

The O'Donnell Index

VOLUME 3.

O'DONNELL, LYNN COUNTY, TEXAS, JULY 16, 1926.

NUMBER 43.

ELECTION RETURNS WILL BE RECEIVED ON JULY 24th

Plans have been made whereby the people of O'Donnell and surrounding territory will receive the returns in the Democratic Primary election. Those who wish to watch their favorite candidate run when the returns begin to come in, come to O'Donnell on Saturday night, July 24th.

A large bulletin board will be erected and placed on the north side of the Corner Drug Store with the names of the candidates from state down to the precinct offices and the returns will be posted as they begin to come in and will be tabulated until a late hour. The returns will be received direct from the Texas Election Bureau at Dallas.

SCOUTS AGAIN DEFEAT FIRE BOYS TUESDAY

The baseball game which was played Tuesday afternoon between the Adult Scouts and Fire Boys of O'Donnell proved to be the most interesting and most closely contested exhibition of baseball played on the local field this season. The Scouts, playing above their heads, finally emerged victorious by the close score of 2 to 1. A large representation of fans were present to witness the affair. By agreement, the game was called at the end of the seventh on account of darkness.

"TUMBLE WEED" WILL BE SHOWN AT STATE THEATRE JULY 19 AND 20

"Tumbleweeds," the big hit of the season, featuring Wm. S. Hart at his best, will be shown at the State Theatre on next Monday and Tuesday, July 19 and 20.

This is not an ordinary Western, it is a big super-special and is being shown to packed houses in the larger cities. It is historic and deals with the opening of the Cherokee Strip in Oklahoma and the passing of the last free range and the big cattlemen of that territory.

"Tumbleweeds," is classed along with such pictures as the "Covered Wagon," and others of equal fame. It is worth many times the price of admission, which is 20 and 40 cents.

CHURCH OF CHRISH REVIVAL CLOSED WEDNESDAY NIGHT

The revival meeting at the Church of Christ came to a close Wednesday night. Elder W. A. Kercheville, local pastor, did the preaching and was very successful from every standpoint. Interest was good throughout the meeting and large crowds were in attendance at each service to hear Kercheville deliver his gospel messages preached direct from the Old and New Testaments. His sermons were good for the spiritual hungry soul and resulted in 14 additions to the church, twelve of which were by baptism.

Elder Kercheville left today for Eliaaville where he will enter a two weeks meeting and from there he will go to other places for meetings which will probably keep him away from home for the next six or eight weeks.

Mrs. J. Bohanom who has been visiting her parents in Lorenzo, returned home Sunday.

"MA" IN LEAD BY STRAW VOTE TAKEN THIS WEEK

If a straw vote is any indication, "Ma" will lead the ticket in the governors race in O'Donnell when the election is held on the 24th. Dan will run second and Lynch third.

A straw vote was taken this week at the Christopher Drug store and out of a total of 301 votes, "Ma" received 128, Dan 100 and Lynch 73.

DR. O. H. SHEPARD OF SAN ANTONIO LOCATES HERE

Dr. O. H. Shepard of San Antonio will make his future home in O'Donnell. He has purchased Lots No. 11 and 12 in Block 105 just south of the Index office and has already begun the erection of a modern stucco residence which will face the south on 9th Street. The building will be 24x28 of Spanish design which will contain office and living quarters, and when finished will be one of the most beautiful buildings in the city.

TO THE REPUBLICAN VOTERS OF LYNN COUNTY

There will be held a primary election Saturday, July 24th. This primary election is mandatory and must be held to comply with the law. Boxes will be found at the following places.

North Tahoka, Camp Tahoka, H. C. Crie, Judge; Wilson, Texas, the old post office building, Brown Bishop, Judge; New Home, residence of C. W. Seth, C. W. Seth, Judge; O'Donnell, Texas residence of J. N. Williams, J. N. Williams, Judge. Jack Alley, Chairman

EPWORTH LEAGUE GIVE PLAY AT DRAW SCHOOL

"Tony the Convict," a drama in five acts, is the title of a play to be given by the Epworth League at the Draw school house on Saturday night, July 17th, at 8:30 P. M. There will be a small admission charged which will be used by the Epworth League to carry on their work. The general public is invited to attend.

Kellis Has Trouble Landing Big Catch

In a radiogram from Sterling City, received yesterday morning from friends of T. J. Kellis, who has been absent without leave since last Saturday a week ago, stated that he was still in Sterling wrestling with a large fish. The message stated he had been seen to go down twice already, but further stated he was expected to land his catch soon.

We make this explanation to our readers, as we stated in last week's issue of the Index that Mr. Kellis would return in time to tell a big fish story for this week.

SPEAKING

The O'Donnell Index is authorized to announce that Judge T. L. Price will address the Voters and citizens of O'Donnell and surrounding country in behalf of his candidacy for the office of District Attorney of the 106th Judicial District on Tuesday evening at 4:30 p. m. at the State Theatre in O'Donnell.

The ladies are especially invited to hear Judge Price present his claims for this office.

Thomas S. Christopher of Dallas, candidate for Attorney General of Texas, was in the city Saturday in the interest of this campaign. He made a brief talk to the voters in the afternoon.

PRESBYTERIAN REVIVAL WILL BEGIN FIRST SUNDAY IN AUGUST

The Presbyterian people are making plans to start their revival meeting the first Sunday in August.

Rev. Fred S. Rogers of Lamesa will do the preaching. Rev Rogers is pastor of the First Presbyterian church of Lamesa and is considered one of the strongest preachers on the South Plains. Those in charge of affairs are looking forward to a great revival and ask that the general public cooperate with them and help make it a soul winning campaign for Christ and His kingdom.

LYNN COUNTY TO HAVE FAIR SEPTEMBER 22, 23, AND 24

According to information given out by the secretary of the Chamber of Commerce at Tahoka, Lynn County will have a Fair this fall, which will be held at Tahoka. The dates have been set for September 22, 23 and 24. Further announcements will be made at a later date.

Miss Nathalee Jessup of Comanche, and Mrs. Robert Moore and son of Lubbock were the guests of Mr. and Mrs. W. G. Dingus Sunday.

C. OF C. ACTS ON IMPORTANT MATTERS MONDAY NIGHT

A very enthusiastic meeting of the Chamber of Commerce was held on last Monday night at the City Hall. A good representation was present and action was taken on many important business matters. Among the most important was a special two mill tax to be levied for the maintenance of the local band, a committee being appointed composed of L. L. Busby, Dr. J. F. Campbell and Clyde Ash, to circulate a petition among the tax paying voters for signatures which will be presented to the City Council petitioning them to call an election to determine whether or not this special tax will be levied. The petition was circulated and a sufficient number of signatures were secured within a very short time, and the City Council will be asked to call an election at its next regular meeting. In our opinion this is the only fair way to all those concerned, for the support and maintenance of our local band. Heretofore the burden has been carried by only a few of our most enterprising citizens. This plan will eliminate a lot of hard work each month on the part of the finance committee and will place the responsibility of maintenance where it justly belongs.

Other things of importance discussed was a County Agent for Lynn county. A committee was appointed composed of C. E. Kelley, Major Rodgers and E. S. Scrimshire to circulate a petition which will be presented to the Commissioners Court asking them to hire a County Agent and appropriate \$1,000 per year to pay said agent.

Attention was also called to the unsanitary condition of our town and the need of a City Health Officer. Dr. Tate was instructed to appear before the City Council and ask for the appointment of a City Health officer. The Civic Beauty and Public Improvement Committee were instructed to work in conjunction with the Health Officer in looking after the sanitary condition of the town.

W. H. Crunk, J. G. McCarroll and Rev. J. Wood Parker were appointed as a committee to draft By-Laws and Constitution governing the Chamber of Commerce, to report at its next regular meeting.

Another committee was appointed composed of C. H. Mansell, A. D. Brown, Mr. Williams, Fred Henderson, Guy Bradley and Mr. Pemberton to confer with the County Commissioners of Lynn County, Terry Garza, Dawson and Gaines counties with reference to roads leading into O'Donnell.

EASTERN STAR LADIES WILL PLAY BASEBALL TUESDAY AFTERNOON

What promises to be a bushel of fun is a base ball game between the ladies of the O'Donnell Eastern Star and Lamesa Eastern Star which is scheduled for Tuesday afternoon, July 20th at 4:30 o'clock, at O'Donnell.

The ladies of O'Donnell played in Lamesa some two weeks ago and suffered defeat at the hands of the Lamesa ladies. The score was 25 to 15 in favor of the Lamesa team. The O'Donnell ladies say it is going to be different when Lamesa comes here. They are going to play for revenge and are confident of winning. They invite the general public to come out and witness the exhibition. The business houses of Lamesa closed for the game when the O'Donnell ladies played there.

LARGE CROWDS ATTENDING WINSETT REVIVAL MEETING

The Baptist revival being conducted by the Winsett Evangelistic Party in their big water-proof tent just back of the church is still in progress and will probably come to a close next Sunday night.

Evangelist Winsett is waging a strong fight against sin, preaching the gospel in all its simplicity, in a God-fearing manner, and is attracting large crowds at each service.

The singing is a big feature of the services which is being led by Gospel Singer T. D. Carroll. His solos are a spiritual treat to those who hear him.

The members of the Young People Missionary Society are much interested in preparing birthday gifts for their "Little Sister" Gertrude Brown of the Methodist Home at Waco. She will be seventeen on July 28, and the girls are planning a veritable shower of gifts for her.

West Texas Chamber Of Commerce To Have New Home

The largest regional Chamber of Commerce in the world must have a permanent home is the opinion of G. W. Fry of Abilene, General Manager of the West Texas Utilities Company, who has started the fund for this purpose by a contribution of \$500. Mr. Fry while in Stamford attending the banquet given by the Stamford Chamber of Commerce in honor of the retiring and incoming officers of the West Texas Chamber of Commerce and of the Stamford Band, announced this contribution. The S. M. Swenson & Sons Company of Stamford have already donated a valuable building site and have executed the deed to the West Texas Chamber of Commerce. The site is located in the business district of Stamford on a paved street and will make an ideal location for the headquarters building. The business men of Stamford have shown their justifiable pride in the organization which maintains its headquarters in Stamford by agreeing to raise \$35,000 for the new building. Claude Eastablag, president and Hamilton Wright, secretary of the Stamford Chamber are already at work on the project. The action of Mr. Fry in starting the fund for the building is expected to be followed by other patriotic West Texans and it is altogether probable that the organization will be quartered in their new home by January 1st.

In the opinion of Mr. Fry and those who are boosting the project, the new home of West Texas own organization should be a real West Texas building constructed insofar as possible of material produced or manufactured in West Texas. Several manufacturing concerns have already indicated that they would like to donate material for this purpose and it is thought that the organization will not have to go out of their own territory to secure all necessary material for the building. West Texas has great brick plants, cement and plaster mills, granite and marble quarries and cabinet makers. In Ft. Worth are steel concerns able to care for the steel needs of the building with home manufactured products and several great lumber concerns make headquarters in West Texas. As visualized by those who conceived the idea the West Texas Chamber of Commerce will be a real monument to West Texas and will be an edifice of which all West Texas will be proud.

TAHOKA DEFEATS O'DONNELL

On last Sunday afternoon the local baseball boys motored to Tahoka and suffered defeat at the hands of the Tahoka nine. The game was played in a sea of mud, but was reeled off in short order and

resulted in a score of 5 to 3 in favor of Tahoka. Those who witnessed the game say it was a good exhibition of baseball.

Miss Maggie Garrett who is working in Panhandle, is here this week visiting home folks.

NOTICE TO VOTERS IN JUSTICE PRECINCT NO. 4

In regard to the rumor that has been circulated that L. L. Busby and Jeff Musick made a trip to Tahoka to see Mr. H. M. Larkin and Judge Cain in regard to keeping Mr. W. E. Payne's name off of the ticket as a candidate for Cotton Weigher in the election to be held July 24, we offer the following:

To whom it may concern:

Mr. L. L. Busby and Jeff Musick never came to me to see about Mr. Payne's name going on the ticket.

The only conversation we had about Mr. Payne was when Mr. Busby came in to pay his assessment, which was after Mr. Payne had been disqualified.

Signed, H. M. Larkin

I have no recollection of either of the above named gentlemen talking to me about the above mentioned matter

Signed, C. H. Cain

CARD OF THANKS

We wish to express our sincere appreciation to our neighbors and friends for their many kind deeds and comforting words during the illness and death of our dear husband and father, also for the many beautiful floral offerings. May God's richest blessings be with each of you in our prayers.

Mrs. Ida Wright and Family.

CARD OF THANKS

Words are inadequate to express our sincere appreciation of the many kind words of sympathy, the liberal donations in money and household goods received from our dear friends since the loss of our home on last Thursday morning, July 8. It is acts of this kind that make us realize that we are living among the best people on earth.

Mrs. Cora Sanford

Emmett L. Whitaker of Lamesa, candidate for representative of the 119th District, was here Saturday in the interest of his candidacy. He is well qualified to fill the duties of the office to which he aspires, and if elected, will no doubt give the people of his District a good administration, one that will give them cause to be proud of their choice.

Miss Lois Wimberley who has been in school at Abilene returned to her home last Thursday on account of her health. She will continue her studies at home during the summer.

**Chevrolet Motor
Co. Makes New
Production Record**

The gigantic manufacturing or-
ganization of the Chevrolet Motor
company rose to new production in-
heights during June when it built
77,241 passenger cars and trucks, a
greater number of units than the com-
pany ever had produced in a single
month.

No other manufacturer of modern
three-speed transmission automobiles
has approached this production which
culminates a series of monthly pro-
duction records established by Chev-
rolet.

The months of April and May of
this year saw Chevrolet reach suc-
cessive record production totals of
71,157 and 74,617, respectively.
The new record established in June
exceeds the May total by 2,624 units
and dwarfs the production during
June of 1925 by a margin of 22,295
units.

The aggregate production for the
first half of 1926 was 384,573 cars
and trucks. During the first half of
1925, Chevrolet's greatest year, the
company produced 249,834 units, a
total which was passed early in May
of this year, which is 134,739 units
less than the first six months of 1926
production.

The surprising growth of the
Chevrolet Motor Company is indicat-
ed by the fact that the production
during the first half of 1926 equals
the entire production during the
first seven and one-half years in the
company's history.

Details of the company's recently
announced \$10,000,000 expansion
program are going forward and com-
pletion of this project will give the
company a production capacity dur-
ing 1927 of one million Chevrolets.

Bank Examiner Mr. Drexel of
Amarillo was at the First National
Bank Wednesday.

WHY GOVERNMENT PRICE FIXING WON'T WORK

One of the most persistent fallacies of government price-fixing on competitive commodities. There is already government price-fixing in commodities and services where competition plays no part in price determination. These are railway transportation, electricity, gas, telephone and telegraph, and so on. Here government price-fixing is solely to protect the consumer. There are two fatal objections to government price-fixing for agricultural products, which represent the most competitive business in the world. These are, first, that it will not work; second, that it is always done for the consumer as against the producer.

Government price-fixing for agricultural products would work if at the same time the government regulated wages, profits, middlemen's margins, the production of all commodities and the rationing of all consumers. In short, if the population were enlisted in one vast army, directed and rationed, price-fixing would work, but otherwise not. If the price is fixed on the wheat the farmer sells, then he cannot keep on producing wheat if wages or the cost of harvesting machinery rise, or if the cost of other material he buys rises. So the next step would be the fixation of other prices, and yet other prices.

The United States government fixed the price of wheat but once in our history, and then it was to benefit consumers, not producers. The government might, in an emergency, fix some agricultural prices for the purpose of elevating such prices. Such action would inevitably and speedily lead to outcry from city consumers and a consequent reversal of policy. Indeed, the consumers, not the producers, are most likely to demand and secure food price regulation by government authorities. The farmer, therefore, who favors any form of governmental price-fixing is working against his own interests. He is putting his head into a noose.—James E. Boyle, Professor of Rural Economics, Cornell University, in the *Banker-Farmer*.

STRAIGHT TALKS WITH AUNT EMMY

On Fifteen Per Cent Bonds

Mrs. Norris beamed as she greeted Aunt Emmy and exclaimed, "Now I know all my financial worries are over! I wanted to tell you right away—"

"What have you bought this time?" Aunt Emmy demanded suspiciously.

"Well, I haven't paid the money over yet, but I have found the loveliest investment where my money will be perfectly safe and will earn a nice income for me right away," Mrs. Norris said. "I'm going to buy bonds, good safe bonds, that will pay me fifteen per cent interest—"

"Wait a minute, you'll have to go some, Maud Norris, to tell me about 'good safe bonds' that pay fifteen per cent!" Aunt Emmy broke in.

"They are safe,—the man said so and this booklet says so too!"

"Do you know what a bond is?" asked Aunt Emmy.

"No, but it's awfully safe. I'm sure of that," Mrs. Norris said. "Everybody knows that bonds are safe—"

"My dear, some bonds are safe and some are not. When you buy a bond you simply lend your money to the company putting out the bonds. Bond issues are secured generally by the company mortgaging or pledging some of its property. In other words, it offers a certain asset as security that it will return your money to you on the date the bond matures. It agrees to pay you a certain sum each year for the use of your money, usually something between five and eight per cent. No company can afford to pay too much for its money—and as to fifteen per cent bonds—why it would be very unusual for a company to be able to earn enough to enable it to pay fifteen per cent for the privilege of using other people's money,—moreover, if it is good enough to borrow money at all it can borrow it more cheaply than that!"

"Oh dear!" wail'd Mrs. Norris, "then a bond isn't a good safe investment—"

"Don't jump at conclusions so fast!" said Aunt Emmy. "I did not say that. A bond is as safe as a church if the company that issues it is financially sound, has a high credit rating and is making money. Before you buy bonds assure yourself that the company behind them is above reproach."

"But the man who told me about these fifteen per cent bonds was so earnest—I felt sure I could believe him."

"Don't turn over any money to him until you have some advice on the bonds from your bank," admonished Aunt Emmy. "Then, if you find out that the bonds are questionable you will escape another bad investment."

News Summary of West Texas

LITTLEFIELD—Captain Arthur P. Duggan, president of the West Texas Chamber of Commerce will make his first tour of West Texas territory during the month of August. As planned at present he will open his tour at Big Spring August 9th and will visit the recreational sections of West Texas and eastern New Mexico. He will visit the Davis Mountain section and attend the district convention in Marfa August 12th, then will swing west to El Paso and go into eastern New Mexico to attend the district convention of the West Texas Chamber of Commerce in that district August 16. It is expected that he will open his campaign for equalization of taxes on this tour. He will be accompanied by Mrs. Duggan also Manager and Mrs. Wade.

WASHINGTON, D. C.—The West Texas Chamber of Commerce intervened in the recent hearing of the Department of Agriculture relative to control of the *Thurberia weevil* which is ravaging the cotton fields of Arizona. The West Texas organization strongly urges regulatory measures to prevent spread of the pest to West Texas and was instrumental in getting measures passed which it is believed will control the weevil.

COLORADO—Work has started on a new five story hotel for Colorado.

MARFA—The Davis Mountain—Big Bend district convention of the West Texas Chamber of Commerce will be held here August 11. Arrangements have been made to care for a large attendance. High officials of the West Texas Chamber including president Arthur P. Duggan will attend.

PECOS—The Pecos Valley will celebrate here July 20 with a big all day jollification. The celebration is in honor of the successful fight for the appropriation for Red Bluff Dam on the Pecos River. Congress recently appropriated two million dollars for the project and President Coolidge has signed the bill. This project will reclaim half a million acres of land and is expected to bring a big period of development to the Trans-Pecos country. A barbecue will be prepared for twenty thousand persons and it is expected that many will be here on July 20. Pecos invites West Texas to join in the celebration.

LUBBOCK—Lubbock will be host to the Texas Commercial Executives Association July 22, 23, 24 when more than one hundred commercial executives from all over Texas will hold here their three day convention at school.

ARTESIA, N. M.—The eastern New Mexico district of the West Texas Chamber of Commerce will

hold their annual meeting here August 16. Artesia is planning a big event and heavy attendance is anticipated.

LAMESA—William A. Wilson former secretary of the Munday Chamber of Commerce has assumed his duties as secretary of the Lamesa Chamber of Commerce to succeed C. T. Watson resigned.

SAN ANTONIO—Porter A. Whaley former manager of the West Texas Chamber of Commerce has arrived in San Antonio to assume his duties as secretary of the local organization.

AMARILLO—The greatest wheat crop in years is now being threshed on the plains. The Santa Fe Railway report that there is a great scarcity of cars to handle the crop despite the fact that they had concentrated eight thousand cars in anticipation of the needs. Increasing use of combine harvesters and threshers has sped up the movement of grain and swamped the railway service.

PLAINVIEW—Work is progressing rapidly on the new elevators of the Harvest Queen Mill here. When completed this mill will have storage capacity ranking with the largest in the entire country.

ALPINE—A determined effort to exterminate wolves in this section of the state is bearing fruit. A comprehensive system of poisoning is under way with all stockmen cooperating. Literally hundreds of coyotes and number of lobo wolves have been killed.

Mrs. C. E. Ray visited her father in Levelland the first of the week. She also visited relatives in Bledsoe.

Mrs. W. C. Jones returned to her home at Blackwell after spending the past month visiting her son C. C. Jones and family.

Rev. J. Wood Parker and family returned the last of the week from Tulia where they have been visiting the former's mother and brothers.

Mrs. Ben S. Coin left Sunday by way of Post for Houston where she will make an extended visit with relatives and friends.

Mr. and Mrs. W. E. Deshazo and children of San Angelo spent the week-end with Mr. and Mrs. C. C. Jones and family. Mrs. Deshazo and Mrs. Jones are sisters.

STREET LIGHTING IS AS USEFUL AS POLICEMEN

Crime and traffic accidents are more likely in the city that is not properly lighted. An ill lighted city is like a city that is not well policed. There are a good many such cities in the United States, according to W. Rolph, illuminating engineer, in a recent address before the American Society for Municipal Improvement.

In too many cities, he says, "the amount of light supplied for street lighting is only approximately half the amount necessary to obtain the full measure of protection which street lighting can give a city. Even the light which is supplied is to a large degree wasted. Known and proved methods of effectively utilizing light are disregarded."

"It is not a mere flight of the imagination to substitute 'light' for 'policemen' in this picture of inadequate protection. It has been well said that a 'street lamp is as good as a policeman.' Light is, in fact one of the modern aids in the protection of the modern city. Both crime and traffic accidents are greatly influenced by the character of street lighting.

"Light is a protection against crime. Again and again it has been shown that crime decreases when light on the street increases.

"Light is a protection against traffic accidents. Statistics definitely show the relation between light and traffic accidents. It seems well established that in the typical American city today at least 17 1-2 per cent of all traffic accidents which occur at night are due to inadequate street lighting.

Messrs J. D. Liles and Grady Gantt of the O'Donnell Chevrolet Motor Company were in Big Lake the first of the week on business. Mr. Liles stated that conditions between here and there are looking very good but none so promising as that of the O'Donnell territory.

Born to Mr. and Mrs. Earl Rose on last Sunday morning, a seven pound boy. Mother and babe are both doing nicely.

EXIT DARKNESS from the farm. And darkness from the farmer's methods. Day or night electricity will help to gather hay and store it easily; and faster than ever did tired pitchforks. Today ten horses work in an electric motor that never tires nor asks the farmer for food or grooming. Cows are milked, cream is separated, butter is churned; but only the great electric generator in the far-off power plant puts its strength to the task. The generator is ready.
