To Assist Taxpayers

The Internal Revenue Service is holding Taxpayer Assistance Day every Monday morning between January 5 and April 15 again this year. Taxpayers who have problems they cannot solve by reading their tax instructions that they receive in the mail should plan on either telephoning or visiting the internal Revenue Service office on Monday morning if they need help. There are 20 Internal Revenue Service offices located in the major cities throughout the Northern half of Texas in the Dallas District. At most of these offices the internal Revenue men are out of the office carrying out their regular duties during the remainder of the week. The Revenue folks feel that most taxpayers can solve most of their problems by reading their tax instructions carefully. They are in business, however, every Monday morning for those of us who don't read so good.

V. A. Quiz

Q—About a year ago I told VA to hold the dividends on my GI insurance to my credit. If I don't pay the quarterly premium due next month, will the VA deduct it from those dividend credits?
A—No. VA is not permitted to withdraw a quarterly premium from your dividend credit without your written consent. The VA, however, will withdraw monthly premiums to keep your insurance from lapsing.
Q—Last year I sold a plot of ground I owned and bought another. I made a small profit on the sale. Must I report it in reporting 1958 income for VA pension purposes?
A—Yes. The law says that your net profit on the transaction must be reported, which would be the profit you realized after deducting all expenses incident to the sale.
Q—When does the new law permitting Korea veterans to convert "RS" term insurance policies go into effect?
A—The law permitting holders of Korean conflict term policies with the initials "RS" before the policy number to convert to one of VA's permanent plans goes into effect January 1, 1959.
Q—The VA recently liberalized its regulations affecting veterans whose schooling had been interrupted, and permitted re-entry on training in many cases. Does anything in this liberalization apply to a student expelled for misconduct?
A—No. If Korean GI training is interrupted or discontinued for misconduct, and the school refuses to readmit the veteran, the law denies him all further GI training.

1958 Rain Below Average

According to Benny Moore, local weather recorder, rainfall total for 1958 amounted to a surprisingly small amount — only 14.49 inches and the average for 40 years is 18 inches. But the best cotton and grain crop since 1950 — 29,050 bales was recorded. The good crop was due to good subsoil moisture from fall rains in 1957. The past six months of 1958 have been dry and stock tanks are dry in many cases. There is still deep moisture.
