber of Commerce in the Plainview Auditorium, and is being called for eleven o'clock Saturday morning.

Armadillo Captured In T-Bar Pasture

M. A. Dorman was in town Wednesday afternoon exhibiting an armadillo to curious spectators. The little animal had been discovered out in the T-Bar pasture Monday afternoon by Mr. Dorman's son, Chester. The young man procured a stick and succeeded in laying the strange animal out, rendering it hors de combat for the moment and taking it as a prisoner of war. Armadillos are exceedingly rare on the plains of Texas, and there are possibly hundreds of people here who have never seen one. The little animal therefore attracted considerable attention.—Lynn County News.

Meeting Called For Panhandle Plains Dairy Show

LUBBOCK, Texas, March 2.—D. F. Eaton, president of the Panhandle Plains Dairy Show Association, is a man who practices what he preaches. Last week he sent out about a thousand letters to dairy breeders and producers, county agents, chambers of commerce, vocational agricultural teachers, home demonstration agents and others over 54 Panhandle, Plains and Sub-Plains counties and urged that they begin making plans to cooperate in the first Dairy Show that will be held by the Association at Plainview, April 3, 4, 5 and 6, this year.

Soon after the letters were in the mails, Eaton called in a group of Lubbock County farmers who have good dairy cattle and take an interest in them. At this meeting a committee composed of J. C. Newton, C. E. Merrill, W. H. Blackmon, Douglas Pounds, J. B. Meadow and H. O. Pettit, was appointed to canvass the county to sign up stock to be entered and to create more interest in the show. A large number of Jerseys and Holsteins will go from Lubbock to the show.

President Eaton has called a meeting of all the directors of the association to meet at Plainview, March 3 to work out final details for the show. He is hoping that each of the 54 counties in the Panhandle Plains section will be represented.

Those who attend the meeting this week will be given full details of the show, will have a chance to inspect the mammoth barn where the dairy stock will be housed during the show and will have a chance to get acquainted with the other dairy boosters who will be present.

The meeting will be held at the Plainview Chamber of Commerce in the Plainview Auditorium, and is being called for eleven o'clock Saturday morning.

Two Held at Lamesa For Robbing Store

LAMESA, Texas, March 2.—Two men, arrested Sunday night in a dry goods store here as they stood in front of a safe they had robbed of \$300, Monday were in the jail as charges were being prepared against them.

Sheriff Joe L. Ray, Deputy Otis Little and Nighthatchman, W. R. Chilton arrested the pair after the officers had failed to answer a cry for help from a woman in an automobile across the street from the dry goods store. The woman and a man in the automobile, believed to have been accomplices of the safe robbers, escaped as the officers entered into the store to arrest the two men now held.

A large quantity of merchandise had been bundled and was ready to be hauled off, the officers said.

RAY TO HAVE BUSINESS HOME

WHEN PROMOTERS USE "CHARITY" TO DECOY TRUSTFUL CONTRIBUTORS

Investigations of Various Schemes for Defrauding Public Out of Money Disclosed by Bankers Association—Many Kinds of Fake Industrial Promotions Used as Bait.

By W. R. MOREHOUSE
Public Relations Commission, American Bankers Association

MILLIONS of dollars raised under the disguise of charity go to line the pockets of promoters. Ticket sales on raffles are commonly used, and while the loss to any one person who buys a ticket is small the aggregate loss for the United States runs into millions of dollars. Usually the promoters of these schemes first make a contract with some charitable institution to conduct a campaign for funds on behalf of the institution. They are to run the campaign in the name of the institution and share the proceeds. The whole scheme is often one of deception. To those who have been led to believe that their contributions go practically 100 per cent to charity, the following case we investigated should prove illuminating.

W. R. MOREHOUSE

A number of promoters recently contracted with a charitable institution to put on a campaign to raise funds by the raffle of a new automobile. So far as the public could tell from the banners used in displaying the automobile, the full amount of the sale price of the tickets went to the institution. There was nothing to convey any other impression. Apparently it was open and above board and was being conducted by men who were contributing their time gratuitously.

For several days a new automobile, mounted on a truck, was driven up and down the streets, with banners telling about the drive for funds for the charitable institution. One day the truck would go by displaying one of the popular makes of automobiles. A few days later it would parade by displaying some other popular make. Periodically the truck would pull into the curb where it would park for several hours while the promoters pleaded with passers-by to take tickets on the raffle and thereby help a deserving charitable institution to meet its bills. Thousands "Touched"

Thousands of people, touched by the appeal for help, bought tickets. The total sale running into the thousands of dollars. Contrary to the belief of the ticket buyers their contributions did not go 100 per cent to charity. Instead the charitable institution received but 26 cents on the dollar, the promoters getting 52 cents on the dollar as their net profit, or twice the amount received by charity, while the remainder of 22 cents on each dollar represented the amount charged against gross sales by the promoters as expenses.

In other words, every person who bought a 50 cent ticket for the sake of charity, contributed but 13 cents to charity and 37 cents to those promoting the scheme. Whether you give to charity or make an investment it will pay you to get the facts! Unfortunately there is a general impression abroad that wildcat promotions are confined to oil, mining and new inventions. The truth is, many stock selling promotions are operated under the name of other industries.

False Claims
A certain group of promoters investigated offered for sale stock in a proposed woolen mill. In order to sell the stock they resorted to the use of misrepresentation and false claims. After renting space on the ground floor of an office building fronting on a busy street they began their campaign. Orally and by printed advertisements extravagant claims were made for the proposed corporation which were grossly false.

The "Charity" Drive

FAREWELL PARTY TO FRIENDS, MISS ERMA D. PALMER HOSTESS
Miss Erma D. Palmer entertained Saturday evening from eight to 11 honoring a number of friends who were leaving next day. Messrs Schwartz, Burris, Hunt, Wood, Williams and Brunson. Three tables for bridge and two for forty two had been arranged by the tactful and charming hostess to conform with the desire of her guests. The evening was one of the most pleasant of the season, and like all the parties at the Palmer House, was one of joy and light heartedness long to be remembered. Dainty refreshments of tuna sandwiches, hot chocolate and cookies were served to Messrs Schwartz, Hunt, Brunson, Wood, Williams, Burris, Gordon King, Eugene Cook, David Chandler, Travis Everett and Harvey Jordan and Misses Edna House, Wynema Sorrels, Christine Milwee, Alta Rogers, Kitty Aylor, Mildred Bowlin, Evelyn Edwards, Era Harris, Maggie Wilson, Thelma Palmer and Emra D. Palmer.

T. E. L. SOCIAL AT HOME OF MRS. VERMILLION
The T. E. L. Class met at the home of Mrs. Vermillion, on Friday afternoon at 2:30 and were entertained in a most pleasing manner by Mrs. Vermillion. Mrs. Roy D. Smith and Mrs. J. Verna Street. The President, Mrs. Tom Mansell called the class to order and a short business meetings in which Mrs. Lambert and Mrs. Street were assisting vice-presidents, and Mrs. Hardberger, assistant reporter. After various games and contests refreshments consisting of butter sandwiches, fruit nut jello, and hot chocolate was served to the following members of the class:

Mesdames Tom Monsell, Ed Goddard, Cliff Lambert, George, Eaton, Cabiness, C. Mansell, Sutton, Middleton, Hardberger, Boyd, Fortner, Roy D. Smith, Street, Vermillion, Musick, Yandell, Brock. The regular class social meetings will be given on the last Friday of each month, and the next social will be given at the home of Mrs. Cliff Lambert, who will be assisted by Mrs. Musick and Eaton.

What's Doing In West Texas By W. T. C. C.

MATADOR—Two hundred guests attended the annual banquet of the Motley County Chamber of Commerce held here February 6. A. J. Spangler is secretary.

VALLEY MILLS—Valley Mills of Bosque County is one of the newest member towns of the West Texas Chamber of Commerce, having taken out five memberships.

EL DORADO—Improvements in the El Dorado water system will be made after March 1, when O. W. Evans, new manager, takes charge.

BRADY—Ballinger, Brady, and San Angelo have deferred action on the proposal submitted to them by Brownwood citizens until after reception of the recommendations made by the West Texas Chamber of Commerce Special Water Rights Committee February 13.

GORMAN—Test of a soft water well recently put down here is being made by the city.

SWEETWATER—A general mass meeting all interested in combating the pink boll worm is to be held here February 25 under auspices of the West Texas Chamber of Commerce.

MERTZON—W. W. Adams, local grocer and marketer, is erecting a building here to be furnished with new equipment for his growing business.

PYOTE—Pyote has affiliated with the West Texas Chamber of Commerce with ten members.

FORT STOCKTON—Additions and improvements to telephone lines of Ranklin, McCamey, Marfa, Fort Davis Presidio, and other towns on the Fort Stockton lines are contemplated.

O'DONNELL—B. M. Whitaker, agricultural manager of the West Texas Chamber of Commerce, recently completed an agricultural school in Dawson County, sponsored by the Dawson and Lamesa Chamber of Commerce.

JUNCTION—The Junction State Bank is building a million pound capacity wool and mohair warehouse of fireproof construction.

CLIFTON—The City of Clifton is now a member of the West Texas Chamber of Commerce. Mayor Ed Handley of that place has just paid the membership fee for the town. Five individual memberships were taken, also.

BRONTE—Bronte is considering revival of the old Coke County Water Project and will be joined with Winters in this movement.

COMANCHE—A creamery and sweet milk market is operating here, with units to be added as needed.

LLANO—Building activities in Llano for 1928 will surpass those of previous years, the most important project being a community hotel.

FLUVANA—Work is underway on a new road leading north of here.

MEMPHIS—A brick building costing \$24,000 is under construction in this place.

CHILDRESS—Erection of a water tank of 75,000 gallon capacity is underway here for the Denver road shops.

PARENT-TEACHER ENJOYS PLEASANT SOCIAL THURSDAY

The members of the P.T.A. enjoys a most delightful social hour at the High School Auditorium Thursday evening.

The evening offered unusual entertainment and opportunity for a delightful time by the original idea that the entertainment committee was composed of men only.

After the guests had arrived they were invited up into the Home Economic rooms where an old fashioned dinner bell rung by Eugene Cook was summoning the guests into the rooms where the eats were spread.

Messrs J. A. Rickard, Ben Moore, and Eugene Cook in pretty white aprons served sandwiches, cinnamon rolls, pickles and coffee. The men proved as graceful and dainty as any man dard to be as they served the refreshments. Mr. Rickard merely forgot and used his pocket handkerchief for a tea towel.

D. A. Edwards and Gordon King proved to have had a keen insight into the desires of the usual person for real fun and had arranged for games of "42" for the evenings entertainment and several very snappy exciting games were entered into and thoroughly enjoyed. Miss Alta Rogers won high score. At the close of the games the women came together and gave fifteen rafs for the "Gentlemen."

It was indeed a pleasant evening and it is the expressed desire of the association to have more parents and citizens of O'Donnell to attend this splendid get-together affairs.

DISTRICT CONFERENCE DATES ARE SET FOR APRIL 18 AND 19

The date of the Lubbock District Conference of the Methodist church has been set as April 18-19 by Dr. D. B. Doak, Presiding Elder of the

Lubbock District. The conference this year will be held at the First Methodist in O'Donnell.

The district is composed of about forty-one charges and a large delegation from each charge is expected to attend. Rev. Ham Wright of

Draw is secretary of the conference. Plans are being made by O'Donnell folks to take care of and entertain several hundred visitors during the two days conference.

AVERY Premium Lister

An all-crop lister

Where high winds and sparse rainfall are a constant danger, the Avery Premium Lister saves crops and increases profits. It is truly without limitations because it handles all dry- and windy-country crops with equal ease. A close examination will emphasize three outstanding features.

(1) To change from one crop to another is only a few seconds' job, and no tools are needed, due to quick detachable, combination and special hoppers.

(2) Hopper is mounted on the beam, getting rid of planting and seed spout troubles. This location is made possible by a compensating device under the planting gear.

(3) Better and more uniform work is assured by a leveling device on the beam which maintains equal pitch at all times.

The Avery Premium Lister uses all of the many Avery hoppers, plates, etc. It does unusually good work in any crop. Milo maize is listed without cracking the seed. Cotton and other crops are handled to meet seasonal and personal requirements.

In addition, the Avery Premium Lister is easy to handle, does its work with a minimum of wear and breakage, gives long years of economical service. Back of its unusual success is Avery's century of experience and the world's finest implement factory. Come to our store for complete demonstration.

There is a full line of famous Avery walking, riding and tractor plows, tillage implements, and Champion harvesting and haying machines.

**THE WHY OF
SUPERSTITIONS**
By H. IRVING KING

FRECKLES AND STONES

AMONG the many current superstitions discovered by the American Folk-Lore society is a cure for freckles which runs as follows: Count your freckles. Then take as many pebbles as you have freckles and place the pebbles in a paper and throw the package away. He who picks up the package of pebbles gets your freckles. This is in entire accordance with that form of sympathetic magic practiced by primitive man known as the magic of transference. By counting the freckles and counting the pebbles to the same number you associate the two in idea and thus associate them in reality. Now when the package of pebbles has been thrown away they still retain the association, are in fact, as in idea, the same thing as your freckles. The man who picks the pebbles up, therefore, picks up your freckles—they are transferred to him by the magic of contact. Your freckles are yours no longer, but become his by contagious magic. Modern science regards contagion as being produced by a contact of matter. Primitive magic regarded contagion as also being produced by the contact of ideas.

**What Does Your Child
Want to Know** ?
Answered by
BARBARA BOURJAILY

WILL THE EARTH ALWAYS TURN
AROUND AT THE SAME SPEED?

WHY ADVERTISE

Henry Ford is the best advertised man in the world. Before people even knew what the new Ford car would be, they placed orders for thousands of these cars.

But in spite of the thousands of cars already ordered he carried five page announcements in most of the big dailies in the country. Mr. Ford is not accustomed to wastes money. He saves every cent possible both in manufacturing and distributing. But Henry Ford knows that advertising reduces selling cost.

The Ford car could not be sold at its low cost except for its tremendous volume of business and this volume of business would not have swelled to its stupendous size without advertising.

Advertising Makes Goods Cheaper

Some people think that advertised goods cost more. The truth is that advertised goods cost the consumer less than they would without advertising. This is true because advertising brings great results.

The Shredded Wheat Company spent a dollar a case for advertising when they first began. Now they have to spend only twenty cents a case and if it were not for the great volume of sales built up by advertising they would be compelled to pay more for their product.

The Edw. N. Riddle Co. lowered the cost of its article by advertising from \$27.50 to \$16.50.

The Fort Smith Garment Co. by advertising was able to reduce the price on its overall from one dollar a dozen to the retail and at the same time show a profit of ninety-cents a dozen more. They were able to do this because advertising increased the volume 500 per cent in two years.

With out the tremendous volumes of sales which it says the Campbell Soup Company could not manufacture a can of soup and sell it in any part of the country for a few cents.

Year after year, we see the advertisement every month of Ivory Soap and yet Procter and Gamble sell a cake of toilet soap for a nickel. This would not be possible except for the large volume created by advertising.

Why Should You Care?

But why should you care whether advertising makes things cheaper or makes them cost more?

Advertising seems to be here to stay and most people buy advertised goods because they think they are better. Because every thrifty housewife wants to buy to the best advantage. She wants to make every dollar go just as far as possible. One way to do this is to buy the Nationally advertised brands of goods. Competition is so keen these days that manufacturers are forced to make their prices as low as possible and big volume through advertising makes possible low prices.

You may be sure that in buying nationally advertised brands you are taking the best methods to get low prices as well as quality.

If the above theories will hold good in regard to National advertising, they are just as strong when it comes to local advertising. The article the local merchant advertises is one he isn't ashamed to be selling. It is one he is proud to call your attention to or he would not be advertising it.

When one comes to realize the volume a merchant gets when he advertises in the O'Donnell Index he knows very well it is pretty cheap advertising at that for with the tremendous subscription campaign the Index had last fall it is safe to say that every five, yes ten men in the county gets the Index and some, a lot of these people who live several miles away read the paper and your advertisement as a letter from home and unless you do advertise how are these people to know you have the goods?

The man who does advertise in the Index is just as surely to reap great volumes of trade as the Nationally advertised goods.

Advertise! It Pays!

MR. AND MRS. W. G. ALLEN ENTERTAIN

(Too Late For Last Week)

Members of the girls' and boys' basket ball teams of Wells High School, enjoyed a lovely party in the home of Mr. and Mrs. W. G. Allen, Friday evening. A Valentine motif was used in the decorations, games and contests, a lovely refreshment plate was passed.

The guest list read: Mr. T. B. Franklin, Sr., Mr. and Mrs. J. O. McLaurin, Messrs Omah McLaurin, Dick Franklin, Hobert Jordan, T. B. Franklin, Jr., Claude B. Tucker, J. W. Franklin, Cudavee Cooke, C. Bolch, Owen Vaughn, Woodrow McLaurin, E. L. Craig, Mesdames Floy Phipps Lewella West, Allen Tyler, Johnye Merle Smith, Mamie Jordan, Vera Faye Franklin, Louise and Eula Bell Miles, and Merie Smith.

**Find Canoe Belonging
to Age of Bronze**

A boat, tied to its landing wharf for 3,000 years, has been found buried under six feet of peat in an ancient bog in upper Suabia, according to Dr. Oscar Paret, a Stuttgart archeologist. It is a dugout canoe about fifteen feet long, hollowed out of the trunk of a glut oak. The sides, Doctor Paret says, were shaved down to a surprising thinness. Several paddles were found in it. A number of earthen vessels and bronze objects found in the turf around it date the boat as of the Bronze age, about 1000 B. C., contemporary with the siege of Troy and the reign of Solomon in Jerusalem.

The boat was found at the end of one of three long wharves which ran back to the vicinity of the remains of a number of hous. Apparently there was once a village on the edge of the bog, on solid ground separated from the open water of the lake by a wide, marshy margin, which could be crossed only by these causeways. When the village site was abandoned, the vegetation in the bog and the lake continue to grow until the lake disappeared and the piling up of the dead leaves and stems buried all the works of the ancient men who lived there and used to go fishing in their dugout canoes.

**Knowledge of History
Duty of Citizenship**

There never was a time when the average man needed to know more about the continuity and tradition of his race than in this age, when he is beset on all sides by agitators who seek to trample under foot anything that custom has hallowed or experience taught us to be true. Bacon advocated the reading of history as making men wise, and it is to be hoped that this revival of interest in our country's story is being undertaken in the spirit that ought to underlie all our reading, not that of blind acceptance, or that of contradiction, but with an open, alert mind, so that we may weigh and consider well before lending our support to or withholding it from any proposed political reform. The reading of history is the first duty of citizenship.—Exchange.

Lost Art of Individuality

Nobody wants to be individual all alone these days. Alike as rabbits, we are. Running with the pack. One hebs, and millions seek the shears. One skirt slips up to the knees and all the other skirts spring up into place as at a given signal. One woman decides not to bother with all that bleaching her summer tan, and deep ochre powder becomes the rage. Men echo each other in opinions—they're always echoed each other in clothes—women repeat one another in faces. In the type of head (no large heads any more, heads must be small no matter what Nature has done to you), in clothes, and in conduct. We're as standardized as Fords. Even artists look like business men—and yet they don't feel or think like business men. And young girls look and act like women of thirty. And women of fifty can't tell themselves from their daughters.—Delineator.

Rich Man's Lot Easier

The rich man today has an easy time of it compared to his brother who lived in ancient times when wealth was wholly in the form of land and houses and flocks, according to J. M. Campbell writing in the 'New Age Illustrated.' "The rich man of a thousand years ago," he says, "was really the slave of his possessions. The more land he owned, the more houses, the more cattle, the more sheep and horses and goats, the more firmly was he tied; and the harder he had to work. But the rich man of today can turn his belongings into income-producing securities and go where he pleases. For a comparatively small sum he can rent a safe-deposit box in which his stock certificates and bonds and mortgages will be safer than they would be if he kept them in his own hands."

Tough on Zeke

"Zeke," said the judge to an old offender, who had been convicted, of stealing a hog, "you are fined \$10."
"Judge," said Zeke, "I'm much obliged to you. I've got dat ten-spot right here in mah left-hand vest pocket."
"Is that so?" continued the judge. "Just dig down in your right-hand vest pocket and see if you can find thirty days."

Pooh!

Marie was very enthusiastic regarding the new minister, and young Willoughby was inclined to be jealous. "Oh, he is superbly eloquent!" cried Marie. "He can move his hearers to tears."
"That's a poor accomplishment," said Willoughby, sarcastically. "I would scorn proficiency in an art in which every sneeze is my equal and every peevy on my superior."

Flag for Army Dead

Until recently the American colors were draped about a soldier's coffin regardless of his rank, yet only an officer of the rank of major or higher was entitled to have his cortege preceded by the regimental and national flags. The regulations now prescribe that at all military funerals, without distinction of rank, the colors, when available, shall be displayed and be carried with the casket.

MRS. W. L. WALKER IN LAMESA SANITARIUM

Mrs. W. L. Walker was carried to Standifer Sanitarium in Lamesa last week where she will undergo treatment for the next thirty days for sciatic rheumatism.

Miss Francis Chandler returned to her home in O'Donnell last week after a several months stay in Odessa with her sister, Mrs. F. C. Hart and family.

MANSELL BROS. HDW. CO.

**Santa Fe
Improvement Program
for 1928**

Railways serving a growing country are never finished. They must add yearly to the number of cars and locomotives in order to care for increasing traffic. They must build extensions and provide second and third tracks. They must provide larger terminal yards and longer and more sidings. They must provide heavier bridges and larger and more commodious stations, roundhouses and shops.

This expansion in facilities requires additional cash investment in the railroads of this country, amounting to over half a billion dollars annually.

The Santa Fe proposes to spend 45 million dollars on its program for enlargement of such facilities during 1928.

Orders have already been placed for 3,850 new freight cars, 75 all-steel passenger train cars, and 771 miles of new steel rail, of which 490 miles will be 110 lbs. to the yard and the balance 90 lbs. When this steel is laid the Santa Fe will have 2,182 miles of 110 lb. rail all laid since January 1, 1925. Orders have been placed for steel for bridges, ties have been purchased, and work on more second track and other improvements is in progress.

The Santa Fe puts this large additional investment of new money into its property to increase its capacity, to render service, to promote safety, and to take care of the growing needs of the country it serves.

W. B. STOREY, *President*

VITAMINS IN CANNED PINEAPPLE

CAPTURING vitamins and keeping them is the greatest game of food scientists today. In the case of canned pineapple, sunshine captures the valuable vitamin and canning keeps it. After that the game is easy—any one can eat pineapple because pineapple is easy to eat.

Over there in Hawaii, whence comes our canned Hawaiian pineapple, great plantations of pineapple are spread out like a magic carpet in the sunshine of the tropics. There the fruit absorbs sunshine for eighteen months. Being an "air plant," it lives on air and sunshine, and sunshine scientists tell us is largely responsible for the presence of vitamin D. This particular vitamin is beneficial for children since the presence of it prevents rickets.

Other mysterious forces, which only Nature understands, are busy

in the meantime capturing two other vitamins, found especially in fruits—Vitamin B and Vitamin C. The former is very essential for children because experiment shows that without Vitamin B young animals soon cease to grow and finally die.

Once captured, the next step is keeping these vitamins. Just as soon as the pineapple is fully ripened in the fields, it is rushed to the big canneries, canned quickly, so that even that most volatile of vitamins, Vitamin C, may have no chance of escape. Canned foods retain vitamins in greater amount than home-cooked foods, recent research at Columbia University has established, due to the intense heat used in the quick process of canning and certain conditions in the sterilizing process.

As Wise As A Squirrel

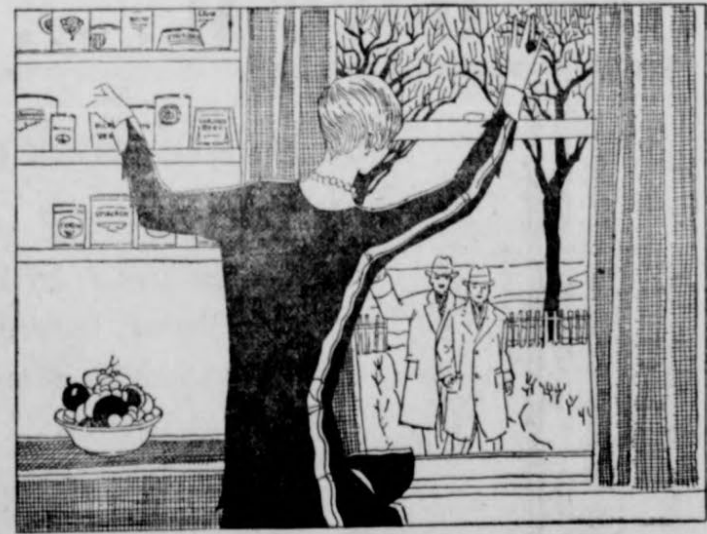

THE squirrel has been man's symbol for industry and worldly foresight for thousands of years because he labors and stores up food for the winter season. His hoard is a good winter food for humans and man has shown that he realized this by helping Nature to produce large supplies of nuts by planting and cultivating nut trees. Even then the whole problem was not solved, for the nuts would not keep between crops. The answer to this was found in the discovery that shelled nuts, packed in tin cans from which the air had been exhausted, kept perfectly. So now man is the equal of the squirrel in supplying himself with this winter food.

Nuts in the Diet
Nuts are rich in protein and fat,

and, with the exception of peanuts and chestnuts, are rather low in carbohydrates. Their nourishment is extremely concentrated, and when served as part of a meal, they should be well chopped before using.

Comparatively few people want a main dinner dish of nuts, no matter how well they like them, but for luncheon the following nut loaf should prove popular: cook one chopped onion in two tablespoons of butter, add two cups of chopped nuts and breadcrumbs, one cup of milk, two eggs slightly beaten, one teaspoon of salt, one-half teaspoon of poultry seasoning and two teaspoons of chopped parsley. Bake in a buttered bread pan and set in hot water for forty minutes in a moderate oven. Serve hot with tomato sauce.

The Supply Shelf

TWO chops for dinner, and Friend Husband walks in beaming, with the college friend whom he has not seen since the summer following the receipt of their diplomas. This chum's praises have been sung to you and you want him to feel properly envious of Friend Husband's happy and pleasant home. But dinner, the meat markets closed, and those chops shrink to microscopic size.

You scan your supply shelf hopefully. A can of corned beef promises relief from your embarrassment. Potatoes are already boiling on the stove, so by the time the corned beef is opened and put through the meat grinder, an onion peeled and reduced to juice, they will be ready for the chopping bowl and knife. A little salt, some pepper, and milk

to moisten, and the hash is ready for a skillet containing a small quantity of bacon fat supply. The shelf will also furnish a can of spinach and some pickled beets to chop and combine with it. Chop the spinach, season, and heat with the chopped beets. Spread the spinach over the top of the hash, folding hash like an omelette, onto a hot platter.

Another Quick Dinner Dish
Creamed chicken and mushrooms, all ingredients to be found on the shelf, served on halves of large, flat, rich baking powder biscuit would also make a good dinner dish. Make two cups of cream sauce, season with salt, paprika and nutmeg, add the contents of a can of chicken cut into small pieces, and one cup of mushrooms drained from their juice. Garnish each serving

"WE KEEP THE QUALITY UP"

Twice As FAST

"THE FARMALL DOES THE WORK OF SIX HORSES CHEAPER AND TWICE AS FAST. IT CAME UP TO MY EXPECTATIONS IN EVERY WAY."

O. B. DRYDEN, VICE, OKLA.

The Farmall

ALL YEAR—ALL CROP—ALL PURPOSE

TRACTOR

The Farmall is an ideal plowing tractor. It moves handily and rapidly over the fields, leaving well-turned furrows in excellent shape for the operations and crops to follow.

It is the same on belt work. All through winter the Farmall can be gainfully used about the farm. The built-in fly-ball governor supplies a steady flow of profitable power. The power is tempered to the load for efficient machine operation, which also reduces the wear and tear on the machine materially.

And in the spring the Farmall will be all ready for planting and cultivating of row crops. It will do all farm power work that any other type of tractor of equal capacity can do, in addition to all row-crop planting and cultivating operations.

The Farmall is an all-purpose, all-crop, all-year tractor. On all crops, all jobs in the field or barnyard, it sets new standards for easy handling and operating efficiency. Come in and see the Farmall.

"For three years I ate only baby food, everything else formed gas. Now, thanks to Adlerika, I eat everything and enjoy life."—Mrs. M. Gunn.

Even the FIRST spoonful of Adlerika relieve gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. Corner Drug Store.

Dr. Kenneth Campbell of Midland spent Sunday here visiting his parents, Dr. and Mrs. J. F. Campbell.

**MRS. J. N. LINES IS
HONOREE AT SOCIAL**

Mrs. J. N. Lines was the surprised, though delighted, honoree Monday, when several members of the Methodist W. M. S. met at her home and enjoyed an hours social with her.

Mrs. Lines has not been well and is still confined to her room. A short program on the "New Vision and Old Vision" was enjoyed. Mrs. Harvey Everett was leader of the program and read the devotional, Mark 13-3-7. Mrs. H. E. Gillespie gave a good paper on "The Old Version" followed by a paper by Mrs. Veazy on "The New Vision" Mrs. Gates led in prayer.

Refreshments of sandwiches and chocolate were served.

**TEXAS HAS LONGEST
PRESS WIRE IN WORLD**

The longest press wire in the world is in Texas. It is a wire operated from Dallas by the Associated Press and serves 18 daily papers including Texarkana on the northeast, Amarillo on the northwest, El Paso in the far west, and Brownsville in the south. Many other cities are on this wire. It is 2,714 miles long, longer than the distance from Chicago to San Francisco. Recent changes have added to its length.

These facts indicate a little known service of the Southwestern Bell Telephone Company, says the Texas Public Service Information Bureau. The wires making up this long press communication, over which Texas cities receive news of the world, are leased from the telephone company. The press service is a by-product of the telephone business, since the same wires are used for long distance telephone messages at the same instant that the news of the press association is going over them.

One of the recent great services the telephone rendered the newspapers was in making possible rapid reports on Col. Charles Lindbergh's flight to Mexico City. Much of the news of his arrival in Mexico was brought to Dallas from Mexico City by telephone. The Associated Press and the United Press each held the long distance wires to Mexico City for several hours in order to receive instantaneous reports. The Associated Press held a wire three hours and 12 minutes, the longest telephone call ever recorded in the Southwest. The cost for this period was about \$480.

The Associated Press now operates 154,000 miles of wire throughout the country and spends about \$2,000,000 a year in wire costs. It operates 24 hours a day every day in the year except between 4 a.m. and 4 p.m. Sunday, and its wires deliver upwards of 100,000 words a day to the largest papers.

**THURSDAY CLUB ENTERTAINED
BY MRS. S. G. FRENCH**

Mrs. S. G. French very charmingly entertained the Thursday club last week in her pretty apartments in the home of Mrs. H. E. Gillespie.

The afternoon's version were lively games of 42.

The refreshments were exceedingly delicious and consisted of cherry pie and coffee. Those who enjoyed this pretty party were: Mrs. J. M. Gill and Miss Ruth Van Meter of El Paso and Fort Worth, out-of-town guests, and Mesdames Paul Gooch, J. P. Bowlin, H. E. Gillespie, R. O. Stark, J. W. Roberts, E. T. Wells Mack Garner, Albert Koeninger, L. L. Busby, Body and George Shumake.

T. E. L. CLASS MEETS

The T. E. L. class met at the usual hour on Sunday. Nineteen members were present, with a well prepared lesson using the subject of "The Works of Faith." We have decided to arrange the members of our class into groups, each group having a captain, Lieut., etc., for the purpose of visiting the sick, absentees and doing other work necessary for building up a good Sunday school class. Mrs. Lambert is at the head of this project. Every member of the class is urged to be at Sunday school next Sunday and bring a new member for the class.

**OVERLAND-WHIPPETT
AGENCY LOCATED HERE**

C. R. Brock of our city has taken the agency for the Overland-Whippett Motor Car, and has a pretty new coach for a demonstrator. After careful study of the numerous light cars on the market, Mr. Brock decided on the Whippett as the best, most durable light car for the money. Mr. Brock is working in conjunction with the Noble-Knight Motor Company of Tahoka. Recent information from Mr. Noble of that firm states that they are expecting sixty three Overland-Whippett cars within the next two weeks. Those who are interested in buying a car will please call on Mr. Brock, see the car, try it out, and put it to the test. For speed, smooth, running, easy riding, durability, economy and general appearance we think you will find this car unexcelled. Delivery can be made at any time.

Pipe, Pipe Threading and Fittings.

Phone 19 O'Donnell, Tex.

Mr. and Mrs. Carey, Shook of Odessa spent the week-end here visiting relatives.

**ANNUAL COUNCIL
MEETING MARCH 6TH**

Taking advantage of the visit of Mr. J. P. Fitch, Regional Scout Executive of Region 9, comprising the states of Texas, Oklahoma and New Mexico, to the South Plains area, the annual meeting of the South Plains Area Council will be held Tuesday afternoon, March 6th, at 2:30 o'clock in the Chamber of Commerce room in the City Hall at Lubbock. An informal luncheon with Mr. Fitch is being planned for Tuesday noon. Those interested should notify Scout Headquarters before 10 a. m. Tuesday.

The annual meeting of the Area Council is for the purpose of hearing committee reports and to make plans for the next years activities. The Area Council is made up of the Chairman of the Troop Committees over the area together with such other members at large as will make the council representative of the business, social, civic, religious and other interests of the area. Every troop of the Area should have a representative (other than the Scoutmaster) at this annual meeting. Annual council meetings, while open to the public, are limited to actual members in discussing and voting on subjects affecting council activities.

As prescribed in our Constitution, President, L. S. Harkey with the approval of the Executive Committee has appointed the following committees, F. A. White, Dr. F. D. Malone and A. P. Duggan on Program and Resolutions. Rev. D. B. Doak, Lubbock, J. W. Hood, Slaton, G. S. Link, Spur, Dr. J. C. Loveless, Lamesa and R. M. Kendrick (Brown-

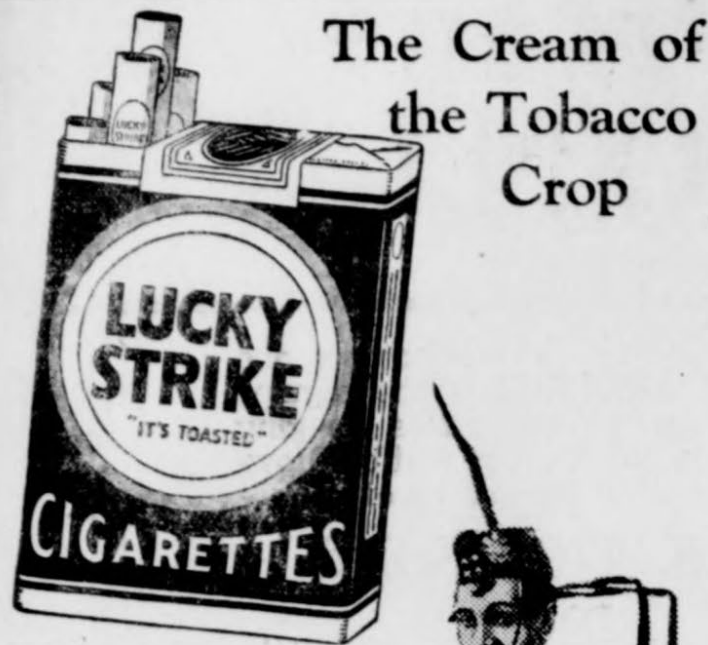

field, on Nominations. The committee on Program and Resolutions invite suggestions from the council membership for the arrangement of the program and resolutions to be considered. All resolutions thus submitted or which may be offered at the meeting shall be submitted to the council with recommendations based upon consideration of them by this committee. The nomination committee shall make recommendations to the council for officers and members at large of the council. The nomination committee will be glad to receive suggestions from the entire membership.

At 7 o'clock Tuesday night, March 6th, Mr. Fitch will be present at the final banquet of the Training Course that has been in the Lubbock District. Mr. Fitch will present Training Certificates to those men having completed training requirements. At the same time patrols making up the Training Course will give demonstra-

tions and special stunts which will show the value of training work to a community. An evening of real fellowship and pleasure is in store for those who attend. Those council members who can remain over for this meeting are urged to do so. Reservations for this banquet, at 75¢ per plate, must be made either with W. G. McMillan, Tech College, Chairman of the Banquet Committee or with Scout Headquarters by Monday, March 5th.

Dr. C. E. Collins returned Monday after a weeks trip to Ft. Worth, Austin and other Southern points. Dr. Collins was accompanied by Doc Russell, who chaperoned the Buick on a round trip for Dr. Collins.

Mrs. Mamie Gill and Miss Ruth Van Meter left Saturday for El Paso after a weeks visit with their sister, Mrs. J. P. Bowlin.

A STORE OF SERVICE

Service Today Simply Means Giving the Public What it Wants When it Wants it.

Our stock is selected with the view of supplying the average family with every drug store need, and we serve our customers with as much haste as will at all times insure accuracy. But even then satisfactory service could not be rendered if both QUALITY and QUANTITY did not play so great a part in the make-up of our service system. Our weights and measures are full, our drugs fresh and pure, and every prescription is carefully compounded by a registered pharmacist.

OUR SUNDRIES ARE OF THE VERY BEST QUALITY AND ARE BACKED BY OUR GUARANTEE.

We, therefore, feel that we are warranted in calling our store a Store of Service.

FASHIONED BOX SUPPER WAS SPLENDID SUCCESS

A fashioned box supper which was given in the High School Auditorium on Friday night, the proceeds to be used for Athletic goods in the college was a decided success. Several young ladies were nomi-

nated for the race and though Miss Alta Rogers was close to winning several times the cards of fate turned to Miss Eva Tune and to her as the prettiest girl in O'Donnell was given a lovely box of chocolates. The grand total of the boxes and contest amounted to \$68.20.

Several young ladies were nomi-

WASHKOWSKY'S OLD SHOE

We call the attention of the American Bankers Association to the case of Mr. Washkowsky of Brooklyn. Mr. Washkowsky is hard working and thrifty, but like so many of us his education is defective; who is to blame for that we don't know. Mr. Washkowsky has been saving a part of his weekly wages for a long time, but hadn't told Mrs. Washkowsky where he was depositing his nest egg. That was a mistake, probably, but an inquiry into it belongs to another branch of education with which it is probable the bankers association cannot be held to have any concern.

But with Mr. Washkowsky's depository it has. He chose for that purpose an old shoe. He kept the shoe and its mate in his closet, and up to the other day had tucked away in one of them savings amounting to \$350. On that same other day Mrs. Washkowsky, rummaging Mr. Washkowsky's closet like a good housewife, seeking what she could throw away or transfer to another place where Mr. Washkowsky couldn't find it, as is the habit of good housewives, found this same pair of old shoes. We suppose she said to herself, Mr. Washkowsky not being present to have it said to him, "Isn't that just like a man?" and acting thereupon just like a woman she sent the shoes to the cobbler to be repaired. It was either that or the ash barrel for them, and being frugal and Mr. Washkowsky paying the cobbler bills anyway, she sent them to the cobbler.

A distraught man was Mr. Washkowsky when he next went to make a deposit in his old shoe. "What new place," he asked in that martyr tone affected by husbands on similar occasions, "have you found for my old shoes?" Mrs. Washkowsky told him, expecting to be praised for her thoughtfulness. Women—but that's another branch of education.

Mr. Washkowsky went to the cobbler and found his shoes, but not the money, which we cannot but feel is not remarkable. We hope he will find it, but he hasn't yet, which again should cause no astonishment.

But what we would like to hear from the American Bankers Association is what steps it is taking to discourage people of magpie habits from keeping their money in stoves, shoes, mantle clocks, behind wall pictures, under floor boards and similar places. We have made no exact calculation but from casual evidence we are inclined to believe there are enough funds hidden away in such places in this enlightened and progressive country to pay off the national debt. Not that we advise paying it off, because that would leave congress nothing to fuss with Mr. Mellon about; but if deposited in banks our banker might have some to lend when we need it, which he now never has; he says money is very scarce. We hold it is not; it is merely in Mr. Washkowsky's shoe.

Seeing that we have been pursuing education, or something called that, for several centuries, we cannot but feel this is a bad showing and that the bankers association is somehow responsible. It hasn't sufficiently impressed on the people that it has banks and what they are for. Mr. Washkowsky hasn't heard. And there are a lot of him in this country.—Kansas City Star.

KNOW TEXAS

Texas produces commercial well waters to the value of from \$18,000,000 to \$20,000,000 a year.

Texas has a priceless water supply in her underground waters, and the development of these is said to be the outstanding fact in the state's development in the last 35 years.

There are about 850,000 acres under irrigation in Texas.

One of the noteworthy spring water eras of the United States lies in Southwest Texas.

Cities and towns which have electric light and power service from transmission lines or local plants in Texas now number about 975.

"FAMOUS FOR VALUES"

Hon. J. K. Wester and son, F. C. Wester of Lubbock were O'Donnell visitors Monday of this week. The elder Wester was here in the interest of his campaign which he is making for representative of this district. So far, he has no opponent, but stated he expected to make an active campaign and hoped to see every voter in the district. Mr. Wester has served several years in the legislature and knows the needs of West Texas and if elected will no doubt make the people of this district a good representative. F. C. Wester was with the Index six weeks last fall conducting our subscription campaign which proved very successful, adding about 800 new subscribers to our list.

Messrs Earl Van Meter and A. B. Van Meter left Thursday for their homes after a visit here sister, Mrs. J. P. Bowlin.

McDonald-Ely Gin will for the season, Wednesday.

Miss Maggie George music teacher in the O'D school, came back to her Monday after a weeks account of illness.

TWO O'DONNELL CHILDREN TAKEN TO MASONIC HOSPITAL

Mr. and Mrs. H. E. Williams, in company with Mrs. J. P. Hayes, left Tuesday for Dallas, the object of the trip was to take Mrs. Hays little daughter Syble and little Buddie Kirkland to the Masonic Hospital in Dallas for examination and possibly treatment. Both children are crippled in different ways and are deeply in need of treatment. It is hoped they will be taken at the Hospital in Dallas and made entirely well.

McDonald-Ely Gin will close down for the season, Wednesday, March 7th.

MISS JOSIE SEELY GIVEN BIRTHDAY DINNER

Mr. and Mrs. J. W. Seely entertained with a perfectly appointed dinner Sunday, February 26, honoring their daughter, Miss Josie's birthday.

The table from which the meal was served was made doubly attractive with the beautiful birthday cake all aglow in the center, surrounded by everything imaginable in the way of good things to eat. The menu being complete from the meats, vegetables and relishes to the delicious dessert of fruit salad with whipped cream.

Miss Seely was the recipient of a number of lovely gifts. The guests were Miss Fern Fritz, O'Donnell, Mr. Bowen Honeycutt and mother of Tahoka, Clyde Woods, O'Donnell, Mrs. L. A. Harris, Miss Velma Harris, Mr. Valton Harris, Mr. and Mrs. E. L. Arnold of Joe Bailey, Miss Cleo Dee Seely.

ETHRIDGE-EVERETT

Miss Len a Ethridge and A. L. Everett slipped down to the home of Justice Sanderson at five o'clock Sunday afternoon and were quietly married by Judge Sanderson.

Miss Ethridge is a lovely sweet girl. She lived here when a child but has been in Waco for the past eight years only returning to O'Donnell last spring.

Mr. Everett is the popular Meat Cutter in the Guthrie Grocery Store. Both the young people have many friends here whom the Index joins in wishing continued happiness in the sea of matrimony.

Mrs. W. K. Horn had as house guest this week her sister, Mrs. T. E. Goode and son, Morris, of Merkel, Texas and S. C. Consins and family of Copitan, N. Meixco. Mrs. Goode and her son had been to Copitan for a visit with the Consins family. Mrs. Consins being her daughter, the entire party was enroute to Merkel, Texas.

Mrs. G. C. Aten left Sunday for Austin, where she will spend ten days or two weeks visiting her daughter, Elva, who is a student in Austin High also her mother and father, Mr. and Mrs. J. P. Wiley.

O'DONNELL BOY HAS BIRTHDAY ONLY EVERY FOUR YEARS

Little Nelson Boyd whose birthday is the 29th of February celebrated with a party entertaining his choicest little friends in the home of his grand-parents, Mr. and Mrs. W. L. Rogers, Wednesday from four to six o'clock.

This is indeed a rare occasion in Nelson's life, more so than the average child as they have a birthday every year, and as Nelson was a leap year child he leaps every four years, and so only has a birthday date to celebrate every four years.

Miss Alta Rogers, the little honoree's auntie, assisted by little Miss Muriel Miles, Modine McLaurin, and Ivy Dimper Hancock, entertained and amused the little guests, and provided for each little heart and mind golden memories that will last them a life-time, for happier children could not have been found than this group which had come together to help Boyd celebrate his "first" birthday, although he is your years of age. Each guest presented the honoree with a pretty gift delighting his little heart.

Delicious fruit salad, cake and grape juice was served to the following children: Ella Ree White, Dorothy Allen Miles, Yvonne Westmoreland, Weldon Hancock, Billy Cathey, Sonny Boy Bowlin, Sydney Preston, Billie Joe Hubbard, and Lawrence Eaton.

MISS JEWEL HORN HONORED BY FRIENDS TUESDAY EVE

Miss Jewel Horn was the honor guest at a surprise party given at the home of her parents, Rev and Mrs. W. K. Horn, Tuesday evening from four to six o'clock.

The guests were members of the Junior Epworth Society and instead of meeting with their supt., they decided to surprise Jewel and meet with her. After the regular devotional services, Mrs. Everett told a story from the new mission study book, about "A Boy Who Named Himself" then games were played for awhile. Fruit was served and a gift package presented the honoree which was filled with pretty little gifts.

A most delightful afternoon, every one present voted it.

With The O'Donnell Presbyterian Church

Rev. G. D. Robison, Sunday school and field secretary of the Board of National Missions of the Presbyterian church, will preach in the O'Donnell Presbyterian church Sunday 7:30 p. m. The subject of Mr. Robison's message for Sunday evening is "Working Together." This is a subject the consideration of which should help the family, business, educational and religious life of our community. Let us give this minister a good hearing. Mr. Robison resigned the pastorate of Ranger Presbyterian church where he had served four years to take the Field Work for Abilene and Amarillo Presbyteries. He is delighted with the Plains and expects to locate his family in Lubbock about the first of June.

TREADWAY ITEMS

Last Friday the Mesquite Basketball teams went to Berry Flat and played two games with that school and two with Plainview school. Our girls First Team won from Berry Flat, the girls second team won over the Plainview First team. The senior boys team was defeated by the Berry Flat team, as were the Junior boys of the Plainview team.

Some of the farmers of this community have been preparing their fields for planting. The ground is in fine shape.

Mr. O. D. Howard and family were visitors in the home of John L. Fisher last Sunday.

There was a singing at Mr. Gray's Sunday night, which was greatly enjoyed by those present.

Did you ever notice that twice a year there is a time when nobody is bothered by the "tough" element of the community? That is when the Grand Jury is in session. About that time most of them decide that visiting their relatives in a distance part of the state cannot be put off any longer.

BLACK BOTTOM.

Rev. and Mrs. Forbes of Lamesa were guests in the home of Rev. and Mrs. W. K. Horn Tuesday.

Mrs. A. W. Gibbs and J. L. Schooler were in Lamesa attending business, Saturday.
